RUSSIANS DRIVE WEDGE BETWEEN THE TEUTONIC ARMIES ISOLATING AUSTRIANS FROM THEIR ALLIES

ROAD TO KOVEL BLACK WITH AUSTRIANS FLEEING BEFORE CZAR'S ARMIES

Military Critics Say Teutonic Allies Separated from Each Other and One of Russia's Big Strategic Objectives Gained.

CZAR'S ARMIES EQUIDISTANT FROM KOVEL AND VLADIMIR-VOLYNSKI AND PRESSING CLOSER TO LEMBERG — FIERCE COUNTER-ATTACKS AGAINST FRENCH LINE CHIEF EVENTS ON THE WESTERN FRONT.

London, August 1.—The second anniversary of Germany's declaration of war on Russia finds the relative positions of the belligerents very different from those of the first anniversary. The Entente Allies are now pursuing a successful offensive on all fronts, and the Central Powers are virtually everywhere on the defensive.

Emperor William has celebrated the occasion by the issue of proclamations to his army and navy and people, which breathes a spirit of continued confidence in ultimate victory for Germany.

The operations on the eastern front continue to surpass those in the west in dramatic interest. The military critics express great admiration for the Russian tactics, one of the important objects of which, in their opinion, has been to isolate the Austrians from the German armies on the Russian front. This it is now claimed has been virtually accomplished by the Russians driving a wedge into the Austro-German positions along the front of Kovel-Vladimir-Volynski.

The view here is that if the Russians have thus accomplished severance of the Germans from the Austrians, the most decisive result of the whole of the Russian General Brusiloff's strategy will have been obtained, it being argued by the military observers that without German support the Austrian armies will become demoralized and collapse. They say that Austrian forces between the Lipa and Danester rivers are doomed.

ROADS TO KOVEL BLACK WITH RETREATING ENEMY.

There has been no confirmation of reports received in Rome that Kovel and Vladimir-Volynski have been evacuated, but Rome is unusually well informed on Russian news.

A correspondent with the Russian forces has reported that the roads towards Kovel "are black with the retreating enemy."

Exactly where Gen. Brusiloff's next blow will fall is not known. The Russians are virtually within the same distance of both Kovel and Vladimir-Volynski and also are pressing closer toward Lemberg.

Since Sunday's combined advance on the Somme line by the British and French, the situation there has been comparatively quiet. The French have sustained the brunt of the German counter-attacks launched against positions captured in this region. The Germans claim to have driven back the British, who had penetrated on a narrow front territory west of the Doureaux Wood, and to have successfully repulsed French attacks in the neighborhood of Maurepas. There has, however, been no important change in the line since the Anglo-French advance.

Berlin Reports Fierce Fighting on the Somme.

Berlin, August 1, via London.—The text of today's statement by German army headquarters reported the fighting in the region of the Somme extremely fierce, the engagements being the after-throes of the great attack of Sunday. British forces, which had penetrated on a narrow front west of Foursaux Wood, were driven out again. An enemy attack in the neighborhood of Maurepas, carried out in eight waves, was completely repulsed.

Due north of the Somme, French troops advanced in the evening were completely driven back after a bitter fight near Moncau Farm.

South of the Somme, there was lively artillery activity on both sides, as there was also on the right bank of the Meuse (Verdun front), especially in and to the south of the Thiaumont-Fleury sector. In this region, advances by enemy hand grenades early yesterday were repulsed.

We destroyed a French position north of Filirey by a great explosion, over an extent of about 200 metres. Our patrols, following up the explosion, took a few prisoners.

Operations by enemy reconnoitering detachments failed west of La Bassée, north of Pulluch, south of Loos and southeast of Rhelms.

Unimportant military damage was caused by the dropping of bombs on Warwick and other places behind our fronts. There were numerous victims among the civilians.

An enemy aeroplane was brought down yesterday and another on July 30 by our anti-aircraft guns within our lines in the Somme region. Another aeroplane was brought down in an aerial battle near Lihons.

Berlin Fiction.

Berlin, via London, Aug. 1.—The text of the German statement reporting operations on the eastern front follows:

"Eastern front: A Russian company advancing against Vulkas, on the Oginka Canal, was destroyed by an advanced German detachment.

"West of Loischin more than seventy prisoners were captured in the

battle reported yesterday. There were a few artillery duels on both sides of Lake Nobel. An attack by an enemy battalion was repulsed with sanguinary losses to the east of this lake.

"The Russians are further exhausting themselves against the Stokhod front in fruitless attacks. They were forced to retreat three times near and north of Smolary by our fire. Near Porik, northeast of the Kovsk Rovno railway, they were defeated in a counter-attack. Between Witonetz and Kiselin they vainly stormed six times. Stubborn fighting goes on for possession of a few trenches near Witonetz. Five officers and more than 200 men were taken prisoner. South of the Turia there were patrol and hand grenade fights.

"Troops of Gen. Von Linsingen during July captured seventy officers and 10,998 men, and took fifty-four machine guns.

"On the front of Gen. Count Von Bothmer an enemy advance south-west of Burkanov broke down under our curtain of fire.

"In the Koropiec sector, west of Bucacz, there was lively fighting activity. During the last battles 271 Russians were taken prisoner.

"Balkan front: There was nothing important."

Italians Check Austrian Attacks.

Rome, via London, Aug. 1.—Attacks by the Austrians last night on Italian positions on Monte Cimone were repulsed, the war office announced today, as were assaults on the Italian line near Castellito on the Sette Comuni plateau, and at Porcella, in the Tolano sector. The Italians have advanced in the Travignole Valley.

21 Enemy Airships Brought Down.

London, August 1.—The British official statement issued at 10 o'clock this evening says:

"Between the Acre and the Somme the situation is unchanged. Elsewhere on the British front there has been no important incident."

"Twenty-one enemy aeroplanes were brought down beyond question. A dozen were seen falling head downwards to earth.

"The German losses in men, the

OVER HALF OF GERMANY'S ENTIRE ARMY NOW FIGHTING ON THE WESTERN FRONT

Paris, August 1.—The net result of the British offensive on the River Somme, from the 1st to the 15th of July, was stated officially today to be that the whole first German position between Ouliers and Montauban, and the greater part of the second German position fell into British hands. Seven villages were retaken, and 12,000 officers and men were made prisoner. The military material captured included 35 field guns.

The German army on the western front, according to authoritative sources here, consists of 122 divisions, comprising much more than half the German forces in the field. The precise strength of the divisions is unknown, some consisting of two brigades and others of three. Two brigade divisions on a war footing have 14,000 men, and three brigade divisions 21,000, hence the total strength of the force on this front is assumed to be somewhere between 1,700,000 and 2,500,000. Numerous prisoners recently taken are of the 1917 class, that is from 19 to 20 years of age.

It appears that Germany transferred 23 divisions from the eastern to the western front at the conclusion of the Russian campaign in the autumn of 1915. Only four divisions were withdrawn from this front in June and sent to Galicia to help hold back the Russian invasion. The simultaneous pressure on both fronts by the Entente Allies thus prevents the transfer of troops from one front to another.

IRISH PARTY PASSES STRONG RESOLUTION

Claim Failure to Keep Faith will have Serious Results.

PROTEST REVIVAL OF CASTLE RULE SYSTEM

Bill to Prolong Life of British Parliament Will be Introduced Before House Adjourns.

London, Aug. 1.—The Irish parliamentary party, presided over by John Redmond, met in the House of Commons today to discuss the Irish situation. A resolution was passed declaring "that the alterations of the head of the agreement on the Irish settlement were alone responsible for the failure to secure the war emergency settlement of the Irish question, and we record our conviction, that the failure to keep faith will have a most unfavorable and serious effect on the situation."

The resolution adds that "the revival of the discredited system of castle rule and the appointment of a Unionist executive is an outrage on the feeling of the Irish people."

The resolution also states that "the Bill to Prolong Life of Parliament."

Premier Asquith announced in the House of Commons today that, before parliament adjourned for the summer recess, the government would introduce a bill to prolong further the life of the present parliament, and would at the same time announce the government's proposals regarding registration and the creating of a new register.

£5 BARBER'S FEE FOR EXECUTION OF CASEMENT

Stage Set for Hanging on Thursday Morning—Only Prison Officials will be Present.

London, Aug. 2.—According to the morning newspapers, all is ready for the execution of Sir Roger Casement, who is to be hanged in the Pentonville prison at nine o'clock Thursday morning. The executioner appointed is a man named Ellis, who is a barber of Rochdale. He will receive a fee of 5 pounds.

Only the officials of the prison will be present at the execution.

BASEBALL AT FOLKESTONE.

London, August 1, (Montreal Gazette cable).—By a score of 6 to 2 the C. F. A. baseball team won at Folkestone yesterday against the 95th Battalion, thereby taking the Spalding trophy.

Ben L. Carr, of Montheth and eight others had a trying experience. Caught near Twin Falls at five o'clock on Saturday afternoon, they raced ahead of the flames a mile to their canoes, and after an hour and a half desperate paddling reached their camp, where they secured a few blankets. Then they struck up the river ahead of the

16 TIMES IN 24 HOURS HUNS HURL THEMSELVES AT THE FRENCH LINE BETWEEN HEM WOOD AND SOMME

Capture Hem Wood for Third Time After Furious Effort Only to be Driven Out Two Hours Later—French now Organizing on Outskirts of Maurepas, Gvinchy and Guillemonet.

Paris, Aug. 1.—The efforts of the Germans last night were directed mainly against the extreme right wing of the French troops operating in the Somme region. From Sunday evening to last night, the Germans launched not less than sixteen regular attacks against the line between the Hem Wood and the Somme. In the Hem Wood and in the region of the Moncau Farm, the fighting was particularly desperate. On Sunday night the enemy succeeded by an enormous effort in taking the Hem Wood for the third time, but two hours later the French counter-attacked brilliantly and recovered the wood. The renewal of the German attack on Monday morning failed completely, one battalion losing a third of its effectives.

The railway station at Hem, on the outskirts of the forest on the road to Marcourt, passed from hand to hand four times yesterday morning. At three o'clock in the afternoon the French lost it again, being beaten back by two Saxon regiments, but at four o'clock a splendid French charge recovered it.

The French are now organizing at the outskirts of Maurepas, Gvinchy and Guillemonet. The French losses in all this fighting were much less than those of the enemy. One regiment, which led the attack on July 30 and whose advance was the most rapid, lost about 300 men of whom seventy-five per cent. were only slightly hurt. The small number of serious injuries is attributed to the precision and efficiency of the supporting artillery.

fire, but were overtaken and compelled to submerge themselves under the canoes, with soaked blankets over them. After waiting until 9 o'clock Sunday morning they made a desperate but successful attempt to reach Matheson, 19 miles distant, arriving at 3 o'clock in the afternoon, just in time to get away on the relief train.

Mrs. C. R. Keeling, of New York City, who was holidaying with Mrs. Wilda I. Brown, at Munro, told a graphic story. In their camp were her husband, Charles Ross, a well known prospector, and his wife, and Paul Boyer, of New York.

"It was one o'clock on Saturday afternoon," she said, "when we got the first warning of impending danger. There was little excitement, and no one had seemed to make any preparation. When the fire came, driven by a veritable tornado, it leaped from the forest to the buildings and in a few minutes the town was ablaze. Mrs. Brown and I were put in cages on the Black River and sought shelter in a little cove, where we were imprisoned for three hours, fighting fire and bailing out the canoes which the heavy sea threatened to swamp."

Finally they were rescued by a launch. Mrs. Boyer, Mr. and Mrs. Ross and Mr. Keeling groped their way through blinding smoke through to Matheson, making four miles in 14 hours. The Browns also reached Matheson in safety.

318 Bodies Found.

North Bay, Ont., August 1.—The total number of bodies found up to four o'clock this evening: Ramore, 14; Matheson, 130; Nushka, 137; Kelo, 2; Iroquois Falls, 15; Cochrane, 20—total, 318.

Ten men at the Iroquois mine are missing.

The fire raged from Heant to Nottawa, west of Cochrane, a total mileage of 320 miles.

No communication has been established between North Bay and Cochrane. There is only temporary dispatching by telephones, hence delay in casualty list.

BRITISH TAKE PORT ON EAST AFRICAN COAST

Capture Panguni and Making Progress in Lake Victoria Region.

BULGARIAN TROOP TRAIN BLOWN UP.

Three Hundred Soldiers Killed or Wounded when Train was Hit by a Bomb.

London, Aug. 1.—British troops operating in German East Africa have occupied the port of Panguni, on the east coast, says an official statement given out tonight. The Anglo-Belgian forces in the region of Lake Victoria, Nyansa, are reported to be making progress. The statement follows:

"Lieutenant Colonel Vandevanter took 4,000 head of excellent cattle while advancing on Dodona. Further east, Major General Hoskins has been clearing the country south of the Usambara railway. The port of Panguni has been taken and minor columns are pressing the enemy southward between the Nguru Hill and the coast."

