

CHRISTIAN SCIENCE FOUNDER DIES IN NINETIETH YEAR

Mrs. Mary Baker G. Eddy Passed Away at 10.45 O'Clock on Saturday Evening.

No Physician Present and None is Called Until Next Morning—Announced in Church.

Great Church Now Without Recognized Head—Life Story of Remarkable Woman.

THE LATE MRS. MARY BAKER G. EDDY FOUNDER OF CHRISTIAN SCIENCE.

Boston, Dec. 4.—Mrs. Mary Baker Glover Eddy, the discoverer and founder of Christian Science, is dead.

Death was acknowledged and recognized by the leaders of the Mother church and was pronounced by Dr. G. L. West, the medical examiner of the district to be due to "natural causes."

Only those who sat through the service with the knowledge of the momentous event of 13 hours before, heard the benediction. The greater part of the congregation tried to realize what had happened and left its seats in a sort of dazed silence.

Funeral Private and Simple. "No arrangements regarding the time or the place of her burial have been decided upon."

"A telegram was sent to her son, George W. Glover of Lead, S.D., apprising him of his mother's demise and requested information as to his attendance and that of his family."

"Mrs. Eddy was born in Bow, N.H., July 16, 1821, and was therefore in her ninety-first year."

There were few of the congregation that assembled at the morning service at the Mother church today who knew that their beloved leader and teacher had passed away.

Public Announcement. Judge Smith broke through the usual formula with the following announcement: "I shall now read part of a letter, written by our revered lady and reprinted on page 135 of Miscellaneous Writings."

"My beloved students—You may be looking to see me in my accustomed place with you, but this you must no longer expect. When I retired from the field of labor it was a departure socially, publicly and finally, from the routine of such material modes as society and our societies demand."

"All our thoughts should be given to the absolute demonstration of Christian Science. You can well afford to give me up, since you have in my last revised edition of Science and Health, your teacher and guide."

are true today and will continue to be true. But it becomes my duty to announce that Mrs. Eddy passed from our sight last night at a quarter before 11 o'clock, at her home on Chestnut Hill.

Only those who sat through the service with the knowledge of the momentous event of 13 hours before, heard the benediction. The greater part of the congregation tried to realize what had happened and left its seats in a sort of dazed silence.

Little Change in Government. Several of the most loyal followers of Mrs. Eddy held the conviction that there would not be the slightest change in the methods of carrying on the work that her teachings and instructions would be implicitly followed.

The notice which was read at the morning service of the Mother church was repeated at the evening service to an unusually large congregation and was also read at many of the other Christian Science churches in this section of the country.

The Doctor's Statement. Dr. George L. West, the medical examiner, who was called to the house of Mrs. Eddy, and who filled out the death statement tonight, made the following statement tonight:

"I was called to the house of Mrs. Eddy this morning and arrived there in my automobile about 9.30. I was at the door by Calvin A. Frye and others of the household, who directed me to a bed chamber on the second floor. Here I met Mrs. Sargent."

I found the body of a woman about 90 years of age, lying on the bed, her hands crossed over her breast. The face was somewhat wasted, but kindly and in repose. I talked with Mr. Frye and he informed me that Mrs. Eddy had been in error about a week and had passed away very quietly. Mr. Frye described the symptoms and

FLOODS CONTINUE TO DEVASTATE FRANGE

Large Tract Of Land Near Nantes Under Water And Thousands Of Families Are Homeless—Dike Gave Way.

Paris, Dec. 4.—The floods continue serious along the valleys of the Loire, Rhone and Garonne and there is but slight improvement elsewhere. All the country to the northwest of Nantes to the extent of about 10 miles in length and 5 in breadth is a sheet of water.

Reports from Nantes say that during the night a dike collapsed and five villages to the southeast of the city were overwhelmed in a few minutes. Seven thousand families by this disaster were added to the already large number of sufferers. No casualties are reported.

CZAR'S LEVEE. St. Petersburg, Dec. 3.—A levee will be held at the Winter Palace on Dec. 9. This is the first function of the kind since 1904.

McLEAN FOR COMMAND.

Special to The Standard. Montreal, December 4.—It is reported here that an order in council has been passed giving to Lt.-Col. H. H. McLean, M. P., the command of the Canadian contingent which will be in attendance in England at the coronation of King George V.

CHILDREN TO BE EXPELLED

Casting Vote Of Chairman Gives Decision In Principal's Favor In Libert School Trouble.

Special to The Standard. Albert, Dec. 4.—A special meeting of the trustees of the Riverside-Albert Consolidated school was held Saturday afternoon and was in session long after dark.

Alfred L. Blawie, of the publication committee of the Christian Science church and other prominent men in the mother church, tonight declined to give out anything concerning the last hours of Mrs. Eddy beyond what was included in the official statement.

Miss Sibyl Wilbur, the latest and most favorable of Mrs. Eddy's biographers, whose life was approved by the leader and has the sanction of the church authorities, says that "no mystery today surrounds her life's story and that her birth, her ancestry for two hundred years, her education, her social development, her individual service to the world, have been scrutinized with the strong searchlights of both joy and sorrow."

Her education in the little schools of her father's home at Riverside was enhanced by what she gathered from discussion of religious matters at the family fireside, when several well known clergymen called to talk over church matters with her father.

Loss \$1,500 IN ST. STEPHEN FIRE

First Serious Blaze At Border Town In Years—A. A. Mallery Suffering From Effects Of Exposure.

Special to The Standard. St. Stephen, N. B., Dec. 4.—The first fire of any considerable consequence that has occurred in St. Stephen since the installation of the new water system, occurred Saturday morning about two o'clock in A. Mallery's block on Water street.

The lower floor is occupied by Mr. Mallery's bakery, his retail salesroom and offices occupied by J. W. Richardson, barrister. The upper floors contain tenements occupied by Mr. Mallery and Michael Walsh.

One of Mr. Mallery's household was awakened by smoke, and when he reached the fire, he found it enveloped in dense volumes of smoke. They undertook for a few minutes, to fight the fire alone with the fire hose in the building, but until they had floors, their way between the partitions through Mr. Walsh's tenement to the roof.

The loss on the building and stock will amount to about \$1,500, which is covered by insurance. Had a ready and abundant supply of water not been at the command of the firemen nothing could have saved the block.

RAID OPIUM DENS. Ottawa, Dec. 4.—Two Chinese opium gambling dens were raided by police here today and twenty-one Chinamen were arrested. A considerable quantity of opium was seized.

STURGIS DEPUTIES MOBBED BY BOYS

One Of Those Attacked Had Just Recovered From Previous Beating—Two Members Of Crowd Caught.

Portland, Me., Dec. 4.—A party of Sturgis, deputies of whom Emerson Doughty, who was mobbed a couple of weeks ago, in a Centre street saloon was one, and Fred J. Weyand, who came here from Massachusetts was another, were stopped, on Fore street this forenoon by a gang of boys ranging from 14 to 29 years of age. Weyand was hit once by a rock and once by a frozen apple. He was not seriously injured.

FIRST DAY OF ELECTIONS INDICATES LITTLE CHANGE

Unionists Make Net Gain of Three Seats, but Analysis of Results Give Liberals Cause for Satisfaction—Parties Now Evenly Divided With 125 Seats Filled.

W. Max Aitken Wins Brilliant Victory in Ashton-Under-Lyne Against Heavy Odds—H. Bonar Law Loses Tariff Reform Fight in Free Trade Manchester—A Light Vote Polled.

London, Dec. 4.—Although the pollings in the general election Saturday indicate that the next parliament will be similar in complexion to that of the dissolved house, and both sides late tonight professed to be pleased with the result of the first day's contests, a careful analysis of the figures in the political clubs appeared to give greatest satisfaction to the Liberals, who declare themselves more than contented.

They point out the fact that every Unionist majority in Birmingham had been reduced and that the Liberals improved their position in Wolverhampton and other Midland districts devoted to manufacturing interests.

London again was disappointing to the Unionists and encouraging to the Liberals, who had not expected to regain Peckham. The city boroughs in Birmingham also showed increased majorities for the Liberals, who anticipate that their success in Manchester and London will greatly influence the coming contests.

