Borden's Nice Gift to The United States Steel Trust

Makes Possible American Monopoly Of The Business in Canada

Charter For Canadian Branch at Ojibway, Ont., so Broad That What Trust Cannot Do In States it Will Be Able to Do in This Country

(Canadian Press) Detroit, Mich., July 11.—Under the terms of patents issued to its Canadian branch at Ojibway, Ont., across the river from Detroit, the United States Steel Company, is given power to conduct an absolute monopoly in the steel business in Canada. So broad are the terms of the charter that Canadians who have taken the trouble to read it through have been startled. Here is the clause that has made people take notice. Enumerated in the list of things the new company may do, are—

"To acquire by purchase, subscription, or otherwise, and to hold, use, deal with, sell or otherwise dispose of stocks, bonds, or any other obligations of any corporation having objects similar or in part similar, to the objects of this corporation, or formed for, or engaged in, or pursuing any one or more of the kinds of business, purposes, objects, or operations above indicated, or carrying on any business capable of being conducted so as to directly or indirectly benefit this company, or owning or holding any property of any kind hereto mentioned, or owning or holding such stocks, bonds or obligations of any

such corporation, notwithstanding the provisions of section 44 of the said act; and while owner of any such stocks, bonds, or obligations to exercise all the rights, powers, and privileges of ownership thereof, and to exercise any and all voting powers thereon." Under these sections any company competing in any of the various lines in which the Steel Company is authorized to proceed, may be gobbled up. What the United States Steel Company would not be able to do in this country, but what it has obtained the permission of the Canadian government to do, is indicated by the string of propositions against trusts which bought up stock in competing companies.

"THE STRONG ARM" IS MURDERED

Gangsters Kill Him at New York Street Corner—Policeman Shoots Leader of Gophers

New York, July 11.—Four gangsters intercepted Morris Reich, known to the police as "Moses the Strong Arm" on a crowded East Side corner late yesterday and two knife thrusts and revolver wounds in the chest and back ended his career on the spot. A gang feud is believed to have been the cause of the murder. After the shooting the assailants separated and fled. David Wolf and Jack Willis, the latter a sixteen year old boy, were later arrested and charged with being members of the gang which participated in the murder. Another gangster, Peter McCabe, said to be a leader of the so-called Gopher Gang, was shot and instantly killed on Staten Island by a special policeman, Thomas Banana. The latter, who is being held on a charge of manslaughter, says he was attacked by McCabe and two other members of the gang and shot in self defence.

GOVERNMENT TO FIGHT AGAINST WHITE SLAVERS

Ottawa, July 11.—The Dominion government has been asked, and has expressed its willingness, to co-operate in the world-wide movement for the suppression of the white slave traffic. The International Association which is directing the movement, is elaborating a plan whereby young girls travelling as immigrants or otherwise, may be kept under careful watch and protected from the overtures of those engaged in the traffic. While it has not attained any alarming proportions in Canada, there are evidences that in the larger centres the vice has a foothold, and two effective steps have been taken to aid in its suppression. One consists in stiffening the Criminal Code penalties against white slavery and rendering the proof easier than heretofore, while a special officer, recently appointed, will be detailed to watch for infractions. This officer, Jas. Lambkin, will work in conjunction with the dominion police.

The King in Liverpool

Liverpool, July 11.—King George is visiting this city today, and all the exchanges are closed. The cotton exchange will be closed tomorrow.

WEATHER BULLETIN

Issued by authority of the Department of Marine and Fisheries, R. F. Stearns, director of meteorological service.

Synopsis—Conditions west of the Great Lakes are very much disturbed, a deep depression being centered over Manitoba with a trough of low pressure extending eastward. Heavy falls of rain have occurred in Saskatchewan and Manitoba and also very locally in Alberta. Rain has been very general in Quebec and the Maritime provinces, while in Ontario the other has been fine.

Forecast—Moderate to fresh southerly to northwesterly winds; fair to much the same temperature today and on Saturday.

TRIBUTES FROM EDITOR'S DESK

FUNERAL ON SATURDAY

Premier Flemming and Governor Wood Speak Highly of St. John Editor—Premier May Come to Attend Obsequies (Canadian Press) Toronto, July 11.—Concerning the late Senator Ellis of St. John, the Globe says:—

BYE-LAW MATTERS

A Variety of Charges in Police Court—Teamster Argues Case and Wins

"Here we find you making the same case as Adam did in the Garden of Eden, he asked me to do it." Magistrate Ritchie made this remark in court this morning to Charles Dunham who was charged with dumping coal on the sidewalk and pleaded that he had only done so to please a lady. He was allowed to go as a reward for his gallantry but was given a warning as to the future.

LICENSED TO WED NIECE

Pair From New York Take Advantage of Rhode Island Law

Providence, July 11.—A marriage license has been issued to Martin Zimmerman, aged 23, of New York, and Annie Greenwald, 21, of the same address. Mr. Zimmerman is an uncle of bride-elect, being her mother's brother. They were obliged to come here for their marriage license, as Rhode Island is the only state in the east that allows uncle and niece or aunt and nephew to marry.

They must marry five days under anti-elopement law.

GRAFTING IN THE TORONTO FORCE?

Ex-Detective Inspector Makes Statements Reflecting on The Police There

Toronto, July 11.—"It is not necessary to go outside of Toronto to find conditions similar to some of those which have been brought into the line light in connection with the inner workings of the police in some of the American cities," said Walter Duggan, former inspector of detectives, last night, when making a speech at the opening of a book entitled "The Working of the Partners' Bank, or Who Got The Money" which it was reported, was to be issued soon.

WOLFEVILLE HARBOR IS BOUGHT FOR TRANSCONTINENTAL

Quebec, Que., July 11.—Wolfeville Harbor near this city, was purchased today for the use of the Transcontinental Railway. It is a short distance to the eastward of the north side of the Quebec bridge.

ONLY \$90,000 IN TAXES YET TO BE RECEIVED

A statement of the taxes received by the city chamberlain for this year's assessment, up to last evening, was submitted by Mayor Frink to the city commissioners this morning. The total assessment was \$995,068. Of this amount \$804,970 has been written off by the payment of \$598,986 in cash and the allowance of discounts and rebates amounting to \$85,984. This leaves a balance to be collected of only \$90,986, a very small proportion of the total.

SHORT CUT FROM FAIRVILLE TO DUCK COVE

Government is to Open a New Road—Save Half Mile

The provincial government has decided to open a new road which will afford a short cut from Fairville to Duck Cove, the provincial hospital annex and other sections of the locality and which will save the citizens a mile as compared with the present route around the Sand Cove road. The new road will be built by the action of the owners of Fairville Plateau in opening up Harding street which leads from Main street, Fairville, into their property and the connecting streets Sherbrook and Beury, on their property. The new road to be built by the government will connect the lower end of Beury street with the Sand Cove road.

WOLFEVILLE HARBOR IS BOUGHT FOR TRANSCONTINENTAL

Quebec, Que., July 11.—Wolfeville Harbor near this city, was purchased today for the use of the Transcontinental Railway. It is a short distance to the eastward of the north side of the Quebec bridge.

MEANS \$100,000 TO EACH OF TRUE

NOVA SCOTIANS SAID TO BE HEIRS UNDER LYLE WILL

Newspaper Notice The Hint John S. Nickerson Starts Search For Forber Brothers Who Say They Witnessed Will and Desire Rightful Owners to Get Their Share

(Special To Times) Boston, July 11.—Informed through a letter published in a newspaper that he is heir to \$100,000 as his share of the \$450,000 estate of his deceased uncle, John S. Nickerson of 343 Ferry street, Malden, is searching for the men who say they were informants upon which his claim may be established. Nickerson read in a newspaper that a certain John S. Lyle, a wealthy manufacturer of Teutonia, N. J., left an estate amounting to \$450,000 and that in a will he specified that \$100,000 should be given to his sister, Mrs. Margaret Nickerson, and each of her children. The letter was signed by William Forbes and Henry Forbes who announced that they witnessed the will. Nickerson, together with a brother and three sisters who are living at Teutonia, N. J., will make an effort to establish the claim. The letter recites that the only interest of the Forbes brothers is to see the rightful owners of the property get what is due them.

WOLFEVILLE CASE TAKEN UP TODAY

Evidence of Doctor Logie and Matron of Evangeline Home

A change was noticed in the bearing of Viola Reid at the preliminary hearing in her trial for infanticide, before Magistrate Ritchie, last evening. Last week she was apparently carefree and smiling and did not seem to realize the seriousness of her position, but this morning she looked worried and nervous. She was dressed as neatly as the young mother and wore a black hat. Two witnesses for the prosecution were examined. Dr. A. Edward Logie, who attended the young woman while she was in the hospital, and Mrs. Beeson, matron of the Evangeline Home. In the examination brought out by S. L. Grew for the crown and by P. A. Guthrie for the defence it came out that the young mother had said given her baby had been sent to Michigan and that she did not want the case gone into by the coroner. She had given her hand in the death of her child and evidence also of her apparent attachment for it.

ASK MAYOR FOR TAG DAY PERMISSION

Good Shepherd Sisters Plan One For October

NEW WATER MAIN THROUGH BEACONSVILLE AVENUE

Will Cost About \$3,000—Marble Cove Sewerage Work

Another addition is to be made to the water distribution system of West St. John. At this morning's meeting of the commissioners a request for a water main through Beaconsville avenue, a new street, was under consideration and the commissioners decided to accede to the request. A new eight inch main will be laid from the Bay Shore road, through Beaconsville avenue to connect with the main in Sea street. The estimated cost is \$8,000. This new main, with the substitution of eight inch mains for several other inch pipes which is now taking place, will greatly improve the pressure on Lancaster Heights.

WOLFEVILLE HARBOR IS BOUGHT FOR TRANSCONTINENTAL

Quebec, Que., July 11.—Wolfeville Harbor near this city, was purchased today for the use of the Transcontinental Railway. It is a short distance to the eastward of the north side of the Quebec bridge.

