# Lapponi Holds Out Hope For Recovery of Pontiff

## Even Had Pope Been Well Sunday Would Have Been His Busy Day.

Rome, July 12.—(6.45 a.m.)—The condition of the Pope is stationary during the night. He slept at intervals, but was not entirely tranquil.

Rome, July 12.—Pope Leo has lived to see another Sunday, and with the Sabbath quiet which reigns over Rome came also peace and even progress to the Pontiff.

Tonight Dr. Lapponi made the following important statement in answer to the question if he believed that the improvement in the Pope's condition could continue:

"I believe that if the improvement lasts until July 21, we may not perhaps achieve an absolute cure, but we will secure such a general state of health in the patient as will allow our anxiety."

Participated in Mass.

During the morning the Pontiff participated in the celebration of mass in the chapel adjoining the sick chamber. The door connecting the sick room with the chapel was opened so that his holiness might follow the service.

The Pontiff had several hours' repose, Dr. Lapponi resting near him through the night. The physician twice administered injections to him, one of digitalis, to strengthen the heart, and another of camphor-camellia to overcome the patient's gastric troubles.

This morning found the Pontiff with spirits bright and the conditions generally improved.

At 8.20 a.m., and after a brief conference issued the most encouraging official bulletin thus far given.

The pulse, which went down yesterday to 82, had risen to 86, while the temperature and respiration showed no abnormal characteristics.

### Lapponi Visits Sick Chamber.

Pope Leo took his usual light breakfast and Dr. Lapponi, who has remained in unusually close attendance on the patient, became desperate, felt sufficiently assured to leave the Vatican for the first time in several days, where his daughter lies stricken with fever. When the physician left the sick room he was almost moved by high digitalis, including several cardinals, who rejoiced at seeing Dr. Lapponi tranquil enough to leave the patient.

Dr. Lapponi was seen by the press by saying: "Yes, the Pope is better, but I beg you not to exaggerate in optimism in order to avoid a disillusion."

Dr. Mazzoni was also absent, which in itself gave the clearest evidence that the doctors themselves were relieved of immediate apprehension. Dr. Rosconi has been taken sick with fever, and was prevented from attending the evening service at the Vatican. Five newspaper correspondents also have fever.

During the afternoon the Pope felt strong enough to receive the cardinal who dressed himself alone in white and went to sit in his usual arm chair, where he remained until 10.30. In the afternoon he received Cardinals Mathieu, Steinhilber, Adriaedi and Casali. The Pope showed his usual brightness and lucidity of mind, and spoke to each without showing any perceptible fatigue.

To Cardinal Mathieu his holiness said: "I have been very much moved to pray to God to protect France and have the men now governing her people, and stop the persecution of the church."

He then spoke to the cardinal, and the cardinal expressed his joy at seeing the Pope so well.

### Conclude Mosaic Possibility.

He heartily thanked Cardinal Steinhilber, who told him that the whole of his order was very relieved of recovery and preservation, and he asked Cardinal Adriaedi how he liked the position of vicar-general of the church to which he was appointed. The cardinal, in reply, said that he was very glad to see the Pope so well, and that he would be glad to see him in his new residence, the palace of the chancery, which he had just received. He had not yet moved there, Pope Leo said: "You must settle yourself here, and I will be glad to see you."

Later the Pontiff took a short nap and then received the cardinal who had concluded was a most remote possibility. He thanked Cardinal Casali for the warm interest he had taken in his illness and the care all the cardinals had taken to help him.

Later the Pontiff took a short nap and then received the cardinal who had concluded was a most remote possibility. He thanked Cardinal Casali for the warm interest he had taken in his illness and the care all the cardinals had taken to help him.

These expressions of sympathy and the hopefulness of opinion exhibited by those who have to rely for information regarding the Pontiff's illness solely upon official bulletins.

Life Kept in Body.

Cardinal Satolli, in a conversation with the representative of the Associated Press, said that life was only kept in the sick body of the Pontiff by the constant use of powerful stimulants, and other persons equally reliable who saw the Pope yesterday and who had seen him on previous days of his illness, agree with Cardinal Satolli in saying that death has made all his ravages save the body of the soul and the body. Yet the doctor's announcement to the public that Pope Leo's general condition is satisfactory. An explanation of the apparent contradiction lies in the fact that the doctor expected his holiness to die long before this, and he is now recording in his bulletins an excess of caution and a comparative method of expression which is wholly uncharacteristic of his mind.

