

AN INTERESTING DULUTH LETTER

MAXIMILAN HARDEN TELLS OF INTERNAL TROUBLES

Former Kaiser, If Not Cowardly, Could Regain the Throne.

FAVORS A LEAGUE OF NATIONS AND GOOD RELATIONS WITH BRITAIN AND UNITED STATES

BERLIN, March 17, (By Courier to Paris).—(By Frank J. Taylor).—The frankest and most comprehensive discussion of Germany and German conditions yet received in this country is contained in following interview with the man best qualified to speak on that subject—Maximilian Harden. His paper, the Zukunft, was one publication in Germany which had courage to criticize Junker government consistently and to uphold and support the appeals made by President Wilson to the German people over the heads of German government.

Maximilian Harden, editor of the Zukunft and Germany's most outspoken citizen, told the United Press today that the present government should be and will be overthrown. The German people are wild. The Kaiser, if he were not a coward, could return to Germany and regain his throne. He also asserts that the success of a League of Nations and world peace depend upon close and friendly relations between Germany, Great Britain and America.

Harden, who has just recovered from several weeks' illness, discussed conditions in Germany freely and frankly. He is now in bad repute with all classes. With the old regime because he continually fought them during the war, and with the revolutionists because Germany has not benefited so far by following President Wilson, as he advocated.

"I am flooded with letters from people, asking me why Germany is still stilled by the blockade," said Harden. "I don't understand the latter, but my faith in Wilson is undiminished. I realize the tremendous opposition and difficulties he has to surmount. I am confident he will prevail. But it is hard to satisfy people who are hungry, or others who are using the situation against Wilson and we Liberals. Germany's new republican government is not anything to be proud of. It is entirely too much like the old regime, but for the time being it ought to be recognized, and dealt with liberally by the Entente, to prevent Germany from falling into the hands of the Bolsheviks.

"The present government thinks it must build bridges from the old to the new regime instead of making the transition clean cut. The government can be compared to General Ludendorff position last July when the German were at the height of their victory. I pointed out then that defeat was inevitable but they could not see it. So it is with present government. It is at the height of its powers but it refuses to recognize the great movement toward radicalism or liberalism. It refuses to cleanse itself or see what is coming. "The Government must be overthrown in favor of one that is honest above board and trustworthy. It is pathetic that no one was elected to the National Assembly who possesses both ability and the confidence of the people. There are brains in Germany, if they are only given a chance. The election of Ebert, the saddle for the first president was a sad mistake. Why should Germany have to make such a mediocre start as a republic? He is undoubtedly honest, but so is every ordinary. I am told that he wears a flashy pearl stickpin and is becoming a professional politician. Harden is heartily disgusted with Nor is Scheidemann, a man who is able to get a good person. Politics prevails when common sense should. The government does not realize the difficulties of the Peace problem or Germany's position. Harden is heartily disgusted with

Duluth & St. Lawrence Waterway Project

Interesting Letter Received by Mr. D. B. Detweiler.

BUILDING ON WHAT MR. DETWEILER HAS DONE. In connection with the efforts being made to have the Great St. Lawrence Waterway, jointly undertaken by Canada and the United States the following letter from the Duluth Chamber of Commerce at the hands of Mr. Craig will be found of interest. It was addressed to Mr. D. B. Detweiler and reads:

March 11th, 1919 My dear Mr. Detweiler: You will think I have entirely forgotten your very excellent assistance in our St. Lawrence Waterway project. Such is far from being the case. After leaving the meeting in Washington on the 8th, of February, I went over to Cuba for a short rest, reaching New Orleans, March 1st, and from that time until now I have been busy in Chicago and Detroit lining up all of the interests. I find that Detroit is solidly for us as well as Chicago. We have a splendid organization. I am sending you a list of them and also a copy of our Article of Association. The four states are going to stand solidly behind the proposition and we will probably have three or four more.

I wonder if you know who J. E. Morier of Montreal may be. He had a three-column article in the Financial Times of that city, a copy of which was sent me. It is quite interesting and I should like to know who he is and what is behind it all. I believe our War Department is right back of us. I had two long conferences with General Bixby, retired, but who has been called into active duty and is now serving in Chicago, and I am sure that we have his approval and support to this scheme. This was a very gratifying fact to me to learn.

When in Washington I received the promise of United States Senator Townsend of Michigan to accompany me to Ottawa. Mr. Keefe is very anxious that I come there and I am anxious to have Senator Townsend with me, and I rather think that before this month ends I shall make the trip to confer with our friends there upon this subject because the next step is to have Parliament make a reference to the International Joint Commission, similar to the one made by our Congress.

Everything went through at the organization in Washington just as it was planned and there was really a very fine spirit all of the time. At that time have consented to serve and not only consented to serve, but they proved to be enthusiastic for the project. The organization is now on paper up to the present because the Executive Committee has not yet met but I know their temper and know what they want to keep in mind. The only delay is that two important members are in the South on their vacation and cannot be present at a meeting, and as the first meeting is very important, we feel we should postpone it until the last of the month when they would return.

I think I have covered most all of the ground but I want to keep in close touch with you in order that I might have the benefit of your long experience and excellent advice. I shall never lose an opportunity to say a good word for the assistance you have given us and the service of the great waterways unions in years past. I did take such occasion while in Washington. Our organization is building largely on what you have

REV. JOHN E. HUNTER, co-partner of Rev. H. T. Crossley, in over 300 revival campaigns in Canada, whose death occurred on Monday.

already done, and all it does must be in cooperation with you. Yours very truly (Signed) Chas. P. Craig

Grand Trunk Railway May be Absorbed

GOVERNMENT TO ANNOUNCE ITS POLICY

OTTAWA, Mar. 18.—An early declaration of policy by the Government in regard to the Grand Trunk and Grand Trunk Pacific Railways was promised at the first meeting of the railway committee of the commons today, by Hon. Dr. J. D. Reid, minister of railways. The matter came up when the consideration of a bill for further issue of Grand Trunk debenture stock was called for by Mr. Morphy, member for North Perth. Dr. Reid said he had no objection to consideration of the bill but it would not reach the commons till after the government had stated its general policy.

After hours of discussion, it was decided that the Grand Trunk might be absorbed by the Government, and it was decided to pass a bill to permit the company to do its own financing.

Women voters are expected to figure prominently in the primaries to be held in Oklahoma City today for mayor and other municipal officials.

FLYING OVER THE ATLANTIC

LONDON, March 18.—It is reported among airmen & that a flight across the Atlantic Ocean is now being attempted by a French Lieutenant named Fontan. Lieutenant Fontan is reported to have started from the French African port of Dakar for Pernambuco, Brazil, by way of the Cape Verde Islands and the St. Paul Rocks.

THREE THOUSAND RIOT AT CAIRO. CAIRO, Mar. 18.—Three thousand rioters attempted to rush the railway station at Tantah. Egyptian police fired on them, inflicting twenty two casualties. Rioting in Egypt, the nationalists began in Cairo and vicinity last week following the deportation of several of their leaders.

LITHUANIANS RESUME FIGHTING. STOCKHOLM, (Monday).—Fighting in the Lithuanian front has resumed, according to an official statement issued from Lithuanian headquarters at Kovno.

TARIFF FAT IS IN THE FIRE DISCUSSION HAS OPENED

West is Determined to Force Revision.

GOVERNMENT CAUCUS SET FOR THURSDAY

OTTAWA, Ont., March 18.—Members in the corridors are today talking about the speech of J. H. Maharg, M.P., for Maple Creek, delivered in the house yesterday. The speech was in the nature of an ultimatum to the government and house, the tenor of which was unless some substantial reduction was made in the tariff in the coming budget, many western members would resign, and that western farmers would undertake a boycott of eastern manufacturers, and would buy their goods in such a way that tariff would go into the treasury and not into the pockets of the manufacturer.

Mr. Maharg also stood for a fixed price on the present year's wheat crop. It was probably as frank a speech as has been delivered in the house for many a long day. It is likely to precipitate matters, just as the Canadian Manufacturers Association's manifesto had the effect of stiffening the back of low tariff men, or the manifesto of the president of the Saskatchewan Grain-growers may have the effect of stiffening the backs of Protectionists. Con- sideration in the corridors would indicate that, and the speech of Colonel John Currie in the house this afternoon is expected to do the same.

The fact that Mr. Maharg asks for protection for farmers in the shape of a fixed price on his wheat, while demanding that protection be removed from articles which he himself uses, will probably form the main point of attack upon his proposals. In fact, there are many westerers

who believe that the farmers' argument for a free field and no favors has been weakened by the demand for a fixed price on wheat. The Alberta Grain-growers did not ask for this; they were careful in fact to point out that they did not want it. Neither did the Manitoba Grain-growers. The more ardent protectionists in the house are inclined to force a showdown to "end" asked one this morning. "They won't be satisfied with a compromise, and even if they are this they will come back for more next session. What is use of trifling with the matter?"

The big caucus on the tariff will be held on Thursday and will go far to settle the alignment which may be expected on the issue. The prairie provinces are a unit on the question. British Columbia appears to be a somewhat doubtful quantity, though H. H. Stevens of Vancouver is on the tariff committee. There are twelve seats in British Columbia many of them being in manufacturing centers, and others in the apple-growing districts which desire protection. In Ontario, the west will get some support, and in the Maritime provinces, though it will not be as ardent as that from western members themselves. The west, including British Columbia, has only fifty-eight seats altogether.

In any case the battle scene has been pretty well set and the coming few weeks promise to be momentous.

