### R.K. TRACY, M.L.A. ADDRESSES HOUSE

Gives a Well Thought Out Presentation of Opinion and is a Credit to Carleton

Mr. Tracy extended his congratulations to the mover and seconder of the address and also to the hon. leader of the official opposition. With reference to the hon. seconder of the address he had been under a handicap by speaking in a language which was not his own. In that connection he only wished the English-speaking members of the House could speak French fluently as the French members could speak English, and he hoped the time would come when both languages would be taught in the common schools of the province. He concurred in what had been said with respect to the late hon. member for Northumberland, and he wished to extend congratulations to those who had preceded him in the debate. At the previous session some hon. members had expressed the opinion that the presence of a third party in the House was a mistake, and had intimated that their aims were of a selfish nature. He disagreed with the sentiments which had then been expressed. The farmers' party was not in politics to get control of affairs, but their object was to try and improve social conditions in the rural districts. The schools were not what they might be and the same might be said of the roads. The farmers' party was anxious to build up the agricultural industry on which the province depends so much for its prosperity. They were quite willing to do their part in the carrying out of any measure calculated to benefit the people at large.

There had been a great deal of criticism aimed at the government because of an over-expenditure during the last year. It was perhaps right to say every government should keep the expenditure within the income, but it was a question where the blame ought to be placed. It seemed that every government in the last forty years had done the same thing that the present government was doing. He believed, however, that the time had arrived when it should be stopped. They should face the situation today as they found it and endeavor to pay their debts as they went along.

The speech from the throne had referred to the condition of lumbering and agriculture, and in that connection he wished to offer a few suggestions. He was not familiar with lumbering, but he did know something about agriculture, and could say that the farmers were today up against something which they had not looked for a year ago. The same thing was in all probability true of the government. In the case of the farmers, when they found themselves paying for ninety dollar fertilizer with ninety cent potatoes, nobody could blame them for feeling discouraged. If some improvement did not come soon the result would be that many now engaged in farming would be compelled to take up some other occupation. It had in the past been the policy of the government to spend money on great production. He had no fault to find with that, but he thought today that the farmers had sufficient education to produce the products providing a market could be found for them. He was glad to note that the government proposed to help the farmers procure markets and better transportation facilities for the handling of their products.

In the province of Manitoba they had a Rural Credit Act, passed in 1917. Its objective was to help the farmers and give them credit in time of need. He had before him a report covering the operations of the Act, and it seemed to him that it had worked out in a satisfactory manner and without loss to the province. The Act provided for long-term mortgage credit and also short-term rural credit, the latter being available to groups of fifteen farmers on completing the organization and making application to the provincial secretary. He was not urging the passage of a similar Act in New Brunswick, but was merely bringing the matter to the notice of hon. members.

He thought the criticism made against the government for over-expenditure had been levelled chiefly at the public works department. If it had reference to mis-appropriation or poor administration it might be justified, but he thought the hon. minister would bear him out in the statement that if double the amount had been expended last year over what was actually expended the people would still be asking for more. The people made demands on the department and if the money was available and expended judiciously it was hard to find fault

over it. He thought that the government had found itself in the same position as many private individuals, and had discovered that it was more necessary to practice economy than was the case a year ago. He would urge the government to practice economy in every way, and he even thought they would be justified in cutting down expenditure on the roads. He would like to have the opinion of the hon. minister as to the wisdom of adopting, with respect to road expenditures, some arrangement such as now existed between the province and the federal government. Under the existing rate some municipalities were now paying for their road work more than their share in proportion to what they received from the province, while in other cases less was being paid. He believed that if the people were to look at it in the right light all would be willing to pay their share. Personally he believed that such an arrangement would be more satisfactory than that which at present prevailed. While on the subject he wished to say that he felt the time had arrived when the New Brunswick government should change the rule of the road. He understood that action had been deferred for the putting in force of the Act pending a change in the province of Nova Scotia. That province had now come into line, and he believed the change in New Brunswick would be decidedly in the interests of public safety.

With regard to freight rates all would agree that they were a serious handicap, not only to the lumbermen but to the farmers as well, and he felt sure that all hon. members would welcome a reduction. He did not hesitate to say that he had been favorable to the Public Health Act and had supported it while a member of the municipal council. He still believed the Act to be all right, but considered the cost of administration to be too high. That was responsible for the trouble which the government was having with several of the municipalities. He did not agree with the opinion expressed that all opponents to the Act were acting from political motives.

He strongly hoped that some steps would be taken that would prevent fatal shooting accidents in the woods during the hunting season. It seemed hard to place the blame for those accidents. If a man shot a moose out of season he was fined \$200, but if he killed a man in mistake for a deer he got off free. He hoped that steps would be taken to bring about a change in the future. He wished to extend his thanks to hon. members for their attentive hearing and he hoped that good would come out of their deliberations.

### PRODUCE PRICES

Today potatoes are being marketed at 75 cents and \$1 per barrel and immense quantities are being moved, upwards of 100 cars passing over the railway every day. Hay is still \$25 and oats 55 cents. Butter and eggs bring, respectively, 30 cents and 40 cents. Live pork and veal are bringing 10 cents a pound.

### THE SIMONDS REVIVAL

The revival services now in progress at the Advent church at Simonds continue to increase in interest. Mr. Whitman is certainly a very forceful speaker, his subjects being of the most vital and practical character. The subjects to be considered next Sunday are "The Bible Doctrine of the Second Advent" at 2.30 p.m. and "The Accused Christ" at 7.30 p.m. A most cordial invitation is extended to all.