On the other hand the Unionists are able to point to significant victories, while they improved their position in a larger number of constituencies than did the Liberals. The struggle between the Redmondites and the O'Brienites will be bitter. The Conservatives in Ireland will, wherever possible, concentrate their attack on the Redmondite candidates by voting for the O'Brienites.

The return of H. St. Maur, the Liberal candidate in Exeter over H. E. C. Duke, Unionist, which was announced late last night, was an unexpected Liberal gain, Duke having captured the seat in the January elections by 28 votes. The polling yesterday gave St. Maur 4,786 and Duke 4,782.

Polling tomorrow takes place in 67 constituencies, returning seventy-five members. These constituencies were represented in the old parliament by 35 Unionists, 33 Liberals, 6 Laborites and one Nationalist. Of these 17 are London boroughs. The parties are making an exceptionally keen fight in St. Pancras and Islington divisions.

ICE BRIDGE FORMS IN RIVER

Closing Of Navigation At Fredericton—Youth Dies As Result Of Injuries Inflicted In Assault—Light Service.

Special to The Standard. Fredericton, Dec. 4.—An ice bridge which gives promise of being permanent for the winter, formed on the St. John river here last night, the season of navigation lasting practically eight months. A snowstorm is also predicted within a few hours and there is now every indication of some real winter weather which is badly needed to stimulate trade. This fall has been one of the poorest seasons in many years for business in Fredericton.

The Fredericton Gas Light Company will inaugurate a 24 hour electric service for light and power tomorrow. Heretofore there has been no day service.

Master John Victor M. Hatheway, who is one of two successful candidates in New Brunswick for admission to the Halifax naval college is the son of Fred W. Hatheway, formerly of St. John and now agent of the Star Line Steamship Company. He will go to Halifax in January and take a course of upwards of two years and qualify as a midshipman for the Canadian navy.

On Monday evening at the Fredericton Curling Club's first weekly meeting of the season, William Lemont will present to the club a large framed picture of his brother, the late Martin Lemont, who was a member of the club for about 30 years and was at the time the president of the organization. R. S. Barker has been re-elected chairman of the management committee of the club.

That his son's fatal illness resulted directly from an assault by fakirs here during the Fredericton 1909 exhibition is the opinion of Fred D. McLean, father of Beverly D. McLean, who died at Victoria Hospital last week. In the fall of 1909 he was twice assaulted, once by local people, who knocked him down and then kicked him, and later strangers who were connected with some of the pike shows at the exhibition similarly assaulted him. From that time until his death he suffered from trouble with his back which turned into tuberculosis of the spine and finally caused his death.

As yet there has been no investigation into the cause of death, and it is unlikely that there will be any. They will get their just deserts some day, says Mr. McLean.

SLASHED THROAT IN MONTREAL STREET

Young Bookkeeper Went Suddenly Insane And Made Sensational Attempt At Suicide—Died After Arrest.

Special to The Standard. Montreal, Dec. 5.—Hudson Adams, a young bookkeeper went suddenly insane on Saturday afternoon and rushing out on St. Urban street ran down the street slashing his throat with a razor. He was finally arrested and taken to the hospital where he died a couple of hours afterwards.

PENNY POSTAGE BILL. Melbourne, Dec. 3.—The bill providing for penny postage throughout the commonwealth has passed a second reading in the House of Representatives by 31 votes to 4.

QUEBEC YOUTH UNDER ARREST

Fellow Workman Probably Fatally Shot While Two Were In Woods Together—Tells Conflicting Stories.

Jackman, Maine, Dec. 4.—Sheriff Coolidge, of Farmington, is on his way to this place to investigate the shoot of Arthur Pepin, an 18 year old boy, by Arthur Vigu, aged about 20, both of St. George, Que. Vigu is detained here and Pepin lies at the point of death with a bullet wound in his left lung. The two boys were at work in the woods for the Great Northern Paper Company at a place 13 miles from Lowelltown.

According to Vigu's story he was examining a revolver when it was accidentally discharged and the ball penetrated Pepin's side. They were both brought to this place and are being held by Sheriff C. F. Adams, of Somerset county. The shooting occurred in the neighboring county of Franklin. Since he has been under detention Vigu has told a number of different stories of the shooting but insists it was accidental.

Pepin has been in no condition to tell his story, and it is not believed that he will recover.

"AMERICAN DOLLARS" COME FROM MONCTON

Large Amount Subscribed At Home Rule Meeting In Railway Town Yesterday—T. P. O'Connor Endorsed.

Special to The Standard. Moncton, N. B., December 4.—Leading Irish citizens met here today and endorsed T. P. O'Connor in his home rule fight in Ireland. A subscription list was opened and a good amount was subscribed. Speeches favoring home rule in Ireland were made by Senator McSweeney, Hon. F. J. Sweeney, and others.

RECTOR OF HOLYOKE FOR 40 YEARS IS DEAD

Holyoke, Mass., Dec. 4.—The Right Rev. Monsignor Patrick J. Harkins, for 40 years pastor of St. Jerome church, died late tonight at the house of Providence Hospital, an institution which he founded.

He was 77 years of age, and had been ailing for some time, his death being in a large measure, due to his declining years.

U. S. A. OFFICER DEAD. Baltimore, Md., Dec. 4.—Brig. General Oliver E. Wood, U. S. A., retired, died at the Johns Hopkins Hospital today, following an operation for acute stomach trouble. He was born in Connecticut, sixty-six years ago.

CHINESE NAVY IS CREATED

Efficacy Of Both Army And Navy To Be Increased—Prince Tsai Suun In Charge Of Naval Department.

Pekin, Dec. 4.—An important step has just been taken by China with the object of expanding and increasing the efficacy of her army and navy.

The throne today issued edicts creating a navy department which up to the present has consisted merely of a tentative board for the conducting of naval affairs.

Prince Tsai Suun, uncle of the emperor, who recently paid an extensive visit to the United States, has been appointed president of the new department and his full recommendations for the reorganization of the navy have been approved.

COUNTESS DE NICOLAY KILLED IN AUTO CRASH

Her Son And Chauffeur Also Met Death In Collision At Railroad Crossing—Gasoline Set Train On Fire.

Lemans, France, Dec. 4.—The Countess De Nicolay, her son, and the chauffeur in charge of the automobile in which they were driving, were killed today at a railroad crossing near here. The automobile was struck by an express train.

Gasoline from the automobile spurted over the front carriages of the train, setting them on fire. The passengers were thrown into a panic, but the flames were quickly extinguished.

WIRELESS USE COMPULSORY

Vienna, Dec. 3.—Austria is the first European nation to make aerography compulsory on passenger ships. The government has ordered that all steamers voyaging beyond Gibraltar or Aden must be equipped with wireless apparatus.

GOOD NEWS RECEIVED. Newcastle, Dec. 4.—When the news reached here that W. M. Aitken had won his election in the Old Country by a safe majority, there was great rejoicing among his many friends. On Saturday evening his father, Rev. W. M. Aitken, received a cablegram as follows: "Carried Ashton-under-Lyne, 196 majority. Best Wishes."

Mr. Aitken's friends have sent him a cablegram conveying their congratulations on his success.

Rev. Mr. Aitken and his wife intend to go south for the winter, and expect to be joined by their brilliant son after the British elections are over.

Parties on Even Terms as
Result of Saturday's Polling

MILITANT SUFFRAGETTES IN ACTION, SHOWING HOW IT TOOK THREE POLICEMEN TO HANDLE ONE OF THEM.

