GOOD THINGS COMING TO THEATRES OF ST. JOHN

"COMMON CLAY" AT IMPERIAL WEDNESDAY

The Famous Prize Play For The First Time in Pictures—A Great Production

It is estimated that more than five million persons have witnessed the stage presentation of the Harvard prize play, "Common Clay," by Cleve Kinkaid and produced by A. H. Woods, under whose management it ran for a full year in New York, with Jane Cowl in the stellar role. Six companies played it throughout the United States and Canada and it has the record of having made two trips from New York to the Pacific Coast. It has earned a tremendous amount of newspaper discussion, and turned the theme of addresses from hundreds of pulpits, because it has to do with one of the most vital of all problems—the proper rearing and care of the child, especially in large cities. Mr. Woods' screen production of this powerful romance will afford the facilities that the camera offers for broader and more realistic treatment, will, it is said, appeal even more profoundly than the play itself. It will go straight to the heart and conscience of every woman who sees it, not only because of the story itself but also because of the artistic interpretation of it by a specially selected cast of players, in adding to the appeal even more profoundly than the play itself. It will go straight to the heart and conscience of every woman who sees it, not only because of the story itself but also because of the artistic interpretation of it by a specially selected cast of players, in adding to the appeal even more profoundly than the play itself.

RICH COMEDY AT OPERA HOUSE

Acts Full of Laughs, Plenty of Novelty—For Tuesday a Hummer

Do you like to laugh? Do you want there is a rattling good comedy programme at the Opera House tonight, every act full of laughs, plenty of novelty, a good show right through. See the last act, a heavyweight juggling novelty by Fred Grant and Sister, not only like it, but have seen here for some time. Tonight is the last time. Two performances, at 7:30 and 9:30. The new vaudeville programme opening tomorrow afternoon is something out of the ordinary—all star bill—every act especially selected, and it looks like one of the best vaudeville shows this city ever saw. The bill is: The Robinson Family, known as vaudeville's cleverest family act, with Pa, Ma, three clever kiddies, and three educated dogs, all imbued with "pep" and the ability to entertain. They offer singing, dancing, sensational acrobatic feats, and the three little pinfire kids are said to be wonders in their line. The bill also offers, Chas. F. Senon, "the man with the red face," in a hilarious musical and comedy offering. "Doo" Senon, they call him for he is a sure cure for the blues and a "tired feeling." Early and Light and Company, in a comedy skit, "On the Water Wagon," Ash and Hayes, "The Mosquito Trust," a comedy offering of luxury; Daley and Bertow in a high class dancing sensation, and the serial drama, "Perils of Thunder Mountain." Tomorrow afternoon at 2:30; evening at 7:30 and 9:30, as usual.

MRS. GEORGE RAYNES

The death of Mrs. Henrietta Douglas Raynes, widow of George Raynes, took place today at her residence, 96 Church avenue, Fairville, at the age of sixty-seven years. She leaves three sons, Edgar, George and Charles, all of Fairville; her stepdaughter, Mrs. Elizabeth Douglas of Dorchester, Mass.; five sisters, Mrs. E. H. Boodry, Mrs. Albert A. Doye and Mrs. Janet Douglas, all of Dorchester, Mass.; Mrs. F. K. Swallow of P. E. I., and Mrs. George R. L. of Antung, Mass., and three brothers, Thomas and George of Dorchester, Mass., and William of Bradford, Pa. A large circle of friends extended sympathy to the bereaved ones. The funeral will take place on Wednesday afternoon at half past two from her late residence to the Church of the Good Shepherd.

FOR BRIDE-TO-BE

A novelty shower was held in honor of Miss Vera Donaldson at the home of her aunt, Mrs. Frank Irvine, Water street, W. E., on October 22. The house was prettily decorated in pink and white and gifts were wheeled into the room in a decorated cart by her cousin, Audley Wallace, Niles Ring and Cecil Revlin. The gifts included silver, china and linen and were very numerous. A large gathering was present and the evening was spent very pleasantly in games and music. After refreshments were served the evening was brought to a close by the singing of the National Anthem. Miss Donaldson is to be one of the principals in an event which is to take place in the first week in November.

COMPETITION

It was learned this morning that there is to be competition in harbor rates this winter. Recently the city increased the rate from a half cent to one cent side wharfage, and from twenty cents to twenty-five cents a ton for top wharfage. The Marine and Fisheries Department, which control No. 7, 14, 15 and 16 berths will operate on the old scale. What the outcome of this will be time alone can tell.

WATER MAINS CONNECTED

Early on Sunday morning connection was made near the foot of Dorchester street between the 16-inch water main running along City road and the 16-inch main which crosses the C. N. R. tracks at that point to Paradise row and serves for the north end of the city. This will provide an improved service for the north end taking the service from the old 12-inch main on the eastern end and passing it through the larger system.

GATARRH DOES HARM

Whether It Is of the Nose, Throat, or Other Organs, Get Rid of It.

Catarrh of the nose or throat when it becomes chronic weakens the delicate lung tissues, deranges the digestive organs, and may lead to consumption. It impairs the taste, smell and hearing, and affects the voice. It is a constitutional disease and requires a constitutional remedy.

Take Hood's Sarsaparilla, which by purifying the blood removes the cause of the disease and gives permanent relief. This alterative and tonic medicine has proved entirely satisfactory to thousands of families in three generations.

If there is biliousness or constipation, take Hood's Pills—they are a thorough cathartic, a gentle laxative.

PERSONAL

Mrs. Charles Dearborn will receive for the first time since her marriage, at 200 Princess street, Thursday afternoon, Oct. 30.

REPORTS ABOUT THE PULP MILL

Fredricton Hears of Preparations For Building Near There—News of The Capital

(Special to Times.)

Fredricton, N. B., Oct. 27.—The Nashua Pulp and Paper Company is proceeding toward the erection of a pulp mill in this vicinity. Nothing has been decided yet, however, concerning the location of the mill, but it is believed that the site is in the vicinity of the Nashua river, near the dam which now is under construction. A portion of the dam under construction at Marysville for the Nashua Pulp and Paper Company collapsed on Sunday night. The work has been progressing rapidly and five or six weeks is estimated to see the completion.

Indications today point to Werner Horse having no counsel when he is charged with the murder of a man. It is probable that Judge Barry will assign counsel for the accused.

Judgment will be given on November 4 by Judge Wilson in the case against Hayward Tibbitts, a man who is charged with a serious offense against the Nashua river, near the dam which now is under construction. It is the property of the Nashua Pulp and Paper Company.

Erin S. Cobb, Damon Runyon, Col. Roseman Bulger and W. J. Macbeth, members of the Nashua river, near the dam which now is under construction. It is the property of the Nashua Pulp and Paper Company.

