FREDERICTON ACTS IN SALE OF FREE SPEECH

Notorious Sheet Will Not Be Circulated in Capital in Future—C. J. Simmons Withdraws from Paving Contract

Special to The Standard. Fredericton, Aug. 30.—Last week's edition of Free Speech was sold out of the streets on Saturday night by Martin Butler, the local dealer, without interference from the local police.

This afternoon Ald. Winslow, the chairman of the police commission, said that Mr. Butler would be notified that he must cease to sell Free Speech in this city, and that the police would be instructed to seize all copies offered for sale and take the necessary proceedings against parties offering the paper for sale here.

At the city council's meeting in committee this morning it was stated that the business included the consideration of the withdrawal of the interest of Contractor C. J. Simmons' interest in the street paving contract awarded to him and J. Brown Maxwell for the two blocks of macadamized pavement on King street.

In place of Mr. Simmons it was stated that Mr. J. Duff Mitchell of Lincoln was prepared to go into partnership with Mr. Maxwell to supply the necessary capital for pushing the work through to completion.

Gunter on University avenue, where a short service will be held at 12 o'clock noon.

Marblehead, Mass., Aug. 30.—America won a decisive victory over Germany today in the first of the series of sloop races for the President Taft and Governor Draper cups. All three places at the top of the list were captured by the defenders of the trophies. The Joyette, owned by Commodore William H. Childs, of the Boston Yacht Club, Brooklyn, N. Y., was first honors, with Ellen, owned by Charles P. Curtis, of Boston, second and the Wolf, owned by Cabell Loring, of Boston, third. Next came the Marguerite, one of the German challengers, and following her, more than six minutes astern, was the Hevelia, while the Seebund II, finished last, partly because of an accident.

The second II, carried away her mast and her rigging, and she was forced to cross the starting line and was unable to resume racing for fully ten minutes. Vice Admiral Barandon, chairman of the local committee of the Kaiserlicher Yacht Club, of Kiel, and Eastern Yacht Club, of Boston, when asked after the race what he thought of the result, said: "Oh, your boats so much faster. It was a great surprise to me that our boats did not do better, for this was our ideal for yachting, and hundreds of yachts of every description came out of Marblehead harbor laden with expectant throngs to see the sport. Four revenue cutters were on hand for the purpose of keeping the course clear and the United States navy was represented by Secretary Meyer, on board the dispatch boat Dolphin, while the presidential yacht, Sylph, with several ladies on the bridge, steamed close to the line.

The race was sailed over a triangular course with the starting line established about five miles southeast of Marblehead Rock. The first leg of the course was a dead beat to windward of 2 1/2 miles, then the second leg a broad reach to the eastward, 2 1/2 miles and the third leg another reach to the stakeboat. The two contesting yachts a total distance of 15 miles to sail as they were sent around the triangle twice.

WITNESSES HAVE SUSPICIONS OF ST. JOHN CORRESPONDENTS

Case Against McDougall Continued in Police Court Yesterday—Defendant's Stenographer On Stand—Jerry Mayer, Frank Curran and Wm. Higgins Also Examined—Bail Fixed at \$8,000.

The preliminary hearing of the case against C. B. McDougall, charged with defamatory libel, was resumed yesterday in the police court. Several witnesses were called by the prosecution. Roy McLean was the first witness called in the morning, but he had little to say. The next witness was Abraham F. McCready, an employee of the I. C. R., at Moncton. He was on the stand most of the day. He had called at various times during the stenographic work for McDougall and had been paid for it. McCready testified that he had written several letters and some sharp words passed between them.

In the afternoon McCready produced a diary which he had kept during the time he had been paid for it. He testified that he had written several letters and some sharp words passed between them. The hearing was adjourned until 11 o'clock on Wednesday.

Morning Session. Roy McLean, employed in Wm. Jarvis' insurance office, was the first witness called in the morning. He testified that he knew George Mirisias, and that he had written several letters to him. He testified that he had written several letters to him. He testified that he had written several letters to him.

