Think Clemenceau Is Out of Danger

Doctors Allow Him To Receive Supreme Council

FULL ACTIVITIES MONDAY

Police Search Houses and Gather in Bundles of Literature - Believed Existence of a Bolsheviki Organization in French Capital Has Been Discovered

Paris, Feb. 21—Premier Clemenceau will receive his colleagues of the supreme council at his home this afternoon to discuss certain important matters with them. Announcement to this effect was made a little before noon today. His doctors consider him out of danger, and authorize him to receive the ministers. The physicians believe he can resume his political activities on Monday.

The premier's physicians when they left his home after the morning examination were apparently satisfied with the manner in which he was progressing. One of them said his condition was "very satisfactory." He had passed an excellent night. It was added, and he was in good spirits as ever this morning. M. Clemenceau had about five hours' good sleep during the night, which is his normal amount.

Bolshevik Organization? The police were busy all day yesterday on the Coffin case and searched the houses of some thirty members of the Communist Federation of the department of the Seine. Enormous masses of papers, tracts, circulars and pamphlets were carried off.

Although the result of this work is not as yet known nor the importance of the documents found understood, it is said by the newspapers that papers seized at the office of the Journal Liberaire establish the fact that a regular Bolsheviki organization is in existence in Paris and that it has important ramifications.

Moment manager of the Liberaire, has been arrested as the result of the discovery, in a secret printing plant, of a block used for the reproduction of a leaflet addressed to the people of France, and supporting the doctrines of Lenin and Trotsky.

Pope Benedict, through Cardinal Amette, has sent for the premier, Clemenceau congratulating him on his escape and expressing hopes for his early recovery.

The premier's home in Rue Franklin is filled with flowers. One offering is from the midwives or girls employed in military establishments.

London, Feb. 21—Reuter's Paris correspondent says Premier Clemenceau was permitted to spend a short time in his garden yesterday.

The despatch adds that Dr. Laffer, after seeing the premier, asserted that considering the nature of the wound, the condition of M. Clemenceau could not be better. He said it appeared probable the bullet would be ejected without complications, but in any case there could not be a question of extracting it. (A despatch on Thursday night said the bullet had penetrated one lung.)

Paris, Feb. 21—An official statement issued at nine o'clock this morning by Premier Clemenceau's physician, Dr. Laffer, "Temperature 36.7 (centigrade), about 98 (Fahrenheit); pulse 72. General state very good."

Paris, Feb. 21—The early forenoon apparently witnessed no change with the premier. The report that came from his chamber at nine o'clock was that his condition was as satisfactory as possible in the circumstances.

"Premier Clemenceau is progressing as well as possible. We should not feel altogether reassured for forty-eight hours, but then he will be out of danger," said Georges Mandel, his chief clerk, to Marcel Hutin, editor of the Echo de Paris.

"The only possible danger," said a celebrated French surgeon, who was consulted by the Matin, "and it is fortunately, very problematic one, is the appearance of local pulmonary congestion caused by reaction. Such an eventuality has not developed and the robust constitution and magnificent vigor of 'The Tiger' are against such a complication. Let us, then, have every confidence. If by tomorrow night there is no temperature our confidence may be changed to an assurance of absolute recovery. Every day that passes without fever appearing doubles the patient's chances."

A VARIED LIST OF REQUESTS PRESENTED TO QUEBEC GOVERNMENT

Quebec, Feb. 21—H. McNamee and A. Cooke, representing the Amalgamated Society of Engineers, waited on Hon. L. A. Taschereau, minister of labor, yesterday urging that the Quebec government give immediate consideration to the following questions:

The enactment of a law of compulsory education at once, further amendments to the law to meet the requirements of all classes of labor, both skilled and unskilled; a forty hour week for all employed on government works; an extensive building programme to meet the necessities of unemployment; old age pensions, assistance for unemployed workers, financial assistance to citizens who fulfill their natural duty to the state by materially adding to the wealth of the country by increasing the birth rate.

Mr. Taschereau promised to submit the petition to his colleagues and give each question serious consideration.

All trains and all work on the Canadian National Railways will be stopped for one minute at the time when the funeral service for Sir Wilfrid Laurier begins on Saturday morning.

CHAINS TO BIND FERRY PILING

Decision Made Under a Temporary Plan Until Sheathing Work Can Be Done

Steps were taken this morning by Commissioner Bullock to deal with the condition referred to in the verdict of the coroner's jury investigating the death of John B. Chartres, who was killed in the recent accident on the ferry steamer. A thorough investigation of the ferry facilities was made and a temporary policy to be put into effect until more permanent improvements can be made, was decided upon.

The commissioner will proceed at once to provide safeguards to make impossible another accident of the nature of that which proved fatal. In his investigation the commissioner was accompanied by the city engineer, G. G. Hare; the ferry superintendent, George Waring; the wharf foreman, Thomas Thompson; the ferry carpenter, Charles F. Dykeman, and D. C. Clarke, wharf builder.

After an examination of the piling on the western side of the harbor, it was decided that the simplest method of preventing further accidents would be the adoption of a system of chaining the upright logs together and fastening them in the rear, so that a broken stick would not fall but would remain suspended until it could be removed and replaced. This will be done at once and will continue until the piling can be sheathed with oak planks in the same manner as at the eastern floats.

With regard to the toll houses, nothing of which serious objection could be taken was found, but it was decided that there was room for improvement. It is probable that any alterations will have to await next year's estimates but in the meantime extra efforts will be made to keep the passenger accommodation clean and comfortable.

