

NEED OF CARRYING CHRISTIANITY TO ALL JEWISH RACE

Rev. Mr. Baron Urged This Necessity in Address at Park Baptist.

PALESTINE SHOULD BE RESTORED

Until It Was the "Near Eastern Question" Would Not be Solved.

Bearing a message to the Christian world of what the future holds in store for the Jewish nation, Rev. Mr. Baron of London, Eng., last night addressed a large and sympathetic gathering in the school room of Park Baptist church, depicting in truly vivid and graphic style the lot of the Jewish nation in the past and in the present time, and making a most eloquent appeal for the co-operation of the Christian churches in the work of leading Israel into the light of Christianity. "The Jews you have changed with unbelief," declared the speaker, "is bringing out one of the salient points of his address, 'yet what have you done to remedy their unbelief? Where the gospel is preached unto her, Israel has not remained in unbelief.'"

Frequently Cited Scriptures

A speaker with a powerful and impressive personality, Rev. Mr. Baron last night illustrated his remarks as he progressed, by frequent references to the Scripture, citing innumerable passages from memory to lend weight to his reasoning. He pointed out the remarkable extent to which the sorrowful prophecies of Jeremiah had been fulfilled in the destruction of Babylon; the accuracy of Israel's national condition, as expressed in the 17th verse of the 18th chapter of the book of Revelations, "Israel," explained Mr. Baron, "is as a snep driven from the fold and hunted and harried from place to place by wild beasts, as typified by the Gentile nations, who persecute her."

A Separate People

He went on to depict the sad plight of the Jewish nation at the present time, without a country or a home, "yet even sadder is the reflection that they are separated from God Almighty, the fountain of righteousness and blessedness." Idolatry had been the primary cause of Israel's present condition, and the days of Babylon the beginning of her apostasy and sufferings. However faithful, the people of Israel might be, however, the speaker continued, their God would remain ever faithful to his words.

God's National Prodigal

Israel was as God's national prodigal, wandered far from home, yet over whom the Father watches with a patient and vigilant eye, dealing with others as they dealt with the wayward child. The great nations of the world had all been affected by their treatment of the Jewish people; the decay of Spain had set in with the expulsion of the Jews from the country.

Palestine Should be Restored

The Near East question, often broached in international politics, could never be settled, Mr. Brown expressed his opinion, until Palestine, theirs by covenant and by oath, was restored to the Jewish people. Yet there was something greater to be achieved than the re-establishment of Israel in the world; there was its restoration, its reunion to God's favor, when the transgression of the race would be blotted out forever. The speaker went on to make a most eloquent and forceful appeal for the assistance of the Christian church in the work of Christianizing the Jewish nation.

Missionary Work

Mr. Baron emphasized again the surance that the day for the redemption of Israel would come ere long, and the blessings which would be showered upon those who aided in this work. Out of the scattered remnant of the Jewish nation, God would select anew a chosen people, to whom the Christian world also would belong, according to its work with the Jews. The speaker told of the excellent work being accomplished by himself and fellow missionaries, with established centres in England, Russia, Hungary and Germany, and representatives travelling everywhere. The association had never advertised, never solicited contributions. In answer to prayer, God supplied spontaneously whatever was essential to the good work.

HEARING CASE IN CAMERA.

SIMCOE PEOPLE ASTONISHED AT THE MURDER CASE.

Barnardo Boy Charged Was Exceptionally Bright and Clever Lad.

PRESENTATION OF COLORS FRIDAY

Sir John Hendrie Will Give the Flags to the 133rd.

(From our own correspondent.) Since July 3—News of the shooting at Forestville was received here with astonishment, more especially by many who knew the young lad accused of the deed. He is understood to be a bright fellow, was a general favorite among his class mates, clever and industrious. Owing to his proficiency he was allowed to leave school some time ago with credit for his Part I. Normal entrance examination, and he has been farming since. The Miss Carr with whom he has been living, has always taken a great interest in Barnardo boys, and has had as many as six of them in her home at once. They all seemed to have found her home congenial and were pleased with their location.

Had Good Record.

Mr. Simons was a cousin of Mr. A. Neidrauer, of this town. He was a sober, industrious man, a bachelor, aged about 65 years and had worked for Miss Carr with a few interruptions for the past ten years.

Jury Adjourns for Week.

The jury empanelled to-day adjourned for one week, after viewing the remains, and it is likely that the preliminary hearing will be set back until this is over. P. S. Inspector Cook in conversation with a teacher from down west, was eulogizing the little fellow this forenoon, when the morning paper with an account of the tragedy was brought into his office.

Boy Hysterical.

Both he and Rev. A. B. Farney called on the boy, but he was entirely unstrung and did not recognize the inspector. When the name of Principal Crear of the Port Rowan High School, was mentioned he buried his face in his hands. Mr. Cook says he cannot understand it all. It developed to-day that the scuffle took place in the kitchen. A 14-year-old boy named Brown, saw the whole affair. Miss Carr was in the pantry when the row started, but saw the finish. The bullet entered near the left eye.

Colors Presented Friday.

The Chapter of the Daughters of the Empire announced this evening that Lieutenant-Governor Sir John Hendrie, accompanied by his aide-de-camps, Col. Clyde Caldwell and Col. Fraser, will arrive here at 11:20 on Friday. The Government car, for the presentation of the colors to the 133rd. The Chapter will give a luncheon at Trinity Parish Hall in honor of the distinguished guests and the senior officers, Ministerial Association and Civilian Recruiting league will be invited to attend. The ceremony will begin about two o'clock, and will take place at the Agricultural Park, which will be open to the public without charge.

Social and Personal

The Courier is always pleased to use items of personal interest. Those 276.

Mrs. Chas. A. Jarvis is spending a few days in Toronto with friends.

Mrs. L. F. Palmer and two children of Eagle Avenue, are spending a two weeks' holiday at St. Catharines.

Miss A. E. Wells, supervisor of the Public Health Department, Toronto, was the guest for over the holiday of her classmate, Miss Summers, Brant Sanitorium.

Messrs. Gordon Berry, Hartley, Woolman and Gregg Kerr were visitors in the city from Walkerville over the holiday and week-end.

Dr. G. M. Watt of the Sick Children's Hospital, Toronto, spent the holiday in the city, at his home, Park Avenue.

Bugler J. B. Croke and Pte. T. Donaghy of the 125th will not go to Camp Borden until the end of the week, as Mrs. Croke and Mrs. Donaghy sail for England on the Pretorian next Saturday, and they have been granted leave of absence in order to see them off.

