NOTES AND NEWS OF LAWRENCETOWN

Splendid Lecture by Dr. Clarence McKinnon—Many Pleasant Social Gatherings—Persons Telling Movements of Well Known People. Lawrence Town.—The people of So. Lawrence town are having a very enjoyable Winter, Sleighing parties, social evenings are the order of the day.

CLEMENTSPORT

Clementsport.—William Riley and his two children, of Bridgetown, came on Thursday 6th, and are visiting his mother, Mrs. Tim. Riley, Clements vale. Miss Healy, of Bridgetown, is the guest of L. V. Shaw. She arrived on Saturday.

25th ANNIVERSARY POPULAR GOUPLE

Presentation to Mr. and Mrs. H. T. Warne, of Digby, by N. S. F. In Florida—A Most Pleasant Function. A happy event took place at the beautiful Winter home of Mr. and Mrs. S. B. Chute in Haines City, Florida, on March 8th, when nearly a score of Nova Scotia friends met together on the eve of the twenty-fifth anniversary of the marriage of Mr. and Mrs. H. T. Warne, of Digby, N. S.

FORREST MILBURY SUFFERS PAINFUL INJURIES

Forrest Milbury, janitor of the Royal Bank building, received very painful injuries on Wednesday evening last breaking his right arm, spraining a finger on the left hand and sustaining face wounds. At the time he was proceeding to raise a window in the Board of Trade rooms and not having a key on him stepped out on the shed which is attached to the building at its rear.

NEWSY NOTES FROM PARADISE

Women's Institute Hold Mock Trial.—Much Enjoyed.—Personal and Social Items. Paradise.—Mr. Rupert Chesley after several years of failing health, died on the evening of March 13th. Funeral service took place from his late residence. Among those not resident here who attended the funeral of Mr. Rupert Chesley were his brother, Mr. Avard Chesley and Mrs. Chesley, of Brooklyne, also Mr. Byron Chesley, who has been spending the Winter in Wolfville.

OBITUARY

Rupert Chesley. Paradise.—Rupert Chesley, an aged and respected resident of the community, passed away on Thursday evening, after an illness of over a year. About 18 years ago Mr. Chesley sold his farm in Clarence and moved to this place, where he has since resided. He was a member of Rochesay Lodge, A. F. & A. M., Bridgetown. He is survived by his wife, a daughter, Mrs. E. Rice, of this place; a grandson, Chesley Rice, and a brother, Avard, of Brooklyn.

EXTENSION COURSE MOST SUCCESSFUL

Fine Programme Well Carried Out For Students Farmers at Lawrence town.—Presentation of Diplomas With Concert and Banquet at Close. Lawrence town.—When any group of young people want anything and feel that they should have it, they generally find a way. This is especially true of any student body in any educational institution and more especially true of the student body of "The Lawrence town Agricultural Extension School" which has just finished its first session completely and most successfully. On Feb. 18th, Principal Boulden registered thirty-two young men—the very cream of the county's young farmers—at the Demonstration Building, Lawrence town, for a four weeks' course in practical agricultural methods and problems. These young men—who had been brought up on some of the best farms in Annapolis Co., and had on many cold mornings rolled out of their blankets to take reducing exercises before breakfast, chasing steers or chopping wood—realized that "The Nova Scotia Department of Agriculture" and "The Annapolis County Farmers' Association" had given them the opportunity of their life time. Now, any young man who has had to feed the hogs, look after the horses, and milk five or six cows before breakfast, over a given number of years, soon acquire not only speed, but sort of dogged perseverance and endurance. These two qualities were soon demonstrated in an amazing degree by the student body of the extension school. They showed from the outset that they were there to learn and the interest they showed throughout was indeed remarkable.

OBITUARY

John C. Brinton. After a short illness on March 14th at his home at Port Lorne, John C. Brinton, passed away, aged 72 years. The deceased was a son of Captain John Brinton. Like his father he followed the sea from early youth, but for the last ten years he has resided home on the old homestead. The deceased was of a most genial and kind-nature. His married life was spent at Mt. Hanley, Mt. Rose and Port Lorne, and every resident of these places he could claim as a friend. He is survived by a brother, Freeman, of Port Lorne, and a sister, Mrs. John Elliott, of Paradise, and by his wife and four children were present at the funeral. They are Minard and Willie, of Port Lorne; George, of Keene, N. H., and Mrs. M. C. Foster, of Bridgetown. Interment took place at Port Lorne, services conducted by Rev. D. W. Dixon.

Personal Mention

One of the nicest courtesies you can show your friends is let them learn through this column of your visit whenever you go away. Let us know when you have visitors at your homes. The Monitor will consider it a courtesy whenever you give us an item of this kind. Write or phone No. 12 or 102. Mr. K. L. Crowell, barrister, was in Halifax last week attending sessions of the Appeal Court. Mr. and Mrs. E. B. Elderkin, of Amherst, who have been visiting their daughter, Mrs. E. A. Hicks, returned home on Wednesday last. Mr. and Mrs. H. T. Croskup, who have spent the Winter in Lynn, returned on a visit last week. Mr. and Mrs. H. R. Sabine spent the week-end in Windsor, the guests of the former's daughter, Mrs. A. J. Purvis, and of Mr. Purvis. Mr. Carl Thies is visiting friends in Liverpool. Miss Jean Langille and Miss Kathleen Mellor, of Annapolis, are guests of Mrs. Harry McKenzie. Rev. A. J. Prosser exchanged pulpits on Sunday with Rev. A. Gibson, of Annapolis. Mr. Gibson delivered appreciated discourses here to good congregations. Miss Flora Cole, who is training as a nurse at the New England Baptist Hospital, Boston, arrived home on Tuesday for a visit. Mrs. Burpee Chute and mother, Mrs. T. A. Nelly, arrived home from Windsor on Monday. Mrs. Arden Lewis, of Digby, is visiting her sister, Mrs. W. H. Dargie. Rev. F. E. Barrett, of Windsor, was a visitor here this week at the home of Mr. and Mrs. J. C. Dalrymple. Mr. Thomas Kelly left on Tuesday for Halifax for special treatment at Victoria General Hospital. Mrs. Manetta Piggott left for Windsor a few days ago and will reside there with her niece, Mrs. Wisburn Lytle. Miss Marion Crowe, who is training for nurse at the New England Baptist Hospital, Boston, arrived on Friday and will spend a month's vacation at her home here. Mr. Arthur Palfrey has been confined to his home for some days threatened with pneumonia. His many friends will be pleased to know that his health is improving.

ONE OF THE GUESTS. WEDDING

Bruce—Stephens. A pretty wedding took place at the home of Mr. and Mrs. J. F. Stephens, Centrelea, on Tuesday morning, March 11th, at eleven o'clock, when their oldest daughter, Hilda Irene, was united in marriage to Mr. Lloyd Bruce, son of Mrs. Wallace Bruce, Centrelea. Rev. J. H. Freestone, Pastor of Gordon-Providence United Church, performed the ceremony under an arch of green and white with large white bell. The bride wore a becoming dress of brown silk canton crepe and carried a shower bouquet of roses, carnations and fern. She was attended by her little cousin, Lydia Hopkins, daintily dressed in lace-trimmed orchid organza as ring-bearer. After congratulations and luncheon the happy couple left on a trip to Boston and other American cities. The bride's travelling costume was of blue tulle, with velvet coat and hat to match. They received many valuable gifts including silver, cut glass, linen, china and cash. The bride is a graduate nurse of Yarmouth, N. S., and Providence, R. I. hospitals, and has many friends in these places who will join in wishing her a long and happy wedded life.

ROUND HILL

Mr. Kenneth Skinner, of Boston, recently visited relatives in this village. Mr. Allister Chipman, of Upper Clements, was in this place Saturday, 15th. Mrs. L. A. Hicks, who broke her arm some time ago, is able to be out again. Mrs. Alexander Simmons is in Bear River.

