INTERNATIONAL LABOR CONGRESS DOWN TO WORK

Organizing Committee Has Prepared a Draft Convention for a Forty-Eight Hour Week.

DIFFERS FROM EIGHT HOUR DAY

The New Plan Allows Elasticity in the Arrangements of Hours of Work.

Washington, D. C., Nov. 3.—(By The Standard Press)—The organizing committee of the International Labor Conference, has prepared a draft convention for a forty-eight hour week. It is proposed that the provisions of the draft convention, which will probably come before the conference tomorrow, shall be brought into force at a date later than July 1, 1921. One draft embodies the principals of the forty-eight hour week, rather than that of the eight hour day, for two reasons, according to the committee.

First, it allows elasticity in the arrangements of the hours of work and facilitates the adoption of a half holiday or even a whole holiday, on Saturday, or some other day of the week by enabling a longer period, than eight hours to be worked on other days. Secondly, it bases the principle of an eight hour day by itself does not. Special provision is made for certain specified industries where a forty-eight hour week may be extended to fifty-six in the week on the average. In others it may be extended to sixty.

In certain industries overtime for not more than one hundred and fifty hours in the year may be worked with the provision that the worker shall receive overtime pay at least twenty-five per cent. higher than normal pay. In other industries overtime, it is proposed, may be worked for not more than 150 hours in the year during the next five years and afterwards for not more than 100 hours per year. In these cases, too, overtime pay would be twenty-five per cent. over normal.

The committee adds the further suggestion that the administrative arrangements to be adopted in each country for enforced observance of the provisions of the convention will necessarily vary with the organization of the national administration, but there are certain rules which appear to be common to be essential in order to secure an effective supervision over the observance of the law. The chief of these is that the working times in each establishment shall be fixed and notified beforehand, and it shall be an offence against the law to employ anyone outside the time so fixed. Unless this is done it is almost impossible for the government inspectors to check the number of hours which are being worked in the establishment. Different times may be fixed for different branches of work or sets of men, though certain conditions will probably be needed to prevent evasion of the law by transference of men from one set to another, and in other ways.

GRAND ARMY OF CANADA FILES A PROTEST

Threaten to Withdraw Support from Union Government in Next Election.

Toronto, Ont., Nov. 3.—Formal protest against the action by the Dominion government regarding soldiers' gratuity, as reported in the press, has been made by Sir Robert Gordon by L. M. Montgomery, Dominion secretary of the Grand Army of Canada, in a letter addressed to the Premier today.

The letter claims that if the information given in the press is correct, the action of the government is contrary to the interests of the returned men, and it warns the premier that if this attitude of the government is maintained, the Grand Army of Canada will not support the Union government at the next election.

Labor Scores Success in Elections of Municipal Council

London, Nov. 3.—The Laborites have greatly strengthened their position in the municipal council according to the results announced today, although insufficient returns of the recent elections are available to permit of a comparison of parties. Apparently, throughout the country, the women candidates also have had a remarkable success, and have obtained a much larger representation on the councils than ever before.

VICTORY LOAN ARM OF 1919 HAS LONG REACH

Stretched Out Yesterday and Pulled Special Subscription of \$70,000 from Union Ins. Co. of China.

SPECIAL SUBSCRIPTIONS TOTAL \$94,884,000

Special Subscriptions for New Brunswick Have Reached About a Third of the Objective Set.

Toronto, Ont., Nov. 3.—The arm of the Victory Loan 1919 is long. Today it reached out to China and gathered in \$70,000 from the Union Insurance Company of Canton. This was the most interesting application of the day received here by the Dominion Special Subscriptions Committee. The cables collected it.

Administration senators, suggesting that the final vote be taken this week, indicated a purpose to defeat ratification by combining with the Treaty's irreconcilable opponents should the reservations adopted by the Foreign Relations Committee be written into the ratification resolution.

Whether the administration forces then could present an alternate resolution under Senate rules was brought into question by the Republican leaders, who predicted that even if such a resolution got consideration it, too, would be voted down.

An hour of debate on the subject got nowhere, and the Senate went back to its consideration of the Treaty amendments. It may reach a vote tomorrow on motion by Senator La Follette, Republicans, Wisconsin, to strike out the labor provisions and then, unless some new plan is devised to hasten action, other amendments, and a long list of proposed reservations will be taken up under the tedious rule of unlimited debate.

EMPLOYERS IN SPAIN INSTITUTE GENERAL LOCKOUT

The Lockout Went Into Effect Yesterday and is Expected to Bring the Labor Crisis to a Head.

Barcelona, Nov. 3.—The lockout threatened by the employers went into effect here today. The reports up to now showed it to be fairly general in scope. No disorders have been reported.

Madrid, Nov. 3.—Only two newspapers, the radical organ, *Progreso* and *Liberal* out of the nine important papers published in Barcelona, appeared this morning. The proprietors of the other papers locked out the employees who are members of the Union Council and who had, in considerable numbers, refused to work with reporters who were not members of the union.

A meeting of the Council of Ministers was held today in an endeavor to reach a settlement of the labor crisis. Fighting begins to prevail even at Barcelona that a settlement of the lockout is about to be reached.

LADY DELEGATES FROM GRAND FALLS

Enthusiastic Meeting Held to Name Delegates to Attend Provincial Opposition Convention.

Special to The Standard
Grand Falls, Nov. 3.—There was a large attendance at a meeting held here tonight for the purpose of electing delegates to attend the Provincial Opposition convention to be held at St. John next Thursday. A. L. Dixon was chairman, and considerable interest was taken in the proceedings. The delegates chosen were as follows: Mr. and Mrs. Walter Powers, Mr. and Mrs. W. E. McKinnon, Miss Laura McMillan, W. H. McLean, William Strong, J. L. White. The party will proceed to St. John on Wednesday.

Peace Treaty Fight May Be Deadlock

Administration Senators Indicate a Purpose to Defeat Ratification Should Reservations be Written into Ratification Resolution.

Washington, D. C., Nov. 3.—Further indications that the Peace Treaty fight may lead to a continuing deadlock developed today while the Senate leaders were trying in vain to fix a definite date for a roll call on ratification.

Administration senators, suggesting that the final vote be taken this week, indicated a purpose to defeat ratification by combining with the Treaty's irreconcilable opponents should the reservations adopted by the Foreign Relations Committee be written into the ratification resolution.

Longshoremen Strike in New York Is About At An End

An Official of the Shipping Board Declares the Backbone of the Strike is Broken and Docks Will be Open Wednesday.

New York, Nov. 3.—An easing in the tie-up of shipping occasioned by the Longshoremen's strike was noted today. At the Chelsea Pier, the dock in the Atlantic liners, there was a great increase of men at work ship.

Indicating preparations to sail, twenty eight ships, of which only about one fourth were coastwise, applied for sailing permits at the shipping office during the day. On the New Jersey side of the Hudson River the tie-up has been complete, except on the army transport piers.

ROWDYISM RUNS WILD IN VIENNA

Police and Gangs of Rowdies Clash and Broken Heads Result.

Vienna, Nov. 3.—(By The A. P.)—Sharp clashes between the police and gangs of rowdies occurred yesterday in Vienna as a result of numerous cases of Jew-baiting. In the fighting a number of heads were broken.

TORONTO MEAT DEALERS FAIL TO OBEY ORDERS

Toronto, Ont., Nov. 3.—There were no indications here today that retail meat prices generally had been cut, following the order of the board of commerce, effective November 1. The inquiries addressed to proprietors of the industry by butcher shops the reply was made:

Confidential Reports to the Department of Justice Show Many Defections from the Ranks of the Strikers.

IDLE MINERS WANT TO RESUME WORK

Have Been Assured Absolute Protection as Troops Are Available at the Call of Any Governor.

First Break Occurs Among Striking Coal Miners

Washington, Nov. 3.—The first break among union miners occurred today in the northern West Virginia fields, according to a message from Huntington late today to Washington headquarters of the operators. In that district fifteen mines were reported in operation.

Washington, Nov. 3.—Official Washington was firm in the belief tonight that the end of the coal strike was near.

There was nothing definite or tangible in the way of actual developments to justify this hopeful view of the situation, but everywhere feeling prevailed that influences were being brought to bear to have the strikers, numbering more than 400,000, return to work.

Confidential reports to the Department of Justice from its agents in the coal fields were said to show many defections from the ranks of the strikers. Some of the reports said that large numbers of idle miners had declared they wanted to return to work but were afraid.

In this connection, officials reiterated that adequate protection would be given. There was no specific statement as to how this would be provided, but it was explained that troops would be available at the call of any Governor who believed it necessary to preserve order or protect workers.

Breaks in the Ranks.

Scattered reports from the fields reaching into twenty-eight states showed the first breaks in the ranks of organized labor in West Virginia and Colorado. At the Washington headquarters of the operators, said that all non-union mines were working to full capacity and turning out considerably more coal than on Saturday.

Some of the operators' representatives said that union men had gone to work in non-union mines and that there was growing sentiment that the men themselves should have had the right to vote on the strike before it was ordered.

This information to a large extent, was in line with that received by the government, especially as to defections. Officers said the strikers realized public sympathy was against them, and some labor leaders also were taking this view.

Attorney General Palmer handling the main end of the government case went to Pennsylvania tonight feeling it was said, that the crisis might be over before Saturday, the day on which the temporary injunction restraining officers of the miners organization from activity was made returnable. Asked what the government would do that day, an official said: "We will not cross that bridge until we get to it."

The fact that no disorder was reported anywhere by Department of Justice agents was taken as a good sign that conditions were hopeful and that the miners realized it was a time for sober judgement and action. Several miners meetings were scheduled for tonight in the coal fields and it was thought here that these might have an important bearing on the general situation.

Good Offices Proffered

Definite assurance has been given union officials that President Wilson and Attorney General Palmer stand ready to attempt an adjustment of the controversy that led to the strike, as soon as the strike order has been rescinded.

This assurance was renewed today by Mr. Palmer in a telegram to a time it became known that some of the operators, president of the American Federation of Labor, had informed the union, of the government's attitude, and that Warren S. Stone, Grand Chief of the Brotherhood of Locomotive Engineers, had been in communication with Mr. Lewis over the long distance phone.

The Farmers Should Have A Free Hand

Minister in Hearst Gov't Believes the U. F. O. Should be Given Opportunity of Proving Their Worth, and Urges Sympathetic Support

Kingston, Ont., Nov. 3.—Brigadier General the Hon. A. E. Ross, Minister without portfolio in the Hearst government, in an interview here today declared that he was in favor of giving the United Farmers a free hand in government and an opportunity of proving their worth. Among other things General Ross said:

"In support of the people, the United Farmers should now be given a free hand in government, and should receive the sympathetic support of all classes of the people. They have as much right to administer the affairs of the country at the present time as any other body of men, and if they can interpret the needs and requirements of this country at the present time and can legislate to meet those needs, the people will be satisfied."

Their new leader, Mr. Drury, has made a good start by his announcement that there would be no class legislation, which is certainly a most welcome pronouncement, since it should assure that the people of the province and every section of the province will get fair play and give a square deal. In this time of unsettlement and stress, it is the duty of all good citizens to help carry on whatever is a governmental or other way."

MOTHER WRITES TO KING TO SECURE SON'S FREEDOM

A Devon Mother Thinks Industrial Home for Boys is Not Fit Place for Her Eleven Year Old Hopeful.

Special to The Standard.
St. John, Nov. 3.—Mrs. Hannington, head of the Victorian Order of Nurses of Ottawa addressed a public meeting at the Brunswick street United Baptist church yesterday tonight on the work of the organization.

Major H. H. Donnelly, Lieut. J. Larsson and Lieut. W. R. Winter of St. John are in the city today on business connected with the transfer of the military hospital to the D. S. C. R.

Major Hanson said today that the majority report on the recent council of ministers, where she has held the position of canning expert at the Central Experimental Farm.

Col. H. F. McLeod, M. P., is home from Ottawa for a few days. He plans on returning to the Federal capital the latter part of the week.

The engagement is announced of Margaret White, eldest daughter of Mr. and Mrs. S. H. MacFarlane, to Garnet LeLachur, Department of Agriculture, Ottawa, the wedding to take place in the near future. Miss MacFarlane returned on Saturday from Ottawa, where she has held the position of canning expert at the Central Experimental Farm.

T. W. CALDWELL HAS ARRIVED AT OTTAWA TO TAKE HIS SEAT

Ottawa, Ont., Nov. 3.—James Caldwell, the United Farmer member, elected for Victoria-Carleton, N. B., arrived in the capital tonight. It may be a day or two before Mr. Caldwell can take his seat in the House because the writ has not yet been returned to Ottawa, but it is expected that he will be introduced by Wednesday or Thursday.

OPPOSITION IS ENDEAVORING TO DELAY G. T. BILL

Yesterday They Held Forth in Long Speeches Against the Gov't Bill, and Favored Fielding's Amendment.

BILL WILL REACH SENATE WEDNESDAY

Rumor That Government Will Fill the Existing Four Vacancies in the Upper House at Once.

