BELGIAN TROOPS GAIN IMPORTANT SUCCESS

Consolidate Positions in Belgium—Germans Shelling British Positions at Neuve Chapelle

London, March 20.—Withdrawal of German troops from the Yser region in West Flanders to reinforce the lines near Neuve Chapelle in Northern France, enables the Belgian troops to gain important success in Belgium and their new positions have now been consolidated. Before the attack King Albert went among his men, and inspired them to the highest pitch of fervor. Belgian artillery, reinforced with French guns, shelled the German batteries near Westende and Dismude violently. A German battery planted in a churchyard near Dismude was put out of commission. East of Steenstrate and south of Dismude, the Germans delivered strong counter attacks, all of which were repulsed. The German artillery stationed between the La Bassee Canal and Beaumont in France is shelling Neuve Chapelle and Gvendey, where the British hold positions. Severe artillery duels are in progress in the Aisne Valley and the Champagne district north of Arras and Perthes infantry fighting continues. SIEGE WARFARE AGAIN London, March 20.—Relative inaction prevails along both battle-fronts in Europe, which again seem to have relapsed into the condition of siege warfare, which prevailed during the winter. Austrian reports by way of Berlin say that the Russian offensive movement in the Carpathians through the Lupkow Pass has resulted in failure but direct reports from both Vienna and Petrograd agree that Austrians as well as Russians are making attacks and counter-attacks in the Carpathians without any decisive results. The Germans still are bombarding Ostrowetz without success, according to the Russians, who say they have destroyed the advanced trenches of their antagonists. Neither side reports any actions on the western front, during the last week, worthy to rank as important.

SUBMARINES WORK COMPARATIVELY SMALL

London, March 20.—German submarine raids during the week ended March 17, resulted in the loss of eight British vessels with a total tonnage of 22,825 out of 1539 arrivals and sailings, according to a summary issued today by the Admiralty. Three other vessels which were torpedoed, were able to reach port. The total losses to British commerce from the beginning of the war to March 17, were ninety-seven merchant vessels and forty-seven fishing vessels.

BLIZZARD STRIKES BERLIN

London, March 20.—A blizzard raged on Friday in Berlin and over the greater part of Prussia, according to a despatch from Amsterdam. Traffic in Berlin and elsewhere was brought to a standstill, and in the approaches to the Kiel Canal there were several accidents to shipping.

RUSSIANS NOW TO INVEST KONIGSBERG

Petrograd, March 20.—Russian troops have again crossed the Niemen River in East Prussia, and are making a drive toward the German fortress of Konigsberg. The success of the operations in the Memel district, it was said at the War Office, convinced the general staff that most of the German troops in the northern part of East Prussia have been withdrawn to other fronts, and that the time is favorable to launch a new attack on Konigsberg. Large forces of Russian cavalry are reported fifty miles from Konigsberg. Investment of that fortress would permit a continuation of the flanking movement now in progress along the Niemen River, where 850,000 Russian troops are reported to have concentrated. The situation on the other fronts is reported unchanged, except for artillery duels and cavalry skirmishes.

POTATOES RETAIL AT 85 CENTS A BARREL

Lowest Fredericton Market Has Known in 20 Years

Fredericton, March 20.—Potatoes of excellent quality sold in the country market this morning for eighty-five cents a barrel, which is said to have been the lowest retail price here in twenty years. Many farmers have a large quantity on hand with little demand. Eleven recruits from the North Shore to the 28th battery arrived here today. Handolph Hickey of Queensbury, confined to jail here since March 3, was released this morning by Judge Wilson under Habeas Corpus. The court held there was no justification for his arrest and detention. Hickey has instructed his counsel to institute proceedings against his prosecutors. Two live wild geese imported from P. E. Island by James S. Neill arrived here yesterday.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stupart, director of meteorological service.

Synopsis.—The barometer is comparatively low over the Gulf of St. Lawrence and along the Atlantic coast, and quite high over the western provinces and northwest states. The weather is milder than for some time past in the maritime provinces, and rather cold in the western provinces of Ontario and Quebec.

Fair. Maritime.—Moderate to fresh westerly winds, fair today; Sunday, fresh northwesterly winds, fair with a little lower temperature. New England forecasts.—Generally fair tonight and Sunday, moderate northwesterly winds.

Former St. John Man There

Eight men in one company of Canadian troops, with an aggregate of 180 years military service, is the record of No. 3 Company, 14th Battalion, Royal Montreal Regiment, now with the British troops in France. Writing from France under date of February 20, Corporal A. C. Fafard of this company says:—"Capt. H. H. Smith has eighteen years' service, and has two decorations and six bars. The other seven are—Q. M. Sergt. H. S. Dundas, eighteen years, two decorations, six bars; Sergt. V. H. Macleod, sixteen years; Sergt. F. W. Webb, ten years; Corp. E. Evans, nineteen years, two decorations, six bars; Corp. W. Sinclair, twenty-three years, two decorations, six bars; Corp. A. C. Fafard, ten years. This makes a total of 180 years for the eight."

WITNESS TO HIS FATHER, EX-POLICEMAN

Alfred Fafard, 724 Casgrain street, the corporal sends a photograph of the eight veterans, which is reproduced here. He adds, "Don't forget the name of our mascot the bull dog, 'Fiddle Face.'" The Canadian troops had a stormy trip to France, Corp. Fafard writes that there was a fierce storm raging when they were in the English Channel. He and thousands more learned the real meaning of sea sickness at that occasion. His friends in St. John will recognize easily the excellent picture of Captain Smith. He was legated in St. John for several years, part of the time as local manager of J. C. McIntosh & Company. More recently he made his headquarters in Montreal.

TWO MORE DETACHMENTS OFF FROM ST. JOHN ON MONDAY

Men to Fredericton From 28th Battery; Others to Halifax on Way Across—Colonel Kirkpatrick Here

Two more detachments for service abroad will leave the city on Monday, the 28th Field Battery for mobilization in Fredericton, prior to departure for active service in Europe, and the English coastal defence unit for Halifax. The unit for Fredericton will leave at 5:45 under Lieut. Muirhead, while the detachment under Lieut. Colin Mackay for Halifax will entrain at 11.30.

THE 6th IN SNOWSTORM

Moncton Transcript.—Hundreds of people stood for an hour in the driving snow storm to catch a glimpse of the troops while the band played despite the blizzard which continually threatened to blockade the route.

EIGHT DEATHS THIS WEEK DUE TO PNEUMONIA

Of twenty-four deaths recorded this week at the board of health office, eight were the result of pneumonia while the others were from the following causes: Heart disease, three; senility and phthisis two each, and appendicitis, hepatitis, convulsions, acute bronchitis, broncho pneumonia, tubercular peritonitis, aortic insufficiency, premature birth and tubercular adenitis, one each.

ILL IN HOSPITAL

Several members of the local military units are ill in the General Public Hospital, among them Sergt. Major Hanlon, Privates L. Baker, H. McCane, H. Isobel, W. Tufts, H. VanTassel, J. McCann and B. Hoddard.

Canadians Call Big Shells "C. P. R."

