NO 98

1,000 MEN APPLIED FOR C. P. R. STRIKERS' PLACES

Company Hired 250 of the Applicants for Montreal Shops

Port Current That Sixty Engines Supposed to Be Ready for the Road Have Been Tampered With--Second Vice-President Whyte Declares the Strike is No Fault of Theirs--No Disorders Reported.

(Special to The Telegraph.)
Montreal, Aug. 6.—The feature of the C. P. R. strike today is that at the Angus shops there were at least 1,000 men applying for jobs, and of this number the C. P. R. had engaged about 250 by noon. The car shop at the Angus shops was working full strength with about 150 men. There has been no disturbance. There are pickets at every gate trying to persuade men from working, but they do nothing more. There are ninety-one special constables around the works.
Two of the strikers made startling statements today. One was a machinist and the other a blacksmith. They say that while there were sixty locomotives in the shops ready for the western grain, the essential parts of them had been "milled" and when the company comes to move them they will find that they are unfit for service.
W. L. MacKenzie King, deputy minister of labor, has offered his services to both parties in the interests of peace. The telegraphers are holding a secret session and may join in the strike.
From Winnipeg comes the report that

PESTILENCE THREATENS SURVIVORS OF BRITISH COLUMBIA CONFLAGRATION

VICTORIA AVE. FERNIE, B. C.

(Special to The Telegraph.)
Ferne, B. C., Aug. 6.—Asked for a statement of fire losses, President Lindsey, of the Crow's Nest Pass Coal Company gave out the following statement today:
"The loss of the Crow's Nest Pass Coal Company, comprising the Elk River coal mining district in Kootenay, B. C., is approximately thirty miles long and two to ten miles broad. The town of Fernie, in this area, is situated the city of Fernie and towns of Hosmer and Michel, all mining camps. There is a large number of men here, and although the fire is all around Michel, there is no grave apprehension as to it.
"Hosmer has escaped with little loss on its mining side, but Fernie has been completely obliterated, only twenty-three houses and three business houses being left. On both banks of the Elk River are a large number of saw mills, all of which, with one exception, have been swept out of existence and probably a large number of men have lost their lives in the woods. The bodies recovered so far number sixteen, and there will be more, but in the woods only.
"The loss of the Crow's Nest Pass Coal Company, owning mines at Coal Creek, Fernie and Michel, will be \$200,000; the C. P. R. will lose \$200,000; the Elk River Railway will lose about \$250,000, and the lumber companies not less than \$1,000,000. The loss of timber to the Crow's Nest Pass Coal Company will be not less than \$1,000,000.
No Rain in Sight.
"The loss to the city of Fernie will be not less than \$2,000,000. There is no rain in sight, and the fire continues slowly up the mountainside, but nothing but a very high wind would do much damage, as the valley along its lower portion is swept clean of everything combustible. Relief in the form of supplies, food and bedding has come in with freedom, and everyone is now under canvas at Fernie.
"There are about 3,000 women and children at Cranbrook to the west of Fernie and about 1,500 at Lethbridge, to the east, but they are being slowly brought back to Fernie, where they are accommodated as provided for them."
Pestilence is now feared in Fernie and

SUPREME LODGE, K. OF P., FINISHES ITS BUSINESS

Henry P. Brown, of Texas, Elected Supreme Chancellor Without Contest

George W. Hanson, of Calais, Me., Chosen Vice-Chancellor After Spirited Contest--Reform Ticket Won for Board of Insurance--Competitions Still on for \$10,000 Prizes.

Boston, Mass., Aug. 6.—With the election of their officers today, the supreme lodge of the Knights of Pythias chose the most important business session of their 25th convention, which opened in this city Monday. The Pythian Sisters also elected officers and exemplified the secret work of the order. The uniform rank devoted each of the days as was free from rain to competitive drills on Franklin Field, for the \$10,000 cash prizes offered.
Henry P. Brown, of Cleburne, Texas, was elected supreme chancellor, without contest, he having served as vice-chancellor for the past year. There was a spirited contest for vice-chancellor, in which two men from the east and two from the west, contested. After five ballots George W. Hanson, of Calais, Maine, was elected.
There was but one other important contest, which was for the members of the board of insurance control. The fight was between a faction standing for strict retrenchment and those satisfied with the present conditions. The retrenchment

faction won out after four ballots and elected their two candidates. The result of the elections, in addition to the officers named, was as follows:—
Supreme Prelate, Rev. Dewitt C. Cobb, Salem, N. J.; Supreme Keeper of Records and Seal, R. L. C. White, Nashville, Tenn. (re-elected); Supreme Master of Exchequer, Thomas D. Messer, Wilmington, N. C. (re-elected); Supreme Master at Arms, Samuel H. Davis, Davis, Okla.; Supreme Inner Guard, W. E. Allison, Bowdoin, Quebec, Que.; Supreme Outer Guard, William D. Cameron, Meridian, Miss.; Board of Insurance Control (for 6 years), U. S. C. Cherry, Acosta Falls, S. D., and C. S. Davis, Denver, Col.
The uniform rank assembly, consisting of twenty-six brigadier generals, formally appointed Major General Arthur J. Strobbart, of St. Paul, Minn., to succeed himself in command of the uniform rank. The appointment will come up before the supreme lodge tomorrow for ratification. Tomorrow there will be further competitive drill work, the exemplification of secret degree work and the consideration of further business by the supreme lodge.

REV. F. S. HARTLEY IN BRAVE RESCUE

Former New Brunswick Minister Saved Man from Drowning

HAD A CLOSE CALL

Rev. Herbert A. Barker Swam Through Breakers at Old Orchard and Rescued the Two Struggling Men in Nick of Time, Although One Was Unconscious.

Old Orchard, Me., Aug. 6.—Rev. Herbert A. Barker, pastor of the Boylston Congregational church, of Jamaica Plain, figured here today in the rescue from drowning of Professor Hugh H. Hatch, of Colby College. Professor Hatch was bathing in the surf at Ocean Park, when he was seized with cramps. Scores of other bathers and hundreds of people on the beach heard his shouts for help, but Rev. F. S. Hartley, of South Portland, who is superintendent of the Free Baptist camp ground at Ocean Park, was the first to respond to the stricken man's assistance.
Professor Hatch was well out beyond the line of breakers, and as the surf was running very high, the task of reaching him was no easy one. When the clergyman reached Mr. Hatch, he was himself nearly exhausted and found it impossible to return to the shore. He stood plucked by Mr. Hatch, however, and signalled to the shore for assistance.
Rev. Mr. Barker was not bathing at the time, but he threw off his coat and shoes and plunged in. Mr. Barker is a strong swimmer and after forcing his way through the breakers he was soon able to assist his brother clergyman in bringing the professor ashore. The latter was unconscious and it required some time to get him back to the shore. He was reported as resting comfortably, though both he and Rev. Mr. Hartley were still very weak from their struggles.

HON. GEO. A. MURCHIE BEATEN AS CANDIDATE FOR CONGRESS

Calais Man Only Six Votes Behind F. A. Guernsey, The Choice of Convention.

Bangor, Me., Aug. 6.—Hon. Frank A. Guernsey, of Dover, was the nominee for representative to Congress of the Republicans of the fourth Maine district in a special convention held here today, made necessary by the withdrawal of the regular nominee, Hon. Lovewell Powers, since deceased. The feature of the convention was the presentation of five candidates, Hon. George A. Murchie, of Calais, from Washington county; Hon. Frank A. Guernsey, of Dover, from Placata county; Dr. D. A. Robinson and Col. I. K. Stetson, of Bangor and Col. Stanley Plummer, of Dexter, from Penobscot county.
Col. J. B. Deane, of Dover, presided and all of the 882 delegates entitled to seats presented credentials. On the first ballot, Mr. Murchie was in the lead with 162 votes, representing a solid delegation from his factory, and a portion of Aroostook, which had no candidate. Mr. Guernsey had 82, Col. Stetson 56, Dr. Robinson 51, Col. Plummer 24 and five votes cast for Hon. F. Marion Simpson, of Bangor, who was not placed in nomination. On the second ballot, Murchie made a slight gain to 163, portion of the Penobscot delegates went to Mr. Guernsey, giving him 103, Stetson had 49, Robinson 40 and Plummer and Simpson 11 each. The third and fourth ballots showed steady gains for Guernsey, and Murchie more than held his own, gaining ten from the first ballot.
On the fourth ballot Mr. Guernsey showed in the lead with 176 to 172 for Mr. Murchie and 39 scattering.
The end came on the fifth ballot when the Penobscot candidates withdrew from the field, throwing their support largely to Mr. Guernsey, who was barely the choice on the fifth and final ballot which stood: Guernsey, 190; Murchie, 184.

FOREIGNERS DEMANDED RELEASE OF STRIKE RING LEADERS

Fifty Former G. T. P. Men Marched to Moncton Police Station But Didn't Get Their Comatriots.

(Special to The Telegraph.)
Moncton, N.B., Aug. 6.—This evening, just after the night police had been sent out on the beats, fifty foreigners, recently employed on the Grand Trunk Pacific, marched to the police station in a body and demanded the release of three prisoners, Walsh, Lawlett and Carick, who are to be transferred to Dorchester to await trial at the session of the supreme court in September. Officer Boudreau was in charge of the police station and naturally declined to release the prisoners and succeeded in having the foreigners take their departure.
Frank Williams, the alleged fire bug, was this morning brought before Magistrate Kay and after several witnesses were examined, was sent up for trial.

JAMES HANLEY CONVICTED OF SCOTT ACT VIOLATION

Sussex Justice Fines Him \$50 or Two Months Jail—Two Other Cases Not Disposed of.

(Special to The Telegraph.)
Sussex, N.B., Aug. 6.—Quite a number visited the police court this afternoon to hear argument re Scott Act cases. There were three cases before the court which took up all the afternoon. Only one case was disposed of, that of James Hanley, who was convicted and fined \$50 and costs or two months in jail. As he did not have the cash, he was taken to Hampton jail. It is said that he will have the money in a few days and will pay the fine.
Harry McKinnon was put on his defence and asked for time to prepare his case. He was remanded to Hampton jail until Tuesday next at 10 o'clock, when his case will be heard.
The case of Mr. Doherty, which has been before the court several times, was reserved until Tuesday next for judgment. This case is somewhat complicated and the judge wants a little time for consideration. J. M. McIntyre appeared for the defence and F. A. McCully, of Moncton, for the Scott Act people.
Word was received here this evening that George Heustis, daughter of Mr. and Mrs. Murray Heustis, who are now at their summer cottage at the Washademoak Lake, fell and broke her right arm. The break is reported to be a very bad one.

TWO LYNN MEN AND THEIR DOG CUT OFF BY THE TIDE

Were Fishing on Rock Far From Shore, and Were Nearly Submerged Before Rescued.