Special to The Standard.
Ottawa, Nov. 3.—The debate on the third reading stage of the Grand Trunk bill has reached that point where opposition members seek not to convince but to delay.

Today the government benches were but sparsely occupied, while half a dozen members to the left of Mr. Speaker held forth in opposition to the bill and in support of the Fielding amendment, which proposes that it be held over until such time as a Royal Commission of railway experts and financiers have enquired into and reported upon the condition of the system which it is the intention of the government to acquire. On arrangement no vote was taken and the House adjourned at 10.30.

In the meantime the Senate is sitting, spasmodically awaiting the arrival of the measure in that chamber, probably on Wednesday. The rumor has been revived that the government will fill the existing four vacancies in the Upper House, and it is stated that Col. General White, formerly M. P. for North Renfrew, and Hon. Martin Burrell, Secretary of State, will be among those elevated.

CHARLOTTE SENDING LARGE DELEGATION TO CONVENTION

St. Stephen Elected Its Representatives to the Provincial Opposition Convention Here on Thursday.

Special to The Standard.
St. Stephen, N. B., Nov. 3.—At a well-attended caucus of friends of the provincial opposition, held this evening, representatives to the provincial convention to be held in St. John on Thursday were elected as follows: A. D. Ganong, chairman; G. H. I. Cockburn, secretary; J. H. Polley, A. A. Laffin, D. F. Maxwell, W. J. McWia, J. S. Lord, D. A. Nesbitt, Thomas Toal, A. C. Gregory and John McGibbon. Substitutes were elected as follows: J. L. Haley, M. Robinson, Howard Murchie, Herman Wry, L. M. Robinson, C. J. Elliott, A. A. Mallery, W. G. DeWolf, and M. Buchanan.

Millions also chose their delegates this evening, and all the outlying parishes have elected full delegations.

ALBERTA FEED SITUATION IS VERY SERIOUS

The Heavy Fall of Snow is Causing Considerable Worry to the Provincial Ministers.

Calgary, Alta., Nov. 3.—Premier Stewart, Hon. Duncan Marshall, minister of agriculture and other provincial ministers expressed themselves as much worried over the feed outlook in the province as the result of the heavy snow.

"The early setting in of winter, and the heavy snow which has fallen in the last few days," said Mr. Stewart, "is going to complicate the question of feed relief very much. Just at a time when we thought the problem was about to be solved."

PERUVIAN TROOPS INVADE TACNA AND ARICA

Washington, Nov. 3.—Reports from Santiago, Chile of internal disturbances in Peru and the invasion of Tacna and Arica by Peruvian troops were denied today by the Peruvian foreign office in a message to the Peruvian embassy here.

last week in New Orleans, according to an announcement today by Dr. Oscar Dowling, president of the Louisiana Board of Health. Health officers of five Southern States and of the cities of Memphis, Mobile, Shreveport and Baton Rouge were advised of the situation today by Dr. Dowling.

PROHIBITION TO PLAY PART IN U. S. ELECTIONS

State-wide Prohibition Questions Hold Centre of Stage in the Ohio and Kentucky Contests.

HEARST FIGHTING N. Y. TAMMANY

His Papers Have Taken a Strong Stand Against "Boss" Murphy and All His Candidates.

New York, Nov. 3.—Gubernatorial elections will be held in only five states tomorrow—Kentucky, Maryland, Massachusetts, Mississippi and New Jersey.

Prohibition occupies the centre of the stage in Ohio. In that state voters vote upon two referendums and two amendments—the former relating to legislative ratification of the Federal Prohibition Enforcement Act, passed by the last legislature, and the latter to definition of the 2.75 as unintoxicating liquor, and repeal of constitutional State wide prohibition.

Kentucky also votes on State-wide prohibition, and in common with Maryland, Massachusetts, New Jersey and Virginia elects members to both branches of the State legislature. The chief duty before New York is election of Assemblymen and Supreme Court Justices.

Constitutional questions confront Illinois, Nebraska and Texas, Illinois and Nebraska elect delegates to constitutional conventions, while Texas passes on a call for a similar convention and six constitutional amendments. There are no elections in the far west.

HEARST ACTIVE

In New York the campaign has been enlivened by the stand taken by the Hearst newspapers. These have come out against Tammany candidates and their attacks on "Boss" Murphy have included many Governor-elect having been elected to office last fall with the backing of William Randolph Hearst. This brought spirited replies from Governor Smith, who declared he had been attacked because he refused to allow Mr. Hearst to rule him.

Interest seems to be centered chiefly in the campaign which Justice Joseph Newburger, rejected Tammany nominee, is waging for re-election to the Supreme Court bench against Irvin Ullmer, Democratic candidate. Justice Newburger is being supported by Republicans, and backed by Judge Cooby being the Independent Non-Partisan Judiciary Committee organized in his behalf.

Another contest in which a spirited battle has been fought is that between Roberto H. Moran, Democrat, for reelection as president of board of aldermen, and F. H. Laguardia, who left the House of Representatives to fight in Italy with the American Flying Forces.

Still another contest arousing marked interest is that being fought in Nassau County for the Assembly seat. Colonel Theodore Roosevelt, veteran of the World War, and son of the former President, is against over against Private Elias Raff, another overseas fighter and a tailor's boy.

POLITICS QUIET IN TORONTO YESTERDAY

Leader of the Farmers' Party Will be Ready to Take Over Reins of Gov't at End of Week.

Toronto, Nov. 3.—Politically it was a quiet day today in Toronto. Apart from the early arrival of E. C. Drury from his farm in Simcoe and his waiting on the lieutenant-governor and giving the lieutenant-governor to understand that he would be ready to take over the reins of government towards the end of next week, there was no special significance attached to Mr. Drury's Toronto visit. Nothing in the nature of a caucus occurred and Secretary J. J. Morrison of the U. F. O., was the only prominent farmer whom the premier-designate met here. He left early this afternoon for his home town, Barrie, where he was due to address a victory loan meeting tonight.

Minister of Finance Optimistic in Views On Victory Loan

Vancouver, B. C., Nov. 3.—Optimistic as to the result of the Victory Loan, Sir Henry Drayton, Minister of Finance, arrived in the city this morning. Sir Henry paid a fine tribute to the people of the Pacific Provinces, who, he declared, are doing their utmost to make the loan a success.

Royal Commission Exonerates Government Ministers From Charges In Guelph Novitiate Affair

Ottawa, Nov. 3.—Hon. Martin Burrell, secretary of state, in the Commons this afternoon tabled the report of the Royal Commission which inquired into the Guelph Novitiate charges. The report is signed by Mr. Justice W. R. Miller, of Toronto, and Mr. Justice J. A. Chisholm, of Nova Scotia, the two commissioners. As anticipated, the report exonerates Hon. C. J. Doherty, the Minister of Justice, and Major General Newburn, Minister of Militia, and declares "that upon the evidence before us, we think the conduct of this raid (the raid on the Guelph Novitiate conducted by Captain MacAnlay) was open to all the adverse criticism found in the memorandum of the Adjutant General."

"We are further of the opinion," says the report, "that the Minister of Militia acted with entire propriety in apologizing for the incidents which took place, by reason of a series of bungles on the part of a subordinate official."

Comment On Charges

Dealing with the specific charges referred to in the Commission, the report continues:

"First, the Department of Justice in Ottawa, interfered with the military Board at Guelph in their effort to obtain information as to the status of the novitiates of the Guelph novitiate."

"There is absolutely no foundation for this charge. The Minister of Justice was charged, under the statute, with the duty of seeing that the administration of public affairs was in accordance with the law. It having come to his knowledge that MacAnlay was acting illegally, he adopted the only proper course of warning him of the illegality of his conduct, and of communicating with the Minister of the Department having charge of the matter and advising that instructions be sent to MacAnlay to desist. It is not in any other way it is suggested that the Minister of Justice or Department of Justice interfered."

"Second, that in doing so the department extended special privileges to an institution which should have been treated like any other institution."

"There is no foundation for this charge. The only objection against which a raid was directed was this particular institution. It is not shown that any privilege was ever extended to it."

"Third, that the Hon. C. J. Doherty interfered with Captain MacAnlay on the night of Jan. 17, while he, Captain MacAnlay, was carrying out the instructions of the superior officers."

"This is covered by what has already been said."

"Fourth, that the Department of Justice, through its minister, prevented the placing in military service of young men of military age, residing at the institution."

"There is no foundation for this charge. When applied to by the Hon. Mr. Guthrie, the Minister of Justice gave his opinion as to the true construction of the Military Service Act, and to the position of the novitiates of this novitiate under the provisions of the Military Service Act, as asked by the Department of Militia and Defense. The question was carefully considered, by the Deputy Minister of Justice who gave his opinion to the effect that residents of the novitiate, who were bona fide members of the order, were not liable for service. It was followed by correspondence with the rector of the Novitiate who was asked to give, and gave, very full information concerning the case of each inmate. Each case was thoroughly investigated and it was found that no one claimed as a member of the order was liable for service."

"Fifth, that the press censorship instituted by a Minister of the Crown interfered with the special protection was being given to the institution at Guelph."

"There is no foundation for this charge. The press censor an aide Minister of Justice desired that the in-

stitution would not be given publicity. This was not with any desire of promoting the interests of the novitiates, but simply a reason with great respect for the publication of the full details of the harsh and unjustifiable conduct of the military towards the members of this religious order might arouse in other parts of the Dominion, the feeling that members of the Catholic Church were not being treated fairly under the law."

Under the terms of the order in council we were instructed to investigate these charges with the view of ascertaining whether any of these acts alleged, were wrongfully done or improper in themselves."

"There is absolutely no foundation for this charge. The Minister of Justice, the Minister of Militia and the Adjutant General, and the Provost Marshal acted with great activity. There is no foundation for the suggestion of any wrong doing or impropriety in their conduct."

Turning to the charges made by Sir Sam Hughes:

"That the government improperly failed to make the occupants of the Novitiate register for medical examination or for service in the military force, and the government also failed to punish those harboring defaulters in the Novitiate."

"This charge says the report, is not proved and is unfounded. According to the terms of the Act, and the opinion of the Minister of Justice as expressed to Mr. Guthrie at the time of the order of Novitiate, were exempt from the Act and were not called upon to register for medical examination or for service."

"There is no foundation whatever for the allegation that the Novitiate was a harbor for defaulters. There was only one man resident in the Novitiate at the time of the raid who was liable for military service, a man named O'Leary. This man was a potential for admission as a lay brother, and had been rejected by us as he was very insistent, he had been allowed to remain for a short time in the institution. It is said that he had already been overseas and had been returned as unfit, but this was not proved. After the raid he was examined by the medical board and placed in category B. He appealed to the medical board of review from this decision and was placed in category 'A 2.' He was then accepted for active service."

"Second, a member of the government (Mr. Guthrie), informed a member of the Ministerial Association that Doherty says they are all rights and they are to be left alone."

"This was improper interference."

"According to the evidence of the Hon. Mr. Guthrie, which we accept, after the receipt of the telegram referred to by the Minister of Justice on October, 1917, he read this to the Rev. Mr. Palmer. This is the incident referred to and does not constitute any improper interference."

Dealing with Sir Sam's charge that Godson-Godson had visited London and had certain letters removed from the London office of his first visit, the original documents concerning the matter which he was investigating, upon a subsequent visit he took the letters from the file and removed them. In doing so he was within his right, particularly as the production of these documents was demanded by the Adjutant General and the Minister. He would have acted more prudently had he communicated the fact that he had received these documents to the Minister of Militia, stating the fact of removal, in the lines of London. In all Colonel Godson did he acted in absolute good faith."

In regard to Sir Sam's charge that MacAnlay was improperly removed to the Winnipeg by the Militia Department, the report says:

"In view of what has been already said, in our opinion MacAnlay was treated most leniently by those in authority. Even if his own statement as to what he did is accepted, he behaved with the utmost lack of tact and discretion in the discharge of his mission, which called for the exercise of these qualities; he was cautioned by the document under which he was acting as to the necessity of exercising tact and discretion upon this occasion."

"It is quite obvious to us that underlying the attacks made upon the administration in connection with this matter, was the suspicion entertained by many, that the Minister of Justice was in some way seeking to shield his rector, who was an inmate of the Guelph institution, from being called upon for active service. It was admitted before us by the Hon. Sam Hughes, and by counsel for the Rev. Kennedy H. Palmer, that there was no ground whatever for his suspicion or the statements which, unfortunately, had been widely published by the press. Mr. H. Palmer and others. It was shown that these statements were absolutely unwarranted by the facts. Mr. Martin Burrell has been examined by the medical board at Montreal and was placed in category 'E.' An endeavor was made, in the course of the hearing before us, to show that the raiding of this institution had been in express terms authorized by the memorandum of the Minister of Militia and Defense, and by the instructions issued by Captain Barrows."

"The original memorandum of the Minister was produced in evidence before us, and the copy of the letter of Captain Barrows is a true copy of the letter as written (save for the uncertainty as to whether the expression used was 'cleaned up' or 'cleared out'). The suggestion of Major Hirsch and the explicit statement of Captain MacAnlay that both documents instructed a 'raid' are without foundation in fact."