SCHOOL BOARD HELD MEETING

11 a.m., Paradise. 3 p.m., Clarence. 7.30 p.m., West Paradise (special). DEATH CALLS BEAR RIVER WOMAN IN 100TH YEAR Mrs. Richard Clarke, United Empire Loyalist Descendant, was Last of Long-Lived Pioneer Family. Bear River.—On Friday morning, March 14th, one of the oldest residents of Bear River, Mrs. Richard Clarke, passed away. Born on November 9th, 1824, Mrs. Clarke had reached the advanced age of 99 years, 4 months and 5 days, and until the past two weeks had been in excellent health, taking an interest in all things pertaining to the community, and beloved by all who knew her. Mrs. Clarke was one of six children of David and Mary Rice—among the earliest settlers of Bear River—her grandfather coming here from New York with the United Empire Loyalists at the close of the American Revolution. Richard Clarke, her husband, who died in 1892, was the son of Wm. Clarke, whose father came to this country from Yorkshire, England. David Rice, her father, was one of the progenitors of the shipbuilding enterprise in this community, and identified with its business interests his entire lifetime. Mrs. Clarke had four brothers, Thos. H. Rice, Edward E. Rice, Wm. R. Rice, Charles R. Rice, and one sister, Mrs. Harding Chute, who all predeceased her at ages ranging from 79—92. Her children have all resided in this community, and all unite in paying her the tribute of being "a great mother." She is survived by her three sons, W. W. Clarke, W. G. Clarke and B. C. Clarke; by nine grandchildren and seven great-grandchildren.

COAL MINING MATTERS

Matters so far as colliery operations go have swung into normal in Cape Breton and large outputs are being produced. These conditions cause some wonderment outside where another deadlock was expected by numbers of people following the turning down of the agreement recommended by John L. Lewis and the U.M.W. officials. The fact that the men repudiated the agreement by a large majority and then continued to work opened up a new situation previously unknown in centres noted for the giving of surprises.

Just what this may mean or portend does not seem quite certain. In some quarters it is regarded as a slap at the Provisional officers appointed for district 26 when the others were deposed. This may to a certain extent be the case. It does not, however, look as if the men really intended to break away from the United Mine Workers' Association. Such talk is sometimes heard sporadically at labor meetings but the sense and judgment of the great body of mine workers is evidently against it. While John L. Lewis no doubt would be disappointed over the referendum, he is playing the wise game in taking time to look carefully into the whole situation before making a pronouncement. That he is opposed to the so-called "Red" element has been made manifest on a number of occasions but he naturally sees that beneath the surface are matters which must in the interests of labor as a whole be handled with care and diplomacy.

The men would hardly wish to break away from the U.M.W., an organization which has given them strong support at critical times and will for the future support them when they need and deserve that support. A break away would put the cause of labor back most materially and by so doing they would play into the company's hands.

Apart from the question of miners and company are the interests of the great bulk of the public—the consumers. Until a more complete and thorough investigation than any made yet, is carried through both from company's and men's point of view, there is bound to be a recurrence of turmoil and trouble as sure as one season follows another.

THE BRITISH EXPERIMENT

Le Figaro (Paris): England, no matter who may be in power, will always be England. Her European and world policy are governed by traditions, by immovable rules, which Ramsay MacDonald has neither the power nor, in all probability, the desire to change in any respect whatsoever. There is besides something still more immovable, the Foreign Office, with its red tape and its personnel. There is also the great colonial administration, the Dominions,

Sydney Basic Slag Reduced Five Dollars Per Ton AND Now Procurable at Pre War Prices

Extract from The Farmer's Advocate of February 14th, 1924:
"W. W. Baird, Superintendent of the Experimental Farm at Nappan, gave a very concise report of some of the experiments which have been carried on at the farm in the use of lime and fertilizers. It was very encouraging to note that the Slag produced at Sydney, N. S., had given as good, and in some cases more economical yields than were obtained from imported Slags."

The Experimental Farms are operated in the interests of Maritime Province farmers, and have no axe to grind and in view of such testimony, why allow yourself to be calmed into buying foreign slag on the representations of interested sellers that it is better than Canadian manufactured goods.

THE NATIONALITY OF THE MARRIED WOMAN

A curious anachronism in the Canadian laws governing the nationality of married women was recently discussed at a Convention of the Social Service Council of Canada. According to the present system a Canadian woman who marries an alien herself becomes an alien and remains one even after her husband's death. A young woman may be an active member of the League of Women Voters, a United Farm Women's Organization, a Local Council of Women, or the Imperial Order of the Daughters of the Empire, may devote a large proportion of her time to the study of Canadian public affairs, may contribute to the solution of national problems in a number of ways, may use the franchise with intelligence and discretion, and may be conscious of a deep attachment for Canadian traditions, Canadian customs and Canadian environment. But if she should marry a man who is an American citizen, a French citizen, or a Norwegian citizen, she is forthwith deprived of her British nationality. Moreover it is impossible for her to resume British nationality during the lifetime of her husband except in the extreme case of the outbreak of war between His Majesty and the state of which her husband is a subject. In such an event it is provided that if the wife declares her desire to resume British nationality she may be granted a certificate of naturalization provided the Secretary of State of Canada approves. But ordinarily it is impossible for her to regain her British nationality during her husband's lifetime, no matter how earnestly she may desire it. The unsatisfactory character of this law is all the more apparent when the family continues to reside in Canada, the husband refusing to become naturalized, and the wife prevented by an outdated law from exercising the rights of citizenship which were formerly hers.

The present law is patently unjust. As international communication grows easier and as travel increases there will naturally occur an increasing number of international marriages. It is therefore important that the matter of revising the law touching nationality of married women be given careful attention in Canada in a very near future. Marriage with an alien is not an offense against the state and should not continue to be penalized as at present. To deprive a woman of her British nationality under these circumstances is to classify her deliberately with "infants, idiots and imbeciles," to whom are applied the same disabilities.

It has been argued that it would be absurd to allow a husband and wife to retain distinct nationalities—that the difficulties arising from such an anomalous condition would be so great that it would be impossible to adopt any other policy than the one which is now in vogue. But it must be realized that British women have not always been deprived of their citizenship upon marriage with an alien. Until the year 187 a British national remained a British national unless he or she voluntarily abandoned that nationality. The system had prevailed for centuries in Great Britain, and prevailed also for many years in some of the British colonies, as well as in the United States. What was possible before 1874 in this regard is now possible also.

Canada made an attempt in 1919 to remedy the situation, but failed to achieve success. In that year a bill was passed which, among other things, provided that ordinarily upon marriage with an alien a woman was to assume his nationality, but that she was not to be bound inevitably to take out naturalization papers on her own account as if she were unmarried. This Act was later repealed because it conflicted with the Imperial Act.

The British Parliament has recently been considering a revision of its law in this regard, however, and the time is now apparently ripe for concerted action on the part of Great Britain and the overseas Dominions. A suggestion has been made that this question be placed upon the agenda of the next Imperial Conference. It is a matter upon which the various parts of the Empire should take action simultaneously, and this can be done if there is sufficient expression of public opinion in Canada and other Dominions to warrant the alteration of the present inadequate laws.

THE SOCIAL SERVICE COUNCIL OF CANADA

TWO COMPANIES PACK 25,000 BBS. OF APPLES
Paradise.—The Paradise Fruit Co. finished their Winter's work in their warehouse last week. They have packed and shipped 12,000 barrels of apples, besides a large quantity of potatoes.

The Star Fruit Company are nearly through their packing. In all they have handled 11,000 barrels of apples, besides a lot of potatoes.

The evidence of nature is worth more than the arguments of learn-

SEVEN YEARS OF TORTURE

Headaches and Indigestion Ended By "Fruit-a-tives"

The Marvellous Fruit Medicine
Like thousands and thousands of other sufferers, Mr. Albert Varner of Buckingham, P.Q., tried many remedies and went to doctors and specialists; but nothing did him any good.

Finally a friend advised him to try "Fruit-a-tives"—now he is well. As he says in a letter:
"For seven years, I suffered terribly from Headaches and Indigestion. I had belching gas, bitter stuff would come up in my mouth, often vomiting, and was terribly constipated. I took Fruit-a-tives and this grand fruit medicine made me well."
50c. a box, 6 for \$2.50, trial size 25c. At dealers or sent by Fruit-a-tives Limited, Ottawa, Ont.

BOARD OF TRADE ASSURES COMPANY OF CO-OPERATION

Community of Bear River Ready to Support New Pulp Concern in Its Development Plans.

Bear River.—A special meeting of the Bear River Board of Trade was called by the President, Dr. Wm. J. Wright, in response to a request made by Col. E. C. Phinney, Attorney for the Bear River Pulp Company, in order that Mr. Rantoul, the manager, and he might bring before the Board some matters pertaining to the operations of the new pulp company.

The meeting was called to meet at the Board rooms in the Masonic building, but the members were present in such large numbers that it was found necessary to adjourn to Oakdene Hall.

The speaker, Mr. Rantoul and Mr. Phinney, met a very gracious reception, and were given an attentive hearing.

K. H. Smith, engineer of the N. S. Power Commission, was present, and at the request of the chairman made some interesting remarks, stating among other things that the splendid water powers of this locality afforded ample water for all industrial and power purposes, for present and future needs.