Continued from page 1.
London, Dec. 3.—Including those un-
opposed, 125 members had been elected
of today's poll in the closing of
the parties is as follows:
Government coalition—Liberals, 51;
Labor, 7; Irish Nationalists, 5. Total,
63.
Opposition—Unionists, 62.
The Unionists gained 7 seats, 6
from the Liberals, Salford, (South),
Ashton-under-Lyne, Warrington, Dar-
lington, King's Lynn and Grimsby and
one from the Laborites, Wigan. The
Liberals won 4 seats from the Union-
ists, Manchester (Southwest) Roches-
ter, the Peckham division of London,
well, and Exeter. So the net gain of
the Unionists is three seats.
This result is not quite up to the ex-
pectations of the Unionists, but even
at that, if the current continues to
run in their favor as it has started, the
government would be placed in a very
awkward position, and in all probability
they would resign. Neither party re-
ceived the lead from London and Man-
chester that it desired, although on the
whole the government came off the
better, as it succeeded in holding the
northwest division of Manchester against
H. Bonar Law, one of the
chief exponents of tariff reform, who
was greatly assisted in his campaign by
Mr. Balfour's pledge to submit the
question of protection to a referendum.
Free Traders Fight Shy.
The Unionists yesterday reported
the return of a majority of Unionist
free traders, of which there are many
in Manchester, to the Unionist party,
but from the result of Mr. Law's at-
tempt to capture the north-west dis-
trict of the city, the free traders seem
to be fighting shy of the party whose
chief plank they so greatly opposed.
In London the Liberals held their
own, and a little more, Peckham,
which left the party on a great by-election
during the controversy over the
licensing law, has been regathered in-
to the fold and in the other London
boroughs which polled there was little
change. Captain C. Norton, Dr. T. J.
MacNamara and C. F. G. Masterman,
junior members of the government, all
held their seats and they helped to
win Peckham. In addition the Liberals
held Haggerston which many believed
the Hon. Rupert Guinness would suc-
ceed in winning.
The Right Hon. Augustine Birrell,
chief secretary for Ireland, and the
Right Hon. C. E. Hobhouse, financial
secretary to the treasury, maintained
their own positions in Bristol, but
were unable to improve conditions for
Liberals.
W. M. Aitken Elected.
Two Canadians—Sir Gilbert Parker,
an old member of the British Parlia-
ment, and W. M. Aitken, a younger
man from the Dominion, take seats
in Westminster, to represent Graves-
end and Ashton-under-Lyne respect-
ively. Both are Unionists, and Aitken
took part in the speaking in behalf
of the Unionist candidate, while Home
Secretary Churchill went down to
help the Liberal candidate.
Two seats, West Bromwich and
Gloucester are held by the Unionists
by a bare majority of five and four
votes, respectively. In each case
there will doubtless be a recount.
On the whole there is an extraordi-
nary similarity in the majorities as
compared with the election in Janu-
ary, although fewer persons voted.
The weather was very cold and wet,
which might have acted against a
large vote and also prevented the
lively scenes usual Liberal gain. At
St. Maur he elected by a majority
of four over the Unionist, H. E. Duke.

SAINT JOHN, MONDAY MORNING, DEC. 5th, 1910.

**INEFFECTIVE CRITICISM.**

A perusal of the lengthy report in the Telegraph of the addresses delivered by Mr. C. W. Robinson and Mr. F. J. Sweeney at the recent meeting of the Young Liberals would indicate that these gentlemen, the leading lights of the local Opposition, are in no better position to criticize the Hazen Government than when their own administration went down to ignominious defeat some two years and a half ago. "The broken pledges of the Hazen Government," was the theme selected for the occasion, but we fail to find any facts presented, or any arguments deduced, which will carry weight with a thinking electorate.

In the course of his remarks, Mr. Robinson devoted some attention to the debt of the province. When the old government went out of power, he said, the net debt was about \$3,500,000, while it was now about \$4,500,000. The leader of the Opposition forgot to remind his hearers that the increase in the debt is the fruits of legislation passed by his own Government. Large subsidies have to be provided for the International Railway, for which his Government and its predecessors were responsible, and the deficits and expenses of the Central Railway, which is an incubus on the province, have to be met. An enormous outlay has also been necessary on the bridges throughout the country, due mainly to the improvident and unbusinesslike methods which the late Government pursued. Mr. Robinson went on to refer to the increase in revenue which the province now enjoys, but neglected to point to the fact that it is in consequence of the honest collection of stampage. The methods which the late Government countenanced are notorious. It is because every dollar that can be collected is now accounted for that the territorial revenues amount to nearly half a million dollars today; figures undreamt of when Mr. Robinson, Mr. Pugsley, and their friends had control of the purse strings.

The claims of this province for a share in the Halifax Fishery Award were the subject of Mr. Robinson's solicitude, and he pointed out that Mr. Pugsley had contended that this province was entitled to a proportion of the money paid over. He thought the local Government should see to it. Since coming into power Mr. Hazen's Government has pressed for recognition of the claims on more than one occasion. Mr. Pugsley's translation of the Dominion Cabinet has apparently cooled his ardor, for he has failed to give this important matter either his encouragement or support.

The forward policy of the local Government in making a survey of a route for the St. John Valley Railway, and placing an act on the statute book which will assure the road being built, in any event, has caused the Opposition much uneasiness, and Mr. Robinson as in duty bound attempted to throw cold water on the project. "I feel," he said, "that the Valley Railway is a proper subject for earnest consideration now and I feel that Sir Wilfrid Laurier's offer to take it over and operate it as a part of the L. C. R. paying the 'province 40 per cent. is the only proper scheme. It should not be entered upon unless properly guaranteed. To have such a railway it should be built in a way that it would not place too great a responsibility on the province. So far there is no reasonable scheme proposed except that of Sir Wilfrid Laurier."

Mr. Robinson's discovery that the Valley Railway is "a proper subject for earnest consideration" is of very recent date. For nearly a quarter of a century he and his predecessors in office never grappled with the subject from a practical standpoint. They did nothing. The furthest point they ever reached was certain nebulous negotiations which Mr. Pugsley on one occasion alleged he was conducting with the Canadian Northern. "Founded on two telegrams and a lot of ifs," was the way the late Mr. Hill characterized his statements. The Hazen Government is the only administration which has dealt fairly with the question by inaugurating a policy from which the people of St. John Valley can expect results.

Judging by the Telegraph's report of the proceedings the only new subject matter introduced into Mr. Robinson's address was supplied by Mr. Thomas Hilyard, one of his auditors, who, with the evident desire of furnishing the leader of the Opposition with some fresh material, asked the speaker "if he was aware that Hon. Mr. Fleming, the Provincial Secretary, had received a grant from the Government of \$1,000 to repair a road in or near the Blue Bell tract of land, for carrying on lumbering operations for his own use." Mr. Hilyard further stated that he had Hon. Mr. Maxwell's authority that such a grant had been made.

In view of Mr. Fleming's categorical denial of the whole transaction, which appears elsewhere in this issue, it is not surprising that Mr. Robinson was feign to admit that he had not heard of it. He added that he was glad to learn of the matter and seizing on it with avidity, proceeded to point a moral by remarking that "it appeared the Government could divide up the money as they saw fit, and if they had money to spare, could give it to their favorites." The incident served its turn, but Mr. Robinson's joy is short-lived. Mr. Maxwell denies ever making such a statement to Mr. Hilyard, and Mr. Fleming shows that this grant was used solely for the purpose of opening up the Blue Bell tract for settlement, and further that he never conducted any lumbering operations on the land.

Both Mr. Robinson and Mr. Sweeney had much to say in condemnation of the road act. It is surprising that at the time the act was passed they did not come forward with suggestions for its improvement. It is also a cause for wonder that, at the last session of

the legislature, they offered no criticisms of the act itself. The roads of the province are 100 per cent. better than under the late Government. It is admitted that they cannot all be placed in first class condition in one, two, or even three years, but an honest administration of the road moneys is having its effect.

Mr. Sweeney travelled over much the same ground as Mr. Robinson. He professed to believe that the Government was handing over the resources of the province to monopolies, and disapproved of the policy which has resulted in the development of the iron ore deposits in Gloucester. The policy which Mr. Sweeney condemned has, however, resulted in a revenue which is steadily increasing, and the developments are being carried out without any expense to the province. He also entered upon a defence of the late Government's lumber policy. As Mr. Sweeney will go down to fame as the most incompetent surveyor general the province ever had, and in view of the enormous increase in the territorial revenues since he retired from the administration, his opinions on this subject are not of much value. His efforts to secure the wardenship of Dorchester Penitentiary, judging by the tenor of his remarks, have somewhat distracted his attention from provincial affairs.

