

## VISCOOUNT HALDANE BELIEVES UNIVERSAL PEACE IS FAR OFF

British Lord High Chancellor Reaches New York on His Way to Montreal.

A SUFFRAGIST, BUT HE SCORES THE MILITANTS.

Says Relations Between Great Britain and Germany Are Cordial But That 'Tis 'Useless to Look for Permanent Cessation of War in Near Future.'

New York, Aug. 29.—Viscount Haldane, the first Lord High Chancellor of Great Britain to leave his country since Cardinal Wolsey went to France four hundred years ago, arrived here today on the steamship Lusitania for a flying visit of five days in this country and in Canada.

The Lord High Chancellor, whose position in England corresponds to that of Chief Justice of the Supreme Court of the United States, is here as a guest of the American Bar Association, before which he will deliver an address at the annual meeting of the association in Montreal next Monday. Tonight he was entertained at a dinner given in behalf of the association by C. A. Severance, of St. Paul. His itinerary includes visits to West Point and Albany.

Previously warned that he might expect to be interviewed by American newspaper men on his arrival in New York, the Chancellor smilingly greeted a delegation of them who boarded the Lusitania at quarantine and submitted to another interview when he reached the hotel where he is making his headquarters in this city.

Lord Haldane freely discussed many questions of the day, declaring that he was in favor of woman suffrage, prophesied that a millennium of peace was far off, said that the relations between Germany and England were never more cordial, praised the intellectual growth of the United States and predicted that Home Rule for Ireland would soon be an accomplished fact. With a merry twinkle in his eyes the Lord High Chancellor joked and quipped with his interviewers between serious remarks, and conceded that the American custom of interviewing distinguished visitors was "delightfully progressive."

Not Sanguine Over World Peace. "It would be a very sanguine person," he said, when asked his opinion of the influence of the peace pact at the Hague, "who can see the dawn of international peace. "It is useless to look ahead toward the permanent cessation of war in the near future. We can only do our best and trust to the progress of opinion. The coming of the millennium of peace must be an evolution like everything else, but some day we must come to the realization of the fact that we can settle our differences in a better way than by quarrelling with each other."

Lord Haldane chuckled when the question of woman suffrage was brought up. "Yes, I am a suffragist," he said, "but I do not approve of the militant suffragists. You are fortunate to have no militant suffragists in this country, and I sincerely hope the militant idea will not gain a foothold here. The methods of the English suffragists have delayed equal suffrage for years. At present there is no chance of woman suffrage becoming a government measure as the Americans so helplessly divided on the subject, and so are both parties. If a government were to be Continued on page two.

BULGARIANS FEAR TURKS WILL WADE INTO GALLI POLI. Cabinet Decides to Enter Direct Negotiations as Country is in No Condition for War at Present.

Sofia, Bulgaria, Aug. 29.—After an eight hours' continued sitting of the cabinet today, it was resolved that Bulgaria should enter into direct negotiations with Turkey, as it was believed no other course could avert an invasion of Bulgaria by the Ottoman forces. It was felt that war must be avoided at all costs, since the country is not in a condition to fight.

FIRE IN MONTREAL. Word from Montreal early this morning stated that what it was feared would prove a big fire, was raging on Little St. Antoine street, opposite the building occupied by the Montreal Gazette.

## LORD STRATHCONA REACHES NEW YORK

Canadian High Commissioner in England on Way to Attend Banquet of American Bar Association in Montreal.

New York, Aug. 29.—Lord Strathcona, Canadian High Commissioner in England, arrived here from England today, accompanied by Lady Strathcona. He is on his way to Montreal, where he will attend the annual meeting and banquet of the American Bar Association at the invitation of the association. With Lord and Lady Strathcona was Dr. William Peterson, vice chancellor of McGill University, Montreal.

While declining to make a prophecy regarding the outcome of the English woman's fight for the ballot, Lord Strathcona said he was opposed to militant methods.

MONTREAL BUILDINGS COLLAPSE. No One Injured When Peel Street Structures Fell—Clustering Near Buildings the Cause of Accident.

Montreal, Aug. 29.—With a crashing sound, the three-story vacant building at 122 Peel street, and the adjoining two-story office building, No. 124, tottered on their foundations at 7:45 o'clock tonight, and fell to the earth. No one was in the vicinity at the time, so far as known, and it is practically certain there were no casualties.

Both buildings are a mass of ruins. The cause of the collapse is attributed to blasting operations in connection with the construction of the Drummond building, next door. The loss is estimated at \$25,000.

CHICAGO WOMEN WERE ARRESTED FOR TANGO DANCING IN STREET. Ejected from Cafe they Continue Animal Dance on Sidewalk Until Police Interfered—Seek Trial.

Chicago, August 29.—Tango dancing caused the arrest of two women on the charge of disorderly conduct at a downtown cafe early today. They were Mrs. E. F. Wirth, of this city, and her guest, Mrs. Lucille Lowery, of Chattanooga, Tenn.

When arrested today before Municipal Judge Mahoney they demanded a jury trial, declaring that they had been arrested without cause as they were leaving the cafe. Police men said the women were dancing on the sidewalk after they had been requested to leave the cafe because of their alleged persistence in performing the tango.