The report continues:

At the hearing before us, counsel for the Rev. Kennedy Palmer put forward a suggestion that the Jesuit order was an illegal order in the prov-

Loyalist Chapter Utters Protest At Meeting Held Last Evening Asking That the Historic Court House Should be Preserved—Much Business Transacted.

A large amount of important business was transacted by the Loyalist Chapter, I. O. O. F., at their meeting last evening, held at the residence of Mrs. L. Kimball. The report, Mrs. Hugh Mackay, presided, and there were thirty-seven members present.

The Red Cross Committee reported having purchased material enough for two nightgowns each for the children at the East St. John County Hospital. Twelve pairs of slippers had been sent to the institution. The Marchal society, Home had expressed a desire for a hatstand, and on motion it was decided that if a returned soldier could be found, an extra hatstand would be ordered.

Eight members, it was reported, had canvassed for the Navy League campaign, collecting \$400.

Two shares of the G. W. V. A. were presented by that Association.

It was decided to vote \$50 to the St. John High School Alumnae school, which is a War Memorial fund, to pay the rent of a soldier's dependant for six months, and to send \$25 on boxes of articles for French relief, which will be sent at Christmas time. Each of the I. O. O. F. Chapters in the city are sending to this relief.

The Annual Review will be put on next night, the proceeds to be donated to the Protestant Orphan's Home. The sum of \$500 was voted, which will be raised in this way, and Mrs. Haber Vroom gave an interesting account of the meeting of the Provincial Chapter held recently at Moncton.

A communication was read from the National Educational Secretary, explaining the War Memorial Scholarship, which will be given to one boy in each province to send him to England. There is still higher scholarship will be open to the most successful of the boys.

The secretary was asked to seek out all soldiers or sailors' orphans, or the children of disabled fighting men and see that it is made possible for them to receive a secondary education if they are not able to go to high school. Each Chapter will give \$200 for the War Memorial and see that it is made possible for them to receive a secondary education if they are not able to go to high school. Each Chapter will give \$200 for the War Memorial and see that it is made possible for them to receive a secondary education if they are not able to go to high school.

The regular meeting of the Trinity Young Women's Guild was held last evening, with the president, Miss Georgia Paton presiding. Plans for a party sale and sale of fancy work, which will be held in the near future, were made, and work on the articles for this sale was accomplished during the evening.

Thin, Nervous People Need Bitro-Phosphate

Weak, thin people—men and women—are nearly always nervous wrecks; thinness, weakness, debility and neurasthenia are almost invariably due to nerve starvation. Feed your nerves and all these symptoms due to nerve starvation will disappear.

Eminent specialists state that one of the best things for the nerves is a food rich in iron. Nuxated Iron is a food rich in iron. Nuxated Iron is a food rich in iron. Nuxated Iron is a food rich in iron.

Formerly Medical Inspector and Clinician on the Board of Health of New York City, in commenting on the relation of strong nerves and physical endurance to the attainment of success and power.

"Strength and vitality of body and mind are derived from the blood and the blood in turn derives it from the food we eat and the oxygen contained in the air we breathe. But unless the blood is rich in iron to increase its oxygen carrying power it cannot help develop living tissue, muscle and brain or keep active the vital forces. Many a bright, intelligent man or woman works hard for years to make a success of life only to find that when the crucial test comes they may lack the power and energy to combat the obstacles and withstand the strains demanded of them in order to win. Not until bitter disappointment stares them in the face do they realize that the real and true cause of their failure may be nothing more than depleted nerve force—physical and mental depression—and a general run-down condition brought on by lack of iron in the blood. It is surprising how many people who do not get along in life are in reality suffering from iron deficiency and do not know it. To supply this lack of iron and help build stronger, healthier men and women, better able physically to meet the problems of everyday life, I believe that physicians should, at every opportunity, prescribe organic iron. Nuxated Iron—or in my experience iron is one of the best tonics and red blood builders known to medical science."

Nuxated Iron has been used and highly endorsed by widely known men well known to druggists everywhere. When people like these come out frankly and publicly endorse a product which they have personally tested, certainly no longer be any doubt as to its efficacy. It is now being used by over three million people annually, city by city by Watson's Drug Store and all other druggists.

GIRLS, HERE ARE THE PARISIAN LOVE RULES

Here are the seven commandments of Paris love doctors.

Hundreds of thousands of girls desiring to marry are faced with the most critical "fancy shortage" in the nation's history. In desperation they seek guidance from those who by mysticism, glass gazing or cards, hold forth the promise of a path to marriage.

"Let there be no relaxation of hope, for in hoping you will find the way to him you seek."

"Neglect not the art of dressing and those subtle artifices which throughout the ages, have impressed men."

"Regard not as an evil a little face powder and a slight touch of paint."

"Learn to smile—there is nothing so seductive as a pretty woman's smile."

"Learn to walk well. There is nothing more graceful and appealing than a supple, light, wile waving gait."

"Learn to talk better—that is, put sweet tones in your voice, instead of adopting harsh expressions which jar a man."

"Educate your dressmaker into 'dressing' you instead of 'undressing' you as in the present vogue."

Mrs. Lillian Taylor Tells How Cuticura Healed Her Baby

"Our baby was two weeks old when his face became very red and terribly itchy, and he was fairly easy rubbing and scratching till the skin broke and bled. He could not sleep, and did nothing but cry. His face looked as though he might be disfigured for life."

"I thought I would give Cuticura Soap and Ointment a trial. I found the face so good that I bought more and two cases of Cuticura Soap and a fifty cent box of Cuticura Ointment healed him." (Signed) Mrs. Lillian M. Taylor, Box 29, Brantford, Muskoka, Ont., Dec. 20, '18.

PROVINCIAL OPPOSITION CONVENTION

A Convention of the Opposition Party (male and female) in the Province of New Brunswick, will be held in the SEAMEN'S INSTITUTE, ST. JOHN, N. B. THURSDAY, NOVEMBER 6TH, 1919

Three sessions will be held. Morning session called at 10 o'clock. Afternoon session at 2.30 o'clock. Evening session at 8 o'clock.

In addition to the members of the legislature and the defeated candidates in the last Provincial election supporting the present opposition the basis of representation is three delegates for each Parish in each County and for each Ward in each City and Town, besides the chairmen of the Ward and Parish organizations. It is particularly desired that each Ward and Parish should choose at least one lady delegate.

In the interest of Provincial affairs it is urgently requested that each Parish in the Province, as well as each Ward in the towns and cities, should send a complete representation to this Convention.

INTERESTING MEETINGS

BOARD OF TRADE

Resolutions Adopted Calling Plebiscite on Question of Government Commission to Repair Court House

John as City and Port.

At the meeting of the Board of Trade last evening with the president, R. B. Emerson, in the chair, resolutions were adopted calling upon the City Council to take a plebiscite upon the question of turning over the harbor to a government commission, and calling upon the County Council to have the old Court House repaired. It was also decided to have a public hall and other uses. It was also decided to call a public meeting of all citizens ready to act as booster of St. John with the idea of forming a citizens league or forum to stimulate the spirit and encourage interest in the development of the city. A resolution of Daylight Saving was referred to the annual meeting of the citizens to be invited to express their views. The meeting was the most interesting held for some time, and there was a very interesting discussion on the needs of St. John, both as a city and as a port.

Mr. Hunter White moved that the Board endorse the resolution of the Toronto Board of Trade calling for the adoption of Daylight Saving as Dominion wide measure.

Mr. Agar said he should not raise the motion through, but he thought it would be rather much consideration in the legislature or parliament. The farmers and the labor men were opposed, and it might be difficult to attempt to force the measure upon the country. Personally he thought it was a matter for local option.

George Kimball said he was personally in favor of the Daylight Saving, but the matter should go over for further consideration.

Mayor Hayes said it looked as if it was a matter for local option. He was going to exercise his powers, and they were opposed to Daylight Saving, in St. John. The labor men opposed Daylight, but in other cities they favored it. However, he did not think Daylight Saving should be adopted locally; it should be a national measure, as they were bound up with the railway. He thought they should not antagonize their unions, and he thought discussion should be held over.

President Emerson said he favored Daylight Saving for about three months, but when it was extended longer it was a great inconvenience, especially to mothers of school children.

Mr. White said the farmers and laborers were well able to look after their interests, and he thought the Board had as much right to express its opinion as any other class of the community. He would sooner withdraw the motion than have it voted down.

A. M. Rowan thought the Board should go on record. If the Daylight Saving was limited to three months it would be generally popular.

The motion was withdrawn, and was decided to take up the matter again at the annual meeting in December.

Capt. Mulcahy moved that the general public be invited to take part in the discussion on Daylight Saving, and was agreed to.

H. C. Schofield moved that the Board express the view that the development of the harbor would be facilitated if the city council took a plebiscite on the question of turning over the harbor to a commission. In consequence of recent statements he thought the status of the ferry could be satisfactorily arranged after the plebiscite.

Mr. Geo. Kimball—"Have we any resolution on this proposition? Has the government made us an offer?"

The President—"Oh, yes. But the government appears to claim that the city is preventing the agreement by carrying out the ferry."

M. E. Agar seconded the motion. He thought they need have no objection about the position of the ferry. The ferry, though some time the plebiscite might have a bridge. If the government took over the ferry they would probably make it self-maintaining. Harbor development should not be held up for a detail. The city could not go ahead and furnish other facilities so they must rely on the government to do so. It was favorable to handing over the harbor the government could then be urged to proceed with development work.

Mayor Hayes said he favored placing the harbor in control of a commission, but one city commission was opposed. The government said the Act to provide for the ferry in the future was an oversight, and there had been an intimation that it would be remedied. But they had it in their authority that after the plebiscite the city could reserve its rights in the ferry when it prepared the decision of transfer. The government's assurance was that St. John harbor would be taken over on the same basis as Montreal; that is the port would be expected to pay its way. Having no representative in the cabinet they had difficulty getting the ear of the cabinet and making arrangements to clear away obstacles which had caused criticism in the paper. He thought a plebiscite would be favorable, but recognized there was considerable opposition, and suggested that Board publicity to the proposition be operated by the city.

Capt. Mulcahy—"Will the city government operate the ferry?"

The President—"That is what we want to know."

The Mayor—"We would like to get rid of the ferry deficit. But I think the citizens will prefer to have it operated by the city."

W. F. Burditt said there was a likelihood of the government taking over the ferry.

A. H. Wetmore said the city should assure the West Side that the city will continue the operation of the ferry.

The motion was adopted with the amendment by M. E. Agar that the city be recommended to retain possession of the ferry.

3,000 TONS OF SUGAR FOUND IN NEW YORK WAREHOUSES

New York Manufacturers Get 1,000 Tons of Refined Product Imported from Canada

Between 3,000 and 4,000 tons of raw refined sugar which the Federal Food Administration has been for some time trying to locate yesterday came to light through the efforts of Arthur Williams, Food Administrator. Mr. Williams announced at his office, No. 129 East 17th street, that he had located in warehouses along the Brooklyn waterfront.

One thousand tons of raw sugar is sold on consignment by Balfour, Williamson & Co., of No. 43 Exchange place, he said. "This is Philadelphia sugar and its ownership rests with firms having offices in Liverpool and Manila," he explained. He added that Thomas Bartley, representing the firm of Balfour, Williamson & Co., visited the Food Administrator and explained the entire situation satisfactorily. Mr. Bartley said that his firm was trying to obtain permission from its principals in Liverpool to place the sugar at the disposal of the New York refiners, to whom it will be sold as cost, including charges and a fair profit, which the Sugar Equalization Board will agree to.

Another thousand tons has been sold to a Chicago firm and a third has been sold to dealers in this city and vicinity. Mr. Williams was informed. One thousand tons of refined sugar, imported from Canada, which has been held in a Brooklyn warehouse by Minford, Lueder & Co. of this city, has been disposed of to various New York manufacturers. The Pacific

Commercial Company has sold the second lot of one thousand tons of sugar, fifty tons of which went to Boston.

The Mirror Candy Stores, which took a large quantity of the Canada sugar, has offered fifty tons to the Sugar Equalization Board for distribution among manufacturers without sugar who are in danger of having to shut down. This is done with the understanding that an equal amount of sugar will be available later to prevent the Mirror Company having to throw its employees out of work.

SAYS EXTRAVAGANT BUYING IS KEEPING UP COST OF LIVING

Federal Reserve Report Declares Public Now Demands "High Priced Articles."

New York, Nov. 3.—The cost of living, in so far as it concerns food, is no higher today than it was a year ago, according to the monthly report of the Federal Reserve Agent for this district.

"A study of the cost of living in districts that food prices have not increased materially, if not at all, for a year ago," the report declares. "Rents lagged behind other rising living expenses and increases from 1914 appear to be slightly less than in 1919 and the four preceding years. The concentration of the buying public on high priced articles to the relative exclusion of cheaper grades has accelerated the rising cost of clothing and other personal articles. Much buying has been of the extravagant nature."