Dr. Chas. A. Jarvis, optometrist, returned from Toronto to-day where he attended the convention July 1st, of the Optometrical association of Ontario of which he is Secretary. He reports the convention a great success. Prominent lecturers on optometric work from Columbia University and other points, gave splendid lectures. Dr. Jarvis delivered an address in the afternoon, as well as at the banquet at the Carlisle Hotel in the evening.

The tank of a large gasoline boat at North Sydney exploded and the boat, which was owned by Messrs. Marden Orth and Hastings, was badly burned.

TONY LEGATO CHEATS GALLOWS

Italian, Sentenced for Murder, Committed Suicide This Morning.

By Special Wire to the Courier. Guelph, Ont., July 4.—There will be no hanging in Guelph on the morning of July 5. Tony Legato has cheated the gallows. In the early hours of this morning, while the death watch was away for a short

time. Legato cut his throat with the handle which he had wrenched from a tin cup. A great hole was cut in the jugular vein and it was but a short time before his death took place.

He had also taken parts of his clothing and tied them tightly around his neck. When assistance, summoned by the guard, had arrived, Legato was dead. The hangman, Ellis, had been here for several days and the scaffold had been built under his direction in the corner of the yard just outside of Legato's window. The execution was timed for eight o'clock to-morrow morning. Legato seemed in his usual frame of mind for several days past and had no signs that he was planning to do away with himself. The crime for which

he was to have been hanged, was the murder of George Vern on the night of October 29, 1915. He got away then and was captured in Chatham, after a chase of some weeks. An inquest has been ordered.

SILK SUITS.

EVERYTHING QUIET ON FRENCH FRONT

Germans Made no Attempt to Oust French from New Positions.

Paris, July 4.—12.14 p.m.—The night was quiet north and south of the Somme with the French organizing the conquered positions, says the French official statement issued to-day.

The Germans made no attempt to interfere with French troops which were consolidating the new positions. In addition to the batteries already captured, three more have been taken, two of which were composed of heavy guns. French artillery is proving most destructive. In one

dugout which was wrecked by a shell, 40 corpses were found.

Heavy Enemy Losses.

The Germans are said to have suffered enormous losses in the fighting near Herbecourt, which the French captured.

At one point between the Avre and the Aisne, a French reconnaissance force penetrated as far as the support trenches.

Heavy fighting continued last night on the Verdun front. The Germans made six successive attacks which they were driven by the French recently. A few hours after they had carried it. Last night's attacks were repulsed, the Germans sustaining considerable losses. Southeast of Fumin wood the French made some slight progress.

On the northern bank of Lake Vischenevskoye, the Germans attempted to approach our trenches during the night, but were driven back by our fire.

"In the region of Smorgon and the sector north of the town of Krevo, we took prisoners and captured machine guns.

"In the region north-west of Baranovitch, a battle started after an intense bombardment. We made prisoner fifty officers and 1,400 men, besides capturing four guns.

"Fighting continues in the region of the Lower Lipa. Half way between Dubo and Sokal, our troops, having broken the enemy's resistance, drove him back once more toward the west. In the course of the night we made prisoner 11 officers and 992 men, and captured five machine guns."

ATTEMPT TO OUST FRENCH FRONT

The Germans are said to have suffered enormous losses in the fighting near Herbecourt, which the French captured.

At one point between the Arve and the Aisne, a French reconnaissance party penetrated as far as the support trenches.

Heavy fighting continued last night on the Verdun front. The Germans made six successive attacks northwest of Thiaumont work, from which they were driven by the French recently, a few hours after they had carried it. Last night's attacks were repulsed, the Germans sustaining considerable losses.

Southeast of Punim wood the French made some slight progress.

On the northern bank of Lake Vischenevskoye, the Germans attempted to approach our trenches during the night, but were driven back by our fire.

"In the region of Smorgon and the sector north of the town of Krevo, we took prisoners and captured machine guns.

"In the region north-west of Baranovitch, a battle started after an intense bombardment. We made prisoner fifty officers and 1,400 men, besides capturing four guns.

"Fighting continues in the region of the Lower Lipa. Half way between Dubo and Sokal, our troops, having broken the enemy's resistance, drove him back once more toward the west. In the course of the night we made prisoner 11 officers and 992 men, and captured five machine guns."

KILLED IN ACTION.
A telegram received from Ottawa in Vancouver, states that Pte. Edward James White, was officially reported killed in action. Pte. White married Josephine, daughter of J. J. Inglis, formerly of Brantford.

SERVICE PAGE FOR REFERENCE.
The attention of Courier readers is particularly called to the "Use the Telephone" page in this issue. The merchants using this page to make their announcements, desire emphatically to call your attention to their service—particularly that of the telephone, and they, one and all, invite you to make use of this service at your convenience. Cut out the page for reference.

THE BRANT.
An excellent programme, attractive to all, is presented at the Brant Theatre for the first three days of the week. Abe Marks and Co. present an exceedingly funny farce comedy sketch, "The Fighter, the Peddler and the Girl," which last night won the applause of all. A very clever harmony melange is that offered by Wallace, Hammond and Bailey, who prove themselves performers of unusual ability. Cleo Ridgley and Wallace Reid appear in a gripping five reel photoplay of the West, "The Love March," which unfolds one of the most interesting and fascinating plots seen at the Brant for some time. The remainder of the picture bill includes the third episode of "The Mishaps of Musty Suffer," which appeared to make a much greater hit than it merited.

JAM FOR THE BOYS AT THE FRONT.

At a meeting of the Women's Patriotic League held on Friday, it was decided to ask the women of the city and county to contribute a pint or more of jam of the various fruits, as they come in season, for the boys in the trenches. Strawberry and raspberry jam are easily the favorites with the men. Patriotic labels with places for the name of the donors may be had at the Red Cross rooms, Y. M. C. A., Queen St. The ladies are requested to use pint gem jars, and to keep them till September, when all can be shipped at once. The following receipts from one of Brantford's most notable housekeepers will be found an unerring one:

Strawberry Jam.
After hulling the berries, weigh them, and allow an equal quantity of sugar; then mash them with a potato masher. Boil the fruit for twenty minutes, without the sugar. Add the juice of a lemon, two if a large quantity; add sugar and boil until the juice jellies.

Mrs. Amanda T. Belknap, of Los Angeles, Cal., widow of W. W. Belknap, Secretary of War in President Grant's administration, is dead.

A congregation of a Kansas church prayed as a tornado approached, and the twister changed its course and missed them.

Ethel and Tenny Fudge, aged 13 and 9, respectively, Pensacola, Fla., committed suicide rather than go to an orphan's asylum. Ethel was arrested on the charge of attempting suicide, a Brooklyn man said he was only trying to shave with a safety razor.