SMALPOX IS SPREADING

Sydney, N. S. W., July 11.—Smalpox, which has been prevalent here for some time, is spreading. Fifty thousand persons have been vaccinated and there are sixty-one cases in quarantine.

HERESY CHARGE TO COME UP NEXT WEEK

Matter of Rev. George Jackson's Views to be Threshed Out Before Wesleyan Conference—Believed Charge Will Fail

(Times' Special Cable) London, July 11.—Great interest is felt in a charge of heresy against Rev. George Jackson, a noted Toronto divine, which will be heard before the Wesleyan Conference in Plymouth next week. Rev. Mr. Jackson was last year the appointed theological tutor at Didsbury Theological College near Manchester. His accuser, Rev. George Armstrong Bennett, a prominent Conservative and Wesleyan divine, demands cancellation of Rev. Mr. Jackson's appointment and expulsion from the Wesleyan ministry. Rev. Mr. Bennett has written and distributed to every Wesleyan minister a pamphlet entitled "Doctrinal Crisis in Wesleyan Methodism," charging Rev. Mr. Jackson mainly with teaching that the early chapters of Genesis and many Old Testament miracles are unhistorical. The general belief here is that the attack will completely fail. The Methodist Recorder, which represents the conservative section, deplores Rev. Mr. Bennett's action, declaring that a heresy hunt can do no good. The Methodist Times bluntly declares "Christ needs no reactionary wars."

RUSSIA THINKS BALKAN SITUATION CLEARER AND THAT THE WAR IS ABOUT OVER

(Canadian Press) St. Petersburg, July 11.—A distinctly hopeful view is expressed today by the Russian press and also in official circles in regard to the Balkan situation. Peace is regarded as imminent on account of the crippling of the Bulgarian armies and of the severe losses sustained by Serbia. The Russian Red Cross Society has decided not to send any detachments of doctors, nurses and ambulance men to the front.

GREEKS CAPTURE ANOTHER

LONDON, July 11.—Greek troops today occupied Demir Hisar, thirteen miles to the northwest of Seres, after a brilliant victory over the Bulgarians who had been in possession since they were driven from the Turks in the recent war, according to an Exchange Telegraph Company's dispatch from Athens. The Bulgarians fled, abandoning their field guns, ammunition and provisions.

ITALY IN GRIP OF TERRIFIC STORM

Country Devastated and The Crops Destroyed

IT IS VERY GOLD ALSO

Rain and Hail With Hurricanes and Low Temperature—Snowfall in the Alps—Peasants in Terror Over the Conditions

(Canadian Press) Rome, July 11.—A terrific storm raging throughout Italy and its many places the country has been devastated and the crops destroyed. It is accompanied by remarkable cold weather for this time of year, the temperature in Rome at noon today falling below sixty degrees Fahrenheit. Such weather in the middle of July has not been recorded in Italy since the year 1818, when extraordinary rains and hail have flooded the country for the last two days. Torrents of water, mixed with mud and ash from Vesuvius, have inundated the villages along the Gulf of Turin. Owing to a strong cold wind from the north, accompanied by hurricanes, and temperature fell today almost to freezing point. Snow is reported to have fallen in the Alps.

Messina, July 11.—A violent tempest in the vicinity of the Straits of Messina, accompanied by a heavy fall of rain, has caused enormous damage in this region. Crops have been destroyed and floods have compelled the population to leave the huts in which they have been living since the great earthquake a few years ago.

Cosenza, Italy, July 11.—Hurricanes accompanied by slight shocks of earthquake and underground rumblings have terrified the peasants in this region for the last two days. This is more especially the case in the isolated villages where the people are still suffering from the fright caused by the earthquake which occurred at the end of June.

ALLEGED POLICE ARE IN LEAGUE WITH HOODLUMS

Serious Charge in Montreal in The John H. Roberts Matter

Montreal, July 11.—That the city police are in league with a gang of hoodlums who on Monday night almost killed John H. Roberts, is one of the serious charges made by the Grand Lodge of Quebec, I. O. G. T., in a letter to Premier Goin, who is asked to control the Montreal police force and place it under a competent head. Mr. Roberts says that the local police administration of Chief Constable Becker and values property and favors fair more than honor, justice and right.

MAKE CANNON BALLS AS RELICS HIS SCHEME

Morrisburg, Ont., July 11.—At a meeting of the Morrisburg municipal council, John Dain, one of its members, who is an iron founder, informed his colleagues that a citizen wanted him to cast fifty cannon balls, which were to be afterward treated with salt and water and made to look like something occasionally found on the battlefield of Chrysler's Farm. They were then to be sold as relics of the battle at the forthcoming Chrysler's Farm centenary celebration.

LADY BALFOUR AND THE CRYING BABY

LONDON, July 11.—Lady Balfour of Burleigh, told a meeting of merchants how to silence crying babies. Her suggestion was to lay the babes with their heads slightly lower than their feet, and they would soon fall asleep.

SHIPBUILDING PICKS UP

Gross Tonnage Last Year in United States Was Largest Since 1908

Washington, July 11.—There were 1648 vessels, aggregating 392,904 gross tons, built in the United States during the fiscal year ended June 30, according to the department of commerce. This was the largest construction since 1908. Compared with the fiscal year, 1911, although the number of vessels constructed was not so great, there was an increased tonnage of 188,412 tons. Of the 121 metal steam vessels constructed, 36 were built on the Great Lakes.

ALFONSO RAISING TROOPS

Madrid, July 11.—King Alfonso has signed a decree calling for volunteers for Morocco and also providing for the payment of a commission to private organizations supplying men. A foreign legion, it is understood will be formed, similar to that of France.

Daily Hints For the Cook

STRAWBERRY SOUFFLE
Put a layer of berries in a dish, sprinkle with sugar, another layer of berries, then sugar. Set away for one hour, then pour over them a cold boiled custard. Bake in a hot oven on top, set on low till very cold.

CHOCOLATE CUSTARD
Cook four teaspoons cocoa in half cup hot water till thick, then add four cups hot milk. Pour over two well-beaten eggs and stir well. Strain into a pudding dish and steam twenty minutes. Serve with whipped cream piled on top, sweetened and flavored. One cup sugar should be added to the custard.

Fire at Bridgewater.
Halifax, July 10.—Fire broke out shortly after 10 o'clock tonight in L. C. Moore's jewelry store, Bridgewater, and spread swiftly, destroying Johnson's bakery, the Bridgewater Dry Goods store, Barnaby's drug store, Duceff's store, Barnaby's drug store, a barber shop and a tenement house. At midnight the fire was still burning.

There are ninety-seven citizens in the city of New Bedford named Manuel Sylvia.

There are sermons in stones—also in teeth. We'll choose the latter for our text.

But if everyone used Pebecco Tooth Paste there would be no further need of sermons, preachments or parables on the proper care of the teeth.

Pebecco Tooth Paste solves the problem by ridding the mouth of the enamel-destroying acids

"Acid-Mouth" is the dreaded thief which experts now agree is the cause of 95% of all tooth decay. Pebecco Tooth Paste arrests this acidity of the mouth—even destroys the acid-producing bacteria themselves.

You have not settled the problem of your teeth by merely keeping them white, clean and polished. Pebecco Tooth Paste will SAVE them.

MONTREALER'S WAR AGAINST HAT PIN

Louis S. Davis Carries on Campaign—Suggests Ribbons Tied Under Chin

"Ware of the horrible hateful hatpin. For, according to Louis S. Davis, of Montreal the hatpin is not only trying to tempt and sedit, but a positive menace to human life. Mr. Davis has therefore interested himself and a few others in a campaign against the particular form of feminine hardware, and says he intends to bring the matter before Mayor Lavigne and the City Council.

Just to show that he is in earnest Mr. Davis has had printed 20,000 slips containing the following inscription:

Suggested By Law \$50.00 FINE Unprotected Hat Pins

These slips are stuck up on all the principal streets and upon the windows of street cars. If they do not have the desired effect, a delegation headed by Mr. Davis will demand civic supervision over all feminine headgear.

Mr. Davis is a manufacturer. He is a twentieth century crusader with the courage of his convictions and cheerfully admits that he is a crank on this subject. What he wants is the tip of the hatpin removed.

"I am busy man," said Mr. Davis, "and don't get the time to give lectures. If I had time I would organize public meetings and parades and arouse public opinion to a realization of the danger of the hatpin. But, the best we can do just now is to distribute slips and perhaps interest the local government in the matter.

"France, Germany and many cities in the United States have found it necessary to get after this hatpin on a regular basis. It is a menace to life and health. My idea is to have women keep their hats on with bows tied underneath the chin. Besides looking so much better than hatpins the bows would be so much safer to others."

Mr. Davis has lived in Montreal for three years, coming from London, England, where he was formerly a member of the London District Council.

WIFE AND HUSBAND IN DUEL

Denver Woman Took This Course to Disprove Charge of Unfaithfulness

Denver, July 11.—Challenging her husband to a "trial by battle" Mrs. Samuel Palasco made good her defense in a duel with knives against an accusation made against her by her husband, until the police who have been summoned by the neighbors, broke the locking doors and separated the combatants. Each received many wounds, which, however were not serious.

According to the story told to the police the combat was deliberately arranged, for the purpose of proving the husband's accusation of unfaithfulness made by the husband, was false or true.

KIER HARDIE INSOLENT

Sneers at King's Visit to Industrial Districts

London, July 11.—J. Kier Hardie, ex-chairman of the Independent Labor party, has been explaining why he never went to functions at Buckingham Palace.

"I never accept favors," he said, "which I cannot return. The king can ask me to Buckingham Palace, but I cannot ask him to my backyard, so I keep away from him."

