HAMILTON, Jan. 29.—(Special.)—Chisholm, solicitor acting for the Sun Life, has issued a writ against the Conservative Club for \$382 rent in arrears.

To settle points of law, the temperance people of Saltfleet have decided to go on with their appeal against the validity of the local option bylaw, and have instructed George S. Kerr, K.C., to make application at Osgoode Hall for an injunction restraining Judge Smith from giving his decision quashing the bylaw.

John Thornton, 283 York-st., who is accused of pointing a loaded revolver, was arrested this afternoon.

William Plour, John Kirby and Alex. Thompson pleaded guilty this morning to stealing brass and were remanded until Friday for sentence. Daniel McEwen was committed for trial.

The banquet in connection with the Scottish Rite re-union will be held Thursday evening.

Street Railway's Plans.
Col. J. M. Gibson has promised to tell the city what the Street Railway Company's plans are, and to make the city a proponent in about two weeks. The city wants an entirely new system, with a good roadbed and up-to-date cars, and it also wants an extension of the system.

The police commissioners told Chief to-day to have his plans for a new division of the city into two police districts ready to be considered about Feb. 17. The change will mean promotion for several members of the force. The chief was asked to make a report on the health of Sergeant-Major Prentice, whose leave of absence has expired, and on Constable Canary. Constables H. Smith, P. Brannan and James Barley hall, and Sergeant James Barley, third deskman for No. 3 police station, will be appointed.

Hunted Him to Hospital.
J. Wile, a man suffering from small-pox in a mild form, walked into the board of health office at the city hall yesterday. He was hustled off to the isolation hospital.

A. L. Garthwaite, soloist at Wesley Church, and George Allen, soloist at St. Paul's Church, have resigned.

RADIAL ENTERS CITY BY MEANS OF TUNNEL

City Reaches Agreement With Col. Gibson for Entrance of Hamilton Cars.

As the result of a conference with Col. J. M. Gibson of the Hamilton Radial Company in the mayor's office yesterday, the board of control agreed not to oppose further the bill now before the Dominion Parliament. This decision was the direct outcome of a promise that the electric road would not cross any street on the level, and that, without the consent of the city, only two stops would be made between the present western city limits and the eastern city limits.

This appears to mean that the radial must come into Toronto via a tunnel and proceed underground to its destination near the city hall, entering the city at High Park, north of the G. E. R. tracks, and parallel the tracks to Roncesvalles-avenue, where there would be a station. The subway would then extend northeast a few hundred yards and run parallel with Queen-st. to the central station, which may be located near the head of John-street.

The city-solicitor says that the charter given the Toronto and Hamilton Electric Railway two years ago gives it the right to enter the city on a private right of way, but with no restriction as to crossing over or under streets.

Col. Gibson said the company, despite the expense, was prepared to come all the way underground.

The agreement is not to affect the stand the members of parliament for the city may take on the question of provincial rights when the question of jurisdiction comes up in parliament.

WILL MARRY ANYWAY.

Despite Archbishop's Order Prohibiting Mixed Marriages.

MONTREAL, Jan. 28.—All efforts to give Archbishop Bruchési to give a dispensation and allow mixed marriages between a Catholic lady and a Protestant gentleman, both of whom are very prominent in Montreal society, have failed, and a decision has been reached to go out to one of the neighboring dioceses in order that the ceremony may be performed by a priest. Under ordinary circumstances, a dispensation would also be required for this, but the late archbishop's decision of some property in the neighboring diocese and this gives him the right to have the marriage take place.

La Grippe Epidemic

La Grippe has Toronto, in fact the whole province, in its clutches again. Every one knows this dreaded disease is the forerunner of pneumonia and consumption, which carry away more people yearly than the Spanish-American war did. A good recipe which acts quickly and is safe in every case, is as follows:—

One half ounce of Fluid Extract Licorice;
One ounce of Compound Syrup of White Pine;
One ounce of Glycerine;
One ounce of Tar-Oil.

These ingredients can be procured at any drug store, and by adding three ounces of boiled water you have the mixture in right proportions to take a desiccating every two or three hours. This mixture is harmless, but sure.