LEAGUE COVENANT WILL GO INTO PRELIMINARY PACT

WHICH IS EXPECTED TO BE READY NEXT SATURDAY

PARIS, Mar. 18 (By Fred S. Ferguson).—The league of nations covenant, as it is to be submitted by the plenipotentiaries to the preliminary peace treaty with Germany, will be ready on Saturday. It was anticipated in certain official circles today. At the same time it was stated that the entire treaty, including the covenant, will be completed by a week from next Saturday.

In view of the carrying reports as to whether the covenant would be a part of the preliminary treaty, it was pointed out that its inclusion is further indicated by the speed with which the constitution is being perfected. Some reports have dwelt especially on the allegation that an attempt to incorporate the league in the peace pact will slow up general peace work. This argument is met by the statement that the covenant is now further advanced than any other feature of the treaty.

The committee on Responsibility for the war has reached the stage of combining the reports of its various subcommittees into a single recommendation but other committees are not nearly so far advanced.

Neutral representatives are now calling on Colonel House daily to present their views of the league. Sweden, Switzerland, Denmark, and Holland have already been heard from. Added to the prospects for an early completion of the peace program is the fact that Premier Lloyd George has practically decided not to return to England this week, as he had planned. He and President Wilson, Premier Clemenceau and Premier Orlando will hold frequent conferences during the week, in addition to the regular meetings of the Supreme War Council. The President is discussing the league with Lord Cecil and other experts. Senator Bourgeois, the French expert, has conferred with Post and others and is known to have made suggestions that the covenant be not included in the preliminary treaty.

Some discussion has arisen in favor of making the preliminary pact cover Austria, Bulgaria and Turkey, so as to make Germany responsible for her allies. This is however regarded as unlikely as it would require a month to change the treaty in this respect, whereas the demand everywhere is for making peace with Germany as soon as possible taking up the lesser treaties later.

TO SECURE ADVICE ON STEPS NECESSARY TO DISSOLVE THE WATER COMMISSION

City Council Will Have Solicitors Give Opinion. The Aldermen Express Themselves on the Commission and the Water Problem.

The City Council will secure advice as to steps that are necessary to dissolve the Water Commission. Last evening the special committee on Construction presented a report which was as follows and which was adopted: March 18, 1919. To The Mayor and Aldermen of the City Council. Your Special Committee on Construction desires to make an interim report and recommend as follows: That the City Solicitors be requested to advise the Council as to the proper procedure to be taken in dissolving the Water Commission and placing its administration in the hands of the Council.

That in view of the Legislature being about to construct a number of Provincial Highways this Council recommend it to establish a publicly-owned and publicly-operated Cement works, to enable the people of Ontario to build standard roads at a minimum expense. And that a copy of this resolution be forwarded to the proper authorities.

Opinions Expressed. Ald. Amussen, the mover of the resolution, remarked: "Regarding plans now, I wish to say that it would only be fair to give the people an opportunity to express themselves on the water question. If a vote were taken the members of the Commission and everybody else could state their case. Nobody should deny a ratepayer this opportunity." Ald. Lippert, the seconder of the motion, was pleased to see the Chief Engineer submit a plan for increasing the supply at the old plant. "I have felt for some time we were not getting the results from the wells that we should get. I understand that before the present pumps were installed we used to get 1,000,000 gallons and since the installation we have been receiving only 650,000 gallons. I went out there and enquired and I found that there is a different flow the wells are just as good as ever." The excellent results obtained by Stratford were alluded to by Ald. Lippert, who also visited the plant in that city. "Whereas they used to secure only 250,000 gallons under their old systems, they receive 1,500,000 gallons now from their four wells through the use of a new compressor. And their flow is not as good as ours and is not as near the surface as ours. The necessary power used in the compressor has been reduced from 100 horsepower to 30 horsepower." Among other things Ald. Lippert also

Sinn Fein Member Escaped From Prison

GOT AWAY ON ST. PATRICK'S DAY. RICK'S DAY. DUBLIN, March 18.—R. C. Barton, Sinn Fein member of Parliament from West Wicklow, celebrated St. Patrick's day by escaping from Mount Joy prison here, it was learned today. When his cell was opened yesterday morning a dummy figure was found in his bunk. His disappearance has caused a sensation in British government circles.

Sinn Finn Leader's Hiding Place Known

WILL NOT HOWEVER BE ARRESTED. DUBLIN, Mar. 18.—The hiding place of Professor Edward De Valera, Sinn Fein leader, who escaped from Lincoln prison, is known to the police and Irish constabulary, it was announced today. The authorities have however been ordered not to arrest him or the two Sinn Fein fugitives who escaped from prison at the same time.

Kingston Landlords Who Overcharge Are TO HAVE THEIR ASSESSMENTS RAISED

KINGSTON, Ont., Mar. 18.—In order to get after landlords who are charging excessive rents, the city council has instructed its assessment commissioner to base his assessed values on buildings on the rents derived from them.

Rally Call to Towns of the Grand Valley

REGARDING PORT DOVER HARBOR. BRANTFORD, March 18.—A call was sent out today to all municipalities in the Grand River Valley, from Kitchener to Port Dover, to send municipal and business representatives to a mass meeting here, to forward the movement to deepen Port Dover harbor, which work was recommended by Hon. F. B. Cavel, Minister of Public Works, but struck out by the Dominion cabinet. Rt. Rev. Augustin F. Schinnerer, bishop of the Catholic diocese of Srookland.

TO HAVE WEEKLY TESTS OF WATER MADE

A special meeting of the Local Board of Health was held Monday afternoon, at which all the members were present, to consider the reports from the Laboratories of the Provincial Board of Health on the samples of water from Shoemaker's Lake. The Provincial Authorities declare that the water is perfectly pure although it should be kept under bacteriological control. Consequently, a resolution was unanimously carried by the Local Board that samples be sent to Toronto for examination weekly.

# The Race Track Proposition Not Favored by the Board

### Landscape Beauty of the Park is to be Maintained. Members Thoroughly Consider Proposal Made.

A special meeting of the Park Board was held last night for the purpose of discussing the proposal, presented to the Board last week by a delegation from the Waterloo Musical Society, for the building of a half mile track on Park property. When the proposition appeared before the Board last Wednesday their idea was to use the field, some 20 acres in extent, lying north of the present track and drive way, and by leveling it off a suitable race track for harness horses could be built.

While no plans were submitted the idea was understood and it was for the purpose of going more fully into the matter that the Board met in special session last evening. The members present were Chairman Wells, and Messrs. F.G. Hughes, A. A. McIntyre, E.M. Devitt, J. Herb Smith, Geo. Grouz, and Secretary, J.M. Laing.

Each of the members were called on to express their opinion and while the idea of a track was a good one and the members were in sympathy with the movement the proposed location was not a suitable one. It was pointed out that when Mr. Levitt of New York an authority on parks had paid a visit to the Waterloo Park a few years ago this particular field came in for words if high commendation for its artistic beauty. The building of a track would necessitate the spoiling of the landscape, and while the proposition might be a paying one, if the beauty of the park was to be impaired in any way then the proposition would have to be dropped. The object of the musical Society was a worthy one as by means of increased revenue from the track it might be possible that in a year or two enough would be derived that the usual yearly grant from the town would not be necessary or at least a part of it, as the Park Board have a duty to perform, and as the majority of the taxpayers are the ones to be benefited it was felt that the proposition was not feasible. When the land was bought many years ago it was with the express purpose that it would remain a beauty spot and from time to time plans have been drawn up suggesting drives, ways etc. but owing to lack of funds the Board have been obliged to go slow, but the time was coming when these ideas would be carried out which would not materialize were the present field to be used as suggested by the delegation.

There was some further discussion after which the following motion was put and carried unanimously. Moved by Dr. F.S. Hughes. Seconded by Al. A. McIntyre. That in the opinion of the Board of Park management the proposition of a half mile track in the field now rented to Mr. Latch cannot be approved by the Board as it would interfere seriously with the landscape of the Park and also with the future plans of the Board regarding driveways, tree planting etc. Although the meet had been called for the purpose of discussing the above question only the Board did a lot of other necessary business.

Members were opened for the improvements at the box-house which will mean an extra storey to be used as a dressing room for boys the contract being let to Mr. Boyle who also received the contract for the work to be done in the pavilion basement.

There was considerable discussion in regard to the planing of suitable trees as a memorial to the boys of Town who had enlisted, the matter being left in abeyance until next meeting. Other matters of a general nature were discussed and the Board adjourning at 10:45 p.m.

Five rinks of Local Curlers paid a visit to Galt on day of two ago and when the totals were summed up the locals were up something like 24 shots. Four rinks were up and one tied. A feature of the game was a 7 enclosed by skip J. Miller of Waterloo.

# City Council Considers Several Matters at Regular Session

### A Rearrangement of Boundaries of Polling Subdivisions. Policemen's Salaries Causes Discussion. The Park Board and Cemetery Management.

The Standing Committee reports to the City Council were adopted in their entirety last evening, with the exception of clause two of the Sewer Committee report, which was referred back to the Finance Committee for consideration. Clause two read as follows:

"That the Engineer be instructed to proceed with the purchase of a ventur meter for the water farm and also with the construction of a pumping house and the purchase of the necessary machinery at Spring Street, at the estimated cost of \$6,200, and pipes for water connection to Mr. Shantz's at the Sewer farm at a cost of \$155.00."

Ald. Reid asked whether it would not be advisable for the Committee on Construction to consider the building of workmen's homes, of which there was such a great scarcity here. Brantford had taken up the matter.

**Workmen's Homes.**  
Ald. Reid asked whether it would not be advisable for the Committee on Construction to consider the building of workmen's homes, of which there was such a great scarcity here. Brantford had taken up the matter.

