## ULSTER GIVES BIG MAJORITY TO UNIONISTS

Party Will Have About Forty of the Fifty-Two Seats.

### SINN FEINERS MAKE VERY POOR SHOWING

John Devlin Only Nationalist or Sinn Feiner Elected in Belfast.

Belfast, May 26.—The Unionists have done better in the elections than they anticipated, the Sinn Feiners worse than their prophets predicted and the Nationalists no more than they looked for. The Unionists are therefore, the only party in Ulster today not disappointed.

All, however, are celebrating—the Unionists, because they have won; the Nationalists and Sinn Feiners because they have made their protest against the partition of Ireland and believe the protest will have its effect on the minds of the peoples of the world.

Big Unionist Lead.

The Unionist expected to win 34 of the 52 seats, including those of the University, which will be decided Saturday. They will probably get nearer 40 seats.

Daniel McCann, chief lieutenant in Belfast of Joseph Devlin, the Sinn Feiner, had hoped for 14 seats but did not really believe that more than 12 Nationalists and Sinn Feiners could be returned, and he proved a good prophet.

The counting of the ballots will not be completed probably until the end of the week, but so far as the figures go they show that the Unionists made their greatest gain in Belfast where it is expected they will have fifteen or sixteen seats.

Devlin's Poor Run.

Joseph Devlin is the only Nationalist or Sinn Feiner who will have a seat for Belfast in the new parliament if he decides to sit there, and even he was beaten in his own strong hold for first place on the poll by his Unionist opponent, T. H. Burn.

His colleague, Alderman Byrne was at the bottom of the list with only 311 votes or 10,000 fewer than his leader. This was due to the Unionists getting all their first votes to Devlin.

Sinn Feiners Beaten.

The Sinn Feiners did better than Byrne, but on the first ballot they were well behind the Unionists and as apparently neither the Unionists nor the Sinn Feiners kept their pact to give their second votes for each other's candidates, there was little hope for them in the second ballot.

The Socialist party is in other constituencies, lost their deposits which they have to forfeit if they do not receive a certain number of votes.

In Antrim the Sinn Feiners were expected to get a seat, but this evening being pretty certain of six of the seven seats, the other going to Devlin.

## ADMIRAL SIMS LAUDS BRITISH

But for Navy England Would Now be Speaking German He Declares.

London, May 26.—Rear Admiral Wm. S. Sims, who commanded the United States naval forces in the war zone during the last two years of the war, told Admiral Beatty, commander of the British grand fleet, and a distinguished assembly of British and United States naval men and other prominent persons today that the British had been disposed to give the United States navy too much credit for the part it played in the Allied victory.

In an address at a luncheon given by the Pilgrims' Society in his honor, Admiral Sims said: "The British grand fleet was the keystone in the Allied arch, without which you in this country would be speaking German with a very strong English accent."

### Predicts Farmers To Rule Quebec

Sees Forty-Five Members Elected in That Province at Next Federal Fight.

Pierreville, Que., May 26.—Since there are to be forty-five farmers elected in the Province of Quebec at the next general federal election, there is no reason why the Liberals should have a candidate in the present by-election for Yamaska county, was the contention of L. P. De Courval, speaker for Joseph Lambert, the Farmer candidate at today's meeting at St. Givard. Mr. De Courval there fore suggested that Alime Boucher, the Liberal candidate, should drop out of the contest to be decided next Saturday and also proposed that Mr. A. A. Monou, the government candidate, should also fall out.

## Canadian National Brotherhoods Barred

Cleveland Office Takes Action Because Engineers Run Too Much When Spares Available

Winnipeg, May 26.—The suspension of nine Canadian divisions of the Brotherhood of Locomotive Engineers, announced yesterday at the Cleveland convention refers to the Canadian National Brotherhoods and not to the Canadian Pacific Railway organizations as mentioned, it is believed in local railway circles.

Where Trouble Comes

It is understood that the disagreement arose over the Chicago pact whereby members of the brotherhood were not to exceed a certain maximum mileage per month in order to benefit spare men. This was not agreeable to the Canadian divisions and some had their charters withdrawn temporarily last year for the same reason. These charters were later restored but have evidently been cancelled again.

## GERMAN CRUEL TO BRITISH TO GO TO PRISON

Ten Months' Sentence Because He Was Needlessly Hard on Prisoners.

### SUB-OFFICER IS NEXT FOR HEARING

Prosecution Wanted to Put the Officer in Jail for Two Years.

Leipzig, May 26.—Sergt. Hayne, accused of having ill-treated British soldiers, who were prisoners of war at the prison camp at Harze, Westphalia, was sentenced to ten months imprisonment by the high court here today. He was the first German soldier to be tried on criminal charges arising from the conduct of the war.

The evidence in the case was completed yesterday, and in his summing up address the prosecuting attorney general demanded that Hayne be sent to prison for two years.

Against Cruelty. In reviewing the testimony received during the trial, the prosecuting attorney declared that while prisoners of war could not be expected to be handled with kid gloves, the application of violence and the use of offensive epithets was not warranted. He declared that Sergt. Hayne was shown to have exceeded the requirements of his position as guard over British prisoners in 28 instances.

The British were said to have been generally unruly, to have constantly organized mutinies and to have falsely represented themselves ill.

Wanted Acquittal.

Sergt. Hayne made an address to the court, declaring that he had faith in judges sense of justice, and asking for an acquittal.

The next case to be tried will be that of Captain Meulan, who was accused of ill-treating British prisoners at the camp at Kastrube.

Of the other accused booked for trial soon, interest of the British is keenest over Carl Neumann, who commanded U-boat 67, which sank the hospital ship Dover Castle, off the coast of Africa, May 26, 1917. He is not yet under detention, but the government has promised to produce him for trial.

Lower Penalties in Income Tax Trouble

Ottawa, May 26.—Sir Henry Drayton, minister of finance, said in the House this afternoon it was hoped to make some progress with consolidating the Income Tax Act. The contentious clauses would be dropped. It would be possible to proceed with the non-contentious clauses and especially those providing for a reduction in the penalties for non-observance of the act.

## HALF BILLION DOLLARS PAID WAR VETERANS

At Least \$75,000,000 Will be Expended in Canada This Year is Estimate.

### PENSIONS BOARD MAKES ITS REPORT

Many Changes in Pensions, Insurance and Workmen's Compensation Advised.

Ottawa, May 26.—The fifty per cent bonus on pensions is to be continued for another year, if the recommendations of the special parliamentary committee on pensions, insurance and civil re-establishment are adopted by the House of Commons, as it is expected they will be. The report of the committee was tabled when the House resumed this evening. This bonus will also be applicable to pensioners residing outside of Canada.

Widows' Status.

No change in the pension act was made to bring widowed mothers to the same status as widows, but the committee has recommended a change regarding the earnings of children of widowed mothers.

The committee decided once more against any further bonus or gratuity. It was also unable to formulate any scheme for making loans to the returned men for re-establishment purposes. In regard to housing and employment, the committee suggests that the government should consider extension of the federal housing project, both to relieve unemployment and to enable returned soldiers to secure homes.

Disabled Men.

After going into the position of the disabled men, the committee recommended that the government assume the liability under the Workmen's Compensation Act for this class of disabled men, who when qualified, will be placed at the top of the list of applicants for any government position.

Important recommendations are also addressed to the department of tubercular ex-soldiers, and these are hoped to result in the establishment of a form of sheltered employment for these men and others similarly disabled.

In Two Years It Will be More Than Paying Expenses He Claims.

### MARITIME MEMBERS OBJECT TO ROUTE

Claim Goods Are Taken from I. C. R. at St. John to the C. P. R.

Ottawa, May 26.—That the Canadian National Railway should be earning its operating expenses "and a little more" within two years, was stated to the Parliamentary Committee on National Railways and Shipping, this afternoon by D. B. Hanna, president of the board of management.

Matter of Policy

Mr. Hanna said that was a matter of policy. "If the management is going to be subjected to all kinds of criticism, God knows where it will end," he added.

Replying to Hon. Charles Murphy (Russell) Mr. Hanna declared that the Canadian National was not paying more for its locomotives or other equipment than the C. P. R. There should not be one dollar's difference in the purchase price of similar kind of equipment.