Presumably because it is the duty of an opposition to oppose, and to justify their remaining in provincial politics, it becomes necessary for the leader of the Opposition and his lieutenants to revert occasionally to such an unprofitable subject as "the broken pledges of the Hazen Government." It is unfortunate for them that, the material being wanting, they invariably fail to make out their case. They have a long way to go before they will convince the people of this province that there is anything to be gained by again entrusting its affairs to an administration that was notorious for its reckless, improvident, and unscrupulous administration.

**FIGHT PICTURES AND POLITICS.**

The Young Liberals' Club has been heard from. After a lengthy period of lethargy this juvenile organization has again entered the lists. On Friday evening last they held a smoker, endured speeches from such orators as Mr. C. W. Robinson and Mr. F. J. Sweeney, and otherwise comported themselves as good Young Liberals should. They had their reward, for they were permitted at the close to feast their eyes on the elevating spectacle of a twenty-round prize fight between Mr. Papke and Mr. Ketchell—since deceased.

Only one sad fact must have marred the pure, unalloyed pleasure of the "gathering, the absence of the Honorable William Pugsley. The Young Liberals' Club owes its very existence to the Minister of Public Works. As will be remembered by all citizens, whose memories date back to that momentous time in 1908 when Mr. Pugsley entered upon his career as the champion of St. John, this collection of young patriots was called into being to act as torch bearers and general "supers" in the presentation of the various proposals designed to enthuse the people of the city. When they were not carrying torches they were manufacturing enthusiasm, and stimulating applause at the meetings during the campaign.

When their work was done they lapsed into a state of innocuous desuetude and even the peril of the Drummond-Arthabasca election was not a sufficiently potent stimulant to rouse them. Then a call was sent out. They were gathered together and it was decided that their resurrector should be signaled with a smoker. Those in charge of the event, however, doubted whether the prospect of free cigars, and free refreshments of other kinds would prove sufficiently attractive, so the word was whispered that there would be rare intellectual enjoyment for all who attended. And so there was. It took the attractive form of moving pictures of the twenty-round swat fest' between Messrs. Papke and Ketchell.

The Standard joins with those who expressed regret at the unavoidable absence of Mr. Pugsley. That he himself regretted it is evident from his telegram. It would have been a moving picture in itself to have seen Mr. Pugsley surrounded by his young admirers watching intently the gladiatorial combat between such experts in the noble art. Had he been in attendance there would have been opportunity for an excellent interview by obtaining his opinion on the merits of upper cuts and jabs. A declaration on this line from Mr. Pugsley would be of more interest than some of his vague prognostications regarding Courtenay Bay and other things. We might have learned, for instance, whether he favored the right hook or a solar plexus as the more effective blow; which he would prefer to use when in a tight place, or whether he would rather save himself by dodging, at which, it is well known, he is an expert.

We have not yet learned whether these fight pictures were presented with the sanction of the Moral and Social Reform Council, or whether any objections will be raised on the ground that such sights might have a tendency to corrupt the minds of the young. They have all the charm of novelty to recommend them to political gatherings. The lead of the Young Liberals of St. John might well be followed in many other constituencies where the Liberal cause is in need of a stimulant. It is a fate which comes sooner or later to every cause which is not worth fighting for.

General satisfaction will be felt throughout the province in the success of Mr. Aitken in the British elections. A son of New Brunswick, he is worthily following in the footsteps of another prominent New Brunswicker, Mr. Bonar Law, who has made a name for himself in British politics.

## Current Comment

(Peterboro Review.)

Evangelists usually have to say something extravagant to "make good" with the crowd. We have heard scores of evangelists, from Moody to Chapman and from Chapman to Sam Lattrell. They are right on the job when it comes to narrating a spectacular story on the audience just at the proper time. They can hand the crowd an awful roast and get away with it. If the minister did it, there would be the devil to pay. But the audience jams the church and listens and gives the "thank offering" freely, and the evangelist goes on to stir up another town, and the poor parson is left to fight on and keep up the fever heat.

(Hamilton Herald.)

Lloyd George's condemnation of the peers is rather too sweeping. When he said on Saturday that they are incapable of feeling sympathy for the poor he ignored the fact that the greatest friend of the British poor in the nineteenth century—the man who did the most practical good for them—was a peer, the Earl of Shaftesbury. His whole life was devoted to the work of ameliorating the condition of the poor.

(New York Journal.)

After a man has been sick in bed as long as two days he begins to look about as attractive as an onion peddler after it is cold; but a woman has so much special scenery for a sick-room that she looks well after a six weeks' siege.

## The Standard's Old Reporter

Owing to the lack of asbestos paper the burning words of the orators who addressed the Young Liberal Club on Friday evening had to be omitted from this great family journal, but it is felt that some space may be given to the principal feature of the entertainment without scorching the press. We have no doubt that the profound and brilliant poem read by Hiram Hornbeam, of Hornbeam Settlement, will be voted by all who were not there to have been in a class by itself. Hiram indeed brought down the house and his efforts met with as much appreciation as the pictures of the prize fight.

Who made the heavens and the earth, And all things else of any worth? Who made the sea to ebb and flow? 'Twas Pugsley, Laurier and Co.

Who made Oom Kruger drink small beer, And Kiser Billy tear his hair? And filled the world with fright and woe? 'Twas Pugsley, Laurier and Co.

Who made "Our Lady of the Snows," As pretty as a wild-wood rose? Who gave her all the dainty clothes, And prinked her hair and trimmed her toes? 'Twas Pugsley, Laurier and Co.

Who taught her how to smirk and how to play the fiddle and milk the cow, And make herself a holy show, Who stood at gaze before all eyes, Like Joshua's sun at Askelon? 'Twas Pugsley, Laurier and Co.

Who made the harbor of St. John, And turned the tag of traffic on? Who first discovered Courtenay Bay, And steered the G. T. P. this way? Who made the drydock project rise, Who gave her all the dainty clothes, Like Joshua's sun at Askelon? 'Twas Pugsley, Laurier and Co.

Who gathered schemes that gave a show To greedy grafters high and low? 'Twas Pugsley, Laurier and Co.

Who put the sun upon the blink, And made the Evening Star to wink At all the follies of the Times? 'Twas Pugsley, Laurier and Co.

At this point there was an interruption in the shape of a tomato which hit Hiram in the eye and knocked him out through the window.

## SEIZURE OF LIQUOR IN QUEENS COUNTY

Scott Act Inspector Davis Found Whiskey Hidden Under Drying Clothes in Bushes—Hoop Poles Stolen.

Waterborough, Dec. 2.—Robt. F. Davis, Scott act inspector, with Constables Gale, Ferris and VanBuskirk, acting under a search warrant, seized a quantity of whiskey on the premises of Mrs. Mary Jane Ferris, here yesterday morning. The officers spent some time in searching the house, barn and other buildings, and one of the officers espied a white label on a bottle among some ornamental bushes over which there were some clothes hung to dry as the weather has been very wet. These aroused his suspicions, and there was found the whiskey which it is alleged a man by the name of Webb Herrington, who lives at Mrs. Ferris' house, had received by train from St. John on Saturday last. Mr. Herrington has been suspected of selling liquor contrary to law, for some time.

Hoop poles are a pretty small thing to steal. C. H. Mott found the other day when he was out hunting on his property in Union Settlement with a friend, that some parties had cut the hoop poles, but they shaved them into hoops in the woods and then carried them out on their backs.

While Mrs. Wm. Ferris, of Union Settlement, was walking near the store of D. W. Panjoy, yesterday, she was attacked by a dog belonging to Robt. Barton and only the presence of Mrs. Barton at the store saved Mrs. Ferris from being torn. The dog was later shot at Mrs. Barton's request.

There is much interest among the people of Union over a post office which is about to be established at that place, some of the stalwarts of the Liberal party feel that they should not be slighted in the choice of a postmaster, but it is thought a good Conservative will be the winning man.