A resolution was submitted to the meeting, assuring the company of the hearty co-operation of the Board of Trade in the development and furtherance of their plans. The resolution was moved by Rev. C. M. Mack and seconded by Geo. T. Tupper and spoken to by Rev. A. W. L. Smith and carried unanimously. Eighty-seven members of the Board of Trade were present.

A petition is being circulated embodying the spirit of the resolution which will be extensively signed.

The whole community is strongly back of the new company, and Mr. Rantoul, in their efforts to become firmly established in their operations.

E. L. FISHER

RECRUITS FOR RUM FLEET DEplete FISHING CREWS

Lunenburg.—A large number of Newfoundlanders have arrived to man Lunenburg fishing vessels, as local skippers find it hard to get crews, not because there is any lack of men, but chiefly on account of those who have been in them say when they are approached: "We do not think we will go fishing this year. We think we will go rum running." And of course, they fishing skippers do not want to wait until the last and then get no crews. If this sort of thing continues, it looks—if the industry is to go on at all—as if the human side will have to be furnished by strangers.

Sometimes what is really indolence is mistaken for wisdom.

ORIGINAL RED CAP IN SEIGE OF PARIS

First of force on Continent is still at work in Canadian Pacific Windsor Station

Remains Patriotic Frenchman

BEHIND all great transportation companies must always exist the human factor. Many of these human factors are visible, but there are many thousand individuals who are not seen at all, and others who are seldom seen, yet all of them vitally necessary in maintaining the smooth running of the system.

Of the visible aids are the baggage men, but it is probable that the traveling public seldom give them a second thought after receiving a check, unless it is to protest against being charged excessively. The baggage men form an important link in the chain and are the searcher in the hunt for interesting individuals who is permitted to explore in a somewhat certain to be rewarded in his efforts.

It was on such a voyage of discovery at Windsor street (Montreal) station of the Canadian Pacific Railway, that Monsieur Louis Dupart entered the horizon of the editor, and added to the general knowledge of one individual.

Louis Dupart has several claims to fame. One is that he is the only man of that name in Canada—that is his own statement—another is that he is the original "Red Cap," having been the actual Number One on the American Continent, and witness what an army has developed from the original private in the ranks.

It might be thought from this that Mr. Dupart is a colored man, but make no mistake about that score; he is not, and further, is a native of one of the most delightful cities of the world, Paris. In his birthplace Mr. Dupart touches history. While yet a lad he witnessed some of the scenes of the siege in 1871 and remembers the hunger that was one sad feature of those stirring times. Mr. Dupart remains the patriotic Frenchman, and by virtue of his service is always allowed to abstain himself on July 14th, the French national festival.

"Paris was terrible then," commented Mr. Dupart, "and not like the city it is now to a traveler's Agent" there had but little difficulty in persuading his parents to make their way across the Atlantic. The Agent promised wages of three to four dollars a day, but when he came we found them only eighty cents, and we great satisfaction afterwards to learn that he had been sent to jail. We sailed on the Scandinavian of the old Allan line."

Dupart, senior, set up a forge in Duke street, Montreal, and it was in that sturdy neighborhood that Louis grew up until at the age of fifteen a Mr. Cook, then superintendent of the Y.M.C.A., used his influence to have him placed at work in Bonaventure station. There was some difficulty in finding work for Louis, but eventually he was given a badge and told to help the passengers with their hand baggage, and this became the original Red Cap.

In 1887, Mr. Dupart joined the service of the Canadian Pacific and Pacific Mr. Dupart witnessed many changes in the railway itself and in the city, remembering when cows were pastured in St. Catherine street, now the uptown shopping district of Montreal. In himself he has changed only to the extent of becoming more philosophical, which has enabled him to appreciate that even a baggage room may prove a world of boundless interest.

TRAGEDY IN CHICAGO AUTO

Motor Salesman Found Dead, And Cabaret Singer Arrested.

Chicago.—Mrs. Belle Overbeck Gaerther, former cabaret singer and divorced by William Gaerther, wealthy instrument manufacturer, was arrested last week after policeman found the body of Robert Law, 32, automobile salesman, abandoned in her motor car on a street near her home. Law had been shot through the head. A discharged automatic pistol, of which the police said Mrs. Gaerther admitted ownership, was found on the floor of the automobile, along with a bottle of gin.

Mrs. Gaerther hysterical was pacing the floor when the police arrived at her home, they said, and her statements at first were incoherent. She was quoted as saying that Law and she had been driving when upon nearing her home she heard a shot and Law dropped over the steering wheel. She said she had given her pistol to Law so that he might protect them. The police said none of the windows of the closed car had been broken by a bullet.

Mr. Gaerther's suit for divorce nearly four years ago received much publicity. Both parties to the suit testified they had employed detectives in the guise of servants until their house was nearly filled.

ASPIRIN

Beware of Imitations!

Unless you see the "Bayer Cross" on package or on tablets you are not getting the genuine Bayer Aspirin proved safe by millions and prescribed by physicians over twenty-three years for

Headache, Toothache, Neuralgia, Rheumatism, Pain, Pain

Each unbroken package contains proven directions. Handy boxes of twelve tablets cost few cents. Drugs also sell bottles of 24 and 100.

In proportion as anyone is exceedingly ridiculous, so is he of ready tongue.

GERMAN PAYMENTS

Le Temps (Paris): It would be foolish to reject in principle any method of payment. Some bold plans, though inapplicable to the problem in its entirety, might afford relief, if applied in special cases. But with regard to the general question of paying in capital with the reservation of all exceptions which particular circumstances could justify, we believe we have the right to say this: the best system would be that which converted, by some convenient transition, the internal debt of France into an internal debt of Germany, the operation being conducted in such a manner that Germany did not alienate any definitive title and, with the prospect of recovering her capital at the end of amortization, she felt continually encouraged to fulfill her obligations to the end.

BULLET TAKEN FROM HAND AFTER 25 YEARS

Parrsboro—Mrs. Mayford Phinney, residing at West Bay, about 25 years ago suffered an injury to one of her hands from a bullet fired accidentally by a young lad from a 22 rifle. The bullet entered the palm of her hand and remained embedded there until a few days ago. Efforts made to locate the bullet. The wound healed the bullet having become encased. Dr. C. S. Henderson removed the bullet, greatly to the joy of Mrs. Phinney, who was somewhat handicapped by the presence of the missile.

INSTRUCTION GIVEN ON BACON INDUSTRY AT LAWRENCE-TOWN

Importance of Producing Bacon For English Market Stressed at Agricultural Extension Course

Lawrencetown—The first week at the Lawrence-Town Agricultural Extension School has been devoted to a study of dairy cattle and swine under the supervision of Principal Boulden and F. W. Walsh respectively.

It has been pointed out that too much stress cannot be laid on the potentialities of the bacon industry in this Province, and its importance to the farmer and the farm exchequer; that Nova Scotia is not producing enough hogs to supply her home market; that a splendid English market is awaiting to be claimed by the Nova Scotia farmers if they will only produce enough hogs of the bacon type to meet the demand, and that greater production would also encourage the establishment of Provincial packing plants as well.

Basing his lectures on these facts, Mr. Walsh has been seeking to encourage the students to devote more attention on the farms to swine. He has contrasted between types and has advised them as to the most profitable type of hog to raise.

Thursday afternoon was devoted to practical killing demonstrations by Mr. Wilde, an expert from the Canadian Packing Company, Brantford. This demonstration was open to all, and many farmers from various parts of the county availed themselves of the opportunity for learning how to kill and dress hogs the proper way.

Mr. Wilde gave a further demonstration on cutting up the meat Friday afternoon, contrasting between the cuts for English and Canadian markets.

The Tuesday night addresses in conjunction with the school by Messrs. Walsh and Boulden, interspersed with educational motion pictures, were well attended.

The student body conducted two debates during the past week, and everything pertaining to the course thus far has fairly radiated with success.

200,000 SHOPMEN TO ASK MORE PAY

U. S. Railroads Expect Demands by Federated Crafts.

New York.—Railway officials are anticipating demands for a wage increase of four cents an hour from 200,000 members of the Federated Shop Craft Unions, in view of the initial demand for an increase made by the Southern Railway and its subsidiary, the Mobile & Ohio, by the representatives of the unions. Not all the railroads will be affected, since some have company unions.

The union representatives asked for restoration of the wage scale in force before the shopmen's strike of July 1st 1922. This means 77 cents an hour, compared with 70 cents ordered by the Labor Board in 1922, and the present rate of approximately 73 cents, which prevails on most of the railroads.

When the Labor Board decided upon a cut of 7 cents an hour, the shopmen went on a strike, which crippled the railroads for the remainder of 1922 and was even reflected in the earnings reports of 1923. In some instances the shopmen never called off their strike, and a large number have not resumed their employment, but the railroads obtained other workers to take their places.