Much of the "inconvenience and hardship" reported to be prevalent is ascribed by the Federal Reserve Agent to labor difficulties.

"Labor difficulties are universal, despite the fact that wages in this district are almost identical with the highest amounts received during the war," says the report.

"Fight for Larger Share."

"Investigation of the changes in living cost in New York city adds weight to the view mentioned in our last report that widespread strikes are in the nature of a fight for a larger share in the returns of industry, rather than a struggle against the high cost of living. Strikes here have reached great proportions, whereas the cost of living, at least in so far as it relates to food, appears upon the present evidence to be little or no more oppressive than it was a year ago."

Statistics gathered from 500 retail dealers in New York city are quoted to show the relative increases in prices from 1914 to 1918 and from the latter period to the present. The figures quoted show a decrease since last year of 2.3 per cent in the prices of all meats. The retail cost of food-stuffs in this city, the report continues, increased between 1914 and 1918 about 70.7 per cent and at present stand about the same as they did a year ago.

"Observations of retail clothing purchasing," says the report, "indicate that there has been a great change in the nature and quality of articles in demand; high priced clothing is sought to the relative exclusion of the cheaper grades. This clothing items in budgets of families are inordinately inflated."

INFLAMED GUMS— A CAUSE OF LOOSE TEETH

Pyrorrhea is undoubtedly a vital danger to both gums and teeth. Tender gums indicate it, and with it comes loosening teeth. Improperly, at first, the gums recede from the normal gum line. They inflame. They prevent many tiny openings for millions of bacteria to attack the unenameled tooth base. Tooth-base decay quickly follows. Even if the cavity be filled and the tooth saved, the gums continue to recede. Remember, too, that inflamed and bleeding gums act as so many doorways for disease germs to enter the system—infected joints or tonsils—or causing other ailments.

Against this Pyorrhea (Gingivitis) ordinary tooth-pastes are powerless. Yet Pyorrhea attacks four out of five people who are over forty, and many under this age. But Forhan's—used in time and used consistently—positively prevents Pyorrhea. It is a scientific tooth cleanser as well. Brush your teeth with it. See how promptly bleeding or gum tenderness ceases and how your teeth are kept white and clean.

If gum-shrinkage has already set in, start using Forhan's and consult a dentist immediately for special treatment.

TO TRAIN HER YOUNG.

The fox (according to an old huntsman) is more than cunning—it is clever. The old fox (says our authority) knows perfectly well that the time will come when the little ones must run away from homes and hunters. Consequently the mother fox as soon as the little ones get big enough to run take them out in the fields and trains them for the chase.

It is a very interesting sight to watch the performance. The old mother takes them out and starts on a run. The little ones follow her. Away she goes and the young ones scamper after her. Then she doubles up and teaches them to double up on the hounds, and when she begins to notice they are becoming winded she slackens up and leads them back to their hole.

This she does day after day until the young ones know exactly what is meant.

THE MISSIONARY SOCIETY MEETING

Mrs. C. F. Sanford in Centenary Gave Interesting Account of Meetings Held in Toronto — Much Business Transacted.

An interesting account of the meetings of the Board of the Women's Missionary Society held at Toronto was given by Mrs. C. F. Sanford at the regular meeting of the Centenary Missionary Society held yesterday afternoon. At this meeting all the heads

of the various societies are present and much important business is transacted.

The devotional service yesterday was led by Mrs. W. H. Moore. Mrs. W. H. Baker gave a short talk on the mission book which is being studied this year. "The Stranger Within Our Gates." An address was given on the Forward Movement with reference to the Missionary Society. Mrs. C. F. Sanford presided and in addition to the members several visitors were present.

The Reason.

"Why was the will not aided?"

"It kept getting in the way of the lawyers who were settling the estate."

Aches and Pains of Rheumatism Sometimes Almost Unbearable

There are weather conditions that make rheumatism worse. They are not the same in the case of all persons. Some victims of this disease suffer more in dry warm weather than in moist cold weather, but all suffer more or less all the time.

The cause of rheumatism is an excess of uric acid in the blood, affecting the muscles and joints. Hence the blood must have attention for permanent results in the treatment of this disease.

The Evangelical Alliance Meeting

Great Religious Revival City Discussed—Help Y. W. C. A. Work—Mental Survey of Province Likely to be Made.

The Evangelical Alliance held its meeting in the Y. W. C. A. yesterday morning, with Rev. F. S. Dowling in the chair. The committee on the week of prayer reported four groups as last year, and that the ministers arranged the plans of meeting at the speakers a their respective groups.

A letter from the executive of the Y. W. C. A. as set out the thought of the executive understood that the ministers of the city had previously agreed to raise \$1,600 for the maintenance of St. John's church, King street, which has been purchased by the Y. W. C. A. for its work. The Alliance discussed the subject extensively. There are between thirty and thirty-five congregations in the city, and yearly contribution of \$50 each would make up to amount. In raising the amount it was suggested that women be asked to contribute suggestions of raising money. The Alliance put themselves on record as being in sympathy with this work.

The president said that if churches raised this amount they would be represented on the Y. W. C. A. board. On motion of Rev. E. G. Gorton, a committee was appointed to confer with the Y. W. C. A. executive and see whether it would be deemed advisable to consider matters further. Rev. F. S. Dowling, Rev. R. T. McKim and Rev. S. Poole imposed the committee.

Rev. George Scott and Rev. H. G. Good presented the matter of a creche for mental defectives. A resolution that the churches and ministers cooperate in such a survey of the congregation was offered. It was recommended that the National Committee of Mental Hygiene had offered if asked by the government, to make a mental survey of the province. View this the Alliance thought that the action would be necessary on the part.

The prohibition question was discussed. Rev. Thomas Marshall spoke. The flowing resolution was passed unanimously in this connection:

"In view of the many reported violations of the prohibition law of the province, the Alliance hereby requests the provincial government to issue licenses to vendors of still liquor illegally should forfeit licenses and that no convicted vendor should have his license renewed."

The Evangelical Alliance Meeting

Great Religious Revival in City Discussed—Help for Y. W. C. A. York—Mental Survey of Province Likely to be Made.

The Evangelical Alliance held a meeting in the Y. W. C. A. yesterday morning, with Rev. F. S. Dowling in the chair. The committee on the week of prayer reported four groups, as last year, and that the ministers arrange the places of meeting and the speakers in their respective groups.

A letter from the executive of the Y. W. C. A. was out the thought that the executive understood that the ministers of the city had previously agreed to raise \$1,000 for the maintenance of St. John's church, King street east, which has been purchased by the Y. W. C. A. for its work. The Alliance discussed the subject extensively. There are between thirty and thirty-five congregations in the city, and a yearly contribution of \$50 each would make up the amount. In raising this amount, it was suggested that the women be asked to contribute by suggestions of raising money. The Alliance put themselves on record as being in sympathy with this work.

The president said that if the churches raised this amount they would have to be represented on the Y. W. C. A. board. On motion of Rev. M. E. Cronin, a committee was appointed to confer with the Y. W. C. A. executive and go into the matter thoroughly and see whether it would be deemed advisable to consider the matter further. Rev. F. S. Dowling, Rev. R. T. McKim and Rev. S. S. Poole imposed the committee.

Rev. George Scott and Rev. H. A. Goodwin presented the matter of a survey of mental defectives. A resolution that the churches and ministers respectively make such a survey of the congregation was offered. It was referred to the National Committee of Mental Hygiene had offered, if asked by the government, to make a mental survey of the province. In view of this the Alliance thought that no action would be necessary on their part.

The prohibition question was discussed by Rev. Thomas Marshall spoke. The following resolution was passed unanimously in this connection:

"A few of the many reported violations of the prohibition law of the province by licensed vendors, this meeting of the Evangelical Alliance desire to express in the strongest possible terms its conviction that any license vendor convicted of selling liquor illegally should forfeit his license and that no convicted vendor should have his license renewed."

"A copy of this resolution be forwarded to the chief inspector of liquor with the assurance that this Evangelical Alliance will stand by him in any steps necessary to carry

the above resolution into effect; that a copy be also forwarded to the Premier."

It was announced by Rev. S. S. Poole that there were two Mormon elders in the city, and he thought it was their purpose to flood the city with literature.

The forward movement in the churches was also discussed and Rev. F. S. Dowling said what was needed was a new spiritual awakening. Rev. A. L. Tedford moved that a committee be appointed to get a leader as soon as possible and start a simultaneous revival in the city, and if a leader could not be secured he thought that a united campaign would be undertaken here at any rate after the new year.

Rev. W. R. Robinson said that the spiritual awakening was what was needed. On account of so much unprecedented prosperity, people have gone piecemeal crazy.

Rev. S. S. Poole said he was not over enthusiastic about a campaign of this kind, as there was always a certain amount of "flap doolism" which did more harm than good, and when the revival was over the awakening began to show signs of spiritual drowsiness.

Other members at the meeting agreed that in order to get results the work must be followed up.

Mr. Tedford said that with the consent of the second he would add to his motion that the committee be appointed to look forward to the inauguration of a simultaneous campaign at the earliest possible time.

This was carried.

The following members of the Alliance were present—Rev. F. S. Dowling, president; Rev. J. C. B. Appel, secretary; Rev. A. H. Crowfoot; Rev. W. H. Sampson; Rev. W. R. Robinson; Rev. Nell McLaughlin; Rev. G. F. Dawson; Rev. S. S. Poole; Rev. R. T. McKim; Rev. M. E. Cronin; Rev. George Scott; Rev. George Morris; Rev. A. L. Tedford; and Rev. H. A. Goodwin.

SHORT OF BREATH Could Hardly Walk Without Resting

When you go to a physician to be examined for any heart trouble one of the first questions he asks is: "Are you short of breath?"

Now, when the heart becomes affected there comes a feeling of a choking sensation, a shortness of breath, palpitation, throbbing, irregular breathing, smothering sensation, dizziness and a weak, sinking, all gone feeling of oppression and anxiety.

On the first sign of the heart becoming weakened or the nerves unstrung Millburn's Heart and Nerve Pills are just the remedy you require. They regulate and stimulate the heart, and strengthen and restore the whole nerve system.

Mr. Stephen Crouse, East Clifford, N. B., writes:—"I suffered for five years with heart trouble. I could hardly walk from the house to the barn without resting, as I used to get so short of breath. Doctors could not help me. My wife told me to get a box of Millburn's Heart and Nerve Pills and I felt better after taking them; three boxes made me quite well. I am now helping my son to work the farm, and can truthfully say I feel like a different man."

BLUNDERS WHEN COOKING WITH EGGS

All egg cooking is simple if you remember that eggs must cook at a fairly low temperature, and that cleanliness is essential.

Eggs can not properly cook in a pan that is not clean. Egg-whites will not "whip up" unless the beater and the bowl are absolutely clean, dry and as cold as possible. If you have thought, "Oh, that bowl will be all right for beating up the egg whites!" It has had nothing in it but a little cream, you will be doomed to disappointment.

A meringue, an angel cake, an omelet, a custard, are all spoiled if the temperature rises above a moderate

heat. The egg mixture toughens with overcooking, and shrinks, forcing out the water, which is seventy-five per cent. (approximately) of an egg. The result is a tough, leathery or curdled mixture.

Do not think that a recipe is over-fussy when it tells you to cook a meringue twenty minutes in a very slow oven. When a recipe reads, "Place custard baking-dishes in a pan of water in the oven," the author is trying to tell you that the heat of the oven floor coming into direct contact with the custard dish is too great; the obvious remedy is to surround it with a water bath. For the same reason a soft custard is best cooked in a double-boiler.

The Eyes of Canada Are Upon St. John

Every Allied Country has raised a loan from its people since fighting ended. They have all raised loans for the same purpose—to finish paying for Victory.

Of all that were in the war (from the beginning) Canada is the only one to come out of the struggle stronger than she went into it.

Canada has found herself—spiritually and materially.

With reason and pride we can look to the future and proclaim Canada indeed A. Promised Land.

The Victory Loan which is needed to finish paying war obligations is the very barometer of our confidence in the future.

In the measure of its over-subscription—we will reap the future benefits.

Come through and come through handsomely.

It was fine enough to buy Victory Bonds when war was on the threshold, but it is the bigger thing to buy them now—when the tumult is over.

Let's show the stuff St. John is made of—Let's finish the job and let's see it through.

Let every citizen of St. John to the limit of his ability

MR. CRERAR AND THE TARIFF.

Hon. T. A. Crerar, who some people believe will be the leader of an important Farmers' Party in the House of Commons after the next election, has been making a number of speeches, dealing especially with the free trade plank in the Farmers' platform which he helped to draft. Mr. Crerar advocates the abolition of the tariff of Canada, in order that the Canadian farmer may be able to sell in the highest market. Presumably he has reference to the American market, but just how the abolition of the Canadian tariff will enable the Canadian farmer to sell in that market he neglects to explain. This year the United States is paying a high price for certain grades of wheat, but to reserve its market for the American farmer it took the effective method of placing an embargo on Canadian wheat, and as soon as there was an agitation among the millers to remove the embargo a bill was introduced into Congress to impose a duty of 25 cents a bushel on foreign wheat.

