KENTVILLE, FRIDAY, MAY 4, 1917

A DISTINCT HONOR FOR KENTVILLE

W. E. Roscoe, Esq., K.C., recently received from France the certificate of membership in the Distinguished Service Order, of his eldest son Major Barry Roscoe. This certificate states the necessary qualifications for any officer to receive such high honor, and it bears the signature of His Royal Highness King George and that of Lord Derby.

REPORT EXPECTED ON KINGS COUNTY HORSE PURCHASES

The report of the Davidson Commission on the evidence taken in Kentville and elsewhere in reference to the purchase of horses is now in the hands of the Government. It will be brought to the attention of Parliament soon and then the public will have the report to consider.

While we know nothing about the statements presented by the Commission we feel quite confident from the evidence obtained that no evidence of any personal corruption will be reported. Sharp criticism there is sure to be on the system of accounting and the lack of proper vouchers being taken by those in charge of the purchasing.

KING GEORGE TO URGE ECONOMY OF FOOD

London, May 1—King George will issue a proclamation urging the people to economize to the extent of 25 per cent in the consumption of food, owing to the gravity of the situation. The proclamation will be read publicly from the steps of the Royal Exchange in London and all town halls throughout the country. On Sunday it will be read in all churches.

FAMOUS LECTURER COMING TO KENTVILLE

Mr. Lorne Higgs will deliver a lecture in Kentville on Thursday evening next under the auspices of the Boy Scouts of Kentville. Mr. Higgs was a prisoner in Germany and after three unsuccessful attempts he at last made his escape. His story of his adventures are thrilling rivalling anything in fiction.

ROLL OF HONOR

AUDREY LESTER FOSTER
The home of Mr. and Mrs. William Foster, White Rock, was saddened last week by the official announcement that their son, Audrey, was killed in action on April 9th. Audrey Lester Foster answered his country's call by joining the 112th Battalion in November, 1915, being transferred later to the 25th Battalion. He was 22 years of age on December 25th last, and being of a very bright and amiable disposition, was very popular with all who were privileged to know him. He leaves three brothers—Stanton R., now serving with the 40th Battalion; Fay, in Springfield, Mass. and Bert at Home, and two sisters Mildred and Evelyn. In the loss of this promising young life, Mr. and Mrs. Foster and family will have the deep sympathy of all.

ACADIA UNIVERSITY CLOSING

It has been decided to close Acadia College and Horton Academy on May 16th instead of the usual date at the end of May. This has been brought about suddenly by numerous requests from the students and others in order that those engaged in study may settle down to farm work and help in winning the war by increasing production. There will be no public closing exercises. The Seminary will continue its work as usual.

Pte. Fred Rockwell.

HUN SUBS. PASS THROUGH NEUTRAL WATERS

Sir Edward Carson Tells House of Commons of Admiralty's Suspicions.

London, May 2—In the House of Commons today Sir Edward Carson, First Lord of the Admiralty said there has been suspicions that enemy submarines which destroyed allied and neutral shipping had been finding their way out from enemy ports through neutral waters. He added that this subject has been under consideration from time to time. James I. McPherson, Parliamentary Secretary to the War Office, stated in the House of Commons today that the British Commission now in the United States was considering that steps should be taken to require British subjects of military age, ordinary and temporary residents of the United States, to report themselves for military duty in Great Britain.

THE SUBMARINE MENACE IS ALARMING

London, May 2—The British official announcement of the number of vessels sunk in the week ending on Sunday last shows that thirty eight merchant vessels of over 1,600 tons each were sunk. Those of less than 1,600 tons numbered thirteen and eight fishing vessels were sent to the bottom by submarines or mines. Last week's statement showed that forty vessels of over 1,600 tons each were sent to the bottom by mines or submarines.

D. A. R. NEWS—Since the transfer of the General Passenger Department to 117 Hollis Street, Halifax, persons in Kentville and vicinity desiring information concerning passenger fares, train schedules, etc., may obtain same on application to the Ticket Office at Kentville. Phone 110.

The late John Glassey's estate, Halifax, has been probated at \$23,586.93, and there is left for distribution after his bequests about \$164,000. The succession duties amount to \$18,377.43 and the executors and trustees commissions to \$13,630.10. He carried about \$27,395 life insurance had deposit receipts of \$4,925.55, and \$50,908.55 in cash transferred from Kelley & Glassey estate. His children had received about \$125,000 previous to his death.