**Employment of Returned Men.**  
Mayor Gross reminded the Council that it was desirable that they should cooperate with the local representative to place soldiers back into civilian life, namely, Mr. D.M. McInnes.

**Chief of Police's Salary.**  
Aldermen Amussen and Sass moved "that the Mayor as a member of the Police Commission have the Chief's recent increase in salary reconsidered."

**Mayor's Office.**  
Ald. Reid asked whether it would not be advisable for the Committee on Construction to consider the building of workmen's homes, of which there was such a great scarcity here. Brantford had taken up the matter.

**Securing Advice.**  
(Continued From Page 1)  
That resolution, my life, was that the purpose of the Commission was to look into the various questions, ascertain what was most essential and see what would bring the best results."

**Mayor's Office.**  
Mayor Gross "It seems to me that the Committee went beyond what they were delegated to do. This is a matter which you as ratepayers might bring up privately. It is not the Council's business to take this up. The Water Commission, remember, are elected by the people. As private citizens you certainly have the right to proceed as you suggest."

had revealed quite a shrinkage, there being 8 to 10 inches of shrinkage in every cord. Out of 504 cords as measured by cut logs were found to be only 443 cords when measured in pile lots. But a shrinkage was predicted. Waterloo also found a big shrinkage. The Fuel Controller before the wood was ordered had stated that the Commission must be prepared for a shortage of as much as 100 cords in a C.O.J. Baetz: "Whose measurements according to the contract are to count?"

**Employment of Returned Men.**  
Mayor Gross reminded the Council that it was desirable that they should cooperate with the local representative to place soldiers back into civilian life, namely, Mr. D.M. McInnes.

**Chief of Police's Salary.**

### TRIED and TESTED

### Modern Flax Mill Planned by Gov't

DEMONSTRATION PLANT PROPOSED FOR WESTERN ONTARIO  
Ottawa March 17.—The war materials board of Great Britain has confirmed by cable its intention of diverting the use of Western Canada flax-growers the 10,000 bushels of seed now held at St. John N.B. The flax seed was in the first place commandeered by the Canadian Government on behalf of the British board and the first intention was to ship it to growers overseas. The seed was grown in Western Ontario.

### UPSET STOMACH

Pape's Diapepsin at once ends sourness, gas, acidity, indigestion

Don't stay upset! When meals don't fit and you belch gas, acids and undigested food. When you feel lumps of indigestion, pain, flatulence, heartburn or headache you can get instant relief.

No waiting! Pape's Diapepsin will put you on your feet. As soon as you eat one of these pleasant, harmless tablets all the indigestion, gas, acidity and stomach troubles disappear. Your druggist sells them.

with one period being played under the corner and two under the latter, but U.T.S. showed such marked superiority that the visitors failed to profit by the advantage. Systematic play and accurate shooting are attributes which Melville do not possess. The team relied on individual attacks and did not pass the puck more than half a dozen times from start to finish. They backchecked with determination, but the forwards invariably bunched too closely and left the U.T.S. wings uncovered.

Each Use Four Substitutes. When playing under National Hockey League rules four substitutes were used, and when at play drew a penalty another replaced him and created an absurd state of affairs. The visitors seldom attempted to get to close quarters and were content to trust to long range shooting and try to tally on the rebound. Against any goal-keeper of ordinary ability this style of attack will never get results.

M. Hardy at centre was easily the losers' best. He got in some telling backchecking helped the defense out on occasions and scored both of his team's counters. Guss showed fair form at right wing but his tendency to go into the corners nullified his efforts.

Covenant to go Into Preliminary Treaty

British Delegates are Strongly in Favor.

REASONS WHY IT SHOULD BE INCLUDED

PARIS, March 18. (By Lowell Mellett).—The so-called preliminary peace treaty will contain not merely the principles of the league of nations, but the actual covenant itself, unless the British delegation's views undergo a radical change in the next two weeks, from those expressed authoritatively to the United Press to-day.

It was further stated that the British delegates advocate the immediate selection of a Secretary-General for the league. In other words, the league itself will be an actual fact in a very few weeks, unless the German delegates refuse to sign the preliminary treaty, on various allied parliamentary bodies refuse to ratify the pact.

As far as Germany is concerned, British opinion is that the creation of the league is the one thing most likely to lead the enemy to a ready acceptance of the treaty's less pleasant terms. A British statesman said his delegation believes it impossible to present a draft of the preliminary treaty without the inclusion of the league covenant. He cited the disposition of the German colonies as an example, saying it is one thing to expect Germany to sign away all her rights without questioning what will become of her colonies, and another thing to ask her to sign them over to a league of nations.

In the matter of Labor legislation, he also said it will fall without backing provided by the league. The British, according to this statesman have been proceeding on theory that the league covenant necessarily would be included in the preliminary treaty but in the past few days because of contrary views expressed in some quarters, precaution was taken to refer the matter to the international league authorities. The latter's opinion, rendered to-day, was that there is nothing in either the covenant nor treaty to prevent the inclusion of the former in the latter.

The necessity for the incorporation of the covenant in the preliminary treaty, this statesman said, is partly an outgrowth of the fact that through the peace work, questions have arisen which it is impossible to settle in all their details and which consequently were referred to the league to determine later. Many of those questions affect Germany, he said, and it is therefore essential that Germany sign a treaty which incorporates such references.

many Ontarians, is expected to dock to-night, Sir Edward Kemp Overseas Minister of Militia, and many prominent officers are here to meet the returning men.

### LIFT OFF CORNS!

Doesn't hurt a bit and costs only a few cents

Doesn't Hurt a bit and costs only a few cents

Magie! Just drop a little Freezone on that touchy corn instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! You druggist sells a tiny bottle for five cents sufficient to treat your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

Ouch! Lumbago! Rub it on Back

Rub away all pain, soreness, stiffness, backache, with "St. Jacobs Liniment"

Ah! Pain is gone. Quickly?—Yes—Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacobs Liniment"

Apply this soothing, penetrating oil directly upon the ache, and like magic relief comes. "St. Jacobs Liniment" cures your pain. It is a harmless backache, lumbago and sciatic relief which never disappoints, can not injure and doesn't burn or discolor the skin.

Straighten up! Stop those torturous "stitches". In a moment you will forget that you ever had a back, because it won't hurt or be stiff or lame.

Apply "St. Jacobs Liniment" from your druggist now and get this lasting relief.

### Bread War in Toronto

Lowest Loaf to 10c.

BAKERS SAY IT IS MADE AT A LOSS

TOBONTO, March 18.—Bread is slowly climbing back to its old standard price and the bread war seems to be drawing to a close. It is now quoted by the managers of the largest bakeries in the city at 10 cents a small loaf or 10 tickets for \$1.00. Even at this price they say that they are still losing, for the Labor Department at Ottawa reports a cost to the manufacturer at 10.1 cents for a 24-ounce loaf. "So that we are still losing out, but I do not think that it will belong before prices will right themselves," said one manager.

As far as Germany is concerned, British opinion is that the creation of the league is the one thing most likely to lead the enemy to a ready acceptance of the treaty's less pleasant terms. A British statesman said his delegation believes it impossible to present a draft of the preliminary treaty without the inclusion of the league covenant. ### HYDRO WINS AT HAMILTON

Municipal ownership gained a signal victory on Saturday, when the electors of Hamilton carried a bylaw indorsing the construction of a Hydro Radial from Toronto to the Niagara frontier.

A number of years ago, more than fifty municipalities had voted for the project, Hamilton and the rural municipality of Saltfleet rejecting it. As Hamilton was the pivotal point, its action gave the undertaking a dangerous boost.

Next to Montreal, Hamilton is probably the most hidebound, private-ownership city in Canada. It has a group of citizens interested in the Cataract Power Company, the city's street railway and the interurban lines. Their bitter opposition to Hydro and all its works is thus accounted for.

These interests were able to win over the city's three newspapers and to put forth a determined effort to defeat the bylaw. They formed a Property Owners' Protective Association, whose members endeavored to stampede the electors on the specious plea that a Hydro radial would not pay and therefore the taxpayers of Hamilton would have to make up deficits out of taxation. In so arguing they overlooked the fact that Manager Hanna of the Canadian National Railways, expressed an intention of constructing another steam line from Toronto to Niagara, thus evidencing that there exists a need for another line; and that a publicly-owned railway having no dividends to pay either on unwatered or watered stock, can be operated at cost, and attract business through cheaper rates.

Furthermore railways that are publicly-owned get Niagara power at cost; can be operated at one-third of the cost of steam lines; and by their frequent trips and stops are better qualified to handle way freight. Steam lines depend upon long hauls for profit. Their future dependence will be mainly upon through freight.

The satisfactory result of the Hamilton vote will please every municipality that had endorsed Hydro radials. Hamilton citizens as a whole will, within a reasonable number of years, be as pleased with themselves as were the original dozen municipalities that inaugurated the distribution of Niagara power. Electric railways are generally successful. Hydro radials ought to succeed where others limp since they generate their own power and with the province and municipalities behind them have stronger purchasing powers. As far as their operation is concerned, they could not, if they tried, make a worse mess of things than the C.N.R. and G.T.R. The probabilities all lean the other way. The commission which has made such a pronounced success of Hydro power can be relied upon to construct and operate well several hundred miles of electric railways.

Much of the credit for the voters' verdict at Hamilton belongs to the Hydro leader. Did not Adam Beck possess the implicit trust of the people of Ontario, the result would have been disappointing. The electors there as elsewhere recognize that he knows what he is doing; never overestimates possible results; and entirely shuts out politics from municipal undertakings and is a faithful servant of the people.