Lynn, Mass., Aug. 6.—John Lynch and Michael McDonald, both of Boston, had a narrow escape from drowning while fishing on Saunders ledge near the Nahant shore late today. At low water the men, accompanied by a dog, walked out on the rock, a distance of 200 feet from shore. A storm came up but the men continued to fish, not noticing that the water was rising rapidly, and had cut off their way to land. The barking of their dog called their attention to the danger. One of the men, by waving his coat on his fishing pole, finally attracted notice from the summer cottage of Mrs. Millin, at Nahant, who notified the Massachusetts Humane Society's agent. The agent attempted to get a power boat to the ledge, but was unable to reach the men.
At five p.m. the United States Life Saving station at Nahant was notified and after a struggle of half an hour, Surfmen Wink, McIntyre and Woodman took McDonald, Lynch and the dog from the rock. The fishermen were in water up to their chests and collapsed as the result of their exertion to prevent themselves from being swept off the ledge, as soon as they were taken into the life-savers' boat. Later they were revived.

LORD ROBERTS LEAVES OTTAWA FOR QUEBEC

Thousands of People Gave Distinguished Soldier a Royal Send-off.

(Special to The Telegraph.)
Ottawa, Aug. 6.—Lord Roberts left Ottawa tonight en route to Quebec, from which part he sails tomorrow by the Empress of Britain. He was given a right royal send off and thousands of people turned out to cheer him. Though he has been four days in the city, there was no public function and tonight for the first time the general public had an opportunity to see the distinguished soldier. From government house his motor car came up Sussex street and took a circuitous route by way of Rideau, Wellington, Bank and Sparks streets, to the Central Depot.
Along the way people lined the streets and cheered themselves hoarse.
There was no military display or ceremonial, but the guards band played at the station. Sir Wilfrid Laurier, Sir John Hanbury-Williams and Major Scott were at the depot to see him off, and Lord Roberts was kept busy doffing his hat and bowing his acknowledgments. He left at 7:30 traveling by a Canadian Pacific special, in D. McNeil's car, the Metropolitan. He shows no signs of physical infirmity.
Col. Sir John Hanbury-Williams tonight received the following message from Laurier:—
Canadian Olympic team returning home, sends greetings. All well and glad to see our native land. (signed) B. H. Crocker.

PROMINENT BOSTON MAN BADLY INJURED

Wenham, Mass., Aug. 6.—Frederick H. Prince, head of the firm of F. H. Prince & Company, stock brokers, of Boston, was severely injured today by being thrown from his tall, heavy coach while driving through Hamilton. He was taken to his summer home in this town and Dr. Scudder, a specialist, was summoned from Boston, arriving here later in the day on a special train.

KILLED BY HIS OWN TRAP

Assassinate, Vt., Aug. 6.—Frank Smith, aged 32, of Philadelphia, was accidentally shot and killed on the farm of F. W. Blanchard in this town today. Mr. Blanchard has been losing large quantities of grain lately and last night he set a trap-gun for thieves on the barn door, which would explode when the door was opened. Early this morning Smith went to the barn and, forgetting about the gun, threw open the door and received the full charge of shot in the face. He died half an hour later.

CANADIAN DENTAL ASSOCIATION OFFICERS

Ottawa, Aug. 6.—(Special)—The Canadian Dental Association today elected officers as follows: President, Dr. A. E. Webster, Toronto; vice-president, Dr. W. D. Cowan, of Regina, Sask.; secretary-treasurer, Dr. G. A. Gendron, of Montreal; Executive committee—Drs. Geo. K. Thompson, Halifax; C. A. Murray, Moncton; J. S. Bagnall, Charlottetown, P.E.I.; G. E. Bush, Winnipeg; J. McGuire, British Columbia; O. F. Strong, Edmonton, Alta.

549 SUCCESSFUL ONES FOR NORMAL SCHOOL ENTRANCE

170 Failed and Only Sixty-Six Passed in Class I—Horse Races Postponed—Other News of the Capital.

(Special to The Telegraph.)
Fredericton, N. B., Aug. 6.—F. N. Ritchie, of the International Paper Co., who has been engaged the past week in making an estimate of the value of the lumber on the lands belonging to the New Brunswick Railway Company, appropriated for the Transcontinental Railway right of way, returned to the city this evening having completed the task.
The result of the normal school entrance examinations was made public by Chief Superintendent Inch today. There were in all 719 candidates who took the examination and 170 failed to classify. In class 1, sixty-six passed; in class 2, 201, and in class 3, 182, making a total of 349. Arthur H. Mitchell, of Campbellton, led in class 1; Vega A. Wilson, of Hopewell Cape, in class 2.
The twelve in these classes who stood next in order were:—
Class 1—Arthur J. Kelley, Oak Point; Margaret Pringle, Stanley; Flora Atkinson, Richibucto; Mae Edna Cox, Upper Gagetown; Kate A. Corbett, Lower Millstream; Mildred E. Carson, Yavelock; Hilda B. Laak, Wolsopol; I. Hilda Stewart, Dalhousie; Ruth A. Harper, Jacksonville; M. Stella Burns, Roxton; Nettie S. Manuel, South Kentville; Clarissa R. Perkins, Sibley; Helen V. Everett, Woodstock.
Rain Drowns Forest Fires.
Today's heavy rain did a lot of good in the farming as well as the wooded sections hereabouts. One forest fire which was extinguished was that on the Alexander Gibson Railway and Manufacturing Company's land, on the Grand Trunk Pacific Railway's right of way. The fire started near Jovett's Brook, perhaps about twelve miles on the G. T. P. above the I. C. R. intersection on Tuesday afternoon about three o'clock. Contractor Harry A. Gibson's men had burned the right of way along there before, but a strong wind started the blaze where the ashes had probably been smoldering for several days. The fire spread with rapidity and Mr. Gibson at once had his men from other camps summoned to the scene of the fire, and a force of upwards of 150 men were fighting the flames. Yesterday the flames got within 300 feet of the Miramichi Lumber Company's land, and that company had prepared to send 100 men in from Boiestown this morning, but late last night word came that the fire was under control and today's rain has no doubt extinguished it. The fire burned down the right of way about a mile and then broke out in the woods alongside, burning a number of acres where there had been lumbering operations last winter. The fire gave Contractor Gibson quite a scare and he was glad to see it rain today.
The wedding of Frederick Glover, merchant tailor, at Stanley, and Miss Mullin, daughter of Rev. James Mullin, will take place this month at the bride's home in Stanley.
The remains of the late Herbert Estey arrived from New York last evening and were taken to the home of Mr. J. W. Spurlin and the funeral took place from there today. The pallbearers were Eldon Merrithew, Colton McKee, Guy Morrison and Thomas D. Murray, young friends of the deceased.
The Bank of Montreal's safe has been opened and is now in use as usual. It rained very heavily here last night and this morning, and as a result the horse races advertised for this afternoon had to be postponed until tomorrow.
Mrs. A. E. Eardley is quite ill at Victoria Hospital from convulsions brought on by a stroke.

TERRIBLE FATE OF DANISH EXPLORER

Perished With Two Companions After Great Suffering In Far North.

Copenhagen, Aug. 6.—Mylius Ericsson, the Danish explorer has met his death in the Far North. According to information just received in a telegram to the president of the Denmark Greenland expedition, Ericsson and two of his companions, who sailed on June 14, 1906, to the unexplored regions of the northeastern coast of Greenland, perished in a snow storm.
The three men were on an expedition over the ice when disaster overtook them. The exploding party has mapped out large tracts of unknown land and chartered the entire northeastern coast of Greenland.
Ericsson and his companions were on an ice floe when they were overtaken by the snow storm. The floe drifted out to sea. The provisions of the explorers soon became exhausted and they drifted for some days, growing weaker and weaker. When the floe was finally driven back to the land, the three men did not have sufficient strength to return to the station. They must have perished on the shore.
The Equimau who brought in the news of the disaster, arrived at the station in a dying condition and succumbed immediately after making his report.

TRYING TO KILL ONTARIO CHEAP POWER

Cataract Company Underbids the Government's Prices, and Scheme May Be Wrecked.

(Special to The Telegraph.)
Toronto, Aug. 6.—The Cataract Power Company, a Hamilton concern, is making a great fight against the Ontario Government Power scheme, known as Hydro-Electric. Today, under mandamus proceedings, the Cataract Power Co. secured the order for Mayor Stewart of Hamilton, to sign a contract passed by the city council over his head, and against the expressed will of the people twice given at the polls. Now the same company is making an offer to Brantford city to supply power and light at ten per cent. less than the Hydro-Electric system may furnish it to Toronto. As Brantford and Hamilton are very important centres in the government scheme, the Cataract's tactics may result in destroying the whole enterprise, in which Toronto is vitally interested. The Brantford Power committee will meet the company next Wednesday.

Lightning Strikes Church

Brookfield, Mass., Aug. 6.—St. Mary's Catholic church and a number of other buildings were struck by lightning during a storm late this afternoon. None of the buildings were burned, but all suffered considerable damage. The steeple of the church was splintered in parts and fire started inside.

FROM ALL OVER THE MARITIME PROVINCES

HARTLAND

Hartland, N. B., Aug. 4.—Today Miss Zell Tedford, a student nurse at the Massachusetts General Hospital, Boston (Mass.), arrived to spend a month's vacation at the home of her parents, Mr. and Mrs. Alfred Tedford, at Windsor.

The drought which began about the middle of June, remains unbroken, and while a big crop of hay was cut, grain is suffering and cannot be more than a half crop. There are fields of barley and wheat all ready for the reaper. Early sowing and turning and are expected to yield better than oats that were sown late. The latter have had little show and have grown short and light.

Butter and eggs are going up in price. The former is in big demand at twenty cents the pound, while eggs are having a great call at 18 cents.

Forest fires are raging fiercely in some sections of the county. In Havok, about five miles to the south-east of Hartland, there is a fire raging over miles of second growth as well as good timber land. In the parish of Simonds much damage is being done to the woods by fire that has been burning nearly a week.

Since the residents along the river have been granted licenses to net salmon, more have been caught than during the past twenty-five years. Scott Simpson secured nine last week, two of which tipped the scales at 25 pounds each. Others of his catch weighed 20 pounds and the smallest was a twelve-pounder in all Mr. Simpson has secured 150 pounds.

Miss Clark, one of the city school teachers in St. John, is spending a short outing at Hartland.

Percy Graham, of the Bank of Montreal, is taking his vacation. Mr. Graham and his sister, Miss Lou Smith, of Woodstock, he started on a trip to Toronto, Niagara, Ottawa, and down the St. Lawrence. They will be gone about two weeks.