"The Anglo-Belgians are progressing in the region of Lake Victoria, Nyansa, from their bases at lake ports.

"The Anglo-Belgians are progressing in the region of Lake Victoria, Nyansa, from their bases at lake ports.

GERMANS ADMIT LOSS OF THIRTY WARSHIPS

Admiralty Issues Estimate of Comparative Losses of German and Allied Fleets Claiming Latter Lost 49 Warships.

Berlin, Aug. 1, via wireless to Sayville.—Forty-nine warships, with aggregate of 562,000 tons, have been lost by the Entente Allies during the war, according to estimates given out today by the German admiralty, the figures being brought up to June 30 last. Of this number, says the statement, the British lost 40 vessels with a tonnage of 485,000. The losses of the Teutonic Allies are given in the statement as 30 warships, 182,900 tons in the aggregate.

The British losses are given as comprising 11 battleships, 17 armored cruisers and 12 cruisers. Merchant vessels sunk by the Teutonic Allies, according to the statement, number a total of 1,303, with an aggregate tonnage of 2,000,574.

"During last year," adds the statement, "38 violations of international law committed by enemy merchant ships against our submarines have been proved."

"Three times have enemy warships acted with especially gross disregard for international law, aside from violations of the simplest laws of humanity."

"Finally, it may be stated, the naval forces of the Entente Allies at the beginning of the war were more than three times stronger than those of the Allies (Teutonic), while the losses in men-of-war sustained by the Entente were three times the allied losses."

TWO MORE HOUSES FOR EXTENSION OF MAPLE LEAF CLUB.

London, Aug. 1.—(Montreal Gazette cable)—Lady Drummond has secured two houses near Hyde Park for an extension to the Maple Leaf Club, one to be run by the club and the other by the Daughters of the Empire. As some 600 men were turned away last month, the need of extension is evident.

THE 115TH BATTALION OFFICIALLY REPORTED ARRIVED IN ENGLAND

Ottawa, Aug. 1.—It is officially announced through the chief press censors office that the following troops have arrived safely in England:

109th British Columbia Battalion, 109th Ontario Battalion, 112th Nova Scotia Battalion, 115th New Brunswick Battalion, 116th Ontario Battalion, drafts and details.

Third Year of War Opens With Victory Certain, Joffre Says

Paris, Aug. 1.—The Bulletin Despatch Armees, the official journal of the soldiers of the French army will publish tomorrow copies of letters written by President Poincaré, David Lloyd George, British secretary of war and Gen. Sir Douglas Haig, commander of the British troops in France, together with an order of the day issued by General Joffre to the French army on the occasion of the second anniversary of the outbreak of the war. The order of General Joffre follows:

"Soldiers of the Republic: "Your third year of fighting has begun. For two years past you have been supporting with unflinching strength the weight of an implacable conflict. You have caused all the plans of our enemies to fail. You vanquished them on the Marne, you checked them on the Yser and you beat them in the Ardennes and in the Champagne, at a time when they were vainly seeking victory on the plains of Russia. Then your victorious resistance, during a battle of five months duration broke the German effort in front of Verdun."

"Thanks to your stubborn courage, the armies of our allies have been able to manufacture arms, the weight of which our enemies today are experiencing over their entire front. The moment is approaching when, under the strength of our mutual advance, the military power of Germany will crumble."

"Soldiers of France, you may be proud of the work you already have accomplished. You have determined to see it through to the end; victory is certain."

(Sgd.) JOFFRE."

STR. FREMONA GROUNDS ON SOUTH POINT

Quebec, August 1.—The steamer Fremona, grounded yesterday afternoon on South Point, Anticosti, and the local tug Sinnac, with the wrecking schooner G. T. D., left today for the scene of the grounding. The Fremona left Montreal last Friday and passed down Saturday afternoon. Attempts to float her will be made tomorrow.

TELEGRAPHERS WIN THEIR DEMAND FOR INCREASE IN PAY.

New York, Aug. 1.—Telegraphers employed by the New York Central and "Nickel Plate" railways are granted an eight per cent. increase in pay on lines west of Buffalo, and ten per cent. on lines east of Buffalo, in the award filed today by the federal arbitration board, which last month heard arguments on the men's demands.

The men had asked for an increase of fifteen per cent. on lines west and thirteen and a half per cent. on the lines east of that point, but E. J. Manion, vice-president of the Order of Railway Telegraphers, who was one of the arbitrators, expressed satisfaction with the award.

Double pay on Sundays and annual vacations with pay are also granted.

Mines Escaped Fire.

Toronto, Aug. 1.—Word was received here today of the safety of the Hollinger, West Dome, Consolidated and Moneta mines. The latter has property on Kirkland Lake where it is believed that eight or ten men perished.

DEUTSCHLAND MAKES DASH FOR OPEN SEA

UNDERSEAS FREIGHTER STARTS FOR GERMAN PORT

Deutschland's Captain Leaves Baltimore in Defiant Mood Followed by Fleet of Small Launches and U. S. Coast Guard Cutter—Man at Phone Sends Word to Allies that Submarine Had Left.

Bulletin—Baltimore, Aug. 1.—The German merchantman Deutschland sailed at 5.40 today on her return voyage to Germany.

Bulletin—Annapolis, Aug. 1.—The Deutschland passed Annapolis at 8.45 o'clock, steaming about 12 knots. The tug Timmins alone was convoying. The coast guard cutter Wissachick left the Deutschland at Fort Carroll. The weather is clear, the wind stiff and there is not much sea.

BREMEN DUE IN BOSTON.

Baltimore, Md., July 31.—In all likelihood the Bremen will berth in Boston within some 24 hours in which the Deutschland sails.

This information came directly from the offices of the Eastern Forwarding Company, American representatives of the U-boats.

A member of the Deutschland's crew, who bade a friend goodbye today, said in the presence of a newspaper man:

"The Bremen will not by any means enter Chesapeake Bay. The bay has proved more of a trap than a strategic haven. The Bremen is in northern waters and her destination, so far as we know, is Boston. That was published long ago in the same indefinite way as news of the Deutschland's coming to Baltimore was published. And there's something to it."

Baltimore, Aug. 1.—On second anniversary of Germany's declaration of war against Russia, the German submarine merchantman Deutschland set out from Baltimore tonight on a return voyage to Germany, with a declaration of confidence from her commander, Captain Paul Koenig, that he would take her home in spite of the heavy odds she would face when the three-mile limit in the Atlantic is reached.

The submarine was towed out of the slip, where she was berthed 23 days ago, at 5.40 o'clock this afternoon and it is expected that she will put into Newport News, Va., between 6 and 9 o'clock tomorrow morning.

After getting into mid-stream the tow line of the tug Thomas F. Timmins was cast off and the Deutschland proceeded down the Patuxent river under her own power. The Timmins went to one side, the coast guard cutter Wissachick to the other, and the harbor police boat Lannan brought up the rear to prevent undue crowding by the small fleet of launches that followed.

Captain Koenig and his crew of 27 men, put to sea with the knowledge that a hurried to a telephone with a message to agents for the Entente Allies that the Deutschland had started. They knew how long he had watched at the end of a nearby pier, day and night, but the little cutter went out of Baltimore harbor smiling and waving his cap.

Captain Koenig knows that eight warships of the Entente Allies are awaiting for him at the edge of the three-mile limit spread out in a radius of five miles.

"We shall have to pass unscathed within that radius in order to escape," he said.

Yesterday's Fighting as Told By the Official Reports

French Capture Trench.

Paris, Aug. 1.—The official communication issued by the war office tonight reads:

"South of the Somme, we captured, in the course of a small operation, a German trench between Estrees and Bailly-En-Santerre. About sixty prisoners remained in our hands.

"On the right bank of the Meuse, after a violent bombardment which lasted part of the night, the Germans carried out this morning an attack against our positions to the west and south of the Thiaumont Work. Our barrage fire and the fire of our machine guns broke down all the attempts of the adversary. Some enemy groups, which had reached as far as our trenches, were thrown back by spirited counter-attacks.

"At the end of the day a grenade attack launched by us enabled us to make progress south of the Thiaumont Work. About the same time the Germans attacked on the Vaux-Chapelle-Chenols front. On this latter point only they gained a footing in some of our advanced elements, from which shortly afterwards they were driven out.

"Everywhere else their attacks were stopped by our fire, and cost them heavy losses.

"There was intermittent cannonading on the rest of the front."

Petrograd, Aug. 1, via London—

FINAL TRIBUTE TO MEMORY OF SIR P. A. LANDRY

Every Walk in Life Represented at Funeral of Late Chief Justice at St. Joseph's—Eloquent Tribute by Bishop LeBlanc.

Special to The Standard. St. Joseph, N. B., Aug. 1.—This morning the little railway station at College Bridge witnessed a great gathering of people who had assembled to pay their last tribute of respect to the late Sir Pierre A. Landry, Chief Justice of the King's Bench Division of the Supreme Court of this province.

A special train from Moncton brought a large number of people and hundreds drove from all parts of the parishes of Dorchester and Sackville. The procession was formed with the L'Assomption and C. M. B. A. Societies leading, the hearse, the mourners, the members of the Supreme Court Bench and the local government and hundreds of friends on foot and in vehicles.

Arrived at the parish church the body was met by the clergy and placed in the central aisle, of the sacred edifice after which Pontifical High Mass was celebrated by His Lordship Bishop LeBlanc. About fifty clergy were within the sanctuary and the church was crowded to its capacity.

At the conclusion of the service Bishop LeBlanc addressed the congregation in French and English. The deceased, he said, had set the example of a truly Christian life. While success had come to him, it was not of the character which is described by some people as "luck." In fact there was no such person as luck, which came to man came as the gift of Almighty God, and in the case of Sir Pierre Landry it was given as a result of hard work of every station of life.

Sir Pierre had never in the midst of his success forgotten his duty to God and his was a reverend and a religious life. Faithful to his country, to his church, to his race and to his duties, his memory should be an inspiration and an example to others. He had been the inheritor of an honored name which he had transmitted to his family whom he dearly loved, without having brought a stain upon it.

Another procession was then formed from the church to the parish burying ground which adjoins. After the benediction at the grave was said the coffin was opened and the immense procession defiled past the body to take a last look at the features of one who had spent his life among his people and given them of his best.

It was not alone to the judge and the legislator that the people of the Memramook valley said farewell, but to the man they had known as a personal friend and whose simplicity of life and charity had endeared him to them.

The pallbearers were: H. J. McGrath of Fredericton, Hon. Dr. Langley, Provost, secretary of New Brunswick; Hon. A. D. Richard of Dorchester; Ferdinand Bourque of Richibouctou; Valentine Bourque of Shediac, and Damien Bourque of Colebrook. All personal friends of the deceased Justice.

Among those members of the legal profession present were: M. G. Teed, H. A. Powell, F. R. Tardif (president of the St. John's Society), D. Mullin, R. A. Lavelle, A. R. Slipp, president of the Barristers' Society; Dr. T. C. Allen, F. J. Sweeney, C. W. Robinson, E. A. Riley, R. W. Hewson, Antoine Lecere, W. B. Chandler and Max Cormier.

Help For Sufferers. Toronto, Aug. 1.—In order to ascertain conditions in the fire-swept area of northern Ontario, a party left Toronto tonight consisting of Hon. G. Howard Ferguson, works commissioner R. C. Harris, property commissioner D. Chisholm, A. D. Bruce, Assistant Secretary of the Ontario Board of Trade, and others. Hon. Mr. Ferguson's visit has as its object an inspection of the devastated country, with a view of getting an idea of the measures necessary to put the settlers on their feet again. He stated that provincial government will not hesitate to take every possible step to provide for the wants of the refugees, both present and future. They will be helped to start life afresh on the scene of their former labor.

Why Beautiful Women Are So Attractive. Who does not envy and admire a lovely woman? The secret of her loveliness, of her perfection, of her health, she sleeps well, eats well, digests well—intricate functions are vigorous and regular. Of all woman's remedies, Ferronine is the best; it vitalizes the functions upon which health depends—makes the pores, rich blood, gives perfect complexion and lots of vigor. Every girl and woman who seeks health, vitality, looks—let her get Ferronine today. Fifty-cent boxes at all dealers.

"NO BOCHE CAN KILL ME, I AM GOING TO SEE THE BLIGHTERS WELL BEATEN"

Two Legs and an Arm Gone, British N. C. O. Determined He Won't Die Until Sees Huns Conquered—British Hurling 5 Shells a Second in Great Offensive.

By John D. Irvins. With the British army in the field, July 27.—An artillery officer tells me that at a rough calculation we have been raining on the enemy approximately half a million shells per day along the main front of our attack since June 27.

On this basis we have used up in twenty days ten million projectiles of all sorts, exclusive of bombs and rifle and machine gun fire.

It is a staggering figure, and while it must be treated as purely approximate it is illustrative of the need to supply our troops with munitions without any thought of slackening. Shells—and yet more shells! Our men have need of them in the prodigious task which still remains to be accomplished. The supply must be kept up. This is no time for "waiting up."

