County. Rates furnished on application
to the Publishers.

ST. ANDREWS, N. B., CANADA.

Thursday, 1st July, 1915.

DOMINION DAY

TODAY is the forty-eighth anniversary
of the confederation of the Province
of Ontario, Quebec, New Brunswick and
Nova Scotia, which took place on first
of July, 1867. Manitoba became a Province
of the Dominion in 1870; British
Columbia joined the confederation in
1871 and Prince Edward Island in 1873.
Alberta and Saskatchewan became Provinces
in 1905.

Sadly diminished must be the ranks of
those who fought the battle for the con-
federation of the Dominion. It is true
that the Dominion of British North America
in "the sixties" of the last century, though
many now elderly men remember that as
boys they heard their fathers and grand-
fathers discuss the all important question
of *pro or con*. To one such it seems that the
questions that then engrossed the minds
of men in this country were of greater
moment than those which now occupy
the time and attention of the self-seeking
politicians and party politicians. It is true
that those days were nearer the pioneer
period of the country's history, when
strong men are needed, with decided
views on matters of national importance.

The survivors of that fight must be filled
with pride on viewing the phenomenal
development of the great Dominion, which
has been growing with constantly accel-
erating pace for forty-eight years. Canada
has now become a Nation within the
British Empire; and in the titanic struggle
in which the Empire is now engaged, it
is playing its part nobly and well. When
the war is ended the Dominion will be
saluted on the terms of peace, as will also
Australia, New Zealand, South Africa and
other British colonial possessions; and one
certain outcome of the war will be a grand
Confederation of the whole British Empire.

THE BEACON, VOLUME 27.

THE BEACON today enters its second
year under its present management,
and begins a new volume, Vol. 27. For-
merly the volumes began with the
issue in the month of May, but owing to
the fact that the paper stopped publication
on April 9, 1914, and when it was re-
sumed on July 2, the old serial numbering
was continued, Volume 26, began on
August 6. Though the last volume will
have only 47 numbers instead of the usual
52 or 53, the change is advantageous from
the publisher's point of view.

We have not space in this issue to com-
ment at length on our experiences of the
past year, which was the first year of the
present manager's attempt to conduct a
newspaper; but our readers have been
aware of a change in the paper, which, we
venture to hope, they have found to be
an improvement in many respects. The
mechanical difficulties of the press room
have been overcome, the paper has been
dressed with new type throughout, plate
matter has been entirely discarded, the
heading has been changed, and in every
respect the paper has reached a high stage
of typographical perfection. The display
of advertisements has received more at-
tention than in the past; the number of
correspondents in different parts of the
County of Charlotte has been increased;
and several new features have been in-
troduced, such as miniature calendar and
tide tables, shipping news, Church notices,
and Custom House and Post Office Direc-
tories.

A special effort has been made to im-
prove the literary contents of the paper,
and we venture to believe that our effort
in this direction has been appreciated.
Under the present management the paper
ceased to be a political organ. Those who
liked political matters served "hot and
strong" as they formerly were in THE
BEACON, may be disappointed with the
change; but when the war broke out, less
than one month after the first of the new
BEACON, we recognized the fact that all
questions on which people's opinions are
divided should be kept in abeyance for the
time, and that the attention of all should
be concentrated on the supreme question
of the Empire in its crisis. Therefore we
have steadfastly emulated the attitude of
Sergeant Titman Joy, in his address to the
Democrats of spunky point:

"Let's reason the thing a minute:
I'm an old-fashioned Democrat too,
Though I laid my politics out o' the way
For to keep till the war was through."

We take this opportunity to thank our
regular correspondents for the interesting
items of news they have so kindly sent us,
and to express the hope that they will
continue to favor us in the same way.
We also wish to express our obligation to
many other friends for interesting copy
they have sent in from time to time; and
if it has not always been made use of in
the columns of the paper, the fact must be
set down to the limitations of space. We
are very grateful for the expressions of
appreciation and approval we have re-
ceived, which have greatly encouraged us.
We shall continue our efforts to deserve
the support of our patrons, and venture to
hope that their number will steadily in-
crease henceforward.

