A great "Clean-up Campaign" is sweeping through the North American Continent. October 9th has been appointed "Fire Prevention Day" by Royal Proclamation, which gives a special opportunity to every person to talk "Fire Prevention" and "Clean up." A clean city or town has few fires. It is especially desirable to have His Excellency the Governor-General's Proclamation read in all public, private or separate schools by one of the pupils as well as at public gatherings.

The interest in fall fairs seems to be declining so far as exhibits are concerned. In nearly every instance this year the number of entries in the Agricultural Classes is smaller than in 1919. At one county fair in this part of the province there was a loss of over five hundred entries, every class but one (horticultural) showing a decrease. This may be partly accounted for by the lack of farm help, yet it seems as if the old-time enthusiasm is not being shown. School fairs, on the other hand, are becoming more popular each year, their educational features being considered invaluable to the young. The sports and other amusements seem to be the chief attractions now at most fairs. One newspaper even suggests reducing the amount of the prize list for exhibits to \$500 and spending the balance in attractions. Care will have to be exercised by fair managers or the Fall Fair as we now know it will soon become extinct.

Monday last was a lively day for the town council when two sessions were held, occupying all afternoon and evening. The reason was that a big bunch of contractors arrived on the morning train from the east to endeavor to capture some of the construction or supply work of the proposed waterworks for the town. There was plenty of competition for the different items of construction. For the construction of the reservoir eight tenders were received, and seven were placed before the council for the piping. We understand that the council accepted six tenders, totalling \$47,300, which amount will cover the bulk of the work. These tenders include pipes, valves, hydrants, water tower, pumping equipment, reservoir, pump house, pipe laying, excavating, etc. Other items will bring the total cost of the completed work well within the amount stated in the bylaw, namely, \$52,000. A six-day continuous test of the wells has shown a plentiful supply of water for all purposes. Work will be commenced on the reservoir next Monday so as to complete the concrete portion before danger from frost, and the entire work is expected to be completed and in operation before Christmas. The reservoir to be erected will hold 60,000 imperial gallons, and the overhead tank 20,000 wine gallons. The fire pump will have a capacity of 500 gallons a minute.

God has sent the producer a bountiful harvest, but it now remains to be seen whether speculating brokers will let them enjoy it or whether, as in past years, they will take the cream and leave the producer the skim milk.

The high and ever-increasing cost of paper has at last been felt by the Government. Starting October 1st, users of stamped envelopes will have to pay more for them. A new scale of prices has been sent to the postmasters throughout Canada. The new prices will be charged for all stamped envelopes now on hand as well as new stock.

We have received this week another big consignment of Ladies' Coats. Our stock now is very heavy—too heavy—and to turn the lot we have some real bargains for coat hunters. The prices make coat buying easy, and we strongly advise you seeing our offering this week; the assortment is splendid.—Swift, Sons & Co.

Tiffin, will preach and there will be special music at both services. It is hoped that this will be a special day throughout, a day of general rallying of all the forces of the congregation. Keep the day in mind.

SUTORVILLE RAILWAY SIDING

For some time the question of constructing a much needed railway siding on the tenth line of Brooke, to connect Sutorville and Alvinston, for the accommodation of the residents of the township, has been hanging fire, as the railway company did not seem anxious to construct one. The matter was taken up by Mr. J. E. Armstrong, M.P. for the riding, who laid the wants of the people of the township before the Railway Commission at Ottawa, fully convincing that body that the proposed siding was necessary for the accommodation and also to successfully carry on the beet sugar industry of that section, with the result that a few days ago Mr. Armstrong received the following telegram, authorizing the construction.

Ottawa, Sept. 25, 1920. Judgment issued today, authorizing the construction of siding.

F. B. CARVELL, Chairman of Committee. Now that this decision has been given construction of the siding will likely be commenced without delay and the work completed in time for the moving of next year's crops.