IS MOVE ON WAY TO CHURCH UNITY

Episcopal Convention Provides for Concordat With Congregationalists

Detroit, Oct. 26.—By an overwhelming vote the House of Deputies adopted a constitutional amendment providing for the concordat with the Congregational Church in this afternoon, concuring with the action of the House of Bishops and placing the Protestant Episcopal Church on record as being strongly in favor of this initial move toward organic church unity.

Many clergymen and laymen regarded the vote as of especial significance, as it demonstrates that the concordat will be finally approved by the convention.

The House of Deputies considered this amendment sent down by the House of Bishops and by numerous small amendments showed a willingness to go farther in the direction of meeting their congregational brethren half way than the bishops.

The clerical vote was 48 3-4 ayes, 15 nays and 7 delegations divided. The laity voted 43 3-4 ayes, 12 nays and 5 delegations.

Rev. Dr. William T. Manning, rector of Trinity parish, New York, who presented the report of the Committee on Constitutional Amendments, spoke in behalf of the concordat.

"We are not compromising or evading the issue or even deferring this matter," he told the House of Deputies, "if this report is adopted we are not deferring action; we are taking all the action which it is possible for us now to take with the full hope and purpose of completing the work three years hence."

Interest in the concordat "injuring and embarrassing" the work of the World Conference on Faith and Order, Dr. Manning contended that it would aid that movement toward church unity.

"I believe that our refusal to act upon such a proposal as this would weaken our influence with all our Protestant brethren," he said.

APPEAL FOR JEWISH WAR SUFFERERS

An appeal is to be made to the people of St. John this week on behalf of the Jewish war-sufferers in Europe. All readers of the daily newspapers have been horrified from time to time by stories of the crimes committed against the Jewish people in various parts of eastern Europe. The progress against the Jews. The last issue of the Canadian Jewish Chronicle prints extracts from an official report telling of the treatment of the Jews in Vilna, Lemberg and other places, recalling the treatment of the Belgians by the Germans in the early days of the war, when men, women and children were common in their bodies mutilated. Rioting, looting of shops, brutal treatment of even men and children were common in these regions. The progress against the Jews. Issue Price: 100 and Accrued Interest, Income Return 5 1/2% per Annum

The proceeds of the Loan will be used to pay indebtedness incurred, and to meet expenditures to be made in connection with demobilization (including the authorized war service gratuity to our soldiers, land settlement loans, and other purposes connected with their re-establishment into civil life), for capital outlay upon shipbuilding, and other national undertakings forming part of Canada's industrial reconstruction programme, and for the establishment of any necessary credits for the purchase of grain, foodstuffs, timber and other products, and will be spent wholly in Canada.

Payment to be made as follows: 10% on application; 20% January 9th, 1920; 20% December 9th, 1919; 20% February 10th, 1920; 31.21% March 9th, 1920.

The last payment of 31.21% covers 30% balance of principal and 1.21% representing accrued interest at 5 1/2% from November 1st to due dates of the respective instalments.

A full half-year's interest will be paid on May 1st, 1920, making the cost of the bonds 100 and interest.

Subscriptions may be paid in full at the time of application at 100 without interest, or on any instalment due date thereafter together with accrued interest at the rate of 5 1/2% per annum.

This Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge upon the Consolidated Revenue Fund.

The amount of this issue is \$300,000,000, exclusive of the amount (if any) paid for by the surrender of bonds of previous issues. The Minister of Finance, however, reserves the right to allot the whole or any part of the amount subscribed in excess of \$300,000,000.

Payments

All cheques, drafts, etc., covering instalments are to be made payable to the Credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture, and the allotment to cancellation. Subscriptions other than those paid in full on application must be accompanied by a deposit of 10% of the amount subscribed. Official Canvassers will forward subscriptions or any branch in Canada of any Chartered Bank will accept subscriptions and issue receipts.

Subscriptions may be paid in full at time of application at 100 without interest, or on any instalment due date thereafter, together with accrued interest to time of making payment in full. Under this provision, payment of subscriptions may be made as follows:

- If paid in full on or before November 15th, 1919, par without interest or 100%. If remaining instalments paid on Dec. 9th, 1919, balance of 90% and interest (\$90.52 per \$100). If remaining instalments paid on Jan. 9th, 1920, balance of 70% and interest (\$70.84 per \$100). If remaining instalments paid on Feb. 10th, 1920, balance of 50% and interest (\$51.08 per \$100). If remaining instalment paid on Mar. 9th, 1920, balance of 30% and interest (\$31.21 per \$100).

Payment of instalments or payment in full after November 15th, 1919, can be made only on an instalment due date.

Denomination and Registration

Bearer bonds, with coupons, will be issued in denominations of \$50, \$100, \$500, and \$1,000, and may be registered as to principal. The first coupon attached to these bonds will be due on May 1st, 1920.

Fully registered bonds, the interest on which is paid direct to the owner by Government cheque, will be issued in denominations of \$500, \$1,000, \$5,000, \$10,000, \$25,000, \$50,000, \$100,000, or any multiple of \$100,000.

Payment of Interest

A full half-year's interest at the rate of 5 1/2% per annum will be paid May 1st, 1920.

Form of Bond and Delivery

Subscribers must indicate on their applications the form of bond and the denominations required, and the securities so indicated will be delivered by the bank upon payment of subscriptions in full.

Bearer bonds of this issue will be available for delivery at the time of application to subscribers desirous of making payment in full. Bonds registered as to principal only, or fully registered as to principal and interest, will be delivered to subscribers making payment in full, as soon as the required registration can be made.

Payment of all instalments must be made at the bank originally named by the subscriber.

Non-negotiable receipts will be furnished to all subscribers who desire to pay by instalments. These receipts will be exchangeable at subscriber's bank for bonds on any instalment date when subscription is paid in full. All receipts must be exchanged before 1st June, 1920.

Form of Bonds Interchangeable

Subject to the payment of 25 cents for each new bond issued, holders of fully registered bonds without coupons, will have the right to convert into bonds with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds without coupons, at any time, on application to the Minister of Finance or any Assistant Receiver General.

Forms of application may be obtained from any Official Canvasser, from any Victory Loan Committee, or member thereof, or from any branch in Canada of any Chartered Bank.

Subscription List will close on or before November 15th, 1919

TENDER GUMS - A WARNING

Beware of gum tenderness that warns of Pyorrhea. Four out of five people over forty have Pyorrhea—many under forty also. Loosening teeth indicate Pyorrhea. Bleeding gums, too. Remember—these inflamed, bleeding gums act as so many doorways—infected germs to enter the system—inflicting the joints or tonsils—or causing other ailments. Forhan's positively prevents Pyorrhea, if used in time and used consistently. As it hardens the gums the teeth become firmer. Forhan's. It cleans the teeth scientifically—keeps them white and clean. If gum shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment. 25c and 60c tubes. All Druggists. FORHAN'S, LTD., Montreal.

