A LOCAL LAY PREACHER IS UP AGAINST IT HARD

He Is Barred By The County Council From Preaching
In The House Of Refuge Because He Is Not The
Member Of An Organized Church

Forbidden to preach the Christian religion in the House of Refuge because he is not a member of an organized church, is the fate of a man who for some time has been one of the most earnest and untiring of the local lay preachers.

A little over a year ago, one of Chatham's best known citizens—a workman—and a man who to-day holds the respect and esteem of his fellowmen, became converted to the teachings of the Christian belief. His change of heart was not temporary, which has been shown by the fact that ever since the day he turned his face to the light, he has not only tried to live a pure life himself, but he has at considerable personal trouble and inconvenience, tried to lead others to a knowledge of what is good and lasting. He has to some extent succeeded, and through his appeals several people, who before had

not thought seriously on things spiritual, have been prevailed upon to change their course in life from worldliness to righteousness. No city can possess too many men of such character. Their influence is for good, and they fulfil their part in the work of uplifting fallen humanity, perhaps to a greater extent than those of whom more is expected.

A short time ago a man was seriously injured and taken to the hospital. He was a friend of the above mentioned lay preacher, and the latter visited him during his confinement in the hospital. While he was in the hospital, he learned of another unfortunate man who was in the hospital suffering from paralysis, which rendered him helpless. Through the goodness of his heart the layman visited the last mentioned sufferer.

FIRE SCARE AT THE 'BURG

Wallaceburg Cooperage
Co's Mill Had a Very Nar-
row Escape

Blaze Started At 4.45 This
Morning—Good Work
Of Firemen

Special to The Planet.

Wallaceburg, July 10.—Considerable excitement prevailed in the Glass Town at an early hour this morning, when the residents were aroused from their peaceful slumbers by the vicious and continued ringing of the fire bell.

It was discovered that fire had broken out in the Wallaceburg Cooperage Company's large saw mill. It was afterwards learned that the blaze originated in the engine room of the mill at 4.45 a. m. When it was noticed, the flames were spreading at a rapid rate, and it looked very much as if the whole building would go.

The department responded very promptly, and they were assisted in their fight against the flames by many residents who gathered on the scene. The work of the firemen was very heroic and commendable.

The fire appliances at the mill were brought into play and assisted the firemen in saving the building.

The damage will be comparatively small. The building was insured for an amount which will cover all loss.

FIRE DESTROYED RESIDENCE

A serious fire occurred on Monday night about eight miles from this city in Dover Township, in which the residence of Fred. Duval was burned to the ground.

Mr. Duval lives on the River Road and is about one mile from Dover Centre. The fire is supposed to have been caused by a lamp explosion, and as there was no one in the house but himself he was not able to render assistance enough to stop the fire. As a result both contents and dwelling were burned, and the loss is estimated at about \$800.

FARMERS TALK RUIN

Yesterday afternoon, in a short interview, Mr. Harbison, of Dover, told The Planet that the oat crop is looking very slim. It is only about ten inches high and since the heavy frost of last week has turned to almost a distinct yellow in color, the frost froze the leaves and, as a result, a heavy rust settled upon them.

The corn is badly burned and the bean crop severely scorched. Everything is badly in need of rain, and unless a good shower comes soon, the spring crops on the whole will not amount to much.

STRIKE RATE SOON

It is the intention of the City Council to strike the civic rate at their next regular meeting Monday night. It is unlikely that the rate will vary much from what it has been in former years.

Chairman Charles Austin, of the Finance committee, when seen this morning, said that the estimates from the various committees and boards are not yet in, but he hopes to have everything in shape for Monday evening.

It is easier to prevent ill habits than to break them.

IT WILL BE A BIG DAY

The Glorious Twelfth Will
Be Properly Celebrated
In Chatham

Details Of The Line Of
March—Lodges Will Be
In The Parade

The local Orangemen now feel confident that the celebration of the Twelfth of July, to be held in this city, Thursday, will be one of the greatest successes in the history of the local and county lodges. From all the district and Michigan lodges they have received assurances of large attendance. The event will not only bring much money into the city, but should also prove to be a great advertisement for Chatham.

One of the big features of the day's program will be the procession which will be held directly after the arrival of the visitors. The various lodges will line up for parade as follows:

Kent County South, on Colborne street, facing William street.

Kent County North, on Murray street.

Essex, on Stanley avenue.

Lambton, on William street, east of Stanley avenue, facing south.

Detroit and Port Huron and other American lodges will form up for parade on the park.

It is expected that each lodge will bring with them a life and drum band. There will be lots of music, and the parade should be a spectacle well worth seeing. There will be at least fifty lodges represented in the procession. The line of march will be along William street to King; to Third street; across the Aberdeen bridge; to St. Clair street; to Amelia street; to Victoria avenue; to Thames street; to Fifth street; to Centre and School streets; to Queen street; to McLean street; to William street and back to the park, where the speech-making of the day will afterwards take place. The Fire Dept. will give an exhibition run for the benefit of the visitors. The local lodges have rented the I. O. O. F. Auditorium for the day, for the use of the members of the ladies lodges.

The citizens are asked to decorate along the line of march in honor of the visitors. The decorations need not necessarily be Orange. Patriotic decorations will be quite appropriate to the occasion.

Hugh Gallagher to-day received word to-day from E. T. Esery, Grand Master for Ontario, to the effect that he will arrive in the city via C. P. R., Thursday evening.

PASSED AWAY

The death of Robin A. Tompkins, of Chatham Township, occurred yesterday afternoon, after a short illness from spinal meningitis. Deceased was 66 years, 11 months and 28 days old, and was one of the best known residents of the County of Kent. For several years he was a councillor for Chatham Township, and resided on his farm, Con. 3, lot 4. He was born in Montague Township, Lanark County, and came to this county when a young man and located in the Township of Harwich. He was married to Miss S. E. Toll, of Harwich Township.

The funeral will take place on Friday at 2.30 o'clock from his late residence. The bereaved friends and family have the sympathy of the entire community in their sore affliction.

The bread of life is love; the salt of life is work; the water of life is faith.

THE GAS PURIFIERS WILL BE INSTALLED NEXT WEEK

This Is The Statement Given Out By P. S. Coate—
Purifiers Have Been Shipped—Everything Is
Ready For Them

The fine, well-furnished offices of the Volcanic Natural Gas Company and the Iroquois Pipe Line Company, which have been established on the property next to Milner's carriage works, on Wellington street, are now all but completed, and the office staff have already taken up quarters there.

The offices consist of a spacious board room, general office, and the superintendent's private office. The furnishings throughout are neat and up-to-date. A telephone has been installed—number 557B. Former Field Superintendent Dowd has been appointed General Superintendent for the Volcanic Company, and with him will be associated Mr. J. L. Campbell as office manager. These offices will henceforth be the headquarters for the company who own the wells supplying the City of Chatham with natural gas.

A Planet reporter called at the Volcanic Company's offices to-day to inquire when the company intended to install in the Maple City the long-promised gas purifiers, and also shown through the offices, and also the cement foundations which have been built to support the purifiers. These are to be the rear of the offices.