He will be encouraged to perform greater services for the public of the province. Only those in his immediate confidence know what effect the defeat of the Hamilton radial bylaw would have had upon Hydro radials in general. But he has stated that his endorsement will mean not only the immediate construction of a radial from the Niagara frontier to Toronto but the building of the Toronto-London line via this city, authorized by the electors of this and other municipalities a number of years ago.

Sir Adam expects that Canada will eventually take over the G.T.R. but seems to consider that it will have to rely upon through freight for axle grease. Its branch lines will not, however, be duplicated. These will feed both their main line and the Hydro trunk line.

An order in council will have to be obtained at Ottawa before these Hydro radials can be undertaken. But there should be no difficulty in securing it, since the people request it and the employment it will provide assumes an unusual importance.

The statement is made that Hydro is still in its infancy. Every good meal it gets, such as that of Saturday, makes it stronger and brings nearer Sir Adam's vision of the day when the industries of Ontario will, for the most part, be freed of their dependence upon Pennsylvania coal; when urban and rural sections will alike utilize the juice; and all of parts of the province will be served; when old Niagara has yielded its last available horsepower, there will be established power works on the St. Lawrence, to serve Eastern municipalities and operate all the present steam lines by electricity.

When the greater fulfillment is reached, cheap power and cheap freight rates should cause old Ontario to become one of the world's greatest workshops.

### THE ECONOMICS OF BOLSHIEVISM

When Canadians first heard of the Bolshievisks in Russia, sympathy for a people, who have for centuries been oppressed by their rulers, led them to conclude that an idealistic people might have found a new social system, which would not only give them government of the people, for the people and by the people, as Lincoln put it, but economically a place in the sun.

Views have changed since reports of the results have reached the outer world. Deep in the human heart there is persistent longings for order, safety well-being and the square deal. It is highly desirable that governments exhibit no favoritism to any particular class and that justice be evenly meted to everyone.

This much will be admitted, that were Bolshievism to offer a better system of government and to increase the well-being of the individuals of a country, it should be generally adopted. Before anyone can judge of the matter, he should be given the facts. Those presented herewith and those which are to follow were gathered by the Canadian Bureau of Information from official sources.

The part of Russia controlled by the Bolshievisks is large in area, and contains about seventy million people. Adjoining Bolshievist Russia is the Ukraine, which also has a large population, perhaps thirty millions, and which from an economic standpoint is important as being the granary of Eastern Europe; Northern Russia—which means Bolshievist Russia—in normal times is largely fed by the Ukraine.

This very large region has been controlled by the

Bolshievisks since October, 1917, i.e. for fifteen or sixteen months. Apart from their political and their social views and policies, the Bolshievisks have economic opinions, and they have put these into force. It is proposed to state a few of the results of the enforcement of Bolshievist theories, so far as these results have become known.

In general, the Bolshievisks have destroyed the industrial and commercial system which existed in Russia; this system was modelled upon that which obtains in Western Europe and in North America. Ordinary trade and commerce is at a standstill; the necessities of life are scarce and can be obtained only at exorbitant prices; and the money with which these are purchased has depreciated in value. The peasants who produce the food refuse, as a rule, to take the depreciated currency for their supplies, and part with them only in exchange for the goods which they need. These goods are made in the towns; and the manufacture of them has fallen off under Bolshievist management, so that the townspeople do not possess the goods to barter for food. In brief, the peasants, for lack of agricultural implements and other articles formerly made in the towns, cannot raise enough food to nourish the total population; while the townspeople, their industries paralysed, cannot make goods to exchange for food.

The Bolshievisks have "nationalized" all the banks, except the "People's Bank," which is substantially owned by the Co-operative Societies; this bank, as will be explained later, they are attacking, but have not quite nationalized. The nationalizing of banks means Government control of all current accounts. Apparently two sorts of businesses are recognized:

- (1) Those controlled by a duly authorized Bolshievist Committee.
- (2) Those not so controlled.

Taking the second of these first, permits to draw on such accounts are granted up to 1,000 roubles per month, without any regard to the amount standing to the credit balance of any such accounts. The value of a rouble before the war was about fifty cents; at present ten cents probably is an unduly high valuation; it is said that peasants when they accept paper money at all for their produce weigh it instead of counting it. In Moscow recently the price of a suit of clothes was from 600 to 800 roubles. Thus an individual commercial house, shop or business, which is not controlled by a Bolshievist Committee, can draw every month at most a sum a little more than is sufficient to take charge. The embolment of great sums is of exceedingly frequent occurrence. The staffs are insufficient and incompetent; for example, interest nominally is payable on bank balances at the rate of 3 per cent.—but the interest is seldom credited. In short, the credit system has broken down. The check has fallen into disuse.

### WAIT A MINUTE

#### INTEREST IN LODGE-LOWELL DEBATE

If the Boston Symphony Hall were as large as Madison Square Garden it would scarcely be able to hold all the persons who have applied for tickets to hear the public debate there to-morrow night between Henry Cabot Lodge, United States senator from Massachusetts, and Dr. A. Lawrence Lowell, president of Harvard University. The proposed League of Nations will be the subject of the forensic tilt between the two eminent Bay State citizens. Senator Lodge will take the stand in opposition to the league and is expected to amplify the arguments he advanced in his recent speech on the floor of the senate. Dr. Lowell will be heard in support of President Wilson's program for the creation of a league of nations, which proposal has received the indorsement of the Peace Conference in Paris. Governor Calvin Coolidge of Massachusetts will preside over the debate.

#### TO-DAY'S ANNIVERSARIES

- 1805—Napoleon Bonaparte assumed the title of King of Italy.
- 1844—David A. DeArmond, a prominent Missouri representative in Congress, born in Blair County, Pa. Burned to death in a fire that destroyed his home at Butler, Mo., Nov. 23, 1909.
- 1869—Dr. Guy R. Phelps, who founded one of the leading life insurance companies of America, died at Hartford, Ct. Born at Simsbury, Ct. April 1, 1802.
- 1879—Samuel J. Randall was chosen Speaker of the U.S. House of Representatives.
- 1890—The German Emperor accepted Prince Bismarck's resignation as Imperial Chancellor.
- 1894—Allen Campbell, chief engineer in the construction of the Union Pacific railroad, died in New York City. Born at Albany, N.Y., in 1815.
- 1915—Two British and one French battleship sunk in Dardanelles.
- 1916—German attacked west of Vaux, but failed to reach French trenches.
- 1917—German torpedo craft shelled English coast towns.

#### ONE YEAR AGO TO-DAY IN THE WAR

Allies denounced the treaty of Brest-Litovsk and refused to acknowledge its terms. Great Britain and United States took over Dutch shipping in United States and British ports.

#### TO-DAY'S BIRTHDAYS

- Xenophon P. Wilby, who recently served for a short time as United States senator from Missouri born in Audrain County, Mo., 48 years ago to-day.
- Sir Percy Sherwood, who has retired after 35 years of service as commissioner of the Dominion Police at Ottawa, born at Ottawa, 65 years ago to-day.
- Victor Murdock, member of the Federal Trade Commission, born at Burlingame, Kas., 48 years ago to-day.
- Marilla M. Ricker, lawyer, author, and one-time candidate for governor of New Hampshire, born at New Durham, N.H., 79 years ago to-day.
- Edith Storey, well known as an actress in motion pictures, born in New York City, 27 years ago to-day.
- Frank Moran, prominent as a heavyweight pugilist, born in Cleveland, 32 years ago to-day.

#### TO CLOTHE THE DESTITUTE IN EUROPE

To meet the grave emergency caused by the lack of clothing and of material from which to make clothes in the devastated regions of France, Belgium, Serbia, Greece, Albania, Poland and Szechuan-Slovakia, the American Red Cross will conduct a nation-wide drive next week for used clothing and shoes of every description. Every member of the organization is asked to take part in the drive, collect all the clothing and shoes possible and see that these are sent to the headquarters of the local or nearest Red Cross organization. The society will attend to all the collecting, packing and shipping, and Mr. Hoover will direct the distribution in Europe.

### THE CAUSE OF BACKACHES

Every muscle in the body needs a supply of rich, red blood in proportion to the work it does. The muscles of the back are under a heavy strain and have but little red blood in them. When the blood is thin they lack nourishment and rebel. The result is a sensation of pain in these muscles.

Many people are fringed into believing that backaches are due to kidney trouble, but the best medical authorities agree that backache is very seldom due to kidney trouble. In fact not more than one backache in a hundred has anything to do with the kidneys. The whole trouble is due to thin or impure blood, and those who are troubled with pains in the back or loins either frequent or occasional should look to the condition of the blood. It will be found in most cases that Dr. Williams' Pink Pills by building up the blood and feeding the starved nerves and muscles will banish the pains and make you feel better in every other way. How much better it is to try Dr. Williams' Pink Pills for your blood than to give way to unreasonable alarm about your kidneys. If you really suspect your kidneys any doctor can make tests in ten minutes that will set your fears at rest, or tell you the way.

All dealers in medicine sell Dr. Williams' Pink Pills, or you can get them by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co. Brockville, Ont.

### A SMOOTH, HAIRLESS SKIN FOR EVERY WOMAN

(The Modern Beauty) With the aid of a plain delatone paste it is an easy matter to rid the skin of unsightly hairy growths. The paste is made by mixing some water with powdered delatone. This is applied to the hairs not wanted and after 2 or 3 minutes rubbed off and the skin washed when every trace of hair will have vanished. When you go to your druggist for delatone, be sure you get the genuine article.