The commissioners of harbors and ferries will have a conference with the other commissioners this afternoon regarding the steps to be taken. In view of the large number of ferries which are now in use, it may be worth while to note that the ferry estimates were not reduced nor changed by the council this year, but that every-thing asked for the ferry superintendant was granted by the commissioners.

MILITARY ORDER IN CONNECTION WITH THE TROUBLE IN HALIFAX

Halifax, N. S., Feb. 21—In connection with the recent rioting here, a military order embracing the "fortress of Halifax" was issued today. It requires all ranks to stand in every way possible maintenance of law and order. Officers, N. C. O's and men are ordered not to congregate with any disorderly element, but to go about their business or form up at some distance and await a request from the civil police for assistance. Any soldier, other than the military police, seen in company with such a crowd will be severely punished. The order concludes: "This order is to be read to all N. C. O's and men in the fortress of Halifax in order that they may take steps among themselves to bring to justice any man who, wearing the uniform of a soldier, disgraces it by lawless, unparliamentary and Hunsian behavior."

WANTS C.N.R. TO USE MINTO COAL; KEEP MEN AT WORK

Premier Foster Takes up Matter at Ottawa and Receives Encouraging Assurances of Federal Interest

(Special to Times) Fredericton, N. B., Feb. 21—Hon. W. E. Foster announced today that he has taken up with the federal government the important question of the Canadian National Railways using Minto coal on their lines in New Brunswick and adjacent territory. From the minister of labor he has received a telegram stating that his department will do whatever is possible to improve the labor situation at Minto by promoting orders for Minto coal for use by federal departments.

Hon. E. A. Smith, who has been in Ottawa for several days on business connected with the commission on conservation, was instructed by the premier to take the matter up with the federal authorities there and has telegraphed that Hon. F. B. Carvell has promised that he will act in the matter. The federal authorities have inquired if the Canadian Pacific Railway still is using Minto coal. The reply will be in the affirmative for the C. P. R. The output of the Minto Coal Company, at present the only large company operating its mines in the Minto district.

The miners, except those working for the Minto Coal Company, are out of employment, and the labor situation is not encouraging. The provincial government wishes the ground that the C. N. R. as a federal department should consume a portion of the coal mined in this province.

ALFONSO'S PLEA FOR SPAIN

Speaks of Attitude of His People During the War

Paris, Feb. 21—"The role of the neutrals is at present far from an easy one," said King Alfonso of Spain in an interview which he gave Albert Londres of the Petit Journal, recently. "It seems to me," continued the king, "that the victorious countries are more inclined to remember the actions they consider unfriendly than the help they had from us, but that is human."

GRAIN DISEASES MAY BRING ON A BAN

Washington, Feb. 21—Prohibition of importation of wheat, rice, barley, oats and rye from Australia, Japan, India, Italy, France, Germany, Belgium, Great Britain, Ireland and Brazil is under consideration by the department of agriculture because of the prevalence in these countries of two destructive grain diseases, flagrant and white head or foot-rot, also known as the take-all disease.

O's and men regarding the length of service which entitles them to the war service gratuity: Lt.-Colonel J. L. McAvity, F. V. Wedderburn, H. Anderson, Majors C. Donald, F. H. Eason, G. S. Kinners, Captains A. E. Burton, J. V. Kierstead, A. J. McIntyre, T. H. McNally and Lieut. J. W. Harmon.

Same As In Kaiser's Day

EIGHT PEOPLE BURN TO DEATH

One Loses Life Trying to Save Babe

Montreal, Feb. 21—Eight people were burned to death when fire broke out last night in a small hotel at Ste. Jovite, in the Laurentian Mountains. The fire is thought to have started from an overheated stove. A couple, the proprietor succeeded in escaping from the burning building but, remembering he had left \$500 in a leather purse under his mattress, went back to get it and perished in the flames. His wife, finding all means of exit cut off from the stairs, threw her small baby from the window into a deep snow bank and then herself jumped after it. Both survive.

The shantymen who managed to escape walked six miles to the nearest station in their stocking feet. There is no fire fighting apparatus at Ste. Jovite and the fire was perforce allowed to run its course.

Food Specialist Taylor In Report On Germany

BEAUREAUCRATIC REGIME

Says Possible for Germans to Restore Militarism if Deemed Desirable - Grave Political Upheaval Probable - Morale Very Low

Paris, Feb. 21—(By the Associated Press)—"The German government is the same bureaucratic regime of the Kaiser's day, with the same attitude toward labor and capital, and does not represent the forces which caused the revolution," says Dr. Alonzo E. Taylor, food specialist, who has just returned from Germany, where he made extensive investigations in behalf of the supreme food relief council.

"Count Von Bernstorff is in charge of American affairs at the foreign office," he said, "and the bureaucrats of the old school are in evidence everywhere. The Germans are becoming Russified. They are afraid to put an untried man into the service, and consequently they tolerate the old order of things."

German propagandists, Dr. Taylor found, favor the imperial regime, and are filling the newspapers with articles saying that President Wilson's doctrines should be considered as having become effective on the day the armistice was signed and should have been interpreted as leaving Alsace and Lorraine in German hands.

The German army has apparently been disorganized and demobilized, for the most part, Dr. Taylor says, but he believes it will be possible for well organized bureaucracy to restore militarism if it is deemed desirable. In Dr. Taylor's opinion a grave political upheaval is probable with the signing of the treaty of peace.

