CROP PROSPECTS MIGHT BE WORSE

Yield Still a Matter for Con-
jecture—Prospects for Prices
Good if the Stock

Prices Off

The chief topic of discussion among
farmers nowadays is potatoes, the
yield and price. Some farmers de-
clare that their crop will not be worth
digging, while others claim they have
the best fields of potatoes that ever
grew in the open ground. The latter
are very much in the minority. The
forecasting rain of Sunday night has
helped the situation and potatoes have
been growing right along this week,
and they will continue to grow as long
as the tops are green, weathering.

There is a brisk demand for new
potatoes and the dealers already have
booked orders for immediate delivery
if they can get the stock. But few
farmers have commenced to dig as
yet, and this is wise as quantities of
immature stock thrown on the market
always proves disastrous. Growers
are looking for \$4.00 a barrel direct
from the field, but today \$3.25 is the
price.

It is estimated that about one-third
of the farmers in the St. John valley
will complete their grain harvest this
week. The autumn of grain will be
light but the crop was harvested in
perfect condition. Some farmers
threshed grain in July, a record which
has never been made before.

A greater number of lambs were
raised in St. John valley than for many
years, but the price is away off. Deal-
ers can only come out square by pay-
ing 5 cents a pound. The Montreal
live stock market is demoralized. Wil-
liam McLeod spent last week there in
a vain endeavor to find a market
for cattle, hogs and lambs. He re-
ported the yards full and no demand.
It is difficult for our farmers to real-
ize that prices have dropped. The
markets will absorb all the surplus
meat stock they have, but the day of
the high price is past. The actual
value today of best cattle is \$15 to
\$16 a head, of hogs, 8 cents, of lambs
5 cents a pound live weight.

Two years ago all the
working classes of the cities were em-
ployed at practically their own fig-
ures as to wages. Today two-thirds
of the workers are out of employment
while one-third that has work are com-
pelled to accept wages that have been
reduced 15 to 40 per cent. Under
these conditions the market for farm
products is seriously affected. The
consumers in the cities, made up very
largely of humble workers and peo-
ple out of work, simply cannot buy
food stuff if it is not cheap. They
can go without potatoes indefinitely
and they can reduce their consump-
tion of meat.

Prices of manufactured articles
which the farmers have to buy cannot
be reduced until the cost of manufac-
ture is reduced. When the factory
operatives make up their minds to go
back to work at the new scales of
wages the factories will open up and
produce goods at reduced cost.

Those who have investigated the
hay business tell The Observer that
the St. John valley this year produced
a fair average crop and the quality
is of the very finest. The price at the
present time is around \$30 and is not
likely to be less. On the whole the
farmers have much more to encourage
them than last season afforded and
they can look forward with cheery op-
timism.

Both the supply and the demand
for eggs and butter is good. Butter
brings 30 cents a pound and fresh
eggs 40 cents a dozen.

Do Not Delay Getting Your Season Chautauqua Ticket

OPPORTUNITY ENDS AT NOON MONDAY

Your opportunity to secure a Season Chautauqua Ticket ends at
sharp noon on Monday. Up to that hour you may secure a ticket to
the 12 big entertainments and lectures for only \$2.50. After Monday
noon you will have to pay 75c for each evening entertainment and
50c for each afternoon entertainment. Any two evening entertain-
ments are worth the price of a whole season ticket. Any member of
your family can use one ticket, but two cannot go at the same time.
The ticket admits but one person at a time.

Remember you CANNOT get a season ticket after next MONDAY
NOON. Better secure yours now. If you cannot come to town phone
A. W. Kyle, secretary, Hartland, and he will hold a ticket for you until
Monday evening.

Children's Season Tickets cost only \$1.00 for the 12 entertain-
ments and membership in the Junior Chautauqua. The tickets MUST
be bought before next Monday noon. They will not be available af-
ter that hour.

If \$750.00 worth of tickets are not sold by Monday noon the local
guarantors have to make up the difference out of their own pockets,
as all the revenue from the sale of single tickets goes direct to the
Chautauqua and does not relieve the guarantors of their obligation.

