COMMISSIONS IN FIGHT OVER INCORPORATION OF NATIONAL LINE

Opposition Tries to Amend
Bill So as to Secure "Par-
liamentary Control."

C. N. R. DEFICIT

Federal House is Told Can-
adian National Will Be
Seven Millions Behind.

Ottawa, April 23.—Keen continuous fighting characterized the day's proceedings in the house. Afternoon and evening the government bill to incorporate the Canadian National Railway Company—the company which is to administer the government railway system—was under consideration. There was amendment after amendment. At the outset the opposition endeavored so to amend the bill as to secure what they claimed to be parliamentary control. Mr. McMaster had an amendment that the directorate of the company should be chosen from a list of fifteen furnished by the house, 50 per cent nominated by the government and 40 per cent by the opposition. On behalf of the government it was argued that the amendment would really introduce a "vicarious" patronage, that there could not be a division of responsibility between government and opposition. Eventually Mr. McMaster withdrew his amendment. Major Power moved that one at least of the directors should be a returned soldier. The motion was defeated by 33 to 22. Mr. Cahill moved that the amendment be lost. Sir Thomas White declaring it to be unsound in principle.

Cahill Charges.
In the course of the debate, Mr. Cahill of Pontiac had some strong charges. He wanted to know who were getting orders for ties and supplies. "My impression," he declared, "that it is being done by the same old gang that has been robbing the country for years." Dr. Reid warmly replied that Mr. Cahill knew that Mackenzie and Mann of the Northern Construction Company were not Sir William Mackenzie and Sir Donald Mann. Alexander Mackenzie of the Northern Construction Company was not, said Dr. Reid, a relative of Sir William Mackenzie in any shape or form, and Mr. Mann was not Sir Donald Mann's nephew. Dr. Reid added, they had a right to tender as well as any other company.

Mr. Cahill retorted that all western members knew that the Northern Construction Company had built practically all the Canadian Northern, and were the Mackenzie and Mann crowd. "One may be Mackenzie's nephew, and the other Mann's uncle or grandnephew," declared Mr. Cahill, but they are the same people.
Mr. Lemieux read a letter from Mr. Hamilton who had been persuaded to abandon his candidature against Mr. Calder last election. Mr. Lemieux added that Mr. Hamilton was subsequently appointed a director of the Canadian National Railways.
By adjournment at 11:30 p.m. only four out of thirty clauses had been

STARTED FOR CHURCH AND NOT SEEN SINCE

Miss Millicent Knowles,
Ward of Wealthy New
Yorker, Disappears at
Guelph, Leaving No
Trace, Despite Exhaustive
Search by Police.

Miss Millicent Knowles, ward of a wealthy New York manufacturer, who mysteriously disappeared in Guelph Saturday morning after leaving the house she was visiting with the intention of going to church. When last seen she was dressed as above with the exception of a blue hat trimmed with blue fur quills.

The Guelph papers of Monday published the following notice:

MISSING

A young lady, aged 23. Fair, medium height, dressed in dark blue coat blue hat trimmed with blue flat quills. Name, Miss Millicent Knowles, speaks very gently and slowly. Anyone having information as to her whereabouts kindly communicate with the police as soon as possible.
The young lady described has not since been found. Not a trace of her has been discovered. The police of Guelph and Toronto, and her friends in Toronto and Montreal have set every source of inquiry going. Miss Knowles had been only a few days in Guelph. She arrived there the week before last from Montreal with Mrs. Storey, wife of Admiral Storey of Halifax, who has a place on the Edinburgh road a few miles from the centre of Guelph, and not more than a quarter of a mile from the agricultural college. Miss Knowles, being most desirable for her own sake, was placed under the supervision of Mrs. Storey. The young lady had lately been a pupil of the Sacred Heart convent in Montreal, and it was there that she met her three Montreal friends. Miss Knowles had been in poor health, and it was considered that fine air and a quiet home in the country, being most desirable for her, could be nowhere else found better than at Mrs. Storey's house, near Guelph. The place is a comfortable and attractive stone house standing in its own grounds. With the exception of the help there was no one in the place but Mrs. Storey, Miss Knowles and a nurse. Miss Knowles was greatly pleased and benefited by the change. She had walked into Guelph or to the car line near the agricultural college to do a little shopping and had returned alone.
Started for Church.
On Saturday morning she and Mrs. Storey both desired to attend church, and proposed to go without breakfast, but was advised to stay and have breakfast first, which she did. She made haste to the church, and Mrs. Storey and left the house within five or ten minutes. That was the last seen of her, tho the people in the street corner store on the Edinburgh road (a way she usually did not follow when going to Guelph) believe they saw her pass.
The young lady had had one or two

FURTHER ARRESTS MADE FOR ARMENIAN MASSACRES

Constantinople, April 23.—Several persons, charged with having been implicated in the massacre or deportation of Armenians, have been arrested during the past few days. Among those taken into custody are Albus Hanin, former minister of public works, whose brother Said Hanin, already in jail, and Ismail Kemal Bey, governor of Sivas. The prisoners will be tried by court-martial.

THE SITUATION IN EUROPE

The Associated Press issues the following review on the international situation:
Italy tonight has the verdict of the United States as regards her claims in the Adriatic. She may not have her aspirations for Fiume gratified, for that would block in from the sea behind the coast of Dalmatia, the new small independent nations, which are to become members of the league of nations.
President Wilson, in a long statement dealing with the controversy over Fiume, was clearly defined to Italy the stand of the United States in the premises, and thus has brought the crisis that has existed for many days to an acute climax.
With regard to the islands in the eastern Adriatic and that portion of the Dalmatian coast, which lies most open to the sea, which Italy also is demanding, President Wilson broadly states that these are not now necessary to Italy to make her safe against naval aggression by Austria-Hungary, because Austria-Hungary no longer exists, and the fortifications along the coast are to be permanently destroyed. Also, the present says, the navies are to accept limitation of armaments, which will further put aggression out of the question and that equal and equitable treatment of all racial and national minorities throughout this region are to be guaranteed under international sanction.
President Wilson contends that if

the principles under which the initiative for peace was taken are to be adhered to, Fiume must serve as the outlet for the commerce "not only of Italy, but of the lands to the north and northeast of that port: Hungary, Bohemia, Rumania and the states of the new Jug-Slav group."
Premier Orlando of Italy immediately called the Italian peace delegates for a conference after the president's note was issued to prepare a statement to be addressed to the Italian people.
Later Vice-Admiral Thaon di Revel, former chief of the Italian naval staff, departed from Paris for Rome, and it was asserted that General Diaz, the Italian military commander-in-chief, would leave Italy. What action on the part of Italy this portends is problematical.

A state of siege has been proclaimed in the important German port of Hamburg and its suburbs, where there has been considerable fighting and a number of persons have been killed or wounded. The harbor has been in progress in the harbor quarter. Bremen also is disturbed, while terrorism still prevails in Munich.
A despatch from Tokio says that Japan will accept the league of nations, even if the racial clause to the league covenant is rejected by other allied and associated powers.

HAMBURG POLICE ORDERED TO SHOOT

State of Siege Has Been Pro-
claimed in Important
German Port.

Copenhagen, April 23.—A state of siege has been proclaimed in the important German port of Hamburg and the suburbs of Altona and Wandsbeck, according to advices received here from Hamburg. In consequence of the disturbances in Hamburg the police have received orders to immediately shoot persons carrying arms, plundering or fighting against the national police.

Local fogs are an added handicap to be considered, but with good conditions at sea it is not unlikely that a fleet of improved conditions for 48 hours more.

LIFE-SAVING CREW DEMAND INQUIRY

Indignant at Jury's Verdict
in Robert Parks' Case.

Much indignation is expressed by members of the Toronto life-saving crew at the verdict brought in by a jury at an inquest on the body of Robert Parks, blaming the life-savers for negligence, in that they did not answer the whistle blasts for help. Captain Walter F. Chapman, in charge of the station, has demanded, by telegram, to Ottawa, an instant investigation by the naval department into the conduct of his crew.
According to Captain Chapman, the life-saving crew were not given full opportunity at the inquest to state their side of the case and those who blame are the Canadian Stewart Co., by whom Parks was employed, and whose tug crew plainly heard the signals, whereas the life-savers on the watch tower did not.

Many Bolsheviki Have United With Ukrainians to Fight "Reds"

Berne, April 23.—A large part of the Bolshevik first army which surrendered several days ago to the Ukrainians, has offered voluntarily to fight the Bolshevik and already has been in action with the Ukrainians against the Bolsheviks at Utm, in the Pripiet region. This announcement is made in a Ukrainian official statement received from Rovno by the Ukrainian Press Bureau.

A SETTLED QUESTION.

The merits of Dineen's hats is a settled question. For over 50 years the Dineen Company has been selling hats in Toronto, and as time goes by their popularity for carrying the very highest class of English and American makes is yearly on the increase. If you ask any person in the city where the best hats are sold they will tell you at Dineen's. The merits of Dineen's hats are known from coast to coast. They are talked of on the trains in the clubs, hotels and wherever good dressers assemble. The Dineen Company are agents for the best English makers—Heath of London, Eng., and Dunlap of New York.

WHY DELAY FLIGHT? AIR MINISTY ASKS RIVAL AVIATORS

Cable From England Says
Weather Reports Indicate
Favorable Conditions.

HAWKER UNPREPARED

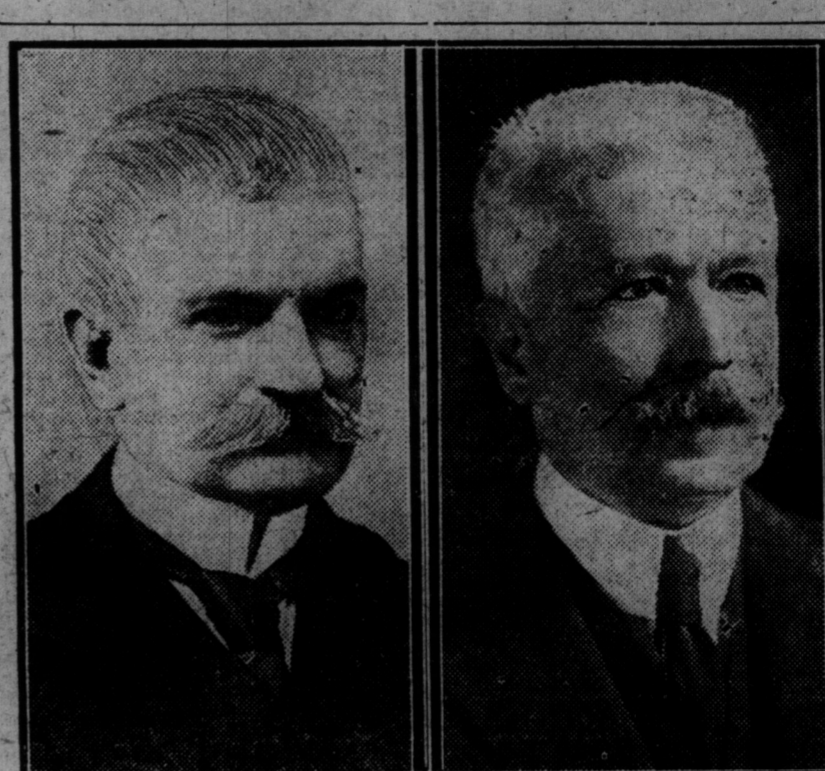

Reason Given for Allowing
Conditions on April 10 and
11 to Pass.