Referring to the forthcoming royal visit to Lancashire, Mr. Hardie said that royalty had captured the middle classes and had now set out to capture the workers by parades through the industrial districts. These royal parades and military displays, he added, were part of the game to direct the attention of the workers away from their aims.

MOTOR PATROL SERVICE IN FORESTRY WORK

Victoria, B. C., July 11.—Very satisfactory results are expected from the increased efficiency of the motor patrol boat service of the forestry department of the provincial government. Four of the vessels for the service are now almost ready for the work of protection on the mainland coasts and the shores of Vancouver Island. Three of the boats are thirty-five feet in length and the other fifty-five feet.

As soon as the service will be taken over by rangers, who in the past have had to hire vessels to carry out their duties, they will be used to inspect the logging camps, see that the government regulations are observed in regard to marking, insure that the greatest possible safety devices are employed in lumber camps to guard against the outbreak of fire and also to seize any timber being piloted.

Montreal Moulders on Strike

Montreal, July 10.—Four hundred and fifty iron moulders and coremakers employed by the Mount Royal Iron Works, the Caledonia Iron Works, and the John McDougall Iron Foundry have gone on strike for a nine hour day.

J. MARCUS - 30 Dock St.

NOW HE'S A MODEL HUSBAND

Spending Money Was His Particular Fault. But His Wife Taught Him How to Save.

"What a beautiful home you have," said the old friend from another city, who had come for a few days' visit. "I never thought John would have a place like this."

"Neither did I," agreed the hostess, who is John's wife.

"John was always such a spendthrift, as I remember him," commented the friend. "How did he manage this?"

"He didn't," laughed Mrs. John. "I managed it."

"You see," she continued, "when John married me he didn't have a dollar though he was making a good salary. I thought I'd teach him to save after we were married. But you know how it is to reform a man in anything after he's married. You just can't."

"John did love to spend money and have a good time. He wasn't a bit selfish about it. He wanted me to enjoy everything just as much as he did. We always had the nicest kind of an apartment to live in. He called a carriage or taxi whenever we went anywhere together, and insisted that I should do the same thing whenever I wanted one. He was constantly buying me something pretty and we were always taking little trips somewhere."

"I did enjoy it immensely at first. Our folks were poor, you know, and I just revelled in luxuries for a while."

"Then I began to think of the future," she said. "You see, the baby was coming. And I started to worry, for I knew John spent every cent as fast as he got it."

"I spoke to him about buying a home."

"O, wait a while," he said. "We don't want to be tied down to any one place yet."

"I waited. I waited eight years. John's salary was raised several times and as I didn't have extravagant tastes, he had more money to spend than was good for him. He got into fast company and started to drink. He was as good to me, but I saw the end of that sort of thing kept up."

"Several times I'd asked him to buy some property as an investment, if for nothing else."

"I haven't the money to pay for it," he'd say.

"Buy it on time, then," I'd answer.

"I'll never get it paid for," he said.

MUST LIVE ON \$5 A DAY

Two Chicago Millionaires, With Their Motors to Face the Ordeal

Toronto, July 11.—Motoring millionaires from Chicago are coming to Toronto on August 18 in thirty automobiles. Wealthy business men representing \$27,000,000 will make up the party, and each one will do his own driving.

W. E. Stalacker, president of the Chicago Motor Club, imposes this peculiar stipulation.

There is still another rule, even more terrible. Each one is to live on only \$5 a day during the 1,000 mile ride. They will picnic along the roadside and no noonday meals will be allowed to be taken in hotels.

A dozen of the men are worth well over the \$1,000,000 each, five of them are bankers, and there are three stockyard men, and four brokers. There are two lady drivers, Miss Nell Anderson, and Miss Becker, aged sixteen, who will drive her father, a mining engineer, her mother and sister.

The party will leave Chicago on August 4, going to Indianapolis, Columbus, Cleveland and Buffalo. August 12, Sunday, will be reached the next day. They will go to London on August 14, then back to Detroit.

WOMAN'S CURIOSITY LEADS TO ARRESTS

Long Branch, N. J., July 11.—A woman's curiosity led to the recovery of most of the \$50,000 worth of jewelry which were stolen on the evening of July 2 from the home here of Harry L. Haas, a New York lawyer.

It is learned that the arrest of James McIntyre and R. Rhind in Greenwich, Conn., as the alleged principals in the robbery was the result of detective work on the part of Mrs. Eugene Scott, in whose home at Greenwich, Rhind, who was employed as a nurse in a sanitarium at Greenwich, took rooms.

McIntyre visited Rhind and the landlady's curiosity was such that she listened while the men were talking, and Rhind's room and she heard them discussing. She later told the police the disposition of some jewelry.

'The Brown Betty Tea Shop'

35 CHARLOTTE STREET

Every subscriber of \$1.00 is entitled to vote at this meeting. Every subscriber of \$25.00 is a Life Member and is entitled to vote at all meetings of subscribers.

Subscriptions to be paid to
W. C. JORDAN, Secretary.

Thirty Incendiary Fires Have Cost City \$80,000

Nearly One Hundred Alarms Since First of Year and One-Third of These Believed to Have Been Set

Examination of the fire records show that since the first of the year fires supposed to have been incendiary have caused damage to the extent of \$80,000.

The police have been urged to the most earnest activity, and their energy has been almost exhausted in an effort to round up the criminals.

The first outbreak of incendiary broke out in January, when the wood-yard of Cosman & Whelpley in Paradise Row was destroyed on the night of the 24th, causing damage to the extent of a thousand dollars.

Several slight blazes to which the fire apparatus was called out by silent alarms, occurred during the latter part of January until early in March, and while all of these were believed to have been incendiary there is positive assurance to the effect that the most of them were.

The situation took a very serious aspect in March and the attention of the police was first called to look deeply into the matter.

Early in April Cosman & Whelpley, in Paradise Row, met with a \$10,000 loss in an incendiary blaze, and later in April, as stated, the place was ruined with a loss of \$5,000, both fires incendiary.

In the meantime another self-confessed firebug is lodged in the county jail—James Morash. He was arrested a few weeks ago and he willingly admitted that he had set fires in the North End.

This practically completes the history of the firebug plague, and now the seriousness of the affair will be considered. It is probable that the fire-bugs will continue to destroy property until the police step in and stop them, but so far it seems they have been unable to do this.

Following is a list of the fires since the first of the year. The asterisks mark fires believed to have been set. Several silent alarms are not included.

January 1—Box 5, false. January 2—Boxes 5 and 7, Robertson, Foster & Smith, Mill street.

January 3—Box 312, Main street. January 4—Box 8, C. P. R. house, Smythe street.

January 5—Box 145, Beattie & Johnson, Main street. January 6—Box 5, horse in hole.

January 7—Box 45, chimney in Britannia street. January 8—Box 16, chimney in Brusseau street.

January 9—Box 281, Cosman & Whelpley, Paradise Row. January 22—Box 8, false.

January 24—Box 321, club house, Somerset street. February 7—Box 28, S. Hayward Co., Ltd., Canterbury street.

February 7—Box 241, McLean & Holt, and Edgecomb's, City Road. February 11—Box 19, Fritch's house, St. David street.

February 15—Box 46, Fred Lucas house, Britannia street. February 15—Box 121, Spar Cove road.

February 17—Box 81, chimney, King street east. February 22—Box 45, Pitt's grocery, Britannia street.

February 22—Box 145, chimney, Long wharf. March 1—Box 57, Chas. Crawford's barn, Elliott Row.

March 5—Box 241, grist mill, City road. March 11—Box 18, oil stove, St. Patrick street.

March 14—Box 152, false. March 19—Box 144, Mahoney's, Main street.

March 21—Box 41, St. James Hotel. March 24—Box 31, Dinsmore, Princess street.

March 24—Box 145, Chapel street. March 24—Box 145, C. P. R. yards. March 26—Box 152, box car, C. P. R. yards.

March 28—Box 154, —. March 28—Box 281, Maynes' grist mill, City road.

March 28—Box 15, Nixon's, Brussels street. April 8—Box 123, false.

April 5—Box 291, Cosman & Whelpley. April 5—Box 25, Jones' barn, Pond street.

WILL LENGTHEN ALL MONTREAL HARBOR PIERS

Expenditure of More Than Million Dollars to Provide Accommodation For Large Steamers

Montreal, July 11.—The extension of all the piers in the harbor, an undertaking which may cost over a million dollars, and which will consume the greater part of three years, is to be assumed by the Harbor Commissioners, according to an announcement made at the offices of the board.

For several reasons complaints have been laid by the shipping companies and others interested, that the inconvenience, and often danger, has been incurred by ocean craft jutting out beyond the end of the piers. Several times in the year collisions which only a fortunate chance stayed from being serious, have occurred. Two years ago, it is understood, plans were drawn up and submitted to the commissioners, for the lengthening of the wharves, but as they were then contemplating other extensive improvements, the matter was dropped for the time.

According to the revised plans upon which it is announced, the commission will act, an addition of 300 feet is to be made to every pier at the west end of the harbor excepting, probably, the Victoria pier. This will furnish accommodation for eight more steamers, a chief difficulty which it is said the commissioners now have to meet, is the fact that the current in the middle of the river is exceptionally strong, and to lay concrete piles and build up wharves will be a stupendous task. It will be much harder than the construction of the present piers, as the current by the shore is insignificant. A compensating feature, however, is that when the extended piers are built, it is probable that the St. Mary's current, which is one of the strongest in the St. Lawrence, and which last Sunday night caused the two St. Helen's Island ferries to collide, will be eliminated as the extended piers will act as a water break.

Whatever work, if any, done on the new project this season will have to be done by the general exchequer of the Harbor Commissioners. It is said, however, that a special grant of close on a million dollars will be made at the next session of the dominion parliament.