"Remind Us of the Trains," Says Soldier—Chaplain Rev. Owen S. Watkins Has a Narrow Escape

Montreal, March 20.—A cable from London to the Gazette says:—"An interesting glimpse of the life of the Canadians at the front is given in a letter just to hand from a private in the 10th Battalion who, writing on March 11, tells of the news of the Neuve Chapelle victory having just been received. 'Cheers broke out all along the line,' he says. 'We started from our billets in a hurry, marched six miles in the snow, and arrived safely at our destination. Next morning we had orders to fire. I cannot tell how many rounds, but there was an awful lot of empty shells around. The noise was deafening. The big shells are called 'C.P.R.' because they remind us of the trains. 'The enemies' trenches are only fifty

FRANK JENNINGS WRITES OF TRIP TO OLD COUNTRY

Events on Shipboard on Way To Fight For Empire HAS WON PROMOTION

Left as Gunner, Now is Bombar-dier—Interesting Note of Happenings on Board the Megantic—Fredericton Battery Wins Sports Competition

The first letters from men of the contingents who reached Shorncliffe Camp, England, a few days ago have come to hand. One very interesting one reached Mrs. P. L. Jennings of East St. John yesterday from her son Frank X. Jennings who was a member of the Times writing staff before he joined the 28th Battery in Fredericton. The letter is of special interest because it has to do with many men from St. John, Fredericton and other parts of the province. He writes: White Star Line S. Maguic, March 2, 1915. We are now within a few hundred miles of the coast of England and I expect before I get this letter I shall be somewhere off the coast of Ireland that is if we are not sunk before that time. We had a very smooth and interesting voyage and although some of the boys were sick with the dread disease, I am glad to say that I am still on my 'sea legs' and hope to be able to keep them until we land. MURDERED BY A GERMAN SPY?

Vancouver Battalion Soldier Found Dead in Pool

SOME STRANGE CIRCUMSTANCES

Another Recruit, Known to Be German-American and Suspected of Being Spy, Deserted on Same Day

Vancouver, B.C., March 20.—Private Peter Wasse of the 29th Vancouver Battalion was found dead yesterday in a pool of stagnant water near where the thousand men of the second contingent are quartered. A coroner's jury brought in an open verdict.

ANGUS HOUSE BRINGS \$3,850

A two family wooden dwelling on a city leasehold lot, 161 Lenister street, owned by W. M. Angus, was sold at auction at Chubb's corner at noon by T. T. Lantalam, J. S. Flagg, postal superintendent, became the purchaser for \$3,850.

DR. McLELLAN OF CHARLOTTETOWN DEAD IN MONTREAL TODAY

Montreal, March 20.—Dr. A. A. McLellan of Charlottetown, who fell off a street car on November 18, died this morning in the Western Hospital. He was 80 years old.

STILL CHEAPER

Eggs were bought this morning in the city for 17 and 18 cents wholesale. The retail price ranged about twenty cents a dozen, but some were higher. The market was particularly well stocked. Other commodities were none too plentiful however. Butter held firm at 28 to 31 cents, while meats showed little change in price. New rhubarb brought twenty cents a bushel.

Six of Allies Warships in the Straits Again

ONLY 64 FROM BOUVET SAVED

This Means 557 Went Down With Her—Loss of Some Men and Officers on the Inflexible by Bursting of Shells

London, March 20.—Six battleships re-entered the Dardanelles Straits on Friday, according to a despatch to the Reuters Telegram Company from Tenedos. This resumption of the action after the loss of the French battleship Bouvet, and the British battleships Inflexible and Ocean on Thursday failed to accomplish anything as the unfavorable weather conditions made operations impossible. Paris—An Athens despatch to the Havas Agency quotes a British officer as saying that no attempt was made by the allied fleet, to develop to the fullest extent, its first general attack on the Dardanelles, which was launched Thursday. Two thousand shells were fired in a six hours bombardment designed to force a passage to Kilit Bahr and Chanak Kalesi. Fire from the Turkish batteries was uninterrupted and violent. The correspondent declares that the crew of the French battleship Gaulois was touched by a mine, but the damage can be repaired in a few days. She left the Straits and anchored at the Island of Mytilene. The British battle cruiser Inflexible, which was hit on the bow by shells, also steamed out of the Straits convoyed by two cruisers. A shell which exploded on her deck is reported to have killed forty men and wounded many others. One Turkish fort is said to have been seriously damaged and many of its defenders killed or wounded. The despatch says the allied warships re-entered the Straits at 9:30 Friday morning and resumed the bombardment with great violence. Paris, March 20.—Only sixty-four members of the crew of the French battleship Bouvet escaped death when the warship was sunk in the Dardanelles on Thursday. The regular crew numbered 621 men and unless this number has been increased for the Dardanelles operation, 557 perished. Athens, March 20.—Fifty-two men, including several officers, were killed on board the British battleship Inflexible, in Thursday's battle with the Dardanelles forts. Rumor of Vice-Admiral's Death. New York, March 20.—A news agency despatch from London says a report is current in London that Vice-Admiral Hamilton Carden, commander of the Anglo-French fleet at the Dardanelles, has been killed. The official account states that he is ill.

ST. JOHN SOLDIER WRITES AFTER 24 HOURS IN TRENCHES

Corporal Walter Wilson Tells of Conrade Beside Him Being Shot Dead

Thomas L. Wilson, of Chesley street, received a very interesting letter this morning from his brother, Corporal Walter Wilson, who is fighting with the Canadian troops in France. His letter is in part as follows: "We have been under shell fire for the last week, and I am quite used to the roar of the guns and the whizz of the bullets. There have been several Canadian officers, I have been in the trenches for the last twenty-four hours. It is certainly a trying experience. A soldier who was standing alongside me was shot dead. He was from British Columbia. He was only in the trenches for experience, and I feel sorry for him. "One of our boys in the Cycle corps was shot yesterday, and died from the wound. You can judge by these things that we are right in the thick of the fight. We are not many hundred yards from the firing line and some of the boys have been killed by bursting shells. The place where I was last in the trenches was only eighty yards from the German lines. Things are at a standstill at the present time on account of bad weather. The roads are so muddy that nothing much can be done. The German spies have been using dogs to carry their messages across the line. The other day one of our corporals captured one of them and I was congratulated by the general. We contemplate remaining here until some move is made by either side. When we leave the trenches we go to a barn not far away, where we sleep in straw. The Canadians are at the present time holding eight miles of trenches, relieving the regular British troops who have done wonderful work since last August. The artillery are doing splendid work, and are making a name for themselves. He also mentioned seeing several St. John boys, and said they were well and acting like veterans under the trying experiences. Corporal Wilson joined in upper Canada."

TO SEE HER BROTHER

Miss Mabel Finn Going to England—Brother is Captain at Tidworth

Miss Mabel Finn, formerly of St. John, arrived in the city at noon today from Edmonton, Alta., and is the guest of Mrs. D. C. Dearborn, Douglas avenue. Until the first of next week when she will leave for Halifax to take steamer to England. Her trip across is being made to see her brother, Captain Arthur Finn, of the Canadian Expeditionary Force in England, prior to his departure for the front. Captain Finn is a former St. John boy and was very popular here. He enlisted for foreign service in Edmonton and has been promoted to a captaincy since that time from the rank of lieutenant. He is now with the Canadians at Tidworth Camp. He is a son of the late M. A. Finn, so well known a citizen some years ago.

HAVE FIRED MORE THAN 100,000 SHOTS SO FAR AT RANGE

More than 100,000 rounds have been fired so far at the city rifle range. The amount of ammunition used is a fair indication of the popularity of the institution. Commencing on Monday the range will close at 10 o'clock in the evening with the exception of such time as special arrangement is made with the range officer for extra competitions of similar purposes. The best scores yesterday were: Ladies, standing—Mrs. H. P. Cowan, 97.83; Miss Fairweather, 96; Miss Quinn, 95.83; Miss Richard, prone, 94.83. Men—W. A. Tweedley, standing, 95; (repeated this morning); Pte. J. F. Turnbull, prone, 91.5. Boys: D. Massie, prone, 88; W. Blair, standing, 70.

The Best Quality at a Reasonable Price
An Army Officer
Originated the Wrist Watch. He found carrying his watch on his wrist was an important factor in his own efficiency and in the efficiency of the men in his command.
Hundreds of thousands of the soldiers at the front wear Wrist Watches. Thousands of the Canadians troops wear them.
Thousands of civilians who run cars, hunt fish, or go in for outdoor life, find the wrist watch a decided advantage. The Wrist Watch is far from a "fad for women." It was originally designed for men, and has proved its worth under all conditions.
You'll find many attractive Wrist Watches for men and women at Sharpe's. Good time-keepers conveniently carried.
Prices are moderate. Step in and let us show you Wrist Watches.

