

A New Suit For the 24th

This last few weeks we have been getting in new clothes for the nifty dresser in quantities that put us in fine shape to meet all demands for the holiday trade and race weeks. The Norfolk coat will be much in evidence this season and makes a smart change from the conventional models that have held sway for so long. We have blue serges and fancies in a host of weaves that are sure to please, in natty, fast selling styles with all the clever "fixin's" so dear to the hearts of golfers and all lovers of the "great outdoors."

Other lines for the holiday season and outdoor events are white duck trousers, khaki 2-piece suits, khaki and linen trousers, English flannel and white serge outing trousers, auto. dusters and fancy vests. Ours is strictly an all clothing store and well stocked with high-grade moderately priced garments.

MADE-IN-CANADA TRAIN WAS HERE

Thousands Went to North Toronto Station and Viewed Exhibits.

LEFT FOR WINNIPEG

Object of Exhibition Is to Encourage Factory Development in the West.

Over 10,000 persons passed thru the C. P. R. made-in-Canada train at North Toronto station yesterday. The first visitors were the Lieut.-Governor Sir John Gibson, Lady Gibson, Miss Gibson, Sir John's aide-de-camp, Mayor Hocken, Ald. Geo. Weston, Mr. and Mrs. T. A. Russell, W. K. George, Miss Jean George, Robert Hobson of Hamilton, and R. S. Gourlay, president of the Canadian Manufacturers' Association, who expressed appreciation with the enterprise and the variety of exhibits displayed.

The train consisting of one of the largest six driving wheel express locomotives, No. 2066, ten baggage cars, two sleepers and a dining car, is a brand new one and was made at the Angus Works, Montreal. The sleepers and dining car are magnificently upholstered and fitted up with electric light and all passenger conveniences.

Two Engines Needed. The train is longer than the one on exhibition last year, and in some places on its tour to the west it will require two engines. There are 35 persons traveling with it, including the train staff and those who have charge of the various exhibits.

Five of the cars are filled with factory products from Toronto and district, four from Montreal and the east, and one from Winnipeg. There is plenty of variety in the exhibits—corsets, biscuits, cameras, jute, cotton goods, hosiery, boots, rifles, cigars, paints, nets, tyres, cash registers, soda fountain supplies, hats and gollars, furniture, carpets, linoleums, pianos, eyeglasses, baking powder, stoves, beds, soaps, canned goods, flour, lithographic work, harness, telephones, electric lamps, photographic display, etc.

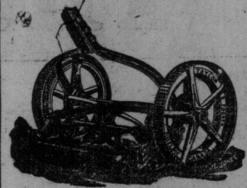

One of the special features of the exhibition was the Ontario Government's display of farm products in this province, and there were some very fine specimens of apples, including Ben Davis and Cranberry Pippin, and various dairy products.

This exhibit is designed to advertise Ontario in the west, and also demonstrate the possibilities of mixed farming—something which the west does not at present realize.

Moving Pictures, Too. Moving pictures depicting the various phases of manufacture of different commodities from the raw material to the finished stages were shown at the North Toronto station at 5 o'clock last night, also pictures of the various stages of the farming industry.

The object of the exhibition is to encourage factory development throughout Canada, particularly in the western provinces, so as to promote Canadian manufactures.

The train left about midnight for Sudbury, the first stopping place on the route to Edmonton, and it will cover all the tracks over the transcon-

Lawn mower season. There are two seasons in Canada. During one season you require a lawn mower and during the other you require a snow shovel. A snow shovel is a cheap affair—scarcely worth keeping over from one winter to the other. But it is not economy to buy a lawn mower that will do for one season only. Any kind of a lawn mower costs too much to be thrown aside carelessly. Why not add a fraction to the cost and make it a Taylor-Forbes lawn mower that will be good for season after season?

"ADANAC" "WOODYATT" "EMPRESS"

Taylor-Forbes lawn mowers are made in a variety of designs, these three named being the best known.

If your own Hardware Dealer does not have a Taylor-Forbes lawn mower of the size you want and at the price you want to pay, try some other dealer.

Nearly every dealer keeps them. Remember the name. Taylor-Forbes.

MEDICAL INSPECTION IN ONTARIO SCHOOLS

Province Likely to Follow Lead of British Columbia.

"Ontario will have a provincial medical inspection department for the public and separate schools within two years," said a prominent citizen to The World yesterday. "British Columbia has one already and the splendid results achieved in the Toronto schools will soon lead to the establishment of a provincial system here. Leading men in both the political parties cognize its importance."

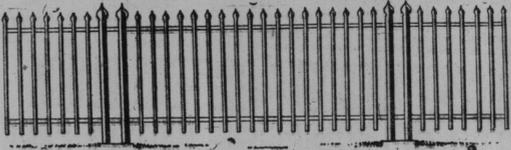

OUTLINE PROGRAM FOR EMPIRE DAY

Empire Day will be celebrated by the public schools next Friday. Patriotic songs and recitations will be rendered in the morning at the school. The cadet and flower companies will rendezvous at the Armouries at 1 o'clock. They will march to Queen's Park at 1.30. The procession will be reviewed by Sir John Gibson, Sir James Whitney, Col. Hon. Sam Hughes and Gen. Lessard.

Britannia and Borden, Monday. MAY PROTEST TO SIR JAMES.

KINGSTON, May 16.—(Special.)—Declaring that workmen are taking too big risks every day, the Trades and Labor Council has asked the city council to appoint a building inspector. This is the second time the council has asked for such appointment, but

The World has secured a convenient safe and reliable cigar and pipe lighter which has only to be seen demonstrated to be appreciated. The lighter eliminates the danger of carrying matches and is ready for instant use, and is as reliable on a windy street as inside a building. It is the companion of the gas and range lighters and can be utilized for that purpose, so that the smoker will find it unnecessary to grope for a match, as his cigar lighter will be always available to locate the best hole and light the gas. It consists of handsome nickel twin tubes in size to fit in the vest pocket. A safe pocket lighter and does not get out of order. It requires but little attention and will always be ready. This lighter can be secured on The World's popular coupon plan, for six consecutively dated coupons clipped from The Daily World and 59 cents. The first distribution will take place to-day at the World office, 40 West Richmond street, Toronto, or 15 East Main street, Hamilton. As a cigar lighter it is good any place. For gas lighting it will only ignite manufactured gas.

AFTER FEDERAL GRANT.

To get the interest of the minister of agriculture in the National Winter Fat Stock Show, Mayor Hocken and Controller Church will go to Ottawa next Tuesday night for a conference.

A federal grant may be obtained, but what is especially desirable from the government is the fullest possible exhibit from the experimental farm at Ottawa. In a short time the organization for the fair will be completed. The building of an arena for exhibiting stock for prize awards is now under consideration.

The Tire Which Never Did Rim-cut and Gives You Greatest Air Capacity

Dunlop Traction Tread Straight Side

Most Envied Tire in all America

- Here's a tire that cannot be duplicated in Canada.
- It's made in the only successful way to make an anti-skid—by building the skid-resisting tread into the tire instead of sticking it on.
- All other made-in-Canada anti-skid tires except Dunlop Traction Tread have stuck-on treads. That's why the tread loosens.

- Loosening of the tread means the coming apart of the tire, which, of course, spells ruin.
- And besides that exclusive Dunlop Traction Tread feature you get these other exclusive features—largest air-capacity tire made in Canada, and absolutely the one tire which never did rim-cut.

The Dunlop line consists of Tires for Automobile, Motor Truck, Motorcycle, Bicycle and Carriage, Rubber Belting, Packing, Hose, Heels, Mats, Tiling, and General Rubber Specialties.

The Solar Plexus a Great Nerve Centre

With the single exception of the brain itself, the solar plexus is the most important nerve centre in the human body.

Situated just back of the stomach and close to the spinal cord, the solar plexus supplies the motor nerves to the vital organs. Injury to or weakness of the solar plexus consequently means incapacity of the vital organs of the body. This explains why a blow which reaches the solar plexus means helplessness to the person receiving it.

These nerve centres all demand an enormous quantity of good, rich blood, and, failing to get this, the nerve cells are starved and depleted, and fail to supply vital energy to the digestive and eliminating organs.

The wonderful success of Dr. Chase's Nerve Food in revitalizing and reconstructing the broken-down nervous system is due to the fact that it supplies nutrition to nerve cells through the medium of the blood stream.

Weakness of the stomach, failure of the liver and kidneys to filter the blood, inactivity of the bowels and feelings of fatigue and discouragement usually arise from an exhausted condition of the nervous system. The nerve centres, such as the solar plexus, have not the nerve force to work the machinery of the body.

The most natural treatment imaginable is Dr. Chase's Nerve Food, and its benefits are lasting, because it actually rebuilds the wasted and broken-down nerve cells.

It's always good weather with an Electric Delivery

A midsummer's day—sun's blinding glare on the hot, hard pavements—a horse overcome by the intense heat. Another accident added to the day's casualties.

You know the inevitable results—deliveries demoralized; men and teams idle; customers complaining, and veterinary fees in addition to the usual delivery expenses.

An Electric Vehicle is always in commission. Heat cannot affect it, nor cold. It does not have to rest one day in five,

like a hard-worked horse. An Electric consumes power only when in operation. Therefore, it is economical for a delivery service which requires frequent stops. An Electric is dependable absolutely. There is no danger of sickness or death. Its service is unailing.

