THE RESULT IN DETAIL

CONSERVATIVES.

Table listing Conservative candidates and their vote counts across various constituencies like Addington, Algonquin, Brockville, etc.

SANDY GRANT'S BIG MAJORITY

Complete returns from East Hastings gives Sandy Grant 895 of a majority. The majorities in the different municipalities as far as heard from are as follows:

INCOMPLETED RETURNS GIVE GOVERNMENT 57 MAJORITY

Liberals Make Advances Throughout the Province Against Heavy Odds and Reduce Many Majorities—Three New Constituencies Captured—Four Supporters of Mr. Rowell Go Down.

TORONTO, June 30.—After a hard contest, in which the provinces evinced more enthusiasm on both sides than for many years, the voters of Ontario returned Sir James Whitney to power with a majority of fifty-seven seats. The latest returns indicate that the standing in the new House will be as follows:

Table showing the standing in the last Legislature with Conservative (86), Liberal (19), and Independent (Evanturel) (1) seats.

HON. J. O. REAUME The Only Minister Who Went Down to Defeat

One Minister of the Crown was defeated in the person of Hon. J. O. Reaume, Minister of Public Works, who lost the convention nomination in the new riding of Windsor and ran as an Independent Conservative. The straight line candidate, O. E. Fleming, was defeated and the seat went to Rev. J. C. Toimle.

Beatty who snort and struck the goal post. In the second half our boys got busy and talk about high kicking, the Zion boys jumped so high our boys had to kick high to reach them but Downey had it on them as he was high enough without making any fuss. Downey and Ketcheson together the ball down once more but they thought they struck a stone wall, why, because Ketcheson and Pine and our game little goal tender who did fine work and then Zion taking the ball to the target goal but was soon returned by the good work of the Harrison brothers and passed to Holbert and then to Chappell who shot on goal but of no use somebody else shot and the ball went in.

THOMASBURG

Thomasburg, June 29—The delightful rain that came on Sunday was much enjoyed by the farmers of this vicinity.

VICTORIA

Victoria—The rain is doing lots of good to the crops. Mr. G. Babcock motored to Belleville on Saturday. Mr. N. Weese spent Sunday at Trenton. Mr. and Mrs. Wm. Bush spent Sunday with Mr. and Mrs. B. (White) of Sidney.

RHEUMO CURES RHEUMATISM

No matter how long standing your case may be, don't despair, get a bottle of Rheumo today. F. G. Clarke sells it with a guarantee to benefit you. Rheumo is wonderful in its quick action, the pain ceases, the muscles and bones are rid of soreness and stiffness, and very soon a Rheumo patient is able to have the same strength and vitality of youth. Rheumo builds blood so rich and thick that uric acid cannot possibly exist. Rheumo costs only \$1.00 for a large bottle from F. G. Clarke or direct all charges prepaid from B. V. Marion Co., Bridgeburg, Ont.

VOTING WAS VERY HEAVY

TORONTO, June 30.—The vigor with which the election was fought throughout Ontario yesterday is attested by the fact that the vote was perhaps the heaviest ever polled in the province. From fragmentary reports now at hand records for high percentage of votes cast were made in every riding.

Gray's 27,000, who appealed from the condemnation of the Legislature to his constituents, came back. He headed the poll in Prescott, defeating both Liberal and Conservative candidates. Mr. Ewanturel's return to the Legislature as an Independent.

In Toronto the poll was exceptionally large and the Tory metropolis repeated what it has done for years—returned a complete Conservative slate. The new faces in the Legislature from Toronto will be Wm. H. A. Norman, the late member.

The Hastings majorities were large. Prince Edward went Liberal by nearly 100. At the last election Norman won by 579.

The split in the conservative vote by the independent candidacy of Mr. Norman was conceded as a sign of a Liberal victory.

How the change in Prince Edward affected the conservatives may be imagined from the remarks of Mr. W. W. Anderson, of Rosmore—"The Conservatives brought up Bob Norman. Now he has stabbed us in the heart."

The condition of the weather, and the appearance of things in general early in the day showed that "the elements" had it, that "Abolish the Bar" was a slogan which did not attract many.

Shortly after five-thirty returns began to come into the temperance committee rooms. Nearly all giving large majorities to J. W. Johnson. Foster Ward for instance giving 109 majority, where the conservatives had figured on "only" 81. Each succeeding return had the mark of Johnson's victory. It was but little after six o'clock when it was conceded that Johnson had probably defeated Sinclair by nine hundred majority.

Close in North Oxford. WOODSTOCK, Ont., June 30.—N. W. Rowell's victory was expected in North Oxford, but his majority of 549 received in 1911 was reduced to 115. While the city gave R. E. Butler (Con.) a majority, the country went strong for Rowell and the large city majority was overcome, giving the Liberal leader a lead in the riding.

Prontfoot Returned. GODERICH, June 30.—Centre Huron yesterday returned Wm. Froudfoot with a majority of 313. An increase of 100 over his last election, and had it not been for very inclement weather, which retarded the country vote, it is estimated his majority would have been at least 400. The urban vote was the largest polled for many years.

WHAT HE EXPECTED. Sir James Says Outcome Did Not Worry Him. TORONTO, June 30.—"Twas a glorious victory—just what I expected," was the brief comment of Sir James Whitney last night when asked for a statement for the press.

The Prime Minister left his office early in the afternoon and received the election results in his home by telephone. He followed the returns from each constituency with keen interest and occasional expressions of satisfaction, but manifested no concern at any time as to the outcome. During the latter part of the evening, when most of the returns were in, Sir James was literally deluged by telegrams of congratulation.

Beyond the brief expression quoted, however, Sir James declined to make any pronouncement last night. He retired early, dropping into bed to make a more extended statement today.

Walking into the waiting-room at Bonaventure Station at Montreal an unknown man shot himself in the head. Before dropping into bed he replaced the weapon in his suitcase.

PRINCE EDWARD REDEEMED AT POLLS BY N. PARLIAMENT

Hastings Ridings Went Tory by Large Majorities—Addressed by Liberal and Temperance Candidates.

From Tuesday's Daily. As a result of yesterday's battle of the Ballots, Hastings County again went Conservative in all three ridings. But the one bright spot in the Bay of Quinte situation is the fact that Mr. Nelson Parliament of Ameliasburg, bore the Liberal standard to victory in Prince Edward County, defeating the Conservative candidate Mr. Harry Dempsey and the Independent Conservative, Mr. R. A. Norman, the late member.

The Hastings majorities were large. Prince Edward went Liberal by nearly 100. At the last election Norman won by 579.

The split in the conservative vote by the independent candidacy of Mr. Norman was conceded as a sign of a Liberal victory.

PILES CURED AT HOME BY NEW ABSORPTION METHOD

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the new absorption method; and will also send some of this home treatment free for trial, with directions from your own locality if requested. Immediate relief and permanent cure assured. Send no money, but tell others of this offer. Write today to Mrs. Summers, Box F. 57, Windsor, Ont.

DAMES AND DAUGHTERS.

Lotta M. Crabtree is the richest actress in the world. Miss Katherine B. Davis, commissioner of corrections in New York city, is a baseball fan. Mrs. Charlotte Perkins Gilman says that "man has put an aura of myth and poetry about the home, but did you ever see a man who would stay there for any length of time?" Mrs. Ernest Hart, a woman scientist of England, who invented washable banknotes, is the head of a factory erected in London to carry through some of the chemical processes she has perfected. Mrs. Carolyn B. Shelton is the only woman who has been acting governor of a state. Mrs. Shelton was secretary to Senator Chamberlain when he was governor of Oregon, and when it was necessary for him to be out of the state she took his place temporarily. Riche's Anti-Consumptive Syrup is agreeable to the taste, and is a certain relief for irritation of the throat that causes lack of cough. If you are suffering from a cough, there is no need to recommend it to those familiar with it, but to those who seek a sure remedy and are in doubt what to use, the advice is try Riche's Syrup.

PRESENTATION TO REV. FATHER MURTAGH

On Sunday morning immediately after mass the congregation of the R. C. Church surprised Rev. Father Murtagh by presenting him with an address and a well-filled purse of gold as a token of their esteem for him and his work amongst them for twenty years this being the Silver Jubilee of his ordination to the priesthood.
 The reverend gentleman was all the more taken by surprise since he thought he had side-tracked such a demonstration on the part of his parishioners by even withholding from them the date of his Silver Jubilee.
 The address was read by Mr. A. A. McDonald and was signed by the leading members of the congregation, and they hold the reverend gentleman and their appreciation of what he has done for them spiritually and temporally.
 Father Murtagh in replying smilingly remarked that on this occasion they had got ahead of him as personally he did not like demonstrations and for this reason when asked from time to time what was the date of his Silver Jubilee, always kept the date a secret. This he did not only with his congregation but with his neighboring brother priests who were anxious to join in the celebration. Then he told them that the date was already passed it being the previous Monday, June 15th.
 Continuing he said that when he left the world and became a priest a few days with Mrs. J. C. Meagher by the work he was called on to perform. They likely realized that long form. They likely realized that long ago, as he always went ahead and did

the work which devolved upon him to the best of his ability, awayed neither by praise or adverse criticism. He was proud to be able to say that they always nobly did their part.
 For these reasons he appreciated all the more the kindly sentiments expressed in their address and the very tangible proof of these sentiments by the well filled purse that accompanied them.
 Of the twenty-five years spent in the priesthood, twenty has been spent in Marmora, one and a half in Kingston and three and a half in Kingston.
 In conclusion he hoped that the same friendly relations would always continue between them and it would not be his fault if they did not.

Italian Youth Held Up?

What is thought by some to be a hold-up, occurred on Saturday night at nine o'clock at the corner of Timmel and Dundas Streets. Two young men saw a boy with a satchel. One walked over and took him down. The other helped the Italian boy to get up and demanded that the Italian boy be released. The noise attracted a gentleman who drove them off.
 All the boy did was to take in the road and shut. "You two hoboes" and ran off up Dundas street. The men disappeared.
 It is wise to prevent disorder. Many causes lead to disorders of the stomach and few are free from them. At the first manifestation that the stomach and liver are not performing their functions, a course of Parke's Vegetable Pills should be tried, and it will be found that the digestive organs will speedily resume healthy action. Laxatives and cathartics are so blighted in these pills that no other preparation could be so effective as they.

RESULT OF THE ELECTION.

The result of yesterday's election adds very considerably to Mr. Rowell's following in the legislature at Toronto, but scarcely reaches the confident expectations that were formed some days ago by the forces of temperance.

A majority of the electors of Ontario have declared by their ballots against the Temperance policy.

This does not prove that the policy was either right or wrong. It merely proves that it was defeated at this election.

No question is ever settled until it is settled right.

If the open barroom is right, if it is a public benefit, if it works for the good of home and society, it ought to be and will be preserved.

If, on the other hand, the licensed bar is an evil, if it is wrong, if it is bad as an economic proposition, sooner or later the people will find a means to put it out of existence.

Whether this question will remain "in politics," as the expression is now understood, remains to be seen. That a very great proportion of the professed prohibitionists voted for party rather than principle cannot truthfully be denied.

To say that the temperance party as a whole is insincere is quite untrue. Many thousands of ardent conservatives who had voted a straight party ticket all their lives, left their party on this issue and worked loyally to promote the acceptance of the principle in which they believed.

To those temperance workers who labored just as faithfully to promote the return of the government candidates we do not issue any maledictions. We leave it to them to determine with their own better judgement, and their own consciences whether at this time they have been honest with themselves, and true to their professions.

The one bright spot in the local horizon is the return of Nelson Parliament for Prince Edward county, where an overwhelming majority 587 was converted into a majority for the temperance candidate of ninety.