SOMETHING NEW IN STORE FRONT DESIGN

Waterbury & Rising Ltd. Have Handsome Work Done at Union Street Branch
Work has been completed upon the handsome new and up-to-date front of the branch store of Waterbury & Rising in Union street, and it has been greatly admired. The front is unique and attractive in design and is entirely new about these parts—probably the only one of its kind east of Montreal. The firm name is contained in nicely arranged lettering over the top of the entrance in fancy-stained glass of varied coloring. Beneath there is a wide stretch of window and entrance frontage, and here the arrangement is most modern.
There are two separate entrances to the store, and on either side corner windows allow goods to be displayed to advantage. In a recess between the two doors is another window reservation permitting special exhibits of the wares of the firm. The lighting is done most advantageously installed. The floor of the wide, nicely finished entrance is prettily decorated with white, while the whole idea is executed with particular cleverness and originality.

TWO APPOINTMENTS

REPORTED SPEECH AT ORANGE MEETING IS REFERRED TO IN CANADIAN SENATE
Ottawa, March 20.—In the senate yesterday Senator Choquette said that Mr. Morley, M. P., had recently been reported as having said in the course of an address at an Orange meeting in Ottawa:—
"If the French in Quebec hope to put the locality of the horrible French they speak into this province then I say, Brothers, it is certainly an incentive to us to rise up in our wrath and indignation and protest against such a thing being brought about."
Senator Choquette said he was surprised that any public man in Canada should allow himself to utter such sentiments. "All that I can say of such a man," said the senator, "is that he is a beastly crank and ignoramus."

The funeral will take place on Monday.
TOLD LIFE STORY
William Matheson spoke last evening in St. Matthew's church, on his experiences. He said he had told the story many times and that it was singularly blessed in results. The church was filled to its capacity and many gave indications of their keen interest in the preacher and his message.

TWO FORMER RESIDENTS OF CITY DEAD IN THE STATES

Many today learned with regret of the death of W. C. Carr of Lynn, Mass. He was formerly a resident of St. John. He died suddenly on March 18. While on his way to work he was overcome with heart trouble. He leaves a widow, a sorrowing wife and mother, five sons and two daughters. The oldest son is Edward of St. John, and W. S. of Quippania; Elias and Fred of Lynn; the daughters are Mrs. Sterling Ferris, widow of Lynn and Mrs. J. W. Stockhouse of Boston today and the funeral will be held at the residence of W. S. Carr, 392 Brussels street, on Sunday morning at ten o'clock. Interment at Gondola Point, Kings county.
Mrs. Tubman Dead in Attleboro
Mrs. Susan Tubman
The death of Mrs. Susan Tubman took place at the home of her daughter, Mrs. R. E. Burnham, in Attleboro, Mass., on March 17. Mrs. Tubman was a native of St. John.

WAR NOTES

Arthur Wellington Ingram, nephew of the Bishop of London and who recently enlisted in London, Ontario, in the Seventh Mounted Rifles is seriously ill with pneumonia in London, Ont.
It became known today that a German submarine cruising over the North Sea attacked with bombs the steamer Corodoba, as she was entering Yarmouth Harbor on Feb. 28. The missiles did no damage, and the steamer was chased away by British airmen.
Berlin financial authorities estimate this subscription, which will aggregate at least \$1,500,000,000.
The German general staff declares the total German losses in the fighting in the vicinity of Neuve Chapelle were about 6,000.

MONCTON POLICE SEIZE BARREL OF WHISKEY

Moncton, N. B., March 20.—The Scott Act case against James Hanlon, a news agent, was further adjourned till Tuesday.
Tom Bourque is charged with a third offence under the Scott Act. He was arrested on Friday, securing a barrel of whiskey.
On Friday the police raided a high street residence, securing several bottles of gin.
Fidèle Bourgeois, convicted of selling cigarettes to minors and also selling on Sunday was fined \$5 in each case.
James Budd, a soldier from Salisbury Plain, was taken to Dorchester to serve two months for resisting arrest while drunk.
Nelson Coates of Coates Mills reported to the police that some eggs were stolen from his sleigh in a local river stable last night.

HEADACHES
that are due to eyestrain still remain a mystery as to their cause, to many who suffer with them.
They doubt the possibility that THEIR headaches could be due to eyestrain, for they see well and the eyes look healthy.
But thousands of eyeglass wearers will truthfully acknowledge that although their sight is good, the wearing of the proper glasses have relieved their headaches.
Our booklet on Eyestrain will explain how glasses relieve the headaches by removing the cause. Send for it.

Feet and ankles so swollen, she could not walk up stairs
Every woman and every man, who suffers with Rheumatism—who has acute attacks of Rheumatism, Sciatica or Lumbago—whose Kidneys are weak and whose hands and feet become swollen and painful—should read carefully these two letters of Mrs. Salsbury about the magical effects of
Gin Pills FOR THE KIDNEYS
On February 14th, last, Mrs. J. A. Salsbury wrote about Gin Pills. "I can certainly say Gin Pills have done a lot of good for me. Some six years ago, I could not walk upstairs, my feet and ankles were so swollen, but I took three boxes of Gin Pills and the trouble has never returned. My mother, 82 years of age, in reply to a request for permission to publish her letter, Mrs. Salsbury says, "You may do so, as I think it was Gin Pills that cured me, as I have not had the Rheumatism since and it is six years this spring since I was so bad".
Swollen hands and feet are a sure sign of Kidney Trouble. So is Mucus or brick dust deposits in the urine. So is incontinence or suppression of the urine. So is Gravel (or Stone in the Kidneys.) If the urine is hot and scalding, the bladder is irritated or inflamed. In all these cases you need Gin Pills at once. Take them as Mrs. Salsbury did and cure yourself.
Gin Pills are sold in every part of Canada at 90c. a box, six for \$2.50—and every box is sold with our spot cash guarantee of satisfaction or money back. Sold in the United States under the name "GINO" Pills.

THE WAR NEWS

The loss of two British and one French battleship in the Dardanelles, through their coming in contact with floating mines, is a serious one, but it could not be expected that so formidable an undertaking as the forcing of the straits would be accomplished without considerable loss to the attacking party.

The occupation of the German port of Memel, on the Baltic, in North Eastern Prussia, by a Russian army is confirmed, and indicates that a drive through East Prussia from the north is to take place, very greatly increasing the difficulties of the German Field Marshal Von Hindenburg.

The British Admiralty announces that there is every reason to believe the report that the German cruiser Karlsruhe was sunk in the neighborhood of the West Indies in November, if that be true, the Kron Prinz Wilhelm is the only German commerce raider now at large.

Mr. Frederick Palmer, the Associated Press correspondent, has visited the Canadians in the trenches in France, and found that they were "as chipper as a winning baseball team."

LOOKING TO THE FUTURE

At the annual meeting of the shareholders of the London Financier and Bullionist Limited, recently, the chairman discussed in a very interesting and optimistic way the future of the Mother Country and the Empire at large.

The Chatham World finds in some remarks by the Frederick Gleasoner ground for believing that the Clark government may increase the rates of stampage. This is what the Gleasoner said: "That the present and prospective price of lumber justifies an increase of the rates of stampage at present being paid is an assertion that cannot be successfully contradicted, and in view of present conditions the government would be lacking in its duty as trustee of the public interests if it did not take such steps in this regard as the situation demands."

An examination of the records shows that since the commission plan of government was adopted three miles of pavement have been laid in this city and paid for out of appropriations, compared with one-fifth of a mile laid in the last six years of the old system of city government. Under the old system the appropriation was expended in repairs which practically left the streets as bad as before.

The good will of the world, I need scarcely remind you, is a trade asset of incalculable value. Think for a moment what the position will be when the war is ended, whether, as we hope, in the comparatively near future, or whether it is prolonged to our utmost fears.