The Methodist Sunday school will hold a picnic on Matheson's Island tomorrow afternoon.

Miss Grace Tompkins and Miss Annie Lovely, of Florenceville, are visiting friends in town.

FLORENCEVILLE

Florenceville, N.B., Aug. 3.—Dr. Clarence and Mrs. Kirkpatrick, of Grand Falls, are the guests of Mrs. Kirkpatrick's parents, Mr. and Mrs. Richard Wheeler.

Miss Margaret Grieron left this morning for a visit to Amherst. She is accompanied by her daughter, Miss Nesbie Ferguson, who for the past few weeks has been visiting in Shediac and Moncton.

Mr. and Mrs. Grieron are receiving congratulations on the arrival of a baby daughter.

Miss Bertha Forbes, who has spent the last three weeks at the "Manse," returned to her home in St. John on Thursday.

Mr. George A. Hutchinson left yesterday for a visit to relatives in Moncton.

Mr. John C. Vautour returned last week from his visit to Bathurst. He was accompanied by his daughter, Mrs. Doucet and two eldest children, who will make a return visit.

Misses Mayme and Isabel Jardine and Miss Mabel Davis, spent Sunday at Kouchibougué.

Mr. and Mrs. R. W. McLellan and a party of young people spent Sunday at a picnic on the banks of the river.

Miss Nellie McInerney returned yesterday on a visit to Buctouche.

REXTON

Rexton, N.B., Aug. 4.—Gordon Bower, of the Royal Bank of Canada at Moncton, is spending his vacation at his home here.

Miss Nellie McInerney returned yesterday on a visit to Buctouche.

Miss Loretta Burns is the guest of Mrs. Harry McDonald at Shediac.

Mrs. H. H. Warman, of Moncton, spent Sunday in town the guest of her sisters, Mrs. Gordon and Miss Orr.

W. H. McArthur returned to St. John Friday.

Miss McLean, of Jardineville, returned yesterday from a visit to friends in Moncton.

A baby girl was born to Mr. and Mrs. George Scott, of Jardineville a few days ago.

Little Miss Tina Moore, who has been very ill with heart trouble, is steadily improving.

A little son of Joseph Allan is ill with diphtheria and their house is quarantined in consequence.

FREDERICTON

Fredericton, N. B., Aug. 4.—The civic deadlock over police commission matters is becoming acute but is likely to reach a climax before long.

The monthly meeting of the council was called for this evening but there was not a quorum present, consequently no business was transacted.

Those who put in an appearance were Mayor Westcott and Ald. Weddell, Mitchell, Clark and Crowe, all of whom are favorable to the police commission.

The absentees were Ald. Winslow, Farrell, Kitchen, Jewett, Hooper and Walker, the two last being out of town.

Six aldermen and the mayor attended a meeting of the council in committee refused to pass the accounts incurred by the police commission. The citizens are getting tired of the squabbling over the matter and look to the council to settle the matter in some way.

In the absence of several aldermen it is scarcely probable that another meeting will be held until a meeting this week. In the meantime the employees of the city must do without their money.

A barn on the farm, belonging to Edward Hurley and attached to his residence was badly gutted by fire this afternoon. It is supposed to have caught from the main building.

The fire department responded promptly to a call from Box No. 5 for a fire in the roof of the building occupied by Mrs. John Thompson at 115 Quebec street.

The Provincial Normal School for the coming academic year will open on Tuesday, September 1.

DESTRUCTIVE ELECTRICAL STORM SWEEPS OVER NEW ENGLAND STATES

Boston, Mass., Aug. 5.—The electrical storm which developed over New England today was felt with especial severity in the southern and western sections and much damage was caused there.

The French department in the provincial normal school opened yesterday with twenty-five students in attendance. The number last year was fifteen.

A report was in circulation this morning that an attempt had been made last night to burglarize the Bank of Montreal, but it proved to be without foundation.

Wm. A. Lindsay, of this city, was yesterday appointed special game warden for York and Sunbury and will at once proceed to Portabella to investigate the report of illegal moose killing emanating from that region.

Moncton, Aug. 5.—(Special.)—One matter which will come before the Maritime Board of Trade at its sessions in Halifax this month will be the question of C.P.R. running rights over the Intercolonial.

While making his rounds about one o'clock this morning, watchman Cousen, of the Builders' Woodworking Company, saw flames coming from a lumber pile in the west end yard.

The men named Osden and Furnie were arrested yesterday afternoon for selling liquor at the G.T.P. camp No. 2. They will be tried before Commissioner G.T.P. tomorrow.

John Walsh, Frank Lawlett and Toni Carich, the three ringleaders in the strike of Grand Trunk Pacific laborers, were arrested yesterday afternoon on a charge of intimidation.

Sussex, N. B., Aug. 5.—Little Arthur, the two-year-old six-month-old pup of Mr. Tom Lucas, of Roachville, was burned so badly yesterday morning that the little fellow died last evening at 5 o'clock.

RESULTS OF NORMAL SCHOOL EXAMINATION

Three Hundred and Ten Licenses Granted, of Which 109 Are First-class, 182 Second and Five Third—Five Get Grammar School and Seven Superior Certificates.

Fredericton, N. B., Aug. 5.—The results of the Normal School examinations were made public today. The number of candidates who were presented for examination in June 1908, was 310, classified as follows:

For grammar school (partial and complete), 19; for first class, 109; for second class, 182, making a total of 310.

Grammar school (partial), 11; grammar school (complete), 8; first class, 99; second class, 109; third class, 5; failed to classify, 0. Total 310.

Of those who gained class one, seven were also classed as superior.

Following are the names of candidates who made 70 per cent. and upwards on first class papers: (Arranged in order of the highest marks):

Edna Worrell, Lawrence Station, Charlotte county; Harry M. Akerley, The Narrows, Queens county; George A. Tait, Chatham; Yvonne J. Forrest, Chatham; Emma J. Wells, Point de Bute, Westmorland county; Margaret M. Carron, West Branch, Kent county; Clara G. Goodwin, Hanwell, York county; Clara M. McLellan, Oakville, Carleton county; Edith E. Parker, Parkers Ridge, Kent county; Gladys McDermott, Rolling I. Charlotte county; Bertha I. Leiper, Carletonville, F. county; Bertha J. Darragh, Chipman, Queens county; B. Frank McLaughlin, Salisbury; Mary G. Grant, St. George; Edger T. Blaney, Little Ridgeway, Charlotte county; Leona Lewisville, Westmorland county; Annie L. Gray, Florenceville; Mary G. Boyd, St. Stephen; Katie McNeil, Lower Millstream, Kings county; Annie R. Sharpe, Sussex Corner, Kings county; Kate B. Soucie, Grand Falls; Grace Menseaux, Patterson, Sunbury county; R. Eppy Craig, Hartland, Carleton county; Flossie B. Gillespie, Pennfield, Charlotte county; Laura M. Winton, Archibald, Restigouche county; Bessie L. Carvell, St. George; Martha A. Brooks, Swan Creek, Sunbury county; Tessie H. McCutcheon, Collins, Kings county; Annie M. Delong, St. Martin; A. Lucia Theriault, Grand Anse, Gloucester county; Laura M. Anderson, Burnt Church, Northumberland county; Anna S. Fitzgerald, Seville, Northumberland county; Mary I. Cochran, Upper Woodstock; Nellie S. Desmond, South Nelson, Northumberland county; Adeline A. Hicks, Point de Bute, Westmorland county; Carrie C. Nason, Fredericton Junction; E. Louise Adamson, Polleyhurst, Queens county; Lizzie McGillicuddy, Canterbury; Ethel M. Wakem, Greenfield, Carleton county; Isabel A. Ebbett, Stickney, Carleton county; Margaret O. Wallace, Polleyhurst, Queens county; Bessie L. Madigan, Cornhill, Kings county; Agnes I. Miller, Grand View, York county; Helen E. Harper, Jacksonville, Victoria county; Helen Watt, North Head, Grand Manan county; C. Belle Simonsen, Centreville, Carleton county; Flora McDonald, McNamee, Northumberland county; Lizzie L. Lockard, Millville, York county; Irma M. Sharp, Sussex Corner; Sadie Sharp, Grafton, Carleton county; Annie E. Duncan, Barnesville, Kings county; Dora S. Tunney, Albert, Albert county; Jas. McK. Wathen, Harcourt, Kent county; C. Grace McKinnon, Shannonville, Restigouche county; Annie T. McCombes, South Nelson, Northumberland county; Melinda P. McLellan, Parkers Ridge, York county; Charles O'Brien, Long Settlement, Carleton county; Lizzie E. Haslam, Mount Middleton, Kings county.

SERGT. KILPATRICK AND DETECTIVE KILLEN PROVINCIAL CONSTABLES

Government Appointed Them Tuesday—Authority for Bond Issue to Improve School Fire Protection Granted—Dr. Anglin to Take Over W. A. Quinton's Duties at Provincial Hospital, and Salary is Adjusted—Grand Manan Subsidy.

That after November 1 Dr. Anglin's bill be paid \$3,000 and he shall surrender all his perquisites formerly allowed. In addition he shall perform the duties of steward and now performed by Mr. Quinton without extra pay. The salary of the constables of the commission will enable them to make appointments in any part of the province, a privilege which St. John has not previously enjoyed. They will also be able to serve process in both civil and criminal cases.

Quick Cure for Biliousness. Nothing will cleanse the stomach, regulate the bowels and assist in removing biliousness like Dr. Hamilton's Pills. They cure biliousness in one night, 25c at all dealers.

Roberts Advocates Military Training for Youth of Canada

Field Marshal Tells South African Veterans at Ottawa That This Country Has a Great Future and Also a Great Responsibility in Regard to Its Defence—Tenders Some Good Advice to Athletes.