DAYLIGHT SAVING WILL BE CONTINUED IN BRANTFORD, BUT IT WILL LAST ONLY UNTIL AUGUST 31ST, INSTEAD OF SEPTEMBER 30TH

Ald. Ward's Resolution Introduced at Last Night's Council Meeting to Revert to Standard Time Defeated by Close Vote - Advocates of Scheme Compromised by Giving a Month and Won Out - Erie Avenue Pavement Up Again.

Brantford will continue the Daylight Saving system. Ald. Ward's resolution, to revert to standard time, introduced at last night's council, was countered by an amendment, moved by Ald. Dowling, that the old time be taken on again Sept. 1st, instead of October 1st, and the amendment carried by a vote of 8 to 7.

There was a good deal of discussion in the whole matter, and some of the aldermen, by the general tone of their speeches, and by phrases dropped here and there, evidently have their eyes on January, even from this distance. No particular bitterness was displayed, however, in any part of the debate.

The session was the last one to be held before September, the Council adjourning from last night for two months.

Apart from the daylight saving scheme, the other matter of importance that came up was the Erie Ave. pavement. A deputation, headed by ex-alderman Billa, was present to support the demands of the "Place residents," and to propose a plan by which the cost of moving the dyke could be obviated, if not altogether wiped out. The result of the discussion on this was that the Council adopted a resolution to the effect that the portion of Erie Avenue, between the tall race and the T.H. and B. tracks should be paved immediately after the other portion was completed, provided the Finance Committee provides the necessary funds and obtains the co-operation of the Street Railway Commissioners, the completion of the work also to be contingent upon the labor market.

The Board of Works presented a report, the only committee that did so. Very little other business was transacted, but the session dragged out until 10:30.

Ald. A. O. Secord was the only absentee.

The usual time lists were confirmed.

The official majority in favor of the Hospital by-law was announced as 174. The vote for, was 469; against 295.

Chief Slemm notified the council by letter that the license of the Brant Cafe was cancelled. Referred to Finance committee.

The Resources committee appointed by the Ontario Government to aid industrial conditions during the war, asks the city for all necessary information to carry out the programme. Referred to Finance committee.

The Brantford Cordage Co. asked for a curb in front of their premises. The Board of Works report introduced later in the evening disposed of this matter.

Will Get Cheque.

The Waterworks Engineer wrote asking for cheque and notes as per agreement with the city to cover payment for the fire truck. Referred to fire and light committee. The cheque will be issued, as Ald. Dowling says the firm has given the city a very square deal.

The Brantford Hebrew Association claims that their premises at the southeast corner of Albion and Nelson streets are used for gambling purposes, and ask for a remission of taxes. Referred to finance committee.

The usual batch of accounts was passed.

Board of Works Report.

The Board of Works reported as follows:

1. That the City Treasurer be instructed to place \$225.00 on credit of the Streets Department and to charge the Fire and Light Department with that amount to cover purchase of horse for fire hall.
2. That the Board of Works be authorized to purchase an automobile for the City Engineer's Department the cost not to exceed \$400.
3. That on receipt of a sufficiently signed local improvement petition, a curb be constructed on Brant street in front of the premises of the Brantford Cordage Company Factory.

Curb Already Building.

Ald. Ward said in regard to Clause 3, that the curb had been staked out that day, the Cordage Company being willing to pay for it, and it would be ready to lay that part of the city.

Clause 1 was practically transferring a horse from one department of the city to another. Regarding Clause 2, the cost of keeping two horses for the City Engineer's department was \$450. The Board of Works were looking after the duties of the building inspectors, also one of the time-keepers, so it was cutting down expenses in other directions.

Pavements to be Repaired.

Dufferin Avenue, George Street, and Chatham street would be repaired by the city without further delay, announced Ald. Ward. Suit was already entered to cover the cost of repairing Dufferin Avenue.

Why a second hand car for the city engineer? queried Ald. Minshall. The fire chief had a new one. He would vote against purchasing a second hand car.

Ald. Dowling did not think a \$400 limit for a motor car was advisable. It was a pretty low limit.

Ald. Bragg also opposed the purchase of a second hand car, supporting Ald. Minshall in that respect.

Council Generous.

Ald. Pitcher explained that the

Board of Works appreciated the generosity of the council in voicing the wish for a new car. The Board of Works set a low limit so as not to strike the council too hard.

Ald. Ward was agreeable to striking out the limit of \$400.

Ald. Bragg said he thought the make of the car should be specified, else when the car was bought the price might be too high. However the make was left out and the report was adopted.

The Hospital By-law was given its third reading.

No Successor Appointed Yet.

The by-law to appoint a successor to the late Mr. J. J. Hawkins on the Parks Board was again moved to the committee stage, where it was left the last time it came up. The mayor as the man. According to Mr. Bowby, the Mayor has the appointment, but the council the confirmation of it. Ald. Bragg was opposed to the vacancy on the Parks Board was not confirmed.

Daylight Saving.

The issue of the evening was then introduced when Ald. Ward rose to move the adoption of his motion that the city revert to standard time, declared Ald. Pitcher, was determined by the attitude of the workmen. He thought the night he voted for it that the laboring man was in favor of it. The only point was that to ask Ottawa to change the time in the post office again, looked like playing with the question. The next time the finance committee brought in an important resolution, let them do it fair and square and honest, he asserted. If the limit were reduced to August 15th he would vote to retain the new time.

Should He Provincial Now.

Ald. Minshall said he was not opposed to the scheme, except that if it were in at all, it should be provincial wide.

The Retort Quick.

Major Bowby gave it as his opinion that as in all ways, he was against the scheme that Ald. Dowling had "fathered".

"Rather 'mothered'", suggested Ald. Dowling.

"Maybe you're more of a mother than a father," retorted His Worship.

Not Brought in Fairly.

Ald. Hess wanted to know what was fair in the way Ald. Dowling brought in the original resolution, referring to petitions when petitions were never produced. He was not satisfied. Ald. Dowling replied that the petitions in question were present then.

Delayed Mail Delivery.

Ald. Ward said the mails were delayed by the new scheme. It was not the city's fault that the post office clock was changed. If Ald. Dowling were wise, he would abandon the scheme, else it would go bad for him in January.

Ald. Bragg Against.

Ald. Bragg said that people had asked him about it, and seemed to be against it. At Ald. Ward's request, he helped him in distributing petitions. The new time meant women getting breakfast ready. That was too early. The workmen, on the whole, were not in favor of it.

No Objection to Scheme Itself.