Wouldn't you like to know more about this new system of delivery? One of our vehicle experts will be glad to supply you with interesting facts and figures. Call for him to-day. He's at your disposal without charge or obligation.

Homesites for the Workers Convenient -- Healthy -- Low Priced

Here is a home-building property of light restrictions that will appeal to all those seeking a site for their new homes—convenient to work—high and healthy in location—away from the smoke and dirt—and yet within walking distance of twenty-eight of Toronto's largest factories.

This is your opportunity to buy a homesite at an exceptional price. If you are a rent payer, make your start now towards owning your home. Get your lot. The money you have spent in rent would have bought your home. If you can afford to pay rent you can afford to buy.

Beechborough Grange

Situated almost at the intersection of two of Toronto's main thoroughfares—Keele street and Eglinton avenue—only a few minutes' walk from two projected car lines—the Woodbridge and Forest Hill lines—this property is in direct line of Toronto's steady and rapid growth westward, and should, therefore, show a substantial increase in price each year.

Lots Only \$10 Per Foot—\$1 Foot Cash

For a limited period only, a part of this property will be sold at the exceptionally low price of \$10.00 per foot, with a cash payment of only \$1.00 per foot. This price is as low, or lower, than the wholesale or bulk price of the surrounding land, and is very low considering the situation of the property and its proximity to one of the city's busiest sections.

Our Motors Will Meet the Cars Saturday Afternoon

Take the Dundas car to the junction of the Weston road with Dundas street—which is at the C.P.R. station of West Toronto. Our autos will meet you there and drive you to the property. This service will not obligate you in any way. Beechborough Grange must be seen to be appreciated.

NEWS OF WESTERN ONTARIO

GALT TO EXTEND WATER SYSTEM

Bylaw Will Be Submitted to Ratepayers to Provide Needed Facilities.

GALT, May 16.—(Special.)—Galt water commission announce today they will require \$70,000 this year for extension and improvement of service. The council will be asked to submit a by-law to the taxpayers to authorize debentures for amount needed. The town has grown remarkably within the past two years, and a hundred applications are in for water. Besides a new 18-inch trunk main thru the heart of the town has become necessary as well for the fire protection demanded by the underwriters, so to furnish an adequate domestic supply. Notwithstanding the large expenditure, this civic-owned utility yields a surplus yearly and allows a reduction of rates from time to time.

HYDRO CONVERTS GALT'S EX-MAYOR

Record of Two Years Makes Friends of Former Foes.

GALT, May 16.—(Special.)—The Galt hydro electric system, just two years old today, serves 910 houses, 225 business places and 50 factories, independent of seventeen miles street lighting. When the hydro electric campaign was on this town was one of the hardest to get into line, then the mayor in his opposition to the new system declining to sign and complete the civic agreement with commission. Today Ex-Mayor Patterson says he wonders what made him knock so fiercely "such a great and good thing."

NEW REGULATIONS FOR "MOVIE" SHOWS

Provincial Government Will Make New Laws Governing the Theatres.

LICENSE THE BOOTHS

Operators Also Will Be Required to Be More Competent.

The provincial government purposes keeping a tighter hold upon moving picture theatres in future. So rapid has been the growth of this form of amusement throughout municipalities both large and small in Ontario, that in spite of the restrictions already in force, carelessness in the operation of machines has frequently resulted and danger from panic ensued. In view of this it is understood that drastic changes in the manner of regulation are under consideration. These include the doubling of fees in some instances, and the gradation of all on a basis of the population served. Thus the city booth will in all likelihood pay considerably more for the privilege than that of the town or village. In addition the license will be imposed on the booth not on the machine, as at present. This will work directly to the minimizing of fire danger by encouraging the installation of more than one machine. It is well recognized that after a half hour's use any machine should be allowed to cool, and yet with the present tax of \$75 on each the small proprietor feels unable to instal more than one.

Hereafter operators will be required to undergo a more stringent examination, and to show a thoro knowledge of the wiring and electric fixture necessary. It is possible that those entering this calling in the cities will be examined in Toronto, and those in counties by means of demonstration meetings in leading towns or at work in the booths. Already the examination has been undergoing strengthening, and 190 applicants have attained a sufficient standing. Other changes such as the arrangement of aisle space on the seating accommodation of the auditoriums and the clearing of approaches and exits are also planned. These latter, however, will not conflict with the regulations now enforced by municipal councils or bylaws.

LIFE CRUSHED OUT BY PONDEROUS CRANE

Alfred Alsop Met Terrible Death at Sarnia Bridge Works.

SARNIA, May 16.—(Special.)—The Sarnia Bridge Works was the scene of an accident shortly after noon today, in which one of the employees was instantly killed. The men were lifting a heavy weight with a large crane, when one of the top castings broke and allowed the whole apparatus to fall to the ground. Alfred Alsop, a young man, was caught before he had time to escape. The heavy timbers of the crane fell across his body, crushing out his life. The man had been at the works about one week and had previously been a sailor. An inquest will be held.

HON. W. H. HEARST AT BELLEVILLE.

BELLEVILLE, May 16.—(Special.)—Under the auspices of the Canadian Club of this city, Hon. W. H. This afternoon the gates of Scarboro Beach Park will be thrown open for the season. Visitors to the park today will find many new features, as well as the best of the attractions of last year. One of the most interesting promises to be Gill's Midway Show, which consists of a fine collection of wild animals, among them a crocodile that has puzzled the naturalists of the American cities where it has been shown, and has been called the Great Whaitait. The Last Days of Pompeii are shown in a great canvas painted by the Great Eastern Scene Painting Company which gives a vivid representation of what took place in the memorable eruption of Vesuvius. The electroscopie this year will be devoted to what are called feature films, or picture shows that have made unusual successes. A novelty will be the picture shows that will be run as part of the free vaudeville performance on the stage. The usage, by the way, has been moved over near the bandstand and visitors to the park will not need to leave their seats after listening to the band concert in order to see the performance. In the regular vaudeville, building on the north walk, the comedy "SchoolDays" will be presented. There are a number of new games in the park this year, and with the standard games and the Scarboro Inn maintaining their reputation, it would appear that the park will have its most popular season. On Monday it is expected that Kennedy's Great Indian Congress will arrive for a week's stay, en route to the exposition at Knoxville, Tenn. This will be the only time the show will appear in Canada, and it ought to be an unusually interesting feature.

Aunt Sally's Advice To Beauty Seekers

Lydias says: "I've tried most everything for my freckles, but can't lose them. What do you suggest?" See answer to "Stella." The treatment suggested I've never known to fail in any case of freckles or other cutaneous blemish. P. J. K. asks: "Is there anything better than massage to remove wrinkles?" Too much massage may aggravate a wrinkled condition, tending to soften and loosen the tissue. The best advice is to use cold cream, washing it off mornings. This will cause the offensive cuticle gradually to make way, by a process of gentle abrasion, for the clear, velvety, healthy skin underneath.—Woman's Realm.

The Daily Hint From Paris

WHITE LINEN AND LACE. Plain linen and bands of ebony lace make this charming frock. The closing is made at one side of the lace band in front and a grille of orange satin is tied about the figure. At the throat is a knot of black velvet finished with orange satin balls; extra finesse is given to the skirt by the pleated inserts at the front and back.

WINDOW BOXES FOR OUTSIDE PURPOSES

The whole subject of window boxes was gone into so very thoroughly during one complete week, commencing March 24, that I do not feel justified in taking up other people's time over the subject again, just now. However, some more questions are clamoring for answers, some of which will be given below: Mrs. Mary J. Spadina avenue—The best, and by far the cheapest, way to get a thoroughly good stock of old-fashioned perennials, is to purchase good seed from a well-known and reliable seedsmen. You will not need to send out of this city for such. True, there are some most extraordinarily bewitching catalogs, sent in from over the border line. But these need not concern us at all. We have reliable firms here in town, from whom all necessary seeds may be bought. To buy from American firms means a more or less stiff duty on all goods sent here, which will bring up the cost of your proposed border of perennials in a most surprising manner. Of course, good, strong, two-year roots may be bought, but each root will cost in the neighborhood of at least 25 cents. See how much a dozen or so will cost. Of course, there are some roots, such as peonies, English larkspur, and which you will be forced to buy by the root, as the raising of them by seed is out of the question. Foxgloves, hollyhocks, phlox, Canterbury bells, sweet williams, all the different members of the pink family, and many others, should be raised from seed, which will give a fine range of form coloring and different family characteristics, to be desired. Sow your seeds now, and cultivate them constantly through this season, transplanting and dividing wherever you see fit, well before the first of June. Late in August remove them to their permanent beds, where they will have time to become well rooted before the first of September. Next spring you will have plenty of bloom, color, and perfume. After the second season, your stock will seed itself down. To give you an instance, I sowed last spring, three packages of sweet william seeds. By June they were sending up plenty of secondary shoots from the base of the main root. Every one of these I removed and planted; they have all grown—at least 90 per cent. of them—and now I find myself with so many roots I simply cannot find the space for them. As soon as they bloom, I will know which ones to keep, and which to throw away. This, just to show how easy it is to raise your own plants. The same thing has happened with regard to foxglove. So many great fat, husky plants, that scores of them will have to be discarded.

Barley Gruel—Blend two tablespoonfuls of barley flour with a little cold milk, and stir into one quart of scalded milk. Cook in double boiler two hours. Add a little salt and sugar. Strain.

