Peace Treaty Won't Be Signed Before April

Preliminary Committees to Study Problems Involved

Paris, Nov. 28.—(Havas Agency)—At a meeting preliminary to the sitting of the delegates to the peace conference, it is announced, committees will be appointed to study different phases of the problems which will be involved, and present reports to the conference, whose deliberations will by this means be of a more definite character. The conference, it is believed, will last for three months, and it is not expected that a treaty will be signed before April.

Premier Lloyd George of Great Britain will arrive in Paris at the same time as President Wilson.

MUST PAY THE BILL

London, Nov. 28.—(German states, whatever their form, must pay the bill. Germany, as a whole, must be held responsible for the consequences of the war," says the Westminster Gazette, in discussing the situation that has developed in Germany.

The newspaper admits that the Allies may find that the legal entity of Germany has undergone a complete change and that, like Austria, it may burst in fragments before negotiations are completed.

Dr. Solf Again Protests

Zurich, Nov. 28.—Dr. W. S. Solf, the German foreign minister, has addressed the following note to the Allied powers: "According to an additional note sent to the armistice convention by the Allies, Belgium, France, Luxembourg and Alsace-Lorraine must be evacuated within a period of fifteen days. The evacuation must be made in three stages, each being marked on the map. The third stage—Alsace-Lorraine—has not yet been reached and the evacuation of the Rhine country to the west of Bonn, between Metz and Sarrebrück, and comprises Sarrebrück and Sarrebrück. It seems possible that this evacuation may have been made with a view to attempting the annexation of these territories to Alsace-Lorraine. The protest of the members of the German commission has not been considered. The German government makes most solemn protest against all attempts intended to deprive Germany of these territories.

Big Staff for Conference

London, Nov. 27.—The British government will have a staff of 400 persons in Paris for the peace conference. Assistant Secretary of State for Foreign Affairs, informed the correspondents today. He said the government had taken the Majestic Hotel for this staff and would have a corresponding force of servants.

Metz, Nov. 28.—Addresses to Poincaré and Premier Clemenceau have been sent by the municipal council of this city as its first act under the changed conditions prevailing here. The addresses express the faithfulness of Metz to France and says that streets in the city will be given the names by which they were known before 1870. Streets laid out since that time will be given names of French generals and all German names will be effaced.

MONCTON PLANS WELCOME FOR RETURNED MEN

Moncton, N. B., Nov. 28.—Moncton is planning a big demonstration in honor of the soldiers who are returning to Canada from overseas, and who are expected to arrive here on Friday from Halifax. This will be the first large body of troops to pass through the city since the signing of the armistice, and it is planned to give the boys a warm welcome. A local committee is now arranging for the celebration. Charles Robinson, secretary of the Returned Soldiers' Commission in St. John, who visited Moncton yesterday, conferred with Mrs. (Dr.) W. A. Ferguson, Capt. J. E. Masters and others regarding preparations to receive the returned men. Arrangements having been made for the filming of the demobilization of troops at various points, an operator will be in Moncton to secure moving pictures.

HAVE CAUSE FOR THANKSGIVING

Celebrated as "Victory Day" in United States—Observance to Continue Over the Week-End

Washington, Nov. 28.—Deep feelings of gratitude and thankfulness, greater than come to a nation through prosperity, pervaded the observance of Thanksgiving Day in the United States today. Peace with victory after nineteen months of war gave the day much added significance.

The declaration of President Wilson in his Thanksgiving proclamation that "this year we have special and moving cause to be grateful and to rejoice," expressed to express the true sentiments of the American people, and made the occasion a "victory day" as well as a Thanksgiving day.

New York, Nov. 28.—The observance of Thanksgiving in New York city, which actually began yesterday, and will continue through the week-end, found every association, society and individual eager to honor the soldier and sailor. Dinners for the fighting men were prepared by hundreds of homeswives while at hotels and restaurants special menus were offered for their entertainment. Most notable of the events of the day was the "victory sing" this afternoon in Madison Square Garden, when ten thousand voices will join in the choruses.

DISCOVERY OF FACTS SHATTERS SENSATION

Quebec, Nov. 28.—All the sensational stories told about the robbery of \$6,000 worth of mail some weeks ago at Arctabaska were shattered today when A. Houde, mail carrier, who reported being robbed at the point of a revolver by masked bandits, was arrested and held as a material witness. The two mail pouches containing the mail robbed were found by the roadside Monday at a spot that has been gone over scores of times since the robbery. A hole was discovered in the bushes not far from the road, where the mail bags had been hidden and later dug out, and a trail was found indicating that some one had unweathered the pouches and placed them in a conspicuous spot on the highway. Houde was held without bail on the technical charge of being a material witness.

Vienna, Nov. 28.—(By the Associated Press)—"Provided the Allies extend immediate help, the Austrian republic will be able to arise from the position it is in at present," said Dr. Joseph Radlich, former minister of finance, to the correspondent today.

"We hope there is no revengeful desire on the part of the Allies to see us remain in poverty," he continued. "Our enemies should be generous and remember, at least, that Austria did what she considered her duty to her ally, and tried repeatedly to give up the war. If we are helped, we will be able to help ourselves. Our farmers and men of the industrial classes are all willing to work and not inclined to Bolshevism. The eastbound train was slowing up at Willow River Junction, when Bob, in the parson's car, raced into view a half mile from the station...

Dear Miss Jean:
Just got your message. If you will wait there will see you in about two days...

For a long time the two conspirators studied the missive, then hit on a plan which apparently pleased them mightily...

Driving to the end of the wharf, Bob dismissed the driver and they walked to the shack where a gangster, dressed in the uniform of a Royal Mounted constable, saluted them...

"Altered! This is Lawless's work."
Then Iron Star showed some of Jean's beads and told of his visit to the Camp Wharf...

Near the middle of the lake and out of sight of land, Lawless had another whiskey station on Little Turtle Island and there he brought Jean and locked her securely in a hut...

Jean was telling Bob of her experience when the fishermen recalled them to a realization that they yet were in dire peril from the outlaws...
