BULGARIANS ATTACK SERBIA; RUSSIANS PIERCE GERMAN LINES; ROMANIA TO BE WITH ALLIES

Bulgarians Have Begun The Invasion of Serbia

Cross The Border At Point Not Far From Nish

Balkans Situation Develops — Greece Neutrality to Be An Armed One—Venizelos Says Bulgaria Should Not Be Allowed to Crush Serbia

Paris, Oct. 12.—Bulgarian troops invaded Serbia last night. London, Oct. 12.—A despatch to the Times from Athens says that the Bulgarians began attack on Serbia at Garibogaz, near Kniashevatz, at midday on Monday.

Military experts have assumed that when Bulgaria struck she would attempt to seize the railroad running from Belgrade to Constantinople by way of Nish. Another line runs direct from Nish to Saloniki, and is the only one over which allied troops now being landed at the Greek port could be transported north to the aid of the Serbians.

Kniashevatz, near which point the Bulgarians are reported to have invaded Serbia, is on a branch line railroad running from Nish to Zajcar, a fortified town on the Serbian frontier, and Negoti on the Danube. Kniashevatz is twenty-five miles northeast of Nish, which has been the capital of Serbia since the Austrian occupation of Belgrade, early in war. It is an equal distance east of Alexinatza, a station on the Nish-Belgrade railroad, located on the Moravia River. At Alexinatza the Serbs were defeated by the Turks in 1876.

SEVERAL REGIMENTS OF BULGARIANS MUTINY

Rome, Oct. 12.—Bulgaria is entirely in the hands of German officers, says the Giornale d'Italia's Bucharest correspondent, Major Baron Von Der Goltz, son of the German field marshal, who is military attaché at Sofia, quarrelled with Premier Radoslavoff, according to the correspondent, because Radoslavoff asked that Germany be the first to attack Serbia while Baron Von Der Goltz desired to have Bulgaria start the offensive.

The correspondent adds that several Bulgarian regiments have mutinied and left their quarters joining the Russian National Anthem.

TRYING TO GET ALBANIA IN

Rome, Oct. 12.—Austria and Germany are urging Albania to fight against Serbia to free Macedonia which is inhabited about equally by Roumanians and Bulgarians, according to a despatch to the Idea Nazionale. It is announced that Prince William of Wied, former ruler of Albania, who has been on the Serbian frontier with German troops, has returned to Albania. Many persons who have been decorated in the past by King Ferdinand of Bulgaria are reported to have returned their decorations, as a protest against the attitude of Bulgaria.

GERMANS ADMIT BEING HARD HIT ON WEST FRONT

Amsterdam, via London, Oct. 12.—Admission that German losses have been very heavy on the western front in the last few days, is made by the correspondent of the Berlin Tageblatt, who declares that French attacks were carried out with unprecedented vigor and endurance. He estimates that within a brief period, the French have fired more than 3,000,000 shells against the German lines.

CLIFFORD McAVITY AND MISS KAYE WED

Interesting Ceremony in Trinity Church This Morning

A wedding of much interest in social circles was solemnized in Trinity church this morning, when two popular young people were united in marriage. The bridegroom was George Clifford McAvity, son of Mr. and Mrs. George McAvity, and manager of the Mianus motor works, and the bride was Miss Nita Kaye, daughter of Mr. and Mrs. Frank C. Kaye, of Summer street.

The ceremony took place at eleven o'clock, the curate, Rev. Ralph Sherman, officiating. Decorations of palms and white chrysanthemums made a pretty setting for the event. The musical portion of the service was rendered by James S. Ford at the organ. The bride, who was given in marriage by her father, was dressed in white pussy willow tulle with a train of white lace, with a white veil, worn over the face on entering the church, and orange blossoms. Her bouquet was of bridal roses and white chrysanthemums. Miss Dorothy Kaye, sister of the bride, who acted as bridesmaid, wore a coral tulle and mink hat with streamers of mink to match, and carried a bouquet of yellow chrysanthemums. Herbert M. Dixon was the groomsmen. There were no invited guests, but the ceremony was witnessed by a large number of friends. At its conclusion the relatives of the bride and bridegroom repaired to the home of the bride's parents and gave them a hearty send-off when they left, by motor-car, for their honeymoon. After a short hunting trip they will tour Nova Scotia and Prince Edward Island. On their return, Mr. and Mrs. McAvity will reside at 80 Sydney street. A great array of presents were received from friends and relatives of the bride and bridegroom, both at home and abroad. Coolen-Littlejohn. A wedding of interest took place yesterday afternoon at four o'clock in St. John's Baptist church when the pastor, Rev. Walter Donahue, united in marriage E. Arthur Coolen, son of Mr. and Mrs. James Coolen of Halifax, and Miss Anna J. Littlejohn, of this city. The bride, who was given away by her brother, James, was nicely dressed in a tailored suit of Belgian blue silk with hat to match, trimmed with white ostrich plumes. She carried a bouquet of American beauty roses. Miss Mary Littlejohn attended the bride and was attired in pink embroidered chiffon with black picture hat and carried a bouquet of yellow chrysanthemums. Thomas A. Littlejohn, of Boston. Many handsome remembrances were received and Mrs. Coolen left for a honeymoon trip to Montreal. The bride's traveling gown was of British khaki broadcloth with watch fob. A wedding luncheon at the bride's home, 108 Britain street, followed the ceremony, after which Mr. and Mrs. Coolen left for a honeymoon trip to Montreal. Allies' Airmen Again Win Fame

Amsterdam, Oct. 12.—Press despatches state that a recent raid of allied aviators on Ghent and the neighboring town of Gontrode, was so successful that not a single hangar on the German aviation grounds was left standing. All of them with their contents were burned by incendiary bombs. Ten houses also were burned.

