DISCRIMINATION FIGHT IS WON IN ALBERTA, CAN.

Edmonton, Alberta, July 26—Race discrimination, characteristic of the United States, received what might be called a "black eye" here last week when the Edmonton City Council overruled the action of City Commissioner Yorath's order, barring the colored people the use of the swimming pools in the public parks of the city. This action by the Council also caused Yorath to be relieved of a \$9,000 a year job, because he resigned following the controversy. It is understood that he saw the handwriting on the wall and, acted in self defense by resigning.

Innocent Child the Cause

The incident started, when little 11 years old Marvin Poston, together with five or six of his school mates, of as many races, went to one of the bathing pools when all but little Poston were admitted, he being told he could not go in. The innocent child wondered why and went home and told his mother what had happened.

An appeal was made to the commissioner. He was old of the injustice of this order and it was pointed out to him that it was discriminatory and was the same as class legislation. But the commissioner turned a deaf ear and ruled according to his own feelings in the matter, in which he said:

"I regret exceedingly that the colored people of the city have decided to make an issue of the question of bathing in the swimming pools. I told a delegation of colored people a few days ago that I had the greatest admiration for their race and that they could make no complaint about their treatment in Canada and Edmonton in particular.

"When it came to a question of bathing in a mixed swimming pool, however, it could no be allowed.

"The objection may be taken for purely sentimental reasons, which may or may not be justified, but which unfortunately exist.

While he was not alone responsible for the order which has been issued, the delegation was informed that the order could not be rescinded, and that an appeal could be made to council if it was thought desirable.

Appeals to Council

Led by Mrs. P. S. Poston, a com-

mittee immediately called upon and petitioned the City Council to take steps to over-ride the action of the Commissioner and restore to the people their common rights which were threatened by the arbitrary ruling of Yorath.

The Edmonton City Council, Honorable Sirs:—

"Through the caretaker of the East End Swimming Pool, we have been informed that all the colored citizens have been excluded from enjoying the same rights and privileges as other citizens to go into the pool, upon paying the usual entrance fee.

"Considering this to be a most dangerous precedent thus thrust upon law abiding and rate paying citizens, we appealed the matter to Commissioner Yorath from whom we received the reply that he personally thought that a white man and a black man should not enter the same pool and that the order must stand.

"Realizing that that sentiment and order excluding the colored people from enjoyment of a public utility as

necessary to our happiness and well being as to others, smacks so true to the form of hateful Ku Kluxism that discounts worthy people simply because of race, creed and color, thus working moral and legal injustice which has always and will always bring dangerous consequences to all concerned—knowing these things to be true and also that such discriminatory procedure flies in the face of that which we had considered "British Fair Play" to a people who have been as true and loyal as colored people to the Dominion as colored have, even to the point of making the "Supreme Sacrifice," we therefore,

"Appeal to the City Council of Edmonton to set aside this order and thus protect us from so gross an insult and injustice.

Respectfully yours,

Mrs. P. S. Poston,

Rev. Geo. W. Slater,

Mr. Ernie Walker,

Mr. Richard Cross, Committee."

Alderman Rice Sheppard pointed out that there was no discrimination

MOVE TO RESTORE LATE A. BURNS' GRAVE

It is a sad commentary on the interest our people take in their famous men, to note that the grave of one of the greatest has suffered by the neglect of the people who would naturally be expected to take an interest in it and keep it as a small reminder of the work he did for us. We are pleased to note that steps have been taken to restore the grave and surroundings to a state befitting his illustrious and useful life and memory.

The Dawn would be pleased to receive subscriptions to defray the very small cost of restoration.

All subscriptions will be acknowledged in the issue following their receipt.

Business Is Business

Business is business, but men are men,

Working, loving and dreaming;
Toiling with hammer, brush or pen,
Roistering, planning, scheming.
Business is business, but he's a fool
Whose business has grown to smother

His faith in men and the golden rule,
His love for friend and brother,
Business is business, but life is life,
Though we're all in the game to win it,

Let's rest sometimes from the heat and strife

And try to be friends a minute;
Let's seek to be comrades now and then,

And slip from our golden tether;
Business is business, but men are men,

And we're all good pals together.

against the colored folk as regards fighting alongside our own boys in France; neither was there any discrimination when it came to collecting taxes.

The Council expressed itself as being almost unanimously in favor of allowing them full privileges of the pools.

A motion was made that the original order be rescinded and this carried with a goodly majority.

Commissioner C. J. Yorath tendered his resignation to the city and this was accepted by the Council, though many regrets were expressed at his departure.

WARNING

Our government at Ottawa would do well to heed the warning of the Vancouver Sun. The Sun makes a vigorous protest against the reported establishment in Vancouver of a branch of the Ku Klux Klan.

The Sun says editorially: "Membership in the Ku Klux Klan must be made a criminal offence in Canada, because if permitted to grow and spread, that organization will have the same cancerous effect in the Dominion as it has had in the United States. The Klan, a branch of which has been formed in Vancouver, is a purely anti-Catholic and anti-Jewish organization. If the Ku Klux Klan is allowed to gain a foothold in Canada, fifteen years of unifying effort will be a total loss and the realization of united national ideals will be further off than ever before."

No religious war, no racial war will be tolerated in Canada. And it is up to Ottawa to say so plainly and definitely without delay."

The Sun has made out its case very plainly and we believe that that journal is deserving of much credit for calling the attention of our Ottawa government to the threatening menace of the Klan at its early stage in this country. For the time to deal with this pernicious body is at its very inception and before it has sunk its venomous fangs into our grand Dominion. It is not our purpose here to give the Klan any free publicity, nor do we believe it was the intention of the Sun to do so. But let us remember this. When the Klan began to spread in the United States many thoughtful people said it was ridiculous for the people to take it seriously; others said it should be "laughed out of existence," and still others said the Klan would "outlaw" itself. None of these three things happened, but on the other hand the Klan has become so powerful that it defies the supreme laws of the land and we find the law powerless in the face of this challenge. We notice as the Sun states, that the Canadian branch of the Klan is simply anti-Catholic and anti-Jewish. The Negro has been eliminated from its schedule. However, this does not change our attitude towards the Klan. As a race, our forefathers were ever zealous to guard the fair name of the country which first offered them freedom and shelter, and they were ever

ready to stamp out, even with their life's blood, any threatening evil. We their offspring are none the less concerned over the peace and prosperity of Canada. We are not so much interested in the Klan as we are in the welfare of all of our citizens. Any organization which will cause religious or racial strife and hatred, is both unfair and unBritish and it should not be allowed to gain a foothold in this country.

Therefore, with the Vancouver Sun, we would respectfully call the attention of our government to the establishment of the Klan in this country. We would also point out the many evils which have attended the Klan's operations in the States and we would respectfully suggest that our government act while it is yet time.