Arrowroot Gruel—A valuable food in diarrhoea. Mix two tablespoonfuls of arrowroot, one teaspoonful of sugar, a little salt, with two tablespoonfuls of cold water. Add one cupful of boiling water, stirring constantly. Cook for twenty minutes; then add two cupfuls of scalded milk, and bring once more to the boiling-point. Strain.

Beef Juice—Chop and broil slightly lean meat from the round. Squeeze by means of small hand-press or lemon-squeezer into a warm cup. Salt and serve immediately. One pound of round steak usually yields from two to three ounces of juice.

Beef Tea—Cut in small pieces one pound of round steak from which all fat has been removed; cover with one pint of cold water; let soak one-half hour; put into a preserve-jar, and cover closely. The jar is placed in another vessel containing cold water. Heat this slowly, never letting it acquire a temperature of more than 150 deg. F. Cook for two or three hours, strain and season.

Scraped Beef—With a sharp knife scrape all the tender, pulpy part from a piece of round or sirloin steak three-

fourths of an inch thick. Season the pulp as desired. If for a child, salt, but no pepper, should be used. Make into small flat cakes, and broil for two or three minutes. This preparation of meat is the safest to give young children just departing from the strict milk diet.

Beef-Essence (Teo)—Cut the lean of beef into small pieces, and place them in a wide-mouthed bottle, securely corked, and allow to stand for several hours in a vessel of boiling water. This may be given in teaspoonful doses to infants who temporarily cannot take milk.

Mutton and Chicken Broths (Oser)—Mince a pound of either chicken or mutton freed from fat. Put into a pint of cold water, and let stand in a cold jar on ice for two or three hours; then cook three hours over a slow fire. Strain, cool, skim off fat, add salt, and serve hot or cold.

Chicken Jelly—Clean a fowl that is about a year old. Remove skin and fat. Finely chop bones and flesh. Place in pan with two quarts of water; heat slowly; skim thoroughly; simmer five to six hours; add salt; strain; cool; when cool, skim off the fat.

Help welcome Premier Borden Monday. PALESTINE IN TORONTO. Proves a Tremendous Success. Crowds are pouring into the transportation building every day, both afternoon and evening, to see and then to decide to come again to study this fascinating and elaborate exhibition. Nothing in Toronto's history in the amusement line has appeared as done by completely to the people as not only of intense interest, but as so full of instruction in both Bible lore, the customs of Palestine and the primitive manufacturing methods of both the past and the present. When one can see in operation weaving as done by the great apostle, St. Paul, pottery manufactured, unleavened bread baked, etc., not to speak of having experts teach in their own line explain and illustrate with perfect models the wonders of the far east, the great architectural and scenic beauties of the Holy Land, including the tabernacle, Herod's Temple, the castle of Pontius Pilate and of King Herod, many of the modern opening and disclosing the remarkable interiors, and then be carried to Nazareth, Bethany and the Sea of Galilee, Mount Carmel, Damascus, the River Jordan and to mountains,

GOOPS By GELETT BURGESS Rebecca Loomis A dozen times a night, I think, Rebecca Loomis wants a drink! And just as soon as lights are out, Rebecca Loomis starts to shout: "I want a drink of water, please!" What can you do with Goops like these? Don't Be A Goop! rivers, seas and lakes, all familiar to us by name. This visit to "Palestine in Toronto" proves to be something no man, woman or child should miss. The Rev. Samuel Schor has without a doubt produced a masterpiece in his presentation of the mysterious and ever magnetic feature of "Canaan and the Land of Our Lord." Rule Britannia. Rah for Borden!

New York May 16, 1913. My Dear Toronto friends: In reviewing the New York musical and dramatic season there are half a dozen artists who stand out in my memory as beautiful oases in a desert of mediocrity. (What a beautiful simile—or is it a metaphor?) Among the past—I wonder how she would like being compared to a shiny gold coin?—is Julia Culp, the Dutch Liedersinger, whose tour from coast to coast has been a triumph for the artist and for American appreciation of perfect art. Perhaps you think that America has proved many times over her artistic appreciation, but alas the pathetic fact is that in this country, the spectacular is often confused with the artistic. A voice of unusual range and no particular musicianship—like Clara Butt's wonderful and atrociously buffed organ—a long-haired and freakishly emotional instrumentalist, or an actress who weeps "real tears," and emotes inhumanly upon the slightest provocation—to say nothing of the "cabaret" of grade, brazenly art—has very often been hailed as artists great and glorious as those who have used their God-given gifts ideally.

But, to return to my subject: she is mistress of the highest and most ideal in art—of technique that makes one forget that there is such a thing as vocal training. Julia Culp sings "Lullaby" and she is all motherhood. She spins out the gentle song to the sweet silver breeze and you sit mute and still—that all babyhood dream. And then she sings another song—perhaps Schubert's "Nugeduld," and the song is a question of impetuous love rings thru the hall and strikes a vibrant chord in the heart of each hearer, old or young, understanding, vaguely reminiscent or soul-stirring, and—

Oh, exclamation! I was having such a grand time reminiscing away over the most glorious voice in the world and a street organ has just begun "Everybody's Doing It," under my open window, and driving the glorious voice to the ends of the earth—or out to California, where it is now delighting and overjoying the entire land of sunshine and flowers.

The musicianship and artistry of Norman Wilks, the English (note English) pianist, was a joy to the soul. He plays Classical, romantic, or modern composers, his interpretations bespeak the keenest appreciation of the varying moods of the composer's inspired soul. Oh, the English boy is a musician! In criticizing his recital for my paper I couldn't bring myself back to earth to praise his technique. Oh, the English that one forgot it. I thumped out on my prosaic old typewriter "The Chopin" of Norman Wilks, and the tears and laughter—not the emotions of mere humans, but the joys and sorrows of fauns and fairies, and the words said, "What a delight you are, you are probably saying now; but the next day, the young musician came to the office to thank the crazy critic who," he said, shyly, "really understood."

And then there is Madam Challa, who I have seen before, and Doris Keane—who first I tell you as Rosalia Challa, dear little lady of operatic fame, possessed of as many varying moods as the earth, sky, and sea, and all expressed in the pouring forth of her wonderful voice, and Bernardina (my word) histrionism. Mme. Challa's recital of the English songs, given a couple of weeks ago in the grand ball room of the Plaza, was, without exception, the most fascinating entertainment of the New York season. Mme. Rosalia had appropriate and beautiful stage scenery and costumes for the various songs, and her wonderful dramatic rendering of "em made one realize how cold-bloodedly conventional and affectedly emotional is the Anglo-Saxon, and how gloriously unaffectedly emotional and humanly alive (I love adjectives), is the human with the blood of the sunny south coursing in his (or her) veins!

My English escort, commonly called "Jerry," remarked mildly in response to my "Jerry" is not his real name. "Oh, yes, quite jolly decent, dear old thing—and aren't you jolly glad we understand Spanish?" I slew him with a look. He replied however to remark feebly a little later: "Who's the Spanish onion in that box? The old dear appears to be trying to bow to you."

One of those days "Jerry" will kill himself with his funny, funny jokes. By-the-way "Jerry" is not his real name. We call him trustily short for "Jerusalem-the-Golden"—his blonde hair I understand.

charming rendering of comic opera selections, in a vivid memory of the fascinatingly-ugly conductor who appears always to be conducting the orchestra with his large and expressive nose!

Churchill's Cabaret is one of the finest in New York. There are glorious voices among the soloists and the character dancers and the singers are excellent. One woman, however, sang in a sweet soprano voice, which she changed at appropriate intervals to an uncertain baritone quality! Oh, how I wish a freak voice would as soon gaze upon a two-headed calf or "fat-test woman" as listen to a human voice that has been degenerated into spectacular noise to tickle the fancy of a public of immature intellect.

Women and the Drama. The Women's National Theatre, of which I spoke in my last letter, will be working with the churches five years hence, as the greatest influence for physical, mental and spiritual morality in each and every community.

I will try to tell you a little of what I know of the Women's National Theatre and why the National Theatre is of social influence, and the woman's social worker, Janet Beecher, who, as you probably know, created the leading role in "The Concert." Miss Beecher says: "Since three-fourths of the audience at all theatrical performances are women; since women are actresses, playwrights, producers, theatrical agents, play brokers, theatre managers and dramatic critics; since the theatre is the most important institution of social influence, and the woman's movement the most important social expression in the United States today; and since the civic problem: 'How occupy profitably and pleasantly the leisure of the people of the future of the most serious problems of the time, this company is formed by women to organize and operate theatrical companies, produce and manage their own plays, to give to the awakened desire of the public, at a minimum scale of prices at night and daily performances, of the theatre as a means of American life thru the most human art—drama—of the church and schools, that the stage may, thru its far-reaching power, become a co-worker for good in civic life and education. To encourage and stimulate the American actor, actress and playwright. To open a training school for the development of theatre artists. To profit by the example of European countries endeavoring to implant a love and understanding of the theatre in the hearts of the people, by giving a matinee monthly, free of charge, to school children unable otherwise to avail themselves of this educational advantage."

I wonder if you know how the kindergarten was brought to this continent? A much-traveled Boston lady of large means suggested to the city corporation of Boston that the German kindergarten be tried as an experiment in the public schools of that city. The city fathers replied that it was unwise to expect the public to pay (thru taxation) for experiments. They dropped the question with what they thought a discouragingly dull and hollow thud. But the woman was not only public spirited—she was rich! At her own expense she brought teachers from Germany and paid, for six weeks, the expenses of a kindergarten and training school for teachers. Then the city undertook to carry on her work, and in a very short time the kindergarten became a most important

STRENGTH FOR WEAK STOMACH Can Only Be Had Through Rich Red Blood.