Recently a vote was taken as to who would be the most suitable for the position, and it is currently reported that a good Conservative will get the post.

Rev. H. H. Gilles, who has been stationed in Vancouver, B. C., for over a year, has resigned his church there and is now in New York. He passed through here last Sunday, calling on a few friends, and owing to the very disagreeable weather there was no service in St. Luke's, where Rev. Mr. Gilles intended to meet a large number of his many friends who would have been so pleased to have seen him.

Rev. Mr. Gilles has gone to New York, where he will preach in a Brooklyn church.

Thos. H. Widins has been confined to the house for a week with "La Grippe."

The Women's Auxiliary of St. Luke's church, met this afternoon at the home of Mrs. Edith Wasson.

The local trappers and fur buyers, report that fur bearing animals are very scarce in this locality this fall. For some extent a large colored butterfly was quite plentiful in the farmers' corn fields.

**Spots on My Butterfly.**

The teacher of the primary department in a superior school, places on the wings of each child in Grade I, and in the wings places spots for merit. There is a great strife between two of the little fellows as to who shall get the most spots in his butterfly. One of them is the son of a preacher, and a few nights ago when saying his prayers at his mother's knee, after offering his usual petitions, he paused a moment and then added in ardent tones, "And please Lord, put some spots in my butterfly."

## Diamond Rings

In the selection of a diamond ring is only one of many considerations. When you buy a diamond you should consider, first its color or and freedom from flaws, then its shape and style of cutting and lastly its size. The diamonds we show you are selected in this way. Many of the stones were bought when prices were much lower than now, but our prices save in one or two instances, are the same as originally. We believe you can save money in buying a diamond ring from us and ask you to come and see our proofs. We have special values at the prices most people want to pay... \$25 to \$100.

AWKWARD QUESTION EFFECTIVELY ANSWERED

Albert County Resident Shows Injustice of White's Letter to Telegraph--Bridge Improperly Built by Late Govt.

To the Editor of The Standard: Sir,—In a recent issue of the St. John Telegraph, was published a letter from Captain Robert White, of Harvey Bank, Albert County, complaining that the covered bridge across Shagopy River is being repaired, and has been closed to traffic since November 21st last. Mr. White is at present the Harvey mill carrier, and complains that no temporary bridge has been built for his accommodation, and that the Marsh road, by the way of Beaver Bank, is sometimes flooded with tide water, and is a bad state. Mr. White also asks some questions of the Telegraph, which the head lines announced as:—Some Awkward Questions for the Hon. Government.

Now, sir, Captain White knows that one abedou of more is out, and that the Gemantow Marsh roads are flooded at high tides. The same thing has occurred for several years in the same place, and occurred on the Bank dyke, flooding the Harvey Corner road for many months, when the late government had control. The highways were repaired when the dykes were made good, and the same course will be followed now, although the present government may not see its way clear to dyke the marshes, or authorize the expenditure of the people's money on private dykes, sluices, or mill dams, which are done in at least one instance in this parish under the late administration.

Mr. White asks:—(1) Who is responsible? (2) Is this the proper time of year to do this bridgework when the bridge was in just the same condition last April? (3) Does the bridge was not in just the same condition last April. It has been getting worse all summer. Now that the large farmers, the Turners, McClellans, Smiths, Stuarts, Bingleys and others have finished hauling their hay and other produce over it for the season, the north abutment or pier will promptly be built in a proper workmanlike manner. The same kind of work was done by the famous bridge expert, McKenzie, in the construction of the covered span bridge over Walden Creek at Hillsborough, which had to be repaired at the cost of many hundreds of dollars before it was three years old. The Sawmill Creek Bridge at Hopewell Hill is another sample of bridge building by the same government, and is already in need of repairs.

The Sawmill Creek Bridge at Hopewell Hill is another sample of bridge building by the same government, and is already in need of repairs.

It will not require any high salaried engineer to put in a bridge (at hundreds of dollars cost) that will not stand? One would think that any schoolboy could waste money without regard to the interests of the people. It will not require any high salaried engineer to put in a bridge (at hundreds of dollars cost) that will not stand? It will not require any high salaried engineer to put in a bridge (at hundreds of dollars cost) that will not stand? One would think that any schoolboy could waste money without regard to the interests of the people.

Mr. White states that during his 55 years residence in Albert County, he has never seen so great an outrage perpetrated on the people at large as the closing of this bridge. Captain White did not weigh well those words when he said that his memory can be refreshed if necessary.

Dr. McAlister, M. P. will no doubt see to it that Capt. White gets his just rights in the way of extra for his increased mileage and exposure in the conveyance of the mails.

Yours respectfully, BROWN.

The Hopewell Bank of the River, Albert County, Dec. 1st, 1910.

\$2,314 ON TAG DAY. Record Sum Raised by Ladies in Aid of Anti-Tuberculosis Campaign.

The sum of \$2,314 added to the funds for the fight against the white plague is the result of the tag day held on Friday. This sum is far in excess of the other tag days held here, and the ladies who organized the campaign are naturally delighted.

The money was counted Saturday morning and the result announced by 2 o'clock. The Bank of New Brunswick gave the use of a room for the purpose, and half a dozen of their clerks assisted the ladies in the work of counting the money. The ladies present were the president, Mrs. E. A. Smith; the secretary-treasurer, Mrs. G. M. Campbell; and Mesdames J. H. Frink, H. A. McKee, D. McLellan, W. White, deB. Carrille, Louis Green, Addy and Miss Travers.

The bulk of the contribution was in silver, though copper coins formed a weighty part of it. A large sum was donated in bills, the denominations ranging up to fifty dollars.

Two cubs, six months old, caught by Martin Fox, of Northumberland, will be brought to St. John to take the place of the two old bears killed on Friday. The cubs will not cost very much to feed, while the dead bears were sold to J. W. Vanwart, and are objects of interest in that gentleman's store. They can be seen there until Thursday next.

THE MAYOR OF GRAVESEND RECEIVES OFFICERS FROM U.S. FLEET

London, December 3.—Sir Thomas Vesey Strong, the Lord Mayor and the Corporation of the City of London, today gave a luncheon at Guild Hall to 750 sailors of the visiting fleet at Gravesend and Weymouth.

The blue-jackets arrived by train at Charing Cross, headed by Commander Sims of the Minnesota and the officers of his staff, and accompanied by the band of the Coldstream Guards, which were ordered out for the occasion, marched through the streets in the West End of the city to the ancient hall, where so many famous guests have been honored.

ENJOYABLE SOCIAL BY ECLECTIC SOCIETY

Pleasant Function Given at Mount Allison Ladies' College—Dr. Andrews Receives Plans for New College.

Sackville, Nov. 30.—A most enjoyable social function was held at the home given by the Eclectic Society of the Ladies' College on Friday evening. Pretty decorations gave a festive appearance to the parlors and halls in which the guests were received by the officers of the society and Dr. and Mrs. Borden. The president is Miss Lou Abbott of Bathurst, vice-presidents, Misses Ruth Hart, Halifax, and Flora Curtis, St. John, N.B., secretary, Miss Marion Reid, River-side.

After a month's campaign Dr. Torrey and his fellow workers finished their mission here yesterday. The famous evangelist during his stay here has endeavored himself to stay here, much of our Christianity is like the wrangling of the Monks of Constantinople over the nature of the Trinity when the Turks were forcing the gates. One sermon end in summary of the Gospels, that you should get your hair matted up with the request.

Dr. Torrey—Come on ladies. It's more important that some people should hear the Gospel than that you should get your hair matted up with the request.

Dr. Torrey then preached on the necessity of men and women taking advantage of their opportunities to come to Christ. He said the occasion being his last evening in St. John, was a solemn one for him, and he urged his hearers to accept Christ to-day, as life was very uncertain, and no man could say when he might be called upon to meet his maker. The men who have succeeded in this world are those who grasped their opportunity. Everybody intended to accept Christ sometime, but often they let their opportunity pass by.