WILL COMMENCE BORING FOR GAS AT ONCE NEAR SUSSEX

Sussex Record.—Dr. Henderson, president of the Maritime Oilfields Limited, makes the definite announcement that the company will immediately commence operations near the return of Dr. Henderson, who spent several months in England, in the interests of the Maritime Oilfields. Not until the return of Dr. Henderson will it be carried on with the most modern machinery that money can purchase. This means that the sinking of the wells will be carried on with the greatest dispatch and that the natural gas at the earliest possible moment.

During the past few months representative of the company have arranged for boring rights on a large number of farms in this vicinity. They are now in a position to move and the Henderson statement is an important one. Natural gas should do a lot for Sussex, if advantage is taken of it. It will make possible the operation of large manufacturing plants at low cost and should serve as a lever to induce manufacturers to locate here. It will make Sussex more desirable residential section and should prove a priceless boon to the town.

SAT ON THE STOVE AND TURNED ON THE GAS

Beverly, Mass., July 11.—Despondent because he was suffering from tuberculosis, John Naughton, a farmer of Salem, committed suicide during the night in the lodge rooms of the A. O. H. here in a peculiar manner. Naughton himself on a gas stove he wrapped a pool table cover about him and turned on the gas.

JURORS SAY JOHNS DID NOT MURDER THE GIRL

Wilkes-Barre, Pa., July 11.—The coroner's jury has exonerated Herbert Johns, who has been under arrest in connection with the death of Alice Crispell, the 18-year-old daughter of a farmer. Her body was found last Monday on the surface of Harvey's Lake.

The jury found that the girl had been murdered but declares the guilty one is still at large.

CONTRACT AWARDED FOR LEVIS DRY DOCK

Ottawa, July 10.—The contract for the new government drydock at Levis was awarded today by the cabinet council to M. F. Davis & Son. The cost is approximately \$2,600,000.

The drydock will be 1,150 feet in length, one of the largest in the world, and will provide accommodation for the repair of the largest ocean liners, thus meeting a long want in connection with the St. Lawrence route. Construction will be begun at once and it is hoped to have the dock in operation for the season of 1915.

This is the first step towards the construction of a series of big government drydocks and ship repairing plants for both the Atlantic and Pacific shipping of Canada.

Plans are being prepared for a dock of similar size at Esquimaux and the enlarged of the Halifax dock to the same length.

These drydocks will also have a naval defence aspect since they will be available for any British battleship in Canadian waters in time of war.

TO STOP OPIUM TRADE

Washington, July 10.—All the twenty-four nations except Germany and Great Britain, represented by delegates at the opium conference just closed at The Hague, have agreed to deposit ratifications of the convention prohibiting trade in habit-forming drugs.

State department advisers say the German and British governments are sympathetic toward the anti-opium movement, and probably would ratify the

SUFFERED THREE YEARS

Will Dr. Morse's Indian Root Pills cured his Kidney Trouble.

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. F. A. Thomas, of Sudbury Ont., is one of those who know it. He writes: "For over three years I suffered from kidney disease. First I thought I had my back, for suddenly the pain would catch the small of my back and it would be impossible for me to straighten myself up for several minutes. A dull ache across the kidneys was always present, my urine was thick and cloudy, and passing it caused a burning, scalding pain. Tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife years before. A few boxes affected a complete cure. I now enjoy the blessings of good health, which is due to this remedy."

Don't neglect kidney trouble—it's too dangerous as well as too painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation and its attendant evils, biliousness, indigestion and sick headaches, and in purifying the blood. 25c a box at your druggist's.

The Times has the largest circulation in the Maritime Provinces.

Special Representatives—Frank R. Northrup, Brunswick Building, New York; Advertising Building Chicago.

British and European representatives—The Cougher Publishing Syndicate, Grand Trunk Building, Trafalgar Square, England, where copies of this journal may be seen and to which subscribers intending to visit England may have their mail addressed.

Authorized Agents—The following agents are authorized to canvass and collect for The Evening Times: H. Cecil Keimond, Miss J. L. Barter, Miss Helen W. Hallett, and Miss V. E. Giberson.

HON. JOHN V. ELLIS

The late Hon. John V. Ellis occupied a unique position in the journalism and public life of New Brunswick. He had been a journalist in this city for more than fifty years.

His early contemporaries are gone. Those who are now conducting the daily newspapers in this city were young reporters or had not yet entered the profession when Mr. Ellis was in his prime.

The personality of the editor of the Globe gave that journal great influence. Perhaps there never was a time when all the people agreed with the views expressed by the Globe, and there were many times when its views were discounted with bitterness; but Mr. Ellis was not influenced by criticism, nor very much concerned as to the popularity of views which he considered to be sound; and so, as the years passed, whenever a new situation developed, the people wanted to know how it would be regarded by the Globe. Even those who were most likely to oppose that which Mr. Ellis supported were anxious to learn his attitude and that of his newspaper.

He was a writer of great ability, with an admirable command of clear, forcible English, and was always regarded as a formidable opponent in a public controversy. Few writers could say an adversary more pointedly or with greater neatness and dispatch.

With advancing years his views on many subjects became less radical, and it is an interesting fact that his last important vote in parliament was cast against the party with which he had been closely identified until the last few years. During these years, however, the bench between him and that party had grown steadily wider and wider.

Personally, those who were most intimate with him have always described Mr. Ellis as a very lovable man. No man who has filled the office of postmaster in St. John ever showed more interest in the welfare of the whole staff than did he during the period in which he held that position. All who have ever been connected with the Evening Globe in any capacity have testified to the kindly heart and generous interest in the welfare of every one about him which Mr. Ellis always manifested.

It is a great merit to have conducted for half a century a clean newspaper, and that merit is chiefly accorded to Mr. Ellis, even by those who seldom or never found themselves in complete harmony with his views on public questions.

The cause of education has sustained a loss in Mr. Ellis's death. He did much to encourage the pupils of the public schools to do their best, and he was always an earnest advocate of higher education, and of the strengthening of the higher institutions of learning in this province.

A journalist who also enters public life, in the political arena, must necessarily wield a large influence in the community. Mr. Ellis's political ideals were not all endorsed by any party, and there was a time when his views concerning the relations of Canada and the United States were such as to be extremely distasteful to both the great parties; but his views on this question underwent a change as the years passed. In the provincial legislature and in the parliament of Canada he proved to be a useful and valuable representative, and there can be no doubt that, having been less independent in the course of his life, higher political honors might have been his. During the last year his friends had observed with regret a gradual weakening of Mr. Ellis's physical powers, and a gradual decline of the keen intellectual ability which had marked his career for so many years.

It will take some time for his fellow citizens to fully realize that he has passed from their midst. Fifty years is a long period when we consider the lifetime of a man, though it is short in the history of a city or a country. Mr. Ellis came to St. John nearly sixty years ago; or, to be exact, ten years before confederation. In all the stirring events that have since transpired here he had his share, as an active journalist and a citizen of proven influence. It cannot be said that he was always an optimist, and it will probably be admitted that it was a good thing that his counsel was quite frequently rejected in matters relating to civic as well as national affairs; but such an admission must be accompanied with a tribute to the sincerity of the editor of the Globe and the courage with which he presented his views, even when he knew they would prove unpopular. Mr. Ellis was recognized as a representative Canadian journalist, and public men everywhere received the expression of his views upon public questions with respect. His name is written large in the history of journalism in New Brunswick, and he will be remembered as a living force for very many years in the affairs of the city of St. John.

There is one phase of the character of Mr. Ellis which will be held in especially grateful remembrance by his fellow citizens, and that is the spirit of benevolence revealed by him in relation to charitable institutions, as well as individuals in need of assistance. Many institutions found in him a generous

contributor. He gave liberally and without ostentation to every cause which appealed to his kindly heart.

Evidently money is not scarce in St. John. A larger amount in taxes has been paid in time to save the discount this year than was the case last year.

Ceplous rains have greatly improved the crop outlook in the west. The like is true in our own province. In view of the financial stringency a bumper crop is greatly desired.

They have an incinerator in Halifax, and the Echo has been investigating a complaint that residents in its vicinity are caused much discomfort by the stench arising from the smoke when the plant is in operation. The Echo reporter says he found on investigation that the residents in the vicinity had good grounds for complaining of the odor from the smoke.

The judgment rendered by Judge Jonah in the beer shop case yesterday will no doubt suggest to the friends of temperance the importance of having legislation relating to the sale of beer and liquor carefully scrutinized by able lawyers, so that if possible all doubt as to its interpretation might be removed before it went upon the statute book.

An Ottawa despatch announces that the contract has been awarded for a dry dock 1150 feet long at Levis, and that plans are being prepared for one of similar size at Esquimaux, and that the Halifax dry dock is to be extended to the same length. It will be observed that no reference is made in this despatch to the dry dock at St. John, which, according to present plans, will be only 900 feet in length.

Touching the matter of good roads, a Washington letter says:—"Improvement of country roads has enhanced the value of property bordering on such roads so that the cost of improvement is equalized, if not exceeded, says the Bureau of Agriculture in a bulletin issued Wednesday. The department has gathered a mass of data through the office of public roads, which is making a special study of the economic effect of road improvement. According to the information land values not only have increased, but farm values as well show marked advances as a result of road improvement."

The Bangor Commercial says:—"An additional expense that the users of anthracite coal will be called upon to meet in the future comes from the recent action of the Pennsylvania legislature in levying a tax of two and one-half per cent. on all coal mined and shipped out of the state. It was not to be expected that the coal operators would stand for the tax without passing on the charge to the consumers, and consequently the companies are now adding the amount of the tax to the bills for the coal shipped out of the state. New England, burning Pennsylvania coal, suffers, and it is not strange that the call is being loudly raised for federal ownership of the anthracite mines."

MORE THAN EVER PAID TAX BILLS TO SAVE DISCOUNT

One hundred and sixty three thousand dollars, or nearly one-quarter of the total amount of taxes assessed the citizens of St. John for the year ending July 10, were paid at the chamberlain's office at city hall yesterday, and from today on the taxpayers who have put off the evil moment will have to pay the full amount of their assessment without the five per cent. discount allowed those who pay on or before July 10.