MAJOR BARKER MAY COMMAND SIEGE BATTERY

That is Expectation Today—Recruiting For the 88th Trench Row—Maritime Province News of War

Paris, Oct. 12.—Premier Briand of Roumania has given the Italian government to understand that Roumanian co-operation on the side of the Entente may be considered certain, says a special despatch from Rome. The Roumanian government, however, will choose its own time for taking the field against the Austro-Germans.

Although no definite announcement has been made it is expected, said Lieutenant-Colonel B. R. Armstrong, O. C. the 88th Trench Row, that Major J. W. Barker, now residing in Montreal, will command the new siege battery. Major Barker is well known in this city where he resided for many years before going to Montreal where he is now with the National Drug Company. He is a former officer of the 1st Regiment, Canadian Artillery, and retired to the reserve list of that unit on his removal to Upper Canada. He has taken an active interest in the militia and has been a member of the officers are selected from the 3rd Regiment.

Applications for service with the new battery are being received in considerable numbers not only from the city but from other parts of the province. The question is not whether we ought to make war or not, but when we ought to enter the war. In any case, we ought not to allow Bulgaria to crush Serbia in order that she may then attack us with all her forces. The national soul says it is to the interest of Greece that Bulgaria should be crushed. If Bulgaria should triumph Hellenism would be completely vanquished.

Recruiting for the 88th Battalion will start tomorrow here. Another of 26th wounded. Hartley French, of the 26th, has been wounded. He is aged 31. His wife lives in Boston. Others wounded are Private Frank Bogan of Sydney Mines, 18th Battalion, and Private Leonard Lewis, of Sydney, 26th Battalion. Praise for 55th. The 55th New Brunswick Battalion won special praise and applause at last week's review at Valcartier Camp by Premier Borden and Hon. T. C. Casgrain. (Continued on page 2, fourth column)

ANOTHER CALL FROM THE TRENCHES TO ST. JOHN MEN TO ENLIST

Letter From Private Lenihan of Queen Street, Now With Fifteenth Battalion

Private Jack Lenihan, who went over with the 12th Battalion, and who has been in the trenches since June with the 15th Battalion, writes to Miss E. L. Smith at his home here, 114 Queen street, saying: "We are in a new part of the line now, living in a school house in a village behind the trenches. We have been issued with blankets for the weather and are getting cold at nights. Eddie Walsh has got a job in England, so there's no more trenches for him. We had quite a thunder and lightning storm last night and I got soaked, carrying rations to the firing line with no coat on. The socks you sent will come in handy; we always need socks."

P. S.—"What are all the fellows in St. John? Why don't they come over and help us? Are they asleep or do they not know that they are wanted?"

RUSSIANS PIERCE ENEMY LINES AND CAPTURE 2,000 PRISONERS

Czar's Men Push Vigorously In Advance ENEMY LOSSES HEAVY

Von Hindenburg Tries Hard to Win Dvinsk But Storming Columns Are Swept Away — In This Section Initiative Has Passed to the Russians

Petrograd, Oct. 12.—Enslaved forces have pierced the Austrian-German lines on the Strypa River. They have already taken prisoners more than 2,000, and have captured four guns and ten rapid-firers. The Russian advance is being pushed vigorously.

The victory for the Russians is reported by Petrograd was won in Eastern Galicia, where the troops of Emperor Nicholas started a formidable offensive, coincident with the opening of the Teutonic campaign against Serbia. The attack is being made north of the Roumanian border, and may have been undertaken with a view to the political effect on the Balkan situation. The Strypa River is a branch of the Dniester, extending to the north to west of Tarnopol.

London, Oct. 12.—The Germans are still making a determined effort to envelop Dvinsk, which is cutting their severe loss, says the Times Petrograd correspondent. "Fortunately," the correspondent adds, "the Russians are well supplied with ammunition of all calibres, and their artillery continues to sweep away the storming columns with wonderful accuracy."

"The complete fall south of Dvinsk as far as the Pripiet River, may imply that the Germans in the centre intend to force themselves in anticipation of a new manoeuvre."

"In the direction of Dvinsk the initiative again has passed to the Russians in the southeast General Ivanoff has won back more than half the ground he abandoned after the evacuation of Lutsk and a corresponding advance has been made by the Russians on a sixty mile front."

London, Oct. 12.—Grand Duke Nicholas, recently retired from the supreme command in Russia, and sent to the Caucasus, is to take supreme command of the allied forces in the Balkans, according to a Bucharest despatch to the Deutsche Tageszeitung of Zurich.

"Have a cigar?"

"Thanks, I don't mind if I do."

"Wait," said the manager, "I'm going to produce that play that second line will have to read: 'No, thanks; I don't smoke.' That change will save a good deal of money every season, for an actor must smoke good cigars when it is necessary to smoke at all."

At last night's concert by the City Cornet Band, Mayor Frink spoke of the good work accomplished, saying that the receipts would be well over \$20,000. It had not been expected that \$20,000 would be secured—the advertising committee merely mentioned that sum to further impress upon the public the necessity of the Patriotic fund and also to emphasize that the auction itself was to be more pretentious than many might otherwise have believed.

THE BEST QUALITY AT A REASONABLE PRICE

A Child With a Short Eye

Is far-sighted, and the delicate muscles of the eye are put to severe strain when the child reads or uses the eye for close work of any kind.