After adoption of the 70 cent scale in July, 1922, there were numerous demands for increases and most of the roads, including the Southern Railway, settled for approximately 73 cents.

Officials pointed out that the shopmen were not asking for the peak wages, as they have taken two reductions since the war period. The scale they seek would be next to the highest on record.

Railroad officials declared that the movement against the Southern Railway was undoubtedly due to its heavy earnings during the last year.

BUILDING IN CANADA LAST MONTH

Large Increase Over Feb., 1923, Was Recorded.

The total awards for Canadian Construction for the month of February, according to MacLean Building Reports, Limited, were \$21,249,000, compared with \$6,538,600 in January last, and \$13,311,800 in February, 1923. Residential building accounted for 10.5 per cent of the February total, amounting to \$2,217,800. Business building amounted to \$5,519,200, or 25.9 per cent. Industrial building \$415,000, or 2 per cent, and public works and utilities, \$13,097,000, or 61.6 per cent. The activity was distributed amongst the groups as follows: Ontario, 80.4 per cent; Quebec, 12.7 per cent; Western, 4.8 per cent; Maritime, 2.3 per cent. The contemplated figures show \$44,793,400 of proposed construction for February.

PUBLIC HEALTH SERIES

In the preceding letters we have spoken of the loveliness and desirableness of Health—wholesomeness—for oneself and for the community; we told you something of the system of Public Health work which Nova Scotians have at their service. Today, we are going to point out the folly and short-sightedness of waiting until you—or your neighbors—are sick before you take steps toward health.

In other words, we make an APPEAL TO REASON on behalf of Preventive Health Measures.

In Nova Scotia, as we have told you, about 700 people are dying every year from tuberculosis alone. (In 1921, 725; in 1922, 655). The loss to the Province, if money value alone, is reckoned, at the very lowest figure, to be eight thousand dollars for each of these deaths, a total of five million six hundred thousand dollars a year. The care of the sick, (from all diseases) in hospitals and sanatoriums, costs the people of the Province, thru their Provincial Government, over a million dollars a year. In addition, consider the money spent by individuals, and by families, in caring for the sick; and add the amounts spent by the municipal, the city, and the town governments or councils, and you will begin to realize the enormous sum spent yearly—directly and in taxation—because of sickness, because of the lack of prevention.

And what are we spending on Prevention? Through the Public Health Department, whose sphere is mainly prevention, nineteen thousand dollars a year; less than one tenth as much as that spent by the public only on sickness.

Consider the private individual and the family. When a person falls sick,

LITCHFIELD

B.Y.P.U. social was held at the home of Mr. and Mrs. M. Brown on March 6th. Over \$6.00 was raised for church purposes.

March has been very mild and muddy but at time of writing a big snow storm and heavy northeast gale makes it almost impossible to be out. Quilting bees and mat hooking fever is raging. Be careful it don't catch you.

Mr. Odber Ellis has his wood sawing machine fitted up and is giving all the wood piles a big cut.

Mrs. Douglas Ellis and little daughter Ruby leave this week for Aylesford to visit her daughter, Mrs. Frank Jarvis.

C. N. R. PAYROLL NOW A PROBLEM

Large Increase in The Past Year. Ottawa.—Between the demand for higher wages on one hand and lower rates on the other, railways, especially the Canadian National, are likely to have their own time of anxiety. This is especially true of the Government road, which can't bear the losses very well.

Enquiry at Government sources show that the payroll is becoming quite a problem. Up to the end of November, 1923, the Canadian National paid \$121,136,407 in wages as against \$113,648,361 for the same time in 1922. It would also appear that the ratio of the payroll to general expense went up as the months passed.

For the first six months it was 62.4 as against 62.1 for the same months in 1922. An increase in the ratio was reported during each succeeding month until November, when the ratio stood at 54.3 against 56.7 for the same month last year.

Mrs. Maurice Chute, of Lynn, Mass., is visiting her parents, Mr. and Mrs. Joseph Marshall.

Mr. and Mrs. Walter Healy, who has been visiting Mrs. Healy's parents, Mr. and Mrs. George Snow, and other friends, returned to their home in Medford, Mass., on the 18th.

Mr. and Mrs. Kelly, of Annapolis, have been visiting at the home of Mr. and Mrs. Curtis Foster.

Most heartfelt sympathy is extended to Mrs. Brinton and family.

CHEVROLET

—an essential in business
—a necessity to most families

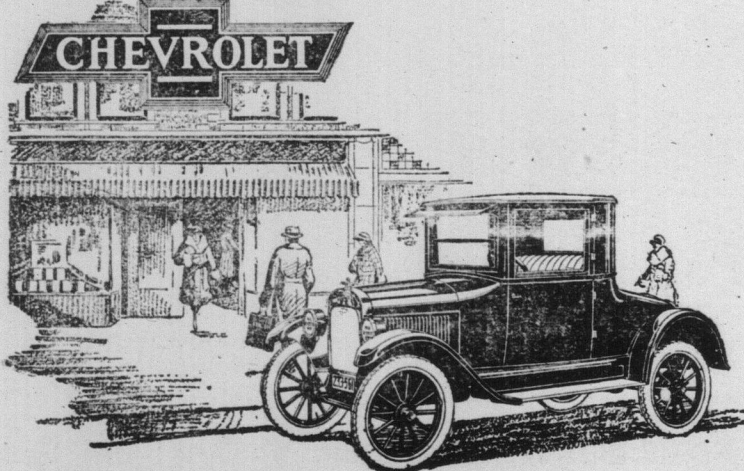

AMONG the greatest and most practical of man's inventions, one of the most vital instruments in modern business and one of the most useful and beneficial influences in family life is the modern automobile.

Dependable, comfortable, speedy, unconfined in scope, unlimited in endurance and eminently practical in the economy of its operation, the automobile has contributed more to man's earning power and to his enjoyment and health than any other single factor.

And unique among automobiles, Chevrolet provides everything any car can afford at a cost that is unapproached by another fully equipped quality car in the world. Chevrolet has the power to go any place and do anything that is possible for any other car, and at the same time it holds the world's record for low running cost and economy of upkeep.

Make a personal inspection of Chevrolet. Examine it thoroughly. Ask us for a demonstration.

Ask us about the G.M.A.C. Deferred Payment Plan for Economical Transportation.

Colonial Motor Company
BRIDGETOWN, . . . N. S.

DIGBY BOYS WIN HOCKEY MATCH HERE BY SCORE 2 TO 1.

A close and exciting hockey match took place here on Saturday evening when the Digby and Bridgetown teams crossed sticks. The game resulted in a win of 2 to 1 for the visitors who had also the honor of scoring the first goal.

In the second period each team scored and the final period was scoreless. Demalison found the net for Bridgetown. Jones and DuVernet for Digby. The local team played rather better combination than on previous appearances this winter.

The visitors are a light snappy team, composed, we are told, almost wholly of Academy boys and deserve high credit for their style of play. John Roberts refereed and was obliged to award a few penalties during game.

Line up was as follows:
Bridgetown—Goal, Williams; Defence, MacMichael, Donaldson; forwards, Little, McKenzie, Hoyt.
Digby—Goal, Weir; defence, Baxter, Denton; forwards, DuVernet, Jones, Tupper.

OBITUARY

Joshua D. Brinton

On March 11th there passed away in Dorchester, Mass., Joshua D. Brinton, a life-long resident of Port Lorne, N. S. The remains were brought home for interment, which took place at the Port Lorne cemetery Tuesday.

The deceased was a son of Capt. Charles Brinton. He was a member of the Port Lorne Baptist Church and one of its most devoted and influential members. In all matters that tended for the welfare of the community he took an active interest. The funeral service was conducted by Rev. D. W. Dixon.

He is survived by two sons, Perry and Charles, and by his wife. These have the heartfelt sympathy of a wide circle of friends.

As an illustration of the increase in sale of electric current under cheap hydro conditions, the following from the report of four years' operation of the Gaspereaux River Light, Heat and Power Company in King's County, N. S., is of interest.

Year	Horse Power Developed	Revenue 10 Months
1920	375	\$ 6,221.01
1921	375	14,159.08
1922	450	22,176.06
1923	525	35,373.55

Miss Jean Messenger, daughter of Vice Principal R. J. Messenger, of the Bridgetown school, was elected Vice-President of the Dalhousie Commerce Society.

There is nothing so false that a sparkle of truth is not in it.

Ladies! Stop! Read!

