New York, Oct. 28.—E. H. Harriman, president of the Panama Pacific Southern Pacific railroads, today predicted that an era of competitive railroad building was at hand...

Speaking of the trip to both Japan and China, Mr. Harriman said: "Japan is getting on her feet and is about to put them in shape to bring about further developments."

The Japanese are ambitious, and besides their railroad building they are going to develop the transportation by water and we will have to co-operate. They are going to get their share of trans-Pacific business and get it on their own bottoms.

Locates at Nanaimo.—R. E. N. Jones, formerly of the Victoria branch of the Canadian Bank Comptroller, has assumed the position of accountant of the Nanaimo branch of the institution.

County Court.—On Monday, November 6th, there will be a sitting of the county court, presided over by Judge Lampan. The list of cases to be heard is fairly large.

Released on Bail.—A special despatch from San Francisco says Geo. D. Collins was released on bail in the Bay City Thursday night. He says he will not proceed against the lawyer for issuing warrants for the arrest of Mrs. McCarly and Mrs. Collins. His first client, Alex. McLean, "The Sea Wolf," who proposes holding a series of libel suits against persons in San Francisco.

Progress at Van Ando.—The Copper Queen mine has commenced to ship ore to the Crofton smelter and is now preparing for another shipment. The Cornell mine has received this week the duplicate part for the pump and the boiler is being installed rapidly as possible, and it is expected that the same will begin the unwatering of the mine on Monday, the 30th inst. in the Van Ando shaft, which has not been safe for some time. It is required in readiness for the importation of the heavy mining machinery for the adjacent properties which are being opened up on the island.

On Serious Charge.—At Ladysmith on Thursday Hugh Estel, a mulatto barber, was arrested at the Western hotel on a warrant for the year up to the 1st of January for the offence of attempting to commit murder at Topeka, Kan. He was arrested for a two-story house on Ladysmith with the help of David Brown and John Johnson, who came from Vancouver and Estel, alias David Brown and John Johnson, was arrested at Ladysmith with the help of Provincial Constable Cassidy, who recognized a photo of that Estel. No particulars are given as to the offence, but it is understood it is an assault against a woman. Estel has been committed to the Western hotel.

Examining Zinc Resources.—Dr. A. E. Barrow and Joseph Keele, of Ottawa, zinc experts, whom the Dominion government has sent to the Yukon Territory for inspection purposes, are in the city, having returned from up the coast. While on their way to the coast, Barrow and Mr. Keele stopped off at Revelstoke and met Messrs. Woolsey, Woodrow, Reibler, McGarrett, J. B. McKenzie, and others who are interested in zinc propositions, and much information was given the government representatives. A report will be sent in, and when spring commences the government will examine the properties showing most merit. It is of interest also in this connection, that the government has a \$250 bond to every mine holder or her pool, from \$10 to \$400, which is to be paid east of the Rocky or from \$15 to \$100 a year west of the Rocky, to be used to help on graduation.

Ore for Smelter.—F. M. Tweedie, manager of the mines on Princess Royal Island, was a passenger on the Tees from the north. He reports that the smaller shipment of ore than usual, 350 tons, which will be treated at the Tees smelter at Ladysmith.

Visited Estrel East.—H. J. Knott, local manager of the B. C. P. Knott, Loan & Savings Company, has returned from a seven months' tour of the eastern cities, the major portion of the time being spent in New Brunswick, the headquarters being at Moncton. He reports business conditions in the east as being excellent. A lively interest was everywhere manifested in the conditions in British Columbia and considerable numbers of people are coming west next spring.

From Surveying Trip.—Among the passengers on the Tees from the north was George White-Fraser, who has been in charge of a party of surveyors at the head of Portland canal all a large number of years. He is now in the country round the head of Portland, and has been found with some very good ore. This ore is almost exclusively in British Columbia. The ore is being taken to the smelter and silver and there is every indication that good propositions being located in that district.

Pioneers' Banquet.—The regular monthly meeting of the British Columbia Pioneers society will be held on Wednesday evening, November 1st, at the annual banquet of the organization—an event which is looked forward to with great pleasure by a host of people resident in this province. The date is usually the 9th of December and there will likely be no deviation from that selection this year. Secretary Allan Grahame looks for an unusually high attendance at the forthcoming dinner, as the membership list has been increased lately and altogether the affairs of the society are very flourishing.

A General Invitation.—The Cowichan Leader in the issue just to hand suggests a wish to visit the recently discovered caves, to give them an opportunity Mr. Keast has decided to run an excursion on Saturday, November 4th. It will start at 9 o'clock and the round trip will be \$1. Every person who desires to take advantage of this offer should notify Mr. Harry Smith by Wednesday night, November 2nd. A light lunch and a candle should be taken by each person. H. Smith will be in charge of the excursions. Ladies who wish to go should wear old skirts.