St. John's, Nfld., April 23.—A cable message from the British air ministry, asking reasons for the failure of Harry G. Hawker, Australian aviator, and Captain Frederick P. Raynham, his British rival, to start their trans-Atlantic flights, created a stir in the two aviators' camps here today.
The cablegram, directed to Lieut. Lawrence J. Clements, meteorological expert of the Royal Air Force, assigned here in connection with the proposed flights, said that all weather reports reaching England had indicated favorable weather conditions for the start.
Following consultation with Hawker and Raynham, Clements replied that daily wireless reports from vessels at sea showed that conflicting winds made a start inadvisable. Both aviators, when asked about their "failure to fly," said it had been due to local conditions and reports of adverse winds and weather in mid-ocean as received from Clements.
It has been generally conceded here that Hawker realized now he allowed almost perfect conditions to pass on April 10 and 11, but unpreparedness, notwithstanding his haste to forestall Raynham, was advanced as his reason for letting the opportunity pass. With mist and rain today, followed by more rain tonight, Hawker and Raynham face the prospect of further delay, and Clements said there was nothing in today's report to offer hope of improved conditions for 48 hours more.

Under Secret Treaty of London Fiume Must Go to Croatia

London, April 23.—With reference to the Italian claims the Associated Press learns that under the Treaty of London, Italy was entitled to Trieste, Pola and part of Dalmatia, but Fiume was to go to Croatia.
Great Britain has advised Italy in her own interests to forego some of her claims, but if the Italians insist on their rights under the treaty, Great Britain and France are prepared to honor their signatures, in which case, as pointed out to Italy, Fiume must go to Croatia. It is understood that President Wilson issued his statement on his sole responsibility and that Premier Lloyd George and Premier Clemenceau are still actively seeking to bring about an arrangement.

GEN. GUNN RETIRING AT OWN REQUEST

Major-General Elmsley of
Siberia Should Be Logical
Successor.

The almost immediate retirement of Brigadier-General John Gunn, C.M.G., D.S.O., G.O.C., M.D. No. 2, from his command was confirmed last night. He is retiring at his own request, having many pressing duties in his civilian interests. The most logical man for the command is understood to be Major-General Elmsley, C.M.G., D.S.O., who will soon return with the Canadian forces from Siberia. The name of Colonel Nelles is not seriously mentioned in this connection.

TORONTO ACCLAIMS HER MAKERS OF HISTORY

Third, Fourth and Many of First Battalion
Receive Right Royal Welcome on March
Thru Streets of Home City.

Properly decorated, and flying the colors of the battalion, the first train bringing the "Old Third" steamed in at North Toronto station at six o'clock last evening.
Leaving far out from the windows of the coaches could be seen the pennant of the men who immortalized the name of Toronto's first born, the "Fighting Third."
Every man on the train showed the best of spirits and everyone was laughing and joking. It seemed hardly possible that this bunch of merry laughing boys were the men who were dreaded by the foe and admired by their comrades-in-arms. The war-worn veterans, who carried their full equipment, looked a bit tired after their long journey, but they were in the pink of condition and are truly worthy of their position as one of the best of Canada's fighting units. The discipline was wonderful and the spirit of comradeship that existed made them appear like one great family.
The only thing that seemed to worry the warriors most was how soon they could arrive at their homes, a moment which has been looked forward to for four years. The

coaches were elaborately chalked with such a cheer "Old Third, Blow out my candle." "Officers only, straight from Germany." "Thank you, ladies, for our socks." "We want our beer." "Down with the W.C.T.U." etc.
The men all detoured and lined up on the platform, where they were numbered and marched to the spot where the parade commenced.
At precisely 6:15 p.m. the second train pulled in flying the proud emblem of the 4th Battalion. One could catch snatches of songs as officers and men alike joined in. They were like a big bunch of overgrown boys at a picnic. They all showed magnificent form, and it was hard to believe that these boys had earned for themselves the sobriquet of the "Bad Fourth" or the "Mad Fourth." A similar process was again witnessed as the men followed the others along the platform and lined up in their positions where the parade started from.
The other two trains bringing the remainder of the two battalions arrived at 15 minute intervals.
When everything was in readiness the monster march thru the city commenced to move. First came the mounted police to clear the streets, followed by detachment of Dragoons, massed bugle band, G.E.G. band, veterans of the Third Battalion, disabled veterans of the Third Battalion in motor cars, Queen's Own Band, Third Battalion, detachment of Dragoons, Fourth Battalion volunteer band, veterans of the Fourth Battalion, 48th Highlanders' Band, Fourth Battalion, 110th Regiment Pipe and Drum

Will Leave Paris Today-- President Refuses to Sanction Handing of Fiume Over to Italians-- Appeals to Their Sense of Fairness--Italian Pre- mier Again Absent From Council.

Paris, April 23.—Premier Orlando, of Italy, this evening addressed an official communication to President Wilson, president of the peace conference, saying that as a result of the declaration by President Wilson, the Italian delegation had decided to leave Paris at two o'clock tomorrow afternoon. Premier Orlando expressed profound surprise at the declaration of President Wilson, which, he said, came at a time when he was "about to make a supreme attempt at conciliation."
"The Italian delegates, hoping to see the Italian problem adjusted amicably," he continued, "might have taken some other decision than ceasing to collaborate in the labors of the conference, had this statement not been issued."
The premier added that he would address a message to the Italian people, who, he said, "will express themselves."
President Wilson's emphatic statement that he will not yield on the Adriatic question created the most profound sensation in the peace conference, and he has thrown down the gauntlet to the supporters of secret treaties in a manner which almost took away the breath of the delegates who have been urging compromises or points covered by many secret documents and at variance with the president's fourteen points.
President Wilson's sweeping declaration, while aimed directly at the Adriatic problems, also reaches the Kiaochow controversy in which Japan relies upon secret agreements made with Great Britain, France and Italy in 1917 to support her in her claim to the concessions held by Germany in Shantung.
The peace delegates generally regard President Wilson's statement as a challenge which will once for all dispose of the question whether the agreement of which many nations participating in the war were ignorant, are to figure in the peace following an armistice in which all the allies pledged gave no regard to secret treaties.
The Italian situation overshadowed all other questions through the day in Paris and was the sole subject of conversation in official and unofficial circles.
When it became known this morning that the Italian Premier, Vittorio Orlando, was again absent from the session of the council of four, various rumors became current. Signor Orlando remained at Italian headquarters, but messengers carried him many notes.
President Springs a Surprise.
Proposals and counter-proposals were made between the members of the British, French and Italian delegations, and numerous stories of compromises were circulated. These were suddenly discredited by the statement of President Wilson's statement, showing that the president was not a party to the proposed concessions, which were chiefly based on the supposition that Fiume could be given to Italy.
The idea, which had been prevalent in Paris, that the Adriatic situation was a game of chess, in which the most skillful diplomats would win, regardless of the armistice conditions, was suddenly banished by President Wilson's action. Since Monday it had been generally known that he had prepared a statement which was presented on that day to the entire American delegation, and that the delegation had approved it. But there was no suspicion that his position was so unalterable against secret diplomacy.
A member of the Italian delegation said that the delegates would not leave Paris tonight. He did not know what action might be taken tomorrow.
Premier Orlando, foreign minister Sonnino, and Salvatore Barzilai, Antonio Salandra and Marquis Salvini, the other Italian delegates were in conference at their headquarters, examining the situation created by the pre-Admiral Thaon di Revel, former chief of staff, has left Paris for Rome. General Armando Diaz, commander-in-chief of the Italian armies, it is announced will leave tonight.
President Wilson Issues Statement.
President Wilson today issued an official statement in order to let it be known that he desired once again to call attention to the fact that there were certain well-defined principles which have been accepted by the peoples of the world as the basis for a lasting peace. The United States delegation simply recalled this in order that there

LENINE FAILED IN SWISS REVOLT

Lausanne Paper Publishes
Documents Containing
Secret Instructions.

Geneva, April 23.—The Lausanne Gazette this morning publishes documents from Nikolai Lenine, Bolshevik premier of Russia, marked "Very confidential," and entitled, "General Instructions for a Revolution in Switzerland."
The instructions, which consist of 15 articles, were communicated to the Swiss Extreme Socialists and Bolshevik leaders by Adolf Joffe, Russian soviet ambassador to Germany, and Karl Radek, prominent as a Bolshevik agitator in Germany, from Berlin 15 days before the general strike was declared in Switzerland in September last. The Gazette says.
"Lenine succeeded in introducing Bolshevism into Hungary, but failed in Switzerland, owing to the prompt and energetic measures of the federal authorities, who immediately mobilized the army and expelled foreign Bolsheviki agitators, including two Germans, Rosenberg and Sarovitch, who had been sent, specially from Berlin with false passports," the newspaper declares.

should be no deviation from these principles.

The text of the statement follows: "In view of the capital importance of the questions affected, and in order to throw all possible light upon them, is involved in their settlement, I hope that the following statement will contribute to the final formation of opinion and to a satisfactory solution."

"When Italy entered the war she entered upon the basis of a definite private understanding with Great Britain and France, now known as the pact of London. Since that time the whole face of circumstances has been altered. Many other powers, great and small, have entered the struggle, with no knowledge of that private understanding."

"The Austro-Hungarian Empire, then the enemy of Europe, and at whose expense the pact of London was to be kept in the event of victory, has gone to pieces and no longer exists. Not only that, but the several parts of that empire, it is agreed now by Italy and all her associates, are to be erected into independent states and associated in a league of nations, not with those who were recently our enemies, but with Italy herself, and the powers that stood with Italy in the great war for liberty."

"We are to establish their liberty as well as our own. They are to be among the smaller states whose interests are henceforth to be safeguarded as scrupulously as the interests of the most powerful states. "The war was ended, moreover, by proposing to Germany an armistice and peace, which was founded on certain clearly defined principles which set up a new order of right and justice. Upon these principles the peace with Germany has been received, not only, but formulated. Upon those principles it will be executed."

