GENSURE MOVE VOTED DOWN IN COMMONS

Conservative Government Weathers Labor Criticism 373 to 143

MANY PROBLEMS

Foreign Policy Aims at Peace in Europe—Electrical Scheme Comes Up Later

LONDON, June 30.—A motion of censure moved by Right Hon. J. Ramsay MacDonald, the Labor leader, against the Government for failure to solve the unemployment problem was voted down in the House last night, 373 to 143.

The motion declared that the Government, "after a lengthy period of industrial depression and confronted by a alarming growth in the number of unemployed, has failed to take measures to deal with a situation of unprecedented gravity."

The debate had a strong flavor of political controversy, the government supporters having the easy retort that the late Labor government had equally failed to solve the same problem. The former Premier demonstrated that the government had no healing measure to propose.

SITUATION BETTER. Premier Baldwin in a long speech argued that except in the coal, iron, steel, shipbuilding and engineering industries which were more affected than others, unemployment was not much greater than a year ago, when Labor was in office. Moreover it had been remembered that the population had increased and emigration had been greatly restricted, while the difficulties were aggravated by the growing foreign trade against British trade.

PEACE IN EUROPE. The Premier laid stress on the fact that the British foreign policy was unswervingly devoted to fostering peace in Europe—an absolutely essential condition of any industrial progress at home, and in this connection he said the government hoped for much from the efforts to secure an agreement between France, Germany, Belgium and Great Britain which would go far to make foreign credits flourishing.

The government had a big electrical scheme in contemplation, but the Premier could say nothing about it until the committee had presented its report.

SUBSIDIES. Mr. Baldwin then came to his chief point, when he said the government had been considering, and asked the House to consider the possibility of subsidies to industries which at the moment seemed to be beaten down into a position of helplessness. He suggested bounties on production, or subsidies on specific contracts and orders mainly for export, or subsidies in especially distressed districts in aid of local rates and railway rates. He admitted the difficulties were great, but not insurmountable.

BRITISH FILMS. Another interesting point dealt with by the Prime Minister was the film industry, proving that the recent agitation was not without result.

Canadian Purchases In U. S. Again Show Decline

OTTAWA, Ont., June 30.—Canadian purchasers in the United States again show a decline in the 12 months ending May 31, imports from the United States were five hundred and fifty-two million, practically the same figure as for the year previous. Exports to the United Kingdom were three hundred and ninety million, an increase of nine millions over the previous year.

TWO KILLED, 4 HURT IN NAPHTHA BLAST

Philadelphia Cleaning Plant Destroyed by Explosion of Leaking Fumes.

PHILADELPHIA, June 30.—Leaking naphtha fumes cooking yesterday at the plant of A. F. Bortol Brothers Company, cleaners and dyers, killing two men and injuring eleven persons, including three women. The naphtha building was practically destroyed.

The dead were James J. Carville, Sr., vice-president of the company, and George Spencer. Spencer was pinned beneath a boiler that had been blown from its position, and Carville under a steel girder.

TREATY DEADLOCK

Little Prospect of Successful France-German Agreement, Paris Reports.

PARIS, June 30.—The Franco-German negotiations looking to a new commercial treaty have reached a deadlock again with little prospect of a successful issue, it is said in official circles, responsible for the failure of the long drawn out efforts to agree even on a modus vivendi are placed here on the shoulders of the Germans. After declaring themselves in accord on the principles of a new agreement, the delegates of the Reich, it is charged, have raised objections to every detailed French proposal.

PLYMOUTH, Vermont, June 30.—Steadily gaining ground in his uphill battle for life, Colonel John Coolidge, the president's eighty-year-old father, is reported apparently out of danger.

ECUMENICAL COUNCIL

ROME, June 30.—The Tribune says that Cardinal Sincero is making the necessary arrangements for the convening in 1928 of an ecumenical council. If the council is held it will be the first since 1870, when the holding of the council was suspended because of the fall of the temporal power.

PEACE EFFORTS ARE UNSUCCESSFUL

Ministry of Labour Has Modified Proposals.

OTTAWA, June 30.—It does not seem possible for me to secure any modification whatsoever of the proposals made by Mr. McLaughlin, stated Hon. James Murdock, Minister of Labor, in a telegram to John W. McLeod, president of the Mine Workers of the Glace Bay district. The telegram refers to a conference between Mr. Wolverin, president of the British Empire Steel, and Premier King. There was also a subsequent conference between the Minister of Labor and the directors of the British Empire Steel Company, on June 29, with the result that "the company is unwilling to make any modifications whatever of the proposals which were contained in Mr. McLaughlin's letter of June 17."

MAGMILLAN HAS BOY OF 15 IN HIS EXPEDITION

Kenneth Rawson Goes North as Full-Fledged Sailor

DOES HIS SHARE OF WORK ON VOYAGE

Father is Wealthy Financier in Chicago — Mother on Hand to Say Good-bye.

By GEORGE BRUIT.

WISCASSETT, Me., June 29—Kenneth Rawson, 15, sailing toward world nights and venturesome battle for existence under the midnight sun, can snap his fingers at the Rover Boys and all the heroes of G. A. Henty.

Northward bound with the MacMillan Arctic Expedition, the lad's daily life is becoming more and more the stuff youths' dreams are made of.

There was the exuberant realization of this good fortune in Kenneth's farewell gesture. He found a perch in the rigging of the Bowdoin as she left the dock and pulled down the sheepskin rug, answering the waving handkerchiefs of his mother and father who had brought him here in their private car.

He was off, as any super-boy of fiction might have started, to visit Etah and other curiously-named ports on frozen seas, to see the Eskimo in his igloo, to hunt the walrus, to endure and triumph as any explorer must. The 15-year-old boy looked suddenly grown up, there on the rigging.

To his parents he still was little Kenneth. The father, Frederick H. Rawson, wealthy chairman of the board of the Union Trust Co. in Chicago, could talk about it being a fine thing for the lad, but he was thinking most about the day when the boats should sail back up the river again.

A Real Sailor. Although only 15, Kenneth will be more than a passenger on the expedition. During his summer vacations from the Hill School in Pennsylvania he has taken strenuous play on the water.

His father, a sailor, has used many of his own experiences to teach Kenneth the ways of the sea. He is a "working member" of the Bowdoin's crew.

Private Log. The boy is going to keep his own private log of the expedition. This diary giving a boy's eye view of the Polar circle should be a humane document to compare almost with Marco Polo's travels.

Kenneth was shipped for the expedition through the influence of E. F. McDonald, the Chicagoan who is radio expert and second in command. The father enlisted McDonald's aid, and Lieut. Com. MacMillan at length consented.

When the Bowdoin left, Kenneth was too busy and excited to care for the average routine of a boy's interests. Only the high spots could be touched in that great moment. Someone asked him where he was hunting and fishing gear which he was taking along.