NOTICE TO PUBLIC

I wish to thank the public for their PATRONAGE FOR THE 18 YEARS I have been in the Blacksmith business in Port Williams, and for the present I will not be able to give all my time in shop. But in the near future I will be there to meet all my old customers and as many new one that calls. Thanking one and all again I remain your humble servant. A. C. MURPHY Port Williams

CANNING

Last Sunday morning in the Methodist Church, Professor Blair of Kentville delivered a very illuminating address on "increased production." In the evening Professor Coit gave a very fine address in the United Baptist Church on the same subject.

At a meeting of the Canning citizens, Monday evening in Parker's Hall, called to consider the question of increased production" as it should effect the vicinity, a committee, consisted of the following citizens, was appointed to canvass the situation to see what more could be done in the way of increased production; Rev. F. H. Bone, N. W. Eaton, A. D. Payant, I. M. Ward, S. Blenkhorn, R. Eaton, S. A. Robinson. Rev. F. H. Bone will preach at Sheffield Mills on Sunday afternoon, May 5th at 3 o'clock.

Those interested in the welfare of the young people of Canning, have for some time felt the great need of a recreation park and some organization to cater to and care for the young life growing up in our midst. On Monday evening April 23rd at a meeting of the citizens convened in Parker's Hall, it was decided to organize an Athletic Association, F. H. Bone was elected President, W. Baxter elected secretary, and a strong executive was appointed to carry the work through successfully. Suitable grounds have been rented from Mr. J. Newcombe. Membership in Association will be open to all the citizens including the youth of Canning and vicinity.

Rev. N. A. Harkness of Wolfville will speak in the Canning United Baptist Church next Sunday evening, May 6th at 7:30 in the interests of the children's Aid Society. Everybody welcome.

MILLVILLE AND VICINITY

May 1st

Mrs. W. D. Fitch received word on Saturday that her husband had been killed in action on April 9. Much sympathy is felt for her and her children in their sad loss. Mr. Fitch had many friends and will be missed from this community.

We are glad to hear that Mr. Fred Crichton of Aylesford who went to Halifax to undergo an operation is doing as well as possible, at time of writing. We wish Mr. Crichton a speedy recovery.

We are sorry to have to report no change for the better in Mr. Rowland's condition.

Mrs. William West of Middleton is the guest of Mr. and Mrs. Albert Rowland.

Mrs. Hanley Parker is on the sick list this week.

Red Cross met at Mrs. S. H. Patterson's this week.

Mr. Harte of Halifax was in the village last week.

Mr. Brindley, Sr., preached here on Sunday night.

Mrs. James Ward of Nicholasville who went to Halifax to undergo an operation died there on Friday before the operation was performed. The body was brought home on Saturday, the funeral was the day following. Mrs. Ward leaves to mourn her loss a husband and two small children. Much sympathy is felt for them in their sad bereavement.

Prof. John Rowland of Halifax came out on Friday and spent Sunday with his parents; his father being very ill.

The weather still continues cold and backward.

Miss Lois Nichols of Nicholasville passed through Cambridge on Saturday en route for Kentville where she has accepted a position as a teacher.— Outlook.

MAN FOR HANDLING FREIGHT WANTED. Apply W. S. Abbott, D. R. Freight Office.

FOR SALE—Pekin Duck Eggs from Exhibition birds, \$2.00 per doz. J. R. Starr, Port Williams.

FOR SALE

A small Farm situated in Seam Mill Village, Containing Thirty Acres. Good House and Barn. Twelve acres cultivated, 3 acres in orchard. Remainder in wood and timber. Apply to Advertiser Office, Kentville.

The war news of yesterday was quite encouraging on all fronts. The British are smashing their way into the German lines. Only the menace of the submarines to the Allied shipping is the great trouble of the present time.

The Lazy and SLUGGISH LIVER

It may interest you to know that we have observed that people do not rely so much on headache remedies as formerly. Most headaches arise from sluggishness of the liver.

The proper thing, then, is to stimulate the liver and remove the cause of the headache. A teaspoonful of our Liver Saline, dissolved in a half glass of water and taken while sparkling, is most effective.

Geo. C. McDougall
"The Rexall Druggist"

Mr. and Mrs. Burpee Spinney have returned from Kingston where they spent the winter to their home at Greenwood.