"Must Apply Given Principles. We cannot ask the great bodies of powers to propose and effect peace with Austria, and establish a new basis of independence and rights in the states which originally constituted the Austro-Hungarian empire, and in the states of the Balkan group on principles of another kind. We must apply the same principles to the settlement of Europe in those quarters that we have applied in the peace with Germany. It was upon the explicit avowal of those principles that the initiative for peace was taken. It is upon them that the whole structure of peace must rest."

"If those principles are to be adhered to, Fiume must serve as the outlet of the commerce, not of Italy but of the land to the north and northeast of that port; Hungary, Bohemia, Rumania, and the states of the new Jugo-Slav group. To assign Fiume to Italy would be to create the feeling that we have deliberately put the port upon which all those countries chiefly depend for access to the Mediterranean in the hands of a power of which it did not form an integral part, and whose sovereignty, if set up there, must inevitably seem foreign, not domestic or identified with the common and industrial life of the regions which the port must serve. It is for that reason, no doubt, that Fiume was not included in the pact of London, but there definitely assigned to the Croats."

"To Make Her Coasts Safe. "And the reason why the line of the pact of London swept about many of the islands of the eastern coast of the Adriatic and around the portion of the Dalmatian coast which lies most open to that sea, was not only that here and there on those islands, there are bodies of people of Italian blood and connection, but also, and no doubt chiefly, because it was felt that it was necessary for Italy to have a foothold amidst the channels of the eastern Adriatic in order that she might make her own coasts safe against the naval aggression of Austria-Hungary."

"But Austria-Hungary no longer exists. It is proposed that the fortifications which the Austrian government constructed there shall be razed and permanently destroyed. "It is part also of the new plan of European order which centres in the league of nations that the new states erected there shall accept a limitation of armaments, which puts aggression out of the question. There can be no fear of the unfair treatment of groups of Italian people there, because adequate guarantees will be given, under international sanction of the equal and equitable treatment of all racial or national minorities."

"Question of New Order. "In brief, every question associated with this settlement was a new aspect—a new aspect given it by the very victory for right for which Italy has made the supreme sacrifice of blood and treasure. Italy, along with the four other great powers, has become one of the chief trustees of the new order which she has played so honorable a part in establishing. "And on the north and northeast her natural frontiers are completely restored, along the whole sweep of the Alps from northwest to southeast, to the very end of the Isthrian Peninsula, including all the great watersheds with which Trieste and Pola and all the fair regions whose face nature has turned towards the great peninsula, upon which the historic life of the Latin people has been worked out thru centuries of famous states, ever since Rome was first set upon her seven hills."

"Her ancient unity is restored. Her lines are extended to the great walls which are her natural defence. It is within her choice to be surrounded by friends; to exhibit to the newly liberated peoples across the Adriatic that noblest quality of greatness, magnanimity, friendly generosity, the preference of justice over interest."

"Urged to Assume Leadership. "The nations associated with her, the nations that know nothing of the pact of London or of any other special understanding that lies at the beginning of this great struggle, and who have made the supreme sacrifice also in the interest, not of national advantage or defence, but of the settled peace of the world, are now united with her other associates in urging her to assume a leadership which cannot be mistaken in the new order of Europe."

"America is Italy's friend. Her people are drawn, millions strong, from Italy's own fair countries. She is linked in blood, as well as in affection, with the Italian people. Such ties can never be broken. And America was privileged, by the generous commission of her associates in the war, to initiate the peace we are about to consummate—to initiate it upon terms which she had herself formulated and in which she was her spokesman. "The compulsion is upon her to square every decision she takes a part in with those principles. She can do nothing else. She trusts Italy, and her trust believes that Italy will ask nothing of her that cannot be made unmistakably consistent with those sacred obligations."

"The interests are not now in question, but the rights of peoples, of states new and old, of liberated peoples and peoples whose liberties have never accounted them worthy of a right; above all the right of the world to peace and to such settlements of interest as shall make peace secure. "These, and these only, are the principles for which America has fought. These, and these only, are the principles upon which she can consent to make peace. Only upon these principles, she hopes and believes, will the people of Italy ask her to make peace."

"The nations that know nothing of the pact of London or of any other special understanding that lies at the beginning of this great struggle, and who have made the supreme sacrifice also in the interest, not of national advantage or defence, but of the settled peace of the world, are now united with her other associates in urging her to assume a leadership which cannot be mistaken in the new order of Europe."

COMMONS IN FIGHT OVER NATIONAL LINE

(Continued From Page 1).

passed. Debate on the bill will be resumed tomorrow. "Give C. N. R. Statement. Hon. J. D. Reid, minister of railways, at the opening of the house this afternoon, in reply to Mr. McKenzie, leader of the opposition, gave some detailed information in regard to the Canadian Northern. The Dominion, he said, Dr. Reid, purchased \$60,000,000 common stock, being the balance outstanding in the Canadian Northern, for \$10,000,000, but did not thereby assume the outstanding liabilities, which remained as debts of the company. The present mileage of the Canadian Northern was 9,524 miles, and all the mileage taken over was operated. The value of the rolling stock was estimated at \$87,573,092."

Mr. McKenzie: How much money have we expended on equipment since the government took over the road? Dr. Reid: We have expended \$22,222,107 on equipment since the government took over the road. This equipment can be used also on the other government roads. Mr. McKenzie asked how much money the minister thought would be necessary for operation and equipment during the current financial year. Dr. Reid: The estimated deficit of the Canadian Northern, after paying all operating expenses and fixed charges for the current year, is \$200,000. The estimated amount required for equipment for the Canadian National Railways for the current year is \$35,000,000. This covers the requirements of the entire government system of railways including the Canadian Government Railway reverts."

Revenue for Year. Dr. Reid added that the revenue for the calendar year, 1918, was \$49,201,955. Operating expenses were \$45,829,451, and net earnings \$3,372,504. The total indebtedness of the Canadian Northern as of December 31, 1918, including funded debt, equipment, securities, land securities, and all liabilities outstanding amounted to \$478,174,432. Mr. McKenzie: What did the government take over and what did they get for their responsibility and liabilities assumed? Dr. Reid: The government purchased the balance of the common stock of the C.N.R., and thereby obtained control of all assets of that system representing 9,524 miles. Mr. D. D. McKenzie, stating that there were at least five constituencies vacant, said he would like to know what steps were being taken by the government to fill the vacancies. Sir Thomas White replied that it was common ground that vacancies should be filled as rapidly as possible, but he thought it was also common ground that vacancies should not be filled until demobilization was complete. He said there were many soldiers still overseas and some of these might be candidates in the next constituency, and all of them should have the right of voting in their ridings. Asks for Legislation. Mr. James Robb, the chief Liberal whip, said that certain legislation had been promised in the speech from the throne, but the session was now two months old, and important legislation had not yet been brought down. Amongst this legislation, he said, were the franchise act, the land settlement scheme for soldiers, vocational and technical education, the housing scheme, and pensions for soldiers and dependents. Sir Thomas White replied that the matter of pensions had been referred at an early date to a committee under the chairmanship of Hon. N. W. Fowler. That committee was prosecuting its work, and had power to bring in its legislation, which would be presented to parliament in the usual way.

Regarding the housing question, Sir Thomas said he had already been brought down and was in the estimates. There was an appropriation in the estimates of \$25,000,000 which would be distributed amongst the provinces in proportion to population. The government had enacted the legislation under the war measures act. No further action by the government was necessary. Settlement Scheme. The soldiers' settlement scheme, he said, was in the hands of the minister of the interior; it would probably be brought down next week. Hon. Rodolphe Lemieux suggested that, as the session has already lasted two months and all the government legislation would occupy three months more, and also as there was to be no election until demobilization was complete, the government should delay the franchise legislation until next session. Sir Thomas White said he did not agree with Mr. Lemieux that the government legislative program would occupy three months. House Division. The house divided on the Hon. A. Meighen fire prevention bill at 4 o'clock. The bill was debated at length yesterday in the committee, and this afternoon it came up for third reading. Immediately Mr. McKenzie, leader of the opposition, seconded by Mr. Tobin, moved the six months' hoist. The house divided as follows: For six months' hoist, 51; against, 69; majority against 18. Sir Sam Hughes and Dr. Sheard voted with the opposition. The bill was then read a third time. Dr. J. E. Fontaine asked the government whether any arrangements had been made with the imperial government regarding the repatriation of Canadian officers, and men of the R. A. F. The minister of militia replied that representations had been made to the British government of the importance of having Canadians serving on the Royal Air Force repatriated as soon as possible. Mr. Jacobs referred to a cable despatch in The New York Times and The Montreal Star, in which it was stated that the government of Rumania professed to be insolvent and the country was on the verge of revolt. Did the government intend to verify these facts and would any modification thereby be caused in the decision of the government with regard to the \$25,000,000 credit for Rumania. Sir Thomas replied that the government was in continuous communication with the prime minister and other representatives of the government overseas. He thought the government had all the facts before it. Bidding Canadian Soldiers at Buxton and other points in England were asked to sign a declaration in which they bound themselves not to make any complaints against the Canadian military authorities overseas. Sir Thomas White: "I think it must be very much of a rumor." Mr. Jacobs brought up the question of cold storage companies. He said that there was 48 per cent. more butter in store than last year. "Is it the intention of the government to do anything towards obtaining the release of this butter for consumption in Canada?" he asked. Hon. C. C. Ballantyne said the government was now building a cold storage warehouse in Montreal. When finished he thought it would meet the situation. The house then took up the third reading of the bill presented by the minister of justice, to amend the criminal code in respect of the offence of fire. In committee yesterday the bill aroused much opposition on the ground that its provisions were too drastic. After a few words this afternoon, Mr. McKenzie, leader of the opposition, seconded by Mr. Tobin, moved the six months' hoist of the bill. Mr. McKenzie's motion was defeated by sixty-nine votes to fifty-one, and the bill was given the third reading.

Sir Sam Hughes and Dr. Sheard voted with the opposition. To Incorporate C. N. R. Co. The bill to incorporate a Canadian National Railway Company then came up for second reading. Mr. Jacques Bureau strongly advised sending this bill to a sub-committee so that representatives of the company could give their views on it. Dr. Reid replied that it was unusual to refer a bill of this nature to the railway committee. Government bills were generally considered in committee of the whole house. This bill was very important, and any person in the house should have an opportunity to speak on it. The bill was given second reading, and the house went into committee on it. Mr. Ernest Lapointe (Kamourask), said the appointment of Mr. Laporte, of Montreal, to all the commissions named by the government was not in accordance with the policy of abolishing patronage. He said that Mr. Laporte was one of the few friends of the government in the province of Quebec. He had "a commission" for Quebec. He thought the directors should be appointed by parliament, the majority to be named by the government, and the minority by the opposition. Unless this was done appointments would be regarded as political.