"I don't know, Dad stowed it somewhere," he managed to answer. The slender, blonde youth in the old dunnage and the stained tennis shoes will be getting around to his gun and his fishing line later.

Mercury, Venus and Mars Are Centres of Attraction for Astronomers

SATURN MOVES WEST JULY 12

Planets Should Be of Great Interest to Star Gazers During Month.

WASHINGTON, June 30.—The big summer show in the heavens comes in July for the five brightest planets—Mercury, Venus, Mars, Jupiter and Saturn—will all be above the horizon at the same time for the greater part of the month.

The three planets, with the aid of your telescope, appear close together on July 10 but Mercury, the nearest of the three to the earth, will be at 105,000,000 miles from the earth in conjunction with Venus.

Mercury and Venus are now approaching the earth. On July 28 Mercury will reach its greatest eastern elongation when it will be more than 97 degrees east of the sun.

Mercury is coming into conjunction with Venus again on July 30 when it will be from 10 to three degrees below Venus so you should be able to locate Mercury easily at that time with the aid of your telescope.

MINISTER AND BRIDE WELCOMED

Rev. G. L. Porter of Saint John Weds in Maine

Young Clergyman But Recently Ordained and Graduated From Brown Univ.

A pretty college romance was consummated at South Paris, Maine, on June 29 when Rev. George Lewis Porter of Saint John, son of Mr. and Mrs. Geo. E. Porter, Queen street, was married to Miss Charlotte Cummings Nutting, daughter of Silas Nutting, a prominent resident of that district.

GIFT OF HOME

Upon reaching Saint John the bridal party went to the Porter summer house at Sandy Point on the Kennebec, where they will spend a vacation of several weeks before returning to Washington, Rhode Island, where the groom has been pastor for some time and where a newly-furnished and rebuilt parsonage awaits him and his bride, the gift of the congregation.

A very pretty welcome was accorded at Sandy Point. As their car proceeded up the shady hillside lane to the parental residence it passed under a bower of arches of real hothouse flowers, erected by Mr. and Mrs. MacKenzie and the Mrs. Pederson family, who are next door neighbors. Upon reaching the house profuse floral decorations greeted them as well.

The wedding at South Paris was attended by large number of relatives and friends. Besides the groom's parents from Saint John, there were present Mr. and Mrs. John R. Lewis, uncle and aunt, from Springfield, Mass., and Mr. and Mrs. Chester B. Sumner, cousins, of West Somerville, Mass. Buffet luncheon was served. The bride was married in white crepe de chine lace trimmed and her motor-ting suit was of tiger-eye summer cloth with shoes and hat to correspond. Miss Ada E. Churchill was bridesmaid in poude crepe de chine and little Martha Nutting, sister of the bride, was flower girl. Paul E. Barboe, chum of the groom at Brown University, was best man.

Rev. G. L. Porter has been absent from Saint John six years during his period of study. He graduated from Gordon College, Boston, with the degree of Bachelor of Theology, and from Brown University, Providence, Rhode Island, with the degree of Bachelor of Arts. This latter graduation was on the 17th of this present month, although Rev. Mr. Porter had been doing pastoral work for some time previous, as well as occupying mission stations in the Canadian and American far west during vacation periods. He was ordained into the Methodist Episcopal church at Fall River last April. It was while both were students in Gordon Bible College, Boston, the principals in this recent happy event met one another.

Numerous gifts of a utility and ornamental nature were showered upon the bride and groom, including a bounteous collection of presents from the groom's church people in Providence, Rhode Island, who invited the prospective bride to their homes upon the occasion of Rev. Mr. Porter's graduation from Brown University at Providence. At South Paris, Maine, the church people were particularly lavish

PRINCE RE-ELECTED

Remains as Patron of Empire Service League—Earl Haig, Grand President.

OTTAWA, June 29—The Prince of Wales has been enthusiastically re-elected patron of the British Empire Service League at the opening session of the league's biennial conference in Ottawa today. Delegates from South Africa and Burma proposed and seconded the motion and it was endorsed on a standing vote amidst great applause. A cable was dispatched to the Prince acquainting him with the action of the league.

"Oh comrades, I thank you for the honor you have done me in re-electing me Grand President of the British Empire Service League. I want no thanks for anything I have been able to do. You can depend on me to continue to do my utmost for the league."

Thus, Earl Haig acknowledged the ovation which greeted him on his return to the conference chamber after his re-election to the grand presidency.

SAINT JOHN, N. B., JUNE 30, 1925.

THE DAY AND THE FLAG.

With to-morrow comes once more the anniversary of Confederation, the birthday of the Dominion. It is a day on which we look back and then forward; back that we may glance over the pathway leading through the hills and valleys that lie between us and the first Dominion Day; forward that we may consider what destiny and what achievements may reasonably emerge in the years to come.

There lies behind us an inspiring record of courage, of patriotism, of resolute striving toward high ideals, of sound and vigorous growth. That which has gone before gives us good and abiding reason for fronting the future with high hopes; but, while this is true, while we must be struck by the rich and noble character of our heritage, we must not be blind to the fact that, if we are to live up to our duty and our opportunity, we must give renewed and vigorous thought to the welfare of Canada, and be prepared to labor more unselfishly to promote national unity and that sound thinking and effective co-operation which alone can make the country measure up to the level of its traditions and its resources.

Like other countries which bore a part in the great war, Canada has suffered from a prolonged period of depression, yet it has been more fortunate than most lands, which were involved in the great conflict. That was terrible as were the sacrifices it involved, left us a lasting inspiration in the high character of the patriotic sacrifices made by so many of our sons and daughters, affording mighty and inspiring proof of the strong moral and physical fibre of the race and its readiness to respond worthily to the call of duty. As we look back over the years since this Confederation was born we find that there have been periods of discouragement, followed in turn by renewed prosperity and contentment. If we look farther back we find that the time of greatest peril for the scattered provinces, the period of greatest discontent and uncertainty, was that just prior to the formation of the Dominion. Even after the Union, in the eighties and early nineties, the road was not always smooth. On more than one occasion it was feared that talk of annexation would make serious headway, but a growing national spirit together with reviving business caused the current of discontent to be swallowed up by the broad river of sounder national impulses, and the Dominion strode along into years of expansion and fruitfulness. To-day, by fair comparison with other countries, Canada is doing well and the lesson of experience is that there are better days ahead. It is a time for courage, for faith, for vision. We should take stock anew of the elements of success with which the country is plentifully endowed. It should be a matter of pride with us to prove ourselves worthy of the rugged forefathers, whose unflinching spirit carried the provinces through the pioneer stage, who stood true to King and to country and who gave enduring life, energy and opportunity to this great land.

