MR. VANCE WILL RESIGN

Will Delay Until After the Trick Ballot Box Investigation.

Senator Kerr Confirms It—Liberal Organizer Asked For Subpoena Calling Him to Testify At Belleville—Hon. G. F. Graham Will Also Give Evidence On Friday—Mad Talk With Byron O. Lott About Corruption—Kerry Resigns.

Toronto, Dec. 1.—James Vance, secretary of the Ontario Liberal Association, has intimated to his friends that he intends to resign as soon as the election conspiracy investigation at Belleville is concluded. He would have been out of office now had it not been for the Liberal convention and the conspiracy case causing a change of his plan. He was asked for the reasons.

"I am tired of it," he said, "and will be glad to get out. I do not know just what I am going to do. I have not been well since the convention, and my physician has ordered me to take a rest. If it were not for the fact that my name has been mentioned in connection with the ballot box case, I would immediately go away for a rest, which I so much need; but if I left now my absence would be looked upon as a desire to evade giving testimony. If they want me I will go down to Belleville and explain the telegram that passed between me and Shibley."

"It has been well-known to my friends that I desired to get out, and I intended to do so as soon as the Dominion campaign was over. Then the convention came on and I did not want to leave the association without file which passed between the Liberal secretary and the Liberal candidate for Frontenac, and he was notified to attend on Friday of this week and produce them. There were several of these telegrams, one early in the fall and another since the time of the election. Mr. Vance, so it is said, requested the Liberal candidate Shibley to meet him at Kingston, and it is the object of the prosecution to ascertain from Mr. Vance himself, Shibley's present address being unknown, what subject was passed between them in the conversation that took place when Mr. Vance visited Kingston. The prosecution believe they have a clue, which, if they can follow up, will directly connect the bee-hive conspirator with the Government in Queen's Park, though its agent, Mr. Vance."

Import of Telegrams.

Mr. Vance will give evidence in the ballot box conspiracy case, which will be continued at Belleville on Friday.

The telegraph agent at Harrow-smith, the home of W. J. Shibley, was in the box on Saturday last. He was called to produce telegrams that passed between Byron Lott and W. J. Shibley. At that time he gave the counsel for the prosecution to understand that there were some telegrams on file which passed between the Liberal secretary and the Liberal candidate for Frontenac, and he was notified to attend on Friday of this week and produce them. There were several of these telegrams, one early in the fall and another since the time of the election. Mr. Vance, so it is said, requested the Liberal candidate Shibley to meet him at Kingston, and it is the object of the prosecution to ascertain from Mr. Vance himself, Shibley's present address being unknown, what subject was passed between them in the conversation that took place when Mr. Vance visited Kingston. The prosecution believe they have a clue, which, if they can follow up, will directly connect the bee-hive conspirator with the Government in Queen's Park, though its agent, Mr. Vance."

Asked For a Subpoena.

Mr. Vance was served with a subpoena by Detective Forrest yesterday afternoon. Early in the afternoon he called up the detective office to find out if there was a subpoena for him. He was told there was and a little later he called at the office for it. Mr. Vance made no attempt to evade service, as his absence from his office yesterday led some people to believe.

Mr. Vance has been in charge of an organization in Ontario since the removal of Alexander Smith to Ottawa a couple of years ago. For four years previous to that time he worked conjointly with Mr. Smith in organizing elections, preparing campaign literature and performing the other duties of his position.

Hon. Geo. F. Graham Also.

Hon. George F. Graham, the new Provincial Secretary, was also served with a subpoena to attend the ballot box investigation. Mr. Graham said he was on the point of telegraphing to Belleville, asking that he be permitted to give evidence.

Mr. Graham said yesterday that he remembered the visit of G. O. Lott and F. J. Kelly to his house in Brockville. There was nothing political in the visit. Mr. Lott said he had a few hours to spend in Brockville, so he thought he would call.

"Was there any mention made of trick ballot boxes during the interview?"

"Not the slightest."

"How did the talk about corruption arise?"

"The conversation on that point was in perfectly general terms, and had no reference to any riding in particular. I remember saying that I had no confidence in crooked methods of trying to win elections, and that I disapproved of outside workers being brought into any riding. I thought each constituency should manage its own campaign."

"Mr. Lott told me that the Liberals had a good chance of winning West Hastings and Frontenac, and I told him that I did not think they had the slightest chance to win either of them."

"Did he give any reason for his confidence?"

"No, excepting that the Trent Valley

Canal and the influence of some prominent man were going to help him a lot."

"Was there anything remarkable in Mr. Lott calling on you?"

"No, I had charge of the organization in that district, and it would have been surprising if, when he was in Brockville, he had not called on me."

John J. Kelly, the Crown Lands official, who was present in the Somerset House, when Lott, Weese and Harryett, tried to induce John R. Bremner, the Bancroft editor, to prepare himself, has also been served with a subpoena, to attend the investigation at Belleville.

Senator Kerr Says He's Out.

Montreal, Que., Dec. 1.—Senator Kerr of Toronto, president of the executive of the Ontario Liberal Association, who was in the city yesterday, fully confirmed the statement that James Vance had placed his resignation in the Senator's hands.

"He resigned some time ago," added the Senator, "but I don't know that he demanded an acceptance. He was assistant secretary."

"But it is true that he is out, Senator?"

"Yes, it is quite true," was Hon. Mr. Kerr's reply.

B. O. Lott Stays Away.

Belleville, Dec. 1.—B. O. Lott has not yet arrived on the scene, and most of his friends have given up hope of seeing him again on this side of the line for many years to come at all events.

The story that B. O. Lott had indicated his bondsmen is denied by William Lott of this city, who is on B. O. Lott's bonds to the extent of \$500.

The story was spread around here yesterday that E. Gus Porter had been offered by the defence in the criminal libel suit, \$5,000 in cash to drop the case. The story was untrue.

Mr. Porter was, however, approached by the defence, who offered to publish any apology Mr. Porter might desire and pay the whole costs of the examination to date if the case was dropped.

Kerry Resigns Position.

Kingston, Dec. 1.—In an interview yesterday F. J. Reilly declared that the stories published from Watertown were nearly all untrue, and that the tinsmiths over there were simply "loading up" the Canadians and then laughing at them for believing all they heard. In regard to Reilly's future movements, he states that he expects to resume his course in medicine at Queen's as soon as his trial is over. He has resigned his position as teacher at Regiopolis College, his resignation to take effect at New Year's, but he has now decided not to accept his former position, but will return to Queen's as soon as possible. He will go to Belleville on Friday next. He does not consider that any criminal case has been made against him.

Archibald Forsythe in Harrow-smith stated yesterday that he had sent a copy of the telegrams which passed between Shibley and Vance and Shibley and Lott, and will be on hand on Friday to testify.

OUTSIDERS DO THE DIRTY WORK.

That's the Rule in Election Matters Says Justice Osler.

Toronto, Dec. 1.—The Court yesterday reserved judgment in the North York election case. During the concluding argument by counsel, Justice Osler remarked to Mr. Aylesworth, that the counsel for Mr. Davis was "just splitting hairs," who replied that while the newspapers had said so, he hardly expected the Court to say so, too, and Justice Osler also remarked, on the matter of bringing strangers into the constituency, that his experience in election trials has been that practically all the acts of corruption had been attributable to the outsiders, thus brought into the constituency. Mr. Aylesworth argued that the whole case turned upon the defective wording of the statute, which visits upon the candidate the penalty of losing his seat if he employs any one found guilty by the report of judges of a corrupt act.