### REV. T. S. CRISP TAKES A BRIDE

Well Known Methodist Minister Weds Carleton Co. Girl

The home of Mr. and Mrs. Sanford Hallett at Lower Windsor was the scene of a very pretty wedding at high noon yesterday, when their only daughter, Beulah Faye, was united in marriage with Rev. T. Spencer Crisp, who was at one time a pastor of Hartland Methodist church.

The ceremony was performed by Rev. H. Harrison, pastor of Jacksonville Methodist church, assisted by C. E. Bell, pastor of the Rockland United Baptist church, in the presence of about thirty guests. The bride was beautifully attired in a gown of georgette over white satin, wearing bridal veil and orange blossoms and carrying a bouquet of roses.

After the ceremony a buffet luncheon was served. Numerous gifts testified to the esteem in which the young couple are held. The happy couple left on the south bound express for their home at Young's Cove, N. B.

### MRS. ESTHER BROOKS

Mrs. Esther J. Brooks of the late Geo. E. Brooks, died very suddenly of heart failure at her old home in Foreston, on Mar. 2, in the 77th year of her age. She leaves to mourn the loss of a Christian mother, four daughters and five sons, Mrs. Hiram Biggar and Mrs. Barnett of Foreston, Mrs. Thomas Lee in British Columbia, Mrs. Casper Holmes of Greenfield, Asa D. and Seldon C. of Foreston, John N. of Edmeston, and G. Edward of Middle Simonds, also 29 grand children and 5 great-grand children survive.

Funeral service was held at Biggar Ridge church, Rev. H. V. Bragdon officiating. A large concourse of people gathered to pay their respects to one of the old land marks and the floral offerings speak of the high esteem in which she was held. Very appropriate music was furnished by people of Foreston. Interment was made in Biggar Ridge cemetery.

### RAINFORD BIRMINGHAM

Yesterday forenoon death relieved Rainford Birmingham from a long period of intense suffering of cancer of the stomach. He had been ill about a year. The funeral service will be held tomorrow from his late residence.

Mr. Birmingham was born at Victoria 73 years ago, the son of Zebulon Birmingham. He was twice married, first to Julia Kimball of Waterville, and after her decease, he wedded her cousin Frances Kimball, who survives him. By the first marriage there were three sons, Holland, Wallace and Daniel, the last mentioned dying about fifteen years ago. By the second marriage there is one daughter, Miss Annie, residing at home.

Mr. Birmingham had been during his life time one of the best known and most successful farmers in the district and had a wide circle of friends and acquaintances who held him in high esteem.

### VAIN SEARCH FOR LIQUOR STILL

On Wednesday Inspector Ayon Nevins with J. F. Murdoch and two officers from Woodstock, acting on information received, went to a lumber camp on the south branch of the Beaguineau, expecting to find a liquor still in operation. Nothing was found that could be seized and there were no grounds for making an arrest. From reports which have been coming from the locality, however, it is believed that a brisk business in home-brewing has been carried on during the winter.

All winter Goods at reduced prices at Carr's.

# Made in Canada

In the spring of 1913 we made our first shipment of fertilizer from this plant. At that time several of our travelling men reported to us that local agents were doubtful about being able to sell a fertilizer other than imported. They had been so accustomed to buying imported fertilizer that they did not feel that any which was not imported could be up to the standard of what they had used for many years previous.

In order to overcome this and to impress upon our trade that a fertilizer made in Canada was just as good in every particular as that imported, we adopted the phrase, "Made at Windsor, N. S.," which we have used on all our advertising pamphlets and booklets and have let the results which the users of our fertilizer obtained speak for themselves.

The value of fertilizer is not fixed by what the maker says about it in his advertisements but it is sold on its contents of plant food represented by the analysis. Almost every user of fertilizer knows what a 4-8-4 or a 5-8-7 are and just what these expressions mean. Government inspectors during the selling season take samples of fertilizer as offered for sale which samples are analyzed by the chemists at Ottawa and the results published in an annual report issued by that Department. These reports are circulated everywhere fertilizer is used and every farmer and dealer can compare the analysis with the manufacturer's guarantees.

The other method of determining how the fertilizer stands is by the actual results which the user gets from his crop. This is the final test but the results have shown the high analysis fertilizer almost invariably gives the best results, and we have letters from many of our customers who have used our fertilizer for the past ten years, and we are selling to the same customers year after year.

Both the reports of analysis by the Department of Ottawa and the actual results obtained by the users of our fertilizer indicate that it is up to the standard in every particular and equal in every way to any imported fertilizer.

Just at this time we are calling this phase of the fertilizer situation to users and dealers because there is a general campaign being carried on by the Canadian Reconstruction Association to develop the sale of "Made in Canada" goods. By doing this the condition of unemployment will be relieved and everyone knows how serious this matter of unemployment is.

The official statistics ending for 1920 shows that during that year the total amount of imported goods used in Canada amounted to upwards of one billion dollars and of this over eight hundred million came from the United States.

Now with unemployment so serious everyone before buying imported goods of any kind should be certain that he cannot buy the same goods equal in quality and equal in price made here. It is of course not possible to stop entirely the use of imported goods as there are numerous things which are not made here, there are others which on account of special circumstances are made at other points at a lower price and sometimes of better quality, but the product that we sell is equal in price and in quality to any similar brand imported and there is no necessity from the standpoint of price or quality of anyone buying any fertilizer other than those made in Canada.