Tickets are on sale at the follow-
ing places: D. E. Morgan & Son,

HARTLAND WINS TWICE FROM FTON

The St. John River League Ends with
Perth Leading Strong—Hartland
and Grand Falls Tied for
Second

The St. John River Base Ball
League has completed its series and
Perth team is easily the winner. Hart-
land and Grand Falls are tied for
second place. Florenceville is third
and Plaster Rock fell by the wayside
after the first game, which was lost
to Florenceville. The score at the
conclusion of the league series stands
thus:

	Won	Lost
Perth	9	3
Grand Falls	6	6
Hartland	6	6
Florenceville	4	9

At Hartland on Tuesday the Y. M.
C. A. team of Fredericton was twice
defeated by the local team, the after-
noon game resulting in a score of 9
to 5, and the evening game 4 to 2.
Paynter pitched the afternoon and
Billings the evening game and both
did excellent work. Harry and Cecil
Lewis of Perth assisted in these, the
former catching for the afternoon
game. Lavigne knocked out a homer
in the evening game which makes 14
home runs he has hung up to his
credit this season.

Tomorrow evening the Limestone
team is due to meet Hartland on the
local diamond. Games are being ar-
ranged for every afternoon during
Chautauqua week. It is expected that
Monticello will play Monday, Tuesday
and Wednesday. Announcements for
the other days will be made later.
These games will all be called at sharp
5.30.

The Hartland team has won more
games than they have lost this sea-
son; they have carried themselves
creditably at all times, and have given
locally good exhibitions of clean sport.
It is a matter for regret that the home
games have not been better patron-
ized as the team faces the closing of
the season in debt. The expense has
been heavy. For instance the games
on Tuesday cost \$100 while the re-
ceipts were but \$50. Let all hands
turn out for the game tomorrow and
those of next week and help the boys
close the season with all expenses
paid.

No Return of the Trouble Since Taking "FRUIT-A-TIVES"

MR. JOHN E. GUILDERSON

P. O. Box 128, Parrsboro, N. B.

"I suffered with Rheumatism for five years, having it so badly at times I was unable to get up without assistance. I tried different medicines I saw advertised and was treated by doctors in Amherst, also in my home town, but the Rheumatism came back.

In 1916, I saw in an advertisement that 'Fruit-a-tives' would stop Rheumatism, and took one box and got relief; then I took them right along for about six months and the Rheumatism was all gone and I have never felt it since.

Anyone who would care to write me as regards 'Fruit-a-tives' I would be glad to tell them what 'Fruit-a-tives' did for me."

Mother Tells how Daughter was Made Well by Lydia E. Pinkham's Vegetable Compound

Cobourg, Ont.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition with weak back and pain in her right side. She had these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly. She is gaining steadily and I have no hesitancy in recommending Lydia E. BAD FIRE AT ANDOVER

At 2:30 o'clock Tuesday morning the store and pool room belonging to Robert Sloat at Andover was completely destroyed by fire. Mr. Sloat had on hand a fine stock of confectionery, drinks and fruits which was lost, also a fine new pool table that had been in but a short time. The inside of the fine little restaurant was badly gutted. At one o'clock fire was discovered in the Sloat building by one of the neighbors and with the help of one or two others the blaze was soon extinguished but the second one proved more serious, the whole store being in flames before being seen and the alarm given. Help was soon at hand and the fire was kept from reaching the buildings near by. This is a heavy loss to Mr. Sloat, and he has the sympathy of all in his misfortune.

Why "Auto-Shoes"?

We figure that any automobile-casing has a right to be called a "tire"—whether it's good, bad or indifferent. And we agree with the opinion that an exceptionally good one deserves a distinctive name.

Ames Holden's "Auto-Shoes" are miles better in performance than ordinary tires. That has been proved to our satisfaction. So we think it's a good idea to identify such unusual mileage givers by an easy-to-remember name—"Auto-Shoes."

The main purpose of the name is to help you to get cheaper mileage. The guarantee behind Ames Holden's "Auto-Shoes" insures that you get it. If necessary for adjustment should ever arise you will find that you will get satisfaction without trouble or red tape.

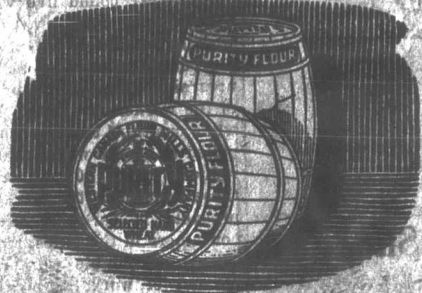

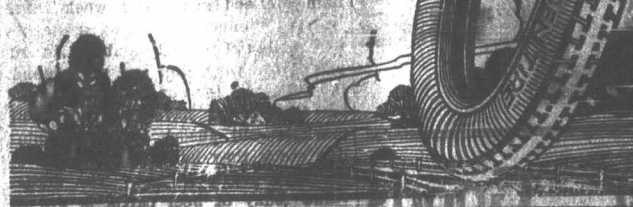

They are the principal advantages that go with the name Ames Holden's "Auto-Shoes." Drop in and let us show you the tires themselves.