Ald. Wiley argued that the objections seemed to be rather against the method by which the scheme was brought in, rather than by the scheme itself. The petitions produced by Ald. Ward showed only a fairly evenly divided opinion. The scheme ought to be tried out for the next two months; it would be appreciated during the hot months of July and

August. Then if it were useless, Brantford would never touch it again. But in all fairness, it deserved a fair trial.

Heard Many Objections.

Ald. Pitcher declared that that afternoon two artisans told him they were against it, and many others had told him the same. If Ald. Dowling conceded until the 15th of August as a limit for the new time, it would give the scheme a fair trial.

Ald. Dowling replied that he thought Brantford should not discontinue the time before other adjoining cities. Other cities were reverting to the Standard Time, Sept. 1st.

Mr. Symons Heard.

Mr. Symons, of the Trades and Labor Council was present, and Ald. Dowling suggested he be heard on the matter.

Mr. Symons said he did not think he could speak with authority for organized labor. However organized labor was dissatisfied with the way the new scheme was introduced; work had not been consulted.

The laboring men were pretty well divided in their opinion of the new time, continued Mr. Symons. If it were cut off now it would cause a good deal of dissatisfaction. It should be done through with it. It was at the end of August and September when it really would be beneficial.

Ald. Ward asked what percentage of labor in Brantford, organized labor represented. About 25 per cent. was the reply.

Ald. Melen declared his opposition to the new time, and the vote was taken by 8 to 7. The vote was as follows:

Yeas—Ald. Freeborn, P. H. Secord, Jennings, Harp, Ballantyne, Wiley, Welsh, Dowling, S. Nays—Ald. Ward, Bragg, Hess, Pitcher, Mellen, Minshall, Oiling Streets.

"Is Rawdon St. going to be oiled this year," asked Ald. Mellen.

"It will in a few days," was the reply of the residents of Alice St.

Ald. Melen, asked why they had to pay for storm sewers when they had no water.

Ald. Ward, promised to look into the complaint.

Ald. Freeborn explained that just as soon as these residents signed a proper petition for water they would get it.

Erie Avenue Paving.

A deputation from Eagle Place, per ex-Ald. Billa, was heard, on the Erie Avenue pavement matter. The people of Eagle Place, he said, were opposed to the paving of that thoroughfare from the tall race to the city limits only.

The dyke to be moved was 125 yards long. It could be levelled cheaply (20c a cubic yard, and the new dyke could be built by using garbage and the earth taken from Erie Avenue when it was being cleared for paving.

May Be an Accident.

Erie Avenue was the most dangerous spot in the city regarding railways. There would be heavy damage action against the city some day, if something were not done.

Ald. Ward stated that if Mr. Billa could assure him that his scheme regarding the dyke could be carried out, he would endeavor to push the matter through.

IN THE CHINA DEPT.

Special values in French Limoges China Dinner Pieces, such as plates, vegetable dishes, etc. worth many times the price, all at 15c. Wednesday morning—Crompton's.

The board of works should get exact figures of cost and if the work could be done, it should be proceeded with.

All or Nothing.

Ald. Bragg thought the whole pavement should be laid; otherwise it would be a farce.

Ald. Ward said he always stood for the complete job. The cost of \$36,000 did not originate with the plans of this year's board of works, but last year's. Ald. Jennings' first proposition had been abandoned by him, so he had worked up another. The figures Ald. Ward said that he had given to the council, was the total cost of the whole affair. Eagle Place wanted the complete job. If the two other members of Ward 5 would undertake to say that their scheme would be acceptable to Eagle Place, then he would support it. He therefore moved that the portion of Erie Avenue, from the tall race to the T. H. and B. be paved immediately, after the other portion was completed, providing the finance committee obtain the money and the co-operation of the Street Railway Commissioners, the completion of the second portion being contingent on the scarcity of labor.

Cross-Firing.

Ald. Jennings said the new scheme had been brought forward by the petitioners, and Ald. Ward signed the petition.

The resolution carried, Ald. Dowling promising all possible help from the finance committee.

The council then adjourned, and will meet again in September.

Major Ballachye a Good Soldier

The Best in the 58th, is Tribute From Pte. Edward W. Clark

Mrs. T. P. Clark, 17 West Mill St., received a letter from her son, Edward W., a private in the Lewis Machine Gun Section of the 58th Battalion, in which he refers to the soldier-like qualities of Major Ballachye. Of him he says: "He was the best man we had in the 58th. He was right in the thick of the battle for two days, and got hit the last day we were there." Pte. Clark was lucky and escaped unhurt.

He enclosed in his letter a rank badge taken from the coat of a dead German officer whom he killed himself. The badge is dull grey in color, and on it is a monogram in red, but the letters cannot be made out, except one, the letter "R." Over this is a crown.

The letter was written on June 17th and the 58th was then due for a month's rest.

215TH TAKES OVER 125TH BATT. GAURD

Done Yesterday in Military Fashion Amid Playing of Band.

The Paris company of the 215th Battalion, under the command of Captain Peirce and Lt. Moyle arrived in the city this morning for the purpose of participating in the farewell given to the 125th Battalion. On the return journey, which was accompanied by foot, the company was accompanied half way by the remainder of the battalion, thus engaging in a short route march.

Corp. Lloyd Colquhoun, of the 215th, a son of Lt.-Col. Colquhoun, has received a certificate of qualification as an instructor in signalling.

The guard previously maintained by the 125th Battalion was taken over yesterday by the 215th Battalion, in the correct military fashion, amid the playing of the band. A sentry box has also been erected outside the 215th headquarters, and sentries are posted there.

The officers of the 215th lunched together to-day in Crompton's tea room.

Lady Sybil Grey Wounded

By Special Wire to the Courier.

Daughter of a Former Governor-General of Canada in Russia

London, July 4.—Lady Sybil Grey, daughter of Earl Grey, formerly Governor-General of Canada, was seriously wounded by the Russian Red Cross while with the British Red Cross at Petrograd. During hand grenade practice, a grenade was thrown through a window shelter, near where she was sitting, and a splinter penetrated her left cheek and jaw.

With the City Police

The ancient superstition of luck in odd numbers was exemplified once more in the case of Chas. Roantrac, against whom three charges were preferred in the police court this morning, drunk, not working and assault. As he had obtained employment since the charges were laid, he was allowed to go. Two drunks donated \$3 each for their convivalities. Frank Froman was charged with conversion, and an attempt will be made to convert him at a special session of the court at 2.30 this afternoon.

CASTORIA

For Infants and Children In Use For Over 30 Years

Board of Works reported as follows:

1. That the City Treasurer be instructed to place \$225.00 on credit of the Streets Department and to charge the Fire and Light Department with that amount to cover purchase of horse for fire hall.
2. That the Board of Works be authorized to purchase an automobile for the City Engineer's Department the cost not to exceed \$400.
3. That on receipt of a sufficiently signed local improvement petition, a curb be constructed on Brant street in front of the premises of the Brantford Cordage Company Factory.