Ottawa, Aug. 5.—In his reply to the civic address presented to him at Rideau Hall this afternoon in the presence of 50 veterans of South Africa, Lord Roberts said in part: "My visit to Canada fulfills a wish I cherished ever since I had the honor of commanding Canadian troops in South Africa. I was again reminded of that year when I had the privilege of a few days ago, leading two Canadian regiments before the Prince of Wales, at the historic Plains of Abraham. Let me say here, what satisfaction it gave me to witness the soldierly bearing of the splendid body of troops assembled on that occasion, and how proud I was at being able to take part in such a fitting demonstration of Canada's growing military strength. "From all that I had heard and read of Canada, I had formed great expectations of what the country would be like, but these have been more than realized. No country, that I know of, has such a magnificent approach as Canada has in the St. Lawrence, the noble river which ensures to Montreal such a great commercial future. No other country has such a vast extent of unoccupied land only waiting to be taken up by people of grit and fibre to show its marvelous fertility. "Even the little I have seen satisfies me that the resources of Canada are practically boundless, and that in the ordinary course of development it must inevitably become one of the important countries of the world. "I am greatly pleased to learn that rifle shooting is making rapid strides here, and that a large number of rifle clubs have been formed within the last few years. It has been a great satisfaction to me to find that your rifle range here in Ottawa is second only, in my judgment, to that of Bisley. "Canada, as I have said, has many special advantages. One of the greatest of these, I am inclined to think, is the stern winter that follows your warm summer, and the beautiful autumn about which so much has been written. The very rigor of the winter ensures that Canadians shall have the strength of a northern race, and attracts to this country the hardiest people of the old world. "The business energy and high sense of honor, which characterize the British, and the courtesy and refinement, for which the French are so famous, qualities which have done much to make these two nations great and prosperous, are the natural heritage of the people of Canada, and so long as Canada continues to cultivate these qualities, she is bound to become not only a great country, but to take a leading part in the future of the British Empire. "Lord Roberts and Lady Eileen Roberts, and a party from Government House, visited Rockcliffe ranges today and were entertained at tea by Col. and Mrs. Tilton. The ladies did some excellent rifle practice, and the field marshal and Lady Eileen planted memorial trees.

JUST AS GOOD HERE AS IN THE WEST

Government Seed Commissioner's Sound Doctrine For New Brunswick Farmers.

George H. Clark, seed commissioner from the department of agriculture, Ottawa, was in the city Tuesday returning after a visit to the provincial department of New Brunswick, Nova Scotia and Prince Edward Island in connection with a control in the trade in agricultural seeds and the discussion of plans for educational work in the production of seeds. Speaking last evening on the progress of agriculture in the maritime provinces, Mr. Clark said that from his personal observation in travelling over the three provinces a great deal had been done in the last ten years it was clear the farmers were making strides in agriculture. The drain from each province in favor of Western Canada had in a measure retarded progress and was likely to continue until the farmers in the maritime provinces realized the fact that what they had not or better than what they had not or what the far west could supply in respect to their needs and comforts. When the farmers came to pursue their occupation more contentedly then the natural resources in agriculture would be so far superior to what they had. The west was envied with a spirit of extreme optimism on the part of the people as a whole and probably those young men who went there from the maritime provinces caught the spirit and made better use of their latent talents. What was most needed among the farmers in the maritime provinces was that they should know better the advantages of both the east and the west and better appreciate the natural resources that they had at home. Mr. Clark will leave for Fredericton today and will then return to Ottawa before proceeding to Saskatchewan and the west.

GOOD PROGRESS ON NEW Y. M. C. A. HOME

Big Swimming Tank, Running Track, Gymnasium, Shower Baths, Reading Rooms, Assembly Hall and the Most Tasty Bachelor Apartments to Be Asked For—Latter Likely to Be Readily Rented.

The new Y. M. C. A. building which is now nearing completion is expected to be in readiness for occupation by October 1. Plumber and carpenter are now rushing the work in every section. A visit was made to the building yesterday by a Telegraph reporter and from the general appearance of the rooms, abundance of light and the air of brightness about the premises the association will have every reason to be proud of their new building. Starting in the sub-basement, two large furnaces are in position in readiness to heat the swimming pool on the floor above. Ample room is provided for storage of all kinds of fuel and along one side of the building from front to rear run two bowling alleys of regular length. Owing to the ground sloping away from the building on this side the alleys are particularly well lighted. On the basement floor the swimming pool, caulked brick sides is a refreshing sight on a hot day. The depth increases from four feet at one end to seven feet six inches at the other, giving opportunity for both swimmers and non-swimmers to enjoy a plunge. Along the sides are arranged four shower baths and wash basins. There are also rooms adjacent for business men's lockers and also for the boys. On the other side of the basement is the large gymnasium with a running track arranged overhead in the form of a gallery. Radiators for steam heat catch the eye at intervals around the walls and are found in practically every one of the forty-two rooms in the building, ensuring that no visitor will ever meet with a cold reception. The ground floor is devoted to reception rooms, a reading room and a room for boys' meetings. A place is also reserved for the secretary's office. Large open fireplaces and a couple of alcoves are noticeable features. According to the floor above, there are three class rooms separated by accordion folding doors which when open give the place the appearance of one large room. It can then seat 200 people. A room for board meetings, another reception room and a kitchen and pantry complete the arrangements on this floor. The second and third floors are divided into rooms to be used as bachelors' apartments. The rooms, of which there are eleven on each floor, look most inviting in spots, white painted and with large windows giving plenty of light on all sides. The corner rooms are larger and are intended to be shared by two residents. On the third floor a striking view of the harbor of the surrounding country can be obtained from all the windows. Each floor has shower baths and a wash room and lavatory, and in each room there is electric light, steam heat and lavatory accommodation. There is little doubt that bachelor apartments in the Y. M. C. A. building will be at a premium when the many advantages which they possess are realized. Fifty fifty, 2,000 rounds of ammunition and a dispatch box of Dinzuola's have been discovered concealed in caves in Zuluand.

AGREE TO WASH THE MILK CANS

Board of Health Has Several Dealers in Court and Agreement is Reached.

That the larger milk dealers of the city will wash their own cans in the future was the agreement arrived at in the police court Wednesday between the board of health and six of the vendors. R. W. Wigmore, Thomas Robinson, A. E. McAulay, George Thompson, David Porter and David Dawson were before the court charged with violating the regulation of the board of health which provides for the washing of cans. Mr. Wigmore said that he had made arrangements to have the cans washed, beginning tomorrow. He would have the cans washed by 3 o'clock in the afternoon and the inspector could call and look them over. Messrs. Robinson, Lawson, Thompson and Porter said that their cans should be washed with his. Mr. McAulay said he had started washing his cans. He had not done so before as it took considerable money to start. It would cost him \$300 to start and about \$20 a month to do the work. H. O. McInerney, for the board of health, said that the law should be put in force against the milk vendors. Epidemics of diseases had been traced to a polluted milk supply and for the protection of the public the vendors should be compelled to observe the law. Judge Ritchie said he would let the cases stand for one week and if at that time the vendors are complying with the regulation the cases will be allowed to stand.

DISASTROUS ENDING TO COUNT ZEPPELIN'S BALLOON JOURNEY

Frederichshafen, Aug. 5.—The news that Count Zeppelin's airship had exploded at Echterdingen and was a total wreck, crashed like a thunderbolt over the festive preparations for a reception to the famous aeronaut at Frederichshafen. Tens of thousands of people had come from all parts of Germany to witness the return of the count from his remarkable voyage in the air, and they were walking up and down the wide main street of this town in anticipation of the pollution to come. Since early morning, automobiles and carriages had been coming into town and speeding through the surrounding country, clad in their picturesque Sunday clothes, gazed in amazement at the unwonted scene and the gaily decorated houses in the parks. In front of the principal hotel, the military band was just on the point of beginning its concert when at four o'clock a man rushed into the office of a local newspaper and affixed a telegram on the blackboard at the entrance to the building. A crowd of people gathered to read the news, expecting to hear that the airship had left Echterdingen on its way here. One man began to read the message aloud. Suddenly he stopped as if he could not believe the news. Then he cried out in a loud voice: "The balloon has burst up! The balloon has burst up!" The startling intelligence traveled like wildfire down the main street. Some people would not believe it and declared that it was a bad joke, but the doubters were silenced by the pitiful expressions on the faces of the employes of Count Zeppelin, who rushed about with every evidence of consternation. Many carriages went up from the dense crowd that congregated around the office of the count and the people demanded to know if he were safe. They were told he was, but the latest bulletins from Echterdingen said that four men had been badly hurt. "Perhaps some rascal set the balloon on fire," someone volunteered excitedly and this probability was discussed for some moments. "Throughout the crowd there were frequent expressions of sorrow at the ill-luck of Count Zeppelin in the loss of his magnificent airship. Just then the count's daughter arrived in her carriage. She was still in ignorance of the tragic end of this voyage and of the blasting, at least for a time, of his greatest ambition. A hush fell over the masses as the countess alighted and in wonderment at their strange attitude toward her she went inside her father's office. Soon afterward through an open window, she was heard to cry: "This will kill him!" "This was followed by an outburst of sobbing and the people who had been loitering about the building silently moved away some distance to get beyond hearing of her distressful cries. The next message received from the scene of the disaster said that a thunder storm had upset a quantity of benzine which had ignited and caused a great explosion and that the great balloon was destroyed. After reading this bulletin the people moved in long lines down the streets of the town toward the railway station and the steamship docks, along the lake front, while automobiles scurried off in all directions, some of them even heading for Echterdingen. The musicians silently packed away their instruments, while the villagers immediately began taking down the flags and festoons that had been hung in honor of the expected homecoming of the daring aeronaut and his wonderful car.

WATER SPORTS AT BROWN'S FLATS, AUG. 15

Water sports are to be held at Brown's Flats on Saturday, Aug. 15. The programme will be: Canoe race, double for men. Patmore's race, double scull. Swimming race, men. Tub race. Canoe race, double for ladies. Tug-of-war contest in canoes. Motor boat race, handicap. Pair-oared race for men, flat bottom boats. Canoe race, open to Indians only. Swimming race, open to boys under 15. Pair-oared race, open to boys under 15. The officials will be Arthur Henderson, Carter's Point; W. L. Jones, Bedford; G. H. Green, Brown's Flats; Dr. J. H. Barton, Day's Landing; W. A. Kennedy, Brown's Flats; E. Neil Brodie, Brown's Flats. R. A. Sinclair, Brown's Flats, is secretary.

ST. JOHN MAN NEARLY DROWNED IN ST. LAWRENCE

Charles Vincent Sinks While Swimming, and is Rescued By Peter Nelson. Word comes from Montreal that Charles Vincent, of West St. John, had a narrow escape from drowning while swimming in the St. Lawrence river last Saturday morning. He was enjoying a swim with a couple of St. John boys, when about eighty yards from shore he threw up his hands and sank. Peter Nelson, who was also in the water swam to the spot where he sank and rescued him as he rose to the surface the second time. He managed to get him ashore where he was removed to his boarding house in an unconscious condition. He recovered after a time.

AN INFLAMED TENDON NEEDS COOLING. ABS-IF-BIN

Will do it! Restores the circulation, assists nature to repair strained, inflamed tendons. More effectively than any other remedy for sprains, strains, rheumatism, neuralgia, sciatica, lumbago, etc. Always pain quickly relieved. ABS-IF-BIN, 25¢ per bottle, delivered. BOTTLED BY W. F. YOUNG, P. O. Box 188, Montreal, Que., Canada. Agents: TRAR 908 & Co., Montreal.