Germany cannot count for at least a decade. Naturally, her capital resources will be exhausted, her credit must be ruined, her industries and great carrying trade, of which she was so deservedly proud, more paralysed, and her very name a by-word of hatred and reproach.

Contrast with this the British Empire. Rejuvenated by the fires of suffering through which it has passed, at last really conscious of its own greatness, no longer obsessed by the craven fear of its own decadence, and with the loyalty, the love, and the admiration of its children, to the furthest corners of the earth, affirmed and yet reaffirmed, our Empire is impregnable and enduring.

Think also of the great Russian nation, of grateful France, of resuscitated Belgium, of the many nations, small in extent, but mighty in strength of nationality, whose continued existence has been assured—think, I say, of this great portion of the world, whose trade and commerce will be gladly poured into our lap, then we shall begin to realize the era of prosperity that will follow this period of trial through which we are now passing.

able; they have been conserved and administered in a way that has proved financial stability. If they had failed, not all the wealth of even the United States of America could have averted a financial cataclysm of overwhelming intensity.

Premier Scott of Saskatchewan has announced that after July 1 no liquor will be sold at retail in that province, and the wholesale trade will be operated by the government itself with a system of dispensaries.

It appears to be perfectly clear from the returns brought down at Frederick that none of the gentlemen in any way connected with the shipping of those patriotic potatoes from New Brunswick to the Mother Country came out of the transaction any poorer than he went in.

Three Germans have been sentenced to imprisonment in New York in connection with a plot to obtain a false American passport for one of them.

The arch conspirator, however, was declared by the counsel to be a representative of the German government in the United States. The Germans stop at nothing to achieve their purpose.

At present there are no diamonds being put on the market. The controlling syndicate is holding their surplus stock.

The Canadian government has recently levied a war tax of 7 1/2 per cent.

Diamonds must just gradually go much higher. The American continent, which is being belted by the war, buys about 70 per cent of the world's output.

We have a beautifully selected stock of this kind of gems. Our prices have not been changed. They are the lowest in the land.

LONG-DISTANCE MESSAGE Information Looked Up and Sent 7500 Miles in Ninety Minutes

Perhaps no more surprising telephone message was ever delivered than a recent message received by John Barrett, director of the Pan-American Union at Washington, D. C. A few days after war was declared in Europe, his telephone bell rang and when he put the receiver to his ear a voice said: "I am the minister of foreign affairs of the Argentine Republic in Buenos Aires. I desire some information which I desire to see this afternoon in a speech to the Argentine Congress."

The message, of course came by telephone only from New York. The message was written, however, in the first person, was telegraphed across the Andes from Buenos Aires, Argentina, to Valparaiso, Chile; then it was sent under the ocean by cable to Panama. It was then telegraphed to a station on the Isthmus of Tehuantepec, relayed across Mexico and then cabled to Galveston. From Galveston it was telegraphed by direct wire to New York and then relayed by long distance telephone to Mr. Barrett's desk in Washington.

ALUMINUM KITCHEN WARE

Light, Clean, Sanitary, Durable

Many a modern housewife hastened, from experience, the decided advantages of Aluminum Cooking Utensils. Their extreme lightness goes a long way to lessen labor, and their smooth surface and rust-proof properties make them very easy to keep clean. They also prevent scorching of milk, custards and other foods requiring particular care in the cooking.

NEW ASSESSMENT PLAN OF REGINA

Finance Commissioner of City Outlines Features

SOME MISCONCEPTION

Underlying Theory is That Assessment Figures Should Have Widest Publicity - Ratepayers Invited to Have a Say

Regina, March 20—The new form of assessment decided upon in Regina has attracted wide spread attention, and many enquiries have been received by W. Pool, finance commissioner for Regina, when asked for a statement as to the scheme, outlined in his columns. I have noticed some comment in the press, local and otherwise, to the effect that the new departure in assessment here is by way of an experiment, under which the ratepayers are being allowed to make the assessment for this year. This is entirely a misconception, as the change in system is not an experiment in any way, but merely an adaptation of the system already in vogue in a number of the larger American cities and which has been proven a success over a period of years. Notation with respect to the departure allows the ratepayers to make their own assessment, the opinions of the ratepayers or of a certain number of them being taken only as a guide and check for the assessor and assessment department in arriving at the assessment.

The underlying theory of the departure is that the assessment figures should have the widest possible publicity, both in the initial and final stages of preparation, and that this is a desirable practice. I think, endorsed by practically all assessment experts. Regina has, amongst western cities, a name for conservatism in the administration of its finances and city business generally, and the new departure in assessment is, in my opinion, in line with its conservative policy.

It is generally conceded that the western cities are now passing through the same stage of development as the cities of the western states of the U. S. A. passed through fifteen or twenty years ago, consisting of a boom in real estate, and the booms being, generally speaking, caused by real estate speculation. Regina is no exception in this respect, and while the inflation was not very great, it was generally recognized as being undesirable, and was felt that a period of depression, such as the present, was an opportune time to re-adjust and place the assessment on a sound basis of actual real estate values in normal times, and, having so placed it, to endeavor to retain that basis of valuation.

"TIZ" FOR TIRED AND SORE FEET

"TIZ" for Puffed-up, Burning, Aching, Calloused Feet and Corns.

Why go limping around with aching, puffed-up feet—feet so sore, red, sore and swollen you can hardly get your shoes on or off? Why don't you get a 2-cent box of "TIZ" from the drug store now and gladden your tortured feet? "TIZ" makes your feet glow with comfort; takes down swellings and draws the soreness and misery right out of feet that chafe, smart and burn. "TIZ" instantly stops pain in corns, callouses and bunions. "TIZ" is glorious for tired, aching, sore feet. No more shoe tightness—no more foot torture.

CASCARETS FOR BOWELS, STOMACH, HEADACHE, COLDS

Clean Your Liver and Constipated Bowels Tonight and Feel Fine.

Get a 10-cent box now. Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passage every few days with salt, cathartic pills or castor oil? This is important. Cascarets immediately cleanse the stomach, remove the stony, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels. No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

SPRING IMPURITIES IN THE BLOOD

A Tonic Medicine is a Necessity at This Season

Dr. Williams' Pink Pills for Pale People are an all year round tonic, blood-builder and nerve-restorer. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to make new, rich, red blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is poor, the stomach and bowels are sluggish, and the system is full of impurities. Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that the most persistent headache, neuralgia, erysipelas and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but it does not do anything for the blood. On the other hand, Dr. Williams' Pink Pills actually make new blood, which reaches every nerve center and organ in the body, bringing strength, health and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you. You can get these health-renewing pills through any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

RECENT DEATHS

At Lower Caverhill, York county on Tuesday Andrew Oliver dropped dead in the yard of his home. Next day his son, George, passed away after an illness of typhoid fever, and both father and son will be buried on the same day.

Charles Sears, janitor in the Sackville High School for the last ten or twelve years, was found dead in the school building, Thursday. He is survived by widow and two daughters. The funeral service will be held at her home on Monday and Mrs. James Thompson of Parrboro, N. S.

Mrs. Read, wife of Captain Joseph Read, Summerside, died on Sunday morning in Summerside. She leaves two sons, Captain John L. Read of the Minto, and Dr. George C. Read of Summerside, also three sisters, Mrs. John M. Baker, North Bedouque; Mrs. John S. Robertson, Central Bedouque; Mrs. Alex. Laird, North Bedouque, and four brothers, Robert S. Carruthers, Carleton; Thomas Carruthers and James Carruthers, North Bedouque, and Dr. George Carruthers, Charlottetown.

Thomas Coffey, for many years conductor on the Maritime Express, died yesterday at his home in Moncton after a short illness. He was about sixty-two years of age and is survived by his wife and several brothers and sisters.

The death of Mrs. Catherine, widow of R. T. Ballentine, occurred on Friday afternoon at her home in Westfield Centre. She is survived by three daughters, Miss Minnie, Ella and Bertie, and one brother John A. Gilliland. The funeral service will be held at her home on Monday morning and the body brought to the city on the Boston express for burial.