Mr. Theodore Stackhouse arrived home from Amherst yesterday to visit his mother, Mrs. W. T. Stackhouse, Wolfville.

L. H. Davidson and Mrs. Davidson of Aylesford have gone on an extended trip to the Pacific coast.

Mr. C. Spinney of the N. H. Spinney Co. has returned from a trip to Yarmouth. Mr. Whitman also of the same firm has been in Yarmouth.

Mrs. Dr. Stackhouse of Wolfville, has received a cablegram from the hospital where her son Wesley Eugene now lies wounded. It gives her much encouragement and relieves her anxiety as his wounds though considerable are not very serious.

FOR SALE a quantity of Buckwheat and wheat for seed. H. B. Schofield, Lakeville

Middleton Outlook: Ernest Thompson, of Yarmouth, who has spent the past year or so in Melvern Square, enlisted for overseas service and left on Monday for Halifax, where he will take military training. All have the best of wishes for Pte. Thompson's future usefulness and safety.

A few gaspereaux have been caught at the mouth of the Avon and Gaspeau rivers.

Miss Daisy Peck of Annapolis Co., has again taken up duties as a nurse at the Provincial Sanatorium.

All aliens in the United States are now compelled to register and local officials keep watch over them.

Mr. William Sutton has sold his farm at Clarence to Mr. Caleb Stoeckm of Mt. Hanley and Mr. Sutton came this week to Kings County and may again enter into farming on a limited scale in his native County.

The Kentville Boy Scouts will gather up all the waste paper in the town on Saturday next. Persons having loose paper will kindly have it tied up in bags and magazines and folded papers tied securely with twine, all ready for the boys when they call. This refuse paper will give a fine source of income to the Red Cross when baled and disposed of. Help along the good work and save the waste. All persons outside the town desiring to help kindly bring bags or bundles to town when coming this way and an announcement of a place to leave them will be made later.

Lieut. William H. Smith, only son of W. C. Smith & Co., Lunenburg, was married in London, England, on Friday, to Lady Violet Cazalet, daughter of the late Sir Henry Seymour Norman, Baronet of Oaklands. Lieut. Smith went overseas with the 112th, and was later attached to the 26th reserve. After a short honeymoon he will go to France. He was at one time postal clerk on the H. & S. W. train between Yarmouth and Halifax.

A Harley Davidson Surprise the New "Master 17"

For 1917 the twin cylinder Harley-Davidson models have a NEW MOTOR. We want you to see this new motor PERFORM.

A giant in power, this motor has the "jump," "punch," "getaway" and that extra burst of speed that will make it THE TALK OF THE TRADE.

"Pep" is the one word which best describes its performance. Such SNAP has never been built into a motor before. Slowed down on a hill it will pull, AND KEEP ON PULLING.

We believe this motor will outrun and outpull any other stock motor. We make this statement because the Harley-Davidson has won every big race of the past season and each one of these contests taught the Harley-Davidson engineers something new about motor performance, and all of this experience has been built into the 1917 twin motor.

Shaving Single Handed in a Military Hospital

Only those who have been there can realize what the Gillette Safety Razor is doing for the wounded!

Clean shaving on the firing line, possible only with a Gillette, has saved endless trouble in dressing face wounds. In the hands of orderly or nurse it shortens by precious minutes the preparations for operating. Later, in the hands of the patients, it is a blessing indeed!

As soon as their strength begins to return, they get the Gillette into action, and fairly revel in the finishing touch which it gives to the welcome cleanliness of hospital life. For though he can use but one hand—and that one shaky—a man can shave himself safely and comfortably with a Gillette Safety Razor.

It may seem a little thing to you to send a Gillette to that lad you know Overseas, but to him it will mean so much! It will bring a touch of home comfort to his life on active service, and be even more appreciated if he gets "Blighty".

NO BERLIN PAPERS for two days. Such stoppages are often preliminary to important military developments.