Man Who Would Not Die. In this brief breathing space the moment is opportune for drawing attention to a little more detail than has been possible hitherto, to the magnificent work of the R. A. M. C. and Red Cross Services.

Our soldiers have a confidence in our Army Medical Service which inspires and sustains them when they go into action. They may die. That is the end. A name inscribed on the Roll of Honor, a little wooden cross to mark the site of a soldier's grave—nothing else visibly remains. But if they live through it, as happily so many of them do, they know that no case is too desperate to be beyond the hope of relief, that no wounds are so terrible that modern surgery may not make them whole.

I have seen many astonishing examples of these triumphs of modern surgery. One which impressed me particularly was the case of a sergeant who had been dreadfully wounded by shell fire on July 2. When I saw him at the Clearing Hospital ten days later the surgeon had found it necessary to amputate both his legs below the knee-joint, as well as his left arm near the shoulder. He had also some superficial wounds on the head.

He was able to prop up in bed, and was smoking a cigarette, which he held between the fingers of the one limb that was left to him. He was able to talk a little.

"I refuse to die," he said. "No Boche can kill me. I am going to live and see the blighters well beaten."

Was it really possible, I inquired of the surgeon, that this man could live? "Oh, yes," he replied. "I am convinced he will get through all right. His physique is fine. He is in perfect health; his heart-beats show no sign of failure. Above all, he has a spirit which is almost superhuman. He has made up his mind that he won't die, and I don't think he will. Men who lack his spirit die of fun."

"What sort of a future has this poor fellow to look forward to?" The R. A. M. C. captain shrugged his shoulders.

"Science and invention are always progressing," he remarked. "In the manufacture of practicable artificial limbs we have not reached anything like finality, and already the war has produced new inventions. With his knee-joints untouched this man may easily be rigged up with a pair of artificial legs. There is no difficulty about an artificial left arm, and with his right arm and hand intact he probably will go through life quite comfortably."

The spirit of a man like this is the deeply impressive thing. It is not my desire to harrow the feelings of those who have relatives fighting at the front—and who has not?—by multiplying cases of desperate and hazardous operations which have been carried out with complete success. I would only say in this connection that while much is due to surgical science, not a little belongs to the men themselves. The man who "refuses to die" is typical of the British Army.

For those who are too ill to be moved there is every care that the best nursing skill and the most tender nursing can devise. How brave and good and merciful are those noble women of the nursing sisterhood! Many of them in private life are of social rank and position. Out here they are simply self-sacrificing women doing their duty to their country and its sons who are fighting the battle for all of us.

NEW VESSEL LAUNCHED. A launch of considerable interest took place last Saturday morning from the yard of Smith and Rhuland, the famous Lunenburg shipbuilders. At full tide the Hiltreer gracefully glided into the water, witnessed by a large number of people, who came from far and near to witness the event. The new vessel is 350 tons, is a three-masted, with all the most modern equipment for hoisting sails, and taking in cargo. The machinery used for this

purpose, and also the steering gear has been manufactured by the Lunenburg Foundry Company, Limited, the owners of whom Zwickler & Co. are the managers, are to be known as the Hillcrest Shipping Company, Limited, and this is to be the nucleus of a number of new ships which will be engaged in the foreign carrying trade.

WILL TRY TO STOP MUNITIONS EXPORTS FROM ATLANTIC PORTS. New York, Aug. 1.—Congressmen Eagan and Hamill of New Jersey, announced this afternoon, at the conclusion of a conference of city, county, state and federal officials on the Black Tom munitions explosion, that they would go to Washington tomorrow, accompanied by Mayor Eagan of Jersey City, to demand an embargo on the export of munitions from Atlantic coast ports.

Estimates Dead at 306. Cobalt, Ont., Aug. 1.—Mr. Fred Oane, the recently appointed loan commissioner and now representing the Ontario government in relief of the northern Ontario fire sufferers, tonight stated that from reports received from the various fire-swept sections, the list of dead had been estimated at 306.

New York, July 31.—Ard. Schs Mader, Chatham; Flo F Mader, Mahone Bay; Charles C Lister, St. John.

WOMAN GIVEN TWO DAYS To Make Up Her Mind for Surgical Operation, She Refused; Cured by Lydia E. Finkham's Vegetable Compound.

Philadelphia, Pa.—"One year ago I was very sick and I suffered with pains in my side and back until I nearly went crazy. I went to different doctors and they all said I had female trouble and would not get any relief until I would be operated on. I had suffered for four years before this time, but I kept getting worse the more medicine I took. Every month since I was a young girl I had suffered with cramps in my sides at periods and was never regular. I saw your advertisement in the newspaper and the picture of a woman who had been saved from an operation and the picture was impressed on my mind. The doctor had given me only two more days to make up my mind so I sent my husband to the drug store at once for a bottle of Lydia E. Finkham's Vegetable Compound. I believe me, I only took four doses before I felt a change and when I had finished the third bottle I was cured and never felt better. I grant you the privilege to publish my letter and an only too glad to let other women know of my cure."—Mrs. T. M. McConica, 363, Hartsville Street, Phila., Pa.

WAR WILL BE DECISIVE, NOT "DRAWN GAME"

Allies Will Surely Win Result of Sacrifices, Lord Newton Says.

ONLY PREPARING UP TO THE PRESENT

Sacrifices in Vain Unless Result in New World Conditions of Comity and Better Understanding.

New York, Aug. 1.—A News Agency despatch from London published here today says:

"The great war will not be a 'drawn game,' the Allies will surely win the reward of their sacrifices—and those sacrifices will have been vain unless there shall result new world conditions of comity and better understanding."

So declared Lord Newton, under secretary of state for foreign affairs in a statement today. It was in response to a question addressed to the foreign office for comment on the second anniversary of the outbreak of the European conflict.

"Entering the third year of the war," Lord Newton asserted, "one is struck by the fact that contemporary events in France indicate the Allies' effort, which until now has been largely that of preparation, will not result in the depressing state of equilibrium which some have prophesied for it, using the metaphor, a 'drawn game.' The sacrifice of our men and those of the great French republic and our other Allies on scattered giant fronts will quite assuredly win their reward."

"It is not only punishment of the blood guilty or new hope for the nations that have been victims of the Central Powers—new hope for Belgium, Serbia and the Armenians and Syrians—that those who planned such deeds of violence will assuredly meet just recompense, but beyond what is to be meted out there stands the responsibility of the future, and our sacrifice and effort will have been in vain unless there shall arise from all this bloodshed new world conditions in which action between state and state is conducted in atmosphere of better understanding, or when mutual understanding fails, the points at issue be decided more under the influence of principles of justice."

NEW YORK PAPERS REDUCE SIZE OWING TO PAPER SCARCITY

New York, Aug. 1.—Publishers of daily newspapers in Greater New York, at a meeting this afternoon, took action which will result in a decrease of the number of pages in their morning, evening and Sunday issues of 121 pages a week. The reduction of so many pages is a step to relieve the newspaper paper situation, which is regarded by the publishers as very serious.

PRICE LOWERING SALE

GREAT SHOE SALE

The time to cut our prices has arrived and our Great Semi-Annual Shoe Clearance Sale will now occupy the center of the stage! Twice a year—the end of the Spring and Summer seasons and the end of the Fall and Winter seasons—we give our profits a vacation. We prefer the money to the shoes, and we believe that when you take note of our price inducements you will prefer the shoes to the money!

A Sort of a Mutual Benefit Affair!

There's nothing reserved at this sale—all our splendid shoes for men, women, boys, misses and children are booked to leave the house! You'll do well to make your selections early, for there will be some lively shoe buying here at once and the lines of sizes will soon be broken!

Take note of these offerings and we hardly think you'll want to stay away.

AUSTRIANS INTENDED TO CROSS BORDER

Five Alien Enemies Caught at Dorchester Sunday and Taken to Internment Camp at Amherst.

Special to The Standard. Dorchester, August 1.—The five Austrian prisoners arrested here on Sunday last by Jailer Holland for breaking their parole at Springhill, N. S., were taken to the internment camp at Amherst, N. S., this noon by Jailer Holland and his son, in accordance with orders from the proper authorities at St. John. The Austrians did not demur, but claimed that they left Springhill because they were "used by the coal company in that town, with whom they were working. They admitted that it was their intention to leave the country. They were heading for Bangor, Maine.

HOW BERLIN WAR OFFICE FOOLS THE PEOPLE

Report of Zeppelin Raid, as Contrasted with Real Facts, Good Sample of How Nation is Being Deceived.

London, August 1 (4.40 p. m.)—A correspondent who explored the districts visited by the Zeppelins last night writes: "The damage done was wanton and indiscriminate. The whole of it was of little value and certainly of no military importance. "Directly the airships struck the coast, they separated for various points of penetration. When anti-aircraft guns were drawn out the Zeppelins immediately turned tail seaward. Their pilots seemed to be mystified." Following the publication here of the German official statement regarding the Zeppelin raid of last night, the British press bureau gave out the following statement: "From this official despatch it is clear that those on the airship had no idea of their course, or else that on their return to Germany their report was falsified deliberately. In either case there need be no surprise."

As Berlin Tells It. Berlin, August 1, via London.—An official statement issued today by the German admiralty staff announces that during Monday night several naval airship squadrons successfully attacked London and the eastern coasts of England. Abundant bombs, the statement says, were dropped on coast works, anti-aircraft batteries and industrial establishments important from a military viewpoint. Despite heavy firing, which was begun as soon as the naval forces appeared, all the airships returned undamaged.

Sunday Motoring May Be Prohibited Owing to Army's Need for Petrol

London, Aug. 1.—In the House of Commons tonight, defending the government restrictions on the use of petrol, which some of the members had criticized as unfair, Louis Harcourt, first commissioner of works, made an interesting revelation. He said that if he could describe what the recent push on the western front meant it would stagger the House. At Verdun, after the first week

of its defense, nearly the whole of the battle had been fought on petrol transport, because all lines of communication were destroyed by artillery and bombs. Great Britain had contributed petrol for that purpose. There was plenty of petrol in the world, said the commissioner, but it was difficult to transport. He had scoured the world for tankers, and it was almost as exhilarating sport as tiger hunting. He could find no trace of cornering or holding up of petrol. The admiralty had now undertaken the construction of tankers, and he hoped for an improvement in the situation. But he warned the House that it might be necessary to prohibit Sunday motoring.

CINCINNATI AUTOMOBILE CLUB TESTS OVERLAND SIX.

W. T. Foley, assistant secretary of the Cincinnati Automobile Club, recently conducted a gasoline test of a Model 86 Overland. A car was taken from the stock of the Citizens' Motor Car Company. The main tank was disconnected from the carburetor and a small tank, which held one gallon of gasoline, was connected. The carburetor was then set so that the engine ran freely both on low and high speed. The speedometer reading then was taken and the car was run over a prescribed course, until it stopped for lack of fuel. The speedometer reading was then taken again, and it was found that the car had travelled

17.83 miles on one gallon of gasoline. This gasoline, was not high-proof, but an ordinary grade, of which the hydrometer test showed a reading of 59 degrees. This feat was considered very remarkable for a car of the size of the Overland Model 86, especially as the car had just been taken out of stock and had never been run before. The switch was not thrown nor the clutch disengaged during the trip. In other words, the car was not coasted at all.

Customs Receipts. Customs receipts here for July were \$245,971.42. The receipts for the corresponding month in 1915 were \$27,618.79, showing an increase this year of \$18,352.63.

New Prices August 1, 1916

The following prices for Ford cars will be effective on and after August 1st, 1916

- Chassis \$45000
- Runabout 47500
- Touring Car 49500
- Coupelet 69500
- Town Car 78000
- Sedan 89000

f. o. b. Ford, Ontario

These prices are positively guaranteed against any reduction before August 1st, 1917, but there is no guarantee against an advance in price at any time.

ST. JOHN, N. B., WEDNESDAY, AUGUST 2, 1916.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H.M. The King. TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

THE COUNCIL AND THE GRAIN ELEVATOR.

Apparently Mayor Hayes and Commissioners Fisher and McLellan are hard to convince. After two conferences with representatives of the Canadian Government Railways system and a frank statement of the intentions of the Government toward St. John in the matter of the grain elevator, they still are unable to see why the proposed structure could not be erected on some site other than that chosen, between Prince William and Water streets. The Standard has no desire to question the sincerity of these gentlemen, but whether they know it or not, they are playing into the hands of those who, for political reasons, do not want St. John to get the elevator in time for next season's business or any part of it.

When the elevator question was first brought up the loudest note in all discussion was that it should be ready in time for the business of the coming season. Mr. Gutelius informed citizens of St. John that there was no other site on which the structure could be erected and finished in time except that chosen. It is presumed that the manager of the Canadian Government Railways gave the matter more than passing thought before he so definitely placed himself on record. It is also quite likely that Hon. Mr. Hazen knew what he was talking about when he urged the adoption of the Water street site, and requested that the city should come to an early decision in regard to it. Grain elevators are not built in a day or a week, and even now much time has been lost.

