VALUABLE FARM PROPERTY
For Sale or to Exchange
THE undersigned offers for sale, or to exchange for Real Estate in the Town of Guelph, the undermentioned property, viz: A valuable improved Farm north of the Durham Road, in the Township of Brantford, three miles from the Village of Durham, containing about 200 acres, of which about 100 acres are cleared, and under fence. On the premises are a substantial frame dwelling house with good cellar, garden, and well with pump of excellent water. Also, a frame barn 60x30, with 18 feet posts and underground stabling, and a never failing spring in the barn yard for the supply of water to cattle. This is a very eligible property, and well worthy the attention of those who wish to obtain a good farm.

JOHN RAY
Grass Founder and Fitter, Upper Wyndham Street, Guelph, Ont.
Guelph, May 2, 1871.

Dissolution of Partnership.
THE Co-Partnership heretofore existing between the undersigned, under the name of R. Carroll & Co., as Grocers and Importers, is this day dissolved by mutual consent. All debts due to the firm should be paid to J. E. McDermott, (Signed) EDWARD CARROLL, JR. J. E. MCDERMOTT.
Guelph, 15th May, 1871.

With reference to the above, I hereby state that the business will be carried on by me in the old stand, where customers will receive the same attention and find goods as cheap as any other place.

GUELPH
CIRCULAR

We beg to advise our having sold out our business to Messrs. Paterson & Co., who will carry it on as heretofore, in all its branches, on the same premises.

From the experience of our Successors, and the facilities they possess, we have great confidence in recommending them to our patrons, and our customers, as being the most eligible and desirable place for the purchase of goods, and for the transaction of business, in this town.

Having purchased from Messrs. James Macsle & Co., their extensive stock of Tea and General Groceries, we purpose carrying on the business as heretofore, in all its branches at the old premises.

From the facilities we possess, we are prepared to offer goods at prices that will compare favorably with any Wholesale House in Ontario, and hope by prompt attention to business and our customers' wants to merit a continuance of the patronage liberally and deservedly bestowed on our predecessors.

Our Agent will have the pleasure of waiting on you from time to time with samples, when we trust to receive a share of your Orders, when you respectably.

PATERSON & Co.
W. J. PATERSON H. PATERSON.

Call and see us, and we will prove what we say.

GOWDY & STEWART.
Guelph, 5th May, 1871.

Evening Mercury

TUESDAY EVENING, MAY 23, 1871

Town and County News
AN INDUSTRIOUS DUCK.—Mr. Donald Cameron, of Pauline, informs us that he has a duck which lays two eggs every day.

PILKINGTON.—The two Assessment Rolls for this Township show, value of real property \$353,523, personal property \$88,830. The population is 9,040.

ONE FARE.—The Hamilton Times says that on the 24th inst. the Great Western Railway will convey passengers from all points to that city and back for one fare.

FIRE IN MONO.—The residence of Mr. R. Frame, Center Road, Mono, was destroyed by fire on Wednesday. The fire originated from a defective chimney. Loss about \$400. No insurance.

FIRE IN DRAYTON.—A correspondent of the Elora Observer says that some mercantile set fire to the woodshed of Mr. Harrison's Royal Hotel, on the morning of the 17th inst. The flames were got under before any serious damage was done.

FIRE IN ROTHBAY.—On the 16th inst. the barn, sheds, &c., on the estate of R. S. Moore, Esq., J. P., were burned to the ground. The tenant could give no account of the origin of the fire. There was no insurance on the premises. No says the Observer.

FIRE IN AMARANTH.—A fire broke out in the residence of Mr. J. Simpson, Lot 17, Concession 10, Amaranth, on Friday night, and completely destroyed the building and its contents. Loss about \$700—uninsured. Mr. Simpson has but recently settled on the farm, and cannot well afford the loss.

ENGLISH COMBINATION TRUPE.—Freeman's English Combination & Female Brass Band give an entertainment at the Town Hall to-night. The Freeman's enjoy a Provincial reputation as musicians, and the other members of the troupe are very highly spoken of by our contemporaries. Harry Clarke, is said to be a very superior singer. See advertisement.

BOOKS.—Mr. Greer, Agent for several theological works of varied merit, is about canvassing this town for subscribers to the same. These books are set forth by the Ministers in the town as works of surpassing excellence, and strongly recommended by them to the consideration of all readers, learned or otherwise.

