*To His Excellency the Right Honourable Sir Gilbert John Elliot, Earl of Minto,
G.C.M.G., &c., &c., Governor General of Canada.*

MAY IT PLEASE YOUR EXCELLENCY,—

The undersigned has the honour to present to Your Excellency the Tables of Trade and Navigation of the Dominion of Canada, for the Fiscal Year ended June 30, 1899, as prepared from Official Returns and laid before me by the Commissioner of Customs.

All of which is respectfully submitted.

W. PATERSON,
Minister of Customs.

OTTAWA, December 12, 1899.

CUSTOMS DEPARTMENT,

OTTAWA, December 12, 1899.

Hon. WILLIAM PATERSON,
Minister of Customs.

I have the honour to hand you the annual statement of the Trade and Navigation of the Dominion of Canada for the fiscal year ended June 30, 1899.

In General Statement No. 37, showing the total imports and the proportion of imports entered for consumption under the General and British Preferential Tariffs, by countries, it will be observed that in many instances the names of countries not entitled to participate in the benefits of the British Preferential Tariff are recorded as having received Preferential treatment. This is accounted for by the fact that the Reciprocal Tariff continued in force to August 1, 1898, and the reduction of the Tariff rate thereunder from July 1 to August 1, was the same for countries coming under the Reciprocal Tariff as for countries entitled to participate in the benefits of the British Preferential Tariff.

It is to be particularly noted that the statements presented herein do not fully show the extent of the importations for the fiscal year 1898-99 which have received the benefits of the Reciprocal and British Preferential Tariffs, as in the absence of satisfactory proof of origin at the time of importation, the importer first enters the articles either for warehouse or consumption under the General Tariff, and the tables are compiled from such prime entries. When proof of origin is furnished rebate of duty under the Reciprocal or British Preferential Tariff is allowed on importations previously entered at the General Tariff rates.

I have the honour to be, sir,
Your obedient servant,

JOHN McDOUGALD,
Commissioner of Customs

EXPLANATORY NOTES.

IN GENERAL STATEMENT NO. 37 OF IMPORTS AND GOODS ENTERED FOR CONSUMPTION, The terms "Entered for Consumption" is the technical term in use at the custom-house, and does not imply that the goods have been actually consumed in Canada, but that they have passed into the possession of the importer and that duty has been paid on that portion liable for duty.

The value of goods imported is governed by Section 58 of the Customs Act, which provides that the value of imported goods subject to ad valorem duty "shall be the fair market value thereof, when sold for home consumption, in the principal markets of the country whence and at all the time when the same were exported direct to Canada."

IN GENERAL STATEMENT NO. 38 OF EXPORTS, The term "The Produce of Canada" includes all imported articles which have been changed in form or enhanced in value by further manufacture in Canada, such as sugar refined in Canada from imported raw sugar, flour ground from imported wheat, and articles constructed or manufactured from imported materials.

"Goods not the Produce of Canada" shows the exports of foreign goods which had been previously imported.

In this Report the trade by countries is recorded in General Statements of Imports and Exports, Nos. 37 and 38, respectively, as imported into and exported from a certain Province; this does not necessarily imply that the merchandise imported was for the use or consumption of the Province indicated,—nor that the exports were the product of the Province to which credit is given,—but merely that the imports were *entered inwards* at some Port in the Province mentioned for Consumption in Canada or re-export, as explained above; and that the exports were entered outwards at a Port of the Province to which credit is given, though they may have been the product of other Provinces.

The value of "Goods the Produce of Canada" is their value at the time of exportation at the ports of Canada whence shipped.

The value of "Goods not the Produce of Canada," is the actual cost of such goods.

The initials N.E.S. mean "not elsewhere specified."

N.O.P. mean "not otherwise provided for."

The expression "Gallon" means an imperial gallon.

do "Ton" means two thousand pounds, and "Cwt." one hundred pounds.

do "Standard hundred," when applied to deals, means 2,750 feet board measure.

do "Ton," applied to square timber, means 40 cubic feet.

In the shipping tables the tonnage is given in net tons.