Mrs. H. H. Whitman
Lawrencetown,

will soon return from her trip to the Sunny South and will return North, after visiting all the famous Winter resorts such as Tampa, St. Petersburg, Miami, Palm Beach and Daytona, via New York and Boston and will open by April 1st a most bewildering array of chapeaux in all leading styles and colors such as has not been shown in Valley towns before.

Come and see ALL WELCOME

TO EX-SERVICE MEN

Halifax, N. S. March 12th, 1924.

To Editor of The Monitor:

Sir:—I wish to point out and bring to the attention of all ex-service men in this Province the fact that the Statute under which the Federal Appeal Board is granted distinctly states that all Appeals against the Department of Soldiers' Civil Re-establishment for refusing treatment with Pay and Allowances, or of the Board of Pension Commissioners refusing Pension, must be registered or filed with the Department not later than August 14th, 1924, unless still in hospital, in which case they must be registered within a period of thirty days.

It is obvious that this Act will have to be amended in order that justice may be done as the Appeal Board was not functioning until the middle of October, 1923.

It is requested therefore that Resolutions be prepared requesting the Federal Government to amend the Act granting an extension for the period of one year.

Yours fraternally,
HUGH F. HAMILTON,
Per A. T. Provincial Secty. G.W.V.A. 61-14.

HOME TREATMENT SAFE AND EFFICIENT

Alling People Made Strong By Dr. Williams' Pink Pills.

Dr. Williams' Pink Pills do one thing, and do it well. They build up the blood, increasing the number of red corpuscles. As this is done the blood becomes a richer red and is able to carry more oxygen, the great supporter of human life. As the blood improves in quality the tissues of the body are better nourished and the functions of the body are better performed. This is the reason Dr. Williams' Pink Pills have been so successful in the treatment of diseases due to poor, thin blood, and it is also the reason why they are so successful in building up strength after fevers and acute diseases. Among those who have used Dr. Williams' Pink Pills with great advantage is Mrs. Helena B. Taylor, Hanover, Ont., who says: "Not long ago I was critically ill. The trouble started with anaemia and a run-down system, and ended with pleurisy. I was confined to my bed for three months and three doctors were in attendance at different times. My life was despaired of, and I was practically living on doctors' medicine, because I could not eat. My friends did not expect me to recover. During my girlhood Dr. Williams' Pink Pills had brought me through a severe attack of anaemia, and my mother urged that I should try them again. The doctor could not understand why we wanted to try these pills, but we decided to do so. After taking six boxes a decided change was taking place. I was actually getting hungry and anxious to live. After using twelve boxes a miracle was worked. I could walk and felt my strength coming back, and people on all sides were asking what was helping me, and we were not slow in telling them it was Dr. Williams' Pink Pills. With my health fully restored through the use of these pills I am a striking example of what this wonderful medicine can do, and now I never see a pale or sickly-looking girl or woman that I do not feel like going up to her and asking why she does not take Dr. Williams' Pink Pills."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

PURITY FLOUR

The BEST Is The CHEAPEST

Quality articles are made for people who are tired of the extravagance of cheap things—E. W. Howe.

When men realize the extravagance of cheap clothing they turn to the custom tailor. Once a man experiences the joy and economy of wearing a custom-made suit he will wear no other. He finds he gets quality in material, in workmanship, and distinctiveness in style almost impossible to obtain in clothes made under factory conditions.

In order to bring the facts home to the man who has not experienced the satisfaction of clothes built to his individual measure, we are using this space to direct his attention to their importance. Every week this space will tell of the economy in clothes made to your measure.

Ladies!

Have a Telephone Chat With your Out-of-Town Friends

Evidently the ladies are determined not to lag behind their brothers and husbands in the use of the Long Distance Telephone.

Daily more and more of them are finding out the pleasure to be derived from a little social chat with some friend in another town over the Long Distance Telephone.

One's best friends are not necessarily in one's own town, and these ladies recognize that, for the preservation of friendships which separation and distance threaten, nothing is more effective, simple and enjoyable than an occasional chat over the Long Distance Telephone Lines.

And then such a chat costs so little!

LOWER GRANVILLE

Mr. C. Olmstead, Lic., of Wolfville, preached Sunday afternoon, 9th inst., in the Union Church (Island).

Miss Pearl Melanson entertained a number of her friends on Thursday evening, 6th inst. The evening was pleasantly spent by all. Refreshments were served of ice cream, cake and candy.

One of the worst storms of the season passed over this vicinity on Wednesday afternoon and Thursday.

Mr. James Snow has suspended his lumbering operations in the woods here to commence work in his mill at Port Wade.

A great many friends learned with deep regret of the sudden death of Mrs. Julia D. Crocup, which occurred at the home of her daughter, Mrs. Albert Angers, on Sunday morning, 9th inst. Mrs. Crocup was born in Granville sixty-five years ago and her death came as a great shock to her family and friends. She was a woman highly esteemed by all who knew her. She is survived by three sons, Howard and Israel, of Lynn, Mass.; Fred, of Lower-Granville; three daughters, Mrs. A. Angers, Lower Granville; Mrs. Charles Cunningham, of Lynn, Mass.; Inez, of California.

The funeral, which was largely attended, took place at the home of her daughter, Mrs. Angers, Tuesday afternoon, 11th inst. The service was conducted by Rev. A. Gibson, of Annapolis Royal, assisted by Ven. Archdeacon Watson. Interment took place in the Anglican cemetery.

The sincere sympathy of the entire community is extended to the bereaved ones.

A most interesting programme will be given under the direction of the Ada Killam Mission Band in the School Room of the United Church on Saturday March 29th, at 4 p.m.

Rev. A. J. Prosser will preach at the Baptist Church here next Sunday, morning and evening, and at West Dalhousie at 3.00 p.m. The evening subject will be "Wanted, a Mother".

Announcement has been made, says the Wolfville Acadian, of a recent gift to Acadia University of a sum exceeding \$100,000 which will be used in the erection of an additional Science Hall and the endowment of another chair. The name of the generous donor has not yet been made public but it is understood that the gift is from an old-graduate who gratefully remembers his alma mater.

Be sure to read Strong & Whitman's new ad. in this issue. It has especially interesting offers which readers will strongly appreciate.

TEETHING TROUBLES

Baby's teething time is a time of worry and anxiety to most mothers. The little ones become cross; peevish; their little stomach becomes deranged and constipation and colic sets in. To make the teething period easy on baby the stomach and bowels must be kept sweet and regular. This can be done by the use of Baby's Own Tablets—the ideal laxative for little ones.

The Tablets are a sure relief for all the minor ailments of childhood such as constipation, colic, indigestion, colds and simple fevers. They always do good—never harm. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

EXTENSION COURSE MOST SUCCESSFUL

(Continued from Page One)

"gym" work—with volley ball, basket ball, and boxing. The following embraces the complete list of lecturers and the subjects taken by each: Prof. J. E. Bartheaux—Farm Engineering; Prof. W. S. Blair and R. D. L. Bligh—Fruit Growing; John Lawler—Box Packing; Messrs. Hutchinson and Bishop—Barrel Packing; J. Gallaher—Gardening; S. J. Moore—Seeds and Weeds; Dr. M. Cumming—Fertilizers; E. Craig—Bee Management; R. C. Bishop—English, Farm Bookkeeping and Botany; F. W. Walsh—Sheep and Swine; C. Wilde—Killing, Dressing and Cutting; Prof. W. H. Britain—Farm Pests; Prof. J. M. Trueman—Dairy Cattle; and W. F. Kinsman—Dairying and Milk Testing.

Special lectures by Mrs. W. C. MacPherson on "Forestry", and Miss Helen J. MacDougall on "Nutrition", were particularly well received by the student body, dealing as they did with timely and interestingly important subjects.

A series of public lectures by such eminent men as Dr. Cumming, Principal, Agricultural College; Dr. F. W. Patterson, President, Acadia University; Dr. Clarence MacKinnon, Principal, Pine Hill College; and Dr. H. B. Balcome, Acadia University, were also arranged during the course for the people living in and about Lawrencetown. Much interest attended these lectures as was evidenced by the large turn outs to all public meetings.

Perhaps the best thing about the "open meetings" which were generally conducted on Tuesday nights and addressed by the particular lecturers who happened to be present each week, was the break it made in the monotony of farm life. For a few hours the men and women from adjacent sections got away from the weary round of duties, they compared notes, talked about chickens, calves, hogs and the thousand and one other things pertinent to the general farm.

And then the Women's Institute gave freely of their co-operation to students making the social life for the students the success that it was. A social evening of songs, merry-making and refreshments was tendered the student body on one of their debating nights by the Institute while on another occasion the boys were given an "oyster stew" by the business men of the town. All in all, the work and play was so evenly proportionate that little wonder such a rigid interest was maintained throughout.