"We expect Mr. D. A. Coate to arrive in the city to-day," said Superintendent Dowd, "and perhaps when he arrives he may be able to supply you with more definite and official information. You can see for yourself that we have everything prepared to place the purifiers as soon as they arrive. The purifiers were ordered from a firm in Detroit, who wrote us some ten days ago telling us they had been shipped. I imagine that the purifiers must be on this side of the river by this time, but

IT WAS A PIPE DREAM

Albert Thompson Imagined
He Was Robbed Monday
Night

Police Investigate Story
and Find That Thompson
Is An Ex-Convict

Albert Thompson, the young man who told such a pitiful story to The Planet about being robbed of his watch and \$25 by two colored men, and who repeated his story to the Chief of Police, turns out to be Alois Kerhove, of Wallaceburg, and his statements relative to the hold-up are discredited by the police by the belief that he is a pipe dreamer and imagined the whole circumstance.

Kerhove arrived in the city Monday night all right. Magistrate McDougall, of Wallaceburg, sent him up for trial for getting goods under false pretences. He was sent down for three months, and put in one of the months in the Chatham Jail. The rest of the time he spent in Central Prison.

He was released on the 8th of July and no doubt came straight to Chatham. He told Chief Holmes that he came from Sudbury.

James Dodson hunted around town yesterday and found that there was no truth in his story.

Kerhove, or Thompson, as he evidently prefers to call himself, was taken to his home in Wallaceburg by his friends last evening.

PRISONERS ESCAPE

Guard's Inattention Gave the Captives
an Hour's Start.

Whitby, July 10.—Albert McKeown, of Newbridge, and M. J. Ryan, who are serving long sentences in the County Jail here, escaped yesterday afternoon, and although the sheriff and county constables have searched the neighborhood, no trace of the escapees has been found.

McKeown is about 30 years of age, and has a record. He has broken jail before and is an adept at the job.

The prisoners were taken out in the jail yard to work. The turnkey left them for a little while, and both took advantage of his absence. They got an hour's start before the officers were after them.

Ryan is about 35 years of age.

BOURASSA RESIGNS.

Will Organize and Lead New Party
in Quebec Province.

Montreal, July 10.—Henri Bourassa, who has attracted so much attention in the House of Commons the last session, announces his resignation as member of Parliament, his intention being to organize and lead a new party in this province. This party, it is claimed, will take in a very large proportion of the Conservative element, and will, in addition, have strong support from a certain section of what have ordinarily been accounted a portion of the Liberal wing.

Whale Washed Ashore.

Victoria, B. C., July 10.—A whale has been washed ashore at Cordova Bay, near here. The Leviathan is at present lying close to the beach, and is an object of interest to all in the district. Dr. Fingan, provincial health officer, yesterday morning notified City Sanitary Inspector Wilson to have the carcass removed, and the latter official, yesterday afternoon at the bay engaged upon making preparations for his difficult task.

Helpful Addresses. And
Papers On This Important
Work

From Our Own Correspondent.

Florence, July 10.—The convention of the Sabbath School Association of Dawn and Euphemia Townships was held Tuesday, the 2nd inst. The afternoon session was held in the Baptist church. After devotional exercises by Mr. J. P. Clugston, the speaker of the convention, Mr. Thos. Yellowlees, Toronto, secretary of the Ontario Sunday School Association, gave a very lengthy discourse on "The Home Department." Mr. Yellowlees is a plain, able speaker, and his splendid address showed him to be hearty in earnest with his work, while his bright jovial manner assures him a welcome wherever he goes. The discussion which followed his remarks were enjoyed and partaken of by all interested. Election of officers and music closed this meeting.

The evening session was held in the Methodist church. A song service opened the meeting. Mr. A. McFellan, Dawn, gave a very interesting address on "The Child in the Home and School." Mr. Yellowlees then held a "Round Table Conference for Sunday School Teachers."

This was much discussed, the speaker giving any and all information desired, adding some very kind advice. He then delighted his hearers in the address of the evening, "Forward Movement," which was a strong, edifying discourse. Music by a union choir and Mrs. N. Sinclair was rendered during the program. The convention proved a very successful and helpful one. It was decided to hold the next year's at Oakdale, and the following officers were elected: President, Mr. E. Mills; Vice-President, Mr. D. Buchanan; Secretary-Treasurer, Mr. Eugene Walker.

BIG GLASS FACTORY MAY COME TO CHATHAM

It is understood that representatives of outside capitalists, who are talking of locating a glass factory in Chatham, arrived in the city this morning, and that they are this afternoon making examinations of the sand at the lake to ascertain its suitability for the making of this transparent commodity, so greatly in demand for household and other purposes.

Ald. Westman, chairman of the Industrial committee, is out of the city to-day, and the rumor as to these gentlemen's business in town could not be verified, but it is known that for some time certain moneyed men have had eyes on Chatham as a suitable site for a proposed glass factory. They first made overtures to the Maple City during ex-Mayor W. E. McKeough's regime.

THE ROLLER RINK

At different intervals during the summer months, when the weather is favorable, the management is throwing open the Roller Rink for the accommodation of those who have had eyes on Chatham as a suitable site for a proposed glass factory. They first made overtures to the Maple City during ex-Mayor W. E. McKeough's regime.

WEDNESDAY, JULY 10, 1907.

INCREASED EXPENDITURE, EX-TRAVAGANCE, GRAFT AND CORRUPTION.

On the 26th of April, in the Dominion House, Mr. Borden moved a resolution setting forth that the rapidly increasing public expenditure was a matter of grave concern, that the expenditure authorized during the session then just closing amounted to \$121,428,299, exclusive of railway subsidies of \$5,000,000 and loans of \$9,678,200, making a total of \$136,106,429, or about \$22 for every inhabitant of Canada and \$110 for every family of five.

Mr. Borden showed that the taxation had increased from less than \$28,000,000 in 1896 to more than \$60,000,000 in 1906, and that the taxation per head had grown from \$5.46 ten years ago to \$10.00 now.

The resolution also stated that the public assets had been depleted by grants and concessions by which designing partisan intriguers had become enriched at the expense of the people, that the Public Committee had during the last two sessions disclosed the operations of middlemen who had made enormous profit and rake-off in public business, and also that election frauds exposed had been carried out by the expenditure of large sums of money and the aid of such middlemen.

Mr. Borden's motion asked the House to condemn this mal-administration and corruption. The motion was defeated by a straight party vote of 91 to 43.

April 16th Mr. Borden introduced a resolution in reference to fraudulent practices at elections and asking that provision be made for the more effective suppression of bribery; for the prevention of fraudulent marking, counting or substituting of ballots; for the better regulation of the conduct of elections on the part of both officials and candidates; for preventing the accumulation of huge campaign funds; for prohibiting contributions thereto by corporations, contractors and promoters; and also to expedite the hearing of election petitions, to prevent arrangements for their discontinuance and to provide for the thorough investigation of corrupt practices. This resolution also called attention to the fact that a measure for the amendment of the election laws in these respects had been promised in the speech from the throne and expressed regret that no such measure had been introduced. This motion was rejected by a straight party vote of 78 to 44.