The United States would doubtless be interested in having Canada open her markets, for her farmers have a large surplus of produce this year, and Mr. Hoover predicts a big slump in the prices of foodstuffs. But what the Canadian farmer is interested in is how Mr. Crerar is going to assure him free entrance into the highest markets in the United States or wherever they may be—a point on which the aspirant to the leadership of a National Farmers' Party shows no light.

Mr. Crerar appears to take no stock in the argument that the farmer's best market is his home market. But even from the point of view of the grain growers, who dominate the policy of the National Farmers' Group, and for whom he more especially speaks, the home market is of very great importance. According to a compilation made by the Canadian Trade Commission dealing with the fiscal year 1918-1919, when prices had not generally been greatly affected by the abnormal conditions of the war, the value of the wheat consumed in Canada was nearly twice the value of the wheat exported, while the total value of the farm products consumed in Canada was nearly five times the value of the exported foodstuffs. Mr. Crerar will probably have difficulty persuading the farmers of eastern Canada at any rate that the possibilities of the export business have more interest for them than the certainties of the home market. The following figures, from a report of the Trade Commission, are instructive:

	Consumed in Canada	Exported
Perk.	\$ 46,881,000	\$ 23,072,000
Poultry and eggs	32,218,000	1,781,000

RUSSIA.
 The smoke screen of rumors, exaggerations, and misrepresentations, which shrouds affairs in Russia, prevents anything like a clear-sighted estimate of what is going on there. The anti-Bolshevik forces are reported to have been driven back from Petrograd, and on the heels of this it is reported that 50,000 people have died of hunger in that city and that the surviving population is in terrible straits. Either report, if true, would discount the possibility of the speedy overthrow of Bolshevism. One report would indicate that Bolshevism is still capable of hard fighting; the other would indicate that the spirit of Bolshevism which rules Petrograd is a terrible and formidable thing, for no beleaguered city in all history has held out against such suffering.

While General Yudenich is reported to have been driven back from the very gates of Petrograd, Lenine is reported to have won successes against Kolchak, and Denikin's progress is supposed to be checked by revolts among his heterogeneous forces. A British officer just from Russia declares that the reports of disagreements between Lenine and Trotsky are unfounded, and military writers in England are generally of the opinion that even if Petrograd falls the overthrow of Bolshevism will still be a long way off. It is interesting to note that not a few British papers, even of Unionist affiliations, have come to the conclusion that Russia should have been left to work out her own salvation. Nurse's Home,

WHAT THEY SAY

Cheer Up.
 (Toronto Telegram.)
 United Farmers-Leban Alliance will either prove so much worse than the preceding Government that it will scourg out of power, or so much better than everybody will be glad that the alliance is in power.

Class Representation.
 (Calgary Herald.)
 President Wood, of the U.F.A., may believe all he says about the worth of class representation and organization in politics, but it is to be feared that his experiment would develop in ways other than he believes. There was a fellow once who was foolish enough to let a gent out of a jar and who then found it impossible to get the evil influence back again.

In Sarcastic Vein.
 (Kansas City Star.)
 The New York Nation announces that in international affairs it stands for the neutralization of the Dardanelles, the Panama Canal, the Suez Canal and other international waterways. Encouraged, probably, by the success of the attempt to neutralize Belgium.

The New Spirit in the Country.
 (London Daily Mail.)
 Everyone in the country is wondering; and nothing adds to the merriest of life like a lively wonder. The laborer used to feel that "life is all work and sleep." Now he has begun his shorter hours, and wonders what he shall do with his spare time. Those who live in daily contact with the new spirit know that it is good; and that when the specious food of grubbing has gone down England will be a more fertile field—in the produce of the ground and in ideas, which are the produce of the mind.

For a Better Understanding.
 (Brooklyn Eagle.)
 There are pessimists who see no hope of anything tangible from the International Industrial Conference. We cannot agree with them. Grand industrial conferences just ended, to compromise, as they have often done before; as they did in the ill-fated industrial conference just ended. But the comparison of ideas and the clashing of ideas can only make for good in the long run; for, as an old motto goes, "to understand everything is to pardon everything;" and one class is unjust to another, if most of the time it is failing to understand the other class and its point of view.

One Thing is Necessary.
 (Detroit News.)
 But we shall be well on the way to unity if we can get our teaching, our youth that the thing of pre-eminent importance is the welfare of the entire social group, and that to this welfare the demands just ended, grand groups must remain subservient. A citizenry educated to the end that just as our political destinies are to be left in the hands of a few high-salaried campaign managers, so the welfare of the nation depends on the one hand, nor to capitalists on the other, will be immune to the body politic.

Or one might say, "Some Springtime dawn Will find him, in all eternity, Full-dunged upon from the stomach, liver, Bristling bravely because of moon, Lips curving in a song struck mute, And at his side a broken lute."

Or say, "Upon a raft at sea, Careless if death came late or soon, So he but end the Rhapsody He sings to his finger-tips moon, Saluting with his finger-tips Till the last ripple strikes his lips."

O well beloved ghost, what change Is yours to make the answer due? There is an unnamed grave in France That in its silence speaks for you—

One would have doubtless said: "Some night, Blown on the Carnival's high gust, His life will go out like a light. Between a kiss and a dagger-thrust, And his fantastic ghost will rise With a black mark across its eyes."

Or one might say, "Some Springtime dawn Will find him, in all eternity, Full-dunged upon from the stomach, liver, Bristling bravely because of moon, Lips curving in a song struck mute, And at his side a broken lute."

Or say, "Upon a raft at sea, Careless if death came late or soon, So he but end the Rhapsody He sings to his finger-tips moon, Saluting with his finger-tips Till the last ripple strikes his lips."

Ex-Commissioner McLellan's review of the harbor question is interesting, but as to his own position he leaves the reader with the impression that he is somewhere on the fence. Is the Dragon in training for a politician?

WHAT THEY SAY

Cheer Up.
 (Toronto Telegram.)
 United Farmers-Leban Alliance will either prove so much worse than the preceding Government that it will scourg out of power, or so much better than everybody will be glad that the alliance is in power.

Class Representation.
 (Calgary Herald.)
 President Wood, of the U.F.A., may believe all he says about the worth of class representation and organization in politics, but it is to be feared that his experiment would develop in ways other than he believes. There was a fellow once who was foolish enough to let a gent out of a jar and who then found it impossible to get the evil influence back again.

In Sarcastic Vein.
 (Kansas City Star.)
 The New York Nation announces that in international affairs it stands for the neutralization of the Dardanelles, the Panama Canal, the Suez Canal and other international waterways. Encouraged, probably, by the success of the attempt to neutralize Belgium.

The New Spirit in the Country.
 (London Daily Mail.)
 Everyone in the country is wondering; and nothing adds to the merriest of life like a lively wonder. The laborer used to feel that "life is all work and sleep." Now he has begun his shorter hours, and wonders what he shall do with his spare time. Those who live in daily contact with the new spirit know that it is good; and that when the specious food of grubbing has gone down England will be a more fertile field—in the produce of the ground and in ideas, which are the produce of the mind.

For a Better Understanding.
 (Brooklyn Eagle.)
 There are pessimists who see no hope of anything tangible from the International Industrial Conference. We cannot agree with them. Grand industrial conferences just ended, to compromise, as they have often done before; as they did in the ill-fated industrial conference just ended. But the comparison of ideas and the clashing of ideas can only make for good in the long run; for, as an old motto goes, "to understand everything is to pardon everything;" and one class is unjust to another, if most of the time it is failing to understand the other class and its point of view.

One Thing is Necessary.
 (Detroit News.)
 But we shall be well on the way to unity if we can get our teaching, our youth that the thing of pre-eminent importance is the welfare of the entire social group, and that to this welfare the demands just ended, grand groups must remain subservient. A citizenry educated to the end that just as our political destinies are to be left in the hands of a few high-salaried campaign managers, so the welfare of the nation depends on the one hand, nor to capitalists on the other, will be immune to the body politic.

A BIT OF FUN

Precautions.
 Guest—"Bring me a portehouse steak with potatoes."
 Waiter—"Beg pardon, sir, but guests ordering portehouse steak with potatoes are required to make a deposit in advance."
 Guest—"Lamb."

Her Last Place.
 Wife—"Our new cook says she stayed two months in her last place."
 Hub—"I suspect it was 'salty days' from the looks of her."
 Times to shut up.

The club boys was telling one of his adventures in mountain climbing.
 "Below us," he said in awestruck, "we saw a man in a red shirt and blue trousers, 'yawned the chasm—' 'Pardon my interrupting,' broke in the club cynic, 'but were you talking to the chasm?'"

Just That.
 "It's a boy," announced Newp, proudly. "And, say, I'm going to start a bank account for him right off."
 "Sort of a fresh hair fund, eh?" said his wagging friend.
 "Honey-moon still full."
 Miss Singleton—"I wouldn't marry the best man in the world if I should say not. I would just like to catch my husband committing bigamy."

Followed Instructions.
 Mike—"I heard you got a letter from your brother Danny."
 "Yes," answered the other.
 Mike—"Was there anything important in the letter?"
 "Well, I didn't open it, for on the outside of the envelope was printed 'Please return in five days.'" So I sent it back.

Not Jealous.
 "Della," said Mrs. Esrows sternly, "I met that policeman today who sat in the kitchen with you so long last night. I took advantage of the opportunity to speak to him."
 "Oh, so on now," replied Della, with a smile. "Ye needn't think

Little Benny's Note Book

BY LEE PAPE.

I was up to see of the most irishish parts of Frank Fernraught in His Airpoph...
 Aw O, ma, I sed. Meening I didnt want to go, and pop sed, Benny, didnt you hear your mother tell you to go to Sunday school?
 No sir, she just axed me how about it, I sed, and ma sed, The reason I put it that way, Benny, was because I want you to realize that wen you go to Sunday skool it is ony for your own good.
 Well want I stay home and finish this book today and try to get twice as much good out of Sunday skool as ext Sunday? I sed.
 You can not forward march, sed pop.
 Sutch a boy, sed ma.
 Meening ma, and I quick finished the chapter and went to Sunday skool, and wen I came back ma sed, Well, you dont look any the worse for your experiance.
 He looks 100 per cent better, in my estimation, sed pop.
 There, see that, sed pop, as the old proverb says, a boy is as good as he feels.
 And now are you willing to adm it that going to Sunday skool is good for you? sed ma.
 Yes mam, I sed.
 See that, sed ma.
 So that, sed pop, I found a dime on the way, I sed, if id of stayed home I woudent of found it.
 Yes gods, sed pop.
 Sutch a boy, sed ma.
 Meening ma.

SAGE TEA KEEPS YOUR HAIR DARK
 When Mixed with Sulphur It Brings Back Its Beautiful Lustre at Once.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a bottle of "Wyley's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

The Common Council met in Committee yesterday morning and recommended that water and sewerage services be extended from Douglas Court to Douglas Court.

A delegation from the Salvage Corps and Fire Companies were present asking for the payment of bills amounting to \$294.94 in excess of the \$150 granted them by the council for the entertainment of visiting firemen on Soldiers' Day was heard. Their request will be considered later.

Tenders for excavation and backfilling for the installation of an 8 inch water main and 9 inch sewer in Lancaster street, West St. John, were opened. Figures were as follows:
Per cubic yard
Rock Excavation \$1.85
Mosses, Tobias and Parris \$6.50
Lewis Stevens 7.00
Ring and Iron 5.00
This work is to be done in connection with the city housing scheme on the West Side. The matter was referred to Commissioner Jones.

Commissioner Fisher said the supply of material for paving for next year was a serious matter. He had received a letter from Morrison and Nowlands, offering between 50,000 and 100,000 granite blocks at \$37.50. Other contractors had expressed the opinion that they could not supply this material except at a much higher rate. Commissioner Jones submitted an estimate of the cost of water and sewerage extension to Douglas Court, where the St. John Housing Commission had recommended that the extension be made at an estimated cost of \$3,100. He estimated the revenue would be about \$300 in the water rates.

The recommendation was carried. The mayor brought up the matter of harbor commission and said the question should receive attention in the near future. As the matter of a plebiscite would entail considerable discussion the question was held over.

St. John Man Has Gained 26 Pounds

Charles Allen Finds Tanlac
To Be Just What He Had
Been Needing for Fifteen
Years.

"Yes, sir, I have gained twenty-six pounds since I commenced taking Tanlac, and I am in such fine condition that I can do as hard a day's work as any man," was the statement made to a Tanlac representative recently by Charles Allen, who lives at 801 Union street, St. John, N. B.

"My health broke down while I was serving in the Boer War," continued Mr. Allen, "and since that time my condition has been getting worse all the time. For the past nine years my stomach has been in an awful fix and no matter what I would eat I was sure to suffer agony afterwards. Every night that came was misery for me for I couldn't sleep but would roll and tumble till time to get up. I was so nervous that when anybody opened the door I would almost jump out of my chair. Finally I could go no longer, so I gave up my work and started to the country to take a long rest."