OUR NEW STORY.—In our daily issue of Monday we gave the initial chapter of a new story entitled "The Boscage." The scene of the tale is laid in Ireland, and introduces events and characters common enough in Ireland eighty years ago, although in this age and country they seem wonderfully romantic. We have no doubt that our readers will spend many pleasant hours in perusing "The Boscage."

THE WIMBLETON TEAM.—The following are the names of the Volunteers who have been selected to represent Canada at Wimbledon:—Cotton, Patrick and Harris, Ottawa; Bell and Wilkinson, Brockville; Kincaid, Kingston; Oronhyateka, Belleville; McNaughton, Cobourg; Jennings, W. McMullen, Birch, Gibson and McDonald, Toronto; Marston, Omand, Saché, Little and Mason, Hamilton; McLaughlin, Woodstock; Waste, London.

REFORM MEETING IN DUNDAS.—A meeting of the Reformers of North West was held in Dundas on Saturday last. Mr. McMonie, the present representative in the House of Commons, was present, and expressed his determination of not serving again. The meeting then tendered a unanimous nomination to Mr. Thomas Bain, Reeve of West Flamboro', and late Warden of the county, and he accepted the trust.—The selection is a most judicious one. Mr. Bain will make a strong candidate and a good representative.

BATTALION BAND CONCERT.—The complimentary concert, by the members of the Battalion Band, to Band Sergt. Foubury, took place last (Monday) night, in the drill shed. The band played in their usually masterly style, and showed a decided improvement in their style of rendition, which reflects much credit upon Mr. Vale, the band master. The evening's entertainment was very pleasantly varied by dancing, in which many of those present engaged. We regret that the people of this town show so little encouragement to the band or to any member of it, as testified by the rather slim attendance. They deserve better at the hands of our citizens.

INTERESTING TO ALL.—The following decision, it is said, have recently been made by the American Post Office department:—Letters addressed to the number of a drawer or box, to initials, or fictitious names, are not deliverable. They should be sent to the dead letter office. If there are two persons of the same name in the place and do not agree as to how their letters shall be delivered, letters shall be delivered to the party bearing the name who calls first. If the letter should prove wrongly delivered, it should be marked, "opened by mistake," with the name of the party opening it, and returned to the office to be delivered to the proper person.

BY TELEGRAPH

THIS MORNING'S DESPATCHES
South American Affairs.
More Revolutions.
Laying of a Cable.
Railway Ring in the States.

New York, May 23.—Arrived S. S. Oceanic and Italy, from Liverpool. Kingston, Jamaica, May 23.—Venezuelan dates to 8th received, and revolutionary outbreaks continue. General Ducharme and Oliver captured the sea ports in a state of blockade and are performing blockade duty. Gen. Sutherland arrived at Caracas and it is reported that his services to Grenmein to drive P. M. from Maracaibo. Advice from P. M. from Maracaibo. Thomas state that the telegraphic cable from St. Thomas to St. Kitt's has been successfully laid.

New York, May 23.—About 1000 cars of freight arrived via the Erie Railway, last week. Sir John A. Macdonald, of the 1st High Commission and Lady Macdonald, Chas. Drinkwater, and Lieut. Col. Barnard left for Ottawa last evening. The Erie mystery still perplexes Wall Street, the prevalent impression appears to be that Thos. A. Scott of the Pennsylvania Central is negotiating with Gould & Fish, and the latter are struggling for the best obtainable terms.

School Board.
The regular meeting of the School Board took place in the Council Chamber last (Monday) evening, Mr. Peterson in the chair. Present—Messrs. Knowles, McKenzie, Newton, Harvey, Irglie, Stevenson, Raymond, Mitchell, McGuire and Fraser.

The Clerk read a communication from the Board of Public Instruction declaring the eligibility of the Rev. Robt. Torrance to be School Inspector for the town; also a communication from Mr. Dunn, praying that some improvements be made in the Grammar School.

Moved by Mr. Newton, seconded by Mr. Knowles, that Rev. Robt. Torrance be appointed School Inspector of the Town of Guelph. Carried.

Mr. Raymond read the report of the special committee on school site, to the effect that they had visited several schools throughout the Province, and presented a plan for the formation and government of the Guelph schools.