This year we are making up the various brands running in quality from those containing 1 per cent. of Ammonia to as high as 5 per cent. Ammonia and from 1 per cent. Potash to 10 per cent. Potash and we have a variety of grades to suit all crops and conditions. All our brands are made from the best materials, properly mixed, fine and dry and it will run in the planter and satisfactorily in every way.

The results of the analysis of our different brands can be found in official government reports covering the past ten years and they will be found to be up to the guarantee all along the line.

We have local agents in most towns and our travelling men cover the various territories and we are glad to send our price and terms to anyone writing us direct.

### RETURNED SOLDIER WANTS PRAYERS

A returned soldier asks that this be printed:

"I would through your paper try to make myself understood to all who heard what I said in the after meet-

ing Sunday evening, March 5, that I did not by thought, word or deed intend to slur any who did not enlist in the last great war. It took more courage for some to stay at home than it took for me to go. I was dragged into the army by influence August, 1915, but I thank God for that! I was convicted that it was my duty to enlist August, 1914, but I was scared blue. And to more fully express my feeling toward those that fell in the war and those that returned I ask the prayers of those who pray, mothers, fathers, sisters or brothers of any boy who was under military age, although a Christian, and most promising young as he might be. Who dare think of what might have befallen him under the same environment as those in the great war? If you think first and then pray, I trust you will see how the returned man need your help. Yours in the Master's service."

## PERTH NOTES

Rev. Mrs. Kierstead, returned Missionary preached in the Reformed Baptist church here Sunday afternoon and evening.

The Presbyterian Sewing Circle was entertained by J. W. McPhail, on Friday evening.

O. Kelley, traveller for the Bay Co. of Toronto, for the Maritime Provinces was the guest of B. C. Palmer on Thursday on his way from Pleasant Rock to Edmonston.

Mrs. Street-Inman entertained a number of the little tots very pleasantly on Saturday afternoon, for the pleasure of her little sons, Guy and Parker.

Mrs. J. R. Tompkins went to Presque Isle on Saturday to visit relatives.

Donald Tompkins left last week for a trip to Boston.

A very pretty wedding took place on Saturday evening at 7 o'clock, at the residence of Mr. and Mrs. Henry Green, when Miss Isabel Arnold of Ontario became the bride of their son, Winfred. The ceremony was impressively performed by Rev. R. O. Howlett, B. A. The immediate family only being present. In the evening a large number of friends gathered and gave the young couple a rousing send-off, which was responded to by a generous treat of candy, nuts, cigars, etc. The groom is one of our popular young men while the bride is a popular nurse. Mr. and Mrs. Green expect to move to the groom's farm at Arthurville this fall.

Several from here went to Kilmarnock on Friday afternoon, to attend the funeral of the late LeBaron Inman, son of Mr. and Mrs. Richard Inman, who died on Wednesday morning in the Fisher Memorial Hospital, Woodstock, where he had undergone an operation for appendicitis a few days before. He was another one of our boys who took a noble part in the great war, having gone over with the 56th Batt. in 1915. He was wounded in 1918, at Caval DeNorte. About 45 soldiers marched in a body to the church and grave, and four soldiers acted as pall bearers. He was a favorite with all as he possessed a fine character. His age was 36 years, and his death has caused profound regret. Less than a year ago another brother, Herbert, died very suddenly in Andover, and it is needless to say this has been a great blow to the family. Hadan Inman of this town is a brother. The family have the sincere sympathy of all, in their great sorrow.

Our village was again saddened on Friday when a message arrived stating that Fred C. Armstrong had passed away, in the Vancouver Hospital following an illness of tuberculosis. The deceased was the son of

the late Theodore Armstrong, and Mrs. Celia Armstrong of Middle Perth and was about 35 years old. When a mere boy, he entered the employ of the C. P. R. here as brakeman, but after a few years he went to Cochran, Ont., where he had been sportsman guide for the Canadian Government Railways until he was compelled by sickness to give it up. He was twice married, his first wife, having died about 5 years ago. About two years ago he married Dr. Louise Roberts of Vancouver, B. C. Last winter they spent some time in California, which climate did not agree with him and he has been in failing health ever since. Besides his widow, he is survived by 3 children—two boys and a girl, the oldest being about 15 years old; also his mother, four brothers—the oldest, Judson, residing in Vancouver, Geo. E. of this town, David of Patricia, Me., and Stillman, the well known taxidermist, of Vancouver, Me., and one sister, Mrs. Garvie, of this place. The deceased was a prominent member of the Masonic and other lodges. He was an unusually bright and intelligent young man and counted his friends in large numbers. The burial will take place in Vancouver, it is expected. The mourning ones have the sincere sympathy of all in their bereavement.

Miss M. Edgar entertained her Sunday school class very pleasantly on Monday evening at a snowshoe party. After the tramp the guests were invited to the home of Mrs. Fred Shaw where a fine supper was served.

## GRAND FALLS

The Misses Annie and Eva Day visited friends in Limestone Sunday and Monday.

T. Corey came home from Carleton last week.

James H. Day went to Hardland on business Friday.

J. L. White was in Montreal and Quebec last week.

William Stiles and Miss Ruth McCleary were married on March 11 by Rev. J. J. Graham. Their many friends wish them a long and happy life together.

Orin Day and his mother, Mrs. J. Day, drove to Limestone Saturday returning on Sunday.

Mrs. Wm. Day visited her daughter, Mrs. Moore, in Andover Thursday and Friday.

C. A. Estey, who has been quite ill is able to be out again.

Fred Hennigar spent Sunday at his home here returning to Juniper Monday.