John A. Stewart (Lanark) criticized the fact that a high percentage of the Government telegraph business was handled by the C. P. R. He also objected to the C. P. R. handling a high percentage of the Canadian mails. This, he said, ought to be changed.

At the commencement of the meeting, A. J. Mitchell, vice-president of the National Railway Commission of finance, said that the directors were considering insuring the property within the company. The police have been ordered to look for a convenient date in order to make this possible. The premium now paid was \$486,000 for a three year period.

Three Are Held in Manhole Death

Coroner's Jury at Montreal Find Three Responsible for Tragedy.

Montreal, May 26.—For the death of Lily Manning, the eight-year old child who fell through an open manhole into a city sewer several weeks ago, and whose body was only discovered in the river a few days ago, a coroner's jury today held Denis O'Sullivan, foreman of the city roads department, John Grace, section man under O'Sullivan and Thomas Lenz, an employee of the roads department, finally responsible.

Manslaughter Charge

The three men will appear before the criminal court tomorrow to answer the charge of manslaughter preferred against them. The manhole through which the child fell was in the middle of the street. There was no top on it neither was there any one guarding it.

SINN FEINERS MAKE VERY POOR SHOWING John Devlin Only Nationalist or Sinn Feiner Elected in Belfast.

(Continued from page 1) Louis Walsh, Sinn Feiner, who was allowed out of the detention camp to take part in the election, and who headed the poll in the county council election, is now near the bottom of the poll, although there are a large number of Sinn Feiners in North Antrim and the Glens of Antrim.

The count in Armagh and Tyrone is believed, and results are not known. The percentage of votes polled was very high in West Belfast, it reached 87, and this figure was reached in many constituencies, while no where was the percentage 87. It is noted that in many instances the candidate whose name was first on the list, which was arranged alphabetical by received the largest number of votes.

The bailiffs were counted in sealed rooms, with police armed with rifles at the doors to prevent any attempt to destroy the ballot boxes. The Nationalists probably will win eight seats and the Sinn Feiners 4.

Belfast, May 26.—Late tonight it was reported that Sir James Craig had a good lead in County Down, with Eamon De Valera and J. M. Antrim, running close for second place. The Unionist candidate was leading the poll, but Sir James Craig, commander of the "Irish Republican Army" second.

Belfast, May 26.—H. M. Pollock, the prospective Ulster Chancellor of the Exchequer, was elected on the second count in South Belfast as was Sir Crawford McCullagh, former Lord Mayor in East Belfast. Sir Dawson Bates, who is likely to be Home Secretary in the new Parliament, and Captain Dixon, a friend of Sir James Craig, Premier-designate for Ulster, were elected on the first count.

### PROVINCE OFFERS REWARD FOR MAN

Flanging Set for June 2 Will Not be Postponed Until Last Moment.

(Continued from page 1)  
Woodstock, Ont., May 26.—The car which Norman Garfield is supposed to have stolen here last evening, when he made his daring getaway from the local jail was this afternoon found about five miles east of Dundas. When it had been run into a sand bank, was short of gas and had a flat tire. The information came from the Chief of Police of Dundas, who stated that the car had been recovered late this afternoon at a spot about five hundred yards from any house in a sparsely settled part of the country. The story told by the Dundas chief was to the effect that he had received word today from people living east of Dundas that a car was in the ditch near there. Investigation revealed the Hoesack car No. 98-171.

Drove at Terrific Rate  
The people who gave the information stated that about 7.30 last night the car dashed along the road by their house at a terrific rate of speed. They followed its course for some distance when it was suddenly seen to swerve and land in a sand bank at the side of the road. Following the ditching of the car the driver jumped and raced down the road and was soon lost in the neighboring woods. The car had evidently been driven about seventy or eighty miles, and evidently Garfield had made a detour around Woodstock and Brantford, for when he was traveling in a north direction.

Minister's Story  
Rev. Wilfrid Gaetz, spiritual adviser to Norman Garfield, was interviewed today concerning the action he took yesterday when he witnessed Garfield go out the door of the jail without following him and giving the alarm to the people who were across the road in the park. Mr. Gaetz said: "I was not Garfield's guard. It was not my place to follow him out on the street and give alarm. After Norman knocked me back I had not fully recovered before he had unlocked the door, was outside and had slammed the gate shut again. I did what I thought was my duty and ran back to find the guard for whose safety I was concerned. I did not know what might have happened to him. When I reached the stairs I yelled to him and hearing his voice above, went to him."

Released the Guard  
"I found the cell key in the door, unlocked it and released the imprisoned man. I think I took the proper course and believe the jail officials will bear me out in the action I took. "I believed Norman Garfield's story that he did not intend to kill Bill Johnson," was the clergyman's answer to a question as to why he had interested himself so much in trying to secure a reprieve for a man convicted of murder in the first degree. "I thought him guilty of the lesser."

### Bottom Gone From Oil Tanker "Impoco"

Refloating of the Vessel Now Considered An Unusual Salvage Act.

Halifax, N. S., May 26.—A survey was held today on the Imperial Oil Company's steamer Impoco as she lay in dry dock here following her arrival from Clarke's Harbor, where she was beached on May 4th, after having been rammed from Blomfield dock of the extreme southwestern point of Nova Scotia, which she struck on the night of April 5th, during a voyage from Halifax to St. John. The survey revealed the fact that the tanker has little or no bottom as the result of the pounding she received while in the grip of the rock, and emphasized the magnitude of the task performed by the wrecking company in refloating her by means of compressed air. The decision arrived at as a result of the survey will be announced later.

### Devon Firm Lands Contract For School

Fredericton, N. B., May 26.—Forbes and Brown of Devon were awarded the contract for construction of a brick four-room annex to the Smythe street school, by the Fredericton School Board on Wednesday night. The price for the work is \$26,000. F. Nell Brodie of St. John, architect of the school board was present. Some twelve tenders from contractors in Fredericton, St. John and other places were received. The firm named was the lowest.

### Lightning Damaged House At Campobello

Campobello, May 26.—A very heavy electrical storm passed over this section of the country on Sunday afternoon lasting for about the space of three hours. The home of Mr. and Mrs. Guilford Babcock was struck during the first of the storm and damaged seriously. The walls in several rooms were broken and shattered; much damage was done a chimney as was also the outside of the building. Mrs. Babcock suffered a severe shock. The little three year old son of Mr. and Mrs. Victor Townsend is convalescent at the Chipman Memorial Hospital, St. Stephen, N. B.

DAYLIGHT SAVING QUARREL  
Fredericton, N. B., May 26.—The squabble over the operation of daylight saving time and its effect upon men employed on street construction has been settled by the roads and streets committee agreeing to allow the men to work from 8 to 5 p. m. and the men agreeing to recognize the change in time by having dinner hour at 12 to 1, which their agreement they signed at a recent meeting pledged them to do.

Known in St. John  
Rev. Wilfrid Gaetz is pastor of Central Methodist church here. He has occupied churches in St. John, N. B., Kitchener and Guelph. He has just received a call to St. Thomas and takes over the new pastorate in July.

### Sale And Supper Largely Attended

Dominion L. O. B. A. Successful in Making Substantial Sum for Charitable Purposes.

A substantial sum of money which will be devoted to charitable purposes was realized by the Ladies' Sewing Circle of Dominion L. O. B. A. No. 18, who held a supper and sale in the Simonds Street Orange Hall last evening. The articles on sale represented the results of the labors of the circle during the last six months under the capable leadership of the president, Mrs. Edwin Thomas.

The Worthy Mistress, Mrs. Thos. Rogers, was in charge of the supper and sale, and was assisted by the following staff of ladies who took charge of the various departments: Wheel of fortune, Mrs. L. Stacey and Miss R. Woods; Sales table, Mrs. Jane Thomas and Mrs. Jane Brown; Grab bag, Mrs. Alice Robinson and Miss Marion Lane; Supper table, Mrs. Oscar Brentall, assisted by Miss Mildred Wood, Mrs. Sarah Wood, Mrs. George Oram, Mrs. A. MacKinnon, Miss L. Atkinson and E. Hamilton.

A guess cake donated by Mrs. Wm. H. Atcheson attracted the attention of many patrons whose guesses ranged from 4 to 20 lbs. The actual weight was 6 lbs. and 2 oz. and Deskmann Thomas of the central police station led the field in estimating its true weight, his estimate of 6 lbs. 8 1/2 oz. being the closest of the evening, so the officer took the cake.