BARK IS SAFE AND ANXIETY ENDED

Edna M. Smith Arrives at Buenos Ayres, Ninety-Seven Days Out From Bear River. After being ninety-seven days out from Bear River (N.S.), the bark Edna M. Smith, owned by J. Nelson Smith, of Cowardin, Albert County, reached Buenos Ayres, the port to which she was bound, last Saturday. Some anxiety had been felt owing to the non-arrival of the vessel. The welcome news was conveyed to Mr. Smith in a telegram from Buenos Ayres, signed by the captain, J. M. Steeves, a resident of St. John's, who wired that the bark had arrived "all well." Mr. Smith, in giving this information over the telephone Wednesday, said he could only conjecture that the long time occupied by the voyage was due to a succession of unfavorable winds. Coasting steamer Harbinger, Captain Rockwell caught fire at River Hebert on Tuesday, and the captain estimates she received damage to the extent of \$2,000. The damage is confined to the wood work.

A No-Paint Roofing.

Everybody recognizes now-a-days that the so-called Ready Roofing proposition has made good so far as giving thorough protection is concerned. There has always been the objection, however, that these materials were expensive in the long run because they required coating with a heavy paint about every two years. This objection has now been met by the well-known Amate Roofing. Amate is provided with a top surface of crushed mineral. This surface needs no painting, nor indeed any care whatever. It is perfectly capable of withstanding any kind of weather, and will give continuous satisfaction without attention. The nearest office of the Carrington-Pater Roofing Co., Ltd., is at St. John, N.B., and Halifax, N.S. A sample of Amate Roofing will be sent any inquirer on request. Address Carrington-Pater Roofing Co., Ltd., St. John, N.B., and Halifax, N.S. In the General Hospital on Monday evening the operation of grafting skin from the stomach of a young pig upon Gene McAuliffe's leg was successfully performed by Dr. W. W. White. The operation, the first of the kind performed here, was watched with interest by a number of physicians.

THE MINORS OF THE LIGHT BY THOMAS WILSON. Typical Off Shore Light. Dining Room, Kitchen, and Parity in One. Let the lower lights be burning. Send a gleam across the waves. Some poor, fainting, struggling seaman. You may rescue, you may save. If there is one class of men and women to whom the old familiar hymn appeals to as a creed it is to the keepers of the thousands of lighthouses along the shores and streams of this country, who, as they nightly light their lamps, send across the water a gleam that is a guiding beacon to the mariner, whether he be approaching the coast, navigating the Great Lakes or travelling the tortuous channels of an inland stream. The army of lighthouse keepers numbers thousands, and like the soldier, they are taught no matter what may occur they must not neglect their duty. One of the most rigid rules of the service is that the keeper must stand by the light as long as the building stands, and even then it is the duty of the keeper to make every effort to save the property of the government regardless of personal loss or not only property, but their lives as well it need be. With this idea so firmly instilled in the minds of the keepers, it follows that the letter and spirit of the order has been faithfully carried out and the records of the Lighthouse Board show that there have been a number of these plain, every day men and women who have sacrificed their lives in the service. When the first lighthouse on Minots Lodge, off Boston Harbor, went down beneath the furious battering of the waves the two keepers went down with it. A few years ago, when the Chesapeake Bay was a mass of ice, giant floes swept down upon Sharpe Island lighthouse, just off the Choptank River, and the structure and carried off. Although the keepers had a stout boat, they stuck to the house and drifted about on it for more than 16 hours, despite the danger. When the lighthouse drifted ashore the keepers saved the lens and other property, even to the empty casks, and then calmly reported to Washington. Their reward was promotion. How does the government deal with those who desert their posts? It is with instant dismissal from the service, no matter what their past record may have been. Two keepers of an inland light, finding the river so choked with ice that no vessel could navigate it and the threatened lighthouse, left it. There was no need of the light, they thought, but as soon as the Lighthouse Board heard of it they lost their positions. The fact that no vessels needed the aid of the light while the river was so choked with ice and that they returned to their posts as soon as the threatened danger was past did avail them. How may one become a lighthouse keeper? It is a question often asked. Appointments are made by the Secretary of the Treasury on recommendation of the Lighthouse Board, the applicant usually reaching the latter authority through one of the district offices. The applicant must be able to read and write and be able to keep a simple account. He must be able-bodied, able to row and sail a boat and have sufficient mechanical ability to whitewash and paint. If he knows something of mechanics and can operate a steam engine his chances are all the better, for he will, after serving a probationary term of three months, be given the position as assistant on one of the larger lighthouses. Although the law recognizes but one

ANOTHER BRITISH COLUMBIA TOWN WIPED OUT

Michel, Thought to Be Beyond Danger, Destroyed Tuesday.

Latest Advices State That Coal Creek Escaped—Counting the Dead and Missing at Fernie—Heroic Woman Saves Herself and Five Children After Husband Perished—Traveled 12 Miles and Had Their Clothes Burned Off Backs.

Michel, Aug. 4.—A fierce gale of wind this afternoon found the slumbering town in the forest west of the town into renewed fury causing them to burn worse than ever. They swept on towards the town at terrible speed and the fate of the new portion of the town was soon settled.

The flames invaded the railway yards where 100,000 pieces of mine timber owned by the coal company was soon destroyed, as was also considerable stocks of stock. Train service was blocked indefinitely. All of the Great Northern depot became a seething mass of flames.

Winnipeg, Aug. 4.—Despatches from Fernie today are of more cheerful character. Telegraph and railway communication with outside points has been established, and the work of identifying and burying the dead is being systematically carried out.

The problem caused by the presence of 7,000 homeless people is still pressing, and as most of them are destitute the committee has to look after their food and shelter. A patrol of mounted police is assisting the committee of public safety, numbering fifty members, in the work of restoring order and distributing relief.

The number of dead bodies recovered is twenty-two, and, while there are undoubtedly others, the death list is still at that reported.

There are still more than 100 missing, but as some fled in all directions to escape the flames, most of them are expected to turn up in time. Some fugitives followed the stream into the interior and others went by railway tracks.

The British Columbia government will probably take action today to assume the cost of caring for the sufferers so far as may be necessary.

Telegrams have been received of money sent offers of help of all kinds from all parts of England.

Winnipeg, Toronto, Montreal and Spokane wholesale merchants have offered to credit dealers burned out by the fire, and every hand is witnessed heroic efforts to minimize the great disaster and rebuild a greater and fairer Fernie. Many mercers, and even insurance policies went up in the flames, so their plight is serious, especially those who gave credit.

Fernie, B.C., Aug. 4.—Among the many heroic cases revealed is that of Mrs. Henry Morris, wife of a miner, caught in the edge of the brush with her five little children. Her husband had been caught in their burning home and perished. The woman carried and led her children, the youngest four years old, along a small stream into the interior, twelve miles, fighting for their lives every inch of the way. Frequently the whole family had to lie down in the stream to avoid being burned from their bodies, their bodies being blistered and they were nearly thirty hours without rest.

The heroic mother fought her way through the pall of smoke and flames, and finally reached the railway track where she was picked up by a train bound for the coast. The whole family had been listed as dead.

The theory that Black Hands started the fire in revenge for the imprisonment of their members is being followed up by the mounted police, and while the story is not generally credited, it is to be fitted to the bottom. Relief trains have poured enormous quantities of supplies into Fernie and surrounding towns. It is largely now a question of organization. A committee of public safety propose to make a list of those worthy of life savers' merit heroic conduct during the great fire.

In response of American towns order has created the liveliest rivalry among all the towns in New Spain region.

Aug. 4.—(Special).—The following is a list of the dead at Fernie as given by the coroner:

John Opek, a Hungarian engineer at Hosmer Mines was killed at his post. Michel, R. C., Aug. 5.—Ferguson Camp, Cocato siding, three miles west, which escaped on Saturday is now ablaze. Six hundred cords of cedar posts, a large number of telegraph poles and ties, ready for shipment, are burning. The siding is burning out. The ties of the main line are burning and a large bridge gang and others are working to keep the line open.

Another stray horse, picked up on the road near Riverview by an employee of Senator Donville's awaits its owner in the senator's barn. The horse was found on the roadside on Monday morning after the last heavy rain and was pretty well exhausted. The man got it up to a hill and the finding of him has been advertised in the Riverview stores. The horse is said to be of little value. It is dark in color with a white spot on the forehead. The wagon has a buggy top.

One may get along without doctors, lawyers, and preachers, but the grocery man is indispensable.

It's easier for a woman to talk on any subject than it is for her to stop.

MOOSE DIES IN HILD BURYING GROUND

Hounded Through the Streets Youngster of the Forest Falls Exhausted

IS GIVEN NO CHANCE

With its tongue hanging, its legs tottering and its small horns every evidence of exhaustion, a young cow moose staggered into the old burying ground Tuesday afternoon, lay down, and after an unobscured struggle to rise, fell over and died.

Hounded by men and boys, barked at by dogs, chased as if it were some comical thing to torture the animal to death, the moose, in a badly frightened state, came down Waterloo street at a gradually falling pace, struggled up Sydney street, and, probably attracted by the trees and grass of the old burying ground, as if glad to find its native surroundings, turned in there, still pursued by the yelling crowd. The moose had traversed half the plot and was mounting the hill towards King street east when his position failed. Some men nearby drove away the crowd and sought to help the animal but it fell and seemed unable to rise.

James Gallivan and others from the fire department, procured a rope in the Hook and Ladder station and placed it round the moose's neck, intending to lead the animal to smother for lack of air. It made one attempt to regain its feet, then fell over on its side and died.

Early Tuesday morning the moose was seen in the Valley. It entered one man's yard and chased it into the direction of the hill to Hazen street, however, and was seen at various times in Wright street and City road and was also said to have mounted the hill to Hazen street, and was seen at various times in Wright street and City road and was also said to have mounted the hill to Hazen street, and was seen at various times in Wright street and City road.

There are some 1,500 children from a day old to two years, and these are being fed with fresh milk and other food to which many of them appear to have been utterly strangers. Many of them are now clothed comfortably and their parents are fully prepared with blankets and bedding in tents, while those in the public buildings are provided with spring beds.

There have been some eighteen births during the past two days, and the little people are doing excellently. Nothing is being left undone to preserve the healthy conditions of the town, and every provision is made to provide for possible contingencies that may arise.

Under Capt.—Page 1

LONG LIVELY CHASE TO RECOVER HIS HORSE

Livery Stable Man Pursues One Who Hired Rig and Did Not Return It—Gets Horse, But Loses the Man—A Find at Riverview.

D. Love, the King square livery stable keeper, regained possession of one of his horses Wednesday after the animal had been driven about for two days.

Dean called day that on Tuesday afternoon he hired a rig and asked to hire a horse. He said he was going out to Red Head and would be back by supper time.

As it turned out he did not go to Red Head but drove out around Torryburn where the picnic was in progress. He came back to the city and drove around the streets.