As compared with last year, citizens here paid their taxes somewhat earlier this time. The last three days are generally the rush time and last year \$880,000 was paid between July 8 and 10, while this year \$855,000 was the total amount taken in on Tuesday, Wednesday and Thursday. Nearly six hundred more taxpayers have also turned in their money this year, the number to date being 7,771 as compared with 7,129 for 1912.

The total amount taken in this year is \$308,000 while last year on the same date the figure was \$240,886. Comparing the total amounts of assessment for the two years with the figures last quoted shows that the standard of promptness among the taxpayers has remained about the same, the total assessment for this year is \$698,063, whereas last year it was only \$660,729, an increase of about five per cent.

BIRTHDAYS OF NOTABILITIES

FRIDAY, JULY 11.

Alexander Macdonald Allan, one of the highest authorities in Canada on the subject of fruit, and who has represented the Dominion at several international exhibitions, was born on July 11, 1844, near Stratford, Ont.

His Honor John Augustus Barron, county court judge of Perth, is sixty-three years of age today. He was born in Toronto but practiced most of his life in Lindsay. He has written several law books and has contributed papers to the press advocating the formation of a Canadian navy. He has also at various times acted as conciliator under the Lennox act.

LIGHTER VEIN

THE BRIGHTER SIDE

"Well, I got one satisfaction." "And what's that?" asked the sympathetic friend. "If I had succeeded I should probably have made a nuisance of myself telling people that I was a self-made man."

WHY THEY CHANGED

"So you had to change doctors? Wasn't the first one doing your father any good?" "Oh, I guess he was handling the case all right, but he insisted on being paid the first of every month."

HARD TO FIND

"Not going to a summer cottage this year?" "No. Pa and Ma couldn't find a place to suit 'em."

"What's the trouble?"

"Ma wanted to go somewhere where she wouldn't have to cook all the time for Pa's relatives, and Pa insisted on a place where he wouldn't have to spend every Sunday rowing Ma's folks around the lake."

HANDICAPPED

"So you didn't catch a thing on your fishing trip?" "No. But I didn't expect to, so I wasn't disappointed."

"You didn't expect to?" "No. You see, Brown insisted on taking me to a spot he knew where they always bite."

REMINISCENT

My boy's just bought a brand new gun, a model of its kind; The barrel is of nickel steel, and in that gun you'll find The greatest of improvements that the mind of man can reach. From self-ejecting of the shells to compensating breech, But as I ain't that dainty gun, with all I wish to show, I think I'll stick to the old-time gun I owned long years ago.

It was a muzzle-loader, sure, and hammer, large and tall. Cocked back three times with wicked snaps—and sometimes wouldn't fall. The ramrod was of choicest ash held fast by metal straps, And standing out like pillars were the nipples for the caps.

I'd take that gun and hunt for crows, and as a joyful task I'd ram a wad of paper on the powder from my flask. A .40 dump each barrel shot I'd previously placed Within the tunnel of a belt that swung about my waist.

And then I'd shoot. The wave of smoke would linger half an hour; The muzzles, in my shoulder showed that shotgun's shooting power. But though it "hung fire" half the time, and kept me chilled with fear, Somehow I wouldn't trade it for a model of this year.

If I could go back to its day, as old men years to go, And get my collar-bone jarred loose while shooting at a crow. —Gaveston News.

It Keeps Liquids Hot 24 Hours Without Fire, or Cold 72 Hours Without Ice

It's just the thing for the Workman, the Automobilst, the Yachtsman, the Fisherman, the Hunter, the Traveller.

We Have Only a Limited Number at This Price 25 GERMAIN STREET Emerson & Fisher,

The New Champion Steel Range

WILL GIVE YOU SATISFACTION

We have sold a large number of these Ranges and they have proved to be all that we claim for them. Good quick bakers, with small amount of fuel, and that is what you want in a stove. The smoke and gas coming back makes it easy on the fuel for you get the full strength out of your fuel before it goes up the flue. The lifting top makes it easy for putting in your coal or wood and for broiling. The large sooty ash pan saves a lot of trouble. The smooth nickel trimmings around the high polished steel makes the new Champion a handsome finish stove. It will pay you to see these stoves before purchasing any other.

We have stores of all kinds for cooking or broiling. We sell the Fawcett line, they have been making stoves for years and keep up with the times from year to year.

MAY CHANGE TARIFF ON PRINT PAPER

Senator Smoot Finds Conflicting Rates in Schedule of 1911 and New Law

Washington, July 10.—That the provision of the Underwood tariff bill levying a duty of 12 per cent ad valorem on print paper valued at more than 2½ cents a pound and not more than four cents a pound, may repeal a portion of the Canadian reciprocity act of 1911, is contended in the analysis of the measure prepared under direction of Senator Smoot, Republican member of the Finance committee. If it does not operate to repeal the law, it is contended that there will be two rates in controversy on this grade of paper.

Besides the duty of twelve per cent ad valorem, the bill would impose a compensating tax in retaliation for export license fee or other charge imposed by a foreign country.

"An interesting point to consider," the Smoot analysis sets forth, "is the effect of the enactment of this paragraph on the portion of the Canadian reciprocity

act which admits to entry free of duty paper imported from Canada valued not more than four cents per pound. With respect to printing paper valued at more than 2½ and not more than 4 cents per pound, it is manifest that there is a complete repugnance between the two statutes, for by the terms of one, the act of 1911, it is free of duty, and by the terms of the tariff bill, it is subject to a duty of twelve per cent ad valorem. Nor can the two statutes be so construed as to stand together.

"Under such circumstances the rule of law is that the statute of later date, must prevail over the earlier statute, as being the latest expression of the legislative will, and that consequently the earlier statute stands repealed by implication.

Republican leaders will make a point of this on the floor of the senate. Tomorrow the tariff bill will be reported to the senate, but the majority report favoring the measure will not be presented by Chairman Simmons until Monday.

GEOLOGISTS TO SEE ALL CANADA

Many Excursions For International Congress WILL VISIT ST. JOHN

Conventions Will be Held in Toronto But Delegates Will Journey From Atlantic to Pacific

Through the medium of the thirty-one excursions arranged to be run in connection with the convention of the International Geological Congress, one of which will visit St. John during the latter part of this month, the delegates to this convention who will come from practically all the civilized parts of the globe, will see nearly all sections of Canada.

This is the first time Canada has been honored by the congress, and only once has it met in the United States, that being in 1891.

The object of the congress itself is the advancement of knowledge concerning the earth, both in the fields of pure geological science and in its application to the arts and industries through the association and co-operation of the leading geologists and engineers of all nations.

Canada is sure to benefit in a marked fashion from the gathering of eminent men who will spread to all parts of the world the information gathered concerning this country's resources and possibilities.

The first excursion starts from Montreal on Sunday, July 13, and the party will spend nineteen days in Quebec and the maritime provinces, returning to Ottawa on August 1.

Los Angeles, July 10—Canada wants the next International Christian Endeavor Biennial Convention, Winnipeg and Toronto have sent strong delegations to capture the prize.

At tonight's session, Rev. Francis E. Clark, president of the united society, appealed for special efforts for future activities beginning February 2, 1914, which date marks the thirty-third birthday anniversary of the endeavor movement.

Other trips are across Lakes Erie and Huron; into the New Ontario districts, to Yukon and Melaspina and to Prince Rupert and Skeena River, B. C.

SIR IAN AT HALIFAX

Halifax, July 10—The Halifax garrison was inspected by General Sir Ian Hamilton, inspector general of the overseas forces, and Col. Sam Hughes, minister of militia, in the armories tonight and made an exceedingly reliable showing.

CUBAN MURDER PLOT

Havana, July 10—The Cuban secret police report the discovery of a conspiracy among the adherents of Governor Asbert, to assassinate Col. Saurolio Fievia, secretary of the interior, whom they accuse of attempting to disrupt their party by ordering the late General Armando Riva, chief of the Cuban National police, to raid the Asbert club on Monday night.

PILES

Do not suffer another day with considerable relief in price. Many very pretty styles and colorings.

I am instructed to sell at Market Square, Saturday, July 12th, at 10:30, 25 cases of fancy Valencia Onions, to be sold at Public Auction without reserve. I. WEBBER.

ALBERTA LOOKS FOR A BUMPER YIELD

More Mixed Farming - Three Roads to Handling the Grain Calgary, July 11 - Two weeks of practically steady rainfall followed by fine, warm weather, with occasional showers, has given crops in Alberta such an impetus that, despite the late spring season, all kinds of grain are far in advance of last year, and another bumper yield should be harvested in this province this fall.

There is practically little or no difference in the average sows to the different grains this year, some districts showing an increase while others record a decrease. The tendency of farmers and ranchers in the southern part of the province to follow mixed farming is very marked, which is considered a very hopeful sign by local agriculturists. The campaign to educate new settlers in Alberta not to put all their land in grain has been waged with varying success for the last few years, but not until this year have the farmers responded to the appeals of the department of agriculture with any show of numbers.

While oats continue to be the favorite crop in the province, the low market price of that cereal during the last year has influenced many to sow fewer acres this year, setting the wheat instead. The acreage given to fax and barley shows a slight increase over previous years. The completion of two new transcontinental railways, the Canadian Northern and Grand Trunk Pacific, both of which have many branch lines in Alberta, is an important factor in assuring this province of a successful agricultural year in 1913, as both roads are prepared to handle grain, hitherto handled solely by the C. P. R.

MORNING LOCALS

Rev. J. A. MacKeigan will preside at the induction of Rev. J. C. Mortimer into the charge of the Hampton Presbyterian church next Tuesday. Rev. W. M. Townshend of Fairville will address the minister and Rev. T. A. Mitchell of Sussex the people.