Except for the fact that the Canadian Government Railway officials have publicly reiterated what was generally known at the time of the discussion over the Valley Railway matter, that the land in the vicinity of the old I. C. R. elevator would all be required for a new passenger station, the situation in regard to the elevator has not changed in the past two months. The fact that the railway men did not bring with them and exhibit plans of the proposed station cannot be taken as a serious argument that they do not intend to build it. The station will be provided when the money is available for the purpose, but there is one thing certain, the selection of the Mill street property for a grain elevator will forever prevent the construction of a railway depot there.

There is also very little in the contention that the Water street site will not afford sufficient space for the elevator and the shipment of grain and that if built there it will be a "one horse" affair. The Government plans call for an elevator plant of 1,000,000 bushels capacity, of which 500,000 bushels will be supplied at once. Such a structure would not be built in a site where it could not be profitably and fully worked. In this, as in other matters affecting port development, it is a very good plan to place some confidence in Mr. Hazen and the Government officials. They have not yet failed us and there is no indication that they will.

BRITISH SAILORS' RELIEF.

That the British navy has proven the salvation of Canada in the present war is a trite saying but nevertheless a true one. The opening of the war found Germany with a gigantic army and a navy—good, but not sufficiently powerful to successfully run through the lines of battleships in the North Sea.

Let us suppose for an instant that the British fleet had been less capable, or British sailors less valorous during the first six months of the war and before the victorious march of the German hordes had been stopped at the Marne. What might have happened? Germany, at that time, had troops and to spare and if her naval forces had equalled that of England could have conveyed fleets of transports loaded with soldiers from the great German ports to the Atlantic coasts of Canada.

Once on this side of the water Canada could not successfully oppose the landing of whatever armed force Germany cared to send, and while Canadians would have resisted, even after the foot of the invader had pressed the soil of this country, that resistance, while surely gallant, would

have been futile. In such event it is quite conceivable that the horrors attendant upon the Teutonic occupation of Belgium might have been enacted in this fair land. Consequently for the fact that we, on this side of the Atlantic, have suffered none of the real tragedy of war we can thank the British navy and the navy alone.

The debt Canadians owe to that navy can never be repaid, so it is very little to ask, as the directors of the British Sailors' Relief Association are asking, that we should give a little of our plenty and prosperity toward the dependents of the men of the British naval forces. It is requested that in New Brunswick \$10,000 be subscribed to a fund for that purpose and to date scarcely one quarter of the amount has been secured.

It is quite true that residents of St. John and of New Brunswick are today meeting demands of many organizations rendered necessary by the war, but the sum total of all the gifts sent forward from this province amounts to very little in comparison to the hardship and peril which might have been visited upon our people if the German grand fleet had succeeded in breaking through Britain's naval barrier. The British navy stood as the insurance of Canada's safety and the premium on that insurance is long overdue. Is it not possible for the people of this province to pay at least a little toward it through the medium of the British Sailors' Relief Association? The Mayor of St. John is the local treasurer and all subscriptions will be gratefully received.

WHERE IS THE TELEGRAPH?

The Ottawa Journal is an independent Conservative newspaper frequently quoted with approval by the Telegraph and Times, yet recent events lead to the opinion that the Capital City publication will no longer be a welcome visitor to the Canterbury street offices. For the Journal has completely ignored the Telegraph and Times in its classification of the Liberal newspapers in Canada which have unceasingly attacked the Government and every member of it. The Journal of Monday published the following from the London, Ontario, Advertiser:

"When accounts are cast up by the Canadian people at the conclusion of the war, there will be some great 'patriots' unmasked; some, indeed, who with greedy hands have been weaving a halter with which to hang themselves. The final audit will reveal those who have taken advantage of the country, and they will not be few in number."

And in commenting upon it said: "This from the paper that sneered at Sir Robert Borden as a 'scaremonger' when, at the beginning of the war, he cabled an offer of 20,000 men to Britain, and which later wanted to have our share in the war restricted to commissariat work. Next to the Toronto Globe, the Advertiser has been the dirtiest paper in Canada in its attacks upon the government. The foulness of its innuendoes against Canadian public men before and during the fuse investigation were not exceeded even by the Carvels and the Kytes. And even now, when the Duff-Meredith commission shows it to have been an irresponsible much-raker, it persists in its unclean work."

Evidently the editor of the Journal does not devote many minutes of his day to the perusal of the Telegraph and Times. If he did he would revise his opinion of the Globe and Advertiser.

"A NEW DEAL"

It is truly remarkable the manner in which opposition speakers and newspapers have busted themselves in the attempt to shake clear of the disgraceful record of the gentlemen who held the treasury benches in this province prior to 1908. In accepting the nomination of his party at the convention in Hampton, Mr. E. S. Carter declared that he and his associates held no brief for the old government, would accept no responsibility for their failings and take no credit for their achievements. Since that time the opposition newspapers throughout the province vigorously and with much clamor have asserted that the present opposition party stands for a "new deal," and must not be confounded

with the gentlemen whose peculations were responsible for such scandal in the days before the people installed Hon. J. D. Hasen as Premier of New Brunswick.

That phrase "a new deal" may mean much, but by no stretch of imagination can it be construed as a "square deal" while the party promising it continues to operate with the old cards. The candidates of that party, already chosen, include Clifford W. Robinson, F. J. Sweeney and C. M. Leger, all prominent "cards" in the old scandal marked pack. In fact, Messrs. Robinson and Sweeney were for a time the "big" and "little casino" respectively, the one as Provincial Secretary and the other as Surveyor General, or, as the office is now, Minister of Lands and Mines.

In short all the old cards of the party are retained in the new game, the only difference in the 1916 pack being that the dealers have added the "joker" in the person of Mr. E. S. Carter. It is not possible to get "a new deal" with the old pack.

Must Find Seats For All Female Employees

To the Editor of The Standard: Sir,—With your permission I desire to express through the columns of your paper my sincere appreciation of the prompt manner in which a number of merchants doing business in this city have complied with the section incorporated into the New Brunswick Factories Act, at the last session of the Legislative Assembly. This amendment calls for chairs or seats being provided for the exclusive use of female help, to be used by them when not necessarily engaged in their work. This will meet with the commendation of all citizens who have any consideration for the future health and welfare of the girls and women who are obliged to work in shops for a livelihood.

This is in marked contrast to some I have interviewed with reference to this important matter. They have not only been impertinent but have refused to place suitable seats for the use of their female employees, and whose only apparent desire seems to be to get all the work possible from their female help. They give little or no thought to their health or comfort. However, I do not propose to relax my efforts along this line until I am satisfied that the proprietors of all establishments have made provisions to meet the case, and that the female help receive the full benefit of this law. It is my intention, when the time arrives, to publish the names of each individual, firm or corporation, refusing or neglecting to place suitable seats easy of access for the use of all women in their employ. In addition I shall take proceedings against all delinquents.

Thanking you, I am, Yours truly, JOHN KENNEY, Inspector.

Song Of The Dogger Banks

Julian Mitchell in London Times. Seven million English folk, working by the Thames. Some without a decent clout and some in shabby rags. When the windy whistle mixes in between. Some one on a colly's caught a submarine. When a drowsy cruiser takes the Essex coast. She has done her rounding up and a piped a German host. When a bitten derelict cuddles in a bay. Some one in the Kiel Canal has got a bill to pay.

Seven million English folk working here about. Twenty million British folk helping us abroad. What we do atween us Lord in Mercy knows. But the sea is swept and clean and leaved for our uses. From the Gulf of Aden to Gibraltar's Straits. Something grey and lean and keen by the counter walls. Something smears the early sun 'cross a distant line. Just a little wispy patch, but that's the old Thames' sign.

Seven million English folk scattered here about. Hewing coal and pulling steel and putting vessels out. Nought we say to no man, but we bide by this: Here the old folk left us with their dying kiss. And so long as springtime paints the thick way. Here by Grace of God and self our children's child shall stay. Free and unmolested, barring Dogger winds, Barring spray from Biscay Bay or Charnel's misty blinds.

Seven million English folk, giving of their best. Nightly lit with funnels, so you get full rest. Some have swept the forelands in this province prior to 1908. In accepting the nomination of his party at the convention in Hampton, Mr. E. S. Carter declared that he and his associates held no brief for the old government, would accept no responsibility for their failings and take no credit for their achievements. Since that time the opposition newspapers throughout the province vigorously and with much clamor have asserted that the present opposition party stands for a "new deal," and must not be confounded

with the gentlemen whose peculations were responsible for such scandal in the days before the people installed Hon. J. D. Hasen as Premier of New Brunswick.

Little Benny's Note Book

William, I red a good joak today, ma sed to pop after supper yesterday. Well then I advise you to keep it a secret, the joaks you dent tell are very funny, sed pop. O, is that so, sed ma, well jest for that Im going to tell it and make you its about a girl playing the piano, and one man see to another one. What do you think of her enunciation? and the other man see, Im in favor of it. You cant say I didnt warn you, sed pop. I gess it didnt git tracky rite, it seems to me perhaps enunciation isnt the exact word, sed ma. O well, wats one joak in entirety, sed pop. And he lit a segar and started to read the paper, and ma looked up in the air thinking, and after a while she sed, Articulation, no it coodent be articulation. So it coodent, sed pop. And he kepp on smooking and reading, and ma sed, Delivery, how wood that be. It woodent be, sed pop. How provoking, sed ma, let me see, acquistics. Wers and more of it, sed pop. And ma thwat a while longer, and then she sed, Execution, thats it, execution, wat do you think of her execution? Im in favor of it, isnt that a good joak. It sertyn is, and it was jest as good wen Noah brawt it over in the ark, sed pop. Do you mean to say youve herd it before? sed ma. O, not more than 2000 times, sed pop, and ma sed, Then wy in the world didnt you tell me the rite word if you noo all that time? I wanted to see how many times you cood get it rong, sed pop. I didnt you clever, sed ma. And she made a fase at him, ony pop didnt see it on account of the paper being up in frunt of him.

Maybe we have slept awhile, dreamed and dosed a day, Sought the lazy afternoon beneath a naval sway. Now the badge is on us, bites the hardened steel, Muscles that were lax and loose quiver to the feel— How the river rustles, how the tides exalt! England with a thousand shewes washes out her fault.

GREAT SHEMOGUE Great Shemogue, July 27.—Mr. and Mrs. James Trenholm spent a few days this week with relatives at the Upper Cape. Mrs. White and daughter, Mrs. Casey, of Lynn, Mass., visited in town this week. Mr. and Mrs. John Ogden, of Tidnish, were over Sunday guests of Mr. and Mrs. William Pascock. Mr. and Mrs. W. R. Denkin and son, Charles, of Amberst, accompanied by Mrs. George S. Avar, of Lincoln, Mass., motored here last week and were guests of Mr. and Mrs. James Cadman. Mr. and Mrs. Angus Avar, of Sackville, visited here on Sunday. Mr. Fred. Scott, of Point De Bute, is a guest at the home of Mr. John Scott. Mrs. Phillip Richards, of Shediac, is visiting at her old home here. Mr. Harper Amos, of Boston, is spending his vacation with his mother, Mrs. Janet Amos. Miss Lydia Scott is visiting at Murray Corner. Coun. T. M. Gould was at Dorchester this week.

WHITE'S COVE White's Cove, July 31.—Miss Minnie Orsard of Boston is visiting her brother, Charles, at Mill Cove. Albert and George Collins of the city and families are visiting their uncle, James McCordie. Arthur McLean, St. John, is the guest of Mr. and Mrs. L. P. Farris. Mrs. John Austin and daughter, Edith, of Portland, Maine, are here visiting friends. Mrs. L. P. Farris, who has been visiting friends at Woodstock, came home on Saturday. Oliver McAfee of the North End is the guest of his brother, John, for a few days.

CHINESE PRESIDENT ATTENDS PARLIAMENT IN EUROPEAN CARED

Li Yuan Hung Calls on Legislature to Lose No Time in Getting Down to Non-Partisan and Constructive Work.

Peking, August 1.—Parliament was convened today. It was attended by 400 delegates, 100 more than was necessary for a quorum. President Li Yuan Hung, after taking the oath, addressed the legislators, urging them to immediately take up non-partisan and reconstructive work. The president, who was not accompanied by a police guard, wore European civilian attire. After hearing the president's speech parliament adjourned indefinitely. It probably will be reconvened within three weeks, if party differences can be reconciled.

COUNCIL AGAIN TURNS DOWN GRAIN ELEVATOR PROPOSAL

Mayor Hayes, Commissioner McLellan and Commissioner Fisher Feel They Should Have More Information Before Favoring Water Street Site — Other Business at Yesterday's Meeting.