WILL MEET MR. BORDEN.

Word Sent Out to Conservative M.P.'s—Elect and Defeated Candidates.

Montreal, Dec. 1.—R. L. Borden will be in this city on Sunday next, and it is understood that he has sent word to the Conservative members-elect and to the defeated candidates to meet him on Monday at the Windsor Hotel.

Toronto, Dec. 1.—A. E. Kemp, M.P.-elect for East Toronto, said last night that he had understood that Mr. Borden was to be in Montreal on Monday, but did not know any general word had been sent out to Conservative members-elect and defeated candidates to meet him. But it might be so. He intimated that it was likely he would go to Montreal for the Monday meeting, but was not aware of any others who would go.

NOMINATIONS ON WEDNESDAY.

Centre Wellington—James Tucker, M.P.P., Conservative.

North Norfolk—Dr. F. L. Snider, Conservative.

West Peterboro—T. E. Bradburn, Conservative.

Did you read the Urban Store ad? It's the busiest store in the city now.

A meeting of the officers of the 24th Regiment will be held this evening in Col. Rankin's office to meet a committee from the non-commissioned officers.

ROSSITES ARE GROWING RARE

No Consuming Anxiety to Become West Kent Standard Bearer of Discredited Government.

A Dauntless Trinity, However, are Prepared to Keep the Bridge—The men mentioned.

As the day of the "Liberal" convention approaches there is considerable speculation as to the probability of the selection of a candidate, and many contradictory statements are made as to whether the candidate, a selected, will endorse him and his record or will enter the field as an independent Liberal, untrammelled by the doubts of the corruptors.

Quite a number of names are mentioned by street rumor, and it appears quite evident that there is no overweighing anxiety on the part of those interested to become champions of the discredited and doomed administration.

T. L. Pardo, the present representative, has definitely announced his intention of leaving the sinking ship. It is understood that the revelations of the past few months have completely disheartened and disgusted Mr. Pardo and have made his decision to retire absolutely irrevocable. A great deal of pressure has been brought upon Mr. Pardo to reconsider his resolution without avail. "I think Mr. Pardo should have taken it," declared one Liberal. "He has had all the cream and I don't think it's fair to expect someone else to take the skimmed milk now when the Liberals are going out of power."

Mr. Pardo, however, Mr. Pardo, whose honor and respectability have revolted against the Ross administration, has stubbornly adhered to his determination to have no more of it.

Other names have accordingly been canvassed and several gentlemen have been urged to accept the candidature.

Ald. Archie McCoig has been urged as the candidate. Ald. McCoig has had a good municipal record and is a young man who has stood high in the esteem and popularity of his friends. It was hoped that he might be induced to make the necessary sacrifice. His clean and worthy municipal record has earned the admiration of Conservatives and Liberals alike, and it was felt that a young man whose energy had won him practically a unanimous endorsement for the mayoralty, would bring some prestige to the lost cause. But Ald. McCoig declines with thanks.

"It is very kind of my friends to consider my name," he told The Planet, "but I couldn't be a candidate if I would and wouldn't if I could. No, I am definitely and decidedly out of it."

County Commissioner James Ross has a strong following from the county, but some of his friends say he is to be knifed by the Chatham executive, who decline to allow any one outside of a city man to be the candidate.

Mayor T. B. Dundas, of Wallaceburg, who has been mentioned as a strong and popular candidate, has also this objection urged against him. The Chatham Liberals are especially anxious that no Wallaceburg man shall secure the nomination for some reason of local jealousy towards that town.

The names of both Dr. and Mayor McKeough are mentioned. Both gentlemen would doubtless have a strong following on personal grounds, but it is difficult to imagine either standing as a champion of Rossism.

Fred Stone, too, would make a splendid candidate if the case were a clean and honorable one—but men of the Stone stamp and combinations of the Sullivan-Ross character are far estranged.

Many have spoken of N. H. Stevens. The genial miller has been earnestly urged to sacrifice himself for the sake of future prospects. He has a strong city following, but has not yet, so far as we are aware, consented to commit himself.

But the sponsors for Rossism are not yet completely routed. There is yet a stalwart trinity of greatness, each of whom is willing, nay anxious, to enter the lists and achieve renown. E. Emerson Parrott, John G. Kerr and J. W. Humphrey are all willing. Like brave Horatius in the days of old, all or each is ready to keep the bridge. Is there no Macaulay to rise up and immortalize the occasion?

"The Three stood calm and silent, and looked upon the foe, And a great shout of laughter from all the vanguard rose."

THE CHALK ARTIST

Caveny, the great chalk artist, will be the attraction at the second number of the Citizens' Band Lyceum Course at the Grand Opera House tomorrow evening.

Caveny comes to Chatham with the highest recommendations and his program of splendid artistic sketches, embracing all subjects and ideas, is sure to please and delight.

The entertainment is a unique and capital one—one which has been received with marked favor wherever produced. It should be well patronized to-morrow night. The plan is open.

HANG HEAD WITH SHAME

The Daily Montreal Witness, Liberal, says: - Enough evidence has come out in the Belleville bogus ballot box case to make every Canadian, and particularly every Canadian Liberal, hang his head with shame. These exposures came at an ill moment for the Liberal party in Ontario. We are not prepared to assume that that party, as a party, is guilty of this worst of crimes against human liberty. Just as the election law holds the candidate guilty of criminal conduct by an agent so it is impossible not to hold the party more or less so for crime done in its ranks. What is horrible about this exposure is the fact that such was the belief of the operators in the utter rottenness of public morals that they did not shun to enter upon a proceeding that involved making criminal propositions to a large number of persons.

UNCLE EBEN'S PHILOSOPHY.

Washington Star.
"Human nature," said Uncle Eben, "is found to be mo' or less concealed. When a man wins a horse race he takes all de credit on hissef, an' when he loses he put de intire blame on de boss."

ESSENCE OF THE CHARGE.

Presbyterian.
It cannot be said that general or serious fault is found with the administration of the Liberal government. The government is on trial because, being convinced of the excellence of their administration, they or their friends seem to have thought it necessary for the well-being of the province and of themselves that they should be retained in power at any cost and by any means.

RESPONSIBLE FOR THE MACHINE.

Farmers' Sun, Toronto.
Capt. Hunter declared, during the discussion on political purity at last week's Liberal convention, that all the rascality connected with recent election scandals, in which Liberals were concerned, is directly traceable to the introduction of outside workers into ridings in which contests were in progress. The statement is true. It is also true that the trail can be easily followed still further. These outsiders were sent into the ridings on which they brought disgrace by what is known as the Liberal machine. To maintain that organization, and the agents it employs, costs money—a great deal of money. Who furnishes the funds? The answer is found on inquiring as to the purpose of the machine. That purpose is to aid in the election of men who will support the government, or someone acting on its behalf, provides the means to keep the machine running. The government must, therefore, assume direct responsibility for everything of which that piece of mechanism has been proven guilty in West Elgin, the Sault, and elsewhere.

FRANK CONFESION.