Moreover, the extraordinary vitality of his patient has, so to speak, annihilated every medical opinion held by doctors in Italy, so it is scarcely surprising that Dr. Rosconi, Mazzoni and Lapponi should be in agreement in recording the symptoms of progression and retrogression which succeed each other with such baffling irregularity as to forbid the risk of making a definite prognosis for the public. In private they only disagree as to the number of days the struggle will last.

The Pope's illness, which has, at least, afforded him a peaceful and happy day, since Saturday morning, his holiness included in his pontifical routine a peaceful sleep, several visits to the sick room, and a number of other acts.

Ottawa, July 12.—Rene Schinkel, the love-sick swain, who put a bullet into his head the other night, on account of being refused the privilege of paying court to a lady, is not likely to die. It has regained consciousness, and has good chance to live. He will be blind in both eyes.

# DASH INTO ANTARCTIC RESULTS SUCCESSFUL YET

## Men of British Ship Discovery Suffered Great Hardship in Voyage.

San Francisco, Cal., July 12.—Details of the accomplishments of the British Antarctic exploring expedition on the ship Discovery were related yesterday by Capt. William Colbeck of the relief ship Morning, the Discovery's tender, which arrived here on the return trip to London. He tells of hardships almost beyond the limits of human endurance, which were borne by the members of the expedition that they might reach the feat of having gone "farthest south" of all the expeditions which were ever started. In spite of their exposure only one man was lost.

The record as it now stands is latitude 82 degrees 17 minutes south, reached by a dash on sleds after the discovery had been frozen in the ice at latitude 72 degrees 30 minutes. The former record was 78 degrees 25 minutes, made by M. Borzhovnik in 1891. In addition, the men on the Discovery located between 400 and 500 miles of new coast line. They found a lot of new marine fauna, also some marine plants, but they were all of a low type of organism. Seals about the extreme southern regions, but the polar bear and the walrus are not there and no new animals take their place.

Cold Was a Thaw Arctic.

The cold encountered was far worse than in the Arctic. In the latter region in the summer time the temperature sets up to 50 and 60 degrees above zero, but in the Antarctic regions zero is a common feature.

Of the geological, seismic and meteorological data have been secured. The long barrier of ice extending westward from Mount Erebus and Mount Terror has always been a puzzle to geologists. Some supposed it to be the entrance of an enormous bay, others that it is merely a strip of ice protruding from land. If it is now found that the barrier is afloat, but lies along the edge of the land, being continually fed by the land ice.

### Parry Mountains Do Not Exist.

By landing at various points the party has also discovered that the Parry Mountains, as marked on the map, are lying due south of Mount Terror, do not, in fact, exist, and were due only to the imagination of the discoverer. He was obliged to keep coasting along the ice instead of landing.

In the course of ninety-four miles over the ice in the dash to the farthest south, the greatest danger was encountered. All the dogs died, and the sledges themselves.

On the return journey Lieut. Armitage, second in command, fell into a crevasse, and hung 20 feet below the surface, but he had not been harnessed to the others, and would have fallen a depth of 2,000 feet.

### Another Chapter Opened.

Council for Gaylor and Green Left for England Saturday.

Quebec, July 12.—A new chapter has been commenced in the famous Gaylor-Green case. Mr. Alexander Tschereau, parent, Tschereau, Roy and Cannon, received a cablegram from England on Friday, to the effect that Mr. Donald McMaster, K.C., of Montreal, the leading counsel in Canada for the United States government in the proceedings that took place in Quebec some months ago for the extradition of Col. John Gaylor and Capt. Benjamin Green, was in Quebec on Saturday.

Mr. Tschereau, who was the leading counsel for the defence of the American officers, had been in Quebec for some time, and was expected to leave for England yesterday to contest the petition.

### NO WOMEN'S AUTO CLUBS.

Members Disagree and Parent Society Withdraws Subsidy.

