

# The Acadian

Vol. XXXIX. No. 41.

WOLFVILLE, NOVA SCOTIA, FRIDAY, JULY 2, 1920.

\$1.50, payable in advance.

## Women's Institute Convention

The seventh annual convention of the Women's Institutes of Nova Scotia was held at Truro last week. There were about seventy delegates present and they came from all parts of the province. Reports were presented from forty of the branch institutes and all showed a very active interest in all institute work.

In giving her annual report, Miss Helen J. MacDougall, superintendent of institutes for the province, said that during the year there had been a decided growth in membership and thirteen new institutes had been organized.

An interesting report of the meetings of the Federated Women's Institutes of Canada at Toronto last November was given by Miss Annie Stuart, of Grand Pre.

At the Thursday morning session the conveners of the various committees were appointed, two of which were as follows: Home Economics, Mrs. Dexter Collins, Port Williams; Finance—Miss Annie Stuart, Grand Pre.

## Baseball News

What a great loss to the local baseball team the leaving of the Henshaw boys was plainly shown on Wednesday afternoon when the Wolfville boys went down to defeat before the Bridgetown team, the score being 14-10. As intimated by the score the game was loosely played. Without the Henshaw boys the local team seem to go all to pieces. However with more practice they will no doubt put up much better showing against the Annapolis team next Wednesday.

A number of changes were necessitated in the line-up of the local team which was as follows: Schurman, c.; Eagles, p.; Baird, 1b; Kinney, 2b; Beardsley, 3b; Tingley, ss; Waterbury, l. f.; Evans, r. f.; O. Porter, c. f.

Neither team scored in the first innings, and in the second the visitors got one run and Wolfville two. In the third innings however Eagles blew up and Bridgetown got 5 runs, giving them a substantial lead. Eagles was replaced by Beardsley in the fourth innings. The visitors scored twice in this innings, once in the fifth and twice in the sixth. With the score 11-2 the chances looked bad for the home team. The Wolfville boys went to the bat and the first man up got a hit. Then the merry-go-round started and before it was stopped six men had scored for Wolfville, making the score 11-8. The home team tried hard to even up the score but were unable to do so. Bridgetown scored three more runs in the ninth while Wolfville scored two.

The other games played on Wednesday resulted in a win for Kentville over Berwick by the score of 5-4, and a win for Middleton over Annapolis by the score of 5-3. Annapolis defeated Berwick on Friday evening in the game which had to be replayed because of protest. The score was 6-0. The league standing is now as follows:

	Won	Lost
Middleton	5	0
Annapolis	3	2
Kentville	3	2
Wolfville	2	3
Bridgetown	2	3
Berwick	0	5

## Central Association Meets

The Central Baptist Association held its seventieth annual session at Berwick on Tuesday and Wednesday of last week. The object of the gathering was to review the work of the church in Halifax, Kings and Hants counties and to formulate plans for the coming year. Judged by the ordinary standards the Association could be voted an eminent success. The entertaining church and the good people of Berwick certainly did everything in their power to make it so. Hospitable homes of all denominations were opened to the delegates and visitors and the ladies of the church provided dinner and supper in their spacious vestry. More than six hundred excellent meals were thus served.

The moderator, Rev. G. F. Bolster, pastor of the West End church, Halifax, conducted the business with efficiency and despatch and never were the proceedings of the Association more than fifteen minutes behind schedule time. Rev. E. S. Mason represented the Home Mission Board; Rev. O. N. Chipman, the Sunday School Board; Rev. W. V. Higgins, Foreign Mission Field; Rev. D. E. Hatt, Western Missions; Mr. Eugene Therrien, the Grande Ligne Board. All these speakers delivered excellent and encouraging addresses. Dr. George B. Cutten reported for Acadia, confining his report largely to a review of the past year's activities. The preacher of the Association sermon was Rev. H.

Halifax. To Dr. J. H. MacDonald was assigned the duty of giving the devotional addresses. The subject creating the keenest discussion was that of Denominational Co-operation in Rural Districts, introduced in a carefully prepared paper by Rev. A. L. Huddleston of Halifax. The speaker advocated the withdrawal of the weaker churches in rural sections in the interests of efficiency. The question was finally referred to the Survey Committee of the Convention for fuller consideration.

The Women's Missionary meeting was held on Wednesday afternoon, the speakers being Mrs. J. W. Manning, Mrs. W. V. Higgins and Miss C. Mason. An appeal made by Rev. W. V. Higgins for motor cars for the use of missionaries in India found a response in the audience where two auto vehicles were provided for.

At the closing meeting Dr. H. R. Grant made a rousing address on the church militant. The outstanding figure in the Association was without doubt Rev. A. J. Prosser whose words of wit and wisdom always receive respectful consideration. Among the visitors present was Mrs. Alfred Chipman, the first Principal of Acadia Seminary, who a few days previously had celebrated her eighty-eighth birthday.