FIRE IN MONTREAL. Word from Montreal early this morning stated that what it was feared would prove a big fire, was raging on Little St. Antoine street, opposite the building occupied by the Montreal Gazette.

## JUDGE LANDRY NOW VERY MUCH BETTER

Moncton, N. B., Aug. 29.—There has been a marked improvement in the condition of Judge Landry since Sunday last, when a change for the better was noticed. Today the Judge was considerably better and the attending physicians hold out good hopes for his recovery. This will be welcome news to the many friends of Judge Landry throughout the province.

## ESCAPING GUN FUGITIVE ARRESTED NEAR OTTAWA

Charged With Shooting Man at Carlsbad Springs.

GOOD POLICE WORK ENDED IN CAPTURE.

Accompanied by Accomplices Italian Was Bound for Capital When Caught by Detectives—Victim Recovering.

Ottawa, Aug. 29.—On information from the police of Cedar Rapids, Des Moines, LaSalle, an Italian, and two companions were apprehended by Ottawa detectives this morning at Carlsbad Springs, and placed under arrest. The fugitive was charged with the shooting yesterday of George Denis.

The party took place at Cedar Rapids yesterday afternoon when LaSalle is alleged to have shot and severely wounded Denis. He afterwards made his escape on a horse which he is said to have stolen from a neighbor. Apparently he got to Vauvreuil where he boarded the Ottawa-Montreal train bound for Ottawa this morning, accompanied by the two supposed accomplices, Antonio Falkkred, and Antonio Petrus.

The police at Cedar Rapids got word that the man who is charged with the crime was making his escape over the Montreal-Ottawa train to Ottawa, and immediately wired to Ottawa for information. He wired back that the men were on his train, whereupon the police of Ottawa were notified by long-distance phone to take them into custody when they got to Ottawa.

Three detectives went out by automobile and met the train at Carlsbad Springs, 12 miles from Ottawa, where the fugitives were placed under arrest. Two revolvers were found on the man, and he admitted that they knew about the shooting, but refused to say who fired at Denis.

## KILLS FATHER DURING FIGHT

William Price Dead as Result of Altercation With Son—Was Struck Heavy Blow on the Neck.

Rushville, Ind., August 29.—William Price, 60 years old, former sheriff of Rush county, and marshal of this city, is dead as a result of an altercation with his son, who lives at Fort Wayne, and who has been visiting his father for a week. They met in front of his father's drug store and became involved in a quarrel.

Persons who saw them say the father was the aggressor and pushed his son off the sidewalk. The son at once retaliated, it is declared, by striking his father a blow on the neck. The father was knocked to the sidewalk with great force and the authorities are not certain whether it was the blow or the fall that caused his death.

The coroner is making an investigation and the coroner's verdict is returned. Price died about twenty minutes after he fell to the sidewalk.

## VANCOUVER'S WATER SUPERINTENDENT TO FACE MANY CHARGES

Vancouver, August 29.—Seven charges including malfeasance by means of padding the city payroll, insubordination and refusal to carry out orders of the council, were placed against the name of Water Superintendent Maddison, one of the oldest officials of the city of Vancouver. The defence before the special committee of investigation issued an absolute denial to all the charges.

## MAKE DIRECT APPEAL TO CANADA FOR THAW

Attorney General Carmody of New York State Petitions Canadian Government for Return of Thaw to Matteawan—Judge Hutchinson May Grant Writ of Habeas Corpus in Interests of New York Authorities.

Ottawa, August 29.—Attorney General Carmody, of New York, has petitioned the Canadian government for the return of Harry K. Thaw to the authorities at Matteawan. Mr. Carmody cites the deportation of a dozen or more insane persons from Canada under the immigration act, as to which no question had been raised. These, he considers, should be taken as a precedent in the return of Thaw to the New York state authorities.

Sherbrooke, Aug. 29.—New York State made no stop forward today in its fight to return Harry K. Thaw to the Matteawan Asylum for the criminal insane. He remains in the Sherbrooke jail on a commitment which will not bring him into court until the King's bench convenes in October, and William Travers Jerome, conferring with Canadian counsel, has as yet been unable to secure the throwing of the bolt that detains him.

Roger Thompson, erstwhile Times Square chauffeur, lounged about the hotel corridors this afternoon, hunched near Jerome, wrote letters to friends, walked the streets unmolested and kept quiet as regards the Thaw case. He refused to tell what transpired on his ball today on the double charge of having entered Canada "by stealth" and of having aided an undesirable, to cross the Dominion border. He will be tried on these charges, barring further postponements, on Wednesday next.

Furnished with counsel by the Thaw family and provided with spending money, presumably from the same source, Thompson sat and repeated, "I refused to tell what transpired on and after the Sunday morning on which he drove Thaw away from the slayer had, whistled, past Howard Barnum, the aged gatekeeper.

Would Not Talk. "I would not squeal if you gave me the whole town of Sherbrooke," said Roger. "I believe Thaw is sane, and I wouldn't say one word to hurt his case. I want to see him get away. I won't jump my ball. I can't go back to New York, because they have a warrant out charging me with conspiracy. That worries me a whole lot. My old mother is worried about me too. But I wrote her today, telling her not to be worrying. I am a British subject, and I hope to beat this case; just now it would be crazy of me to give the details of the trip with Thaw."