AT THE THEATRES

That a great player does not suffer by comparison with an excellent company is evidenced by the cast provided by Harrison Grey Fluke to support the eminent English-speaking actress, Kathie, in "Marta of the Lowlands." An exceptionally strong company includes such best known young leading men; Hardee Kirkland and Bernard Cavanaugh. The engagement commences at 8 o'clock on Friday and Saturday, with a popular-priced matinee on Saturday. "Marta of the Lowlands" is a play, with tuneful music, new comedy, and a large chorus of beautiful girls, excellently staged.

"Pischating Flora" will attract a large audience to-night. The theatre-going public, when Toronto theatre-goers will have their first opportunity to see the latest New York Broadway musical comedy, "Pischating Flora," commencing at 8 o'clock on Friday and Saturday, with a popular-priced matinee on Saturday. "Pischating Flora" is a play, with tuneful music, new comedy, and a large chorus of beautiful girls, excellently staged.

Would Speak Award.
Horatio Wrayce, an employee of Gurnea's, Toronto, was thrown from a horse, killed by the C.P.R. Hamilton express at Swanesa, on the evening of Oct. 2, 1906. Wrayce's widow, Mrs. Wrayce, has sued the company, claiming \$8000 damages, and recovered a verdict for \$4600. The widow of Wrayce, who has two children, \$2000 each. The company has carried the case to the court of appeal, which yesterday reserved judgment. The court allowed the appeal, set aside the judgment and ordered a new trial.

Will Get New Trial.
William H. Curtis of Niagara-on-the-Lake was a brakeman on the Michigan Central Railway Jan. 29, 1907. While on duty he was thrown between the tender and the first car of the train, receiving injuries necessitating the amputation of his right leg. At the trial his action for \$5000 damages was dismissed with costs. Curtis appealed to the divisional court. Yesterday the court allowed the appeal, set aside the judgment and ordered a new trial.

Need Not Give Security.
H. H. Vancutsem and E. H. Rose, defendants in the action brought by Edward E. Gledhill against the Canadian Exploration Company for arrears of salary and damages, moved before Judge Gledhill to have security for costs. The master dismissed the motion.

In single court, before Chief Justice Falconbridge, an injunction was obtained in the action of Hylands against the Symphony Orchestra, and John Martin from paying the balance of commission due by Martin to Hyland and from the sale of certain mining property.

An Improper Act.
Chief Justice Mulock yesterday dismissed a temporary injunction granted to the Hamilton Cataract Power Company by Judge Snider, who had been appointed to the position of judge, but had refused one. The chief justice, commenting on the company's second application, termed it "most improper."

Case Settled.
On the advice of the master-in-ordinary, a settlement was made yesterday of the action brought by Mrs. Cummings against Mrs. Jane Doel. Mrs. Cummings was selling to Mrs. Doel some houses in the Junction, and a dispute arose as to who should pay for hot water heating put in by Mrs. Doel. George Cummings was brought down from the Central Prison under guard to give evidence.

AT THE CITY HALL

Arrangements to Look After Charitable Work in Districts.

At a conference between the board of control and the Associated Charities in the mayor's office yesterday afternoon, it was agreed that the city should be divided into three districts for systematic dispensing of charity, so that the Salvation Army, St. Vincent de Paul and House of Industry might be enabled to co-operate with greater effectiveness. It is hoped that in this way the overlapping may be reduced.

The city will make a grant to aid the work.

"Synthetic consideration" was the promise given by the board of control yesterday to a deputation of representatives of St. Michael's, Grace and Western Hospitals, which were yesterday to urge once more that the city grant each of them \$50,000 for extension and improvements.

Dr. John Ferguson, for the Western, said the money would be expended on a building for poor and city or patients. Hugh Kelly, on behalf of St. Michael's, said that institution would have to borrow money for extensions unless the city aided. E. R. Wood said Grace Hospital had acquired land upon which to build.

A deputation from East Toronto, including Mayor McMillan, Councillors Lynde and Baker, asked once again that the city consider annexation. One condition made was that there should be no licenses in the lower part of the town.

Controller Spencer peculiarly remarked that Toronto had no licenses to spare and that if the municipality were admitted it would have to come in dry.

The usual consideration was promised.

The 15 jail guards, whose salary is \$675, are asking the city for an increase.

BIBLE CLASS ORGANIZATION.

Two Conferences for Adults Are Opened and Suggestions Made.