The success of the Association is largely due to Rev. P. R. Hayden, pastor of the entertaining church and also to Mr. G. R. T. Ayling, the efficient secretary. Rev. L. H. Crandall was chosen moderator for the coming year.

Miss Jean Praft, who is training for a nurse at Framingham, Mass., arrived home Friday for a few weeks holidays.

Mr. Robert Elderkin is home from McGill University for the holidays.

## Kings Co. Boys' Baseball

On Friday afternoon on the college campus, the Wolfville Tuxis Boys played a game of baseball with the Canning boys, the game resulting in a win for the local team by the score of 8-1. The Tuxis Boys wore their new uniforms for the first time and presented a very pleasing appearance. The local boys easily surpassed the visitors in every branch of the game but the Canning boys put up a good fight. In the first three innings there was no score, but in the fourth Wolfville scored six runs. Barteaux, McLeod, Brown, Kennedy, G. Rand and Langille succeeding in circling the bases. Kennedy also scored in the sixth and Barteaux in the seventh innings. Canning got their only tally in the eighth innings when Hiltz scored. Paul Tingley and Phil Robinson, Canning, were the referees. The teams were made up as follows:

Canning	Wolfville
S. Hiltz c.	C. Langille
H. Lyons p.	B. Elderkin
T. Miller 1b.	G. Rand
G. Spicer 2b.	A. Brown
H. Miller 3b.	McLeod
M. Burgess s.s.	W. Barteaux
T. Huston i. f.	V. Rand
H. Huston c. f.	Kennedy
B. Eaton r. f.	Rhodenizer

The Wolfville boys went down to defeat before the Kentville team on Saturday afternoon at Aldershot, the score being 4-1. Wolfville and Kentville have each won two games in the series.

Mr. Burton Angus, who has been teaching in Truro during the past year, is home for the holidays.

Miss Dorothy Sweetman, of Halifax, is visiting her aunt at the Methodist parsonage.

## Wolfville Fruit Company

The sixth annual meeting of the Wolfville Fruit Company, Ltd., was held on Thursday evening of last week. President C. S. Fitch presided, and congratulated the members upon the sound standing of the company as disclosed by the year's business, which he briefly reviewed.

Manager H. A. Peck reported the largest crop of apples they had ever had, but he regretted also having to report that it was the poorest fruit handled. He attributed this in many instances to insufficient spraying and the unexpectedly early visits of the frost, which affected certain varieties before they were ready for picking. He pointed out that the expenses incidental to packing operations were unduly enhanced by the extra handling necessitated by inadequate space for coping with the increased quantity brought in. For this reason he recommended that the directors be empowered to take steps to provide extensions to meet further emergencies.

The total quantity of apples was 39,655 barrels and the cost of packing averaged 18 cents per barrel; 4 cents per barrel less than the previous season. The total turn-over for the year, inclusive of apples, potatoes, empty barrels, pork and supplies, amounted to \$161,018.95. Referring to the financial statement, he said that the profit, after paying dividend on stock and a 2 per cent. rebate on members' purchases of supplies, was \$1651.45, as compared with \$712.49 the previous year, and had been placed to reserve.

The elections resulted as follows: directors—C. S. Fitch, F. B. Westcott and F. L. Gertridge; to be nominated as director of the United Fruit Company, H. A. Peck; board of directors, F. B. Westcott, H. A. Peck, W. J. Duncanson, W. H. Evans, W. S. Eagles, C. S. Fitch and F. L. Gertridge.

## Town Council

A special meeting of the Council was held on Friday evening last with the Mayor and all the members present except Coun. Rand.

The principal business was a revision of the list of unpaid taxes and a considerable amount which had been carried on the books for years, was struck off as uncollectable. These were mostly poll tax fees and might have been collected if looked after at the proper time. Our opinion is that all taxes should be collected during the year for which they are assessed and this is especially necessary in the case of poll-taxes.

The Council ordered that immediate steps be taken to collect all amounts carried over from last year and previously.

Assessors for the ensuing year were appointed as follows: J. D. Chambers (permanent assessor), T. R. Wallace and C. A. Brown.

Coun. Graham, chairman of the Police Committee, referred to the very unsatisfactory conditions at the town lock-up and urged that immediate steps be taken to make it more sanitary and comfortable. The committee was requested to present plans and suggestions at next meeting.

Wolfville Methodist church. Services for Sunday, July 4th, at 11 and 7. At the morning service the minister will commence a series of sermons on the "Life of Moses". Sunday school session at 12 o'clock (noon). In the afternoon at Greenwich and in Wolfville at 7 p. m. there will be the annual Roll Call ceremony, followed by the Sacrament of the Lord's Supper. It is expected that the Rev. E. E. England will assist in the Sacramental service.

Mr. W. H. Chase has donated \$10,000 to Dalhousie University.