Short eyes are very common in children in the lower grades in school. The trouble is a natural one. All eyes at birth are too short from front to back. As they develop, they round out to the nearly perfect sphere shape. Often this development is not attained when the child enters school.

Glasses will remove the strain and permit normal development. Usually they need to be worn only at close work, and they are left off entirely in a few years.

It takes a careful examination by an expert eye specialist to determine the condition of a child's eyes. You can have such an examination made at Sharpe's, and you should have it made.

RECRUITING FOR SEIGE BATTERY. New Branch of Artillery for Canadians—St. John Men Enlisting—One Casualty in 26th Battalion. Authority has been given to start recruiting here for a siege battery of artillery, requiring 218 officers and men. This is a new branch for Canadians and requires a high grade of intelligence and education in both officers and men. Lieutenant-Colonel Armstrong hopes to recruit the entire battery in St. John. Nearly sixty men have volunteered from the 6th regiment at Partridge Island and George E. Carter, youngest son of E. S. Carter of Fair Vale, has enlisted in the 4th Universities Company, Princess Pats. W. H. Doyle, Western Union auditor, who also makes his home in Fair Vale, has enlisted in the same company. Captain J. W. Worden passed through St. John on Sunday on his way from Baywater, where he has been visiting his sister, to return to Vancouver. He has hopes that his wounded arm may recover sufficiently to allow him to return to active service. Mrs. Robert Hasketh, 33 Paradise Row, has received word of the death of her brother, Pte. D. Grainger, Edinburgh. Another brother fell at the battle of Mons.

PRINCETON BOY ACCUSED AS SPY. Kenneth G. Triest is in British Navy—An Intercepted Letter. Washington, Oct. 12.—State Department officials have not been advised that the trial of Kenneth G. Triest, a young Princeton student, who enlisted in the British navy, has begun and they assume that it has been delayed as requested by Ambassador Page to permit the presentation of evidence forwarded by young Triest's father from New York. Young Triest, according to information at the State Department, enlisted in the wireless corps of the British navy. His father asked that his release from service be obtained as he was underage and had enlisted without his parents' consent. Application for his discharge was met with the statement that he had just been placed in custody on a charge of espionage, an intercepted letter having led to the belief that he was communicating with German agents. Trial was set for early this month, but was postponed until Oct. 18, at the request of Ambassador Page, who is seeking further postponement in order that affidavits about the mental condition of the boy may be considered by the British authorities.

CLOSE OF THE PATRIOTIC AUCTION; CADILLAC CAR WON BY L. V. PRICE. In the drawing for the Cadillac touring car on Saturday night in St. Andrew's rink, L. V. Price, of Renfrew, of the travelling staff of Dearborn & Co. was the winner. The patriotic auction was brought to a successful close with a very large gathering in attendance. In the rink last night the City Concert band gave an enjoyable patriotic concert, attended by some four hundred people, and a few small articles left over from last week's auction were sold between selections by the band.

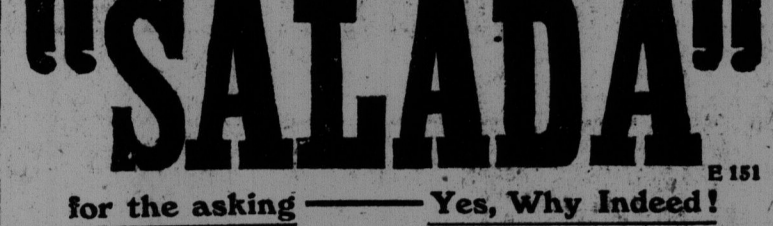

HOW THE HOLIDAY WAS OBSERVED IN ST. JOHN. With fine weather yesterday the holiday was especially enjoyed. Many sportsmen took advantage of it being Monday and left for the woods on shooting trips on Saturday, so as to be about early yesterday morning. In the city sport fans gathered early about the bulletin boards to watch the result of the Boston-Philadelphia match. Other pleasure seekers found delight in the Thanksgiving Day programmes in the theatres. A "like" by the Y. M. C. A. Juniors with J. Legge, boys' secretary, was enjoyed yesterday as was another by the seniors with H. O. Bonk. Some of the churches had special Thanksgiving Day services. An united service for the Presbyterians was held in St. John presbyterian church, conducted by Rev. J. H. A. Anderson, assisted by Rev. F. W. Thompson, with an eloquent sermon preached by Rev. Capt. Harrison chaplain of the 64th. In the Centenary church yesterday a united Methodist service was conducted. Rev. W. G. Lane presided. Rev. W. H. Barralough read the lesson, and Rev. E. A. Westmorland delivered a strong sermon.

RECENT WEDDINGS. Williams-Munro. Many here will be interested in the announcement of the marriage of Florence Maud, eldest daughter of Mr. and Mrs. W. A. Munro, 134 Paradise row, to Robert Walker Williams, of New York. The wedding took place on Oct. 2 in Brooklyn. Rev. John E. Adams of the Central Presbyterian church, officiating. Miss Munro had been engaged in the nursing profession. She went from home after five years ago but has been paying annual visits to her home here. The residence of Mr. and Mrs. Albert Melone, St. Stephen, was the scene of a pretty wedding early Wednesday morning, Oct. 6, in which the principals were their youngest daughter, Gail Mildred and Harry W. Barnes of St. John. At St. Raphael's Catholic church, Belleville, on Wednesday, September 22, Miss Mary Cripps, became the bride of Burton Davidson, both of that vicinity.