No Time To Be Lost. He thought everybody in St. John should lose no time coming to Christ. The first reason they should do so was that it was a blessed opportunity. Men found more joy in Jesus Christ than in the world, and his pleasures. He had tried the world for all his years, but he had had exceptional opportunities for enjoying it. But he had found nothing in it. So he came to Christ and in Christ he found the real joy.

Christ kept the door of His Kingdom wide open and His invitation to come in was a standing one. Men were free to step on to the shore of Jerusalem. HOW CHURCHES BECOME HOMES FOR DEPRAVITY

Rev. J. J. McCaskill Speaks of Formalized Religion—Priests Must be in Sympathy With Prophets.

In St. Matthew's Presbyterian church last evening, Rev. J. J. McCaskill preached an eloquent sermon before a large congregation on the theme "A Union For Falsehood." Rev. Mr. McCaskill took his text from Jeremiah 5, 31: "The prophets prophesy falsely, and the priests bear by their means; they love to have it so; and what will ye do in the end thereof?"

He said in part—These are about the conditions on which the prophets and priests have succeeded in coming together and uniting. The true prophet is he who makes God angry, humbly, symbolically, occasionally, and who tries to interpret and apply the message to the changing needs of his own time. If he succeeds in this he brings new vitality to all the institutions of society and religion. The priest always runs it into formalism, ritualism, traditionalism, conventionalism and the like.

In religion it is well that men should adhere to the creeds and ritual worked out in the past for spiritual and moral guidance, and that they should have a body of life. But it is certain that the forms die in time like all tissue, and if not cleared away presently rot. So to the spirit and symbol are vitally connected all is well, but as fast as they are separated the symbol becomes the empty shell which supplants rather than conveys the reality.

The effects of the priest, when he is to starve the personality, to leave it a prey to self-complacency, sensuality and the lower nature in general. We are witnessing today much complacent perfunctory professionalism. It is easy to lose the hold on reality, the spiritual, the prophet is more rare than the priest.

Churches have claimed to be in line with apostolic succession, that have never claimed a prophetic succession. The symbol is always easy; we can recite prayers and go to church and contribute money; but kindness, hope, humility, sympathy, courage, have no strings attached. The priest insures the continuance of the symbol; he does not insure the continuance of the life. He gets them into "the desire" but he leaves them into "the desire" is the observation of an ancient prophet.

Today we are suffering from a similar leanness. A formalized religion is the congenial dwelling-place of depravity; of depraved thoughts of men and depraved conceptions of God. Today, much of our Christianity is like the wrangling of the Monks of Constantinople over the nature of the Trinity when the Turks were forcing the gates. One sermon end in summary of the Gospels, that you should get your hair matted up with the request.

The supreme need is that we be revitalized with the message of the prophets. The social teaching of the world are precisely adapted to the needs of today. Instead of saying, "Lord, Lord," let us do the things which He commands.

During the evening the artistic programme rendered in Beethoven Hall between the promsades consisted of piano solo, Miss Marion Dunn; vocal solo, Miss Helen Goodell; reading, Miss Hilda Story; violin, cello and piano, Misses King, Ayre, Lusby; quartette, Misses L. Wilson, Clarke, Messers. Smith and Ayer.

Ice cream and cake were served in the dining hall before the gathering dispersed.

The remains of Joseph Weatherby, formerly of Sackville, who passed away at his home in Boston were brought here for interment last week accompanied by his wife. He was 60 years of age and removed to the States a year or two ago. The funeral was held from the residence of Chas. Wry, Rev. H. Cann conducting the services.

Mrs. Thomas McGee of Port Elgin left last week for California where she will spend the winter.

Alfred Sherrard of the penitentiary, who was obliged to resign his position on account of ill health, was presented last week with a purse of \$50 by his former associates and other friends.

The school room of the Methodist church was well filled on Tuesday evening to listen to a lecture by Dr. Borden, on "The Passion Play," as he witnessed it this summer at Oberamunigen. Many other interesting stories of his European tour were also related to with pleasure. Miss Helen Goodell gave a pleasing solo and Mr. Spicer rendered most acceptably the hymn, "There is a Green Hill Far Away." Rev. Dr. Rogers presided.

The lecture was under the auspices of Ready Helpers Mission Circle, and from a small admission fee and the sale of home made candy at the close of the evening, \$200 was realized.

A marriage of interest was solemnized at the Methodist parsonage, Fitchburg, Mass., on Nov. 19th, the principal bride being Miss May Wood, daughter of Mrs. W. D. Wilbur, Dorchester, and L. W. Aldrich, of Fitchburg.

Walter Klepp received the news of the death of his brother Alexander Klepp, which occurred at his home in Weymouth, N. S., at the age of 65 years. An aged mother and a widow survive. Mrs. Klepp being formerly Miss Sarah McVernick, of P. E. Island.

At the November meeting of the county court in Dorchester for the first time in 29 years, the court was free from criminal cases and nothing but civil business was brought up.

The Gold Coin Paint Company, Ltd., of Dorchester, held a business meeting last week and elected the following officers: Pres., Hiram W. Palmer; vicepres., W. Frank Tall; secretary, A. C. Morten, all of Dorchester. Directors, J. W. P. Ritchie, Halifax; Dr. E. Kennedy, New Glasgow; C. Lionel Hinington and W. E. Ferris, Dorchester.

A. B. Copp, M. P., is on a bus trip next to Boston and other American cities.

Plans for the new Methodist college at Rosina, Sack, have been received by Dr. Andrews, the newly appointed president of this educational institution. The buildings are to be constructed of a red colored brick of varying shades with trimmings of white stone and will be rear an artificial lake on the opposite side of which stand the handsome legislative buildings.

Robert Scribner, telegraph operator at the I. C. K. station, Amherst, has received the appointment of station agent at Painesburg Junction.

Sackville has been visited by the worst storm of the season, doing great damage to telephone and electric wires as well as fences and trees.

IN THE COURTS

The civil case of the St. John River S. S. Co. vs. the Star Line S. S. Co. was continued before Judge Barry and a jury in the Circuit Court Saturday morning. Hedley V. Upton testified for the plaintiff, after which Dr. L. A. Carney, K. C., announced that the plaintiff's case was concluded. M. G. Ted K. C. for the defendant moved for a verdict on the counts relating to the alleged breach of agreement, claiming that the search had not been proved. D. Mullin, K. C., for the plaintiff argued counter. His Honor said that he would not withdraw the case from the jury at half past twelve. The court arose until tomorrow morning at ten o'clock.

School Teachers Interested. About thirty-five school teachers and principals, both ladies and gentlemen, and the superintendent, Dr. H. S. Bridges, Trustee Nase, Trust Officer McMillan, and several pupils, were present in the police court Saturday morning to witness the case of common assault in which Principal W. A. Nelson, of Winter street school, is complainant, and Mrs. J. G. Myers, of Cranston avenue, mother of one of the pupils defendant. The case was not heard as Mrs. Myers was too ill. Her attorney, J. S. Barry, offered a physician's certificate to this effect. Mr. Nelson opposed the application, but it was granted.

William Dator was fined \$3 for violation of the regulations for drunkenness at the I. C. R. station. Ready Furlong, who pleaded guilty to profanity and obscenity, was not sentenced this morning.

PROBATE COURT. Estate of Margaret Ann Hansard, of St. John, widow, who died at Beckenham, Kent, England. Petition for probate of the last will and codicil is presented by Ethel Maud Hansard, in England, and Thelma Elizabeth Prissick, of Montreal, bank clerk. Last will and codicil proved whereby deceased gives to her nephew the said Thomas Hazen Prissick, to Gertrude and Joan, daughters of the late George C. Coster, and to Daisy, Elsie and Faith, daughters of deceased's niece Della Elizabeth Tatham, \$250 each, and her real estate and the rest of her personal property to her said daughter, Ethel Maud Hansard, and her daughter Margaret, wife of Captain Alderson, of His Majesty's army; the remaining one-fourth to be held by the said trustees for the benefit of her son, John St. Ledger Hansard, now of Sydney, England, and his children, and on his death to convey the same to such children. As the petitioner lives outside of the province, a commission is issued to administer the oath of office, reserving to Hugh Hazen Hansard, who is also nominated as executor, the right to apply for Real estate, situated in St. John, \$24,000. Personal estate under \$3,000. In St. John, and \$5,000 elsewhere. Total estate, \$48,400. H. H. Brittain, proctor.