HERE AGAIN

Mary Pickford

IN

"HOODLUM"

SEVEN REELS

Friday and Saturday, July 2 - 3

See Mary do a Shimmy in the "Hoodlum" it can even follow "Daddy Long Legs" and that's going some.

See Mary Pickford as an alley tough, a most delightful sister of the slums. She was reared in Luxury but she reveled in the freedom of the Slums.

Rich Girl, Poor Girl, Gambler Girl, Thief.  
All MARY PICKFORD parts.

Show at 8 P. M. Come Early. Prices: 20c. & 30c.

**Notes and Comments**

Before you buy by mail, look at your home prices.

Imports from Germany to Great Britain from February to April inclusive totalled in value five and a half million pounds sterling.

The Winchester, Ont., Press finds a good many people worrying about daylight saving who already have twice as much as they make good use of.

Investigation of the Dauphin oil field may be undertaken by the Manitoba government if the reports of experts on its possibilities are satisfactory.

Savings deposits in Canadian banks increased during May by about twenty millions. Within the last twelve months they have increased by over a hundred and twenty millions.

A New York firm has been indicted on 207 counts for profiteering. That is the only way to deal with all who take advantage of the present situation to exact extortionate prices from the public.

Advertising is a real force for the promotion of better business and advertisers should see to it that they are making efforts to accomplish this purpose and not detract from the work which advertising can do.

**Canada's Standard Apple Barrel**

Prior to 1918 the Federal law with respect to the size of apple barrels required a minimum capacity of 96 quarts. This sized barrel was used in Nova Scotia, but in Ontario a slightly larger barrel was used. At a Conference of Fruit Growers, held in Ottawa in March, 1918, at which representatives from all fruit growing provinces in Canada were present, it was unanimously recommended that legislation be enacted standardizing the apple barrel. Legislation in accordance with this resolution was assented to on May 24th, 1918, prescribing a Standard Apple Barrel of a capacity of 7,056 cubic inches, 17 1/8 inches in the head, 26 inches between heads, inside measure, 64 inches, circumference at the bilge, outside measurement. This became effective June 1st, 1919. In order that those having old size apple barrels left over should suffer no loss, permission was given to use such old barrels (manufactured previous to June 1st, 1919), during the past season.

There is no doubt as to the benefits which must come from the adoption of the Standard Barrel, and as Growers and Shippers have been given every opportunity to dispose of the old barrels the Act will be rigidly enforced during the present season. Growers and Shippers should, therefore, see that the barrels furnished them are in accordance with the requirements of the Act, anyone using barrels of any other size than that prescribed, is liable to a penalty for violation of the Law.

**Pale and Weak Wives and Mothers**

CAN REGAIN HEALTH AND STRENGTH THROUGH DR. WILLIAMS' PINK PILLS

Many women who had a good color in their girlhood grow pale and colorless when they become wives and mothers. When the fading color in the cheeks and lips is accompanied by a loss of brightness in the eyes and an increasing heaviness in the step, the cause will be found in the state of the blood.

Many causes contribute to the condition of the blood known as anaemia. Overwork in the home, a lack of outdoor exercise, insufficient rest and sleep, improper diet—these are a few of them. The important thing is to restore the blood to normal, to build it up so that the color will return to cheeks and lips, brightness to the eyes and lightness to the step.

Dr. Williams' Pink Pills are the great blood builder and nerve strengthener. They begin with the very first dose, and through a fair use make new blood that carries strength and health to every part of the body. The appetite increases, digestion becomes more perfect and energy and ambition return. The case of Mrs. Wm. McNish, Abbott Street, Brockville, proves the value of Dr. Williams' Pink Pills in cases of this kind. Mrs. McNish says: "I was quite young when I married, and in raising my family I became all run down and a nervous wreck. I became so weak that I could hardly walk across the floor without sitting down to get my breath. I slept poorly and at times my nerves would twitch so that I could not keep still, and I was in constant misery. I tried many medicines but they did not help me; indeed my condition was growing worse, until one day a friend told me that she had been in a somewhat similar condition and had been cured by Dr. Williams' Pink Pills, so I decided to try this medicine. After the use of a couple of boxes I felt they were helping me. My appetite was better and I slept better. By the time I had used half a dozen boxes I felt like a new woman, my health had fully returned and I could do my housework with ease. In view of what Dr. Williams' Pink Pills have done for me I cannot recommend them too highly."

The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old time energy. You can get these pills through any medicine dealer or by mail at 50 cents a box or \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

**Canning News**

The engagement is announced of Harriet Primelia Pelton, daughter of Mr. and Mrs. Noble Pelton, of Canning, to Clarence E. Vickery, of Diligent River.

Rev. Harry Barber, Mr. and Mrs. Lloyd Ward and Mr. and Mrs. S. A. Robinson attended the Central Baptist Association at Berwick last week.

