## Acadia College

was founded in 1838; and for more than twenty years it has maintained a regular succession of classes. Its location is favorable, being on the line of Railway connecting Halifax and Annapolis, and having communication with the Bay of Fundy through the Basin of Minas. As the mineral and agricultural resources of the Western Counties of the Province render them capable of supporting a numerous and wealthy population, the College has the promise of a large patronage from its immediate vicinity; but students are drawn to it, also, from all the other sections of Nova Scotia, and from Cape Breton, Prince Edward Island and New Brunswick,

, M. D.,

A. M.,

In connection with the College Buildings, the Governors own forty acres of land, most favorably situated for the various purposes that will be developed in the growth of a large institution of learning.

The Act of Incorporation confers upon the Covernors the powers of a University; but hitherto provision has been made only for the Arts Course. The studies of this course are comprehensive and thorough; and it is the purpose of the Governors to maintain the College in such a state, that it shall be able to meet the wants of all young men in the Maritime Provinces, who may desire a liberal education.

The Governors are appointed by the Baptist Convention of Nova Scotia, New Brunswick and Prince Edward Island; but the Act of Incorporation specifically provides "that no religious tests or subscriptions shall be required of the Professors, Fellows, Scholars, Graduates, Students or Officers of the said College; but that all the privileges and advantges thereof shall be open and free to all and every person and persons whomsoever, without regard to religious persuasion."

## Matriculation.

Candidates for matriculation will be required to pass a satisfactory examination on the following subjects:

Arithmetic, English Grammar, Geography, Collier's English History; Roman, and Grecian History, as contained in Smith's smaller edition, or an equivalent; Algebra, through simple equations; the first four books of Davies' Legendre\*; Latin and Greek Grammars, (Harkness's and Hadley's preferred); two books of Cæsar; two books of Virgil's Æneid; three Orations of Cicero; two books of Xenophon's Anabasis; and one book of Homer.

The examination will require acquaintance with the rules for pronouncing Latin and Greek, and with Hexameter verse. A thorough knowledge of English Grammar, and familiarity with the Paradigms and Syntax of the Latin and Greek Grammars, will be found indispensable to success in College studies.

Acquaintance with the elementary principles of Natural Philosophy will be expected of all applicants for admission.

Candidates may present themselves for examination either at the close of the last term, or the opening of the first term, of the College year. No one will be admitted unless he has completed his fifteenth year.

Candidates may enter advanced Classes after passing the prescribed examinations in the previous studies of the Course.

Satisfactory testimonials in regard to character, must be presented by all applicants for admission to the College.

\*The first, second, third, and fifth books of Euclid will be accepted as an equivalent.

## Honour Courses.

The following Courses are arranged for the advantage of Students who may be able to do more than the assignments of their classes; and they will be open to the election of any Student after the middle of his first year, provided he has first-class standing in the prescribed Course. The value of the work performed in these studies will be determined by two examinations in each year, and Honour Certificates, of the first or second class, will be given, according to the results of these examinations. Students will not be allowed to continue in Honour studies, unless first-class standing is maintained in the prescribed Course. But any student who may wish to give special attention to any particular study, can have a certificate of the work done in the same.

### Freshman Class.

- Classics.—The Georgics of Virgil, Books I., II., and IV.; Sefect Dialogues of Lucian.
- Mathematics and Natural Science.—Solid and Spherical Geometry,
  Projections and Perspective. Chambers. Organic
  or Agricultural Chemistry. Loomis's Meteorology.
- History.—Hallam's Constitutional History of England, and Taylor's Ancient History.

### Sophomore Class.

- Classics.—Terence—Adelphi; Livy—Book 22; Euripides—Hecuba; Demosthenes—Philippics.
- Mathematics and Natural Science.—Conic Sections. Chambers.

  Analytical Geometry. Olney. Argyll's Reign of
  Law. Methods of Study in Natural History.

  Agassiz.
- Rhetoric.—Campbell's Philosophy of Rhetoric, and Sir William Hamilton's Logic.