Canada will go forward to vastly greater things. It will continue to produce men and women fitted to bear a great part. Economic discouragement is at most a passing phase. On Dominion Day, as we fly the flag— which shall ever fly in honor over Canada—we may be sure that the country will not fail of material success; but that alone should not content us. We should remind ourselves that still more important than the reasonable prosperity to which we may well aspire are those ideals and traditions which have kept Canada British and free, and which will make it worthy of the high destiny in store for it. Fly the flag and honor it. Year by year it becomes an ever nobler and stronger influence in our national life.

THE PROVINCIAL CAMPAIGN. Following the re-nomination of Premier Veniot and his colleagues in Gloucester, Hon. Dr. Baxter, leader of the Opposition, was nominated by the Saint John County convention yesterday, and he has as his running mate, returning to his old political home so far as provincial affairs are concerned. While it has been intimated for some time that Mayor Potts was likely to enter the provincial field again, it was commonly expected that he would be a candidate in the city. He evidently changed his plans, however, and he will put his political fortunes to the test in the county. The Government ticket there is already in the field, consisting of Dr. Curran and Mr. Ross.

Both leaders have now been formally nominated, and both speak with confidence of the prospects of their parties. Hon. J. M. Michaud and Dr. Violette, former Government members, were re-nominated yesterday in Madawaska.

Odds and Ends

"You never know what you'll find among the odds and ends."—From "Notes by a Wayfarer."

Gaffer Jones (Clinton Scollard in New York Times) Said Gaffer Jones, who's lean and tall, "When May comes round I like to sprawl. Out lazy in the sun, and see The white clouds drifting over me. I know, as sure as you were born, I ought to be down in the corn. But there are fish—the trout that squirms— That wait my crop of anglerworms!"

Said Gaffer Jones, "In mid-July I should be busy cutting rye, Or filling up the old haymow With juicy fodder for the cow; But there's a shady swimming-pool, In yonder stream that's clear and cool, And when the sun is high and hot, 'You'll find me in that oozy spot!"

Said Gaffer Jones, "When crickets croon In greeting to the harvest moon, And there are happy husking-bees Before the nuts begin to freeze, I should be joining in the fun, And you instead I take my gun And hide me where the partridge whirs, Or the gray squirrel cheeps and chirrs."

Said Gaffer Jones, "When from the cold The flocks are safely in the fold, And there's no calling to the frogs, I should be at about the logs Or cutting ice, but (oh, the but!) I shall be cracking butternuts, And while the evening hours expire, Be drinking cider by the fire."

Somehow I feel, deep in my bones, That I am much like Gaffer Jones. The Miramichi Fire. (Vancouver Province). The great fire of the Miramichi watershed, described by Robert Cooney, the historian of New Brunswick, as "the greatest calamity that ever befell any forest country" took place in the fall of 1825.

Seventy years after, C. G. D. Roberts, writing for Grant's great work on Picturesque Canada, found extensive areas of blackened stumps, "stark and imperishable," still bearing ghastly witness to the holocaust of a hundred years ago.

The County of Northumberland had a total population of 6,000 men and 8,000 women. The loss in three days of the fire was estimated at \$1,000,183. Fredericton had eighty, out of probably not more than 300, houses wiped out by a branch of the conflagration, including the complete destruction of its Government House; while the main fire, which burnt out 600 homesteads, three considerable towns and scores of villages and settlements, left behind it a blackened desert of 100 miles in length by sixty miles across, about as large as the whole Principality of Wales, or one-third of Vancouver Island.

The importance of the pine forests of the Miramichi had not yet been challenged, either by Ontario or British Columbia. Only a year or two before, when there were not many steam sawmills in the world, a Saint John firm had installed, in the presence of two Lieutenant-governors, the pioneer Canadian engine, made like Amundsen's engine, just before the war in Arctic, in England, of which it is said that it would have been still going at Strait Shore today if it had not been accidentally destroyed by another fire in 1894!

Day's Work

(Barbara Young in New York Times). I have set straight white stitches all the day. The little whirring wheel has hummed its tune— The children have run in and out at play. Now comes a night. The round midsummer moon Is white, expectant, just above the hill. The dear small sounds of evening have I may sit by, and rest, and have my will Of books, and some soft garment. I am done. How they are all forgotten in the press Of these new joys, upspringing and serene Under the moon that sends its quiet beams In through my open window, seeking out The faded raiment, and the finished seams. Of my day's toil. A peace is all about Like the soft comfort of a Mother's arm. My lids are sleeping, and their restless heads Turn on the pillows there. No breath of wind. My ever reacher then in the small white beds Bathed thus in moonlight, is calm. How it is fragrant with the breath of flowers! How it sheds music like a chanted psalm. And with me with remembrance! The still hours Restore my soul: How they are wine and bread! A cloak of courage for another day! Wings to my feet, and all upon my head: They are my House of Comfort, by the way.

See, the round moon has gathered up its gold, And ever about me crowd my happy dreams, In the close darkness—all my heart will hold, For I have sowed them in the long white sea!

IN LIGHTER VEIN. Smart Comeback. Professor—"A fool can ask more questions than a wise man can answer. Student—"No wonder so many of us funk our exams."

Matrimonial Hoaxing. "Edith's husband seems to be pretty common clay." "Well, she's getting the rocks out of him all right."

Sometimes Gets Reversed. "A telephone girl reminds me of a pictured sailor." "How so?" "There's a continual 'hello' around her head."

Certainly Was. From a story—"She waved him off with a fiery, flaming sword." "When was that some hot wave?"

The Full Sense. Judge—"You say that the prisoner was 'soused'?" "What do you mean?" "In the full sense of the word, Your Honor."

His Sad Fate. As the rich man was motoring through a country district he noticed an old man seated outside a cottage with all his furniture around him. "Poo old soul," the visitor said, stopping his car and giving the old gentleman a bank note. "What's your trouble now, I suppose?" "No, sir," was the mournful reply. "It's just my old woman whitewashing."

MANY ASSEMBLE FOR WELCOME HOME

Large Gathering at Cathedral to Greet Bishop LeBlanc and Father Duke. In the Cathedral last evening a large number of the congregation gathered to attend Solemn Benediction of the Blessed Sacrament and to welcome home His Lordship Bishop LeBlanc and Rev. W. M. Duke, rector of the Cathedral after their pilgrimage to Rome. His Lordship and the priests of the Cathedral, with several visiting ones, led by cross bearer and the altar boys, walked in procession through the church grounds from the Palace door to the main door of the Cathedral and thence to the altar.

Rev. Eugene P. Reynolds, who has been acting rector, on behalf of priests and people, tendered to Bishop LeBlanc and Father Duke a warm-hearted welcome. His Lordship and Father Duke replied feelingly and gave impressions of their visit to Rome, other places on the continent, and in Ireland. Benediction then followed with His Lordship officiating, assisted by Fathers Duke, Brown, Boyd and Nichol, and with other priests in the sanctuary. A presentation of a spiritual bouquet to Father Duke by the Altar Society of St. Ann in honor of the anniversary of his ordinations, 27 and 20 years ago, respectively.