Stouffville Herald (Liberal).
The Liberal press of to-day is partly to blame for this corrupt state of affairs in our provincial politics. Had we been sincere and true to our great and noble traditional principles and condemned with no uncertain sound such practices, and have shown a sincere desire to have the guilty punished and stood up manfully for the right every time an attempt was made to do any crooked work, provincial politics would not have had the odium that is attached to it to-day. Those in high places would not have dared to have outraged all common decency in their dealing with the public by which the party was put to shame. The mighty power of the press would have been too strong and potent a factor in the affairs of the province to have made it at all possible to perpetrate such contemptible frauds. Instead of being true to the great principles of right and honest dealings we have condoned the work by our silence, and, in a great measure, have shielded the culprits, and made them to feel it was all right. True, The Globe and a few other Liberal papers have spasmodically cried aloud for the punishment of the dupes who have been caught red-handed in these scandals; but never a word as to the exposure and punishment of the real culprits and originators and those for whom the poor dupes were acting.

Unless there is a great change and a complete cleansing of party politics, with a multitude of other Liberals, it is impossible to support a Government whose career has shown such glaring deteriorations and departure from the honest principles of true Liberalism that has been so dearly bought by our forefathers and exemplified in such noble characters as the late Hon. Alex. Mackenzie and England's G. O. M., the late Hon. W. E. Gladstone. Fancy these grand old men stooping to the despicable methods that have been laid to the charge of our Provincial Government to defeat the will of the people! Or the reverend Sir Oliver Mowat to sanction or allow his cabinet to override him in doing any shady work and he to reap the benefit from such

questionable doings! Sooner or later such methods must bring their own reward, and it looks as though the time was at hand.

SATCHEL OF THE SATELLITE

A Cabinet Minister, don't forget.
A vote for James Clancy means a vote for a Cabinet Minister.

O, ye Grits, though in the States you're Lott be cast, the ballot box scandal will always last.

I wonder if Mac Gardiner and his pals are showing the souvenir spoons they brought back from Toronto.

Perhaps Roll of Bills Piggott and Long Green George Gordon Martin, the Maple City aldermanic millionaires, will build that market for me. They've got the coin. I saw it.

I saw some girls very busy making Christmas presents for their best young men. I looked up the calendar and found that Christmas was only three weeks from Sunday.

"Dr. Charteris' sarcasm, Edwin Bell's acumen, Arch. McCoig's candor, Ald. Piggott's conciseness and James Richards' oratory"—the Nickel Novel's report of a young Liberal meeting. Sorry I missed that conciseness.

"Then are you in justice going to condemn the government because in instances their followers have, in a misconstrued spirit of zeal, done that which the Liberals deplore, and of complicity in which the Conservatives even free Mr. Ross and his Cabinet?"—Banner.
Great Scott, here I was thinking all the time that Stratton was a member of the Ross Cabinet. How could I have made such a mistake?

A WORD TO THE WISE.

Waiters Who Speak Many Languages

"When it comes to linguistic ability," said the manager of one of Washington's biggest hostesseries, "the real experts can be found in the dining rooms of this and other similar establishments."

"We have waiters in our employ who can talk in six or seven different tongues, and the ones who know only three, say English, German and French, are away behind. When I say talk, I mean the ability to converse fluently. Your college men can hold a sort of powwow, in a halting style, but Heinrich or Jean who waits on our guests can rattle off the lingo of nearly every patron who comes along, no matter what his nationality. Now and then we get a man who is making his first tour of the United States and whose mind is a howling wilderness so far as the understanding of English goes. He isn't able to 'savour' a word, and then it is that we send forthwith to the dining room and utilize one of the waiters as an interpreter."

CAPITAL CONCERT

Splendid Scottish Program Contributed to Patrons of Scotland's night at the Grand

St. Andrew's night was very fittingly celebrated last evening by the Sons of Scotland, who gave a grand Scotch concert in the Opera House. The house was well filled with loyal Scotchmen and many others who are interested in good musical entertainments. The concert, which was under the direction of Donald McGregor, concert director, of Toronto, was a splendid one and every number was warmly received by the audience.

The artists were Donald McGregor, Pipe Major Beaton, the Wee Duncan Sisters, dancers, Miss Flora Ivor Craig, soloist, and Owen Smiley, entertainer. Mr. McGregor is well known in this city and is a favorite here. He was in good voice last evening and sang splendidly. The Duncan Sisters were well received. Their dancing could not fail to please any audience. Miss Craig is a singer of some repute and her singing last evening was much enjoyed. Owen Smiley has appeared in Chatham several times and he always scores a success. As an entertainer he classes high among the best. Pipe Major Beaton was thoroughly appreciated, especially by the Scotch element in the audience.

Camp Carlyle, who brought the entertainment to Chatham, deserve to be complimented on their excellent concert. This is a prosperous Maple City Order, and they are especially so under the following officers: J. G. Kerr—Chief. Wm. Anderson—Past Chief. S. A. McCormack—Chieftain. Jos. A. Turner—Secretary. Wm. Rannin—Financial Secretary. Hugh Macaulay—Treasurer. The following was the program as rendered last evening:

The piano used for the occasion was kindly loaned by Frank Bedford and was the subject of many complimentary comments from the visitors.

Mistaken Identity.

The wearied hunt hunter pushed long and persistently at the button labeled "Janitor." The house bore a sign stating that there were apartments to rent. The janitor was evidently absent from his post of duty, as there was no response to her repeated ringing.

Disheartened, the seeker for a home was about to turn away when the door was opened from the inside and a bright faced boy of about seven years was disclosed. He looked wonderingly at the visitor, who asked:

"What kind of an apartment is there for rent here?"

A look of mingled disgust and scorn slowly overspread the youngster's face. He surveyed the questioner from head to foot and finally said with an aggrieved air:

"Say, I ain't the janitor."

Temper.

A great source of cruelty is temper. When it is considered what a vast sum of misery temper causes in the world, how many homes are darkened and how many hearts are saddened by it; when we remember that its persecutions have not even the purifying consequences of most other calamities, inasmuch as its effects upon its innocent victims are rather cancerous than medicinal; when we call to mind that a bright face and a bright disposition are like sunshine in a house, and a gloomy, lowering countenance as depressing as an Arctic night, we must acknowledge that temper itself is only another form of cruelty, and a very bad form too.

Gloomy reflections are most likely to come with self-imposed idleness.

Mrs. Jacob Kaehler, Zurich, Ont., says that

Burdock Blood Bitters Saved Her from Many Years of Suffering.

She writes:—"Now imagine how joyous and great was my surprise when a friend of mine told me that Burdock Blood Bitters would cure me, so that the lumps and external swellings, which the doctors told me would turn to running sores, would disappear. I took her advice, and can say that I have no doubt but that Burdock Blood Bitters has saved me from years of suffering. It is with the greatest of pleasure and with a thankful heart that I give this testimonial, knowing that Burdock Blood Bitters has done so much for me, and you are at perfect liberty to use this for the benefit of others similarly afflicted."

Burdock Blood Bitters is the best blood medicine on the market to-day, and is composed entirely of roots, herbs, bark and berries.

Rupture

THE MOST RELIABLE and Successful Authority—Greatest success in the treatment of Hernia (Rupture) Varicocele (False Rupture) of all known agencies in modern times. He who makes a specialty of one department must certainly be more experienced and capable than those having "many irons in the fire." Don't put off your case, believing it to be simple—Remember neglect often proves fatal. Have your case attended to now, and thus avoid danger. Stop wasting time and money elsewhere but come to one whose life-long study has taught him what to do. Do not depend or be deterred from seeking further advice, or because of repeated failures consider your case incurable. Because others failed in your case you have become discouraged. This is the very time you should consult me as my reputation has been made in curing hopeless (so-called) cases. LADIES suffering from Navel or any form of Rupture in the race of life, with rupture. MY CHARGES are within reach of all, the poor man as well as the rich. Terms can be satisfactorily arranged, no reason why you should not consult me at once, during this visit.