The city fathers again turned down the proposal to have an elevator built here on the Water street site, still claiming that they had not sufficient information as to why the mill street location or the Long wharf site could not be used. It was intimated by Commissioner McLellan that he did not think the government knew themselves what would be done at the site and therefore could not tell the city commissioners what they intended to do. It was decided to build retaining walls on Chesley street, Canon street and the corner of Portland and Camden streets, bonds to be issued for the work.

The meeting was called to order at three o'clock with the Mayor in the chair and all the commissioners present. Public Works. The Commissioner of Public Works reported that he had made an examination of the property on Chesley street immediately beyond the rolling mill where the wooden retaining wall for a length of about 160 feet was falling and had found that the proposed purchase and filling in method of dealing with the matter would cost too much and would not give satisfactory results because of the narrowness of the river and the steep slope. He therefore again recommended the rebuilding of the wall, the construction to be of cement, the cost estimated at \$2,000 and the payment to be made from the proceeds of a bond issue.

He further reported that the stone retaining wall on Canon street at the property of Mr. George Fleming had partly fallen in on the lot (Mr. Fleming's garden) and other portions were in danger of falling, and recommended the rebuilding of this wall, construction to be of cement, cost about \$500 and payment from a bond issue. That he had found it necessary to reconstruct the retaining walls at the Hughes property, corner of Portland and Camden streets, without being able to ascertain the exact amount of work to be done, and that the cost, including sidewalk repairs, was to be made would be about \$500, and recommended that the payments for the three retaining walls, amounting to \$3,000 be made from one bond issue.

Water and Sewerage. The Commissioner of Water and Sewerage reported with reference to the tenders for cast iron pipe which were referred to him and the Commissioner of Finance and Public Affairs with power to act, that they had accepted the tender of Vroom & Arnold, it being the lowest, namely: 2,200 feet of 36 in. cast iron pipe at \$37.50 per ton; 2,000 feet of 30 in. cast iron pipe at \$39.00 per ton; 1,000 feet of 30 in. cast iron pipe at \$39.00 per ton, and recommended that their action be confirmed. Adopted.

Minor Matters. A communication from the park commissioners offering to let the city have a large barn for storage purposes provided they put a new roof on it was referred to the Commissioner of Public Works. A petition from the residents of Protection street west in regard to a sewer was referred to the Commissioner of Water and Sewerage. A communication was read from the residents of the south side of First street endorsing the stand of the council in not adopting the grade as outlined by the city engineer. On motion of Commissioner McLellan, seconded by Commissioner Russell, the amount of \$1,000 to provide for six new fire alarm boxes.

The Mayor referred to a returned soldier who was working for the city but had not yet been discharged and said that he had given orders that the amount of income tax charged against him be written off. It was suggested that the council hold a special session to deal with the question of taxing returned soldiers on income when they were partially disabled.

The Elevator Site. The question of the site for the proposed elevator was then introduced and Commissioner Wigmore moved, seconded by Commissioner Russell, that the council sanction the choice of the site as laid down by the engineers of the railway department and that the former motion declining to take any action on the matter be rescinded. Commissioner Fisher said he thought he should vote for what the people wanted irrespective of his personal feelings and he felt that the bulk of public opinion was against the Water street site. Commissioner McLellan said he was not satisfied, in spite of the fact that plans had been shown, that traffic by the building of the elevator at that place. They had been told in a general way of a passenger station to be built but had not been shown plans of the proposed structure and he did not see any reason to change his mind on the matter. Commissioners Wigmore and Russell said they stood just where they had on the first vote and considered they had stronger reasons than ever for voting for the Water street site. The Mayor said that some of the objections he had to the first proposal had been removed but not all and he did not feel that he could support the motion. The motion was then put without further discussion and lost by the deciding vote of the Mayor. Council then adjourned.

SCHOONER NOTES. The schooner Arthur Gibson, Captain Granville, arrived in New York Monday from Bridgewater, N S, with a cargo of lumber.

GRAND COUNCIL OF ROYAL ARCANUM IN ANNUAL SESSION

Thirty Members Gather in Fredericton for Sessions — Committees Chosen Yesterday.

Special to The Standard. Fredericton, August 1.—Grand Council of Royal Arcanum of the maritime provinces will open its annual session here tomorrow. Sessions will be held in the I. O. O. F. hall on Queen street, and the Barker House is to be headquarters for the grand council during its sessions in this city. About thirty members of Grand Council arrived here this evening and are at the Barker House, and a number of other delegates are expected to arrive here tomorrow. The executive committee is holding its first meeting this evening at the Barker House.

The following seasonal committees have been appointed:—Credentials, G. H. McAndrews, chairman; C. H. Perry and Hiram Goudy, Mileage and per diem, H. W. Newham, chairman; A. W. Moffatt and T. F. Francis; new business, H. H. Schaefer, chairman; F. A. Masters and W. M. Ferguson; Distribution, C. A. McLennan, chairman; George Watt and E. F. Hart.

OBITUARY.

Mrs. Mary A. Sherrard. Newcastle, Aug. 1.—Mrs. Mary Ann Sherrard, nee Mullin, widow of Thomas Sherrard, of Boom Road, died yesterday, after a two years' illness of paralysis, aged 67. Her husband died several years ago. Deceased was a native of Cassilla. One brother, Chas. Mullin, of Boom Road, and one sister, Mrs. John Cain, of Boom Road, survive, also the following step-children: Samuel Sherrard, Nelson Reserve; David, Boom Road; Allan, Superior, Wisconsin; Benj. Boom Road; Mrs. Fred. Whitney, Whiteville, and Mrs. Moses Whitney, Newcastle. Deceased belonged to the Presbyterian church, and the funeral will take place to St. Stephen's Presbyterian church, Redbank, this afternoon, at two o'clock.

Dr. Chas. W. Hewson. The many friends not only in Amherst but throughout the entire province will learn with deep regret of the death of Dr. Charles W. Hewson which took place yesterday morning at his residence, Amherst, at the advanced age of 72 years. Dr. Hewson, who spent the greater part of his medical career in and around Amherst, received his preliminary education at St. Joseph's and Mount Allison, afterwards graduating as a doctor from the University of Pennsylvania. Besides being an active member of the medical profession he took a deep interest in the growth and development of Cumberland County. He is survived by his second wife, and a daughter by his first marriage, Mrs. G. Chapman of this city. The funeral will be held on Thursday afternoon.

SHAMROCKS AND MAPLES IN SEVEN INNINGS TIE
 One of the Best Games of the Season in St. Peter's League Last Evening.
 The Shamrocks and Maples furnished one of the best games of the season on the St. Peter's grounds last night. They battled for seven innings and when the game was called at the end of that time on account of darkness the score was four all. Elliott was on the mound for the Shamrocks and had seven strikes out to his credit. He walked one man and hit two. O'Connor put them over for the Maples and he had the Shamrocks guessing until the fifth inning when they made five hits in a row which netted them three runs. A neat double play in the sixth by Boland and McGovern saved the Maples from defeat. The score by innings was:

SINGLE 6. SETS UP NEW RECORD FOR MILE PAGE ON MICHIGAN TRACK
 Kalamazoo, Mich., Aug. 1.—Single G won the free-for-all pace, feature of the Grand Circuit races, here this afternoon, and in doing so paced the fastest mile ever recorded during a race on a Michigan mile track. His time for the first mile was 2:00, while the average for the three heats comprising the contest was 2:00 2/3, making it the fastest three-heat race ever seen in Michigan.

OFFERS TO ROW DIBBLE 3 RACES IN SEPTEMBER
 Philadelphia, Aug. 1.—Johnny Kelly, the champion sculler of the Vesper Boat Club of this city, said today that he would accept, under certain conditions, yesterday's challenge of Robt. G. Dibble, the Canadian and American amateur champion, to row three races in September. Dibble, who is a lieutenant in the 18th Sportsman Battalion, at Camp Borden, Ont., wants to row Kelly at 1 1/2 miles, 1 1/2 and 3 miles.

MATCH RACE THIS EVENING.
 The owners and followers of the horses Victor and Bingen Light are not yet satisfied as to which is the better horse, and have made arrangements for a match race to take place on Hoosepath track this evening, starting at seven o'clock. The race will be mile heats instead of the half mile heats as on other occasions and the match is for fifty dollars a side. In addition to this event there will be a race for colts.

 The Shamrocks and Maples furnished one of the best games of the season on the St. Peter's grounds last night. They battled for seven innings and when the game was called at the end of that time on account of darkness the score was four all. Elliott was on the mound for the Shamrocks and had seven strikes out to his credit. He walked one man and hit two. O'Connor put them over for the Maples and he had the Shamrocks guessing until the fifth inning when they made five hits in a row which netted them three runs. A neat double play in the sixth by Boland and McGovern saved the Maples from defeat. The score by innings was:

SINGLE 6. SETS UP NEW RECORD FOR MILE PAGE ON MICHIGAN TRACK
 Kalamazoo, Mich., Aug. 1.—Single G won the free-for-all pace, feature of the Grand Circuit races, here this afternoon, and in doing so paced the fastest mile ever recorded during a race on a Michigan mile track. His time for the first mile was 2:00, while the average for the three heats comprising the contest was 2:00 2/3, making it the fastest three-heat race ever seen in Michigan.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

WALL ST. RECOVERS FROM LETHARGY OF RECENT SESSIONS

Union Pacific and U. S. Steel Led in Upward Movement.

MUNITIONS ALSO TOOK A SPURT

Bond Market Irregular with Less Activity in Anglo-French and New French Notes.

New York, Aug. 1.—Stocks made substantial and rather general recoveries today from their lethargy of recent sessions, under lead of investment issues, notably Union Pacific and United States Steel. The former made an extreme gain of 2 1/2 points, to 129 1/2, on very large dealings, and steel was in demand towards the close at 87, with individual transactions of 1,000 to 3,000 shares.

The excellent statements of earnings for June reported by leading lines, particularly the Pennsylvania system, was effective in stimulating speculative confidence. Other favorable factors included the decision to place Maxwell common and second preferred shares on dividend basis, and the declaration of a fixed rate of dividend on Studebaker.

Crop news was more reassuring, although further advices from the northwest leave little doubt of serious impairment to corn and wheat. This, however, found but little reflection in grain prices. St. Paul and Chicago and Northwestern, being firm to strong. Shares of eastern roads, including coalers and New Haven, were in better demand than recently. The only conspicuous exception in this group was Rock Island, which weakened in the final dealings. Missouri Pacific also manifested pressure.

Munitions and similar specialties made further advances on the placing of additional foreign contracts, with pronounced strength in United States, Industrial Alcohol, Baldwin and American Locomotives, Crucible Steel and shipping shares. Zinc stocks were in steady demand on the improvement shown by foreign markets, but copper were dull and without material change.

Total sales amounted to 335,000 shares. Pennsylvania eastern lines reported an increase in operating income for June of \$1,124,000, with a gain of \$637,000 on lines west of Pittsburgh, and Chicago and Northwestern increased \$90,000.

Remittance rates to Europe were virtually unaltered, but a better inquiry was reported for sterling bills and cables to Berlin. Bonds were irregular, with less activity in Anglo-French and the new French notes.

Total sales, par value, \$2,870,000.

LEGAL VICTORY FOR CANADIAN CAR

Suit for Alleged Breach of Contract to be Withdrawn—Will Release Large Orders Now in the Making.

Cincinnati, Aug. 1.—The litigation at Dayton, Ohio, growing out of the munitions of war contracts, between the Canadian Car and Foundry Co., of Montreal, and the Brownell Boiler Co., and the Platt Iron Works, based on alleged breach of contract, bids fair to be terminated.

Satisfactory arrangements, it is declared, have been made by the thirteen concerns in the Miami Valley at Dayton, and between Dayton and this city, to continue furnishing munition parts and complete the contracts, declared originally to amount to 700,000 shrapnel shells, and that other contracts have been included. The withdrawal of the suit will release hundreds of thousands of shells in process of making in the plants mentioned. This is considered a decided legal victory for the Canadian company.

LIFE COMPANIES TO TAKE BIG PORTION OF NEW WAR LOAN

Preparing to Subscribe Larger Amount than Last November when they Took About \$13,000,000.

Special to The Standard. Toronto, Aug. 1.—J. P. Weston, managing director of the Imperial Life, announced during the course of his address at the recent insurance agents' banquet at Hamilton, that the life insurance companies of Canada were preparing to subscribe a larger amount to the second war loan of September next than they did to the first loan in November last. The amount subscribed last time by the life insurance companies was about \$13,000,000.

CHICAGO GRAIN AND PRODUCE PRICES

(McDOUGALL & COWANS.) Chicago, Aug. 1.—Wheat—No. 2, red, new, 1.28 to 1.29 1/2; No. 3, red, new, 1.23 to 1.24 1/2; No. 2, hard, new, 1.24 to 1.25 1/2; No. 3, hard, new, 1.21 1/2 to 1.23 1/2.