### COMBING WON'T RID HAIR OF DANDRUFF

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight and by morning, most if not all, of your dandruff will be gone and three or four more applications will cure and destroy it entirely. You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better than it does.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

### Letters to NewsRecord

#### THE USE OF STIMULANTS.

To the Editor: Among the various questions that are agitating the mind of today, there is probably none in the civil arena more severe, than the question of prohibition. We find church organizations and clergymen taking direct opposite stands on the liquor question. One class proclaims, "Liquor is one of the principal weapons employed by satan, in the promotion of his Kingdom on earth, the other part says, that pure, wholesome, properly manufactured liquor is one of God's choicest medicines and when properly appropriated, is certainly a blessing for which every one should be thankful. The writer would scarcely approach the proposition, with any idea of arriving at a solution, especially when we observe that those who are professedly divinely inspired, are diametrically opposite conclusions. The use of spirituous and fermented liquors is certainly no new invention, because we read of the Patriarch Noah, directly after the flood, planting grapes and in time wine and we are informed, too, that he became somewhat pacific under its influence and that when his son Ham, tried to make a fool of his father while in this condition, was rewarded by having his skin turned black.

Scientists, men and philosophers, differ on the solution of this problem just as well as divines, for instance Edgar Lucien Larkin, Director of Lowe Astronomical Observatory, Mount Lowe California, declares that alcoholic beverages of every description are erroneous and their effects disastrous when partaken of by the human race. The English dramatist Shakespeare, and the statesman and philosopher, Lord Bacon both required repeated stimulus to put their intellectual activities in good working order, before they would attempt to accomplish any of their well thought out achievements. Then Robby Burns, the Scottish poet has often been charged with indulging somewhat liberally in the exhilarating quaff, nevertheless he tells us in those beautiful words: "But pleasures are like poppies spread. Yo: seize the flower, its bloom is brief. Or like the snowfall in the river. A moment white—the melts forever."

Whether Robby, could have become author of these beautiful original thoughts, without the effects

# An Early Spring

is predicted and the demand for Spring and Summer goods is upon us. We have made big preparations for requirements and invite you to come and see our Cotton Goods, Silks, Dress Goods and Suitings.

#### NEW GINGHAMS.

We sell Pictorial Review Patterns and our sales increase in these monthly. They are good patterns, prices 15c., 20c., 25c., and 30c.

Phone 476. **LANG TREACY Coy LIMITED**

of stimulants, may be a difficult question, but one thing we do know, that he did not do so. Now mostly any competent individual will grant the desirability of sobriety, which at once signifies freedom from intoxication, the Apostle Paul when writing to the Philippians exhorted them thus, "Let your moderation be known unto all men." Paul's head was generally pretty level, and it may be observed that although he did not urge them to partake of a stimulant, in order to tune up their thinking apparatus to concert pitch, yet he did not advise them not to take any, but very properly recommended moderation. No doubt that abundant cases may be pointed out, where liquor has been the ruling element of disorder and possibly crime, but never before the rules of moderation had been ignored and Paul's advice to Titus, to be sober, good and temperate, despised.

The principles of moderation and common sense, are equally as requisite in the use of any other beverages, as they are in the use of barley, or boiled cider. Just you

objecting in the use of moral power, or force of argument. It is the intention of the writer, to say some more on this subject at a future date, but for the present a man of moderation, because it is right, seems preferable to a creature that has to be made to behave himself by force.

J.F. McKay.

The mummy of an Egyptian princess, which had been entombed for 3,000 years before the Christian era was recently found encased in a lacred article very similar to the pair of corsets worn by the woman of today.

Glasgow once experienced a still more grave-digger, who demanded an increase in pay, shorter hours, and six days' holidays in the year. They picketed the cemeteries and stopped the funerals, until finally the authorities yielded to their demands. As his contribution to the war cause a harbor of Brighton, England, gave 70,000 free shaves and haircuts to soldiers in the local hospital.

## Under-Currents By The Duchess

It is in this soulless house—this place of shadows? And yet, Vera, she springs suddenly into a fuller life, and brings her into a very upright position. "I have always said that he must turn up sooner or later. Why not now? In some of my long time intervals, it has occurred to me that this cousin, this unknown quantity of ours, might prove amenable to reason."

## Zam-Buk Saved me a lot of money

writes Mr. R. Howard, Sr., of Bracebridge, Ont. He continues: "Four years ago I sustained a scratch on my leg, which turned to an ulcer. I was confined to my bed for six months under doctors' treatment, during which time I did not earn a cent, and in addition, spent dollars upon dollars before a cure was effected."

## NEW SPRING WASH GOODS

A beautiful display of cotton wash goods for dresses, skirts, waists, etc., in all the season's leading shades. SCOTCH ZEPHYRS AT 50c Beautiful patterns in Scotch plaids, for dresses or skirts in all the leading shades, 27" wide, extra quality and good fast colors, at yd. 50c

### AROUND THE PIECE TABLE

you will find all the hungry, husky youngsters any time of day, any time of the year, if the "piece" table holds

## Shredded Wheat

the favorite breakfast cereal of children who are healthy and normal. It is one hundred per cent. whole wheat—nothing wasted or thrown away. The food to study on, to play on, to work on. It is ready-cooked and easy to serve without kitchen worry or bother—with milk or cream or stewed fruits

MADE IN CANADA

## Are You a Bolshevnik?

Bolshevism is based upon violence, relies upon force, is deaf to right or reason.

To force the bowels to move by taking castor oil, pills, salts, mineral waters, etc., is to outrage Nature and "bolshevnik" the body. Because drugs act by producing irritation.

Castor oil, for instance, is so obnoxious that the bowels make frantic effort to get rid of it. Other medicines, from senna to salts, provoke action by causing the bowels to try desperately to expel them.

With such remedies therefore the removal of bowel waste is secondary and wholly incidental. Hence, the result is not to cure constipation, but on the contrary, to make it worse, more obstinate, harder to overcome.

On the other hand, Nujol is not a drug, does not act like any drug, acts mechanically, not medicinally; persuades Nature instead of forcing her.

Nujol supplies necessary moisture to soften intestinal contents and facilitate easy, thorough evacuation at regular intervals. Nujol makes the action of intestinal muscles. Nujol absorbs poisonous material.

Nujol is free from any deleterious after effects, forms no bad habits, can be used at any age, under any conditions, and overcomes constipation because it works hand in hand with Nature—with her laws, not against them.

Self-poisoning due to constipation causes over 90% of human illness. Get a bottle of Nujol from your druggist today, and send coupon for free booklet—"Thirty Feet of Danger."

**Warning:** Nujol is sold only in sealed bottles bearing the Nujol Trade Mark. Insist on Nujol. You may suffer from substitutes.

### Everyone Should Drink Hot Water in the Morning

Wash away all the stomach, liver, bowel poisons before breakfast.

To feel your best day in and day out, to feel clean inside; no sour bile to coat your tongue and sicken your breath or dull your head; no constipation, bilious attacks, sick headache, cold rheumatism or gassy, acid stomach, bilious attacks, sick headache, ach, you must bathe on the inside while you bathe on the outside. This is vastly more important, because the skin pores do not absorb impurities into the blood, while the bowel pores do, says a well-known physician.

To keep these poisons and toxins well flushed from the stomach, liver, kidneys and bowels, drink before breakfast each day, a glass of hot water with a teaspoonful of limestone phosphate in it. This will cleanse, purify and fresh the entire alimentary tract, before putting more food into the stomach.

Get a quarter pound of limestone phosphate from your pharmacist. It is inexpensive and almost tasteless, is inexpensive and almost tasteless, except a sourish twinge which is not unpleasant. Drink rhomboidal hot water every morning to rid your system of these vile poisons and toxins; also to prevent their formation.

To feel like young folks feel; like you felt before your blood, nerves and muscles became saturated with an accumulation of body poisons, begin this treatment and above all, keep it up! As soap and hot water act on the skin, cleansing, sweetening and purifying, so limestone phosphate and hot water act on the stomach, liver, kidneys, and bowels.

### Grandma Never Let Her Hair Get Gray

She Kept Her Locks Dark and Glossy with Sage Tea and Sulphur

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing the mixture, though at home is messy and troublesome. At little cost you can buy at any drug store the ready-to-use preparation, improved by the addition of other ingredients called "Wyoth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two your hair becomes beautifully darkened, glossy and luxuriant.

Gray, faded hair, though no disgrace is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyoth's Sage and Sulphur Compound and look years younger. This ready-to-use preparation is a delightful toilet requisite and not a medicine. It is not intended for the cure, mitigation or prevention of disease.

## BANK OF MONTREAL

### EMBARRASSMENT, THE RESULT OF COUGH

You've seen it often just as the singer, pianist or actor reaches the climax of his performance is keyed up to the pitch of participation, there comes a moment when a cough or sneeze from the audience. How embarrassing for the victim who knows that the pleasure of many has been spoiled.

You can avoid this in a similar position by carrying a box of Dominion C. E. O. Tablets (in the red box). One or two doses will stop a cold, cure a sore throat, or break up a hard cold in a few days. Get a box today. National Drug & Chemical Corporation, Limited, 12

### "CUPID'S DAY OFF" FURIOUSLY FUNNY

Latest Sennett Comedy Great Laugh-Provoker.

Furiously funny and presenting noted screen comedians in unique roles "Cupid's Day Off" the latest Paramount-Mack Sennett comedy, which will be shown at the Allen theatre Wed. Thurs. is said to be one of the best laugh-provokers ever by the Sennett organization in many months. Ben Turpin, Charles Lynn and Alice Lake are the others.