Miss Gertrude Tibbitts of Andover was the weekend guest of Mrs. J. Andrews.

A. M. Chamberland returned Friday from Edmonston where he had been a few days on business.

N. Haseeb is home from a business visit to Montreal.

Miss Mary Louis McLaughlin entertained a few of her friends on Saturday afternoon.

Miss Katherine Costigan had a birthday party Thursday afternoon.

Edmund Carroll died on Saturday morning after a short illness of pneumonia. He leaves a widow and eight children, a father, mother, brothers and one sister to mourn. The funeral took place from R. C. church on Monday morning. A large number of friends and relatives attended to show their respect to a good citizen.

Mr. Carroll was a young man only 34 years of age, the second son of James Carroll of this town. His wife is quite ill at present. The sympathy of the community goes out to the bereaved ones in their great sorrow.

Miss Gertrude Tibbitts of Andover spent the weekend in town a guest of Mrs. J. J. Evans.

Miss Pearl Estey left on Monday for Virginia where she will be married. Best wishes of all go with her.

Mrs. L. A. Estey who has been quite ill is now able to be up again.

Mrs. Wm. Costigan, widow of the late Wm. Costigan, died at her home here Monday morning after a long illness. She leaves three sons and one daughter, Miss Helen Costigan. The sons are Thomas of Ottawa, D'Arcy of Edmonston and Member of this town, and one sister—Mrs. P. Hayden of Woodstock, besides a large circle of relatives and friends. Mrs. Costigan was about 50 years of age. The funeral takes place from the R. C. church Wednesday morning.

Thomas Costigan of Ottawa is in town today here by the illness of his mother, Mrs. Costigan.

The W. M. S. met at the Manse on

Monday night. After the business part of the meeting was over a dainty lunch was served.

Gladys Price, who has been in Limestone all winter, was in town recently.

Mrs. B. A. Puddington was in Edmonston on business this week.

## Railway News in Brief

Vancouver, B.C. — The Canadian Pacific Railway Company has called for tenders for the construction of a new bridge across the Coquitlam River to replace the old one washed away during the heavy floods of November. The new structure, which will be built of steel, is to be about 200 feet long with concrete piers. The concrete abutments will be placed further apart than in the former structure to make more allowance for another possible swelling of the river. The new Coquitlam bridge, when completed, will be one of the most substantial examples of bridge construction on the Canadian Pacific Railway.

Montreal — Mr. G. D. Brophy is appointed District Passenger Agent of the Canadian Pacific Railway, at Regina, Saskatchewan, succeeding Mr. J. A. McDonald, transferred, according to an official circular. Mr. Brophy entered the service of the Canadian Pacific on October 19th, 1910, as clerk in the Passenger Department, New York. Promotions following were: Sept. 1914, clerk Passenger Dept., Montreal; May, 1915, Passenger Agent on liner "Metagama"; April, 1916, travelling passenger agent, Cleveland; June, 1917, travelling passenger agent, New York; July, 1918, returned to Cleveland as travelling passenger agent; January, 1919, travelling passenger agent, Montreal; June, 1919, travelling passenger agent, Banff; October, 1919, travelling passenger agent, Boston; April, 1920, district passenger agent, Banff.

Vancouver. — The fifteen-storey bulk of the Hotel Vancouver is familiar to all visitors to Vancouver. But of all the people who have stayed in the hotel, it is probable that not one in thousands realizes just what a tremendous enterprise the hotel is.

To run the hotel—which has approximately 600 rooms—requires a year-round staff of about 400 employees. The comparatively small matter of keeping paint work and wallpapering in spotless condition and cleaning the ornate plaster work around the rotunda requires the continuous services of five painters and ten helpers.

These men are hard put to it to keep ahead of the dirt which is brought into the hotel on the smoke-laden air. While they are keeping the walls and ceilings bright no less than seven rotunda cleaners are at work each day, keeping floors and windows immaculate and seeing that the electric light bulbs—no mean task in itself—are instantly renewed.

But it is in the downstairs regions of the hotel, far from the gaze of travellers, that the majority of the large number of employees pass their days. In the engine-room where light and power for the hotel are made there are five engineers; a chief, three third-class and one fourth-class. There are four stokers, four ashmen, two shovellers and two truckmen.

Then there are basement cleaners, store-room men, four kitchen cleaners, two printers-for menus—Jardman, an ice-man, five food checkers and three men on food control. It is the duty of the last named to see that every ounce of food which leaves the storerooms is tabulated, so that at the end of each day the profit on dining-room operation can be instantly checked.

The kitchen is the largest unit of the hotel. Here there are a chef with forty-eight assistants, cook to serve the dining-rooms and grill. For the lunch counter there are three separate cooks. Two of the cooks do nothing but broiling, three do nothing but frying, three cook vegetables exclusively and there are six pastry cooks. In addition, there are cooks for boiling eggs, some who make tea, others for coffee, one man who spends his life making toast and another whose sole duty is to clean and open the stoves.

The quantity of food necessary to feed the guests in one day would appal the average housewife. No less than ninety dozen eggs are used daily. Between 5,000 and 5,500 pounds of potatoes are used each day. To butter these, and for cooking, 100 pounds of creamery butter are used each day. Carrots are consumed at the rate of 100 pounds a day and between 300 and 1,000 pounds of potatoes are used each twenty-four hours. Other vegetables are used in quantities of from fifty to 500 pounds according to how many guests there are in the house. It takes from sixteen to twenty gallons of cream, fifty gallons of milk and from 75 to 200 pounds of poultry each day to satisfy the demands of the guests. Winter and summer the ice-plant at the hotel turns out ten tons of ice each day. Even buying at "lowest wholesale prices," food alone costs the hotel from \$1800 to \$2000 daily.