When the blood is poor and thin and the stomach in consequence is imperfectly supplied with oxidized blood and nerve force, the digestive process becomes slow, and fermentation of the food is slow, with the formation of gas and certain acids. The pressure of the gas causes pain in the stomach; sometimes it affects the heart. When the gas is belched out through the mouth the patient is temporarily relieved, the sour risings in the throat, and the burning sensations in the throat and stomach are caused by the acid fermentations. There are plenty of things to neutralize these acids, or to "sweeten the stomach," as it is called, but they do not cure the trouble. Pure, rich blood, which will tone up the stomach and enable it to do the work nature intended it to do, is the only road to a cure. Dr. Williams' Pink Pills make new, rich, red blood—that is why they cure even the most obstinate cases of indigestion. The following is a bit of proof. Miss Annie Greene, of Hall's Bridge, Ont., says: "About a year ago I was greatly troubled with my stomach. Everything I ate caused me pain and distress, and I could not eat though I was starved, but when meal time came the sight of food caused a feeling of loathing. There were days when I could not even get a morsel into my stomach, and my head would ache so that I could hardly keep from screaming. Only those who know the torture I suffered. I tried almost every remedy recommended, but found not the least benefit until I began taking Dr. Williams' Pink Pills. These I used for a couple of months, and they worked a perfect cure, and I am again enjoying good health, and able to eat freely all kinds of food."

factor in the education of young America. Well, my friends, that is how the women are going to make possible a national theatre: they will demonstrate to the tax payers of each town and city that an educative theatre will repay their investment in innumerable ways. Then, any municipality in which the Women's National Theatre, Inc., has operated a theatre for a period of five years, may acquire that theatre as a municipal property by reimbursing the corporation to the extent of its local investment, plus interest.

The theatre, as an institution, you know, is as broad as literature itself, and since it deals with every relation in life, is as essentially educational as literature. The purpose of the theatre is to give to the awakened desire of the public the highest, truest interpretation of life thru the medium of the most human, and therefore, far-reaching, of all arts—the stage—to meet the desire of the church that it may become a co-worker in all education.

And now you are questioning why women are dissatisfied with American theatres as they are. If you think of them seriously, you will realize that the entire evolution of the theatre in this country and in Canada has been along business lines, and its influence as a vital and civic power for the good of the people has been of little consideration. Plays have been produced with a direct appeal to the prejudices and emotions of the people and there has been practically no primal purpose to make the theatre a worthy expression of life.

Gourlay Tone—A Revelation

The marvellous rich tone that pours forth from the Gourlay with bell-like sweetness has proved it a musical revelation in modern piano construction. The production of Gourlay tone is the result of scientific knowledge on the part of expert artists in every department. The co-operative attention to every smallest detail by students of tone-production who work with only the finest materials procurable, has developed a high-grade piano with long life, great power of resistance, and a clear, mellow singing tone.

The degree of perfection to which science has brought the

Gourlay Piano

the success in producing that ideal tone—places it in the front rank of the world's famous pianos. The performer on the Gourlay feels the inspiring influence of a masterpiece. It lends itself to varying temperaments of different players with a remarkable responsiveness and sympathetic softness that charms.

This wonderful tone-control is of prime importance in the purchase of a piano. It is the basis of Gourlay popularity among enthusiastic friends.

We cordially invite you to our Art Rooms to investigate for yourself the wonderful possibilities of the instrument that has established a modern revelation in tonal beauty—the Gourlay.

TAXATION AND MISREPRESENTATION

The Telegram keeps up its campaign of misrepresentation of the city tax bills. If The Star or The Globe acted in a similar way The Telegram would denounce them as liars, knaves, traitors, villains and such other species of rascals as a fluent Billingsgate vocabulary might suggest.

"Remember the 1913 City Council is building up the tax bills," is The Telegram caption. Then it gives photographs of seven houses, and makes statements about their increased taxation. The first is headed, "45 more from Pape avenue house."

Underneath it is stated, "This six-roomed house at 219 Pape avenue paid \$24 in taxes last year. It will have to pay \$27 this year. Last year it was assessed at \$1291, and the tax rate was 18 1-2 mills. This year it is assessed at \$1432 and the tax rate is 19 1-2 mills."

When the tax-payer at 219 gets his tax bill he will find The Telegram has been deceiving him, and using the deception to "knock" Mayor Hocken. One mill of the extra taxes is due to Mayor Geary, Controller Foster and Controller Church having practised for three years past the method of never paying today what you can put off till tomorrow.

But for this there would have been no increase in the tax rate on No. 219 except what was due to increased assessment. The Telegram repeats this dose seven times, and does it nightly. It will soon come to believe the story it tells, and next winter we will be hearing how Mayor Hocken raised the tax rate in spite of Controllers Foster and Church.

Everyone who has followed the city hall news knows that Mayor Hocken has kept the tax rate down to its ordinary level, and that the extra mill is due to the left over debts of the Geary - Foster - Church combination. There is not an item in the estimates The Telegram would dare to challenge.

AUSTRALIA'S PARCEL POST

With over two million less of population Australia's sales of postage stamps, postcards and other postal facilities totaled \$10,187,857, as compared with Canadian sales of \$11,995,354. The mails in the Commonwealth must therefore be used to a much larger extent proportionally than in the premier Dominion. This is only one of many indications showing the effect of the divergent policies pursued by these British self-governing states.

In Australia all public services are publicly owned and operated, as are many of the municipal franchises. This has made the public benefit the main consideration and by withdrawing the element of private profit has concentrated effort on efficiency.

Even before confederation in 1901 each of the states of the Commonwealth had a parcel post system. These have now been consolidated and extended to cover the whole Commonwealth. As the railroads are state-owned, no subsidiary express companies could be organized for the purpose of still further bleeding the public and concealing the value of that profitable source of revenue.

In 1911 the Commonwealth postoffice handled 3,287,738 parcels for ordinary government express delivery, an increase of 251,431 parcels over the number carried in the previous year, and the revenue derived was \$985,718. In addition there is a cash on delivery system, under which the postoffice collects the price and remits it by money order at a small commission.

On this continent the controversy between the supporters of public and private ownership has been largely conducted on an argumentative basis. Future years will show whether Canada or her sister states of the southern continent have best studied the interest of the common people. Certainly the statesmen of Australia and New Zealand have no doubt about which policy promises the most in the ultimate development of the community. It was not without significance the other day that Mr. Farrell, president of the United States Steel Corporation, mentioned Australia as a possible competitor on more than equal terms with home manufacturers.

Now that the trade agreement has been ratified, it is to be hoped that increasing exchange of trade will result in an improved service. The desirability of an improvement has not escaped the notice of the Dominion Government, which last year invited tenders with that object. Owing to exceptional prosperity of the shipping business the response was unsatisfactory. An arrangement has now been made with Messrs. Pickford & Black for one year and two new steamers will serve such of the West Indian Islands as are included in the trade agreement. This apparently will exclude Jamaica, the principal British possession in that quarter. What is really needed is a regular and fast service, covering all the chief points in these islands, which are yearly becoming more important for trade purposes and as holiday resorts.

THE PURPOSE OF LIFE. A highly distinguished visitor, not in the conventional sense, is at present making notes of the character and prospects of Toronto in the person of Mr. J. M. Dent, the publisher, who has done so much in the last few years by the publication of "Everyman's Library" to supply good books to the million for next to nothing.

Mr. Dent was the guest of the Toronto Press Club on Thursday night, and he spoke a few earnest words as the result of his observations during three weeks in the United States. It was obvious from his reticence as well as his speech that he felt something was wanting in the standards of America.

There was a finer moral purpose in England, he intimated, than he had found on this side of the ocean. "The hope and the strength of us has gone out to you," he remarked, and he looked for some effect from the addition of such stamina from Great Britain. The great aim here was success, but what was success? Was it for freedom they were working, or merely for a new aristocracy of force or of brain power, to make another slavery? Wordsworth had spoken of books as substantial things, fundamental in their nature. His life had been governed by that idea. In one of the books he carried with him, the "Religio Medici," he read that life was but a troubled dream. In the great future was there another future for man's soul? His library had been an obsession with him, perhaps, but the Germans and the French, and even the Italians had much cheaper standard works than the English had. He had sought to remedy this want. He had come to Canada to find out what they needed, and the books best adapted to advance the country. He hoped they would in Canada realize the purpose of life better than in the United States.

In reply to an enquiry we may say that we did not quote "William Shakespeare" yesterday, but "Wm. Shakespeare." The "Wm." did not appear to the compositor, and so the point of the paragraph was lost.

LUCK.

LUCK. Luck means rising bright and early ere the lusty chancicleer starts his daily hurly-burly ringing on our drowsy ear; luck means always up and doing every moment in the day; luck means stern and hard pursuing of the duties upon our way; luck means quick and sure forgetting of the things which matter not, of whatever starts us fretting till we get our collars hot; luck means everlasting bumping over every kind of mile; luck means taking every thump with a glad-to-meet-you smile; luck means lots of perspiration; luck means many a weary climb; luck means being at the station just a bit ahead of time; luck means hitching in our wagons up to motive forces high; luck means shunning flasks and flagons, keeping thus our powder dry; luck means never leaving matches where we drop them on the stairs; luck means shoes setting heels on the rug; luck means dodging easy chairs; luck means owning half a city ere it's on the railroad map; luck means shunning all self-lubricating wheels; luck means watching what's before us as we journey down the street, harkening to no knockers' chorus which upon the roads we meet; luck means working like the dickens setting hens on first-class eggs, never counting up the chickens till we see them on their legs; luck means trying every innings for a smashing home-run hit, and if we are struck out, grinning till the hoodoos farther hit.