REPAIRING ROAD IN ALBERT COUNTY. Construction of Long Dykes and Abouveau is Part of Programme. HOPEWELL HILL, June 29.—The Provincial Public Works Department has authorized extensive repairs and improvements to what is known as the "Point" Road, in the parish of Harvey, which has been in a bad condition, in fact almost impassable, through increased use of the road for several years. The work will include the construction of 115 rods of 14-foot-bottom dyke and an abouveau, and the grading of the road, which was torn away for a long distance.

Operations have already begun and are under the supervision of Road Commissioner, with Otis Linegar, foreman. The work will involve an outlay of \$2,000. C. M. Lawson, of Queenstown, N. B., in one time principal of the school here, is spending a while in the neighborhood.

HER HEADACHES WERE SO BAD SHE COULDN'T DO ANYTHING. "Once the head starts to ache and the pain you may rest assured that the cause comes from the stomach, liver or bowels, and the cause must be removed before permanent relief may be had. There is no better remedy for headaches of every description than BURDOCK BLOOD BITTERS as it removes the cause of the headaches in a way that no other remedy can do."

Mrs. Wm. Heigard, Lower Stewiacke, N. S., writes:—"I suffered for a long time with my head. It would ache and ache until it made me so sick I could not do anything, but after taking four bottles of B.B.B. I feel that I cannot recommend it too highly to all those suffering from headaches of any kind."

B.B.B. has been on the market for a long time and is recognized by all who have used it to be without an equal as a remedy for headaches, and only by The T. Milburn Co., Limited, Toronto, Ont.

MORNING SUBURBAN TRAIN TO HAMPTON JUNE 29th. The full suburban service between Saint John and Hampton will begin on Monday, June 29th, when No. 138, Sub. will leave Saint John at 8:00 A. M. (Atlantic Time), arriving in Hampton at 9:00 A. M. Sub. No. 137 will leave Hampton at 9:15 A. M. (Atlantic Time) and arrive in Saint John at 10:15 A. M. Daily except Sunday.

Letters to The Editor

Long May It Wave! To the Editor of The Times-Star: Sir,—Tomorrow is Dominion Day, and from staffs and buildings throughout the length and breadth of this great land in every city, village and hamlet, the noble and inspiring folds of our flag will be unfurled to the breeze—The flag which is the symbol of that wonderful country of which we are the privileged citizens. As those bright colors float bravely in the breeze, I wonder if they will bring home to us just what it really means to live under their protection, because we are so privileged it sometimes seems that we are apt to take too lightly the many advantages which we are the fortunate possessors of. We should consider the plight of those citizens of other less fortunate countries, many of whom are fain to be oppressed by ignorance, bloodthirsty, power-drunk schemers.

Nowhere else in the world do there exist the opportunities and privileges that are ours. This Canada of ours is today the fountain-head of all progress, with all the reward it offers to those with the will and determination to earn them and increasing rather than diminishing. Here in Canada is each man and woman in truth the builder of his or her own future. No matter what line of endeavor you may be enjoying there is just one standard by which you will be judged, and that standard is, Do you really produce? The whole thing can be put in a nutshell by trying to find out whether your work produces a profit for your company, or a loss. If you are satisfied that it produces a loss you can be sure that sooner or later a sleep-eyed employer will find it out. If you are satisfied that it is producing a profit and can prove it, you have nothing to worry about. If your present employer will not pay you what your work is worth, somebody else will, in one time of opportunity over which our flag still waves.

Is not this alone an all sufficient reason for the fact that vast as is the extent of this great country, there is not room therein for one whit of divided allegiance? Every man, woman and child privileged to live under our flag should be a real Canadian in thought, word and deed. Love of country, or reverence for the flag should of course not be a matter of a day's passing interest, but it is fitting indeed that our one day should be devoted to the remembrance that into its bright fabric is woven the tradition of a country which, while comparatively young, stands forth as the most astounding example of progress in the history of the world.

When tomorrow we see our flag, we will see all the bright hues that were born in heaven proudly floating in the breeze, and our hearts should echo a pen of thanks that beneath our feet is freedom soil, with freedom's banner streaming over us. On that day, too, each one of us should rededicate his heart's allegiance to this great country that we may resolve anew to be more worthy of the heritage that has been prepared for us. Just as no chain can be stronger than its weakest link, so no country can be stronger than the worthiness of each of its citizens.

The privileges we enjoy bring in their wake responsibilities—the necessity of exercising at all times the full duties of citizenship so that we shall press ever forward to even greater accomplishment. Remember, too, that united we stand, and divided we fall. Above all, should this Dominion Day, 1925, once again impress upon us that there is just one flag, one land and one country, and that to the flag as the symbol of all it stands for, we should give ungrudgingly the fullest service of our hearts and our hands. H. J. STOTHARD. Saint John, June 30.

Perfect lather Perfect shave

Williams Shaving Cream is preferred by particular men because it provides the perfect lather that makes the perfect shave possible. The perfect shave means more than just cutting off the protruding beard—it must be done quickly, easily, comfortably—the skin must be left soft, cool, refreshed—there must be no irritating after effect—no drawn parched feeling.

Your first tube of Williams will show the way to years of perfect shaves no matter how sensitive your skin or how tough your beard. Nearly a century of knowing how.

9,000 HAPPY CHILDREN FREED FROM SCHOOL FOR TWO MONTHS

WEATHER DULL BUT LARGE NUMBERS SEE SCHOOL EXERCISES

Special Events in Two High Schools This Morning and Bright Programmes Given in Nearly All Buildings—School Problems Discussed

Nearly 9,000 happy, joyous school children in the city were released for their long vacation, following programmes this morning in most of the school buildings. The schools will re-open on August 26, thus giving the scholars nearly two months of rest and vacationing until the opening day arrives once more.

High School

An important event in the lives of 140 youths and maidens took place today in Imperial Theatre when the graduating class of the Saint John High School received diplomas and certificates of honor.

The High School orchestra discussed several selections remarkably and before the exercises concluded there was an impressive flag salute accompanied by the National Anthem. The programme was in proper order as follows:

Music, High School Orchestra. Entrance of graduating class. Chorus, "O Canada."

Validation, Madeline Girvan. Presentation of diplomas. Music, High School Orchestra. Address to graduating class, Rev. James Dunlop.

Chorus, "My Own Canadian Home." Presentation of honor certificates. Music, High School Orchestra. Presentation of Grade XII diplomas.

Flag Salutation. God Save the King. In her validation, Miss Madeline Girvan, daughter of H. E. Girvan, acknowledged assets, gave an excellent address, after extending her best wishes for the success and physical well-being of her classmates, one to the other.

Rev. Mr. Dunlop in his address to the graduating class said he believed in the public school and in the ability of our own local schools, given the proper communal support, to give the children of the city an education equal to anything in the Dominion.