Payments By McDougall. On March 21st he received \$3, on March 21st received \$10. He stated that he had received \$3 on Feb. 10th received \$1.50. On an item for stamps, witness said they were for "love letters," which led Mr. Baxter to reprimand the witness.

Continuing before me at the Town of Sussex in the County of Kings, this 30th day of August, A. D. 1909. WILLIAM N. BIGGAR.

Continuing, the witness said that he had been accused of corresponding for the paper, but had never written a line for it. "If McDougall or any W. C. Loggie, can prove that I made a cent out of it, I'll go to jail for five years."

Would Be Killed. He had been handed a slip by James O'Brien in which the name of William Donahue of No. 3 Engle House had been mentioned. He had not sent the slip in, but had afterwards learned that if he passed No. 3 Engle House, he would be shot.

Testimonial. This concluded the evidence of McCready. When asked by the Court if he had anything to say, he replied: "Nothing, except that Mr. Baxter is a very clever lawyer, whose trick mark caused much amusement in court."

Continuing, witness said he had written a letter to McDougall applying for the agency of the paper, after Mr. McIntyre had given it up, but had never received an answer. He had suspected a certain man, but he had not written a line for Free Speech and told of his reasons for suspecting him. On being asked who the man was he replied "Mr. Curran."

Special to The Standard. Moncton, Aug. 30.—7.9 inches rain were recorded in August as recorded by the observatory. This is a record for the month. Last year the rainfall ranged a little over four inches. There were indications of frost tonight but will not likely result.

Chief Kerr was asked to submit his report. He was ordered to resign from the position of chief of the fire department and to attend the meeting of the Common Council and felt somewhat surprised that he should have been ordered to resign at the last meeting. Something had happened, which he did not know, and he considered that he had a right to attend the meeting. He had intended to resign, but he had not done so.

Ald. Potts said that he had been accused of corresponding for the paper, but had never written a line for it. "If McDougall or any W. C. Loggie, can prove that I made a cent out of it, I'll go to jail for five years."

### DIRECTORS

The following gentlemen have consented to serve as directors:—  
**J. N. GREENSHIELDS, K. C.**, director of the Shawinigan Water & Power Company, and the Quebec Railway Light and Power Company.  
**WILLIAM FARWELL**, President of the Eastern Townships Bank.  
**S. H. EWING**, President of the Montreal Cotton Company, and Vice-President of the Molsons Bank.  
**RODOLPHE FORGET, M. P.**, President of the Richelieu and Ontario Navigation Company, Second Vice-President of the Montreal Light, Heat & Power Company, and a Director of the Toronto Railway Company.  
**HON. CHARLES J. DOHERTY, M. P.**, Director of the Montreal City and District Savings Bank.  
**S. M. BROOKFIELD**, Halifax, President Eastern Canada Savings & Loan Company.  
**HON. ROBERT ROGERS**, Winnipeg, Minister of Public Works of Manitoba.

The Company will acquire and operate various asbestos properties, comprising about 5,385 acres, situated in the serpentine belt in the Black Lake Theford Miners District, in which the most important asbestos mines in the world are located. The Company, when the proceeds of the present bonds are paid in, will not only have its properties paid for, but about \$500,000 available for their future equipment and development.

Favorable reports have been made on the various properties by asbestos engineers of large experience. Pamphlet containing these reports will be made on application. Mr. H. D. Ritchie, the well-known engineer, speaking of the quality of asbestos, on the Union Market, says:—"It is the best thing that Canada produces. The area of practically undeveloped ground would alone form reserves for several generations to come."

### FEATURES OF INDUSTRY

Canada produces over 80 per cent. of the world's supply of asbestos. A great proportion of the output comes from this district. The output has trebled in eight years. The price has doubled in eight years. This is one of the most promising of the younger industries of Canada. This is just the time for the investor to consider the possibilities of this industry because, while still in its infancy, its future is absolutely assured. Therefore those who become interested now will derive all the benefits of its full and continued development.