### NO WORD OF IT YET.

Sydney, N. S., May 26.—No official notification has yet been received by the local officials of the Dominion Steel Corporation of the booking of a forty thousand ton Government rail order, and no orders have been given to get the mills ready for rolling, it was stated here today. It is not expected that work will begin until the arrival here of D. H. McDonald, vice-president and managing director of the British Empire Steel Corporation.

### RUMORED PREMIER MURRAY QUITTING

A rumor was current in the city last night that Premier Murray, of Nova Scotia had or was upon the point of resigning his office after twenty-five years service. For several months his health has been very poor and for the present session of the legislature he has been unable to attend to his work. He is at present in a sanitarium. No official information has been given yet and Halifax has no news upon the rumor.

### Miss Eileen O'Regan Had Narrow Escape

While attempting to Board Train at Fair Vale She Fell to Subway.

Many friends in the city will be pleased to hear that the condition of Miss Eileen O'Regan is very favorable and no serious results are anticipated from the unfortunate accident which befell her at Fair Vale yesterday morning, when in attempting to board the Sussex train she fell from one of the cars to the subway below. Miss O'Regan was picked up by L. E. Tutley, whose home she had been visiting, and taken to the home of O. S. Dykeman where she was attended by Dr. Peters of Rothesay. She was brought into the city to the home of her parents Mr. and Mrs. J. O'Regan Elliot Row by motor yesterday afternoon and a complete recovery is expected at an early date.

### NEWFOUNDLAND'S HUGE DEFICITS

Government Ends Year With a Loss in Revenue of Three Million Dollars.

St. John's, Nfld., May 26.—Increased taxes and reductions in government expenditures during the next fiscal year were recommended to the colonial legislature today by Premier Squires in presenting the annual budget. The Premier, speaking for the minister of finance, who is ill, reported a deficit of \$3,000,000 for the fiscal year ending June 30 next, which he said, was covered by surpluses from the previous year. He ascribed the falling off in revenue to general depression in the colony and to financial assistance granted the railway system.

### New Taxes Proposed.

The increased taxes, the premier indicated should include a surtax of twenty-five per cent. on existing customs duties and a special sales tax. The revenue and expenditures for the fiscal year beginning July 1 were estimated at \$3,000,000 each.

### Poker And Jaunts For The Prisoners

Men in This Jail Had Good Time—Inquiry Reveals Laxness of Sheriff.

Albany, May 26.—Testimony that Sheriff John Selley, Jr., of Rensselaer county had paid a discharged prisoner \$50 in settlement of a poker debt incurred while the prisoner was in the custody of the county jail, that prisoners had accompanied him on trips to Philadelphia and Syracuse and that he had given orders that the police should not be notified of the escape of two prisoners from the institution featured the opening of a hearing before a committee of the State Commission on Prisons today in connection with allegations of lax management on the part of Sheriff Selley.

Under Sheriff George T. Morris told the committee that when Herbert Craig, a prisoner, was released on March 19 he was given a check for \$50 by the Sheriff. When the witness asked Deputy Sheriff Henry Killen the reason for the payment the reply was: "He won that playing poker in the jail."

The Under Sheriff said that frequently the Sheriff took prisoners with him on trips to other cities, including Philadelphia and Syracuse. James Costo, formerly employed at the jail and suspended by Sheriff Selley two weeks ago, testified that the Sheriff knew the prisoners were gambling, but did not care. Some prisoners, Costo said, were permitted to come and go as they pleased. Once he said, the Sheriff took \$50 away from a prisoner named Edward Mashere and that to his knowledge the official returned only \$10.

### Lincoln Nurse Now At Prague

Miss Bessie Kelly Doing Good Work Fighting Tuberculosis in Central Europe.

Special to The Standard  
Fredericton, N. B., May 26.—Letters have been received by Mrs. John Rowan, of Lincoln, from her sister, Miss Bessie Kelly, saying she is now engaged as a nurse in the health department of Prague, Bohemia. Miss Kelly had a wonderful war record, going overseas with an American nursing unit. She served in France and England, and after the signing of the Armistice, she joined the American army of occupation and went to Germany. For some time she nursed in Germany; then she proceeded to Poland, where she also engaged in nursing. From Poland she went to Serbia and from Serbia back again to Poland where she was teaching nursing.

### Fights White Plague

While in Serbia she was also engaged in civil service work and she is now with the health department of Prague, which is engaged in fighting tuberculosis. In writing of her work she said the disease was very prevalent and the fight to overcome it was a hard one. Accompanying the letter was a ring which dates back to Napoleon, a necklace, made by Hungarian wounded soldiers and a black ebony bracelet which is supposed to bring luck to the wearer.

### Form Club To Kill Bothersome Crows

Men of West Chester Spend One Night Each Week Gunning for Them.

West Chester, Pa., May 26.—The West Chester Crow Exterminating Association is the latest sporting organization to be formed in this place, its object being to reduce the number of crows as much as possible in this section, and to promote similar organizations in other localities. It now has a membership of twenty, all good shots, and has killed hundreds of the birds this season. William Mayer, the originator of the idea, is chief hunter, and J. W. Wertz, crow leader. Many members of the West Chester Gun Club are members and are taking part in the general slaughter for the benefit of other bird life.

The organization permits no use of traps, but only shotgun or rifles in the work, and hopes the plan will be generally adopted in every locality as a good work. Mayer killed 500 crows last season with his shotgun, and Wertz and others almost as many. The plan adopted this season for getting the birds is to locate a nest in a tract of woodland, surrounded by a fence, and the young, and then shoot the adult crows which flock to the scene attracted by the commotion.

As many as a score have been killed in a short time in this manner within an hour on several occasions. Wednesday evening of each week has been designated as the club night, and at that time the members assemble at headquarters here and tally forth after the game.

### MAN SEES WIFE KILLED IN FALL OF AEROPLANE

Mrs. John Brady of Paterson  
Had Been Urged by Hus-  
band to Try Flight.

### BOTH WERE BURIED IN THE WRECKAGE

Airplane Wing Broke as  
Couple Soared Over Field  
at Peabody, N. J.

New York, May 26.—William  
Coates of the United States Coast  
Guard, N. J. formerly a lieutenant  
in the United States Army, and  
Mrs. John Brady of Peabody, N. J.,  
were killed late yesterday after-  
noon when the woman's husband look-  
ing on, when an airplane in which  
they were riding fell 900 feet to the  
ground near Peabody. Physicians from  
the Barnard Memorial Hospital found  
that every bone in both their bodies had  
been broken.

Coates, a commercial pilot, demon-  
strating machines for the aviation  
concerns of Schellendorf & Kennedy,  
consented to take Mrs. Brady for a  
ride in the sky yesterday afternoon at  
the request of her husband, who had  
been his friend for several years.

Urged Wife to Go.  
Brady had been up with another aviator  
at Pompton Lakes on Thursday,  
and had enjoyed the experience. That  
he urged his wife to make an ascent  
they started for Pompton Lakes yester-  
day, but saw Coates at work on his  
plane when they passed Murchio Field  
and stopped there.

### Backache Dr. Chase's K & L Pills

Coates, and Mr. Brady, together with  
about fifty other employees and specu-  
lators, were watching when Coates's  
machine took the air. Otter said last  
night that Coates drove the machine  
over Peabody and North Hudson at a  
height of about 1,000 feet, and then  
headed back toward the flying field.

The machine was descending as usual,  
with nothing extraordinary hap-  
pening so far as Otter, Brady and the  
others could see. Coates appeared to  
have perfect control, when suddenly  
he banked the plane and then a cross  
wind struck it and ripped off one wing.  
The machine dropped straight down  
almost immediately.

Fell Swiftly.  
It fell swiftly, and Otter could see  
Coates trying desperately to regain  
control of the machine. But he could  
do nothing with the smashed and broken  
wing, and the plane fell with a  
crash, striking the earth with great  
force that the engine was driven deep  
into the ground. The bodies of  
Coates and Mrs. Brady were buried  
beneath the wreckage and had to be  
dug out.