PROGRESS OF THE WAR

[June 22 to June 28]

THE week under review will be chiefly
memorable for the evacuation of
Lemberg by the Russians, and the forma-
tion by them of a new battle front.
In the western theatre of the war great
activity was displayed throughout the
week, from Alsace to the sea, and the net
results of this fighting in which Canadians
continued to take a conspicuous part
were decidedly to the advantage of the
Allies. One notable feature was the re-
newal of the bombardment of Dunkirk by

German long-range guns, considerable
damage and loss of life resulting.
In the eastern arena heavy fighting,
twenty-year-guard actions on the part
of the Russians, took place during the whole
week. Lemberg was evacuated on June
22, the Russians retiring in order and
leaving the city none the worse for their
occupation of it for nearly ten months.
In the Russian Baltic Provinces and in
Poland continuous fighting prevailed, but
nowhere did the Teutons make any sub-
stantial gains such as they achieved in
northern and eastern Galicia. While the
Teutons have the honors of the week in
the eastern arena, the Russians have not
been defeated, but have retired to chosen
positions and re-formed their front.

Only the scantiest news was issued
during the week concerning the opera-
tions in and about the Dardanelles; but it
would seem that the Allies have made
substantial progress on the Gallipoli
Peninsula.

Smyrna was again bombarded by air-
craft of the Allies, and considerable damage
done. Hostilities in the Caucasus,
particularly in the Lake Van region, were
resumed, to the advantage of the Russians.

During the week scant news furnished
the operations of the Italian forces
against the Austrians, and at its close the
government at Rome announced that there
was little to record anywhere throughout
the entire front, and that what fighting
there was was beginning to assume the
character of trench warfare.

The German submarine "blockade"
added a number of victims to its score in
the course of the week, including fishing
craft and merchant vessels sunk, and one
British submarine, the *Razawitzk*, slightly
damaged. One German submarine was
reported to have been blown up and sunk
off Borkum, on its way from Emden to
the North Sea. Another of the same
craft was reported bottom upward in tow
of British trawlers off the coast of Scot-
land.

Minor events of the war in West and in
East Africa are elsewhere referred to in
this issue.

The most important political event of
the week was the reconstruction of the
Russian cabinet, the event paralleling in
many respects the formation of the na-
tional cabinet in Great Britain. The Rus-
sian people are now united as never
before, and it may be asserted that hence-
forward they will prosecute the war with
all their available resources to a successful
conclusion.

The decision of the neutral Balkan
States as to their future participation in
the war still remains unsettled, though it
continues to be the subject of much con-
jecture and unreliable predictions.

Diplomatic negotiations between United
States and Germany are being continued,
but it is not possible to forecast their
result. Mr. Bryan has been making
speeches in development of his propa-
ganda of universal peace, and has elicited
the support of the *peace*/German element
in America. He is a great Apostle, and
his disciples are worthy of him.

ANOTHER ROYAL COMMISSION

TUESDAY's daily papers announced
the intention of the Government to
appoint a Royal Commission to investigate
the subject of increased agricultural pro-
duction in the Dominion, of wider mar-
kets for Canadian products, and of further
employment for the unemployed, and
kindred matters. We regret that we are
not able, in this issue, to give more details;
but we take the opportunity to nominate
the Chairman of the proposed Commission.

There is but one man in all Canada who
is qualified in every way to preside over
the Commission contemplated, and that
man is Sir William Van Horne. We can-
not attempt, in the brief space at our dis-
posal this week, to give even a short out-
line of the many qualifications he possesses,
but we can say that no one has a wider
and more intimate knowledge of Canada
and its resources than he; and no one has
so full and accurate information on the
subjects it is proposed for the Commission
to investigate. As to agriculture, Sir
William is a born farmer, and the owner
of some of the finest experimental and
stock farms in the world. He is a man of
wealth and leisure (when he chooses to
take it); he is and always has been out-
side of party politics; he is a financier,
an organizer of labor, a traveller, an artist,
a student, and especially a student of men
and affairs. One might paraphrase Dr.
Johnson's eulogy of Goldsmith, and say
of Sir William Van Horne: "There is no kind
of useful human activity that he has not
touched; nothing that he has touched
that he has not adorned."