Application will be made in due course to have the securities of the company listed on the Montreal and Toronto Stock Exchanges.

Any additional information can be obtained from and subscriptions made through **RODOLPHE FORGET McQUAIG BROS & CO.** Member Montreal Stock Exchange, Montreal. Members Montreal Stock Exchange, Montreal.

The following form to be filled in and forward to J. C. Mackintosh & Co., St. John, together with a cheque or draft for the first instalment payable at par to their order.

Subscription Lists will close on Friday Sept. 3, at 5 p. m. Applications Subject to Allotments.

## Here is a New Kind of Soap

You are now using some soap and naturally think it good. But here is a kind that is different from any you know—one that has taken us 43 years to perfect. One cake and compare it with what you now use. We welcome such a test as this for we know in advance the result. You will never go back to the other kind. Here is a soap made from vegetable oil pure enough to use on your table. We pay far more for it in France than we might pay. So we get only the best.

**How to Shampoo**  
Place a pint of warm water on the stove and shave up a cake of *Infants' Delight*. Let it simmer until the soap is dissolved. Then pour into a wide jar to cool into jelly. Wash the hair with a brush, wet it with warm water, and massage soap jelly into the scalp thoroughly. Rinse off the thick suds with clear water. Rub the hair with a towel and dry the hair by rubbing and fanning with a towel. This will leave the hair soft, shiny and lustrous.

## LODD ELIOT A SUICIDE FOR LOVE OF GIRL

English Nobleman Unable to Give Up Love for Pretty American Chorus Girl Chooses Death.

## IN LOVE WITH ACTRESS FOR UPWARDS OF 3 YEARS

London, Aug. 30.—The tragic suicide here of young Lord Eliot, as a result of his infatuation for Elsie Christy, the beautiful American chorus girl, has revived the old mystery of the fascination American chorus girls exert over English noblemen. Frances Belmont, a chorus girl, is now Lady Ashburton. Camille Clifford became the bride of Lord Alaric, the son of Miss Christy, who would have been Lady Eliot had not her young admirer's parents objected. The young nobleman had been in love with her for more than three years. His parents believed that when he gave her up a year ago his love would cease, but it never did. He had been heartbroken ever since.

## EUROPE TALKED OF NOTHING BUT AVIATION

Conquest of the Air Acknowledged To Have Been Real—Budget Fight Takes New Turn—Mobbing the King.

London, Aug. 30.—Europe talked of nothing but flying last week. It is not the actual accomplishments at Rheims, wonderful as they are, which excite admiration, but the abiding in the impending conquest of the realms of air. Thus M. Millerand of the French Cabinet returns to Paris astonished and fully convinced that the world is on the eve of a revolution in the means of transportation. He affirms that an inspection of the various machines proves the existence of various factors, the combination of which will insure to aviation a future of safety and regularity which will shortly rival railways and motors. Plenty of men of sound judgment expect to see the price of aviation records will seem trivial no further than that next year's meet.

**Budget Gains Ground.**  
The Government's budget campaign through the country continues to gain ground against the efforts of the opposition. Further concessions to the liquor trade add to its popularity, especially when coupled with threats against the brewers by Cabinet Ministers for raising the price of beer. It becomes increasingly evident that Mr. Lloyd-George, the Chancellor of the Exchequer, and his associates have gained confidence in the success of a steady fight over the financial question before the country if the House of Lords rejects the bill. Mr. Lloyd-George is leaving no stone unturned in his efforts to obtain support for his proposals. During the week he has given interviews to two opposition papers, a proceeding which in itself is an extraordinary proceeding for a British minister of his rank. To a liberal paper he gave a copy of an important memorandum before a single member of the House of Commons could see it. This was so open to all traditions of Parliament that the Speaker of the House, who was appealed to, administered a grave rebuke to the Chancellor of the Exchequer, describing his conduct as a "regrettable occurrence."

