CONTINUED EFFORT

The Temperance Federation Will Hold Public Meetings--An Effort to Secure a Temperance Club Room to be Open Every Evening for Men

At a meeting of the Temperance Federation in a committee room in the rear of Union Hall, Main street, last evening, it was decided to hold a public temperance meeting in Union Hall on Thursday evening next week, and a strong committee was appointed to make the arrangements.

A committee was also appointed to consider a report on the practicability of opening up a club or place of meeting for men, in some hall centrally located, to be kept open every evening, for the purpose of affording the men on the street a place of entertainment, and an opportunity to sign the pledge if he desired to do so, and to lend a hand for the uplifting of the man who is down, or in danger of going down the wrong, intemperance way.

MAINE IS DISCOURAGED

OVER SARDINE OUTLOOK

MACHIAS, Me., Dec. 5.—A decrease of one half from the season of 1904 is shown in the total receipts from the sardine and herring season of 1905 which has just closed.

The reason for this heavy shrinkage is said to be due to the low market price for domestic sardines and to the scarcity of herring in American waters.

Comparatively few of the factories have been operated this year and discouragement is felt over next season's outlook.

The importance of the sardine and herring industry is shown by the fact that in 1904 when Washington and Hancock counties, the centre of the business, raised about \$5,155,000.

The industry is now in a state of discouragement.

SECOND EDITION

AWFUL FATE OF CAPTAIN OF SCHOER. EMMA A. HARVEY WRECKED NEAR DIGBY

DIGBY, N. S., Dec. 5.—(Special).—The American tug schooner Emma A. Harvey struck at Sloan's Cove, eight miles east of Digby Gut at 6.30 last night and immediately went to pieces. Her captain and crew, all ready frost bitten, were washed overboard and, with the exception of one seaman, whose body cannot be found, got ashore safely and are in the woods here. The master, Captain Berry, became exhausted and was frozen to death before aid could reach him. The second mate finally found the remainder of the crew were cared for.

POLICE COURT RECEIPTS HEAVY

During the Month of November the Receipts From Fines Aggregated \$532.

There is a decided difference in the receipts of the police court for November, 1906 as compared with November, 1905. During the latter month the receipts were \$40 and during November, 1906, they aggregated \$532. It is perhaps fair to remark that \$100 of the \$532 is the fine imposed upon Jas. McCarthy in reference to the customs case, and whether the city will hold the fine or it shall go to the Dominion office will be decided by the supreme court on November 15th.

**HERKIMER JURY SAYS GILLETTE IS MURDERER OF HIS SWEETHEART**  
After Being Out Five Hours They Agreed Upon This Verdict ---Prisoner Will be Sentenced Tomorrow Morning---End of a Sensational Trial.

Grace Brown. Chester Gillette.

Herkimer, N. Y., Dec. 4.—The jury in the trial of Chester E. Gillette, for the murder of his sweetheart, Grace Brown, at Big Moose Lake, on July 11 last, tonight returned a verdict of guilty of murder in the first degree.  
Sentence will be pronounced on Thursday morning, to which time court adjourned after the jury had reported. Former Senator Mills, Gillette's counsel, before adjournment, announced that when court reconvened at 10 o'clock Thursday morning, that he would move for the verdict to be set aside.  
The jury, which had deliberated for five hours, sent word at 11 o'clock that a verdict had been reached. A moment later they filed into the court room, and at 11:15 o'clock an officer who had been sent for Gillette, returned with the prisoner. Pale and a trifle nervous apparently, Gillette faced the jury and when Marshall Hatch, the foreman, declared that a verdict of guilty in the first degree had been found, the youthful prisoner gave not a sign of emotion. A few moments later, when his counsel had announced his purpose of making a formal motion that the verdict be set aside, and the judge was dismissing the jurors, Gillette bent over a nearby table and, picking up a pencil, wrote something upon a sheet of paper. He then folded the paper carefully and placed it in his pocket. Immediately afterwards he was taken from the court room back to his cell in the jail.  
It was learned that the jury had some difficulty in reaching an agreement, and since that time many minutes in the afternoon were taken before the twelve men agreed. Up to that time the jury stood eleven for conviction and one for acquittal.  
The case of the state against Chester E. Gillette, charged with the murder of Grace Brown, was given to the jury to-

**COLONIAL CONFERENCE AND FOREIGN TREATIES**  
MONTREAL, Dec. 4 (Special)—A special London cable.  
The Morning Post, commenting on Mr. Fielding's speech, suggests that the Colonial conference might consider those foreign treaties which conflict not only with the tariff policy of Canada, but also of Australia. Further, the premier might usefully ascertain as a matter of public interest how far other governments would be willing to increase the existing preferences supposing this country were presently to decide to raise its revenue by means of a differential duties upon imports of agricultural products.  
T. H. Haynes, of the Royal Society's club, writes the Standard giving a large quantity of statistics and declaring that the most serious aspect of the case of Canada that it had done more than arrest the decline of imports from the mother country.

**LAND WHERE WOMEN ARE SOLD LIKE HOGS**  
Rev. Dr. Annand Delivers Interesting Lecture on New Hebrides Where Husbands Beat Wives to Death.  
Rev. Dr. Annand, moderator of the marriage Presbyterian synod, lectured last night in St. David's church on the inhabitants of the New Hebrides and the work that had been done there by missionaries.  
Dr. Annand stated that the first effort to Christianize them was made in 1820, and since that time many missionaries have suffered death.  
Speaking of the women, Dr. Annand said that the women are kept in slavery and are sold in exchange for hogs. Husbands beat their wives unmercifully and the lecturer said that he knew personally of three cases where husbands had beaten their wives to death. The lecturer said that the inhabitants dressed as savages.  
Dr. Annand will address a union meeting of the Presbyterian churches in St. Stephen's church tonight at 8 o'clock.