RECOMMENDATIONS BY THE CORONER'S JURY

The inquest into the death of John Casey was concluded last evening. The jury returned a verdict that the deceased had died from alcoholic poisoning accelerated by exposure and a weakened constitution caused by a recent illness. They recommended that the police be cautioned and instructed if there is any doubt as to the physical condition of a prisoner, that they summon a doctor immediately. They also suggested the improvements of the cells, and a more effective patrol system. Among the witnesses called were Chief Simpson, Policemen McEuse, Kane, Hopkins, Lucas, Sergeant Rankine and Deputy Chief Jenkins. Alexander Long and Lieut. G. M. Johnson also testified.

MORNING NEWS OVER THE WIRES. Richard P. Stegler, the German naval reservist for whom a false passport was sought, was sentenced to sixty days in jail in New York yesterday. Two accomplices were given ten months each. John Yensen, the second victim of the West River mill disaster died at his home there last evening. Yensen was a native of Denmark and about thirty-five years of age. He is survived by his wife, formerly Miss Ada Marks of West River. On July 1 next the retail sale of intoxicating liquors will be abolished in Saskatchewan and the wholesale trade will be taken over by the government and operated as a government monopoly.

WARSHIPS LOST IN DARDANELLES

Two British and One French Battleship Sunk by Floating Mines—Two Others Damaged—Many French Sailors Drowned

London, March 19.—Floating mines in the Dardanelles caused the sinking of the British battleships "Ocean" and "Irresistible" and the French battleship "Bouvet" while the allied fleet were forcing their way along on Thursday. The crews of the two British ships were nearly all saved, but the men of the Bouvet were almost entirely lost. She sank in three minutes after a mine fouled her. The French warship Gaulois was struck and the British warship Indefatigable was hit by a shell. Both required repairs. The admiralty has announced that the battleships Queen and Implacable are now on their way from England to replace the lost ships. The French minister of marine has ordered the battleship Henry IV to replace the Bouvet. The British battleship Irresistible was commanded by Captain the Hon. Stanhope Hoare, and in times of peace had a complement of 780 men. She was the largest of the three allied battleships sunk, being of 15,000 tons displacement, and 430 feet long. The chief armament of the warship consisted of four 12-inch and twelve 6-inch guns. She also carried sixteen 12-pounders, six 3-pounders, two maxims, four submerged torpedo tubes, and was protected by Krupp armor. The speed of the warship was 18 knots. She was built in 1898 at a cost of \$5,000,000.

The Ocean was commanded by Captain Arthur Hayes-Sadler, and had a crew of 750 men. She was 418 feet long and of 12,550 tons displacement. Her armament was composed of four 12-inch and twelve 6-inch guns, ten 12-pounders, six 3-pounders, two maxims, four submerged torpedo tubes, and her armament was of Harvey-Nickel make. She was of 18 knots speed, and was built in 1898. The French battleship Bouvet was of 12,000 tons displacement, 400 feet long and carried a crew of 621 officers and men. She was somewhat older than the British vessels, having been finished at Lorient in 1896. Her cost was \$5,500,000. The speed of the Bouvet was 18 knots an hour. Her armament was two 12-inch guns, two 10.5-inch, eight 5.5-inch, eight 3.9-inch, and smaller guns, quick-firers and machine. The German rider Karlsruhe, it is announced by the secretary of the British Admiralty, is believed to have sunk near the West Indies early last November.

AMUSEMENTS

"THE BELLS OF RHEIMS"

Famous British Military Production At The Empress

The bombardment of the noted structure of Rheims is so fresh in the public mind that there is no need to dwell on this great act of sacrifice. The facts of this horrible crime are carefully followed in the film which is now being screened at the Empress, West End. It shows the shelling of the cathedral, an act deliberately committed without the shadow of a pretext on the ground of military necessity. In order to deepen the infamy of the crime, only one thing was necessary, the Red Cross was flying from the sacred towers and wounded Germans were being tenderly nursed within its hallowed walls. When the German shells had set the cathedral on fire the German wounded were left to perish in the flames; they were saved by French army doctors at the risk of their own lives. There is a pretty little story of love interest running through its two reels and the showing of the cathedral, both before and after the bombardment, should be sufficient to draw crowds to the busy West End house. The programme is concluded with a beautifully hand colored two part romance from the celebrated Gaumont studios. Its story is well told and clearly acted.

UNCLE TOM'S CABIN

Country Store Also at Opera House—Ladies' An Easter Hat Gift at Wednesday's Matinee

All roads should lead to the Opera House tonight for the Young-Adams Company is going to present that well known and always popular play, "Uncle Tom's Cabin," with Miss Mary Adams as "Topsy," Marguerite as "Little Eva" and James H. Rowland as "Uncle Tom." Mr. Young will also have a prominent part in the play. The play will be staged with special scenery and effects. For the coming week, Monday, Tuesday and Wednesday and Wednesday matinee, the company offers a dramatization of the famous novel by Ouida, "Under Two Flags," a stirring military play of life under the standards of the allies, England and France. At the matinee on Wednesday, a beautiful Easter hat will be given away to some lady in the audience. The hat is now on exhibition in the window of J. K. Storey's store in Union street. Immediately after the regular performance tonight, the company will repeat the "Country Store," when \$20 worth of groceries and household goods will be given away to the audience.

THE LEGISLATURE

Frederick, March 19.—The house met at 8 o'clock. Mr. Dugal gave notice of inquiry as to cost of official reporting; as to Shewan Oyster Company, as to interest on guaranteed bonds of Valley railway. Dr. Price gave notice of inquiry regarding payment check of \$21 to August Dugal, of Edmundston, for work done on Guilford bridge, Madawaska county. Mr. Lockhart presented a petition of the fishermen of the city of St. John against the bill of St. John River Hydro-Electric Company, as to interest on a dam on the St. John river at Pokok. The house went into committee with Mr. Young in the chair, and took up consideration of bill to amend the act respecting the education of blind. The bill was discussed and agreed to. The bill to provide for the issue of

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP—25 CENT DANBERINE

Girls! Girls! Save your hair!—Make it grow luxuriant and beautiful.

If you care for heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danberine. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you can not have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if you overcome it produces a feverishness and itching of the scalp; the hair roots fall, loosen and die; then the hair falls out fast. If your hair has been neglected and is thin, faded, dry, scraggy or too oily, get a 25 cent bottle of Knowlton's Danberine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made. We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair, and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danberine. If eventually—why not now?

THEN DODD'S KIDNEY PILLS CURED WALTER J. ROBERTS Newfoundland Man Finds a Firm Cure After Suffering Ten Months of Torture—Doctors and Other Medicines Failed to Help Him

Lewisport, Twillingate District, Nfld., March 19.—(Special).—A thrilling story of a splendid cure by Dodd's Kidney Pills is told by Walter J. Roberts, a well known resident of this place. "My trouble started from a cold after measles," Mr. Roberts states. "For nineteen months I was confined to the house, and for ten months I could not make one step. "I tried many doctors and medicines but got no relief from them. The trouble was in my feet, legs and arms, and at times was almost unbearable. I could not feed myself for those ten months. "At last I tried Dodd's Kidney Pills, taking twenty-eight boxes in all, and am glad to say they made a firm cure of me. "Mr. Roberts' troubles were caused by diseased kidneys. That is why Dodd's Kidney Pills cured him. Diseased kidneys fall in their duty of straining the impurities out of the blood and the consequence is trouble all over the body. Dodd's Kidney Pills cure diseased kidneys. GOT \$1000 FROM AN ACRE Last season, John Floyd of Bloomfield realized \$1000 from one acre of strawberries. The farm on which this strawberry crop was raised is operated by a father and two sons who work together, and goes to show what can be accomplished by united effort and manliness. WERNER HORN IS HELD IN CUMBERLAND COUNTY JAIL, Maine, probable cause having been adjudged yesterday by Commissioner Reid on an indictment for illegal transportation of nitro-glycerine. He will be turned over to the Massachusetts courts for trial. In the intercollegiate debate between U. N. B. and Dalhousie in Halifax last evening, Dalhousie won, on presentation.