If the Government should appoint Sir
William as Chairman of the Commission,
with power to nominate his associ-
ates, and staff, the success and beneficial
results of the Commission will be assured.

ST. ANDREWS BOARD OF TRADE

The Executive Committee of the Board
of Trade are displaying great activity just
now. They are circulating a petition
among the ratepayers requesting the
Mayor and Town Council to call a vote
on the question of providing an adequate
system of water works. This is the most
pressing need of the Town, the lack of
which is a constant handicap to the progress of the place.
Several other matters of great impor-
tance to the community are also receiving
the attention of the Board of Trade.

THE WEEK'S ANNIVERSARIES

- July 1-DOMINION DAY.
2-Visitation B. V. M. Hahemann
died, 1845; Sir Robert Peel died,
1850. Union of Great Britain and
Ireland, 1800.
3-Gettysburg, 1863; Sadwa, 1866.
4-INDEPENDENCE DAY, U. S. A.
United, 1776.
5-Cecil Rhodes born, 1853.
6-Sedgemoor, 1685; King George V
married, 1893; Paul Jones born,
1747; Lord Londonderry, (N. S.) Iron
Mines started, 1845.
7-Treaty of Tilis, 1870; John Hux
burn, 1815; Gold discovered in
Nova Scotia, 1860.
8-It's humbug to talk of doing things
for the sake of Society; it's nothing but
being decidedly to the advantage of the
Allies. One notable feature was the re-
newal of the bombardment of Dunkirk by

SHADE TREES ON STREETS

In order to determine the value of shade
trees on streets the advice of practical
chusetts Forestry Association. A large
number of these men were asked this
question: "How much, in your judgment,
do full grown shade-trees along the street
improve the value of the adjoining land
for house-lots?" The majority of an-
swers ranged from ten to fifty per cent,
while some went so far as to state that a
house-lot would be worth a hundred per
cent more if full grown shade-trees were
standing in front of it. A fair average of
these answers falls between twenty-five
and forty per cent. Expert tree appraisers
said that in a large city, a shade-tree, in
good condition and well placed, is worth
one dollar per square inch of cross-section,
measured at breast-height. At that rate,
a tree one foot in diameter is worth \$12.00, while a tree two feet in diameter is
worth \$48.00.

Now that we have seen the value of a
shade-tree to the individual, let us find
what it is worth to a town or city. As
things are of relative value, we must com-
pare the shade-trees to some other form
of property and in this instance take the
material of the street itself. Most towns
and many city streets are made of mac-
adam or broken stone. This paving can
be built for about seventy-five cents per
square yard. A street thirty feet between
curbs, which is far above the average
width, can be macadamized for \$2.50 per
running foot, or \$62.50 for every twenty-
five feet. With-trees on both sides of the
street spaced fifty feet apart, there would
be one tree for every twenty-five feet. If
the trees average thirteen inches in diam-
eter they are worth just twice as much as
the paving in the street. This is not
theory, it is the judgement of practical
business men, and yet how few ever think
that the trees on a street are worth twice
as much as the paving itself!—E.

"For women as for men, there's more
than one kind of dishonor . . . and
worse things than being dead."

John Galsworthy, *The Forsytes*.

WHITE HEAD, G. M.

June 21
Mrs. Webster Cosseboom is still very
ill.

Mr. and Mrs. Chester Russell, Mr. and
Mrs. L. Frankland, Mrs. Edward Bell, Mr.
Hector Frankland, and Mrs. William
Wilson spent Thursday in Eastport and
Lubeck.

Mr. Del Bagley and Miss Blanche Mc-
Laughlin, St. Stephen, are visiting their
aunt, Mrs. Loring Cosseboom.

Up-River Doings

St. Stephen, June 28.
Mrs. James Douglas gave an afternoon
tea at her home on Friday, from four un-
til six o'clock, for the pleasure of Miss
Dorothy Stewart, of New Hampshire, who
is visiting Miss Mildred Todd.

The Premier and Mrs. Clarke have
gone to New York State to visit relatives.