### Junior Class.

Classics.—Cicero—De Senectute, and De Amicitiâ; Sallust— Jugurtha; Æschines—contra Ctesiphontem; Sophocles—Ajax; Aristophanes—Aves.

Mathematics and Natural Science.—Bartlett's Analytical Mechanics,
Physical Geography, Geology and Mineralogy.

### Senior Class.

Classics.—Tacitus—Annals, Book L; Cicero—De Naturâ Deorum;
Selections from Catullus, Tihullus and Propertius;
Plautus—Trinummus and Rudens; Homer's Odyssey,
two Books; Plato—Gorgias; Æschylus—Agamemnon: Pindar—Odes.

Philosophy.—Sir William Hamilton's Metaphysics, Whewell's Elements of Morality, Dugald Stewart's Active and Moral Powers of Man, Butler's Analogy.

### Prizes.

The following Prizes for the better encouragement of Education in connection with Acadia College are offered by the Alumni Association:

IMatriculation Pr	izes.
1st.,,	20.00
2nd	
3rd	15.00
4th	15.00
5th	15.00

These prizes are open to candidates from all Schools and Academies, provided they declare their intention to be to take the full College Course, and they will be awarded by the examiners, and declared in connection with the opening exercises of the College year.

II .- Class Prizes.

Freshman.		4	•		,		\$20.00
Sophomore	1			i,			20.00
Junior							20.00

For the best Scholarship; by which shall be understood the most intelligent mastery of the Subjects embraced in the Course, rather than the most familiar acquaintance, by rote, with the text books used.

In this competition such students only shall be held to be members of their respective classes as shall have been in attendance at least two terms of the academical year.

Each class of ten or more members will award, at the close of the scholastic year, its own prize.

If there shall be less than ten members in any class, the Faculty shall award a prize, if they deem any member fairly entitled to it; otherwise they shall appropriate the money to the College Library.

III.-Monthly Essay Prize \$25.00.

For the best series of Monthly Essays during the College year.
This Prize is open to all undergraduates. It will be awarded by
the Faculty and presented at the Anniversary of the College. No
student shall be eligible whose Essays contain five mis-spelled
words, or five errors in diction.

#### IV .- The President's Prize.

To be given to the member of the Senior Class who shall have naintained the best standing during the entire Course.

Ungentlemanly conduct shall render any student ineligible for a prize.

## Miscellaneous.

### Classes of Students.

The studies are arranged with reference to the wants of students who intend to take the full course of four years; at the same time provision is made to accommodate all who may wish to study for a shorter period in any department, if they are prepared to work with existing classes. Such students, on leaving the College, can have certificates of proficiency according to their attainments.

### Special Laws.

The students shall occupy such rooms as shall be approved by the Faculty. Room-rent, tuition, fuel and library fees, must be paid in advance at the commencement of each half-year.

All students are expected to be present at Morning prayer, and to attend some place of worship, in the village or vicinity, every

Lord's day.

No student is allowed to be absent from the College for a night, during Term, (residents in the village excepted), without the permission of the President, or in his absence, of the senior Professor.

The use of intoxicating liquors is absolutely prohibited.

Inattention to study, and misbehaviour of any kind, will subject the offender to private or public reproof, a record of demerit in the weekly report, or suspension, at the discretion of the Faculty.

### Daily Record.

A record is kept of each student's attendance on all College exercises, and of the value of each recitation. At the close of each Session, an average of recitation marks is made, and the students are divided into two classes.

An average of seventy-five per cent. on the marks must be made to admit a student to first-class standing. At the close of each half-year the standing of each student is reported to his parent or guardian, if desired.

#### Examinations

At the end of each Session, all the Classes will be Examined on the studies of the Session. These examinations will be conducted for the most part by written papers; but oral examination will be introduced at the discretion of the Faculty. The results of these examinations will be combined with the record of the daily exercises to determine the standing of the student.