The Board went into committee on the Special Committee's report, Mr. Harvey in the chair.

Mr. Peterson objected, in very strong terms to the plan proposed by the Committee, and strongly opposed the idea of still supporting Ward Schools after the erection of a Central School, which he thought, if he could judge from the plan, would be totally inadequate for the accommodation of the large number of children in Guelph.

Mr. Raymond held an entirely different opinion, and considered the ward schools as nurseries for the younger children, in which would be taught the rudiments of a common school education.

A great deal of discussion then followed upon the various clauses of the report, especially upon that part referring to the ward schools.

Mr. Peterson moved that the report be laid over for further consideration. Committee rose. The motion for referring the report for further consideration was then put and carried.

Mr. Newton read the report of the Finance Committee, which recommended the payment of an account from the Globe office, and from Mr. John Risk. The estimated expenditure for the year was \$5,581.80.

Mr. Newton moved the adoption of the report.

Mr. Harvey said he would never give his vote in favor of receiving a report which gives so much to the support of the Grammar School.

On the vote being taken, the motion was carried.

Mr. Stevenson read the report of the School Management Committee, to the effect that they had engaged a feasible teacher for the new School about to be organized.

On motion the report was adopted.

Mr. Knowles moved, seconded by Mr. Mitchell, that Mr. Wells be notified to find some other place for holding public worship, so as to allow the Board to use the school which he now uses for that purpose as a new school. Carried.

Mr. Stevenson moved, seconded by Mr. Raymond, that the hand room in the Central School be fitted up for the children until the other building should be procured. Carried.

The Sec. notified the Board that the law for the proper grading of Common Schools would be put in force after the midsummer holidays.

The Board then adjourned.

RETURN OF REV. W. M. PUNSHON.—Rev. W. M. Punshon has returned to Toronto, after his trip to California and British Columbia. The party accomplished their 8,800 miles without a single accident, and were highly pleased with the countries which they visited.

Terrible Conflagration.

A Whole Village Destroyed.
On Monday the Village of Bradford, on the Northern Railway, was totally destroyed by fire. The fire originated in the bakery of Mr. Edmonston, and rapidly spread to adjoining buildings, and thence to others, until the town was a charred and blackened ruin. A hundred families have been left destitute; 124 houses were burnt, exclusive of four hotels and the town hall and market houses. There is not a store left standing in the place whereat the sufferers who have been turned out of house and home can purchase provisions, and the state of many of the families was pitiable in the extreme; their furniture and clothes all consumed, and no place wherein to lay their heads for the night; children were wandering about minus hats, boots, and other necessary articles of apparel.

The Globe says:—Fortunately no loss of life took place; nor did we hear of any accidents of any very serious nature. Mr. Bingham, an hotel-keeper, with some little difficulty rescued his invalid wife from the house while it was burning, without her sustaining any injury beyond a severe fright which she sustained in consequence of a portion of the bed upon which she was lying becoming ignited. The stores of Messrs. Strachan Brothers, Mr. Murphy, and Mr. Duffield, which were built on the fire-proof principle, were each destroyed, and some fragments of gossamer veils and other light fabrics were carried by the wind to a distance of some eight or nine miles, and lodged on fences near Newmarket. Small pieces of charred shingle were strewed about the streets of the last named place, and portions of cheques and notes, bearing the names of Messrs. McMaster and other wholesale firms, were picked up on the road three miles south east of Newmarket. The goods in the Express-office were all burnt, together with the cash box, containing a considerable amount of money. From the excitement which was prevailing throughout the day it was impossible to obtain a correct list of those who have suffered by the fire, or the amount of damage done, but the latter is variously estimated at from \$500,000 to \$1,000,000; but one thing is certain, that an insurance agent able to judge estimates the loss to the companies at \$125,000. The fire burnt itself out remarkably quick, nearly the whole of the buildings being of frame, and the recent dry weather rendering the material of which they were constructed inflammable in the highest degree; and the supply of water being but poor, and the engines not being of any great power, all militated greatly in the favor of the rapid progress of the conflagration. The sad calamity has excited much sympathy among the citizens of Toronto with the unfortunate sufferers; and last night, until the train arrived, there were many under painful apprehensions as to the personal safety of their friends living in Bradford, and the news that no one was hurt was hailed with much satisfaction by the numerous enquirers who had assembled at the Northern Depot to interview the passengers arriving by the 9:10 p.m. train.