VARICOCELE, FALSE RUPTURE

MEN OF ALL AGES SUFFER from this terrible affliction in some way. There is no other affliction to which man is heir that so completely unfits him for the duties or pleasures of life as Varicocele. The universal tendency of these conditions is to grow worse and more complicated—leading to impotency, nervous debility, wasting, stricture, lumbago, sexual exhaustion, etc. Do you intend to allow this insidious affliction to sap away your vitality? Is it doing so now and if not checked will result in the above conditions. No matter how serious your case may be, time afflicted, or the failure you may have experienced in trying to be cured by medicine—free trials, or Electric belts—my exclusive system will cure you; the wormy veins return to their normal condition and hence the sexual organs receive proper nourishment, the parts become vitalized and manly powers return. No temporary benefit, but a PERMANENT one. NO OPERATION necessary. No detention from business. If you have had the usual experience you have no doubt spent large sums of money and still larger quantities of time searching for the remedy that I offer you here.

FINANCING A RAILWAY

Speyer Bros. Issue Announcement in Wall Street Journal.

Very Full Details of the Grand Trunk Pacific Are Given For the Information of Interested Investors—Bonds Now Being Sold On Western Section of the Road, Which Is Divided Into Prairie and Mountain Divisions.

New York, Nov. 30.—Details of the Grand Trunk Pacific project are announced in connection with the financing of the road by Speyer Bros. The following announcement was made in The Wall Street Journal today:

The road is to be built in two divisions, the eastern from Montreal, N.B., to Winnipeg, 1,800 miles, and the western from Winnipeg to the Pacific, 1,500 miles. Rails are to be standard 75 and 80 pounds steel rail. Contract specifications for a line "on a standard not inferior to the main line of the Grand Trunk from Montreal to Toronto." The western division is to be completed by 1911.

The eastern division will be built by the Canadian Government under Grand Trunk supervision. The western division will be built by the Grand Trunk Pacific under Government supervision. When completed the entire line will be operated by the Grand Trunk.

The eastern division will be leased for fifty years on a rental equal to 3 per cent. of the cost, and at the end of that time Government may extend the lease or operate the road itself. At all times the Grand Trunk Pacific concedes a right of way to other systems as the Government dictates.

On the eastern division fifty-year 3 per cent. Government debentures will be issued. The Grand Trunk has nothing to do with the financing. The Grand Trunk Pacific will have nothing to do with the eastern division until it is ready for operation. After this date for several years no rental will be paid, this seven years interest being paid by the Government as a bonus.

The western division on which bonds are now being sold is divided into two sections, one prairie, the other mountain. On the prairie section the Government will guarantee 3 per cent. bonds up to 75 per cent. of cost not to exceed \$13,000 per mile. For the remainder of the cost the Grand Trunk Pacific will guarantee Grand Trunk Pacific second mortgage bonds. In case of a default the first three will get 75 per cent. and the second bonds 25 per cent. of net revenue.

On the mountain division the Government will pay the interest on bonds up to 75 per cent. of cost, not stipulated as to amount, for the first seven years. Thereafter for the three years the company will be liable, but no foreclosure will be possible. No foreclosure will be possible. No foreclosure will be possible. No foreclosure will be possible.

All western bonds are to be dated on the completion of the property, equipped and ready for operation. When this is done the first mortgage debt will be 3 per cent. guaranteed bonds. The second mortgage, representing additional cost, may bear any interest. Of the stock \$25,000,000 may be preferred and \$25,000,000 common. The latter goes to the Grand Trunk, which will thus control the new property.

WANTS DUTIES LOWERED.

Ken. John Dryden's Mission to Chicago Live Stock Show.

Chicago, Nov. 30.—Hon. John Dryden, Ontario Minister of Agriculture, arrived yesterday to attend the stock show. He expects to meet Secretary of Agriculture Wilson, who is on the way from Washington to-day, and have a conference with him. One of the subjects which Minister Dryden plans to take up with Secretary Wilson is the need of revising the tariff on Canadian imports.

"The tariff wall should be lowered," said the Canadian Minister. "The great expense of shipping cattle from Canada to the United States has in a measure restricted our export at the stock show. Canada is flourishing and the burden of raising country of the Northwest is heavier than the products of land further south and is better."

Minister Dryden would have exhibited his prize shorthorn bull, Prince Gloucester, but decided not to pay the tariff duties.

Earl of Hardwick Dead.
London, Nov. 30.—The Earl of Hardwick (Albert Edward Philip Yorke), Under Secretary of State for India, died suddenly in London yesterday. He had been in poor health for some time, but his death was not expected. The Earl, who was born in 1867, was known as a stock broker. His father had a magnificent estate, but he ran through the property, left his son practically penniless and the latter had to adopt a city career as a means of making a livelihood.

No Blame For Anyone.

Toronto, Nov. 30.—The verdict of the coroner's jury appointed to hold an inquest on the bodies of the fourteen men recently killed by an outburst of gas in No. 1 Mine, Carbonado, in British Columbia, was handed out yesterday and was to the effect that death was due to suffocation and that no blame attached to anyone.

Squire, to rural lad.—Now, my boy, tell me how do you know an old partridge from a young one?
Boy.—By teeth, sir.
Nonsense, boy. You ought to know better. A partridge hasn't got any teeth.
No, sir; but I have.

DO NOT GO FROM BAD TO WORSE

Influenza Causes Bronchitis, Consumption, Pleurisy and Pneumonia—A Certain Cure in Reach Of All.

Influenza, coughs and colds, bad and distressing as they are in themselves, often lead to yet worse and more dangerous maladies. Very frequently bronchitis, or inflammation of the bronchial tubes results, which in its turn is a forerunner of the fatal and dangerous disease of consumption. Pneumonia or inflammation of the lungs, and pleurisy or inflammation of the serous covering of the lungs are also the direct effects of influenza. It is highly important, therefore, that influenza should not be allowed to run its course unchecked or fatal consequences may result.

Stuart's Catarrh Tablets are a never-failing cure for influenza, coughs and colds and are so recognized throughout the land. They go direct to the root of these diseases and thoroughly expel from the system all causes and thus render the disease impossible. Under their influence all poisons are carried away and the system is thoroughly cleansed, the blood purified and the diseased and wasted tissues and membranes are restored and rebuilt. The disease is conquered and destroyed and all danger of the fearful consequences are permanently removed.

The unparalleled success and popularity of Stuart's Catarrh Tablets, both in England and America conclusively prove the effective merits and virtues of this great remedy. Being in reach of all classes, they relieve the suffering and danger of rich and poor alike and, as a consequence, their name has become a household word throughout the English-speaking world. The cures they have effected and the health and happiness they have brought to the people of these countries and the reasonable price at which they are sold have put them so far ahead of other remedies for these diseases that all attempts at competition have been given up.

Stuart's Catarrh Tablets are sold by druggists everywhere at 50 cents a box. Druggists don't dare to do without them for the people insist on having them and no other. Physicians are prescribing them throughout the land and if your own doctor is not honest with you he will tell you frankly that there is nothing on earth so good for influenza, coughs, colds and all catarrhal affections as Stuart's Catarrh Tablets.

RELIGIOUS TRADING STAMP.

System Adopted by a Sunday School in Philadelphia.