FARMERS HAVE WHIP HAND
From present indications the two old political parties in Ontario are to be given an opportunity to mend their ways, while Agriculture and Labor proceed to administer public affairs.

AN ACUTE SITUATION
The right of wage-earners to organize without discrimination, to bargain collectively, to be represented by representatives of their own choosing in negotiations and adjustments with employers in respect to wages, hours of labor and relations and conditions of employment is recognized.

They have kinder feelings, however, toward the Labor party, and an alliance with them would ensure a majority which might be increased by the addition of a few of the more sympathetic and independent members of the old parties.

This resolution was the rock on which the industrial conference in Washington split, after thirteen days of discussion, during which thirty-seven different resolutions were submitted for consideration of the three parties to the conference—capital, labor and the public.

They have kinder feelings, however, toward the Labor party, and an alliance with them would ensure a majority which might be increased by the addition of a few of the more sympathetic and independent members of the old parties.

Later Mr. Gompers issued a statement in which he reiterated that unless the employers' group in the conference agreed to the declaration that the workers without discrimination had the right to organize, it was worse than useless for labor's representatives to continue the deliberations.

As to points of difference, the Labor men, quick to see the advantage of getting representation in the government, shrewdly observe that these could be made the subject of discussion in a proper spirit of co-operation as they came up.

"We have withdrawn," said Mr. Gompers, "and until the conditions are changed that ends it as far as we are concerned. We are not jumping jacks. We are not only men representing banking interests, but responsible to millions of workers. The representatives of the public group, largely employers and people, have been antagonistic to the labor cause and labor movement, voted in favor of the Industrial Union of Marine and Shipbuilding Workers of America, and labor movement, voted in favor of the Industrial Union of Marine and Shipbuilding Workers of America, and labor movement, voted in favor of the Industrial Union of Marine and Shipbuilding Workers of America."

The decision to stand free from political affiliation and form a government on its own responsibility came only upon the conclusion that we have better cabinet material within the party than we can find outside of it. There has been too wide a gap in the past. I have been widening it, and the United Farmers will do all they can in their administration of the affairs of the province to bring them together. There has in the past been a mistaken estimate of the farmer by the city-bred portion of the population. The farmer also had underestimated his own abilities. It is with that realization that we feel competent of gathering together a cabinet that will administer to the best interest of all the matters which now concern the country at the present moment.

The New York Evening Post insists that since the labor group had the support of the public group and of many members of the capital group in their proposal they should not have withdrawn from the conference, but should have remained, and would probably have gained their point in the end. However, said the Post, Mr. Wilson, who presided over his sick bed dissolved the conference, and will appoint a new one to endeavor to devise some means of bringing about industrial peace. The results of industrial disputes, Secretary Lane pointed out, fall upon the public, and as a body the people must move forward, whatever clashes might occur between interests. President Wilson still hopes, however, that a program can be formulated which will prove acceptable to both capital and labor. Meanwhile labor troubles increase, and the threatened coal strike casts a very dark shadow over the country.

The late Mr. R. W. W. Prink, whose death is announced, was in the best sense a worthy citizen. He was well known in business circles all over the maritime provinces and was not less widely esteemed for his fine personal character. In St. John his passing will be deeply mourned by his business associates, and by great numbers of warm personal friends.

The Times-Star today prints an open letter to Mr. Hiram Hornbaum, which presents with great clearness and force the chief reason why St. John people should support the Navy League. Other reasons, not to be overlooked, have to do with the benefit St. John itself has received and will receive from the League.

Whoever is called on to form a new government, it is perfectly clear that the farmers and labor men will dictate his policy. They will hold a joint conference this week.

CENTRAL BUREAU FOR TOURISTS

Montreal, Oct. 27.—The Automobile Club of Canada has taken preliminary steps toward the establishment of a central bureau for the convenience of automobile tourists and for the promotion of a larger volume of that class of traffic to Montreal and the Province of Quebec generally. The project was explained at a meeting of representative merchants, hotel, railway and steamship men, and met with unanimous approval. It was pointed out by the chairman, J. R. Douglas, president of the Automobile Club of Canada that much of the work of such a bureau had been done and was being done, but that the task had outgrown the club. The information to be supplied would cover routes, hotels, points of interest, historical and otherwise, hunting, and fishing facilities and other items which would simplify matters for tourists and encourage them in coming to Montreal and other parts of the province. Another object of the bureau would be to agitate for good roads.

According to Dr. J. H. Jewett, who sailed on Saturday from New York for England, Scotland will go dry next year. He said he did not believe it is realized on this side how far the temperance movement has progressed in the British Isles.
It is reported that the Prince of Wales will visit Washington on Nov. 11.

QUESTION OF WOMEN AS Y. M. C. A. WORKERS

New York, Oct. 27.—Shall women remain a "second class" in the Young Men's Christian Association to serve as canten and social workers in the home buildings as they served in the hits in France? That is one of the questions to be decided at the fortieth international convention of the Association of North America to be held at Detroit, Novem-

MARINE NOTES.

The Sixoala, with a cargo of deals for the United Kingdom, sailed yesterday for Brownhead for orders, via Sydney.

The American four-masted schooner

Breakers arrived in port yesterday on her way from Yarmouth to Windsor; in ballast. Captain Bixon, the master, was seriously ill and it was necessary to have him taken to hospital, so the vessel put in here and the captain was taken to the General Public Hospital.

The steamer Hornes, 2,000 tons,

which arrived at Point du Chene to load deals on Saturday, went aground in Pt. du Chene harbor. She ran on the mud while trying to avert collision with two schooners.

THE BUSINESS COLUMN

EDITED BY MANSFIELD F. HOUSE

"Irishman and Jew" Prosper in Harmony.

Probably there is no more unique name for a retail business anywhere in America than that used by a firm of haberdashers in Traverse City, Mich. "The Irishman and the Jew." This firm name blazes out every night from a big electric sign over the front of the store and all of the concrete's newspaper adds and other publicity are signed this way. Even the neckties which they sell bear a label: "Made especially for 'The Irishman and the Jew.'" Incidentally it may be remarked that hundreds of traveling men and other "outsiders" who visit Traverse City drop in and buy neckties just to be able to exhibit the unique label when they get home.