Hamilton, April 23.—"Butter is fetching such a high price that there is just a possibility that the cheese factories will be against it in the matter of securing stock to open up shop in May," declared a cheese man tonight. Arrangements will be made with local banks to assist in the collection of taxes and water rates, the charges to be two cents per account. During the war time years the banks were short-handed and could not accept tax payments. Hon. George Lynch-Staunton, K.C., will deliver the address of welcome at the returned soldiers' banquet to be given by the Hamilton repatriation committee, being the L.O.O.F. Temple tomorrow night. Edward Bingham, 1 Agnes street, was instantly killed at the Dominion Foundry and Steel Company's plant at noon today when he stepped into the path of a heavy iron girder that was being swung along a runway. The deceased was 56 years of age. After dragging all afternoon and until late this evening, the task of trying to bring to the surface the body of John Lennox, who was reported to have been drowned in the bay opposite Station 16, at noon today, was given up. He was one of Ontario's most prominent liberals, a member of every city club, and a well-known figure in sporting circles, being an ex-president of the Hamilton Rowing Club, and ex-commander of the Hamilton Yacht Club. He was a Mason, and for many years had attended Erskine Presbyterian Church. Journeymen plumbers, steamfitters and bricklayers are reported to have adjusted their difficulties with the bosses. The two former trades have been granted an increase from 55¢ to 60 cents an hour; the bricklayers, effective May 1, an increase from 70 cents to 75 cents an hour.

U. S. CREDITS TO ALLIES. Washington, April 23.—Credits to the allies were announced today by the treasury as follows: France \$50,000,000, and Rumania \$5,000,000, making a total for France to date of \$2,754,877,000, and for Rumania \$25,000,000, and a total for all allies of \$9,188,825,000.

Appalling Conditions Prevail Throughout India 32,000,000 Deaths Estimated Already 150,000,000 People on the Verge of Starvation

Plague and famine are rampant in India. Death stalks through the land taking its toll. The existing conditions are unparalleled elsewhere in the history of the world.

This awful catastrophe is due to plagues and the failure of the crops. There has been no rain since May last and consequently the country is literally burned up by the tropical heat. The poor have eaten all their food and thousands upon thousands are reduced to such a state that they are nothing but living skeletons.

The Indescribable and Ghastly Conditions The cities are peopled by emaciated humanity. Traffic has ceased, mails are undelivered and business is at a standstill. 150,000,000 loyal British subjects go hungry morning, noon and night, while a vast multitude endeavor to maintain life by eating roots, leaves and kernels of old nuts.

Immediate Help Essential Unless the peoples of the world and Governments pour help into India, by immediately cabling relief, millions more British subjects will die and the world will be shocked to know the terrible results of their procrastination and selfishness.

You who have plenty to eat and know not what starvation means—heed the call! Open your purse strings and give liberally for the cause is worthy of your greatest efforts.

Help Them! Who Helped Us! When the Great War sent forth its call to sacrifice, India answered unstintedly. She gave of men and treasure, sending three times as many soldiers to the front as Canada.

This call is addressed personally to you. The dollars you send mean life to many. Don't procrastinate! Send your donations to-day to Donald A. Cameron, Manager of Canadian Bank of Commerce, corner of King and Jordan Streets, Toronto, Hon. Treasurer of the India Famine Relief Committee. Remember! Send them now! The need is so urgent funds will be cabled.

BOLSHEVIKI RETREAT; SIBERIANS PURSUING London, April 23.—A war office communication issued this evening, dealing with the situation on the Russian front, says that from information received from the Russian forces on the Petchora River, it has been learned that the Russians in conjunction with Siberians, have cleared the Bolsheviki from Ust Ishma, and that the Bolsheviki are retreating to the upper reaches of the Ishma River, taking horses and some of the male inhabitants with them. The statement adds that the Siberians are being joined everywhere by the local inhabitants, and that the Siberian commander has been met by a British mission from Archangel. First Poles Reach Warsaw Across German Territory Warsaw, April 23.—The first contingent of the Polish General Haller's army has arrived at Warsaw under the command of General Bernard, in the defence of the Champagne sector of the French front. The troops were enthusiastically welcomed by the authorities and a large gathering of the people. Great preparations are being made for the reception of General Haller when he reaches Warsaw. WINDSOR STRIKE PROBABLE Windsor, Ont., April 23.—The board of conciliation which has been in session for several days, taking testimony in the dispute between the street railway company and its employees, has denied practically every demand of the men. A strike is probable.

BREWING COMPANIES DEFY AUTHORITIES American Companies Will Sell Beer Stronger Than Regulations Allow. New York, April 23.—Notwithstanding the fact that the internal revenue collector's office had declined to sell them revenue stamps for beer containing 2.75 per cent. of alcohol, the Hoffman Brewing Company and the Gambirinus Brewing Company, following the advice of Elihu Root and William D. Guthrie, counsel for the United States Brewers' Association, have begun to distribute beer containing that proportion of alcohol, barrels being labeled as containing a non-intoxicating beverage. The inscription violates the government's decision that non-intoxicating beverages must not contain more than one-half of one per cent. alcohol. According to the advice of counsel, and to avoid seeming to defy government authorities, each barrel is further labeled with an inscription to the effect that "the internal revenue tax imposed by Section 608 of the act of congress of Feb. 24, 1919, of 45 for every barrel containing not more than 21 gallons, has been duly tendered to the collector of internal revenue of the district of —, and upon his refusal to receive the tax and issue the customary stamps the full amount of the tax was deposited to his credit with —, bank, thus keeping the tender good. If an attempt be made to seize this beer, telephone or telegraph to underlined." In the test case in which the Hoffman Brewing Company is the plaintiff, has been brought to restrain the United States district attorney from interfering with the production of 2 3/4 per cent. beer. The government's motion to dismiss the case has been scheduled for argument this week. Meantime, news has come from Washington that the internal revenue bureau has begun the issuance of revenue stamps to the New York brewers for 2 3/4 per cent. beer. The decision is said to have been made upon recommendations of Assistant Attorney-General Frieron.

RUMANIANS PROGRESSING IN HUNGARIAN ADVANCE London, April 23.—According to authoritative information, Reuter's learns the Rumanian advance into Hungary is progressing excellently. Rumania is acting solely under the orders of the allies and purely with the object of stemming the Bolsheviki advance. No permanent occupation of territory is contemplated without the sanction of the peace conference. While the danger of a Bolsheviki attack on Rumania is not entirely removed, it is believed that the position is much improved. The situation in Rumania grows daily brighter. The spirit of the army is magnificent, and the continued arrival of food, equipment and stores is having a good effect. G.W.V.A. INDIGNANT AT HOUSING DELAY

Deputation to Approach Controllers With Demand for Action.

CRISIS PROBABLE

Unless Returned Soldiers With Families Are Properly Provided For.

At an executive meeting of the central branch of the G.W.V.A. yesterday afternoon, indignation concerning Toronto's alleged laxity came to a boiling point, and it was resolved to send a deputation to the board of control to point out the gravity of the situation.

TORONTO ISLAND DELIVERY. Delivery of The Morning World's Hamilton's Island Centre Island, and Ward's Island will resume on May 1st.

"BIG FOUR DRIVE" SURE TO SUCCEED

Objective of Repatriation Campaign Certain of Attainment.

"Surrounded by such a family you need have no fear as to the result." Such is the message contained in a telegram to Sir James Woods, campaign chairman of the "Big Four Drive," from E. R. Wood, who, at the same time accepts the position of honorary treasurer.

"When I received your telegram regarding the forthcoming campaign and read over the names of those who are to take the leadership in it, I felt homesick. Surrounded by such a family, you need have no fear as to the result."

J. M. Godfrey spoke at a largely attended meeting of the Kiwanis Club yesterday in regard to the coming campaign, May 5 to 9, and said that in his opinion it was not necessary to urge the citizens of Toronto to do everything possible to help the returned soldier become re-established in civilian life.

Feeling of Resentment. "So far the lack of policy, or indifference to any policy on the part of the city fathers with respect to the housing question has created the impression that the citizens will have to shift for themselves in this situation, and a feeling of resentment against the apparent negligence of the council to shoulder its local obligations is growing into a spirit of openly expressed hostility. Hundreds of returned men and women are returning daily and adding to the already long list of house hunters, and nothing will do more to create a feeling of restlessness, amounting almost to Bolshevism, than for those war-worn men to return and find that their country has failed to provide the first requisites of a conscientious citizen--a house in which he can comfortably settle with his wife and children."

S. A. CADETS GIVEN THEIR COMMISSIONS

When Pte. Bramwell Welbourne, M.M., who has just arrived with the 3rd Battalion, put in an appearance at the Salvation Army Temple, Albert street, where 34 cadets were commissioned, the large audience cheered for several minutes, and amid beating of drums, the blowing of trumpets and cheer and applause, he was conducted to the platform.

It was a noteworthy innovation in a service which marked the beginning of new careers for 34 young women graduates of the Salvation Army Training College. Col. Frank Bell, who presided in the absence of Commissioner W. J. Richards, who has left for England, said that as this was the year of Canada's full nationhood, the cadets had adopted the slogan "victory."

Cadet Stephenson spoke as the representative of the cadets on the value of the money spent in training. They followed the ceremony when the commissions were granted. To 23, who were being appointed to various corps of the district, Mrs. Commissioner Richards handed the commissions, while to the 11 undertaking women's social work, Mrs. Colonel Bell presented commissions. A point in connection with this service is that the cadets are kept in ignorance of their appointments until they read the papers of appointment given them. The large temple was filled to capacity.

HOLIDAY PROCLAMATION CAUSES CONFUSION

Mayor Church's proclamation declaring yesterday a half holiday in connection with the arrival of the third and fourth Battalions was not generally observed when it became known that the soldiers would not arrive till night and when it was understood the notice had been canceled on that account. It appears, however, that quite a number of places closed down.

Mayor Church, yesterday afternoon, in explanation of the matter, said: "Owing to matters beyond our control, the railways were delayed in bringing the troops in on time, too late to recall the proclamation. It has been our rule not to interfere with trade and commerce by issuing proclamations for public holidays, and this is the first since the war started. A half holiday was due the noble Toronto regiment returning today, and their colleagues, the splendid 4th, for they have done for civilization and for this city and Canada."

TELESCOPES IN WAR.

The regular fortnightly meeting of the Royal Astronomical Society of Canada, Tuesday night, was of more than ordinary interest. Lieut.-Col. H. D. Lockhart Gordon, formerly in command of the 4th Canadian Mounted Rifles Battalion until wounded, addressed the society on the service rendered at the front by the telescopes which the society had supplied to the military authorities, the instruments having been presented to the society and exhibited at the meeting.

MAYOR ON RAILWAYS.