BANISH PIMPLES AND ERUPTIONS

In the Spring Most People Need a Tonic Medicine

One of the surest signs that the blood is out of order is the pimples, unsightly eruptions and eczema that come frequently with the change from winter to spring. These prove that the long indoor life of winter has had its effect upon the blood, and that a tonic medicine is needed to put it right. Indeed there are few people who do not need a tonic at this season. Bad blood does not merely show itself in disfiguring eruptions. To this same condition is due attacks of rheumatism and lumbago; the sharp stabbing pains of sciatica and neuralgia, poor appetite and a desire to avoid exertion. You cannot cure these troubles by the use of purgative medicines—you need a tonic, and a tonic only, and among all medicines there is none can equal Dr. Williams' Pink Pills for their tonic, life-giving, nerve-restoring powers. Every dose of this medicine makes new, rich blood which drives out impurities, stimulates every organ and brings a feeling of new health and energy to weak, tired, ailing men, women and children. If you are out of sorts give this medicine a trial and see how quickly it will restore the appetite, revive drooping spirits, and fill your veins with new, health-giving blood!

You can get these Pills from any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

BRYAN NOW TURNS

AGAINST PACIFISTS

Ithaca, N.Y., April 22—"No matter what our different views were before this war, there is no occasion for more than one united opinion now that we are in this war," said William Jennings Bryan, addressing the convention of the Intercongress prohibition Association here today.

Mr. Bryan decried all pacifists at this time as slackers and urged a speedy preparedness. He said that Nation-wide Prohibition is only a matter of a short time.

Two Fast British Machines Attacked Great Flock of German Planes and put Enemy to Flight.

British Headquarters in France, April 30 (evening) via London—Out of the high thin air, where the fighting birdmen fly in a sort of dream world of adventure, have come within the last few days still more wonderful stories of dauntless deeds and feats of aerial tilting to spread the welcome glamor of romance over the more sordid side of the war. Above the British lines and far within the enemy territory the blue spring skies have been filled with daring planes that seem to flash in and out among the bits of floating cloud with the speed of the very sunbeam that sparkle and play upon their silver sides and all but transparent wings. Practically all the visible machines bear the red, white and blue target markings of the Allies. It is seldom that hostile battle birds, with the maltese cross upon their spreading wings, venture across the fighting lines.

The British aviators report that it is very difficult just now to get the German aviators into close fighting. They say that the Germans appear unwilling to engage in that sort of war fare, and continually attempt to break off the combats.

An Exciting Battle.

Two fast British machines far in the enemy's domain, saw what appeared to be a great flock of German planes headed toward the British line. The two British air-men climbed to a couple of thousand feet to have a better look at the strangers. Then they saw that it was a formation of fourteen machines composed of fighting scouts and heavier two-seaters probably intent upon a bombing raid. The odds were rather heavy against them but they decided to have a go at the hostile airmen. For three-quarters of an hour there followed an air battle. Having faster and better manoeuvring machines than anything in the German formation, the young Britons played about their fourteen enemies like a pair of giant hornets. They dived at them time and time again, firing bursts of machine gun bullets as they passed. With superior speed and climb the British machines were able to adopt such tactics as suited their purpose, and from the moment of the first attack the formation of the German machines began to break up.

After two of their machines had been set on fire and destroyed and a third sent spinning down to an undoubted fatal crash, the hostile squadron was completely disorganized, the surviving machines turning about and making for home.

Canadians Swept Forwards

Canadian Headquarters in France April 30th, via London—Another crease in the front was ironed out today. Enemy trench elements were captured to the north and east of Arleux, bringing our troops in this sector close up to the wire defences before the village of Fresnoy.

The German gunfire is increasing in volume as the menace to their positions becomes more serious.

Further details now available of Saturday's struggle on the Canadian front for the village of Arleux indicate the most sanguinary nature of the fighting, especially in the case of two Western Canadian battalions which, seriously engaged by machine gun fire, evened up the score with the bayonet.

THE BEST MEDICINE

FOR LITTLE ONES

Baby's Own Tablets are the best medicine a mother can give her little ones. They are a gentle laxative—mild but thorough in action—and are guaranteed by a government analyst to be absolutely free from opiates and other injurious drugs. Concerning them Mrs. Auguste, St. Brieux, Sask., writes: "Enclosed find twenty-five cents for another box of Baby's Own Tablets. I find them the very best medicine a mother can give her little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont. aJan. d'fctua,owpti pn,uaMmedentsIS

St. John, April 30—This is the last day saloons remain open in St. John. The new Provincial Prohibition Act goes into force tomorrow.

TWO LONG YEARS HE SUFFERED

"Fruit-a-tives" Made Him Feel As If Walking On Air

ORILLIA, Ont., Nov. 28th, 1914. "For over two years, I was troubled with Constipation, Drowsiness, Lack of Appetite and Headaches. One day I saw your sign which read 'Fruit-a-tives make you feel like walking on air.' This appealed to me, so I decided to try a box. In a very short time, I began to feel better, and now I feel fine. I have a good appetite, relish everything I eat, and the Headaches are gone entirely. I recommend this pleasant fruit medicine to all my friends". DAN McLEAN.