After driving him away from Matteawan I came with him into Canada because a lawyer told me they couldn't touch me here. I was the one who hired W. L. Shurtleff to Coastlook to look out for Thaw! Then

## VETERAN SHOT SOLDIERS AT NAINALMO NOW DISSATISFIED

Captain Thomas Mitchell of Toronto Won City of Ottawa Match and Grand Aggregate in Dominion Meet.

Rockfield Rifle Range, Ottawa, Aug. 29.—Capt. Thomas Mitchell, of Toronto, carried off the honors at the D.C.R.A. today, when he annexed first prizes in both the City of Ottawa and the grand aggregate. The veteran shot had a point lead when he came to the last range, the nine hundred yards distance in the City of Ottawa, which is included in the grand aggregate. In this range he made his lead sure by putting in a possible in a high wind, while the other high ones dropped.

It was a splendid win. Capt. Mitchell for thirty years has been one of the best shots in Canada. He is a vegetarian and firmly believes that the fact that he eats no meat gives him the steady eye and nerve necessary to high shooting.

The London Merchants match was between teams from each province and was carried off by Ontario. Tomorrow morning the final competition for the all-important match of the meet, the Governor General's, will take place.

A notable feature of the meet is the fine shooting of Private Hawking, this year's King's prize winner. He is well up in the aggregate and has a good chance of being one of the top ones in the Governor General's match.

## BETTER CONDITIONS FOR STREET RAILWAY MEN

Vancouver, August 29.—The street railway company has made one or two concessions regarding working hours which are more favorable to the men than the finding of the arbitration board and a rather better feeling exists today. It takes two-thirds majority to call a strike. A mass meeting was held at midnight, when the arbitration findings were further discussed. The meeting was very quiet and orderly.

## COL. SHERWOOD GETS ADDITIONAL TITLE

Special to The Standard. Ottawa, Aug. 27.—Col. A. P. Sherwood, C.M.G., has been appointed Chief Commissioner of Dominion Police. Heretofore he has been styled Commissioner. The new arrangement gives him authority over federal police wherever employed in Canada.

## WILSON'S POSITION NOT EASY

London Newspapers Make Reference to His "Gentle Obstinance."

NEW DIPLOMACY IS NOT HOPEFUL.

One Frontier Incident Will Start Trouble, Says Saturday Review—Washington Expects Favorable Ending to Negotiations for Peace.

London, Aug. 30.—In an editorial concerning the situation between the United States and Mexico, the Spectator says today: "In dealing with Mexico, President Wilson wishes to secure the effects of compulsion while announcing that he never will apply compulsion. This new method of diplomacy obviously is not a hopeful one, and whether President Wilson will be able to emerge from the present crisis with credit or safety it is impossible to say. What may be called his gentle obstinance has manoeuvred him into a position from which it is not easy either to advance or retire."

The Saturday Review says: "The President's tone of cold superiority will only outrage Mexican pride, and stimulate President Huerta and his rebels to take a hold stand as champions of Mexican dignity against American insolence to bring about the hostilities which President Wilson professes he is most anxious to avoid."

Concluding, the editorial says: "A frontier incident, and the thing is done. Before the Americans know it there will be a raid, somebody will tread on the stars and stripes and all America will be remembering the Maine again."

Washington Still Hopeful. Washington, Aug. 29.—President Wilson left Washington late today for the summer capital at Cornish, N. H., still hopeful of a favorable culmination of the negotiations undertaken by this country to bring about peace in Mexico.

Although no affirmative action on either side had been reported up to the time of the President's departure, encouraging despatches were received from Nelson O'Shaughnessy, in charge of the American Embassy at Mexico City, bearing on the general situation. These reached the President a few hours before train time, and led him to determine upon a short rest over Labor Day. Nothing in the advices from Mexico City gave the administration officials cause for particular anxiety, and it was a general opinion that a lull in the diplomatic exchanges would be beneficial to all concerned.

The President, it is known, feels that good may come from an opportunity for the position of this government, as he announced in his message of Wednesday, to "sink in."

Excitement subsiding over the exchange of proposals and replies would, it was believed, lead to further negotiations between the officials of Mexico City and John Lind, the personal representative of this government.

Mr. Lind, it was asserted tonight, had been instructed from Washington to continue to act at his own discretion as to whether he should await developments at Vera Cruz, or return to Mexico City.

## FRENCH TOWN ATTACKED BY GYPSEY BAND

Soldiers Summoned in Lunel to Help Townspeople Against Nomads—Many Killed and Wounded.

Montpellier, France, Aug. 29.—A band of 150 gypsies today attacked the inhabitants of the town of Lunel with guns and revolvers. Gendarmes engaged the gypsies and a pitched battle ensued in which one gendarme was killed and three were badly wounded. The fighting of the gypsies was so fierce that they even held out against a company of soldiers for a time. When they fled they left a large number of wounded behind them. The attack had its origin in a difference of opinion between the gypsies and the townspeople of Lunel.