Mrs. Brady was twenty-three years  
old and was married a year ago. Her  
husband was formerly employed in the  
New Jersey branch of the Internal  
Revenue Department but is now a  
salesman. Coates was stationed at  
Mincola during his service in the  
army, and so far as is known has one  
relative, a sister, Mrs. F. M. Lord of  
Harrington, Del.

### Short Skirts Cause Accidents To Men

Trim Ankle and Abbreviated  
Garb Plus Observant  
Male.

Philadelphia, May 26.—Do short  
skirts decrease the number of trolley  
accidents?  
Thomas H. Babcock, claim agent for  
the Public Service Corporation in  
Camden, says they do. Assistant Chief  
of Police Hyde, of Camden, is just as  
sure that they do not.

Women wearing short skirts rarely,  
if ever, trip when alighting from or  
boarding a trolley car, according to  
Babcock.  
"With the advent of the short skirt  
we seldom hear of an accident result-  
ing because a woman trips as she  
boards or alights from a car," he said.

"The woman who shows off her  
pretty ankle is attracting more than  
ordinary attention from observant  
males, who forget to pay attention to  
approaching autos or trolley cars.  
This results in an accident," Hyde  
says. "Of course, these cases are not  
many, but they will occur from time  
to time, and all because of the short  
skirt."

### TRAIN WRECKING TRIED.

Montreal, May 26.—An unsuccessful  
attempt to wreck a train on the  
C. N. R. at St. Jerome and Montford  
division, has been reported to the  
management of the line here. The at-  
tempt, which took place on Victoria  
Day, when the holiday traffic was  
very heavy, was made at Morin  
Heights, and consisted of the placing  
of pieces of rail between the guard  
rail and the main line at two places.

### GROWING LESS.

Toronto, May 26.—The gross earn-  
ings of the Canadian National Rail-  
ways for the week ending May 21,  
were \$1,891,486, a decrease of \$14,872,  
over the corresponding period last  
year.

### CAPTURED HIS VISITOR.

Perth, Ont., May 26.—When Robert  
Walker entered his shoe repair shop  
in this town Tuesday night, a  
stranger inside flashed a light into  
his eyes and struck Walker over the  
head with a screw-driver. The latter  
grabbed his assailant and a melee fol-  
lowed, which resulted in neighbors  
coming and the visitor was captured.

### Otters Found Along Brandywine Banks

West Chester, May 26.—A pair of  
fully matured otters have been dis-  
covered in a slough along the Brandy-  
wine, near this place, and have been  
watched with interest by many per-  
sons.

They are the only ones reported in  
Chester for probably forty years, and  
are very carefully protected by the  
owner of the property, where they  
have a den in a bank beside the still  
slough.

The animals are said to be about  
four feet in length and very active.  
It is believed a number of young  
may be produced in the den beneath  
the bank and prove the founding of  
a colony which will cause much  
future interest.

### HIS FIRST AMERICAN DINNER.

Warsaw, May 26.—Marshal Joseph  
Pilsudski, Poland's Chief of State, en-  
joyed his first all-American meal re-  
cently. The Marshal was the guest at  
dinner given by the American Min-  
ister Hugh Gibson, in the old palace of  
Count Zamoyski which, for two years,  
has served as the American legation  
in Warsaw.

American dishes prepared in Amer-  
ican style were served and the Chief  
of State liked particularly the old-  
fashioned apple pie. This was the first  
time that Marshal Pilsudski had ac-  
cepted a dinner invitation from any  
of the foreign diplomats.

### Danced With Chair; His Critic Killed

Peculiar Action of Host at  
Italian Party Results in  
Tragedy.

Philadelphia, May 26.—His objec-  
tion to a man dancing with a chair  
cost the life of Mick Rickko, 239 West  
Mount Pleasant avenue, Germantown,  
early yesterday morning. He was  
shot by Vincio Lotovicio, West Mount  
Pleasant avenue, when the latter be-  
came enraged over his criticism, po-  
lice say.

Lotovicio refused to dance with any  
of the girls invited to the party in his  
home, and contented himself by doing  
the latest dance steps with an inani-  
mate partner, a kitchen chair.

When the guests left, Rickko took  
Lotovicio to task for his peculiar ac-  
tions and a light ensued, during which  
Rickko was killed. Police say that  
Lotovicio drew a revolver and fired  
while they were in a clinch. Rickko  
fell on the way to the Germantown  
Hospital.

### SURPRISED THE REBELS.

Dublin, May 26.—Dublin Castle an-  
nounced this afternoon that a military  
patrol surprised 35 armed rebels at  
Ballyveddy, County Kerry, today. One  
rebel was killed and four wounded,  
the announcement said.

### GAMBLER OF TODAY LOOKS A GENTLEMAN

The Picturesque Product of Former Days Has Disappeared.

### WOMEN USED TO LURE THEIR VICTIMS

Trim Them So Neatly That Player Always Blames Luck Rather Than Sharper.

Over in the States these days a sharp lookout is being kept by Pullman conductors and porters for flashy gentlemen dressed in a check and wearing diamonds—gentlemen with hawk eyes and long, lean, expressionless, impassive faces decorated with long, curling, gray eyebrows and a misapprehension of what a modern gambler looks like. So says a writer in the Kansas City Star.

Picturesque Gambler Has Vanished. Formerly, gathered around the cabin tables of Mississippi river steamboats of long ago when flowered vests, peg-topped trousers, and side hats were in vogue, a "Cameo Kirby" whom Kentuckians saw in the play at the Royal Alexandra a few years ago. High stakes were played—sometimes \$1,000 changed hands in a single game, occasionally more. Every game ended with a gun on the table, so the stories of those days assure us. But the pioneer professional who managed to get a share of the big plantation owners were mere pikers compared to their successors today.

The picturesque gambler of the Mississippi river boats and of the western mining camps is gone forever. His successor looks like a prosperous banker or businessman and often exhibits in the best taste in his gentlemanly worded or tweed smart but quiet ties and general appearance. No porter would dare bar the entrance of such an obvious "gentleman," nor would the smart-ale gambler take him for a crook.

Crude Methods Discarded.

Time was when the smoking con-  
firmation of parlor car. Contrary  
"clubs" and unopinionated "cl-  
fellers" shared in losing to the gam-  
blers who freely sold country  
houses, gold mines and green goods.  
But all these games have passed with  
the growth of intelligence among the  
boobies. The gambler has taken on  
the guise of respectability, goes after  
bigger stakes, and has dropped the  
crude methods of yesterday. No  
longer is he encumbered with the in-  
chance of respectability, and the  
chemical contrivances of the cheat  
faded his arms, the marked-in-advance  
pasteboards awkwardly brought in  
play through the connivance of a well-  
paid news butcher or the gun to  
displayed threaten to take the man  
ment his victim sees he has been  
"crooked."

How They Mark the Cards.

Today a pair of well trained  
hands, a simple device or marking  
cards already in the game, and a  
nimble brain are all that the modern  
gambler asks. He doesn't need  
nearly that he never realizes it. The  
best of gamblers travel in pairs, and  
often carry their "molls" or women  
accomplices with them. The women  
are used to help the victim and to  
help extract the gambler from the  
game.

Gambler's Women Meet Victims'  
Wives.

The modes of working the gam-  
blers vary. In the case of victims on  
the Mississippi river boats, the gam-  
blers generally make friends with the  
wives of their intended victims. In  
productions all round follow, and  
presently, like at the men of the  
party, they bring them to the club o-  
for a smoke. Probably a game is  
ready in progress there. One of the  
two gamblers suggests a game, the  
presently his pal suggests that the  
drawing-room in the parlor car won-  
be a nice spot to play. Thither they  
go. First move of the gamblers is  
ostentatiously buy a nice new pack of  
the attendant. It looks so honest. Th-  
with a tiny sharp-pointed instrum-  
under his thumb nail or by dabbing  
wet finger on the point of a red  
blue pencil and rubbing on a sm-  
one of the two gamblers begins  
mark the cards. Only the high of  
is adhered with.

Victim Blames His "Bad Luck."