Rev. and Mrs. Daley, of Halifax, who have been the guests of Mr. and Mrs. Fred Thomas, returned home on Friday, accompanied by Mr. Thomas.

Mrs. A. M. Covert was the hostess at a delightful "Bridge" on Thursday evening last.

Miss Ada Reynolds, after a week's visit in Halifax, returned home on Friday.

Mrs. J. Harris Beckwith returned on Thursday last.

Miss Landry is the guest of her sister, Mrs. A. C. Sheridan.

**Willow Bank Cemetery**

The following is a list of those who have contributed to the up-keep of the cemetery during 1920 to this date:

Dr. A. Cohoon, A. K. Forsyth, C. M. Vaughn, C. A. Campbell, E. Wickwire, John W. Wallace, Mrs. Macklin (C.R. Burgess Est.), Wm. Harvey, Mrs. George Johnson, F. J. Porter, Mrs. R. F. Reid, H. A. Richardson, Mrs. Crawley for D. R. Thomas lot, George A. Johnson, B. O. Davidson, Mrs. Newton Newcomb, Mrs. G. H. Gilmore, H. L. Britain, Mr. Hancock, Mrs. Fred Forsyth, D. B. Shaw, J. Hayes, R. E. Harris, W. B. Harris, J. W. Caldwell, J. C. Hemmeon, Mrs. Kempston, Ross Fraser, Mrs. J. C. Bishop, Miss Cramp per Dr. Cohoon, Mr. Faulkner per Elias Eagles, Dr. Cohoon Int. on Perpetual Care Fund, Bruce Spencer for sale of wood, Mrs. Thos. Sutherland, W. C. Blackadder, Mr. Pierce for sale of wood, J. Albert Miner for new lot, Miss Fitch, J. I. Brown, Dr. A. J. McKenna, Dr. A. C. Chute, Mrs. C. E. Starr, E. H. Johnson, Mrs. Ralph Shaw, Mrs. Blake Shaw, K. Hibbert, Dr. J. F. Tufts, V. E. Griffin, Mrs. Duff, Everett Pineo, Dr. Manning, Gustavus Bishop, Est. J. W. Barss special work.

Bal. in bank Jan. 1, 1920, \$267.25  
Amt. rec. to date in 1920, 206.68

\$473.93  
Total expenses paid to date for 1920 \$216.02

Balance in bank \$257.91  
Perpetual care lots whose taxes are always paid by the \$100, paid into this fund of which Dr. Cohoon and W. H. Chase are trustees, with funds are separate and apart from the general cemetery acct.—Dr. Sawyer, Mrs. Macklin, Joseph Jones, S. P. Benjamin, Mrs. Thaddeus Coldwell, Rev. I. W. Porter, Mrs. E. C. Simonson.

There are now 200 lot owners, 51 of which have paid, and there are over 100 who have never paid anything toward the up-keep and several with not even their lot paid for.

A lot of work is yet to be done in keeping grass lawned and completing the work of new lots being made on the south side and we should keep our bank balance increasing instead of decreasing. Who will start a movement to raise funds for this important work, and some steps must be taken to collect from those who never pay.

**The World's W. C. T. U.**

TENTH CONVENTION IN LONDON (APRIL 18-25TH)

**BON VOYAGE**

By Mrs. Gordon Wright

Dear Comrades,—You seem very near to me though an ocean separates us. From the moment we started "loving kindness and tender mercies" have surrounded us and it is just a succession of kindnesses.

We had a remarkable voyage for early April—so crew and passengers declare—we felt dear comrades your prayers were following us and the sea was held as if in "the hollow of His Hand." Every courtesy possible was extended us and we were accorded seats at the Captain's table where as a party we could all assemble. Each morning after breakfast the White Ribbon party assembled on deck for a devotional service in charge of the Rev. Mr. Vance, who accompanied Mrs. Vance, and there, to the accompaniment of the lapping waves, we honored God by singing his praises. Others often joined us, and we believe a finer spirit prevailed because of this daily little service.

How shall we begin to tell the story of the royal welcome accorded us in Liverpool by our White Ribbon sisters there. We docked early Monday morning, April 12th, but not too early for a number of the Liverpool comrades to be there to greet and receive us.

We would love to linger over the Liverpool story and speak of the many courtesies extended by our Liverpool White Ribbon sisters but we must hasten on to the all-important World's Executive meeting which occupied all of Saturday, April 17th.

Lady Carlisle, World's President, presided throughout with customary ability. In her fine address of welcome Lady Carlisle took high ground—that we "as followers of Christ should exemplify His life through our lives."

Much of important business awaited attention—but outstanding in interest and pathos were the appeals from the various countries for help. Miss Carpenter fresh from Mt. Lebanon made an urgent appeal for Syria in this hour of need—where so many have suffered and died—through famine. Lady Carlisle aptly remarked "Get rid of the liquor shops and famine and suffering will every where lessen."