London, July 12.—Altho women's clubs are now numerous in London, it seems that the fair sex has not entirely acquired the art and science of "clubbability" as yet, for a serious variation of opinion have arisen among the members of the Ladies' Automobile Club that the Auto Club of Great Britain and Ireland, the stern parent, has been obliged to decree that there should be no women's clubs at all, and has withdrawn the subsidy of £1,000 a year. Meanwhile the license in Piccadilly, which were retained by the parent club for three years, remain a white elephant on their hands.

### PARALYTIC DROWNED.

Montreal, July 12.—A sad accident occurred yesterday evening shortly after 6 o'clock, when Mr. Joseph Fallo fell from a yacht about a mile and a half below Longue Pointe and was drowned. He was one of a party of twelve. They were merrily laughing and waving their handkerchiefs at the shore. The yachtsman, who was partly afflicted with paralysis, fell overboard in one of the yacht's launches into the water and was drowned.

### DROWNED NEAR TWEED.

Tweed, July 12.—An Italian working on the C.P.R. at White Lake, about three miles west of this place, was drowned while bathing last night (Saturday). The body was brought here today.

### RIOT IN NEGRO QUARTER.

New York, July 12.—A riot, which required the reserves of three police precincts to suppress, broke out tonight in the negro quarter in West 62nd-street. The trouble was started by an attempt of Policeman Connor to arrest William Johnson, the leader of a gang of negroes, who were making a disturbance in the street. The police were assisted by a mob of volunteers of bricks and stones were hurled at him. Connor opened fire on a negro on a room and the shots were returned from windows of the house. Reserves finally restored order. A number of arrests were made.

# FIGHT OVER THE FENCE RESULTS A KILLING

## Oliver Richardson Fired Four Shots at Colored Man in Dispute Over Land.

Harrow, July 11.—A long drawn out quarrel between Edmund Matthews (colored) and Oliver Richardson (white) of the third concession of Colchester South, about two and a half miles west of this village, over the boundary between the two farms, culminated last night in a fight, in which Matthews received injuries from which he died this afternoon about 4 o'clock. Richardson had a revolver and fired several shots at Matthews, four taking effect, three in the body and one in the arm. The ball which, no doubt, caused death, lodged in the kidney.

Richardson and his two sons, who were with him at the time, were also taken part in the fight. In the village lock-up, until this morning, when they, with Richardson, were taken Windsor by Detectives Campbell and Mahoney of Windsor. In police court Mrs. Richardson and the sons were discharged, and the case remained pending the outcome of Matthews' wounds.

Over Land Worth \$50.

The tract of land in dispute, according to the valuation of an expert, is said to be worth, at \$45 per acre, only \$55 cents, but each of the disputants has spent hundreds of dollars in law costs besides having several previous encounters, in one of which Richardson nearly lost his life by an axe in the hands of the other party. How- ever, the case was settled by a verdict given by the jury at 8 o'clock this evening, after the question was adjourned until Monday morning.

### Plea of Self Defence.

The white man, Richardson, will urge a plea of self-defence. Mrs. Richardson says before her husband proceeded to extreme measures the man shot had attacked her, hitting her on the head with a brick. The question will be whether or not she was justified in shooting him.

# PRISON BREAKER DEFIES ARREST BY DETECTIVES

## Quackenbush Seen on Streets, But Attempt at Recapture Was Fruitless.

Ottawa, July 12.—(Special.)—Sir Louis Jette, Lieutenant-Governor of Quebec, arrived in the city yesterday, paid a hurried visit to the Prime Minister and left for home again in the evening. It is understood that the business which took Sir Louis to Ottawa was in connection with the Alaska Boundary Commission. The death of Judge Armour leaves a vacancy which must be filled by the Dominion government without much delay, as the commissioners will meet in September, and Sir Louis and his fellow commissioner will leave next month. Who the latter will be has not yet been officially announced, although the name of Hon. Clifford Sifton has been mentioned. Mr. Sifton has, however, without specifically denying the report, intimated that his connection with the case as chief counsel in the preparation of the British case might defer him from acting as a commissioner. It was stated at the time of his appointment that Sir Louis Jette's acceptance of a commissionership was contingent upon his re-appointment to the Lieutenant-Governorship of Quebec for another term, and it is understood that at Saturday's cabinet meeting the renewal of his term was put thru, and Sir Louis was appointed to the position.