RAIN KILLED THE FAIR

DIRECTORS COMPELLED BY WET WEATHER TO CALL OFF EAST LAMBTON FALL FAIR

After a two weeks' spell of delightfully fine weather the day selected for the Watford Fair turned out to be one of almost continual rain, completely upsetting all preparations for what was expected to be one of the best fairs in the history of the East Lambton Agricultural Society.

The display in the buildings was good, though in roots, vegetables and fruits not as large as might be expected for such a prolific year.

There were 1200 entries in the indoor departments but only a few in the out-door.

The School Fair held in conjunction with the Agricultural Society, was a splendid affair, the numerous exhibits showing that the young people are deeply interested.

Relief For the Depressed.—Physical and mental depression usually have their origin in a disordered state of the stomach and liver, as when these organs are deranged in their action the whole system is affected. Try Parmelee's Vegetable Pills. They revive the digestive processes, act beneficially on the nerves and restore the spirits as no other pills will. They are cheap, simple and sure, and the effects are lasting.

CHILDHOOD INDIGESTION

Nothing is more common in childhood than indigestion. Nothing is more dangerous to proper growth, more weakening to the constitution, or more likely to pave the way to dangerous disease. Fully nine-tenths of all the minor ills of childhood have their root in indigestion. There is no medicine for the little ones to equal Baby's Own Tablets in relieving this trouble. They have proved of benefit in thousands of homes. Concerning them Mrs. Jos. Lunette, Immaculate Conception, Que., writes: "My baby was a great sufferer from indigestion, but the Tablets soon set her right and now I would not be without them." Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

FREQUENT HEADACHES

A DANGER SIGNAL

The Victim Nearly Always Suffers from Weak, Watery Blood.

There are few ailments that cause more genuine misery than nervous or sick headaches. Only those who have endured the suffering, sometimes for days at a stretch, can realize the agony of the victims. Noises increase the pain, food is unthought of, for it only adds to the distress. When the attack is on there is little to be done until it passes away. These headaches are nearly always a danger signal that too frequently pass unheeded. They are the symptoms of many maladies, such as anaemia, constipation, indigestion, etc., and when these are cured the headaches permanently disappear. Headaches are more often a sign of weak, watery blood than anything else, and the most successful treatment, therefore, is a remedy that will rebuild the blood and make it rich and red. This can be done through a fair course of Dr. Williams' Pink Pills, which has a special action on the blood, and through the blood on the nerves. In this way, Dr. Williams' Pink Pills have been found invaluable in a wide range of diseases due to poor, watery blood, such as anaemia, rheumatism, indigestion, after effects of influenza, neuritis, etc. The effectiveness of this tonic treatment is illustrated in the following case:—Mrs. Geo. Arn. R.R. No. 6, Simcoe, Ont., says:—"Some years ago my daughter, then a young girl of eleven, became very much run down and nervous. She was troubled greatly with sick headaches and frequently with vomiting spells, and although we lived just across the road from the school, she was not able to attend. She was taking medicine all this time but it did not seem to do her any good. I had often read of Dr. Williams' Pink Pills and finally decided to give them to her. By the time she had taken two boxes she seemed much better, and before the fifth box was finished she was again in the best of health and has always since enjoyed the best of health. I am satisfied it was Dr. Williams' Pink Pills that restored her, and I have since seen equally good results in other cases."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Mrs. Monaghan, a pioneer of the section, died at Glencoe last week, aged 86 years.

A blight appears to have hit the late potatoes of Caradoc township and the yield will be lessened somewhat on that account. However, the crop will be a very large one and will probably run from 275 to 300 bushels per acre.

A Welcomed Shortage.

Southern Ontario is experiencing one shortage this year that is entirely approved of by the farmers. Not for many years has there been such an almost total absence of potato bugs. Many fields have been harvested with their early crop of potatoes in perfect condition, and this without their having been sprayed for either bugs or blight. Growers having later maturing crops are nevertheless taking precautions against the occurrence of late blight and bugs, as the belief is now generally established, that potato foliage should be kept in good shape until digging time.