Paul Saunders, of Portland, Me., is in
Calais, visiting his relatives, Mr. and Mrs.
Alfred Saunders.

Miss Mabel Murchie is visiting her
brother, Mr. Guy Murchie, in Boston.

The Calais High School Ball, in Grange
Hall, last Tuesday evening, was a most
gay affair. Miss Jean VanBuskirk, of
Fredericton, was announced by the
organizer, Mr. J. H. Stewart, as the
winner of the ball. Miss Lelia Murchie,
who was a graduate of the High School,
was also most attractive. There was a
large attendance, and the ball was most
successful in every way.

The first annual meeting of the Ladies'
Bowling Club was held at the home of
Miss Murchie last week. The fol-
lowing officers were elected for the year:
Miss Jessie Stuart, President, Miss Mar-
garet McWha, Secretary, Miss Pearl
Murchie, Treasurer. The Entertainment
Committee are Misses Jennie Stuart, Lena
Robinson, Alice Sullivan, and Clare Mc-
Donald. Picnics and out-door exer-
cises are to be enjoyed every week by
the Club during the summer season.

Miss Cora Shaw, of Montreal, is the
guest of Miss Kathleen Hill.

Mrs. A. E. Vessey and Mr. Reginald
Maxwell entertained friends at their home
on Friday evening. There was bridge
and dancing.

Great relief was felt in St. Stephen last
week when a cable was received announc-
ing that the steamship *Caladonia* had arrived
safely in England with the 26th Battalion,
as a number of the soldiers are natives of
this town.

Mr. George Daniel has sold his concrete
house on Prince William street to Dr.
Wilson, and expects to move to Halifax
to reside.

Mrs. Frances Lowell has returned from
a visit in Boston.

Judge and Mrs. Grimmer, and Miss
Lois Grimmer, are expected to arrive here
on Tuesday, and will open their summer
home at Rockville, on the river side.

Miss Lelia Moore has arrived home
from Netherwood School, where she has
been a student for some time.

Mrs. W. E. McLennan has sold her
house, and will make her home at
Adam with her daughter, Mrs. Edward
Lafamme.

Mr. and Mrs. J. Wells Fraser and child-
ren are occupying a summer cottage at
Rockville.

Mrs. Edgar Beer and young son, Mur-
chie, have arrived from Toronto, and will
spend the summer here with her parents,
Mr. and Mrs. F. M. Murchie.

Mrs. Storrs, of Beaucebas, has been visit-
ing her daughter, Mrs. Clarence Cole.

Mr. Harold Newham, of Moncton, has
been the guest of his parents, Ven. Arch-
deacon Newham and Mrs. Newham, at
Christ Church Rectory.

On Monday, at high noon, in Christ
Church, Miss Ethel Mac, daughter of Mr.
and Mrs. George T. Spence, was united in
marriage to Mr. Frank Clayton Hunter,
son of the rector, Ven. Archdeacon New-
ham. Only the immediate families of the
bride and groom were present. The happy
couple went on the Ladies' Line Rail-
way to St. John. On their return they
will reside with Mr. and Mrs. Spence, on
Union street.

On Saturday evening, when motor-
ing from Eastport with a party of young
friends, Mr. Todd Murchie had a most
unfortunate accident at Red Beach. A
young man on a bicycle suddenly shot
across the road in front of the car. It
was impossible to avoid a collision, which
came with fatal result. The young man
on the bicycle, an Italian named Everett
E. Antonio, was killed almost instantly.
The young man's father was quite near
him when the accident occurred, as they
were returning from their work to their
home in Pembroke, Me. He and others
who saw the accident say it could not be
avoided. Mr. Murchie is quite ill and
prostrated by the terrible affair. The
corner thought an inquest unnecessary,
and the remains were taken to Pembroke.

Misses Margaret, Minnie and Edith
Bols arrived from Boston last week, and
are spending a few days here before go-
ing to St. Andrews for the summer.

Saturday and Monday have been ap-
pointed by the Ladies' Line Railroad
Club as "Comfort Days" for the soldiers,
and all sorts of things have been given
generously.