The story deals with a couple of shoe dealers who pay more attention to their love affairs than they do to their business. When an indignant husband takes a hand and heaps vengeance upon Ben and Charles, there is fun galore. Later when the pair use loaded dice and clean out a gambling den, the comedy is of the screaming farce order, though natural and diverting. The story may not settle the "fourteen fundamentals" but it is a safe bet that it will delight all who see the picture.

### LAND SWINDLERS ARE EXPOSED IN HART'S FILM "BREED OF MEN"

William S. Hart's new Artofaft picture "Breed of Men" is a story of a land development scheme in Arizona and the unprincipled methods of a land shark are exhibited in all their bald and heartless details. Mr. Hart appears as a bad man who becomes sheriff and finally rounds up the individual who has swindled all kinds of people out of their money. The picture will be shown at Allen theatre Wed. Thursday.

Many of the big scenes were filmed in Chicago at the stock yards while the Thomas H. Ince Artofaft star and his party were in the Midwest on their way home from the star's wonderfully successful Liberty Loan tour. The picture was completed in Hollywood and in Los Angeles. There is some wild riding and plenty of thrilling action and from all appearances the story will be one of the breeziest favorite Western actor has yet figured in.

Mr. Hart always excels in a role wherein he is seen as a daredevil of the open country and this is described as just such a part—one with plenty of speed, red-blood and that desirable quality known as "pop". The star is his own director, and is sparing himself nothing that will make the picture most effective.

Some elaborate sets were constructed for the new picture. The cast is exceptionally fine. Signa Owen being the leading woman. Others in the cast are Bert Sprotte and Buster Irving. J. G. Hawks wrote the scenario for Mr. Hart. It is one of the best things that Mr. Hawks has ever produced and that is saying much, for he is a prolific as well as successful scenarist.

### CHICAGO MAN BUYS FAMOUS CALIFORNIA ISLAND

Wm. Wrigley Jr. Heads Company Purchasing Santa Catalina Vast Resort Planned

Los Angeles Cal., March 15—One of the biggest real estate deals ever put over in California is now an assured fact and details can be furnished by the interested parties.

Mr. William Wrigley, Jr., manufacturer of the famous "Wrigley's Spearmint" one of the chief stockholders in the Chicago "Cubs" ball team and an officer and director in a total of fifteen enterprises in various parts of the U.S. is the head and controlling interest in a company which has taken over Santa Catalina Island. The purchase price is close on to \$4,000,000 and several millions more will be spent to make the island the great show place of the Pacific Coast.

Included in the transfer are practically all of the 48,000 acres of the island, the new \$400,000 Ste. Catherine Hotel and its appurtenances, ten thousand head of sheep, two large steamers which ply between San Pedro and the Island, a fleet of glass bottom power boats and other property of the Santa Catalina Island Company.

This news is of interest to every past, present and prospective visitor to California; in fact, it is of particular interest to the country at large, for it presages an era of expansion and development in our home resorts in keeping with the tendency to cultivate domestic tourist travel which the war has so strongly intensified.

The officers and directors in the new Santa Catalina Island Company are some of the most enterprising business men in Los Angeles county. The general manager is Everett H. Seaver, who directed the Fulton Shipyard at San Pedro during the war and who last year built successful wooden ships at astonishing speed for the government.

Mr. Seaver's record as a builder of ships is equalled by his fame as an employer of labor, for in all his period of service at San Pedro there was no rumor of labor trouble.

David Blankenhorn, a well known Los Angeles business man is president of the new company. He recently received his honorable discharge from the U.S. Army where he ranked as captain.

"We intend to make Santa Catalina Island the greatest summer and winter resort in America," said M. Wrigley. "Development will progress as rapidly as possible and when business warrants we will put on more steamers. There is room for a half million new cottages on the island and a second new hotel is projected for early completion. It is my plan to make this gem of the Pacific a resort of such attractiveness that it will be the mecca for visitors from all parts of the country."

There are many unique features found at "Catalina" as the island is called locally. In one vast expanse

are the frames of 650 tent cottages which in summer are covered with canvas furnished completely and rented by the day or week just as hotel rooms are rented. This is the famous Island Villa. Another summer settlement is made up of hundreds of tents completely furnished for housekeeping.

The glass-bottomed power boats, already mentioned make daily trips over the Marine Gardens—through these boats the visitor gets such sights of a great ocean world of vegetation and fish as can be had nowhere else. Here is a rain forest with brilliantly colored inhabitants swimming through forests of feathery verdure. Huge tree like ferns wave and bend with the motion of the water. Great stalks of kelp touch the bottom of the boat.

From the strange "sea-cucumber" that clings to the ocean floor and is said to be one of the lowest forms of animal life to giant tuna fish and sea bass, which are the delight of sportsmen, the range of species size and appearance of these creatures of the deep is utterly astounding.

Above water are scores of seal, some of them weighing a ton, sunning themselves and their young on the rocks. The bald-headed eagle perches himself on a crag and haughtily surveys the scene while a flock of stormy petrel scurry away before the boat's advance. Yonder on a cliff some mountain goats enjoy the scenery and herbage. Over and above all are the bluest of skies reflected in the depths of the deep blue sea.

Mr. Wrigley as the world's greatest chewing gum manufacturer has been said to be one of the largest contribu-

tors to men's lasting enjoyment among all who make for creature comfort.

His plans for the development of Santa Catalina Island for the tourists and pleasure seekers who flock to California's sun-kissed shores will entitle Mr. Wrigley in double measure to all the credit he has thus far attained as the most extensive purveyor of America's own famous confection—the stick with the flavor that lasts.

"Just as we have looked to advertising to build up our business," said Mr. Wrigley "so shall we make known the fame of Catalina Island. The power of the press is one of the world's greatest agents of advancement. Without advertising it might take twenty years to accomplish what advertising makes possible in one.

There are, or were before the war, nearly one thousand great country estates scattered over Great Britain, many of which have now been closed because of the huge taxation. Of these sixty may be classed as private palaces, for each required a staff of from two hundred to six hundred "servants" and attendants. Outside of the household servants there were many men employed as caretaker for the grounds, gardens, park, coverts, outbuildings and a table.

One of the most curious boundaries in Europe is between Italy and Switzerland. In one place it consists of a high barrier of wire netting hung with bells.

Map showing how Eastern Ontario counties are taking advantage of the Ontario Government's County Roads improvement scheme.

# WHERE WILL THE REVENUE COME FROM?

To meet the regular expenses of administration, to pay war service gratuities to demobilized soldiers, to provide pensions for disabled soldiers and for the dependents of those who have lost their lives, as well as to carry out the program of public works which is being undertaken to relieve unemployment, it is estimated that the Dominion Government will require to raise this year a revenue of about

**400 MILLION DOLLARS**

Last year the Dominion Government revenue was 260 million dollars and was derived from the following sources:

Canadian Customs Tariff	116 millions
Special War Tariff	45 millions
Excise Tax	26 millions
Business Profits Tax	21 millions
Income Tax and other Sources	52 millions
<b>Total</b>	<b>260 millions</b>

### How is the shortage of 140 millions to be made up?

At the very moment when Canada is struggling with this problem the Western Grain Growers come forward with insistent demands for:

- (1) "An immediate and substantial all-round reduction of the customs tariff."
- (2) Free trade with Great Britain inside of five years.
- (3) Reciprocity now, and free trade later, with the United States.

These demands are apparently made in the hope and belief that, if they are granted, those making them will be relieved of a large part of what they call the "Burden of Taxation" which the tariff imposes upon them. That expectation can only be realized if the revenue raised by means of the tariff is substantially reduced. They may argue that under a lower tariff the volume of goods imported will increase, and consequently there will be no decrease in the revenue. But mark this—they want the duty removed entirely from implements, lumber, cement, oil and other articles of which they are large consumers. If the revenue is to be maintained under such a rearrangement of the tariff schedules, other classes of the people must pay what the Grain Growers will escape.

Passing to the next point, how would the Grain Growers provide for the probable shortage of 140 million dollars this year? They ask the Dominion Government to impose the following taxes:—A direct tax on unimproved lands, increased taxation on personal incomes, increased inheritance taxes and increased taxation on corporations.

Vacant land now pays taxes to the Municipalities and, in some Provinces, additional taxes to the Provincial Government. Income taxes are now paid by individuals to the Municipalities and also to the Dominion Government. Inheritance taxes are now imposed by all the Provinces, ranging in Ontario, for example, from one to twenty per cent. Corporations are now taxed as persons by Municipal Governments, Provincial Governments and the Dominion Government, and also pay special taxes to every Province for the privilege of being corporations.

Last year the tariff collected sixty-one per cent. of the total Dominion Government Revenue. Does anyone believe that the forms of taxation advocated by the Grain Growers can be increased sufficiently this year to obtain the revenue which would be lost by tariff reduction, and also the additional 140 million dollars required, without crippling industry, stifling business and throwing thousands of workers out of employment?

The United States has all the forms of taxation advocated by the Grain Growers, but still finds it necessary to maintain its customs tariff.

If the Grain Growers are to escape almost all taxation, including the great increase caused by the war, what will happen to the people who will be driven out of business through having to pay not only their own taxes but also those of the Grain Growers? Will they try to grow grain? It is more likely that they will go to the United States to get work, as other Canadians went fifty years ago, and leave a population, chiefly farmers, ever growing smaller, to bear all the taxes, ever growing greater.

### Again we ask where is the extra revenue coming from?

Issued by

**The Canadian Manufacturers Association**

### Communications To The City Council

Mr. Joseph M. Heiman wrote asking a license for five more set billiard tables. Referred to Finance Committee.

The Court Clerk, Mr. Sam Car... forwarded a communication on all of the Suburban good roads commission asking for a grant of \$10,000 for the purpose of subsidizing roads. Referred to the Finance Committee.