The Ontario Government, it is understood, contemplate a tour of the Province during the coming fall. Premier Whitney is a strong advocate of close contact with the people, and to this end he is believed to be favorable to the holding of a series of public meetings throughout the country, with a view to laying before the electorate an account of the work which the Government are doing and also in order to more closely keep in touch with the public opinion.

THE GAS PURIFIERS

there must have been some delay in transportation. We have the connections all ready, and we expect to have our end of the work completed in four days after their arrival."

Inquiry brought forth the information that the Chatham Gas Company have not as yet got their connections ready for the purifiers. The purifiers will each be 28 feet long, 12 feet wide and 5 feet deep. They are long, box-like affairs made of iron, and the gas will enter them from the bottom, filtering through a mixture to the top, where it will escape into the city mains. This mixture will purify the gas of sulphuric acid and other injurious by-products.

"The purifiers ought to be up and in working order in a week's time," said Manager Phil. Coats, who was afterwards seen by The Planet. "They should have been here by this time, as they were shipped last week. We are also enlarging the purifiers at the works. You see the gas will be forced into the mains at two points—at the Volcanic offices and at the Chatham Gas Company's offices. On account of the purifiers, the gas will have to be put in at low pressure."

STEEL KNIFE IN THE FLESH.

That's the sensation experienced by Robert Price, of Hecaton, Ont. He knew it was sciatica and of course used "Nerviline." As usual, it cured and he says, "No liniment can excel Polson's Nerviline. Severe pains made my side lame. It was like a steel knife running through the flesh. I rubbed in lots of Nerviline, and was completely cured." A regular snap for Nerviline to ease sciatica and rheumatism. It sinks into the core of the pain, cures it in short order. Large 25c. bottles at all dealers.

LOCAL LAY PREACHER

and offered a few words of sympathy. After a short conversation religious matters were touched upon, and the fact came out that the man with paralysis was an unbeliever. After further pleading on the part of the layman and a few more visits to the hospital the sufferer decided to entrust his future to a higher power, and made declaration to this effect. After his conversion, the man, who will probably never walk again as a result of the paralysis in his lower limbs, was taken to the House of Refuge. Naturally he did not forget the layman who had been instrumental in bringing about his newly found life. The request was made to visit him, and he asked him out to visit him and every Sunday morning he would go to the House of Refuge and visit his friend in whom he began to take a great interest. After a while the two decided to hold short religious services for the inmates of the House. It has for some time been the habit of religious denominations in the city of holding services at the House of Refuge on Sunday afternoons. The above mentioned lay preacher paid his visits in the morning, and so this afforded two services for the inmates every Sunday.

Then something commenced to drop. Some vigorous wire pulling was evidently done—by whom it is not known. At any rate a short time ago the layman was informed by the County Council, through the caretaker, that in the future his morning services would have to stop. And they did stop. From that time up to the present moment the above mentioned worker has not been allowed to enter the House of Refuge for the purpose of conducting a religious service. As a result the inmates are denied a service in the mornings.

This is the situation as it stands at present. It has been intimated to the layman who is now on the outside as far as preaching in the House of Refuge is concerned, that the County Council prohibited him from continuing his work owing to representations made to them by church members who took exception to his preaching with a religious organization and established religious denomination.

The matter has aroused widespread interest in the city, and considerable wonder is expressed in some quarters that the members of the County Council would take it upon themselves to say whether the man was or was not fit to proclaim the gospel because he was not the member of any particular church.

There are many men, high up in their churches, who do not uphold the County Council in their action, and who greatly sympathize with the lay preacher who has thus been prohibited from administering spiritual guidance to people who perhaps sadly need his assistance.

INTERESTING DEBATE

Last evening a debate took place at the residence of Mrs. A. Lawrence, William St., in connection with the Gleaner Society of the First Baptist Church, King St. The subject of debate was, "Resolved that tobacco is more injurious and obnoxious than fashion." The affirmative was taken by Mr. Cromwell, teacher of Buxton, and others; the negative by Mr. M. Robinson, Jr., and others. The judges, after mature deliberation, decided the debate to be a draw.

The chair was ably taken by Mrs. P. Emerson, Foster St. True merit, like the pearl inside the oyster, is content to remain quiet until it finds an opening.

To Improve Your Appearance

Retain your youthful freshness so that no one can remark, "she is past her prime." To appear younger and more attractive than the average woman, you must be particular that your hair shows no sign of being thin, short or scrawny. MAN TO MAN—ABOUT BALDNESS

If you are bald, or partially so, you must realize that it makes you look old. Now, notwithstanding the desire to have back your one time bushy head of hair, you hesitate before wearing a natural hair covering simply because you imagine it is going to be noticed by others. Now you never made a greater mistake.

Thousands of men, who thought the same as you do, are to-day wearing a DORENWARD PATENT TOUPEE and instead of carrying the handicap, that baldness proves to them, they are now enjoying the advantage of "looking young"—and that is what counts to-day in business and social life. They act as a protection, preventing colds and catarrh, so common to bald men.

Now do not neglect this opportunity—come and see for yourself. A few minutes' demonstration will convince you that a Dorenward Patent Toupee is not like the clumsy, wiggy affairs that are claimed to be "just as natural."

GOOD GAS PRESSURE

The Volcanic Gas Company have finished the extension south, and the test yesterday showed that the pressure tested at 400 pounds, and the pipe line was holding in good shape. This is the line which extends to the Graham, Richardson and Grant wells.

The company have now two more locations—one on the Church property, and the other five hundred feet from the Halliday well, from which the natural gas which at present supplies Chatham is forced. The Volcanic Company expect to get gas from both new locations.

July Clearance Sale

It's Intended For You

COME TO THE JULY
CLEARANCE SALE..

There is only one July Clearance Sale. There is no other just as good, if there was, ours would not be so popular. But there are plenty of little weak imitations that make a spurt and then sizzle out.

Nothing pleases us more than these imitations. We will admit being a little vain. We are proud of our leader-

ship because it is significant. We know our patrons abide by the old rule—"Imitation is flattery."

It's easy to imitate our sales, any store can do that. But here is where the stick comes. They can't equal our bargains, they are unimitatable. Try to match them elsewhere, these for instance:

NOTES FROM ERIEAU

Mr. Kerr, of the Bank of Commerce, is enjoying the fine evenings at the Eau.

Judge Houston and his daughters arrived at Eribeau yesterday. Their arrival is always awaited by the residents of this resort, among whom the Judge is very popular.

Mr. and Mrs. Homer Turner have opened their cottage "Jubilee" for the season. It is hoped that Mrs. Turner, who has been ill for some time, will benefit by the lake breezes.

Miss Marshall, of Walkerville, is a visitor at the home of Mr. Mornear. Mrs. (Dr.) McFarlane, of Victoria avenue, and young son Harper, spent Tuesday on the bar.