## GRAND FALLS SOCIAL

The following creditable poetic effort was used by Grand Falls C.G.T. as an invitation to a social to be held tomorrow.

We're sending you this stocking—  
 Your size we had to guess,  
 We hope you'll not think it shocking  
 To wear it when you dress  
 To come to our Sock Social  
 At the Manse next Friday night:  
 You may wear your shoes as usual,  
 But keep the sock in sight.

Just pin it on your shoulder,  
 In view of everyone,  
 It will serve in lieu of a ticket,  
 Admitting you to the fun,  
 First fill the sock with pennies,  
 Or nickels and dimes will do,  
 As many pennies as you are years old,  
 (Or a dollar bill will do).

We hope you will not fail us,  
 Whatever the weather be;  
 A cordial welcome awaits you,  
 Good cheer and jollity;  
 A feast of mind and palate!  
 Bid friends and neighbors come,  
 And for our C. G. I. T. Club,  
 We'll "foot" up a goodly sum.

MR. STEPHEN B. SHAW

Stephen B. Shaw died at his home in Windsor on March 7 after a lingering illness which he bore with Christian fortitude. Mr. Shaw was born in Lower Brighton in 1836, living there until he was nineteen years of age, when he and his eldest brother Ammi came to Windsor in the wilderness to make a home for themselves, there being not so much as a road after passing the home of Allen Shaw.

## At Any Time YOU May Need Zam-Buk

Every home and farm needs Zam-Buk simply because it is the purest, safest and best antiseptic healer ever discovered. Equally good in simple cuts and burns as for chronic wounds or sores. If you would save worry keep Zam-Buk handy.

POKES AND SORES—Miss S. C. Hamilton, of Alliston, Ont. writes: "My face and hands were simply a mass of pimples, blotches and sores. The affected parts were as painful as if I had been scalded. I found nothing of real use except Zam-Buk. It soothed, purified and healed my skin perfectly."

OR POISONED WOUNDS—Mrs. A. Berryman, 190, John St. North, Hamilton, who had her right foot crushed by a wagon wheel, says: "The flesh was terribly blackened and inflamed when I got Zam-Buk. Within two days all pain, swelling and discoloration had disappeared. In four days the injury was thoroughly healed."

It has been used with the wonderful healer, Zam-Buk, in a stamp (for postage of SAMPLE BOX) to Zam-Buk Co., Toronto. Box, 5 for \$1.75.

Look for this Trade Mark when You Buy Kitchen Utensils

Would you buy a can of salmon if it had no label? Or a bag of flour? No, certainly not! Then be just as careful when you are buying kitchen utensils. Purchase only those articles of Enameled Ware, carrying the SMP Trade-mark. It is your safeguard and your guarantee of quality. Ask for

## SMP Diamond WARE

Diamond Ware is a three-coated enameled steel, sky blue and white outside with a snowy white lining. Pearl Ware is a two-coated enameled steel, pearl grey and white inside and out.

Through the woods they travelled by means of a spotted road on the trees for a distance of two miles. Mr. Shaw and his brother built a log cabin and began clearing the land, each taking up 100 acres adjoining, of which they might claim in those days by working out the grant. They were the first settlers in Windsor. Later he and his brother, Ammi, built a home and Stephen was married to Frances Jane Phillips, daughter of the late Matthew Lee Phillips, in 1862. Eleven children were born of this union of which seven are now deceased. He is survived by his aged wife who tenderly cared for him during his illness, also by four daughters—Mrs. John B. Shaw and Mrs. Asa Dow of Auburn, Me., and Mrs. David McKenzie, at home, also an adopted son, Harry, living in Victoria, B. C.; sixteen grandchildren and six great grandchildren.

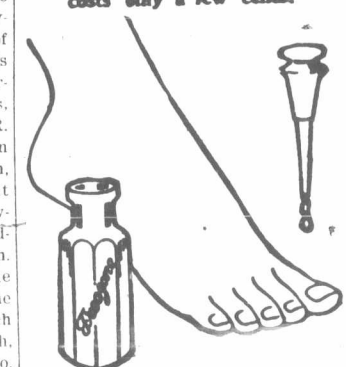

Mr. Shaw was a son of the late Advardis and Phoebe Shaw, being one of a family of twelve boys of which four survive—E. F. Shaw of Bath, Joseph Shaw of Haverhill, Mass., Geo. A. Shaw and Henry A. Shaw of Presque Isle, Me. He was a faithful Christian giving his heart to God in early life; a member of the Free Baptist church in Windsor, of which he was a deacon for many years. Mr. and Mrs. Shaw were united in marriage sixty years ago, Jan. 16, 1862.

Mrs. John B. Shaw and Mrs. Asa

Dow of Auburn were the only relatives that were present from a distance. On account of the rain storm it was with great difficulty they reached their father's home in safety.

## Lift off Corns!

Doesn't hurt a bit and Freezess costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet. A tiny bottle of "Freezess" costs little as any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting; then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Nothing Else is Aspirin—say "Bayer"

Warning! Unless you see name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances?

Accept only an unbroken "Bayer" package which contains directions worked out by physicians during 21 years and proved safe by millions for Colds, Headaches, Earache, Toothache, Neuralgia, Rheumatism, Neuritis, Lumbago, and Pain. Made in Canada.