If Tea and Coffee Came in Capsules

as their drug, caffeine, is frequently sold, tea and coffee drinkers would wake up to the fact that tea and coffee are not foods but drugs.

Yet in spite of the warnings of reputable physicians, many persons fail to realize the harmful effects of caffeine, the subtle, habit-forming drug in tea and coffee. Taken regularly this drug—the frequent cause of nervousness, heart-futter, headache and other ailments—sooner or later gets its hold.

Look tea and coffee in the face—read what physicians and health experts say: (Names on application) "Some people get the craving for alcohol by first taking tea or coffee."

"Coffee is a dope and narcotic almost equal to opium. Slowly but surely it gets control of its victim and holds him in its grasp a pitiful, helpless victim."

"Coffee is a drug. Those addicted to its use are drug addicts."

"They (the tea and coffee drugs) are comparable to opium in that they induce a habit and should be avoided."

Right now is the time to find out whether or not tea or coffee has a hold on you. It's simple and easy—quit both for ten days and use

POSTUM the pure food-drink. Made of wheat and a bit of wholesome molasses, Postum has a delicious, snappy flavour, yet contains no drug or other harmful element. The better health that follows freedom from the tea and coffee drug shows

IT IS A GREAT TASK

Writing on Sept. 30, after the British Victory at Loos, the London Times military correspondent said: "While the result is highly satisfactory, the sacrifice of life is as tragical as ever."

States entertained a profound distrust of each other's motives, and ascribed to the actions of the other States a meaning which might not be warranted, but which prevented anything like an increase of amity between them."

Bulgaria, Roumania, Serbia and Greece might have got together, but mutual suspicions, jealousies and ambitious pretensions, prevented their failure to agree caused Sir Edward Grey to issue a very strong statement concerning the attitude of Great Britain and her Allies, and now a strong Anglo-French force has been landed at Saloniki. If Bulgaria is to aid Germany, and Greece and Roumania are to remain neutral, they must in the end accept whatever re-arrangement of the Balkan states may be deemed desirable by the Allies. It would have been much better to have arrived at an amicable understanding themselves in such a way as would have given all of them an opportunity to square accounts with Austria and their ancient enemy, the Turk. However, there is still a possibility that a more satisfactory alignment of these states may result from present negotiations.

Today's cables say that Bulgaria has invaded Serbia and that Roumania will eventually join the Allies.

THE DOTH PROTEST TOO MUCH Has President Wilson assumed the mantle of William Jennings Bryan? In an address to the Daughters of the American Revolution yesterday he declared the United States should keep out of the European war, not to avoid trouble, but to preserve the foundations upon which peace must be built.

"We should keep out of the quarrel," he declared. "America has promised the world to pursue a course guided on justice. We are not trying to keep out of the trouble. We are trying to maintain the foundations on which peace must be built. America must preserve the cause of humanity."

President Wilson is quite mistaken if he assumes that a nation which did not sufficiently regard its own honor to protest against the violation of the integrity of Belgium can "preserve the peace of humanity, or is in a position to maintain the foundations of peace. The only foundation upon which peace can be built is the ruins of Prussian militarism. If the United States desired to "preserve the foundations upon which peace must be built," she would ere this have called Germany to account for the crime of the Lusitania and the Turk for the massacre of the Armenians. High sounding phrases kill no Germans, and that is the particular business today of those who wish to preserve the foundations upon which peace must be built."

Ex-President Eliot of Harvard, in an article in the October number of the University Magazine says that the sympathy of the American people with Great Britain is "both hearty and impressive." Colonel Roosevelt, better than President Wilson, expresses the feelings of the American people. He realizes that the road to abiding peace lies over the graves of the Hohenzollerns and Hapsburgs.

Are you thinking daily of the lads in the trenches? The concrete on Main street is coming up. The city treasury is going down.

The municipal elections in St. John county promise to be lively. There are vigorous contests in every parish.

Two platoons left St. John last week to see the ball games in Boston. Wanted one platoon for the game in Flanders.

The streets of St. John will soon be made lively again by the march of men in khaki. Perhaps that will help recruiting.

With the ranks of the 88th to be filled and a siege battery to be formed there is every reason why young men should do some hard thinking.

The great recruiting meeting in the Imperial Theatre on Sunday evening did not lack enthusiasm. It only lacked recruits. The National Anthem was sung with great fervor. So were the hymns. There was much applause when Rev. Capt. Harrison declared that the young who was fit and free to go but did not go was a traitor to himself and to his country. Having thus saved the Empire the great audience went home, and the doctor and recruiting officer in the wings sat and waited for results. Finally they also went home. And the men of the 20th were in the trenches and the British casualties in the last ten days were over 81,000. The gray heads will have to don the khaki.

In the vaults of a Baltimore trust company more than a score of violins have been packed away by Frank Della Torre, a prominent society man. In twenty years Torre thinks the instruments will be worth \$4,000 or \$5,000 each.

Isadore Willansky of Springfield was fined \$2 for keeping an unlicensed dog, and soon after he earned the amount in the court room by acting as a Polish interpreter for the court.

"It was a sad and familiar fact that the relations between some of the Balkan States had been completely poisoned by the events of 1913. Several of these

States entertained a profound distrust of each other's motives, and ascribed to the actions of the other States a meaning which might not be warranted, but which prevented anything like an increase of amity between them."