The present lull is regarded as unnatural by Dr. Taylor, who says it was possibly created by the payment of large indemnities to unemployed persons and by suspending action on all questions vital to the future of the nation. Unemployed men in Berlin are paid eight marks a day, while railway workers and street cleaners are paid only six marks daily. Consequently, he says, they prefer to remain idle. He says that plays so immoral that they would have been prohibited under the imperial regime, are now tolerated; thieving is prevalent; litigation is common, and the general public morale is very low. He says the food situation is critical and that, in spite of the great reduction made in rations the nation cannot live until next harvest, unless supplied by outside powers. The death rate has increased, especially among children between five and fifteen years of age.

WHISKEY LADEN AUTO WRECKED BY TRAIN; THREE PEOPLE KILLED

Detroit, Feb. 21—The first fatalities incident to increased whiskey smuggling as a result of the supreme court's decision invalidating the search and seizure law, occurred last night when an interurban train demolished an automobile at Wyandotte, near here, instantly killing the three occupants. According to the police, the car was heavily laden with liquor supposed to have been brought into the state from Ohio.

POLICE COURT

Two prisoners were in the police court this morning charged with drunkenness, they pleaded guilty and were remanded.

Camie Richards was charged by Inspector McAlain with drinking in public. The accused said he was on the alley off of Union street and took a drink. When asked where he had got it he said that he did not know the person, but he had paid \$5 for a bottle. He was remanded.

Three coachmen were charged with standing in front of the rail in the Union Station. Policemen Roberts, of the C. N. R., who reported the men gave evidence. On February 13 about three p. m., he said, just as the Boston train was arriving at the station, all the coachmen lined up in front of the rail, and when told to stand back did not do so. The coachmen said that they made it up among themselves, merely as a joke, to test the good nature of Policemen Roberts, but not for the purpose of breaking the law.

A fourth coachman was charged by Policemen Pearce and Roberts with going inside the door and soliciting a passenger, overstepping the rail farther than the other coachmen had done. Policemen Pearce said that on several occasions he has heard slurring remarks made by some of the coachmen to the passengers that were walking through the station, such as "This way to the cracker house," and "This way to the old ladies' home," and he thought that remarks such as these were an insult to the travelling public. Magistrate Ritchie agreed with him. The three men were fined \$3 each and the fourth \$5.

A First Presentation of Women's New Spring Suits

Setting forth the new Silhouette, the Box Coat, the Jaunty Vests, the Slashed Skirt

It is evident that fashion has bestowed unusual thought upon these newest Spring Suits. They're so definitely modern—so unexpected—spirited in line, and yet with that sobriety of color and ornament which appeals to the taste of women who appreciate the quietly fastidious. One may expect to encounter a constant succession of such irresistible newness as a Suit whose coat blouses in the front. A Box Coat model employing row after row of military braid. Another version of the Box Coat cut in finger-tip length with a dainty tie in the back belt. Skirts reflect smartly designed coats; the close ankle line is everywhere apparent.

Tricotines, Fine French Poplins, Gabardine, and Fine French Serges, and occasionally Poiret Twills are to be seen.

"Mother, Here's Your Boy" Lewis James and Shannon Four
"Watch, Hope and Wait, Little Girl" Charles Hart

"Mother, Here's Your Boy," pays a well-deserved tribute to the American mothers. In bright march time, it sounds a cheerful note, recalling that the boys are already on their way back. Between the verses a strain from Pike's "Home Again" is interpolated. "Watch, Hope and Wait, Little Girl," is an optimistic letter from a soldier to his best girl. Though filled with sentiment, the melody is in march time. The bells add a delightful background in the accompaniment. Hear this Victor Record at

WATCH OUR PRICES

Prices on foodstuffs are bound to come down, but it isn't within reason to suppose that the entire line will be affected at once, or that any large number of items will have the prices busted at one time. But we make the prediction that there will be gradual and considerable declines in prices on many of the staple foods, and that before many moons have rolled around. REV. DR. COHOE IN HALIFAX CHURCH

Admirers of the Rev. Dr. A. B. Cohoe, formerly pastor of the First Baptist church, taxed the seating arrangements of that building to capacity yesterday afternoon, when they heard his address on "Where are the front line trenches now?"

but had simply "rejoiced in the Lord." He thought the Lord would say to those people, "Well, go on rejoicing in the Lord," and that, said the speaker, "would simply be Hell."

Dr. Cohoe says that the front line trenches are the place where there is to be done for the benefit of humanity, and so should we. If we did, he said, we should be a forceful and fluent speaker, and his audience listened with marked attention for over an hour.

In opening his address Rev. Dr. Cohoe spoke of the front line trenches in France, and the men who fought, and died, and died in them. These men had done hard things—had made great sacrifices for the cause of humanity, and for the principles laid down by Jesus to every-day social and business life.

RECENT DEATHS

Sir Rodolphe Forget.
Montreal, Feb. 20—Sir Rodolphe Forget, the wealthy banker and promoter, died at his home here last night after an illness of five weeks. He was formerly member of parliament for Charlevoix and in 1911 declined an appointment to the cabinet of Sir Robert Borden. He was reputed to be several times a millionaire.

George R. Sangster.
Moncton, N. B., Feb. 20—George R. Sangster died at the home of his son, John B. Sangster, this evening. He was a native of Falmouth, N. S., and had been a resident of Moncton forty-four years. He was in the 80th year of his age. For many years Mr. Sangster conducted the L. C. R. restaurant in the Moncton Depot, but retired from the business twenty years ago and was succeeded by his son. He was a prominent Mason. He was prominent in the Wesley Memorial Methodist church. He is survived by two sons, John B. Sangster and Lewis, of the C. G. R., Moncton, and one daughter, Mrs. G. M. Clark of Brooks, Me.