# Black Fiend Tortured By Enraged Mob of 200

## Blown Up Twenty Feet BUT ESCAPES WITH LIFE Literally Skinned Alive and Pins and Knives Driven Into His Body.

Wheeling, W. Va., July 12.—A dispatch to The Register from Bluefield says: The full details of one of the blackest crimes that have ever blotted the history of the state has just reached this city. In Devon, a little 14-year-old girl was assaulted by a negro. The negro was afterward lynched by an enraged mob of over 200 men. The little girl was caught a short distance from her home by the negro and carried to a neighboring wood, where she was tied to a tree, bound and gagged. Her absence was noticed by the neighbors, who immediately formed themselves into a searching party. The girl was found in an almost dying condition, but was able to tell her story.

After a consultation it was decided to lay in wait for the girl's assailant. In a short time he appeared, and was about to renew his assault upon the helpless child, when the lynchers made for him. He was dragged to the village common and bound to a tree. Only by the greatest efforts of the leaders of the crowd held from tearing the man to pieces. His clothing was torn from his body, and pins, tacks, pen knives and every conceivable weapon of torture was stuck into the negro's flesh as he struggled and with a shriek of agony he was then placed before the eyes of the negro, while willing hands cut the way and the full details of his crimes became incoherent, and before the enraged citizens could be checked the little girl he had assaulted. His heart was cut out with Jack-knives, his toes and fingers chopped off and carried away as mementoes. His mangled body was then soaked with kerosene and fired.

### BABY SWALLOWED A PIN.

Special Train Rushed Her to New York, 400 Miles Away.

New York, July 12.—The seven-month-old baby of Mrs. Lewis S. Thompson of Red Bank, N.J., whose husband has a camp on the Upper Saint Regis Lake, swallowed a safety pin on Friday morning. The camp is about six miles from Paul Smith's, a distance that was covered in quick time by Mr. Thompson's yacht, Dr. B. L. Trudeau's motor launch, and a special, and accompanied by Dr. Trudeau, Jr., and the nurse, Mrs. Thompson left at 3 o'clock. They reached New York at about 11 o'clock at night and were met by Mr. Thompson. Dr. Winter was awaiting their arrival and took Dr. Winter only about two minutes to remove the pin, which had necessitated a journey of about 400 miles. It is said that Mrs. Thompson is about \$1,000 for the special train.

### FOUR FATALITIES IN A DAY.

Rochester People Meet Death in Various Forms.

Rochester, N.Y., July 12.—Four fatalities were reported in this city today. At 6 o'clock this morning Martin Metzger and a man named Welch of this city attempted to cross the tracks of the New York Central at East Rochester. A long train of freight cars blocked the way and the two men attempted to crawl under it. Welch got safely across, Metzger was caught underneath the train and was killed. The other man was hanging by shreds of flesh. He died later.

### Lightning Kills Fish.

Woodstock, July 12.—The Review, speaking of the thunderstorm on Friday night, says: As far as can be ascertained, no serious damage was done by the lightning, save to the government fish tanks, which were struck and in which a number of fish were killed. The lightning struck the tanks and the fish were killed. The lightning struck the tanks and the fish were killed.

**MINISTER OF JUSTICE**

Events: A well set up, bright, alert man is the Minister of Justice in the Laurier administration. Mr. Fitzpatrick is not very well known, except by reputation, outside of the Province of Quebec. He is practically on the three-hold of his federal career, which really began when he was made Minister of Justice last fall. But the member for the County of Quebec has behind him a personal career of some 25 years, and he may well be called one of Canada's great lawyers. His success at the bar has been marked and his experience in many celebrated trials. When he was 32 years of age he was selected to defend Louis Riel from the charge of high treason arising out of the North-west rebellion. His plan of defence was, however, knocked on the head by a disconcerting refusal of Riel to accept the advice of his counsel. Whether this establishes or disproves the theory of insanity in a question of the defence is not known. At all events Riel never lived to boast of it. Mr. Fitzpatrick is cut out for the country gentleman, in the manner of hours for riding. Indeed, he has other qualifications, being passionately fond of horses and the good friend of well-bred dogs. Perhaps the most prominent characteristic of the man is his intellectual alertness, and what might be called mental courage. When he applies his great skill and mental acumen to a case it is like a strong ebb tide in hard metal and leaving a permanent impression. Altogether Mr. Fitzpatrick is one of the inner group of brilliant Irishmen in America whose tastes and accomplishments are as diversified as they are entertaining and admirable.