He wished to speak to the class on "A Career and a Character." First as to a career. In past days "career" meant a race course and it might be today the graduate would find a career a lifelong course of service.

With regard to character he said this was involved in any successful career. No man could last long who was merely clever if that cleverness was only an alternative to goodness.

Principal Myles said the High School had an enrollment at the beginning of the term of 991 and closed with 611. It had been a splendid year. In its history Saint John High School had sent nine Rhodes scholars to Oxford, the first being Chester Martin in 1902.

DOROTHY'S DIARY

Alice and I went to see the piano which was advertised and it was a little beauty. "Can we ever pay for it?" I whispered to her. "I can play and you can, too, so maybe they'll take our notes for it," she replied, perceiving one of the things electric fans cost too much, so I don't see what we are going to do when summer is really here. Why doesn't he advertise for second-hand ones? To Be Continued.

TENDERS FOR DREDGING

Sealed tenders addressed to the undersigned and endorsed "Tender for dredging, West Saint John, N. B., will be received until 12 o'clock noon (day-light saving), Tuesday, July 7, 1925, for dredging required at West Saint John, in the Province of New Brunswick.

Combined specification and form of tender can be obtained on application to the undersigned, also at the office of the Engineer, Old Post Office Building, Saint John, N. B.

Tenders must include the towing of the plant to and from the work. The dredges and other plant which are intended to be used on the work shall have been duly registered in Canada at the time of the filing of the tender with the Department, or shall have been built in Canada after the filing of the tender.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, for 5 per cent of the contract price, but no cheque to be for less than fifty hundred dollars. Bonds of the Dominion of Canada and bonds of the Canadian National Railway Company will be accepted as security, or bonds and a cheque if required to make an odd amount.

By order, S. E. O'BRIEN, Secretary, Department of Public Works, Ottawa, June 24, 1925. 20769-7-1

LONDON, June 29.—Lady Dunn, wife of Sir James Dunn, Canadian financier, was granted a divorce today.

Sir James was named as a co-respondent in the recent petition of the Marquis of Queensbury for a divorce against his wife.

KING SEES DOCTOR

His Majesty Hopes to Benefit From Surgeon's Visit. LONDON, June 29.—King George today received at Buckingham Palace, Dr. Charles H. Mayo, of Rochester, Minn., the famous surgeon, who was introduced by Lord Dawson, one of the physicians to His Majesty.

His Majesty expressed the hope that mutual advantage would accrue to the representatives of the medical profession in Great Britain and in the American continent by the visit to England of the party of Canadian and United States doctors who attended the recent meeting in London of the Interstate Postgraduate Assembly.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Minister of Public Works, for 5 per cent of the contract price, but no cheque to be for less than fifty hundred dollars.

Bonds of the Dominion of Canada and bonds of the Canadian National Railway Company will be accepted as security, or bonds and a cheque if required to make an odd amount.

STELLAR SPORT ATTRACTIONS ARE CARDED FOR THE HOLIDAYS

BIG BASEBALL GAMES WILL BE FEATURE EVENTS

Crack Calais Team Is Coming—City League Fixture

If weather conditions are favorable there will be an abundance of big sport attractions in Saint John tomorrow (Dominion Day). In the afternoon at 2:45 the Saints will clash with Calais, leaders of the Border Town League.

PRO. BALL ATTRACTION.

The visit of the Calais professional ball team, which has only lost one game this season, is one of the outstanding features for the holiday. The team has Neptune, the star Indian player who was formerly in the N. B. and Maine League; Coie, the former nappy backstop for Fredericton; M. Beth, the hard playing, scrappy shortstop, who is well remembered by local fans; Munro, a pitcher who has not lost a game this season; Reid, Chisholm, Cotter, Ruggiero, all fast players from the States. The Saints will present a strong line-up: Dever, catcher; Hansen or Healy, pitching; Johnny MacGowan on first, Eddie Ramsey in second, Dickey O'Regan on third, Boyne or O'Connor at short, Sterling in left field, Finnmore in center field, and Doherty in right field. In the evening the Alerts will be strengthened by members of the Saints. The local boys will make a supreme effort to vanquish the fast aggregation of United States players who are representing Calais, and who have only lost one game out of seven in this season.

CITY LEAGUE FIXTURE.

In the Saint John Amateur League a stellar attraction is offered in the meeting of the Water Department team and St. John's Baptist nine. The latter team has gone to the top of three games from the league leaders so far this season and will endeavor to continue their good work tomorrow. Murphy or Dalton will pitch for the St. John's Baptist team, and Ira Hannah for the Water Department.

RACES AT MOOSEPATH.

On Moosepath Park a card of four classes will be held. All events are said to be well filled and some good racing is anticipated. The Saint John Power Boat Club will hold their annual outing to Crystal Beach. During the afternoon a programme of races will be held.

MODEL YACHT CLUB

First Event of Season Will be Held on Lily Lake This Evening.

Regatta day will be held on October 3rd for all classes. Two courses will be laid out and known as courses one and two, number two to be triangular. Three triangular races are to be raced in the 60 inch class, two in the "C" class and one in each of the other classes. Rules regarding the using of a skiff or tender have been dealt with by the committee, wherein a yacht owner cannot row a skiff or tender he will be allowed a man to row for him, but the owner must sit in the stern of the boat and attend his yacht from this position. Joseph Tebo, the owner of the row boats at Lily Lake, and an active member of the club, will provide his boats free to the members of the club during the race, and his offer is appreciated by the club.

Home Run King Fears He Will Not Play Many More Games This Season

Along The Sport Trail

By RAY HANSEN

SPORT LOVERS in this city will certainly be gratified to learn that they will have a chance in the near future of again seeing Eldridge Eastman, former world's professional sprint champion, perform at Moosepath Park. He has been matched to meet Patchen King in a 100 yards dash for a purse of \$100. This should be one of the most novel and exciting races ever staged in this city. Patchen King is one of the best scoring horses in these parts and it looks as if the great colored sprinter will be forced to travel at a terrific pace to win out. Eastman has been training hard and has been clocked in 10 seconds flat. He looks to be in the pink of condition, not carrying any superfluous flesh, and is confident of victory. Hundreds of fans who watched this great runner perform against Fish March, Keen and others will undoubtedly eagerly avail themselves of an opportunity of again seeing him perform.

IT IS QUITE EVIDENT that the girls are not going to be outdone by mere men even in baseball. The interest that the fair sex are manifesting in their league on the West Saint John diamond rivals that of the male exponents of the sport. If it continues Saint John may unearth a player as good as Lizzie Murphy of Boston.