Bulgaria, Roumania, Serbia and Greece might have got together, but mutual suspicions, jealousies and ambitious pretensions, prevented their failure to agree caused Sir Edward Grey to issue a very strong statement concerning the attitude of Great Britain and her Allies, and now a strong Anglo-French force has been landed at Saloniki. Conceit of Man. Two men sat on the river-bank fishing. One had a bite, and in the excitement he fell into the water. The other man watched him struggle, but did nothing to aid him.

"I can't swim!" shouted the man in the water. He went under, and when he came up he shouted again, "I can't swim!"

The man on the bank watched him with languid interest. "The man in the water sank again, when he came up he shouted, 'I can't swim!'"

"Well, my friend," commented the man on the bank, "this is a queer time to be boasting of it."

WAR ORDERS AS FACTOR IN AMERICAN PROSPERITY Present prosperity is based largely on the necessities of the Allies for food, clothing, the paraphernalia of war, and the means of winning battles. In the twelve months to June 30 last, the shipments of what may be properly classed as materials of war represented a money value of \$288,947,569. The cost of the same exports in the year previous was \$58,892,245. So we sold to Europe, and chiefly to Great Britain, France, Italy, and Russia—because of the war, \$227,000,000 more than in 1914. This was exclusive of breadstuffs, which were \$75,928,876, as against \$185,000,000 in 1914.

In the month of July the exports of munitions were valued at \$50,000,000, and they were fully as large in August. In September there was a decline in the movement. It is conservative to place the deliveries of munitions, transports, clothing, etc., since the war began, at \$400,000,000 to \$450,000,000. This is about what the United States pays Europe annually on tourist credits, alien remittances, and freights.

ENTRANCING PICTURE PROGRAMME SHOWN AT THE IMPERIAL

"The Governor's Lady" and "The Goddess" Are Gems—Vaudeville Very Taking—Dustin Farnum Tomorrow

Thanksgiving Day always marks the yearly record of the Imperial Theatre and yesterday this order of things was fully maintained. It was the biggest day's business the Keith house has done since last Thanksgiving. Everybody seemed perfectly satisfied with the show and despite the crowd, seats were secured by everybody with order and despatch. The Imperial's new policy both in programme and in the treatment of seats seems to have solved a number of long-standing difficulties.

For the first time before St. John the stagecrafters Edith Wynne Mathison was the star in a picture-play. This was Alice Bradley's story "The Governor's Lady" as produced by the Jesse L. Lasky Company in association with David Belasco. It was the story of a rich and affluent husband and a home-loving wife. Daniel Slade, a struggling miner in the West country became rich and affluent, rising finally to the dignity of governor of his state. His wife, however, remained the same sweet homebody, darning socks and cooking home-like food. Their paths became divergent and a divorce suit was instituted but no bitter instincts prevailed and the governor's lady assumed her right place before the domestic calmity occurred. So powerful seemed to be the human appeal in this story that spontaneous applause punctuated the five reels throughout.

And "The Goddess," too, contained a great "punch" this week. Celesta, during her visit to the sweatshop with the Douglas girl was almost burned to death in one of these terrible factory fires, but Tommy Barclay, already in search of her, did a wonderful bit of rescuing. The spirited turnout of the New York fire department and the realism of the panic of the fire which followed made this chapter most gripping. Mr. Kaut, Miss phase dealt with the case of Mary Blackstone, the millionaire, to Celesta in an endeavor to divert her from her affections for Tommy.

The Woods Musical Trio presented an act with lots of pep and go and no end of harmony on violins, cornets, xylophones and drums. The two clever girls and their male partner ran the whole gamut of musical endeavor with the best things in their show was the imitation given by Edith, the girl behind the drums, a rhapsody which sped away in the distance.

The Imperial will continue its policy of bigger and better pictures tomorrow and Thursday in presenting the handsome matinee idol, Dustin Farnum, in Edward Charles' "Captain Courtesy"—an exciting, exhilarating narrative of the mid plain and picturesque with good bewitching scenarios and stately dames in the early forties.

demands upon her. She became instantly popular. The leading man, Ralph Chambers, brought out all that was possible in the role of Warburton, late U. S. army lieutenant, but for the time being coachman to a charming girl, though frankly speaking the role does not give very many possibilities. Mr. Chambers was likeable throughout his part and made a good impression.

As Charles Henderson, a breezy, jolly newspaperman, Norman Houston, scored. He showed personality with a well-matured vein of comedy and satirist. E. Johnson did well as O'Brien of the mounted police, and also when he doubled into the part of Col. Annesley. John Dugan portrayed the part of Judge Watsy very acceptably. Mr. Kaut, Miss phase dealt with the case of Mary Blackstone, the millionaire, to Celesta in an endeavor to divert her from her affections for Tommy.

STOCK COMPANY AT OPERA HOUSE MAKES SUCCESSFUL START

The Man on the Box Well Presented by Clever Partello Players

The opening of the Partello Stock Co. at the Opera House yesterday was most encouraging and successful. At both matinee and evening performances the theatre was filled and the audience liked the play. No one could help liking "The Man on the Box." But it needs a capable company to present it, and the Partello Players succeeded to the eminent satisfaction of all who witnessed their debut.

Regular Thanksgiving Day crowds thronged the house. They came to be amused and to enjoy a good time. They were amused, delighted, and rejuvenated. For at every turn of "The Man on the Box" laughter was abundant. The complications of the good-looking young society man who for a prank exchanged "logs" with a coachman, donning the latter's livery, his being arrested after having got upon the wrong coach, and driven furiously through Washington with a pretty girl inside, afforded many hearty roars of mirth in the first act, coming to the climax with the girl paying his fine, and tendering him a position as her coachman. The second and third acts see the comedy sustained, with many pretty love scenes, and a tinge of dramatic feeling and heart interest introduced through the fact of the girl's fortune having been to a certain extent squandered through gambling by her father. Of course the whole entanglement is cleared before the last curtain, but not before two hours and a half have been filled with good-hearted, wholesome fun.