All druggists sell Bayer Tablets of Aspirin in handy tin boxes of 12 tablets, and in bottles of 24 and 100. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Contributions: News items from any part of Carleton and Victoria counties are eagerly sought. Brief letters on timely topics will be published at the Editor's discretion, but all such must be signed by the writer. It is useless to send poetry, prose literature or any other matter that is not real news of general interest to the readers in the two counties. Such will not be published, nor returned, if postage is not included.

**PRINTING:** The Observer office is so well equipped for general printing that it is every day successfully competing with the largest city offices. The quality of our PRINTING and the generally satisfactory service rendered in this department enable us to command full price and a fair rate of work at all times. We do high class printing and accept and deliver promptly any order, small or large. Office stationery and Commercial work, Book and Periodical Printing, all handled equally well.

HARTLAND, N. B., MAR. 16, 1922.

### APPRECIATION

A good speech was contributed to the debate on the address in the House yesterday by Mr. Tracey, one of the Progressive members for Carleton. Mr. Tracey is a man possessed of a lot of good sound, common sense, and his speech was attentively listened to by both sides of the House. His views on public questions were set forth in a modest way and had the stamp of honesty and sincerity. What criticism he had to offer was of a constructive nature, and undoubtedly carried weight with the government. Carleton has in Mr. Tracey a most useful member who will carefully look after its interests.—Fredericton Mail.

### BIRTHDAY CELEBRATION

A few days ago at the home of her daughter, Mrs. William Culbertson at Waterville, Mrs. George DeWitt, surrounded by a number of her children, celebrated her 85th birthday. She is enjoying good health and a complacent old age. Those of her children who were with her on the happy occasion were Mr. and Mrs. John DeWitt of Avondale, S. W. DeWitt of Crossfield, Alta., Mrs. Guy Birmingham of Victoria, besides Mrs. Culbertson. Two sons, George and Ernest, were unable to be present. Mrs. DeWitt is a native of Sunbury county but has lived in Carleton practically the whole of her married life.

## FOUR HORSEMEN HERE MAR. 22

Rex Ingram Production Marks New Epoch—Ibanez Film Surpasses Stage in Grip on Emotions

Rex Ingram's \$1,000,000 production of "The Four Horsemen of the Apocalypse" is announced by the Neighborhood Theatre on March 22. This will be the first showing here of the screen version of Vicente Blasco Ibanez's novel that has been acclaimed in New York, Chicago, Boston, Pittsburgh, Detroit and Los Angeles as marking a new epoch in the development of motion pictures. At its New York opening people paid \$10 a seat. Critics said the picture had definitely established the screen not only as capable of rivaling the stage as its best, but of surpassing it in its grips upon the emotions.

"The Four Horsemen" is the supreme expression of the Great War. Certainly no novel has stirred the universal appeal created by the Ibanez masterpiece. The book, now in its one hundred and sixty-sixth edition, has been read throughout the world. The monumental task of transferring it to the screen was accomplished by June Mathis, who made a scenario that from all accounts has preserved the force of the original and may include heightened it. But it is the director, Rex Ingram, who has apparently achieved the most sensational success. He is reported to have set a new mark in artistry of picturization.

Readers of the novel will recall that the story opens on the Argentine ranch of old Madariaga whose territories are as extensive as those of the great independent barons of feudal times. And Madariaga rules with feudal power. A rioting, roystering deposit, he is filled with Castilian pride of family and yearns for a male child to carry on his tradition. His two daughters have married ranch employees—one French and the other German. Madariaga's Latin antipathy to the German son-in-law brings with it a dislike of his half-German grandchildren, but when a son is born to the Frenchman, Desnoyers, the old man finds his dream realized. The boy, Julio, is selected as heir to the huge estate and is brought up as a spoiled prince of the realm. As a young man Julio becomes the companion of Madariaga's debauched adventures in Buenos Ayres tango resorts. But Madariaga dies suddenly without making a will and the German branch of the family finds itself staring the estate equally with the Desnoyers. With this sudden wealth, the two families leave the Argentine for Europe.

The Desnoyers settle in Paris, and Julio, an expert tango dancer, becomes the sensation of the fashionable dance places. He meets a fascinating little woman, Marguerite Laurier, and the two of them are swept into a reckless love affair that takes no count of Marguerite's elderly husband. Their butterfly mentalities do not even respond at first to the sudden shock of war that breaks about them. It is 1914 and the Germans are advancing toward Paris. Marguerite is first awak-

ened to the realization of tremendous events. She joins the French nursing force and sacrifices her love for Julio in order to be the constant companion of her husband, who is blind in battle. Julio, left without the stimulation of frivolous attractions, hears the call of duty and enlists in the French army, where he meets death at the hands of his German cousin when the two face each other in a trench raid.

Through it all are galloping the four horsemen, spoken of by St. John in the Book of the Apocalypse—the grim figures of Conquest, War, Famine and Death.

### PRIZES FOR THE SCHOOLS

One of the best ways to arouse a pupil's interest in his school work is to offer him a reward. As a general thing he will work much better if he thinks his efforts are appreciated. This is a fact and as a result we give prizes for scholarship, attendance, etc.