Deborah Thompson Estate. Estate of Deborah Thompson, of the West Side, widow, deceased died intestate, leaving a brother, William Purdy, of Lakeside, Kings county, farmer, and three sisters, Julia Miles of Providence, Rhode Island; Elizabeth Cookson, of Tooleton, in the Parish of Kars, widow, and Amy Welsh, wife of Wellington W. Welsh, of Jerusalem, Queens county, farmer, and the sons of a brother named David, who predeceased her, and the son of another brother Samuel, who also predeceased her. OBITUARY.

James Taylor. James Taylor, a well known and highly respected resident of the North End, passed away Saturday morning at the residence of his son, 29 Victoria street, in the eighty-fourth year of his age. Mr. Taylor was born in Aberdeen, Scotland, and came to the city about forty years ago and ever since he has resided in the North End. He is survived by one son, James, and seven grand-children. The funeral will take place this afternoon from his son's residence.

Miss Ethelinde Mabee. The sad announcement that Ethelinde Mabee had passed away at an early hour Saturday morning was heard with deep regret by many friends throughout the city. She was highly esteemed, respected and loved by all with whom she came in contact and her early death cast a gloom over many. Besides her mother, she leaves four sisters—Mrs. Fred Young of Waterville, Me.; Mrs. Ernest Handren, of this city; and Annie and Flor, also at home, also one brother, Sims, and a half sister and brother, Mrs. Lois Lasky and Wm. J. Mabee, of St. John.

Mrs. Charles Odell. Frederick Dec. 3.—The death of Mrs. Charles Odell took place this morning with tragic suddenness at the home of Miss Sarah Allen, University avenue. Mrs. Odell was 60 years old and was formerly Miss Kincaid, a daughter of the late Chief Justice Kincaid, of Nova Scotia. Her husband the late Charles Odell, who died some years ago, was formerly a civil engineer and a brother of the late Hon. Wm. M. Odell, while his father, the late Wm. Odell was formerly Provincial Secretary of New Brunswick. One daughter, Mrs. Donald, of Montreal, and two daughters, in South America, survive.

James C. Strong. Apohaqui N. B., Dec. 2.—James C. Strong of this place died last evening after an illness of about one month's duration. The late Mr. Strong was 59 years of age, and a son of the late Robert Strong of Johnson, Queens Co., the wife who survives him, was Ella Secord, daughter of the late John McCord, of Long Creek, Queens Co. He also leaves four sons, Robert, Hazen, Isaac and Charles, and three daughters, Mrs. Harry Thompson, St. John, and Mabel and Ethel at home; and one brother, Charles Strong, chief passenger clerk for the C. P. R., St. John. The deceased was at one time a very extensive farmer on the Millstream, but owing to ill health was forced to retire about two years ago, and moved to Apohaqui. The funeral will be held on Sunday the 4th inst. from his late residence, interment at the Lester Cemetery.

St. John, N. B., Dec. 2.—Contrary to judge and in the present instance the fall of prices upon receipt of reduction in the price of money has made it a hard market to size up.

After a fair recovery in the first hour of trading, which, however, seemed to be wholly the result of conservative short covering, today's stock market first relapsed into dullness in view of the increased consumption of raw material.

CLOSING COTTON LETTER.

New York, Dec. 3.—In spite of considerable realising during the opening hour prices in today's cotton market tended strongly toward recovery.

Divide Your Investments

It is a good plan to distribute money among different types of investments, rather than to place it all in one class of security.

Our list comprises a large number of issues carefully selected with due regard to the requirements of investors in the Maritime Provinces. It is an offering which will give you an excellent opportunity for favorable investment.

We will be glad to enter into a discussion of the whole subject of your investments with you, as we believe that you will recognize at once the value of our suggestions.

At present we are offering to yield 6 per cent. a number of high grade bonds whose merits we have closely investigated.

**Interesting Experiment to Show Shot Does Not String**

Appropos of the controversy as to whether the charge from a shotgun "strings" when fired at a moving object, conclusive proof to the contrary is offered here. An automobile fitted with a shotproof target was driven at various speeds from 20 to 60 miles an hour past a gunner, at ranges varying from 30 to 40 yards. No matter what the speed of the car, the shot, fired from an ordinary double-barreled shotgun, bunched within the circle. Sportsmen who hope to "get" their quarry because a gun "scatters" will do well to study this illustration. It may cause them to pay more attention to their shooting and place less dependence upon that volatile element known as "luck."

**POMERANIANS ARE POPULAR**

It's a dog, all right, although it looks more like a small bundle of fuz. When you get right down to brass tacks the pup is entered as Gataere Quicksilver, which, considering its size, is a pretty severe handicap for so small a dog. Gataere Quicksilver is owned by an English woman. He is a Pomeranian, which just now is enjoying the favor of society, while terriers, collies and other real doggy dogs have been forced into the background.

The Pomeranian Club of America will celebrate its 15th birthday with a dog show on Jan. 10, in the palm room of the Waldorf-Astoria, at New York. The club is one of the most influential in dogdom and includes in its membership Mrs. Frederick W. Vanderbilt, Mrs. Theodore Voorhes, Mrs. W. Goddard Loew, Mrs. J. J. Venable, Mrs. Charles Steele, Mrs. Charles M. Chapin, Mrs. Eugene Parsons, Mrs. A. R. Cronkling, Miss Elise W. Ladew, Miss Marion Kenedy, Miss Anna Sands, Mrs. W. C. Weldersheim, Mrs. P. Williamson Roberts, Mrs. J. F. D. Lanier, and Mrs. Tyler Morse. Judge Mrs. Dyer is a well known expert on the other side, and among other Pomeranians bred Afon Gem and Mrs. W. C. Weldersheim, who will enter the latter for exhibition in Mrs. Eugene Parsons, Mrs. A. R.

**BUSCH FELL ONCE; QUILTS**

Stage of Cecil Theatre Very Unsuitable for Wrestling and Men Were in Danger—McDonald Won in 28 Min.

The Cecil Theatre was crowded on Saturday night, when a wrestling bout was pulled out. Dan McDonald, of Cape Breton, was the star of the evening, and Carl Bush of Boston was his opponent. The two wrestlers are large men and they gave an excellent exhibition. The stage was not in good condition for the match and the wrestlers had their backs somewhat scratched when they went against the brick walls. After wrestling 28 minutes, McDonald managed to win the first fall.

Bush then stated that he would not wrestle any more that night and that if it had not been that he did not wish to disappoint the audience he would not have wrestled at all.

It is expected that better arrangements will be made and that there will be another match on Saturday night next.

"Cyclone" Carl Bush and his manager, Danny Smith, called at The Standard office last evening to say that he was handicapped in the match by the small stage and that, as he did not have room to work on such a small stage, he refused to continue. Mr. Smith said he was willing to match Bush against McDonald, Farrell, or any other wrestler, the only provision being that a suitable place for the match should be found. Mr. Smith and Bush will leave for Boston to-night.

**CLUBS FASTER IN AMERICAN**

All Teams Work to Increase Their Speed in 1911—Young Blood in All Except Detroit and Washington.

Six American league teams have more youngsters than veterans, and are sure to play better ball next season. They are the Naps, Athletics, Boston, New York, Chicago and St. Louis.

Detroit and Washington they depend on veterans. They may do a little better than this year, and they may go back.

Young blood has shown its value so often, not only this year, but every season since the American league was rightly started, that it can be absolutely counted on. And the same is true of the national league. The Cubs were the youngest team in the old league when they won their first pennant in 1906.

**Naps Have Youngsters.**

The Naps will be a young team, with Graney, Jackson and Easterly in the outfield, a half dozen kid pitchers, three young catchers, a youngster at short and possibly another at first base.