Miss Dorothy Hoar, daughter of Dr. Hoar, Windsor, is a happy little visitor at Mr. McKay's cottage.

Mr. J. E. Oldershaw is enlarging his cottage, "The Mushroom."

The sailing yacht "Victoria," belonging to Miss J. Houston, is now ready to be launched.

Mr. W. W. Turner spent the day at his pretty bungalow, "Belvedere."

Mr. Arch. Park is placing a large flash light at the front of his boat house. Lights like this and the Shrewsbury light are of very great assistance to the sailors here, and the cottagers are very grateful for them.

Mr. Jos. Lugadin, of Toronto, is visiting his son, W. H. Lugadin, manager of Bank of Commerce, Blenheim, at his summer cottage.

"Oh, wad some power the giftie gie us," A dainty petite bride got on the Eau train last night. Of course no one would have taken her for a bride, but just at an most inopportune time a tiny flake of some cereal dropped from the fair hair of her companion. With a deft wave of her hand she quickly disposed of it. Then such a look of relief came over her face. No one had seen it. Poor child, her own hair was full of the same cereal.

Crown Attorney Smith has disposed of his yacht, the Eric B., to Mr. Felt.

Workmen Injured.

Montreal, Que., July 10.—The carling-in of the earth of the foundation of a building being erected at the corner of McGill and St. James streets resulted in serious injury to two men yesterday morning. Superintendent Allen and two workmen were buried. Allen had his arm and several ribs fractured. Alex. Gaul was taken out unconscious.

Pleaded Unwritten Law.

London, July 10.—A Canadian named Silas Ludlam, residing in Hounslow, pleaded the unwritten law when charged with assaulting a man named Tanner and damaging his house. Tanner denied using disparaging remarks concerning Miss Ludlam. The defendant, who behaved with great violence in court, was fined £5.

Got Internal Machine.

Schenectady, N.Y., July 10.—A jury in the County Court yesterday afternoon acquitted John Hallman, who was indicted for attempted murder. He was alleged to have sent an internal machine to Daniel Miller, said to have been his rival in love. Miller is now totally blind.

Pilgrimage to Shrine.

Quebec, July 10.—Fully 1,500 pilgrims from the Diocese of Ottawa arrived in the city about five o'clock last evening en route for the Shrine of St. Anne de Beauséjour.

Six Drown.

Bangor, Me., July 10.—By the capsizing of a pleasure boat in Penobscot Bay late yesterday, six young men of Bangor were drowned.

The weariness and sadness of life come from persistently closing out eyes to its greatness.

WILLIAM GORDON

ROCKED THE BOAT

Result Three of Its Occupants Were Drowned.

New York, July 10.—Three members of the crew of the steam yacht Yacona, belonging to Henry Clay Pierce, of St. Louis, were drowned in the Hudson River early yesterday, when a small yawl, carrying six of the Yacona's crew and a dockman, was capsized by a sailor who rocked the boat.

Four of the party were picked up by a passing tug. No traces have been discovered of the three missing men, and the police are convinced that they are drowned. They are Rudolph Johnson, Frederickson and Herman von Borsen.

The Yacona came into port Monday after a week's cruise in Long Island Sound, and Captain McDonough gave several of the crew shore leave. Six of the Yacona's crew came down to the landing at Eighty-sixth street early yesterday after an all-night frolic, and hailed the Yacona for a launch. There was no answer from the yacht, and in their anxiety to get aboard the sailors induced Appleman, a dockman, to take them out to the Yacona. The dockman wanted to divide the party and make two trips, but against his warnings, all six piled into the yawl, and started for the steam yacht. Several times during the trip Appleman warned his boisterous party to remain quiet, as their movements threatened to overturn the craft. Within a dozen boat lengths of the Yacona one of the sailors gave the yawl a violent lurch, and she capsized, throwing all seven men into the water.

Appleman succeeded in not only clinging to the keel of the overturned boat, but also assisted three of the sailors. All four were finally picked up by the tug which had been attracted by the shouts of the men. The crew on board the Yacona hearing the cries of distress threw a powerful searchlight over the waters and lowered a boat to search for the three missing men. No traces of them could be discovered. The police also searched the river without result.

Henry Clay Pierce, the owner of the Yacona, is chairman of the board of the Waters-Pierce Oil Company, of Missouri.

Smith and Baldwin, the two men charged with forgery, who were brought in to the county goal from Tilbury, were brought up in Judge Bell's chambers this morning, but owing to the absence of the senior county judge, who is attending Court of Revision at Ridgmont, Crown Attorney H. D. Smith remanded the case till Saturday at noon.

Prisoner Smith is the man who made the assault on Turnkey Conover some days ago.

THE STYLE OF HAIR WORN
Is an important factor to produce a younger and refined face and a well shaped head to any lady or gentleman. Prof. Dorenwund, who will be at the Garber House, Chatham, Thursday, July 11, 1907, can demonstrate this to anyone calling on him at his show rooms. He has ladies' and gents' wigs, toupees, bangs, wavy and plain fronts, switches in every length and shade, that he will gladly adjust on any lady's head free of charge to prove this. Don't fail to see him.

FIVE YEARS FOR MAYOR

Crowd in Court Cheer Heartily on Hearing Verdict.

Remarkable Demonstration When Sentence is Passed on Schmitz of San Francisco—Men Throw Hats in the Air—Greatest Confusion Prevailed—Prisoner Protests Vehemently Against Being Lectured.

San Francisco, July 9.—Mayor Schmitz was yesterday sentenced to five years' imprisonment for corrupt practices in the administration of municipal affairs.

The passing of sentence upon the convicted mayor was accompanied by a most remarkable demonstration. As the last words fell from the lips of the judge the great crowd that had stood throughout the dramatic scene sent up a thunderous cheer. Men threw their hats in the air, others climbed upon chairs and the greatest confusion prevailed.

Counsel for Schmitz protested, and appealed to the court to immediately put a stop to this unnecessary scene. "If we had a sheriff worthy the name it would have stopped instantly," replied Judge Dunn.

"No one could have stopped that cheer, your honor."

Then the order was given to clear the court-room.
In the meantime half a dozen photographers had set off their flashlights, and in the midst of the skirling, struggling crowd and the suffocating smoke stood the convicted mayor dictating a statement to a score or more of newspapermen.

21 CHINAMEN ARRESTED.

Chief of Police Accused of Ill-Treatment in Cells.

Ottawa, July 9.—Twenty-one Chinamen were arrested at a gambling joint on Sunday night here. The police raided the premises and found an apparatus and \$40 in use. The Chinamen attempted to get away, but were all rounded up.
Yesterday morning at the Police Court, ten were accused of keeping or being spectators at the gambling den, and eleven were held at witnesses. The accused were remanded on \$100 each.

Meanwhile the Chinamen's solicitor has threatened to sue the chief of police and city for damages for abusing his clients while in the police cells on Sunday night.

ANTI-PAPAL LEAGUE.

International Conspiracy With Intent to Wreck Church.