AGAIN TRAIL SUICIDE

John Travis who was arrested last evening on suspicion of entering an auto belonging to the office of R. P. and W. F. Starr afterwards attempted to hang himself in his cell at the I. C. R. lock up. Twice before while in custody he has made the same attempt, once, at least, on their guard last night. He was taken to the police station where leathery mitts were placed on him. In addition the charge of stealing a more serious offence will be brought against him. It was arrested before on suspicion of a centennialism.

Another mouse made its appearance in the north end last evening, coming into Indiantown by way of the Spar Cove road. After gazing about for a few minutes the animal became frightened and bolting towards the waters edge made a leap off of the wharves and swam towards Milford. Before any work is done on the proposed extension of the street railway from Kane's corner to East St. John it has been suggested that the road should be straightened.

A slight fire was found burning in the corner of St. Patrick and Richmond street this morning about 12:20. The blaze is supposed to have started from a lighted match falling among waste and

Terms \$20 cash, \$7.00 monthly, or special Discount for Cash. Bell's Piano Store 86 Germain Street

MORNING NEWS OVER THE WIRES

On the ground now occupied by St. George's hospital opposite the entrance to Hyde Park, London, there is to be erected a colossal hotel, which with the value of the site, will approximate \$6,250,000. A. R. Gould, president of the St. John and Quebec Railway Co. said yesterday in Fredericton that the estimates of work on the Valley Railway for June total the highest on record, about \$255,000. He said also that new plans for bridges across the lower St. John and Kennebec rivers were now being prepared.

BOBBIE'S QUESTIONS Bobbie had been allowed to sit up a little while after supper on condition that he keep quiet. But Bobbie had a lot of questions that he wanted to ask the sum of them sent him to bed. "Papa," he began innocently enough, "yes, my son, surely." "Can he make a two foot rule with only one end to it?" "Don't ask such foolish questions, son."

Brief silence: then: "Pa, is it true that a camel can go 10 days without water?" "Yes," a little wearily. "Then pa, how many days could he go if he had water?" And that, of course, was Bobbie's cue to go swiftly upstairs.—Chicago Record.

"Na-Dru-Co Laxatives are different in that they do not gripe, purge nor cause nausea, nor does continued use lessen their effectiveness. You can always depend on them. 25c. a box at your Druggist's. 178 National Drug and Chemical Co. of Canada, Limited.

"BAKIN' POWDAH." George W. Cable, novelist, used to know in his early days, a little colored girl named Katie. She was somewhat hard of hearing and often when he would tell her something she would say "Hur?"

He tried of Katie's grunting this way so last he said: "Katie, whenever I say anything to you that you don't understand never say 'Hur?' to me. Say 'Beg pardon.' That's ever so much nicer. Now don't forget, Katie."

About a week later he found her grunting on the gate. Anxious to test her memory, he asked, "Well, Katie, what is it that you were going to say to Mr. Cable instead of 'Hur?'" Katie's eyes sparkled as she quickly answered "Bakin' Powdah."—New York Times.

"Without Nicotine" Rome, July 11.—It is announced that the Italian tobacco monopoly will start in September to sell cigarettes "without nicotine" at three cents apiece.

LOCAL NEWS

"Humphrey's Solid" is stamped on the soles of every pair of all solid leather shoes made by J. M. Humphrey & Co.

POSTPONED Because of the death of Senator Ellis the cricket match scheduled for tomorrow has been postponed for a week.

BOY HURT. A young lad named Mulally of the North End was struck by a stone while playing this morning. Dr. Hogan dressed the wound, which was very slight.

TRADES AND LABOR COUNCIL A meeting of Trades and Labor Council picnic committee will be held in Painters' Hall, Charlotte street, Saturday evening at 8 o'clock. A full attendance is requested.

A FINE JOB. It's a fine job, much better than I expected. A remark heard at 24 Waterloo street, the place for splendid work on old silverware and jewelry; engravings and repairs.—J. Groundline.

NICE TROUT. David Waterbury, formerly of this city and lately of New York has been enjoying some excellent fishing at Loch Lomond and returned to the city with a string of forty fine fish, the largest of which tipped the scales at three pounds.

PUBLIC AUCTION S. L. Marcus & Co. are selling their entire stock of furniture at 145 John street by public auction; sale each evening beginning at 7:30 and Saturday two sales, 10 a. m. and 2 p. m.

CAMPBELL-IRVINE. The wedding of Roy Duncan Campbell to Miss Emma Jane Irvine, daughter of John Irvine, took place last evening at the home of the officiating clergyman, Rev. J. D. Wetmore, pastor of Tabernacle church. Fred Campbell supported the groom while Miss Georgianna Irvine was bridesmaid. Both bride and groom being in this city. They will reside in St. John.

GOOD FISHING SEASON. "The fishing season so far this year has been an excellent one," said Scott D. Guphill, M. P. of Grand Manan, who was at the Victoria Hotel, St. John, last evening. He said he had had a catch of lake and cod has been well above the average and the weir fishing at Seal Cove has resulted in some excellent catches." Mr. Guphill said that although the tourist travel from the States early this summer was not as heavy as usual on account of the cold weather, the hot days of last week had brought large numbers and the summer resorts at Grand Manan are now crowded.

BURIED TODAY. The funeral of Mrs. Margaret Crowell, wife of Arthur Crowell, was held this afternoon from the residence of her brother-in-law T. O'Leary 18 Sewell street to the Cathedral where the burial service was read by Rev. Father Conway. Relatives were pall bearers. There were very many beautiful floral offerings from friends here and in Halifax. Interment took place in the new Catholic cemetery.

PERSONALS. Dr. H. L. Spangler and family are spending the week with friends at Ashburn Lake.

Mrs. M. D. Brown and daughter, Helen, arrived home by the American boat yesterday.

Mrs. S. V. Courtwell, daughter of Mr. and Mrs. George Barker and her little daughter, Miss Maud, will be visiting at Atlantic City and in Crown Street.

Miss Bertha Hannah of Chelsea, Mass. is in the city and will spend the rest of July visiting relatives.

Mrs. W. T. MacDonald and Miss Clara Watson of New York are here on a visit to their mother, Mrs. A. A. Watson, 16 Peter street.

Rev. Dr. Gray of Denville, Ill. is the guest of Mr. and Mrs. Charles McCabe, Crown street.

Mrs. J. E. Hunsicker arrived in the city today from Montreal on a visit to her daughter, Mrs. G. Murray, Crown street. She was accompanied by Miss Reicher.

Miss Elizabeth Henderson, who has been visiting her friend, Mrs. W. P. Guphill, in Germanstown, Philadelphia, witnessed for the first time a fourth of July celebration, spending the day at the famous White Marsh Valley Golf Club. Later she will visit Atlantic City and Wildwood with the sea as the guest of Magistrate Morris.

CONDENSED DESPATCHES. Roumanian troops today occupied the Bulgarian city of Silistria on the right bank of the Danube. They were not opposed by the Bulgarians.

Militant suffragettes started a window smashing demonstration during King George's visit to Liverpool today.

A fine of \$50 or one month's imprisonment was inflicted today on Mrs. Margaret Hinch Macdonald in Newport, England for setting fire to a public mail box on June 26.

The Canadian team won the tennis doubles from the Belgians today at Folkestone and thus qualified for the final round here.

The Pope's physicians today dissuaded him from taking his usual drive and walk in the gardens of the Vatican, owing to the violence of the storm and the heavy rain. His Holiness continues perfectly well.

FINAL DIVIDEND OF YORK LOAN COMPANY. Toronto, July 10.—Immediately after the long legal vacation an attempt will be made to clear up the liquidation proceedings over the remains of the York Loan and Savings Company. It is possible that the losers in that concern will receive a third and last dividend before the end of the present year. This may be five or six cents, making a total of about 50 cents on the dollar.

The Dentists. Moncton, N. B., July 11.—At the Maritime Dental convention this morning Dr. J. S. Bagnal, of Charlottetown, and Dr. F. W. Ryan of Halifax, read papers. At noon the visitors were taken to Humphrey's where dinner was served.

CRICKET TO THE BENCH IS REPORT

Pinder and McLeod Might Have Tussle For Chance to Get To Ottawa

Fredericton, N. B., July 11.—It seems to have been definitely settled that O. S. Crockett, M. P. for York, will soon go to the supreme court bench. M. G. Teed, K. C. of St. John, is favored by the bar but Mr. Crockett has the support of the politicians and is likely to win.

A section of the party here take it for granted that there will soon be a vacancy in the senate for several years with Pinder and McLeod likely to be the candidates to press their claims for the vacancy. Another section is booming Provincial Secretary McLeod. McLeod would remain in the local cabinet if he could land the portfolio of attorney-general but as there is little hope of his doing this he will probably make a try for the federal seat.

Richard O'Leary, Matthew Lodge and M. G. Siddall with A. R. Slipp as counsel were given a hearing by the local government in regard to leasing oyster beds in Westmorland.

Tenders for \$100,000 four per cent debentures closed yesterday at the provincial secretary's office and the matter will engage all attention of the government at this session. In view of the stringency of the money market it is believed that a very tempting offer has been received.

TRIBUTES FROM EDITOR'S DESK. (Continued from page 1)

As a newspaperman his influence was very great in St. John and throughout the province generally. As a citizen he was a public spirit. He has left all too few men like Senator Ellis.

Lieutenant Governor Wood, who sat in the senate for several years with late Senator Ellis, arrived from Sackville last evening. Referring to Hon. Mr. Ellis' death today his Honor said: "In the death of Senator Ellis St. John suffers a very great loss; through his long and active life he has taken a deep interest in all civic matters. He was a man of exemplary habits and his standard of character was of the highest. He was always an advocate and endeavoring to accomplish what he believed to be best for the material interest of the city as well as the social and moral welfare of the people. Of a fine literary taste, a great reader and a clear and forcible writer, the paper which he conducted almost his entire life was read with great interest not only in St. John, but throughout the province and in other independent views and matured and well settled opinions on political and religious matters. He was a man of high character that affect the progress and prosperity of the province. His loss will be felt on in St. John, but throughout New Brunswick where his paper is read."