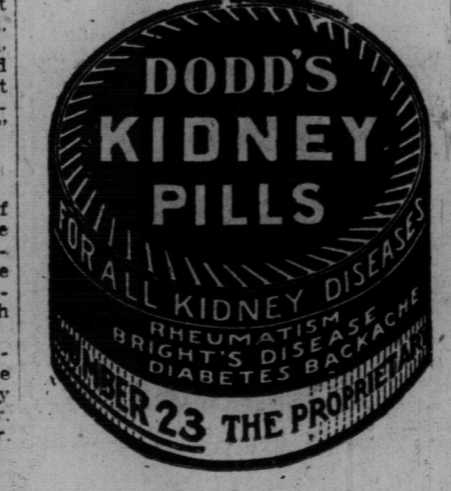

Mayor Church, discussing the question of the operation of government railways, which will come up at a meeting of the Ontario Hydro-Electricity Railway Union, held at Guelph today, remarked: "The government railways should have a proper operating department in charge of a capable head. Politics must be eliminated, or public ownership is doomed to failure. The Hydro is a brilliant example of success of public ownership in which politics plays no part."

TO SPEAK AT McMASTER.

Rev. Dr. John F. Vickert, dean of Coisige University, has accepted the invitation of the governors of McMaster University to preach the baccalaureate sermon. It will be delivered in Bloom Street Baptist Church on Monday evening May 6. McMaster University commencement medals will be held in the "Aethel Memorial Hall" on Wednesday evening, May 7. Hon. H. J. Cody, minister of education, and Rev. Dr. J. L. Gilmour will deliver addresses.

CHAIRMAN FLAVELLE MAKES EXPLANATION

Chairman J. D. Flavelle, of the Ontario License Board, in commenting upon the letter written by Eudo Saunders, solicitor of the board, to the public accounts committee, which recently investigated certain alleged acts of malfeasance on the part of officials appointed to administer the Ontario temperance act, made the following statement: "Under the Ontario temperance act, as it existed at the time of the seizure of the liquor said to have belonged to Tim O'Rourke and another party, there existed no provision which would permit of confiscation of such liquor held in places other than dwelling houses, unless it could be proven that such liquor was being held for sale under section 41 of the act. Provision was made at the time of the seizure of the liquor which made it unlawful to keep liquor in any place other than a house, and empowered the magistrate to confiscate such liquor."

REPORTS EXAGGERATE.

In a wire from Ottawa to his office here, D. B. Hanna, president of Canadian National Railways, declares that the reports of the accident to the C. N. R. passenger train at Elgin yesterday morning have been exaggerated in the press. His wire: "Reports of accident exaggerated by press. No injuries whatever sustained by passengers or employes."

The Toronto World

FOUNDED 1850. A morning newspaper published every day in the year by The World Newspaper Company of Toronto, Limited.

Those Private Cars

The question of "magnate's cars" on passenger trains to the detriment of the public has come up again with increased urgency.

The World was one of the first papers to direct attention to the inconvenience of the public from these cars on regular passenger trains.

But the World regrets more than anything else that our government was not able to take over all the railway systems of this country at the beginning of the war.

For weeks and months our government has been trying to consolidate the Grand Trunk into the National Railways.

Something must be done, and quickly, about the housing situation. The seven or eight aldermen who brought about the rejection of Sir Adam Beck's proposals for relief have an extra obligation upon them to square themselves with irate citizens who were looking to North Toronto as a field of relief.

And then as to the war, while it is over, reconstruction is only beginning, and from now on we need to exercise every economy and saving that tends to efficiency.

A meeting has been held with the object of establishing some form of memorial of the work of the late Dr. Torrington as a musical pioneer in Toronto.

single-handed. As organist of the Metropolitan Church he was able to command the choral forces of the city during an early period of the city's musical history.

Dr. Vogt has signified his desire to co-operate. Dr. Ham and other leading musicians and citizens have agreed to take part in the effort the direction of which has been placed in charge of a committee to select.

Government as a C.P.R. Shareholder. When the government takes possession of the 143,676 shares of C.P.R. stock awarded to it by Justice Dugas as alien enemy property.

Other People's Opinions. The World will gladly print under this heading letters written by our readers, dealing with current topics.

The Promoter's Wife. Neil is angry with Barbara for meddling.

Scientific Biblical Problem of Life Solved. Editor World: Reincarnation as it has been understood and taught is false, but from a correct understanding of the Bible is true and solves the problem of past, present and future life.

SO TO SPEAK

TO WHOM IT MAY CONCERN

BY IDA L. WEBSTER.

For several weeks there has been some woman trotting thru the city impersonating the writer. At first this was rather a joke to us, and we were not annoyed by her kindness.

Regarding the letter which was sent to the mayor, it was of course a rank forgery. And we would now like to make it clear to all whom it may concern, that we never write letters with other than a typewriter.

As for sunning charge accounts it is not exactly in our line, and in future if merchants sell to any woman, and charge the amount in our name, then the result must be upon their heads.

Crippling the Railways.

If the tariff wall between Canada and the United States is broken down and traffic is encouraged to move north and south, what will happen to our east and west transcontinental railways?

TEN TO ONE THEY'RE EDDY'S

When you are all out of matches, and you go to the nearest store for a fresh supply, 10 to 1 there're Eddy's.

The match box on the shelf above the kitchen stove, from which you help yourself so freely—10 to 1 there're Eddy's.

Being an employer of labor, I was put to very much inconvenience as to allowing my employees the half holiday or not.

THE CIVIC HALF HOLIDAY.

Editor World: I would be very kindly indebted to you if you would kindly insert the following in your paper.

Our mayor apparently seems to be very intelligent in proclaiming a civic half holiday for the citizens to welcome our returning heroes of the Third and Fourth Battalions.

If I had given the half holiday I would have disappointed several customers, whom I have rush orders from. Further, I would probably lose their business.

GIRL DISAPPEARS ON WAY TO CHURCH

Introduction to ladies in Guelph, but she did not call upon them at any time on Saturday. No one remembers to have seen her at the Catholic church on Saturday, and when she did not return to lunch and was still missing late in the afternoon the police were communicated with and messages were sent to Toronto to ascertain if any friends there had heard from her. Miss Knowles was known to quite a number of young ladies in Toronto, who had been school friends in the Sacred Heart Convent, Montreal.

THE DAY AT OTTAWA

By TOM KING

Ottawa, April 23.—Leader McKenzie divided the house this afternoon upon his motion to give the six months' hold to a government bill to amend the original act in respect to the prevention of fires. It was, of course, tantamount to a want of confidence motion, and was voted down. The government's majority was 18, and would have been larger except for the fact that Sir Sam Hughes and his party had voted with the opposition.

THE BALANCE OF TODAY'S SITTING

The balance of today's sitting was devoted to a more or less rambling debate in committee on the bill of Hon. J. W. Reid, to bring all the railways now owned or to be hereafter acquired, by the government, under the jurisdiction of a new corporation, in which the government would hold all the stock and appoint the board of directors.

Reid, to bring all the railways now owned or to be hereafter acquired, by the government, under the jurisdiction of a new corporation, in which the government would hold all the stock and appoint the board of directors.

OTHER THEORIES

Whatever the cause of Miss Knowles' disappearance, the most of a week has now passed without her being brought back to the city. There is the further suggestion that being late for church she may have taken a walk along the country road and over a fence into some hospitable farmer's house to be cared for. But the notices in the Guelph papers should have caught the attention of any residents of the vicinity by this time.

Soldier Charged With Motor Theft, Arrested at Burlington

Ptes. Gordon Elliott, W. E. King and Clarence McCarty, of Exhibition camp, were brought back to Toronto last night on charges of theft. Tuesday night they are alleged to have stolen a motor car belonging to L. R. Harris of Elm Grove, and to have driven it to Hamilton, returning to Toronto on a carload of gasoline at Burlington, and the police held them pending the arrival of the detectives.

Limerick Merchants Growing Restive Fate of Strike Hanging in Balance

Limerick, April 23.—The fate of the strike in Limerick hangs in the balance today with the executive of the Irish Labor party conferred with the Limerick strike committee. The conference lasted throughout the entire day. The meeting, which was held in the Mechanics' Institute, continued until nearly 11 o'clock this evening, when the announcement was made to the eagerly waiting crowd that the proposal under discussion was of such importance that a decision on that point could not be reached until Thursday.

BARROW'S WORLD CHAMPIONS PILE UP A CRICKET SCORE

Babe Ruth Poles Out a Homer First Time Up--Senators Down Mackmen in Thirteen Innings--White Sox Open Bag of Hits.

At Detroit (American League)—Detroit v. Cleveland; postponed; rain.

At New York—Before the biggest crowd that ever saw an American League opening in this city, the Boston world champions defeated New York yesterday by an overwhelming score of 19 to 0. Ruth, Boston's sensational slugger, started the champs off to victory in the first inning, batting a home run with Hooper on base. There was an element of luck to the hit, as it took a high bounce over Lewis' shoulder. McGraw pitched fairly well after that until the ninth, when Boston hit him all over the field, which, aided by Beckenbaugh's errors, enabled them to pile up six runs. Mays held New York at his mercy through the game, permitting only four hits and striking out eight. Schang hit three doubles and a single in five times up. The score: R. H. E. Boston 19 0 0 0 0 1—13 4 0. New York 0 0 0 0 0 0—0 0 1. Batteries—Mays and Schang; McGraw and Hannah.

At Washington—Washington and Philadelphia battled thirteen innings before a crowd of more than 15,000 in the opening game of the season here yesterday. Washington winning, 11 to 0, the game was a pitching duel between Johnson and Perry. Agnew, formerly of Boston Americans, making his first appearance as the local team, saved the day for the winning run in the thirteenth, when he hit safely. Meeky, running for him, was advanced on Johnson's sacrifice and scored on successive singles by Judge and Foster. Score: R. H. E. Philadelphia 11 0 0 0 0 0—11 7 1. Batteries—Perry and Perkins; Johnson and Agnew.

At St. Louis—Pounding four pitchers for a total of 31 hits, Chicago yesterday opened the American League campaign with a 13-to-4 victory over St. Louis. The usual flag-raising ceremonies preceded the game, and Col. Geo. K. Hunter, commander at Jefferson Barracks, tossed out the first ball. Score: R. H. E. Chicago 13 0 0 0 0 1—13 2 1. St. Louis 4 0 0 0 0 1—4 10 4. Batteries—C. Williams and Schalk; Koob, Davenport, Rogers, Lefield and Billings.

NORTH OXFORD BASEBALL LEAGUE.
Woodstock, Ont., April 23.—The annual meeting of the North Oxford Baseball League was held at Hickson last night. The following clubs were represented and will have teams in the league: Kintore, Hickson, Innerkip, Plattville, Ontario Philletic, Hamilton, and Woodstock. For receiving entries was extended to May 1. A meeting was held at Hickson on May 6 to arrange the schedule and make changes in the playing rules. It is expected Thamesford will enter a team. The election of officers resulted as follows: Hon. president, E. W. Nesbitt, M.P.; president, W. H. Dunlop, Kintore; vice-president, H. S. Lovell, Hickson; secretary-treasurer, A. L. Hamilton, Embury.