The International Sunday School Association special conference for adult Bible-class workers opened in the Metropolitan Church yesterday with an attendance of about fifty.

The morning conference was led by W. C. Pearce of Chicago, superintendent of the adult department of the association. The questions discussed were the advantages of class organization and steps in the organization. In the afternoon papers on the duties of the different officers of Bible classes were read by Frank Yeigh, Frederick M. Harris, W. E. Dyer and Dr. Charles J. Copp.

Mixed classes, said Mr. Pearce, were not successful. Men of all sorts could be united in one class, but with the women came ideas of social distinction. One church he knew of had attracted men to the church by putting in spittoons for the convenience of the men.

In the schoolroom of Charities Presbyterian Church last night 200 people gathered. Miss Content Patterson, a teacher of a large women's class in Chicago, and Marshall A. Hudson of Syracuse, the founder of the Barre Bible class, were the speakers. "How a Women's Class Grew" was Miss Patterson's subject, and she gave five principles of organization, prayer, studying and work. Mrs. Hudson in telling of how a men's class grew said that the secret of success was system and definite methods of work.

The conference continues to-day.

Political Science Addresses.
Under the auspices of the Political Science Club of Toronto University on Friday afternoon at 4 o'clock, in room 9, University College, Miss Keys and H. H. Davis will deliver addresses on post-graduate work in political science. A cordial invitation is extended to all interested to attend.

BEAUTY PATTERN CO.

5992—A Charming Model. A most attractive development of this design may be carried out in pale yellow crepe de chine, or any of the soft, supple fabrics. A fitted lining supports the waist, which may be made either high or low neck, and with full length or short puff sleeves. The graceful sleeve cap and bertha combined presents an especially novel and pretty feature. It is shown in heavy all-over lace, strapped across the front with black velvet ribbon. Embroidered mousseline, net, marquisette or the chiffon veils will all make up stylishly. For 36 inches bust measure 4-1/2 yards of 27-inch material will be required.

BOY AN OPIUM FIEND HAD IT SINCE DADY

Inmate of Industrial School Cried and Begged for Drug—Gradually Weaned.

A striking instance of youthful addiction to the opium habit was given by Supt. Chas. Ferrier of the Mimico Industrial School at a meeting of the trustees yesterday afternoon.

The superintendent added that the younger cried and begged for the drug on arrival, and that it was seen he could not be dealt with by denying him absolutely. The method resorted to by the physician in attendance was to gradually decrease the allowance until it had been stopped altogether.

A statement was submitted showing that the total outlay for the institution during December was \$38,906, of which \$78,50 was for salaries, and \$27,446 for maintenance. The new skating rink had cost \$3400, of which about \$3000 had been privately contributed. There are 219 boys on the rolls at the institution.

It was reported that there are 65 girls in attendance at Queen Alexandra School for Girls and that financially and otherwise the school is on a firm footing.

WANT TECHNICAL SCHOOL. Near Spadina Avenue and Centre of Schooling Population.

A deputation representing the board of trade and the C.M.A. waited on the education committee of the board of education yesterday afternoon in regard to the changing of the technical school to its present site.

The deputation recommended that instead of the recently purchased site on West Bloor-street, three acres be erected somewhere in the locality of Spadina-avenue and Bloor-street.

Among those who spoke were: R. C. Steele, J. Morley Wickett and G. A. Howells.

Mr. Steele, as representative of the board of trade, stated that the eastern side would be an ideal one for a high-class commercial school but that it was too far from the centre of the city for a technical school.

He objected on account of the noise, that the school should be situated in close proximity to street cars. The western site would be cheaper.

Mr. Wickett for the C.M.A. was of the opinion that Spadina-avenue was more central to the school-going population, and could be easily reached by this class.

The committee will take the matter into consideration. Apparently the committee were almost unanimous that the Spadina site was preferable.

COLLISION IN THE YARDS. Train Crews Disregarded Signals and There Was a Smashup.

An engineer on a C. P. R. shunting engine did not pay the proper attention to a semaphore set against him just east of Bathurst-street, and the result was a collision with G. T. R. Soo express just coming into the station yesterday.

The pilot and buffer head of each engine were smashed, the damage amounting to \$150. W. H. Farrell, superintendent of terminals for the G. T. R., and Terminal Superintendent McNeally of the C. P. R., investigated the accident in the afternoon.