Miss Stewart, niece of the well-known writer Olive Schreiner—made appeal on behalf of the work in South Africa and the protection of its native races. Mrs. Lunder, of India, bore testimony that "India was ripe for prohibition." Burmah, its representative, said—needed it and was ready for it now.

At five o'clock a reception and tea was accorded the World's Executive and Overseas delegates by the National B.W.T.U., where a delightful opportunity was afforded us for our meeting, and greeting once more our World's comrades.

# Red Riding Hood

An old tale—  
Re-told by the Canada Life.

A True Story—Told with New Meaning

## The Wolf Who Made a Mistake

A dreadful tale was told the little girl in this story.

It was about her Daddy, upon whom everything depended.

So far all had been well, because he had worked to keep away a certain bad, hungry Wolf.

But now the Wolf made it plain that he was going to live at her home,—because Daddy's work was done.

There would be no more toys, no more new shoes and dresses—

Perhaps even food would be denied to her and her mother—

Very soon her childish hands would learn hard tasks,—her innocent mind would take up the cares of life.

♦ ♦ ♦ ♦

So this was the Wolf of poverty and distress,—the spectre of want that Daddy had worked so hard to keep from his home!

But this Wolf had made one mistake.

It was only too true that Daddy would return no more, but—

Faithful and loving, he had planned that each month a Canada Life cheque would come to that home, almost as if he had brought it himself.

In due time they learned how perfectly Daddy had guarded them and by his forethought shielded them from want and despair.

### The Monthly Cheque That Never Fails

It is all so simple and effective!

Just a few dollars set aside and now, without delay, the Canada Life will guarantee to your home a regular monthly income.

**In the Meantime**

But in the meantime, what a relief to know that no matter what may happen the monthly cheque that never fails, issued regularly by the Canada Life will come to your home!

### Just a Few Dollars Saving

You will be surprised to learn what a reasonable proposition can be made to you, how only a few dollars saved and set aside from your regular earnings can be multiplied into an income which will surely keep the Wolf from your door.

Ask for particulars of our new Monthly Income Policy.

Dear Sirs—Without obligation on my part, please send me particulars of your Monthly Income Plan.

Name..... Address..... Your Age..... Age of Wife..... Age of Child.....

#### Editorial Jottings

The House of Commons was prorogued yesterday afternoon. Sir Robert Borden has resigned from the premiership but will retain his seat in the house. A new leader will be chosen by a vote of the Government supporters in the Commons and Senate. The caucus decided to change the name of the party to "The National Liberal and Conservative Party", to be commonly known as "The National Party".

The supervised playgrounds will be opened on Friday morning to all children of the town. The age limit for boys is ten years. The morning session will be from 9.30 to 12, and the afternoon session from 1.30 to 4. On Saturday there will be only one session, from 9.30 to 12. A good deal of equipment in the shape of swings, seesaws, sand tables, etc., has been installed and more will soon be added. Miss Marguerita Cutten and Miss Maurine Eiderkin will be in charge.

We have received a copy of a program given by the musical clubs of the Loomis Institute, a boys' school at Windsor, Conn. The final number on the program is a chorus entitled "In After Years", the words of which were written by J. Edmund Barss, son of Dr. A. deW. Barss, and the music by Wm. C. Card, well known in Wolfville. Both of these gentlemen are on the teaching staff of the Loomis Institute.

THE ACADIAN wants all the news, and you can do us a great favor by informing us of anything of interest in the town or district. The editors of nearly all newspapers find it necessary to remain in their places of business a greater part of the time, and consequently they are unable to gather many items that daily come under the observation of their readers. We will appreciate news items at any time.

A subscriber to THE ACADIAN in another part of the province, when renewing his subscription recently, writes as follows: "Your newsy paper is as welcome as when I became a subscriber about thirty-five years since. Through its columns I keep in touch with a part of the doings of my native country (good old Kings). Wishing you every success."

A special edition of the Royal Gazette was issued on Monday afternoon containing the proclamation of His Honor the Lieutenant Governor dissolving the House of Assembly. The writs for a General Election were immediately issued. Nominations will be made on Tuesday, July 20th, and polling will be held on July 27th.

Rev. E. M. A. Bleakney, of Hyde Park, Mass., accompanied by Mrs. Bleakney and little daughter, Rev. G. G. Bleakney, of Braintree, Mass., and Miss Stella Bleakney, who has been spending some weeks in Massachusetts, arrived home on Wednesday on a visit to their parents, Mr. and Mrs. A. W. Bleakney.

#### Westwood Hospital

Miss Elmore Eaton, who has been a very efficient and popular Lady Superintendent at Westwood Hospital during the past seven months, finds it necessary to give up her work July 1st.

Miss Ethel Brown, who has just returned from England, and who is so well known in Wolfville and vicinity, has accepted the position as Lady Superintendent.