**Lady Minto at Newport.**

The committee that yesterday to purchase all the wood needed by the city institutions.

**FATAL PRACTICAL JOKE.**

Berlin, July 11.—Two girls, aged 17 and 18 respectively, were bathing near Tilsit, when a workman who was passing the spot began to tease them, throwing stones in order to splash them, and pretending to run into the water after them, all their entreaties to be left alone being of no avail. In their fright the girls approached the shore, they suddenly got out of their depth and sank. The workman immediately went to the rescue, but the drowning girls pulled him down too, and all three were drowned. The man was married and the father of a large family.

**THE POPE SLEEPS.**

Coveyard, England, July 11.—With J. B. King unable to bowl, owing to a strain to the muscles of his leg, and J. Lester, who is to take charge of the team in the field, owing to a split finger, the Philadelphia cricketers fared none too well on the last day of their game with Warwickshire, and they suffered defeat by seven wickets.

The absence of King was mainly responsible for this, for the visitors did well at the bat and ran up a total of 191 in their second innings, but they were unable to score more than 151 runs in their first innings, owing to a split finger, the Philadelphia cricketers fared none too well on the last day of their game with Warwickshire, and they suffered defeat by seven wickets.

Insurance Cricketers Won. The Ontario Amateur Insurance Cricketers Club defeated Rosedale Juniors in a league match at Island Park on Saturday afternoon.

The Council of York Township will hold a special meeting today for the purpose of considering the terms of a proposed agreement with the Toronto Railway Company, and which gives the company the right to construct an electric railway from the city limits on Avenue-road to Clifton-avenue or to Upper Canada College.

The agreement is most sweeping in character. In fact, it sweeps in everything in sight, and takes care of the people of the township every right in connection with the control of the line.

The franchise of the company is to be a perpetual one, calling for a first term of twenty years, and positively renewable for further terms of the same length from time to time as they occur. Arbitration will determine the terms and conditions of the agreement.

The clause setting forth exemption from taxation reads as follows: "THE NON-RESIDENT PROPERTY OF THE COMPANY WITHIN THE MUNICIPALITY SHALL BE AT AN ABSOLUTE SURRENDER OF ALL MUNICIPAL RIGHTS OR TAXATION, AND the said company shall be exempt from taxation for ten years from the date hereof, and the expiration of such period such exemption shall be renewed for a further period of ten years."

Have They Power? A doubtful condition agreed to by the company is the transferring of passenger.

### STATUS OF JEWS IN RUSSIA.

No Peace Until Jew Disappears From Russia, Says One.

Atlantic City, N. J., July 12.—John B. Weber of Buffalo, N. Y., former United States Commissioner of Immigration at New York, and chairman of the special commission authorized by Congress in 1888 to investigate in Europe the cause of emigration to the United States, spoke today before the Jewish Chautauque on "The Status of the Jew in Russia."

Mr. Weber said there would be no peace, no substantial relief for the sufferers, until the total disappearance from Russia of either the Jew or the special laws directed against him. Summing up the status of the Jew in Russia, Mr. Weber said: "The Jew is the sport of the rabble, the spoil of the official, the football of fanaticism, the buffer against which strikes the storm of bigotry, intolerance and savagery."

### WOMEN ON BUELING FIELDS.

One Stopped a Promised Fight, Another Took Husband's Place.

Berlin, July 12.—A rich mill owner of Berlin named Schulz quarreled with a woman of the name of Bueling in the garden, and the lieutenant sent Schulz a challenge to fight him. A duel with pistols was arranged to take place at six o'clock on the 11th. The lieutenant, however, had decided that a duel was unnecessary.