OROZCO WOULD AVENGE MURDER OF HIS FATHER

Pascual Orozco, Jr., who recently was advanced to the rank of general of brigade in the Mexican army for service to the Huerta government, is said to have begged permission to return from Northern Mexico, where he has been fighting, and to go to Morelos or Guerrero to avenge the death of his father, Colonel Pascual Orozco, Sr., who is reported to have been shot by the rebel leader, Zapata, when the latter was forced by federal troops to evacuate Huastla, in the State of Guerrero.

est of fog, when the captain could not get his observations, as it enables the operator to tell from what direction the wireless messages are coming and, in the case of another steamer to determine how the vessel is bearing with respect to some fixed point, the distance and location of the other being easily determined. It is a wonderful invention and would seem to be an almost absolutely necessary adjunct to the wireless outfit now carried on most steamers. The extra wires carried on the North Land yesterday attracted much attention as she came into the harbor, causing many enquiries. The tests made on chief were given by David Sarnoff, chief inspector of the Marconi Wireless Telegraph Co., of America, the two wireless operators of the steamer, Irving Vermilya and Fleming Wall, assisting in the work.

FINANCIAL AND COMMERCIAL NEWS AND COMMENT

WEEKLY LETTER ON MONTREAL MARKET

(F. B. McCURDY & CO.) Montreal, Aug. 29.—The past week has been a satisfactory period in the stock markets. Particularly this was the case at the close of the week when, in spite of the fact that Saturday, Sunday and Monday were to be holidays in New York, London and in the Canadian markets, the general level of stocks advanced all the way from small fractions to points. This was the case not only in Montreal but in New York, where the somewhat more favorable advices on the Mexican situation appeared to have an immediate effect on the stock market. Abroad also the situation is undoubtedly more hopeful. Both Paris and Berlin have been showing indications of recovering from the post-depression and with the two markets in shape and London and New York feeling better it would be surprising if the local market failed to respond to some extent at any rate. As stated the local market was very hopeful on the last day of this week and this of itself was a most encouraging sign inasmuch as under any favorable conditions markets are more apt to decline than advance on the eve of holidays. Where unfavorable developments are at all feared, holders always sell rather than carry over and take chances. It is very encouraging indeed to note that the markets have advanced, possibly owing to the fear that the general level of prices may be higher than the return of the dividends are over. Interest and dividend disbursements are not extra large as a rule at the end of August, although they reach a considerable volume at the end of each month. These payments will, of course, run into many millions and the release of this amount of money is thought may mean the return of a considerable amount of it by way of investments in various securities. During the week the situation improved considerably with respect to the price of Spanish River and Macdonald, two stocks which have kept the whole market guessing for weeks past. At the end of the week prices of these securities were showing some stability, more than for some time before. Spanish being 21 1/2 and Macdonald being 25 1/2. The market has come to look rather more favorably upon these two of late but it is still very undecided inasmuch as no statement of any kind has appeared which would go to explain the break. The whole group of cotton stocks is showing much firmness and Pexlito was selling at the end of the week at 85, while Canadian Cottons was 77 for the preferred and 38 for the common and Montreal Cotton was 103 for the preferred. It is thought that the Cotton Companies will show another good year in the year which they have now entered. Power stocks have been firm also. Montreal Power closed the week by gaining up from around 200 to 211 1/4 and Ottawa was also strong. The sale of Rights still continues active in the case of Montreal Power and the feeling here is that purchasers will make a lot of money out of them a little later on when the present power developments begin to show results and the financial situation has readjusted itself. The money situation seems to be improving, gradually in the local market but there is no change in rates and no one is offering any considerable quantity. At the same time brokers report greater ease in obtaining what they require. Banks are still charging 6 1/2 per cent and brokers 7 per cent.

WEEKLY STOCK LETTER FROM RANDOLPH

(F. B. McCURDY & CO.) New York, Aug. 29.—The volume of the business on the New York Stock Exchange has been restricted during past week by the continued uncertainty in connection with the Mexican situation and the approaching holidays, but prices except in one or two instances where special causes were operative, have maintained a generally good tone throughout. In fact the underlying strength which the market has exhibited of late in view of the advance during the past two months, the disturbing nature of the Mexican advices and the damage to the corn and cotton crops resulting from the prolonged drought has been one of its most impressive features. Except in the case of the New Haven and Big Four issues, there has been no actual pressure of long stock. In the former, the disheartening influence upon holders caused by the passage of a dividend reduction to a four per cent basis, has precipitated a liquidating movement which has carried that stock down to a new low level, the extreme decline for the week being about 7 points. Big Four issues declined sharply in consequence upon the announcement of the passing of the dividend on the preferred. This action, however, was the direct result of the heavy losses caused by the Ohio foods last spring, but in view of the past history of the property, which shows this to be the first dividend change since 1891, it is believed that it is only a question of a comparatively short time when the road will have recovered these losses and again be in a position to resume dividend payments. The most important event of the week was the publication of President Wilson's message regarding the Mexican situation on Wednesday. Although the message was written in perfectly pacific terms, the president's advice to all Americans to leave Mexico was taken to indicate a very serious state of affairs in that country, and the market in consequence developed a rather heavy tone, but on Thursday a sharp rally was given to prices by the announcement that President Huerta had practically yielded to the proposals of our government, coupled with a statement that Mr. Lind had been ordered back to the City of Mexico. Forward movement was aided by the evidence that a large portion of the \$88,000,000 Southern Pacific stock had been sold to investors leaving a very small amount for the syndicate. Substantial gains were made in all the active issues and the trading broadened materially. The decline in corn and reports indicating that the damage to the crop had been exaggerated contributed to the better feeling. Sentiment abroad continues to improve, reflecting the steady betterment in financial conditions there. The statement of the Bank of England again made a very strong showing. Its percentage of reserve to liabilities is now 99.46 as against 58.82 a week ago, and its bullion holdings gained \$2,827,769 for the week. The Bank of France also reported a gain of \$5,370,000 in gold holdings. Discount rates at both these institutions remain unchanged. Copper Metal is strong both here and abroad, the prevailing price for Electrolytic being 16 cents while a few dealers quote 15 1/2. It is now believed that the Producers' Association statement will show a decrease of stocks on hand of 10,000,000 pounds. As a consequence, all the copper issues were strong and active. Weekly traders were of an optimistic tenor, and suggested that orders are being placed irrespective of pending tariff changes, imparting an improved tone to the industrial list. Total sales, today, \$24,000; bonds, \$1,323,500.