The crowd that assembled in the liberal club rooms last night to hear the election returns did not have the appearance of a party that had undergone defeat. There was everywhere evident the lively satisfaction that comes to men who have met their duty squarely and carried it out fearlessly. The cheering that greeted the various speakers was quite as hearty and spontaneous as though it was party victorious.

STARVATION FOR THE SUFFRAGETTES

Some prominent English clergymen have expressed the opinion that the militant suffragettes who have got themselves into jail ought to be permitted to starve themselves to death if they choose to do so.

allowed out to recover their health. Then they will be rearrested. The point is that in the interval between incarcerations they have opportunities for fresh attacks upon national treasures, for fresh insults to the King, for fresh experiments in arson and in disturbing church services.

UNCONSCIOUS CRUELTY TO CHILDREN

"Percival, come here this minute; sit down and be still." "Percival, stop chasing that cat!" "Percival, if you don't make less noise I'll tell father and he'll attend to you."

Well done, Prince Edward!

The fact that several paid government officials were out yesterday actively canvassing and working for the government candidate will probably be made the subject of inquiry at the next session of the legislature.

The possibility of saving babies in a great city like New York through child welfare interest on the part of organized societies is presented by some remarkable statistics just given out by the board of health of that city.

Last year the death-rate was 102. This represents for New York the saving of the lives of upward 8,000 babies within a single twelve months.

It is significant of the importance, which is now attached to town planning in the Old Country that a movement is on foot to establish a Chair of Town Planning at London University.

OPEN LETTER

From Rev. W. G. Clarke, B.A., Pastor of the Tabernacle Church, re the Present Temperance Situation.

To The Editor of The Ontario Dear Sir,— Now that the battle of the ballots is over, we have duties of a serious nature before us.

Mr. Rowell Regrets, However, That Gains Were Not Greater. WOODSTOCK, June 30.—Mr. N. W. Rowell received the results of the election at the Woodstock Young Liberal Club rooms, and, interviewed later in the evening, made the following statement:

Now we cannot afford to be divided. In the interests of righteousness and good society and the promotion of every general and public interest it is essential that all sincere men stand shoulder to shoulder.

On the great issue up for settlement in this election, the policy of local option as the means of curtailment of the evils of intemperance has triumphed by a overwhelming majority, so far as the ballots indicate the will of the people.

The Hon. W. J. Hanna, speaking at Point Edward on Tuesday June 16th, as reported in the Mail and Empire on June 17th last, said: "The impression is sought to be given that the Conservative party is the party of intemperance and the Liberal is the party of temperance."

Personally I believe that Mr. Hanna is sincere and that the above is a true summary of the situation, so far as the attitude of the two parties and the question at issue are concerned.

Change of Route. Commencing July 2nd, S.S. Varuna will operate daily except Sunday between Trenton and Picton, calling at intermediate points.

Found Skiff. Mr. W. S. Thompson yardman at Holton's Mill, last night at 9:10 p.m. saw two boys in possession of a skiff.

Boy Was Run Over. A child was run over on Pinnacle Street below Dundas street by a buggy this morning.

Rev. A. M. Hubly left today for Toronto to remain until Friday.

Mrs. J. Edgcombe, and son Kenneth of Napanee are visiting in the city.

Capt. Jax Hunter, of Picton, is spending a few days at his home in the city.

Mrs. Nichols and daughter, Katie, have gone to Frankford to spend a couple of weeks.

Mr. and Mrs. Michael Corrigan of Albert are spending a few days in the city the guest of Mr. D. J. Corrigan and Mr. P. Donovan.

Miller's Worm Powders are sweet and palatable to children, who show no hesitancy in taking them.

Dirigible Balloon Record. TOUL, France, June 30.—The French military dirigible balloon Adjutant Vincinet, piloted by Georges Jour, and carrying eight passengers has established a new world's record for continuous navigation by dirigibles.

Charged With Shooting. FORT WILLIAM, Ont., June 30.—Shot through the lungs, H. Heikkinen, a Port Arthur Finlander, is in a serious condition.

A scientist says that human hair grows at the rate of .1095 of an inch a day. Some people who dye their hair to forget this.

of a local option campaign for the City of Belleville for January next. Such a campaign should be started at once as time is a very essential element in making the necessary preparations for a successful campaign.

If our Conservative temperance friends will take the matter up and call a meeting immediately I believe that every leader in the present temperance interest will be found standing shoulder to shoulder with them.

The Taernacle Parsonage June 30th, 1914. P. S.—I am also sending a copy of this letter to the Intelligencer.

LEADER IS GRATIFIED.

Mr. Rowell Regrets, However, That Gains Were Not Greater. WOODSTOCK, June 30.—Mr. N. W. Rowell received the results of the election at the Woodstock Young Liberal Club rooms, and, interviewed later in the evening, made the following statement:

It is gratifying to find that, notwithstanding the whole weight of the Government forces, aided by the organized liquor interests, we have improved our position in the House. For the sake of the policy for which we were fighting I regret that our gains were not numerous.

DEATH OF SOLOMON VERMILYEA.

Ex-Mayor Vermilyea received word this morning of the death of his only brother, Solomon, of Belmont Lake, Peterboro' County.

Mr. Vermilyea was a well-known former resident of this city. Some years ago he conducted a corset factory here, and later established the roller skating rink on the site of the present Baptist Church.

He is survived by his wife and two daughters, Mrs. (Dr) Campbell, of Jamestown, N. Y., and Mrs. I. B. Cooper, of Chambers, Ohio.

Mr. Vermilyea is the eldest son of the late W. H. Vermilyea, and was about 65 years of age at the time of his demise.

He was a member of Meira Lodge, A. F. & M. and an adherent of the Methodist Church.

World Not Celebrate Peace. WASHINGTON, June 30.—A bill to create a commission and appropriate \$25,000 for the proposed celebration of the anniversary of the signing of the treaty of Ghent and 100 years of peace between English-speaking nations was brought up in the House yesterday under suspension of the rule and was defeated by a vote of 185 to 52.

Overtures For Peace From Turks. CONSTANTINOPLE, June 30.—The Greek reply to the last Turkish note which has been received here is couched in friendly spirit and accepts the proposals of Turkey regarding the exchange of Turkish and Greek property and the appointment of a Greek-Turkish commission to supervise the arrangement.

No New Features. FREDERICTON, N.B., June 30.—The royal commission enquiring into the Dugal charges held their first session in Fredericton yesterday, sitting for about three and one-half hours.

Dirigible Balloon Record. TOUL, France, June 30.—The French military dirigible balloon Adjutant Vincinet, piloted by Georges Jour, and carrying eight passengers has established a new world's record for continuous navigation by dirigibles.

PASSENGERS TRANSFERRED.

Steamer Cassandra Removes 1,019 Passengers From the California. LONDON, June 30.—A wireless message to the Mail Head Station early yesterday from the Anchor Line steamer Cassandra, which is ashore on Tory Island, stated that the vessel struck at 9.30 o'clock Sunday night in a dense fog.

The Cassandra and the destroyers, the message stated, experienced some difficulty in locating the California, owing to the fog and treacherous nature of the coast.

The 1,016 passenger on the California commenced disembarking at daybreak, being taken aboard the Cassandra.

SOUTH AFRICANS COMING.

Big Party of Farmers Will Tour Canada and the U. S. LONDON, June 30.—An extensive tour of Canada and the United States has been arranged for the party of 53 South African farmers, under the leadership of Johannes Adriaan, a member of the Executive of the Union of South Africa, which recently arrived here.

The members of the party are to be the guests of the Dominion of Canada, and will visit the eastern and western provinces and afterward go to Minneapolis to study grain handling and the elevator system.

Some of the farmers intend to remain in the United States for a time to study fruit farming in California.

BRIEFS FROM THE WIRES.

Prince Alexander of Teck is to represent King George at the funeral of Archduke Francis Ferdinand, and not Prince Arthur of Connaught, as had been reported.

The Hebrew Christian Alliance of America was organized at a meeting held yesterday in Brooklyn, N.Y. Rev. S. B. Robold, Toronto, Ont., was elected president.

Father Laiselle, parish priest of Loiselleville, which was formerly Canard River, who was suspended by Bishop Fallon, has been reinstated following his withdrawal of accusations he had made.

From the middle of the cantilever bridge spanning the Reversible falls at St. John, N.B., Mrs. Harold Climo fell 80 feet into the river. She was rescued and will live.

When the Liner Campania arrived in New York yesterday, three on board were under the care of the surgeon and a fourth, Mrs. Anna Nichol of Glasgow, who had slashed the others with a pocket knife, was under careful surveillance.

OUR daily news letter from this thriving town furnished by The Ontario's special representative.

Busy Trenton

The latest news of the town and surrounding neighbourhoods given in an interesting manner.

Trenton, June 21.—Mr. Charles McLellan of Williamsport Pa., reached town today to spend the summer holidays with his parents at the "Grove".

The Executive of the Board of Trade interviewed Mr. Geo. Collins today, with a view of inducing him to use his influence in having the one far Saturday market rate retained. It is not probable that the C. N. R. will recede from the stand taken, as the road is more or less, owing to railway association regulations, bound to do away with cheap rates at all points Trenton is one of the last places to enjoy such a privilege.

The Conservative party will hold a meeting in Weller's Opera House this evening.

Mr. O'Connor, who recently purchased a lot from Mrs. Raymond, is building thereon a handsome residence.

We noticed Councillor Lewis and City Engineer Marshall on Marlboro street today. Town officials, like policemen, are rarely seen on this busy thoroughfare, so the inference is that something like a new side-walk may be the result of the visit.

Dr. Farncombe, who was recently called to Montreal in consultation, has returned to town.

The Molsons Bank building is receiving a new coat of paint and some new signs.

The Scouts, under command of Troop Leader Calloway, went into camp on Saturday afternoon at Fireman's Park remaining under canvas until Monday evening. The boys are beginning to show the results of the training and their Troop-Leader is to be heartily congratulated upon the good showing made.

W. H. Gill is the fortunate possessor of one of the prettiest and well-kept gardens in Ontario. The perfection to which he has brought his flowers is marvellous and reflects great credit upon their owner.

We noticed today also, that Dr. Farley's garden had a most pleasing appearance.

Trenton, June 28.—The Chief of Police reports that a number of men of the 16th regiment had to be induced to return to their barracks after having taken a short walk around town. Ten days at Petawawa, apparently made them a little drier.

Mr. Leon Schiff, of Toronto, an ex-

perienced moving picture show proprietor, accompanied by Mr. H. C. Long Manager of the Reliance Securities Company, is in Trenton today arranging for the establishment of one of the largest and most up-to-date film Louises between Montreal and Toronto. Mr. Schiff has bought from Mr. Barton Hooff, 66 by 138 feet on Dundas street, just west of W. W. White's bakery, and will commence the erection of the building at once. The seat of the capacity will be for 500 people. Mr. H. C. Long tells us that Mr. Schiff has had long experience in the movie business and will prove an excellent citizen for this busy town.

We were slightly surprised to understand that Mr. Schiff had become interested in other Trenton business undertakings and that the probabilities were bright of his being able to induce some of his friends to turn their attention in this direction.

Mr. Deaven Hay, of Toronto, is in town today calling on friends and on business men in his line.

A number of young people attended a very pleasant dance at Twelve o'clock Point in evening.

The local company of the 49th Regiment returned from camp today.

Tramps and beggars abound these days in east Trenton. Without the very slightest attempt at police protection, they should be they are.