Mr. The Dominion Tire Co. We are drawing quite large percentages of our employees from a lot of Kitchener, west of Strangely and also from Waterloo and order that the employees reach the plant along the most direct route it is necessary that they come King St. and Green St. to the Hospital grounds or via York street. We desire to call attention to a pedestrian's point of view of that portion of range street north of Glasgow street, and also Green street from range Street to King Street and back street from Strangely westward. No sidewalks exist on the section referred to above and the conditions are almost unsatisfactory for us and we would appreciate your attention to this matter.

ALL THE LATEST LOCAL AND DISTRICT NEWS

**Court of Revision Met.**  
The Court of Revision consisting of Mr. Henry Knoll Sheriff H. G. Laekner and Mr. Charles Cowan were in session to hear appeals against local improvement taxes.

**The Highwater Continued Through the Night.**  
The continued rain and the breaking up of the ice has caused the Grand River to overflow. Last night the river was eight feet above normal and this morning it was nearly twelve feet. The river is continuing to rise. The road on the Breslau side of the river is flooded, the people crossing in buggies. The water is higher this year than last year the highest last year did not go over the road. A few houses near the river have the cellars filled.

This morning the water reached a height of 11 1/2 feet above normal, the highest since 1912 when it rose to 12 1/2 feet.

**Craftsmen's Club Entertain.**  
St. Patrick's Day was fittingly observed last evening by the Craftsmen's Club who held a delightful program in the Masonic Hall. The program was in the form of 'five hundred' and dancing, many members and friends being present. Appropriate decorations for the day were everywhere in evidence, they being of green and white colors, even the tasty delicacies revealed the colors.

The prize winners at cards were Mr. R. J. Wright and Mrs. W. J. Wood. The excellent music for the occasion was provided by Mr. Fred Krug's orchestra.

**Officials Hope to Have Something Definite Soon.**  
Manager M. Kirkwood and Superintendent C. J. Whitney of the Grand River Valley Railway Company were in the city yesterday afternoon looking over the situation as regards the local time-table and its relation to the C.P.R. table. The officials hope to improve the local service and to have a definite announcement in the near future.

**Endorse Chamber of Commerce.**  
The Stratford city Council to-night passed a resolution endorsing the Chamber of Commerce idea, and urging the citizens to give the Campaign sympathetic aid. A resolution was passed asking the Government to put in protective clauses for municipal highways in the New Highways Bill.

**Death of Mrs. M'Alister.**  
In her 62nd year three passed away Martha A. J. McAllister Galt, relict of Rev. James McAlister. He was born in Waterloo township. A family of four survive, Rev. W. H. McAlister, M.A., Ridgeway, Dr. A. C. of Hamilton, and Misses Nettie and Margaret Galt.

A shipment of 83 cases left the Kitchener Red Cross rooms on the 12th inst.

38 cases contain 5270 pair stockings  
26 cases contain 52 Baby outfits (each outfit consisted of 33 pieces, total of 1716 articles.)  
5 cases contain 35 Bedspreads.  
1 case contains 35 Baby Quilts.  
4 cases contain 235 Petticoats.  
7 cases contain 612 Abdominal Binders  
100 pair socks, 30 dresses. 8034 pieces in this list.

This is the largest shipment which ever left the local Branch and the Society feels gratified at the work accomplished.

**ARE YOUR NOSTRILS FULL OF CATARRHAL DISCHARGE?**  
If so, it's Time You Got Wise to Catarrhose, the One Certain Cure

By no other means can you get relief so quickly as from Catarrhose. It's the most direct remedy—direct because you breathe it to the very spot that is irritated and full of catarrhal germs. Nothing rounds about in the Catarrhose method. It acts instantly, clears the throat of phlegm, stops the hacking cough, relieves tight chest, removes bronchial irritation.

So healing and soothing is Catarrhose, so full is it of curative essences that winter illness carry a Catarrhose Inhaler in your purse, in your pocket, use it to ward off your little child before they grow big. Dollar outfit lasts two months, small size 50c, trial size 25c. All dealers of the Catarrhose Co. Kingston Canada.

A shoal of herrings is often five or six miles in length and two or three in breadth.

**Leaves Five Little Ones.**  
Fred Green an employee of the C.P.R. dropped dead about six o'clock last evening at Woodstock. He was engaged in unloading stock when he was seized by a heart attack, dying instantly. He is about thirty-seven years of age and is survived by his wife and five small children.

**Housing aid for Galt.**  
Galt city to-night joined the circle of municipalities to take advantage of the Ontario Housing Act when the City Council adopted a resolution that the Act should apply to Galt. It is proposed to seek a loan of \$250,000 from the Government and a commission was named to handle the housing building proposition composed of A.R. Goldie N.E. Palmer J.H. Hancock C. Cummings and Mayor Meereet.

**Prominent Wellington Man Has Passed.**  
Wellington county lost one of its most esteemed citizens in the passing of Robert Steele, son, Fergus in his 91st year. He had been in declining health for some three months. Born at Whiteside near Aldrie Lanarkshire Scotland March 28 1828 he emigrated to Canada in 1850 coming to Dundas. He worked as an engineering millwright and he built Monkland Mills in 1856. In 1875 he founded the business of Steele Bros. now carried on by his son, A.C. Steele. He took an interest in the welfare of the community was Reeve of Fergus for a number of years, and had been until the last year an active member of the Centre Wellington Agricultural Society.

G. W. V. A.  
General meeting Wednesday Mar. 19th. Fred Martin. 17-2t.

**Deaths in Galt.**  
The death occurred in Galt of Oliver Cooper aged 88 a native of England. His parents located in Port Dover and he lived there for 22 years before coming to Galt. He was a manufacturer of shoes and mattresses, going out of business 15 years ago when his sons George and Edward succeeded him. His widow and two daughters also survive.

**Subscription List Still open.**  
In the interest of the good cause \$61.30 and a considerable quantity of clothing have been received by Mrs. Reeshaw for relief work in stricken Syria. It might be stated that the subscriptions and donations have been held up owing to the international uncertainties. In conversation with Mr. Reeshaw yesterday it was ascertained that the Postal authorities have not accepted order of money for Syria. In the meantime the subscription list is still open. Regarding the clothing, this owing to the high cost of shipment may be turned into cash and the whole contributions forwarded as a financial donation.

The need is still great. Only recently intelligence was received from Batroun, a city of 11,000 before the war, in which 3,000 have perished or starved.

Yesterday Mr. Reeshaw had a conference with Mayor Gross and the situation regarding the local situation was explained by Mr. Reeshaw. Owing to the inability of Mrs. Reeshaw to continue the work Miss Mary Joseph has kindly consented to act in her place in the receiving of additional subscriptions.

**Sergt. James Wilson is Very Much Alive**

Had Been Reported Dead

Good news for friends! Sergeant James Wilson is very much alive. Sergt. Wilson had been reported killed and many a local heart was grieved. Communication with his wife and family who had returned to the old country from here, was never established and no particulars about his death were available.

But now a letter has come from Sergt. Wilson to a local friend stating that he is very much alive and that he is anxious to come back to this country.

He enlisted in the early part of the war and has been overseas several years. His place of residence was 110 West Weber street.

**CHARGES DISMISSED.**

Several charges which were before the Police Court today ended in dismissal. One was against a man for keeping a disorderly house; two others were accused of bringing liquor to the house; another was charged with an offence against a girl under sixteen years of age. A woman in the case, held on the charge of vagrancy, was allowed out; the case being adjourned for a few days.

**A Child Hates Oil, Calomel, Pills For Liver and Bowels**

Give California Syrup of Figs' if cross, sick, feverish, constipated

Look back at your childhood days. Remember the "doses" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolts are well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing give only delicious "California Syrup of Figs." Its action is positive but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups, plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

**INFLAMMATORY RHEUMATISM CURED.**

New Brunswick Lady Gives Full Particulars of Her Recovery.

There are many types of rheumatism, but none worse than inflammatory.

It was this kind that almost killed Mrs. Edw. Warman, of Kent Jct., N.B.

Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak and despairing, she was at her wits' end when the remarkable cure of Thos. Cullen was published. This gentleman was cured of rheumatism by "Ferrozone." Consequently Mrs. Warman used the same remedy.

Here is her statement: "For five years I have been rheumatic. I tried various forms of relief without success. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despaired of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer affects me."

Ferrozone has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warman's statement proves this.

By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferers, isn't it about time to stop experimenting? Ferrozone is a CURE, order to-day, 50c. per box, or six for \$2.50, sold by all dealers or direct from the Catarhose Co., Kingston, Ont.

MEN'S HATTERS

Stratford KITCHENER Hamilton.

### A Big Row in the Northern League

Niagara Falls Will Not Play return game. Palmerston March 17.—Dr. H.B. Coleman of the Northern Hockey League stated to-day that the Niagara Falls senior team refused to play their scheduled return game with the Listowel-Palmerston team here to-morrow night. It seems that the Falls club officials are under the impression that the first game which was played in

Hamilton and which ended 12 to 6 in favor of Niagara Falls was a "sudden death" affair for the championship. At least that is the impression which they are trying to convey to the N.H.L. Executive Committee. As a result of the Niagara Falls club's contention the N.H.L. Executive was called together here to take up the matter. The final series was arranged ordering the two teams to play in Hamilton as there was no ice available at Niagara Falls with the return game in Palmerston on Tuesday March 18. Since the Niagara Falls team absolutely refused to play according to the league's decision they have defaulted the round to Listowel-Palmerston.