Chicken Chat.

It is not too early to begin milk feeding surplus cockerels for market. Look over the houses for needed repairs, and get it done if possible.

Our Youngest Premier.

Hon. Arthur Meighen is the youngest Premier of Canada since Confederation and the first Ontario man to hold that office. Owing to his residence in the West, he may also claim to be the first Westerner.

Premier	Descent	Birth	Selected
Macdonald	Scotch	Scotland	53
Mackenzie	Scotch	Scotland	52
Abbott	English	Quebec	49
Thompson	Irish	Nova Scotia	48
Bowell	English	England	47
Tupper	English	Nova Scotia	46
Laurier	French	Quebec	45
Borden	English	Nova Scotia	44
Meighen	Irish	Ontario	44

Ontario men have succeeded well as Provincial Premiers, although Meighen is the first to reach the Canadian chieftainship. Premier "Billy" Martin of Saskatchewan, who came into the Commons with Meighen in 1908, was born in Norwich, Oxford County, and married in Perth County a score or two of miles from Meighen's home. T. C. Norris of Manitoba is a native of Brampton, Ont. Charles Stewart of Alberta is a native of Strabane, Wellington County.

A Spartan Father.

A French-Canadian father of two sons, one of whom was gassed in France and the other escaped service in the United States army through misrepresentations as to his age, will aid the United States district attorney in the prosecution of his "derelict and unpatriotic son," it was announced recently. The district attorney would not divulge the father's name.

This case is only one of 7,572 draft evaders in the southern district of New York who will be hunted by United States federal authorities in a round-up which will start in a few days. Authorities state that after many months of secret work the United States Government now was ready to gather in the offenders.

An Artist's Soul.

A man who is given to doing "odd jobs" about his house was very proud of a bit of painting he had accomplished. About midnight following the completion of the outside of the house he was awakened by a noise. Creeping to the window, he looked out, and, to his horror, saw a burglar climbing up a ladder to the second-story window. "Look out there!" yelled the householder to the burglar. "Look out for the paint!"

He Didn't Buy It.

Jack (to his fiancée): "I think of getting a musical instrument, Maud. Say, perhaps, a cornet."

Maud (in dismay): "Oh, not that horrid thing!"

Jack (in surprise): "And why not, dear?"

Maud (blushing violently): "It makes the lips so hard."

You will like Lantic fine!

For BAKING. For pound, tea and sponge cakes, coffee cakes, angel cake, layer cakes, fruit cakes, coconut cakes, pork cakes, nut cakes, short cakes, macaroons and biscuits, crullers, rolls, buns—ALL cakes—Lantic creams quicker with the butter—because it's FINE.

FINE in granulation—finer than all other sweeteners in actual use—finest in results obtained. "Fine" has many meanings to the Lantic user! In snowy glistening crystals of pure cane sugar—all sugar and nothing else—Lantic brings you concentrated sweetening. And because each crystal is fine and even, Lantic dissolves at once—it instantly delivers its great sweetening power without hesitation. Of course it goes farther. Of course it costs less. Of course you will like it fine.

For PRESERVING. For peaches, pears, plums and grapes—if you use Lantic you can smile at the old caution "Let it simmer until all the sugar is dissolved." While yet the fruit retains its beautiful color and attractive form, the preserving is done!—because it's FINE.

For BEVERAGES. For tea, coffee, cocoa, lemonade, root beer, orangeade, lemon pop and fruit punch—in fact for all home-made beverages—use LANTIC. There will then be no wasted spoonful left at the bottom of the cup or glass—because it's FINE.

In PRESERVING late fruits such as pears, plums and peaches, it eliminates the danger of over-cooking, which robs fruit of its natural color and shape, and some of its flavor.

In BAKING, Lantic creams quickly with the butter—which makes the cake light and dainty. Creaming need not be tedious.