DOW JONES CO'S SUMMARY OF NEWS

(J. C. MACKINTOSH & CO.) New York August 29.—Democratic caucus adopted administration currency bill by vote of 160 to 9. Measure in form ratified by caucus will come before House next week with debate starting Sept. 8th. Revolt of radicals over defeat of La Follette amendment to income tax measure may force income tax caucus. Chicago Telephone Company paid city as share of gross receipts \$199,652, or \$22,000 more than a year ago. Talk of government armour plate plant revived by rejection of steel companies' bids on armour plate. Directors of Missouri Pacific, Texas Pacific and International and Great Northern appropriate \$11,000,000 for establishment of new trade routes between terminals of their railways and South American ports. Louisiana legislature called in special session Sept. 8th, to authorize the constitution convention to take steps to honor \$11,000,000 bonds long repudiated. Mexican situation marking time, with Bryan on lecture tour and Wilson on way to summer capitol. Special correspondents of Journal of Commerce report as of August 22, cotton condition of 71.4 against 81.1 last month and 75.4 a year ago. Americans in London irregular. Twelve industrials advanced .18 per cent. Twenty railroads advanced .39 per cent.

LIDLAW & CO'S CLOSING STOCK LETTER

(J. C. MACKINTOSH & CO.) New York, Aug. 29.—There was a perceptible increase in the volume of stock transactions today, or to be more exact a larger number of issues enjoyed fair activity than has been the case for some time past. In the absence of any other explanation the improvement in the Mexican situation was assigned as the reason, but as a matter of fact, Washington advices on this subject were somewhat less reassuring. The room, as a whole, was reactionary and very little enthusiasm accompanied the advance, but there was evidence of outside buying of the leading stocks from some quarter. Steel, UP and So Pac made good leaders and unbiased observers thought they saw some justification for the advance in the stocks in the improved Steel situation and evidence that people who should be well informed were buying the Hariman issues. The supposition was that the S. P. underwriting would be an unqualified success. With this assured there are a sufficient number of people who believe that stocks are intrinsically cheap to account for part of today's demand. The impaired crop outlook is still a factor of restraint, but there is a disposition to believe that the damage to corn and cotton has been exaggerated and that the purchasing power of the season's agricultural yield will be well up to the average.

NEWSPAPERS ON THE MARKET SITUATION

(F. B. McCURDY & CO.) New York, Aug. 29.—Herald—Monetary conditions contribute to the general buoyancy. Commercial—To some conservative observers the market gives signs of greater strength than at any time in five months. Times—Unlike many exceedingly quiet periods of other days, prices show no disposition to fall of their own weight. Sun—Speculative sentiment is cheerfully disposed, while the improved Mexican situation being the dominating influence.

During the week the situation improved considerably with respect to the price of Spanish River and Macdonald, two stocks which have kept the whole market guessing for weeks past. At the end of the week prices of these securities were showing some stability, more than for some time before. Spanish being 21 1/2 and Macdonald being 25 1/2. Montreal Power closed the week by gaining up from around 200 to 211 1/4 and Ottawa was also strong. CLOSING COTTON LETTER FROM JUDSON & CO.

(J. C. MACKINTOSH & CO.) New York, Aug. 29.—Crop and weather advices continued bullish this morning but there seemed to be a pretty general fear, if not a conviction on the part of many holders of contracts that the advance had discounted the probable figures of the bureau report next week and that the possible advent of rains in the belt over the week-end might result in heavy bull realizing. There was therefore a large volume of cautious selling on every fair opportunity throughout the day. The market met good support on reactions but there was no disposition to buy on rallies. The result was a net decline of 13 to 15 points with the best demand for October delivery. The market will receive its cue on Tuesday from the weather over the week-end and the government crop report.

CLOSING LETTER ON COTTON MARKET

(F. B. McCURDY & CO.) New York, Aug. 29.—The market today has fluctuated between the reactionary tendencies natural after such an advance as that of the past two weeks pending a three-day adjournment, and the bullish character of the crop news. Miss Giles made the condition of the crop 69.9 against 81.8 last month but the Journal of Commerce made it 71.4 against 81.4 last month. Generally speaking, original bull houses have been heavy sellers for the past 2 or 3 days, and were selling again today, while a scattering demand and persistent buying of October by Gwathmey brokers helped to steady the market on decline and caused moderate rally. The American markets will be closed from today until next Tuesday morning, while Liverpool will remain open for business as usual.