MADE A NEW MAN OF LUKE BENOIT

Another Splendid Cure by Dodd's Kidney Pills.

Newfoundland Man Tells How He Found Quick Relief and Permanent Cure After Two Years' Suffering. STEPHENVILLE, Nfld., May 16.—(Special)—Loud in his praises of Dodd's Kidney Pills is Mr. Luke Benoit, a well-known and highly respected resident of this place. And there's a reason. For two years he suffered from the pains and aches of kidney disease, today he is a new man, and six boxes of Dodd's Kidney Pills effected the transformation. "I cannot praise Dodd's Kidney Pills too highly," Mr. Benoit says in an interview. "I suffered for two years from headache and pains in my back. My sleep was broken and my appetite falling, and I thought the trouble must be in my kidneys. 'I sent to Thomas McMurdo, St. John's, Nfld., for six boxes of Dodd's Kidney Pills. They helped me almost from the start, and now I am a new person. 'I recommend Dodd's Kidney Pills to all my friends if they should suffer from pains and aches as I did.' That Mr. Benoit suffered from kidney disease is shown by his symptoms. Any two of these symptoms are proof that your kidneys are diseased. For diseased kidneys there is only one cure that never fails—Dodd's Kidney Pills.

PARCEL POST IS ADVANCED A STEP Pelletier Introduces Resolution But Is Silent as to Details.

OTTAWA, May 16.—(Special).—Postmaster-General Pelletier today put through committee a resolution declaring "that it is expedient to establish a parcel post system and to provide for the appointment of two officers and supervisors at salaries of \$2800 on appointment with an annual increase to a maximum of \$3000."

Needs No Legislation. "As a matter of fact," Mr. Pelletier said, "no legislation is necessary to establish the parcel post. The postmaster-general has full authority to prescribe regulations for the carriage of fourth-class matter and the rates to be charged therefor. The bill will not disclose the regulations, which I will explain to the house, if desired on second reading."

It is generally understood that the parcel post service will open the mails to farm and factory products, as in the United States, with a weight limit of 11 pounds and a length of 72 inches.

LEE SUEY'S DEATH WAS ACCIDENTAL Jury Attach No Blame to the Driver of the Taxi-cab.

"Accidental death" was the verdict rendered by a jury, empaneled by Coroner Dr. W. J. G. Campbell, at the last night, to inquire into the circumstances surrounding the death of Lee Suey, who was knocked down by a taxi-cab on West Avenue street on Thursday night, and died in St. Michael's Hospital shortly after admission.

This verdict was returned in spite of the fact that several Chinese witnesses declared that John Mitchell, chauffeur of the taxi-cab, was driving very fast and that he did not blow his horn. Mitchell stated that he was traveling about 8 to 10 miles an hour and that he sounded his horn in the times before Lee Suey was knocked down. His evidence was uncorroborated.

THEY ARE TRULY MODERN MIRACLES

Hundreds of People tell of cases, Considered hopeless, that were cured by "Fruit-a-tives", the famous Fruit Medicine.

Your Ailment is no worse, probably, than those of many Men and Women who are now Well, Vigorous and Happy.

Is there an "if" in your mind about "Fruit-a-tives"? Do you wonder how it is possible for "Fruit-a-tives" to cure diseases so different as Eczema and Kidney Trouble—Constipation and Gall Stones—Rheumatism and Biliousness—Stomach Trouble and Hay Fever?

The answer is simple. "Fruit-a-tives" acts on the three great eliminating, or blood purifying, organs—the bowels, kidneys and skin. It is the weakness or poor action of the bowels, kidneys or skin—or of all three—that causes the diseases mentioned above.

Eczema, Pimples and other Skin Eruptions, mean poisoned blood. Make the bowels, kidneys and skin active by taking "Fruit-a-tives", and they will purify the blood, so there will be nothing to poison the skin and cause disease.

Kidney Trouble, Rheumatism, Pain in the Back, Neuralgia, mean that the skin, kidneys and bowels are not ridding the system of waste matter, and too much uric acid is being formed in the blood. Take "Fruit-a-tives" to regulate bowels and skin, and the kidneys are relieved of their extra work, with no excess of uric acid is formed.

Constipation, Biliousness, Gall Stones mean, not enough bile to move the bowels and prevent solid masses forming in the Gall Bladder. "Fruit-a-tives" is the only medicine that acts directly on the liver and stimulates the liver to secrete more bile—thus regulating the bowels and preventing stones being formed in the gall bladder.

Stomach Trouble, Chronic Indigestion and Hay Fever are all due to constipation and nervousness, which "Fruit-a-tives" cures.

The above are only a few of the many diseases promptly relieved by "Fruit-a-tives". These tablets will cure any disease and every disease caused by any disturbance, weakness or defective action of Bowels, Kidneys and Skin.

LOCAL FOOTBALL CLUBS TO PLAY

Two Pro. Teams at Exhibition Park—Amateurs in City Leagues Also Busy.

This afternoon's game at Exhibition Park between the two local pro football teams, the Torontos and the Queen Citys, will be a hummer from start to finish, and a large number of the Toronto fans will be on hand to see the kick-off at three o'clock sharp. Both teams are trained down to a fine point, and the battle has simmered down as to whether Campbell and Brownlee can stop the combination of Scott, Curran and Worell, the Queen City forwards. The arrangements will be found almost perfect. The pitch will be marked off in complete conformity with laws of the game and will be enclosed by a large cable wire, kindly loaned by the police department. The teams: Queen City—McCracken, Gillespie and Notcutt, Ogie, Wright (captain) and McGregor, Curran, Worell, Scott, Walker and Phair; reserves, Dady, Athwood and Dalziel.

Toronto—Hardy, Campbell, Brownlee (captain), Marshall, Grant, Charlesworth, Cator, Parkins, Forrest, Moffat, Rowe. Referee—Mr. Price, Hamilton.

Soccer games today: Professional—Torontos at Queen City, Exhibition Park; Ottawas at Montreal Rangers, Montreal City at Hamilton.

All Varsity players are asked to meet at Queen and Bathurst streets at two o'clock.

Owing to the inconveniences the Overseas F. C. have to contend with today, they ask all their members (and opposing players) to be on hand as early as possible, as there will be three games at Little York—Overseas Juniors v. Riverside Excelsiors, at two o'clock sharp; Little York v. Oshawa, at 3:30; Overseas Seniors v. Old Country Seniors, at 4:30.

J. J. DOLAN HONORED BY BEACH CANOE CLUB

Past Commodore Presented With Illuminated Address at Banquet For His Great Work.

At the Prince George Hotel last evening the members and officers of the Balm Beach Canoe Club tendered to their past commodore, James J. Dolan, one of the most successful banquets held in Toronto this year. Enthusiasm and fun were the outstanding features and it was the evening of genial things about himself regarding his good living efforts in furthering the advancement of the club that he had a very hard time in trying to make the members feel that he did not deserve them. In fact he failed in so much that when he was presented with a beautiful illuminated address he subsided after declaring his profound thanks. Hon. Commodore E. C. Berkshaw was in the chair, with Mr. Dave Lauder on his right, to help keep the fun at full blast. The other canoe clubs were represented by the following gentlemen: Vice-Commodore, R. T. Wilson, T.C.C.C. and Percy Scott, P.C.C. The officers of the club present were: Commodore J. Sison, T. E. Muirhead, G. S. Abbott, H. F. Lloyd, E. T. Walker, H. A. Shirard, represented the Toronto Swimming Club. The following toasts were rendered and responded to: The King, vocal response; Our Guest, Dave Lauder; Sister Club, J. Sison and H. A. Shirard; Balm Beach Club; E. F. Walker; The Ladies, A. M. Thorne and R. G. Ross; Mr. Chas. E. Bodley was the pianist while the following gentlemen rendered solos: Frank Nancekivell, Walter Edwards and Chester Meyer, cello.

D. B. A. TOURNEY SET FOR AUGUST

Officers Elected at Annual Meeting—To Make Uniform Rules.

The annual meeting of the Dominion Bowling Association was held last night at the Victoria Club, R. B. Rice, the retiring president, in the chair. It was decided to hold the annual tournament on the city laws, starting Monday, Aug. 11, at 1.30. Officers were elected as follows: Chairman, W. B. Graham; secretary, W. Philip; tourney committee, H. Munro, Dr. Dame, C. Swarney, G. S. Pearson, W. E. Orr, Sir John Willison, J. H. Mackenzie, T. Rennie, the chairman and the secretary.

A resolution was adopted instructing the chairman of the D.B.A. to communicate with the different associations in Canada, requesting them to send representatives to a meeting in Toronto on Tuesday, Aug. 12, to make uniform rules to apply to the game generally in Canada, that all subsidiary associations be under the jurisdiction of a governing body.

LACROSSE HOLDOUTS ON THE JOB TODAY

There May Be a Couple of Exceptions—Today's Practice Program.

All the holdouts that have been in the limelight for several weeks past with the exception of possibly two will be on the job today when the pros line up for practice at their respective hunting grounds.

All members of the St. Helen's junior O.A.L.A. team are requested to turn out to practice at the school grounds this afternoon at 2.30. Any new members will be practicing at Scarborough Beach, while the Indians will lumber up at Hanlan's Point.