The deck once marked, the vic-  
tims are helpless before the skill  
the gamblers in dealing "frags"  
"seconds," in producing cards from  
the bottom of the deck and in all  
other sleight-of-hand tricks of the  
confirmed crook. At first the victim  
may win good pots. Then they be-  
on getting some wonderful hands, h-  
hands just one jump below the top  
of the gamblers, who invariably p-  
class a flush to cap a straight or a  
of a kind to beat a full house. Oft-  
so skillfully is the game played th-  
the victim has won several good po-  
and where he is finally stripped of  
roll goes his way cursing, not t-  
gamblers, but his bad luck.

LOYALISTS' HOMES DESTROYED

Cork, May 26.—As a counter-  
part for the destruction of four  
houses in Blackrock, County Co-  
Down, following the bombing  
of the residence of several loyalists,  
including those of Sir Alfred Dobb  
former lord mayor of Cork, and a  
gistrate Pike.

**GAMBLER OF TODAY LOOKS LIKE A GENTLEMAN**  
The Picturesque Product of Former Days Has Disappeared.

**WOMEN USED TO LURE THEIR VICTIMS**  
Trim Them So Neatly That Player Always Blames Luck Rather Than Sharper.

Over in the States these days a sharp lookout is being kept by Pullman conductors and porters for flashy gentlemen dressed in check suits wearing diamonds—gentlemen with hawk eyes and long, lean, expressionless, impassive faces decorated with long, curling, grizzled mustaches. Some day they will discover a person corresponding to this description, and putting him off the train, will be sad to see a suit for heavy damages brought by one, Hank Scobbin, of the Bookings Dry Goods Company, Elysum, Mass. The fact is that professional gamblers are abroad in the land fleeing the war profiteers, and trimming the cocky and dishonest businessmen who frequent the cars de luxe, and the Pullman people are striving to stop it. But the railway officials have a misconception of what a modern gambler looks like. So says a writer in the Kansas City Star.

**Picturesque Gambler Has Vanished.**  
Romance gathered around the cabin tables of Mississippi river steamboats of long ago when flower girls, peg-topped trousers, and silk hats were in vogue, a la "Cameo Kirby," whom Torontonians saw in the play at the Royal Alexandra a few years ago. High stakes were played—sometimes \$10,000 changed hands in a single game, occasionally more. Every game ended with a gun on the table, so the stories of those days are so true. But the pioneer profession who managed to cop the rolls of the big plantation owners were mere pikers compared to their successors today.

**Crude Methods Discarded.**  
This was when the snark con-tempt of parlor car was the height of the poker game. Country "chees" and unsophisticated "city fellers" shared in losing to the same men who freely sold county court houses, gold bricks or green goods. But all these games have passed with the growth of intelligence among the boobyery. The gambler has taken on the guise of respectability, goes after higher stakes, and has dropped the crude methods of yesterday. No longer is he encumbered with the mechanical contrivances which once stiffened his arms, the marked-in-advance pasteboards awkwardly brought into play through the connivance of a well paid news butcher or the gun to be displayed threateningly at the moment his victim sees he has been "crooked."

**How They Mark the Cards.**  
Today a pair of well trained hands, a simple device for marking cards already in the game, and a nimble brain are all that the modern gambler asks. He doesn't need a gun, for the victim is cheated so neatly that he never realizes it. The host of gamblers travel in pairs, and often carry the "male" or women accomplices with them. The women are used to bait the victim, and to finally extract the gambler from the game.

**Gambler's Women Meet Victims' Wives.**  
The modes of working the game vary. In the case of victims on long trips the gamblers' women confederates generally make friends with the wives of their intended victims. In-terestingly, like as not, the men of the party lie them off to the club car for a smoke. Probably a game is already in progress there. One of the two gamblers suggests a game, and presently his pal suggests that the drawing-room in the parlor car would be a nice spot to play. Thither they go. First move of the gamblers is to ostentatiously buy a nice new pack from the attendant. It looks so honest. Then with a tiny sharp-pointed instrument under his thumb nail or by cabbaging a wet finger on the point of a red or blue pencil and rubbing on a smear, one of the two gamblers begins to mark the cards. Only the high ones are bothered with.

**Victim Blames His "Bad Luck."**  
The deck once marked, the victims are helpless before the skill of the gamblers in dealing "first" and "seconds" in producing cards from the bottom of the deck and in all the other sleight-of-hand tricks of the confirmed crook. At first the victims may win good pots. Then they keep on getting some wonderful hands, but hands just one jump below those of the gamblers, who invariably produce a flush to cap a straight or four of a kind to beat a full house. Often so skillfully is the game played that the victim has won several good pots, and when he is finally stripped of his roll goes his way cursing, not the gamblers, but his bad luck.

**LOYALISTS' HOMES DESTROYED.**  
Cork, May 26.—As a counter-reprisal for the destruction of four houses in Blackrock, County Cork, Ireland, following the bombing of the residence of several loyalists, including those of Sir Alfred Dobbin, former lord mayor of Cork, and Magistrate Pike.

**Globe Trotting Pig To Become Pork**  
Has Travelled on Schooner for Over a Year—Soon to be Killed.

Portland, Me., May 26.—Piggy, the globe trotter, will become pork soon for the benefit of the crew of the dis-masted schooner Mary F. Barrett. After voyaging a year as far east as Bordeaux, France, Rio Janeiro, Brazil, at the south with a trip to Bangor and two at Baltimore for good measure, the corpulent porker will yield to the inevitable and will be carved.

**Used Landlady's Credit To Dress Up**  
Young Women Are Held After Extensive Shopping Trip.

Chester, Pa., May 26.—That they wanted to go "all dolled up" according to their own ideas was the excuse given before Magistrate Elliott in police court today by Peggy Bainbrick, 3226 Crosey street, this city, and Helen Williams, Darby, who were charged with fitting themselves out in pretty clothes at the expense of Mrs. Philip Lee, with whom Miss Bainbrick boards.

**Fez Disappears As Turk Head Covering**  
"Kalpak" Takes Place of Interesting Headgear Worn for Centuries by Turkish.

Constantinople, May 26.—The National Assembly in Ankara, has decided that Fez is no longer to be the National headgear of the Turk. By unanimous vote it was agreed that the "kalpak" should replace it, as the uniform covering for the head of all troops, officials and Turkish subjects generally.

**FOUR FAMOUS REGIMENTS ARE BLOTTED OUT**  
Disbanded Because of the Necessity for Economy in the Army.

**HAVE A HISTORY COVERING CENTURIES**  
Fought on All Battlefields Where Empire Took Hand in Conflict.

The necessity of economy in the British naval and military services has brought about the disappearance of some famous ships of war and some equally renowned regiments. Among the latter are four cavalry regiments, which, although they are described as Juniors and scrubbed as such, have records of extending back over many years and their trophies tell of service in many of the great battles of later British history. There is, says a writer in the London Morning Post, a particular suggestion of tragedy in the coincidence which puts an end to the 5th (Royal Irish) Lancers just now, when in Ireland there is a fresh outbreak of that "barbarous murder and treason" which condemned this regiment to death in 1799. It was then the 5th (Royal Irish) Dragoons and had done brave service under William from Orange in Ireland and Flanders. Then it saw glorious service under Marlborough in Flanders and so distinguished itself at Blenheim that Marlborough added to its establishment three troops, making it nine troops in all, and gave it the right to carry at its head on ceremonial marches three kettle-drums captured from the enemy. The regiment had, too, once the privilege of wearing Grenadier caps.

**Unmerited Punishment.**  
After the Marlborough campaign the regiment was sent back to Ireland and in 1799 was the victim of a characteristic bit of Sinn Fein warfare. The "United Irishmen" wanted to get several "other numbers" as recruits into the regiment, and these hatched a plot to murder their officers and N. C. O's. The plot was discovered just in time to be frustrated, but the fact of its coming to light first, in a distorted form were regarded by King George III. in a harsher way than was justified. He "broke" the whole regiment for its obstinacy in and struck it out of the army list. In 1858 the regiment was revived with the title of the fifth (Royal Irish) Lancers, and the right to carry the old battle honors. The regiment today bears as honors Blenheim, Ramillies, Oudenarde, Malplaquet, Smolkin, South Africa and Ladysmith. It served throughout the Great War continuously in France.