We would earnestly ask that the parents and elder men of the town, who are or should be interested in the good work done by Troop-Leader Calloway of the Trenton Cadet Corps, show their interest and sympathy with the movement by turning out when requested to do so by the boys in whose interests he is giving up so much time. Last night only three parents turned out to the meeting. Trenton is the most discouraging place in the Dominion in which to get any interest shown in any good movement for the benefit of the young people and we live that if the parents of the boys do not realize the great value of maintaining morally and physically, there is but slight hope of the corps remaining a live body. Men will flock to a political meeting and listen to a lot of talk about improving the moral status of the country at large, but they will think it too much trouble to offer a little encouragement to a mere boy, though an enthusiastic, who does more to try to improve the morals of their boys than all the political parties that ever existed.

THE CAUSE OF HARD TIMES IN THIS CANADA OF OURS

"Thur'low" Gives His Views in Another Carefully Thought Out Letter to The Ontario—The Folly of the Present Canadian Industrial Policy.

Editor The Ontario.

Being for the present somewhat under the weather to the extent that while quite able to read the papers and view the surrounding landscape from the front steps, with one foot curiously elevated for comfort and safety, I am reminded by certain things I read to once more "take my pen in hand."

Chief amongst the certain things is a lengthy extract from the annual address of the president of the Canadian Manufacturers Association, Mr. C. B. Gordon, Montreal. This has run through all the weekly papers and having heard much of this association during the campaign of 1911 and having also heard of Mr. Gordon as one of the young Napoleons of Montreal, I read it over, I have done the same thing so often since that I cut it out and the full text follows hereunder.

"The business depression cannot be made light of. Every day there are fresh reminders of its existence, reminders that lead one to speculate as to its cause, duration, and the extent to which one's resources may be taxed in surviving it.

The association of events that led to business impairment was developed, a year ago, the Balkan crisis, with the clashing of money. On the heels of this came the Ulster situation and purse-strings tightened again. War in Mexico aggravated the situation and put in jeopardy hundreds of millions of capital. The cumulative effect on borrowing power was therefore pronounced.

The condition is not peculiar to Canada or North America. It is world wide.

London firms have undigested Canadian securities, but they have also undigested securities of South Africa, Mexico, and the far east.

All have had their troubles and Canada's credit is better than the average.

Huge sums have been spent on two transcontinental railways with long links of doubtful value, but there are vast stores of undeveloped wealth to be approached.

Canada cannot pay its obligations through agriculture alone.

It is everyone's duty to place his undertakings, financed by borrowed money, on a sound basis.

The report reviews the period of prosperity when costs became inflated, and concludes "Let us progress more slowly, wisely and safely."

The problem is to make investments pay.

On the tariff the address says: "If many resources have lain dormant under moderate protection it is reasonable to suppose they will spring into activity with the tariff lower still?"

The press can help to bring agriculture and manufacturing together. Canada needs business men in her Parliaments. The proportion of lawyers and farmers is unduly large."

It is surely no reflection on Mr. Gordon to say that that is scarcely a cheerful thing to say, a good deal, too. And on still further consideration, it strikes me as being quite an interesting for what it does not, as for what it does say. Hence, my attempt at amplifying the text, lest someone should think this country fair game to the toboggan towards complete wreckage. In point of fact, Mr. Editor, this country is at this moment nearer a sane view point of things as they are than any time will be than it has been for some years. Mr. Gordon appears almost resentful over the attempt to put Canada down as an agricultural country. He may be correct but the face of things today shows there is far less to be gained from the farming than our methods of promotion and finance, chiefly with regard to manufacturing and railroading. However, he may be forgiven, because he had not a very lightsome topic and he added to the gloom of the herewith, which lay the situation open as squarely as it can safely be done under his conditions, and last but not least he was probably consumed with disgust that these things were being said as soon after his following, he upset a government and become so conspicuous as a political power. He says: "It is everyone's duty to place his undertakings, financed on borrowed money, on a sound basis. The problem is to make investments pay."

If open confession was ever good for the soul a genuine glow must then have spread itself over the frame of Mr. Gordon. It must be noted, however, that he did not go beyond the bald statement. Possibly it was not useful in the company before which he was speaking. Our body economic suffers from a complication of diseases and when these manufacturers meet each other they are silent, fearing to open the sores of the other. All are sitting tight and wondering whether they can weather the gale.

First, we have been importing more than we export. This gives an adverse balance of trade, putting us in debt to the rest of the world. In doing this we have, of course, built many miles of railway, some of it very crisply, and we have had many large industrial undertakings. As a consequence we might adopt the frequent rule of raising the value of our assets to correspond with the other side of the ledger and thus establish a good showing, if only we could get the rest of the world to adopt our valuation. Verily does Mr. Gordon say: "The problem is to make investments pay."

Second, we have, or had, forgotten that land could have a fictitious va-

lue. We do not need to be reminded of the readily saleable output they have. It certainly looks as though a very large percentage of Canada's high tariff chickens were home-roasting on the doorstep.

The law of compensation, Mr. Editor, is as fixed as the stars. This country is, of itself, all right and straight ways so. Messrs. Porter, Northrup and Hepburn all declared against "truck and trade with the Yankees" and in spite of them the farmer makes good. If they now can demonstrate that the high tariff industrial fabric of ours can save itself from itself, we hope it may be so. The farmer can take care of himself and the "chickens" who carpet-bagged Ottawa for months past for money and more help of every kind have their answer as to whether those officials not after votes have the situation sized up in the recent Western rate decision of the Railway Commission.

If there are not enough free traders born of present day conditions, before same pass away, to take charge of this young country and put it on its feet squarely, there will, at least, be one farmer with regrets for the industrial activity of the east. Here we have a market of our very own, growing by leaps and bounds and never to be missed. Every one who goes to the West appeared to justify the industrial activity of the east. Here we have a market of our very own, growing by leaps and bounds and never to be missed. Every one who goes to the West appeared to justify the industrial activity of the east. Here we have a market of our very own, growing by leaps and bounds and never to be missed. Every one who goes to the West appeared to justify the industrial activity of the east.

Story of a Woman With a Mona Lisa Smile

By F. A. MITCHEL

Royal Twining and I were boom friends. Roy was accustomed to confide in me in almost everything, and as soon as he became engaged he took me to see his fiancée. Marjorie Gooding, or Marjy, as she was usually called, struck a vein of curiosity in me the moment I saw her. It is difficult, indeed, impossible—for me to explain why I can only say that she seemed strange to me. She had heard a great deal of me from her lover, and when she turned those singular eyes of hers upon me it was evident that I was an object of interest to her.

When Roy and I left Miss Gooding he spoke not a word to me as we walked along together, and yet I knew he was saying mentally, "Well, what do you think of her?" I did not reply to the unexpressed question for some moments, for the simple reason that I did not know what I thought of her. "It is impossible, Roy," I said presently, "for me to pass judgment on the lady of your choice without knowing more of her, and I am sure you don't wish me to say pleasant things got up for the occasion. Have you observed anything—well, mystical about her?"

"Mystical? How mystical? What's mystical?"

I saw at once that the something in his fiancée that affected me strangely was a vacuum in him. I immediately switched off.

"Oh, I don't doubt that she will make you an excellent wife. Judging simply from appearances, she will supply certain deficiencies there are in you, and you will pull together nicely."

What I meant by Roy's deficiencies was that he was usually under the influence of his passions. One of them—games of hazard—was a very important matter with him, and I expected

that when married his wife would have trouble with him on account of it. Naturally he tried to induce me to name the deficiencies. I did not hesitate to mention the one I have referred to—the gambling passion.

Roy and Miss Gooding were married. Roy was well fixed in the matter of income, the wife had nothing. They went abroad on a wedding trip and remained there a long while. They had been there about a year when Mrs. Twining wrote me about Roy. She said he had joined a club in Paris where gambling was much in vogue and had lost considerable money. She said further that she wished she could get her husband back to America, where I would help her in the matter, for she was aware that I had considerable influence on Roy.

The letter was evidently an appeal for me to come over to Paris and save what remained of Roy's fortune. There were reasons besides my interests in the Twining's to induce me to go over. I was a man of business and had been working too hard, with the result that I was threatened with nervous prostration. The winter was a cold one, and my doctor had advised me to quit work and go to a warm climate, recommending a trip to the Mediterranean and Nice as a stopping point. This would help me to draw Roy away from his club in Paris. I wrote him to meet me in Nice.

The Twining's had been in Nice a fortnight when I arrived. I found Mrs. Twining there, but not her husband. He had gone to Monte Carlo, I had evidently got Roy out of the frying pan and put him in the fire. His wife told me that he had lost nearly everything he had in Paris, and she was prepared to hear that he had lost the rest at Monte Carlo. He had asked her on arriving at Nice to go there with her, hoping to recoup. She had refused, and he had gone alone. She did not break down under the ordeal, but talked about it in a very businesslike way. I proposed that we should go together to Monte Carlo and attempt by a united effort to get Roy away in time to save the remnant of his fortune. When I said this the lady

looked at me with a very singular expression. I had seen a copy of the celebrated picture, the "Mona Lisa," whose disappearance from the Louvre had attracted so much attention, but which has been restored to its place there and the look on Mrs. Twining's face when I made this proposition reminded me of that portrait.

"No," she said. "I will remain here. My influence with him has not been sufficient to prevent this misfortune, and my presence with him would do more harm than good. If there is anything left when you get there you may save it."

There was the same sad and look in the eyes, the same peculiar smile on the lips as those of the "Mona Lisa," and they were as unintelligible to me on the living face as in the portrait. What prompted me to ask the question I cannot explain, but I said:

"Do you think you could influence me to do your bidding?"

"I am quite sure I could."

The smile with which she said this reminded me more than ever of the smile on the lips of the "Mona Lisa."

I accepted her suggestion and went over to Monte Carlo. Mrs. Twining had informed me that the day before my arrival at Nice, Roy had changed his hotel. She did not say why, but I saw by her look she inferred that he had been called upon to pay his bill and had not the means to do so. She had not yet been informed of his new address. I arrived at Monte Carlo about 8 o'clock in the evening, and, after registering, went immediately to the gambling pavilion, expecting to find Roy there. I was surprised not to see him and was about to leave when an attendant stepped up to me, asked me my name and, upon my telling him, said that I was wanted at the telephone. On taking up the receiver and asking who was waiting for me Roy said:

"I'm not feeling well enough to go to the pavilion tonight, and I wish you to lay a stake for me. Put \$10 on the red and leave it there till I send word for you to take it off."

"Roy," I said, "I must see you at once. At what hotel are you staying?"

I waited for a reply, but no reply came.

"Roy," I called—"Roy, are you there?"

All was silent as the grave. I did not know where he was stopping, but resolved to go at once and search the hotels for him. As I was about to leave the pavilion the face of Mrs. Twining came up before me, and somehow I fancied it as saying: "Do as Roy has bid you. If you don't you may have cause to regret it. If you do it may result in a run of luck." I hesitated and turned toward the room where a card about the roulette table listened to the monotonous call of the croupier, "Make your bets!"

I went in, stood over the table for a few moments, looking on, then took a United States gold eagle from my pocket and placed it on the red. I felt that I would rather lose that amount than refuse Roy's request. After it was gone that would end the matter, and it was sure to go at last, because I would obey his instructions not to take it off till he sent word to do so.

The ball spun and the red won, many times the amount of the stake—I have forgotten how many, for I have never bet a cent since. And I kept on winning; I have forgotten how many times the red won before the same attendant who had summoned me to the telephone tapped me on the arm and told me that Mr. Twining had telephoned I was to take the stake off the red and place it somewhere else. I remember moving a heap of money several times after that, but where I placed it I don't know, though I do know that every time I moved it there was a greater abundance. I have lost remembrance, too, of the instructions I received or whether I received any instructions after the first or second, nor can I positively assert that I was not playing on my own responsibility. There came at last a sudden awakening, and I seemed to realize what I had been doing. I saw a heap of money on the table and, gathering it up, bore it away.