But before I left I decided to buy a bottle of Tanlac and take it with me, as I had heard and read so much about it. I went on to the country and began to take my Tanlac and I want to tell you I felt so much better when I finished my first bottle that I was determined to have some more and I walked two miles and got it. It has been some time now since I finished my last bottle but I am feeling even finer today than I did then for I am heavier and stronger, and my work is a pleasure to me. My nerves are steady and every night that comes I can sleep as sound as a child and I get up in the morning feeling fine. My appetite is so good that I am almost ashamed of the way I eat and everything I eat digests perfectly, and I never have the least pain in my stomach. Tanlac has proved to be the best thing I have been needing for over fifteen years and a medicine that can do what it has done for me certainly deserves every bit of the praise I can give it."

Tanlac is sold in St. John by Ross Drug Co. and P. W. Munro under the personal direction of a special Tanlac representative.—Adv't.

WEDDINGS.
Connell-Morris.
At the Church of the Holy Trinity, yesterday morning, at 8.30 o'clock, Walter Connell and Miss Mary Josephine Morris, both of Cranston avenue, were married by Very Rev. Mgr. J. Walsh, V. G. The witnesses were Mr. and Mrs. Albert A. Graham.

Smith-Oram.
A wedding of interest was solemnized in St. David's Church on Oct. 26, when Miss Lizzie M. Oram, of this city, was united in marriage to Arthur Smith, son of Mr. and Mrs. Smith, of Penobscot. J. A. MacKeigan officiated. The bride looked charming in a suit of grey with taupe hat and fox fur. Mr. and Mrs. Smith will reside for the present at 31 Crown street.

McGuinness-Kean.
In St. Peter's Church, Dorchester, Mass., on October 29, Miss Blanche Gertrude Kean, eldest daughter of Mr. and Mrs. John J. Kean, of West St. John, was united in marriage to Edward P. McGuinness, of Cambridge, Mass. The ceremony was performed by Rev. Father Coughlan in the presence of relatives and friends. The witnesses were Mrs. McDonough, sister of the groom, and Fred J. Waters, cousin of the bride. The bride was head nurse in the Homeopathic Hospital, Boston. After a honeymoon trip to Cleveland, Ohio, Mr. and Mrs. McGuinness will reside in Cambridge, Mass., where the groom is in business as a contractor. **ROTARY CLUB
REGULAR MEETING**
Old Court House Under Discussion Yesterday—Capital and Labor Discussed—Other Business Transacted.

A hot discussion developed at the Rotary Club luncheon yesterday in relation to the decision of the Municipal Council to tear down the old Court House. Other matters taken up included the proposed national educational foundation. Robert Reid presided at the meeting.

The relation of capital and labor in the lumbering industry was discussed by J. Fraser Gregory. He pointed out that owing to the limitations of winter and spring working hours in the matter of cutting and shifting lumber, lumbermen should work longer hours in summer, especially at the present time, when the work, due to improved machinery, was comparatively easy.

CLEANLINESS IS HEALTH
By the use of Gillett's Lye, house cleaning is made a pleasure instead of a drudgery. It softens the water and cleans thoroughly whether the dirt is visible or invisible. Destroys all bacteria and infectious germs, removes obstructions from drain pipes, closets, sinks, etc. Refrigerators are made delightfully fresh and clean by using one teaspoonful of Gillett's Lye dissolved in two gallons of water.

CAUTION MARKED ACTIVE TRADING IN STOCKS

News Over the Week-End Afforded Ground for Considerable Speculative Encouragement.

New York, Nov. 3.—Trading in stocks was again active and broad today but the undertone suggested a degree of caution, such as frequently characterizes a session sandwiched between two holidays.

Developments over the week-end were favorably interpreted for the most part. General conditions, as outlined by the Federal Reserve Board, and latest advices relating to the industrial situation seemed to afford ground for considerable speculative encouragement.

There was a big demand for call money, as all loans made held until the middle of the week. The opening rate of ten per cent. ruled just before the close when a few loans were reported at as low as five per cent. In its main essentials the market ranged from two to five points, subject to downward revision later.

Not until the last hour did the automobile division manifest a definite trend. General Motors then being rushed upward at an extreme gain of twenty six points to the new high record of 405 and finishing only four points under its maximum.

Gains among steels ranged from two to five points, some of this advantage only temporary, but the strength of equipment as featured American Harvester and Westinghouse at gross gains of three to ten points, but slightly impaired. Sales amounted to 17,750,000 shares.

There was a large turnover in the bond market, but irregularly ruled in most divisions, especially among Liberty and International issues.

Total sales, par value, aggregated \$17,675,000.

C. P. R. EARNINGS LIKELY TO GAIN BY \$3,000,000

Net Should Show This Advance at Least Over 1918.

Montreal, Oct. 30.—The return of the Canadian Pacific Railway Company for the month of September and what was forecast in The Financial Post two months ago, when for the first time the company showed a gain in net earnings. At the end of June the net earnings were over \$2,000,000 below those of last year, for the first six months of 1919, and if this condition had kept up for the balance of the year the company would not have had sufficient net earnings to cover the 7 per cent. of the dividend that is paid out of railway earnings.

In July, however, the steady run of decreases in net was changed, and a gain registered, and it was declared likely that the net earnings of last year would be more than wiped out before the end of the present year. Last month saw a substantial cutting down of this loss, and the month of September was even better, for there was a gain of close to one million dollars—\$700,000—over September of last year. The result is that for the first nine months of the present year the net earnings are within \$140,000 of last year's to date, as compared with \$2,500,000 less for the first half of the year.

At the present rate of gain the net earnings for 1919 would be some \$3,000,000 ahead of the year 1918, or nearly 2 per cent more than is required to pay the proportion of the dividend allotted to the regular earnings.

This is the real significance of the figures, for, viewed as they stand, they indicate a higher cost of operation, and far larger gross earnings increase than in net. That is what the month of September did for with gross earnings of \$17,513,690, as compared with \$15,584,770 last year, the net earnings were \$4,091,919 as compared with \$1,121,440 in September of last year.

That a tremendous rise in costs of labor, coal, raw material, etc., the road has had to face is seen by a comparison of the year 1916, for instance, when with gross earnings of only \$12,184,159, the net earnings were \$5,229,159, or over \$1,000,000 ahead of the past month. With only \$10,000,000 gross in 1911 the net were almost as large as this year.

The Operating Ratio. Figuring out the percentage of costs of operation it is seen that in September of this year the costs were 76.6 per cent. of the gross, but this is lower than September of last year when the costs were 77.1 per cent. This indicates where the road was able to show a gain this past month over last year. But the showing contrasts with that of September, 1918, when the operating costs were only 58 per cent. of the gross.

Below are given comparisons with the returns for the months of September, for three years, the detailed statement for the months of September, 1919 and 1918.

Shediac

Shediac, N. B., Oct. 30.—The cañier at the Hotel Brunswick, in Montreal, is very popular, with a number of the young element of the town and they frequently attend the dances.

Miss Mary Weldon, who is shortly to leave town to reside away, has been an honored guest at a number of very enjoyable functions, within the past week. One of the largest and most pleasant social events of the season, was the reception tendered Mrs. D. B. White, who has lately come home from the West, by her sister-in-law, Mrs. E. A. Smith, at her residence, Bellevue. Miss Weldon was also a guest of honor on this occasion.

Quantities of flowers adorned the parlors. At the door, the guests were ushered by Miss Louise Balch, while arise a pleasant time spent in social conversation, they were ushered to the dining-room, by Mrs. R. Balch.

Here the prettily appointed table was presided over by Mrs. Robert Jardine, having as aides the Misses M. Weston, E. Jardine, J. Robert, L. Faturel, and Gladys Smith, daughter of the hostess.

Mr. and Mrs. James Frier who so recently had sad bereavement in their home, have had their lives cheered within the past few days, by the safe arrival from distant parts of their sons, Messrs. Leslie and Arthur. After suffering their bit in the Great War, the boys came home, some time ago. Arthur was in depleted health, and was advised an ocean voyage, while Leslie went to the Canadian West. When they returned from home, their only sister, the late Miss Mabel Frier, passed away. Their many friends in town are glad to welcome home the Messrs. Frier.

Mrs. W. R. Weddall will entertain this week the Ladies' Aid of the Methodist Church at the parsonage.

DON'T WHIP!

Stop Lashing Your Bowels with Harsh Cathartics but take "Cascarets."

Everyone must occasionally give to the bowels some regular help or else suffer from constipation, bilious attacks, stomach disorders, and sick headache. But do not whip the bowels into activity with harsh cathartics.

What the liver and bowels need is a gentle and natural tonic, one that can constantly be used without harm. The gentlest liver and bowel tonic is "Cascarets." They put the liver to work and cleanse the colon and bowels of all waste, toxins and poisons without gripping—they never sicken or inconvenience you like Calomel, Salts, Oil, or Purgatives.

Twenty-five million boxes of Cascarets are sold each year. They work while you sleep. Cascarets cost so little too.

How To Be Rid of Dangerous Dandruff

If you have dandruff you must get rid of it quick—it's positively dangerous and will surely ruin your hair if you don't. Dandruff heads mean faded, brittle hair will not grow—then you are hatless and nothing can help you.

The sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, safely and without risking a penny get from your druggist's some Parisian sage (liquid form). This is guaranteed to banish all dandruff, stop itching scalp and falling hair, and promote a new growth, or the cost, small as it is, will be refunded.

Parisian sage is a scientific preparation that supplies hair needs—an antiseptic liquid neither sticky or greasy, easy to apply and delicately perfumed. If you want beautiful soft, thick, lustrous hair, and lots of it, by all means use Parisian sage. Don't delay—begin tonight—a little attention now helps insure abundant hair for years to come.

Any druggist will supply you and guarantee money refunded if you are not entirely satisfied.

Stecher Won From Strangler Lewis

One Fall in Madison Square Garden Last Night and Bout Lasted One Hour and Thirty-one Minutes.

New York, Nov. 3.—Joe Stecher, claimant of the world's heavyweight catch-as-catch-can wrestling championship, defeated Ed. "Strangler" Lewis of Kentucky in a one-fall match at Madison Square Garden tonight, throwing his opponent with a body scissors and double wrist lock after wrestling one hour, thirty-one minutes and three seconds.

Gagetown

Gagetown, Oct. 30.—Much interest is being manifested in the Victory Loan, although returns to date are not large. Country canvassers of necessity, have more difficult conditions under which to work, especially at this time of year when roads are muddy or rough and frozen. This area won a Loan Flag last year, and it is to be hoped that this year the Prince's Flag will be awarded here. For this side of Queens, the canvassers are, F. L. Corry for Gagetown; H. G. Bliss, Oranmore; G. B. Shipp, Central Hampstead; J. E. Howe, for Welsford. The secretary for Queens is H. W. S. Allingham of Gagetown.

The October sittings of the Queen's County Court was held at Gagetown yesterday. His Honor Judge Wilson presiding. Among the legal men present, the following barristers were noted: George H. V. Belyea, K. C., St. John; Peter J. Hughes, Fredericton; and John R. Dunn and P. M. O'Neil of Gagetown. Miss Mary McCarthy of Fredericton was in attendance as court stenographer. Several cases had been entered for trial; but at the opening of the Court, the Court was advised that all cases had been settled with one exception.

The case of George F. Black versus Whitman Brewer was then called. Mr. Belyea appearing for the plaintiff, and Mr. Hughes for the defendant. In this action the plaintiff claimed the sum of \$20.40, being a balance due for work and labor performed by the plaintiff for defendant, and for board and lodging furnished Reid Price, at the defendant's request. The dispute centered in the question of the wages agreed upon at the time of the hiring.

Evidence for the plaintiff was given by the plaintiff himself and by his wife and two sons. The defendant and his agent, Mr. Ferris, were examined by the defense. During the hearing, several lively clashes occurred between counsel.

After short speeches by Mr. Belyea and Mr. Hughes, His Honor Judge Wilson charged the jury, who retired, and after deliberating almost one hour, returned a verdict in favor of the plaintiff in the full amount of \$20.40. Judgment was entered for the amount of the plaintiff's claim and costs. There being no further business, the court adjourned sine die. The jury empaneled to hear the above action was comprised of Lewis Brooks, Popham Adamson, Jacob Carpenter, Eldon Akerley and James Anderson.

Before Police Magistrate T. S. Peters this morning, Carl A. Duffy was charged with and pleaded guilty to an offence under the Factories Act. A fine was imposed; but allowed to stand.

Apple-growers here have had the bluest fall they ever experienced, and the yield is even better than was announced a couple of weeks ago. The Coscar Farm at Lower Gagetown will have 1400 barrels, W. P. and P. L. Fox will have about 1000 barrels; P. T. Dungee and Sons are said to have upwards of 300 barrels; and several other orchards here had unusual crops. A large number of cars loaded with St. John River Valley apples have now gone over the new line to Montreal.

Today's cold snap is pushing the apple-pickers to the limit, to get their commitments made.

The monthly meeting of the Women's Institute was held on Thursday evening at the home of the president, Mrs. H. B. Bridges, when plans were made for the Institute's Winter programme. Mrs. Bridges was appointed delegate to the Annual Convention of Women's Institutes meeting in St. John this week.