Both the 19th (Prince of Wales Own) and the 20th Hussars had their first origin in the service of "John Company." The 19th Hussars was formed in 1860 from the Honorable East India Company's Bengal European Light Cavalry. There were three previous "19th's," of which the third was disbanded in 1821. The present 19th was permitted to inherit its battle honors, and its blazon shows Mysore, Assaye, Niagara, Tel-el-Kebir, Egypt, Nile and Abu Klea. This regiment in the Nile campaign of 1885 did a fine deed of horsemanship in traversing 1,500 miles, mostly of desert country, with Arab ponies, and finishing with them in good condition. The 19th served in France during the Great War.

**MEMBERS WON THE V. C.'S AND THE REGIMENT THE TITLE OF "EMPEROR OF INDIA'S"**  
Combined, the war records of the four vanishing regiments cover Belgium, France, Russia, Germany, Portugal, Spain, Sicily, Italy, Egypt, North America, South America, South Africa and the West Indies. With their end much glorious achievement loses hope of flaunting its pride with unscarred colors through London streets. But their glory lives in the history of the Empire.

**SENT FOR TRIAL**  
Moncton, N. B., May 26.—In the police court here this morning Chester Trenholm, charged with the theft of C. N. R. checks, was committed to stand trial at the circuit court, Dorchester, on June 7.

**MACKEREL ARE REPORTED.**  
Halifax, N. S., May 26.—Twenty-five American mackerel seiners are operating among the mackerel schools on Sambro Bank, some miles off Halifax harbor, today. Wireless reports from the Government steamer Arras, engaged in the fishery patrol service, say that two schools of the fish appeared on the bank this morning.

THE CENSUS

Next Wednesday, the census of the Dominion will be taken. The success of the census depends largely upon the co-operation of the people. Without the cordial assistance of individual citizens a thorough census will be impossible. The fundamental principle of the Canadian census is to determine the representation in the Federal Parliament. The B. N. A. Act gives the Province of Quebec a fixed number of seats, 65, and the number assigned to the other provinces is proportional to their population.

There will be enough loyalists without them to carry on. The next thing will be the election of the Senate for Northern Ireland. This will be done by the selection of twenty-four members by the newly elected House of Commons, and in addition, the Lord Mayor of Belfast and the Mayor of Londonderry will be ex-officio members. The new Parliament will officially come into existence on 2nd August next, though the date may be changed by Order-in-Council.

THE NORTH END

Complaints have reached the Standard regarding the lack of police patrol and supervision along Douglas Avenue, as a result of which conditions are most unpleasant for residents. Bicycle riding on the sidewalk has become such a nuisance that pedestrians are practically compelled to take to the road; out of a dozen or fifteen seats in the public garden, there are not more than three or four that have not been more or less broken up; private gardens adjoining the Avenue are entered and the shrubs and trees rooted up and destroyed; in fact it is represented to us that with one thing and another, life is scarcely worth living in that district as conditions are. Moreover, it is further alleged that the fire protection system for residents along the Avenue is altogether inadequate. There is no fire station nearer than Adelaide Street, and even there the fire fighting apparatus is inadequate for anything but very minor requirements and in addition to this it is claimed that this apparatus is frequently fetched away to fight fires in other parts of the City, thus leaving that district without protection for the time being. It is claimed that as the Adelaide Street station has to serve practically the whole of the North End, there should be a motor engine kept there, which could get round quickly. Our correspondent is a prominent citizen who knows whereof he speaks and it certainly seems as if it were time conditions were changed.

LOOKS LIKE SINN FEIN

The Ontario branch of the organization known as the Daughters of Canada, which occupies in relation to this country pretty much the same position as the Sinn Fein does in Ireland, has passed a series of resolutions which in effect call for the practical separation of Canada from the British Empire. They do not say this in so many words, but they want the Governor-General to be nominated by the Canadian Parliament; they want all right of appeal to the Imperial Privy Council cut off; they want Canada to have full power to formulate her own foreign policies and to deal with foreign nations through her own ambassadors, and that Canada shall keep clear of all European matters. This means that Canada is to become in effect a Republic, free and clear of all British connections. It is pretty hard for the average Canadian who does any thinking for himself to see just where Canada would benefit if the Sinn Fein sentiments of these Daughters of Canada were to be put into effect. Canada has all the autonomy and freedom of government as things are that she needs, combined with the knowledge that she has the protecting arm of Britain to fall back on should occasion ever require. It may be said that she is never likely to need this protection; but there is no knowing what might happen were Canada to start out "on her own"—and if ever trouble did arise, it would be of little use to look to the Daughters of Canada for help. They belong to the "Slacker" class.

WHAT OTHERS SAY

Confidence is General. Germans give their faith to "British fair play." That's what the world does, shows some nations have to fire a royal salute of bricks at the British lion.—Toronto Telegram.
Planting a Tree. "Only God can make a tree," said the poet. Yes, but almost anyone can plant a tree, and everyone who plants a tree of the right sort in the right place does a public service.

All in the Same Game. What is happening in that everybody who can is doing a little work as is compatible with getting results. The public generally is taking life more easily than its forefathers took it. Whether the question involves an economic loss is a question for argument. But at any rate, labor, so-called, is acting no worse than the rest of society. All are treated with the same stick, and if the indictment holds for one it holds for the other.—New York World.
Principal Taylor's Timely Reminder. Perhaps the most significant of the many significant remarks made by a former Bruce Taylor in his inspiring and illuminating address before the Kiwanis Club yesterday was the statement that if only labor costs and the prices of certain materials, notably cement, would come down even a very little the building programme planned by Queen's University and involving \$1,100,000 would be begun with little or no delay.

A BIT OF VERSE

BEFORE THE CITY WARD.
When the world with dusk is drowsy,
And the city's lights flare out,
Like yellow petals dancing against the gray,
Then when beauty stoops to cover
Garish street and building over
And the earth and sky are steeply
As the day—
Do they dream, the earth beneath us
And the misty sky above,
Of the time when once our pavens
Were but wood and field and forest,
Where the drays danced and
And there was not any clamor in the days?
Do they dream and hear the sounding
Of old trees that long are mouldy
Do they hear the singing sound of
Little brooks?
Do they scent again the blooming and
The woody sweep perfuming
Of hidden flowers in quiet, leaf-
bound nooks?
Perhaps they see the wraiths of birds
And wild things scurry by,
Remembered as the touch of love and
pain.
Oh, earth and sky are verities, and all
Is space whose trimming once was
fine and fair.
There was green along the byways
That are changed to paved highways.
And there once was breath of Spring
upon the air.
When the sky with dusk is drowsy,
And the earth is covered up
With a misty mantle tremulous and
deep,
Then 'tis sure they're dreaming,
dreaming that the city's just
a seeming—
And the forest whispers to them as
they sleep!
—Hilda Morris, in New York Times.

## Young Lady Bowlers Attend Banquet

Players Assembled at Bond's Last Evening — Corona Team Won Cup.

The influence of good clean sport was referred to by speakers at the banquet held last evening by the young lady players in the Commercial Bowling League. There was a gathering of fifty members and guests at Bond's Restaurant, where, at a table prettily decorated with gladioli and red streamers, an excellent supper was served. Lively choruses heartily were enjoyed between courses, closing with "God Save the King."

Carl W. Boyd of the Corona League, presided and at the close of the banquet welcomed all present with a few suitable words. He then called upon O. J. Fraser of the N. B. Telephone Company to present a cup to the winning team, the Corona. Mr. Fraser spoke in a humorous vein, but closed his remarks by describing the benefit of sport and expressing the hope that the next year may see the formation of several new leagues.

Miss Crowley, captain of the Corona team, in accepting the cup spoke of the members' great enjoyment of the game and said that next year's team would try to win the beautiful trophy once more. The cup to be held must be won for three successive years.

Individual prizes were won as follows: Miss Akery, McAvity's 1; highest three string; Miss Harrington, Imperial Oil Company, high average; Miss Blaklee, Corona, highest single string. Mr. Jules Stevenson in an appropriate address presented prizes to Miss Akery and Miss Harrington. Miss Blaklee's will be sent to her.

The evening was an entire success and plans were made for a social reunion next season.

## Fight Receipts Over Half Million

New York, May 26.—The Dempsey-Carpenter fight for the world's championship already has broken all box office records. With the date of the bout five weeks distant, promoter Richard today announced that the receipts had reached \$525,000. Thousands of seats yet remain available.