F. E. Joy and D. H. Netzorg, the original "Irishman and Jew," who named the business fifteen years ago when they started out, and who still operate it, explain the selection of their unique name in the following way: One of them is Scotch-Irish and the other a Hebrew. When they started in business they had but little money to put into an advertising campaign of a size sufficient to bring the results they were anxious to get. So it occurred to them that if they could get some unique name for their business—a name that would be so striking as to "stop" any casual reader of their advertising—their success would be assured. "The Irishman and the Jew" was the result, and it has proved a combination hard to beat.

After Promoters of Closing-Out Sales.

George C. Flynn, of Madison, Wis., a director of the National Association of Retail Clothiers, has issued an appeal to members of the Wisconsin association to unite in their efforts to obtain legislation to combat the evils of the professional sales promoter and the bankrupt sale. Speaking before the recent convention of the Wisconsin body, he said: "Every individual merchant must feel a personal share in the national responsibility and maintain the credit and financial standing of his community. Everything that tends to create the popular impression that business is 'rushing to cover' should be condemned. 'In that regard we must at this time use every effort to arouse public sentiment and secure legislation against the widespread practice of conducting bankrupt and closing-out sales."

"Every bankrupt sale sign in a town impairs public confidence in the financial stability of that town. Such sales are usually conducted by irresponsible agents, having no material investment in the business; and often the merchant is duped into signing a contract for such a sale under the impression that it is good business."

"We should urge our national association to establish an efficiency bureau in connection with our main offices, with trained men in charge to advise and give their services to all members when (Continued on page 9, third column.)

ANOTHER ST. JOHN MAN INDORSES IT

Albert Patterson Praises Tanlac For Remarkable Improvement Now Shown by His Wife.

Still another well known St. John citizen comes forward and endorses Tanlac, the medicine that everybody is talking about and which is doing so much good among all classes. This time it is Albert Patterson, of 91 Stanley street, St. John.

Mr. Patterson has been a contracting carpenter and ship builder in St. John for the past twenty years and his standing and influence are too well known to require further comment.

"I never thought," said Mr. Patterson, in a recent interview, "I would let my name be used in connection with a medicine, but as Tanlac has been of such great benefit to my wife, and as there are, no doubt, many other people needing it like she did, I feel that I ought to make a public statement about it."

"Mrs. Patterson has suffered from indigestion and a bad stomach trouble for the past six years. She had no appetite and was in a badly run-down condition. What little she did eat would form gas on her stomach and cause her to suffer terribly for hours. She could not sleep half the night on account of her suffering and was so tired during the day that she could hardly get through with her household work."

"At last I bought her a bottle of Tanlac, and she showed wonderful improvement. Her appetite returned and her pain ceased up so she could sleep good at night. She eats just anything she wants now and never has the least trouble after health than she has in a long time and says she feels fine. She don't get tired any more while doing her work and sleeps all night like a child. She has so much more strength and energy and what Tanlac has done for her makes me believe it is the best medicine in the world. Anyway it is the only thing that has ever helped my wife and I can't praise it too highly."

"There is not a single portion of the body that is not benefited by the helpful action of Tanlac, which begins its work by stimulating the digestive and assimilative organs thereby enriching the blood and invigorating the whole system. Next, it enables the weak, worn-out stomach to thoroughly digest its food, permitting the nourishing elements to be converted into blood, bone and muscle. It overcomes, it is said, that great exciting cause of disease—weakness. It renders the body vigorous and elastic, keeps the mind clear and energetic, and throws off the symptoms of nervousness and indigestion. It builds up the constitution weakened by disease and mental and physical overwork, quickens convalescence, and is an unfailing source of comfort to all suffering from such troubles. Tanlac is sold in St. John by Ross Drug Company and F. W. Munro under the personal direction of a special Tanlac representative—(Adv.)"

FIND BIG DIAMOND

London, Eng., Oct. 27.—The Premier Diamond Mining Company of the Transvaal is reported to have found a flawless white diamond of 1,500 karats, valued at \$200,000.

The famous Cullinan, found in 1905 in the same mining property, weighed 3,102 karats, but flaws in it required cutting it up, the largest part now being a British crown jewel.

DEATH OF R. W. W. FRINK

Prominent and Popular Citizen Passed Away on Sunday

After an illness of about two weeks, R. W. W. Frink passed away yesterday at his home, 114 Leinster street. In his death St. John has lost one of its most prominent and popular citizens, one who shared the esteem of a large circle of friends not only here but through the province as well. During the first six weeks of his illness he was in hospital and was engaged in the insurance business here. At twenty-one years of age he was appointed general agent for the Western Assurance Company and held that office till his death. He also represented other English and American companies. In all his business dealings he was recognized for his integrity and fairness. He was charitable to a marked extent and lent many a helping hand. For many years he was captain of the St. John salvage corps and fire police of which he was a charter member. Mr. Frink was of Loyalist descent, son of Henry Cuyler Frink, who was born in this city in 1836. His education was in this city and at the Sackville Academy.

Although urged by many friends to engage in civic and provincial politics he rigorously abstained and devoted all his energies to his business and to the assistance of institutions established for the public good. For several years he was president of the New Brunswick Board of Fire Underwriters and for thirty years was an interested and active member of St. George's Society. He had been vice-president, president and treasurer at one time or another. He also gave his time to the Parrhill directorate and had been a member of the board for four or five years. He was also a member of the Historical and Loyalist societies, and at the time of his death was president of the S. P. C. Besides these many activities he was also prominent in Masonic circles.

Besides his wife, daughter of the late John E. Turnbull of this city, he leaves to mourn the following children: Helen, wife of the Rev. H. R. Trampour, Vancouver; Marion, wife of Major R. P. MacLaughlan, M.C.; Gladys, at home, and one son, H. W. Frink of this city. The funeral will take place at 8 o'clock on Tuesday from St. Paul's church.

LIGNITE AS FUEL

Winnipeg, Oct. 27.—Government engineers, as the result of a prolonged investigation, have reported that Canadian lignite can be made into briquettes which in fuel value will equal the best American anthracite, and they estimate that lignite briquettes can be sold at a much lower price than anthracite in western Canada. The Lignite Utilization Board of Canada, by which the engineers were employed, has sent a report to the government in which it urges that a briquetting plant be equipped at once, the expense to be borne by the federal government co-operating with the governments of Saskatchewan and Manitoba. It recommends the manufacture of a lower grade briquette for steam coal purposes.

WOMAN BULLFIGHTER

Lisbon, Oct. 27.—The bull ring might be considered as the one remaining strip of forbidden territory to a woman. Nevertheless, Portugal now possesses a woman matador who yields in nothing to her male colleagues.

Her name is Juana Matatel. As a mere child she was fired with the determination to enter the arena. Ultimately Marcela Costa, a Portuguese champion, offered to train her. She made her appearance in the arena at Oporto. In half an hour she killed three fierce bulls and raised the enthusiasm of the public to such frantic heights that streams of money, jewelry, flowers and other offerings were showered upon her. Her last season's earnings amounted to \$7,200.