A fitting finale to the course, was the banquet which was attended by some one hundred people. Following the banquet was the concert and closing exercises, including presentation of prizes and diplomas. Of the prizes donated by Mr. W. B. Bishop, the first was taken by Edward Fair, Moschelle; Arthur Bartheaux, Carance, won second, and the third was given to Percy Wagner, Brickton. All students who were in attendance during the entire course received attractive diplomas bearing the signatures of the Secretary of Agriculture and the Principal of the extension school.

So as a result of the establishment of this, the first Agricultural Extension School in the Province, at Lawrencetown, the student-farmers were aided in the most practical and direct way possible. The main object of the school was to enable the young men to form better judgments in the carrying on of the various farming operations. That success has crowned their efforts goes without saying. And now people may realize that Agriculture Extension in Nova Scotia is a work almost unlimited in its possibilities, and its rewards are immediate and gratifying. We have really just begun in that work, too, for now that people are awake to the importance of having established this first school, we may expect much greater improvement and expansion in the future.—(R.C.B.)

OBITUARY

Elias U. Boudreau.

Clementsport.—After an illness of about two months the death took place last week of Elias U. Boudreau, at the home of his son, Leslie, with whom he resided. He was 84 years of age. He was a native of Church Point, Digby County, and came to Clementsport about 35 years ago. The funeral took place on Sunday, 16th inst., from St. Thomas R. C. Church, Annapolis Royal, the Rev. Father Somers officiating.

Mr. Boudreau is survived by a wife and large family—Mrs. Agnes Comeau, Meteghan Station; Mrs. Hanley Carter, Lynn, Mass.; Mrs. Carrman, Gardner, Maine; Mrs. Wade, Pomley, Mass.; Mrs. J. W. Turpin, East Cambridge, Mass.; Mrs. E. E. Smith, East Cambridge, Mass., who was with her parents at the time of her father's death; and Mrs. Simon Frank, New Granton, Queen's County; also seven sons—William, of Pabuco; James, Samuel, Martin and Leslie, of Clementsport; Amos, of Woodland, Me.; and Norman, of the United States Army, Burlington, also at home.

The words of the pure are pleasant words.

THE STORY OF TEA

Tea first came into use in China, some centuries before Christ, its use in Japan and India only dating back to the Middle Ages of our era. At first it was used exclusively as a medicine but its delightful properties made it so popular that now it is the most used beverage in the world.

Tea was first introduced in Europe thru Holland, about 1610, to America in 1657 when it sold for \$5 a pound. Today you can buy the finest Golden Orange Rakwana for a fraction of that price. 450 Cups to a Pound.

Rakwana Golden Orange Pekoe

ANNAPOLIS ROYAL

Annapolis Royal.—Mrs. J. Thompson entertained at an enjoyable "bridge" party of four tables on Friday evening, at which Mrs. A. E. Atlee, Mrs. Arthur Horstall, L. M. Fortier and F. C. Whitman were the prize-winners. Mrs. Thompson also entertained again on Saturday at two tables of bridge.

L. M. Fortier was host at a very pleasant "bridge" party of four tables at the Queen Hotel on Saturday evening. Mr. and Mrs. T. R. Hanington won the prizes, and after the games, several musical selections were rendered by Mrs. F. Dargie, Miss E. Whitman and W. R. Smith.

Mrs. A. E. Atlee entertained very pleasantly at a six table bridge party on Monday afternoon. Mrs. A. W. Banks, Mrs. C. C. King and Mrs. J. H. Edwards were the prize-winners.

On Tuesday afternoon, Mrs. J. H. Edwards was hostess at an enjoyable "Auction Bridge" of four tables at which Mrs. J. H. Runciman and Mrs. Arthur Kelsall won the prizes, and in the evening Mrs. Elgar McCormick entertained a number of her friends at a sewing-party.

Mr. and Mrs. F. C. Gillatt entertained the Bridge Club of which they are members, at their home, on Tuesday evening.

The purse of gold presented to Dr. Robinson by the citizens, was used by him to purchase as a souvenir, a massive silver tray, which is at present on exhibition at W. R. Cunningham's drug store. This tray, which was made in Montreal, is beautifully engraved, and bears in the centre the following inscription: "Souvenir of Purse of Gold presented to A. Robinson, M.D., on his eighty-eighth birthday by friends in Annapolis Royal and Granville, January 11th, 1924." The venerable doctor's many friends will regret to hear that he is at present confined to the house by illness.

Mrs. E. M. Archibald met with a painful accident on Sunday by falling and fracturing her left wrist. Dr. Braine attended to the injury, and Mrs. Archibald left on Wednesday morning to join her husband in Halifax.

Mr. Melanson, a returned soldier, of Weymouth, has taken over the business of the late Lawrence Wear.

Mrs. W. C. MacPherson went to Lawrence town where she spoke on "Forestry" before the united schools.

R. L. Hardwick returned from Northchester, Mass., where he had been called by the serious illness of his sister, Mrs. R. D. Foster; whom he reported now on the road to recovery after undergoing a critical operation.

Nelson and William Patterson, of Truro, were guests at "The Elms" last week.

Ned Ritchie, who came from Halifax some weeks ago, left for Dalhousie where he will join the survey of the Barnjum Lumber Co.

A. D. Thomas, who was obliged to undergo an operation at a hospital in New York, has returned home much improved in health.

Mrs. John Craig, of Yarmouth, is the guest of Mrs. Clifford Duncan.

Canon Robinson, of Parrsboro, is the guest of his parents, Dr. and Mrs. A. Robinson.

Donald Winchester, night operator at the D.A.R. station left Thursday for his home in Digby.

Capt. Amos Burns, of Clementsport, has been the guest of his daughter, Mrs. Moore McCormick.

Mr. and Mrs. Otto Schierbeck, with their three children, spent the weekend at Lawrence town.

C. O. Duncan left on Tuesday for a month's vacation. During his absence, Harry Taylor will manage the station. Mr. Taylor has recently been at Canning, where he was one of the star players on the hockey team.

Charles Morton, of Clementsport, was in town last week.

MOTHER OF TWIN BOYS

Tells How Lydia E. Pinkham's Vegetable Compound Relieved Her of Inflammation and Great Weakness

West St. John, N. B.—"I was in a general run-down condition following the birth of my twin boys. I had a great deal of inflammation, with pains and weakness. Finally my doctor recommended Lydia E. Pinkham's Vegetable Compound. He said that your medicine would be the only thing to build me up. I am sure he is right, for I am feeling much better and am gaining in weight, having gone down to ninety-three pounds. I was in bed for over a month, but am up again now. I have recommended the Vegetable Compound to my friends and give you permission to use my letter."—Mrs. ELMER A. RITCHIE, 22 Rodney St., West St. John, N. B.

There are many women who find their household duties almost unbearable owing to some weakness or derangement. The trouble may be slight, or it may cause such annoying symptoms as dragging pains, weakness and a run-down feeling.

Lydia E. Pinkham's Vegetable Compound is a splendid medicine for such conditions. It has in many cases relieved those symptoms by removing the cause of them. Mrs. Ritchie's experience is but one of many.

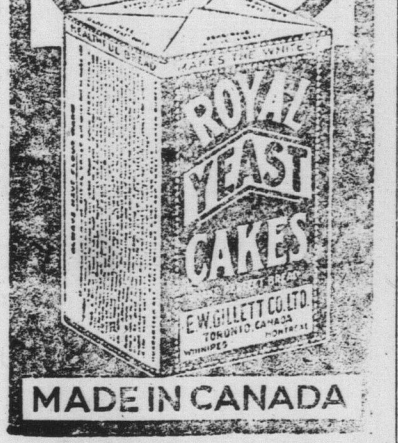

You might be interested in reading Mrs. Pinkham's Private Text-Book upon the "Ailments of Women." You can get a copy free by writing the Lydia E. Pinkham Medicine Co., Cobourg, Ontario.

ENCOURAGING THE CRIMINAL

Illinois State Journal: Delay in the process of law is the criminal's chief ally. Through delay, evidence is spirited away. Men's memory fades. Community interest wanes. The victim and his dependents are lost sight of. Political influence strengthens. Speedy trials of those believed to be guilty of these crimes will do more to discourage criminals and to restore respect for the law than a book full of new and severe penalties which the criminal has good reason to believe he can escape through dilatory tactics.

ROYAL YEAST CAKES

Good home-made bread is the finest food on earth—the one food that everybody eats—and that agrees with everybody.

MADE IN CANADA

HOME LONGING

I long for the old home haunts
That lie beyond the sea.
I'm tired of the noise of the city street,
Of the countless throngs, and hurrying feet,
Oh home, I long for thee.