JURY DISAGREES

IN TRAVIS CASE

Man Accused of Robbery from Store of George J. Barrett, Allowed to go from County Court.

John Travis, indicted on the charge of breaking and entering George J. Barrett's store on Dock street, on June 14th, and stealing a few minor articles, was discharged in the County Court last evening, the jury having failed to come to an agreement in his case. The jury standing was seven for acquittal and five for conviction.

When the case was taken up yesterday morning, George J. Barrett, Ernest Marshall, Sergt. Thomas Caples and police-officers Shortliff and O'Leary were called as witnesses for the prosecution.

At 10 o'clock the crown closed its case and court adjourned until 2.30. In the afternoon D. Mullin, K.C., addressed the court for the defence and John A. Barry for the crown. Judge Jenks then charged and the jury retired at 5.30, returning shortly after 7 o'clock with the report that they could not agree.

Card of Thanks.

Mrs. Charles Bradley and family wish to express their appreciation of the many kindnesses shown them during the recent bereavement in their family.

PRESENTATION OF MEDALS TO WEST END SCHOOL GIRLS

Interesting Little Ceremony in the Albert School, Yesterday Afternoon — Miss Mary Hedges Wins Medal Given by G. S. Mayes to West End Pupil Leading in High School Entrance Exams.

An interesting programme was carried out in the assembly hall of Albert School, yesterday afternoon at three o'clock, when, in the presence of the pupils of the schools, a number of invited guests, and representatives of the school board Miss Mary Hedges, the successful winner of the medal offered by G. S. Mayes to the pupils in grade 8 in West St. John making the highest percentage in the High School entrance examinations.

At three o'clock the pupils of the school assembled in the exhibition hall. Principal McDiarmid presided and on the platform were G. S. Mayes, Superintendent Bridges and C. B. Lockhart, M. L. A. The programme which was informal, opened with the singing of "My Own Canadian Home" after which the chairman called on Mr. Mayes to present the medal.

Branswick is a province rich in possibilities, rich in its natural resources with a magnificent future, and he admonished them when their school days shall have ended and they shall have entered upon their life work to remain in their own province which is destined to play a leading role in the history of the Dominion, and to be tempted away by the attractions held out by other provinces.

The reason for presenting the medal yesterday instead of at the closing of the schools next December is that the winner of the medal whose home is in Grangeville, Idaho, is returning there in a few days. She spent the past year in West St. John. She is a daughter of Rev. J. A. Hedges, of Grangeville and D. C. Clarke, of Carleton Place is an uncle.

SHOULD HAVE HAD TWO MEN ON THE SCOW

Coroner's Jury Returns Verdict in Case of Drowning of Ernest Ross

Only two witnesses examined at concluding session of hearing, last evening—both agreed extra men would have been benefit.

LIFE SAVING APPLIANCES ON SCOW INSUFFICIENT.

The enquiry held before Coroner D. E. Berryman, into the death of Ernest Ross, who was drowned from a dredging scow in the harbor some weeks ago, was concluded in the Court House last night when the jury brought in a verdict that the young man came to his death by accidental drowning by falling from a mud scow owned by the Norton Dredging and Dredging Company.

Edward J. Dinneen gave evidence that he was the manager of the Norton Dredging Company. The company was in connection with the Norton Griffiths Company, and was an incorporated company in the Joint and Gravel Acts. Witness was on the tug the day Ross met his death. There was a little roll on at the dumping ground, but it was not very rough. The work was under witness' direction, but when scows are being loaded it is under the direction of the dredge captain, and when the dredge captain gives notice that the scows are loaded, the scow can't leave the dredge until the dredge captain orders it.

On the day in question it got too rough for the dipper dredge and the scow had to be moved. The tug took hold of the scow, and took it to sea. "We were not allowed to take a scow into the harbor with any mud in it, until it had been dug out a few days previous for taking such a scow in the harbor, so that the captain of the tug it would be better to take the scow to sea and get it fixed," said witness.

"It was not too rough to go to sea, and was safe for Ross to go alone on the scow."

Witness did not know if the life saving apparatus was on the end of the scow, as he did not look that way, but supposed the life saving apparatus was in a little house on the end of the scow. When one man was on the scow and fell overboard he could have no chance to get the life belt. If two men had been on the scow Ross would have probably been saved.

Edwards, superintendent of dredging, gave evidence that one man was sufficient to send out on a scow, unless the scow was to be closed and for one man to have a second man on the scow. The reason witness has for saying that one man on a scow was for the purpose of saving delay by having the scow return to the dredge. A second man is never sent on a scow with the idea of safety to a companion.

It was felt that it was not safe to have Ross falling overboard a second time, and that a benefit had been on the scow at the time. Contractors do not figure on the safety of a man when they send two men on a scow as it is generally to get the work done quickly and to save delay.

The coroner then charged the jury and the verdict was returned as stated.

May Sink Fifth Crib Today. Another crib for the new government wharf on the West Side has been completed and will probably be sunk today. Work is progressing favorably on a couple more cribs and these will probably be ready to put down in a short time.

The Maine and New Brunswick League for 1913 is finished—perhaps some time to come, as some heads of the league state that, as they are concerned there will be such league next season.