All who know Miss Brown will feel that the Hospital is very fortunate in securing the services of so capable a nurse.

During the past two years the hospital has had some improvements made, three more beds have been added, making a nine-bed hospital, several of the rooms have been done over and the operating room enlarged and made very attractive. The nursing staff will be increased and in the future maternity cases as well as surgical and medical cases will be admitted.

We regret that owing to lack of space we are compelled this week to hold over in type a quantity of interesting matter prepared for this issue. It will appear, however, next week.

Mrs. A. G. Cowie was called to St. John this week by the death of her mother.

Wolfville's Big Day—July 7th.

**Don't Miss It**

It is rumored that several teams are in training for the Tug-of-War Tournament on Wolfville's Big Day, July 7th. The senior scouts of Grand Pre are ready to pull any team in the county and the Wolfville Senior Scouts also hope to have a team. It is reported that the local Oddfellows are getting up a team and will challenge any other Oddfellows organization in the county. This feature of the day's sport should be most interesting.

**"The Hoodlum"**

Following is the story of "The Hoodlum", the Mary Pickford production which will be shown at the Opera House on Friday and Saturday, July 2 and 3.

"The Hoodlum" idea would never have entered Amy Burke's head had she not stormily rebelled against the determination of her millionaire grandfather to take her on a trip to Europe at the very time her widowed father had come home to write a book. She loved both, but she set up her will so defiantly against that of her rich and powerful grandfather that he left her in a rage. She pluckily accompanies her father to uncomfortable lodgings in a tenement house.

While he is absorbed in writing a novel, Amy gradually senses the freedom of poverty and learns to enjoy it so tremendously that she becomes an expert crap shooter, a marvel as a "shimmy" dancer, and, during a reckless escape from a cop, she slides down a coal shoot and becomes next to unrecognizable as the granddaughter of her millionaire grandfather.

In order to watch the effect of this life on her, the grandfather comes to the house disguised and is gradually led by the little girl to perform works of philanthropy, his own hardened character undergoing a change until his heart is softened and his view of humanity made more tender. In order to right a wrong her grandfather has done, the girl disguises herself as a boy and accompanies a young man she met and learned to like upon a safe robbing expedition.

She is at work, trying to unlock her grandfather's safe when she is caught, but she turns the tables on the old man—she has found the proofs of his own guilt. He is so softened by his experience and the girl's superior sense of justice, that he takes her back to his arms and makes amends for the wrong he has done with a promise of larger happiness for all.

**North Grand Pre Notes**

Mr. J. Allen and family are moving to their new home in Hantsport.

A week ago Monday evening, at the home of Mr. Harry Palmer, Mr. and Mrs. Kenneth Palmer were presented with an Electric Reading Lamp by their N. Grand Pre friends. The lamp is of old ivory and is greatly appreciated by the young couple.

Miss Jennie Palmetter is spending a few weeks with her aunt in Bridgetown.

On Monday evening Miss Josephine Allen was presented with an ivory comb and brush by her girl friends here. Their best wishes follow her to her new home.

Miss Carrie Allen has a position as stenographer in Kentville.

# MOTORS AND MOTORING: A Page Full of Interest to the Owner or Prospective Owner of an Automobile.

## Good Roads Benefit Whole Community

MOTOR CAR OWNER NOT ONLY ONE WHO GAINS BY UPKEEP OF ROADS

It is far easier to figure out the cost of good roads to the general taxpayer than it is to estimate the cost of bad roads to the same individual. Doubtless this is the reason why there is not yet general support of road building programmes, says an editorial in the Kansas City Star.

The average man, especially the man who does not own a motor car, is likely to feel that good roads will cost him something, and the exact figures in a given case he can find for himself or have pointed out to him with little difficulty.

This outlay he feels certain of; he knows the bills for hard road building will be handed him directly or indirectly at a stated time. He sees the cash actually going from his pocket in the form of taxes or special assessments. In the face of this certainty, he hesitates.

The trouble lies in figuring out to a certainty the cost of dirt roads to this same man. Whether he lives in the city or country he is likely to believe that good roads are a proposition for the motor car owner and dealer. And even if he be one of these, he may be willing to take a chance on the uncertain cost of upkeep of the car that is run over the bad roads, or the relation of this cost to sales.

Although it would be impossible, probably, to estimate with any exactness the expense of mud, dirt, hills and holes, it is quite possible to remind the consumer of any kind that he is being taxed, and taxed heavily, for bad highways.

The tax is included in the cost of produce brought to every city. Bad roads handicap vehicular traffic of all kinds. If the producer finds it difficult to reach the railway station or the city when the weather is bad, the city man who buys for his table must help pay the cost of delay and wear and tear on vehicles. The farmer who makes his purchases in the city, or even a few miles from his home, must lose the time and the money that bad roads exact.