How to Banish Wrinkles and Crow's Feet Quickly

If your face is disfigured with wrinkles, no matter what the cause, you can quickly dispel every line, even the most obstinate, by using a simple, home-made wash lotion. Merely dissolve an ounce of powdered saxolite in a half pint which hasel-ingredients found in any drug store. Bathe the face in this, and presto!—you scarcely believe your own eyes when you look into your mirror and behold the marvelous transformation! The remarkable astringent action of the saxolite so tightens the skin, wrinkles are literally pressed out. Best of all, this result is not purely temporary, for the lotion also has a healthful tonic action, which tends to strengthen and tone up the weakened tissue, and added benefit may be expected with continued use. Use this once a day for a while; it cannot injure the most delicate skin. The treatment itself leaves no trace—no one guesses the secret of your increasing youthful appearance.

PROMINENT VETERINARY AND SPORT ENTHUSIAST DEAD

Montreal, Oct. 27.—Dr. Charles McEachran, for many years prominent in sporting, social and professional circles in Montreal, died yesterday. He also was a prominent veterinary surgeon. For many years he was dominion government veterinary inspector and professor of contagious diseases in the veterinary faculty at McGill. He had tried hard to go overseas but his health made that impossible.

CURLERS' FAIR CLOSES

Saturday night was the last night of the curlers' fair in West St. John. All the lotteries were decided as follows: No. 1, a center piece, was taken by ticket No. 11 held by C. Peterson; lottery No. 4, lace yoke, ticket No. 19, Mrs. Cooper. These persons were not in the rink but they will call at Mrs. E. A. Young's residence, 194 Guilford street, West End, they will receive their property. Lottery No. 2, sofa cushion, was won by ticket No. 354, Edgar Christopher; door prize, load of coal, donated by the Consumers Coal Company, won by ticket 195, Leo Lynch. The special prize of \$50 in gold was won by George McIntyre, who held ticket No. 2022. Mr. McIntyre is a returned man, having spent four years overseas. The beanboard prize, a silver dish, was won by Thomas MacAulay; excelsior prize, a carpet sweeper, by Mrs. Dunlap; ten pins, electric lamp, John Ward; gram's air gun, an electric reading lamp, was won by J. Clark. The fair was a tremendous success, and the curlers are very much pleased with the result.

W. C. T. U. SALE SUCCESSFUL

The W. C. T. U. realized between \$135 and \$140 at its most successful sale of home-cooking, aprons and fancy articles held on Saturday in the store next to the La Tour apartments. One article, which was sold for \$8 and which was greatly admired, was a spider-web pattern quilt pieced made and finely quilted by Mrs. Seymour. The sale was very well patronized and it did not take long to dispose of the good things to eat and the useful and fancy articles of the apron table. Those in charge of the home-cooking table were: Mrs. David Hipwell, Mrs. C. C. Corkum, Miss Ethel Barnes, Mrs. James I. Davis, Mrs. Norton Olive and Mrs. R. D. Christie. The apron table was in charge of Mrs. Seymour and Mrs. Joseph Taylor. Miss S. Comben was the cashier. The proceeds of the sale are to be given to the Protestant Orphans' Home fund.

PREMIER HUGHES ASKS MILNER FOR RELEASE OF FATHER O'DONNELL

Melbourne, Oct. 26.—Premier Hughes has sent to Lord Milner, secretary for the colonies a cable asking for the release of Father O'Donnell, an Australian chaplain, arrested on Oct. 18 on the charge of treasonous and disloyal language and was ordered turned over to the Australian military authorities for court martial.

PREMIER HUGHES DECLARES THAT DURING THE WAR BY WORDS AND DEEDS FATHER O'DONNELL PROVED HIMSELF A PATRIOT

AFTER 44 YEARS

Philadelphia, Oct. 27.—After forty-four years of constant companionship and two years of hungry, homeless, friendless wandering, Charles Smith, aged forty-four, and his brother, Joseph, aged fifty-five, wandered arm in arm into the Twelfth district police station, Eighth and Jefferson streets, and asked that they be committed to the House of Correction so that their days of utter weariness might end.

TWO LEGGED WHALE

Vancouver, B. C., Oct. 27.—A whale with two legs is the most recent discovery from the mysterious depths of the Pacific ocean. It was caught at the Kyauquot whaling station. The creature was a female humpback, and her limbs were two in number, each fifty inches long, with strong bones, well covered with blubber. The bones are being forwarded to Prof. Anderson of the Natural History Museum at New York. Ancient whalers have never seen a whale similar to the latest capture. It is said that whales have atrophied legs within their bodies but they are useless. They are thought to be hangers on from the day when whales, like dinosaurs, showed themselves through the lush jungles of antediluvian days and dozed or fought the saber-toothed tiger and the great leave bear.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of salts to flush out your Kidneys and neutralize irritating acids.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Canada Fights to Win

When Canada fought—Canada fought to win. We are now in the midst of another campaign. The Victory Loan is a campaign to raise money to pay the obligations that the war has left us, and to keep Canada prosperous. The Victory Loan 1919 calls for vigorous individual and concerted action. It is a national platform on which all citizens concerned in their country's prosperity and welfare can, without reservation, take a strong, emphatic stand. The Victory Loan 1919 is the "clean up" chapter in Canada's War History—it is needed to round out the most glorious of our achievements. It is needed to "carry on" the National Business—to successfully bridge the period from War to Peace—and to speed our country along the highway of international commerce in successful competition with other great nations. Your personal co-operation is imperative. Your support is vital. It is unthinkable that Canadians—united for years when things looked dark—would not, in the same spirit of patriotism, unite in this last great war effort. Let us show the world again that what Canada undertakes Canada accomplishes.

INCIDENTS IN TRIAL OF LONG

New Brunswick Accused of Murdering Woman

One Witness Describes Visit to Parker House Day After Crime—Alleged Remarks of Long When Crime Was Discussed

(Boston Globe.)

Montpelier, Vt., Oct. 26.—Remarks made by the respondent on the day Mrs. Broadwell's body was found in the Wheelock garden in Barre were told to the jury in the Long trial today by the witnesses for the prosecution. These witnesses also said that Long told them about the finding of the body an hour before it has hitherto appeared that he knew about it.

Mrs. Daisy Luce, at the time of the crime a resident of Hill street, Barre, said Long called at her house about 8:20 o'clock Sunday morning, May 4, to ask Ernest Bailey, a roomer, to help him fix his car. According to the doings down town? The witness answered that that she had remarked, "Isn't it awful?"