Mr. Forget was first married to Marie Alexandra Tourville, daughter of the late Hon. Louis Tourville, M.L.A., October 12, 1888, his second marriage was with Marie Louise Blanche MacDonald, daughter of the late Robert MacDonald, superintendent of the Intercolonial railway, April 22, 1894. He was the father of five children, three sons and two daughters. Sir Rodolphe Forget was created Knight Bachelor, January 1, 1912.

ARREST OF KAISER'S SON AT SAME TIME AS MUNICH OUTBREAK

Basel, Feb. 21—A reactionary insurrection broke out at Munich on Wednesday night, according to the Frankfurt Zeitung. Demobilized Bavarian bluejackets attacked the Diet House and occupied the telegraph office and police headquarters but were eventually dislodged by government troops.
Prince Joachim of Prussia, sixth son of the former emperor, was arrested, it being reported that he apparently had some connection with the movement. He has been staying at Munich under the name of Count Merz. The government has announced that it has taken the necessary measures to protect the Diet and punish the persons responsible for the uprising.

JAMAICANS SEEKING UNION WITH CANADA

London, Feb. 21—A despatch to the Morning Post from Kingston, Jamaica, says the Council of Montego Bay, the second town of the island, has unanimously resolved to ask the government to bring about confederation with Canada, owing to the increased cost of products passing through American clearing houses to Canada, especially as Canada is not connected with any tropical countries from which to draw materials.

The women of Trinity church held a successful social in the school room yesterday afternoon. Rev. R. A. and Mrs. Armstrong received the guests. Mrs. L. R. Harrison explained the meaning for the endowment fund for the Eskimaux and Indian missions. Refreshments were served by members of the girls' guild.

The best course of restorative treatment, purifying the blood, stimulating the liver, building up the whole system, is:
Hood's Sarsaparilla, the standard blood purifier, before eating.
Hood's Pills (cathartic, mild and effective) as needed.
These two great medicines work in perfect harmony, improve appetite, aid digestion, relieve biliousness and constipation. They make convalescence rapid and perfect. They are also of service in the prevention of disease and the preservation of health.

WAR HIGHWAY AS MEMORIAL

A Suggestion That is Finding Favor Among P. E. Island People

Charlottetown, P. E. I., Feb. 21—Among suggested war memorials for P. E. Island is a great war highway, linking first Charlottetown, Summerside and Borden and eventually extending from end to end of the province. This highway was suggested by Corporal R. L. Cotton, who recently returned from overseas. Some business men already have subscribed towards it. It is suggested that we should have in every county at the principal centre of the highway a memorial hall built of Island stone of suitable size for lectures and educational purposes with glass cases containing souvenirs from the battlefields.

It is pointed out that under the proposed federal highways bill, Canada will provide forty per cent. of a permanent roadway. Among the contributors to the highway are Holman & Company of Summerside, \$1,000.

The secretary of the G. W. V. A.—Corporal Lowther, M. M., and other members of the organization advocate as a memorial a club house in Charlottetown for returned soldiers. Still another suggestion is that the present armories be enlarged and improved so as to contain also a soldiers' home or club. An objection against the home idea is that at the end of say three years when matters have settled down to normal little interest will be taken in this home even by the boys themselves.

THE FRENCH SENATE

Demand for Proceedings Against Humbert—War Investigation
Paris, Feb. 21—Antonin Dubost, president of the senate, communicated to that body yesterday a demand from the military government of Paris that the senate authorize legal proceedings against Senator Charles Humbert on a charge of corrupting officials.

CANADIAN CLUB'S TRIBUTE

The new members elected at this meeting were Dr. J. B. Travers, E. Atherton Smith, T. E. Robinson, J. C. MacKinnon, K. J. Macrae and A. R. Dufresne.

WHICH SAVES THE BABIES? (From Women's Section, Office of Director of Public Information.) The difference between head belief and heart belief is being shown strikingly in Britain today. There has never been a time in the modern history of the island when any one would attempt to argue that babies were not entitled to all the food necessary and of the best quality. That is head belief. The proof that head belief alone is not a guarantee of baby welfare is furnished in the fact that for the first time in the modern history of Britain there is milk enough for all the babies and good milk.

Those people who believed with all their hearts that babies must be fed on the very best and in sufficient quantity have managed to compel the rest of their fellow men to allow this obligation to be translated into concrete form. They have simply demanded that the milk they have secured the passage of a bill whereby any adult patron of an eating house who uses milk as a beverage is fined 15 and the proprietor of a subject to a similar fine. Mathematical proof in favor of a heart belief in baby welfare consists in the fact that the death rate among children under five years of age has been reduced one-half during the time the law just quoted has been in force. If one were to collect all the "convictions" the expressions of head belief, that have been formulated in Canada as to the desirability, the necessity, the patriotic duty of conserving child life the total would fill a good sized volume. But the real, practical working out of these so-called convictions is easily computed and takes the form of local baby welfare stations, more or less efficient, more or less generously supported as

MUCH LUMBER BEING HAULED TO SUSSEX

Several Portable Mills in Operation in Close Proximity to Town - Estimate Cut More Than Four Million

(Sussex Record) This has been a great winter for the lumbermen and never in the memory of the "oldest inhabitant" has there been such a large quantity of mill lumber hauled to Sussex, some of it going to the military siding for shipment and a large portion to the C. N. R. yards.

The lumber from all these mills is being hauled to Sussex, some of it going to the military siding for shipment and a large portion to the C. N. R. yards.