Rome, July 9.—The Vatican has been informed of the existence of a secret international league, embracing Teutonic and Anglo-Saxon countries, of which it is said many members are of the German Catholic centre.

The ostensible object of the league is the petitioning of the Vatican for the suppression of the index expurgatories, but it is stated that its real object is to stir up strife among Catholics, causing schisms similar to the ultra-liberal movement in Italy. The Pope, it is asserted will shortly take severe disciplinary measures against the new league.

ACCIDENTALLY SHOT WIFE.

Was Examining Rifle When It Accidentally Went Off.

Comber, July 9.—What might have proved a fatal accident, occurred at Stony Point. Fred Bussey and his wife of Detroit, are visiting friends in Stony Point. The former was examining a rifle it accidentally discharged, the bullet entering the side of Mrs. Bussey, striking a rib just over her heart. The bullet followed the rib to the back and lodged in her clothing.

Dr. McEwen of Comber dressed the wound, and unless complications set in Mrs. Bussey will soon be well again.

CABRERA WANTS NAVY.

Is Getting Ready to Meet President of Nicaragua.

Mexico City, July 9.—President Cabrera of Guatemala is negotiating for the purchase of a navy to meet the anticipated attack of President Zelaya of Nicaragua.

It was learned from a high source that Cabrera had recently secured \$500,000 gold on a forced loan and that with this sum he will purchase gunboats.

The Nicaraguan fleet in the Pacific waters consists of three gunboats; she also has three gunboats on the Atlantic.

Elopes With Painter.

Moncton, N. B., July 9.—Etta Ramsey, 14, run away from her home Friday with John McLeod, a painter, aged 50, and has not been located. The Ramseys are a prominent family and the girl is good-looking.

She told her mother she wanted to visit a friend at the seashore some miles away, but the parents objected, and they supposed the girl went down town only.

She left, however, on the next train with McLeod. The police looked for them all over the province, but no trace has been found.

Bowmanville in Darkness.

Bowmanville, July 9.—At 9 o'clock yesterday morning a thunderstorm with a heavy downpour of rain, passed over this district. Citizens do not remember when it was so dark in the daytime before. It was impossible to discern persons across a room. The storm was of short duration.

Victim of Assault Very Low.

Richmond, Que., July 9.—The condition of Lily Lynn, the victim of the murderous assault committed by G. A. Greenhall at Melbourne last Wednesday, is still very critical.

The fact that she has lain so long unconscious is very much against her.

THE HAYWOOD TRIAL.

Entire Morning Session Taken Up by Reading Testimony.

Boise, July 9.—The entire morning session in the Haywood trial was taken up yesterday with the reading of testimony. Testimony was taken by a commission appointed by Judge Wood, who is presiding at the present trial. The defence during the stay of the commission in San Francisco secured the testimony of Bradley himself and several others, expressing the belief that the explosion was due to gas and declaring that the havoc wrought by it was not caused by dynamite.

JUMPS 150 FEET TO DEATH.

Edward Lewis on Way From Hospital Ends His Life.

Toronto, July 9.—Leaving the General Hospital to go to the Weston Sanitarium as a consumptive patient, Edward Lewis hurled himself over the Sherbourne street bridge at one o'clock yesterday afternoon to find instant death in the ravine 150 feet below. Both legs and arms, the back and neck were crushed.

Lewis, who had been a porter at the Elliott House since October last, had been failing in health. On June 25 he went to the General Hospital, where he remained until yesterday morning when it was thought that he would be better at the Weston institution.

Accordingly he was allowed to depart, saying he would just call in at the Elliott House on his way. He did this and talked with employees there, saying he wanted a little fruit to take back with him. He sat in the bar for a while, leaving at 11:30, saying he was glad that he was feeling better.

As far as can be learned he was next seen at the bridge, where he made the fatal leap.

CHARGED WITH FRAUD.

Seven Indictments Preferred Against Bank President.

St. Louis, July 9.—Seven indictments have been returned by the Federal grand jury against Edward G. Lewis, president of the People's United States Bank, charging fraud.

In one indictment Lewis and Francis V. Putnam, cashier of the bank, are charged with using the mails in furtherance of a scheme to defraud the bank's stockholders. Another indictment is against Lewis, Frank J. Gabot and William M. Miller, charging conspiracy to defraud the Government on postage rates on the mailing of publications issued by Lewis.

The other indictments stand against Lewis alone, charging him with a scheme to defraud through the People's United States Bank. All the defendants gave bonds.

The true strength of every human soul is to be dependent on no man nobler as it can discern, and to be dependent upon by just as many inferior as it can reach.

NURSERY NOTES.

Do not talk to or allow your patient to talk while taking his meal.

Cleanliness of the skin in almost all diseases is of the utmost importance.

Do not whisper or walk on the tiptoes, as this is peculiarly painful to the sick.

Place the bed in the lightest spot in the room, and he should be able to see out of the window.

Always have the window of your patient's room open, but not a window on a passage just outside.

Never allow a patient to be waked out of sleep either intentionally or accidentally, as this does serious harm.

Remember never to lean against, sit upon, shake or even touch the bed upon which your patient lies. This is always an annoyance.

Care should be taken in sponging or washing not to expose too great a surface at once so as to check perspiration, says Woman's Life.

STRIKERS BECOME MILITANT.

Men Who Refused to Join Movement Are Attacked.

Rotterdam, Holland, July 9.—The attitude of the dock laborers who struck against the use of elevators in unloading grain ships is increasingly militant.

Attacks on the men who refused to join the movement are so frequent and threats to damage shipping and other property are so persistent that a large force of cavalry has been posted on the quays and police patrols have been detailed for the protection of steamers while loading and unloading.

The ironclad Piet Rein is patrolling the River Meuse, the ironclad Reiner Klazeeuw is guarding the port, and the cruiser Noord Brabant will arrive here to-day.

The less reason there is for a girl to fall in love with a man, the more certain she is to do it.

"The Most Delicious Pastry I Ever Tasted"

THAT'S the verdict when "Kent Mills" Gold Medal Flour is used. It's the most perfect pastry flour in existence—the kind you ought to have in your pantry.

"Kent Mills" Gold Medal Flour is a combination of best Manitoba Wheat with the finest Ontario Red Winter Wheat.

By our method of blending we use the milder, more delicately flavored Red Winter Wheat Flour to dilute the strength of the stronger, more nutritious Manitoba.

All Manitoba Flour is too strong for pastry. When used alone it makes pies and cakes that are inclined to be heavy, soggy, stomach-worriers.

But pastry made from "Kent Mills" Gold Medal Flour is beyond compare.

It's light and flaky, irresistibly tempting. My! how tasty—and so easily digested.

Better order "Kent Mills" Flour right away.

Every bag or barrel "Kent Mills" Flour guaranteed by both the manufacturer and dealer.

THE COREAN DEPUTATION.

Emperor Asked to Explain Gives Evasive Answer.