**Connie Real "P. L."**

All things considered, Connie Mack is the real Peerless Leader. He has worked the playing end and box office better than any other manager since the advent of the two major leagues. He has made the Athletics pay while the Phillies have lost money. This, too, in spite of four straight world championships going to the National League.

Mack has worked every point to the limit. First he gave Philadelphia fans the most picturesque team of modern baseball, with Rube Waddell, Ossie Schreck, Rube Vickers and the Crosses. Waddell and Schreck were a wonderful drawing card for years, but they finally began to wane. Connie gauged sentiment rightly and changed tactics. He released his stinger heroes and went in for team work. And he won again. His club has been a moneymaker every year but one—1908—when reconstruction of the team was started.

Mugger McGraw said Mack had a white elephant in Philadelphia when he jumped the Baltimore American league club to manage the Giants. Philadelphia did look like a poor team for two teams, and it is. The Phillies have had 12 years while the Athletics have had 40 ones. This year the Athletics have made \$200,000, while the Phillies are \$50,000 losers.

**C.P.R. GOES DOWN BEFORE I.C.R. TEAM**

Two railway teams were rivals in the Commercial league on Black's alleys Saturday evening with the result that the I.C.R. took three points from the C.P.R., winning the aggregate by 61 pins. The teams were:

C. P. R.	396	420	434	1250
I. C. R.	406	390	393	1189

The monthly roll off takes place to-night.

Armstrong	76	70	73	219-73
Griffith	87	67	71	225-75
Johnston	80	89	84	253-84 1/3

McKean	85	79	86	245-81 2/3

**INDEPENDENTS TO PLAY SENIORS THIS SEASON**

Good news for basketballists will be the announcement that a meeting has been called in the Y.M.C.A. Wednesday night at 8 o'clock for the purpose of organizing a senior league. It is expected that the teams which put up such good exhibitions of the great indoor game as Independent league players last year will join in the movement for a senior organization. These teams include the champion Edmunds, the Fortlands, Algonquins, Y.M.C.A. and St. Andrews. Representatives of these teams will attend Wednesday night's meeting. If other clubs desire to enter a team they are also at liberty to send a delegate to the gathering.

**MATTY HAS 263 VICTORIES TO HIS CREDIT**

New York, Dec. 5.—Should Christy Mathewson serve out his new contract with the Giants he will have the enviable record of having pitched 14 years with the same major league team.

Mathewson's record in the 11 years he has drawn salary from John T. Brush, is 263 victories and 118 defeats, a percentage of 690. As his percentage last season was 745, it may be seen that Big Six is not going back to any extent.

Matty's ambition is to stay in the big league until he has pitched 500 victories.

**NINE STARS COMING BACK TO PRINCETON**

Princeton, N. J., Dec. 5.—Princeton will be in better shape for Yale next season. Nine Tiger veterans will be on next year's eleven.

Of the players who were in the Yale game only Sparks and MacGregor graduate in June. Five of this year's team played against Yale in 1909.

**Tennis Champion At Full Speed**

This is the Australian tennis crack who journeyed all the way to England to win the title of champion. He not only won it, but with his partner captured the Davis trophy and lugged it back home, where it has remained for two years safe from the attacks of English and American players.

**JOHNSON AND HACK MAY GO ON WORLD TOUR**

Montreal, Dec. 3.—It is now a known fact that if satisfactory terms can be arranged for the gigantic undertaking that Jack Johnson, world's fighting champion and George Hackenschmidt, one of the greatest wrestlers the world ever produced, will double up within six months and start on a comprehensive tour of the world that will take in every civilized country on the globe.

**TWO WILLING FOR MATCH WITH STANLEY**

Chicago, Dec. 5.—If Digger Stanley, the British battian who is to bring Lord Lonsdale's championship belt to this country in his search for a contender, wants any of Johnny Conlon's name, let's say. And the same holds good for Frankie Conley, the Kenosha slugger who the other night held Abe Attell to an even break.

Conlon today declared his terms for a fight for his title. Stanley, he says, must make 115 pounds ringside. Conley can have the match at 116, in order that he may make good a recent boast to knock Conlon out in 20 rounds. And Johnny will bet a little on the side as well.

New Orleans promoters are angling for the Conlon-Stanley attraction.

LIE GIVEN PROMINENCE IN DREDGERS' ORGANS NAILED

Hon. J. K. Flemming Promptly Refutes Canard Started at Young Liberals Meeting—No Roads Built in Blue Bell Tract for Him—Mr. Maxwell Never Told Mr. Hilyard.

In their zeal to vilify everything connected with the Hazen government and their administration, the newspapers in this city, which are commonly known as the dredgers' organs, gave much space to the wild and reckless statements of the speakers and others at the smoker held the other evening by the Young Liberals.

was done in 1909 and 1910. No expenditure on the Blue Bell tract has been made directly or indirectly to assist me or any other lumbermen, but solely to assist the settlers on the tract.

As Mr. Maxwell was in the city and could have easily been got at, it would not have been difficult for the Telegraph to have verified the statement.

Oncompromising Denial from St. John Members of the Government—Never Mentioned Blue Bell Tract to Mr. Hilyard.

Dear Sir:—In reading Mr. Robinson's address to the Young Liberals in Saturday's Telegraph I was much surprised to read the following statement by Mr. Hilyard:

Mr. Fleming's Answer. In a letter printed below Hon. Mr. Maxwell effectively repudiates the statement of Mr. Hilyard in so far as the use of his name is concerned.

Mr. Hilyard stated that he had heard Hon. Mr. Maxwell as his authority that such a grant had been made.

Barton, of Moncton, Capt. H. H. Smith gave the Basuto war dance and Capt. A. E. McKee presided at the piano. H. Stanbury sang and Theodore Bird gave a reading. A number of speeches were made by the officers and the gathering broke up about midnight.

"I never in my life cut a log or had one cut by anyone in my employ on the Blue Bell tract. In the winter of 1908 and 1909 I bought a few logs which were cut on the Blue Bell tract, but the last 18 months I have neither operated there nor bought a log cut there by any one. The grant of \$1000 referred to by Thomas Hilyard, was expended in building a road to open land surveyed in 1907 by Surveyor Hansa of Fredericton. He surveyed 5000 acres divided into 50 lots under the old government. Most of this land has since been applied for, and in order that the settlers may get in and out, the present government has made an expenditure in road building. This

is a letter printed below Hon. Mr. Maxwell effectively repudiates the statement of Mr. Hilyard in so far as the use of his name is concerned. The Standard called Hon. J. K. Flemming at his home in Fredericton yesterday and resolved from him the following statement:

RED HEAD ROAD NEEDS MUNICIPAL ASSISTANCE

7 FINES IMPOSED BY COMMISSIONER FARRIS

Heavy Hauling to Ciry Cause of Crouchville Road Being in Bad Shape—300 Tons Per Day Over It.

Five Days Convicted of Selling Liquor at Plaster Rock—One Only 13 Years of Age—Total \$400.

An attempt has been made to create capital against the government of the province is the result of a meeting held at Crouchville on Friday evening last when complaint was made as to the condition of the Red Head road. The Standard's informant interviewed a resident of the section who was present at the meeting, and while he says that the road is not in good shape, he declares there is every excuse for it.

L. P. Farris, chief commissioner of police on the G. T. P., in this province, returned to the city on Saturday from Plaster Rock, where he had court for the hearing of cases of violation of the liquor law. As a result he had five days before him, but as Mr. Farris humorously remarked, none of them were working days.

The Standard's informant voices the opinion that roads such as that to Red Head should be taken out of the class of country roads, and some extra provision made for them by the municipal council. The traffic on the Red Head road, as well as other roads leading to the city is due largely to the business being done with the city.

Woman Disappears. Considerable anxiety is felt as to the whereabouts of Mrs. Thomas Brady, of the Marsh Road, on Saturday evening she accompanied her husband to the country market and returned home with him about 8 o'clock. Mr. Brady was called away from the house again and when he returned later on, his wife was not there. He looked everywhere for her yesterday but was unable to learn where she had gone.