**King Edward Mobbed.**  
King mobbing at Marienbad has resulted in the adoption of a new regulation at the English Church, which King Edward attends regularly on Sundays. Footmen monopolized the church, crowding the seats and aisles, obviously only to stare at the King, that they are no longer admitted. English and Americans alone are admitted to enter.

## SHEDAC IS WORRIED OVER LIGHTING PROBLEM

Two Concerns Warring to Get Franchise for Lighting Town by Electricity—The End Has Yet To Be Reached.

Sackville, Aug. 30.—The situation in regard to electric lighting in Shediac is causing some worry to the town council here. A Shediac company has been incorporated for the purpose of providing the town with lighting but, as The Tribune stated some days ago, the Sackville Electric Light Company has also made preparations to furnish electricity to the people of the town. The possibility of competition is not relished by the Shediac company and the situation has provoked quite a stir. The Sackville people have asked the Shediac authorities to pass upon the localities of the Sackville concern's poles while the other corporation has also sought for similar action by the authorities in regard to the poles on which they wish to string wires. A committee of the council has been wrestling with the Sackville request and has prepared a report which has yet to be made public.

Montreal, Aug. 30.—The directors of the Dominion Iron and Steel Company will meet in this city on Wednesday at 3:30 p. m. and declare the regular half-yearly dividend of 3 1/2 per cent. on the preferred stock of the company, payable on October 1. It will be remembered that the company paid a dividend of 10 1/2 per cent. on May 10, this year, out of money received from the Dominion Coal Company on account of the settlement of the dispute between them following the judgment in favor of the Steel Company. Prior to that the company paid the last regular dividend on preferred in April, 1908. After paying 10 1/2 per cent. in May last, the company was still four and a half years in arrears or 5 1/2 per cent. on dividends.

COLONIES WARRING WITH EACH OTHER MARS FAVORS ART TREASURES TO BE SHOWN Toronto, Aug. 30.--"What the Empire needs is not more Dreadnoughts but more statesmanship," said Lieut.-Col. Stacey in an interview last night upon the results of his six years' tour in the east. Lieut.-Col. Stacey, who is an old St. Thomas man, and commander of the 25th Regiment, and at one time assistant staff officer for the London district, is now a citizen of Sydney, Australia. He is at present in the city on a business trip and is emphatic in his belief that better trade relations which will unite the colonies and the old land is the Empire's greatest need.

THE MONTREAL STOCK MARKET

(By Associated Press.) Montreal, Aug. 30.—The market was dominated by the news of the improvement in the health of E. H. Harriman. The market opened with a strong upward bias, and the price of Union Pacific stock advanced to a new high of 124 1/2.

CLOSING COTTON LETTER.

New York, Aug. 30.—As a logical sequence of last week's wide decline of prices, during which an unwieldy cotton market rallied sharply, Union Pacific, the leader of the decline, selling 6 points above Saturday's final price, was the most active.

TENDERS FOR PILING

The City of St. John Invites Sealed Tenders for the placing of piles at the approach to the main dock of the Steam Ferry in the Harbor of the City of Saint John. Plans and specifications to be seen in the office of the City Engineer, City Hall.

NEWS SUMMARY.

By direct private wires to J. C. Mackintosh & Co., St. John, N. B. Union Pacific in London very strong. John D. Archbold returns from Europe and predicts a year of great prosperity. E. H. Harriman much better and receives visitors freely. Copper stocks in London firm with Ann. corp. consolidation board is expected to show exceptionally favorable conditions among miners. Anthracite trade continues dull and quiet. No material improvement expected till late next month.

THE WHEAT MARKET.