COLLEGE PITCHER FOR HUGH JENNINGS' CREW.
New York, April 23.—Frank Talcott, star pitcher of Yale University baseball team last year, signed a contract today with the Detroit Americans. He will report immediately at Detroit.

Utah United will play Earl Grey School grounds, Jones avenue, one block south of Danforth avenue, kick off 7 o'clock. Players are requested to be on hand at 3:45 p.m. sharp. Pitchers' members and friends kindly note that last evening and dance of season will be held in Euclid avenue Orange Hall on Friday evening.

Secret of Walter Johnson's Speed

WALTER JOHNSON—Owner of the smoke ball better last year than any time in his career. At Boston—The Brooklyn club made it three straight victories by defeating Boston 5 to 1 at Braves' field. Boston was unable to hit Grimes when men were on bases. Fillings pitched well for Boston, allowing Brooklyn but one run in eight innings. He was taken out in the eighth to allow a pinch hitter to bat for him. Nehf, Ragan, who worked in the ninth for the Braves, were given rapped support, and hit hard, and Brooklyn scored five runs. Score: R. H. E. Brooklyn 5 0 0 0 0 0—5 8 2. Boston 1 0 0 0 0 0—1 10 4. Batteries—Grimes and Miller; Fillings, Nehf, Ragan and Wilson.

At Philadelphia—Philadelphia out-batted New York in the opening game yesterday, but poor all-around work by Jacobs, and Bald's errors, gave the visitors the game, 10 to 4. The fourth inning, with the bases filled, Jacobs forced over a run by giving Burns a base on balls, then committed a balk, allowing another run to score. In the fifth Jacobs made three bases on a long drive, but was out for falling to touch second. New York hit safely in every inning, Kauff and Doyle hitting home runs over the right field wall. Score: R. H. E. Philadelphia 10 0 2 1 0 1—10 15 3. Batteries—Barnes and McCarty; Jacobs and Adams.

Balmy Beach Win Lawn Bowlers' Fivepin Title

The second season of the Lawn Bowlers' Fivepin League came to a close at Karry's alleys, when the Balmy Beach and Thistle Clubs played off for the championship. The Balmy Beach won two out of three series, had two chances, and it was necessary to play two games—total pins to count—the Thistles won the first. A great struggle ensued and some grand bowling done by both teams. In the third frame of the second game, the sand-pipers from the beach came to life with a vengeance and few home runs over the right field wall. Thistles was high roller for the evening with 1254 pins for the six frames, closely followed by T. Simpson of Balmy with 1258. Other high scores were Walter Armstrong of Thistles, 1225, and Bert Hutchinson of Balmy 1215. Lloyd Smith practically clinched the championship for Balmy by spilling the pins in the last frame for a 393 count. Valuable prizes will be presented to the winners at a dinner to be held next week. Total score, Thistles, 1549; Balmy Beach, 1541.

Phillies' Poor Defensive Work—Three Straight for the Dodgers.

At Chicago (National League)—Chicago v. Pittsburg postponed; rain.

At Cincinnati—Wildness of St. Louis' left-hand pitchers, May and Shovel, enabled Cincinnati to win the opening game of the season before more than 25,000 fans here yesterday. May was exceedingly effective, but gave seven bases on balls. Shovel relieved him in the seventh and walked four men in the eighth, forcing in two runs and putting the local team in the lead. Meadows then went in, and three more runs were scored on a hit by Neale and a wild pitch. Ruether pitched well, except in the fourth, when he passed the first two men up. Laque and Eller did not allow a hit in the last two innings. Both teams played errorless ball, and there were four fast double plays. Score: R. H. E. Cincinnati 3 0 0 0 0 0—3 4 0. St. Louis 0 0 0 0 0 1—1 10 4. Batteries—May, Shovel, Meadows and Snyder; Ruether, Laque, Eller and Rariden, Allen.

At Boston—The Brooklyn club made it three straight victories by defeating Boston 5 to 1 at Braves' field. Boston was unable to hit Grimes when men were on bases. Fillings pitched well for Boston, allowing Brooklyn but one run in eight innings. He was taken out in the eighth to allow a pinch hitter to bat for him. Nehf, Ragan, who worked in the ninth for the Braves, were given rapped support, and hit hard, and Brooklyn scored five runs. Score: R. H. E. Brooklyn 5 0 0 0 0 0—5 8 2. Boston 1 0 0 0 0 0—1 10 4. AMATEUR BASEBALL

The first annual meeting of the Ontario Baseball Amateur Association will be held at Canada Post, Hall 22, College street, on Saturday afternoon at three o'clock (daylight saving time). Delegates are expected from Hamilton, Kitchener, Brantford, Oshawa, Guelph, Peterboro, Lindsay, Central Ontario League and the Inter-County League. Numerous amendments to the constitution have been received, which will doubtless create a great deal of discussion. The election of officers will be held and a number of new faces will be found on the executive.

GOOD CLOUTING IN EXHIBITION GAME

Leafs Defeat Collegians Handily and Get in Good Workout.

A raw east wind swept over the ball field at the Island Stadium yesterday, but in spite of this handicap, Manager Gibson went thru with the usual stunts, and wound up the afternoon's work with an eight-inning game against a team from St. Michaels College. Mooney lent the collegians his Bayonne Boosters, in Alchele and Quinn, but they failed to hold the Leaf representatives. Alchele yielded three runs in his four innings on the mound for the Saints, and Quinn was touched up for six runs. Hansen started for the Leafs, and St. Michaels' only two runs of the practice game were shored over in the first inning.

The Leafs paid attention to getting the infield machine into shape, and as the game went on things lined up into pretty defense work. The whole inner circle put life into the game, and the Leafs was working in mid-season form. Anderson and Purcell also turned in some pretty tricks, and Eddie Onslow is the best first-sacker in the league. Whiteinan, Holden and Breckenridge are fast rounding into shape, and Manager Gibson is not worrying about the outer garden. Three better fly-chasers would be hard to find, and they cut in with their base hits with regularity. There is plenty of pitching material, and with the addition of a catcher, Mooney Gibson need not be ashamed of his hopes when they step out on the field at Newark next Wednesday for the opening dash.

Manager Gibson believes in ball games to round out his boys. The Pittsburg game, taken three straight games from Buffalo last night, the Leafs some very useful work last week. The colored players carried off the first heat and battled all the way in the second. They are coming back on Friday and Saturday, and will be given a bonus if they make it three out of four for the Leafs. Gibson's pitchers will be given their final grooming in these two games. They will be ordered out to burn them over and pay attention to getting control for the league race.

The 3rd Battalion team will play the Leafs on Monday, and then Gibson and his talent will leave for Newark on Tuesday for the league opening.

Pitcher Fred Herbe returned from Buffalo last night. He is still weak, but expects to be able to do his share at the practice.

Lieut. Herbie Dale was busy looking up his 3rd Battalion team. The team to play the Leafs on Monday will find every position filled by a man who served in France. The receipts will be turned over to one of the military hospitals.

President McCaffery announced last night that Catcher Bill Haefner, of Philadelphia, has been secured and he will report here on Friday. Haefner has been employed by one of the big American baseball teams, has passed the semi-pro stuff on Saturdays and Sundays. He has worked with the Philadelphia Americans three years ago, when Schang was injured.

Phelan Wins Three; Evens the Series

Harry Phelan, showing a decided reversal in form, and playing a careful, steady, placing game, took three straight games from his old rival, Downing, and evened up the series. The first game was a great battle to the tenth inning, when Phelan broke away and won easily. The second game, Phelan held his opponent safe all the way. The third was the real game of the day, going twenty-three innings. Downing seemed to have the game tucked away when Phelan, by beautiful playing, ran in twelve points, taking the lead, and was never headed. Official: Referee, Mr. Bissonette; scorer, Mr. Mack.

The final three games will be played Friday, with the same officials. The results of the three games are as follows: —First Game—Phelan 130 201 000 511 16—21. "I Do Not Know Just What Is The Matter But I Seem To Be Losing My Grip"

"WELL, I know. You have been worrying too much until you have got your nervous system all run down."

"I could not help that. I guess you would worry, too, if you had all the troubles I have had."

"Perhaps. But I think I have learned a lesson. Worrying does not get you anywhere."

"Well, what am I to do?"

"If you will take my advice you will use Dr. Chase's Nerve Food. That is what got my nervous system right when I had that breakdown a couple of years ago, and I have been talking it up ever since."

"How will it benefit me?"

"It will restore vigor to your nervous system. The trouble is now that your nerve force is at such a low ebb that your vital organs are slow and weak in action. You do not get the good of the food you eat, and for this reason you have no chance of gaining strength and vitality."

"But how long will I have to take this treatment?"

"If you could take a rest it would help, some, but mark my words you will not be using the Nerve Food more than a week or two before you begin to see the benefits, and then you will not need me to encourage you in its use."

"I think I will follow your advice, for judging from what you say the Nerve Food is exactly what I need."

"You will not be sorry, for I have recommended it to scores of men in just such condition as you are to-day, and I know just what it will do."

"Thank you, old man, I only hope it will give me such energy and vitality as you have."

"It certainly will if you give it a fair chance."

COMMONS COMMITTEE AMENDS RAILWAY ACT

Reinserts Clause Giving Railway Board Jurisdiction in Certain Cases.

Ottawa, April 23.—A question of the possibility of serious infringement of provincial rights was cleared this morning by the special committee of the commons, which is dealing with the new consolidated railway act. The difficulty arises out of the action of the senate in striking out of the bill a clause containing the general provision that when a railway operating under a provincial charter is taken over by a company with a federal franchise, it comes immediately under the jurisdiction of the railway board.

Mr. Carvell declared the clause should be adopted. He believed that any road which becomes a part of a general railway system should come under the jurisdiction of the railway board.

Motion Carries. The motion that the clause should be reinserted in the bill was then adopted on a vote of 12 to 2. Mr. Lemieux and Mr. Casgrain were the members of the committee who voted "nay."

Mr. Butler, assistant city solicitor, Montreal, urged the adoption of an

TO CONSIDER FUTURE OF CANADIAN MILITIA

Special Federal Committee Will Recommend Course for Canada.

Ottawa, April 23.—A special committee is being appointed by the militia department to consider and report on the future of the Canadian militia. General Sir William Otter will be chairman and other members will include a large representation of officers from overseas, when available, officers of old militia units, and the permanent and non-permanent forces.

The problem to be dealt with on the one hand is to preserve the identity of overseas units, and at the same time to maintain the traditions of the militia units. The commission will visit different centres and recommend as to what of the old system will be perpetuated and what will go to the wall.