Mistaken Identity. "I've no doubt about this case," said the lawyer's clerk to his chief. "One look at that fellow over there convinces me that he is guilty."

"Hush!" said the lawyer, nervously. "That's the counsel for the defence."

ALONG THE SPORT TRAIL

The chief attraction in the Amateur collegiate football series for this week is the initial game between Harvard and Princeton, which will be played at Princeton Saturday afternoon. The Crimson are sending along a big delegation, armed with wads of the long green as well as megaphones, to back their men.

Still, those who stay in the Hub can see some good football, for the Dartmouth eleven will play Brown University on the Braves' Field. Holy Cross will try out Boston college at Fenway Park and Harvard Juniors will meet Tufts in the Stadium.

It is an interesting fact that the good players on a team very seldom turn out in later years to serve as coaches. Their ability on the field is transferred to the business world and the smaller game probably seems trivial. Houghton of Harvard, Roger of Princeton, and Sharpe, of Yale, are the exceptions to the general rule.

Willie Hoppe, the world's champion billiardist, who recently smothered all opposition in New York, will start on an eighteen weeks' trip through the country, accompanied by Ora Morningstar, another wizard of the cue.

Tommy Perry, a Chicago bantam weight boxer, had his skull fractured following a knockout blow delivered by Sammy Merino in a ten-round contest at Milwaukee, Saturday night. Perry is in the hospital and Marino is at the central station.

And now Battling Levinsky, the light heavyweight champion, is clamoring for a whack at Jack Dempsey.

With the formation of the City Basketball League, with what is expected to be the largest membership ever known in the city, there should be some lively games played in the city this winter.

The Great War Veterans started the ball a-rolling last night when they voted \$150 for their soccer football team. If there were several more live organizations like this in the city there might be a different complexion in the local sport field.

From the opinions of the various local sport authorities, it is expected that this winter will see considerable activity in indoor athletics, swimming, hockey and basketball. Let the good work start.

PRINCE ALBERT
the international joy smoke

TALK about smokes, Prince Albert is geared to a joyhound standard that just lavishes smokehappiness on every man game enough to make a bee line for a tidy red tin and a jimmy pipe—old or new!

Get it straight that what you've hankered for in pipe or cigarette makin' smokes you'll find plenty in P. A. That's because P. A. has the quality!

You can't any more make Prince Albert bite your tongue or parch your throat than you can make a horse drink when he's off the water! Bite and parch are cut out by our exclusive patented process!

You just lay back like a regular fellow and puff to beat the cards and wonder why in samhill you didn't nail a section in the P. A. smokepasture longer than you care to remember back!

Most Canadian dealers now sell Prince Albert in the tidy red tins. If your dealer does not handle it tell him to order through his jobber. Leading Canadian jobbers are now supplied.

CITY LEAGUE STRONGEST EVER

City Bowling League Will Open With First Game on Black's Next Monday Night — Seven Teams Now Entered.

Seven teams have entered for the City Bowling League on Black's alleys, and another team is expected to join this week. The league will open with its first game next Monday night and the fans who have looked over the names of bowlers on all teams claim it will prove the strongest combination of players that has ever been organized in this league.

Commissioner Thornton has donated a trophy for the highest average and F. C. Beazley has also offered a trophy for competition.

A meeting of the league representatives will be held tomorrow night to complete arrangements for the season.

Sir Thomas Lipton Bound To New York

Famous Yachtsman Arrived at Halifax Yesterday on S.S. Carmania—Will Look Over His Yacht and Visit Toronto.

Among the passengers arriving on the Carmania at Halifax yesterday was Sir Thomas Lipton, the famous yachtsman, who is proceeding to New York to inspect his latest challenger for the America Cup, Shamrock IV, which has been in dry-dock since 1914.

"This is a sort of lightning trip," said Sir Thomas Lipton to newspapermen yesterday morning, who explained he would put a few days in America. Sir Thomas said that he would proceed to New York on the Carmania and would remain there for a few days.

"While in New York," he said, "I will see just how cup matters stand and will look over the Shamrock there. Next spring I will send over a 23 metre 'Irish horse' for the Shamrock."

The baronet said that he might have time on this trip to pay a very brief visit to Toronto, and added that he would shortly return to America for a longer stay in connection with yachting matters.

Some Canadian Political Topics

Let Farmers Take Their Big Chance—Drury's Opportunity—The "Bonne Entente"—Humidity on the Coast—Murphys in Montreal.

Let Farmers Take Their Big Chance. (Toronto Telegram.) Canadians who want the Grain Grower-United Farmer movement to fall for the sake of the party are not one in a hundred compared to the Canadians who want the Grain Grower-United Farmer movement to succeed for the sake of the country.

Protection is an evil that has broken the hammers of many an agrarian movement in the United States. The Grain Grower-United Farmer movement may go to Ottawa and establish Free Trade. A Free Trade experiment will either put the country on its feet or put the Free Trade Government on its uppers.

Can Farmers' Party Work With Radicals? (Montreal Herald.) The role of Cincinatus seems to sit easily on Mr. E. C. Drury of the County of Simcoe Ontario the newly chosen leader of the United Farmers of that Province. He casually remarks that he is returning to his farm to await the call of the Lieutenant-Governor to form a cabinet and that he has already selected a cabinet. It will be a blow to him if Premier Hearns' resignation with the recommendation that the Government send for Mr. Hartley Dewar and entrusts to him the task of forming an Administration. These steps would have the force of precedence and constitutional practice but the way in which Mr. Dewar and the Lieutenant-Governor have been talking at each other in public interviews hardly warrant any expectation that any such sensitive of the Crown will adopt that course.

It is announced that Mr. Drury is the leader of a Farmers-Labor Party. Aside from the fact that the union of these two groups would fall of sufficient numbers to form a majority of the House it cannot be readily believed that two groups so widely divergent can work out a policy harmoniously. The advanced radicalism of the Labor Party would suit neither the views nor the interests of the farmers. The Farmers' Sun the official organ of the U. F. O. has repeatedly protested against the socialism of the radical element, and so it is difficult to believe that these two elements can coalesce. The new leader must be an optimist. His course so far is at all events refreshing. Politics will take a new and pretty lively turn in Ontario.

Drury's Opportunity. (Montreal Star.) The new Premier will have a big task on his hands. He has, if he is wise enough not to interfere with it, an efficient civil service and departmental administration, but—provided always that he sticks to his own group—he will have very raw material with which to form his executive. Fortunately for him, two of the three main problems which any Ontario Government has to face are already settled in so far as a clear indication of the public will can settle them. Ontario is behind the Hydro-Electric idea and Ontario wants prohibition. Mr. Drury need not worry about either of these. On the other great question which his administration may have to settle—which it should settle even if not compelled to by political necessities—the bilingual school issue, it is to be hoped he will show more vision than any other man in the province. It is a question which has divided Sir William Hearns or Sir James Whitney. Mr. Drury has an opportunity here to leave himself a great Canadian. He can do more than any other single individual in this country today to bring the two great races together on a basis of mutual understanding and trust. He is not hampered by pre-lection obligations to any association or to any party. His focus will bring to the study of this great question minds unprejudiced but not untrained. It is a great chance to do a work of incalculable benefit to Canada if the new Premier wants to take it.

The "Bonne Entente." (La Presse.) It is to be hoped that the speech made yesterday by the Prince of Wales at the luncheon given in his honor at the Place Viger will be printed and a copy sent to every family in Canada. A copy could also be furnished to every immigrant who comes to settle amongst us. In this way all could learn the principles which go to make up the greatness and the strength of the Canadian nation on this American soil.

No one," declared His Royal Highness, "can read the history of Canada and still less can he travel in this country as I have travelled through it during the last two months without noting the characteristics and

LOOK!

If you were told of a new discovery for the treatment of coughs, colds and bronchitis, as certain in its action on all chest troubles as anti-toxin is on diphtheria, or vaccination on small-pox, wouldn't you feel like giving it a trial?

Peps is the discovery! Peps are little tablets, containing certain medicinal ingredients, which, when placed upon the tongue, immediately turn into vapor, and are at once breathed down the air passages to the lungs. On their journey, they soothe the bronchial tubes, the delicate walls of the air passages, and finally enter and carry relief and healing to the lungs. In a word, while no liquid or solid can get to the lungs and air passages, these Peps tablets get there direct, and at once commence their work of healing.

FREE TRIAL. Cut out this article, write the name and address of the paper, across it (with 1c stamp per return postage) to Peps Co., Toronto. A free trial packet will then be sent you. All trial packets will then be sent you. All trial packets will then be sent you.

the genius of the two races of which it is composed and firmly bound together from one end of the Dominion to the other not only in the East but also in the West where the two races share the honor of being descended from the first explorers and the original pioneers.

Murphys in Montreal. (Montreal Gazette.) Manitoba reports the loss by frost of some 1,800,000 bushels of potatoes, and a shortage is feared this coming winter. It would seem from this information that on the prairie they leave the murphys out rather late in the season. The Manitobans should not worry over the threatened scarcity. There are plenty of potatoes in Canada, and, incidentally, they are cheaper this year than for several years past. Potatoes are being peddled in Montreal and sold in the public markets at 25 and 30 cents a peck, and other vegetables are correspondingly cheap. Celery, for example, sells at six heads for a quarter. The farmers at that rate, cannot be classed with the profiteers.

A NEW ORDER. Along the lines of "Safety First," the N. B. Power Company has issued an order to street car conductors not to allow newshybs to jump on the cars to sell papers.

Police Court Cases Yesterday

Mrs. Kenneth Raymond Charged With Obtaining a Sealskin Coat Under False Pretences—Austrian Vagrant Remanded—Juvenile Charged With Theft

The case against Mrs. Kenneth Raymond, charged with getting a sealskin coat valued at \$225 from the store of P. S. Thomas, under false pretences, was given its first hearing in the police court yesterday afternoon.

P. S. Thomas, proprietor of the Mats street store in question, was the only witness examined. He told of the defendant getting at separate times a

lynx neck fur, and a lynx muff to match. These articles were changed to her husband. She had expressed the desire to get a fur coat and had admired one in stock. She had visited the store at various times, accompanied by another woman. By phone she had ordered the sealskin coat in question, stating that her husband intended giving it to her as a gift, but that he had gone out of town on a hunting trip. This was in October, 1918.

The witness had sent the coat to the apartments of the defendant, then in the Prince William Hotel. His son had taken the parcel along in his automobile. Later he had phoned Mr. Raymond, who said that his wife was out of town and that he did not know anything about the coat. The coat has not since been returned, nor has the plaintiff been paid for it.

Cross-examined by D. Mullin, counsel for the defendant, the witness said that when the defendant came to the store first she was introduced to him as Mrs. Kenneth Raymond. It was not until after she had got the coat

that he knew of her as "Kitty Raymond." He could not remember urging the defendant to buy the coat. None of the items in the account against the husband of the defendant had been paid.

The case was postponed under a verbal remand; G. H. V. Belyea appearing for the plaintiff.

At the morning session of the court William Cosmak, an Austrian vagrant with stealing grain from the cars in the C. P. R. yards, West Side, was remanded.

The noted Spar Cove case was terminated when Grace Jordan and Charles Bourne, charged with assault, were each fined \$20 or two months in jail; James Bourne and May Jordan, charged with using abusive language, were fined \$8 or two months. Mrs. Rosalie Waltz, appearing in the same case, was allowed to go on suspended sentence. The fines, however, were allowed to stand.

Five men charged with drunkenness all pleaded guilty and the usual fines were imposed.

MONTREAL EARNS RIGHT TO BATTLE WITH HAMILTON

By Defeating Ottawa at Rugby Gets Into Championship Final.

Montreal, Nov. 3.—By its spectacular playing here on Saturday, when it defeated Ottawa 15 to 8, Montreal earns the right to battle with Hamilton for the championship of the inter-provincial Rugby Union. The game was considered by oldtime football authorities as one of the most thrilling games ever witnessed here. It kept a fine crowd of 5,000 fans alight with enthusiasm from start to finish.

Humidity on the Coast

The Vancouver World reports a statement by an ex-attorney-general of the province to the effect that the local government honor done in one month took in for sales the sum of \$155,000. The World adds that on such a basis the liquor bill of British Columbia for the year 1919-20 is estimated to amount to over \$1,700,000 in a year's time. This is about one-sixth of what the liquor bill of the province is supposed to have been under license and although the reduction is noteworthy, it still amounts to figures that are discouraging. It would seem that along the Pacific coast the dress does not amount to aridity.

THE EXTRAVAGANT HENRY VIII.
The following item is taken from the inventory of the wardrobe of Henry VIII—the royal Bluebird of England. One pair of short hose, of black silk and gold woven together; one pair of hose, of purple silk, and Venice gold, woven like unto a saw, and lined with blue silver sammet, edged with a pascaman of purple silk and gold wrought in Milan; one pair of nose of white silk and gold knit, bought of Christopher Millener; six pairs of black silk hose knit. Who inherited this sixteenth century wardrobe?