### Degrees and Certificates.

Honour Certificates will be given to those students who sustain atisfactory examination on the studies of the Honour Course. That course is open to all students, after the first Term of the Freshman year.

The Degree of Bachelor of Arts is granted to those students who satisfactorily pass the prescribed examinations of the College Course.

The Degree of Master of Arts may be received at the expiration of three years after the bestowment of the first Degree—subject to uch regulations as the Faculty, with the approval of the Governors, may from time to time establish. Applications for this Degree nust be sent to the Secretary six months before the Anniversary.

The fee for the Honour Certificate is one dollar; for the degree of A. B. in course, including Diploma, four dollars, payable in dvance; for the degree of A. M., six dollars.

### Library, &c.

The College Library contains valuable works in the departments f Literature, Science and Theology, and is accessible under proper egulations to the students of the College and Collegiate Academy. The College is provided with apparatus for experiments in fatural Philosophy, Chemistry, Surveying, &c.; also, a commodi-

Vatural Philosophy, Chemistry, Surveying, &c.; also, a commodius Cabinet, well furnished with contributions from various parts f the world, illustrative of the departments of Geology and Ineralogy.

#### Acadia Athenœum.

The Athenaeum is under the sole management of the students of he College, its laws and regulations being subject to the approval f the Faculty. Graduates may become honorary members.

The object of the Society is the improvement of the members in issussion and public speaking. Besides its weekly meetings, rrangements are made for a course of public Lectures during each college lyear.

The Society has under its control a Reading Room, furnished ith a selection of Newspapers, provincial and foreign. It, also, ublishes monthly a periodical called the Acadia Athenœum.

### Public Days.

At the opening of the College year a Public Lecture is given by ne of the Professors. The Sophomore Exhibition occurs at the ose of the First Session. The Anniversary of the College is held a the first Thursday of June, at which time public exercises occur connection with the graduation of students.

### Board; Tuition and other Expenses.

Apartments for a limited number of students are provided in the College. Students occupying these rooms can board with the Steward at \$2.50 per week, including washing. Board and lodging can be obtained in the village at reasonable rates.

Tuition per year	\$24	00
Library Tax	1	00
Fuel and Janitor's Fees	2	00
Rent\$6.00 to	12	00
Fuel and Lights	6	00

The estimate for rent and fuel is on the supposition that two students occupy one room.

Students having the use of a Scholarship in the Endowment Fund, are not charged with tuition fees.

### Pecuniary Aid.

By the bequest of William DeWolfe, Esq., of Liverpool, four Scholarships have been established for the assistance of indigent students. From other sources, also, aid can be obtained for young men who may require it. Students of good ability can be allowed to be absent, for the purpose of teaching, from May to November, during one or two years of the College course; and still keep their places in their classes.

### . Moral Guardianship.

The utmost care is designed to be taken to promote the moral and religious, as well as intellectual, culture of the students. All members of the College are expected to attend public worship regularly on the Sabbath; and parents and guardians are requested to give instruction as to the place of worship at which they wish the students under their care to attend. Religious services are held every Sabbath, in the place, in connection with the Baptists, Church of England, Methodists and Presbyterians.

This Association is designed to be an auxiliary to the College. omposed chiefly of graduates, it aims to bind them together in riendship, to renew and render permanent their old attachment to ne College, to ensure the life-long devotion of its members to the nterests of the College, and through her to the cause of Education broughout the Province. The Association meets annually in June t Wolfville, when the Annual Oration is delivered and the members ine together. The funds accruing from a membership fee of two ollars per annum are expended in the bestowment of prizes to tudents, and in such other useful ways as the Annual Meeting etermines. Through the instrumentality of this Society over two undred dollars annually are offered as prizes to the Students of he College. The Society does not aim so much to afford pecuniary ssistance as to unite the Alumni together, and to the College. not difficult to foresee, however, that in so far as the Association successful in this latter object, they will assist very materially in t length placing the College upon a solid pecuniary basis.