The following is a list of the prizes offered to the pupils of the Hartland schools. This list is small and any additional prizes will be greatly appreciated by both pupils and teachers. The Women's Institute has offered \$11 (\$1 in each grade) to be used as follows—

Grade I and II Highest General Standing.  
Grade III, IV, and V, Greatest improvement in arithmetic.  
Grade VI, Highest average.  
Grade VII, Greatest improvement in arithmetic.  
Grade VIII, Highest average.  
Grade IX, X, and XI, Greatest improvement in arithmetic.  
M. L. Hayward offers a prize of \$5 for the best composition on "Local History." A second prize will be given if it is deserved.  
E. C. Morgan offers \$5 for the highest mark in Mathematics in the High School.  
Fred. W. Smith offers \$5 for the greatest general advancement in Grades VI and VII.  
Attendance prizes will be given as usual by the School Board.  
The Observer silver medal for English Literature will be given as usual.

### CANADIAN POTATO GROWERS ORGANIZE

Winnipeg, March 10.—The potato growers in the locality of Winnipeg have formed an association and will in future grade their potatoes similar to the system in vogue in Minnesota. Every year large quantities of Minnesota products are sold here because of the grading and local growers hope to meet this trade under the new system. This is the first move made in Manitoba to grade potatoes either by growers or seller. At present ungraded potatoes are selling at 25 and 35c a bushel to the produce dealers. There are immense quantities of potatoes in Manitoba awaiting the warmer weather and the spring trade.

### IN MEMORY

In loving memory of our dear daughter Hildagard Cowan, who departed March 16, 1921, age 10 years: Dearest Hilda, how we miss thee As the months glide swiftly past, But we hope someday to meet you And each other's hands to clasp. We miss you in our home, dear Hilda, When we are all together, But we would not wish you back again For we know God loves you better. Mr. and Mrs. Henrie Cowan Vera and Margaret, Sisters.

### REDUCTION IN POTATO RATES

Winnipeg, March 10.—In order to assist in marketing the large quantity of surplus potatoes in the prairie provinces of Canada, the Canadian Freight Association will on April 15, make material reductions in rates from those now in force between this country and St. Paul, Minneapolis, Duluth and Chicago. From Calgary to Chicago the rate will be 85c per 100 pounds; Edmonton 85c; Regina 75c; Brandon, Man., 65c and Winnipeg, 60c.

Mr. and Mrs. Irvine Tompkins called on Mr. and Mrs. Fred Rowland Sunday afternoon.

## Headache

Recurring headaches usually come from an exhaustion of the nervous system, and they do not disappear until the vigor of the nerve cells is restored by such up-building treatment as Dr. Chase's Nerve Food.

Temporary relief by use of powders is often obtained at an enormous expense to the nervous system and the general health.

Get the nerves right and the headaches will not return.

Mrs. W. J. Pearce, Nunn St., Cobourg, Ont., writes:

"My system became run-down, and I suffered greatly with pain in my head. This was so severe that I would have to bind a cloth tightly about my head so that I could get my work done. A friend advised me to use Dr. Chase's Nerve Food, and after taking the first box I found quite an improvement in my condition. I continued using them until I had taken about seven boxes, and they strengthened and built up my system splendidly, completely relieving the pain in my head."

## BUSINESS CONDITIONS IN CANADA

(Presque Isle Star-Herald)  
Mr. E. L. West of Centreville, who was in town for a few days last week says that the farmers of his section of the Province are not in very good spirits. Potatoes are selling on the other side of the boundary for from \$1.00 to \$1.50, and at the prices now quoted many farmers stand to make large losses. Like the farmers of Aroostook, the Provincial farmers would have been far ahead of the game, and avoided heavy losses, had they sold their seed in the big price year, when potatoes touched at one time, \$10.00 a barrel, pulled out of the potato raising business temporarily, and waited until conditions in the business world settled, and things reached a stable basis.

The only farm product which leads Aroostook is hay, which is in good demand at \$24.00 a ton as compared with about half that price on the American side, and the result is that a number of presses have been set up on the American side, and the pressed hay has found a market on the Canadian side, thus reversing the usual order of conditions.

As a whole, farm products on the Provincial side of the line are low, this applying to beef, which is selling at from 10 to 12 cts. By the quarter, to eggs, which are selling at 35 to 40 cts., and butter, which is 30 to 35 cts.

There will be some curtailment of the potato plant the coming season, but not by a very large percentage. In this branch of farming, cost of operations will be considerably nearer pre-war prices than in Aroostook. To a large extent the Provincial farmers will use home mixed fertilizers, the ingredients for which will cost them delivered at the farm from \$30 to \$35 a ton, making a saving over what the Aroostook farmer will have to pay for ready-mixed goods of the highest grade of from \$20 to \$25 a ton. Home mixing was carried on on quite a large scale in the Province last season, and it is claimed that the home-mixed goods gave the best results. With the wages they will have to pay, which will be well down toward pre-war basis, their comparatively low priced land, their light taxes as compared with Aroostook, and other advantages they will enjoy, the Province farmers ought to be able to raise potatoes for a profit at \$1.50 a barrel.

Thus it will be seen that re-adjustment has proceeded much farther on the other side of the boundary than on this side, and it is probable that things generally are on a more satisfactory basis, and the outlook less uncertain than in Aroostook at the present time.

## HER 15 YEARS SEARCH FOR HEALTH ENDED

HALIFAX, WOMAN HAD SPENT HUNDREDS OF DOLLARS IN VAIN EFFORTS TO GET RELIEF—TANLAC FULLY RELIEVED HER

"My only regret about Tanlac is that I didn't get it sooner, because for fifteen years I hunted high and low for something to give me relief and spent hundreds of dollars on medicine and treatments that were just so much money wasted," said Mrs. F. Walker, 144 Duncan St., Halifax, N. S.