Long's remark was, "There'll be one less woman in Barre." No mention had been made by persons in Mrs. Luce's house that the victim was a woman.

Henry Kloux, a roomer at Mrs. Luce's, corroborated the testimony about the time Long visited the house and his remarks. George Bailey testified that he was the first to tell Mrs. Luce the news, which, it appeared, was about five minutes before Long's arrival. Mrs. Nellie Degreene supported the testimony that Long had called at the Luce house at seven o'clock, but failed to rouse anyone then and went away. Arthur Holt also said he saw Long going to the Luce house about seven o'clock. Long made two trips.

Time Fixed by Long.

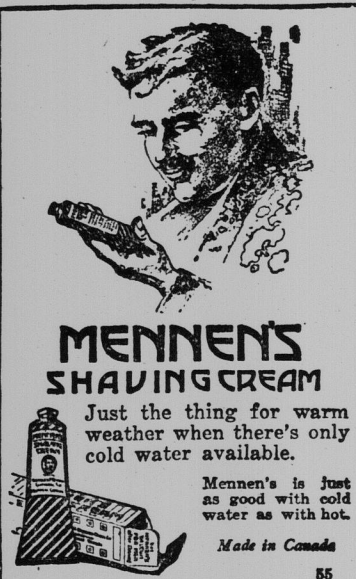

In the statement Long gave to the detectives he fixed the time he first heard about the crime at about 8:20 o'clock, when he was working on his car at the garage. When he went to the Luce house his car was still on the Parker house lawn and later was hauled to the garage.

Mrs. Edith Edson, who was so deaf that the deputy clerk had to stand beside the witness box to administer the oath, proved there were times when she had no difficulty in hearing.

She had occasion to go to the Parker house about noon on Sunday, May 4, to get a key belonging to Jack Fraser, a boarder at her house, which was in the possession of Alex. Metch, a roomer at Mrs. Parker's place.

As a preliminary, she told about a row at the Hotel Bussell, where she was called. Seeing blood scattered around and on the face of Jack, she said she took him home and locked him in his room. She described Long and Mrs. Parker as "sitting down to eat."

Asked what she said after she had stated the object of her visit, she replied

"I asked if they had heard about the murder, Mrs. Parker said 'No.' Mr. Long didn't make any remark except to ask if they found out who did it. I said 'No,' but they found a watch with initials in it. Long put his hand on his watch. I said I hope they'll find him and shoot him full of bullets. Long said 'Yes, that's so.'"

William Jenkins corroborated the testimony of Irving Smith about the automobile tracks in Keith avenue. He said Smith was the first man to bring them to his attention. He followed the tracks around to Summer street, noticing they were plain on the gravel walk at the corner.

Gives Metch an Alibi.
Officer Henry Gamble of Barre gave Alex. Metch, a fellow roomer of Long at the Parker house, an alibi when he said Metch was locked up for intoxication about ten o'clock Saturday night, May 3, and was in jail all night and most of Sunday.

Joseph Shadrout placed the time as between eleven and twelve when Long bought real, deviled ham, jelly roll and bread at his store on the opposite side of the street from the Parker house. He closed his store about 12:30.

Arthur C. Tilden, a Barre merchant, who made a time test of running an automobile from the Parker house to Keith avenue over the route Long was supposed to have taken if he was the man who carried the body to the Wheelock garden, testified that the distance was six-tenths of a mile to the garden by Main street and Keith avenue, and seven-tenths of a mile back by way of Keith avenue, Summer, Elm and Main streets.

Some of the witnesses who saw Long's car on the Parker House lawn, disagreed in which direction it was headed, some saying it was headed south toward the bridge and others north toward Ayer street. The machine was seen by Mrs. Barbara Renny and Mr. and Mrs. Russell Metch, who stopped at Shadrout's store on their way home from a silver wedding anniversary a few minutes after midnight. All agreed there were no lights on the car, and that no one was working on it.

The bride, Robert Wright and James McKay saw the unlighted machine about 12:30, and no one was working on it then

and there were no lights in the front part of the Broadwell house.
Mrs. Annie Greig said the machine was pointed toward Ayer street. Her son came home between 12:40 and one o'clock and she spoke to him. Her bedroom window faced the lawn. She heard no noises in the Parker tenement and no one coming down stairs.

James Greig, her son, who rode home in a friend's car, noticed the machine on the Parker lawn unlighted, and he heard no one enter or leave the Parker house. Stanley George saw the car at about 12:30 and thought it was headed toward Ayer street.

H. G. Bennett of 14 Jefferson street, Barre, said Long entered his employ last fall and was working for him as a teamster at his lumber mill up to the time of the crime. Long talked about buying a particular make of car at one time. He had no knowledge that Long intended to put his car into his garage on Saturday night, May 3, as Long had said.

He identified the non-spare tire characterized as peculiar as a common type on light cars. In this respect he was a witness for the defense, the state offering no objection. Mrs. Rose Spaulding of Hill street, Barre, could not identify Long as the man who called at her house at 8 a. m. May 4, to get David Johnson to help him on his car, but thought his picture looked like the man.

found necessary by them, or their heirs or administrators, to close out their businesses."

Pattern Shows if Piano Fits Rooms

The M. Duple Marks Company, of Elmira, N. Y., has found a new way to sell more pianos. It's like this:

Very few people would buy clothes if a fitting were denied them. But it didn't make any difference about pianos in the old days, when rooms were big. Now, however, rooms are small, and the company figured out that a great many people don't buy pianos because they are in doubt about the fit.

So the store simply furnishes one with a floor pattern of a piano on request, so that one may rearrange one's furniture to see if the piano won't fit after all. The experiment doesn't cost one anything, but it does get one's piano. The store's piano sales record proves that the idea is sound.

Volume Sales Secret of Meat Store Profit

"A margin of 20 to 21 per cent between selling and cost price yields the maximum profit in the operation of a meat store. A smaller margin is not sufficient to meet the expenses of the average store of \$100,000 a year sales class. A larger one immediately places the store on the necessary volume of business and decreases goodwill."

This statement is made by John T. Russell, who operates a number of stores in Chicago and was formerly president of the National Association of Meats and Butchers.

From his experience and tabulated records Russell submits the following figures and data, which may be accepted as standard for the average butcher shop in the \$100,000-a-year class.

The minimum weekly expense for such a store, he says, is \$397. This

What other phonograph dares this test

Did you ask some one about the Edison Tone-Test given last Wednesday afternoon in the Imperial Theatre? The startled audience heard Alice Verlet's living voice flood the packed house. It then heard the New Edison match that voice, even unto its finest variation of shading and feeling. Anyone who was present will tell you.