On reaching my hotel I went immediately to my room, locked my windows in a bureau drawer and went to bed. But I did not go to sleep till morning. Through the long hours I was haunted by that singular face, at times the "Mona Lisa," at times Mrs. Twining, and finally dozed off with the two confused.

When I awoke in the morning and went downstairs the landlady asked me if I knew the American who had killed himself the day before. I asked the name and was told that it was Twining.

This is all the statement I have to make except that Twining was dead when I heard his voice. His wife when I saw her again had that same "Mona Lisa" look on her face, and I fancied I could see traces of the smile. But that should naturally be referred to the imagination.

The money I had won was about half what Twining had lost after his marriage. I was obliged, literally, to force Mrs. Twining to take it.

There are three hypothetical explanations:

First—Was I not in an abnormal physical condition? Did I not create most of the experience and win a lot of money at gambling?

Second—Did Twining in the spirit play through me in order to provide for his wife?

Third—Did Mrs. Twining cause my experience?

If I asked to which of these three propositions I lean I should reply, "To the third." But whether or not she did it unconsciously or what was the secret of her power over me I have no idea.

ENQUIRY ADJOURNS

Week O-mmissioners Will Now Deliberate on Verdict.

LAWYER ASSAILS KENDALL

Counsel Haight for Storstad's owners, Claims That Empress' Steering Gear Broke Down and That Captain Lost His Head in the Emergency - Cannot Have Happened Says Aspinall.

QUEBEC, June 29.—The Empress of Ireland wreck enquiry was Saturday afternoon adjourned sine die, to allow of the commission considering its findings. The last day was marked by an able address to the commission by C. B. Haight, who has conducted the case from the point of view of the owners of the Storstad, the collier which rammed the Empress, a reply by Butler Aspinall, K.C., who has acted for the C. P. R., and a general review of the evidence by Edmund L. Newcombe, K.C., who has represented the Dominion Government.

Mr. Haight sought to lay the blame for the tragedy at the door of the Empress of Ireland, claiming that the vessel's steering gear broke down and that after this had happened and Captain Kendall had been forced to stop his ship, he lost his head when he found that he had done so right in the path of the Storstad. Mr. Haight said it was not to be expected that Captain Kendall would acknowledge this in face of the world. Mr. Haight also emphasized the fact that the present heading of the hull of the vessel is north-east. Whereas the Storstad's officers had all along given the direction of the liner as her hull had been found. Evidence for his contention that the steering gear of the Empress had been broken down, he claimed, was to be had in the testimony of Galloway, the quartermaster, who had witnessed the unsparring use of the lash fairly well, and the stories of the crew of the Alden, who contended the ship had swerved, the quartermaster swearing the helm had jammed on the night of the disaster. He contended the Empress' witnesses had told a story that was false.

Mr. Aspinall said that he could not understand why Mr. Haight had indicted Captain Kendall, when, if it was true that the steering gear had broken down, he could not be blamed for the collision and would have absolutely no reason to commit perjury. He invited the court to find against the indicted Captain Kendall, when, if it was true that the steering gear had broken down, he could not be blamed for the collision and would have absolutely no reason to commit perjury. He invited the court to find against the indicted Captain Kendall, when, if it was true that the steering gear had broken down, he could not be blamed for the collision and would have absolutely no reason to commit perjury.

Mr. Newcombe said that probably neither the officers of the Storstad nor the Empress had intentionally swerved. He thought, however, that both were to blame, the Storstad for having ported her helm in a fog and the Empress for stopping when the navigation regulation only called for her to stop up. He suggested that the Empress' steering gear was due to the watertight doors not being closed, in a large measure, and he thought if it was found that portholes had enabled water to reach the interior of the ship, never again should it be possible for them to be a contributory cause to a disaster. They should be closed on a signal from the bridge the moment a fog appeared. The same applied to watertight doors.

After thanking counsel for their close application to their several tasks Lord Mersey adjourned the sittings of the commission.

CANNOT AVOID HOME RULE.

Unionists Would Have to Pass Bill Says Birrell.

LONDON, June 29.—(C. A. P. Cable.)—"Home Rule is inevitable," declared Irish Secretary Birrell, speaking in Yorkshires Saturday.

If the present Government disappears tomorrow the first thing the Unionist Government would have to do would be to promote the Home Rule bill. Whatever they might be pleased to call it and what it was called, Ulster against the present bill was secured. He deeply deplores that any portion of Ireland should be separated, from another for six years, and did not believe any party in Ireland would do it.

Any other proposals would be carefully considered by the present Government.

J. Kenneth Duncan Is Dead.

THAMESVILLE, June 29.—Wide-spread sorrow has been occasioned here by the death of J. Kenneth Duncan, who has passed away at the home of his parents on Victoria street. Mr. Duncan, who was only thirty-two years of age, had been ill for some months and though his death was not unexpected, it came as a severe shock to the whole community. He was one of Thamesville's most popular young men and was well known throughout the district. He has been assistant postmaster for a number of years. He leaves his parents and one sister, Miss Catherine, at home.

Freight Advance Decision Delayed.

WASHINGTON, June 29.—The five per cent. advance freight rate decision was not handed down Saturday by the Interstate Commerce Commission. Some doubt is now expressed whether it will be announced July 8, as predicted.

It was stated Saturday that the commission may not decide features of the advance rate case at this time, leaving them open for consideration next fall.

Fire Wiped Out Plant.

WOODBURY, Conn., June 29.—Fire believed to be of incendiary origin Saturday, destroyed the plant of the American Shear & Knife Co. in Hotchkissville, entailing an estimated loss of \$50,000. The concern employed 125 hands.

LINER IS AGROUND

California in Bad Plight on Rocks Off Irish Coast.

GUNBOATS OFF TO SCENE

Passengers Are Reported to Have Been Transferred and Are Expected in London To-day—Advices From Great Lakes Say That Steamers Are All Safe After Big Storm of Saturday.

LONDON, June 29.—The Anchor Line steamer California is on the rocks off Tory Island and calling for assistance. Gunboats have left London today to assist the steamer. LONDON, June 29.—The California's bows are badly damaged, and she is taking in water through two holes. It is reported that the passengers destined for points in Ireland already have been transferred from the vessel and are expected to reach Londonderry at noon to-day.

The Anchor Line steamer California sailed from New York June 20 for Moville and Glasgow. On board the vessel were 121 cabin and over 300 second-class passengers. Tory Island lies off the north-western coast of the County Donegal, Ireland. It is a rocky reef two miles long and half a mile wide. On the northern end of the island is a lighthouse.

Found Steamer on Shore.

BATAVIA, Java, June 29.—The British steamer Kintuck of the China Mutual Steam Navigation Co., reported overdue Friday after a violent earthquake in Sumatra, was found Saturday by the steamer sent out to search for her. She had been driven ashore in the Straits of Sunda between Java and Sumatra by heavy seas caused by a submarine disturbance. The Kintuck was crowded with native emigrants.

Gotland Off the Rocks.

MONTREAL, June 29.—James Thom of the Canada Line received a cablegram from Antwerp Saturday that the company's steamer Gotland, which ran on the rocks off the Scilly Islands a few days ago, had been floated and was proceeding to St. Mary's, Scilly Islands, in tow of tugs.

Lake Steamers All Safe.

DETROIT, June 29.—Reports from the important great lakes stations last night are to the effect that although Lakes Superior and Michigan were quite stormy Saturday night by a gale which in some localities reached a velocity of 90 miles an hour, all boats known to be out are reported safe in port or in sheltered harbors.

The general hoisting of storm signals along the chain of lakes at noon Saturday gave mariners ample time to prepare for the blow, and those boats too far out to obtain the port signals were notified by wireless telegraph to return to port.

On Lake Superior the force of the gale was most severely felt. At Superior the steamer Mataafa, of Buffalo, went hard aground on Superior Reef, and only after some hours' work by harbor tugs was she released and towed into the Great Northern ore dock.

PICTURE THEATRE HIT.

Lightning Bolt Causes Panic in Chatham "Movie."

CHATHAM, June 29.—During a heavy electric storm Saturday evening a moving picture hall was struck by lightning while a performance was on, and for a time it seemed as if a panic would happen. The lightning struck the transformer just outside the building, and the electric light service in the theatre was immediately cut off. The lightning traveled along the wires leading into the building and killed the theatre with a dull blue light.

Several women screamed and fainted and a number of them jumped up and tried to scramble for the door. A man in the gallery raised the cry of fire and proceeded to climb down from the gallery to the floor of the house. It was with the greatest of difficulty that the attendants prevented a panic.

The rain fell in torrents and it is impossible at this time to estimate the damage which will be done to the crops. The rain was very hard on the young corn crops, for the plants are just coming to stand up in the fields.

Galt Boy Hurt.

GALT, June 29.—Cecil Chamberlain, the nine-year-old son of W. Chamberlain, Lansdowne avenue, on Saturday evening at the entrance to Dickinson Park was knocked off his bicycle by a baby buggy and run over by an automobile, owned by Hall Bros., Galt. The driver apparently did not know he had run over the lad, for he backed the machine over him a second time. The boy was picked up and hurried to Dr. Dakin's office in the car. Although the machine passed over the lad's abdomen no bones were broken, and so far as could be seen the boy was only badly shaken up and bruised.

Large Catholic Congress.

MONTREAL, June 29.—A high water mark in regard to the number of eminent ecclesiastics present at any Eucharistic congress, will be reached at Lourdes next month, when over 170 cardinals, archbishops and bishops will support the papal legate, Granite De Belmonte, on the opening day, July 2.

Canadian Honored.

AMSTERDAM, Holland, June 29.—On the occasion of the celebration of the forty-first anniversary of the foundation of the University, a large number of degrees were conferred Saturday. These included a doctorate of letters on Prof. William Peterson of McGill University, Montreal, Canada.

ROYAL PAIR SLAIN

Student Shoots Archduke Ferdinand of Austria and Wife.

IN THE CAPITAL OF BOSNIA

Heir to the Throne of Austria and His Morganatic Wife Are Victims of Bomb Outrage Which Proves a Failure and Are Later Shot Down by Youth on Return Trip Through the Streets.

SARAJEVO, Bosnia, June 29.—Archduke Francis Ferdinand, heir to the Austrian-Hungarian throne and the Princess of Hohenburg, his morganatic wife, were shot dead in the main street of the Bosnian capital by a student yesterday, while they were making an apparently triumphant progress through the city on their annual visit to the annexed provinces of Bosnia and Herzegovina. The archduke was hit full in the face, and the princess was shot through the abdomen and throat. Their wounds proved fatal within a few minutes after the shooting, and, to which they were hurried with all speed.

Those responsible for the assassination took care that it should prove effective, as there were two assassins. Both first armed with a bomb and the latter with a revolver. The bomb was thrown at the royal automobile as it was proceeding to the town hall, where a reception was to be held by the archduke and his wife. The deadly missile coming and warded it off with his arm. It fell outside the car and exploded, slightly wounding two aide-de-camps in a second car, and half a dozen spectators.

There was a brief pause for the procession that the tragedy was added to the long list of those that have darkened the pages of the recent history of the Hapsburgs. As the royal automobile reached a prominent point in the route to the palace, a slight grade student, Gavrio Princip, sprang out of the crowd and poured a fusillade of bullets from an automatic pistol at the archduke and the princess. Both fell mortally wounded.