About 10 o'clock he again made for the country and was seen Wednesday morning at Riverview. Mr. Love was getting up early about his horse and yesterday morning called up Barnsville and other points being described as a roan horse with white face and feet and drawing a piano box wagon. His friend whom he called at Barnsville recognized the description as fitting a horse which he had seen being driven rapidly by in the direction of the city.

Mr. Love waited till he thought Dean would be near the city, he said, and then drove out the Marsh road. He drove around carefully, intending to surprise and catch the horse. Dean saw him and fled to a hill at Silver Falls and Dean turned his horse short and retraced his way.

Mr. Love says he whipped up his horse and there was a mad race until the Hickory road was reached. Here, Dean drove the carriage up in the bushes and dismounting, got away as fast as his legs would carry him. Love gave up the chase and satisfied with the recovery of his horse, returned to the city.

Another stray horse, picked up on the road near Riverview by an employee of Senator Donville's awaits its owner in the senator's barn. The horse was found on the roadside on Monday morning after the last heavy rain and was pretty well exhausted. The man got it up to a hill and the finding of him has been advertised in the Riverview stores. The horse is said to be of little value. It is dark in color with a white spot on the forehead. The wagon has a buggy top.

U. S. Senator Allison Dead.

8,000 C. P. R. MECHANICS GO OUT ON STRIKE

Will Affect the Whole Line from Vancouver to St. John

Men Refused to Accept the Award of Conciliation Board, Which Was Appointed at Their Request—Company Didn't Like the Finding Either, But Decided to Abide by It—Only 200 Employees Involved on Atlantic Division, Including Ten in This City.

Winnipeg, Aug. 4.—Eight thousand employees of the Canadian Pacific mechanical department go on strike, including all the men between St. John and Vancouver, tomorrow morning at 10 o'clock, according to a statement of J. H. McVeity, who has been acting for the men of the mechanical department.

The position taken is that the men demand the acceptance by the company of the minority report signed by their representative after the recent conciliation meetings, and as the company has refused to depart from its position regarding the award, a strike appears inevitable. Railway officials have nothing to say.

It is one of the most critical moments in the history of the Canadian West, with the vast traffic in sight, a big crop being harvested and fuel supplies being rushed forward from the lakes over the territory covered 2,000 miles, which requires this city to go through winter.

Montreal, Aug. 4.—(Special).—Eight thousand members of the mechanical unions of the Canadian Pacific railway will go on strike tomorrow, as a result of the long-standing disputes between the company and the men regarding classification of work and the pay therefor, as well as a number of other points which have been dragged into the dispute.

The strike will be a general one, and the men will be asked to go to work at 10 a.m. tomorrow in order to meet the demands of the union. The men will be asked to go to work at 10 a.m. tomorrow in order to meet the demands of the union.

While the matters in dispute have been discussed for months past, the immediate cause of the strike seems to be the award of the Conciliation Board, which the men refused to accept.

The men refused to accept the award of the Conciliation Board, which the men refused to accept. The men refused to accept the award of the Conciliation Board, which the men refused to accept.

Amalite ROOFING

Free Sample & Booklet

This advertisement will bring to your attention the best and cheapest roofing material on the market. Here is how we prove it. In the first place Amalite is made in one standard thickness, whereas other roofing materials are made in many different thicknesses. Amalite is made of a thin, flimsy half-inch to three-quarter-inch thickness. The three-ply thickness which is used by only one other manufacturer is the only one that can be compared with Amalite.

But in addition to its superiority in material and manufacture, Amalite has one distinction which makes it stand out above all others. It has a real mineral surface. It is hardly necessary to state the advantages of such a mineral surface, the free from fire painting or coating, the perfect protection against all kinds of weather, and the great durability. The mineral surface is embedded in a layer of pitch, the greatest known waterproofing material. Beneath this are two layers of the best quality of wool felt—cemented together with a more pitch, making the whole a roofing that is absolutely waterproof.

No other ready roofing can compare with this mineral surface, waterproof, weather-proof, durable roof. That's why we say—Buy your roofing until you have seen Amalite.

Send for Free Booklet and Sample to-day. It will pay you to get acquainted with Amalite. Address nearest office.

NURSE'S MISTAKE COST PATIENT'S LIFE

BRONSON HOWARD, THE WELL-KNOWN DRAMATIST, DEAD

Abandoned Journalistic Work and Wrote Many Popular Plays.

New York, Aug. 4.—Bronson Howard, dramatist and author, writer of several plays which stand as landmarks in the American dramatic field, died today of heart failure at Avon-by-the-Sea, N.J., after an illness of about a year. Mr. Howard, who went to the coast resort on June 23, in the hope that the sea air might benefit him, improved in health for a time, but in the last two weeks failed rapidly. Mrs. Howard and several other relatives were with him as he died. His funeral will take place at Avon, Thursday afternoon, and shortly afterward the body will be removed to the funeral home in Detroit, where Mr. Howard was born, sixty-eight years ago.

Bronson Howard began his journalistic career in 1870, when he was connected at various times with the Tribune and the Evening Mail and the Evening Post. He practically retired from newspaper work in 1872, devoting himself largely thereafter to dramatic work. As a dramatist, Mr. Howard was best known through the success of “Saratoga” and “The Banquet.” “The Daughter,” “Old Love Letters,” “Young Mrs. Winthrop,” “The Henrietta,” “Shenandoah,” and “Saratoga.” From 1870, the date of “Saratoga,” to 1900, when he published “Kate,” he was engaged primarily with characters, essentially American.

In 1880, Mr. Howard married Miss Wyndham, a sister of Sir Charles Wyndham, the English comedian.

Wedding Anniversary. About thirty-five of Mr. and Mrs. Howard's friends assembled at their home, Water street, West End, Monday evening, to bring their fifteenth wedding anniversary. Soon after those present had gathered R. H. Parsons called Mr. and Mrs. Akery forward, and after referring briefly to the high esteem in which they were held by their friends, presented to them a dinner set to them on behalf of those present. Mr. and Mrs. Akery both replied, thanking their donors most heartily for their remembrance. After refreshments had been served and ample justice done them, the happy gathering broke up about midnight.

When a girl tries to dodge a kiss she always manages to do it in a way that enables her to catch it square on the lips.

Board of Trade Committee
Ask President to Take Up
Matter With Mayor.

A committee of the board of trade consisting of J. A. Likely, H. B. Schofield and T. H. Estabrook, who are looking into the question of offering inducement to the Enterprise Foundry Company to establish their works here, have sent a recommendation to W. E. Foster, the president, suggesting that he should communicate with the mayor in order that the matter may be taken up by the common council without delay.

LOCAL NEWS

The city schools will re-open on Wednesday, August 26.

Raffling operations at the Douglas boom, Fredericton, have ceased much earlier than usual.

T. C. Burpee of the I. C. R., Moncton, has written that he will come to St. John any time to confer with the city engineers on Marsh bridge abutment repairs.

The Grand Lodge I. O. O. F. may be invited to meet in St. John next year. Officers of the order have been looking around to see if suitable arrangements for the meetings can be made.

At a meeting of the N. B. Military Veterans Association held last night, it was decided to have the annual excursion on Tuesday, Aug. 25, to the Willows on the Kennebec. There will go on the steamer Hampton from Indianown. Dinner will be served at the Willows by J. H. Flewelling.

James McKinney, the St. John man who had a prominent position on the staff of Mr. Lascelles, director of the Quinquaginta, is in the city. Mr. Lascelles, who has gone to the Pacific coast on a trip has spoken to him of the possibility of going to England to assist him with a big project to be given next February.

The Grand Temple of Honor, New Brunswick, will be well represented at the 62nd annual session of the Supreme Council of the Woodmen of the World on Tuesday, Wednesday and Thursday of next week. The delegates to go from here are Dr. W. F. Roberts, W. C. Whitaker, L. L. Egles, R. D. Martin and B. E. Logan.

On Wednesday evening Major J. H. McAvity, on behalf of the officers of the 62nd Fusiliers, presented a gold watch to Lieut. H. H. Smith of the Army Service Corps in recognition of his good work in command of the advance party who went to Quebec to prepare for the regiment's stay there during the tercentenary celebration. There were speeches by Major McAvity, Capt. L. W. Peters, Major S. D. Smith and Lieut. Smith.

Hon. D. V. Landry, commissioner of agriculture, has brought before his colleagues in the provincial government the invasion of the province by the brown-tail moth, and it has been decided to provide school teachers with information concerning the pest and a picture of the winter nest, so that the children may watch for and destroy them. A small bonus may be given to the pest takers to assume large proportions.

The hull of the river steamer Crystal Star, which was burned at the foot of the land, has been raised. The tug Leader is to tow the hull to the city.

A number of coasting schooners it is said will be laid up for a while on account of the dullness of the lumber market.

The steamer Orro was taken to Evans' Wharf, Dartmouth, Monday morning. She will have the repairs to her deck completed before sailing on Friday for Bermuda, West Indies and Demerara. —Halifax Mail, August 3.

Apohaqui News.
Apohaqui, N. B., Aug. 6.—Mrs. D. Heber Polkins returned on Monday from Grand Harbor, Grand Manan, where they spent a week visiting Miss Mary Dakin.

Mrs. George H. Seaman, formerly of Boston, accompanied by her sister, Miss Chapman of Sussex, Miss Chapman will enter New Brunswick Hospital to train for a nurse, and Mrs. Seaman will remain a few weeks visiting relatives in the city.

Mrs. and Mr. Harley S. Jones and daughter Ethel, returned yesterday from a holiday trip to Moncton and Shediac.

Miss Clara Hay of St. John, and Miss Hazel Knight of Moncton are the guests of Miss Annie Parks, Lower Millstream.

Miss Beatrice Stone spent Sunday in St. John. E. Conroy of the Bank of Nova Scotia staff is taking two weeks vacation and is visiting relatives in Albert Co.

The Misses Secret of Amherst (N.S.) are spending some time with their grandparents, Mr. and Mrs. Gray.

Mrs. George Ellison is visiting her daughter, Mrs. W. E. Peters, Redway.

Miss Pearl Veysiey spent Sunday at Calhoun the guest of her sister, Mrs. Heber Wiles.

H. McCready and son, Ralph, of Sackville, spent Sunday with their parents, Mr. and Mrs. C. B. McCready.

Miss Perkins of St. John, who has been boarding at David Little's, went to Shediac on Tuesday.

Thomas Duncan of this place, passed away today after a short illness. Deceased was 84 years old and has been a resident of this place many years. He leaves a wife and three sons. The funeral will be held at the church of the Ascension, Saturday at 10 a.m.

Conservative Ward Meetings.
Conservative ward meetings will be held in the city next Wednesday evening for the purpose of electing delegates to the convention and to appoint chairmen in the wards.