Remainders to Europe were virtually unaltered, but a better inquiry was reported for sterling bills and cables to Berlin. Bonds were irregular, with less activity in Anglo-French and the new French notes.

TEMPORARY HALT IN SHELL MAKING IN DOMINION

As Result of Changes in Specifications of Steel Required.

Special to The Standard. Montreal, August 1.—An Ottawa despatch says:—"A halt in the manufacture of shells in Canada for the Allies has temporarily been called, as a result of changes in the specifications of the steel required, which have just been made by the Imperial authorities. The change is the requirement of steel of a higher tensile strength than had hitherto been specified."

It is believed locally that this order has reference to only a few companies which had commenced working on the larger class of shells now particularly in demand. It was thought highly unlikely that any change would be necessary in connection with the output of the smaller classes of shells which had given good satisfaction to the Imperial authorities.

Some of the companies which had entered the shell making field rather late and found it necessary to handle the larger classes of shells at the outset, are understood to have met with some difficulties which may have made it necessary to change the specifications.

BANK CLEARINGS SHOW INCREASE

For July were \$864,918,351, a Gain of 34 per cent. Over the Corresponding Month Last Year.

Special to The Standard. Montreal, August 1.—Bank clearings during July at twenty Canadian business centres show a volume of \$864,918,351, an increase over the same month a year ago of upwards of \$204,000,000, or approximately 25 per cent.

This marks the high record for banking operations in Canada, and has been attained without much aid from the stock market, which, in many times, adds materially to the volume of banking business, the past month having been the second quietest of the year in that connection.

E. & C. RANDOLPH NEW YORK MARKET

(McDOUGALL & COWANS.) New York, Aug. 1.—The market was dull again today but there was an exhibition of strength in some of the standard issues. Union Pacific and N. Y. C. were strong and Steel sold up to 87 before the close. R. I. and some of the motor stocks were weak.

PORCUPINE GOLD CAMP ESCAPED THE BIG FIRE

News Scarce Owing to Destruction of Wires, but General Belief is Camp Suffered Little.

Special to The Standard. Toronto, August 1.—Great difficulty is experienced by brokerage firms with wires in the north country in getting news down. It appears, however, from what little has come through, that the forest fires did little or no damage to the Porcupine Gold Camp. Full reports have not as yet been received, but the consensus of opinion is that the camp escaped the flames.

NEWS LETTER ON MONTREAL MARKET

(McDOUGALL & COWANS.) Montreal, Aug. 1.—Quietness again prevailed on the Montreal market; outside of Cement trading was very light and practically unchanged from the previous closing. There was considerable liquidation in Cement with little support in the market, and the stock reacted to 59, and was offered at the close at 58 1/2. Nova Scotia Steel sold up to 125 1/2 and sold off again to 125 at the close. This was fractional better than yesterday. Some investment buying was noted today in the bond department and amongst the preferred stocks. With the dullness now prevailing offerings of securities are light.

BANK OF MONTREAL

NOTICE is hereby given that a DIVIDEND OF TWO AND ONE-HALF PER CENT upon the paid up Capital Stock of this Institution has been declared for the three months ending 31st July, 1916, and that the same will be payable at its Banking House in this City, and at its Branches, on and after Friday the FIRST DAY OF SEPTEMBER next, to Shareholders of record of 31st July, 1916.

HARCOURT BOAT DROWNED AT MILLO, MAINE

Larry Oulton Loses His Life when Motor Boat Capsized after Striking a Rock.

Harcourt, July 31.—Mrs. Omer Lutz and little son are visiting relatives in Berry's Mills and Moncton.

Miss Mary Keavick of the hospital staff, Lynn, Mass., returned to that city to resume her duties, on Wednesday.

Much sympathy is expressed for Mr. and Mrs. John Oulton of Ford's Mills, who received the sad intelligence of the drowning of their son, Larry, in Millo, Maine, last week.

The young man was in a motor boat with a friend, when the boat suddenly struck a rock and capsized. They clung to the rock, which was only about twenty feet from the shore, then jumped in and tried to swim to the shore, but failed.

The other young man was rescued by parties on the shore but Mr. Oulton could not be found and his body was not recovered until thirty-six hours later.

The Misses Frites, of Moncton, who have been guests for the past week of Mrs. Douglas Barnes, have returned home.

Mr. and Mrs. Terrance MacWilliam of Bridgetown, N. S., and Messrs. Rankin and Harrison MacWilliam, of Ottawa, were called to their old home in Ford's Mills during the week owing to the serious illness of their mother. Many friends are glad to know Mrs. MacWilliam is slightly improved.

Mr. and Mrs. G. F. Ward, the Misses May and Mildred, and Master Earl Ward went to Eel River, Restigouche County, on Wednesday and attended the marriage of Mr. Hinson Ward and Miss May Henderson of that place. On their return on Thursday they were accompanied by Mr. and Mrs. Hinson Ward, who spent a few days at Mr. Ward's home here.

Mr. and Mrs. J. F. R. MacMichael and family of Newcastle, spent Monday in town.

Mrs. Clayton Martin of Moncton is a guest of Mrs. G. H. Martin. Mrs. Herbert Armstrong and son, Dwight, of Moncton, are spending the summer with Mrs. Armstrong's mother, Mrs. John Call.

Miss Nellie Myles, of St. John and Miss Edna Hayward of Riverside, were weekend guests at the home of Mr. and Mrs. S. M. Dunn.

Rev. R. W. Anglin of Windsor, N. S., was in town on Friday.

Miss Althea Wathen visited friends in Moncton and St. John last week, returning on Thursday.

Frank and Ralph MacMichael, of Newcastle, are visiting their uncle, Mr. H. A. MacMichael.

Mrs. Harry Myles and daughters, Effie and Frances, of Campbellton, arrived on Saturday and will spend some time with Mrs. Miller's parents, Mr. and Mrs. A. Macintosh.

The Misses Jean Campbell and Florence Russell of Millerton, were weekend guests of Miss Bertha Baxter.

Miss Helen Clark entertained very pleasantly on Friday evening in honor of her guest, Miss Alice Clark of Hampton.

Miss Kate Saunders of Millerton was a weekend guest of Mrs. W. W. Cummings.

Mrs. A. L. MacMichael is visiting her son, Mr. Moody MacMichael, West Branch.

Miss Grace Bailey of Waltham, Mass., arrived on Monday and will spend some weeks with her mother, Mrs. Geo. Bailey.

NEWCASTLE SOLDIER ESCAPES DEATH BY NARROW MARGIN

Sgt. J. A. Ingram Slightly Wounded while Companions Sitting Next Him were Killed Instantly.

Newcastle, Aug. 1.—The following letter from Sgt. J. Alex. Ingram, in hospital at Boulogne, was received by his sister here yesterday:

"Dear Mamma: Wednesday, July 12. "Just a line today to let you know I am real well. I got a slight wound on Sunday night, just a piece of shrapnel on the top of the head, but I am all better now and expect to get back to the battery in a few days.

"They just happened to knock our gun pit in on top of us, and I was buried up for about five minutes but do not feel any the worse for it. Two of our boys sitting right next to me were killed outright and that made me feel worse than anything. One of them was from St. John, and knew Uncle Charlie well. His name was George Todd.

"Now I don't want you to worry any over me, for I think I have been pretty lucky, being out here seventeen months without a scratch. I hope you all are well at home and hope to hear from you real soon, and I will write soon again.

"With lots of love to all, "I remain, your loving brother, "ALEX."

A cable received from Shorecliffe, Eng., informs J. D. Craghan that his son, Lt. T. C. Craghan, is back from France on a two weeks' leave and is visiting his sister, Mrs. (Capt.) D. K. Hazen.

Rev. M. S. Richardson, who has been the Baptist pastor here two years, with much acceptance and success, farewell Sunday night and removed yesterday to West Jeddore, N. S., where he will take care of his aged parents. His congregations at Lower Dobby and Newcastle each presented him with an address and a purse of gold.

Little Boy Nine Months Old HAD DYSENTERY

Dysentery is one of the worst forms of bowel complaint. The pains in the bowels become intense, the discharges occur in great rapidity, and are often accompanied by blood, and the sufferer becomes very weak and languid.

Unless these discharges are checked, death may ensue in a very short time.

There is only one remedy to use in all cases of dysentery, and that is Dr. Fowler's Extract of Wild Strawberry. It will cure when all other remedies fail.

Mrs. J. Leslie McKee, Redvers, Sask., writes: "I used Dr. Fowler's Extract of Wild Strawberry for my little boy when he was about nine months old. He was awfully bad with dysentery. I had not laid him down for three days and nights, only when his father took him for a few minutes. He had both the diarrhoea and vomiting. I had tried everything, until my husband got Dr. Fowler's, and three doses cured him."

Dr. Fowler's Extract of Wild Strawberry is the remedy you want. Don't take any other when you ask for it. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont. Price 35c.

THE POLICE COURT. In the police court yesterday a case against Donald Sharpe, charged with obtaining money under false pretences, was settled.

After some evidence had been taken in the case where Richard McLean, teamster, is charged with running into Wm. Saunders, the matter was adjourned for a week.

Two drunks were remanded.

MEMORIAL SERVICE FOR P.T.E. SECORD

Impressive Service in Church of Ascension, Apohaqui, in Memory of King's County Lad who Died for Empire.

Apohaqui, N. B., July 31.—One of the most impressive services that the people of Apohaqui and vicinity ever witnessed was held in the Church of Ascension at three o'clock Sunday afternoon. It being the memorial service of the late (Corporal) Ralph Nelson Secord, only son of Mr. and Mrs. James S. Secord of this place, who recently gave up his life on the field of battle in France.

The beautiful church which had been suitably trimmed and decorated with flags and banners of the Allied nations and the chancel banked with potted plants and cut flowers presented a very beautiful and striking appearance.

The Rev. Mansel Shewen, rector of the church, conducted the service and took as his text, "Greater love hath no man than this: that he lay down his own life for his friend."

The reverend gentleman preached a most impressive sermon and during his discourse a number of mothers in the congregation who have their sons serving at the front were so affected that it was necessary for them to retire from the church. Mr. Shewen paid a deserving tribute to the noble character and the high ambitions of the deceased hero, and also spoke of the distinct loss to the church and community in which he lived.

The choir under the efficient leadership of Miss Nellie Versey rendered the following hymns: "My God, My Father While I Stray; There is a Green Hill Far Away; Abide With Me; Holy Father in Thy Mercy. At the close of the service the Dead March was rendered by the organist, Miss Versey. This was followed by the singing of the National Anthem.

"Which is which—"What is what?" and "Who is who" are all answered best on the REMINGTON TYPE WRITER. A. Milne Fraser, Jas. A. Little, Msr., 37 Dock street, St. John, N. B.

Dr. Chase's Kidney-Liver Pills

Sealed bids or proposals marked "Proposal for Marsh Road Improvement," will be received at the office of Public Works, Fredericton, N. B., until Tuesday, the 8th day of August, 1916, at noon for re-building and improving the Marsh Road, Parish of Simonds, Saint John County, N. B.

Each bid must be accompanied by a Certified Bank Cheque or cash for the sum of Five Thousand Dollars (\$5,000) which will be forfeited if the party bidding declines to enter into contract when called upon.

PROCLAMATION Mayor's Office, St. John, N. B., Canada, 28th July 1916.

PROCLAMATION made by His Honor Lieutenant Governor Wood requiring the assembling together on August 4 of the loyal citizens of the Province of New Brunswick for the purpose of passing a resolution approved of by the Central Committee for National Patriotic Organizations, and enjoining upon them that in view of the gravity of the situation and the solemnity of the occasion, the day be also observed by holding meetings of a religious and intercessory, as well as patriotic character.

P. G. MAHONEY, Minister of Public Works, Fredericton, N. B., August 1st, 1916.

TO ALL WHOM IT MAY CONCERN: Notice is hereby given that authority has been granted by the Lieutenant Governor in Council of the Province of New Brunswick, to the Common Council of the City of Saint John, to prepare a Town-Planning Scheme, in accordance with the provisions of the Act of Assembly 2 of George 5, Chap. 18, Intituled "An Act Relating to Town-Planning."

A copy of the Order in Council giving such authority, and a Map showing the area for which authority is prepared, is on file in the office of the Common Council of the City of Saint John, between the hours of ten and twelve in the forenoon, of any week-day, and between the hours of two and five in the afternoon of any week-day except Saturday; and provision has been made for furnishing any necessary information or explanation with reference thereto.

The Common Council of the City of Saint John, under the authority granted, proposes to prepare a Town-Planning Scheme, and has appointed a Commission for that purpose. Any person interested or affected and desiring to be heard with reference to the proposed scheme should give Notice in writing to the Common Clerk of the City of Saint John, within twenty-one days from the date of this Notice.

All owners of Land within the area for which authority has been granted as above, are requested to send their names stating the location and extent of property held, to Mr. A. H. Wetmore, Secretary of the Saint John City Town-Planning Commission.