Princip and a fellow conspirator, a compositor from Trebinje, named Gabrinovic, barely escaped lynching by the infuriated spectators and were finally saved by the police who escorted them to the police station. They are natives of the annexed province of Herzegovina.

The first attempt against the archduke occurred just outside the girls' high school. The archduke's car had been stopped for a moment for an inspection of the building when Gabrinovic hurled the bomb. This was successfully warded off by the archduke that it fell directly beneath the car. The occupants of which, Count von Botofack and Col. Merizzo, were struck by slivers of iron.

Archduke Francis Ferdinand stopped his car and after making enquiries as to the weather they learned what aid he could, continued his journey to the town hall. There the burgo-master began his customary address, but the archduke sharply interrupted and snapped out: "Herr Burgo-master, we have come here to pay you a visit, and bombs have been thrown at us. This is altogether an amazing indignity."

After a pause, the archduke said: "Now you may speak."

On leaving the hall the archduke and his wife announced their intention of visiting the wounded members of their suite at the hospital on their way back to the palace. They were actually bound on their mission of mercy when, at the corner of Radulof strasse and Franz Josef strasse, Princip opened his deadly fusillade.

A bullet struck the archduke in the face. The princess was wounded in the abdomen, and another bullet struck her in the throat, severing an artery. She fell unconscious across her husband's knees. At the same moment the archduke sank to the floor of the car.

The assassins were interrogated by the police during the course of the afternoon and both seemed to glory in their exploit. Princip said he had studied for a time at Belgrade. He declared that he had obtained the bomb from an amateur at Belgrade, whose name he did not know.

International Trouble Feared.

VIENNA, June 29.—It is feared that the Sarajevo tragedy will still further embitter the none too friendly relations existing between Austria and Serbia. Both youth who fired the fatal shots and the bomb are Serbians with close associations with Belgrade. The bombs also came from Belgrade.

It is likewise remarkable that the first news of the assassination received at Belgrade came from the Serbian capital.

King and Queen Bombarded.

LONDON, June 29.—Militant suffragettes circumvented the police on Saturday and bombarded King George and Queen Mary with leaflets at the entrance to Hyde Park. A bundle of the papers struck the royal couple and knocked it sideways, while that Queen's parasol caught another shower of pamphlets.

Two women were seized by the police and carried away struggling violently.

Boats Collide.

KINGSTON, Ont., June 29.—The passenger steamer Alexandria, on her way from Kingston to Charlotte, collided off the lake about two o'clock Saturday morning, with the steamer Querida loaded with pulpwood.

Neither boat sustained much damage, as both were able to proceed on their way. The Querida was on her way from Anticosti Island to Thorold.

APPEALS TO POWERS.

U. S. Minister at Athens Busy in Albanian Trouble.

Situation at Durazzo Grave.

ATHENS, June 27.—George F. Williams, American Minister to Greece, yesterday sent to the newspapers a report of his investigations in Albania, which he visited recently by the authority of the Washington Government. In his report, Mr. Williams adds that he saw the Epitrope in Durazzo. A belated despatch placed himself at the disposal of the international commission of control, which, however, gave him no reply.

Mr. Williams says he considers the conditions in Albania anarchical, and declares the present regime impracticable owing to anti-Italian rivalry. He appeals to the Powers to create a neutral state with an essentially local government.

Austrian Volunteers.

VIENNA, June 27.—A volunteer force of retired officers and men is being formed here to go to Durazzo to protect the Prince of Wales. Already 1,800 men have been enrolled for this purpose.

PUTS UP POSTAGE.

Hon. Mr. Peletier Announces Increase on Papers.

OTTAWA, June 27.—The Postoffice Department announced yesterday that, to meet the cost of the increased subsidy to railways for carrying the mails, the postage on newspapers and periodicals will be increased. The present charge is one-quarter of a cent per pound. It is proposed in the future to charge one cent per copy for papers delivered by letter carriers. Where there is no letter carrier system the charge will be one-quarter of a cent per copy.

In the recent session of Parliament, the Postmaster-General, while not admitting that he did not already have the power, sought the right to fix certain rates. After prolonged discussion the bill was so amended in the Senate as to be unacceptable to the Department.

According to the postal authorities there is nothing to do but to enforce the law as it stands under section 71 of the act.

A circular to the publishers issued by the Department points out that the law as it stands requires one-quarter cent for each pound weight, or fraction of a pound, and as "the law does not establish a bulk rate of postage, this question of one-quarter cent for each copy must now be met."

JUST DRIFT, SAYS CARSON.

Ulster Leader Criticizes Policy of Government.

LONDON, June 27.—(C. A. P. Cable.)—Sir Edward Carson has issued the following statement regarding the Home Rule amending bill: "It is the old story, which is described as hypocritical sham, and which was only allowed and offered us because it was known we could not possibly accept it. Moreover, the bill demonstrates during all these months that no progress has been made by the Government in framing details for the separate Government of Ulster. It is somewhat ludicrous to provide that Ulster is to accept any administration that the Lord Lieutenant, who will be subject to the advice of Dublin Ministers, desires to set up. The whole thing shows in every line a policy of drift. It looks to me as if there was to be no effort at a manly policy to solve the present situation."

Stegel and Vogel to Be Tried.

NEW YORK, June 27.—Henry Stegel and Frank N. Vogel, prime movers in a chain of department stores which failed some time ago, and are indicted for grand larceny and violation of the state banking laws, will be tried in Genesee, Livingston County, in October. This has been decided by Supreme Court Justice Blanchard here.

Recently the defendants were granted a change of venue on the ground that the public was influenced against them in New York City. Thousands of poor depositors had their funds tied up in the failure of the Stegel private bank.

Justice of Peace Dies.

OWEN SOUND, June 27.—A tragedy is reported from Flesherton, where Justice of the Peace McGill expired yesterday morning while sitting on a case with Magistrate McMullen. After hearing the evidence, Mr. McGill was just remarking that the case should never have been brought to trial, when he collapsed. He was dead when those about him raised him up.

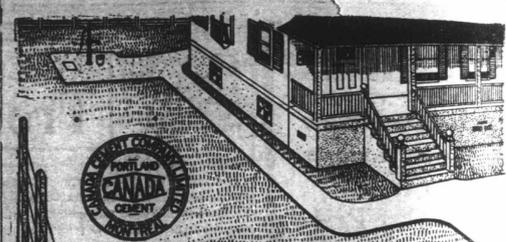

Mr. McGill was a leading resident and former township auditor. He was station agent for the C. P. R. for many years and was unmarried.

Woman Drowns Self and Babe.

PRESCOTT, Ont., June 27.—The bodies of Mrs. Maud Mille of Edwardsburg and her 18-months-old child were found Thursday night in the St. Lawrence river. Just east of Prescott. In view of the fact that the woman had threatened to drown herself, the coroner decided that an inquest was unnecessary. The bodies were interred yesterday afternoon.

Art Experts Find Treasures.

STOCKHOLM, Sweden, June 27.—Dute's art experts have discovered in the National Museum Gallery here two Rembrandt—"A Portrait of a Woman" and "Abraham's Sacrifice." Both pictures are said to belong to the master's early period.

Concrete walks need no repairs. THEY are not only best at first but are cheaper in the end than any other kind of walk. They are clean, permanent and safe. There is nothing to become loose nor are they slippery. They improve the general appearance of a house and are a source of great satisfaction to every housewife because they keep children out of the mud, prevent colds from wet feet and prevent dirt from being "tracked in" on floors and carpets. Equally important is the fact that they never wear out and never need repairs. This free book "What the Farmer can do with Concrete" tells all about concrete walks and how to build them, and a score of other things needed on every farm. Write for it to-day. FESTIVAL OF ST. JOHN THE BAPTIST

Observed by Masonic Fraternity of City Yesterday at Tabernacle.

In spite of inclement weather the Masonic Fraternity of the city took part in large numbers in the annual observance of the Festival of St. John the Baptist, held yesterday in the Tabernacle Methodist church.

The Rev. Bro. W. G. Clarke, B.A., B.D., occupied the pulpit and preached the sermon to the brethren. Special music was rendered by the large choir, including Gounod's "O Divine Redeemer," and "The Lord is Exalted," (Jon E. West) Dudley Duck's quartette, Mrs. James Grant, Mrs. Nicholson, Mr. E. S. Rockwell and Mr. S. R. Burrows. The hymns for the service were "All hail the power," "Nearer My God to Thee," and "Onward Christian Soldiers."

A hearty welcome was extended to the brethren by the pastor who is a member of the fraternity.

"The stone which the builders rejected, the same is become the head of the corner"—St. Matthew 21-42, was the appropriate text chosen for the sermon.

An abolition of popular acclaim had arisen after the raising of Lazarus and Jesus approached the magnificent temple, the pride of the Jewish race.

St. Matthew 21-42, was the appropriate text chosen for the sermon.

He points it by the tradition of the Jewish race. "The stone which the builders rejected" is a Jewish story emerging from the dim mystic past.

It was first crystallized in literature in Psalm 118—"The stone which the builders refused is become the head of the corner."

The tradition was that the stones for the temple were cut and hewn away from Jerusalem, the stones being brought to the city ready to be placed without use of ponderous hammers.

The tradition was that the stones for the temple were cut and hewn away from Jerusalem, the stones being brought to the city ready to be placed without use of ponderous hammers.

They heroes were warriors, mighty men, David, Jephthah, Solomon, coming with chariot and unsheathed sword. Christ came out of Nazareth a babe. He preached "Love your enemies," "Consider the lilies," Bah! away with Him, crucify Him, they cried.

Jesus Christ is the chief corner stone of the preaching of salvation of body and soul as taught in the healing of the paralytic, and the ordinations of the church, the Lord's Supper and Baptism. The teaching has been "The Lamb of God taking away the sins of the world."

An artist after much search and study finds artistic ease in a point of vantage, balance of light and shade. He who would obtain the view point of history, science, music, art, blending all life into one harmony, must take his stand at the Cross of Calvary, not on the pinnacle where Satan tempts him.

The universe was built upon the prospective sacrifice of Christ. All history, science, art, redemption itself are to be viewed from the perspective of the purpose of Him. He is the chief corner stone and by His sacrifice on the tree we are healed.

Young men look out on life and look to fulfill the purpose of their lives. They ask what principles shall be adopted to make life a success. The mistake they make is that the service of Jesus Christ in life is only something that becomes a trifling ornament, a fresco on the cold pillar, not a foundation. The pastor told a story of a young law student he knew who had brightest hopes but did not interest himself in religion.

In later life he became a tramp, every ambition gone by the board. He had not taken Jesus Christ into his calculation. He thought Christ was only an ornament, not the chief corner stone. Young men are protected at home, have not tested life. When the current sweeps upon a man he needs the blessed Christ as the foundation, the mighty rock of salvation.

Bickie's Anti-Consumptive Syrup is agreeable to the taste and is a certain relief for irritation of the throat that causes hacking coughs. If used according to directions it will break the most persistent cold and restore the air passages to their normal healthy condition. There is no need to recommend it to those familiar with it, but to those who seek a sure remedy and are in doubt what to use, the advice is—try Bickie's Syrup.

PEACE SUNDAY IN SUNDAY SCHOOLS

Of Presbyterian Churches in the City Yesterday.

In the Presbyterian churches of the city yesterday afternoon Peace Sunday was observed. There were patriotic services, commemorative of the hundred years of peace between Canada and the United States (1814-1914). The lines of thought taken up by the service were I—Personal Peace; II—Social Peace; III—National and International Peace. The responsive readings included passages of scripture which emphasized peace.

LETTERS TO THE EDITOR

APPRECIATION.