Chicago, Aug. 30.—Weak cables and a constantly increasing movement of new wheat in this country particularly in the Northwest, caused fresh declines in the wheat market here today. Final quotations showed net losses of 1/2 and 1/4 to 1 and 1/4 cents. Oats steady, and provisions fairly steady.

MONTREAL MARKET NOTES.

By direct private wires to J. C. Mackintosh & Co. Montreal, Aug. 30.—It was stated today that the public subscriptions for Black Lake Consolidated Asbestos securities are coming in so well that the issue will likely be considerably oversubscribed. Some of the investors went out to visit the properties on Saturday. It is understood that Boston and Montreal people recently secured control of Union Pacific Cobalt Company. These people will now place several new directors on the board and announce that a consulting engineer is being secured to superintend progress on work on all the properties. As a part of the new plans, it is contemplated consolidating several good properties with the Union Pacific and large Cobalt merger is at hand if present plans mature. A representative of the management states that application will now be made to place the stock on a Boston and New York curb and a systematic reporting of progress on the properties will be made \$15,000 to the stockholders. Some \$15,000 was allotted for development of the Company's find. The North Cobalt Illinois Traction for the seven months shows net earnings of \$960,014, as compared with \$929,916 last year, and \$77,718 the year previous.

TIP WRIGHT TELLS THRILLING STORY OF HAMBURG BELLE'S WONDERFUL WINNING RACE AGAINST THREE WORLD'S RECORDS

HAMBURG BELLE FINISHING THE FASTEST MILE EVER TROTTED IN A RACE AND DEFEATING UHLAN, IN 2.014.

North Randall, O., Aug. 30.—A perfect summer day—the sun hanging like a ball of yellow fire in a fleecy vault of deepest blue; a breeze to temper the heat rays, which otherwise would have been unendurable. Far as the eye can see green fades into green; the grass blends into the tasseled corn, the corn blends into the cooler shade of the woods. Here and there the orange and white of a stable; through the foreground a ribbon of gold describes a perfect oval; at hand fair women, handsomely gowned, chat with their escorts; in front, two towers and between—ah, there is the golden ribbon again, the home stretch of the fastest harness track in the world.

Uhlán's distended nostrils reached the throat latch of his rival. Proctor shook his whip. He shouted. He urged the game gelding as he never urged before, but without avail. The great-hearted mare would not be headed. Tired, she stayed Uhlán's rush, meeting stride with stride, although her breath came in gasps from choked lungs, and she held Uhlán safe by inches.

EDDY RAMSEY DENIES THAT HE SOLD GAME

A sworn declaration to the effect that he had not played false in any way in the losing of Saturday's game between the Marathons and St. Peter's made by Edward Ramsey will be welcomed by the many friends of the Marathon captain. He accounts for the poor showing he made by the fact that he was ill. The affidavit reads as follows:

I, Edward A. Ramsey, of the City of Saint John, laborer, do solemnly declare:— 1. That I am the Edward Ramsey referred to in the public newspapers, The Daily Telegraph, The Standard, and The Sun in their reports in their respective issues of the 30th of August instant concerning the baseball game which was played at the Saint John Athletic game on Saturday last, in each of which it is either stated or intimated that I played false, sold the game, or did not do my best to win the game.

SWEEP WON YESTERDAY'S FUTURITY AT SHEEPSHEAD BAY

HEAVY BATTERS.

The hardest American League hitters are Cobb, Detroit, 21 doubles, 6 triples and 6 home runs. Lajoie, Cleveland, 27 doubles, 5 triples, no homers. Crawford, Detroit, 28, 8 and 4. Collins, Athletics, 22, 6 and 1. Hardest National League hitters—Konechey, St. Louis, 15 doubles, 13 triples, 4 home runs. Miller, Pittsburgh, 22, 10 and 2. Magee, Philadelphia, 26, 8 and 2. Mitchell, Cincinnati, 16, 11 and 2. Leach, Pittsburgh, 21, 5 and 4. Wagner, Pittsburgh, 23, 3 and 1.