Since a downtown Sunday school in Philadelphia has adopted the trading stamp had the question naturally arises, What will St. Peter think of this? But, leaving St. Peter entirely out of the question, the fact remains that the Sunday school has adopted the system, as witness the rules governing the competitive stamp.

"Stamps will be given as follows:—
"One stamp for every cent given in Sunday school.
"One stamp for punctual attendance at Sunday school.
"Two stamps for punctual attendance at holy eucharist.
"One stamp for perfect lessons.
"Twenty-five stamps for bringing a new scholar.

"If he remains twenty-five more stamps will be given.
This book will be subject to 10 per cent. discount for every had contact mark received.

"N. B.—Be careful not to lose the book, as the stamps in it will not be duplicated.
"When the book is filled or at end of year return and receive prize."

\$500 REWARD FOR WOMEN WHO CANNOT BE CURED.
Backed up by over a third of a century of remarkable and if you had not seen such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhoea, Female Weakness, Pro-lapsus, or Falling of Womb, which they cannot cure, if they ask a fair and reasonable trial of their means of cure.

There are thousands of sick women dragging out a weary, miserable existence, who would be well and happy did they but have my experience with Dr. Pierce's Favorite Prescription," writes Mrs. Annie Lennan of 106 Jackson St., Atlanta, Ga. "Four years ago I was nearly dead with inflammation and ulceration. I endured daily untold agony, and life was a burden to me. I had used medicine internally and externally until I had made up my mind that there was no relief in sight for me. A friend of mine endorsed your 'Favorite Prescription' and I determined then to give it a trial. It took fifteen days to reach me, but I had not long to wait. I had used your medicine for nearly four months before I was cured, but what a change it brought! The delightful, exhilarating feeling that only health brings. I would not change back for a thousand dollars. Your 'Prescription' is a grand medicine. I wish every sick woman would only try it and be convinced."

Dr. Pierce's Common Sense Medical Adviser, in paper covers, is sent free on receipt of 31 one-cent stamps. Address Dr. R. V. Pierce, Buffalo, N.Y.

Fall Ploughing in West.

Winnipeg, Nov. 30.—The C. P. R. yesterday completed the preparation of a special report on fall ploughing throughout the west. The report shows an increase in areas broken for 1904 of from 20 to 25 per cent. In general as compared with the fall ploughing done in 1903. Only a few points show a decrease, while districts along the Prince Albert branch report extraordinary percentages of increase, running as high as 1,000 per cent. at Kenaston. These figures came from newly settled districts.

Sunlight Soap is recommended, by those who have investigated the different kind of soaps, as being the best and purest on the market. Those who have gone still farther and tried the different methods state that the Sunlight way of washing is greatly superior to ordinary methods because it requires much less work and makes the clothes whiter and cleaner. Because Sunlight Soap is quite pure and free from adulteration it will not injure delicate fabrics or the user's hands.

P. C. Dezella made \$20 last night
and he deserves the money. After
considerable clever detective work
the officer located and arrested Chas.
Johnson, the Windsor horse thief.
Johnson led the Windsor police a
merry chase. He stole a horse and
rig in the border town. Sergt. Jack-
son, of the Windsor force, got on
Johnson's trail near Wheatley and
came upon him walking along the
road. Sergt. Jackson, who was driv-
ing in a buggy, offered Johnson a
ride. The latter refused and bolted.
The Windsor horse thief hunter opened
fire and a posse of farmers joined
in the pursuit, but Johnson got away.

Sergt. Jackson was notified of the
arrest and came up last night and
took the man back to Windsor. P.
C. Dezella will get the \$20 reward
offered for Johnson.
Chief Holmes remarked this morn-
ing that Johnson was the first
criminal he had to deal with when
he was nominated Chief of Police.
He went to Sarnia to bring Johnson
back for trial here on a charge of
horse stealing. The natural born
horse taker had been working at the
Idlewild Hotel and stole a horse from
Marion Hendershott. He took it to
Marion City and disposed of it. P.
C. Dezella located the fellow in Port
Huron jail and he consented to go
to Sarnia at the conclusion of his
sentence. For this crime he served
two and a half years in the Central
Prison and was only released a short
time ago.

By-Law No.

A By-Law to authorize aid by the City of Chatham, for the promotion of a factory in the said City for the manufacture of bolts, nuts, manure spreaders, gasoline and wind engines for farm and other purposes and other lines of manufactured products, and to provide for the issue of debentures of the said City to the amount of \$20,000.00, and to raise the sum required therefor.

Provisionally Adopted the 28th day of November, A. D. 1904.

Finally Passed ...

WHEREAS, it is proposed by Geo. H. Jaquin, W. S. Marshall and others now seeking incorporation under Let. Defiance Iron Works Company, Limited, to build, equip and operate a factory in the said City of Chatham, for the manufacture of bolts, nuts, manure spreaders, gasoline and wind engines for farm and other purposes, and other lines of manufactured products.

AND WHEREAS the said George H. Jaquin, W. S. Marshall and others have applied to the Municipal Council of the City of Chatham, on behalf of the said Company, to grant aid for the promotion of such manufacture.

AND WHEREAS the said Council is desirous of granting aid for the promotion of such manufacture by way of a loan of \$20,000 to the said Company, to be advanced upon the completion of the building and equipment of the said factory, and forthwith after the beginning of operations therein to its capacity as hereinafter provided (to be repaid in fifteen equal annual consecutive instalments of principal and interest which shall be computed at 3 per centum per annum) such payments of principal and interest being so calculated that the amount payable in each year shall be as nearly as possible equal, with the privilege to the said Company of paying off the whole principal sum at any time, and a free supply of water from the Chatham Water Works for the said factory (not to exceed, however, at any time 3,500 gallons per day) for the period of fifteen years, to be computed from the time of the first issue of such water for building or for manufacture hereunder, and exemption from taxation other than school taxes and frontage rates of all the property occupied by and used in connection with the said factory or the business carried on therein for the period of ten years from and after the first day of January, 1905, and the placing of such water mains and hydrants as will insure proper and adequate fire protection to the said buildings upon the following terms and conditions:—

1. THAT the said Let. Defiance Iron Works Company, Limited, do purchase and own a site for and do build and equip in the City of Chatham, during the years 1905 and 1906, a factory and plant with suitable machinery for the manufacture of bolts, nuts, manure spreaders, gasoline and wind engines for farm and other purposes, and other lines of manufactured products.

2. THAT the said Company will expend in acquiring a site for the said factory and in building the same and other buildings and warehouses in connection therewith and in equipping the said factory not less than \$25,000.00, and so that the same when completed shall be worth not less than the said sum.

3. THAT the said Company will, continuously, during the whole of said fifteen years employ in and about the said factory at least fifty men and shall pay annually in wages to its employees (not including Officers of the said Joint Stock Company) not less than \$20,000.00, provided, however, that this condition shall not be binding upon the said Company should it be, against or contrary to the will of its officers or directors, stopped or prevented from running by reason of strikes or other conditions not caused or contributed to by the said Company.

4. THAT the said Company shall have an authorized capital of at least \$60,000.00, of which not less than \$40,000.00 shall be subscribed and not less than \$30,000.00 shall be fully paid up.

5. THAT the repayment of the said loan of \$20,000.00 shall be secured by a first mortgage upon all the property, machinery and plant of the said Company in the said City of Chatham, and said mortgage shall contain the usual statutory powers, covenants and conditions and shall provide for the insurance of the property against fire in favor of the corporation of the City of Chatham to the full amount of said mortgage and shall be satisfactory in form to the said Council, and shall also contain the personal covenant of the Directors of the said Company for the payment of the first five instalments payable under the said mortgage.