St. Simons will practice at the Don Flats this afternoon at 2.30. Manager Tackaberry expects every player to be on hand.

Torontos and Tecumsehs will get down to real hard work this afternoon. Torontos will practice at Scarborough Beach, while the Indians will lumber up at Hanlan's Point.

Jimmie Collins and Lawson Whitehead of the Tecumsehs, who have been coaching American college teams, will be home on Monday.

Dr. Ollie Davidson of the Tecumsehs arrived in the city yesterday, and looks fit and ready to jump into the game at any time. Davidson seems determined to show the Indian management that he is as good as ever, and if he plays the way he did in 1908 the Tecumseh defence field will be much improved.

Jack Shea of Ottawa, who was on the Tecumseh reserve list of the D.L.A., has been released to Vancouver, and will likely join Con Jones' outfit next week.

Maitlands will practice at Cottingham Square, junior, intermediate and senior teams in the O.A.L.A.

St. Helen's juniors practice Saturday afternoon at Lansdowne and Dundas. All are requested to turn out to be in shape for the game in Markham on the holiday. The rumor that is going the rounds in the west end re Lansdowne juniors and St. Helen's joining hands to play under one name has no foundation, and new players turning out Saturday will be made welcome.

Rule Britannia. Rah for Borden! SCOTTIES BIG ASSOCIATION.

At a meeting held at the Granite Club last night the Dominion of Canada Lawn Bowling Association for which a charter has been applied, was formed. The new association will hold an annual tourney of its own, which it expects to be recognized as the championship of Canada. A. E. J. Blackman of the Thistle Bowling Club was appointed chairman pro tem, and P. L. Brown secretary pro tem.

Help welcome Premier Borden Monday.

Amateurs Playing League Ball Today

One game will be played today in the Beaches League, Beaches v. Riverdale. Royals having the bye, as Parkviews were given permission to play out of town.

In the Intercaucasy B.B. League yesterday the Imperial Gibraltar and Accident Insurance Co. defeated the Queen Accident by 6 to 3. The great control of Stonehouse was all that held the Imperial boys from running away with it.

All members of the W. E. Perth team are requested to go direct to Ramsden

Park for their game with Queens at 2 o'clock in place of Jesse Ketchum Park at 4 o'clock.

The following West End Y.M.C.A. players are requested to be out at Broadview Athletic field tomorrow at 2 o'clock for a game in the Y.M.C.A. League. Men wishing to make good on team must be at the opening games: Scholtes, Moriarty, McDonald, Farrell, Griffith, Singer, Tait, Bernum, Heffernan, Grills, Trompson, Wilbur, Webster, McNair, Holtz, Robertson, Sanderson.

Parkdale Canoe Club will battle with the Balmly Beach Canoe Club for the supremacy of the Aquatic League in baseball on May 24, at 9 a.m., on the Exhibition grounds. Parkdale crew will be in charge of J. Cummings, while the Beach will be coxed by R. G. Ross.

In the Northern Senior League the first game is between the Strollers, last year's Don Valley League champions, and Star trophy winners, and the Baracas, Toronto Senior League champions. Batteries for Strollers, Russell or Beecher and Reading; Baracas, Adams and Croft. The second game brings out Manager Roy Byrne's greatly strengthened St. Francis team and the Capitals. The batteries for St. Francis, Bryne and Donohue; Capitals, Stanley and Tolley or Beaune. Bill Pearson will umpire.

Park Nine will clash with St. Mary's in the first game at Dufferin Park this afternoon in the City Amateur League. The second game sees Dufferin and Wellingtons at 4.

Both Westmoreland baseball teams play at the Exhibition grounds, the Jun-

iors opening the M.Y.M.A. League with Metropolitan at 4 o'clock, while the senior boys' union team plays the Osiers at the same hour. Both teams will meet at Dovercourt Park at 2.30. The following Juniors are requested to be on hand: Herb Butt, Macdonald, Lawrence, McBridge, Gartellobb, Wilbur, Blandford, Cook, Saunders and McKeown.

The manager of the St. James team of the Central Presbyterian League wishes all players and supporters of the team to be on hand early for the game with Erinak at Ramsden Park at 3 p.m. today.

There aren't many perfectly formed feet; in this store we're more often asked to fit those that fall short of perfection. This is a special part of our rather exceptional fitting service. We are well prepared to be of use to you if you've had difficulties getting comfortable shoes; if you have any of the following conditions to consider:

- LOW INSTEPS, ENLARGED JOINTS,
- HIGH INSTEPS, BROAD TOES,
- "BROKEN DOWN" ARCHES.

We've special shoes for all such feet; and plenty of styles that have extra-broad, comfortable toes, high and medium toes, and the London Recede Toe.

Our stock of Low Shoes is complete. You can get just the style you like this Summer if you'll buy a pair of our new Brockton models at FOUR DOLLARS.

Batted Gregg Hard Athletics Winners

CLEVELAND, May 16.—Battling Gregg hard, Philadelphia overcame Cleveland's early lead and won today's game by 8 to 5. Brown was then out of the first. After Philadelphia had taken the lead they scored two runs in the seventh. Mitchell then replaced Gregg and allowed but one hit thereafter. In the seventh Cleveland filled the bases with none out, but all the runners were caught off the bases by a triple play, in which most of the Philadelphia team participated. Score:

Toney Easy For League Leaders

PHILADELPHIA, May 16.—Toney's delivery was easy for Philadelphia today, and the home team defeated Chicago, 10 to 4. Rixey puzzled the visitors until play was resumed, after a ten-minute intermission caused by rain at the start of the eighth inning. Evers was spiked in the fifth inning by Knabe, and his place was taken by Phelan, who in three times at bat made a home run, a triple and a single. Paskert was put off the field for disputing a decision at first base by Umpire Byron. The score:

Chicago		A. B. R. H. O. A. E.				
Philadelphia 10	0	0	0	0	0	2-4
Philadelphia 10	1	1	1	1	1	1-5
Two-base hits—Mages, Luderus, Leach. Three-base hit—Phelan. Home runs—Doohan, Phelan. Sacrifice hits—Lobert. Stolen bases—Lobert, Doohan, Zimmermann. Double play—Erdwell, Evers and Sallee. Left on bases—Chicago 10, Philadelphia 3. First base on balls—Off Toney 4, off Rixey 3. First base on errors—Chicago 1, Philadelphia 1. Struck out—By Toney 2. Time of game—1:50. Umpires—Rieger and Byron.

Take First From Birds 2-1---Shaw Injured and Out of the Game

HEARNE WINS ANOTHER BATTLE DUNN'S ORIOLES ARE THE VICTIMS

Shaw Is Latest to Join the Hospital List—Will Be Out of the Game For Month—Leafs Always in Front.

The Leafs came thru with a 2 to 1 win over John Dunn and his flock of Baltimore Orioles yesterday in the first game of the series, but it was a deary fought victory. Al Shaw, the Leafs good centerfielder, was hurt, and will be on the hospital list for the next five or six weeks. Shaw has been playing the best ball of his career this spring, and his injury comes at a real bad time. Shaw collided with Ben Houser at first when running out an infield hit and turned over on his ankle. He had to be carried off the field.

Danforth, the star left hander of the Dunn outfit, was trotted out at the last minute, and the Kellys kept going early in the fixture for two innings, and it proved enough to win. Danforth pitched in the eighth and Johnson hit for him and Johnson finished. It was a close thing, though, with the Leafs having the edge. Bunny Hearne twirled another grand article of ball and the Leafs fielded like real champions behind him. The ground was heavy after the rain and several players got hits when the ball would stop rolling on the soft ground. The Leafs went thru without a slip-up, while the Birds made three mistakes.

Smiling Ben Houser, the former Leaf, was at the first corner for the visitors and was remembered by the regulars on his first trip to the plate. Viebahn, who was turned adrift by the Sketers on Wednesday, was in a Baltimore uniform. Hearne had the Birds eating out of his hand, and it was only in the last box that they could get across the plate. He started off badly by letting Malsel get on free. Cooper laid down a bunt that stuck in the mud, and he was on first when Bunny dug it out. A sacrifice hit the two base warmers up a peg. Hearne put on the screws and fanned Corcoran, batting in the clean-up position. Ben Houser lifted to right, and Hearne was out of the woods.

The Toronto heaver kept things going to suit himself right up until the ninth, and the Dunn Crew never looked dangerous. After Downey had been disposed of in the last round Hearne, Houser rolled out, but Payne dropped a hit over second that scored Mickey. Twombly batted for Gleichman and popped to Holly.

The Kelly boys were away flying when Downey bobbled. Fitz's roller, O'Hara forced Fitz at the middle station and Bradley lifted to short right. O'Hara was safe at the halfway stop. Malsel dropped Egan's perfect throw, and then Hub Northern, who was fouled out, and O'Hara scored. Graham grounded out.

The third looked like a peck of trouble

for Danforth, but the portside got thru without a run being scored against him. It was after Fitz rolled out that O'Hara started off the doings with a single thru the box a mile a minute. Bradley swung at one and the ball bounced in front of the plate. He beat the throw to first. Jordan drove one over first that looked good for two runs. Egan came in fast and grabbed it right off his shoes and nearly had Bradley at first for a double play. Every bag was occupied when Northern beat out his slow roller to short. Graham forced Northern at second and the nothing doing sign was hung up.