Just who is to blame for the blowing up of the league, when only a couple of weeks to go until the finish of the schedule is a matter for the fans to guess on. The St. Croix Club have no hesitancy in stating the reason for the abrupt ending because St. Croix disbanded last Monday, after their game versus the Marathons, when the Border team refused to continue play during fourth inning and Umpire Budd awarded the game to the St. Croix team. It was, perhaps, not on account it was raining that the St. Croix players would not resume play, they all knew their team would band after the game and consequently were not particular. Players who perform in organized baseball when they can't see any salary coming from all appearances, there is money coming to players from Border City magnates. The owners of the Marathons who had on a number of occasions, negotiated the sale of players and losted money to play the game, refused to assist financially longer. Miss Lillie Raymond, of this town, is a guest with Miss Katherine McVitty, Mrs. Stammers and daughters, of St. John, who have spent the summer here returned to St. John on Tuesday. Mr. and Mrs. Scott left on Friday to spend a few weeks at her old home in Ontario. During her absence Mr. and Mrs. Guy Humphrey are occupying her home. Mr. and Mrs. Charles Wetmore and child arrived last week and will be accompanied by Mr. Roberts Seely 'Linden Heights.' Mr. Wetmore is the new principal for the Hampton Consolidated School.

Here's a Knife-Sharpener and Towel Dryer combined in one—both are necessary in the kitchen. Not necessary to a range, but they indicate the consideration and thought that has been given to the details of the Pandora. Important features have been given proportionately great care and study. Have the Pandora's many features explained to you before you buy your range.

The accuracy of the McClary thermometer makes good baking a certainty—also adds a lot of satisfaction to the work.

Wrinkles Disappear

As if by Magic From Denver Republican. The removal of wrinkles I have tried cosmetics, wrote Corran, the celebrated Parisian expert. The results they were deceptive and never permanent. Massage is only partially successful and it's too slow a method. You can never see anything so simple as a simple, harmless solution to your skin troubles. A hint of which hazel and an ounce of powdered exaltol are all you need. Mix the two and apply refreshing solution to your face. The effect is marvelous—immediate. The skin becomes firmer, every wrinkle and sag smoothed. You feel so refreshed after the wash; you look refreshed, soon you will look ten years younger.

MARITIME LADIES' GOLF TOURNAMENT

Charlottetown, P. E. I., August 29.—The Maritime Ladies' Golf Tournament was concluded today, the weather being fine. The first consolation match was won by Mrs. Bonnyman, of Amherst, who defeated Mrs. Goodwill, of Charlottetown. The match for the Inter-provincial cup was won by Nova Scotia, who defeated the New Brunswick and Prince Edward Island combination team by 21 to 10. The annual meeting of the association was held today. A resolution was passed that the champion at the next tournament play all the matches instead of merely defending her title on the last day. This change was made on the suggestion of this year's winner, Mrs. Handsomebody.

GREEKS WIN TEN INNING GAME; PITCHERS' BATTLE THROUGHOUT

There was a fair crowd of people at the North End grounds yesterday afternoon to witness the Marathons defeat the Fredericton team in a ten inning hard-fought game with a score of three to two. It was a pitchers' battle throughout between Conley of the Greeks and Deidrich for Fredericton and although slight singles were made off each pitcher and the majority of these hits were infield ones, Conley had the better of the fight, having struck out ten men against two struck out by Deidrich. In a number of cases the errors made by the players were almost excusable. Conley, the Fredericton baseman, in the last inning threw slightly wild to Rien on first, causing that player to reach off the base to catch the ball with the result that the batter was safe and Conley, the Greeks' twirler, was enabled to bring in the winning run. The Greeks made their first two runs in the fourth inning. With two down, Jacobson hit safe to right field, Shankey hit one to Conley at third and that player failed to stop the ball, it striking against his glove and bounding away. Pinkerton hit to the first baseman and reached first before the ball could be fielded to the base in time to catch him and Jacobson scored. Then White beat out a hit to short and Shankey scored. Waterhouse struck out and retired the side. The two runs that the Fredericton scored were in the sixth inning. Morey beat out a bunt to the pitcher, and O'Brien slipping and falling when trying to field the ball, Duggan sacrificed and advanced the men a base. Then Morey and White worked the double steal while Conley was winding up, the former scoring, Conley struck out and Callihan hit safe to right field and White scored. Rien hit to short and forced Callihan at second.

The sides were retired quickly until the eighth when after two men had struck out Duggan managed to beat out a hit to short on a close decision third, Conley retired the side by flying out to centre. With two men out in the tenth inning White singled to centre and advanced to second when Shankey failed to hold a throw from the pitcher and a pass ball allowed the runner to reach third. Duggan drew a base on third, Conley drew a base on third, Conley pitched second, Conley fied out to pitcher.

Johnson and Sam Langford are matched. Boston, August 29.—Sam Langford, negro heavyweight, is to meet Jack Johnson, champion of the world, in a bout for the title in Paris, December 20. Arrangements for the match were completed by cable today, according to Joe Woodman, manager of Langford. The bout is to be of 20 rounds and will be staged in the Cirque de Paris, under the direction of Theodore Vithens. Langford is quaranted a lump sum and a percentage of the receipts for his appearance. Woodman says. The Boston heavyweight was defeated by Johnson seven years ago and has been seeking a bout with the champion since. Johnson reported the need of money and the fact that the proposed bouts with white men in Paris and London have been frowned upon are the reasons, in Woodman's opinion, that resulted in the match being made.