Mr. A. E. Vessey spent Sunday in town
with his family.

Miss Mary McWhirly left this evening
for San Francisco, Cal., to
spend several months with friends.

When the 26th Battalion arrived in En-
gland, Mr. P. G. McFarlane received a
cable telling that his son, Lieut. U. S. Mc-
Farlane, was dangerously ill with appen-
dicitis, and was in a hospital in Devonport,
Eng.

"There's nothing wrong with our
humanity; it's our imagination."
John Galsworthy, *Strife*.

COLUMBIA batteries

The Brain of the Engine
The best engine is worthless without a
good battery. Buy Columbia Batteries.
There's a lot in the name—reputation—steady, de-
pendable service—cost no more, last longer.
Sold and used everywhere, for all battery
purposes.

street spaced fifty feet apart, there would
be one tree for every twenty-five feet. If
the trees average thirteen inches in diam-
eter they are worth just twice as much as
the paving in the street. This is not
theory, it is the judgement of practical
business men, and yet how few ever think
that the trees on a street are worth twice
as much as the paving itself!—E.

Now that we have seen the value of a
shade-tree to the individual, let us find
what it is worth to a town or city. As
things are of relative value, we must com-
pare the shade-trees to some other form
of property and in this instance take the
material of the street itself. Most towns
and many city streets are made of mac-
adam or broken stone. This paving can
be built for about seventy-five cents per
square yard. A street thirty feet between
curbs, which is far above the average
width, can be macadamized for \$2.50 per
running foot, or \$62.50 for every twenty-
five feet. With-trees on both sides of the
street spaced fifty feet apart, there would
be one tree for every twenty-five feet. If
the trees average thirteen inches in diam-
eter they are worth just twice as much as
the paving in the street. This is not
theory, it is the judgement of practical
business men, and yet how few ever think
that the trees on a street are worth twice
as much as the paving itself!—E.

BASEBALL

On Wednesday, June 23rd, the St. Andrews "Maple Leaves" played a return game at Robbinston. Throughout the game the score was very close.

Line-up table for St. Andrews vs Robbinston. Columns include player names and positions like C, P, 1b, 2b, 3b, ss, lf, rf, cf.

Score by innings: 1 2 3 4 5 6 7 8 9 Total. Robbinston 1 0 0 4 5 0 0 0 11. St. Andrews 0 2 0 5 1 2 0 0 10.

A very exciting game of baseball was played Saturday afternoon on Smith's green between the Robbinston and St. Andrews teams. Though several errors were made by both sides, at the close of the ninth inning the score was tied.

Line-up table for St. Andrews vs Robbinston. Columns include player names and positions like C, P, 1b, 2b, 3b, ss, lf, rf, cf.

Score by innings: 1 2 3 4 5 6 7 8 9 10 Total. Robbinston 0 1 0 2 0 2 0 0 0 5. St. Andrews 0 2 0 0 0 2 0 1 1 6.

TO BE BIG BATTLESHIP AT EASTPORT

The big battleship Virginia, or one her equivalent in size and armament, is to be at Eastport during the Fourth of July Celebration this year, according to a letter received last week by the secretary of the committee in charge of the celebration at that city.

The amount you save on buying a poor typewriter is paid up for, besides, and time wasted all the time you own it. Why not economize really and buy one of our Kenington or Smith Premier typewriters?

While watching the baseball game on Saturday last, Mrs. Esmerald Dick was struck in the face by the ball, which inflicted painful injuries. She was at once taken to Doctor Wade's treatment.

ST. ANDREWS MARKET. The market is very poorly supplied this week, vegetables being especially scarce. The following prices are being paid:

MARRIED. BOYD-HANSON. A pretty home wedding was solemnized at 3:30 on Wednesday afternoon, June 30, at the residence of Mr. and Mrs. D. G. Hanson, Sr., when their daughter, Miss Bessie M. Hanson, became the bride of Mr. Nelson H. Boyd.

OBITUARY. MR. ROBERT T. DONALD. St. Stephen, June 26.—Many friends here and elsewhere have learned with sorrow of the death of Mr. Robert T. Donald, of Dufferin, son of the late Mr. Joseph Donald, M. P., and the leading fruit grower in the Parish of Dufferin.