The English market is calling for gang sawed lumber, which means that the lumber must be of exact even thickness suitable for resawing. This will necessitate the portable mill lumber which is all sawn by circular saws, being marketed in the United States and South America.

This has been an extraordinarily fine winter for getting out logs and milling same and if the markets remain firm the operators should reap rich harvest.

RE PTE. W. W. COUPLAND To the Editor of the Times: I wish to contradict a statement which appeared in one of the daily papers on the 17th inst., that my little boy whom I left with Mr. Mrs. and Miss Wittaker of the Hamilton Hotel, had been ill-treated while there. This is very wrong on the part of some person as everyone at the Hamilton has been kindness itself to me and my little boy, both before I was taken to the hospital and also while I was there. I would never have left him had I not been sure of your kindness to him and I have nothing but thanks for them all.

I will also take this opportunity of thanking Mr. West, who was a father to me in my bereavement, also Mrs. Foster and Mrs. Lawrence of the Red Cross and Mr. and Mrs. and Miss Turner of the matron and staff of the Parks hospital where my wife died and also the staff of the Military hospital during my stay there. All these are friends whom I should not have done without and I shall take with me pleasant as well as sad memories of St. John.

W. W. COUPLAND. William O. Scott, a former resident of Penobscot, passed away in San Francisco on Monday. He was a son of the late Mr. and Mrs. W. O. Scott of Penobscot, and left ago and had since resided in the United States. He was sixty-seven years of age. He is survived by three brothers, Mel and John of Sussex, and Albert of Penobscot, and a sister, Mrs. Henry Homer of Moncton.

Combing Won't Rid Hair of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and stinging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

Jump from Bed in Morning and Drink Hot Water

Tells why everyone should drink hot water each morning before breakfast.

Why is man and woman, half the time, feeling nervous, despondent, worried; some days headachy, dull and unstrung; some days really incapacitated by illness.

If we all would practice inside-bathing, what a gratifying change would take place. Instead of thousands of half-sick, anemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste which it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poison which are absorbed into the blood.

Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

Millions of people who had their turn at constipation, bilious attacks, acid stomach, nervous days and sleepless nights, have become real cranks about the morning inside-bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing, sweetening and refreshing effect upon the system.

HAD WEAK AND FAINTING SPELLS

Those feelings of faintness, those weak, "all gone" sinking sensations, which come over some people from time to time, are warnings that must not go unheeded.

They mean an extremely weakened condition of the heart and a disordered nervous system.

When the system is in this condition there is no time for delay. One fainting spell may be recovered from—the next, one dizzy spell may pass off, but the next may be more serious.

Those who are wise will start taking Milburn's Heart and Nerve Pills, before their case becomes deep rooted and perhaps hopeless.

They will act directly on the disordered heart and weakened nervous system and restore them to full strength and vigor.

Miss Mary McCoy, Algoma Mills, Ont., writes:—"I was awfully troubled with fainting and weak spells, and I could never get any doctor's medicines to help me. One day a friend of mine was at the house when I took one of those pills, and she got me a box of Milburn's Heart and Nerve Pills. That was six years ago, and from that day to this I have never had any of those spells. I would not be without your pills for any money, and can highly recommend them to any one."

Milburn's Heart and Nerve Pills are \$1.00 a box at all dealers, or mailed direct on receipt of price by The Milburn Co., Limited, Toronto, Ont.

CURED OF DYSPEPSIA BY USING BURDOCK BLOOD BITTERS

The symptoms of dyspepsia are so numerous and diversified in their individuals that probably no description could exactly represent them as they occur in any given case, but a few of the most prominent are a rising and souring of food, pain, flatulence and distention of the abdomen, a sensation of discomfort after every meal, which is sometimes followed by sickness and vomiting.

To get rid of dyspepsia a careful arrangement of the diet is necessary and due time must be given for the digestion of the meal.

You will find that Burdock Blood Bitters will help with this digestion. It does this by toning up the stomach in such a way that the dyspepsia soon disappears.

Mr. Robt. Baldwin, Winifred, Alta., writes:—"I cannot speak too highly of Burdock Blood Bitters for curing dyspepsia, of which I have been a sufferer for years. I have tried a good many doctors and proprietary medicines, so one day I thought I would try something different. I got a bottle of B. B. B. from our local store, as it was about the only remedy he kept, and I can truly say that I was more than pleased with the results, as I got better right away. I will always recommend it to my sufferers."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried pepsin, bisulphur, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble, in some cases do not even give relief.

But before giving up hope and deciding you are a chronic dyspeptic just try a little effect of a little bisulphurated magnesia—not the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisulphurated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated, heavy, lumpy feeling that seems to follow most everything you eat.

You will find that provided you take a little bisulphurated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort to follow, and moreover, the continued use of the bisulphurated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.

Shadow of Loss Marks Opening of Parliament

House Meets for Formal Session and Adjourns After Authorizing State Funeral—Body of Sir Wilfrid Lies in State in Commons Chamber

Ottawa, Feb. 20.—The death of the leader of the opposition, Sir Wilfrid Laurier, overshadowed the importance usually attached to the opening of parliament and the proceedings today were almost purely formal, in order that the common chamber might be cleared for the lying in state of the late Sir Wilfrid.

At the conclusion of the speech from the throne, Mr. Thomas White, in moving for a state funeral for the former premier, said: "We meet today in the shadow of a great loss and a deep and widespread and personal sorrow. The Right Honourable Sir Wilfrid Laurier, senior member of this house, has passed away and the entire nation mourns his loss. It is my intention to ask the adjournment of the house until Tuesday next out of honor, respect and in honor to his memory."