IMPORTANT BANKER TOOK GATLIN LIQUOR TREATMENT Cured in 3 Days

A Bank Manager of an Important Branch of one of the Leading Banks, being under the influence of the Drink Habit, would lose his position if he did not give up drink. He fortunately took the Gatlin Treatment in time, and after only 3 days at the Institute, returned to his position a cured man. In a letter he writes—"The Gatlin Treatment is certainly wonderful, and instead of being dull, I now transact all my work with a clear head, and business, instead of being a burden as before, is now a pleasure to me." This treatment for the Liquor Habit never fails to cure in 3 days, leaving an abhorrence for drink in any form. Write, call or telephone today for booklet and full particulars. WEYMOUTH DEFEATED ST. JOHN TEAM

The Weymouth, N. S. cricket club defeated the St. John eleven on the Barrack Green yesterday afternoon by a score of 138 to 77. Weymouth won the toss and put St. John to bat and some good batting was done. Tucker hitting up 25 and Fairweather 13 were the top scores. The innings closed for 77 runs. Weymouth went to bat and hit up 138 in fine style—Jones' 46 was the feature of the game. A Campbell got in 39 in good form. The following is the batting analysis of the match:

Table with 3 columns: Player Name, Score, Runs. Total Weymouth 138, St. John 77.

CRICKET TODAY.

On the Barrack Square this afternoon the St. John cricket team will play a match with the team from the Atlantic Sugar Refinery. The St. John's line-up will be: Sturdee, Muro, Ingleton, Tucker, Rev. R. A. Armstrong, Fairweather, Kingswell, Popham, Stubbs, Jones and Longworth. C. E. Macmichael will referee.

INTERESTING HORSE RACING AT HOULTON YESTERDAY

Houlton, Me., August 29.—The unfinished race was won in slow time by the bay mare, Lady Bell, driven by C. Dugan, Queen Mary being second. Ada Todd third. The matinee race went to Mr. George, with the pacer Garry A. Jenett, a good looking trotter by Colombo, bred by E. H. Greeley, of Ellsworth, won second premium. Agnes W., 2:18 3/4, bay mare by Wilken, won the 2:21 class, after dropping the first heat to Muster Hill. Patchen Brady picked up third money and Fanny M., (2:23 1/4), the big trotter owned by C. H. Rideout, Houlton, landed fourth in a field of pacers. This was a good showing for the mare.

CHAS. O'BRIEN SIGNED BY WHITE SOX

Word was received yesterday by Charles O'Brien that Comiskey, the manager of the Chicago White Sox, had purchased him, and O'Brien expects to leave St. John on Tuesday next for Chicago to join the White Sox squad. In procuring O'Brien the White Sox manager is procuring about the fastest third baseman that has ever been seen on a diamond in the East. He has been playing the third sack for the Marathon baseball team for the past two seasons, and has been counted as being one of the best players in the New Brunswick and Minas League. His holding of extremely difficult balls has mostly been clean and in many cases of such a sensational manner that it won him well merited applause from the fans. He is a good stick artist and is well acquainted with baseball in its many stages. As a popular young man and a gentleman there is none better than O'Brien, and all the harm his many friends wish him is that he will make good with the big league manager. He is a young athletic player with plenty of experience and will undoubtedly be seen playing among the big ones next season.

MOOSEPATH RACES MONDAY.

There is every prospect of a good afternoon's sport on the old Moosepath Park track on Monday when the St. John Driving Club will hold races. There is a good number of horses entered for the different events and the heats will undoubtedly be closely contested.

PLAYERS TRADED OR PURCHASED

Cincinnati, August 29.—Exclusive of those players obtained by major league clubs from minor league teams through optional agreements, two hundred and two players have either been traded or purchased by minor league teams from each other, or from minor league teams during the last year, according to a list handed down by the National Baseball Commission today. A large majority of these represent purchases from the minor league teams, some of the players not having yet reported to their teams. All trades or sales from August 20, 1912, are included.

The American league carried off the honors, 110 players coming to them during the last year, while an even 100 either entered the ranks of the National League or will when the details or trades will have been summarized. The Boston Nationals lead in men obtained. Twenty-three players new to the Boston National team have been contracted for during the above-mentioned period. Cincinnati comes next with twenty-one. Detroit is third with nineteen, while the others are as follows: Cleveland 17, New York Americans 15, Pittsburgh 14, St. Louis Nationals 14, Chicago Americans 14, St. Louis Americans 12, Boston Americans 11, Washington 11, Chicago Nationals 10, Brooklyn 10, New York Nationals 4, Philadelphia Nationals 4, and Philadelphia Americans 2.

WON 302 MILE GRIND.

Elgin, Ill., Aug. 29.—Two veteran drivers shared the honors of today's road race for the Cobe trophy—Ralph De Palma and Joe Dawson. The former won the 302 miles grind in 4:31:55, but Dawson was only slightly behind, going the distance in 4:39:52. De Palma's average, 56.08 miles per hour, is slightly better than the previous record for this event, which is the annual preliminary to the Elgin Nationals, to be run with fifteen big cars tomorrow.