"CATARRHOZONE" PREVENTS BAD COLDS STRENGTHENS WEAK IRRITABLE THROATS

Employs Nature's Own Methods and is Invariably Successful Few will escape a cold this winter, but alas! many colds run into Catarrh. Neglected Catarrh is the straight gateway to consumption. Catarrh is a germ-killer—destroys microbes that cause Catarrh. It heals and soothes, relieves the cough, gives throat and lungs a chance, cleanses the nostrils, clears out the phlegm. You feel better in an hour. In a day you're greatly relieved, and on goes the curing of Catarrhose till you're well. No treatment so direct. Catarrhose goes right to the spot—acts quickly, cures thoroughly catarrh, bronchitis and all throat affections. "Nothing could kill a cold so fast as Catarrhose," writes Amey E. Sterling, from St. John's. "Last month I had a frightful cold in my head, suffered from itching nose, running eyes and torturing headache. Ten minutes with "Catarrhose" inhaler gave relief and in one hour I was well of my cold. Catarrhose I consider a marvel." Carry "Catarrhose" inhaler in your pocket or purse—take it to church or the theatre to work—use it in bed. It prevents and cures all manner of nose and throat troubles. Complete outfit, guaranteed \$1.00; single size 50c; sample size 25c; at dealers everywhere.

JEFFREY GIVES VERSION OF TROUBLE WITH CHINESE

Ex-Policeman Joseph Jeffrey made sensational charges against Hop Lee's Chinese laundry, Mill street, when he took the stand yesterday afternoon to defend himself against a charge of stealing nine dollars from Hum Moon Hon. He declared that his reason for entering the laundry on Saturday night was that he saw three well dressed girls each about twenty years of age, rap on the door and admitted by a Chinaman. The door was then locked and a minute later a Chinaman came out and peered up and down the street, went back again and locked the door. He thought these circumstances warranted an investigation so he tapped on the door as the girls had done, and was admitted. After a minute's talk with Hop Lee, the proprie-

CANADA IN THE WAR

The casualty list issued yesterday shows the deaths of ten members of the Canadian force killed in action, two deaths from wounds, fourteen wounded, one death from illness, one wounded and one ill. The machine gun section of the 26th Battalion had an enjoyable dinner in Bond's restaurant last night, Lieut. Carberry, officer commanding the section, presiding. The guests included Lieut. Col. McAvity, Major McKenzie, Captain Brown, Rev. Captain Hooper, Captain McMillan, and S. J. Serfat, Jenkins. All present had a very pleasant time. Major-General Sam Storie, D. S. O., now in Ottawa is expected to be in command of the second Canadian contingent at the front. WEDDED AT GIBSON At Gibson at the United Baptist parsonage, Wednesday, Reginald R. Rickard and Miss Alice Rickard both of Gibson, were united in marriage. The ceremony was performed by the Rev. H. H. Ferguson. They will reside at Gibson.

Let me talk to you about being "Run-Down"

When your system is undermined by worry or overwork—when your vitality is lowered—when you feel "anyhow"—when your nerves are "on edge"—when the least exertion tires you—you are in a "run-down" condition. Your system is like a flower drooping for want of water. And just as water revives a drooping flower—so "Wincarnis" gives new life to a "run-down" constitution. From even the first wingless fly you can feel it stimulating and invigorating you, and as you continue, you can feel it recharging your whole system with new health—new strength—new vigour and new life. The result will delight you.

tor, he started for the rear of the place but Lee shouted some signal Chinese to his friends. When he reached the back room he was just in time to see a Chinese closing the heavy door, he said, and he believed the Chinese had let the girls out. There were about twenty Chinese in the room and pipes, resembling opium pipes, were being smoked by at least two of them. Hum Ging, who was smoking, made a rush at him, and he drew his revolver and fired a shot at the door in front of him to check him. Nine or ten of the Chinese later escaped by the rear door. At the conclusion of the hearing which lasted until nearly seven o'clock, Jeffrey was committed for trial, but the magistrate said he regretted that he had to take this action. He allowed bail at \$2,000 in two securities of \$1,000 each. The ex-policeman, however, was unable to take advantage of this at present so he went back to jail on remand. J. A. Barry appeared for him and Daniel Mullin, K. C. represented the complainant. The circuit court is open here on Tuesday when the Jeffrey's matter will come up. Jeffrey absolutely denied that he had gone through any of the Chinaman's pockets. He said he took nothing but the two pipes and did not call next day to return any articles. The Chinese, he said, did not make any complaint about being robbed while he was there. He admitted to Mr. Mullin that he had taken three drinks that night but that it was nothing unusual. He admitted also that the chief of police "breat" him when he reported the matter.

BANKS MAY LEND MONEY TO PURCHASE SEED GRAIN

Ottawa, March 19.—At the opening of the house, Edmund Prentiss, gave notice of a bill to provide that no company, of which a member of either house is a director or which he holds a controlling interest, may receive contracts from the government. The house then went into committee on Hon. Mr. White's resolution to amend the bank act to permit the banks, until August 1, 1915, to lend money for the purchase of seed grain, upon the security of the grain purchased, the growing crops and the grain threshed from the crops. Hon. Mr. Pugsley objected to the lens being a secret arrangement but Hon. Mr. White said that the vast number would make it inconvenient to register them and that no machinery for the purpose is provided in Quebec.

FRANK JENNINGS WRITES OF TRIP TO OLD COUNTRY

(Continued from page 1.)

We—the 23rd and 24th Field Batteries—left Fredericton on Feb. 18 about 6 p. m. and left behind us a disappointed ammunition column—disappointed because they were not coming along with us.

We were glad to get away and at the same time sorry, for the people there certainly used us in a fine way. Not only did they entertain us in our spare time, but they even took us into their homes and nursed us during a sickness that was prevalent at the time. No matter what happens the boys of the 23rd and 24th batteries will never forget the kindness and hospitality of the Fredericton people. God bless them.

In passing through Moncton, we were met by a band and as there are several Moncton boys in the batteries, there was a big crowd out to meet the train. We got into Halifax at 8.15 the following morning and after breakfast on the wharf—in the immigration shed—we boarded this steamer. After getting our dinner we were assigned to our rooms away down in the steeage, and we almost froze the first night. In the morning Major McKay, our O. C., finding we were uncomfortable was instrumental in getting us transferred to the second class, where we are enjoying life more than we ever expected to on the trip.

Lance O'Leary, of Richibucto; Tom Gorman, of St. John, and a young chap named Fillmore, from River Philip, N. S., are in the same stateroom with me. We are still taking our meals in the third class saloon but are well fed as

well or even better than we were in the barracks.

We were aboard from noon Friday until 8.10 Tuesday morning before we sailed and no one was allowed ashore except on very pressing business. During the time we were aboard in port we had some visitors aboard including George McArdie, Walter Welsford, who is with the Cyclist Corps, and Tom Gorman's father and mother.

When we sailed from Halifax harbor we had with us the C. P. R. steamer Misinable, the White Star Vanderland and the British cruiser Essex. We left the 14th S. "Glory" in the harbor.

There are seven units aboard this boat—four brigades of artillery constituting the Sixth Brigade—composed of 21st battery, Montreal; 2nd, Kingston, and 23rd and 24th, Fredericton—our brigade ammunition column, one company of the 80th battalion from B. C. and one squadron of the Canadian Mounted Rifles. There are in all about 1,300 soldiers on the boat. Then there are several Belgian roerists returning home and a few passengers. The balance of the 80th Battalion is on the Misinable.

One of the members of our battery—a chap named Drecher—had a very interesting and exciting time from the time of our arrival until the morning we sailed. When we landed at Halifax an escort appeared and he was taken into custody, presumably as a German spy. Drecher is a native of Switzerland but his parents—at least one of them—is of German descent.