The local crew came across with their second and last run of the game in the fourth. Shaw rolled to second and was safe, but collided with Houser and had to be carried off the field, suffering agony from an injured ankle. Trout was sent in to run for Shaw and came home with the roller when Holly moved him up a base by beating out another infield hit. Hearne did the sacrifice. Fitz's long fly to left gave Trout lots of time to tally. O'Hara walked, and Bradley rolled out.

Trout finished the game in centerfield.

Rochester Nosed Out in Thirteen Innings—Great Pitchers' Duel Staged.

FOUR BASE RUNNING

Hustlers Had a Grand Chance to Win, But Bonehead Work Lost It.

ROCHESTER, May 16.—In a pitchers' duel today between Wilhelm and Enzmann, Newark won a thirteen-innings 10-2 victory. Swacina's triple and a wild pitch brought in the winning run. Rochester had a man on second when Schmidt hit for two bases in the ninth, but did not score, thru Zimmernan's muffed and sticking to second, he figuring that Myers was to catch the ball. Berlin and Hamilton Put Up the Real Article—Score a Shut-Out.

BERLIN, Ont., May 16.—(Special.)—The finest game of baseball this season was played here today as the Berlin team defeated the Hamilton team by a score of 1 to 0. Rose pitched well for the Kolts and both teams put up an errorless game. Berlin got two of his five hits in the second. Miller drove in a double. White's single sent him to third, and he scored on Stroh's out at first. Murphy of the visitors was fanned by Umpire Daly for throwing bats about in the ninth. Manager Lee has signed first baseman Morrissey, released by Berlin yesterday. Score: A. B. R. H. O. A. E.

TWO HITS THE TOTAL FOR GUELPH LEAFS

LONDON, May 16.—(Special.)—London at last came to life as a winning baseball club in the Canadian League, and the locals defeated the Guelph Leafs by 2 to 0 today in the second game of the series. Baseball of the kind which Pitcher Chaput served up for the fans was a revelation, as he allowed but two singles, and the two runs with which the locals defeated the visitors by were driven in by his hit in the fifth, following a hit by Wilts. Whenever Guelph looked dangerous with men on bases, Chaput lightened up and Cook's men were retired. Heck will report tomorrow, while Earl Heck, the heavy-hitting first-baseman, arrived in the city today. Manager De-neau's club now looks formidable, as the weak spots have been plugged up and the pitchers are rounding to form. Score: A. B. R. H. O. A. E.

450 HORSES At Auction
AUCTION SALES TUESDAY AND FRIDAY
PRIVATE SALES EVERY DAY

Tuesday, May 20th, 250 HORSES
Friday, May 23rd, 200 HORSES

Our shipments are large, and prices this season are very reasonable in comparison with those of the last year or two. Consequently the demand for horses is better, as good horses are selling at figures which represent the best value a buyer could wish. Our warranty is always the same, and we are commission agents strictly. Every horse sold at the Repository is returnable to us by noon of the day after sale if not fully as represented, when the price is at once refunded.

DR. J. GORDON McPHERSON

A Complete Dispersal Sale of His Grand Show Horses at the Repository, ON TUESDAY, MAY 20th at 11 a.m. sharp.

Amongst these Horse-Show Gems are: "FANNY MARY," the handsomest and greatest show mare in her class on the continent. "LITTLE MABEL," also a prize-winner and very high-class pony. "GREEN ROSE DOLLY," thoroughbred Welsh, iron gray pony, a perfect beauty, who has proven her champion quality at the recent Toronto Horse Show. "SHARPOLE BELLE," sure to follow in her grandsire's footsteps. Her action and quality speak for themselves.

Mrs. W. E. Sanford, Hamilton has consigned to us for sale on Tuesday, May 20th, A HANDSOME BAY CARRIAGE PAIR, over 16 hands, perfectly broken and reliable, with fine full tails, and a good pair of carriage horses to be found. They are for absolute sale by instructions of the lady who owns them.

KNIGHTS ELECT OFFICERS. GUELPH, May 16.—(Special).—The following are the officers elected for the ensuing year by the delegates in attendance at the convention of the state council of Ontario, Knights of Columbus, held here this week: State chaplain, Right Rev. M. F. Fallon, bishop of London; past state deputy, John O. Dringole, London; state deputy, Thomas N. Phelan, Toronto;

state secretary, Dr. J. F. White, Ottawa; state treasurer, L. V. O'Connor, Lindsay; state advocate, Mr. Mulligan; state warden, J. A. Hussey, Sault Ste. Marie. GOVERNORS AT WESTERN HOSPITAL. The visiting governors of Western Hospital for next week will be Dr. John Ferguson and Rufus Hudson.

ELECTRICITY WILL CURE YOU

Electricity is animal vitality. It is the foundation of all strength. It is the fuel to the engine which runs the human machine. Electricity, as I apply it, is a source of new life to all parts of the body.

No one should be weak; no one should suffer the loss of that vital element which renders life worth living. No one should allow himself to become less than nature intended; no one should suffer for the sins of youth when there is here at hand a certain check for his troubles, a check to the waste of power. Most of the pains, most of the weakness of stomach, heart, brain and nerve from which you suffer, are due to an early loss of nature's reserve power through mistakes of youth. You need not suffer for this. You can be restored. The very element which you have lost you can get back, and you can be as happy as any one that lives.

DR. McLAUGHLIN'S ELECTRIC BELT

restores the map, the vim and vigor of youth. Any one who wears it can be a giant in mental and physical development. Are you weak, have you pains in the back, weak stomach, constipation, lumbago, rheumatism, enlarged prostate gland, or any of the results of early mistakes, excesses or overwork? My method of applying electricity while you sleep at night will cure you. It fills the nerves with the fire of life.

EVIDENCE COMES FRESH EVERY DAY

Weak Back—Bladder—Rheumatism and Nerves. Dr. McLaughlin:—Transcona, Man., Oct. 6, 1912. Dear Sir.—After using your Belt as directed, I can truthfully say that it has entirely cured me of my troubles. I had a weak back, my bladder was weak, I had Rheumatism and was very nervous, but your Belt has cured me completely. Wishing you every success. I remain, Yours truly, J. Penson.

CURED RHEUMATISM—RENEWED HIS STRENGTH

Dr. McLaughlin:—Beckwith, Ont., Jan. 7, 1913. Dear Sir.—I wish to say that the Belt I got from you in October is in every way satisfactory. The one I got some years ago was a good investment, but this one, being stronger, is better. I was not sick. I had a little rheumatism and was feeling too old for my age, and it did just what I expected it to. I would not advise any one near 70 years old to get a cheap Belt, and they should get a good strong one when they are well. I got mine to keep me well, and the way it does it: it wards off colds and Gripes and things that undermine the health. Trusting this may be satisfactory, I remain, Yours truly, SAMUEL HARRIS.

SLOW TRIALS AT WOODBINE PARK

Track in Bad Shape Owing to Rain, But Will Be All Right For Work This Morning.

The Woodbine races and the King's Plate are just one week away. The rain of Thursday night left the Woodbine track in very bad shape for the colony of trainers yesterday morning and those who had King's Plate candidates to work were somewhat disappointed when the footing was so deep that the horses could not be sent along as originally intended. However, the men more in the limelight were out during the day, the Segram trio, Volvode, Maid of Frome and Batts Song; Mausolus and Hearts of Oak were galloped, the latter in the afternoon. Trainer Littlefield sent Volvode, with plenty of weight up for a gallop at a mile and an eighth at a little better than a two-minute clip, while Maid of Frome and Batts Song were galloped at a mile and an eighth at a little better than a two-minute clip, while Maid of Frome and Batts Song were galloped at a mile and an eighth at a little better than a two-minute clip, while Maid of Frome and Batts Song were galloped at a mile and an eighth at a little better than a two-minute clip.

The 2-year-olds from the Segram track were schooled at the barrier, but the condition of the track precluded any fast work. The afternoon's sun and the constant use of the harrows helped to dry the track out, so that it should be in better condition this morning. Then several of the King's Plate candidates will be sent along.

\$100 to \$500 a Foot

Sites for yards and factories are daily sold at this range of prices, and oftentimes at twice \$500. The supply inside the city is all but exhausted.

Belit Line sites may be brought into the city by a measure coming before council, but they are being utilized now, dozens of them, for distributing yards.

The experience has been that the big industries take up the outside locations and the houses follow. That is what is about to happen on the Grand Trunk's new factory belt, although thousands live close to it now.

In the meantime you can buy from us a few expertly chosen lots with railway and street frontages at \$25 a foot. This is where you put Luck and Foresight and a small amount of cash together into a rattling good investment.

CANADIAN STOCKS DRAG LOWER AGAIN

Toronto Market Continues on Down Grade—Slight Reaction in Brazilian.

TORONTO RY. HIGHER Shares Reach New Record For Month—General Tone Is Weak.

Despite the firmer attitude of the exchanges in London and New York, the Toronto stock market showed further weakness yesterday, a continuation of the scattered liquidation being again the leading factor.

A slight reaction in Brazilian, the natural result of the recent sustained upward movement, was responsible in part for the easier feeling. Traders who had bought prior to the advance were busy taking profits, and as the active demand seemed satisfied for the time being, the shares dragged lower of their own weight.

It was quite apparent from the action of the general list that the market was in no shape to withstand realizing. There was no real demand for any of the specialties, and the bids were reduced as offerings made their appearance.

An upturn of about a point in Toronto Railway, which reached 14 1/2, was accepted as due to expectations of developments in the negotiations now under way between the city and the company.