The bill gave the leading woman, Miss Alice Kennedy, many excellent opportunities and she easily responded to all

THE DOLLAR MARK A HIT AT LYRIC

Enthusiastic Reception For Fine Production of Broadhurst's Story—Good Vaudeville

From the time the doors of the Lyric Theatre opened yesterday until the "good night" sign was thrown on the curtain a steady stream of pleasure-seeking holiday crowds wended their way to the popular amusement resort. The special feature was the World Company's film adaptation of George Broadhurst's celebrated melodrama of high finance, "The Dollar Mark." Robert Warwick as Jim Gresham and Barbara Tennant as Alice Chandler set splendid work.

The action of the story opens in Cobalt (Ont.), and closes in the east, Newport and New York. It is a marvellous picture of vigorous action. Possibly the best part of the excellent production is the rescue of the two lovers in a flood. A terrible story has driven the girl into the hut of Miner Jim, owner of the Nellie Davis Mine, a property worth millions and which the trust of which Alice's father is one of the leading spirits wants to get cheaply. The dam above the hut breaks, the water rushes down the valley, and the hut goes with the rest of the primitive buildings. The heavy door of the crude home serves as a raft for the hero and heroine. The stream washes them furiously along toward a terrible fall. Every inch of film during this episode holds as tight as a blacksmith's vise.

The theme of the story is given in a clever commendable manner, the acting, staging and stage craft being well up to the standard. It is an excellent offering of real merit from beginning to end.

The vaudeville feature for the holiday was supplied by Fairbanks and Major, artists who are top notchers in the line of creating good, clean comedy coupled with songs and dances. The same programme will be given today, and the fifth chapter of Who Pays series, Into Himself Alone, with a comedy playlet

NEW POLICY IS IN EFFECT AT UNIQUE

First Universal Programme Pleases The Holiday Crowds

The change of programme policy went into force at the Unique Theatre yesterday when the Universal Company supplied a special bill for the holiday and it certainly excited in every respect.

There were three subjects and each one was evidently booked with the thought of Thanksgiving day in mind. The first number presented was the Universal Weekly, which has the honor of being the most popular of any weekly that is being released. It contains some very interesting scenes, most of them bordering on the war. This was followed by some of Hy. Myers' cartoon comedies.

Miss Mary Fuller and the Victor Company offered a rather novel drama called, "The Counterfeit," with the dainty star in a masculine role. There are some thrilling moments in this film, which tells a story of interest from start to finish. The real feature of the programme was a two part Nestor comedy, All Aboard, and it certainly lives up to its advance advertising as being a Pullman comedy on the joy line in two sections. Most of the action of this ridiculous comedy takes place on board a train and has to do with the various mix ups caused by an eccentric porter, a baby and old maid and a rube. The bill is an excellent one and if it is any criterion of what is to be supplied by the Universal Company, the standard of the Unique will be better sustained than ever.

THE WAR NEWS IN CABLES OF LAST NIGHT London, Oct. 11--While the armies of the central empires continue to advance into Serbia, nothing has yet been made public to indicate anything in the nature of an actual military movement by Bulgaria against Serbia, except a report that an assault is momentarily expected on the railroad connecting Nish with Salonika.

HEAR WHY WE SPEAK FOR Zam-Buk THE GREAT HERBAL BALM INJURED FOOT CURED. Did you ever ask yourself: "How is it that Zam-Buk is so popular?" It is because it is superior and different to other salves. Contrast them! Most salves are nine-tenths animal oil or fat. Zam-Buk has a trace of animal fat in it. Most salves contain mineral coloring matter. Zam-Buk is absolutely without it. Many salves contain poisonous astringents. Zam-Buk doesn't. Zam-Buk is actually more powerfully antiseptic than crude carbolic acid. Yet it stops instead of causing pain and smarting when put on a wound. It heals more quickly than any known substance, soothes, cures, cleans, blood-poisoning, cuts, scalds, burns, and all skin injuries and diseases. All druggists and stores sell at 50c a box or Zam-Buk Co., Toronto, for price. Send 1c stamp for trial box.

SYRUP OF FIGS FOR CROSS, SICK FEVERISH CHILD If Little Stomach is Sour, Liver Torpid or Bowels Clogged. Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well-playful child again. Children simply do not take the time from play to empty their bowels, and they become tightly packed, liver gets sluggish and stomach disordered.

When cross, feverish, restless, see if tongue is coated, then give this delicious "Fruit Laxative." Children love it, and it can not cause injury. No difference what all your little one--if full of cold, or a sore throat, diarrhoea, stomach-ache, bad breath, remember, a gentle "inside cleansing" should always be the first treatment given. Full directions for babies, children of all ages and grown-ups are printed on each bottle.