Lady Laurier Accompanied Body.

At 9 o'clock the hearse bearing the mortal remains arrived at the front entrance of the building. The bronze casket was borne to its resting place where it will remain until Saturday morning at 10 o'clock. With the relatives and immediate family friends who drove behind the hearse from Sir Wilfrid's late residence to the parliament building was Lady Laurier. She did not enter the building with the others but remained outside with her physician in her carriage. She had made the last journey with "her boy" over the long frequent route from home to parliament.

"I always used to drive down with him," she is reported to have said. "I will do this time again, for the last time." She bore with her a basket of sweet peas, her own floral offering to be placed on the casket.

Soon after the hearse had been placed in position, His Excellency the Governor-General with the Duchess of Devonshire and his aides followed by the members of the cabinet, the honorary pall bearers and the members of parliament filed into the chamber for a last look at the departing chief. His excellency carried with him and placed upon the hearse a wreath of red roses on behalf of Their Majesties, the King and Queen.

At 9 o'clock this evening when the building was opened to the public, there was a line of some thousands of people extending for blocks along the street waiting for the opportunity to enter the building and pass in sad presence through the chamber for a moment's final gaze upon the recumbent figure at rest.

Catarhal Deafness and Head Noises

TELLS SAFE AND SIMPLE WAY TO TREAT AND RELIEVE AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels, you will be glad to know that the distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost.

Secure from your druggist 1 ounce of Parmit (Double Strength). Take this and add to it 1-4 pint of hot water till dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.

years ago an ulcer appeared on my ankle," writes Mrs. Jeffrey, of Methuen, Mass. "In spite of all the remedies I used, it spread to my knee, and developed into an open sore. I had medical treatment for twenty-five years, but only got temporary relief. The pain I suffered was terrible, and for years I was unable to leave the house.

"One day I saw in a newspaper an account of a had ulcer having been cured by Zam-Buk. Although I was skeptical, now, of anything curing me—having tried so many remedies in vain—I decided to give Zam-Buk a trial. I applied the balm freely every day and to my delight the sore soon showed some improvement. Gradually the inflammation was drawn out, the pain was ended, and, after thirty years of suffering, I realized I was on the road to recovery. With perseverance, the awful sore was finally completely healed, and, although that was three years ago, there has not been the slightest trace of the ulcer returning."

Zam-Buk is the best remedy, also, for eczema, boils, pimples, blood-poisoning, piles, burns, scalds and cuts. All dealers, or Zam-Buk Co., Toronto, 50c. box, 2 for \$1.25.

BEAUTY SPECIALIST TELLS SECRE

A Beauty Specialist Gives Simple How Made Receipt to Darken Gray Hair.

Mrs. M. D. Gillespie, a well-known beauty specialist of Kansas City, recently gave out the following statement regarding gray hair:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, and make it soft and glossy. To a half pint of water add one ounce of bay rum, a small box of Oris Compound and 1/4 ounce of glycerin. These ingredients can be bought at any drug store at very little cost, or the druggist will put it up for you. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look twenty years younger. This is not a dye, it does not color the most delicate scalp, is not sticky, greasy and does not rub off."

IN THE SENATE

Consolidation of Railway Statutes Given Rush Position

Ottawa, Feb. 21.—The government is proceeding with a bill for the consolidation of the railway statutes over which there was such a long and bitter fight last session that the measure failed to pass before prorogation.

In the senate yesterday Sir James Loughheed, government leader, re-introduced this bill immediately upon the opening of the stage where a pro forma bill, which asserts the right of parliament to take up other business before the speech from the throne, is traditionally offered. It is believed this is the first time a measure has been introduced at this stage in the Canadian parliament.

Three new senators were introduced, Hon. P. Blondin, Senator G. Turfitt, and Senator M. J. O'Brien.

NEW YORK GREET'S ITS BLACK WATCH

Three Thousand Negro Veterans Marched to Strains of Jazz Band

New York, Feb. 21.—Keeping step to the "jazz music" of their famous band, led by Lieut. James R. Europe, 3,000 smiling negro soldiers, comprising the 889th Infantry, known as New York's own "Black Watch," marched through streets packed with cheering citizens to receive the city's official welcome to returning troops. Col. Wm. C. Hayward, their commander, and 116 men wore the French war crosses and other decorations awarded for conspicuous gallantry in action.

Carrying Springfield rifles and wearing trench stained clothes and steel helmets, some of which had been perforated with enemy bullets, the men who were brought here from Camp Upton this morning, made a fine appearance as they marched six abreast up Fifth avenue to 110th street, and then through to Lenox avenue up to 144th street, through the Harlem district in which many of the men have their homes.

Governor Smith, former Governor Whitman and high army, navy and municipal officials reviewed the troops from a gallantly decorated stand at Fifth avenue and 60th street. Relatives and friends of the men in the regiment were also given seats in the several reviewing stands along the line of march, and they gave them a noisy welcome.

WILL TAKE STEPS TO ESTABLISH MILK STATION

Further development of child welfare plans were considered yesterday afternoon at the annual meeting of the Victorian Order of Nurses, held in the vestry of Trinity church. The subject will be dealt with by the board of management, which was re-elected. The board will elect officers later.

Senator J. W. Daniel and Mrs. George F. Smith were elected delegates to the annual meeting of the national body to be held at Ottawa. The meeting decided that a milk station is necessary and steps will be taken to establish one.