I long for the old home haunts,
That are so dear to me.
I long for the hills, and the wild retreat,
For the fields so wide, and the quiet street,
My home, I long for thee.

I long for the old home haunts,
The haunts so wild and free.
Oh for a breath of the fragrant air,
That is wafted from blossoms on breezes fair.
Dear home beyond the sea.
A. M.

How to Prevent Biliousness

Doctors warn against remedies containing powerful drugs and alcohol. "The Extract of Root," long known as Hehr's Seigel's Curative Syrup, has no dope or strong ingredients; it chases away indigestion, biliousness and constipation. Can be had at any drug store. Get the genuine.

MRS. MARY E. HOWELL DIES

Mrs. Mary E. Howell, wife of Geo. Foster Howell, who is well known as a friend of animals, died at her home, 187 Windsor Place, on March 15th, after an illness of three weeks with grip. She was born in Granville, N. S., and spent her early life in St. John, N. B., where she met and married Mr. Howell and came with him to New York. Two years later she came to Brooklyn, where she has since resided. Mrs. Howell leaves her husband and three nieces: Mrs. Bert G. Small, Mrs. Darius Young and Miss Margaret Hagarty, all of Brooklyn, who attended her with their loving ministrations until the end came.

She was a lover of children and animals and her principal diversion was raising flowers with which she was remarkably successful. In "Calderville," where she resided, she was loved by all who knew her. Mrs. Howell was a member of the Greene Avenue Baptist Church.

For the present the remains will be placed in a vault in Greenwood cemetery but she will eventually be buried beside her daughter in St. John, N. B.—Annapolis Spectator please copy.

STEADY WORK CONTINUES AT COLLIERIES

Over Fourteen Thousand Tons of Coal Hoisted on Wednesday.

Glace Bay, N. S.—Steady work continues at the collieries of the Dominion Coal Company, large outputs being the rule. Last Wednesday 14,207 tons were hoisted.

It is announced that quite a number of miners are taking advantage of the company's housing scheme to purchase their own homes. Colliery workers can make very advantageous arrangements for the purchase of dwellings or of lots for erection of new houses.

There are no new developments in the mine workers union situation. It was reported a few days ago that a complete re-organization of the U. M. W. in Nova Scotia would be undertaken but the report is unconfirmed. A number of the deposed executive, A. A. MacKay, former teller, stated on behalf of the radical group that there is no intention on the part of the mine workers of the Province to break away from the International; on the contrary they are anxious to maintain their connection with it.

ASKS GOVERNMENT TO REFUND MONEY

P. E. Island Looks To Ottawa For Justice For Settlers Who Were Swindled.

Charlottetown.—Debate on the draft address in the legislature opened Thursday. The opposition leader, A. C. Saunders, scored the government for its failure to redeem pre-election promises and in "his wholesale dismissals of officials" particularly former soldiers, also for deciding to close the agricultural school. Premier Stewart, in replying, said that the withdrawal of federal grants necessitates the government taking up none but essential expenditures and announced that there would be an inquiry into the educational system by a sub-committee of the government.

He said that an attempt would be made to bring Hebridean settlers to the Island this summer. Referring to the Andrew Fraser Mitchell dealings with Anglo-Indian settlers the Premier said that the government had applied to the federal department of immigration to refund money taken illegally from the settlers.

The address was moved by J. A. MacDonald and seconded by F. MacDonald. It was noted that in a house of thirty members there are five "MacDonalds".

ANOTHER ANNUAL REPORT TABLED

In presenting the annual report of the Superintendent of Neglected and Delinquent Children in the Local House, Attorney General O'Hearn remarked upon the good work which had been accomplished during the year by the juvenile courts. It was regrettable, he declared, that there were not more of these courts in Nova Scotia. He mentioned also the resignation of Judge Patterson from this service and spoke in high terms of the work he had done, expressing the opinion that Judge Crockett who takes his place will follow in the footsteps of Judge Patterson.

The report embodies the activities of the various children's aid societies of the Province and other organizations engaged in the care of children. In the report of the judge of the Juvenile Court, Halifax, it is pointed out that while the number of cases tried during the year is larger than last year, it is not as large as some previous years. There were before the court 181 offenders.

FAMOUS VEGETABLE SYRUP USED BY DOCTOR THACHER TO BE GIVEN AWAY FREE

Numbers of tests show that cleansing of Liver Gives Quick Relief from Indigestion, Sour Stomach, Constipation and Stuffy Colds—

BUILDS UP SYSTEM; INCREASES STRENGTH

DR. H. S. THACHER, A.B., Ph.D., M.D.

Announcement is made by leading druggists throughout this section that they have made arrangements with the Dr. Thacher laboratories whereby their customers may now obtain the vegetable syrup perfected by Dr. H. S. Thacher, celebrated American Physician. And, in order to demonstrate the superior merits of this syrup, druggists state that they will give away liberal trial size bottles so long as the limited supply for free distribution lasts.

Gives Quick Relief!
Dr. Thacher first came into public notice by reason of his frequent demonstrations that indigestion, gas on the stomach, constipation, colds that hang on and a general run-down, tired out feeling are often the result of a sluggish liver—and that relief in such cases comes quickly when the liver is properly cleansed and toned and the system functions once more as Nature intended.

How Nature Helps.
There is a scientific reason for this quick relief!
When working as Nature intended the Liver does three things necessary to keep you feeling your best. First, it purifies your Blood, every drop of which filters through your liver every fifteen minutes. Second, your liver furnishes the essences essential to perfect digestion. Third, your liver supplies the secretions Nature furnishes to lubricate the intestines so that your bowels can move gently, thoroughly and regularly every day.

Why You Feel Badly
Your liver cannot do these things when it becomes sluggish. Consequently you often wake up mornings feeling dull and tired. Perhaps your digestion is not as it used to be; gasses may float up after meals and your heart may palpitate. Often you may become constipated, your blood may become nervous and too "run-down" to throw off a cold. The minute your tongue becomes coated, or you feel any one of these symptoms, give your liver intelligent help so that you may quickly feel your best again.

How It Gives Relief.
Each ingredient has a definite work to perform. This is why Dr. Thacher's Liver & Blood Syrup helps Nature to cleanse and tone the liver properly—to quickly improve digestion—to increase appetite, nourish and build up the system—to throw off stuffy colds—to soothe the tired and over-tired nerves—to gently correct constipation, strengthen your body and send pure, healthful blood coursing thru your veins.

Clip the coupon below and get a free trial size bottle today. Act quickly, before the supply for free distribution is exhausted.

NOW YOU MAY TRY THIS VEGETABLE SYRUP FREE

There are many people in Bridgetown who suffer from symptoms like those described in the article above because they have tried many treatments and have failed to get results. And these are the people we want Dr. Thacher's Liver & Blood Syrup to help.

Now is your opportunity to get rid of that tired, run-down feeling, to have fine digestion again, to end constipation, to throw off that stuffy cold, to win back your strength, energy and vigor and feel your very best again.

We want you to realize that these symptoms are often the results of a sluggish liver, and that relief comes quickly when the liver is properly cleansed and toned.

Take just a spoonful of Dr. Thacher's Liver & Blood Syrup after the next few meals. Notice the quick difference in the way you eat, sleep,

look and feel! It will cost you nothing to try it! All we ask in return is that you do not stop the minute you begin to feel better. Keep on this helpful treatment after the trial sample has demonstrated its superior merits to you—keep it up until you have fully regained your health and your liver and whole system are working normally again. Then tell your relatives and friends what it has actually done for you. They will be completely satisfied with the regular strength, vigor and energy which are promptly to refund the purchase price.

FREE! This Coupon is good for One Sample Bottle of DR. THACHER'S LIVER & BLOOD SYRUP if presented before the supply for free distribution is already given away. Read the full details above, then act at once, as this offer is limited. Get a trial size NOW by presenting this coupon to W. A. Warren in Bridgetown; Watson I. Porter, Pharmacy in Lawrence town, and by leading druggists in every city and town.

LEWIS AWAITING EXECUTIVE BOARD

Sydney.—John L. Lewis, in a telegram to the provisional officers at Grace Bay on Wednesday night...

This statement was received in reply to a communication forwarded by the provisional officers...

SPATS AND BOOTLEGGERS Prof. James Weber Linn, of the University of Chicago...

Having just completed a stay of 36 hours in Canada, I feel it desirable to give my impressions of the country...

While I was awake, "In the streets of Toronto I perceived a number of persons. A few were without overcoats...

"I could provide him with a pair of spats. It is Ashton Stevens lived in Toronto he would walk the streets entirely unnoticed."