"HOW ARE collections tonight, Steve?" "Well, not too bad." "Here take this and it will help a little." And the fan thrust a \$5 bill into the hands of "Steve" Payne, grounds chairman of the South End Improvement League. This incident happened a few nights ago when the attendance was rather slim but that it was appreciated goes without saying. It is the spirit back of this little gift that made it count for so much and it is not noted here with the idea of causing others to follow the example but rather to show that despite the rush and tear of life, there are still some good sports around who are ready to lend a helping hand.

MISS EVA MORRISON, daughter of the Chief of Police of Pictou, N. S., says she is willing to accept a challenge issued by Miss Helen Wainwright, Miss Morrison is an exceptionally strong swimmer and should give the United States aquatic star some real competition.

IN TODAY'S ISSUE is a picture of Sam Langford, once a leading figure in athletics, who is now cking out an existence in Chicago. About 10 years ago his mighty fists smashed their way to fame, but today he claims to be broke and is partially blinded. He has lost one of his eyes and the other is in a badly weakened condition. Sam made a lot of money in his day and like many other leading figures in sport followed the bright lights. Now, when age has laid a hand on his once stalwart frame and his vision is so badly impaired he should be living in comfort instead of trying to make a few dollars as a shadow boxer and instructor in a gymnasium. Such is the fate of many other once popular idols. Their fate should be a warning to those now winning fame.

BADE RUTH MAY HAVE TO ENTER HOSPITAL AGAIN

Fears That His Right Ankle Bone Has Been Chipped

BOSTON, June 30.—Life for George Herman Ruth is just one ailment after another. Miller Huggins has announced that the Babe will undergo an X-ray examination on his right ankle, when the Yanks return to New York Thursday.

Struck By Ball

Ruth entertains a suspicion, and so does Huggins, that a bone has been chipped in his right ankle. In batting practice a week ago, the ball glanced off Ruth's bat and struck him a solid blow on the protruding ankle bone.

In the last few days the swelling in the left leg disappeared but the right ankle still gave him trouble, and Ruth now fears the worst. He is convinced that something is wrong in his ankle, and if it isn't a chipped bone, it may be a sprain or wrisp.

Knocked Out For Season

"I guess I've about been knocked out for the season," said George, darkly. "It's just one thing after another. The way my legs feel now, I won't play much ball this year." "When I think back to March and April, I feel blue. When I left St. Petersburg and started North I felt great. I thought sure I would break all home-run records. It was smacking the ball harder than ever did before, making two and three hits every game and not feeling a bit sick. Now, look at me. I might as well be 80 years old."

YOUNG ALERTS TO MEET BLUE CAPS

Local Intermediate Team Will Clash With Crack Moncton Nine Tomorrow.

A chance to see the way the local intermediates shape up against an outside team will be given baseball fans on July 1, when the Alerts, the local aggregation which has only suffered one defeat thus far this season, will meet the Moncton Blue Caps in a ball harder than ever did before, making two and three hits every game and not feeling a bit sick. Now, look at me. I might as well be 80 years old."

The line-up follows: Alerts. Blue Caps. G. London. Cacher. A. Cornler. Pitcher. W. Petrie. S. LaFrance. First Base. C. Stanton. E. Bastarache. Second Base. G. Stewart. H. James. Third Base. E. Boudreau. Shortstop. W. McGowan. L. Cornler. Left Field. W. Edwards. A. Burke. Centre Field. C. London. L. Despres. Right Field. E. Gayton. A. Massey.

BOXING AT MINTO

Joe Irvine, Local Welterweight, to Meet Eddie Anderson in 10 Round Bout.

Definite arrangements have been completed for the staging of an all-star boxing show for Minto. The bouts will take place on Wednesday, July 8, with the Acadia Theatre as the scene of action.

Joe Irvine, popular Canadian welterweight, the boy who handed Kid Danbois a lacing recently, will meet Eddie Anderson, the fighting miner, in the main bout of 10 rounds. The other half of the double wind-up bill will find Johnny Sullivan and Battling Bobby Mason as principals in an eight-rounder. Frankie Rocco, Millstream, and Doris Gallant, North Minto, will meet in the opener.

MURPHY'S PITCHING HAS BEEN FEATURE

St. John The Baptist Team Well Fortified in Twirling Department.

As there is only one team in the City League that has been able to take the measure of the powerful Water Department team on the field this year, and as they turned the trick twice in the first half of the schedule which closed last Friday, more than ordinary interest centres on this team, the St. John's Baptists, in the second half now opening. Can they cut down the Watermen's lead? The Baptists undoubtedly have two of the best pitchers in the league in "Bunker" Murphy and "Jack" Dalton, and are thereby well-fortified in the grueling test before them. Murphy's work during the campaign has been very effective, and the Baptists are counting heavily on his pitching skill in their drive. He is a quiet, genial boy and a big favorite with the fans and he works best when in a pinch. His unruffled behavior when the opposition is threatening him is a by-word and it is this coolness under fire that makes him one of the ranking twirlers in City League circles. He has a big following in Fairville.

BOUT FOR IRVINE

Local Welter Will Meet Boston Boxer in Coming Card at Armories.

He has appeared as soloist in Holland, Belgium and Germany, with overwhelming success, has played as soloist at two concerts of the New York Symphony Orchestra, and also has appeared with Ysaye, Decaux, Nordica and Spalding. His concert repertoire is very large, his art is most versatile, and possessing all the necessary qualities of a virtuoso and musician, he is a highly efficient solo and ensemble player. Marion Carley is a pianist of unusual musical and technical attainment. She has appeared extensively in concerts as a soloist, ensemble player and accompanist. In the season 1922, she toured with Mme. Frances Alda, of the Metropolitan Opera, as accompanist and soloist. She has also appeared with other artists and has toured in every section of the country. The following is a typical press comment of Miss Carley's work. The Beethoven Sonata was her outstanding number of the evening, and it is much credit to Miss Carley that she roused her audience to unusual enthusiasm by her interpretation.—Boston, Mass.

UNION MATTERS ARE DEALT WITH BY PRESBYTERY

Resignations of Rev. W. A. Ross and Rev. W. Swan

CITY DEACONESS IS TO BE APPOINTED

Miss Sinclair Remains With Continuing Church—Ministers State Position

At the meeting of the Saint John Presbytery, this morning, in St. Andrew's church, matters made necessary by the Union of Methodists, Presbyterians and Congregationalists were dealt with. Two resignations of ministers in this city and that of Rev. W. M. Townsend as chairman of the Home Mission Committee were items coming under this head. Several ministers present announced their intention of continuing in the United Church.