Dated at Saint John, N. B., the twelfth day of July, A. D. 1916. HERBERT E. WARDROPER, Common Clerk.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS. The sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader who within ninety miles of his homestead on a farm of at least 80 acres, on certain conditions, a habitable house is required, except where residence is performed in the vicinity.

Live stock may be substituted for cultivation under certain conditions. In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$5.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent and 90 acres' cultivation. Pre-emption patent may be obtained on a homestead patent, on certain conditions.

A settler who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$10 per acre for 80 acres, on certain conditions. In each of three years, cultivate 50 acres and erect a habitable house.

Deputy of Minister of Interior, N. B.—Unauthorized publication of this advertisement will not be paid for.—4438.

THE NEW FRENCH REMEDY, No. 1, No. 2, No. 3. KIDNEY, Bladder, and Allied Diseases, Piles, etc. Send stamped address enclosing 10c for full particulars and a free trial bottle in your own name.

TODAY'S LITTLE JOKE.

He Knew.

Billy who had been having trouble with his cousin Ralph, came into the house, and his mother knowing nothing of the trouble, said: "Billy, what would you like to give your cousin Ralph for his birthday?"

"I know what I would like to give him," said Billy, savagely, "but I'm not big enough."

Birthday Greetings.

Uncle Dick wishes many happy returns to the following kiddies who will be celebrating their birthdays today:

Willie Killam, 67 High street city.

Myra Violet Smith, Sussex.

Sent His Picture.

Avonmore, Kings Co.

Dear Uncle Dick:

It has been a long time since I have written you. I have been finishing up the end of the school term, and have been helping around the farm. My father is in the 104th Battalion, but he is in Shorncliffe, England now. Before he went away he bought me this suit, khaki, and I had my picture taken in it, and I am sending it to you.

Well as my letter is getting long I will close.

From HEDLEY A. SCHOFIELD.

Having a Dandy Time.

Wickham, Queens Co., N. B.

R. F. D. No. 1.

Dear Uncle Dick:

I received your letter the other night and was very glad to hear from you. I am sending in this week's contest.

You asked me in your letter to call me when I am in the city. I will if I am able and have time.

You also wanted to know if I got the Uncle Dick Button. Yes, I did, and was very much surprised when I came home one morning and Lawler Baird gave it to me. I was wearing it on my coat, and one day I lost it but fortunately I found it again. I guess this is the first time I have worn it since school stopped; if I don't do better than that I won't know how to write anything by the time that school starts.

I am waiting patiently for the last of July to come, my little friend Edna. Ed is coming to the country to stay a while. Her and I have great fun together. We play croquet nearly all the time when she is here. But this summer we have a dandy swing. My father made it for me. It is on a big oak tree. It is made of chain. I can make it lower or higher whenever I want to. We had the swing last year but we could not swing on it because there was a hornet's nest on the limb of the tree that the swing was on and they would try and bite us.

Well Uncle Dick, I guess I will have to close for this time.

With best wishes,

From your niece, NELLIE V. ERBB.

Would Love to Get Camera.

Advocate Harbor.

Dear Uncle Dick:

I have not entered the contest for quite a while, so I guess I will try the coloring and story contest. I haven't got the right colors for the contest, but I will do the best I can. I hope I will win a prize, for I would just love to have a camera. Thank you very much for the graded ink, it was very nice. I have graded ink, I will close now. Hope to be successful.

MARION L. SMITH.

Sent Card to Cripple Girl.

Hampton, N. B.

Dear Uncle Dick:

I thought I would write to you to tell you that I am trying the painting and story contest. I have graded ink, and you some riddles and a card for Muriel Humphreys.

The raspberries are ripe now, my brother Ivan and I picked enough for tea yesterday.

I think I will close now. With best wishes to yourself and the Corrier, from

Your loving niece, MARY HOYT.

Wrote Nice Story.

Advocate.

Dear Uncle Dick:

I did not have very good success with my contest so I am going to try this one. I think this picture is a wondrous taking the thorn from the lion's paw, and I am writing the story about it. I read it a long time ago. Hoping I will get the prize, I am,

Your niece, HAZEL.

Has Pet Dog.

Waterside.

Dear Uncle Dick:

I would like to join the Children's Corner, I am twelve years old. I live in Corner, I am twelve years old. I live in beach which I enjoy very much. I have a pet dog and I take him out on a walk every day; he goes into the water and has a good bath and he thanks me in many ways for my kindness to him. Now I trust I will be lucky enough to win the nice camera.

Yours sincerely, Clemeth James Cairnes.

Once I remarked what character-

istic hands a certain actor had. The person I spoke to said: "Hands! Why, I never look at people's hands." According to Stuart Holmes, hands are well worth studying.

"Hands," by Stuart Holmes.

"Watching your step in the movies is not half so important as watching your hands," is the pronouncement of Stuart Holmes, the screen's most sinister star, who has broken up families, and torn apart hearts--or vice versa--by the most by-play of his fingers, in the movies.

"The hand is quicker than the eye, and in my opinion, more villainous than the eye. Motion picture actors and actresses today are relying entirely too much on facial expressions and flashes from the eye to register the various emotions. They are neglecting the hand, and the inevitable result is that their terminal facilities betray them."

"The hands, as well as the face, can express sadness, madness, gladness, or badness, if you'll only give them the chance. I have seen dozens of instances where the actor has extended his arm with his index finger pointing ferociously toward the door, and his hand quivering indignantly at the poor heroine. But the other hand--oh, that other hand! Half the time it hangs along his side in the most limp, listless and dejected fashion."

"You recall the old proverb about not letting your right hand know what the left is doing? That's what it reminds me of. My colleagues don't appreciate sufficiently the importance of the hand in getting across to the audience the particular state of mind they wish to convey. Why, I'll wager that fifty per cent. of the work before the Cooper-Hewitts calls for hand action, ranging all the way from a snap of the fingers to a blow of the fist."

"Considering that there are only twenty-seven bones in the hand, it is remarkable to see how histrionic they can be. They certainly are the first aid to the young thespian. It was not for nothing that Sir Charles Bell, the famous Scotch anatomist, called it the consummation of all perfection as an instrument."

"I have studied the hand to help me portray the diabolical, dress suited demon of the movies, just as I have studied the proper and most villainous way of twirling the moustache and flicking the ash from the cigarette. There are five classes of hands, in the physical sense: Idealistic, delicate with long pointed fingers; realistic, short square fingers; energetic, spate-like fingers; philosophic, rough fingers flouted at the points; and the mixed."

"Open hands indicate garrulity; clenched hands, determination; hands at the side straight with the fingers half bent toward the palm mean prudence; limp, dangling hands, listlessness; and so on."

"A good actor can make his hands as eloquent as his mouth on any occasion. In 'Julius Caesar,' when Cassius strikes the immortal Roman, he cried: 'Speak, hands, for me.'"

"Long live the scaphoid, the semilunar, and the trapezium--all bones in hand, you know."

"Here's my motto: A bone in the hand is worth two of the head."

DON'TS FOR SUMMER.

From the Toronto Health Bulletin have been taken the following seasonable "Don'ts":

Don't sit for dirty milk.

Don't keep thinking of business--leave it behind at the Union Station.

Don't try to crowd too much into your holidays. A holiday should be a rest and a chance, not an athletic endurance test.

Don't be too eager to get a good coat of tan and get a good sun-burn instead.

Don't go in a canoe if you cannot swim.

Don't go into cold water or for long swims unless your circulation is good.

Don't stay awake nights awaiting

mosquitoes if a gallon of coal oil would

out them off in their tender youth. Don't eat too much meat during hot weather--fresh fish is much better. Vegetables and fruit are supplied by nature for hot weather and should replace meat to a great extent in your diet.

Don't scratch mosquito bites or the bites of other insects. The scratching irritates the skin and causes considerable swelling and soreness. The same advice applies to the little blisters caused by poison ivy. Scratching may produce infection, and in the case of poison ivy may spread the oil which is causing the trouble.

Lady Butler, who as Elizabeth

Thompson became famous for her great picture, "The Roll Call," is to paint a picture of the brilliant charge of the Dorset Fusiliers against the Semaut, to be hung in the Shire Hall at Dorchester.

A new play is to be given by the Bonstelle Stock company in Detroit. A prize of \$25 was offered for a title to the piece. The contest closed July 22. The play is a comedy by Mr. Owen Davis.

ALICE FAIRWEATHER.

BIG NEW BILL AT IMPERIAL TONIGHT.

"The Spell of the Yukon," today's feature at Imperial Theatre, is a Metro wonderplay, directed by the eminent stage expert, Burton King, and produced by Popular Plays and Players Inc., one of the Metro group. It is a picture of very recent issue, which means it has kept pace with the most elaborate pictorial productions of the hour and surpassing, if anything, the high quality set by this great corporation of late. Edmund Breeze, who has made such an impression in his portrayals of characters belonging to Robert W. Service's poems of the North, reaches a high altitude in his dramatic career in this picture. His co-star is Christine Mayo, a player well-known to Broadway and one who will no doubt be very acceptable to St. John people. The third instalment of the Imperial's new scenic tour, "Siberia, the Vast Unknown," will take watchers past the ice-clogged Behring Straits to the Russian colony and show how the people live and what they live upon. The "Mr. Jack" comedies will be resumed with "Mr. Jack Enters Upon a Business Career."

HOPEWELL HILL

Hopewell Hill, August 1--Mr. and Mrs. Carl Fraser, of Moncton, visited Albert last week.

Miss Kathleen Prescott returned last week from a two months' visit in New York, motoring here with

James Gross and family, with whom she has been staying.

Lieutenant Palmer, who is in charge of the eighteen soldiers of the 14th, who are drilling at Alma, marched with his company to Albert, a distance of 18 miles, on Thursday, returning on Friday.

Mrs. Elizabeth Hammond, of Boston, underwent a successful operation at the Riverside hospital last week.

Miss Laura Bray, of Boston, is visiting her brother, C. H. Bray and Mrs. Bray, Riverside.

Miss Frances E. Rogers has returned from a trip to Dorchester and Petticoat.

Mr. and Mrs. Spurzon Starratt, of Dorchester, spent Sunday with relatives here.

Mrs. Carrie Hoar and son Robert, of Allison, spent the week-end with relatives, returning yesterday to their home.

A memorial service will be held on Sunday morning next in the Methodist church for Private Clyde E. Newcomb, a member of the signalling section of the 26th Battalion, who was killed in action on July 14th "Somewhere in Belgium," dying with his face to the foe. With the exception of a week's furlough spent in England and Scotland, he had been on active duty since reaching the firing line, and was greatly beloved by all with whom he came in contact, both at home and overseas, his sterling qualities being recognized by all. He was 24 years of age in March, and had been a member of the Methodist church and choir for some years previous to enlisting, and of the two temperance societies in the village. Great sympathy is felt for his widowed mother, Mrs. Ella Newcomb; his sister, Miss Minnie, and two brothers, Everett and Albert. An aged grand mother, Mrs. Robert Newcomb, with whom he was a great favorite, also survives, and a large number of relatives. A letter of condolence has been received from A. Gibson, one of the signalling section, also from the chaplain, who was present at the funeral with battalion officers and men. He was buried in a quiet country place in a soldier's grave yard somewhere in Belgium.

Mr. and Mrs. James Pales are rejoicing in the advent of a son.

Twenty-five dollars was raised by the Patriotic League on Saturday evening at a concert held in the public hall.

"THE SPELL OF THE YUKON"

Tremendously Powerful Drama of the North

Introducing the Greatest Delinctor of Northern Life on the Stage or in Pictures

EDMUND BREESE

Supported by Christine Mayo, Arthur Hoops and Star Cast.

ROBERT W. SERVICE'S vital verses of the Yukon have electrified Imperial patrons several times already in their pictorial presentation. In most instances Mr. Breeze has played the leading role. Today he again puts flesh and blood into the Canadian poet's intensely human and dramatic writings--a class of picture growing more and more popular with our people.

Companion Picture to "The Shooting of Dan McGrew."

NEW BRUNSWICK SENT 8,405 MEN IN KHAKI DURING YEAR

Figures from January 1st to July 29th Make Excellent Showing—St. John Contributed Its Share.

The total number of recruits for the province for the month of July was 527, of this number 234 are credited to St. John, nearly a half of the total enlistment. The total for the year-to date is 8,405, of which number St. John has contributed 2,188, or a little better than twenty-five per cent. They have been enlisted for the following units: 104th, 115th, 122nd, 140th, 145th, 165th, 236th, 237th, No. 4 Pioneer Battalion, No. 1 Construction Battalion, 58th Battery, 65th Battery, 3rd C. G. A., 62nd Regiment for home defense. Following is the tabulated statement.

Recruiting Centres.	No. to July 29.	Total for year.
St. John	234	2,188
Kings	11	238
Queens-Sunbury	22	214

TWENTY-ONE STANDARD MEN IN KHAKI NOW

Two More Resigned Yesterday from Jim Gaulton and Dan Heywood.