A Beauty Hint The Bugbear of Blackheads XAMINE your skin closely and see if blackheads are forming under the skin especially round the nose, mouth and chin. Blackheads are a confession of the use of the wrong method of cleansing for the type of skin subject to this disgusting trouble. The following Woodbury treatment will keep such a skin free from blackheads. Apply hot cloths to the face until the skin is reddened. Then with a rough washcloth work up a heavy lather of Woodbury's Facial Soap and rub it into the pores thoroughly--always with an upward and outward motion. Rinse with clear hot water, then cold--the colder the better. Finish by rubbing the face for a few minutes with a piece of ice. Dry the skin carefully. Do not expect to get the desired result by using this treatment for a time and then neglecting it. But make it a daily habit and it will give you the clear, attractive skin that the steady use of Woodbury's always brings. To remove blackheads already formed, substitute a flesh brush for the washcloth in the treatment above. Then protect the fingers with a handkerchief and press out the blackheads. Thereafter, use the above Woodbury treatment in your daily toilet. A 25c cake of Woodbury's Facial Soap is sufficient for a month or six weeks of this treatment. Get a cake today. It is made in Canada and is for sale by Canadian druggists from coast to coast.

A good crowd enjoyed the racing on Moosepath Park yesterday afternoon. Colwell of St. John, won the five mile motorcycle race; Oulton of Amherst, captured the twenty-mile bicycle race, and becomes the owner of the handsome Dunlop trophy. Bob Mac won the free for all, while Arcola was the winner in the 220 trot and pace.

The weather was rather cold, but fine, and the afternoon's programme proved interesting from start to finish.

There were three starters in the five mile motorcycle race, viz. E. Colwell, R. Nobles and S. Foley of this city.

T. C. Oulton of Amherst, Nelson Winchester of Charlottetown, and L. G. Arcola of St. John, were the three starters in the twenty-mile bicycle race for the Dunlop trophy. The men started from the Three Mile House a few minutes after three o'clock and raced to about a half mile east of Robbsey, then turned and finished the last five miles on Moosepath track.

At the start something went wrong with the gear of Oulton's wheel and he was obliged to retire from the contest. On the last lap an accident happened. Winchester, who was in the lead, was seen to slow up quickly, Winchester's front wheel collided with Oulton's rear wheel, which became loosened and caught in the chain and broke. This was the cause of the wheel slowing up suddenly and when the race caught it injured his ankle and almost threw him from the wheel.

The referee and judges decided that Oulton was not to blame, that there was plenty of room on the track for Winchester to keep clear and accordingly awarded the race to Oulton.

The time for the five miles on the track was twenty-one minutes and eighteen seconds, and for the twenty miles one hour, ten minutes, thirty-four and a fifth seconds. The twenty miles in the race last fall were covered in fifty-eight minutes and forty one seconds.

The officials were—Commissioner R. W. Wigmore, referee, A. M. Belding and J. A. Berry, Judges; A. W. Covey and Harry Ervin, timers; G. Hevenor, Jr., clerk of the course.

The result of the horse races was: Free For All: Bob Mac 2 1 1 1, Game of Chance 1 2 2 2, Time 2:23, 2:21, 2:23 1/2, 2:22.

220 Trot and Pace: Arcola 1 2 1 1, Roy Vola 2 2 1 2, Ozon D 3 3 3 3, Time—2:33, 2:31 1/2, 2:32.

Officials—Starter, H. B. Alward; Judges, R. C. Coles, E. Farren, C. Crawford; Timers, E. Campbell, F. Mullin, W. Alexander.

The Dunlop trophy race was run under Moose Lodge auspices and the other events by the Glen Falls Amusement Company.

VIOLENT ATTACKS OF DYSPEPSIA

Suffered Tortures Until She Tried "Fruit-a-tives"

St. Jean de Matha, Jan. 27th, 1914. "After suffering for a long time with Dyspepsia, I have been made well by 'Fruit-a-tives.' I suffered so much that at last I would not dare to eat for I was afraid of dying. Five years ago I received samples of 'Fruit-a-tives' and after taking them I felt relief. Then I sent for three boxes and I kept improving until I was well. I quickly regained my lost weight and now I eat, sleep and digest well—in a word, I am fully recovered, thanks to 'Fruit-a-tives'."

and he was captured with several comrades. Before they were marched away the sergeant in charge of the Confederates ordered the prisoners to be searched and Mr. Rouillard was relieved of his money and watch.

He had not thought of the incident until he heard the passing remark of the southern veteran but he introduced himself to the strangers, and in a few minutes learned that one of the men was the sergeant in charge of the Confederate troops who were his captors.

The man was W. D. Colvin at the time in Co. B, 18th Virginia Regiment. He resides at Colquhoun, Va., and for 50 years has been deputy sheriff of the county. The two men saw each other several times during the remaining days of the encampment and became warm friends.

On the day when Mr. Rouillard was to leave for home, Mr. Colvin called him out before an interested group of spectators in the hotel lobby, and after relating the story of the capture of his former enemy, returned to him his watch, which the captor had kept in good condition for more than half a century.

The old time piece was somewhat battered but still able to keep good time, and attached to it was an odd chain of German silver links, made by Mr. Colvin which he gave Mr. Rouillard, with the remark that it should be considered of interest on the loan.

Not long ago a man was charged at a country court with trespassing and also with shooting pigeons, the property of a local farmer.

In giving his evidence the farmer was exceedingly careful, and nervous, and the lawyer for the defense endeavored to frighten him.

"Now," he remarked sternly, "remember you're on oath! Are you prepared to swear that this man shot your pigeons?"

"I didn't say he did shoot 'em," was the reply. "I said I suspected him of doing it."

"Ah! Now you're coming to it. What made you suspect the man?"

"Well, first, I caught him on my land in the second hour. Second, I'd heard a gun go off and had seen some pigeons fall. Thirdly, I found four pigeons in his pocket, and I think them links were flew into his pocket and committed suicide for the fun of the thing."