At the time of the accident Dr. Rordian and several other medical men were summoned to the scene, but were not required. All trains going west had to go out on the freight track until 10 o'clock.

Sale of Square Pianos of Well-Known Makers. There has come to Heintzman & Co., Limited, 115-117 King-street west, Toronto, in exchange, a number of square pianos, of such well-known makers as Chickering, Steinway and Weber, which will be cleared out before stock-taking.

Copeland-Chatterton Case Still On. The \$15,000 damage suit brought by Joseph Meyers against the Copeland-Chatterton Company goes on again today before Justice Clute in the jury session without a jury.

His lordship suggested an agreement, and the counsel adjourned to a private room, but after an hour's deliberation they were unable to arbitrate.

Porter's Wage Action Falls. In the non-jury session yesterday, W. R. Evans entered action against Alex Orr, the proprietor of the Brunswick Hotel at Wingham, to recover \$172.88 as porter in the hotel for sixty-eight days.

Witnesses swore that Evans never did any work, but played checkers. His son paid his board. The action was dismissed.

Lady Teachers Will Get \$500. The first year female teachers in the public schools will have their salary raised from \$400 to \$500 per year, according to the decision arrived at by a secret meeting of the finance committee of the board of education yesterday. Nothing definite was decided in regard to the other classes of teachers who are after increases.

EXTRA POLICEMEN GUARD AGAINST SUFFRAGETTES—THE KING'S SPEECH FROM THE THRONE.

LONDON, Jan. 29.—That most rare event of a London winter, a clear and sunny day, favored the royal procession to Westminster to-day, where King Edward opened parliament with the same ceremonies that have been observed for centuries.

King Edward and Queen Alexandra rode from Buckingham Palace to the house of parliament in a guided-coach of state, drawn by eight white horses. They were attended by the officials of their households in other state carriages and on horseback. The procession was brilliant and beautiful; only the lead maysor's show rivals this royal parade.

A thousand officials, including peers, members of the house of commons, bishops and diplomats, all dressed as ever possible, in robes of state, filled the chamber of the lords when a fanfare of trumpets at 2 o'clock announced the entry of the state procession.

King Edward read the speech from the throne. Queen Alexandra was seated on his right at his right, the Prince and Princess of Wales were on his majesty's left, and he was surrounded by a group of six officers.

He feared the Suffragettes. The menace of an outbreak on the part of the women suffragists of England and the possibility of a riot, were not anticipated that the women would disturb the King, they threatened to make things most interesting for the members of the houses of parliament, particularly in the speech from the throne. Greater precautions could not have been taken if an anarchist uprising had been feared.

When the royal procession was returning to Buckingham Palace, three well-dressed women suffragists broke thru the military cordon and made their way to the King's carriage. They were waving strips of paper bearing the words: "Votes for women." These papers were immediately taken from their hands by the police. One of the women fainted, and the other two were removed by force.

Premier Sir Henry Campbell-Bannerman, whose health is still feeble, was the only cabinet minister absent when King Edward ascended the throne.

His majesty in his speech referred to the visit of the German Emperor, which, if it could not fail to confirm the friendly relations existing between the two powers; to the death of King Oscar of Sweden; to the conclusion of the Russian agreement. Acting in the spirit of this agreement, in spite of the complications in Persia, the two governments had maintained a policy of peace. Continuing, his majesty said:

"My government have joined with the governments of France, Germany and Russia, in a treaty for the preservation of the integrity of the Kingdom of Norway, and in a treaty which will be published in due course."

Referring to the peace conference held at The Hague last summer, the King said: "The various instruments annexed to the final act of that conference show that the peace conference has been a success. They are receiving the attentive consideration of my government. One of the most important of these instruments is the convention which settles the great principle of an international court of appeal in prize cases. My government are considering the question of inviting representatives of the leading maritime nations to attend a conference in London in the course of next autumn, with a view of coming to an understanding on certain important points of international law for the settlement of disputes."

Questions For Diplomacy. "The condition of the Christian and Mussulman populations in the Macedonian vilayets shows improvement. The bands of different nationalities continue to pursue a campaign of violence, and the situation gives serious cause for anxiety. The great powers of Europe have agreed to present to the Turkish Government a scheme for the improvement of the vilayets in that region, and my government have made further proposals to the sultan, and also to the great powers, for dealing effectually with the principal causes of this disturbance."