SCHOOL MATTERS

At a meeting of the building's committee of the school board, held yesterday afternoon, it was decided to offer the Douglas avenue school for sale by auction at an early date. Dr. H. S. Bridges, superintendent of schools, yesterday commenced a special tour of inspection of the various educational institutions in the city to enquire carefully and impartially into the matter of bodily punishment upon pupils. Dr. Bridges said last night that he would make no report of the matter until the next meeting of the school board.

Jury Says Criminal Negligence On Part of City Commissioners
Startling Verdict Follows Inquest Into Death Resulting From Ferry Accident; Their Recommendations

"The jury empaneled to enquire into the death of John Buffington Charters find that the said John Buffington Charters met his death as the result of an accident while a passenger on the ferry steamer Ludlow on Thursday afternoon, February 13, 1919, the said accident being the result of criminal negligence on the part of the commissioners of the city of St. John, and we find the direct cause of the accident was due to the fall of a broken piling not properly secured, it falling on the deck of the said ferry steamer Ludlow, striking the boy on his head and causing his death.

"We fully exonerate Captain Norwood and crew from any blame for this accident, and we hereby do recommend that the city commissioners place immediately the West Side approaches in the same safe condition as we consider the East Side approaches to be, and that no expense be spared in this connection as we consider the lives of the passengers using the same said ferry as a public conveyance, are, from day to day, in danger of a similar accident as happened on February 13, and we further recommend that the toll house and waiting room on the West Side be entirely remodelled to meet the present day needs, as we have found on personal examination that they are in a most unsatisfactory condition.

"We also recommend that the stringers running down the floats be not less than 12 by 12 timber separating traffic from pedestrians as a preventive against teams and motor vehicles from backing into foot passengers; also that a better method be adopted for making the ferry boats secure to the docks; also that a stretcher and cot be kept on the boat always available in case of accident.

"We recommend the following change in the East Side toll house: where the window now is in the ladies' waiting room a proper exit to be placed and stairway leading to the landing below so that the ladies may have a private exit from their waiting room. Also we find that the morgue, so-called, in the General Public Hospital, is in a most disgraceful condition being in our opinion entirely unfit for its intended purpose. It would appear to us from the evidence submitted that it is regrettable that the commissioners of the city of St. John are not at all times practical men."

This somewhat startling verdict was Charters inquest. The jury were: J. reached last evening by the jury in the Fifth British, foreman; Joseph Mc-

Alary, Harry Belyea, Harold Majes, James McLellan, Samuel Irons and Joseph Northrup.

Evidence was given by Charles Dykeman, repair carpenter, regarding the condition of the piling; Dr. Heidan, on the date of the boy's death and the condition of the hospital morgue; George Waring, superintendent of ferries, regarding the condition of the floats and piling and various details of ferry management; and T. H. Bullock, commissioner of harbors and ferries. Mr. Bullock gave evidence that a large number of the pilings on both sides of the western slip had been replaced since last May. He considered the approaches reasonably safe but at low tide they did not look extra safe. It was possible that another such accident might occur and it was his intention to make inquiries to see what could be done to prevent another accident.

IT'S A NEW ARMISTICE GERMANS WILL BE CALLED ON TO SIGN

Cabled Reports as to Peace Terms Sent Out Under Misapprehension

Paris, Feb. 20.—(Cable from John W. Dufour)—A prediction which has gone out from here to the press on the other side of the Atlantic that the Germans will probably be summoned to Versailles perhaps in six weeks to sign the peace terms is based upon a misapprehension of the policy being pursued by the great powers.

What Germany will be called upon to sign at T'reves before the middle of next month will be the conditions of a new armistice, the military and naval terms of which will be final. When Germany signs these she will sign them for the peace treaty as well, with which they will be automatically incorporated. These terms are now being drawn up by Marshal Foch and his military and naval advisers, including Field Marshal Haig and Admiral Browning of the British navy. They also have before them recommendations from a special economic committee advising economic remissions in the present blockade which may be possible after acceptance of the new armistice by Germany.

When the new terms are completed the present armistice will be rescinded. The new armistice is being submitted to the Germans for prompt acceptance.

BRITISH TROOPS RIVAL KLONDIKE RUSH IN ARCTIC JOURNEY TO ARCHANGEL FRONT

Archangel, Feb. 21.—(By the Associated Press)—An Arctic journey of probably the greatest magnitude since the famous Klondike gold rush has brought additional British troops to the Archangel front to reinforce the greatly outnumbered troops fighting the Bolshevik. Hundreds of sleighs, driving in single file over frozen ground, along roads cut through pine forests, completed the most difficult part of their 300 mile trip in twelve days.

The trip was planned and directed by members of Sir Ernest H. Shackleton's anti-Arctic expedition, including Dr. Maklin, Sir Ernest himself, although not participating in the journey to the front, arrived at Archangel on an ice-breaker with the first detachment of reinforcements.

Rev. Dr. S. D. Chown, general superintendent of the Methodist Church, who has just returned from overseas, discussed the labor situation in England and said that "unless prompt government action is taken, no doubt, revolution, more or less Bolshevik, will take place in England."

BRITISH AND FRENCH PROTESTS AGAINST THE NEW MEXICAN DECREES

Matter of Taxes and Regulations Affecting Foreign Oil Interests in Mexico

Washington, Feb. 21.—Laws and decrees of the Mexican government affecting foreign oil interests in that country and French and British notes of protest against a Mexican petroleum tax, with the Mexican government's reply, have been compiled and soon will be in the hands of officials here. The compilation, it was said, will be sent to the British and American commissions at the peace conference for use should the Mexican oil regulations enter into the negotiations.