6. THAT should the said Company fail or omit to perform and comply with any of the terms or conditions above set forth, at any time or times during the currency of the said mortgage, the said sum of \$20,000.00 or so much thereof as may be unpaid at the time or times of such failure of performance shall, upon demand in writing being made therefor, by or on behalf of the said Corporation or Council, at any time or times thereafter specifying the non-performance, become immediately due and payable by the said Company to the said Corporation, and upon the same or any similar event at any time or times thereafter the said Corporation or Council may, by giving notice in writing, terminate the period during which the said property shall be exempt from taxation and such exemption shall thereupon cease and said property shall forthwith become liable for taxes and upon the same or any similar event, at any time or times thereafter, the said Corporation or Council may completely stop the said free supply of water.

7. THAT the said Company shall at all times until the said sum of \$20,000.00 and interest shall have been repaid, permit full and free inspection of its premises and pay rolls by any person or persons appointed for that purpose by the Council of the said Corporation.

AND WHEREAS it is desired to authorize the entering into an agreement on the part of the Corporation with the said Company, providing for the giving of the said aid upon the terms and conditions above set forth.

AND WHEREAS in order to carry out such agreement on the part of the said Corporation it will be necessary to issue debentures of the said Corporation for the sum of \$20,000.00 as hereinafter provided (which is the amount of the debt intended to be created by this by-law), the proceeds of the said debentures to be applied to the purpose aforesaid and no other.

AND WHEREAS it is desirable to issue the said debentures at one time and to make the principal of the said debt repayable by yearly sums during the period of fifteen years, being the currency of the said debentures, said yearly sums being of such respective amounts that the aggregate amount payable in each year for principal and interest in respect of said debt shall be as nearly as possible equal to the amount so payable in each of the other fourteen years of said period.

AND WHEREAS the total amount required by "The Municipal Act" to be raised annually by special rate for paying the said debt and interest as hereinafter provided is \$1,862.27.

AND WHEREAS the amount of the whole rateable property in the City of Chatham, according to the last revised assessment roll thereof, is \$2,834,957.00.

To the Citizens of Chatham

Ladies and Gentlemen,—At a meeting of a joint committee, composed of members of the City Council and of the Chatham Board of Trade, held this Monday afternoon for the purpose of considering the terms of a proposed by-law to aid the Defiance Iron Works Company, Limited, in the establishment of their works in the City of Chatham, the following resolution was unanimously passed:—

Moved by C. A. Austin, seconded by D. McLachlan, that this committee, having thoroughly discussed the proposed by-law in favor of the Defiance Iron Works Company, Limited, recommend that the same be submitted to the electors at the coming Municipal Elections, and we think that it deserves the support of the electorate, as being a good, sound, business proposition, costing the municipality in interest a sum equalled by the school tax which the Company would have to pay into the City, and this committee will give it personal support in every instance.

Dated this 28th day of November, 1904.

RETALIATION FRUITS.

Rise in the Price of Sugar So Regarded by Sir Henry Campbell-Bannerman—Britain's Fiscal Fight.

London, Nov. 30.—(C. A. P.)—Sir Henry Campbell-Bannerman, M. P., Liberal leader, referring at Manchester to the rise in the price of sugar, said that it was the first fruits of retaliation and the colonial preference.

The people of the West Indies had gained a few thousand pounds, while Great Britain had lost millions.

It was bad for the consumer and manufacturer and for employment, and was of precious little good to the colonies.

Mr. Chamberlain's mistake was treating the Imperial sentiment as a marketable article.

The sentiment uniting Great Britain and the colonies would not be strengthened by identifying it with any huckstering policy or by treating the colonies as if they were items in a company prospectus, and still less by suggesting that they were in the market and saleable to the highest bidder.

The colonial conference under present auspices would be a delusion and a snare.

Why should the fiscal pretence be kept up any longer? The whole proposed policy was a colossal blunder and a delusion.

Welcomes a Conference.

London, Nov. 30.—(C. A. P.)—The home counties division of the National Union of Conservative Associations passed a resolution welcoming the proposed colonial conference to discuss freely the fiscal relations within the Empire with the view of ascertaining what changes, if any, are desirable and practicable.

MAKES SENSATIONAL EXIT.

Son of New York Banker and Oxford Graduate Ends Life.

London, Nov. 30.—Elverton Chapman, aged 23, committed suicide Monday night at the Carlton Hotel by throwing himself from the third floor landing to the vestibule, where he was shockingly mangled on the marble floor. His skull was crushed, one arm was shattered, and there were other injuries, from which he died in terrible agony within a few minutes.

The management of the hotel suspected his mind was unhinged and called a man to watch him. He was a son of E. H. Chapman, banker of New York, and had recently graduated from Oxford.

Civic Address to Eva Booth.

Toronto, Nov. 30.—Ex-Commandant Eva Booth of the Salvation Army has left Toronto for new scenes of labor, toil and Christian work. Last night, a torchlight procession was formed at the Temple at 8 o'clock, consisting of many hundreds of her enthusiastic followers. They marched to the front entrance of the City Hall, where Miss Booth was received by His Worship the Mayor, Mrs. Urquhart and Ald. Ramsden and Hay of the Civic Reception Committee. The Mayor in addressing Miss Booth spoke of the wonderful work that had been accomplished during her eight years in Toronto.

Miss Booth thanked the Mayor for his kind words and wishes and spoke of the able assistance she had received from the authorities and the citizens. The procession marched to the Union Depot. There was an immense throng at the depot to shout farewell and godspeed her on her journey. Miss Booth left on the 9 o'clock train for New York, where she will take charge of the Army in the United States.

Nelson: Won in the Tenth.

San Francisco, Cal., Nov. 30.—The battle between young Corbett and Batting Nelson was fought before an immense crowd in Woodward's Pavilion last night. Nelson won in the tenth round, of which the following is a description:

Nelson went right after Corbett. Corbett hung to Nelson desperately, fighting back like a wild man. His swings were wild, however. Nelson again rushed Corbett to the ropes, landing at will with right and left on the face. Corbett was groggy, and the crowd yelled "Stop it! Stop it!"

Nelson went after Corbett, who could scarcely raise his hand. Corbett's seconds, seeing the helpless and hopeless condition of their charge, threw up the sponge.

Corbett was carried to his corner with blood streaming from his nostrils, mouth and ears, an utterly defeated pugilist.

Nelson left the ring with scarcely a mark to show that he had been in a fight.

Bartlett Against McKellar.

Winnipeg, Nov. 30.—A commission, composed of Judges Walker and Myers, began taking evidence Monday in the matter of the charges of Bartlett, the defaulting clerk in the provincial department of agriculture, against Hugh McKellar, chief clerk in the same department.

Bartlett was the only witness examined Monday. He stated he and McKellar had a tacit understanding in advance regarding the funds misappropriated. The defalcations began in 1902, and hundreds of dollars were probably taken.

Reformer Prajudiced.

St. Petersburg, Nov. 30.—Prince Meshchersky, editor of The Grashdanin and the foremost spokesman of the autocracy, holds that the inauguration of such reforms as are at present possible in Russia has been actually prejudiced by the "irresponsible agitation for a constitution which is now in progress."

Steamer and Consorts Ashore.

Alpena, Nov. 30.—An unknown steamer and two consortships went ashore at North Point, Thunder Bay Island, Lake Huron, in Monday night's storm. The life-saving crew from Thunder Bay Island has gone to the assistance of the wrecked vessel.