Curb Already Building.

Ald. Ward said in regard to Clause 3, that the curb had been staked out that day, the Cordage Company being willing to pay for it, and it would be ready to lay that part of the city.

Clause 1 was practically transferring a horse from one department of the city to another. Regarding Clause 2, the cost of keeping two horses for the City Engineer's department was \$450. The Board of Works were looking after the duties of the building inspectors, also one of the time-keepers, so it was cutting down expenses in other directions.

Pavements to be Repaired.

Dufferin Avenue, George Street, and Chatham street would be repaired by the city without further delay, announced Ald. Ward. Suit was already entered to cover the cost of repairing Dufferin Avenue.

Why a second hand car for the city engineer? queried Ald. Minshall. The fire chief had a new one. He would vote against purchasing a second hand car.

Ald. Dowling did not think a \$400 limit for a motor car was advisable. It was a pretty low limit.

Ald. Bragg also opposed the purchase of a second hand car, supporting Ald. Minshall in that respect.

Council Generous.

Ald. Pitcher explained that the

Board of Works appreciated the generosity of the council in voicing the wish for a new car. The Board of Works set a low limit so as not to strike the council too hard.

Ald. Ward was agreeable to striking out the limit of \$400.

Ald. Bragg said he thought the make of the car should be specified, else when the car was bought the price might be too high. However the make was left out and the report was adopted.

The Hospital By-law was given its third reading.

No Successor Appointed Yet.

The by-law to appoint a successor to the late Mr. J. J. Hawkins on the Parks Board was again moved to the committee stage, where it was left the last time it came up. The mayor as the man. According to Mr. Bowby, the Mayor has the appointment, but the council the confirmation of it. Ald. Bragg was opposed to the vacancy on the Parks Board was not confirmed.

Daylight Saving.

The issue of the evening was then introduced when Ald. Ward rose to move the adoption of his motion that the city revert to standard time, declared Ald. Pitcher, was determined by the attitude of the workmen. He thought the night he voted for it that the laboring man was in favor of it. The only point was that to ask Ottawa to change the time in the post office again, looked like playing with the question. The next time the finance committee brought in an important resolution, let them do it fair and square and honest, he asserted. If the limit were reduced to August 15th he would vote to retain the new time.

Should He Provincial Now.

Ald. Minshall said he was not opposed to the scheme, except that if it were in at all, it should be provincial wide.

The Retort Quick.

Major Bowby gave it as his opinion that as in all ways, he was against the scheme that Ald. Dowling had "fathered".

"Rather 'mothered'", suggested Ald. Dowling.

"Maybe you're more of a mother than a father," retorted His Worship.

Not Brought in Fairly.

Ald. Hess wanted to know what was fair in the way Ald. Dowling brought in the original resolution, referring to petitions when petitions were never produced. He was not satisfied. Ald. Dowling replied that the petitions in question were present then.

Delayed Mail Delivery.

Ald. Ward said the mails were delayed by the new scheme. It was not the city's fault that the post office clock was changed. If Ald. Dowling were wise, he would abandon the scheme, else it would go bad for him in January.

Ald. Bragg Against.

Ald. Bragg said that people had asked him about it, and seemed to be against it. At Ald. Ward's request, he helped him in distributing petitions. The new time meant women getting breakfast ready. That was too early. The workmen, on the whole, were not in favor of it.

No Objection to Scheme Itself.

Ald. Wiley argued that the objections seemed to be rather against the method by which the scheme was brought in, rather than by the scheme itself. The petitions produced by Ald. Ward showed only a fairly evenly divided opinion. The scheme ought to be tried out for the next two months; it would be appreciated during the hot months of July and

August. Then if it were useless, Brantford would never touch it again. But in all fairness, it deserved a fair trial.

ONE RUN ENOUGH TO WIN FOR ROCHESTER

Toronto, July 4.—When the story of the sixth inning of yesterday's defeat of the Leafs is told there is little remaining to be said. It was in that inning that Rochester scored one run, the only run of the game.

There was one out in the sixth, when McTigue walked the Rochester manager, the diminutive Leach. McTigue and Kirmayer engaged in a pitching duel, in which the visiting flinger had rather the better of it.

There was one out in the sixth, when McTigue walked the Rochester manager, the diminutive Leach. McTigue and Kirmayer engaged in a pitching duel, in which the visiting flinger had rather the better of it.

THE 125TH BRASS BAND.

Story of Jack Tar at His Play

How British Sailors Manage to Keep Fit All the Time.

The sailor, like every other man, who is worth his salt, hates to be "at a loose end," and to fill in the hours that come between the cessation of the day's work and the advent of darkness—when work starts afresh—he plays all sorts of games, some simply amusing, others tending to give him a sound, strong body, and to develop his fighting sense.

Chief among these latter are the combats which take place in roped-off rings on the upper deck, where clad in padded leather jackets and with their heads protected by steel helmets, the face piece being of wire mesh, they engage each other with the bayonet or foil or sabre, under the supervision of trained instructors.

In other rings more strenuous men will wrestle each other in the catch-as-catch-can style, or batter away at each other with much vigor and great good-humor with the boxing gloves.

The older men, less strenuous, will while away long hours by deck quots, flinging specially made discs of thick rubber at a mark, and endeavoring to knock the opponent's quoit quite out of the chalked circle.

In the gun-turrets bridge parties will be held—a fearsome game, in which honors have no place, and there a couple of amateur strategists will "check" and "mate" each other to their heart's content, and to the edification of a criticizing, bantering circle of other chess enthusiasts.

In another place a further crowd will play "The House that Jack Built," here one man will recite line by line, the ancient nursery rhyme, the others having to repeat it after him, the punishment for mistakes being a slap on the hand—forfeits being too difficult and too time-wasting for the sailor.

But occasionally the officers of the ship will get up an obstacle race and offer five shillings as a prize. The competitors, each dressed in a white suit, start from the quarter-deck, and, running to a table, must eat an ounce of biscuit and drink a glass of water. Then they go under a large tarpaulin, under which they must crawl and shuffle, and when they climb out at the other end they must change their white suits for blue ones and put on their boots.

The next obstacle is the fore-captain, where cigarettes must be lighted, and then a set of barrels hung on a spar have to be clambered

DR. WILEY'S RINK WINS THE PRIZE

Harris Trophy Played For by Two Pastime Rinks Yesterday Afternoon.

Dr. Wiley's Pastime rink of bowlers are winners in the Brant County Tourney for the Harris Trophy. Under ideal weather circumstances once more, the final round of the tourney was played off yesterday afternoon at the Brantford Club green, with a very large and enthusiastic attendance.