"My government are all fully aware of the great anxiety felt with regard to the treatment of the native population in the Congo Independent State. Their sole desire is to see the governing of that state humanely administered in accordance with the spirit of the Berlin Act, and I trust that the negotiations now proceeding between the sovereign of the Congo State and the Belgian Government will secure this object."

Negotiations are being conducted with the government of the United States for an agreement to refer to the international court of arbitration at The Hague, the questions pending between the two governments which relate to the Newfoundland fisheries. It is hoped that by this friendly procedure a long-standing source of difficulty may be satisfactorily removed.

Agreement upon the respective governments. "His majesty made reference to the people and the British officers there were facing the situation with courage and hope in the Newfoundland fisheries. In the supplementary speech to the house of commons, his majesty announced the bill that are to be brought in. These are the Licensing and Education Acts of England and Wales, a bill regulating the hours of labor of the coal mines, a bill for the housing of

AN ATROCIOUS MURDER. BAYONNE, N. J., Jan. 29.—With a rope around his neck and both hands tied behind his back with a strap, the body of a man was found hanging to-day from the limb of a tree in an isolated spot on West 39th-street, near the Newark River. The body has not yet been identified. The manner in which his hands were tied makes it appear that he was the victim of a peculiarly atrocious murder. The man was about 45 years of age and apparently was a laborer.

Men Go Back. The machinists, who a couple of weeks ago quit work rather than accept a 15 per cent. reduction in wages, have gone back at the reduced scale.

NOTE AND COMMENT

This is glorious weather for the brithers of the beam, who are vigorously taking advantage of the situation. Tankard groups and District Cup games are being played in every corner of the province, and right royally are all the games enjoyed.

George Stallings will be back again in the Eastern League next year as a real owner. It is supposed that he has purchased the Buffalo franchise for \$40,000.

Baseball sharps who remember the Brotherhood war in 1892 are probably interested in the Pullman controversy just now, if only because of the attitude of James H. O'Rourke.

Paul Santelle, who played third base the greater part of last season for Jersey City, has been named as the first player, who was unopposed with his team-mates, which fact is a credit to the "Dago," but his transfer to third base will leave the club in need of some more fire-side games at least.

The name of Controller Ward, a loyal supporter of all many sport, was inadvertently omitted from the list of members of the committee selected to conduct the annual boxing championships in Massey Hall.

Hamilton is taking Tom Coley from the East-Canadians, but owing to the C. A. A.'s three months' rule, he must represent the local club for some time yet.

THE CASE FOR A SHIP BOUNTY.

Canada, with coast lines on the world's greatest oceans and lake system, ought to rank high for the extent and quality of her mercantile marine. Many vessels ought to fly the Dominion flag and not merely be owned by Canadians but built in Canadian shipyards.

Canadian shipbuilders on the lakes have admittedly a double grievance, not easily demonstrable that it can be gained. In the first place complaint is made that under the provisions of the Imperial Merchant Shipping Acts, British-built ships enter Canada free of duty and enjoy on the inland waterways of the Dominion the same privileges as Canadian vessels.

The second ground of complaint arises from the fact that ships discarded from the United States lake service are frequently purchased by Canadian buyers. These vessels are, to begin with, usually unfit for use without extensive repairs, whose cost often amounts to more than the purchase price.

These grievances have been officially admitted to be real, but nothing has yet been done by way of remedy. It is said that the terms of the Imperial Shipping Acts will not permit of the imposition of a duty on ships of British build, and if that is so, Canadian builders contend that they have established an unanswerable case for the institution of a bounty system that will place them on terms of equality with British yards.

AUSTRALIAN PROSPERITY.

Australia appears to have more than recovered from the effects of the prolonged drought which entailed such heavy losses, and greatly disturbed the business conditions. According to the Australian Review of Reviews, surpluses are the order of the day throughout the commonwealth.

posed to exempt from income tax all income derived from personal exertions up to \$5000. This will relieve 21,000 persons. Enlarged revenues are also reported from Queensland, and Western Australia has raised its commerce to \$75,000,000 per annum, an increase in ten years of 50 per cent.