50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

April Was Good Month for British

London, May 1—"During the month of April," says the official report from British headquarters in France tonight, "we have taken, in the course of our offensive operations 19,343 German prisoners, including 393 officers. In the same period we also captured 257 guns and howitzers, including 98 heavy guns and mortars, 227 trench mortars and 470 machine guns.

"In addition to those we captured, many of the enemy's guns, howitzers, trench mortars and machine guns have been destroyed by our artillery fire.

"Marked activity in the air continued yesterday and during the night. In the air fighting eight German machines were brought down by our airplanes, two of which fell in our lines, nine others were driven down out of control. Another hostile machine was shot down. Nine of our airplanes are missing."

AN AGED COUPLE

Tell How They Regained Strength and Vigor

Steubenville, Ohio—"My husband is 79 years old and I am 78 years of age and we owe our good health to Vinol, the greatest strength creator and medicine there is. When either one of us get into a weakened, run-down condition, Vinol has never failed to build us up and restore strength. We have often said we would not be living now were it not for Vinol."

—MARY A. LEE. We guarantee Vinol to create strength for feeble old people.

Clark's Drug Store Also, at the best druggist in all Nova Scotia towns.

PROHIBITION FOR CANADA

The Dominion Prohibition Committee has asked the Dominion Government to prohibit the manufacture, importation and sale for beverage purposes of intoxicating liquors, as a war measure, or to grant a referendum before June 1st, the Act to come into operation within three months of the voting thereon. These requests are under consideration by the Government.

On the return of the Premier from England, the Committee expects to receive a statement with regard to the attitude of the Government on the question.

In the meantime, we hope that leaders in our churches and Temperance organizations, and all interested in the moral and economic welfare of the Dominion, will use their influence so that the representatives from the various constituencies in Nova Scotia will vote for this measure. WRITE TO YOUR MEMBER. When the question come up in Parliament, "There should be such an avalanche of public opinion brought to bear upon it, as to make the demand for prohibition irresistible."

We respectfully appeal to all clergymen to bring this most important matter to the attention of their congregations at the earliest possible date.

On behalf of the Committee,
H. R. GRANT,
Secretary for Nova Scotia
April, 1917.

Major J. W. Margeson, M. P. P. has received a new military appointment. A Board is to be appointed to deal with separation allowances. It will consist of three members, Major Margeson, who will be chairman, one to be appointed by the Military Hospitals Commission and a third to be selected by the chairman.

The Bed is the Keynote of the Beautiful Bedroom

Of all articles in intimate daily use, none more bespeaks the personal good taste of the owner. On the other hand, a poorly-designed, cheap-looking bed lowers the whole "tone" of a bedroom.

An ALASKA BRASS BED

is a thing of beauty that every discriminating woman wants in her bedroom when she sees it.

ALASKA Brass Beds are offered in great variety, from the most elaborate and massive designs to the simplest and most inexpensive patterns. There is one for every room in your home, no matter what your requirements may be, and no matter what the condition of your purse.

Every ALASKA Brass Bed is finished in the beautiful and permanent New Alaska Lacquer—a characteristic and distinctive Alaska refinement.

A PREFERENCE IN TRADE TO KNIT THE EMPIRE TOGETHER

LONDON, April 27—It was a distinguished assembly that gathered today at Whitehall on the occasion of the presentation of the Freedom of London to Premier Lloyd George. All the representatives of the Overseas Dominions and India, attending the Imperial War Council, were present, as were also Lord Curzon, Lord Milner, Right Honorable Arthur Henderson, many Peers of the Realm and members of the House of Commons. The Premier was given a great ovation. They have now established their claims to a real partnership. Establishment of Preference "We have decided that in future it is the business of British and Dominion statesmanship to knit the Empire in closer bonds of interest, of trade, of Commerce, of business and general intercourse in affairs. We have considered this problem and decided that in order to develop those enormous territories in future it is necessary that exceptional encouragement should be given to the products of each part of the Empire. We believe that a system of preference could be established without involving the imposition of food burdens. We believe it can be done without that; and of course, with food the scarcest and dearest this is not a time to talk of putting additional burdens on food.