He not only cures the condition itself, but likewise all the complications, such as rheumatism, bladder or kidney troubles, blood poison, physical and nervous debility, lack of vitality, stomach trouble, etc. The doctor realizes that it is one thing to make claims and another thing to back them up; so he has made it a rule not to ask for money unless he cures you, and when you are cured, he feels sure that you will willingly pay him a small fee. It secures, therefore, that it is to the best interests of everyone who suffers to write the doctor confidentially and lay your case before him, which will receive careful attention, and a correct diagnosis of your case will be made free of charge; if you have lost faith write him, as you have everything to gain and nothing to lose; you must remember not one penny need be paid until you are cured. Dec. 1.—Judge Dowling, of Chatham, presided at Division Court here yesterday. The most important case tried was a suit brought by Dr. Bell, of Merlin, against Tilbury East township, for \$85, services attending a small-pox case two and a half miles from Merlin. The plaintiff claimed to be acting in the case with the consent of the township's medical health officer, Dr. Oliver, and charged \$10 per trip for eight trips. He called Drs. Hall, Fleming and Bray, of Chatham, as witnesses, all of whom testified to the reasonableness of his charges. Dr. Oliver claimed that Dr. Bell had no authority from him, and furthermore, that he had no authority under the statutes to order Bell's attendance on the case. The case excited great interest, and the judge reserved judgment until next Monday to look up the law in the matter. Lewis, of Chatham, for plaintiff, and Gundy, of Chatham, for the defendant township.

THE WORD BOGUS.

There are Several Plausible Theories as to its Origin.
The word "bogus" is said by Dr. Ogilvie to be derived from Bogue, the name of a notorious American swindler who about the year 1835 flooded the western and southwestern states with counterfeit bills, sham mortgages and such like. Others connect the word with "bogie," a scarecrow or goblin, or so applied to anything fictitious or chimerical.
Lowell in the "Biglow Papers" says, "I well than suspect the word to be a corruption of the French bagasse." This bagasse was the sugar cane as delivered in its dry, crushed state from the mill, called also cane trash, and is only for burning, being thus synonymous with useless rubbish.
Again, according to Brewer, there is in French argot, or thieves' slang, a word, bogus, which signifies the rind of a green chestnut or the case of a watch; and this also brings us to the idea of an outward seeming without any solid and reputable foundation.

The word "bogus" is said by Dr. Ogilvie to be derived from Bogue, the name of a notorious American swindler who about the year 1835 flooded the western and southwestern states with counterfeit bills, sham mortgages and such like. Others connect the word with "bogie," a scarecrow or goblin, or so applied to anything fictitious or chimerical.
Lowell in the "Biglow Papers" says, "I well than suspect the word to be a corruption of the French bagasse." This bagasse was the sugar cane as delivered in its dry, crushed state from the mill, called also cane trash, and is only for burning, being thus synonymous with useless rubbish.
Again, according to Brewer, there is in French argot, or thieves' slang, a word, bogus, which signifies the rind of a green chestnut or the case of a watch; and this also brings us to the idea of an outward seeming without any solid and reputable foundation.

THE STORY OF A SUCCESSFUL MAN

He Found His Lost Health in Dodd's Kidney Pills

Leading Business Man of Welland Gives His Experience With The Great Canadian Kidney Remedy.

Welland, Ont., Nov. 28.—(Special).—There is no better known or more highly respected man in Welland than Mr. J. Yokom. Born and brought up in the neighboring township of Crowland, by his own industry and sterling honesty he has grown to be one of Welland's leading merchants. Consequently when Mr. Yokom comes out with a statement that he was cured of a serious illness by Dodd's Kidney Pills, everybody knows it must be so.

"For a year or more I had Kidney Trouble in all its worst symptoms," says Mr. Yokom. "My head was bad, I had no appetite and I lost weight. At times I was entirely incapacitated. I doctored with a physician of vast experience but got no good results."

"I became dependent of ever being well again, when by good luck I chanced to try Dodd's Kidney Pills and from the first they seemed to suit my case. Five boxes cured me completely."

A Language Without Grammar.

In New York, we are told by D. M. Herminia, a literature in Yiddish, covering almost every conceivable department of literature has grown up. There are novels, magazines, newspapers, pamphlets, books of history, religion, drama, science and poetry. And yet the Yiddish tongue has no systematic grammar. Each author must devise his own sentence structure, his own methods of spelling and must make his own vocabulary.

BEYOND ALL DESCRIPTION.

Was the experience of Mrs. E. V. Carter, of Danville, had with rheumatism, which resisted everything till Nerville was tried, and it cured. "The only relief I ever got was from rubbing on Nerville," writes Mrs. Carter. "It penetrated to the very core of the pain and eased my suffering after a few applications. I have used many rheumatic remedies, but none had the soothing, pain subduing power of Nerville, which I recommend highly." Try Nerville yourself. Good for internal use and excellent to rub on Price 25c.

It Disagreed With Her.

"I told you it wouldn't do to invite Willie's teacher to dinner as long as I have to do my own cooking."
"Why, what happened?"
"She whipped Willie this morning."

His Point of View.

"What is your idea of a truly good wife?" asked the youth.
"A truly good wife," answered the Cummins sage, "is one who loves her husband and her country, but doesn't attempt to run either."

AN ATTACK OF PNEUMONIA

—WARDED OFF.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past several years and have never known it to fail," says James Prendergast, merchant, Annato Bay, Jamaica, West India Islands. The pain in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. For sale by All Druggists.

A grateful thought toward heaven

is of itself a prayer.

"Take care of the pennies and the pounds will take care of themselves."

Large things are but an aggregation of small things. If we take care of the small things we are in effect taking care of the large things which the small things combine to make.
Take care of what you eat, when you eat, and how you eat, and your stomach will take care of itself. But who takes care of such trivial things? That is why, some day, the majority of people have to take care of the stomach. When that day comes, there is no aid so effective in undoing the results of past carelessness as Dr. Pierce's Golden Medical Discovery. It strengthens the stomach, and restores the organs of digestion and nutrition to a condition of healthy activity. It cures biliousness, heartburn, indigestion, indigestion, flatulence, cold extremities and a score of other ailments which are but the symptoms of disorder in the stomach and its allied organs.
Pleasant words have the ring of healthful utterances.

FAST FORCING FORWARD.

Idaho is one of the best watered states in America. People are moving there because hot winds and destructive storms are unknown and because its matchless climate generates physical and mental vigor and guarantees good health. Idaho has rapidly grown in popularity during the past five years and settlers in its irrigated valleys have met with more than ordinary success. This fact has induced a large influx of eastern capital in the state, with the result that its growth has been rapid. If you have in mind a change for the general improvement of your condition in life, or if you are seeking a climate beneficial to health, Idaho will meet these requirements. The easiest—in fact the only direct route to Idaho points is via the Union Pacific. This road runs two trains daily from Omaha and two trains daily from Chicago and Kansas City to all points in Idaho, Montana and the great Northwest. For full particulars and descriptive information inquire of J. O. Goodsell, T. P. A., 14 James Building, Toronto, Canada; F. B. Choate, G. A., 122 Woodward Ave., Detroit, Mich.

203-METRE HILL TAKEN

Japs Advanced At 10 a.m. Wednesday—Fought Till After 7.