ALGOQUIN PARK.

The Algonquin Provincial Park of Ontario (200 feet above sea level) is a region of expansive lakes, abounding with the gamies of fish, of hurrying streams, primeval forests of pine, spruce and fir, where almost every species of Canadian fauna roams in freedom—everything in fact that is dear to the heart of the lover of outdoor life. Splendid hotel and log cabin camps, operated by the Grand Trunk Railway. A charming place to spend a summer holiday. For handsome illustrated booklet write or call on C. E. RUSSIANS AMBUSHED BY CORPS OF "REDS"

By W. E. Playfair. Krasnoyarsk, Siberia (via Vladivostok), April 22.—Fighting proceeds daily east here in the vicinity of Talshe and Yurd, with a corps of Bolsheviks endeavoring to cut the railway line. The enemy ambushed a force of 200 Russians last Thursday, and but eighty men returned to their base.

The trails leading to the Bolshevik villages are commanded by machine-gun nests, and the Russians cannot advance in the deep snow thru the woods. The railway line is strongly held by Serbs and Croats with field guns.

Owing to the heavy weather and deep snow the military situation may not be cleared up until summer.

SOCIETY

Conducted by Mrs. Edmund Phillips.

His Excellency Sir Conyngham Green and Lady Green arrived in town last night from Tokio, Japan, and are the guests of His Honor the Lieutenant-Governor and Lady Hendrie at Government House, who are giving a small dinner tonight in honor of their guests.

The marriage took place very quietly (on account of the recent death of Mrs. groom's father, just night at the residence of the bride's parents, Craiglatch, Preston, of Judy, eldest daughter of Mr. and Mrs. Arthur Fringle, a granddaughter of the late Judge Juchereau Kingmill, and niece of Admiral Sir Charles Kingmill, to Mr. Finley McGibbon, Vancouver, son of the late Mr. and Mrs. Charles McGibbon, Penetanguishene. The house was most artistically decorated with flowers. The ceremony was performed by the Rev. J. Herbert, the lovely bride, who was given away by her father, wore a frock of white georgette crepe draped with antique blonde lace, which had been worn by her great-grandmother. Her veil was trimmed with the same beautiful lace and crowned with orange blossoms, and she carried a shower of white roses and sweet peas and wore the groom's gift, a diamond ring set in platinum. She was attended by her sister, Miss Constance Fringle, in a pink frock and a bouquet of pink sweet peas. Mr. Archer McGibbon, brother of the groom, was his best man. Only the immediate relations of the bride and groom were present. Mrs. Fringle received after the ceremony wearing black satin and chantilly lace. Miss Joan Fringle was in a pale blue frock. Mr. and Mrs. McGibbon motored to Hamilton, there taking the train for Atlantic City and New York, the bride traveling in grey, with hat to match, and of their return will visit Toronto and Penetanguishene, en route to their future home in Vancouver. The bride is a sister of the groom, from Penetanguishene, was present at the wedding. Mr. McGibbon has lately returned from three years overseas.

Capt. and Mrs. J. E. Robinson returned from England yesterday and are staying with Dr. and Mrs. MacMahon, St. George street.

The annual dinner of the St. George's Society, interrupted by the war, took place with much success last night at the Prince George.

The third dance of the Skating Club takes place tonight at the King Edward, with many reservations for tables in the ball room.

Mr. and Mrs. S. H. Thompson are living in Warren road with Mr. Henry Winnett. Mr. and Mrs. Winnett Thompson returned yesterday from their wedding trip which they spent at the Prince George until their house is ready for them.

Mrs. Charles Sheard is in Toronto and will return to Ottawa shortly. J. W. Terence Sheard, lieutenant, who has recently spent a short leave on the Riviera, has rejoined his battery in Belgium.

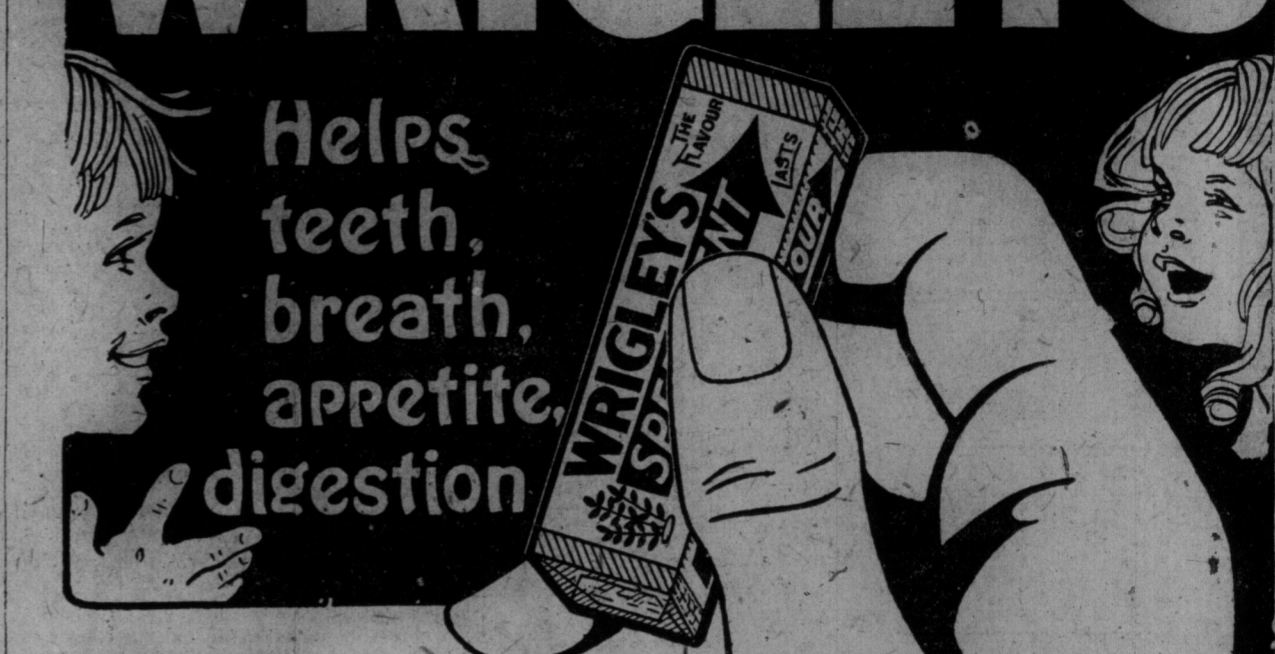

Mrs. Taylor, Mrs. Gale and Mrs. H. H. Miller are leaving for Atlantic City.

A very large audience greeted the Paulist Choir last night at Mass St. Hall. Mr. Arthur George being most enthusiastically welcomed home.

The marriage took place very quietly by early yesterday morning at the Church of St. Cecilia, West Toronto, the Rev. Father Treacy celebrating the nuptial mass, of Francis Carl Heintzman, 78th Battalion, the youngest son of Mrs. Charles T. Heintzman, 95 Evelyn Crescent, to Olive Loraine, daughter of Mr. and Mrs. Albert Benness, 3 Park road. The pretty bride, who was given away by her father, wore a very becoming tailor-made suit of sand color, and a small straw hat with crepe brim to match with French flowers, roses and forget-me-not and a Lucille fox scarf. She carried a bouquet of pink roses and sweet peas and wore the groom's gift, a diamond and platinum ring. Miss Thekla Benness, was her sister's attendant and wore a frock of pale green silk, a leghorn hat with black velvet and carried a bouquet of roses and sweet peas. The groom's present to her was a cameo pendant and chain. Mr. H. A. Allan Heintzman was his brother's best man. Mr. and Mrs. Heintzman will spend the summer at their cottage at Bala, Muskoka, where they are spending the honeymoon. The bride traveled in a navy blue tailored-made suit trimmed with soutache, and hat to match. Mr. Heintzman is a grandson of the late Mr. Theodore Heintzman, and went overseas as a lieutenant with the original 3rd Battalion. During the signing of the register after the ceremony Mrs. Hewson Ottawa, sang the Ave Maria.

The Rose Society of Ontario has arranged with the city to plant and maintain a civic rose garden to be used as a testing ground in demonstrating the roses best suited to the soil and climatic conditions, the idea

of the society being to encourage the cultivation of roses in Toronto. Col. Sutherland Brown, C.B., D.S.O., is in town from Ottawa to welcome the men of the Third and Fourth Battalions. Col. William Bishop, V.C., and an Bishop have returned from the United States. Mr. and Mrs. Heaven have been visiting their daughter, Mrs. Morley Verity, in Brantford. Mrs. Denzil Walker is staying with Mr. and Mrs. A. H. Walker, Roxborough street. Captain Eric Osborne and Mrs. Osborne (formerly Miss Lorna Murray) have arrived from overseas, where the latter did very strenuous work for the last three years in England. The wedding took place on Tuesday morning at nine o'clock at Holy Family Church, Parkdale, Rev. Father Coyle officiating, of Helen May, the youngest daughter of Mrs. Richards, 170 Jameson avenue, to Dr. John J. Hurley, Bathurst street. The bride, who was given away by her brother-in-law, Mr. J. O. Lapante, Peterboro, looked very pretty in an Havana, brown tailor-made with hat to match, and carried a bouquet of sweetheart roses. Miss Ethel Richards was bridesmaid and wore midnight blue with hat to match and carried Kilbarney roses. Dr. Norman Regan supported the groom. Miss Q'Donoghue playing the organ. After a wedding breakfast, at which only the immediate families were present, Dr. and Mrs. Hurley left for New York and Atlantic City, and on their return will live at 2 Wells street. Mr. and Mrs. Francis Nelson have returned from a two months visit to Hot Springs, Arkansas, where Mr. Nelson has been, for the fourth year.

PURITY - QUALITY - ECONOMY. With the increased cost of labor and materials due to war conditions, it is not reasonable to suppose that a really first class baking powder can be made and sold at the old prices. Rather than sacrifice the quality of MAGIC BAKING POWDER we found it necessary to make slight increases in price during the war period. Even though Magic Baking Powder may cost a few cents more than the ordinary kinds it is still by far the most economical baking powder on the market to-day when purity, strength and leavening qualities are taken into consideration. Contains No Alum Made in Canada

Economical Purity. In your soap, purity is not only desirable, but its an absolute necessity if you want your clothes to last. Sunlight Soap. washes clothes beautifully clean—fresh as new—without the external wear and tear of the wash board. LEVER BROTHERS LIMITED TORONTO

"OPEN DIPLOMACY" AGAIN WROCKED OUT

Provision Made for Secret Session on Arrival of German Delegates.