Montreal, July 11.—The Gazette says: "To his work as a parliamentarian, as to which he long did as director of the St. John Globe, he gave good intelligence, and good purpose, with an independence of spirit that in such places made hostile critics, but among the mass of people gained him a share of respect which he did as director in public life, and then only when it was well deserved. His life, extended well beyond the professional sphere, was a valuable example to the last. His memory will be honored by all who esteem what is best in journalism and public service."

Funeral Tomorrow. The death of few citizens in recent years has called forth such sincere expressions of regret and such sincere tributes to the departed as have been occasioned by the death of Hon. F. V. Ellis. This feeling has been shown not only in St. John, but in many other parts of the province and many messages of sympathy from other parts have been received by the bereaved family.

Among the many tributes is a resolution, adopted by the newspaper men of Moncton at a meeting last evening, expressing their respect and esteem for Mr. Ellis and for the work he has done during many years of public life.

The funeral will take place on Saturday afternoon from Trinity church, where service will be held at 2:30 o'clock. It will not be a Masonic funeral, although that fraternity will be largely represented. The procession will be formed at the Charlotte street entrance and coaches will be taken in Union street. The interment will be made in Greenwood cemetery.

Redmond Purling, in spite of a spirited defence marked by much abuse of the policeman who arrested him, was fined \$5 or two months for using obscene and profane language; he was remanded on the charges of breaking a plate glass window in Lockhart & Ritchie's and of violently resisting the police.

The prisoners were remanded on drunkenness charge.

The American tennis team won the doubles, three to one, from the Germans today at Nottingham.

"THE WOLF OF WALL STREET"

That's What They Call Lamar, Who Has No Office or Address, And Who Led Many a Raid on 'Change Before His Lobby Confession Made Him Famous

"The most amusing witness who has appeared before the senate lobby committee" that is Washington's estimate of David Lamar, who has told a strange story of lobbying for Wall street of impersonating congressmen and of alleged Union Pacific "graft" to the extent of \$82,000,000.

"The most unconscionable liar of modern times" is what the Union Pacific attorney called him on the witness stand.

"The wolf" is Wall street's name for him.

He has led many a speculative "bear" raid. He has fomented strange suits against corporations. He is regarded as one of the most adroit plunders in the "street" and is feared and hated by many a big financier.

His Wall street acquaintances are wondering now just what "this little frame" was in telling his story in Washington—whether it was the preliminary to another "bear raid," as well as a thrust at his enemies. But Lamar himself just laughs. He isn't serious.

Lamar is said to have come from Omaha, where he was a railroad advertiser as a small speculator and became the confidential man of Henry Hart, president of the third avenue railroad company.

Next Lamar was known as James R. Keene's "gun show man." They both made money in United States Leather common stock.

In 1902 Lamar was active in "bearing" the U. S. Steel Corporation.

There is no record of Lamar's business or residence. He formerly had an office at 90 Broad street, New York, but did not put his name on the door.

"He lives somewhere in Riverside drive," they say in Wall street. "He just hangs out here and there. You can never find him when you want him, and when you don't want him he's sure to be around."

FORTUNES BY BEGGING. Some Who Have Made Thousands Of Dollars as Mendicants

At Atlantic City recently E. L. Jones, a one-legged man, was arrested and fined \$10 for begging. He had been ordered away from the famous Boardwalk, but had immediately taken station on Atlantic avenue. He took his request unchalantly, producing a roll of bills and a cancelled mortgage for \$10,000.

"I have made a hundred right here in Atlantic City," said Jones. "Have a cigar. I cleared \$10,000 on a tour through the west on a begging trip and he paid off the balance on a \$15,000 ranch I own at Yankton. My trip this time is to get \$10,000 to buy some new stock. I'll get it."

He paid his fine and was helped to an omnibus train and was on his way to New York.

For five years a blind man sat on a corner of Madison street in Chicago and begged. The police purposely overlooked him.

A runaway horse dashed up on the sidewalk one day and struck him. He was six weeks in the hospital. When he was discharged he began suit for damages against the owner of the horse.

He almost had it won when the opposing lawyer asked him what he was doing when he was struck. He said he was engaged in his usual occupation. Pressed for a reply he owned up he was begging.

The only defence the opposing lawyer had before was that the blind man had no right on the street without an attendant. He was not making much headway on his defense. The blind man lost when it became known that he was soliciting alms.

Going out of the court he evidenced a most ungenerous temper. He spat in the direction of the opposing lawyer and arrived.

REAL ESTATE

Country Homes, City Advantages

Commercial Men, Railway Officials, Salaried Men Save Taxes and Save Rent, Own the Home

Fairville Valley is one of the nicest spots about St. John for a home. It is only five minutes' walk from Seaside Park and the same distance from the St. John street car line and from the main street of Fairville, seven minutes' walk from the Fairville Canadian Pacific Railway station, seven to ten minutes from the public schools and churches and ten minutes from the reversing falls.

Electric lights, sewerage and water are available, beautiful new wide streets run in front of all the lots and a good lane between each row of lots in the rear. The lots are all cleared, no bushes, stones or rock to encounter, so that you can have a lawn in front and a garden at the rear of your house before the house is finished.

You can begin to build the house at once from your own plan or you can have the assistance of an architect in making your plans.

\$500 down will cover the first payment on the lot and house and to ensure nice houses and a high class residential section, all houses must be built back from the street lines and must cost not less than \$2,500 each. You own the house and lot at once and a small payment each month, less than you would have to pay for rent for equal advantages, will pay for the home and grounds in four years, complete.

Let me take you to Fairville Valley and show you the location and houses now building.

Sign name and address below, cut out and mail to "DARCY," care of "TIMES."

AND I WILL SHOW YOU

TOY PISTOL SHOT STARTLES THE M. P.'S

London, July 11.—The report of a pistol shot from the strangers' gallery in the House of Commons today, accompanied by a yell of "Justice for women," startled the members.

Simultaneously with the report a shower of votes for women pamphlets rained down on the members.

It was later discovered that the weapon was merely a toy pistol.

FIRE CALL

An alarm was rung in from box 148 about 2:45 this afternoon for a slight fire in Roache's barber shop near the corner of Simonds and Main streets. It was put out before the fire department arrived.

International Scouts' Home Rule League

Editor Times:— The International Scouts Home Rule League has been formed to unite Scots Home Rulers throughout the world in promoting the establishment of a National Parliament in Scotland. It is now some years since there existed in Scotland an organization devoted solely to promote the movement for Scots home rule. The question has been kept alive by political bodies with various aims, and by loyal friends both inside and outside of parliament, but the absence of a popular and representative society to specially attend to its interests, has long been regarded as an undoubted disadvantage. Under modern conditions the solution of a great political question depends to a large extent on the efficiency of its organization. The free trade, labor, temperance and other movements have each not only one but several special organizations which are devoted entirely to their respective interests. Where would free trade have been without the free trade union and the Cobden Club? Where would the labor party be without the Independent Labor Party and trade unions? Where would temperance reform be without total abstinence societies, and Good Templars? And how can we hope to have a parliament in Scotland unless those who want it band themselves together and fight for it? The necessity, therefore for a separate body to promote Home Rule for Scotland is apparent. The establishment of a parliament in Scotland is essentially a national question, which appeals to patriotic Scots, irrespective of party allegiance. The free trader and the protectionist, the local nationalist and the anti-realist, the conscientious and the non-conscientious may all believe that the affairs of Scotland should be controlled in Scotland, but they keep aloof from existing societies which advocate devolution, because they cannot assent to their platforms. The influence therefore of a large number of people has hitherto been lost to the cause of Scots home rule. But that need not continue. The International Scots Home Rule League welcomes to its ranks all men and women who approve of its one and only object, the establishment of a national parliament in Scotland. Already it is thoroughly representative of all classes. Its list of honorary presidents, which is drawn from all parts of the world, includes the names of Principal Sir James Donaldson, St. Andrews; Lord Abernethy, St. John's; Sir John Scott, Toronto; Sir Henry Ballantyne, Peabody; Sir Henry

Sixteen Year Old Girl Manages Home; Gives Lesson In Labor-Saving Devices

The term "Little Mother" has never been more forcibly interpreted in actual life than in the following description, published in Pictorial Review for June: "When I was a little more than sixteen years old and still in high school, Mother passed away, leaving to me the responsibility of looking after a family of four—Father, sister, brother and myself. My previous experience had been confined to occasionally assisting at odd times in the household. A few weeks' trial seemed to prove that the work was beyond my strength and ability. Defeat meant the breaking up of the home and the scattering of the family. I knew that lack of intelligent management and experience was the fault; yet I did not wish to give up until I had made a final effort. I believed that if each member of the family would cooperate and a system be evolved there might still be a chance. The other members of the family agreed with me. They also agreed that in finances and advised that I procure any device that might lighten the work of housekeeping. Therefore, at different times and by various economies, I procured an electric washer with a power wringer, a vacuum cleaner, an electric iron, a kitchen cabinet and a fireless cooker, as well as a number of smaller utensils for use in the kitchen. The fact that our small family circle is still complete shows the wisdom of these purchases, for by the aid of these labor savers and a system devised after long experiment I have not only succeeded in keeping the home up to former standards, but am able to do so in less than half the time, with less physical effort and with considerable saving of money. I have even done more of the work than had ever been done at home before; for I do all the washing, ironing and housecleaning formerly done by hired help. I have found by experience that it is the monotony of certain kinds of work that fags rather than the actual amount of work done. So instead of laboring steadily for four or five hours at my ironing, I find it easier to give it one hour each day for three or four days. Government authorities allege that two Chinese landed on Sunday have not returned to the ship. Captain Muir says that the Chinese in his crew are British subjects and were born in Hong Kong. In support of this, he says the Chinese consul at no place would listen to the members of his crew, but the British consul would at once. The defendant says he is an American citizen residing in Florida.