GOOD BONDS ON BARGAIN COUNTER

Considerable Appreciation in Value of Canadian Securities Is Expected.

There has recently been a slight stiffening of prices, quite to be expected as money returns to circulation, but the return so far has been hesitating and slow.

While the larger investors have been quite generally absent from the market during the last few months, there has been continual buying in smaller amounts, and a great many people have "picked up" some most unusual bargains.

THE MELON CROP IS GOOD.

NEW YORK, May 16.—The Youngsman Sheet and Tube Co. has declared the regular dividend of 2 per cent. for the quarter, and also a common stock dividend of 50 per cent. to common stockholders.

MONTREAL'S NEW OFFERING.

LONDON, May 16.—The City of Montreal will shortly offer one million four hundred thousand 4 1/2 per cent. short term obligations. The London market was today considerably overshadowed by imminence of like applications.

COST OF LIVING IS BELOW LAST YEAR

Index Number Seems Firmly Established on Downward Trend.

Records of the course of commodity prices during April show that there was a further reduction in the cost of living in that month.

The index number across the border (Bradstreet's figures) dropped from 2,270 to 2,190 during April, making a continuous decline of each month since last December.

The index number for Great Britain rose four-tenths of one per cent. according to the compilation of The London Economist, but The Statist, which uses a different basis of figures, reported a decline of five-tenths of one per cent.

Table with columns: Month, Index Number, and other data for various months from February to April.

APRIL REPORT OF MEXICAN CONCERNS

Conditions Again Normal in the Capital—Gains in Both Net and Gross.

The report of earnings for April of the Mexican Light and Power and Mexico Tramway Co. indicate clearly that affairs in Mexico City are again normal.

LONDON MARKET ON UP GRADE AGAIN

Better Demand For Investment Issues—Chinese Loan Quoted at a Premium.

LONDON, May 16.—Money was dearer today and discount rates hardened in sympathy. The conclusion of the settlement on the stock exchange failed to create increased activity, but the tone was decidedly better.

BIG INCREASE IN BUSINESS FAILURES

The number of failures in the Dominion during the past week in provinces, and corresponding week of previous weeks, and corresponding week of last year, are compiled by Dun's Agency as follows:

Table with columns: Date, Ont., Que., Man., Ont., Que., Man., and other regional data.

FIFTY PER CENT. DIVIDEND.

LONDON, May 16.—The Cobalt Township Mining Co. announces an interim dividend at the rate of 50 per cent. per annum for the three months ended April 30, being 2s 6d per share, less tax, payable on May 16.

GOLD EXPORT TO PARIS.

NEW YORK, May 16.—Another \$2,000,000 in gold was engaged for shipment to Paris today. This makes a total of \$33,000,000 sent from New York to the French capital since Jan. 7.

CHICAGO LIVE STOCK.

CHICAGO, May 16.—Cattle—Receipts, 1,600; market dull; beefs, \$7.10 to \$8.00; Texas steers, \$6.75 to \$7.50; cows and heifers, \$5.85 to \$7.00; calves, \$4.25 to \$5.00.

STOCKS ROSE ON SHORT COVERING

Advance of American Securities in London Gave Bear Contingent Pause.

STOCKS AGAIN SCARCE

NEW YORK, May 16.—Traders who sold stocks yesterday and the day before bought them back today. The slow upward movement represented another of the alternate advances and declines of the week in response to the drift of an over-extension of the short account.

The Sterling Bank shows marked expansion in all lines of its business. Notable deposits are \$4,855,437, or \$700,000 ahead of last year, and current account deposits \$1,600,206, a gain of \$400,000.

BIG DECLINES SHOWN IN STANDARD BONDS

Average Decline in Last Year Has Been Over Five Points.

A compilation of prices of 25 standard railroad bonds listed on the New York Stock Exchange, shows that in the twelve months from May 1, 1912, to May 1, 1913, there was an average decline of 5.01 points, the average price in May, 1912, having been 96.58, as compared with 91.57, the average price in May, 1913.

NO RESPONSE TO RALLY OF C. P. R.

Montreal Stocks Narrow and Irregular—Funds For Market Speculation Scarce.

MONTREAL, May 16.—A fair rally in C. P. R. on which the price was carried up 1 1/2 to 2 3/8, with the close at the highest, was accepted with out-looked enthusiasm by the rest of the local stock market today.

UPS AND DOWNS IN N. Y. MARKET

While the New York market showed improvement yesterday, the averages did not make any record, progress for the day, and the close left both the rail and the industrial within one point of their low record of the year.

LA ROSE STATEMENT FOR MONTH OF APRIL

The La Rose Consolidated Mines report for April of \$75,404, and production of 199,810 ounces of silver of a gross value of \$126,671.

LIVERPOOL GRAIN EXCHANGE.

LIVERPOOL, May 16.—The steadiness in American yesterday caused shorts here to cover, and prices were unchanged to slightly higher.

\$100 BONDS

The investors of Canada and the United States annually purchase over \$1,500,000,000 of bonds—the banks, trust companies, and corporations taking the greater part.

STERLING BANK HAD GOOD YEAR

Big Increase in All Lines of Business Shown in Annual Report.

That 1912 was a very favorable year for the chartered bank is plainly evident from the excellent showing which is being made in the reports of those which recently ended their fiscal year.

The net profits for the year, after making the usual provisions, were \$112,400, or approximately 10.32 per cent. of the paid up capital. In the previous year they were \$107,876, or 10.33 per cent.

The Sterling Bank shows marked expansion in all lines of its business. Notable deposits are \$4,855,437, or \$700,000 ahead of last year, and current account deposits \$1,600,206, a gain of \$400,000.

MUNICIPALS ARE PROVING ATTRACTIVE

The present Canadian municipal market has undoubtedly been greatly benefited by the recent clearing of a large number of outstanding issues by Wood, Gund & Co., in their monthly reports.

Investors sue for heavy damages. NEW YORK, May 16.—Suit has been filed in the State Supreme Court by 62 English investors for alleged losses aggregating \$250,000 in the National Steel and Wire deal of 1904.

ANOTHER STANDARD OIL MELON FEAST

NEW YORK, May 16.—Prospects of a \$60,000,000 melon today caused a rise of 23 points in the shares of the Standard Oil Co. of New York.

INVESTORS SUE FOR HEAVY DAMAGES

NEW LOW RECORDS IN MINING MARKET

Paucity of Demand Leaves Stocks in Vulnerable Position Once Again.

SOME ISSUES FIRMER

But They Are the Exception—Hollinger the Redeeming Feature.

With half a dozen more or less prominent issues down to new low records for the month, the disappointing nature of the mining market was clearly indicated yesterday.

The market has fluctuated within narrow limits for some days now, and does not seem to have struck any regular gait as yet. The situation appears to be dominated entirely by monetary conditions, which explains the fact that floor traders are viewing the recurring depressions with complacency.

LOSSES ARE RESTRICTED

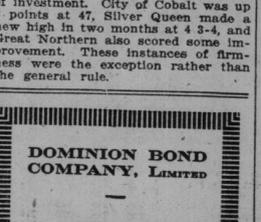

Such losses as were indicated yesterday were small, yet quite sufficient to stamp the market as a weak one. McKinley-Darragh made a new low record for the year at \$1.87, Kerr Lake moved into new low ground for the month at \$2.25, Hargreaves at 5 3/8 was at its bottom price since last November, while Cochrane Cobalt at \$1.59 was at a new low in its history.

The continued strength of Hollinger was the redeeming feature of the market. This stock rose to \$17.75, which was its best price of the week, and was in good demand throughout.

The buying was said to be representative of investment. City of Cobalt was up 2 points at 47, Silver Queen made a new high in two months at 4 3/4, and Great Northern also scored some improvement. These instances of firmness were the exception rather than the general rule.

A Great China Selling Event

In view of the Greater Wedding Events to follow, commencing Monday, May 19th, and for one week only, we have planned an offering of **Wedding China Dinner Sets**. These sets have been carefully selected as being most appropriate as Wedding Gifts. Such gifts are usually made within the home circle of the bride, and will carry the good judgment of her nearest friends as to utility as well as beauty. But to make them even more appropriate for the festive occasion, each set contains some pieces of silverware or other decorative ware.

You will find the prices very reasonable; in fact, each set will cost you little, if any, more than you would usually pay for similar quality without the silverware.

Here is the description and composition of five Special Sets, which go on sale Monday at **\$16.25, \$25.00, \$34.50, \$57.50, \$125.00**. In the regular way you would pay from one-third to one-half more:

Set No. 4—Combined Service of Silverware and Fine Limoges China, for twelve persons, manufactured by one of the foremost potters of Limoges, France, of whom we are the exclusive agents in Toronto; beautiful clear white translucent china, hard bodied and least liable to breakage; decorated with two-tone border pattern, in green, of conventional design, with two broad lines of gold upon either side of border, handles and feet on large covered pieces full matt gold, all other handles also full gold.

Set consists of 105 pieces, as follows: 12 Dinner Plates, 12 Tea Plates, 12 Bread and Butter Plates, 12 Soup Plates, 12 Fruit Saucers, 3 Meat Platters, 2 Covered Vegetable Dishes, 1 Soup Tureen, 1 Gravy Boat and Stand, 2 Bakers, 1 Covered Butter Dish and Drainer, 1 Salad Dish, 12 Teacups and Saucers; also three-piece Fine Silver-Plated After-Dinner Coffee or Five o'Clock Tea Service.