In CANDY-MAKING fine granulation gives candy a soft velvety quality. Most of the highest grade chocolates and finer candies are made with Lantic. The exquisite "velours" of the best chocolate creams comes from Lantic fineness.

In TEA or COFFEE, in fact in all beverages (hot or cold), every Lantic crystal dissolves at once, yielding readily the full sweetening of the purest cane.

For CANDY-MAKING. For fudge, taffy, butterscotch, caramels and fondants, walnut and maple creams, marshmallows, peppermints, peanut brittle, candied fruits, and of course all icings, Lantic has the call with the best candy makers because it's FINE.

Women of Canada Who Testify

Tillsonburg, Ont.—"Ever since I can remember, Dr. Pierce's medicines were used in our family at home and they never failed to give good results. The 'Golden Medical Discovery' was used as a tonic and blood purifier and for bronchial trouble, and is proved excellent. I have personally taken 'Golden Medical Discovery' for bronchial trouble, and the 'Favorite Prescription' to build me up when I was run-down and they both were very beneficial. Mother always used Dr. Pierce's 'Compound Extract of Smart-Weed' for pain; it also was very good. I feel safe in recommending all of Dr. Pierce's medicines knowing them to be good."—MRS. CLIFFORD MITCHELL.

Central Butte, Sask.—"I have used Dr. Pierce's Medical Discovery for a number of years and am pleased to recommend it as a blood purifier. I know it has no equal, as I used it for my boy for tuberculosis of the knee joint. My neighbors and friends were surprised with the results; in fact, I do not think he would be alive today had it not been for the 'Medical Discovery'. I also keep it on hand for coughs as it differs so from other cough medicines, instead of upsetting the stomach as most cough syrups do it is good for the stomach. I only wish I had known about Dr. Pierce's medicines sooner."—MRS. PERCY WOOD.

When you take Golden Medical Discovery, you are getting the benefit of the experience of a doctor whose reputation goes all around the earth. Still more, you get a temperance medicine that contains not a drop of alcohol or narcotic of any kind. Long ago Dr. Pierce combined certain valuable vegetable ingredients—without the use of alcohol—so that his remedies always have been strictly temperance medicines.

Mothers' Advice

The responsibility for a daughter's future largely rests with the mother. The right influence and the information which is of vital interest to the daughter imparted at the proper time has not only saved the life but insured the success of many a beautiful girl. When a girl's thoughts become sluggish with headaches, dizziness, or a disposition to sleep, pains in back or lower limbs and a desire for solitude, her mother should come to her aid and remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, will at this time prepare the system for the coming change and start this trying period in a young girl's life without pain or irregularities. Thousands of women residing in every part of the United States bear willing testimony to the wonderful virtues of this medicine, and what it has done for their daughters.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For 3 months she was under the doctor's care and got no better, always complaining about her back and side aching so I did not know what to do. I read in the paper about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained in weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. Faxon, 416 Marcy Avenue, Brooklyn, N. Y.

NO INCREASE IN PRICE

Notwithstanding the enormous increase in the cost of production, over three times previous to war prices, that great weekly, the Family Herald and Weekly Star of Montreal have decided to accept renewals and new subscriptions at the old rate (\$1.50 a year) from all who remit before December 1st, 1920. This should be good news to readers of that big weekly. The Family Herald has been vastly improved and is beyond doubt the greatest value in newspapers.

Three Years of Suffering Quickly Relieved by "FRUIT-A-LIVES"

MR. GASPARD DUBORD

189 Avenue Plus IX, Montreal.

"For three years, I was a terrible sufferer from Dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured.

At this time, a friend advised me to try "Fruit-a-lives" and I did so. After taking two boxes of "Fruit-a-lives", I was greatly relieved; and gradually this marvelous fruit medicine made me completely well.

My digestion and general health are splendid—all of which I owe to "Fruit-a-lives".