Yukon Council.—Word from Dawson is to the effect that a special session of the Yukon Council, held for the purpose of securing a new mining code, has just been concluded. Suggestions were received from the miners beneficial to their interests. Special attention was given to the mining laws, with the hope of securing such a new mining code, with encouragement to prospectors. Some provisions McClain has announced that later sessions will be held to discuss creeds, so that all miners can give testimony.

Church Lectures.—The proceeds of the lecture which the British Church at the Governor will give in Christ Church on Thursday next, November 2nd, are to be devoted to the maintenance of a small garden at the Old Women's Home. The garden has been a long talked of project, and it will

## Era of Activity Up at Nanaimo

Big Collier Clears With the First Foreign Shipment Since Cessation of Strike.

Output From Mines Increasing Daily—Business Recovering From Depression.

From Our Own Correspondent. NANAIMO, Oct. 28.—The Norwegian collier cleared from here today with a cargo of 10,000 tons of coal, the first foreign shipment since the cessation of the strike which began on June 1st. It is now the intention of the colliery company to put on its regular fleet of colliers between here and San Francisco, and within the next month or six weeks the coal shipments from this port will be as large if not larger than they have been since the cessation of the strike.

At the mines everything is running like clockwork and the coal output is being increased to the extent of 500 tons a day. A remarkable showing for a collier that has been in operation less than a month.

No. 1 mine, while it is not yet fully opened up, is showing nearly six hundred tons a day. This will be increased daily as the new planes are opened up, and in a few weeks it is predicted that the big mine will have a daily output of nearly 1,000 tons per day.

There are very few if any idle miners in the city, and if the colliery company continues to put on its fleet of colliers there will be work for many outsiders in the near future.

The city once more shows its old time bustle and activity, and to all outward appearances seemed to have suffered little from the long spell of idleness at the mines. Business men report a marked improvement in trade during the last two weeks.

British Columbia Man's Patent.—T. W. Everett, of Vancouver, was granted a patent for his invention of a leather shoe, which is a Canadian patent on a leather shoe, which is a Canadian patent on a leather shoe, which is a Canadian patent on a leather shoe.

When over the fair, wind of friend or foe. The shadow of disgrace shall fall; in words of blame, or proof of trust and aid. Let something good be said.

Forget not that no fellow-being yet has ever known to leave his life behind. Even a cloud of shame with tears is wet. If something good be said.

No generous heart may vainly turn away. In words of sympathy; no soul so dead that it will not be stirred. I have no share in the water works; I pay consideration of the city, where I pay consideration of the city.

Let something good be said. When over the fair, wind of friend or foe. The shadow of disgrace shall fall; in words of blame, or proof of trust and aid. Let something good be said.

## Tariff Commission Still Dawdling

Ministerial Committee Continues Its Pleasant Jaunts in United States.

Good Time in Southern California and in the City of the Mormons.

From Our Own Correspondent. OTTAWA, Oct. 28.—The way the ministerial tariff commission has been dawdling in the west lends color to the report which is very prevalent in ministerial circles that there will be no revision of the tariff during the coming session. The ministers have hitherto sought to do what they can to put off the tariff revision as long as possible.

Unquestionably the ministers made a terrible blunder in making out their route. Instead of going to British Columbia first they should have commenced with the maritime provinces, and by this time, in the seven weeks which have elapsed since they started out, the first eastern provinces, Quebec and portions of Ontario would have been completed.

Parliament could meet early next January, get through its labors by Easter week, and then adjourn for the winter for eight or nine months in which to complete its tariff and prepare its revision.

Richard D. Kimball, of Boston, one of the greatest experts on ventilation in the United States, has been brought to Canada by the public works department for the purpose of reporting upon the ventilation of the Parliament buildings. For years members have been complaining of the bad atmosphere of the chamber.

Commissioner Coombes of the Salvation Army is coming to Ottawa to discuss the United States' offer to pay for the payment of bonds for immigrants sent from Great Britain to Canada. The offer is that the United States will pay the cost of the passage of immigrants sent from Great Britain to Canada.

MRS. HENRY ADAMS WANTS TO FORGIVE Interview With Wife of "Vincent Harpe"—No Wish to Condemn Husband.

A New York despatch to the Seattle Post-Intelligencer says: "I am waiting, waiting. I will not speak harshly of him now. I will leave it to history." Mrs. Henry Adams, whose husband, a former New York clergyman, left her in August, 1902, refused to utter a word of criticism against him today.

Mrs. Adams was found in a flat in East Orange, N. J., where she lives with her three children. The family, accustomed for years to every luxury, is now maintaining its mode of life in the poorest of the tenements.

Asked if she would prosecute her husband, Mrs. Adams replied: "I cannot believe the stories I have read, and of course cannot answer that question."