The Holiday To-morrow.
To-morrow promises to be a very quiet holiday in Guelph, and we presume that a very large proportion of our citizens will be out of town pleasure-seeking. The base ball match at London will no doubt attract a large number, as a keen contest is anticipated between the 'Tucumseh' and the Guelph boys, but the latter are quite confident of success.

A grand rifle match under the auspices of the Guelph Rifle Association will take place at the York Road rifle range. There will be three matches:—the Association Match, open to all members of the Association; nine prizes, 300 and 500 yards; All Comers' Match, ten prizes, open to all residents of the County, 200 and 400 yards; Volunteers' Match, open to all members of the 30th Battalion, 400 and 600 yards; fourteen prizes.

In addition to the above, we presume, there will be the usual number of private picnics, boating and driving parties, &c., all of which, we trust, will be pleasant and enjoyable. As already announced, the Great Western will convey passengers to and from Hamilton, from all points, for one fare.

In the evening an entertainment will be given in the Town Hall by the Helms, of the Royal Lyceum, Toronto. The reputation which they enjoy will no doubt attract a very large audience, and we believe that those who attend will not be disappointed in their expectations.

GUELPH POLICE COURT.
Before T. W. Saunders, Esq., Police Magistrate
May 23.
Robert Ferguson, of the township of Peel, was charged with having been drunk and disorderly on the street. It was his first offence he was dismissed with a reprimand.

PRESENTATION.—The Fergus Express says that a few days ago a handsome watch and chain was presented to the G. D. McLuskey, track inspector on the G. W. R., at D'Woodsman's Hotel, Hamilton, on the occasion of his being transferred to the track inspectorship of the line between Hamilton and Galt. The presentation was made by the foreman of the branch. There were present among the company on the occasion, Mr. Brodie, Station Master at Guelph, besides other Station Masters on the line, and our respected townsman, Mr. Conductor Quirk, and a pleasant time was spent.

A man named John Stewart, belonging to the 2nd con. of the township of York, was stabbed on Thursday with a pitchfork, by a man named Hazel. Hazel escaped, and has not been apprehended.

Fighting in Paris.

The contest which has so long raged around Paris is now transferred to within the districts of the city, and streets that were a year ago filled with gay and happy throngs are now crowded with desperate men engaged in fatal combats. It would appear that following up at once the success of Dan, the Versailles poured across the Bois de Boulogne, through the battered gates, away to the Arc de Triomphe, and the Champs Elysees, where they were joined by the divisions which entered from the south. The Communists in many instances offered a determined resistance to their enemies, but were driven back by superior numbers and higher courage. Several bloody encounters are mentioned, where the invaders were decimated by the fire of the mitrailleurs from behind barricades. The Communists have also suffered heavily. They have concentrated chiefly around Hotel de Ville, the Place Bastille, and the streets in the neighborhood. The Versailles have it is said, eighty thousand men in the city, and more ready to follow. McLellan has advanced into the heart of the city to the Arc de Triomphe, and his cannon were sweeping no less than five of the broad avenues, including the Champs Elysees, which diverge from that point. Although the contest may be protracted and the unfortunate city have yet to endure much suffering before it ceases—for no doubt the Communists will fight with courage and desperation as they have been unable to prevent the entry of the troops, it is vain to suppose their entire subjugation can be anything more than a question of time.

The latest despatch states that Versailles hold three quarters of the city; having repulsed the Communists in a battle before the Hotel de Ville barricades. The rebels are now said to be bombarding the city from the heights of Mont Martre. This is turning the tables upon the besiegers. An extensive fire is raging in the city.

NEWS ITEMS.
PRESENTATION AT WINTERBURN.—On the 18th inst. a moving was held in the New Presbyterian Church, Winterburn, for the purpose of presenting to Rev. Mr. Gerrie, of Elora, a testimonial of the gratitude felt towards him by the people of this community for his occasional services among them as a preacher of the gospel of Christ. He was presented with \$50 by the Rev. H. Thompson, Mr. Gerrie made an appropriate reply.