President Murphy, of the Chicago Cubs, protested to President Hoydler, of the National League against the ruling of Klem, whose decisions cost the champions their final game at Philadelphia. President Murphy says it is the first time in his career that he filed a protest against an umpire.

THE WEATHER.

Martime—Moderate, and variable winds; fine and cool. Toronto, Aug. 30.—Comparatively cool weather has prevailed today in most parts of Canada, although in some sections, notably in southern Alberta, and southwestern Saskatchewan, it has been quite warm. Showers and thunderstorms are occurring this evening in the Lake Superior district, but elsewhere it continues fine. Forecast for New England. Washington, D. C., Aug. 30.—The forecast for New England is as follows: Generally fair Tuesday and Wednesday; rising temperature Wednesday; moderate variable winds.

Leaving For Quebec.

Mrs. Gehard Willrich, wife of the former United States consul here, will leave tomorrow to join her husband, who is now stationed at Quebec.

Accepts Call to Thornton.

Rev. J. A. McIntyre, Rev. J. Porter, Rev. Mr. McKenzie and Rev. Mr. Vallis arrived in the city yesterday on the Sincennes. Mr. Vallis has accepted a call to the Baptist church at Thornton, Queens Co.

Struck on Sunken Wharf.

While the steamer Sincennes was coming down river yesterday afternoon she tried to make a landing at Akery's wharf, but as the vessel was in bad condition she struck a sunken portion of it and carried it away. The damage to the steamer was very slight and she was able to proceed to Indiantown without further mishap.

Successful Vaccination.

A large crowd of children who had been vaccinated, reported at the Board of Health rooms yesterday afternoon to find out whether the vaccine had taken effect. Dr. C. M. Pratt found that there were no failures. He vaccinated about a dozen children during the afternoon.

M. P. For East Hastings Here.

Mr. W. B. Northrup, M. P. and Mrs. Northrup, of Hastings, Ont., are at the Royal. They have been making a tour of Nova Scotia and P. E. Island and will go to Fredericton this morning. Returning again this evening, they will gradually make their way home.

Local Government Meetings.

Premier Hazen will leave for Fredericton today to attend a meeting of the Provincial Government this evening. The meeting will be continued tomorrow. It is expected that the members of the Government as commissioners of the Provincial Hospital, will hold a session in St. John on Thursday.

Remembered by His Friends.

Mr. William Paterson, the well-known amateur sporting man, left last evening for Toronto, where he has accepted a position. His friends gathered at the depot to see him off last evening, and presented to him a handsome token of their regard. Mr. Paterson will be greatly missed in athletic circles this winter.

School Inspection.

Mr. W. M. McLean, inspector of St. John and Charlotte county schools, went to Musquash yesterday and inspected the school there, and afterwards visited the school at Pt. Lepreau. It is understood that he will remain in that neighborhood until Saturday, when he will return to the city and will visit the Charlotte county schools next week.

Double Track Will Now Be Used.

The I. C. R. double track between Moncton and Painsec Junction was opened for traffic Sunday. All trains will use the right hand track in the direction they are running and orders have been issued that no train shall act otherwise unless by special instructions or under the protection of signals.

The Epidemic Hospital.

Repairs to the Epidemic Hospital are now about completed, and after having been thoroughly cleaned and renovated, the building is again ready to receive patients. There is a little painting yet to be done, but this will not prevent patients from being admitted if necessary, and no applications are now for admission.

To Select Site for Tabernacle.

Rev. James Crisp, Mr. Jas. Myles and Ald. A. Likely will leave tomorrow on the steamer Sincennes for Epworth Park, where they will select a site for the tabernacle, which is to be built during the coming winter. The tabernacle will be on much the same lines as the Beulah Camp at Brown's Plate. Lots are already being bought up for the erection of cottages and it is expected that next summer will see quite a summer colony at the park.

A Denial.