The voice of the living artist and its RE-CREATION by the New Edison cannot be told apart

It is no idle phrase that you can enjoy Case, Middleton, Hempel, Matzenauer, Spalding—in your own home. The New Edison brings all that the great artist can bring, except his physical presence. It is the phonographic triumph of the age.

But the actual figures of \$100,000 a year's sales is the absolute minimum upon which a store with such expenses and such a margin can do business. Twenty-one per cent margin on \$100,000 is \$21,000, and this barely covers the overhead expense of \$20,644. In fact, with interest on investment figured in, as it should be, this will show a loss.

Interest on investment, according to Russell's figures, should be about \$1,900 a year—2 per cent on \$15,000 in cost of plant and fixture, plus \$5,000 working capital.

Saving Time at the Counter.

If, however, he does a business of \$110,000 on this same price margin, and with the same actual expenses, he will be able to charge off this \$1,900 in interest and still show a profit of \$1,456. If he can manage to maneuver his sales up to \$120,000, the net profit will be \$4,456, and so on up to the limit of ability to handle increased business without increasing overhead expenses.

This, of course, involves other things besides simple stimulation of volume of business. It means, for instance, a consistent policy of encouraging sales of such meats as can be handled with the least waste of time by the butcher at the counter. Russell, for instance, has found that it is more profitable to sell a larger volume of cheaper cuts than a smaller volume of expensive cuts which would go to make up the same value. The answer lies in the fact that the cheaper the cut the less time the

customer takes to hesitate in making up her mind. If a butcher can save an average of one minute per sale Russell figures it means an increased profit of one cent per sale.

"The average owner of a meat store," says Russell, "does business on a 20 to 21 per cent margin. He makes 5 to 6 per cent a year, including his own salary or compensation. A few retailers here in Chicago do business on a margin of 35 per cent, and one is attempting to

run a \$250,000 business on a margin of 15 per cent between selling and cost price." All of the figures submitted are based on an assumption of cash, no delivery and no telephone orders.

AN OPEN LETTER TO HIRAM HORNBEAM

St. John, N. B., Oct. 20, 1919.

Mr. Hiram Hornbeam, Sir—I read your interesting, refreshing talks with the Times reporter every day. It is the way I have taken my vacation this year. Your vivid pictures of country life—the clean, sparkling air, the sunshine, the birds, the stars, the woods with their green coolness and great ferns and deep mosses, are surely health-restoring, life-giving. The delicious wild berries—yum! yum! And the turkeys and pork and pancakes and pumpkin pie—I have gained twenty pounds already! And I do myself the honor to believe that I think a little as you do upon other subjects also. I am sure that your democratic spirit will tolerate a few remarks from an ordinary laboring person like myself, therefore I make bold to write.

We need your assistance just now in St. John as we have never needed it before. You have devoted some space to the holes in St. John streets, Uncle Hiram. But you need not worry about them. The dirt from those same streets—that part of it which does not find lodging in your eyes and ears and throat, and mine, and other people's, will gradually sift into the holes and fill them beautifully.

You need not even mention Carleton's open sewer any more. They say, Uncle Hiram, that the winds from that sewer fertilize the farms as far as the Settlement to a luxuriance almost tropical. If they carry a "m" or a "typhoid" germ now and then—well, the bitter with the sweet, you know. No one can expect everything his own way. Not even such worthy people as you and I. Can't you wake people up a little, just now, to the reason why St. John exists with as few holes in it as it has, and the fragments of our houses and our wells are not turned into filthy sewers, and the men of St. John are working for themselves and their little families instead of working as slaves for other people while their own little children starve.

You made some interesting comparisons the other day, you and the Times reporter, between St. John and Halifax. You told us what Halifax has and St. John has not. Now couldn't you point out for us a few things which St. John has and the rest of the world has not—Serbia or Belgium or Russia, for instance. Something to this effect.

St. John has homes where its children may enter to good meals three times a day (if their mothers can cook as well as Hauner can, and if not, that is another subject for you, Uncle Hiram.) Not so long ago there were children, breeding-footed, starving, freezing, scourged along a cruel road to death. I believe that that condition still exists in some parts of the world. Are you not glad, Uncle Hiram, that no child of yours was among them?

St. John homes have, among other necessities, beds where its children and their parents may sleep and its sick may lie. In those countries where beds were torn from under the dying even because they were of less consequence than German soldiers, they are now being slowly replaced by the good Samaritans of the civilized world. We would hate to see the bed torn from

under, let us say, our mother if she were dying, wouldn't we?

St. John has food, even if it does cost a large fraction of our income to buy. Both food and the last cent have been taken from the countries mentioned, their means of livelihood ruthlessly destroyed or pirated away, and their able-bodied inhabitants driven into slavery. These and lots of other comparisons which you could so deftly make.

Please remind people again that it was the navy of the glorious empire, of which we are no unimportant part, which makes our circumstances different from those of the war-torn countries today. Since the British navy has done for the world what it has can't you induce our citizens to contribute a few pennies toward its support?

I am sure that this can go along very well with the Victory Loan campaign because the loan, with its high rate of interest, is asking no favors of anybody. It is in our interest, financially, if in no other way to invest there.

As I have said, I am a laborer, and I have very little money, Uncle Hiram, and I could use what I have in a thousand ways for my own comfort. But I shall give what I can. I know that there are a few people in St. John who, alone, could give all that is asked of the city, and I hope they will dip as deeply as honest men should into the rusty money to pay for their freedom. But can they pay my debt? My freedom and that of my family is worth as much as theirs. That no child in my family has starved and died in some desolate place, alone, is worth more than money to me.

Horlick's the Original Malted Milk. Avoid Imitations and Substitutes.

That my mother is not likely to shiver, hungry and alone, beside the shattered remains of the family hearth, is worth all I can possibly spare. And no one but myself can pay my personal debts. Now, Uncle Hiram, I should not ask of my fellow-laborer that he give more than he can spare. He and his family must be fed and clothed and educated. I would simply ask that he give the pennies which his children waste.

I hear voices of small children in the streets up to midnight and after, some talking innocently enough but the most of them swearing and singing ribald songs. And I look from my window to see pitifully small forms, the owners of those voices, making their way to their various homes. This being a section of laboring people, I know who owns those children.

Another Serious Break in Water Main

The water service in almost all of Carleton, Lancaster and Fairville was shut off on Saturday afternoon about three o'clock owing to a break in the twenty-four inch Spruce Lake main at the junction of the Gypsy Settlement and Freerick roads. Commissioner Jones said last evening that this main had been laid in 1909. The break was in a difficult place to work, as the soil was loose and sandy, but a coffer dam had been built with the aid of some men from the Nasbo-waak Pulp and Paper mill, and more success had been met with. While this work was going on another break occurred in Dorchester street and a crew was put to work on Saturday night.