Future of the Empire. "There is no sphere of statesmanship," he continued, "in which there is greater need for revised ideas than our attitude towards that great commonwealth of the nations of the British Empire. In the past we have treated it as an abstraction a glorious abstraction, but still an abstraction. The war has shown us all that the Empire is a fact, nay, a factor, the most potent factor today in the struggle for human liberty. We sent a hundred thousand men to France in August, 1914. They turned the tide of history. The Dominions and India contributed a million men. That has transformed our ideas regarding the reality and beneficence of the British Empire. The world cannot afford to let it be broken. But the choice must be between immediate concentration and

ultimate dissolution. Things cannot remain where they were. It may be said that the shadowy character of the relations between us and the Dominions and the great territories of the East have produced this real cohesion. That was all well before they made those great sacrifices. They have now established their claims to a real partnership. Establishment of Preference "We have decided that in future it is the business of British and Dominion statesmanship to knit the Empire in closer bonds of interest, of trade, of Commerce, of business and general intercourse in affairs. We have considered this problem and decided that in order to develop those enormous territories in future it is necessary that exceptional encouragement should be given to the products of each part of the Empire. We believe that a system of preference could be established without involving the imposition of food burdens. We believe it can be done without that; and of course, with food the scarcest and dearest this is not a time to talk of putting additional burdens on food.

GREAT RUN OF GASPAREAUX
Enormous Catches During the Week. (St. John Globe.) An almost unprecedented run of gaspareaux is reported in the harbor and the Belyea Brothers, Messrs. Harry and Hilton, who are operating the Navy Island weir, have handled enormous catches during the week. The fish are sold to wholesalers at 75 cents per hundred.

On Thursday Belyea Brothers dipped out 125,000 gaspareaux and their catch Friday totalled 10,000. Prospects for today are said to be most encouraging

FEEDING THE HORSE IN PREPARATION FOR HARD WORK

(E. S. Archibald, B.S.A.)

Rest and fat are always the greatest enemies of the horse. Feeding in preparation for heavy summer work after an idle winter requires care and skill. Horses fattened during the winter are in poorer condition for hard summer work than horses kept on a good maintenance ration. The soft horse withstands heavy labor and the heat of summer very poorly.

The preparation of all horses for summer work should commence at once. Horses which are yet on a maintenance ration of rough feeds should now receive a medium grain ration and better quality roughage (preferably timothy) in increasing quantities until up to a full working ration at the commencement of the hard spring work. By the middle of March the horse should be on regular light work or at least regular exercise and a grain ration of from 10 to 12 pounds daily, divided into three feeds. At the commencement of the heavy spring work he should receive from 1 to 1-4 pounds of grain per 100 pounds of live weight. For example, a 1,500-pound horse should at that time receive from 15 to 19 pounds of grain and 15 pounds of hay daily. The best method of feeding is as follows:

- 5 a. m. 6 pounds grain mixture, 5 pounds hay.
- 12 a. m. 6 pounds grain mixture, 3 pounds hay.
- 6 p. m. 4 pounds grain mixture, 8 pounds hay.

When the horses are idle for a day or so only, reduce the grain one-half.

Regularity in feeding and uniformity of feeds, both as to quantity and quality are essential. Grain mixtures, such as oats 5 parts, bran 1 part; or oats 3 parts and barley 1 part will be found satisfactory.

One or more feeds of warm mashes per week are essential to prepare or maintain a working horse. A bran mash replacing the Saturday night grain is excellent. This might be replaced by boiled barley or other grains mixed with bran, and fed warm. If desired, salt-petre may be added as a blood tonic, and molasses as an extra laxative and appetizer.

Salt in the rock form should be in the horse manger at all times.

WATERING THE HORSES
Water should always be given freely provided it is given frequently. Experience has proven that horses should be at liberty to drink both before and after feeding, but the larger supply should be previous to feeding.

Minard's Liniment for sale everywhere.

In a recent despatch which the Kaiser sent to the Crown Prince he spoke of "carrying through the fight for existence to the victorious end." This is a sort of backhanded way of saying that Germany is now fighting to preserve its national existence and still hopes to do so. Compared with the Kaiser's utterances of a year or more ago these words show a highly significant change. There is cause for it. The German people must be waking up to the nature of the "news" the government has been feeding to them for the last two years.