The Australian newspapers continue to discuss Asiatic immigration, and while recognizing the difficulties and embarrassments of the imperial government insist upon the maintenance of a white Australia. England is plainly told, once and for all, that whatever cost the commonwealth will determine adhered to the white ideal.

BRITISH PARLIAMENT OPENS.

King's weather favored the ceremonial opening of the British parliament yesterday and the segment was marked only by the appearance of three suffragette demonstrators, who managed, notwithstanding the extraordinary police precautions, to break the police cordon.

As the program of business is both lengthy and important, not much room is left for discussion of constitutional reform—indeed, it is most unlikely that even with liberal use of the new system of "agitating in advance," more than a fraction of the government bills will become laws.

with the completest confidence that the directors of the Dominion Bank met the Shareholders in annual session yesterday. The profits for the year, as shown by the statement, were \$65,235.31, an increase of \$5,575.15 on those of the previous year, which at the last annual meeting were accepted as a most excellent result.

The year of 1907, which was the year of the bank's 10th anniversary, was a year of unusual success. The Profit and Loss Account in detail shows profits for the year of \$65,235.31, brought forward from last year, \$28,738.37; premium on new stock, \$63,456.87, a total of \$1,297,490.71. Out of this the bank has paid dividends (four quarterly payments of 3 per cent), \$420,883.23; \$56.37 has been transferred to the Reserve Fund and the balance of \$811.71 has been carried forward to the credit of the Profit and Loss Account.

The Director's Report following the meeting occurs: "In view of the financial stringency which prevailed throughout the world in 1907, and the unsettled monetary conditions existing in the United States, it has been necessary to exercise unusual caution and prudence in the management of the bank's affairs."

DAYS WERE NOT SPENT IN FIELDS

George Taylor Defends Canada's Monetary Institutions in Dominion House.

OTTAWA, Jan. 29.—(Special.)—Canadian banks and Canadian banking law came in for an animated overhauling in the house this afternoon. The discussion arose on a motion by Mr. Foster for the correspondence relating to the proposal of the government last autumn to help the banks financially to facilitate the movement of the western grain crop. The introduction of the banking system as a topic of discussion was quite incidental.

The Secretary read the report of the Directors to the Shareholders and submitted the Annual Statement of the affairs of the Bank, which is as follows: To the Shareholders: The Directors beg to present the following Statement of the result of the business of the Bank for the year ending 31st December, 1907.

Table with financial data: Balance of Profit and Loss Account, 31st December, 1907: \$28,798 33. Premium received on new Capital Stock: 107,978 20. Profits for the year ending 31st December, 1907, after deducting charges of management, etc., and making provision for bad and doubtful debts: 636,235 51.

RESERVE FUND. Balance at credit of account, 31st December, 1907: \$3,900,000 00. Transferred from Profit and Loss Account: 938,456 87. Total: \$4,838,456 87.

In view of the financial stringency which prevailed throughout the world in 1907, and the unsettled monetary conditions existing in the United States, it has been necessary to exercise unusual caution and prudence in administering the affairs of the Bank.

During the past year it was considered advisable to establish Branches of the Bank at the following points: In the Province of Ontario, at Berlin, Hamilton, Ottawa, and at the corner of Queen and Victoria-streets, Toronto; in the Province of Quebec, at the corner of Bleury and St. Catherine-streets, Montreal; in the Province of Alberta at Strathcona; and at Vancouver, British Columbia.

The opening of our Vancouver office not only marks our entrance into British Columbia, but completes a chain of Branches at all important centres from Montreal to the Pacific Coast, including the Capitale of the Western Provinces.

The Report was adopted. The thanks of the Shareholders were tendered to the President, Vice-President and Directors for their services during the year, and to the General Manager and other Officers of the Bank for the efficient performance of their respective duties.

General Statement of LIABILITIES. Notes in Circulation: \$2,913,298 00. Deposits not bearing interest: \$4,460,297 60. Deposits bearing interest (including interest accrued to date): 29,781,858 12. Total: 37,245,453 72.

ASSETS. Special Reserve Fund: \$1,146,474 77. Dominion Government Demand Notes: 4,536,579 00. Deposit with Dominion Government for Security of Note Circulation: 150,000 00. Notes and Cheques on other Banks: 1,494,997 02. Balances due from other Banks elsewhere than in Canada and the United Kingdom: 824,940 77.