Paris, April 23.—The first of President Wilson's fourteen points, for open diplomacy, is again being put to the test in the arrangements for the probable arrival of the German delegation on April 28, postpones the opening session from Friday to Monday. An excuse for this is provided for, with no admission to the meeting or within the building in which the session is held. A pavilion in the neighboring garden will provide accommodations for the press. The American correspondents are to hold a meeting to consider a protest to the American delegation concerning the secrecy of the proceedings.

President Wilson's plans for his departure have not been changed since he formed the determination to leave about May 20. It is his purpose to await the signing of the treaty and personally attach his signature as senior American plenipotentiary. The final draft of the treaty is proceeding with difficulty, owing to the vast magnitude of the task and the great number of topics partially concluded. The force working on the draft has been doubled and the government printing facilities have been largely augmented.

PLAYS, PICTURES AND MUSIC.

"Chu Chin Chow." After more than a year of preliminary announcements lauding "Chu Chin Chow" to the skies, that famous musical extravaganza of the Orient will be seen all next week, commencing Monday evening at the Royal Alexandra Theatre, with matinees on Wednesday and Saturday, under the management of William Elliott, F. Ray Comstock and Morris Gess.

This Big London and New York musical success is a story of ancient Baghdad, written by Oscar Asche, with music by Frederick Norton, and staged by E. Lyall Swain. "Chu Chin Chow" is now in the third year of its London success, and comes to Toronto with a record of an entire year at the Century Theatre, New York. The same cast arrived in London, and all of which were made in London, are exact duplicates of the originals.

T.C.C. Minstrels Tonight. Beginning this (Thursday) evening the T.C.C. Minstrels will be seen for the rest of the week at the Princess Theatre with a matinee Saturday afternoon. This is the fifth annual show of the Minstrels, which is firmly entrenched in the affection of local theatregoers. Amusing features abound in the well arranged program, in which the Minstrels perform in 100 in the chorus, take part. Many new features will be introduced, while the songs and music are of an especially high quality.

PAULIST CHOIR EXCELS ITSELF

Father Finn's Chorists Repeatedly Encored at Massey Hall.

Father Finn's Paulist Chorists cannot be done justice by an ordinary notice. It would take columns of analysis and appreciation to characterize all the excellencies, all the distinction, all the art, all the mastery and achievement that attend the performance of such a program as delighted the audience which filled Massey Hall last night. Father Finn is generous, but gave his chorists no rest, so many encoroes did he tender to the eager audience. There was little difference in the applause as between solos and choruses, and the unflinching excellence of the singing in every number left little room for discrimination. What struck one most in the singing of the National Anthem at the start was the rich quality of the contraltos, full and deep-toned and golden. A Russian car followed, in which the ethereal voices of the boy sopranos in the upper register were remarkable for utter purity of tone. Claron clear, they rang out in the middle register, and in the concluding "All Hail" the bell-like chiming which pealed out from the full choir was perfect in its power and thrill. The entire program was a masterpiece of dramatic art, the choir introduced further virtues to the audience. In the "The Last Rose" the choir was enchanting, and transitions from double forte to pianissimo were faultless as the shadow flight of a cloud.

TORONTO ENGLISH HONOR ST. GEORGE

Society's Banquet at Prince George Celebrates Victory.

Englishmen in Toronto celebrated St. George's Day with justifiable pride. Over four years of stern, sacrificial war has proved again that England's story cannot fade. At their annual dinner, which was held in abeyance since the war began, the members of St. George's Society, in the Prince George Hotel last night, honored "the day" with an enthusiasm which could well be understood in the light of England's patriotism, the grim doggedness of her sons and old-time ability to pull thru on the right side of the scales which were cited by James Nicholson as to the percentage of Englishmen in the army and navy was ample reparation to people who have harbored the idea that England was not bearing her fair share of the war. Sir Frederick Stupart, the president, was in the chair, and among those present were: Mayor Charles McCullough, Brigadier-General McCullough, Brigadier-General Gunn, Sir Henry Pellatt, Canon Plummer and others. James Nicholson, who proposed "The day and all who honor it," 89 per cent were English-born, nearly ten per cent, Scotch, four per cent, from gallant little Wales, and owing to the fact that 88 per cent in all. The other 14 per cent came from the Dominion and overseas. Some of the Dominion boys were English-born. Sometimes it had been said that England was winning the war, but that was a false banner and a foul calumny, as the figures showed. He also declared that men in the navy 88 per cent were English born.

"DANDERINE" FOR FALLING HAIR

Stop dandruff and double beauty of your hair for few cents. Dandruff causes a feverish irritation of the scalp, the hair roots thicken, loosen and then the hair comes out fast. To stop falling hair at once and get the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug store for a few cents, pour a little in your hand and rub it into the scalp. After several applications the hair stops coming out and you can't find any dandruff. Your hair appears soft, glossy and twice as thick and abundant. Try it!

STILL DRAGGING FOR MISS BUTWELL'S BODY

TORONTO MARKET MORE ANIMATED

Spanish River, Cannery, Brazilian and Steamships Preferred Are Prominent.

Brisk buying of Spanish River, Dominion Cannery, Brazilian and Canada steamship preferred indicated a good deal of animation into the Toronto market yesterday, the broad active trading in New York and Montreal being a factor in creating bullish sentiment locally.

Nearly 8,000 shares changed hands, the largest lots in some instances, and practically all the stocks traded in closed with more or less substantial gains.

The movement in Spanish River reflected the return in this issue in Montreal. The turnover here was 750 shares, the largest in the list, the price recording a net gain of half a point, at 19 1/2.

Dominion Cannery continued the activity of the previous day, and extended its advance a point, to 39. The dividend possibilities of this stock are receiving a good deal of attention.

Cannery preferred was active, but closed at a striking advance of 3/4, to 87, scoring the top Brazilian made a high for the movement at 45 1/2.

Cannery preferred was active, but closed at a striking advance of 3/4, to 87, scoring the top Brazilian made a high for the movement at 45 1/2.

The movement in Spanish River reflected the return in this issue in Montreal. The turnover here was 750 shares, the largest in the list, the price recording a net gain of half a point, at 19 1/2.

Dominion Cannery continued the activity of the previous day, and extended its advance a point, to 39. The dividend possibilities of this stock are receiving a good deal of attention.

Cannery preferred was active, but closed at a striking advance of 3/4, to 87, scoring the top Brazilian made a high for the movement at 45 1/2.

BRAZILIAN PROMINENT IN MONTREAL MARKET

National Breweries Common Scores an Advance of Five Points.

Montreal, April 23.—Trading on the local exchange today footed up the best total of the year, but with the bulk of the interest again centering in a few issues only.

Total transactions in listed stocks were about a thousand above Tuesday's.

Leading in activity was Brazilian, with a turn-over of 1,400 shares, buying of which advanced the price a fraction to 55.

National Breweries common, with a turn-over of 1,000 shares, came next in activity. In the case of this issue, the demand found offering lighter, and the close at 7 1/4 was a net gain of five points.

In the unrelated department 4,430 shares of North American Pulp were traded, and the price advanced 1 1/2 points to 7 1/2.

Among the lesser active stocks were Iron, Laurin, Steamship, preferred, Power, Riorion and Steel of Canada, and in each case buying exceeded selling.

Iron sold to the number of 835 shares, and the close at 61 was marked up 1/4. Riorion added 2 1/2 points at 121; Laurin, 2 points at 20 1/2.

Power, 1 1/2 points at 91 1/2; Steamships preferred, 1/2 point at 80 1/2, and Steel of Canada, 1/2 point at 80 1/2.

Total business for the day, with comparisons for the corresponding day a year ago:

STEEL LEADS ACTIVE MARKET

Heavy Profit-Taking in Final Hour Largely Reduces Gains, However.

New York, April 23.—Factors which contributed measurably to the strength and activity of yesterday's stock market, notably the confident buying of rails, were operative again today, reinforced by a keen inquiry for other popular shares, particularly steel, copper and numerous equipments.

U. S. Steel was the central feature, asserting its former leadership on the Canadian frontiers at an extreme gain of 2 1/2 points, to 103, the yielding all but a large fraction in the extensive profit-taking of the last hour.

Buying of steel, credited largely to powerful interests, was the more interesting in view of next week's meeting of the directors to act on the dividend, and because of the uncertain state of that industry as a whole.

Affiliated shares joined in the advance at gross gains of one to four points, but these too were relinquished for the most part as the closing hour approached.

The rise in rails was again marked up 1/2 to 1c and extra No. 2 Canadian western at 102, the yielding all but a large fraction in the extensive profit-taking of the last hour.

Aside from Royal Dutch, oils were uncertain, with shipments and motors and their accessories, but metals were unusually active and strong.

Nickel being the only noteworthy exception. Sales amounted to 1,700,000, which sets a high-water mark for the year to date.

Bonds, including Liberty issues, were firm, but featureless. Total sales, par value, aggregated \$11,875,000.

MONTREAL PRODUCE MARKET. Montreal, April 23.—The tone of the local grain market was stronger, and prices for oats were marked up 1/2 to 1c and barley 1c, but this didn't tend to increase the demand for any source for supplies and business was dull with sales of odd cars of Ontario No. 2 barley at \$1.24, extra No. 3 at \$1.22, No. 3 at \$1.21.

No. 4 at \$1.20, Canadian western at \$1.22 and sample grades at \$1.10, No. 3 Canadian western oats, 87 1/2c. No. 3 feed at \$2 1/2c, No. 2 feed at 74c, and Ontario No. 3 white at \$2 3/4 per bushel extra.

Oats, extra No. 1 feed, 84 1/2c. Spring wheat, new std. grade, \$11.00 to \$11.10.

Barley—Bar 30 lbs., \$3.75 to \$4.00. Bran—\$4.00 to \$4.50. Shorts—\$4.50 to \$4.75.

Hay—No. 2, per ton, car lots, \$29.00. Cheese—Fines, eastern, 2 1/2c to 2 1/2c. Butter—Choice, creamery, 93c to 94c. Eggs—Fresh, 40c to 40c.

Potatoes—Per bag, car lots, \$1.80 to \$2.25. Dressed hogs—Abattoir killed, \$22.50 to \$23.00.

Pre-d—Pure, wood pails, 20 lbs. net, \$31.00.

PRICE OF SILVER. New York, April 23.—Bar silver 101 1/2c. London, April 23.—Bar silver 48 1/2d.

At Simpson's---Civilian Clothing of Quality for Returned Soldiers

Civilian clothes are rapidly replacing khaki uniforms. The returned boys find that they have developed broader shoulders, bigger chests and slimmer waists, so that the suits they discarded to don the khaki will not fit. They want suits of quality at a price which will not dissipate their pay checks. To the boys who are here, and the thousands who will soon be here, THE SIMPSON MEN'S STORE extends a cordial invitation.

- Suits at \$20.00**
Developed in dark brown and black "Bannockburn" effect tweed. Single-breasted, three-button conservative sack model. Sizes 36 to 44—\$20.00.