In the Star yesterday there appeared a paragraph stating that Mrs. B. M. Duffy would be called to the stand as a witness in the Free Speech case. This statement Mrs. Duffy wishes to denounce as absolutely untrue. She says she has never as much as read the sheet. She is naturally very much annoyed over the statement and would thank the Star if they would make known to her the source of their information. Mrs. Duffy has not been a resident of St. John for some years, and is at present paying a visit to her sister, Mrs. Murray Holly of Cedar St.

Chief Constables Association.

The following list of officers of the Chief Constables Association of Canada, was received by Chief Clark yesterday: Chief Trudell, Quebec, president; Chief Clark, St. John, vice-president; Deputy Chief Stark, Toronto, secretary; Chief Kimball, Niagara Falls, president of the association; Chief Grasset, Toronto, 1906-07; Chief Campeau, Montreal, 1906-07; Chief Rossel, Peterboro, Ont., 1907-08. The association now numbers one hundred members.

LATE PERSONALS.

Mr. H. W. Robertson returned to the city yesterday afternoon. Messrs. F. J. G. Knowlton and G. O. D. Otty left last evening for Montreal. Bishop Richardson returned to Fredericton last evening. Miss F. S. Chandler returned to the city yesterday. Mr. Rainsford Wotmore, chief engineer of the Public Works Department, Fredericton, passed through the city

ROSE FROM OFFICE BOY TO GENERAL MANAGER OF HIS ROAD

R. G. Wells, a Canadian Who Has Made Good in His Adopted Country, Tells of Conditions in The South—Is Now Head Of San Pedro, Los Angeles And Salt Lake Railway—Pays Tribute To Harriman.

An excellent type of the native-born Canadian who has forged rapidly to the front in an adopted country, Mr. Robert E. Wells, general manager of the San Pedro, Los Angeles and Salt Lake City Railroad, arrived in the city last evening in his private car accompanied by his wife and three sons, and spent several hours here. The object of Mr. Wells' trip to the Maritime Provinces is merely one of pleasure. He left for Halifax and the Sydneys last evening via Moncton and will return to Montreal over the I. C. R.

Mr. Wells is a native of Guelph, Ontario, in the same county which also gave birth to the king of rail road men, the wizard James J. Hill. When Mr. Wells was a boy of sixteen and his brother, A. G. Wells a year younger, both went west and engaged in hard work. After 26 years of steady work, the elder brother is filling the position of general manager of a railroad 1,100 miles in length and the younger brother is general manager of the Santa Fe Coast Lines. Mr. R. E. Wells began his railroad career as an office boy, and rose step by step through the different branches of the operating department until he was made general manager eight years ago at the age of 34.

His Opinion of Harriman.

The San Pedro, Los Angeles and Salt Lake City Railroad is controlled jointly by E. H. Harriman and ex-Senator W. A. Clark, of Montana, of copper fame. Naturally Mr. Wells has a great admiration for the great railroad man who has been so much abused. Speaking to a Standard reporter last evening, he championed Harriman against Roosevelt quite heartily. "I saw Mr. Harriman at Pasadena in April," he said, "and there is no doubt he is a wonderful man, so keen and quick witted and possessing a master mind." Mr. Wells went on to speak of Taft as President and said that there was no one who could be regarded as a safer chief executive.

When asked to speak of conditions in California, Mr. Wells said, "We, in Los Angeles, are more provincial even than the New Yorkers. We believe there is nothing like our own town. When I moved into headquarters at Los Angeles eight years ago the population was 105,000. Now it is 320,000. We have what is claimed to be the finest climate in the world. The most surprising feature is that the summer months are just as enjoyable as the winter season. When the tourists see the roses and English clover blooming in February, they anticipate insufferably hot weather in summer, but to my mind July and August are the nicest months in the year. We have many Canadians in the city and I have yet to hear of

LIUT.-COL. HUMPHREY NEW D. O. C. ARRIVED HERE LAST EVENING

No Changes in Management of District Proposed—Leaves For Aldershot Sept. 7 To Command Camp.