He himself, however, has been living in Canada for some time and had been in the employ of the government at Ottawa, coming from there to Fredericton to join our battery. He is a dandy chap and was popular with the men, who regretted his having to leave. As soon as he was arrested he was given his discharge and released, the authorities not

our orderly corporal and told him he deserted from the C. G. A. at Halifax and came aboard in an endeavor to get to the front. He is now working in the third class kitchen and will likely be taken on the strength of one of the batteries when we get across. When he was taken before the brigadier, he was asked why he had taken such a chance. He replied that he was sick and tired of waiting for the Germans to come to him so he thought he would go out to meet them. He is a good clean looking chap and one of the boys who knew him before says he has a good reputation.

March 3, 1915. We spent all day today in our athletic tournament and it is not yet completed. As soon as it is finished I will get a copy of the results.

Up to this evening we have been able to say perhaps for the first time sincerely "We don't know where we're going but we're on our way," but about six o'clock we were ordered to proceed to Queenstown, Ireland, and we are due to arrive there in the morning. This only refers, I think, to our boat and possibly the Misinable. The Vanderland passengers are from the west but I do not know what units are aboard. The Vanderland had engine trouble on the way across, else we might have been on dry-land by now.

I had the honor on the last day of the month to be made a bombardier, the first non-commissioned officer at the low end of the ladder but it is at least a step up. I am to go in with the quarter-master sergeant as his assistant.

Today we were up on the boat deck watching the sports with only our sweaters over our undershirts and standing in the sun it was almost hot. Although we have had only one warship near us I understand that we have been in constant touch with others all the way across.

We passed a school of sperm whales yesterday morning. They were in number and were on the port side of the boat. At the same time some of the boys saw the dead body of a whale floating past on the starboard side.

We are now in the "danger zone" but do not know where there is a certain exhaustion in it in spite of the danger. All boats are stripped clear and some are along over the side ready to drop; while on the bridge, laid on a table, is the "stars and stripes," all ready to be flung to the breeze on sighting a belligerent questionable ship.

Thursday Morn. Awoke at four o'clock this morning by the shaking of the ship and stopping of engines and flew on deck to find that we were in Queenstown harbor. We are now docking and have been given a lunch and our water bottles have been filled so we must be going inland.

In the sports referred to Bombardier Jennings says the 24th Battery, Fredericton won a cup presented to the commander whose unit scored the greatest number of points. Two of the members of the sports committee were Capt. E. A. Chisholm of the 23rd Battery and Lieut. G. St. Perrin of the 24th.

THE POTATO GIFT. Fredericton, N. B., March 19—(Special)—Potato shippers throughout New Brunswick will read with interest the detailed statement of the enormous cost of about 40,000 barrels of potatoes said to have been shipped to Great Britain as New Brunswick's Patriotic gift. It will be noted that B. Franklin Smith, sold nearly 80,000 barrels of the quantity and that about 80,000 of them cost \$1.10 per barrel. The prices paid by Mr. Smith ranged, it is said, from 80 cents to \$1.00 per barrel. Shippers will be astounded at the enormous charge for handling paid A. C. Smith & Co., St. John. It cost more than \$12,000 to sort and pack the potatoes. A comparison of Wm. Thomson & Company's shipping bill and the quantity put in packages does not agree. There should be an explanation why there were nearly 9,000 fewer barrels shipped and over 8,000 more bags than were put up by the sorters. Total, \$90,580.62. This is all the expenditures in the report up to October 31, the end of the financial year, but there were two government warrants passed for \$75,000 each, the last one three days before the ac-

count closed for the Patriotic gift and assistance to the Belgians. There was therefore \$65,000 left to buy potatoes after October 31, for which there is no public account yet. "What do you think of this Lenté, set-up on social pleasures?" "It's a good thing. It enables us to save up money for our regular Easter splurge."

D. D. D. In Hospitals; Standard Skin Remedy. How many hospital patients have been soothed of their frightful itch, of the scorching pain of skin disease, by the famous D. D. D. Prescription for eczema, a soothing fluid, washed in by a nurse's hand? A SUPERVISING NURSE (name of nurse and institute on application), writes regarding a patient: "The disease had eaten her eyebrows away. Her nose and lips had become disfigured. Since the use of D. D. D. her eyebrows are growing, her nose and face have assumed their natural expression." Doctors, too, use D. D. D. in private practice. DR. GEO. T. RICHARDSON frankly writes: "D. D. D. is superior to anything I have ever found. Soft and soothing, yet a powerful agent." But we are so confident of the merits of this prescription that we will refund the purchase price of the first full size bottle if it fails to reach your case. You alone are to judge. E. The dauntless and experimenting Mr. Cohen has now undertaken to write an Irish-American comedy on exactly the same dramatic authors as exactly the same dramatic authors with regard to copyright protection as its own subjects.

In a recent article in the New York "Sun" Robert B. Mantell, who has frequently been seen in St. John wrote as follows:

"Were Shakespeare living now I have not the least doubt that he would seize eagerly upon every new electrical invention that would make a storm scene effective and every new combination of lights and paint that would reproduce the stage he imagined for that reason I do not hesitate a minute to make my production as effective pictorially as I can."

THE FUNNIEST PLAY I EVER SAW

In Which Bill Donovan's Famous Smi's Suddenly Froze To Look of Terror

By George Moriarity, Veteran Insider, Detroit Tigers, Still One of the Best in the Game.

The funniest thing I ever saw on a ball field wasn't a darned bit funny to me when it happened and it was at least two years before I could see how funny it was.

It happened in our world's series, with the Chicago Cubs—the first one. We had a great team, playing great ball and we expected to beat those Cubs and win back some of the honor they had grabbed away from us.

Bill always smiles, and it is hard to make that smile come loose. He was smiling and happy when he came to bat and we had a chance to go ahead and clinch the game.

He had the happiest brand of his smile all over his face when he hit that ball. He started down to first at an easy lope, smiling proudly. I wasn't watching the ball; my eye was still on Bill and suddenly his face changed. You never saw

PRIMECREST FARM
Where Purity Reigns Supreme

Come Out and See Us

Visitors are always welcome at Primecrest Farm; we will esteem it a privilege and a pleasure to show you our healthy, contented cows, what they're fed on and how they're fed—to take you through the clean, sweet, airy barns, the cleanly, sanitary milk-room and bottling department—to show you, in fact, just where PRIMECREST FARM MILK AND CREAM come from how they are produced and cared for.

To have you here is the best way to convince you that Primecrest Farm Milk and Cream are ABSOLUTELY PURE—FREE FROM DISEASE—and then, should you ever use them it will be with full knowledge of what they are and where they come from.

SOUVENIRS FROM TIDWORTH

Mrs. T. Nash of Brussels street has received another letter from her husband dated March 8th. He was still at Tidworth. She also received a box he sent her, containing among other things a bit of maple sugar which had been sent across to the soldiers by the Duchess of Connaught and which he returned to his little girl in St. John. The box also contained some other interesting souvenirs.

The Man In The Street

The "wild and woolly west" now passes into ancient history; Saskatchewan has decided to abolish the bar.

Here's hoping that none of our friends are taken ill on the street when the police are around; so far their first aid measures have not been reassuring.

A glance at the scores at the city rifle range on ladies' day will give grounds for belief that there should be lots of material for an Amazon Honor Guard Corps in case of an invasion.

Reports of commissioner of public works indicates that, under commission form of government the streets of St. John are paved with something better than good intentions.

The Standard's high ideals of patriotism and public service are exemplified in the attempt to prove that one half the population of Canada is disloyal.

Maj. Gen. Steele, who will command the second Canadian contingent, takes a good name into battle with him.

Now that newspapers have been conducted through all parts of the new sugar refinery, let us hope there'll be no more wild rumors of secreted concrete bases, storage rooms for bombs, and other inventions of idle tongues.