The situation affects equally the man who wishes to move his household goods to or from the city, and who finds it desirable or necessary to use a truck or other kind of vehicle. The first thing the truck man talks about in such a case is the kind of road he will have to use in making the haul. If the road is bad the charge for the load is sure to be high; if the road is good or "fair" the cost may be made accordingly.

So the expense of bad roads goes in numerous other cases, all of which would represent a total cost

## AUTOMOBILES FOR SALE!

Several second hand Autos. and Auto Trucks. All thoroughly overhauled and ready for the road.

very much larger than the price of 365-day roads. This cost is not a probability; it is a certainty to the man who will give it reasonable consideration. The more exact cost of good roads should not obscure the heavier and incalculable expense of bad roads.

## Horses vs. Motors

The use of mechanical power on the farms of Ontario has been making such rapid progress during the past few years that many people have been led to believe the day of the horse is past. The lighter breeds of animals, it is true, are being gradually replaced by the motor car and light truck. Heavy horses, on the other hand, are in greater demand at the present time than ever before in Canada, and in all probability will remain so.

## Oil Valve-Stems

Motorists who do not think they are getting sufficient mileage from a gallon of gasoline should take care to lubricate their car properly. Friction is the greatest friend of the gas bill, and the best decelerator in the world. One of the points forgotten by many motorists is the careful oiling of the valve-stems. On a long drive or where the car is being used with regularity, the oiling of these stems with a good grade of oil—your garage man will advise you as to the best—will make an appreciable addition to the miles per gallon and will greatly increase the efficiency and pulling power of your motor.

Designed to haul trailers with supplies about factories and storage yards, gasoline-propelled tractors for use in industrial plants are becoming popular.

## AUCTION!

To be sold at Public Auction on **MONDAY, JULY 5th** at 1 o'clock, at the residence of **W. S. Purdy - Lower Wolfville**

E. C. BISHOP, Auctioneer.

Ask for Minard's and take no other.

## Auto Briefs

One-tenth of the motor cars in America are in California.

In 1903 there were but 220 motor car owners in Canada. Registrations for 1919 totalled 324,886.

Rio de Janeiro is the first South American city to establish an automobile tire industry.

For repairing automobiles along country roads, travelling machine shops carried on motor trucks are operated in England.

Of the \$2,460,529 collected from New York City in motor fees last year, \$1,322,907 went to the State for use in-road maintenance.

Gasoline in Italy is obtainable in restricted quantities only, at the rate of approximately 15 gallons a month for an automobile of 15 horse-power.

"Road Trains" is a new name coined through extension of use of trucks with two or more trailers per truck.

With fair treatment, the average motor truck should run in excess of 100,000 miles.

## Motor Roads in France

The excellence of most of the French roads has long been recognized; but the war inflicted on them immense damage, directly and indirectly, by destruction in some parts and by excessive wear, with reduced opportunities for maintenance, in others. In making good their roads, the French are looking carefully to the traffic which will pass over them and are developing particularly concrete construction.

A feature of the new roads will be the massive concrete abutment on each side, where heavy traffic is expected. The roadway itself in these cases will have a minimum thickness of 4.7 inches of concrete, the camber being 1 in 100.

There are more wheels turning in America to-day than ever before, but 28,000,000 of them are automobile wheels.

Europe has approximately 437,000 automobiles.

Keep Minard's Lintment in the house.

**Prest-O-Lite**  
Battery Service

**Service on All Makes of Batteries**

No matter what make of battery you now own, bring it to us occasionally for such minor attentions as it may need—we'll test it and add distilled water if needed, free of charge.

**Hope of the Future**

Looking into the faces of a group of children the thought is suggested that here are some of the proprietors of the future. Labor as faithfully and as wisely as it may, the present generation will leave great tasks for those that come after; and the future will have its problems, possibly as difficult to solve as those which confront us today. Tomorrow's work and problems will confront today's children—these boys and girls, who are the trustees to whom will be handed over all the nation's assets of material wealth, of institutions, of traditions and of aspirations.

How high a value then should be set upon child life? What safeguards should be thrown around it? What efforts should be made to secure for each child the environment, the food and clothing, the mental and moral training that will assure, so far as such assurance is possible, the development of a man or woman sound in body and in mind, fit for life's tasks and willing to perform them? Child welfare work has in mind not only the betterment of conditions under which children are living. That alone is a worthy end, but it is a means to another. In our national utilities we are laying the foundations of fur-

ther and greater development; in saving child life, provision is being made for the army of workers upon whom that future development must depend.