After waiting a while a messenger was sent to the lieutenant to inform that the wife of the lieutenant had taken the place of the lieutenant. The lieutenant, however, had decided that a duel was unnecessary.

### PROPOSED UNION DOES NOT CREATE MUCH FAVOR

Federation of Christian Endeavorers, B.Y.P.U. and Epworth League Hardly Possible.

The tentative proposal which came up before the Christian Endeavor Conference in Denver, Colo., last week to have Epworth League, Baptist Young People's Union and the Christian Endeavor Society amalgamated is not a new subject in Toronto. The young people's societies concerned hold various views on the proposal. The Christian Endeavorers are most anxious that a federation should occur, while there is a doubt on the part of the other two organizations as to its feasibility.

The subject has been discussed in Toronto before. Last December Dr. Francis C. Clark of Boston, the late Rev. C. E. Eberman, field secretary, and William Shaw, treasurer of the Christian Endeavor Society, were in Toronto and suggested this step. Mr. Clark suggested that the amalgamated society should meet every other month, thus giving the individual societies an opportunity of meeting in the intervening months.

It is worth of it, J. R. W. Thomas, president of the Toronto branch of the Christian Endeavor Society, expressed himself as greatly in favor of the scheme. He said: "The movement to federate the young people's societies has been going on for some time. It can see no cause for opposition to such a scheme. The idea of the amalgamation would be to establish it on the same basis as the General Ministerial Association. Any matters affecting the individual societies would be dealt with by them at their own meetings. The benefits of a federation would be most effectively the common purposes of such organizations. The Christian Endeavorers are naturally in accord with the scheme, and I do not think any desire to amalgamate with any other Christian body of the same nature. It is my opinion that the proposal will never develop into a reality."

Epworth League Unfavorable. Dr. Joseph F. Berry of Chicago, general secretary of the Epworth League, in an interview regarding the movement to amalgamate the Epworth League, the Christian Endeavor Society, and the Baptist Young People's Union, said: "The day when there was any doubt about the advisability of a denominational union, and young people's societies is past. We of the Epworth League, believe in Christian unity, but not in organic union. We are in favor of the Epworth League, the Christian Endeavor Society, and the Baptist Young People's Union, but not in organic union. We are in favor of the Epworth League, the Christian Endeavor Society, and the Baptist Young People's Union, but not in organic union."

# Getting Ready for the Builders

Our plans for a bigger store include tearing down the rear wall and giving the builders full swing so as to rush things. It won't be as easy to do business when the confusion begins, and what is more important—there's bound to be more or less dust and dirt. That means we must either hide the goods or sell them, and somehow we're never very good at packing things away. Your own judgment will suggest the wisdom of special business in order to reduce stocks all we can before the builders commence. Accordingly we've planned a quick clearance of everything that belongs to summer in the hope of getting a good advertisement out of the sale, and paving the way for a bigger success later. This is part of the program for the week:

- Ladies' Hats.** 7 dozen Ladies' White Trimmed Pique and Straw Hats, ranging in value from 2.50 to 6.00, reduced to **\$1.25**
- Men's Straw Hats.** Entire stock of Men's Split and Sennett Straw Sailors at special price to close. See the 4,000 hats reduced to **\$2.00**
- Ladies' Rain Cloaks.** 25 Ladies' Heptonette Rain Cloak, in lawn, grey, black and navy blue, bell sleeves and full length, regular price 12.00, special at **\$7.50**
- Men's Panama Hats.** Balance of our Panamas at half-price or less, including 22 hats reduced from 10.00 and 12.00 to **\$5.00**
- Ladies' Neckwear.** Ladies' Silk and Chiffon Stoles and Ruffles, in black, white and black and white, regular value 8.00, special at **\$5.50**
- Men's Rain Coats.** Big bargains in Men's Fine Ravenetted Rain Coats in all sizes. See the styles reduced from 10.50 to **\$7.75**
- Ladies' Feather Boas.** Ladies' Black Ostrich Feather Boas, 54 to 72 inches long, all marked down to clear. See the 10.00 line reduced to **\$5.00**
- Children's Summer Hats.** Balance of Children's White Pique, Duck and Crash Tams, in values up to 1.25. Special to close at **35c.**

We could fill a page with similar prices, but the idea of all our advertising is merely to suggest and we print just enough to show the trend of values. If you want summer hats of any kind for ladies or gentlemen this is your store. We think more of the big new addition we're going to have than any consideration of profit or loss just now.