Russians Were Then Driven Back—No Part of Fort Arthur Harbor Or of the City Is Concealed From the View of Japanese Gunners—No Refuge Now For Stessel—Fortress Due to Fall On Friday.

Tokio, Dec. 1.—The Japanese have captured and now hold 203-Metre Hill. The force operating against 203-Metre Hill advanced at ten o'clock yesterday from trenches already captured near the summit of the hill and struggled for the southeastern portion of the fort on the summit till after 7 o'clock at night, when the Russians were driven back. Jap Gunners Dominate City.

With this last range of hills in possession of General Nogi no part of the harbor nor of the city of Port Arthur will be concealed from the view of the Japanese gunners. The prompt destruction of the warships and burning of the city will follow unless surrender is offered without delay.

There is no refuge for Gen. Stessel's army except on the line of hills southwest of Port Arthur, known as the Liaotie Mountain. There is no water there for the army's supply, and there would be no way of obtaining food except that carried in the light which must follow the final assault of the Japanese.

This is accepted in Tokio as practically the end of the struggle at Port Arthur. The final charge against the splendidly equipped line of final earthworks, in which breaches have been made, undoubtedly will cost the Japanese soldiers many lives, but their success will give them command of the entire city and harbor, and mark the capture of the great fortress. Its fall is expected not later than Friday.

Struggle On 203-Metre Hill. Imperial headquarters made the following announcement at 10 o'clock last night:

"Our force operating against 203-Metre Hill advanced at 10 o'clock to-day from trenches already captured near the summit of the hill and are now struggling for the southeastern portion of the fort on the summit. A fierce battle was still in progress at 7 o'clock to-night."

Japs Falling Back. St. Petersburg, Dec. 1.—Official and private despatches received here last night indicate that the Japanese are falling back below Sintsintin, where for several days they had apparently been attempting a turning movement. After four days of severe but unsuccessful fighting, they are now retreating, with the Russians in pursuit. It is impossible as yet to tell whether either movement has real strategic significance.

The Russian Consul at Che Foo telegraphs that the Japanese captured two forts in the storming operations against Port Arthur on Nov. 29, but the news is not confirmed from any other quarter. The Consul says the Japanese losses were enormous, and that 5,000 men were sacrificed in two hours.

Russians Sunk Own Boat. London, Dec. 1.—The Morning Post's correspondent at Shanghai telegraphs: "It is reported that a Russian torpedo boat, returning to Vladivostok, from a scouting expedition, was sunk by the guns of the Russian forts by error."

Mikado Opens Diet. Tokio, Dec. 1.—The Emperor formally opened the second war Diet yesterday. He rode through the crowded streets in a State coach, escorted by a troop of lanciers, and accompanied by the Crown Prince, his staff, and some members of the Imperial household, to the House of Parliament, where both Houses were assembled in the Chamber of Representatives.

On Dogger Bank Inquiry. Washington, Dec. 1.—The President announced yesterday that Rear-Admiral Charles H. Davis has accepted the appointment on the Dogger Bank court of enquiry.

An Inquiry Made. London, Dec. 1.—According to The Standard the Government has instituted a searching inquiry regarding British vessels coaling the Russian fleet, with a view to prevent any future breach of neutrality.

Toronto Branch Suspends. London, Dec. 1.—It is reported a large banking and brokerage firm in London is in serious difficulties. The liabilities of the firm are said to amount to \$1,000,000 sterling. The Evening Star says it is the London and Paris Exchange, and adds that it closed its doors yesterday afternoon.

Toronto, Dec. 1.—The London and Paris Exchange has a branch in Toronto at 34 Victoria street. C. G. T. Bailey, the Canadian manager, when seen yesterday said that he had received no cable confirming the rumor, but that he had suspended business until he received instructions from headquarters.

Surveys For Two Years. Montreal, Dec. 1.—Arthur St. Laurent, engineer in charge of the Georgian Bay Ship Canal surveys, who was here yesterday, says the 425 miles have been divided into the Nipissing, the Ottawa and Montreal districts, and each district subdivided into three sections, in all, with 145 men, and the surveys will take two years, but Mr. St. Laurent says that no insurmountable engineering difficulties will be encountered.

Revenue Increases. Ottawa, Dec. 1.—The customs revenue for November amounted to \$3,358,267. The receipts for November, 1903, were \$162,952 lower. For the three months ending Nov. 30, the customs receipts were \$17,844,083, an increase of \$311,083 over the same period last year.

FOR TWENTY YEARS

Not An Unusual Instance. "I used Pyramid Pile Cure and have not had any trouble since. I have been a sufferer with piles for twenty years. I think it is the best remedy on earth for piles. Hoping this may help others to use this remedy." Mrs. J. D. Teller, R. F. D. 20, Sparta, Mich.

It is a singular fact that although many women suffer from piles, or hemorrhoids, they frequently do not have proper treatment because of a delicacy women have in mentioning such a subject. Especially is this the case with those who have no husband or brother in whom they can confide; and a physician is seldom consulted until the pain and agony incident to piles becomes unbearable.

Thousands of women have suffered even longer than did Mrs. Teller, always experiencing slight or temporary relief, if any, from the various remedies used and finally settling down to the conviction that a cure in their cases was impossible. Pyramid Pile Cure has come as a boon to all such, as it seldom, if ever fails to effect a permanent cure. It is sold by druggists for fifty cents a package, or will be mailed by the makers to any address, upon receipt of price. Absolute secrecy is guaranteed, and no name is ever used without the consent of the writer.

It is suggested that those interested write to Pyramid Drug Co., Marshall, Mich., for their little book describing the causes and cure of piles, as it is sent free for asking.

TERRIBLE FALL

Samuel Ingalls Sustains Severe Injuries in a Fall From the Roof of a House

Samuel Ingalls, a tinsmith in the employ of A. H. Peterson, fell from the roof of Wm. Drader's new house on Wellington street and sustained injuries which may yet prove fatal. He was walking on a board spanning the space between the scaffolding and the tower when the board broke. The unfortunate man was thereby thrown to the state roof and fell from there to the ground. He was picked up and removed to the Public General Hospital. On examination it was found that one leg was badly fractured and broken and his shoulder and skull were fractured. Mr. Ingalls had not regained consciousness up till this morning and it could not be ascertained how badly he was injured internally.

MRS. BRADLEY CAN EAT AND SLEEP

She Was Rescued From A Terrible Condition by Dodd's Kidney Pills And Dodd's Dyspepsia Tablets.

"I am thankful to say I can eat most anything, and can sleep comfortably. These are the words of Mrs. James Bradley, of Smith's Cove, Digby Co., N. S., but only those who know Mrs. Bradley's previous condition can appreciate all those words mean, or how much she owes to Dodd's Dyspepsia Tablets and Dodd's Kidney Pills. Let Mrs. Bradley tell of it herself.

"I had dyspepsia for over nine years," she says, "I tried the best doctors and never got relief. I had to starve myself from eating. I had given up all hope of ever having any help. No tongue can tell what I suffered. Six boxes of Dodd's Dyspepsia Tablets and six of Dodd's Kidney Pills completely restored my health."

If Dodd's Dyspepsia Tablets and Dodd's Kidney Pills will cure extreme cases of dyspepsia like that of Mrs. Bradley, how much more easily will they cure your indigestion?

A man is sometimes known by the company he doesn't keep.

You say you have used everything for that obstinate case of constipation; this proves that you have not tried Vito Laxative Fruit Pills, otherwise you would be cured. Messrs. Gunn & Co., druggists, keep them in stock; price 25 cents.