MENDAL FOUNTAIN. The community of Cunningham's Cove was saddened on Sunday, June 20, when news was announced that Mendal, the eldest son of Mr. and Mrs. Orle Fountaine had passed away.

WELDON COSSABOOM. The Island of Grand Manan was much saddened on the 15th inst., when a sudden death overtook the body of one of our dear young men, Weldon Cossaboom, son of Benjamin Cossaboom, who had been living at Lubec, Me., the last 12 years.

ALBERT D. TAYLOR. Albert D. Taylor, a prominent citizen of St. Stephen, passed away, Thursday night, June 24, at his home in King street after a lingering illness.

Only Two Hundred Invited. Watch This Space July Eighth, Next Week. C. C. GRANT, ST. STEPHEN, N. B.

Local and General

The following is the Staff at the Algonquin for the season: Manager, Mr. Allerton; Accountant, S. Farmer, Clerk, R. McCarthy and Mrs. McLuan; Newstand, Mrs. Erick; Telegraph, Fred. Donald; Telephone, Julia Donahue and Miss McDonald; Steward, W. H. Deary; Assistant Steward, Warren Simson; Chief, Albert J. Miller; Head Waiter, Mr. McLain.

In the Beacon of June 17, an error appears in the list of officers of the Fire Companies of St. Andrews. The following is the correct list, with the dates of meetings:

No. 1 Company.—Capt. Robert Billings; Secty., James Stoop. Meeting, Last Monday in Month.

No. 2 Company.—Capt. James Cummings; Secty., Dan Hanson. Meeting, First Monday in Month.

Herbert McMullon's friends are congratulating him on his promotion, first to Lance Corporal and now to full Corporal, at the Fourth Mounted Rifles, now at Valcartier, Quebec.

Rev. W. S. Tedford will preach in the Baptist Church morning and evening Sunday, July 4; and at Bayside in the afternoon.

A very noticeable feature around town this summer is the care bestowed by the citizens on their grounds. This greatly improves the appearance of the town and it is to be hoped that it will continue and extend.

Rev. John Witham, who is at present supplying at the Island, exchanged pulpits with Rev. Mr. Weddall, Sunday last. Mr. Witham is a Theological student of the "18" Class at Mount Allison University, New Brunswick.

Mr. Charles Humer, Superintendent of painting at the Algonquin, expects to complete his work shortly, after which he will leave for Quebec, where he is to superintend the painting of the Chateau Frontenac.

The Rev. Samuel Farley preached to large audiences in Greenock Church on Sunday last. Mr. Farley supplied here two weeks ago, and during his stay made a large number of friends in town.

The annual fir-picking of All Saints Church took place Tuesday at Chancook Lake. A large party participated, and in great deal of useful work was accomplished.

The amount you save on buying a poor typewriter is paid up for, besides, and time wasted all the time you own it. Why not economize really and buy one of our Kenington or Smith Premier typewriters?

Mrs. A. Milne Fraser, Halifax, N.S. A moonlight excursion came down from Calais, on the St. Andrews, Thursday last. A very enjoyable dance was held in the Palace Theatre, after which the party returned up river.

While watching the baseball game on Saturday last, Mrs. Esmerald Dick was struck in the face by the ball, which inflicted painful injuries. She was at once taken to Doctor Wade's treatment.

ST. ANDREWS MARKET. The market is very poorly supplied this week, vegetables being especially scarce. The following prices are being paid:

MARRIED. BOYD-HANSON. A pretty home wedding was solemnized at 3:30 on Wednesday afternoon, June 30, at the residence of Mr. and Mrs. D. G. Hanson, Sr., when their daughter, Miss Bessie M. Hanson, became the bride of Mr. Nelson H. Boyd.

Social and Personal

Rev. Father McBride is spending the summer with Rev. Father Meahan. Miss Eleanor Short, of St. Stephen, was the week-end guest of Miss Amelia Kennedy.