Letters were received yesterday by members of the Standard staff from two of their fellow employees who for many months have been doing their bit at the front, but unfortunately are at present in hospital.

James Gaulton, better known about the Standard as "Little Jim," writes that he has been suffering with influenza but is coming about all right and expects to return to the firing line in a short time. Private Gaulton left St. John over a year ago and the present is the first time he has been obliged to leave the front.

The other letter is from Dan Heywood of the R. C. R., who is in hospital in England, being treated for injuries received while in action. Dan states that in the hospital where he is being treated there are a large number of men from Australia and Canada and he took the opportunity of sharing cigarettes sent to him. He is now able to walk about for a few hours each day and is getting stronger as the days pass, and hopes to get back to the firing line and aid in the finish of the enemy.

Two more members of the Standard staff resigned yesterday and enlisted for overseas duty. They are Gordon Scott, who has enlisted with the 236th Kilties, and Harry Ellis, who has joined the 115th. Both young men are connected with the circulation department of this paper, and by their enlisting they bring the total up to twenty-one Standard employees who have been accepted as such and have rallied to the colors. Of the number who have already been on the firing line five have been wounded, one of these, Lieut. J. Edgar March, of the Dominion City editor, has been wounded on two occasions, but expects to get about shortly and reach the firing line for the third time.

Fight Fire with Pyrene

Are YOU prepared for Fire? You never know when or where it will break out, this very unexpectedness making more terrible the danger to life and property.

The VITAL TIME in the life of a Fire is the few minutes between the discovery and the arrival of the firemen. It is at this VITAL TIME that YOU can do more to save your property than the entire fire brigade can accomplish five minutes later, if you use

PYRENE

the Only Practical Method of Fire Protection, for it conquers Fires from any origin, anywhere, above and below, in their incipient stages, the "Pyrene Gas Blanket," smothering the flames. PYRENE is a liquid combination which is used in a light, strong, double-acting pump, will not injure the finest fabrics, and can be used by anyone.

Market Square - W. H. THORNE & CO., LTD. - King Street

Around the City

Vest Found.
A vest found on Main street and handed to Serjt. Smith can be had at the North End police station.

Dominion Savings Bank.
During the month of July \$59,245.33 was deposited in the Dominion Savings Bank, Princess street, the withdrawals totalling \$77,687.25.

S. O. E. Bennett Society.
The meetings of the Supreme Lodge of the Sons of England Benefit Society, to be held from August 8 to 11, will be attended by three delegates from St. John: T. H. Carter, S. H. Belyea and H. H. Barker.

P. O. Weighing and Postage.
The St. John postal authorities have instructed stamp vendors to discontinue weighing postal matter. Information as to weight of articles and the amount required for postage will now be obtainable at the general delivery window.

Announcement.
Mr. and Mrs. J. J. Duff of Lower Coverdale, Albert county, announce the engagement of their daughter, Olivia R., to Mr. Alvin W. B. Kenzie, a prosperous farmer of Charlevoix, N. B. The wedding will take place in September.

To Wed at Early Date.
Mr. and Mrs. Beverly Vincent of 22 Millidge Ave. wish to announce the engagement of their daughter, Lena May, now of Providence, R. I., to Walter Moore Vincent of Dorchester, Mass. The wedding will take place at an early date.

St. John County Hospital.
At a meeting of the Hospital Commissioners held in the office of the county secretary yesterday morning several matters were discussed respecting the advisability of increasing accommodation for patients in the St. John County Hospital. The matter will be brought forward at another meeting.

A Masquerader.
A white man with his face blackened and attired in a very funny costume amused many persons last night as he rode about the city on a street car. He had nothing to say and the other passengers on the car are yet at a loss to know why he was masquerading.

No Infantile Paralysis.
During the past several days numerous reports have been circulated in the city that infantile paralysis had been discovered here. The Standard last night called up Dr. G. G. Melvin to find out if there was any truth in the reports. Dr. Melvin emphatically stated that such was not the case, adding that he would certainly have been informed by the attending physician.

Saved from Drowning.
Mrs. Ada V. Tuohy, wife of George V. Tuohy, the wrestling promoter, made a gallant rescue on Monday at Lake Quinsigamond, Worcester, Mass., when she jumped into the water and saved from drowning Miss Alice Childs of Worcester, and Miss Margaret Walsh of Montreal. Miss Walsh is a daughter of Captain John Walsh, the marine superintendent of the Canadian Pacific Steamship Company.

Unruly Brothers.
Robt. Stephens and Ward Stephens, who are said to be brothers, imbibed too freely last evening, with result that they got into serious trouble. About nine o'clock they started in to take charge of a section of Brussels street and had just finished smashing the glass in Richard Caples' saloon on that street when they were taken into custody by Police Constable Lindsay. The two are husky young men and had only started in to make things interesting for the officer when Constables Fuller and Hayes with Inspector Wickham arrived and the unruly prisoners were given a free ride to headquarters in the patrol wagon. In addition to the charge of being drunk, violently resisting arrest, and doing willful damage to property, Robert Stephens will have to face the charge of using obscene language.

EIGHT MEN ON ROLL OF HONOR YESTERDAY

Fair Day in Local Recruiting—Inspecting Officer Well Pleased—Military Notes.

ROLL OF HONOR.

- James A. Cummings, Grand Falls.
- Joseph Hobbs, St. John.
- For No. 1 Construction Batt.
- Harry Ellis, St. John.
- For 140th Battalion.
- One for No. 3 Migs. Battery who did not wish his name given.
- Fred Damon, St. Stephen.
- Scott Jones, Centreville.
- William Tracey, St. John.
- Walter Hamm, Annapolis, N.S.
- For the 62nd for home defense.

Eight men visited the recruiting office yesterday, signed the roll of honor and are going to do their bit for their King and Country. Four of them overseas and four at home.

Capt. P. F. assumed his new duties as recruiting officer for St. John yesterday.

Inspecting Officer Pleased.

Lieut. Col. Grant of the headquarters staff, Halifax, inspected the detachment camp on Partridge Island, No. 9 Siege Battery and No. 8 Field Ambulance Depot, yesterday, and was very much pleased with the conditions found at all these places.

At the Parks Home he found the men happy and contented and was especially struck with the interest they are taking in vocational work and the rapid progress some of them have made. The Siege Battery he found to be well along with their work and the quarters were in first class condition. He was particularly pleased with the showing made by the men of No. 8 Field Ambulance. He found 59 men waiting for him and he said he never saw better specimens of the human family and he congratulated those in charge on the way the men went through their drill.

It is understood that when Major Corbett returns to take command of No. 8 Field Ambulance Depot he will be given the rank of Lieut. Colonel. He will have with him Major Skinner, who has resigned his position as senior medical officer of the province in order to go overseas. Major W. H. Irvine of Fredericton and Capt. Jack McCarty, who is at present in Halifax. Major Bishop, who has been noted O. C. of No. 8, in addition to his work as O. C. of the Military Hospital, is looking forward to an appointment in the next medical unit from this province.

Military Notes.

Capt. McVeagh, who has been in St. John for some days, will leave for Alton today where he has been attached for duty.

Capt. Loggie, who has been in charge of the Parks Home, has been appointed senior medical officer for New Brunswick, in succession to Major Skinner, who is going overseas. The Military Hospital will be inspected today at 10 a. m. by the O. C. New Brunswick command and his staff.

W. H. Price has been appointed deputy recruiting officer for the county of Westmorland with headquarters at Moncton.

Pte. C. C. McCully, who enlisted with the 12th Battalion, and was afterwards transferred to the 14th, is being brought home to take a commission in the 145th.

St. Stephen will observe the second

second anniversary of the declaration of war on August 3rd instead of the 4th.

It is planned to have a big patriotic demonstration and public meeting. The speakers will be Rev. (Capt.) G. M. Campbell and Lieut. Col. Guthrie. The pipe band of the Kilties will be there and supply music.

The Special Companies.

The following further instructions have been received by the O. C. New Brunswick troops in regard to the special companies to be recruited and attached to the junior battalions of men who are not quite capable of passing the medical examination for overseas service:

Sir,—With further reference to circular telegram of the 19th inst., concerning the transfer to a junior C.E.F. battalion in your command of men of good character with minor physical disabilities to be employed on guard duty or as military police, or for clerical or other work, you will now find enclosed, copy of instructions concerning medical requirements for men transferred to the special companies of such battalions or who may be enlisted in the same.

(2) It is not desired that men should be employed on such special service who are not fully capable of performing the work to which they may be allotted and of earning the pay and allowances to which they will receive.

(3) You are requested to report to headquarters the designation of the junior overseas battalions to which such men have been allotted, and to report weekly to headquarters the strength of such special service companies, and the duty on which its members are employed; it being the intention as soon as sufficient men have been obtained and have received such medical training, to utilize them for all special service work in Canada, thereby releasing all those who are physically fit for overseas.

(4) It is expected that special service battalions will shortly be authorized of which the special companies above referred to will form part.

GREATER PUBLICITY SOUGHT FOR CLAIMS OF SAILORS' RELIEF

Contributions to British Sailors' Fund have not yet been as large as desired by Executive.

At the meeting of the executive of the British Sailors' Relief Fund, held yesterday afternoon in the Board of Trade rooms, with J. A. Ekeley in the chair, after matters of routine had been disposed of, the secretary, R. E. Aronson, said that the Mayor, as treasurer of the fund, had been getting answers to the circulars sent out explaining the objects of the fund.

T. H. Estabrook expressed the view that the claims of the fund could be made more prominent by getting the newspapers to keep the matter before the public as a live subject of the greatest interest to all, seeing that the British navy has enlisted the friends of the Dominion to go on practically undisturbed. He pointed out that, after all, only about \$10,000 was sought from New Brunswick. He thought that subscriptions so far, had been made only impulsively, without a realization of the merits of the case.

M. E. Agar agreed that the project is one requiring boosting of a genuine kind. He suggested editorial writing in the newspapers, and the sending of reminders to those who have not responded to circulars addressed to them. "Let the papers get hold of this," he said, "and then there will be results."

It was finally agreed that a committee consisting of Messrs. Estabrook, Agar and Ekeley should interview the editors of the newspapers in the city to secure their co-operation in bringing to a successful issue the claims put forward on behalf of the Sailors' Fund.

A TWO DAYS' MEET.

Fifteen fast horses arrived at Moosepath track early this morning from Moncton to take part in the races to be held on the track next Friday and Saturday afternoons. In addition to these horses four will arrive from Fredericton today, and two from Calais, Me. Among the well known fast ones that will start in the two days' meet are: Bob Mac, the winner of the free for all in Moncton; Lapolis, 2:09 1/4; Lella Burns, 2:13 1/4; James K. Newby, 2:13 1/2; Game of Chance, Lottie Smoke and Orwell Bell. The track is in the very best of condition and it is expected that each heat will be a horse race from start to finish.

Cundry's has just made a large addition to their fine stock of Pendants and Necklets. Unquestionably this line is the only rival to the popular wrist watch for public favor. The small inexpensive pendant has had a steady growth as a fashionable ornament.

PERSONAL

Mrs. Arthur H. Hayes, Bloomfield, will receive for the first time since her marriage on Wednesday and Thursday afternoons, August 2nd and 3rd.

Rev. Alfred E. McGinley and daughter, Ethel, left last evening by the Maritime Express to visit Mrs. McGinley's mother, Mrs. J. G. Bradley, "Red Mill," Three Rivers, Quebec.

Misses Irene and Marion Burke of Montreal are home on a visit to their parents, Mr. and Mrs. Dennis Burke, of Main street, North End, for a few weeks.

Hon. J. D. Hasen and Mrs. Hasen, and Dr. and Mrs. Gibson of Ottawa, arrived in Fredericton from St. John yesterday afternoon by auto. They are at the Barker House.

J. E. Edgett of M.R.A.'s wholesale buying staff, and C. E. Lowe, one of the retail buyers for this firm, have left for New York and will sail next Saturday for Liverpool to visit the English markets.

Rev. Joseph McLaughlin, C.S.S.R., Toronto, son of William McLaughlin, Brussels street, arrived at noon yesterday. Last evening he entered on a ten day retreat at St. Peter's rectory.

Captain George Price and Mrs. Price, of New York, arrived in the city yesterday to spend a few weeks visiting friends and renewing old acquaintances. Captain Price is a former West End boy, and a son of the late George Price, of Paris Crew fame. Captain Price now holds the responsible position of superintendent of a large steamship company in New York.

The 104th.

A report in an evening paper credited Lieut. Col. Fowler with the statement that the 104th would go to the front as a unit. The Standard was asked last night to say that Col. Fowler never made the statement. The only announcement of this nature was made by General Sir Sam Hughes when he inspected the 104th at Sussex who said he would use all his influence to have them sent to the front as a unit as they were so efficient in their work.

Victoria "Wet Wash" Laundry is the best—they cleanse the clothes thoroughly. 7 to 10 Pitt street, Phone 399.