**Healthy Children are Happy Children**

The well child is always a happy child—it is a baby's nature to be happy and contented. Mothers, if your little ones are cross and peevish and cry a great deal they are not well—they are in need of medicine—something that will set their bowels and stomach in order, for nine-tenths of all childhood ailments arise from a disordered state of the bowels and stomach. Such a medicine is Baby's Own Tablets. They are a mild but thorough laxative which regulate the bowels, sweeten the stomach, and thus drive out constipation, colic, indigestion; break up colds and simple fevers and make the baby healthy and happy. Concerning them, Mrs. Albert Hamel, Pierreville, Que., writes:—"Baby's Own Tablets are the best medicine I know of for little ones. They relieved my little girl from constipation when nothing else would and I can strongly recommend them to other mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

**"Your Teeth"**

BY REA PROCTOR MCGEE, M. D., D. D. S., PITTSBURGH, PA. THE X-RAY

The invention of the X-ray was purely accidental. The Crookes' tube that projects the ray was a scientific plaything. One day old Mr. Roentgen in Boscheland was fooling with a Crookes' tube, a black velvet cloth and some fluoride of lime. A lucky combination of the three enabled him to see through the bones, cloth and the skin on his hand and for the first time human eye could look through an opaque substance.

Until the X-ray was perfected, we could not see into the bones of the jaw and tell what was going on inside. Now it is comparatively easy to look into the bones and see the shape, size and position of the tooth roots and to examine for abscesses and pyorrheal pockets. By the light and dark spots we can tell the shape, size and direction of pus tracts, locate foreign bodies, find spots of decayed bone, and plainly see impacted teeth. When it becomes necessary to remove a nerve and fill a root-canal, the work can be checked up by an X-ray picture instead of waiting to see whether it abscesses or not.

Formerly it was necessary to wait for "developments" when-

Minard's Liniment Co., Limited.  
Dear Sirs,—This fall I got thrown on a fence and hurt my chest very bad, so I could not work and it hurt me to breathe. I tried all kinds of Liniments and they did me no good.  
One bottle of MINARD'S LINIMENT, warmed on flannels and applied on my breast, relieved me completely.  
C. H. COSSABOOM.  
Rossway, Digby Co., N. S.

ever there was a pain in the face or mouth. This not only caused a great amount of suffering but made the condition of the patient far more serious than it would have been if there had been some prompt way of diagnosing a deep inflammation in the early stages. There are so many diseases of the body in general that come from the mouth and teeth and jaws, that it is often necessary to X-ray the jaws when there has been no local disturbance that would lead you to suspect a blind abscess or a pyorrheal pocket or a necrosed spot of bone. In these examinations it is very surprising to find, frequently, the cause of a stubborn inflammation in a far-distant portion of the body. This is repeatedly proved a valuable and correct method of diagnosis because the removal of the focus of infection of the focus of infection, not before suspected, so often results in a cure that no diagnosis is now regarded as complete until an X-ray is taken.

Consequently, we are all much obliged to Sir William Crookes and Dr. Roentgen for their discovery and invention.

**Another Royal Suggestion**  
**COOKIES and SMALL CAKES**

From the NEW ROYAL COOK BOOK

WHEN the children romp in hungry as young bears, here are some wholesome, economical delights that will not only be received with glee, but will satisfy the most ravenous appetite in a most wholesome manner.

**Cookies**  
1/2 cup shortening  
1 cup sugar  
1/2 cup milk  
2 eggs  
1/2 teaspoon grated nutmeg  
1/2 teaspoon vanilla extract or  
grated rind of 1 lemon  
4 cups flour  
1 1/2 teaspoons Royal Baking Powder  
Cream shortening and sugar together; add milk to beaten eggs and beat again; add slowly to creamed shortening and sugar; add nutmeg and flavoring; add 2 cups flour sifted with baking powder; add enough more flour to make stiff dough. Roll out very thin on floured board; cut with cookie cutter, sprinkle with sugar, or put a raisin or a piece of English walnut in the center of each. Bake about 12 minutes in hot oven.

**Cocoa Drop Cakes**  
4 tablespoons shortening  
1 cup sugar  
1 egg  
1/2 cup milk  
1/2 cups flour  
1 1/2 teaspoons Royal Baking Powder  
1/4 cup cocoa  
1/2 teaspoon salt  
1/2 teaspoon vanilla extract

Absolutely Pure

MADE IN CANADA

Cream shortening; add sugar and well-beaten egg; beat well and add milk slowly; sift flour, baking powder, salt and cocoa into mixture; stir until smooth, add vanilla. Put one tablespoon of batter into each greased muffin tin and bake in moderate oven about 20 minutes. Cover with boiled icing.

**Orange Cakes**  
4 tablespoons shortening  
1 cup sugar  
1/2 cup milk  
1 egg  
1/2 cups flour  
1 1/2 teaspoons Royal Baking Powder  
1/4 teaspoon salt  
1/2 teaspoon orange extract  
grated rind of 1 orange

Cream shortening; add sugar slowly, beating well; add milk a little at a time; then add well-beaten egg; sift flour, baking powder and salt together and add to mixture; add flavoring and grated orange rind; mix well. Bake in greased shallow tin, or individual cake tins, in hot oven 15 to 20 minutes. When cool cover with orange icing.