Toronto, 31st December, 1907. C. A. BOGERT, General Manager.

The Stocktaking Sale Ends To-Morrow Night Adams Office Furniture at Cost Prices--Some of It Less

This is not an ordinary reduction sale by any means, but a determined effort to lighten our stock-taking burdens before Friday night by generously cutting the prices on all odd pieces and discontinued lines of Office Furniture in our big store.

Some instances of the low pricing: Roll Top Desks, Flat Top Desks, Standing Desks, Typewriter Desks.

A host of other desks, chairs, office tables, typewriter desks, stools, hat and coat racks, etc., many of them only one of a kind, upon which we are quoting remarkably low prices in the Stocktaking Sale.

Macey Filing Cabinets 10 Per Cent. Off All Macey Lines

During the stock-taking sale all "Macey" Filing Cabinets and Supplies can be bought from us at a discount of 10 per cent. from regular prices.

BABES STARVE TO DEATH AGED FOLKS IN POVERTY

Pitiful Stories of Distress From "The Ward" Which Should Arouse City's Sympathy. Affliction from poverty of a kind almost unbelievable, yet too true, are made public by the gallant little band of workers of the Toronto Nursing-Home Mission.

Miss Cook, Bible woman of the mission, who has for the past twenty years carried sunshine and cheer into many a distressed home in "the ward," states that because of the privations which mothers have had to endure during the past few months fully ONE HUNDRED BABES HAVE BEEN STARVED TO DEATH since the first of the year.

MARKET PRICES WEAKEN AFTER EARLY STRENGTH

Wall Street Shows Weakness After First Hour—Toronto Exchange Dull and Easier.

World Office, Wednesday Evening, Jan. 29. Trading sentiment on the Toronto Exchange was not favorable to prices to-day. Immediate and distant were quiet. Profits and losses had more influence on the price of some specialties than anything else.

Wall Street Pointers.

Moderate demand for stocks in loan crowd. London settlement concludes to-morrow.

Iowa Central earnings December, net decrease \$17,945, and for six months increased \$18,949.

The banks of Denmark and Sweden have lowered their official discount rates from 7 to 6 1/2 per cent.

New York City within two weeks will issue new \$40,000,000 long term 4 1/2 per cent. bonds for subways and aqueducts.

Announced Russian international loan at \$83,000,000 at 4 per cent. authorized.

PHILADELPHIA. The Reading Co. has ordered a shutdown of all its mines on Friday and Saturday of this week.

BENTON, Ark. The People's Bank of Benton, Ark., was closed Tuesday by order of J. K. Bell, the president. The bank is capitalized at \$50,000.

Bank of Oklahoma closed. The Alva Bank of Commerce, Okla., reported \$10,000, but been closed and the cashier is missing.

The principal buying in Union Pacific this morning was by Harriman, Keech, Loew and Savin. Among the sellers were McDonald, Winslow and R. H. Phelan and Co.

Joseph says: It does not take much of a good eye to see that liquidation is in the air. The more the more that sporadic attacks will not be made by professionals, but it will be more profitable to take advantage of moderate necessities to buy upon than it will be to sell for turns, except on sharp rallies.

News of the next few days will help the bulls. The Aitch Currency Bill in its amended form will be reported to the senate to-morrow. Speedy if not swift action will follow. Results will be good. Alleged disappointing Steel outlook may cause temporary moderate setback. Specialties: Buy Union Pacific, holding for 130. Bull Interiors, B.T.R. 4 1/2.

Bullish tendency continues modified in aggressive rally today because of partial elimination of shortage. Specialization ought to be more pronounced now in the event further betterment is contemplated. We would be extremely cautious in following up prices. If the stock we find offering just above removed, extension of improvement is likely, but not otherwise just now. A bull tip is still noted on B.T.R. and one on Utah Copper. Removal of offerings in Reading at the close would permit a sharp turn, but not otherwise. Steels may be sold on the report, but are likely to be supported to some extent.—Financial News.

On Wall Street. Charles Head & Co. to R. R. Bondgard: After a firm and slightly stronger opening, the market reacted, and during the early transactions developed an uncertain tone and considerable irregularity, followed later by a dull and easy speculation. After the noon hour the traders tried to break prices on the report that the president would send a vicent special message to congress, attacking the Standard Oil Company and the stock exchange, and proposing new labor laws to take the place of those declared unconstitutional. The rally received small encouragement, however, and the bears found little stock for sale.