"I was in broken health for years and finally got to a point where I was on the verge of nervous breakdown. I don't believe anybody ever had headaches any worse than I did. I would suffer so that I would have to stay in bed for days at a time. My sleep was broken and restless and in the morning I felt worn out and tired."

"I was both alarmed and discouraged about my condition when I began taking Tanlac and I certainly know how to appreciate the splendid health this medicine brought me. I feel just fine now and haven't a vestige of any of my old troubles."

Tanlac is sold in Halifax by Estey & Currie Co., Ltd., and by leading druggists everywhere.

Presque Isle last week where she had been visiting her daughter Marie.

Rev. Mr. Barton planned on holding a series of meetings in the Waterville church but on account of the bad condition of the roads postponed them for awhile.

Rev. Mr. Hatfield, preached in the Primitive Baptist church last Sunday.

A decided improvement is shown among the sick people of our community.

## NOW DO MY WORK WITH EASE

Because Lydia E. Pinkham's Vegetable Compound Restored My Health

Hornell, N. Y.—"I was in bad health but there didn't seem to be any one thing the matter with me. I was tired out all over and it was an effort for me to move. I was irritable and could not sleep nights and had trouble with my bowels and at my periods. It seemed that nearly everyone around me knew of your medicine and wanted me to try it, so at last I took

Lydia E. Pinkham's Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and improved every day. I do all my own work now except the washing and do it with ease. I can accomplish as much in a day now as it would have taken me a week to do last winter and I try to get every one I know to take your medicine to build them up. You are welcome to use this letter as a testimonial if you like."—Mrs. CHAS. BAKER, 21 Spencer Ave., Hornell, N. Y.

In almost every neighborhood there are women who know of the value of Lydia E. Pinkham's Vegetable Compound. They know because they have taken it and have been helped. Why don't you give it a trial?

Stephen Shaw, one of our oldest residents, passed away on Tuesday. He was 84 years old.

Mr. and Mrs. Arnold Orser have both been ill with the distemper that is going.

Clifford Dickinson finished his lumber operations for H. A. Smith this week. He is rejoicing over his twin boys.

Mrs. Gideon Holmes of Stickney is ill at her daughter's, Mrs. C. B. Wasson.

There is someone ill in nearly every house.

Dr. Macintosh made several professional calls in this place last Sunday. George Faulkner is on the sick list being threatened with pneumonia.

## CARLISLE NOTES

We feel that Carlisle deserves a send-off right now, to let our neighbors know we are still on the map. None were washed off by the unexpected freshet although some of their possessions were. Clarence Faulkner's ice house, together with the season's crop of ice, went careering across the road, through the barn, the doors of which were open, taking some pressed hay along and all landed together in confusion in the brook.

Mrs. Harry Barter and children of Hartland, spent a few days with Mrs. Barter's mother here last week.

Chute's woods crew passed through on Wednesday, coming from Nashua. The boys seemed very happy to be getting back to home and mother. Mr. Chute's dish pans and tin cups made a very musical drumming, accompanied by the boys' singing.

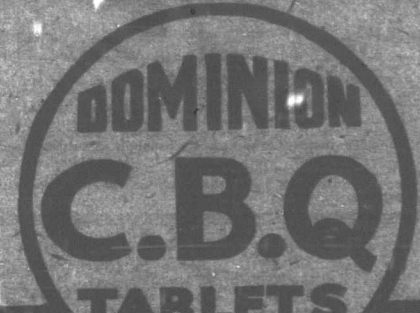

Mrs. Colby Orser who has been very ill with the prevailing flu is now recovering.

Mrs. Len Orser is confined to the bed by illness.

Mr. and Mrs. Robbie Glass were calling on friends in this place on Saturday.

A children's party was given by Mr. and Mrs. Charles Grabb, Jr., on Thursday night, Mar. 2, in honor of Master Basil and Dean Orser. The evening was spent in innocent games and was much enjoyed by the youngsters. One reported "we done everything but dance, and should have done that only for lack of suitable music. Such is youth."

Mr. and Mrs. Fred Gray spent Sunday with Mrs. Gray's parents here. Everyone was sorry to part with

Mr. and Mrs. Willie Orser and family who have moved to Mapleton, Me. On Saturday night about forty friends gathered at their home to bid them bon voyage. The evening was spent in music. A dainty lunch of cake and sandwiches prepared by the ladies was much enjoyed. Mrs. Clifford Pratt on behalf of those present presented to Mr. and Mrs. Orser a handsome Wicker rocker. Thanks were expressed in a few well chosen words. Then the company broke forth into singing, so ending a pleasant evening.

The men of our neighborhood seem to have a craze for getting wood this spring. Everyone's door yard is blocked.

## AROOSTOOK WANTS NEW RAILROAD

Shippers in Maine's Spud County Putting Up Cash to Finance Project

Houlton, Me., March 5.—Houlton business men yesterday agreed to finance the Mattawamkeag and Eastern Maine railroad, an \$80,000 corporation to build a branch line from the Canadian Pacific Railroad at Mattawamkeag to Drew Plantation, 15 miles to the eastward of the junction of the Canadian Pacific and Maine Central Railroads at Mattawamkeag.

This would connect with the Eastern Maine Railroad, which it is proposed to build, under a charter granted by the Legislature from Drew to Houlton, a distance of about 35 miles. Construction of this line and the Mattawamkeag branch would permit Aroostook shippers to send the products of the great potato growing district through Houlton over the Canadian Pacific lines direct to New York Central lines.