Seoul, July 9.—At a meeting of the Cabinet Ministers in the presence of the Emperor Sunday night, the former raised the question of the source of the authority under which the Korean deputation at The Hague was acting. The Emperor at first pleaded ignorance, but finally gave an evasive answer and ordered the Ministers to explain the matter to the Japanese in such a manner as to appease their anger.

A committee was appointed to superintend the imperial entourage and prevent any further alleged illegal disturbances, which have frequently occurred.

HELPS MEN TO WORK HARD.

That's what Ferrozone does; it supplies the additional strength that enables a man to maintain health under difficulties. "Last spring I was so completely fagged out that I could not work," writes J. W. Mc-Nichol, of Turnbull, Man. "In the morning I was tired — limbs ached all over. Had no appetite, was sleepless, nervous and unhappy. Ferrozone put new life into me. Now I eat heartily, nerves are strong, I sleep well. I know the joy of real health." It's by supplying nourishment and good blood that Ferrozone builds up; try it—50c. per box at all dealers.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dropsy, The Heart or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Do not make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach narrows the inside nerves — mean Stomach weakness, always And the Heart, and Kidneys, as well, have their controlling nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Bank Clerk Drowned.

St. John, N.B., July 8.—H. Grievos, a member of the Bank of Nova Scotia, was drowned while canoeing in Kennebec River yesterday afternoon. With four others, he was paddling up stream when the craft upset. All were good swimmers, and with the exception of Grievos, decided to cling to the canoe, as the distance seemed too great to the shore. Grievos started out, but his strength could not last and he sank. He belonged to Scotland, having come out a year ago.

2,500 Miners on Strike at Leading Mines in Cobalt.

Demand Recognition of Union—Hundreds Leave Town—Finish Fight the Cry—Riots are Feared—Want Liquor Supplies Stopped—American Union Said to Be Responsible—What the Miners Want.

Cobalt, July 9.—Practically all the men of the thirty leading mines in Cobalt district were on strike last night. Most of them were paid off after breakfast yesterday morning and told that no more meals would be served to them. The sleeping quarters and the dining-rooms at the mines are locked, and the provisions have been put in the managers' houses.

Fully 2,500 men were without shelter last night, after a hard rain. Many have only their money from last week's work. The town council will open the opera house, but not more than 500 men can find sleeping room there.

Union agitators addressed large crowds in the public square yesterday, but there was no open demonstration. Special police were sworn in at the request of the Cobalt Chamber of Commerce.

Over 500 miners left town. Every train was crowded. The railroad has sent special police to guard 25 cars of merchandise on the sidings, and retailers are refusing credit to the strikers. The question of today's supply is serious, but the people are disposed to give food. The police are confident of controlling the situation. There is little intoxication.

To Recognize Union.

Mine managers are determined to run the mines themselves, without recognizing the union, but the strikers are equally confident of success. Yesterday the Nipissing worked 200 men, the Chambers-Ferland 100, Mc-Kinley-Darragh 50, Coniagas 40 and the LaRoc 40.

These mines will continue work while the men remain. A demand is made for higher wages for unskilled labor, but the real fight is for recognition of the union and for skilled workmen in all departments. The managers and union schedules, other are identical.

The merchants will appeal to the Government at Toronto to arbitrate, but no suggestion of arbitration comes from the union or managers. At present, wages are as high as are paid elsewhere in Canada, and are fully up to the average of the States.

The union reports 82 members to-day, the total claimed being 1,400. There are few Canadians, French or Italian workers in the union.

The Ontario law inflicts a heavy penalty on strikers who incite to riot, or who destroy property. Cooler-headed union men have done everything possible to prevent a strike. When trouble seemed certain, President Duke of the local union resigned his office, and he is now working with the more intelligent strikers, to prevent an outbreak.

President McGuire, Duke's successor, says the fight will be to a finish, and that no outside interference will be permitted. He declares he has ample funds to feed the strikers for weeks, if necessary, and to have ordered tents from Toronto and Montreal.

Hundreds of strikers are walking the railroad at midnight to Haileybury, five miles to the north, but that town is already over-crowded.

The union mass meetings last night broke up quietly.

On the surface: Carpenters \$3.75; helpers \$2.75; mechanics \$3.75; pipe fitters \$3.25; blacksmiths \$3.75; help \$3; engineers 35 cents per hour; firemen 30 cents per hour; ore sorters \$3; hammersmen \$3; teamsters \$2.75; hoistmen \$3; cage or bucket tenders \$3; other surface labor \$2.75.

Wrecking Train Wrecked.

Toronto, July 8.—Arthur Lillen, 13 Franklin avenue, Toronto Junction, had his leg broken in a train wreck at Cardwell Junction on the G. T. R. Sunday. The accident occurred to a wrecking train which had gone up to clear away the wreckage of a freight train which had been derailed about a week ago. The whole of the wrecking train except the engine, left the rails, falling a distance of 20 feet to the second track. The officials can give no explanation of the occurrence. The tracks were all clear again within an hour.

Student Shot Governor.

Hankow, China, July 9.—The Governor of the Province of Nangangwei was murdered Sunday by a student. Accompanied by the director of police, the governor was about to enter a school at Nangangwei, capital of the Province of Nangangwei, when the fatal shot was fired.

The director of police seized the assassin and decapitated him on the spot.

Insulted the Italian Flag.

Brescia, Italy, July 9.—As the result of the arrest of a tramp for insulting the Italian flag during the military parade on Garibaldi Day, the Labor Exchange has voted a general strike, which has been effectively carried out. The situation is serious.

Order Four Battleships.

Rome, July 9.—The Minister of Marine has ordered the construction of four battleships.

SECOND VISIT TO IRELAND.

King and Queen Leave For Dublin Exhibition.

London, July 9.—King Edward and Queen Alexandra started yesterday afternoon for Ireland, the second visit since their ascension to the throne. On the way their Majesties will spend a day at Bangor, and lay the foundation stone of the University of North Wales.

The royal yacht is awaiting the King and Queen at Holyhead, and will convey them to Kingstown, where the King and Queen will arrive during the morning of July 10.

One of the special objects of the King's present trip is to visit the Dublin Exhibition.

Void Legacies For Masses.

Paris, July 8.—A number of suits have been brought in France by the heirs of Catholics, to recover property bequeathed to the church for the specific purpose of saying masses for the repose of the souls of dead persons. The decisions of the court thus far have invariably been in favor of the claimants, on the ground that the law of separation rendered the execution of the legacies impossible.

Laurier in Dublin.

London, July 8.—Premier Laurier on Saturday visited Dublin exhibition, receiving a warm reception at the Canadian pavilion.

In all the various weaknesses, displacements, prolapsus, inflammation and debilitating, catarrhal drains and in all cases of nervousness and debility, Dr. Pierce's Favorite Prescription is the most efficient remedy that can possibly be used. It has to its credit hundreds of thousands of cures — more in fact than any other remedy put up for sale through druggists, especially for women's use. The ingredients of which "Favorite Prescription" is composed have received the most positive endorsement from the leading medical writers on Materia Medica of all the several schools of practice. All the ingredients are printed in plain English on the wrapper enclosing the bottle, so that any woman making use of this famous medicine may know exactly what she is taking. Dr. Pierce takes his patients into his full confidence, which he can afford to do, as this formula after which the "Favorite Prescription" is made will bear the most careful examination.