The game progressed practically level for some time, but Dr. Wiley's rink gained the lead later, being 8 up over Bert Inglis' aggregation at the close.

Pastimes: W. J. Muir, F. Corey, D. MacPhail, A. Aitken, T. McPhail, J. C. Spence, Dr. Wiley, Bert Inglis.

Lightning Hits Church at Cummock: Fergus, July 4.—During service in an electric storm Sunday afternoon, the Presbyterian Church at Cummock, five miles north of here, was struck by lightning. Although little damage was done to the building the bolt entered close to Rev. Mr. Hunter, rendering him insensible, and also affecting Miss Ferguson, a member of the choir. Dr. McCrimmon of Alma was summoned, and took the injured to James Singer's residence, where they later recovered.

Auto Kills Child: Lady Lost Control of Her Motor Car—Little Lad Fatally Hurt. Stratford, July 4.—Edwin Chipka, the five-year-old son of Mr. John Chipka, corner of Erie and Cambria streets, was fatally injured this evening. A lady motorist lost control of her car, which jumped the curb, and the back wheel passed over his head, fracturing his head. Mr. Cecil Brown, Boys' Secretary at the Y. M. C. A., administered first aid, and restored breathing. Dr. Rankin attended the child, who was taken to the hospital in a critical condition, and died shortly afterwards.

Veteran Jack Coombs in Remarkable Game: New York, July 4.—Brooklyn easily won the first game of its series with New York yesterday, the score being 6 to 1. Robinson's team hit Anderson hard, and he was poorly supported. Jack Coombs pitched a remarkable game for Brooklyn, allowing but three hits, two of which came in the first inning. Score: R.H.E. Brooklyn . . . 010230000—6 3 0; New York . . . 100000000—1 3 3.

Hinchman's Wild Throw Enables Cubs to Win: Pittsburg, July 4.—Chicago defeated Pittsburg here yesterday 3 to 2, the visitors winning in the eighth inning, when hits by Knabe, Williams and Zimmerman, a base on balls to Hendrix and Hinchman's wild throw scored three runs. Score: R.H.E. Chicago . . . 00000000—3 7 3; Pittsburg . . . 10000100—2 6 1.

Italian Murderer Must Pay Penalty: Ottawa, July 4.—Tony Legato, an Italian, who was found guilty of the shooting at Guelph of a compatriot, George Veroni, after the latter had slapped his face, will hang on July 5. The Cabinet Council has decided not to interfere in the case.

THE 125TH BATTALION BUGLERS

German Positions Like Mouths of Furnaces

To Count the Shells the British Hurdled Against the Enemy Lines Was an Utterly Hopeless Task—At Least Five or Six Per Second Were Fired.

London, July 4.—(New York Times cable)—A dispatch to the London Times from a correspondent at the British headquarters describing the bombardment of German positions on the Somme says: "There were positions which were like the mouths of furnaces, a permanent glow flicked and illumined with never-ending streams of white sparks."

"One ordinarily measures the weight of a bombardment by the number of shells that burst in a minute. In this case, counting was hopeless. Fixing my eyes on one spot I tried to wink them as fast as the lightnings flickered, and the shells beat me badly. I then tried chattering my teeth, and I think that in that I approximately held my own. Testing it afterward in the light

where I could see a watch face, I found that I could click my teeth some five or six times in a second. You can try it for yourself, and clicking your own teeth will get some idea of the rate at which the shells were bursting on a single spot. "There were always three or four points within the field of vision at which they were bursting at that speed, and always in between over the whole circuit of the field they were bursting with great, if lesser rapidity."

"What the expenditure of ammunition is in such a bombardment it is impossible to conjecture, when along the front of ninety miles there are always points at which shells are bursting at the rate of some hundred to the minute, and this has already gone on for four days and four nights."

Two Nearly Drowned When Auto Plunged: Fisheries Inspector of North Essex Made Sensational Rescue. Windsor, July 4.—When the big car which Mrs. Julia Payne was driving along the River Front Road in Sandwich East yesterday plunged over an 18-foot embankment into six feet of water in the drainage canal, two lives were nearly sacrificed, that of the woman and her eight-months-old infant, who was with her.

Arzene Drouillard, fisheries inspector for North Essex, who witnessed the accident, leaped from the high bank into the water and released Mrs. Payne, who was held down by the steering wheel, afterwards going back for the infant, which was unconscious when taken out.

Braves in Second Place by Beating Phillies: Boston, July 4.—The Braves defeated the Phillies 5 to 1 yesterday in a game that was called at the close of the sixth inning because of rain. The victory moves the locals into second place. Alexander was batted hard. Score: R.H.E. Philadelphia . . . 001000—1 5 3; Boston . . . 200003—5 8 2.

Heaters, Dufferins, Jos. Broadbent, Rev. J. W. Gordon, Bert Caspell, Bert Henderson, W. Lahey, Wilson, E. C. Tench, R. J. Dymond, skip . . . 13 skip . . . 10.

Heaters, Dufferins, Jos. Broadbent, Newsome, Bert Caspell, D. H. Coates, W. Lahey, D. G. Husband, E. C. Tench, J. A. Ogilvie, skip . . . 15 skip . . . 21.

Hinchman's Wild Throw Enables Cubs to Win: Pittsburg, July 4.—Chicago defeated Pittsburg here yesterday 3 to 2, the visitors winning in the eighth inning, when hits by Knabe, Williams and Zimmerman, a base on balls to Hendrix and Hinchman's wild throw scored three runs. Score: R.H.E. Chicago . . . 00000000—3 7 3; Pittsburg . . . 10000100—2 6 1.

Italian Murderer Must Pay Penalty: Ottawa, July 4.—Tony Legato, an Italian, who was found guilty of the shooting at Guelph of a compatriot, George Veroni, after the latter had slapped his face, will hang on July 5. The Cabinet Council has decided not to interfere in the case.

GERMANY'S MOST VALIANT MAN IS DR. LIEBKNECHT

He is Not Afraid to Tell the Whole Nation the Whole Truth.

HOWLED DOWN IN THE REICHSTAG

And, in Addition, Has Been Shot at in the Streets.

To mention the name of Herr Liebknecht among Germans is to bring down every kind of abuse on the head of the politician who has been described as the "bravest man in Germany." Liebknecht is a Socialist and has always been an implacable foe of Prussian militarism against the dominance of which we are now fighting. Although he may not have a single supporter in the Reichstag—the German parliament—he never hesitates to trounce the system which is bringing ruin to his country. He has been shouted down and assaulted in the Reichstag, and shot at in the streets of Berlin.