The meeting was presided over by Rev. Hugh Miller, moderator of the Presbytery. Among those registered at the morning session were Rev. James Ross, D. D. Halifax; Rev. W. M. Townsend, Rev. J. S. Bonnell, Rev. W. McN. Matthews, Saint John; Rev. J. S. Sutherland, D. D., Clerk of the Court, Fredericton; Rev. A. V. Morash, Sussex; Rev. W. J. Bevis, East Saint John; Rev. S. R. Prince, Woodstock; Rev. William Swan, Debs; Rev. W. A. Ross, Milltown; Rev. W. A. Wood, Prince; Rev. G. D. McLeod, Miramichi; Rev. C. L. Blanchard, Waterville; Rev. N. Byers, Gagetown; Rev. H. R. Scott, St. James; Rev. Peter Jackson, Lorneville; Rev. A. J. MacNeill, Stanley; and Messrs. J. G. Forbes, Alex. Wilson, Peter Campbell, T. H. Somers, St. John; James Miller, Prince William; John Jamieson, Norton; T. R. Speedy, St. Stephen; D. J. Clark, St. Andrew; Prof. A. E. Moore, Sussex; and Charles Campbell, Woodstock.

REV. W. A. ROSS RESIGNS.

The first matter taken up was the resignation of Rev. W. A. Ross as minister of the Milltown church. A letter from the church, expressing regret that conditions made this necessary and appreciation of the work of Rev. Mr. Ross, was read. Mr. Ross said he had resigned, as he felt this step was necessary in the interest of union. Action on the resignation was deferred until the afternoon.

The resignation of Rev. William Swan as minister of the Richmond church was taken up. Charles Campbell, for the congregation, said they were very sorry to have Mr. Swan resign, but it was felt the step was for the best and they respectfully recommended that it be accepted. Mr. Swan said that at Richmond there had been two aid-receiving churches, a Methodist and a Presbyterian, and he felt in order to facilitate the work of the union it was his duty to resign. The resignation was accepted and Rev. James Ross named as interim moderator.

A delegation from the W. M. S. asking authority to appoint a new deaconess for Saint John was heard. Mrs. R. A. Jamieson said the present deaconess, Miss Cora Sinclair, was remaining in the continuing Presbyterian church and this made it necessary to appoint another lady to this position. On motion of Hon. J. G. Forbes, seconded by Rev. W. A. Ross, the necessary authority was granted and appreciation of the services of Miss Sinclair expressed.

STATE POSITIONS.

The following ministers present expressed their intention of remaining with the United Church: Rev. J. S. Sutherland, Rev. W. M. Malcolm, Rev. W. J. Bevis, Rev. A. V. Morash, Rev. W. A. Wood, Rev. W. Swan, Rev. P. Jackson, Rev. W. A. Ross, Rev. W. L. Paterson, Rev. W. McN. Matthews, Rev. J. S. Bonnell, Rev. A. J. MacNeill, Rev. H. Miller, Rev. G. D. MacLeod, Rev. James Ross, Rev. S. R. Prince, Rev. C. L. Blanchard, Rev. W. N. Byers, Rev. R. H. Scott, Rev. L. A. Knox and Rev. A. Sutherland.

Rev. W. A. McQuarrie was recommended for the chair of New Testament in Knox College. Rev. W. A. Wood was re-appointed to the Norton church for another year and Rev. C. A. M. Earle was appointed to the Hampton, Rothesay and Hammond River field as stated supply in the meantime.

The resignation of Rev. W. M. Townsend as convener of the home mission committee was read. It was moved this resignation be accepted with regret and a committee appointed to write suitable minute. Rev. James Ross and A. E. Bentley were named as the committee.

Reports on the meeting of the General Assembly were given by Rev. W. A. Ross, Rev. A. V. Morash, Judge Forbes, A. P. Bentley and T. H. Somerville. Adjournment was made until 8 o'clock.

Chaleur Arrives With 44 Passengers

The R. M. S. P. liner Chaleur, Captain F. G. Spriddell, docked at the Pettibill wharf about 6:30 o'clock last evening after a good voyage from Demerara, British West Indies, and Bermuda, bringing mail, a large general cargo and 44 passengers, many of them for Maritime points.

Among the first class passengers were Archdeacon F. Fraser Draper, who is en route to his home in Louisville, N. S. He said he has been spending the past few months at Barbadoes for his health and is returning much improved.

Passengers for Saint John on the Chaleur were G. V. Godley and G. Steele.

The honor graduates at St. Vincent's High School, in the order of merit were: Eleanor Chalmers, Mary M. Cronin, Dorothy R. Harding, A. J. McNulty, Gertrude Verinder, Dorothy Gifford, Lavina A. Tyner, Margaret Ryan, Margaret McInerney, Ada Williams, Josephine O'Brien and Margaret Watters.

HOME NURSING

Miss S. Barrington, organizer of the nursing classes for the Red Cross Society in New Brunswick, left yesterday for Moncton and will visit Magee's Mills, Cocagne, Buctouche, Shediac and Adamsville, before returning to Brookton. She was last night at St. Rose's class in Fairville heard with much appreciation an illustrated address on the work of the Red Cross Society by Miss Ethel Hason Jarvis.

FOR NORTH END.

The City League game tomorrow between the Watermen and the St. John the Baptists is expected for the North End grounds, and not the South End grounds, as previously reported. It will be a league game with Murphy or Dalton hurling for the Saints and either Hannah or Sterling for the Watermen. The game will start at 8 o'clock.

ON VACATION HERE.

H. A. Peters, Jr., son of H. A. Peters, manager of the Admiral Beatty Hotel, arrived in the city yesterday from New York to spend a few weeks vacation here with his father and mother. He is on the executive staff of the Roosevelt Hotel, New York, and, although young, has risen to a high position with the United Company. He is greatly impressed with the Admiral Beatty and its lay-out.

HAPPY OCCASION

The Willing Workers of Germain Street Baptist Church were delightfully entertained yesterday afternoon at the summer home of Mrs. A. B. Gilmour at Ononnet. The party, which numbered about 80, motored from the city. A delicious supper was served and the hostess was assisted in serving by the Misses Margaret Gilmour, Ella Francis and Ethel Estey. The hearty thanks of her visitors was extended to Mrs. Gilmour, voiced by Miss Alice Estey and Miss B. McLeod. The singing of "For She's a Jolly Good Fellow" followed by three cheers and a tiger, showed that the thanks were heartily given. Mrs. J. C. Earle arranged the motor trip for the afternoon.

MISSION BAND MEETING.

At a meeting of the Louise Levin Mission Band of the Fairville United Church, with Miss Muriel Kirkpatrick presiding, Miss Kirkpatrick, delegate to the recent convention in Fredericton, gave a very interesting report that she has been invited to give it before the senior society next month. The handsome banner won by the Louise Levin Mission Band was on display. Two applications for life membership were received. It was decided to make the meeting in July a picnic event. Miss Mildred Crook was made treasurer for the remainder of the year, filling the vacancy made by the departure of Miss Dorothy Rice, who will leave this week with her parents, Rev. and Mrs. James M. Rice, for Marysville.