Dr. Pierce's Pleasant Pellets are the best and safest laxative for women.

Ages of Great Painters.

It is strange to notice what great ages most of the famous Italian painters reached. Spinello was nearly 100 at the time of his death, Michael Angelo nearly ninety, Da Vinci reached seventy-five, Claude Lorraine eighty-two, Carlo Maratti eighty-eight, and the list might be greatly extended.

How to Be Vulgar.

A writer in The London Mail in some suggestions on "how to be vulgar" says: "If you want to be absolutely on the safe side, wear a set of whiskers, any sort—sideboards, face fins, fungi, mutton chops, canines, weepers, hold-alls, let-us-prays or ear-guards—will do."

A CULINARY TERM.

What Au Gratin Added to an Article of Food Means.

Au gratin added to the name of an article of food means that whatever is selected to serve in this way is put into a baking dish, a white sauce is added, the top covered with buttered crumbs and the whole set in the oven to brown. It is an appetizing way to serve leftovers and cooked vegetables. To some vegetables, like cauliflower and potato, a sprinkling of cheese is added before the crumbs are spread on. The crumbs are prepared by mixing in the proportion of one cup of crumbs to one-third cup of melted butter. To serve au gratin vegetables are usually cut in dice, fish is flaked and hard boiled eggs chopped coarsely, but the materials are never mashed.

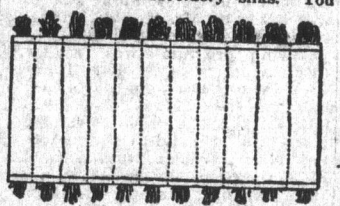

This is a most satisfactory way to serve different foods as side dishes for the main dish at luncheon. The baking dish should be one that will be presentable on the table, and if it is not a paper foil or a napkin folded around it will disguise the coarseness of the ware. On no account should the contents be removed to individual portions. So many handsome fireproof dishes are now made that no coarse yellow or agate dish need be taken for anything served au gratin. Individual baking dishes or ramekins are sometimes used, and nothing can be more appetizing than a little cauliflower au gratin served piping hot with a sprig of parsley for garnish. Some cooks class all foods prepared in this way under the head of escapoped, while others apply the latter name to oysters and foods not twice cooked, but covered with crumbs and browned.

A NOVEL HOLDER.

An Easy Way to Fill an Embroidery Case.

If short of a bodkin, did you ever try using a small safety pin in its place? If not, do so, as you will find it very effective. After all, what is needed is a smooth head to drive through the casing and a loop to hold the ribbon or tape. Both of these the safety pin supplies.

This plan is specially nice in filling a holder for embroidery silks. You

A CASE FOR EMBROIDERY SILK.

haven't one? You always use a book to hold them? Oh, make yourself a silk holder by all means. It is the simplest thing in the world and of its kind the most convenient. Take a piece of goods—silk, cheesecloth or whatever you will—about eighteen inches long (longer if you have many shades) and ten inches deep. Fasten to this another piece eighteen inches long and eight inches deep, after hems have been turned down on both sides. Stitch the two pieces together at the ends, leaving difference in width on both sides, and stitch again and again at intervals of one inch, which makes a space for each skein. Finish with featherstitching. The silk can then be drawn from the top as needed and is thus kept from tangling and from soil. The best implement with which to draw the skeins in place is a safety pin, as it supplies a longer loop.

Honor Medal For Chinese Woman.

Te Pat Mui, Chinese woman of Hongkong, has received a medal for bravery displayed during the great typhoon. She is the only woman who has ever been decorated for signal bravery in the history of the colony and probably the only Chinese woman who holds a medal of honor presented by foreigners.

Te Pat Mui won the medal simply through not losing her head when in danger. She was on the water front when the storm broke, and she saw her house swept away by the waves that drove in from the outer harbor.

Instead of joining the mad rush back to the upper lands she stayed just outside the zone of the floating wreckage and busied herself pulling people off floating roofs and directing them to places of refuge. When most of the Chinese water dwellers had fled Te Pat Mui was noticed by the white men who were doing rescue work along the Hongkong bund still busy directing those of her race who came drifting in to land where to go to get out of reach of the waves.

Care of Glassware.

Most every housewife is the possessor of some pieces of table glassware, and often there may be pieces of genuine cut glass in the collection.

This, if cared for properly, will be preserved intact and retain its brilliancy for generations, and the imitation cut glass will so much more resemble the genuine if rightly handled. Only tepid water and the purest castile or other good soap should be used for cleansing such articles, and a small stiff brush should be used in order to get every particle of dust out of the cutting.

The piece should then be submerged in boxwood sawdust and allowed to remain some little time, so that the sawdust will absorb the moisture and clear the glass. The softest of clean cloth without any nap should it should be used for the final polishing.

Usually shot or some sort of metal is used for removing sediment in decanters, vases, etc. Such material is likely to scratch the glass, and after numerous cleanings the scratches will show.

Niagara Falls, N.Y., July 8.—Robert M. Dickson of Meridian, Mississippi, a Knight Templar, on his way to the Saratoga convalescence, was just emerging from the "cave of the winds" on Saturday when a large rock tumbled from the cliff above and struck him upon the head, causing a compound fracture of the skull. He is in a precarious condition. Dickson is 24 years of age and unmarried.

A STOREHOUSE FOR POISONS.

You may not think so, but that's what you become: when the kidneys are affected. These organs cleanse the body; they are the filters that remove from the blood the waste matter that acts like deadly poison on the vitality and health of the system. Dr. Hamilton's Pills stimulate the kidneys, expel fermenting matter from the bowels, restore the liver and stimulate all excretory and secretory organs. This enables the blood to quickly replenish itself and establishes perfect health. No medicine does such lasting good as Dr. Hamilton's Mandrake and Butternut Pills, at all dealers.

Ill Humor in the Home.

Some of us are oftentimes unreasonably cross over trifling matters—seem to really enjoy provoking the serenity of all about us with our ill humor. This does not tend to create a happy home and is detrimental to peace and happiness in every walk of life. Does any one seriously think that groaning and fault finding lessen in any degree the work we have to do? We must learn to curb all these disagreeable moods and tendencies. Life will be more worth living to ourselves and those about us. Make it a point to be happy, and the work will be found much easier and its performance more satisfactory.

What a mistake to use coarse

Salt for cooking! Fine, pungent WINDSOR SALT adds such a daintiness to the food!

Gas Economy.

There is a lot of waste of gas in the average household.

Few people remember to turn down the gas on leaving a room, and the hall light which burns for hours and hours is usually turned up much higher than is necessary.

It's the same with cooking. Nobody seems to understand that when once the contents of a saucepan are boiling all that is necessary is to keep it at boiling point, and every bit of gas burned over the necessary amount is absolute waste.