A MODEL REPORT.—The Lyons Republic gives the following report of George Francis Train's lecture in that town last Wednesday night:—"American eagle—the Irish crowned me with a king—Erin go bragh—my head measures 24 inches—shut the English Bastille—man of destiny—next President—preached nine million times in New York—woman's suffrage—who's afraid? Let down the windows—Gospel of Peace—Acacia—lunatic, humbug, charlatan, pretender—Phillips, Greeley, Bennett, West—no trade—penal infallibility—venal press—scoundrelly editors—the political parties smashed—everybody goes for Erin—who's afraid? great excitement—Trait League's forming everywhere—sure to win star-spangled banner—fireworks, cannon, stars and stripes, flag, pop, bang—hip, hurrah!"

SPREADING THE SMALLPOX.—The Globe says:—We have already announced the death in this city, from small pox, of two passengers by the steamship Medway, from London. From a gentleman who came over in that steamer we learn how the disease was introduced on board, and certainly the facts he discloses indicate an amount of carelessness calling for enquiry on the part of the authorities. A small-pox patient, just out of a London hospital, was allowed on board as a passenger, though on application at Liverpool for a passport by the Allan line he had been refused. Our informant says examination of the passengers by the physician before allowing them on board the Medway was a perfect farce. The appearance of the face of the man who had been refused a passport by the Allan line indicated plainly that he was only just recovering from the disease; yet he was allowed to pass without a question.

THE BUFFALO COW CASE.—The daily Reporter says, the suit entered by Mr. West, driver, to recover possession of the cow claimed by an old woman in Buffalo, from a drover he was driving through that city—the particulars of which we narrated in the Reporter a few weeks ago was tried before the Court in Buffalo last week. The evidence offered by Mr. West, as to his claim to the cow was of the very strongest description. Mr. John Philp, of Waterloo, testifying to his having raised the cow, and having sold it to Mr. West; but parties from Buffalo swore positively that the cow was the old woman's, and that they could not be mistaken. In his charge to the Jury on the conclusion of the evidence, the Judge went strongly in favor of the old woman's claim; and the end was that after a lengthened deliberation the Jury failed to agree and were discharged. It is understood that they stood seven in favor of Mr. West, and five for his opponent. The case will come on again in September next.

CONFIDENCE IN DR. LIVINGSTONE'S SAFETY.—The confidence in Dr. Livingstone's safety is based on a letter to Consul Kirk, at Alexandria, from Sheriff Barheikhi Uter Ahmed, in which he says: "I have to inform you that on the 15th of Sheban (Nov. 10) a messenger came from the people of Menassa with letters from the Arabs who are there, and one from the Doctor, and those letters were dated 20th Regib (Oct. 16). In answer to my inquiries they told me that the Doctor was well although he had been suffering, and he is for the present at the town of Manakos with the Mahomet Ben Ghirib, waiting for the caravans, being helpless without means, and few followers, only eight men, so that he cannot move elsewhere or come down. We have sent off 12 of our men with American cloth blankets, beads, a sugar coffee, salt, two pairs of shoes, shot, powder, soap, and a small bottle of medicine (quinine) All that he is in want of we have sent to him, and I remain at Ujji (on the lake) awaiting his orders.—20th Sheban (15th), 1870."

A letter from an Arab merchant confirms the above, and says that the "Christian" intends to return to Ujji in the month of Safir (April), 1871.

DROWNING SORROW.

The soothing custom of drowning sorrow is a very ancient one, and was at one time more popular than it is now, though it does not even now lack devotees among those who believe that the best way to keep one's spirits up is to pour spirits down. It appears that this venerable custom has been revived with great zest in Chicago, where it is the custom for the mourners returning from a funeral to stop at places of refreshment and offer libations to the memory of the deceased, whose departure is regretted and whose virtues are recounted amidst the flow of whisky and the fall of tears. Such bibulous grief has been voted unbecoming by the city authorities, and the fact was sent forth that grief should go dry, at least while returning from funerals. But to what purpose do tyrants' fulminate against the dearest privacies of a free people? Like many another edict the law has been more honored in the breach than in the observance, and the highland has continued to mingle freely with the extract of our indigenous to the country. Some of the more respectable journals have cried out for the enforcement of the law, while others have espoused the cause of the thirsty weepers by declaring that the law was not only unjust but tyrannical, and that the Lord Solons had no power to interfere with the spiritual consolation which the friends of the deceased administer to themselves and unto one another. Thus Chicago is divided against itself, and the law is being tested in the most trying manner. It is probable, however, that the law will be enforced, and that the friends of the deceased will be confined to the consolation which a single glass of whisky affords, either upon festive or funeral occasions.