Kindergartens of City Close Term

Closing at the Free Kindergartens of the city this morning was informal. In the Simonds street kindergarten, some of the treat of yesterday was dispensed to the little ones who could not get there on account of the heavy rain. In the South End, the children were each given a balloon and peanuts and candy. Miss Edith Stephens, Miss Florence Kierstead and Miss Vera Corbett were in charge in the former and Miss Edna Colwell, Miss Doris Woodrow and Miss Gladys Weeks in the latter.

Miss Lou Estey and Miss Alma Magnuson at the G. W. V. A.; Miss Hazel Rankin, Miss Bernice Flewelling of St. Mary's and Miss Ruth Mankie and Miss Mary O'Connor at Thome Lodge Hall each observed in some special way the closing, which was celebrated royally in picnics held yesterday and a few days previously by the respective kindergartens. Mrs. Robson, instructor of the kindergarten teachers in training, Mrs. H. H. Pettit and other members of the board visited the schools and expressed appreciation of the work.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "to what do you attribute the earth tremors and quakes of the last few days?"

"To the Nova Scotia elections," said Hiram.

"Bosh!" said the reporter.

"All right," said Hiram. "You don't believe it if you don't want to."

"I'll tell you what I think," said the reporter. "I believe the Genii who dwell in the bowels of the earth have been giving some attention to the vagaries of man, with his pretence that he is the acme of creation, and that his exploits and quarrels and follies are the supreme concern and joy of the Creator—and when they shook with laughter the earth trembled."

"Well, now," said Hiram, "that might be—too. I been doing some laughing myself lately—whenever I read about what these here politicians is sayin' about one another. Some of our religious friends, too—when they git het up. I don't know, but they take the cake. I guess we're all laughin' stock more or less. Yes, sir—you may be right—By Hen!"

HELPING BACKWARD SCHOOL CHILDREN

In Seven Schools of City This Work is Bringing Good Results.

The work being done for backward children by the teachers in the city schools is reported to be giving results that were not looked for by the skeptical when the work was begun three years ago. The children do school work from Grades 1 to 4. Necessarily the number in a room is limited, as each scholar requires individual care. There are seven such schools, the teachers having taken psychology at summer schools at Harvard University. The children in these classes are particularly adept at drawing and fancy work.

At St. John the Baptist school, Miss Kathleen Lundy, who had considerable training in handicraft on the playgrounds of the city, has on exhibition hammocks made for dolls, beautifully wrought and hung on poles set in frames, all planned and made by the children themselves. There are little carts for dolls, with animal shapes and are well made, with wheels that run smoothly and without any creaking. Miss Lundy has 14 boys and two girls.

THE TEACHERS.

Similar work is done in the other schools of this class. The teachers and schools are Miss Margaret McMillan, Holy Trinity; Miss Dora Jones, Leoni; Miss Beatrice Cameron, Dufferin; Miss Elizabeth Cowan, Albert, West Saint John; Miss Isabelle Jamieson, Central; Miss Elizabeth McGivern, St. Peter and Miss K. Lundy, St. John the Baptist.

These schools closed today and the rooms presented a very pleasing appearance, most of the decorating being done by the children. A treat was also part of their closing exercises.

ARCHIVES OPENING TO BE ON THURSDAY

Planned For Tomorrow, is Postponed—Officials Arrive From Halifax and Ottawa.

The opening of the Saint John Archives office, first arranged for tomorrow, has been postponed until Thursday. On that day the exhibition of historical documents, maps, pictures, etc., having been decided, as there was still some work to do at the archives quarters in the Government Savings Bank building at the corner of Princess and Canterbury streets, and as tomorrow would be a holiday, the opening be on the following day.

Dr. J. D. Logan of Halifax and Gustave Lanctot of the department in Ottawa are in the city today in connection with the re-opening of the Saint John office.

SHIELDS WON BY BOYS PRESENTED

W. H. Golding Hands Athletic Trophies to Boys of St. Vincent's.

The St. Vincent's boys were gathered together in the auditorium this forenoon and an interesting programme of songs, recitations and patriotic numbers was gone through with. President Harrington occupied the chair. During the exercises W. H. Golding, on behalf of a citizen group interested in the annual inter-school athletic tournament for boys up to and including Grade 8, presented the championship shields for Classes 1 and 8 of the Maytime meet, the smallest boys and the largest boys. These shields were won for St. Vincent's school chiefly through the prowess of Master McGrattan and Kirk. Mr. Golding promised that in supplement to the shields, supplied by the Y. M. C. A. in encouragement of school-boy athletics, Imperial Theatre would be glad to offer yearly championship pennants suitably worded for the three classes, to be flown from the flagstaffs of the winning buildings during the year. These would be ready for school re-assembling on Aug. 28. St. Vincent's will be able to fly two pennants under its Union Jack and New Albert, West Side, one, the Intermediate or No. 2 class of boy athletes. The presentation was loudly applauded. Principal Harriet Smith made the presentation in the New Albert School.

BUILDING WORK IN JUNE IS GREATER

Permits in Saint John Exceed Those of Year Ago in Number and Value.

New buildings in Saint John for which permits were issued during June show an increase over the same month of 1924 both in number and value. The value for the year 1925 to date is much in excess of the first six months of 1924.

During the present week there was issued five permits of a value of \$174,000 and during June 1924 four permits with a value of \$101,550. For the first six months of this year the value of new buildings is \$605,830, six months of 1924, \$221,850.

The permits issued during June were: Barry Club, pavilion at Rockwood grounds, \$500; Harry Shillington, dwelling, Duke street, \$18,000; British Canadian Packing Co., abattoir and pork packing plant, \$150,000; H. A. Mallory, dwelling Orange street, \$6,000; Thomas Rippey, bungalow, West Saint John, \$4,500.

WELCOME BISHOP.

A feature of the closing at St. Peter's girls' school today was the presence of His Lordship Bishop LeBlanc, who received an address of welcome and flowers from the pupils of the school.

What's the Price of Good Clothes?

There is nothing the public buys in which quality and style are so important as clothing. Nor is there anything in which cheap workmanship can be so easily concealed from the casual observer.

Good clothing is made of three things—good fabrics, good tailoring and good design. Skipping any one of these will cheapen the price, but it will cheapen the quality far more.

You can buy cheap clothing which may look well when first put on, it may be of good fabric, but the real test comes after you wear it—that's when quality begins to show up.

And Scovil's Clothing is recognized as Good Clothing, in every way. The price represents the quality that's in it. It's the kind of clothing that makes satisfied customers. That's the kind of clothing you want and that's the kind we want to sell you.

Cool Cooking for Summer

Gas Ranges are useful all the year 'round, but especially during the warm weather when a coal or wood fire in the kitchen makes cooking a real hardship. So this is the season when you will derive the greatest benefit from the addition of a gas range to your kitchen equipment, and we would like an opportunity to show you the McClary line.

We also show a full line of McClary Refrigerators, which combine with the gas ranges in producing summer comfort.