Dear Sir,—I wish to express my sincere appreciation for your past hearty cooperation with me as "Y" Press Supt., in making public temperance truths. But hereafter any article written for the "Y" or over the signature of "Y" Supt. or "Y" Press Supt. will not be my work as I have resigned the office of treasurer and press superintendent as I cannot longer by my continued support appear to endorse the attitude of a temperance society that would not come out for "Abolishing the Bar."

Again thanking you for your past cooperation and requesting your continued support of the Belleville "Y". I remain, Yours sincerely, Edna W. Earley.

SUCCESSFUL PUPILS.

At the recent examinations of the Toronto Conservatory of music held at St. Agnes School, the following pupils of Miss Milburn were most successful:

- Elementary Piano.—Jean Hitchon honors. Alice Colling, pass. Primary Piano.—Harriet McIntosh, pass. Junior Piano.—Frankie Pitt, honors. Primary Rudiments.—Therian Dumbrell, honors. Hilda Ackerli, honors. Primary Harmony.—Hilda Ackerli, pass. Florence Wicketts, 1st class honors. Junior History.—Jean Clinton, honors. Junior Counterpoint.—Kathleen Diamond, 1st class honors. Jean Clinton, 1st class honors. 80%, a pass; 70%, honors; 80% 1st class.

Remains Taken to Roslin.

William Carney, an old resident of Thurlow, died on Friday at the age of 71 years. He was formerly a farmer. The remains were taken to his former home at Roslin for interment. He was unmarried.

Awarded Contract at Frankford.

Messrs. Walter and William Alford contractors of this city, have been awarded the contract for the new Molson's Bank building in Frankford. The structure will be of brick. They expect the job will last all the summer.

Police Court.

The police report that a ladder worth \$8 or \$7 has been stolen. There was a police call to Alex. Gilmore's home in the O'Brien block where a man was reported to be acting disorderly. On the plea of his wife, no action was made. Smoke on Friday evening about 7:30 issued from a store on the west side of Front street. There was no fire of consequence.

James Sydney Little, who is on the prohibited list was this morning fined fifteen dollars and costs or thirty days for drunkenness. He was taken up the hill.

Charged With Year-Old Offence.

Harry Graine who a year ago this month was being looked for on a charge of indecent assault, was arrested last week at Deer Lake Mills, on the investigation of the Belleville police by constable Jones of Marmora and was brought to the city.

Battery Back From Camp.

The 34th battery arrived home early Sunday morning by Canadian Northern at Petawawa. All the boys are in good health and hidden by a heavy tan.

Backed Into Sewer.

On Saturday a lady in a carriage had a narrow escape near Brown's foundry when the horse she was driving backed into the sewer excavation above the upper bridge. First report said she was nearly killed, but such was unfounded.

Millers' Worm Powders are sweet and palatable to children, who show no hesitancy in taking them. They will certainly bring all worm troubles to an end. They are strengthening and a stimulating medicine, correcting the disorders of digestion, that the worms cause and imparting a healthy tone to the system most beneficial to development.

Corn Cures much suffering, but Holloway's Corn Cure offers a speedy, sure, and satisfactory relief.

WIND UP OF THE CAMPAIGN

Temperance People Out Strong on Saturday Evening.

The temperance campaign in the riding of West Hastings wound up on Saturday evening by a grand demonstration in the city hall, in favor of Mr. D. V. Sinclair, the temperance candidate. On the platform were Mr. F. E. O'Flynn, chairman, the candidate, Revs. H. S. Osborne, E. C. Currie, W. G. Clarke, Dr. Baker, C. G. Smith, A. S. Kerr and Rev. Ben H. Spence, secretary of the Dominion Alliance.

Speeches were delivered by Mr. O'Flynn, Revs. Chas. G. Smith, E. C. Currie, A. S. Kerr, Mr. Spence and Mr. Sinclair.

VESSLS COLLIDED IN LAKE ONTARIO

The Damage Was Slight and Both Were Able to Proceed.

The steamer Alexandria met with a slight accident very early Saturday morning. The package freight steamer Querida had a slight collision with the passenger steamer not far out in the lake from Kingston. The Querida was loaded with pulpwood from Anticosti Island, bound for Ghiorola, and the Alexandria was bound for Charlotte. The damage was slight, as both boats were able to proceed slowly on their way.

She Was in Bed For Seven Weeks

Then Dodd's Kidney Pills Cured Madame Berube.

Montreal Lady tells how, after Four Years' illness, she Found a Complete Cure for all Her Troubles.

Montreal, Que., June 29.—Special Madame J. Baptiste Berube, residing at 1393 Logan Avenue, this city, asserts that after four years' suffering from kidney disease she has been completely restored to health by Dodd's Kidney Pills.

"I had a pain in my left side around the heart," Madame Berube says in her statement. "I suffered constantly with headache and backache, and for seven weeks I was in bed with kidney disease and feebleness. The doctor could not help me, so I decided to try Dodd's Kidney Pills."

"After the first box I was somewhat better. I continued to use Dodd's Kidney Pills till now the palpitation has left me, and I am a well woman, able to do my work. Dodd's Kidney Pills cured me and I recommend them to all persons who suffer as I did."

Notice how many women are rising to tell their suffering sisters they can find relief in Dodd's Kidney Pills. The reason is that nine-tenths of women's ills spring from diseased or disordered kidneys. Every woman whose kidneys show signs of weakness should use Dodd's Kidney Pills.

ROBLIN

Roblin—We have been on a holiday but Roblin has been in existence all the same. Freight trains of 75 cars are running upon the new C.P.R. line and more state that passenger trains will be on in a few days. It is a very fine grade indeed.

Promotion examinations are under way at our school. Never in the history of Lennox was there such a breaking from party lines as at the present time. Some Liberals who are liquor supporters are lining up with the government but the temperance Conservatives are strongly supporting Mr. Rowell's platform.

We are sorry to lose from our circuit, Rev. Mr. Sharp, Sidney must be on the sunny side of conference to secure such a pastor. He has been a true friend in sorrow as also in joy.

All the churches around here have had temperance meetings and the preachers are proving themselves not in favor of the liquor traffic. Miss Eva Bradshaw of Deseronto is visiting friends here.

Master Vernon Booth of Selby is spending a few days with his brother.

An oil that is prized everywhere.—Dr. Thomas' Electric Oil was put upon the market without any flourish over it. It was put up to meet the need of a small section, but as soon as its merits became known it had a whole continent for a field, and it is now known and prized throughout this hemisphere. There is nothing equal to it.

PERSONAL

Mr. Sidney Newton, who has been ill for some time past is greatly improved in health.

Mr. and Mrs. W. J. McGrath and son, Adrian of Edmonton, Alberta, are in the city on a visit.

Mr. Thomas T. Scully of Toronto has taken charge of the Hogan Bureau, Front Street, during Mr. Hogan's illness. All calls will be promptly attended to.

MRS. BURNS DIED IN ENGLAND

Sisters From Belleville Arrived Too Late.

A sad message has reached this city from London, England, announcing the death on Saturday of Mrs. Burns, widow of the late Rev. Dr. Burns. Mrs. Burns was a sister of Mrs. Thomas Ritchie and Miss Holden of this city.

Particularly pathetic is the fact that Mrs. Burns passed away just before the arrival of Mrs. Ritchie, Miss Holden and her brother Mr. Holden of Montreal and family who sailed the week before last on the Laurentic to spend the summer with Mrs. Burns. Today's papers state that the Laurentic has arrived.

Mrs. Burns was a daughter of the late Dr. Holden of this city. Her sister, Dr. Craig, widow of the late Rev. Dr. Craig of Toronto is a sister.

BRIGHT PUPILS OF CITY SCHOOLS GAIN THEIR REWARD

Below will be found the results of the recent Promotion Examinations in our Public Schools. The names are arranged by schools and classes and in alphabetical order. Honors are indicated after each case who obtained honor standing.

A few months ago after consultation with the principals, the inspector decided to promote without examination those pupils who had maintained a satisfactory average throughout the year. This he believes is the best test of fitness for promotion. A large number were so promoted, and it is hoped that a still larger percentage will be affected in future examinations.

CUPID'S COURT.

BIRCH-RUTTAN

A very pretty wedding was celebrated at ten-thirty this morning in Christ Church by the Rev. R. C. Blagrove, rector. The bride was Miss Minnie Antoinette Ruttan, eldest daughter of Mr. and Mrs. William Ruttan, Jones street, and a popular young lady, and the groom Mr. Francis Jeffrey Birch, electrical engineer of Fort William.

The church was very prettily decorated with marguerites, peonies and lilies. The sacred offices were filled with friends of the bride when the ceremony began. Mrs. (Oak) Campbell presided at the organ and rendered the wedding march.

The bride was gowned in white chiffon trimmed with lace and wore a black lace hat with oysters and carried white roses. Her sister, Miss Pearl Ruttan, was bridesmaid and wore a pink gown covered with lace and hat to match and carried white roses.

The groom was ably supported by Mr. Harvey Milne of Kingston. After the Rev. R. C. Blagrove had pronounced the magic words which united the young couple in wedlock, the bridal party repaired to the home of the bride's parents, Jones street, where a large number of guests had gathered. A very delicious and tempting luncheon was set before the bride and groom and their friends and the festivities were extended for a happy wedded life.

The bride's popularity was attested by numerous beautiful and costly gifts.

Mr. and Mrs. Birch left on the International Limited this afternoon for Sarnia, from where they will travel by steamship to Fort William, where they will reside.

SMITH-ALORE

Last night Mr. Sidney W. Smith of Madoc was wedded to Miss Lottie Alore at this city. The wedding took place at the Bridge Street Methodist parsonage and Rev. H. S. Osborn, rector, was the officiating clergyman. After spending a few days in Belleville they will take up their residence in Madoc.

LAI D TO REST

The funeral of the late William O'Brien Jones, G. T. R. fireman, who died so suddenly on Monday morning on Bleeker Ave., took place yesterday afternoon from the residence of Mr. and Mrs. Rowley Pearce, corner of McDonald Avenue and Bridge St. The Rev. R. C. Blagrove, rector of Christ Church, conducted the services at the house and the grave in Belleville cemetery. Many beautiful floral tributes were sent from sympathizing friends. Many Grand Trunk associates were present to pay their last tribute of respect to the deceased.

The honours were railway friends. Messrs. Bruce Tullock, Walter Parsons, Geo. Harley, Frank Gillett, Thompson and Richard Elstend.

HOW TO OBTAIN GOOD DIGESTION

The Stomach Must be Toned and Strengthened Through the Blood.

The victim of indigestion who wants to eat a good meal but who knows that suffering will follow. Finds but poor consolation in picking and choosing a diet. As a matter of fact you cannot get relief by cutting down your food to a starvation basis. The stomach must be strengthened until you can eat good nourishing food. The only way to strengthen the stomach is to rich the blood, tone up the nerves and give strength to the stomach that will enable it to digest any kind of food is through a fair use of Dr. Williams' Pink Pills.

The mission of these pills is to make rich, red blood that reaches every organ and every nerve in the body bringing renewed health and activity. The following case illustrates the value of Dr. Williams' Pink Pills in curing indigestion. Mrs. T. Reid, Orangeville, Ont., says: "I have much pleasure testifying to the reliability of Dr. Williams' Pink Pills. For several years I have greatly suffered from stomach trouble. Several doctors prescribed for me but their medicines did not help me. After every meal I would suffer great pain, and would often be attacked with nausea. I grew weak and had almost lost all hope of recovery. At this juncture I decided to try Dr. Williams' Pink Pills which were recommended to me. In these pills I at last found the right medicine and I am once more in good health. I have much pleasure in sending my testimonial in the hope that it will encourage some suffering persons to try this sure remedy."

Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.75 by Dr. Williams' Medicine Co., Brockville, Ont.

PUTS UP POSTAGE.

Hon. Mr. Peletier Announces Increase on Papers.

OTTAWA, June 27.—The Postoffice Department announced yesterday that, to meet the cost of carrying the subsidy to railways for carrying the mails, the postage on newspapers and periodicals will be increased. The present charge is one-quarter of a cent per pound. It is proposed in the future to charge one cent per copy for papers delivered by letter carriers. Where there is no letter carrier system the charge will be one-quarter of a cent per copy.

THE MARKETS.

The market this morning was largely attended. Few changes were noticed in the prices. Butter sold at 26c; eggs 21c; potatoes \$1.20 bushel; fowls 70c to 80c a piece, spring chickens 90c per pair.

Strawberries were up to 15c per box uniformly. Some were not of the finest size, although others were excellent specimens. The offerings were fairly large in these.

Wool is up in price to 27c for washed fleece; unwashed 15-12c; butcher's hides 12c, farmer's 10c to 12c; deans 75c to 85c.

Father Kelly Moved.

Rev. Father Kelly, parish priest at Norwood and Havlock, has received notice from the Bishop that he has been transferred to the Parry-Sound parish, leaving here about July 15th. Rev. Father Galvin of Peterboro, has been appointed to take charge of this parish in succession of Father Kelly. The news of the change will be a great disappointment to the many friends of Father Kelly in Havlock and Norwood, where he has endeared himself to his flock, but all extend congratulations on his appointment to such a large parish and assure him that their good wishes will be with him in his new home.

APPEALS TO POWERS.

U. S. Minister at Athens Busy in Albanian Trouble.

ATHENS, June 27.—George F. Williams, American Minister to Greece, yesterday sent to the newspapers a report of his investigations in Albania, which he visited recently by the authority of the Washington Government. In his report, Mr. Williams adds that he saw the Epirote insurgent leader, Zographe, and placed himself at the disposal of the international commission of control, which, however, gave him no reply. Mr. Williams says he considers the conditions in Albania anarchical, and declares the present regime impracticable owing to anti-nistic rivalry. He appeals to the Powers to create a neutral state with an essentially local government.

Situation at Durazzo Grave.

LONDON, June 27.—There are conflicting reports concerning the situation at Durazzo. A belated despatch from that city says that insurgent leaders have arrived there to negotiate terms. Other despatches, however, state that the situation is extremely grave. The Prince of Weld, who occupies the throne of Albania, has, it is said, appealed to the Powers to send international troops to restore order in Albania.

Austrian Volunteers.

VIENNA, June 27.—A volunteer force of retired officers and men is being formed here to go to Durazzo to protect the Prince of Weld. Already 1,600 men have been enrolled for this purpose.

Collier at Fault?

C.P.R. Counsel Declares That Her Error Caused Disaster.

NAMES SAXE AS CULPRIT

Butler Aspinall Delivers Three-Hour Summary of Evidence and Ispists That Hard Porting of Storstad's Helm Brought About Collision—None of Crew of Empress Derelict, He Claims.

QUEBEC, June 27.—Because her wheel was first put to port and then, without the authority of the officer in charge, put hard astop when she had steered way, Butler Aspinall, K.C., in the course of his address to the Empress of Ireland Wreck Commission yesterday afternoon, contended that the Storstad was responsible for the disaster on May 29, in which 1,014 people lost their lives. Mr. Aspinall asked the commission to find that the crew of the Storstad were inaccurate when they claimed the collier did not answer her helm and reasoned that the change in the course of the vessel on the port helm took her into the side of the stationery liner at right angles and at sufficient speed to cause the wound from which the Empress capsized. If no such change had taken place, he said, the two ships would have passed safely.

Mr. Aspinall further declared that to find that the Empress starboarded her helm, as assumed by the Storstad legal battery, would be to charge perjury to Captain Kendall, who claimed no alteration took place in the heading of his ship, and that she was stopped like a log in the water, as indicated by the signals heard on the collier.

In his address, which occupied three hours, only while scoffing at the idea of Captain Kendall telling a deliberate lie when he only recently faced death, did Mr. Aspinall become at all dramatic. For the rest he was calmly and coolly argumental, relying on the testimony of such an extended effort of the court-room by touches of humorous or cutting sarcasm. The crowd broke into a laugh when he described the unanimity with which the Storstad's officers recalled that they had ascertained that the vessel's heading was not altered by the porting or the hard aorting of the helm as "a remarkable affection for the compass under most unusual circumstances."

The first definite suggestion of personal responsibility for the disaster during the hearing of the commission was made by Mr. Aspinall when he held that Third Officer Saxe, who had taken the collier's wheel from the helmaman and put her astop, was "the culprit in the case." Saxe's argument that his action did not affect the ship, he said, "was an attempt to clear himself with his Norwegian clientele."

Mr. Aspinall said that no passengers had come forward to suggest that any of the officers or crew of the Empress had been derelict in their duties, while many had praised them for what they had done. There was no suggestion either that the officers and crew of the Storstad had failed to render aid or the assistance within their power. He was not arguing that there was no confusion after the collision, but he claimed there was no panic. The evidence showed how men of the Empress had stuck to their posts.

Chief Justice McLeod, who has been acting on the commission with Lord Mersey and Sir Adolphe Routhier, will leave with the Canadian and British assessors on Sunday for Montreal, and will on Monday make an examination of the damaged bow of the Storstad.

Consul to Make Inquiry.

MONTREAL, June 27.—It is stated that an inquiry into the collision by which the Norwegian collier Storstad sank the C. P. R. liner, Empress of Ireland on May 29, will be held in Montreal to-day by the Norwegian consul in this city, W. N. Johannesen, with a view to obtaining an account of the accident to be submitted to the Government of Norway. It is not proposed to place the blame merely to get the information. Only the Storstad's crew will be witnesses.

Greek Naval Reserve to Mobilize.

ATHENS, Greece, June 27.—Seven classes of the Greek naval reserve were called to the colors, the official explanation of the mobilization being "the increase of the fleet and the naval manoeuvres to begin next week."

The real reason of the step taken by the Ministry of Marine, however, is understood to be the determination of the Greek Government to be prepared for all eventualities, although there is an apparent slackening of the tension between Turkey and Greece.

Fire at Duart.

HIGHGATE, Ont., June 27.—Fire which started about midnight in the village of Duart, three miles east of here, destroyed the old hostelry known as the Kochler House, Ganges' cabinet shop, Lawrence Bros.' general store, a vacant store, several barns, and other smaller frame buildings. A bucket brigade was the only means of fighting the fire, which consumed everything within reach.

Montreal Boy Found Dead.

MONTREAL, June 27.—With his feet embedded in the mud and lying on his back, the dead body of a three-year-old Arthur Dubois, who had been missing from his home, 399 Monk Boulevard, Villa Emard, since nine o'clock Thursday morning, was found at noon yesterday in a mud hole, amongst the brush, in a field at the extreme end of Halton street.

Art Experts Find Treasures.

STOCKHOLM, Sweden, June 27.—Dutch art experts have discovered in the National Museum Gallery here two Rembrandt and "A Portrait of a Woman" and "Abraham's Sacrifice." Both pictures are said to belong to the master's early period.

A TRAGEDY AT ODESSA

A shocking shooting tragedy occurred at the home of Mrs. Overton Babcock, Odessa, on Tuesday evening of last week, which ended in the suicide of Wellington Babcock, who lived a few miles north of Wilton. It seems that Mr. Babcock had been separated from his wife for almost a year and he went to the house in which she was stopping, to get her to come back with him to her own home. It seems that she refused, whereupon he pulled a revolver from his pocket and began shooting at random. About nine shots were fired, in all directions, and at times threatened the lives of the other occupants of the home, who happened to be there when the shooting affray commenced. His wife had a very narrow escape, the bullets only missing the mark by a close margin.

Finally the parties were all driven out and upon returning later, after the shooting had ceased, thinking the frenzied man had exhausted all his shots, and there was no further danger, they were horrified to see Babcock lying beside the stove with a bullet wound in his temple.

Dr. Maybec was immediately summoned but he had become extinct. An investigation was held, which revealed that the deceased had come to his death by his own hand.

The funeral of the deceased Wellington Babcock, was held on Wednesday afternoon of last week. There are left a wife and two children, a boy and a girl—Whig.

Corns cause much suffering, but Holloway's Corn Cure offers a speedy, sure, and satisfactory relief.

CREATION DRAMA IS EXHIBITED

In Discourse Pastor Russell, Association's President, Discussed Eloquent, "Repentance First, Then Conversion," and Pointed Out From Scripture That the Gospel Is For the Contrite of Heart Only—"Suffering With Christ"—Ultimate Purpose of Trials and Afflictions—Glory to Follow.

A sabbary Park, N. J., June 28.—Pastor Russell is here in attendance at a big General Convention of the International Bible Students' Association, which began its sessions Friday and will continue twelve days.

Two sessions are held daily in each of the cities, and the Pastor's famous Creation Drama is exhibited each evening. There being four parts to the Drama, three full presentations will be given.

Pastor Russell's theme to-day was one of great interest. The discourse set forth the philosophy of the untold sufferings of Christians throughout this Gospel Dispensation. Part IV. of the Photo-Drama of Creation, now on exhibition both at home and abroad, depicts the unwritten history of the Church of Christ, an ensnare those who see it to realize to some extent what it has cost true Christians to "follow His steps."

The Pastor opened his discourse by drawing attention to the statement that the Gospel Message is for the meek, the lowly and meek of heart, the Millennial Reign of Christ. God will take away the stoniness of heart from mankind and will give, instead, hearts of flesh. Under the blessed conditions of the Kingdom, hard, selfish hearts will gradually become soft, tender, kind, gentle. But now, in advance of Messiah's Kingdom, God is seeking those who are seeking Him. Those who are not especially seeking Him are not likely to find Him.

Preaching the Gospel to the meek is the work of this Age. This is the only class which God wishes to have now. He is seeking the class that desire to be of the Bride of Christ, Jesus' joint-heirs in the Messianic Kingdom. Therefore the Message is not such as would suit the hard-hearted. Only the tender-hearted care to know about the love of God, the mercy of God, the forgiveness of sins, the privilege of returning to the Father's House and of having Jesus as their Saviour.

The Pastor believes that in the past we have had a wrong idea as to whom the Gospel Message is to go. We went out into the highways and byways to find those who were very wicked—blasphemers, etc., thinking that these were the ones with whom the message was to go. The Scriptures do not authorize any such idea. A person living in unrepented sin is not in the proper condition to receive God's great Plan of the Ages, the speaker claimed. God has declared that "none of the wicked shall understand." He does not wish them to do so. The very reverse is true. His purpose is to bind up the broken-hearted.

God's Message speaks peace to those who are in trouble and who are looking to Him, seeking the righteousness which He provides. Some apparently have made a great mistake in thinking that the Gospel is a sled, a hammer with which they are to break men's hearts. The speaker does not know of any Scriptural commission for any of the people of God to break the hearts of men. On the contrary, he thinks that the Devil does most of such work.

There are two conversions, declared the Pastor. The first is a turning from sin; the second, a turning to God. Those desirous of approaching God are looking to leave sin. Those who are living in sin wish to be away from God. We cannot go in two directions at once. The course which God would have any pursue is this: When one finds that he is a sinner, he should repent and turn away from sin; then, when he learns that God has made an arrangement by which sinners may be reconciled to Himself, he should ascertain what steps he should take in order to obtain his share in that reconciliation.