Tomorrow will be March 21. Spring is cubbig; get it sprig.

It used to be the saying of "Tars, what ho!" or "A life on the ocean wave" but with the German submarines it sounds like "Get out and Get Under."

Barefoot Joys

The Jeffrey's raid case may be interesting, but there are other, and who was Sem. Hughes is credited with saying: "If I could find the men responsible for giving bad boots to the soldiers, I would shoot them." Yes, general, but in Calgary it wasn't "bad boots," it was a case of "no boots," for even what had been bad had given out in a few days. Don't shoot—take it out of their hide.

News Head—"19 Dresden Men Missing"—sounds like a raid on a China cabinet.

Chief of police has issued a warning to boys speeding round corners on bicycles. A little advice to motorists and teamsters on this point wouldn't hurt anybody, either.

The Germans might just as well change the name of that submarine U-29 to U-28.

News note says that four men in Iowa started three years ago in a game of cribbage for a million points, and are just now completing it. This may be what Pres. Wilson got his idea of "watchful waiting" for Mexico.

His Intentions Were Good

The scene was the local C. P. R. office and recruiting for the Canadian Red Cross was in progress. Several men were being enrolled, when in walked a big, burly, section-hand. He was a likely-looking "rooky," and he expressed the purpose of his visit—to join the corps. "Your name?" asked the recruiting officer. The name was given, as were his age and residence. The next question by the r. o. was "your occupation?" to which the reply was, "Methodist, sir." After the ripple of laughter had subsided, the volunteer was signed, and from his appointment he is to be taken, though hardly in the role of chaplain, as his answer to the question of "occupation" might possibly suggest.

No Show for Chauffeur

The fact that neither Com. Wigmore nor Com. Fots has a paid chauffeur at the city's expense has caused a lot of people to wonder why they signed that petition. They were sure a chauffeur was there and was paid. Somebody said so.

WRITES FROM POINT ONLY 500 YARDS FROM THE GERMAN TRENCHES

Sergt. Ensie Gave up Rank and Joined Another Battalion to Get Sooner to Front

An interesting letter from J. G. Ensie, formerly of this city, and who was a sergeant in the 12th infantry battalion at Salisbury Plain, has been received by a friend here—direct from the trenches. The writer says he had had taken advantage of a short lull to pen a few lines.

He is no longer Sergeant Ensie. The reason is because of his eagerness to get to the front he left the 12th battalion composed of New Brunswickers and joined with the 14th, being accompanied by about 100 others, including quite a few from St. John. None of the officers, he wrote, was greatly impressed, and the St. John men at the time, were in good health.

Bank Account and Money of Michael Griffin

MATTER NOW IN PROBATE

Only Two Relations Known of—Capt. John McMullin's Will Proved Before Judge Armstrong Today

The probate court today dealt with the matter of the estate of Michael Griffin, a laborer who was found dead in his house in the rear of No. 120 Britain street on March 14. He was never married and was the only child of his parents. His father Timothy Griffin, a laborer, lived in Smith's Alley off Charlottetown street, and died before the great fire of 1877. His mother, Ellen, whose maiden name was Hurley, came from Dunmanway, County Cork, Ireland, in 1854 leaving her parents remaining there. There are no relatives known on the father's side. The only relation so far known on the mother's side is a daughter of the late Michael Hurley, brother of the deceased's mother and Johanna Theresa Love, a cousin, wife of George Love of Philadelphia.

A petition was presented by this only relation in favor of the appointment of William J. Mahoney of this city, barrister, as administrator. Administration will be stayed pending the usual lapse of fourteen days. In the meantime, the knowing of any relations of Michael Griffin other than those named are requested to report to the court or to the probator.

On the death of Mr. Griffin being reported the corner proceeded to the premises and discovered a Savings Bank account amounting to \$700, and bank funds in various wallets, etc., amounting to \$1,400, which were taken charge of by the police. The total estate is \$2,100. Dr. Richard F. Quigley, K. C., is probator.

John McMullin's Will

The will of John McMullin was proved. He having made provision for some of his children gives the rest of his property to his remaining children. Real estate consists of freehold in Bridge street valued at \$5,000; personally \$2,000, total \$7,000. The executors, his two sons, Charles Wesley and A. Frank McMullin, were sworn in as such. Clarence H. Ferguson is probator.

BUSINESS WELL SUSTAINED

WRITE F. W. DANIEL & CO.

Surprise That Any Citizens Should Advocate Return to Old Aldermanic Council

F. W. Daniel & Company, dry goods merchants, send the following letter to the board of trade:—

"In reply to your letter of the 18th instant asking about trade conditions, we would say that we feel that the people of the maritime provinces have every reason to be thankful for the way business has kept up notwithstanding the existing circumstances of war. Business was well sustained during the fall months and Christmas trade practically up to 1914 which was a phenomenal season and now indications for the spring business seem to be still more favorable each week.

"Especially the caution of the past is our good angel now. We hope that some better tax system may be arrived at that will encourage capital (retired) to remain in St. John for our own industries. This is a strong point in favor of a system similar to that of Montreal. We might also add that we are surprised that there could be some of our citizens to advocate a return to the old aldermanic council for civic affairs. From a progressive business standpoint it would seem a step backward that might eventually cost the city far greater overhead expense."

At the meeting of the council of the board of trade last evening, a resolution was adopted favoring uniform commercial laws for the maritime provinces, in the event of no uniform federal law being adopted. The co-operation of the local boards of trade will be asked in the matter.

F. P. Gutelius advises the board of trade that the matter of rebuilding the I. C. R. elevator here is now in the hands of the government at Ottawa.

TAKING PART OF SIDE OUT OF THE PUGSLEY BUILDING

A portion of the Pugsley building fronting on Princess street, is being rented to provide quarters for J. A. Pugsley & Company and the Collabrook Realty & Development Company. The side of the building is being taken out and a modern show window front will be installed with level entrance to the premises from the street.

A space forty by eighty feet will be made available for the new office and showrooms and these will be fitted up in an attractive manner. It is expected that they will be ready for occupancy by April 1.

Part of the new quarters will be devoted to showing automobiles and another portion will be devoted to the work in connection with the Glen Falls development proposition.

CITY ENGINEER TO LEAVE FOR WEST MONDAY NIGHT

William Murdoch, city engineer, will leave on Monday evening for a trip to Toronto and the west. The prime object is to attend the second annual Canadian and International Good Roads Convention in Toronto from March 22 to 26. A wide range of subjects of interest to a city engineer will be dealt with.

From Toronto Mr. Murdoch will go west stopping at Winnipeg to inspect the site of the proposed waterworks scheme which is to supply Winnipeg with water from Lake of the Woods. This will be one of the largest waterworks undertakings in the world and the scheme also involves extensive development of hydro-electric power.

Another reason for the trip is the wedding of Mr. Murdoch's daughter which will take place in Calgary on April 10.

The annual meeting of the Canadian Society of Civil Engineers is to be held this year in Victoria with a side trip to the Panama Exposition in San Francisco. A vote of the members is now being taken to decide whether the sessions will be held in June or September. Mr. Murdoch's present trip will probably make it impossible for him to get away for the convention.

St. John's Greatest Clothing House
Has Its Opening

Greatest Springtime display of New Spring Clothing and Furnishings for Men, Youths and Boys that has ever been shown in St. John.

We continue today the "opening" and we ask your attendance. You'll be shown the newest things of the season here in enormous quantities. Many very pleasing and attractive novelties.

In the showing for boys is the ever popular Norfolk style in many new models the majority of which have two pairs of bloomers, giving longer life to the suit.

In Top Coats and Reefers we never had as large or varied a showing, and our showing of Washable Suits was never so varied and large, which, as you know, has always been the most comprehensive in the city.

We also place before you for inspection a beautiful range of Tailor-made Suits and Coats for Ladies and Misses, being directly imported from the best New York makers.

But these are Opening Days—you are very welcome, and we earnestly desire your presence. You will not be asked to buy.