Lieut. Col. William Humphrey who will succeed Lieut. Col. White, D. O. C., for the Province of New Brunswick, arrived in the city yesterday and will enter upon his new duties tomorrow, Sept. 1, when Col. White's term expires. Col. Humphrey is familiar with the conditions in this district having acted as assistant to Col. White two or three years ago. Last year he acted as Chief Staff Officer at Halifax.

Speaking to a Standard reporter, Col. Humphrey said that he did not intend to make any changes in the management of this district as effectively carried out by Col. White. He would remain in the city until Sept. 7 when he would leave for Aldershot, N. S., to take command of the camp which meets there from Sept. 7 to 18.

During his absence Lieut. Col. Ogilvie, who will leave today to assume his new duties at Charlottetown, would return from the Island to take his place. It was necessary to make this arrangement as no other officer had been appointed.

Lieut. Col. Ogilvie will be succeeded by Captain F. W. L. Moore, R. O., as district staff adjutant for this province. As Capt. Moore will not assume his new duties for a short time Col. Humphrey will be assisted by one of the permanent officers stationed at Fredericton, probably Capt. Duhamel.

Col. Humphrey has taken the house formerly occupied by Col. Ogilvie, 19 Wellington Row, and expects to be settled in his new home by Oct. 1.

Miss Gretchen Bell left on the Prince Rupert Saturday morning to spend a week with friends at Aylesford, N. S.

Mr. J. G. Sherren returned to his home in Rochester, N. B. last evening. Mr. and Mrs. J. Johnstone, of Bedford Falls, Me., arrived in the city last night from Boston. They will proceed today to their home in Charlottetown, P. E. Island.

Mr. J. E. O'Connor, of Stockton Springs, Me., arrived in the city last evening. Mr. O'Connor is on his way to Summerside, P. E. I., where he will be one of the principals in a happy event which will place there next week.

The New Suits. are distinctly "classy" in their style and finish. The collars, lapels, trimmings and EVERY detail show the result of the unusual care exercised by the makers. For the 20th Century tailors heed something more than general effect—they aim to make their suits the most perfect in ALL ways. You'll like the new models. You'll admire the fabrics, the cut, the finish, the fit. And the \$16 to \$26 prices are eminently pleasing to the man who likes to get the worth of his money. Other new good suits, especially made for Gilmour's, at \$10 to \$20. Fall Overcoats also. A. GILMOUR, 68 KING STREET TAILORING AND CLOTHING.

M. R. A.'s UNRIVALLED SUITS FOR Fall Wear. AN UNUSUALLY CHOICE ASSEMBLAGE OF THE NEWEST MODELS IN SAXONYS, CHEVIOTS, TWEEDS—FINE AND BROAD STRIPE PATTERNS IN VARIOUS SHADES OF GREEN, GREY OR BROWN. M. R. A.'s unrivalled suits for men are honestly made to wear; cut by experts, tailored by skilled workmen—with the shape that stays, built on. Until you see the new models for fall you cannot gather a clear idea of their great attractiveness to men who desire to be perfectly fitted in fashion's noblest manner at a moderate expense. In all coats this season the backs only trace the outline of the figure, and, if anything, lean more roominess. Tight-fitting and shaped-in coats are no longer in vogue. Lapels are moderately deep and softly; they are not to iron flat. The coat fronts are as pliable and as free from stiffening as possible. The stiff front coat is clumsy, hard to button and does not lie flat and snug over the chest. For the m part coats are without vents, though some show a centre one. Trousers are a trifle narrower and straight though still roomy. Materials are Saxony, Cheviots and Tweeds. Stripe patterns in all degrees of prominence, from feather stripe to the bold chalk lines, and from these to wide bars. All the various new shades of gray and brown. Prices Range from \$10 to \$23.