CAMPBELL BROS. CIRCUS

And Trained Animal Shows Will Visit Hartland, Sept. 13

With each successive season one looks forward to visits of the various tented aggregations that travel the country for the amusement of the people and no show is ever more heartily welcomed than Campbell Bros. Show. They have made a reputation for themselves by giving the people a good high class entertainment which appeals to all as interesting, amusing, and instructive. Everybody loves horses and ponies, more especially does this apply to the ladies who with the little ones are the most loyal patrons. They are assured of the highest form of entertainment free from everything at all calculated to offend the most sensitive. In addition to trained animal features, Campbell Bros. shows have the very best of lady and gentleman performers. The performing elephants and the rare wild beasts, Baby Louise, and cute baby elephant, the good night pony, together with the many prancing ponies in military drills and marches are especially pleasing to the little ones. The funny clowns, the many beautiful lady artists, Edna Robert in her death defying act in mid-air, the like of which has never been witnessed will live long in memory when many other shows have faded away into forgetfulness. Don't fail to see the free outside exhibitions on show grounds at

one and seven p.m. Remember this show is here for one day only—with two performances—afternoon and evening, rain or shine—Hartland, Sat. Aug. 13. Only real wild animal show coming this season.

IT PAYS to ADVERTISE

The House Next Door

THE "new house next door" resplendent in its fresh paint, re-echoing the footsteps of the departing contractors, is not necessarily any better for being newer than its 65 year old neighbour.

The older house, the home of three generations—has been carefully preserved—its surface has been saved by the use of good paint, for paint is the world's greatest surface savor.

Brandram's Genuine B.B. White Lead

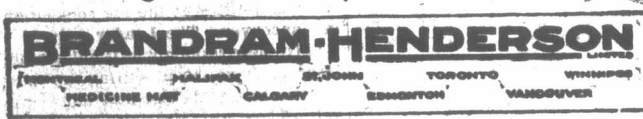

Throughout Canada thousands of homes are protected from the rigours of our climate by Brandram's Genuine B.B. White Lead.

Thinned with Turpentine and Pure Linseed Oil, as in B-H "English" Paint, Brandram's Genuine B.B. White Lead makes a thoroughly satisfactory paint. Many people prefer to mix their own, for they know that Brandram's Genuine B.B. White Lead cannot be equalled in covering capacity or permanence.

For those who prefer a prepared paint, Brandram's Genuine B.B. White Lead can only be secured in B-H "English" Paint.

WE CAN'T PRAISE TANLAC TOO MUCH

Halifax Man Says It Has Entirely Re-
lieved His Wife of Indigestion

"Tanlac restored my wife's health after she had suffered for ten years, and we cannot say too much in praise of it," said John Benzans, of 33 John St., Halifax, N. S.

"Her main trouble," he continued, "was indigestion. Her appetite was very poor and much of the time she could not retain anything she ate. Gas formed on her stomach so bad she could hardly get her breath and caused sharp pains around her heart which kept her in misery for hours. Nearly every day she had dull headaches, she was very nervous and restless and would roll and toss for hours at night and wake up in the morning as tired as when she went to bed. She lost weight and went down in health continually.

"She has taken six bottles of Tanlac now and her health is completely restored. Her appetite is splendid and her food seems to agree with her perfectly. She is gaining in weight steadily and feels so much stronger that she does her housework with ease. Her nerves are calm and steady and she sleeps well at night and is so much improved that her friends are constantly speaking of how much better she looks."

Strong-Arm Methods.

"Politics is a game of give and take," remarked Mr. Waples. "I'll subscribe to the first part of your statement," said Mr. Grabco, who had just had an experience with an alert "money digger." "I don't particularly object to giving, but I do object to the kind of back talk I have to take for not giving more."—Birmingham Age-Herald.

Her Exact Words.