### NO POLITICAL BULLETINS

Paris, July 11.—The Italian's Rome correspondent telegraphs that at the moment the physicians were preparing a bulletin Cardinal Rampolla said the doctors and said: "Since the Pope is better you must state the fact very clearly."

### LETTERS ON POPE'S DEATH

The great scourge of the Italian people is the lottery, which is in the hands of the government, and which turns millions into the treasury every year. The people buy tickets in the lottery at all times, and their investments are much heavier when an event out of the common takes place. Then they resort even to pawn brokers to obtain money with which to buy tickets. Naturally, the Pope's illness could not be overlooked, and yesterday thousands of dollars were spent in this way, the favorite numbers being 58 for the Pope, 25 for the disease and 50 for the cardinal. It is computed that if these numbers had all won the government would have lost \$1,000,000. However, none was successful, so the money came out of the poor, who, with characteristic elasticity of spirit are already saying that the numbers are evidently those of next week, and anxiously watching the phases of the Pontiff's illness, so that they may be able to manage wagers with what they consider a show security.

### OLD CORKERY ROAD.

Woodstock, July 11.—While at work excavating for the catch basin at the corner of Perry and Dundas-streets to-day workmen discovered the least of the old corkery road in use here many years ago. The timbers were located seven feet below the level of the street, and were in a good state of preservation. The older citizens declare that this point was the level of Woodstock's first main street. The roadway was subsequently filled in up to the present level. When the corkery road was first constructed a creek flowed across Dundas-street at the point where Perry-street now joins Dundas-street and formed quite a large body of water at this spot. It is recalled that a gentleman and his wife, both still well-known residents of Woodstock, once met with a serious runaway accident at this spot and that the lady in question was precipitated into the water and nearly drowned.

### Election Day Postponed.

Winthrop, July 11.—Owing to inability of returning voters to pose, the proclamation within the time required by law the provincial election contest in New River has been postponed till Aug. 8, and that in Gimli until July 30.

### Federal of Delinquency.

Cleveland, July 11.—The federal of Edward Delaney, the ball player who was arrested in the Niagara River, was held today. The body was later interred at Calvary Cemetery.

**\$10.00 Dinner Sets for \$5.00.**  
The Clear-Up of a Factory's Left-Over Stock of English Porcelain Dinnerware, \$10.00, \$9.00, \$8.00, and \$7.50 Dinner Sets for \$5.00, 5000 Odd Pieces at Less Than Half the Regular Price.

Once a year only can an event happen like this one we bring about to-morrow. The great English factory works for a twelve-month on their orders and then the chance comes. You know when they are baking China they lose a lot of it from breakage in the kiln, and they have to allow for that breakage by putting in more than their orders actually call for. Sometimes they are fortunate—the breakage is small. The extra pieces they made are not needed. They accumulate and every year our buyers go over and picks up the best of the "over-makes" and "left overs" for cash at half price. Now we've arranged to sell our last shipment of this kind to-morrow, and this is the best time to get them. Understand that this ware is particularly fine English porcelain, made by a pottery famous in the trade. The designs, too, are tasteful and pretty.

These Dinner Sets comprise an assortment of seven splendid patterns, each and every set all decorated to match and containing the full dinner and tea service for 12 people—97 pieces in all. The majority of the sets contain these pieces:

- 12 Dinner Plates,
- 12 Soup Plates,
- 12 Tea Plates,
- 12 Fruit Saucers,
- 12 Butter Pads,
- 2 Meat Platters,
- 2 Vegetable Dishes,
- 1 Teapot,
- 1 Sugar Bowl,
- 1 Cream Jug,
- 1 Slop Bowl,
- 1 Gravy Boat,
- 12 Tea Cups and saucers.

In some instances slight variations may occur, for instance a covered muffin dish instead of a tea pot, etc. 100 sets will be displayed on our Basement counters Tuesday morning, regular 10.00, 5.00, 9.00, 8.00 and 7.50, sale price.....