Nothing, however, daunts Liebknecht, for he comes of fighting stock. His father, Wilhelm Liebknecht, fought for the famous Socialist, almost precisely the same battle, during and after the Franco-Prussian war of 1870, and was sentenced to two years imprisonment in a fortress for "treasonable intentions." Herr Liebknecht himself suffered confinement for eighteen months in a fortress for refusing to stop what was regarded as "seditions" speeches. His imprisonment merely resulted in his being returned at the elections of 1908 to the Prussian Landtag, one of the parliaments of the countries constituting the German empire.

A still greater sensation was to

Catarrh Cannot be Cured with LOCAL APPLICATIONS, as they cannot reach the seat of the disease.

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in the country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect condition of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials.

Take Hall's Family Pills for constipation. Sold by Druggists, price 75c. F. J. CHERRY & CO., Props., Toledo, O.

THE ONLY MEDICINE THAT HELPED HER

"Fruit-a-tives Again Proves Its Extraordinary Powers"

Rochon, Que., March 2nd, 1915. "I have received the most wonderful benefit from taking 'Fruit-a-tives'. I suffered for years from Rheumatism and change of life, and I took every remedy obtainable without results. I tried 'Fruit-a-tives' and it was the only medicine that really did me good. Now I am entirely well—the Rheumatism has disappeared, and the terrible pains in my body are all gone. I hope that others, who suffer from such distressing diseases, will try 'Fruit-a-tives'." MADAME ISABE ROCHON. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

come when, in 1912, he was elected to the Reichstag actually for the Prussian Royal borough, the Potsdam constituency, where the Court and military naturally constituted the greatest social forces.

An excellent speaker, with a temperament full of enthusiasm and fire, highly educated and well read, Liebknecht soon became a leader among Socialists. Although the Socialist Parliamentary group has expelled him from its supreme ranks, meantime there is no doubt that Liebknecht has a tremendous following of sympathizers.

It is interesting to note that Liebknecht, like his father, is a passionate internationalist, three years ago he visited Paris, London, and Brussels, holding forth on the necessity of combating the machinations of militarists in every country and of preserving the world's peace.

News Notes

Newfoundland fishermen are becoming discouraged at the poor yields from lobster fishing.

Two year old Roy Scott of Fredericton, is dead, as the result of drinking a quantity of turpentine.

Wm. F. Anderson, Mexican veteran, Fredericton, is in Boulogne Hospital, badly wounded.

Capt. F. W. Jenkins, St. John, has been appointed to the vacant position of civic public works.

Fire did considerable damage in a building of the Consumers' Sack Supply Company at St. John, N.B.

Malcolm McPherson, an aged P.E.I. man, has been sentenced to die Sept. 7th for the murder of his wife. The steamer Yarmouth, belonging to the C.P.R. may be purchased, by the Sydney-Newfoundland service.

THE SIGNALLERS OF THE 125TH BATTALION.

ZEPPELIN BOMBS OF MANY KINDS

Four Different Patterns Dropped on the Babies of England.

VARY IN SIZE, FORM AND WEIGHT

High Explosive Bomb Not the Same as Incendiary Bomb.

German aircraft are known to have dropped on the British Isles four different patterns of bombs. Each varies in form, size and weight, although there are only two types or classes—namely, the high explosive bomb and the incendiary bomb. Portions of all four have been picked up in different parts of the country, and occasionally complete unexploded bombs have been discovered. Several are reported to have been picked up in Scotland recently, and one at least was safely delivered to the proper authorities who are charged with destruction of such dangerous missiles.

Asphyxiating bombs have not been traced, and although a sulphuric smell was detected after several explosions, that is accounted for by the presence of a limited and practically harmless—in an asphyxiating sense—quantity of phosphorus which the incendiary bombs contain.

The incendiary bombs are comparatively light missiles. They are torpedo-shaped, have a cast-iron casing, and their total weight is about 15 lb., while the radius of the danger area on explosion in the open is about 100 yards. Two kinds have been found. One containing a magnesium star mixture is 2 ft. long, with a

width tapering from 6 in.; the other, containing some phosphorus, but chiefly filled with thermite and star composition, is only 15 in. long, with a width tapering from 10 in., and having at the narrow end a calico streamer. This latter type is more vicious in its action than the other. When explosion occurs the liquid is scattered and sets fire to inflammable material within reach.

There are also two kinds of high explosive bombs, and they vary in weight from 100 lb. to 140 lb., or from slightly under to considerably over a hundred-weight each. The commoner and heavier of the two is spherical in form and over a foot in diameter. In the open the radius of the danger area is 600 yards. The casing is either cast iron or cast steel, and it contains about 50 lb. of troy. The dimensions of the lighter high explosive bomb are approximately 2 ft. in length by 1 ft., tapering to about 3 in., with a thin steel case and gunmetal vanes on the fuse. It probably contains 60 lb. of troy, and in the open the radius of danger area has been estimated at 400 yards. The mechanism in all these bombs may differ considerably, and they may be arranged to explode on contact or a few seconds after contact.

A bomb dropped from a height of 8,000 ft., while the airship is travelling at sixty miles an hour, would probably strike the ground 2,000 ft. or three-eighths of a mile, in front of the spot vertically below the point from which it was dropped. The possibility, therefore, of striking a definite object is very remote.

The Royal Commission was provided over by Baron Hardinge. Outlining the causes of the outbreak in Ireland the report says:

"In endeavoring to elucidate the causes of the rebellion in Ireland the fact should be borne in mind that there is always a section of opinion in that country bitterly opposed to the Government's policy. It is the duty of the Government to inquire how far the policy of the Irish executive was adopted by the cabinet as a whole, or to attach responsibility to any but the civil and military executive in Ireland."

Its Conditions. The report then gives these conclusions:

"That the main cause of the rebellion appears that lawlessness was allowed to grow unchecked, and that for several years past had been administered on the principle that it was safer and more expedient to leave the law in abeyance if a collision with the opinion of the Irish people could thereby be avoided."

Arms Had Been Imported. The importation of large quantities of arms into Ireland and the toleration of drilling by large bodies of men, first in Ulster and then in other districts, the report says, created conditions which rendered possible the recent troubles in Dublin and elsewhere.

Sedition Ran Free. "It appears to us," says the commission, "that reluctance was shown by the Irish Government to repress by prosecution written and spoken seditious utterances, and to suppress drilling and manoeuvring of armed forces to be under control of those who openly were declaring their hostility to Your Majesty's government and their readiness to welcome and assist Your Majesty's enemies. There developed a widespread belief that no repressive measures would be undertaken by the government against sedition."