Bill—So you asked the sweet little thing to marry you?
Gill—Yes, I did.
"And she said 'yes,' I suppose?"
"No, she didn't."
"Oh, she said 'no,' did she?"
"Not exactly."
"Well, what did she say, then?"
"She said: 'Nothin' doin'.'"

WHAT OFFICERS ARE FOR

"So you've elected a new set of officers."
"Yes. Now all we've got to do is to sit back and kick about the way they do things."

Cheerful.

It may be that I shall not do
A single thing worth while,
But while my sides above are blue
I'll try to show a smile.

Way to Lose Friends.

Bacon—You're looking down in the mouth, old man.
Egbert—Well, I'll say I feel pretty blue.
"You look as if you had lost all your friends."
"Well, to tell you the truth, I've borrowed money from everybody I know."

Best He Could Do.

"Good heaven, Dick! Tan shoes with evening dress—that's awfully bad for!"
"I know it, but stocking feet with evening dress is worse."—Boston Transcript.

"Cost Plus" in Peru.

An illuminating story is told of the present leading hotel in Lima, Peru. An American who had secured a room with bath at double the usual rate discovered that the water system would not work. He went down to the desk and complained. "No," the clerk admitted. "After we put the tub in there, we found that the city's water pressure was not sufficient to pump water to the third floor." "That's all right," protested the American. "But you call it a room with bath, and you charge me double for the bath." "Certainly," said the clerk. "Look at our trouble and expense in putting the tub in there."—Leslie's.

English as It is Spoken.

In a town in Pennsylvania, which boasts of its "Pennsylvania Dutch" extraction, there lives a man who has long run a tavern. There was a time when the tavern was a success financially, but national prohibition reduced the profits. Recently an old-time neighbor visited the old home town and, after greeting his friend at the tavern, said, "Well, Sam, how is business?" Sam very mournfully replied, "Well, Bob, she ain't what she was," and after scratching his head thoughtfully for a moment, continued, "and she won't be what she is."

raking machine, both new last year; will be sold at a bargain. May be seen at Rockland. Enquire of Barry Drake, Hartland for further particulars.

NATURAL GAS AT EDMUNDSTON

The discovery of what is believed to be natural gas at Edmundston has created quite a stir among the people of that bustling go-ahead town. The find was made in the Madawaska River right in the centre of the town. The disturbance on the surface of the water was thought to have been caused by a boiling spring but a test made by means of a pipe disclosed the presence of natural gas. The matter was brought to the attention of the

Provincial Government this week by Hon. Mr. McLeod and it was decided to have an examination made by experts. The presence of natural gas in quantities sufficient to light and heat the town would certainly be a great snap for the people of Edmundston.

PILES

Do not suffer another day with itching, bleeding or protruding Piles. No surgical operation required. Dr. Chase's Ointment will relieve you at once and afford lasting benefit. See a local dealer or Edmundston, Bates & Co. (Limited), Toronto. Sample Box free if you mention this paper and enclose 5c. stamp to pay postage.

Insurance

Has Many Angles

The ordinary insurance buyer does
not dream of the many things that an
insurance agent has to think of when
writing a policy. It takes real knowl-
edge of insurance and close atten-
tion to a policyholder's needs to do
the job right. Your case is different
from the next fellow's. Insurance
writing isn't a cut-and-dried proposi-
tion. Policies should be fitted to con-
ditions and personal needs.

We go about the task with a proper
realization of its importance. Talk
with us.

LOCAL AND PERSONAL ITEMS

We are glad to report that the old typhoid gentleman has done his worst, and all the victims are on the mend; some rapidly, some more slowly, but all progressing favorably. Speaking for myself, and I feel that all my contemporary sufferers will coincide with my opinion. I am perfectly willing to take my medicine without a murmur, if, by the example of distress we have suffered, people will be generally awakened to the penalty of procrastination and neglect. Of course human nature is so constituted that we can all smile at any interference with the other fellow's interests, but nearly always groan when anyone seems to meddle with our own. Let us not forget that what may be a convenience for us may be a nuisance to our neighbor, and that under any such circumstance he has a perfect right to put up the howl. Let's be satisfied when things are good enough for everybody, not when they are good enough for me.

Dr. Wade, provincial health officer, was in town a couple of days last week plying his official duties, and though some were a bit peeved at his words of admonition, cold words thought teaches the rational individual that whatever is, isn't always right. Several teachers who have been attending the summer vocational school at Fredericton have returned home. Rev. and Mrs. Hugh Miller and family are spending their vacation with friends in Nova Scotia.