## ARRANGE TENNIS GAMES FOR SATURDAY

The Rothsay Tennis Club is preparing for a busy season and will have all courts ready for Saturday's play, when a tournament of mixed doubles has been arranged. The first test of the summer will be held on Saturday. The club has increased in membership. A number of the younger players are showing great promise of keeping up the record for good play already earned on the Rothsay courts.

## Chignecto Team Won Second Game

St. John Cricket Club Defeated in Return Match on Barrack Green Yesterday.

The R. M. S. P. Chignecto eleven played a return cricket match with the St. John team on the Barrack Square yesterday afternoon and won a second victory. The visitors batted once for ninety runs, and the locals twice for 103; but as the visitors had not time to play their second innings, it was decided to go back to even innings, which gave the visitors the victory by a score of 90 to 43.

QUEBEC VILLAGE BURNS  
Quebec, May 26.—A big fire occurred last night at St. Joseph, Beauce, which destroyed the mill, shop and home of L. Vachon and two other dwellings. The blaze was caused through the explosion of an engine in the works of the Vachon mill. The Mayor of St. Joseph sent a call for aid to the Quebec fire department, but cancelled it at 3 o'clock this morning, and the Quebec detachment returned to the city. The loss is estimated at \$150,000.

## St. John Setter At The Montreal Show

Gerald McCarthy's English Setter Count May Fly Carried off Important Prizes.

The English setter, Count May Fly, bred and owned by Gerald McCarthy, of this city, distinguished himself at the Montreal Kennel Club show recently by winning first prize in class first open class, winner prize for best male and special prize for best of breed. He is to be shown later at the Ladies' Kennel Club show and Quebec Kennel Club show.

Count is only eighteen months old, but has considerable experience as a show dog and needs only a few more points to complete his championship.

## High School Boys Are Out In Force

Large Number Trying to Make Track Team to Compete at Interscholastic Meet.  
A large field of High School boys are expecting to turn out this afternoon and try for the High School track team which will shortly compete with Rothesay Collegiate and Moncton High School in the 1921 Inter-Scholastic track meet to be held at Rothesay early in June.

The boys will work out on the Barrack Green this afternoon and try for positions in the running and sprinting events. Some fast material is housed in the High School this year, and a decent running track and training ground were available there is little doubt but what some long standing records would be lowered this year.

## Touring Scots Won From Hamilton Team

Gave Exhibition of Soccer That Thrilled Eight Thousand Spectators—Score 6-0.

Hamilton, Ont., May 26.—Giving an exhibition of soccer that thrilled nearly eight thousand spectators, the touring Scots defeated Hamilton's all-star team by a score of 6-0 tonight on Harvesters' Field. The visitors more than lived up to their reputation of being the greatest aggregation of players that ever crossed the ocean. Their combination work was mystifying at times and their shooting of the deadliest kind. Hamilton played gamely in the first period, and 45 minutes of play elapsed before Wilson scored and just at the interval the Dunfermline team again beat the Hamilton goal.

The locals were outclassed in the second period. The Scots got a great welcome here. They were given a civic reception at the City Hall.

## Britishers Hold The Championship

Disposed of Last Man of Strong United States Contingent.

Boylake, England, May 26.—The British amateur championship is likely to remain at home for another year. British players having disposed of the last man of the strong United States contingent who came across in an endeavor to take back the title to the United States, an Englishman will retain the emblem and the prestige which the winning of it carries.

Frederick J. Wright, of Boston, the last surviving member of the United States team, succumbed in this morning's play to Bernard Darwin of Woking. This match, one of the most brilliant of the series, went to the nineteenth hole, where Darwin won by a stroke.

By the defeat of Wright, Darwin worked his way into the semi-finals, only to be defeated by Hunter, 2 up and 2 to play. Graham's right to compete in the final came through his vanquishing of H. S. B. Tubbs, Sunningdale, by one hole.

The feature of today's discussion among the golfers was on the decision by the Royal and Ancient Golf Club rules committee to bar the ribbed or slotted clubs now used by United States golfers. The ban, however, will not be put into operation this year.

## INTERMEDIATE LEAGUE

The first game in the Intermediate Baseball League to be played on St. Peter's baseball diamond will be that between the Wolves and the St. Peter's Intermediates and will be played at 7 p. m. next Monday evening. The Y. M. C. I. and Y. M. H. A. teams will meet on either the following Wednesday or Thursday, the exact date is yet to be fixed by the executive.

"I'm starting with the children and in that way hope that the idea may spread," said H. R. Walker of Dartmouth, speaking to the Standard regarding the observance due to the National Anthem. Mr. Walker, who is spending a day in St. John before proceeding to Montreal and Toronto said that he was approached by the Imperial Order Daughters of the Empire and asked to show slides requesting respect for the National Anthem. He was very glad to do this and took the occasion to speak a few words to the children attending his theatres reminding them of what the Empire stands for and the meaning of patriotism. Mr. Walker has "God Save the King" played at the opening of every show in his five theatres and is setting a splendid example to managers throughout Canada in his efforts to educate the children to realize its meaning.

## DIVIDENDS GIVE SMALL HELP TO NEW YORK LIST

Summer Dullness Seems to Have Seized the Entire Market.

## BANK RATES ARE AT SEVEN PER CENT.

Liberty Issues and Some Foreign Bonds Are Very Active.

New York, May 26.—Trading in the stock market today was of an uncertain character, the undertone shifting from moderate strength to irregularity and back again. Further short covering was prompted by approaching holidays and favorable railroad earnings.

Other encouraging factors included an increase in the Chicago, Burlington and Quincy dividend, with resulting benefits to the hill roads; the probable success of the new French Government loan and indications that the administration at Washington had instituted measures to stabilize the international financial situation.

List Very Weak

Apart from several of the more representative stocks, however, the list showed little evidence of outside support. After several covering movements had run their course, the market lapsed into its recent dullness.

Rails, oils, steels, equipments, shipplings and coppers again emphasized a large proportion of the day's operations at extreme gains of 1 to 3 points. These, in several instances, were materially shaded at the finish.

Chief elements of weakness were the rubber and the issues as well as food specialties and several of the unclassified stocks whose dividend records were believed to be endangered.

Sales amounted to 365,000 shares.

Federal Demands

Further withdrawals to meet federal demands and June interest and dividend payments forced call money from its opening rate of 7 to 7 1/2 per cent. in the final hour.

Bank demands were unchanged. The foreign exchange markets were rather confusing. Rates on London continued to react; there was another sharp break in Dutch remittances and French, Belgian and Spanish bills were firm to strong.

Liberty issues and some of the foreign bonds were active and strong in anticipation of the outcome of the new French flotation, but changes in the general list were irregular and mainly fractional. Total sales (par value), aggregated \$12,375,000.

## Iron Big Seller But Rate Lower

Utilities Very Irregular on Montreal Market—Papers Almost Dead.

Montreal, May 26.—Today's local stock exchange market showed little change from yesterday, and no increase in activity was shown. The selling of iron continued, the stock opening strong at 32 1/2 and declined to 31, at which price a loss of 1/2 point was shown. Braces were finished strong, selling up a small fraction to 52 1/2.

Among the weaker stocks was Steamship common, which sold down 3 1/2 points to 22, with no recovery at the close, while the preferred was up a fraction. The paper situation was without change. Riordon and Spanish both were up and Price Bros. and Laurentide showed the only losses.

Utilities Irregular

The trend of the utilities was irregular. Quebec Railway added a point at 45, and Brazilian down a fraction at 32. Textile remained pegged at 135, and Penman's lost two points at 100.

They were the only active representatives of the group.

Ontario Steel declined to a new low for the year at 51.

In the bond list some steadiness was shown in the war loans with the balance of the list easy. Total sales listed, 6,047; bonds, \$288,700; rights, 1,767.

## Conference Called On Mine Strike

Public Sees Signs of Settlement of the Big English Controversy.

London, May 26.—In summoning a conference of coal owners and miners for tomorrow, the government has not laid down conditions of any kind, nor has it given a sign that it has any definite plan of its own to propose.

It is, however, believed that the premier would not have taken this step unless he had reason to believe that neither side would hold out stiffly for its extreme claims and a great deal of reliance is placed upon the force of public opinion being able to prevent the conference falling altogether.