NEW BIRDS IN THE LONDON PULPIT. One of them is the Rev. Mr. D. H. who was called to the pulpit of St. Paul's Church, London, in 1868. He is a Scotchman, and his health being very weak, he went to Australia. There he was recruited, and coming back to England, the pulpit of the late and lamented James Hamilton was open to him. No without anxiety did he agree to become the pastor. His health is so delicate that he cannot do more than deliver one sermon on the Lord's day. A young assistant conducts the worship for a fortnight after the sermon. His discourses are models, and thoroughly original. They are the highest culture, along with a genius all his own. The Rev. Donald Fraser is the second "bright particular star" who has shined in our pulpits since the Rev. Mr. D. H. Fraser is a Scotchman in any way, and his high culture and genius are recognized at once. But as to Donald Fraser, his ancestors were pure Highland Celts. They fought and fell in the dreadful battle of Culloden. Charles at Culloden. He is an orator born. His whole aspect is impressive. He is graceful without studying to be so. He is above the middle height, ruddy, and fair. He is still young, and his bodily vigor seems never to have failed him. He became early gray, but not bald, his eye is not weak, nor his natural strength abated. He is essentially an orator—I would venture to say, the first pulpit orator in the metropolis. — *London American paper.*

THE LATEST EARTHQUAKE. — Telegrams from all parts of the country show that the earthquake on Sunday morning extended from the western part of this Province down to the North Shore, below Quebec. The duration of the shock varied from a few seconds to two minutes, apparently increasing in intensity as it travelled eastward—that being the direction it took—judging from the time at which the disturbances are reported to have occurred. No serious consequences followed the earthly rocking in any place. The shock appears to have been most severely felt in parts of the Niagara district, and about the "ancient capital," though in some other towns the frightened people for a few minutes expected to instantly witness the demolition of their houses. The shaking is generally described as having been accompanied by a noise like that of a heavy stone being rolled over a rough surface. It was felt in the city of Toronto, and in the Niagara district, and in the western part of the Province. A few persons were killed, and many injured. The shock was felt in the city of Toronto, and in the Niagara district, and in the western part of the Province. A few persons were killed, and many injured. The shock was felt in the city of Toronto, and in the Niagara district, and in the western part of the Province. A few persons were killed, and many injured.

MADAME MONTAGUE

ASTROLOGIST & PHRENOLOGIST

THE QUEEN'S HOTEL

where she can be consulted in regard to the future of her children, health, wealth, friends, place of residence in future, and the completion and condition of the future business and wife, and will answer any questions given her on any subject whatever, agreeable to the person propounding the same. If it means success to the lady, it is known to herself, she barely knows as an astrologer she is doing.

Those who wish for consultation should call on Madame Montague, at the Queen's Hotel, in Guelph, from 12 o'clock to 4 o'clock, P.M.

Remember to come soon, as her stay is limited in Guelph, owing to arrangements in other places.

THIS ORIGINAL DOCUMENT IS IN VERY POOR CONDITION

Mr. Fellows is daily in receipt of letters of enquiry, from various parts, respecting his Syrup of Hypophosphites. One recently received, leads to the belief that the public mistake his meaning in reference to its effect in imparting superior energy to the mind. Where the intellect has been impaired by overwork or by kindred causes, the use of the Syrup, together with proper precautions in the use of food, clothing, exercise and rest, will restore full power to the brain and nerves.

If a man wants a bottle of what we call "Fellows' Syrup," let him buy it and take it home like a man, and not sneak home with a bottle of "Bitters" or "Cordial," and pretend that it is medicine. If he wants a tonic that is something better than a temporary stimulant, he should get a bottle of "Fellows' Syrup" (made from Tonic), that will vitalize the blood and give desirable strength to the system.

Mothers, Mothers! If you are distressed at night and broken at your rest by a sick child, suffering and crying with the excruciating pain of colic, try Mrs. Winslow's SOOTHING SYRUP. It will relieve the poor little sufferer immediately. Depend upon it; there is no other remedy so well known to all mothers who have ever used it, who will not tell you as one that will regulate the bowels, and give rest to the mother and relief to the child, operating like magic. It is perfectly safe to use in all cases, and pleasant to the taste, and is the prescription of one of the oldest and best female physicians in the United States. Price 25 cents. Sold every where.