COUNTY COUNCIL RETURN TO PRODUCE CHARGES

Many Matters of Wide Moment Discussed by Members—Big Budget of County News.

TORONTO JUNCTION, Jan. 29.—The twenty-third annual meeting of the congregation of Victoria Presbyterian Church was held to-night, Peter Ellis, chairman of the board of managers, presiding. The acting secretary was William Wylie. Except for the financial support of Rev. Dr. Buchanan, the congregation's missionary in India, in the fund for whose support there was a deficit of \$100, the reports show that each department has made rapid strides and progressed all along the line during the past year.

According to the report of the session there were 28 new members received into the church, making the present membership 74. Also the session recommended the appointment of a committee to investigate the question of some school taxes which the committee maintain is referred to the township clerk, W. A. Clark, for adjustment.

This morning the school trustees inspected the Dufferin-street school and the school on the corner of Dufferin and the street. Before their presence was known they sounded the fire alarm and the six rooms within the school were evacuated. The trustees, however, were not altogether satisfied with the school. Improvements in the fire drill and also gave instructions as to the better behavior of the pupils to and from school.

For the general purposes of the congregation \$426 was raised, out of which \$192 was transferred to the building fund, leaving a balance on hand of \$234.

All reports presented showed marked progress. The work of the Sunday school, with the splendidly equipped rooms, promises to be a most important department of church work.

SENATE WOULD LIVE ON ENLARGE ITS ACTIVITY

Representation of Maritime Provinces Should Be Preserved, Thinks Senator Davis.

OTTAWA, Jan. 29.—(Special.)—The senate again discussed methods of reforming itself. Senator T. G. Davis said that having had experience in both chambers, he could say that work was better done in the senate than in the commons. There was no great feeling in the country favoring abolition, but there was a feeling in favor of reform. Manitoba had recently given a demonstration of the need of a second chamber. If there had been a second chamber in Manitoba the telephone deal, which saddled the province with a charge of three or four millions, would not have gone thru without the people having an opportunity to express an opinion.

WELLAND CANAL GRAIN TRAFFIC.

REPORTS OF GRAIN TRADE ON THE WELLAND CANAL FOR THE PAST YEAR HAVE JUST BEEN COMPILED. BECAUSE THE CANAL IS ONLY 14 FEET DEEP, VESSELS WERE FORCED TO LIGHTER AT PORT COLBORNE LAST YEAR 1,869,135 BUSHELS OF GRAIN, WHICH IS 175,637 BUSHELS MORE THAN WAS LIGHTERED THE YEAR PREVIOUS. OF THE AMOUNT LIGHTERED, 1,300,000 WAS RELOADED AGAIN AT PORT DALHOUSIE. RECEIPTS OF GRAIN FOR DOMESTIC USE FELL OFF FROM 393,374 TO 258,840.

General Hutton Retires.

LT-GEN. SIR E. T. HUTTON, K.C., M.G., who was in command of the Canadian militia from 1898 to 1900, leaving here in the latter year for active service in the South African campaign, has retired from the army after rather more than 40 years' service.

Eat Cats and Dogs.

STOCKHOLM, Jan. 29.—Serious famine conditions are prevalent in the iron mining district of Northern Lapland. According to a despatch to Daress Nyheter from Kiruna the inhabitants in the parishes of Kiruna and Umea have been driven to the extreme of slaughtering dogs and cats for food to prevent starving to death.

Found Frozen to Death.

ROCHESTER, Jan. 29.—Michael McElroy, a stevedore at the plant of the Leroy Hydraulic Electric Co., was found frozen to death this morning by two boys.

TO FIGHT WHITE PLAGUE.

Movement on Foot in County of Lanark.

SMITH'S FALLS, Jan. 29.—(Special.)—A movement is on foot through the County of Lanark to prevent the spread of consumption in Eastern Ontario. A meeting was lately held at Carleton Place to consider the question of forming an association, the aim of which was the prevention and cure of the disease. It was decided to call a convention to which the different municipalities in Lanark, Renfrew and Carleton counties will be asked to send representatives.