Much inconvenience and discomfort were caused by the break in the West Side main. Through the instrumentality of Councillor J. T. O'Brien a city watering cart brought a supply of water Saturday night and yesterday. Much alarm was aroused yesterday afternoon when an alarm of fire was sounded, but there was no danger as the blaze, which was in a house owned by W. A. Nelson, Manawagonish road, was soon extinguished.

A hike by the Boy Scouts of St. Luke's church to McLaren's Beach on Saturday was much enjoyed. They were accompanied by Scout Master Wright and Troop Leader Adams.

By Speeding the Liver Dr. Hamilton's Pills Bring Good Health

PROMOTION FOR H. L. GANTER

Goes to Halifax as National Drug Company Manager — H. S. Morton His Successor

Congratulations are being extended by his numerous friends about the city to Harry L. Ganter, who has been manager of the National Drug Company here for the last eleven years, and has been connected with the company since its being started in 1906. The occasion for the good wishes arises from the announcement of his appointment as manager at Halifax, where he will go in a few days to take up his new post. His place here is being taken by H. S. Morton, who is likewise the recipient of congratulations upon his promotion.

Mr. Ganter is a very well known citizen whom St. John will regret to lose. He has been active in many public movements having to do with public welfare. He has been an enthusiastic member of the Rotary Club since its inception here and belonged to several other local organizations as well. Mr. Ganter is regarded highly by the staff of the local office and warehouse and was recently made the recipient of a club bag as a token of remembrance upon receipt of word of his pending departure. He will take to Halifax the goodwill and best wishes of a wide circle of friends for his future success, which his happy wishes Mrs. Ganter will share.

His successor, Mr. Morton, has been here and is looked upon as deserving the promotion which now comes to him. His friends are very pleased that his merit has been recognized.

OVER VIMY RIDGE IN DAYS OF PEACE

Interesting Letter From Scene of Canadians' Victory—Memories of Our Second Division

Some territory which is very familiar to many of returned Canadian men is mentioned in a letter received in the city recently from a member of the V. A. D. now serving with one of the casualty clearing stations with the British troops in France. She says in part:

"I went to Vimy Ridge yesterday and spent three hours exploring the ridge and the craters; isn't an extraordinary place? In one of the shell holes I came across a painted board with 'C' (the second divisional sign) and 'Gas Alert' painted on it, and further on two square pieces of tin fastened to a wooden stake, and painted with the maple leaf. One which was riddled with bullets I took with me as a souvenir.

"The battlefields are so utterly desolate now and so silent. The grass has obliterated most of the shell holes and softened the hard lines of the trenches, but one realizes what a fearful time the soldiers must have had—like rabbits, living continually in the ground with miles and miles of desolation surrounding them, with the sole intent of seeing which can kill the other first.

"From Vimy we went to Lens, where the French civilians are working like busy flies clearing away part of the general debris, and they seem to make no difference, the destruction is so complete. On through Carvin and Seclin we went to Lille, where we had lunch. Lille seemed quite busy and thriving, quite different from the desolate and ruined villages through which we passed. There seemed to be 'hundreds' of thousands of inhabitants; every other house seems to contain one, especially in the smaller villages.

"On the way back we managed to get lost in Lens and wandered about for about an hour and eventually found the right road out. In our search, we tried in our progress French to inquire the direction from some passing soldier but they had quite recently assayed the village when it was decidedly crimson so that their reply confused us all the more and turned us from the right road back again in the maze of ruined streets. Eventually, however, we made our way out."

PAVING QUESTION IS AGAIN BEFORE THE COMMISSIONERS

Mr. Fisher Presents Next Year's Programme—Total 50,000 Sq. Yards

THE WEST SIDE BREAK

Commissioner Jones to Bring in Report—More Facilities for West Side—Change in Housing Commission Personnel

The common council at a committee meeting this morning again discussed the paving programme for next year following the receipt of a report on the matter from Commissioner Fisher. Commissioner Jones brought up the question of the break which denied the water supply to the west side and Fairville over the week-end, and a proposal from the C. P. R. for the construction of improved facilities for the handling of winter immigration was also dealt with. The resignation of A. H. Wetmore as member of the St. John Housing Commission was received, and Cyrus F. Inches recommended to fill the vacancy.

Paving.

The report of the commissioner of public works on the paving question recommended the following work to receive priority:—

Douglas Avenue—Main street to Bentley; also grading of remainder of street preparatory for paving in 1921.

Adelaide Street—Continuation of present paving to Newman Bridge.

City Road—Wall street to Gilbert's Lane.

Haymarket Square—North side.

Marsh Road—One side from Marsh Bridge to Provincial Road.

Prince William Street—Princess to St. James street.

Market Square—South and west sides.

King Street, St. John West—Union to Leinster street.

Total over 50,000 square yards, all payable by bond issue.

Mr. Fisher said the cost would depend on the class of pavement decided upon.

The matter of Brussels street was brought up, and Commissioner Fisher said that he thought those streets referred to in his report should be done before Brussels street, although Brussels street was in line for permanent paving.

Commissioner Jones said that City Road, Brussels street and Douglas Avenue had been prepared for pavement with water and sewerage, and he hoped the paving would be done next year.

With regard to Douglas Avenue, Commissioner Fisher said the grade at the outer end would be considerably changed, and he was of the opinion that the excavated material from the Main street end of the same could be used for this filling next year and the paving completed in the following year.

The mayor expressed the opinion that the route from the bridge to the One Mile House should be included in next year's work.

Speaking of street repairs, the commissioner said that he was planning early for an overdraft soon, and his intention was to keep the expense down as much as possible.

Regarding the Marsh Bridge, Commissioner Fisher said that the bridge was not in condition for paving until concrete repairs were effected. He hoped this work would be done soon.

The mayor said there was some agitation to have King street east boulevard as a soldiers' memorial, but he did not know if it was proposed to have the city pay the cost, or if it was to be done by popular subscription.

Like the Background of a Picture

Just as the beauty and appeal of a picture depend upon the background or setting, so does the beauty and appeal of the home depend upon the furniture and rugs selected.

It is very important, particularly at this time, when thought is naturally directed toward putting the home in order for the entertaining season, that consideration be given to this important feature for they contribute in no small degree to the atmosphere.

The service which this store renders in this regard is one of real helpfulness. Our thought is not to merely sell furniture or rugs—but rather to help you to achieve the results you idealize.

The dining room, for instance, should be treated to create the right impression.

The living room furniture and floor covering should be in harmony with the general interior scheme. Every factor should be considered and determined on the basis of its relation to every other factor.

The advisory service men of specialized experience assures to you here a satisfaction in results which is scarcely subject to comparison.