MRS. WINSLOW'S SOOTHING SYRUP. Having the far-simile of CURRIE'S PREPARATION on the outside wrapper. ALL OTHERS ARE IMITATIONS.

FELLOWS' HYPOPHOSPHITES. AMONGST the diseases mentioned by the name of FELLOWS' COMPOUND SYRUP OF HYPOPHOSPHITES are: Consumption, Asthma, Consumption, Laryngitis, Nervous Debility, Dyspepsia, Chronic Bronchitis, Chronic Diarrhea, Melancholy, Debility resulting from Typhoid and other low fevers, Epilepsy, Prostration, Hyetia, Hypochondria, Anemia, Chlorosis, Albuminuria, Neuritis, Nervous Irritability, Migraine, or Wasting of the Muscles, Aphonia, or Loss of Voice, Chorea or St. Vitus's Dance, Stagnation of the Liver, Intercostal and Pectoral Action of the Heart, Suffocating Feelings caused by mucous obstructions of the Lungs and Air-passages leading to asthma, and Debility from various causes, many cases of which appeared hopeless.

SOLD BY APOTHECARIES. PRICE, \$1.50; SIX FOR \$7.50.

AMES I. FELLOWS, Chemist, 101 St. John, N.B. Husband - I shall know them better hereafter, you see. The Druggists and Store-keepers are doing not only themselves a great deal of harm, but their customers also by inducing them to buy an article unknown and without merit. Perry Davis' Pain-Killer has been before the public for over thirty years. It is known in every part of the earth, and is sold by every Druggist and most storekeepers and grocers. As a Colic Specific and Diarrhoea Medicine, its reputation has no parallel. I am surprised that we in a life so many years without it. Well - certainly, the reason is you have been taking whatever the store-keeper would recommend, we have always had a bottle of Pain-Cure or Reliever or Pain Remedy or some such trash in the house, we have tried them over and over again. Husband - And that is just the reason I object to try the Pain-Killer on my children. I thought it was like those other things a humbug. To be continued.

Be sure and get the genuine Pain-Killer, only one per bottle. Beware of counterfeits.

COUGHS AND COLDS. Sudden changes of climate are sources of Pulmonary, Bronchial and Asthmatic affections. Experience has proved that simple remedies often act speedily and curatively, when taken in the early stages of the disease, recourse should not be had to "Brown's Lung-Balms," "Lozenges," or "Foggs." Few are aware of the importance of checking a cough, or common cold in its first stage. That which is the beginning of a cold, if neglected, will yield to a mild remedy, if neglected soon attacks the Lungs. "Brown's Bronchial Trochiscs," or "Lozenges," allay irritation which induces coughing, having a direct influence on the parts affected. As there are imitations, be sure to obtain the genuine. Sold by all dealers in medicine at 25 cents a box.

MILLS & MELVIN. GUELPH, MAY 11, 1871.

REMOVAL

WING to John A. McMillan, Boot and Shoe Merchant of this town, and Assignee of the Estate of J. D. Frost, not having been able to sell the stock of the store on Wyndham-street, we have removed the stock to our own store opposite the Market. Not being regularly Boot and Shoe Merchants, and not making much difference to us now as we have sold the bulk of the Stock, or we would have learned him a lesson that would have done him good (the being such an idiot at it). Parties wishing to buy or sell shoes give us a call. It is impossible for any other person to sell shoes as cheap as we can, let them say what they like. We bought the stock, 40¢, at 70¢, on the dollar, and other parties have to pay 100 cents on the dollar for stock that is 30 per cent less. We will guarantee to sell shoes in per cent less than they pay for them, or 75 per cent less, than they retail them, for the thing stands up for itself, let them say what they like.

Prunellas from 95c, sold elsewhere for \$1.25 Slippers " 25c, " " 37 1/2 Men's Boots " \$2.25, " " 2.75 " Calf Cobourgs from \$1.25 " " 1.75 " Calf Sewed Gaiters 2.00 " " 3.00 Childs Cacks from 20c per pair, And everything else just as low as we represent them. Don't forget opposite the Market.

TAYLOR & MARTIN

Guelph, April 17th, dw Auctioneers and Commission Merchants

AUCTION SALE EVERY EVENING