A mass meeting will be held in the Opera House on August 29 in the Conservative interests. The speakers will be Hon. George E. Foster and Dr. J. W. Daniel, M.P.

Those who are honest only when they think it will be to their advantage deserve the contempt of all right minded people.

The man who goes out of his way in order to walk under a ladder, but as suspicious as one who dodges it.

OBITUARY

Florance Nightingale.

Cox's Point, N. B., Aug. 1.—Suddenly, after two or three illnesses of Florance Nightingale, third daughter of Asa Nightingale, of Cox's Point, died today; father, mother and two sisters—Stella and Lillian—were left to mourn the loss of a bright and cheerful member of the family. She was fifteen years of age.

Charles M. Dwyar.

The death of Charles M. Dwyar, aged thirty years, son of the late Thomas Dwyar, occurred at McDonald's Corner on July 31. One brother survives. A large circle of friends will regret his death.

Miss Ellen McSwaney.

Moncton, N. B., Aug. 4 (Special).—Miss Ellen McSwaney died this afternoon after quite a long illness. Miss McSwaney was a daughter of the late Peter McSwaney and sister of George McSwaney, manager of the Brunswick Hotel, and also Senator McSwaney. The surviving relatives are Mr. Thomas McSwaney of West Orange (N. J.); Mrs. Henry Young of Florida; Mrs. J. J. Walker, Miss Johanna and Agnes, of Moncton, and Sister Altagia (deceased) of Charlestown (Mass.). Deceased resided in Moncton most of her life.

Lars M. Carlsson.

The death of Lars M. Carlsson, second officer on the Prince Rupert, occurred at the general public hospital Wednesday afternoon. Mr. Carlsson contracted a cold about a fortnight ago from which complications arose and he was removed to the hospital last Friday. He was a native of Sweden but had resided in St. John for many years. He married Miss Fanny Holmes of this city, who, with six children, survive him. Mr. Carlsson was regarded as a most capable officer, and had many friends in this city who will learn of his death with much regret and will extend sympathy to his widow and family in their bereavement.

Louis Thoroughgood.

The death of Louis Thoroughgood, one of the most highly skilled leather workers in the city, occurred on Tuesday evening at his home, 28 St. Patrick street. He was sixty-seven years of age. He came to this country from England about 1880, and took charge of the custom department in George Ramage's business. After that concern changed hands he remained for twelve years in charge of Driscoll. Afterwards he removed to Fredericton, but returned to St. John and had since been in business for himself.

O. E. Flewelling.

Ormond E. Flewelling died recently at the residence of his daughter in Halifax. He was a son of Mr. Henry D. Flewelling, of Clifton, Kings County. His father carried on an extensive ship-building business at that place and the son was associated with him afterwards. He went into farming at North River, K. C., but subsequently removed to Boston where he was for some years contractor. A few months ago he returned to Halifax. G. Hudson Flewelling, ex-M.P.P. for Kings, is a younger brother. The body will be taken to Clifton for interment. Mr. Flewelling was 68 years of age. His wife, who was a daughter of the late Blair Whippley of the Long Reach. His daughter in Halifax is Mrs. Henry D. Holaway. A son died last year in Boston. The late Mrs. Soder, who resided for some time at the Coffin Manor, Westfield, was another daughter.

Mrs. Alfred Stone.

Sussex, N. B., Aug. 5.—(Special).—Eliza L. Stone, wife of Alfred Stone, of Pembroke, died last evening at her home of consumption, aged 81 years. Deceased has been ill for the past two years. A husband and one adopted daughter survive.

Mrs. Hannah Wells.

J. S. Flagler, of the post office service, Thursday received word of the death of Mrs. Hannah Wells, wife of Monty Thornton Wells, of Glace Bay, which occurred yesterday at Bayfield, Westmorland county. Mrs. Wells was more than eighty years of age but had the use of her faculties to a remarkable degree for one of her age. She was blessed with a jovial disposition, took a keen interest in the events of the day and was the best of good company. News of her death will be read with regret by friends here as well as in Westmorland and Albert counties.

Mrs. John Lane.

Mrs. Wells was a native of Bayfield and was the wife of Magistrate A. C. A. Wells, who died some eighteen years ago. She had made her home for some time with her son, Judge W. W. Wells of Moncton and spent last winter with her daughters, Mrs. J. S. Flagler and Mrs. O. J. McCully here. In June, Mrs. Wells went to Bayfield to visit at the home of her sister, Mrs. John Lane. Recent word was that she was in her usual good health and the news came as a great shock.

Mrs. Wells is survived by the following children: Judge W. W. Wells, of Moncton; Thornton Wells, of Glace Bay; Mrs. J. S. Flagler, of St. John; Mrs. O. J. McCully, wife of Dr. McCully, formerly of St. John but now of Moncton; and there are also the following brothers and sisters: Matthew Wall, of Bayfield; Gilbert Wall, of St. Stephen; Richard Wall, of Stoughton, Mass.; Edward Wall, of Westford, Mass.; Mrs. John Lane, Mrs. Trean and Miss Sarah Wall, of Bayfield. Mrs. Flagler is in Westfield but will go to Bayfield today.

It is a remarkable fact that Mrs. Wells was one of thirteen children and there was not a break in the family until the death of the youngest at the age of forty-two.

Mrs. Rachael Willis.

The death of Mrs. Rachael Willis, wife of William S. Willis, took place on Wednesday evening at her residence, 82 Seelye street. She had been ill for a short time and her death was unexpected. She succumbed to heart disease. Mrs. Willis was about fifty-two years of age. She is survived by her husband, one sister, Miss Kate Hennessey, and two brothers, Garrett and David, all of this city. The funeral will be held on Sunday at 2:30 o'clock.

Miss Mary A. Hennessey.

The death of Miss Mary A. Hennessey, daughter of the late David Hennessey, occurred at her mother's residence, 57 Dorchester street, Thursday morning. Miss Hennessey had been ill for a few days and her death came as a shock to her relatives and friends. She is survived by her mother, one sister, Miss Kate Hennessey, and two brothers, Garrett and David, all of this city. The funeral will be held on Sunday at 2:30 o'clock.

sailed from Manchester last Wednesday

ROMANCE BEGUN
IN HOLY LAND

Culmination in Wedding of
Dr. Janal and Miss Almada
Burchill in St. John.

A romance which began two years ago in Palestine, had its culmination in St. John yesterday, when Miss Almada Burchill, of Hibernia, Queens county, was wedded to Dr. Norman K. Janal, of New York, a native of the Holy Land.

Two years ago, Miss Burchill was one of the delegates to the Sunday school conference which included a visit to Palestine. While in Jerusalem she met Dr. Janal, who has adopted the Christian faith, and the acquaintance thus formed ended in the marriage which took place yesterday at the residence of Mrs. Mary Mowry, 21 Newman street, who is an aunt of the bride.

Dr. Janal is a doctor of medicine, and has recently been residing in New York. On leaving Palestine he brought with him a letter of introduction from Bishop Smith of Jerusalem, which speaks of him in the highest terms.

Dr. and Mrs. Janal will leave this morning for Halifax, near Chatham, where the bride's father, Dr. Thomas, of Hibernia, Queens county, the bride's home. Their future plans are not yet decided.

PERSONALS

Mrs. Fred L. Stone of Schenectady (N. Y.), is visiting her parents Mr. and Mrs. George H. Oulton.

Edward L. Rising is on a business trip to Upper Canada and the New England States.

Rev. B. H. Nobles, Rev. J. H. Erb, of St. Anthony (Tex.), Whitfield Erb, of Nashua, and O. D. Rhode, of San Antonio, left last night for Campbellton to spend a few days camping and fishing on the Kennebec.

Wm. Woods, of the St. Andrews high school staff, was in the city yesterday.

After his admission to the provincial bar, Hon. L. P. Paris, will locate in New Westminster (B. C.).

Rev. L. V. Broughall, of St. Joseph's College, is a guest at the Palace.

Hon. Rodolphe Lemieux, E.M. Macdonald, M.P., and Leighton McCarthy, M.P., are advertising to speak at political meetings in Sydney Mines and Glace Bay.

Mr. and Mrs. James Friel and Miss Friel, of Dorchester, are at the Royal.

Rev. W. F. Parker and wife, of Ottawa, are spending a vacation in St. John, the guests of G. W. Parker, 27 Goodrich street.

Mr. H. Stuart, of Newcastle, was in the city yesterday.

Dr. E. F. Murphy, who has been visiting his parents, Mr. and Mrs. George W. Parker, Rockland road, has returned to Boston.

Rev. S. J. Doucet, of Grand Anse, who is absent to Clifton for interment. Mr. Doucet is a native of St. John.

J. M. Palmer, principal of Mount Allison Academy, Sackville, and Mrs. Palmer, are spending a few days at Bay Shore.

F. Ryan and F. B. Black, of Sackville, were in the city yesterday.

W. A. Christie, of Amherst, was registered at the Dufferin yesterday.

Harry McLoughlin, of New York, manager of the Grand Falls Power Company, was in the city yesterday.

Raymond Lezer, of Shediac, is registered at the Victoria.

Conductor J. Beechman, of the C. P. R., Mrs. Beechman and Miss Beechman, returned yesterday to their home in Halifax after a trip to points in Massachusetts.

**47,000 BARRELS
OF WHISKEY BURNED**
Midway, Ky., Aug. 6.—This town, half way between Lexington and Frankfort was the scene of a fire that for a time threatened to burn the town to the ground. The fire, which is believed to have been of incendiary origin, destroyed five warehouses of the S. J. Greenbaum & Co. distillery, containing a loss estimated at \$300,000.

The flames caused by the burning of 47,000 barrels of whiskey turned a creek nearby into a fiery stream that could be seen for ten miles. The flames as they poured down the surface of the creek, destroyed the southern railway trestle and half a dozen negro cabins.

APPOINTMENTS TO
MT. ALLISON STAFF

Sackville, N. B., Aug. 6.—Vacancies on the staff of the Mount Allison Academy and Commercial College have been filled by the appointments of H. L. C. Wade, of Brighton, and H. C. Trevelyan, of Leicester (N. S.), and Miss Agnes L. Fisher, of Burlington (N. S.), respectively.

Wade will take the place of F. H. M. Holmes and the committee store department. Trevelyan will succeed W. R. Shanklin, of St. Martins, while Miss Fisher will succeed Miss Katherine Fawcett, of Middle Sackville, as teacher of shorthand and typewriting.

Wade comes to the Academy very highly recommended. He is a graduate of the Ontario Business College in which institution he has also served for some time as a teacher and is a certified teacher in grammar. Wade has had considerable experience in office work in the United States and the Dominion, and thus comes to the Academy with exceptional qualifications for the position he is to take.