READ HOW DR. WOOD'S NORWAY PINE SYRUP CURED

Saskatoon, Sask., Aug. 29th, 1906.

The M. Millburn Co., Limited, Toronto, Ont.

Dear Sir: As I am one of the thousands that have benefited by your Dr. Wood's Norway Pine Syrup, I thought it my duty to give you a description of my case. I am 18 years of age and was always the best of health until last spring when I caught a severe cold by going about with my feet wet. It settled in my chest and all the remedies I tried would not stir it. My friends began to fear it had turned to consumption and were advising me to go to sea as well as ever I was. If not better, so to me what a God-send this medicine was to me. I never fail to recommend Dr. Wood's Norway Pine Syrup to my friends and they all use it. To show my full appreciation of this remedy I will gladly answer any letters in reference to it. Believe me, Sincerely yours, Miss Winifred D. Smith.

Price 25 cents a bottle at all dealers.

A very pretty wedding took place Wednesday evening, Nov. 28, at the home of the bride's mother, Mrs. Annie McNeill, New Hampshire, when her daughter, Winifred, was united in marriage to LeRoy Belva, of St. John. Rev. Mr. Johnston, of the First Baptist church, officiated. The ceremony was performed in the presence of only the immediate friends of the family. The bride was attended in a pretty gown as well as ever I was. If not better, so to me what a God-send this medicine was to me. I never fail to recommend Dr. Wood's Norway Pine Syrup to my friends and they all use it. To show my full appreciation of this remedy I will gladly answer any letters in reference to it. Believe me, Sincerely yours, Miss Winifred D. Smith.

Mr. and Mrs. James S. Harting and Miss Florence Harting were registered at the Clarendon Hotel, London, Nov. 22.

IN THE WORLD OF SPORT

THE TURF

TO SETTLE LOU DILLON DISPUTE

NEW YORK, Dec. 2.—Major P. P. Johnston, president of the National Trotting Association, and several members of the Board of Review, who are to sit in judgment on the Memphis Gold Cup race, in which it is charged that Lou Dillon was drugged, at the meeting which will be held at the Murray Hill Hotel, arrived in New York today.

The Gold Cup case has been pending nearly a year. Horsemen expect to have the case finally disposed of before the board adjourns.

Another case on the docket is that of A. L. Thomas, who was ruled off for life at the grand circuit meeting in Syracuse last September. After an accident Thomas was permitted to withdraw his horse from a race. This was refused. He then took his horse off the track and refused to start him in the third heat. For this the judges expelled him from every race track in America. Thomas has since made a public apology for his attitude toward the judges at this time.

FAMOUS OLD TROTTERS

It is somewhat strange — but thus far upon a feature of the racing of 1906 which has seemed to us striking and unusual. We refer to the number of decidedly aged trotters which are among the most prominent this season.

Sweet Marie, 2:02, the champion trotter of the year and queen of race mares, is now ten years of age. The new 2:10 Nat Boy, 2:07, the champion stake winner of the year, is also ten years of age.

Mack Mack, 2:08, one of the most consistent performers on the grand circuit, is not assigned a definite age in the official records, but he has been racing in these events for aged horses for seven consecutive seasons, and must be at least ten years of age.

Oldfellow Matt, 2:07, whose winnings approximate \$10,000, is 11 years of age. Bi-Floa, 2:04, winner of seven races on the Great Western circuit—the largest number won by any horse, trotter or pacer, campaigned upon it—11 years of age.

Solon Gratton, 2:09 1/2, who reduced the world's record for three consecutive heats over a half-mile track to 2:11 3/4, 2:10 1/2, 2:10 1/2, is 11 years of age.

Roberts, 2:01, one of the new 2:10 trotters of the season, is, with one exception, the oldest that ever entered the "select list," she has been racing for ten consecutive seasons and is now 13 years of age.

Lastly, there is the extraordinary Van Zandt, 2:09, winner of the 2:10 trot at Lexington (in which her record was made), and a consistent money winner all along the line. Her turf debut was made 11 years ago and she is now 16 years of age.

From a quarter to a half-century ago, when the generalty of trotters were not born, but made, the rule, rather than the exception, for them to be well past their youth before they were put to the test. Lady Suffolk, 2:12 1/2, was 12 years old when she inaugurated the 2:30 trot. Flora Temple, 2:10 3/4, the first 2:30 trotter, was 11 years of age.

Maid, 2:14, the first 2:15 trotter, was 17 years old; Ratus, 2:13 1/4, the first horse to lower the Maid's record, was 11, and St. Julian, 2:11 1/4, who defeated Ratus, was ten.

But with the advent of Maid S., who, in 1880, became champion at the age of six, a new era was inaugurated. No champion subsequent to her has been more than seven years old, and Lou Dillon, 1:58 1/2, and his fair to equal, lasted three years and his fair to equal, when she started the whole world by being unparalysed by her own culture.

With the upbuilding of the breed a great change has been wrought. Generations of inherited instinct and culture have produced a race of trotters which, though still far from being perfected, is immeasurably improved that in their childhood they often attain a maturity of speed which was beyond the mature attainment of their ancestors.

Conditions have been reversed; what was formerly the exception has become the rule, and what was the rule has become the exception. For this reason those trotters which we have called "young" are truly exceptional.

They have been a "long time in the making," or, rather, it would be more accurate to say that their senses of maturity have enabled them to remain before the public and reach their best form at ages which find the average present day race horse either permanently retired or hopelessly outclassed.