NOTICE
The Board of Commissioners of Public Utilities have ordered that the supply of natural gas by the Moncton Tramways, Electricity and Gas Company, Limited, to consumers and the consumption of such gas shall be subject to the following rules and directions:

(1) That the use of natural gas under boilers and for operating or illuminating signs and advertisements is prohibited.
(2) That the consumption of natural gas for power purposes in all factories and manufacturing establishments which had an average monthly consumption of five hundred thousand cubic feet per month, and upwards during the preceding twelve months are hereby limited during the coming winter months of A. D. 1918 and 1919. PROVIDED, HOWEVER, AND IT IS HEREBY ORDERED THAT IN NO CASE shall such consumption exceed three million cubic feet in any one month.

(3) That the consumption of natural gas for power purposes in the Canadian National Railway shops and in all factories and manufacturing establishments which had an average monthly consumption of five hundred thousand cubic feet per month, and not exceeding four million cubic feet per month, during the preceding twelve months, are hereby limited during the coming winter months of A. EQUIPMENT STOCKS
SHOWED SPECIAL STRENGTH MONDAY

(McDUGAL & COWANS)
New York, Nov. 3.—The market continued generally strong in the afternoon, with special strength in the equipment stocks and to some extent in the steel issues. Evidence accumulated that the railroads have been behind their normal equipment purchases for the past two or three years, if not longer, and that companies in this line have several years of good business ahead of them if the roads are to be properly taken care of.

Practically the entire industrial list was strong in the late trading and prices closed generally near the top for the day. No specific news bearing on the miners strike came out, but the action of the administration leaders in the Senate in setting November 6th as the date for which they would ask the vote on the peace treaty to be set encouraged the idea that that business might soon be disposed of.

Call money remained throughout the day at much lower rates than the high spots it touched last week and loaned at normal rates before the close. The news despatches carried further reports of overtures for peace from various representatives of both miners and operators. These appear to be individual acts, and still lacking in general support on either side, but they seem to indicate that there is a real desire to see the thing settled. Sales 1,766,800.

AROUND THE CITY

FIRST OF SEASON.

The steamer Ocoee brought several pairs of rabbits from up river yesterday. These are the first of the season.

ENJOYABLE PARTY.

Jean G. Burton entertained a number of friends at a Halloween party Friday night at her home, 119 Guilford street.

FIRE OF THIEVES.

While the police were watching four thieves in the C. N. R. freight shed early Monday morning, it is reported that two men entered the building and when ordered to halt they made their escape despite the fact that a shot was fired at them from a revolver.

IS IMPROVING.

James Riley, Longshoreman, who was injured last week-end in falling down a hold of the steamer Chelmsford this afternoon reported improving at the General Hospital.

ADJUSTING LOSSES.

In the adjustment of the loss on the Merchants' Bank building, Edward Bates is representing the underwriters and Edward Farrow is acting for the bank. The adjusters commenced operations yesterday morning.

I. O. D. E. RALLIES

Mrs. Colin H. Campbell, Provincial President of Manitoba and Mrs. Geo. H. Smith, National Patriotic Secretary, are holding rallies throughout the Province speaking before the Chapters on the I. O. D. E. War Memorial Scheme.

LEFT FOR PORT ARTHUR.

Mrs. W. P. Caldwell left last evening for Port Arthur to join her husband, who is on the staff of the Bank of British North America. Mr. Caldwell was with the local branch of the Bank of B. N. A. before enlisting for overseas service.

RECEIVED A CHEQUE.

Mrs. Hynes yesterday morning received a cheque for \$100 as a contribution towards the Protestant Orphan's Home from a friend of the orphan who did not desire to make his name public. The cheque has been forwarded to the institution.

DELEGATES RETURN.

The Tuxis Boys who have been attending the Boys' Conference at Moncton returned yesterday and speak very highly of the enjoyable time given them by their hosts. They were cordially met and splendidly entertained while in that city.

BANK CHANGES.

Victory Loan Clerk Given A Surprise

Lady Called at Headquarters Yesterday and Purchased a Four Thousand Dollar Bond—Reports from Different Counties.

Last night a woman resident of one of the sections of the city which does not boast of being in the Victory Loan class, called at the Victory Loan headquarters, Chipman Hill, and asked for information regarding the present loan, particularly regarding a fully registered bond. She was told courteously that registered bonds were issued in denominations of \$500 and upwards and the clerk seemed to think that that was the end of the incident. Imagine his surprise when the woman (dread to her companion, evidently a daughter, and said, "Well, I guess we had better take \$4,000.") This is a pretty good pointer for the canvassers, who are aiming for the big game—and the big game is big.

Another woman, who was approached by a canvasser yesterday, said that she would rather put her money in the savings bank, as she had invested in Victory Bonds last year and did not get anything out of them, while the banks were paying three per cent interest. Asked by the canvasser what she did with her interest coupons from the bonds, she said she did not touch them, but left them in the bank, and was considerably surprised when told that they were good as mail. The canvasser, after some feinting, showed this interest—that the difference between the bank interest and the bond interest, in fifteen years, would in her case amount to \$489.25—and there was another applicant for a \$2,000 bond.

A feature of yesterday's returns was the fact that Cloverdale, in Albert County, exceeded its objective of \$1,000 by \$1,500, winning the Prince of Wales' flag with three crests.

It is noticeable that though many of the provincial towns are doing their bit and going over the top, the city and county of St. John is not doing as well as was expected. The totals up to Saturday night gave this district the figure of \$1,065,550, and with less than two weeks to go, the canvassers should do some hustling to make the objective of \$4,000,000.

The returns by counties follow:

County	Amount	Applications
St. John City and County	\$1,065,550	1,184
Kings	52,000	58
Madawaska	74,900	263
Queens-Sunbury, East	31,500	51
Queens-Sunbury, West	8,000	6
Upper Gloucester	245,000	119
Restigouche	159,000	284
York	183,400	353
Albert	60,600	82
Westmorland	249,000	950
Keegan	37,000	60
Northumberland, West	47,650	103
Northumberland, East	56,200	127
Carleton	73,150	81
Charlotte	240,800	338

Joseph McConnell Taken To Hospital

Aged Workman Was Found Lying in Newly Erected Wright Street House—Suffering from Stroke of Paralysis.

Joseph McConnell, aged 78, is at the General Public Hospital in a semi-conscious condition, and his left side paralyzed, following a stroke of paralysis which affected him while at work yesterday afternoon.

With some other men he was engaged in working on a building in Wright street, being constructed for H. J. Fleming and Sons. He was in good health and spirits through the day as far as the workmen could remember. He was not seen by the men when they stopped work in the afternoon at five o'clock but around nine o'clock Constable Harry Donohue found him lying near the building, unconscious, cold and with his hands bruised from a fall. He was taken to Frank Shannon's house, where first aid was administered as well as possible and later he was taken in a coach to his boarding house, but as he did not regain consciousness, he was later taken to the General Public Hospital, where he is now.

Speaking to The Standard last night his landlady said that though he had been boarding with her for the past nine years, she did not know of him ever taking any medicine for paralysis or strokes before. Though he was nearly eighty years old, he was always in good health. It is not known if he had any relatives in the city last night.

Security this morning at the hospital allowed the statement that the aged patient is doing as well as can be expected and that he seemed to have passed a restful night.

Local Engineers And Employers

T. H. Healy, Canadian Representative of International Union Steam and Operating Engineers, Here to Conduct Conference Regarding Wages.

F. H. Healey, Niagara Falls, Canada representative of the International Union Steam and Operating Engineers, arrived in the city yesterday to conduct a conference between the local engineers and their employers towards the betterment of working conditions and increase in the workmen's wages.

He told The Standard that last January the local engineers asked their employers for the fixed union rate of \$25 a week but up to the present time only seven or eight of the fifty employing concerns have acceded to the request. Among those who have granted the union rate is the smallest employer of engineering skill in the city, the City Wet Wash. The St. John Hide Company and Ready's Breweries, Limited, are others.

Mr. Healey stated that he has travelled from coast to coast in the interests of his organization, and the engineers in St. John are receiving the smallest wages of any place, and in comparison, the living costs here are above many of the larger Canadian cities, such as Toronto, Ottawa and Montreal. The average wage paid here is \$21 while the lowest union rate is \$28.

It is expected that some amicable arrangements will be made between the employers and the engineers and for that purpose a special meeting will be held Wednesday night.

French To Have Christmas Gifts

Brunswick Chapter I. O. D. E. Vote Money to Navy League and Make Plans to Raise Money for Educational Fund at Meeting Yesterday.

A gratifying report of the tea held in Halifax on the evening of the 2nd inst. by the Brunswick Chapter I. O. D. E. was presented at their meeting held yesterday afternoon at the residence of Mrs. Harold Mayer, West Side. The report was given by W. I. Fenton, president. It was decided to vote the sum of \$25 to the Navy League and to prepare boxes for Christmas time to be sent for French Relief.

A detailed report of the Provincial Chapter I. O. D. E. Meeting was given by Mrs. J. B. Travers and was listened to with interest.

A committee was appointed to meet with the Municipal Chapter to discuss plans for the entertainment to raise funds for the Chapter's share of the War Memorial Fund and for educational work.

It was decided to send four daily papers to the General Public Hospital and the committee are making arrangements to visit more regularly the wards in the Military Hospital and to provide comforts for its soldiers.

WESTFIELD OUTING ASSOCIATION MET

At Session Held Last Night Was Decided to Apply for Incorporation Under Name of Westfield Country Club.

At a largely attended meeting last night, with President D. W. Leaning in the chair, the members of the Westfield Outing Association heard the reports of the various committees and later unanimously decided to apply for incorporation under the name and style of the Westfield Country Club.

The association, it was shown, is now in a flourishing condition. The club house has been completed the year and the properties at Westfield are considered among the most valuable in that community. It is also planned to complete the clubhouse on the golf course next spring and contracts for the work have been awarded. The tennis courts will also be improved, and new ones laid.

For the fall and winter months, it was decided to hold a series of bridge parties, and a club ball will be held in the near future. Committees to make all the necessary arrangements were appointed at last night's meeting.

The club at present numbers 392 members.

HAPPY GATHERING AT ST. DAVID'S

Excellent Entertainment Last Evening in Connection With Opening of the Church's Fall Campaign.

About fifty of the happiest boys and girls in town gathered together in the school room of St. David's church last night and enjoyed songs, music, games and refreshments until they were completely satisfied. The occasion was the opening of the church's fall campaign with the Canadian Girls in Training and the Tuxis Boys and all the children present were members of the organization in the church.

Mrs. Turner, Mrs. Millidge and A. E. Crookshank had charge of the arrangements, which were most satisfactory. In addition to the young folks, most of the school teachers and class leaders were present.

ASSOCIATION OF MUSICIANS MET

Protective Organization Held Meeting Recently—New Secretary Appointed—Large Membership.

A meeting of the St. John Musicians' Protective Association No. 729 was held on Sunday at the Oddfellows' Hall the president, M. C. Ewing in the chair. The resignation of E. Boyaner as secretary was accepted, and George H. Scott was appointed to the office. No change in the scale of salaries has been decided upon pending the decision of the New York Association. The initiation fee for bands joining in a body has been reduced and the charter will be kept open until the charter will be kept open a month for their benefit.

A committee has been appointed to work in conjunction with the delegation from the Trades and Labor Council to the Musicians' Union.

Ninety-five per cent of the musicians in the city have joined the association and a great deal of interest is being taken in the organization.

A special meeting will be held in the Oddfellows' Hall on Wednesday.

WAR VETERANS' REGULAR MEETING

Decided Last Night to Hold Regular Christmas Treat for Widows and Orphans, Also Smoker in Near Future.

At a largely attended meeting of the War Veterans, held in their building, Wellington Row, last night, it was decided to hold the regular Christmas treat for the widows and orphans of the boys who had fallen while on military service, and to this purpose a committee was appointed to make all arrangements. Comrades Derry, Pink Vassie and Barbour were appointed to this committee.

It was also decided to hold a smoker in the auditorium in the near future, and the arrangements for the entertainment were left to Comrades J. Barbour, Kenneth Clawson and James Lewis.

An interesting and keen discussion took place regarding the athletic activities of the association, as a result of which the sum of \$150 was appropriated for the equipment of a soccer football team, which will represent the Veterans.

SANDS' EXPRESS

EVERY WOMAN WILL AGREE

that a house dress to be a success should look well and wear as well as it looks.

F. A. Dykeman & Co. are showing a quantity of exceptionally attractive styles, made of sturdy Glenbarry, and the colors are Rose, Pink and Alice Blue; also in Black and White Checks. Some have white collars and cuffs, and the sizes while broken run from \$4 to \$12.

Each one is a regular \$4.00 value and all are offered at the one price, \$2.98. Early comers, of course, will get the best pick.

THE OLD COURT HOUSE

A strong movement among citizens to induce the county council to rebuild the old court house on King square and not tear it down. It is pointed out that the walls are in excellent condition and it is estimated that \$20,000 should be ample to put a new interior and replace the roof.