"The great sports in Toronto are hockey and visiting the dispensaries. The Province of Ontario in which the prescription system, however, relieves the situation to a considerable extent."

Doctors in Toronto are referred to as irrigators. Here in Chicago, to get a prescription, it is necessary to know a physician. In Toronto it is only necessary to know his address."

Ordinary bootlegging, however, is said to be a feeble industry in the Province. There are said to be only five reputable bootleggers in all Toronto, a city of more than half a million. Personally I cannot confirm these statistics; during my stay I encountered only four."

Socially, they (the Canadians) are the salt of the earth, because they are both courteous and honest. They do not put their paws on your shoulders and lap your face, but high and low they say thank you, and give you information without scorn when you ask for it, and make you feel at ease. A Canadian of the sort who drops ashes on his rugs expects that you will do the same, but a Canadian who knows which fork to use expects that you, too, will know. Canada is not luxurious as the United States is. Indeed, it seems a little shabby. But it is sturdy and mightily self-respecting. If I ever get to know a Canadian well, I expect I should like him exceedingly. But I doubt if I ever get in far with one."

A fool may make money, but it takes a wise man to spend it.

STEAMSHIP COMPANY'S MAKE REFUND

Money To Aid Settlers Did Not Come From Federal Treasury.

Ottawa.—Rt. Hon. Arthur Meighen, leader of the Opposition, asked in the House of Commons whether the refunds being made to settlers arriving in Canada as reported in the press, were supplied by the Treasury of Canada or by the steamship companies.

POWER IN TIDES OF BAY OF FUNDY

Tennessee Paper Makes Prediction.

It is pleasant to dream of possibilities, even if the prospect of realizing upon them does not appear bright. So many "possibilities" have been accomplished, however, that one hesitates to draw the lines against any scheme, however unusual. More effective methods of developing energy are perhaps the most important problem in modern industry and mechanics.

The quest has demonstrated the practicability of harnessing the streams to propel the world's machinery. That installation is now under way. That restless humanity is not yet satisfied. Why not hitch up the tides of the sea and watch them work? They say. Tides coming in—or going out—exert an irresistible momentum. That is peculiarly true in narrow bays and inlets. It is only a question of making the power available for use. Of the Bay of Fundy, one of the most promising sea-power sites in the world, the Chicago Journal says:

"The bay is about 150 miles long with an extreme breadth of something less than fifty miles. At the upper end of this bay, the difference between high and low tide is never less than thirty feet, and at Spring tide, rises to more than fifty feet. A body of water scores of square miles in extent rises and falls an average of forty feet twice a day and tremendous tides prevail throughout the bay."

"Compared to that Niagara is a small affair. It has been estimated that the tides of Fundy, if harnessed, would do nearly as much work as all the coal mined in the United States. Divide that estimate by ten or twenty and you see what a prize lies waiting."

With good reason the imagination gets busy upon a scene like that just described. When James Watt saw the steam lifting the lid of his mother's teapot, somewhat after the fashion in which Senator Walsh has lifted the cap off the Teapot Dome, he asked himself why not apply the power to some useful purpose? He lived to see the steam engine at work in the service of humanity. Some day the Bay of Fundy will likewise be performing its allotted daily tasks just like those of us who work for our living. Unlike us poor mortals, however, the harnessing will put the bay under no greater strain than when it is aimlessly ebbing and flowing. It will simply be rescued from a wasted life."

There are, of course, other sea-power sites than Fundy. Many more. But it is one of the most conspicuous. On account of the height to which the tides ascend the possibilities are recognized as great.

The Bay of Fundy is not located adjacent to a congested population. There are no great industries close by to utilize its power. It lies between New Brunswick and Nova Scotia. But eventually it will be put to work. And the energy will flow over tariff obstructions into this country.—Chattanooga News.

D. A. R. TRAIN SERVICE REDUCED FOR SECOND TIME IN FIFTY YEARS

Kentville.—Reduction in train service on the "Owl" between Kentville and Halifax was started last week. This was the first time since 1870, except for a short time during the war, that this train service has been curtailed.

The Secretary of the Kentville Board of Trade received a communication from the Board of Railway Commissioners of Canada advising sanction for the D.A.R. to take off this train. In brief, this report states: "The tri-weekly service may become effective on March 10th, and continue until May 19th, and an accurate record of the number of passengers carried and the revenue derived from all traffic, both of the tri-weekly service and the daily, except Sunday, service shall be kept 'available for the information of this Board.'"

The railway was represented at the hearing by Counsel from Montreal, and the Kentville Board of Trade, which put up a strenuous fight against the reduction, by Ernest Robinson, M.P., for Kings.

 my (240 cups to the pound). (4)
 Appearance in the cup. (5) MORSE'S
 is sold at a reasonable price.

Local Happenings

All changes of copy for ads. MUST
 be in by 12 noon on Monday's each
 week.

Mr. Elburn Nichols, who has been
 with the Columbia Tire and Top Co.,
 of Brookline, Mass., during the Win-
 ter, intends to return to Bridgetown
 during April to resume work here.
 He has been specializing in top work
 on styles of enclosure which are said
 to make any touring car as convenient
 and comfortable as a Sedan for cool
 weather with the advantage of being
 readily removable.

The Colonial Motor Co. last week
 received their first shipment of
 Chevrolet cars for the season. From
 present indications the coming sea-
 son promises better than last year
 and enquiries are coming in pretty
 freely. This enterprising firm is
 ready for the rush with splendid
 popular cars at moderate prices.

The too mild weather for March
 was at the latter part of last week
 followed by snow and heavy winds.
 Drifts in many places prevailed and
 the roads were left in a condition
 which made neither good sleighing
 nor good wheeling.

SEWING CIRCLE GOSSIP

There was some discussion at the
 Sewing Circle this week about peo-
 ple who are hard to please. The wife
 of the new Lank Manager said that
 she had never been finicky except
 about two things. She was most par-
 ticular in selecting a husband, and
 she was also very discriminating in
 her purchases of coffee. She said she
 was now using LUXOR ORIENTAL
 COFFEE, and thought it was the best
 she had ever used.

A pleasing feature occurred at the
 close of the entertainment by Autumn
 Leaf Rebekah Lodge at the County
 Institutions when Mrs. J. W. Peters
 on behalf of the Lodge presented the
 Bridgetown Orchestra with a cash
 donation at the same time expressing
 the general appreciation felt for the
 good work of the orchestra and the
 willingness of the members to con-
 tribute time and effort in every good
 cause. A happy and witty reply was
 made on behalf of the orchestra by
 Rev. J. H. Freestone who is one of
 its prominent members.

**YOU CANNOT JUDGE
 BY APPEARANCE**

It is impossible to tell the quality
 of tea by the appearance of the leaf.
 A rough, coarse, unevenly rolled tea
 may taste much better in the cup than
 a closely rolled, well-tipped tea that
 appears much finer. The only way
 to be sure of getting tea of reliable
 quality is to buy a guaranteed blend
 like "SALADA", whose goodness and
 purity have been proved by time.

The agent of the Children's Aid So-
 ciety spent last Saturday and Sunday
 at Annapolis and vicinity. He is to
 return there Thursday of this week
 to meet the Executive, and to deal
 with several matters along lines of
 child welfare.

HEIRS WANTED

Missing Heirs are being sought
 throughout the world. Many people
 are today living in comparative po-
 verty who are really rich, but do not
 know it. You may be one of them.

NOTICE

IN THE MATTER OF—An
 application by the Bear
 River Pulp Company,
 Limited, a body corpo-
 rate having its principal
 place of business at Bear
 River, in the County of
 Annapolis, for an author-
 ization to divert water
 from the East Branch.

IN THE MATTER OF—the
 Nova Scotia Water Act,
 1919, and amendments
 thereto.

NOTICE is hereby given that the
 undersigned has made application to
 the Minister of Public Works and
 Mines, and Minister under the said
 Act, for an authorization to divert
 and use water from the East Branch,
 a stream flowing into the Bear River
 at its head and situate in the County
 of Annapolis, for the purpose of con-
 veying said water to the pulp mill,
 which mill is owned by the said com-
 pany.

Persons having any objection to
 the granting of such an authoriza-
 tion should submit the same in writ-
 ing to the Honorable the Minister of
 Public Works and Mines within fif-
 teen days after the date of this notice.
 Particulars of the application may be
 secured at the office of Daley, Walker,
 Phinney and Vair, Barristers, Solici-
 tors, etc., 50 Sackville Street, Halifax,
 N. S., or at the Minister's office at
 Halifax.

DATED at Bear River this 19th day
 of March, A. D., 1924.