Servants are particularly wasteful, and the maid who remembers to turn the gas out when she takes off an iron is a treasure.

One woman who is a practical economist uses the tiny night lamp that consumes only a small amount of oil and that is quite as satisfactory as gas that is turned low, besides being considerably cheaper.

C. P. R.'S NEW CROSS-CONTINENT FLYER.

"Trans-Canada" Makes Fastest Time Across America.

The business of the country is growing to such an extent that the C. P. R. finds it necessary to run an additional train between three trips a week during July and August. This train, which will be known as the "Trans-Canada Limited," will make the fastest time of any time across the American continent. It will carry baggage car, dining car and sleeping car, and with most modern appointments, and only first-class passengers will be carried. She will leave Montreal on the first trip July 2nd. Berths can be reserved in Toronto for passage from North Bay to points west of Winnipeg at which the "Trans-Canada Limited" stops. No passengers will be carried from Toronto to Winnipeg or points east thereof, as Winnipeg passengers arrive only one hour later by taking the "Imperial Limited." List of stops, full particulars and berth reservations can be obtained at C. P. R. local ticket offices, or from C. B. Foster, D. P. A., C. P. R., Toronto.

NEW LINE TO MUSKOKA.

Canada's Greatest railway, in building a line to connect Toronto with the main transcontinental track at Sudbury, has incidentally given us a new direct route to the Muskoka Lakes district, over which fast passenger trains will be running after Saturday, June 22nd. Bala, which is three and a half hours from Toronto, will be the Lakes terminus this summer, and there steamers of the Muskoka Navigation Co. will connect with trains, carrying travellers to all points on Lakes Muskoka, Joseph and Rosseau. The roadbed is heavily laid and well ballasted, train equipment is new and handsome, and to the local trains there will be two flyers to the Lakes, the Lakeland Limited and Sunrise Express, and two flyers south-bound, the Queen City Flyer and Twilight Limited. Through sleepers will run to and from Toronto, Buffalo, Pittsburg and New York, and, of course, a splendid equipment of parlor cars, dining cars, and luxurious day coaches. C. B. Foster, District Passenger Agent, C. P. R., at Toronto, will be glad to mail full particulars of trains and handsome illustrated Muskoka folder, or same may be obtained free from local C. P. R. agents.

ABERDEEN 12-WALLACEBURG 17

The Aberdeen Junior baseball team of North Chatham were defeated at Wallaceburg yesterday by the score of 17 to 12. McLean and Tickner were the Chatham battery. McLean did good work in the box, striking out ten men, while errors in the field allowed Wallaceburg to score. The battery for Wallaceburg was Moore and Young. Young was hit pretty hard in the fifth and Furtah was put in the box for the rest of the game. The Chatham boys played a good steady game with the exception of a few costly errors, and were able to put up pretty good ball. Bowers for Chatham played a good snappy game at third, while Burrows who played second base for Wallaceburg was there with the goods all the time.

The following are the players and their positions: Chatham—Tickner c., McLean p., Fielder 1., Morrison 2., Bowers 3., Burnie s.s., Seeley l.f., Wade c.f., Martin l.f. Wallaceburg—Moore c., Young p., Furtah 1., Burrows 2., Gordon 3., Zavitz s.s., Jennings r.f., Nightengale c.f., Savage l.f. Umpires—Austin and Bickus.

The C. F. M. Baseball Team will play the Wagon Works tomorrow afternoon, on Tecumseh Park, at 4.30. This game was to have been played Saturday, but, as several of the players could not get away, the game was scheduled for to-morrow.

DRESDEN

Dresden, July 9.—A large number attended the Methodist Sunday School excursion to Tashmoo Park and Detroit on Tuesday, and reported having a very enjoyable outing. Mrs. J. B. Carscallen left on Monday for Gravenhurst to visit her daughter Hester.

Miss Eva Aikin and Miss Maud Watterworth spent Tuesday with Mrs. Harris of Dawn Mills.

Invitations have been issued by Mr. and Mrs. Paupst to the marriage of their daughter, Grace Abbalet, to Mr. Charles Roy Lochlin, of Detroit, on Saturday, July 20th, at high noon.

WALLACEBURG

Wallaceburg, July 10.—The local lodge of the Orange Young Britons, also a number of the surrounding O. Y. B. Lodges, including Chatham, attended divine service in the Baptist church on Sunday. The large turnout, the church being filled, Rev. W. A. Gunton, the pastor, preached the sermon. The text was taken from the story of Shadrack Meshac and Abadnego in the fiery furnace. The preacher said that we must not get the idea that the end justifies the means.

L. H. Side returned Sunday from a visit to his son Bert, of Lorain, Mich., and also Cleveland and other places.

George Handor, of Dover, was up before Squire McDougall on a charge of disorderly conduct, and he was fined \$20 and costs.

The new roller rink is to be opened this evening to skaters. This rink is the second largest west of Toronto and is certainly one to be proud of.

Quite a number of citizens are leaving at this time to spend some time camping on Walpole island.

ENTERTAIN THEIR FRIENDS

The B. Y. P. U. of the Central Baptist church entertained their friends Monday evening. The topic was taken by Mr. M. Side, and after an intermission of ten minutes the following program was rendered: Instrumental solo, Master Hildreth; vocal solo, Miss Anna Clements; reading, Miss Mattie Haviland; instrumental solo, Miss Eva Dy; vocal solo, Miss Edith Merrill; reading, Miss Haviland; vocal solo, Miss Belle Cameron. Every selection was endorsed, but perhaps the favorite of the evening was Miss Mattie Haviland in her readings, the audience calling for double encores. Miss Haviland is an educationist pupil of Miss Florence Surby of the C. B. C. staff, and certainly does her teacher credit.

Iced drinks and cake were served after the close of the program, and the meeting was dismissed by the singing of the National Anthem. All report having spent a delightful evening.

IT RINGS IN YOUR EARS.

That same cough is everywhere you go, deep and hollow because consumptive. First it was catarrh, which could have been cured by Catarrhazone. Moral, never neglect a cold, never trifle with catarrh, go to your druggist and get Catarrhazone. It's instant death to colds, cures them in a few minutes. Throat trouble and catarrh disappear as by magic. Catarrhazone is the great throat, nose and bronchial remedy to-day. Thousands use it, doctors prescribe it, why, because it does relieve quickly and cure thoroughly. Two sizes, 25c. and \$1.00, at all druggists.

CORNELIUS BROTHERS ARE AT MOUTH OF RIVER

Messrs. L. A. and H. C. Cornelius, of the Wolverine Brass Mfg. Company, who arrived in the city yesterday, left this morning for the mouth of the river in a gasoline launch. They were accompanied by Mayor William Stone and Alderman Harry Westman.

The purpose of the trip down the river is to examine the sand at the mouth of the stream to ascertain its usefulness for moulding purposes. The new factory, which will be erected in Chatham, will use large quantities of sand. While down the river the party who are accompanied by City Engineer E. B. Jones, will enjoy a quiet day's fishing.

GENTLEMEN, IF YOU ARE BALD.