Trevelyan is a holder of teacher's license for Nova Scotia and comes warmly recommended by the Rev. J. M. Fisher, of Burlington (N. S.), and is a graduate of the business department of the Mount Allison Commercial College, as well as of the shorthand and typewriting department of the same institution.

Miss Fisher is a daughter of Rev. J. M. Fisher, of Burlington (N. S.), and is a graduate of the business department of the Mount Allison Commercial College, as well as of the shorthand and typewriting department of the same institution.

CHATHAM TAILOR
SHOP BURGLARIZED

Chatham, Aug. 6.—Thieves broke into W. L. Weldon's tailoring shop last night and stole from \$150 to \$300 worth of suits and other goods. Mr. Weldon cannot at present estimate the exact amount of his loss. Entry was made through a collar window and the hatch in the ground floor, several articles were tried off to effect an entrance. Police were in the vicinity but heard no noise. Mr. Weldon has issued a warrant for the arrest of the thieves who were in the store yesterday and whom he suspects of the robbery.

POLITICS WARMING UP
IN SASKATCHEWAN

Regina, Aug. 6.—Following the reiteration by Premier Scott of his charges of grafting against the Liberal conservative candidate for this city, in which defiance is hurled at the latter gentleman and most explicit charges made, Mr. Laird has been asked to sever his connection with Mr. Scott for \$2,500 damages. A criminal case is also threatened against the editor of the Leader. Mr. Scott has been courted by the Liberal party, and Mr. Laird to take him into court, declaring his ability to prove his charges up to the hilt.

Hopewell Hill Notes.

Hopewell Cape, Aug. 5.—Mr. H. Gross and family, of Ottawa, came to Hopewell Cape Saturday to spend a few weeks with relatives here.

O. R. Atkinson returned on Monday to Albert, after a few days' visit at the Shiretown. It is understood that Mr. Atkinson will succeed Mr. Atkinson as vice-principalship of the Sussex High School.

Edgar Peck returned to Portland last week. He spent a vacation with his parents, Mr. and Mrs. Allen Peck.

Mrs. Hamilton left Tuesday morning to take up her residence in Brooklyn, N. Y.

Mrs. R. Steves and children, of Moncton, are spending the summer at the Albert Hotel.

The Hopewell Cape School are received their new school entrance examinations. Four succeeded in securing the class tried for, one young lady making an average of over 80.

Harold Steadman, of New York is re-opening old friendships in this town.

Be. Taylor, wife and child, of Moncton, were in the Cape last week.

Mrs. Taylor's parents, Mr. and Mrs. Taylor, are guests at the home of Mrs. Rufus Palmer.

Miss Rachel Peck and Master Lang, of Hopewell Cape, are visiting the former's old home here.

Hopewell Hill Notes.

Hopewell Hill, Aug. 5.—Henry A. Peck, of Wolfville, formerly of this village, visited here here last week.

Mrs. Sherrard, of Moncton, is visiting at the home of Mr. and Mrs. W. J. McAlister.

Miss Mabel M. Elliott, of Albert, recently from Normal School, will take charge of the school at Scott road, Westmorland County.

Miss Eva A. Russell is spending a couple of weeks with friends at Dorchester, N. B.

Miss M. Kirby and Mrs. Kirby and Miss Mary Kirby, of Albert, united with Golden Rule Division S. of T. of this place last evening. Mr. Kirby is grand chaplain of the order in New Brunswick, and is also most worthy chaplain of the national division.

Harold Gross and family, of Ottawa, are visiting at the home of Mrs. E. K. Dickson, of Hopewell Cape.

Harold Steadman, who has been away some years, has been visiting his father, George H. Steadman, at the Cape.

E. G. Peck returned today from Apohaqui where he has been employed with A. E. Stuy, bridge contractor.

BELONGED TO FAIRVILLE
LIVERY STABLE KEEPER

James Sealey Owned Horse and Buggy Found in Rothesay—Trouble for Those Who Hire It.

Thursday, August 7.
It was learned yesterday that the horse and buggy found by Senator Denville's man near the senator's residence in Rothesay on Tuesday, as told in the Telegraph, were the property of James Sealey, Fairville livery stable keeper. He has recovered them.

On Monday Mr. Sealey hired the rig to three men named Ross, Clark and Hanson, three Carleton men. They drove to Spruce Lake and Hanson says he returned after they had gone a short distance. Clark and Ross, it is believed, drove to Rothesay and there abandoned the horse and took the train to Moncton.

Hanson, who is employed on the dredge Beaver, was arrested Wednesday afternoon by Policeman Lawson on a warrant taken out by Mr. Sealey. He was given his appearance on \$250 had been given for his appearance on Monday.

Mr. Sealey said last evening that the horse had evidently been over-driven and was his intention to push an action against those who hired the horse from him. He does not believe that Ross and Clark have left the city. He declined to say whether or not he would drop the case against Hanson, now that he has recovered his team.

THE SARDINE WAR
REMAINS UNSETTLED

St. George, N. S., Aug. 6 (Special).—It was expected that, as a result of negotiations between the East Coast Fish Association of Eastport (Me.) and the Charlotte County Weir Owners and Weir Fishermen's Union, a meeting between the executive committees would have been held here today to settle the dispute relative to the sale and purchase of sardines.

The meeting, however, did not take place, a telegram being received from the secretary of the Eastport Association stating that the letter arranging the meeting had not been received.

It is claimed by the representatives of the Charlotte County Weir Owners and Weir Fishermen's Union that the association would prefer to meet the whole of the fishermen's Union.

It is claimed by the representatives of the Weir Owners and Weir Fishermen's Union that the letter arranging the meeting had not been received.

And when the old man looks at this silent competitor of his he is filled with new energy and strides off to his field making a great noise with his old tin can.

MAY BUY STEAMER NOW
INSTEAD OF BUILDING

Dr. Hetherington Tells of Plans for Replacing the Aberdeen.

Dr. J. E. Hetherington, of Cady's, is at the Royal, speaking Thursday of the affairs of the Washademoak Steamship Company. He said that the company is negotiating for a steamer to replace the Aberdeen. He said that the steamer is to be built in the United States and that the company is to purchase it for \$100,000.

The doctor said that yesterday he wired to the owners of a steamer who are willing to sell it to him. He said that he is to take the steamer to the Cape last week.

Miss Rachel Peck and Master Lang, of Hopewell Cape, are visiting the former's old home here.

**WILL TAKE OVER
THE NEPISIGUIT
FISHING CLUB**

It is understood that the Nepisiguit Fishing Club, which has just been organized, will take over all the rights and interest in the Nepisiguit Fishing Club, and that the land rights held by individuals and members of the club, which include a number of sections between Bathurst and Nepisiguit Grand Falls, a distance of about 10 miles, will be transferred to the company. The personnel of the club remains unchanged. The new company is capitalized at \$60,000. Among the members are Col. G. W. Jones and E. Keitje Jones, of St. John; Walter Hunningwell, of Westley (Mass.); Edward Wharton, of Lennox (Mass.); and John F. Grant, of England.

Harold Steadman, who has been away some years, has been visiting his father, George H. Steadman, at the Cape.

E. G. Peck returned today from Apohaqui where he has been employed with A. E. Stuy, bridge contractor.

RESUME AGRICULTURAL
COMMISSION MEETINGS

The meetings of the Agricultural Commission, adjourned during the August session, will be resumed about 25. Resignations will be first visited then Gloucester and parts of Northumberland county.

The commission has so far had meetings in Madawaska, Victoria, Carleton, York and Charlotte counties and much of value has been learned.

Big Masonic Fair at Hampton.
There will be much interest in the Masonic fair to be held in the new Masonic Hall, Hampton Station, on Wednesday, Thursday and Friday of next week. The fair will be opened at 3 o'clock on Wednesday and will close at 10 o'clock on Friday. The grounds at 6 o'clock and the fair will be in full swing again in the evening.

On Tuesday 2 p.m. will be the opening hour. There will be a clam bake and fish chowder at 6 o'clock and the fair will continue during the evening. On Friday the fair will open at 2 p.m. and close at 6. That evening will be a minstrel performance but there will be in the agricultural hall, Hampton Station.

THE YOUNG MAN'S MISTAKE.
(Argonaut).
The prodigal son wrote the old man "I followed." "I got religion at a camp meeting the other day. Send me \$10." But the old man replied: "Religion is free. You got the wrong kind."

OLD MEN AS SCARECROWS

In Every Village in England There is a Human Competitor of the Old Clothes on a stick.

Human beings as scarecrows? Why not? It may seem queer and brutal to an American, but in England the human scarecrow is common.

As he stands out there, in the middle of the flat Suffolk field, there is little to show he is not the ordinary inanimate scarecrow. He stands motionless for five minutes at a time, says the Bampton Sun, and only when a bird is tempted by the fresh corn just appearing above the hedge and settles on the field.

From the road outside the field he looks exactly like the conventional collection of odd clothes propped upon a stick. Even the crows are contemptuous of the figure, and every now and then a number of them appear leisurely above the hedge and settle on the field.

But then it is that the scarecrow moves; he hits an old tin can with the rusty handle of a shovel and frightens the birds and makes them fly quickly out of sight.

So he spends his day, this old bent man, and at the end of it he is paid 30 cents. He is the village scarecrow.

Whatever the weather may be, he is expected to be there. In rain he may shiver under the nearest hedge, but he must watch his field, and if the birds take advantage of his absence he must go out into the open and scare them from the corn.

For this old man knows well that he is competing for his living against the clothes propped upon a stick or the dead crows scattered about the field, and it is necessary that he should take a certain pride in his profession.

Unless he can show the farmer that he is more effective than the conventional scarecrows, he cannot make a living in the few months between the sowing of the seed and the appearance of the corn.

While the boys of the village are in school he can earn enough in these few months of the year to keep him through the winter. He is still capable of scaring birds.

His very clothes are a qualification. He looks exactly like a scarecrow, and he has the advantage of being able to hit an old tin can with the rusty handle of a shovel.

At 1 o'clock he has his dinner of bread and cheese by the side of the hedge but every now and then he gets up and looks round to see that the fields are free from birds.

Sometimes when the day is colder than usual, his grandfather from the cottage a mile away brings him a hot dinner in a basin covered with a cloth, and while he eats she talks to him about her school and if a bird appears runs carefully into the field and frightens it.

And then the old man thinks the shabby guardian of the fields is left alone. The only suggestion of life is a collection of old clothes propped upon a stick in the field near a mile away.

And when the old man looks at this silent competitor of his he is filled with new energy and strides off to his field making a great noise with his old tin can.

MOTHER FOX'S CUNNING

Her Ineffectual Plans to Divert Hunters' Attention from Her Den.