There was a delay of over an hour before Friday's game was played in Hamilton and at one stage of the argument it looked as though the game would be called off entirely. Niagara Falls refusing to consider playing the return game. Many hockey fans for miles round here have been eagerly waiting for the final game and to be deprived of the opportunity to see the battle now comes as a keen disappointment. Financially both teams are at a loss in this venture as the game in Hamilton attracted a small crowd.

Hamilton March 17.—Frank Shaughnessy, baseball manager and football coach will be in Hamilton on Tuesday or Wednesday of this week to look over the local situation. Officials of the Hamilton Club received this information by wire today. There is no doubt about "Shag's" coming as leader of the Hams. His proposal to the International League, that Montreal and Ottawa be included in the Fultz League has fallen through. "I like Hamilton and I believe it is a great ball town," is what he told the Hamilton Club emissary last week. "And," he added, "I would like nothing better than to manage the club there".

Shaughnessy comes to Hamilton To-day

### JACK BRITON DEFEATS LEWIS

Canton, Ohio, March 17.—Jack Briton of New York won the welterweight championship of America here to-night by knocking out Ted Lewis in the ninth round of a scheduled twelve-round bout. The end came after two minutes and ten seconds from a long swing to the jaw. The veterans fought at catchweights. Lewis did not land five clean blows. The bell saved Lewis in the sixth round, when he was knocked down in the sixth round, when he was knocked down three times. Referee Matt Hinkel had to break them on several occasions, but Lewis did not show any indication of weakening. Brito drove a right to Lewis nose, and the Englishman staggered back. He went down for a count of four from a stiff left to the jaw. Lewis staggered to his feet and onto the ropes, where Briton's left to the jaw again hit him down for a count of six. Lewis got to his feet slowly, and before he could cover Briton had sent in another left swing that forced him to his hands and knees. He took a count of eight and was in a clinch at the bell. From that time until the final blow Lewis tried hard to avoid the inevitable. Though he did not do much damage, Briton was master in the eighth, and it appeared as if Lewis was stronger. As the start of the ninth round Lewis rushed from his corner. Briton blocked a long swing and countered with a right to the body and a left to the jaw, staggering Lewis. Lewis blocked a long right swing. Briton rushed and planted four jab to the jaw, from which Lewis sank in a crumpled heap.

ians in this city on a Brooklyn to-day. Mrs. Michael Russo, who has been sick for nine days, died last night. The diagnosis that death was due to what is called by laymen "sepsin" sickness was confirmed by a nerve specialist, it was said. The death of a child four years old from the same cause was reported in Brockton. In Providence a street car conductor was reported to die of the disease. Death at Richmond. RICHMOND, Va., March 17.—Richmond's first death from the so-called sleeping sickness was reported to the health board to-day. The victim was E. Peter Studer, of Crooke, Va., who had been a patient at a local hospital since March 2. No additional cases of the disease have been reported to the health board. Slept Four Weeks. FORT WORTH, Texas, March 17.—Lieut. Clark Wright, of the 345th Field Artillery, is awake after a four weeks sleep. Physicians who had failed to arouse him agree that either an attack of influenza or else too close study in the army caused the long sleep. He appears to be in fairly good health after the long nap.

### Sleeping Sickness Not Found Widespread

BUT CITIES IN STATES TAKING PRECAUTIONS. NEW YORK, March 18.—Cases of sleeping sickness, the new malady, which, it is believed, is an aftermath of influenza, are scattered widely over the country, but not in alarming numbers, according to figures gathered to-day by the United Press. Twenty-one deaths have occurred. More than 100 actual cases have been listed in seventeen cities, but there are believed to be many as yet unreported. Cleveland and Springfield, Ill., each reported 25 cases. New York has 40. Chicago's exact number is unknown, the health authorities not making it public. Other points show-

ing a "trace" of the malady are Richmond, V. A., San Francisco, Port Worth, Calumet, Mich., Minneapolis, Des Moines, Los Angeles, Lancaster, Ohio, Boston, Harrisburg, Albany and Pittsburgh. In this disease the sufferer lapses into a state of coma. In many instances recovery is complete. Some have been known to sleep from 8 to 10 days and then come to life in good health. A number of communities are considering taking precautions similar to those taken against the spread of influenza.

Among the Aztecs of Mexico the number "13" was sacred. Their week had thirteen days, and their century fifty-two years, or four times thirteen. The public archives were circular in form, and divided into thirteen segments, with the sun depicted in the centre. The Aztec tribe also numbered thirteen.

## THE CONSERVATIVE MAY SPLIT ON

Many Members are in

HEARST EXPECTED TO MAKE EARLY ANNOUNCEMENT. TORONTO, March 19.—An early announcement of the Hearst Government's future policy on the Prohibition question, as anticipated during the past week, became a more certain prospect than ever in consequence of a caucus of the government and its supporters held at Queen Park this morning, and continue until after one o'clock. While no intimation was forthcoming from Hearst as to the issue and considerations, it was indicated from other matters that the Ontario Temperance Act threatened to become a rock on which the Conservative party would split, unless amendments were forthcoming. That more than a few of the mem-

### Unknown Steamer Ashore in Bay of Fundy

LIGHTHOUSE MAN TURNS REPORTS. ST. JOHNS, N.B., March 19.—The lightkeeper at White-Head Island, Bay of Fundy, reported a large steamship ashore on the Old Proprietor ledge early to-day. He was unable to learn the identity of the vessel.

### Bolsheviki Make Gain

ODESSA MAY NOW BE IN THEIR HANDS. LONDON, March 19.—The Par correspondent of the London Times said to-day that he understands the evacuation of Odessa by the Bolshevik forces has begun. The Soviet army was said to be within fifteen miles of that city. A dispatch from Helsinki reports the Bolshevik claim the capture of Bernitschaff, a town in the province of Kieff, 24 miles south of Zhitomir.

### MATTERS ARE CRUCIAL AT ODESSA

LONDON, March 19.—Official reports received in London are to effect that a critical stage of affairs exists in Odessa, the chief Russian port in the Black Sea. No confirmation could be obtained in London early this afternoon to rumors the Odessa was being evacuated by allied forces but report is not confirmed.

### Toronto and Western Ontario Men Home

CONSIST OF FOURTH C.M.R.S. TORONTO, March 19.—The fourth C.M.R.S., bring the first Toronto troops returning as unit, will reach here about seven-forty five o'clock to-night. Many western Ontario men are in this battalion. There will be a torchlight procession and other demonstrations on the arrival of the unit to-night.

### FURTHER CANADIANS EMBARKED

LONDON, England, March 19.—The last few details of the Thirteenth division embarked for Canada to-day. The second Brigade of the First division is now encamped at Bismarck ready for sailing. They include 75th, 131st, 10th and 14th battalions and hospitals one, seven and eight.

Premier Lloyd George has been urged by the representatives of France, Italy and the United States to remain at Paris for another fortnight before returning to Britain. The Celtic arrived at Halifax with Canadian troops.

The New Spring Blouses are at their best, the most charming of the new, appear again in Georgette Crepe. Indeed, one wishes Georgette Crepe, many happy returns each time it brings Blouse Modes, such as these new arrivals show.

### Sweaters

Just the right weather for Sweaters, and such an array of Sweaters to meet the weather! The colors are bright to brilliancy and the styles are partly slip-over styles and the always desirable open in front kind.

### New Suits

Whatever type of Suit a Woman prefers, whether it be extremely Conservative, Plain Tailored Model, cut on severely simple lines, the elaborate "Costume Suit" or the betwixt and between" Suit for general wear, she will be sure to find a desirable, wholly satisfactory Model here, range of fabrics, coloring and price leaves nothing to be desired.

### 500 Ladies

From Kitchener, Waterloo, and vicinity can be accommodated at the Fashion Show on Thursday afternoon and again in the evening. Performances commence sharp on time—afternoon 3.30 to 4.30 o'clock; evening 8.30 to 9.30 o'clock. You will have to come early to gain admittance.

"The Feast of Flora," in the old Greek days, was a spring festival of rejoicing. It heralded the rejuvenation of the earth. All Nature awakened to the new season, and it was an occasion of great happiness. For the past four long, dark, sad years the world has been plunged into the depths of mourning. Now comes springtime. Nature prompts us to throw off sackcloth and ashes. "The Feast of Flora" is here. The world wants to be gay again. Beautiful women will dress to express joy and loveliness. Fashion has gone through the scorching crucible of war and now emerges chastened and more beautiful than ever.

This Spring Exposition exemplifies the organization's constructive work in merchandising the most delicious new modes are displayed throughout the store. The modes shown express fashion's most favored effects, without forgetting the lessons of thrift which the recent catastrophe brought home to us all

### Living Models from the Princess of Wales Chapter of the Daughters of the Empire

will display many of these new modes Thursday afternoon and evening, 3.30 to 4.30 p. m., and 8.30 to 9.30 p. m.

### New Coats

These Coats make individuality an issue, for this reason you will find in these Coat Assortments just the most satisfactory sort of selection. Beautiful materials coupled with handsome new Springtime colorings make these the most individual, we believe, you have ever seen.

### Princess of Wales Chapter I. O. D. E. Announcement

Miss Bruce, the Regent wishes us to say that the special grant to the order for their services, will be used for Gold Pieces to be given the returned soldiers enlisted from Kitchener.

### New Dresses

New Charming Spring Frocks for Women. There are no dull phases to the Frocks Fashions here. As the season advances and new modes develop these sections are the constant center of interest. For here the new is found always in its most appealing interpretation.

### Hosiery

In Harmonious Shades they will match the Suit or the frock or if one so desires, the Shoes for Spring. Colors are here in abundance, particularly the Tans and Browns, Grays are plentiful, too, as are also those other colors that always signify Spring.