Both the mine owners and miners know that their own friends are anxiously hoping that they will find some way to industrial peace.

Lord Inchausti, one of the chief shipowners of the country, wrote today to the Times a serious warning of the effect of the dispute on the very life of the country.

"Where are we going," he asked, and he pointed out that if the trade partners of the first quarter of 1921 be reduced to the same value as those of the first quarter of 1913, exports have fallen off by 49.5 and imports by 25.7 per cent. He reminded the nation that it has lost most of its foreign investments during the war and had acquired a foreign debt of one billion pounds and declared that "if we do not specially make up our minds to work and save, we shall inevitably lose the peace."

## Easier Tendency in All Wheat Pits

Winnipeg Follows Chicago Lead to Lower Levels for May, July and October.

Winnipeg, May 26.—The local wheat market, following the United States market, showed a much easier tendency today, and after a lower opening kept on the downward trend until May reached 1.87 1/2; July, 1.92 1/2 and October, 1.91. All months closed 1/2 to 3/4 above these figures, but with losses of 1/4 to 3/8 from the previous close.

There was no particular feature to the market other than a very ordinary demand for cash wheat, with farmers' offerings very scarce. All contract grades were delivered on the May option contract, and the wheat deliveries during the clearing house were the largest this season, being 384,000 bushels.

There was little change in the coarse grain situation.

Close: Wheat, May, 1.88 1/2 to 1.91 1/2; October, 1.91 1/2 to 1.94 1/2; July, 1.92 1/2 to 1.95 1/2; August, 1.93 1/2 to 1.96 1/2.

Cash prices: Wheat No. 1 northern, 1.88 1/2; No. 2 northern, 1.85 1/2; No. 3 northern, 1.81 1/2; No. 4, 1.79 1/2; No. 5, 1.73 1/2; No. 6, 1.72 1/2; track Manitoba, Saskatchewan and Alberta, 1.73 1/2; Oats, 2 c.w., 46 1/2; 3 c.w., 42 3/8; extra No. 1 feed, 42 3/8; No. 1 feed, 40 3/8; No. 2 feed, 38 7/8; track, 45 3/8.

Before Magistrate Deaton at New North last evening, five dollar fines were imposed on owners of cars 1215, 11294 and 2296. In all cases the charges were for speeding either on Rothney, Loch Lomond or Westfield roads.

Water Damages 600 Tons of Sugar

Fire in Hold of Canadian Trader Causes Considerable Water Damage.

An alarm from box 47 at one o'clock yesterday afternoon was occasioned by a blaze which broke out in No. 1 hold of the Canadian Trader, now loading sugar at the Refinery wharf for shipment to the United Kingdom.

A still alarm had previously been sent in and the chief, on arriving and viewing the same, ordered a box alarm for the fighting force.

Assisted by Tugs. The blaze had secured considerable of a start, but just to what extent it had traversed the hold could not be determined at first glance. The tugs Neptune and Springhill were quickly alongside the Trader and began pouring water into the hold along with two streams from the fire department.

The damage done was largely by water and it is estimated that about 600 tons of the refined sugar were soaked. After the fire was extinguished a crew was immediately set at work removing the sugar to the refinery where it will again be sent through the refining process with a very small loss to the company.

To Investigate Cause. The departure of the Canadian Trader with its sweet cargo will probably be delayed about a day. The ship expected to get away today.

An investigation to determine the cause of the blaze will be made it is understood. The damage to the steamer was very slight.

Arena Site, Type of Construction Decided

Commercial Club Executive Ready to Act—Name Delegates to Ottawa.

The executive of the Commercial Club was in session yesterday afternoon attending to matters of routine and considering questions of paramount interest to the industrial and commercial life of the city.

The matter of the Arena was again discussed. The executive is unanimous that such should be erected, and gave its approval of a site suggested to them by the club's secretary, H. H. McLellan. This approval was with the proviso that a better site could not be secured.

The location of the site is not being made public at this time. The committee also agreed on the type of the Arena's construction, which, it is believed, will be quite suitable for all requirements. The secretary was instructed to get in touch with other organizations of the city and arrange for a final meeting to settle upon ways and means for providing the necessary funds for the construction of the Arena.

Hardware Clerks Dine and Drive

Large Party Spent Enjoyable Time at Rockwood Park Pavilion Last Evening.

A pleasant and successful dinner and dance was enjoyed at the Pavilion, Rockwood Park, by the St. John Hardware Clerks' Association last evening. The affair opened at 8:30 when a good crowd sat down to a sumptuous meal provided by Miss Host Tello. At 9:30 the dancing began and continued until midnight.

A duet "Tarboard Watch" was rendered by Messrs. Cyril and Joseph Moore in a most pleasing manner and heartily applauded. T. C. Johnson introduced a little humor by a few well told jokes and also gave an interesting reading of his own composition entitled "The St. John Hardware Clerks."

Those who provided music for the occasion were Messrs. S. O'Hara, E. Carr and C. Piewelling. H. D. Sullivan, president of the association and R. Willet, vice-president, were in charge of the dancing.

J. S. Tilson of the W. H. Thorne Co. was the guest of the evening. Boasting was enjoyed by those members who did not dance. All present had a good time and the affair was one of the most successful of any held by the Association.

DEALT WITH CERTAIN PHASES OF THE LIQUOR SITUATION

Rev. W. D. Wilson, Secretary of Dominion Temperance Alliance, Addressing W. C. T. U., Talks Plainly on Liquor Export Trade—Business Has No Right to Exist in This Province.

In addressing the county convention of the Women's Temperance Union, now in session at the Fairview Methodist church, the Rev. W. D. Wilson, secretary of the Dominion Temperance Alliance and formerly chief liquor inspector for this province, dealt with certain phases of the liquor situation that are now attracting public concern.

Seathing Denunciation. The liquor export trade lately imported in this province came in for a scathing denunciation at the hands of the ex-inspector. He stated that the business had no right to exist in this province, and whereas those engaged in it were not legally allowed to do so, he believed that it was a duty on their part to show the legality of the traffic.

Further, if this trade was allowed to continue the claim of the people to democracy was set at naught. Not a year ago they had decided against it in an emphatic way. Now it was creeping in, supporting itself by the statement that the public wanted it.

The convention was assured that the temperance people were going to fight this new venture with the same zeal that they had manifested in their efforts against all illegal dispositions of liquor, and the speaker believed they were supported by an overwhelming majority of the people of the province.

The Enforcements. Referring again to the continual statements that the enforcements of the prohibitory law was going along quietly, Mr. Wilson said that a report came to him that in one of the districts a person admitted to an inspection that he had broken the law and asked what the fine was. After a few moments reflection the inspector named fifty dollars as the amount.

The speaker said that he had been told that the majority of those who had subscribed to that statement had themselves a proprietary interest in the business.

Value of First Aid Was Demonstrated

Police Officer Applied Knowledge Gained to Good Advantage on Heat Victim.

The value of "First Aid" training to the local police force was demonstrated yesterday morning when one of the Maritime Provinces men and became efficient in the application of his knowledge was given an opportunity to display it. Rev. J. A. Fortin was overcome by the oppressive heat yesterday while crossing at the foot of King street. He became unsteady and was about to fall to the pavement.

Police Officer Dykeman was watching the Reverend gentleman, and rushed to his assistance, saving him from possible injury. As he fell in a faint, Officer Dykeman took his charge to a nearby office, administered First Aid and saw to it that he had sufficiently recovered to be removed to his home.

Many complimentary words were bestowed upon the policeman for the prompt and intelligent manner in which he handled the situation.

Returned Soldier Was Made Happy

Arthur Clinto Carter Lost Discharge Papers and Received Same from Police.

Arthur Clinto Carter, a returned soldier and former member of the 9th Siege Battery C. F. A. to the central police station last night was of a much more joyous nature than he usually is with those who call there. On his arrival at the local barracks he was presented with his discharge papers which he had lost shortly after arriving in St. John in December, 1918, and which were found, but only turned into the police station but a few months ago.

ARRIVED FROM COLLEGE. A number of students of Acadia University arrived on the steamer Empress yesterday and Wednesday evening. The majority were young ladies and showed their happiness on starting a summer vacation by giving their "college yell" when the steamer arrived at her wharf.