Mr. and Mrs. H. S. Burr of Woodstock are spending the week in town. Mrs. Melbourne Sawyer and children who have spent the summer here have recently left to join Mr. Sawyer at Taft, California.

Mrs. B. W. Campbell who has been spending the past month visiting her niece, Miss Frances F. West at Beverly, Mass., returned on Saturday accompanied by the latter who will spend her summer vacation with relatives here.

On August 14, Rev. H. R. Bell will preach as follows: Centreville 11 a.m. subject: "What Christ is doing for His people in Heaven." Good Corner at 4 p.m. Lakeville, 7 p.m. evening subject: "A question of vast importance." You are cordially invited to come and hear.

Mr. and Mrs. W. L. Carr of Woodstock were callers in town on Sunday.

The many friends of the late R. W. Balloch were greatly surprised and grieved to hear of his death on Wednesday last. About the first of June Mr. Balloch sold his home and other holdings here and removed with his wife and daughter to Woodstock to make his home. During June he fell ill and his illness proved baffling to attending physicians. Latterly they diagnosed it as typhoid fever associated with meningitis. The patient continued to fail until the end came on the aforesaid date. Mr. Balloch was born in Woodstock and was nearly eighty years of age. Coming in the early seventies to Centreville he established a retail store carrying lines of general merchandise, and conducted a prosperous business until selling out about 1900. He then spent a few years in Woodstock, returning subsequently to Centreville to take charge of the Customs port here at which he proved a very acceptable officer until last year when he resigned. He leaves to mourn besides a large circle of friends, an aged widow, two sons, Guy of Montreal, and Jack of New Westminster, and one daughter, Mrs. W. L. Carr of Woodstock. The funeral was held from his late home, thence to Centreville where services were held in St. James church, of which the deceased had been a member and officer for many years. The services were conducted by Archdeacon Neale assisted by Rev. C. R. Canham, the new rector. Interment was made in the family lot in the old flow of the church.

Miss Alice Niles returned on Friday from a visit with Mr. and Mrs. J. W. Niles at Andover.

Mr. and Mrs. Roy Huggard of St. John are visiting the latter's parents, Mr. and Mrs. James F. Cronin.

Miss Jennie Henderson of Andover is visiting her friend Miss Hilda DeLong.

Mrs. Charles Kestman and daughter of Lynn, Mass., left for home last week after a pleasant visit with her parents, Mr. and Mrs. Charles Wilkinson.

Robert Lee left on Monday for a two weeks visit with friends at Port Elgin.

Mr. and Mrs. Harold Jones of Lakeville were the guests on Sunday of Mr. and Mrs. G. L. London.

Wanted—Second class female teacher, Knowlsville, District No. 5, Parish, Aberdeen, Carleton county. Small school. Apply stating salary to Osbert Whitehouse, Sec'y, Argyle, Route 1.

Switzerland in Canada

The Home of a Swiss Guide at Edelweiss, B.C.

A very successful attempt at introducing the Swiss-chalet type of architecture into the Canadian Rockies has been carried out at the village of Edelweiss.

Miniature chalets of the Alps here blend in with the Canadian landscape in the side-hills above Golden as though part of it. The "Swiss-lines" of the little cottages themselves are further enhanced by the use of rustic bridges and hand railings leading up to the cottages, tiering one above another ever higher in true "excelsior" fashion.

It is customary in the very nature of his swift passing for the tourists sitting by the window of the speeding "through train" to catch only a glimpse of this hybrid among villages.

Yet the natural human-interest felt in the Real Swiss guide at Lake Louise who safely conducts you to The Great Glacier; to The Valley of the Ten Peaks and by other of those entrancing "Trails" fascinating around "The Lakes in the Clouds" must often have aroused your curiosity as to where these wonderful mountaineers live when off duty. And you must often have found yourself speculating as to the home-life of the "Guide" so calmly and with such perfect assurance playing the hazardous double-roll of "Trail-Maker" and "Trail-Master."

This foreigner is a specialist. And the fact that his knowledge of our own Mountains is as much greater

Important!

Farmers buy a WATSON TRIPLEX SPRAYER to protect your potato crop. This sprayer will do it.

I also call your attention to the JOHN DEERE RIDING CULTIVATOR. This cultivator was especially designed for the Acroostock County trade, as it works better than any other machine when the plants get big.

If you want anything in our line makes your wants known.