Judge Matt M. Johnson of Austin, celebrated his 60th birthday by uniting in marriage J. D. Heath and Mrs. Lucy Brinkley, the 1029th couple married by him since he became a justice of the peace 22 years ago. Judge Johnson is supposed to hold the marrying record in Texas.

Big Surprise For Revere Civil War Veteran. Revere, Oct. 19.—George Rouillard, a Revere Civil War veteran returned from the National Encampment at Washington with a souvenir which he is showing with pride to his friends. It is his silver watch, which was taken from him when he was captured by the Confederates more than fifty-one years ago and which he had not supposed to be in existence, much less expected to recover.

Mr. Rouillard went to Washington with his daughter, Miss Rouillard, and Miss Anna Hatch, also of Revere. On the day of the funeral of the submarine victims in the Honolulu disaster the party went to the National Cemetery at Arlington to witness the service.

While standing by a stand two Confederate veterans approached, and as they passed one of them was heard to remark, "I wish I could run across some of the Yankees who were at Fort Steadman."

Mr. Rouillard was a member of the 1841 Mass. Light Infantry, which was engaged on the attack on Fort Steadman on March 24, 1864. His company was surprised by a band of the enemy.

All three have met both Charlie and Robert met in the trenches and Charlie met Charles when he was coming out of the trenches. Mrs. Tait also has a son on Partridge Island. Germans Defeated and Machine Falls--Both Men in it Killed
 An interesting letter descriptive of conditions in France has been received by R. F. Malt, of the staff of the St. John Railway Co., from a former associate, Wm. Wood, at the front with the medical corps of the first contingent since early last spring. He wrote that "there is not much activity on our front at present." The letter was dated "Sept. 14," which would be before the big drive. "We had a little excitement yesterday--a particularly good aerial fight took place. A German aeroplane came over our way to make observations. One of our planes arose from somewhere nearby and a fight started. The enemy plane tried all kinds of manoeuvres to get away but our airman turned his machine gun on him and placed a couple of bullets in his petrol tank, which caused the foe to commence a hurried descent. On the way down, however, they made quick repairs, and started again to ascend when a special corps approaching along a neighboring road saw the enemy craft, and turned their aerial gun upon it. The machine fell. Both men were killed. We saw the whole affair, and everybody set up a cheer for our air-man as he circled above us, not unlike a gigantic hawk after having killed his prey."

**HANDSOME NEW
 ALTAR CONSECRATED**

His Lordship Bishop LeBlanc, Officiate in Church of Assumption
 The beautiful new altar in the Church of the Assumption, Capleton, was consecrated with impressive ceremony yesterday morning in the presence of a large congregation. His Lordship Bishop LeBlanc celebrated pontifical mass. He congratulated the energetic pastor, Rev. J. J. O'Donnell, on the completion of the service, and after giving the compliment that he had "the finest church and altar in the diocese," wished upon God's blessing for many more years. An eloquent sermon was delivered by Rev. J. McLaughlin.
 The consecration ceremony was conducted by the Bishop, assisted by Rev. Wm. Dale as deacon, Rev. Father McLaughlin as sub-deacon, Rev. Father McLaughlin and Rev. Dr. Bourgeois as assistant priests, and Rev. Father O'Donnell as master of ceremonies. Pontifical mass followed.
 The necessity of religion having a sacrifice was strongly emphasized in the course of a striking sermon by Rev. Father McLaughlin. The mass was the sacrifice of the new law, supplanting the old form. On this feast of Thanksgiving there was special reason for the sacrifice being offered, and it was elevating to think that the first sacrifice of the mass upon the new altar in the Capleton church was being made, while general gratitude was being expressed to God for all His blessings. The special sacrifice, he said, had always characterized the Catholic church and its people from the earliest times, and in Canada, from the coming of the pioneer missionaries to spread the word of God in the new world. Many of them were martyrs to the cause of Christ, and it could well be said that every country had its martyred priests. The spirit of zeal and self-sacrifice was still evidenced today, for the new altar just consecrated signified both. The speaker was followed with appreciative interest by the large congregation.

**NEAR WHERE 26TH
 ARE BILLETED**

In letters received recently from Manfred McNutt, now in France, he acknowledges with evident appreciation receipt of tobacco from home and also a supply of baseballs sent out by the East St. John Baseball League. "We are having great weather," he says, "although it gets a little bit chilly towards night. We are having quite a number of ball games and we have a pretty good team. I have seen a lot of the second contingent chaps; the 26th are billeted not far from us."
 From Private Pescock.
 Mrs. Alice Pescock has received a letter from her son, Private F. W. Pescock, 26th Battalion, telling of their arrival in France.

THE CARS AND THE BRIDGE

The first sign of activity in laying the rails across the new bridge was displayed this morning when the Street Railway Co. put on a crew of about thirty men on the western approach, digging up the ground to lay the sleepers. If all goes well, work should be finished in ten days, and the line ready for operation, single track, as far as the C. P. R. tracks. As soon as the present job is completed, it is said the approaches will be double tracked in readiness to cross the C. P. R. track.

**The Good Influence of
 Bad Example**

Advertising has a record of some failures--and behind each of these is a reason.
 Not infrequently the wrong mediums were chosen, or the problems attacked from the incorrect angle.
 Newspaper advertising has the advantage of reducing possibilities of poor success to a minimum.
 A manufacturer can buy just the space he needs, where he wants it and at the proper time.
 He can find out the kind of appeal that pays without wasting money.
 He can shape his advertising shots to hit the target of success.
 Manufacturers desiring to choose the success route are invited to address the Bureau of Advertising, American Newspaper Publishers Association, World Building, New York.