Drilling Should Have Ceased. "This led to a rapid increase of preparation for insurrection and was the immediate cause of the recent outbreak. We are of the opinion that on the outbreak of the war all drilling and manoeuvring by unrecognized bodies of men whether armed or unarmed, should have been strictly prohibited."

Lord Lieutenant Not to Blame. "It does not appear to be disputed says the report, 'that the authorities in the spring of 1916, while believing that the seditious bodies would not venture unaided to break into insurrection were convinced that they were prepared to assist a German landing. We do not think that any responsibility rests upon the lord lieutenant. He was appointed in February, 1915, and was in no way answerable for the policy of the government. We are, however, of the opinion that the chief secretary, as the administrative head of Your Majesty's Government in Ireland primarily was responsible for the situation that was allowed to rise and the outbreak that occurred."

Unauthorized Drilling Should Have Ceased When War Started.

London, July 4.—The Royal Commission, which investigated the Irish rebellion in its report submitted yesterday, says that the responsibility for the outbreak does not rest with Baron Wimborne, the lord lieutenant, since resigned, who is declared to have been in no way answerable for the policy of the government. The chief secretary for Ireland, Augustine Birrell, who resigned shortly after the suppression of the outbreak, was primarily responsible, says the report.

Sir M. Nathan Also Culpable. While in the view of the Commission Sir M. Nathan (ex-under secretary for Ireland), carried out with the utmost loyalty the policy of the government, he did not sufficiently impress upon the chief secretary during the latter's prolonged absences from Dublin, the necessity for more active measures to remedy the situation which in a letter in December last he described as "most serious and menacing."

The Report. The Royal Commission was provided over by Baron Hardinge. Outlining the causes of the outbreak in Ireland the report says:

"In endeavoring to elucidate the causes of the rebellion in Ireland the fact should be borne in mind that there is always a section of opinion in that country bitterly opposed to the Government's policy. SIR GEORGE PERLEY ON SHORT HOLIDAY

No Foundation for Rumor that He Will Quit Commissionership.

London, July 4.—Sir George Perley, The Mail and Empire a straight denial yesterday of the rumor that he is returning to Canada, and that Sir George Foster is to take the High Commissionership.

Yesterday Sir George Perley gave a lunch to the Canadian members of the House of Commons.

Regimental colors were presented to the 115th battalion and band instruments to the 140th battalion on June 13 at St. John, N.B.

The Knights of Columbus of St. John honored three of their members—Lieuts. Cronin, Dever, and Grannan—who are leaving for overseas.

NEWS NOTES.

A military census was taken at Fredericton, N.B., last week. New Brunswick has almost 2,000 automobiles now.

Five Austrians escaped last week from the mines at N.B. Montreal, where Rogers, of Charlotte-town, has been killed in action.

The 115th Battalion of St. John, N.B., left for Valcartier last week. The steamer Anarchie, bound from Montreal with 8,000 tons of grain, went ashore at Pointe Platte, Little Miquelon Island.

Wm. Wright, a successful Kansas City architect, addressed the Rotary club, which met in his home town of Halifax recently.

Major J. P. Edwards, late of Londonderry, has been appointed inspector of taxation for Nova Scotia, with headquarters at Halifax.

Regimental colors were presented to the 115th battalion and band instruments to the 140th battalion on June 13 at St. John, N.B.

SEALED TENDERS

SEALED TENDERS addressed to the Postmaster-General, will be received at Ottawa until noon, on Friday, the 25th day of July, 1916, for the conveyance of His Majesty's Mails, on a proposed Contract for four years, six times per week, over Hatchery Station No. 1 Rural Route, from the 1st October next.

Printed notices containing further information as to conditions of proposed contract may be seen at blank forms of tender may be obtained at the Post Offices of Hatchery Station, New Durham and Harvey, Ont., Toronto, Ont.; Mr. E. J. Deschamps, Central Post Office, Montreal, P.Q., and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the forms supplied, and signed by their actual signatories, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works equal to ten per cent. of the amount of the tender, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or if the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender. R. C. DESROCHERS, Secretary. Department of Public Works, Ottawa, June 16, 1916.

Forty-fifth Year

FRENCH CAPTURE OF CURLU, AND ARM, 4 MILES

Each Army Assesses Des of River Seen Over 9000 Fighting—Fierce Which Holds an

By Special Wire to the Courier Paris, July 5.—The French, east of Curly, the war of They have also captured S

The advance reported indicated the north bank of the ward Peronne in the combined Clery, the most advanced point Peronne.

Paris, July 5.—The French resumed the offensive during the night, both sides of the Somme. South the Somme they made further progress toward the river, particularly at Sorbheit farm. This position on the left bank, opposite Clery, the region between the farm and H 63 on the road leading from Flacourt to Barleux is dominated by French. After a heavy bombardment the German captured the village of Belloy-en-Santerre, the French quickly expelled the taking the entire village. The G man still hold part of the town Estrees, where severe fighting is in progress. German attacks in French positions there were stopped by the French fire.

The number of prisoners taken thus far exceeds 9,000. The number of cannon captured has not been ascertained.

On the Verdun front heavy fighting is still in progress. West of Metz the French repulsed a strong German attack in the region of A court and Hill 304. East of the river there was a violent bombardment Thiamont-reduit and the Chem sector.

Tremendous Rain Storm. Paris, July 5.—The phenomenal rain storm, which swept over the whole of France, has caused a serious waterlogging of the soil. The water has been so high that the French have been unable to advance their positions. The water has been so high that the French have been unable to advance their positions.

Whole Ninety British L Full S

Enemy Can Not Transfer and Somme to Stem the mans No Longer

By Special Wire to the Courier London, July 5.—Reuter's correspondent at the Press-Camp France points out that not more than twenty miles of the main operations have been transferred to the British front. The British front is now bearing the brunt of the fighting.

"So well does the enemy this," says the correspondent, "he does not transfer a single germ from any part of his body to stem the southern push."

The day the British bombardment began, the knell of German infantry was sounded.

An order issued to the German troops and found by British soldiers continues the correspondent, "it was known that the British intended to deliver their attack July 1, and it was thought that attack would be directed by Roye and Lille."

"This supports the reports of successful hoodwinking of the enemy by the British authorities."

SWISS TO CONFERENCE WITH ENTENTE

Several Matters of Importance Discussed

By Special Wire to the Courier Berne, via Paris, July 5.—Important conference will be Wednesday between Swiss officials delegates who have returned from Paris and members of the entente to decide the new program to the Entente's delegates which the Swiss delegates will submit to the Entente's delegates.

It is hoped that these will be acceptable and lead to a solution of the problem raised by the Entente's delegates.