The many friends of Miss Norine Cunningham, Medford, Mass., will be very sorry to hear of her severe illness. Mr. Herbert Simpson, of the Bank of Nova Scotia, returned from his vacation on Wednesday, June 23.

Mrs. Col. Brock and family are spending the summer at the Inn. Mr. Raymond McCarthy returned home from St. Joseph's University, Menmarcook, on Tuesday, June 22.

Mr. and Mrs. Windsor Dewar and family, of Milltown, recently visited Mr. and Mrs. Roy Gillman.

Mrs. Warren Stinson and son will spend the summer in St. John. Mrs. Henry Smith and Miss Catherine Whitmarsh, who had been the guests of Mrs. F. P. Cowan for the last few weeks, left Tuesday June 22 for New York.

Dr. Percy Hart, D. D. S., of Baltimore, Md., is at present visiting his parents, Mr. and Mrs. T. A. Hart.

Mr. and Mrs. Fred Markey and family, of Montreal, arrived on Monday and have opened their cottage "Cliffside" for the summer.

Mr. and Mrs. Percy F. Cowan and family, of Montreal, arrived on Monday and are occupying their cottage on Victoria Terrace.

Sir Thomas and Lady Shaughnessy and daughter arrived here from Montreal last week to open their cottage "Fort Tipperary" for the summer.

Master Jack Cunningham arrived on Tuesday to visit his grandmother, Mrs. Angus Kennedy.

Mrs. Bert Pye and son arrived last week from Boston. Mrs. Carr-Thompson arrived on Monday from Cambridge, Mass., and will occupy "Chestnut Hall" for the summer.

Mrs. J. W. Pugsley, Ottawa, is at present registered at the Algonquin. Mrs. Wyler and Miss Pauline Wyler, Houlton, are spending the summer at the "Pensbury Cottage."

The numerous friends of Miss Kathleen Cockburn will be glad to hear that she is recovering from her severe illness. Mr. A. A. Laughlin, St. Stephen, was in town on Friday.

Miss Nina Clements, of Brooklyn, N. Y., is the guest of Mrs. F. P. McColl. Professor Jeremiah Smith, and daughter, of Cambridge, Mass., arrived on Saturday, to occupy their cottage for the season.

The friends of Mrs. Kenneth Brown, the author of "Harenlich," and "A Child of the Orient," who spent last summer here, will notice a new article from her pen, "In Wild Albania," published under her maiden name, Demetra Vaka, in the July Edition.

Mrs. A. E. Simpson, of St. John, was the week-end guest of Mrs. Joseph Kilpatrick. The many friends of Mrs. George Smith will regret to hear of the accident to her sister, Mrs. B. Adair, of North Dakota, who was injured on a shipboard while travelling via the Great Lakes to visit her.

and family, Mr. and Mrs. C. S. Harding, Miss Harding, Mrs. C. Finley, Miss Edith Finley, Miss Lorraine Finley, Sir Thomas Tall. Cincinnati—B. R. Rachford and wife. Philadelphia—Craig Hebertson, Mr. Hebertson and maid, Mrs. J. G. Till, Mr. and Mrs. S. J. Henderson.

Ottawa—Mrs. J. Pugsley. Halifax—J. H. Murphy, Miss G. Murphy, Miss A. Murphy, Miss M. Murphy. New York—Mr. and Mrs. S. C. Murdoch. Woodland, Me.—Mr. and Mrs. E. Metheson, Thompson Smith.

GUESTS AT THE INN. Mrs. R. A. Brock, Miss Ruth Brock, Miss A. Brock, H. M. H. Brock.

Minard's Liniment Co., Limited. Gents—A cured a valuable hunting dog of mange with MINARD'S LINIMENT after several veterinaries had treated him without doing him any permanent good.

A SPECIAL meeting of the Stockholders of the West Isles Telephone Co. will be held at the Office of the Company, at Lord's Cove, N. B., on the Seventeenth day of July 1915, at 8 o'clock p. m., to receive the Annual Report of the Officers; to elect a Board of Directors, and to transact such business that should have been transacted at the annual meeting of the said Company on the Sixth day of July 1915, and to adopt this meeting and declare the same to be the action of the annual meeting for the year 1915.