The British note, which declares that the decree of President Carranza imposing new charges on oil bearing lands was "of an arbitrary and confiscatory character," and the French note charging that the new taxes "gravely jeopardize the existence" of some of the foreign oil firms, are made public for the first time.

The compilation, officials said, discloses that under the new constitution President Carranza may expel from the country "any foreigner when he may deem such action expedient."

Statements of British, American and French oil concerns included in the compilation object particularly to the use of the words "royalty" and "rental" in the various decrees of Carranza and the new constitution. Acceptance of the terms of the documents containing the words, the companies assert, would mean the giving up of titles to the oil lands and the operation of the properties under concessions of the government. Under the old constitution, the companies contend, they were entitled to all the sub-surface products of their property, whereas the new constitution provides that the sub-surface products of the land are the inalienable property of the nation.

WILL DEMAND ENQUIRY.

To the Editor of The Times:
Sir,—I noticed in yesterday's issue of the Standard the use of very strong language in reference to my reply in your paper to the interview he (of the Standard) claims I had with him, and concerning which he made in the Standard of Feb. 7 and 8 last certain distorted statements regarding that interview.

I may say I called up the premier of the province with a view of bringing this case before the attorney-general, but am told he is out of town. I intend, if I can, to have this matter thoroughly investigated by the legal authorities of the province, not only in justice to myself but in fairness to all concerned. If I have done anything wrong in this matter I certainly have a right to bear the responsibility. After that I will have a word to say to my friend of the Standard.

Yours,
W. H. ALLINGHAM,
Magistrate.

BRITISH FOOD CONTROLLER ON THE WHEAT PURCHASES

London, Feb. 21.—George H. Roberts, food controller, in a statement dealing with criticisms on the amount of wheat purchased at high prices in North America, said that tonnage could not be found to bring more than a million tons of wheat from Australia to Europe during the present cereal year. "We could not buy all the cheap wheat ourselves and leave the expensive sources of supply to our Allies," he said. "Further, it should be remembered that Canada and the United States have a claim to consideration, as the wheat acreage was increased last year to provide during the war foodstuffs from the nearest sources of supply."

"WHITE MEN" AND "GERMANS."

(New York Times.)

In Africa the natives distinguish between "white men" and "Germans." That is a sufficient commentary on German colonial rule, whose cruelties to the subject populations against neighbor possessions, are notorious. They must not be returned to Germany. The voice of their peoples would forbid that.

CONSIDER USE OF THE PARKS HOME

Temporary Place For Protestant Orphans

ENQUIRIES ARE MADE

T. H. Estabrooks Has Been Taking up Matter—Need of Permanent Enlarged Institution—Parks Building Now Free of Patients

T. H. Estabrooks, chairman of the Protestant Orphans Home directors, has made enquiries concerning the Parks house, Hawthorne Avenue, lately employed by the Board of Health as an epidemic hospital during the influenza outbreak, and formerly as a soldier convalescent home and golf club house. It is suggested this large domicile might be employed temporarily to care for overflow orphans now being cared for haphazardly in various locations.
The matter of enlarged accommodation for Protestant orphan children in this city is commanding the attention of various organizations and private individuals, and it is probable within the next few weeks some action will be taken that will provide at least temporary shelter for those in need of it, and that a campaign for a permanent and modern orphanage of ample size will be opened.
For a long time, it is said, accommodations in the British street institution have been overtaxed. Furthermore the charter of that organization prevents the acceptance of little ones under three years of age and there is also a boarding arrangement for older ones that prevents many a child for which the necessary funds cannot be furnished, from securing shelter.
St. John's growing population, the limited accommodations in the Home and war conditions have caused an overflow of orphans. Some have been sent to the Alms House, others farmed out to private families or adopted and some have been mercifully accepted in the Catholic orphanages.
Therefore the suggestion that a larger and better home be erected is meeting with widespread approval and an outspoken willingness from many to assist in any capacity and with each contribution. The consensus of opinion favors a farmstead orphanage in the suburbs like that for Catholic boys at Silver Falls. However details are not now being discussed.
It has been suggested that a composite committee of representatives from the fraternal and religious organizations of the city as well as social bodies and welfare clubs, also from the churches, meet and discuss with the directors of the Protestant Orphans Home plans for enlargement of the orphanage either on the present site or on an entirely new location.
The last patient, a woman, was removed from the Parks epidemic hospital today and work of disinfecting was at once commenced by the Board of Health.
This closes the career of the emergency institution, a hospital organized and equipped over night, as it were. It stemmed the flow of numerous cases of influenza from crowded homes of moderately circumstanced and poor classes as well as caring for scores of stragglers within our gates and people stricken while in transit via this city.
It is doubtful if the general public fully appreciates the place this hospital has been in bridging the health crisis at the time of the height of the epidemic, a prominent doctor said today. The Board of Health, under Senator Daniel's chairmanship and the untiring efforts of Secretary Burns, backed up by the Municipal Council, met the difficulty with promptness and efficiency.
The appointment of Mrs. Allen Gundry as matron—a volunteer enlistment—and the corps of nursing workers, professional and non-professional, gave impetus to the work which continued systematically and thoroughly until the last. Mrs. Gundry is to leave for England tonight or tomorrow and will enjoy a well deserved rest.
Secretary T. M. Burns and Chairman John Kelly of the Board of Health, as well as the membership of the board as a whole, and municipal officials, heartily praise the co-operative and selfless efforts by the military authorities. The Parks hospital was virtually equipped so fast as sick-room furnishings were concerned, from property stores, all of which are being most thankfully returned tomorrow, with broken and missing items paid for.