GENUINE LEATHER

Studebaker bodies are upholstered with genuine leather, and it is of high grade quality—the same that you find on cars costing from \$500.00 to \$1000.00 more than Studebaker cars.

It is soft, pliable, durable, fast-colored, and it will not work off, scale, crumble or check. We describe this leather to you because it shows the quality of material that Studebaker uses in the construction of its car.

Expense has not been spared to cheapen the car in any particular. It is distinctly a high-grade, fine automobile. Your comfort, your safety, your pride, have all been considered in the design and construction of both the FOUR and SIX.

It costs only a little more to obtain the quality that you find in Studebaker cars, and this quality is the thing that gives you real economy. "It is better to pay a little more and get the BEST."

HAIK'S TROOPS REPULSE ENEMY

British Airmen Drop Bombs With Good Effect Behind German Lines

London, April 30—The British official communication issued this evening says: "An attack made by the enemy during the day upon our new positions between Monchy-Le-Preux and the Scarpe River was completely repulsed. The hostile artillery has been active on both banks of the Scarpe.

"There was great activity in the air yesterday and during the night bombs were dropped with effect on a number of points behind the enemy's lines causing several fires in one case a large explosion. Three enemy trains were also hit by our bombs.

"The enemy fought hard to protect the points attacked. In the course of the fighting ten German airplanes were brought down and ten others driven down out of control. Fifteen of our machines are missing."

W. C. Ellis, Ingleside Farm, Sheffield Mills.

Two mammoth lemons, grown by F. W. Rice of Rutland, Vt., are now on exhibition in that town. The lemons are nearly of uniform size, the larger being 11 inches in circumference one way and 10 3-4 the other. The fruit are of the color of an ordinary lemon, but resemble an orange in shape.

HUNS HARD PRESSED FOR LUBRICATING OILS

London, April 30—When application was made in the Prize Court today for condemnation of several shiploads of lubricating oils and fats as enemy property, counsel read an affidavit from a member of the War Trade Intelligence Department in which it was stated that the latest reports in the hands of the Government showed 8900 locomotives were laid up at Essen alone last month on account of wear and tear caused by the scarcity of lubricating oils in Germany, or by the employment of bad lubricants. The lubrication problem of railroad engines was said to be one of the most pressing problems in Germany.

OBITUARY

CAPT. SAMUEL McBRIDE
In the death of Capt. Samuel McBride, which occurred on Wednesday April 25th at his home in Harborville, Kings Co., the community loses one of its aged and most upright citizens. Capt. McBride sailed seas until about thirty years ago, when he retired from sea-faring life and settled on a farm he had purchased in Harborville. He was a strong, healthy, robust man until about three weeks ago, when he was taken down with a severe attack of grippe, and despite medical skill he passed away at the age of 83. He leaves a large family: Emma, (Mrs. Connor) who lived with him; Mrs. William Caldwell, Yarmouth; Mrs. Boyd Parker, Harborville; Capt. Chas. McBride, Waterville, Kings Co. at present at sea; William, a member of the Town Council at Kentville; Auber, George and Fred, in the States. Mrs. McBride died many years ago.

PTE. WM. BROOKE DIED IN A GERMAN PRISON

Serving 12 Years' Sentence - Refused to Work in Munition Factory.

Ottawa, April 28 - Private William Brooke, son of Mrs. C. J. Brooke, 251 Metcalfe Street, who was captured by the Germans at the first battle of Ypres, died in a German prison early in March according to notification received by his mother last night. Private Brooke was undergoing a twelve years' sentence in solitary confinement imposed by the Huns following his refusal to work in a munition factory. The young hero, who was in his 23rd year, was in New York studying art with a friend when war broke out and hurried back to Canada to join the colors.

NOVA SCOTIANS GUILTY OF BIGAMY

Rev. Ernest Harris and Mrs. Gertrude Wambach, Arrested at Kitchener, Ont.

Kitchener, Ont., April 28 - Rev. Ernest Harris, who claimed to be an Anglican minister, and Mrs. Gertrude Wambach, who have been residing in Hespeler, since last November, and were arrested on charges of bigamy pleaded guilty before Judge Hanning in the Criminal Court yesterday. Sentence was reserved for one week Wambach, the husband of the woman, who lives in Nova Scotia, was in court and expressed a desire that the pair be justly punished. Harris is also married and has a wife and family living in LaHave N.S. Harris has been engaged in the insurance business since residing in Hespeler.