While turning from sin may in some respects be called a conversion, yet it is not the principal conversion. Only those who take the step of full consecration to the Lord may receive the Holy Spirit and obtain a clear view of the Divine Plan. As the Apostle says, "The natural man receiveth not the things of the Spirit of God; for they are foolishness unto him; neither can he know them, because they are spiritually discerned."

Then the Pastor explained that

those begotten of the Holy Spirit are Scripturally called children of God, heirs of God, joint-heirs with Jesus Christ. If faithful unto death, they will be glorified in the First Resurrection. Meantime they are to grow in grace, knowledge, love and all other fruits and graces of the Spirit—grow by their trials, by their obedience, by striving against the world, the flesh and the Devil. All this must be done before they can be ready for their resurrection change. In the present time, however, all who are begotten of the Holy Spirit not only belong to the Church in general, with all others of the people of God, this one Brotherhood of Christ on the spiritual plane, but they are also reckoned as members of the Body of Christ on the fleshly plane—the earthly plane.

From this view point, Christ has been suffering in the flesh throughout the Gospel Age. St. Peter says that the Prophets of Israel testified beforehand of the sufferings of the Christ and of the glory to follow; and hence he urges the Church to suffer themselves with the same mind that Jesus had. St. Paul speaks of filling up that which is behind of the afflictions of the Christ—all the members of His Body. After these sufferings are filled up, then the glory will follow. The sufferings are not yet complete.

The speaker went on to explain how trials and discipline are means of developing Christian character, preparing the child of God for future service in the Kingdom. The privilege of suffering with Christ in the flesh is something to be appreciated. Whoever has trials in the flesh because of Christ, because of being His disciple, has occasion for rejoicing. Such should continue faithful, in order that by and by as a polished jewel he may be ready for a glorious setting in the immortality of the future. An uncut, unpolished jewel is not worth much. Its real worth is brought forth in the cutting. So the Lord gives His jewels the cutting and polishing necessary to enable them to reflect the glorious light of the goodness of God.

Jewels do not all require the same amount of polishing, declared the Pastor. A small diamond can be cut and polished more easily than can a large one. Those of the people of God who undergo severe trials and afflictions may hope that they will be accounted large jewels in the hands of the Lord. The larger the diamond, the more work in cutting and polishing.

Then the Pastor discussed the terms upon which one may make his calling and election sure to a position in the glorified Body of Christ beyond the veil. From the time when one's consecration is accepted by the Father and he is begotten of the Holy Spirit, his name is written in the Lamb's Book of Life as a member of the Body of Christ. To these our Lord declares that if they are faithful He will not blot their names from His Book. These are to remain faithful to the end, in everything that He requires of them. On that condition they were accepted and had their names recorded.

But if any such deny Christ, He will deny them. If they continue to confess Him, He will confess them. To confess Christ is to live for Him day by day—confessing Him in the way in which one uses time, influence, money, talents; confessing Him in business, in everything that he either said or done. But if any consecrated child of God should deny Christ by neglecting the Covenant of Sacrifice, such would thus demonstrate his unworthiness of a place in the Bride class—the Church in glory.

Should any one ask the Pastor why he lays so much stress upon consecration, he would reply that, according to Scripture, God is not now dealing with the world in general; that in order to bring our petitions to the Throne of Heavenly Grace we must get into relationship with God; and that there is only one way by which this can be done—consecration.

Should any one ask the Pastor why he lays so much stress upon consecration, he would reply that, according to Scripture, God is not now dealing with the world in general; that in order to bring our petitions to the Throne of Heavenly Grace we must get into relationship with God; and that there is only one way by which this can be done—consecration.

Applying his illustration, Pastor Russell explained that all consecrated Christians have accepted God's invitation to the marriage of the Lamb—the Son of God. But no matter how well we may arrange our own garments, each must put on the wedding garment or else remain away from the feast. The moment of consecration is the moment of receiving the Robe of Christ's Righteousness, and only those who continue to wear that robe will have entrance to the wedding. By nature mankind are sinners. There is only one way to get rid of sin—by belief in the Lord Jesus Christ, and full consecration to do the will of God. Whoever really believes that Jesus died for his sins will act upon his belief by presenting his body a living sacrifice.

Continuing the figure of the Wedding Garment, the Pastor declared that the robe put on by the Christians who desired to have entrance to the Marriage of the Lamb was white and clean, representing his full justification at the moment of consecration—all blemishes of the flesh being covered by the merit of Christ. The Scriptures tell us that those who ultimately enter in to the Marriage will be those who have kept their garments unspotted from the world. Since all unrighteousness is sin, every sin is a spot upon the robe, whether it be committed wilfully or ignorantly. All faithful children of God should use all diligence in keeping their garments free from blemish. This may be done by daily thinking about the robe, and nightly asking the Lord to remove each spot—to forgive each failure made that day. The blood of Jesus Christ keeps cleansing all who ask that they be cleansed.

This is the Heavenly Father's arrangements for His children. He desires them to walk circumspectly, watching where they tread. Thus they learn every detail in respect to their own imperfections. No one can live for even one day without trespassing upon the perfect Law of God; for by nature we are all imperfect. In heart the child of God does not sin; the New Creature does not sin. It is merely that the flesh is weak. But we have the comforting assurance of the Scripture that "in any man sin, we have an Advocate with the Father, Jesus Christ the Righteous." Our Lord is there to make good with the Father for all the Adamic weaknesses.

The Pastor then discussed two kinds of sin, aware of which he declared to be forgivable and the other unforgivable. If to any extent the mind consents to the deed, to that extent the sin is wilful. Then only that portion which was not wilful will be forgiven. Whatever part was not forgivable is punishable. The individual will receive stripes, punishments, of one sort or another, proportionate to the degree in which the will consented to the sin.

There is naturally such sympathy between the flesh and the mind that sometimes even the will of the New Creature permits the flesh to trespass by force. This should not be; the will is responsible, and because of its carelessness will receive stripes of some kind. But so long as the individual feels sorry as soon as the yielding to temptation has passed, he may know that his will does not love sin. Should his will ever change and prefer sin, he would not be sorry after the sin was committed.

It was then shown that every consecrated child of God must be an overcomer in fighting the good fight of faith, and in obedience to God must put down everything that pertains to sin and unrighteousness in himself, and stand for that which is pleasing in the sight of God. This is the test of our loyalty to Him and to the principles of His righteous Government. Many sins are really weaknesses of the flesh which overcome the will momentarily. Just here the New Creature must conquer in the fight. He must get the victory over the flesh. If we sin, if we trespass, we must go to the Fountain of Grace and be forgiven.

The great difficulty, the Pastor declared, is to be that which will have had some experiences of this kind, we properly enough feel ashamed that we have not done better. This is the time when the Christian is in danger. He is liable to fail to ask forgiveness at the Throne of the Heavenly Grace; for he feels that already he has been forgiven perhaps many times for the same trespass. Therefore he may try to forget the spot, to forget the "robe," almost to forget the Lord. Gradually a veil comes between him and God; the Father is not so near and so dear as once He was. While He is still his Heavenly Father, while still the erring one trusts in Him, nevertheless there is a lack of the fellowship of the Spirit. Earthly clouds have hidden the Father's face.

This is the experience of hundreds of the people of God; for they cannot be in His presence with spots upon their robes, and they do not resolve to wipe them away. Humility is one of the very foundations upon which all other graces must be built. So the Apostle Peter says, "Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time."

The number of those without spot or wrinkle or any such thing is very small, said the Pastor. Many Christians have not kept this relation. To have shown their lack of appreciation of the wedding and of their invitation to attend. If the attention of such be called to the spots, they will take them out of their robes. The speaker declared, is that we watch and keep humble. To come to the Lord and say, "O Lord, another time I have failed. How ashamed I am!" is to take the right step. Humility is one of the very foundations upon which all other graces must be built. So the Apostle Peter says, "Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time."

The number of those without spot or wrinkle or any such thing is very small, said the Pastor. Many Christians have not kept this relation. To have shown their lack of appreciation of the wedding and of their invitation to attend. If the attention of such be called to the spots, they will take them out of their robes. The speaker declared, is that we watch and keep humble. To come to the Lord and say, "O Lord, another time I have failed. How ashamed I am!" is to take the right step. Humility is one of the very foundations upon which all other graces must be built. So the Apostle Peter says, "Humble yourselves therefore under the mighty hand of God, that He may exalt you in due time."

The speaker then reminded his audience that when the Christian first received his robe, it was pure white, with a certain design stamped thereon; and that he was expected to embroider it with the character-likeliness of the Lord. If he has gotten the robe spotted and bedraggled, he should go to the Lord in prayer, and persist until he has assurance of forgiveness and cleansing. We read, "If we confess our sins, He is faithful and just to forgive us our sins, and to cleanse us from all unrighteousness." It is not merely a matter of love, but of justice, on our part. The Heavenly Father made the arrangement; Jesus has died and paid our penalty and imputed of His own merit sufficient to cleanse all unintentional spots. Forgiveness is to be had for the asking.

Amber Diamond Cut. An amber diamond, weighing 178 1/2 carats, which was found in Cape Colony by Mr. H. Bowker last October, is in London from Amsterdam, where it has been cut. It now weighs 150 carats. The cutting took three months and cost \$1,250. Mr. Bowker tried in vain to sell the diamond in its rough state, owing to the risk of cutting it. An expert describes it as "a wonderful stone."

Temperate. Grinsly—So you want to marry my daughter, sir! What are your principles? Are you temperate? Fledgely—Temperate? Why, I'm so strict that it gives me pain even to find my boots tight.—London Tit Bits.

New Log Cabin Camp in Algonquin Park is Completed.

Mr. H. R. Charlton, General Advertising Agent, Grand Trunk Railway System, has just made a tour of inspection in Algonquin Provincial Park of Ontario, journeying from Algonquin Park Station to the different log-cabin camps that the Grand Trunk have constructed for the accommodation of tourists in that territory. He was accompanied by "Camp Ministering" on Island Lake, 9 miles distant from Algonquin Park Station, and situated on one of the most beautiful sites on the Park, is practically completed and ready for occupancy. The log-cabin camp is to be opened on July 1st. This camp built entirely of cedar logs with the bark on, and is comprised of the main lodge with twenty bed rooms, four bath rooms, public recreation room and general dining room. On each side of the main lodge, at a distance of fifty feet apart are three log cabin camps, containing four bed rooms each, bath, room and living room with spacious covered gallery on 3 sides of the cabin. Hot and cold water in the main lodge and each cabin; the entire camp to accommodate seventy-five people.

"Nominating Camp" situated at Smoke Lake, seven miles south of Algonquin Park Station was opened last year and is one of the most attractive places in the Highlands of Ontario, where anyone who visits the camp being delighted with it. These camps were built somewhat after the camps that are found in the Rangely Lakes in Maine, but far superior to them both in construction and furnishings.

The Highland Inn at Algonquin Park Station, which accommodates 150 people has been renovated, redecorated and refurnished this year. From the present extensive territory of inquiries that are being made and reservations secured, the indications point to a very successful summer in Algonquin Park District. The attractions of this extensive territory are numerous, the principal one, however, is the splendid fishing, which comprises such well known game fish as the small mouth black bass, speckled trout and black salmon trout. Hunting is not allowed in the park but visitors are allowed to shoot with the camera all the wild game they can see, and it is not necessary to go many feet from the hotels to find the deer in their native haunts, and mink, marten and beaver, in fact all the wild animals that are found in our Canadian woods have their home in Algonquin Park.

This smart Shirt Blouse, with deep rolling collar, applied straps and pockets, also the Volant Skirt, are shown in the Standard Fashion Sheet for July. Call for a Free copy at our Pattern Counter.