1913 Corns

Should Not be Treated in an 1813 Way. Folks used to pare corns before any treatment was known for them. Then came liquids and pads—all before a chemist learned how to remove them. Now a way is known to take out corns—to remove them entirely, in 48 hours. We own that method, and call it Blue-jay plasters. Simply apply it, and the pain stops at once. Forget it for 48 hours. Then take off the plaster and lift the corn out. That's the last of that corn. No pain, no soreness, no inconvenience. Last year over 12,000,000 corns were taken out with Blue-jay. For your own sake, let it take out yours. A in the picture is the soft B & D wax. It loosens the corn. B stops the pain and keeps the wax from spreading. C wraps around the toe. It is narrowed to be comfortable. D is rubber adhesive to fasten the plaster on. Blue-jay Corn Plasters. Sold by Druggists—15c and 25c per package. Sample Mailed Free. Also Blue-jay Bunion Plasters. (121) Bauer & Black, Chicago & New York, Makers of Surgical Dressings, etc.

LLOYD-GEORGE MAY COME

Will Attend Church Conference in Autumn if Parliament is Not in Session. Laporte, Ind., July 11.—The Rev. Z. T. Sweeney, of Columbus, Indiana, just back from England, was successful while in London in obtaining the partial promise of Hon. Lloyd-George to come to Toronto next fall for the convention of Christian churches. Mr. Sweeney obtained a promise from the chancellor that he will come if parliament is not in session then. Transcript.—An interesting case was before Judge Stevens in the police court yesterday afternoon. It appears that some time ago a man, who came to the city, gave a citizen a \$20 bill for the purpose of going and purchasing him a bottle of liquor. The stranger never saw the resident of Moncton again, and he swore out a warrant for his arrest, changing him with theft, with the result that he appeared before Judge Stevens yesterday afternoon, being arrested by Officer Gav. The accused pleaded guilty and he was remanded until Monday for judgment. He was let out on bail.

MATTER OF NATIONALITY ARISES IN MARINE CASE

Boston, July 11.—Capt. Muir of the British steamer Aletta, was arrested charged with landing Chinese in violation of the law. He was held in \$500 by United States Commissioner Hays for a hearing. Government authorities allege that two Chinese landed on Sunday have not returned to the ship. Captain Muir says that the Chinese in his crew are British subjects and were born in Hong Kong. In support of this, he says the Chinese consul at no place would listen to the members of his crew, but the British consul would at once. The defendant says he is an American citizen residing in Florida.

Bulgarians Forced to Sue for Peace

Have Asked Powers to Intervene—Greeks Rout Bulgars With Great Slaughter—Roumanian Invasion Begins—Turkey to Reform

London, July 10.—The of a fortnight's desperate fighting in the Balkans finds Bulgaria forced to appeal to the powers to arrange peace.

The Bulgarians plan to drive a wedge between the Greek and Serbian armies in the neighborhood of Guevgheli has completely failed. The last reports of the fighting received from Athens tonight show that the Serbians and Greeks at this point are combining their forces while the Roumanian army is beginning an invasion of Bulgaria. The latter fact doubtless was the deciding factor in the Bulgarian appeal to the powers. How far Bulgaria's defeat is due to dissensions in high military quarters, which resulted in the resignation of General Savaoff, and how far to the fact that the Bulgarian troops which bore the brunt of the hard fighting in the last campaign, were more exhausted than the Greek and Serbian forces will probably never be known.

Nothing can be predicted at the moment as to how events will shape themselves, the Roumanian invasion of Bulgaria having brought an entirely new factor into the problem.

Russia and France are devoting their efforts to persuading the allies to adopt a moderate attitude in order to facilitate a peaceful settlement. The Serbian premier is quoted in the Vienna Neue Presse as declaring that the new war has completely set aside all treaties of alliance and that peace must now be negotiated on an entirely new basis.

London, July 10.—Rumors were published in Berlin yesterday, and according to the Daily Telegraph correspondent at Athens were current there, that General Ivanoff, with 50,000 Bulgarians,

HER SCANTY GARB SHOCKED POLICEMAN

London, July 11.—The scanty garb of an ultra-fashionably dressed woman led to her being asked to leave Lord's grounds, where the Oxford-Cambridge cricket match was being played yesterday. The stands were filled with England's smartest society people.

The lady in question was noticeable because of her startling costume. She wore a big flapping straw hat and a lace dress which had evidently no lining while the skirt was so flimsy that black knickerbockers and jewelled garter buckles were as easily seen as if in a shop window.

A policeman finally asked the lady to leave and she did so complacently.

At Worcester, Mass., Marcus M. Wood, 78 years old and his wife live on four cents a day.

Quashes Conviction Against Beer Seller

Judge Jonah Finds Conflict of Legislation—Can Sell Beer, But Cannot Keep His Shop Open—The Judgment

In the case of Miles Carroll, appellant and John B. Jones, respondent, which was heard on appeal before Judge Jonah here last week, judgment was given yesterday quashing the conviction of Magistrate Ritchie.

On account of the interest evinced in this and similar cases the defendant being a licensee for selling beer who was fined for keeping his restaurant open after hours since the recent amendments to the Liquor License Act, the judgment is published in full:

"In this case I am by practical consent for the parties, allowed to draw inferences of fact from the evidence taken before the police magistrate. That evidence, I think, sufficiently establishes that the appellant was at the time complained of a restaurant keeper within the meaning of the Liquor License Act. He is charged with keeping open his premises contrary to provisions of Sect. 16 of Chapter Sixteen, Acts of Assembly, 1909, entitled 'An act to amend the Liquor License Act.' Chap. 22, Consol. Stat. 1903. This section prohibits holders of beer licenses from keeping open their licensed premises from 8 o'clock on Saturday night till Monday morning at 7 o'clock. Section two, Sub-section 8 of Chap. 22 Consol. Stat. 1903 defines 'Licensed premises' to mean and include any room, closet, cellar, yard, stable, outhouse, shed, or any other place whatsoever of, belonging to, or in any manner appertaining, to such house or place. It is, I should think quite clear, from these two sections read together that licensed premises must be closed during the time referred to and that prohibition applies to the entire premises.

"The only exception to Section 16 which replaces Section 13 of the Liquor License Act is made in the case of drugists who may keep open for purposes other than selling temperance drinks.

"From the wording of this section and its express exception it is clear that other licensees would be unable to keep open their premises for any purpose whatsoever during prohibited hours without incurring the penalty of the act.

Conflicting Sections.

"But the real difficulty is met when we attempt to construe with the positive prohibitions of Section 16, the equally clear permissive provisions of Section 77 of the same chapter. The latter section undoubtedly permits all the dealers therein named to sell during the prohibited hours except Sunday the same temperance drinks. Assuming that the two sections refer to the same class of persons, they undoubtedly say when read together that the licensee must close his premises, even to the outbuildings and appurtenances, but that he might at the same time sell all the soda water and other temperance drinks that he liked.

"The police magistrate in his judgment has attempted to harmonize these sections by supposing that Section 16

refers exclusively to 'licensees,' while Section 17 refers to others who have no license. This construction either assumes that confectioners, grocers, fruit dealers and restaurant keepers do not require a license in order to sell beer and that Section 17 is intended to preserve that right during the prohibited hours, or that, on the other hand, only licensees can sell at regular hours, and then while they close their premises and rest from their labors under the kindly provision of Section 16, the restaurant keeper, the grocer, and the fruit dealer begin where the former left off and under the authority of Section 17 continue the work of slacking the thirst of the temperate men during the late hours of Saturday and every night, and the early hours of the morning.

"By this ingenious construction the temperance man is put in a much more advantageous position than the man who 'looks upon the wine,' for the former can obtain his favorite beverage during every hour of the twenty-four, except on Sunday. Thus are the very results attained which the police magistrate asserts it was the intention of the legislature to prevent by these two sections.

Cannot Sell Without License.

"But another difficulty is encountered which the police magistrate seems to have overlooked and that is Section 121 of Chapter 22, Consolidated Statutes, 1903. This section takes with the consent clearly means that no person shall sell temperance drinks without a beer license, and therefore Section 17 must refer to licensees the same as Section 16 and not to be a different class as the magistrate supposes.

"Seriously, I confess that I cannot harmonize the two sections. I do not think they can be harmonized with each other and the other sections of the act. I am of the opinion that Section 17 is absolutely opposed to Section 16 and under the rule of construction of statutes in such cases Section 16 would be repealed by the later section. (See Maxwell on Statutes 2nd. Edit. pp. 186, 187, 188 et seq.)

"In the obscure, not to say confused, state of the statute as I think, it seems harsh that the maximum penalty should have been imposed in any view of the law and being of the opinion that Section 17 of Chapter 16 Acts of Assembly, 1909 cannot be harmonized with Section 17 in any reasonable view, but is, on the contrary, repealed by it, I quash the conviction and order of the court below but without costs."

This judgment will also apply to the case of Wm. H. Keller in whose case the facts were identical with those in the Carroll case.

MacRae, Sinclair & MacRae and Dr. W. B. Wallace appeared for Carroll, and J. F. D. Lewin for the license commissioners.

BEGINNING OF THE END?

"Why do they call the mammoth steamship, which is a giant of the sea, and named the Emperor, 'she'?"

"Ain't it what all of us are coming sections by supposing that Section 16?"—Baltimore American.

WIRELESS STATION FOR NEWCASTLE

Newcastle, July 10.—Newcastle is to be the Atlantic terminus of the Universal Radio Syndicate, which will establish a wireless service from Britain to this town as a link in an all-British world encircling electric service. Land wires have been secured from Vancouver to Montreal and the company is negotiating for purchase of existing lines between Montreal. The existing Pacific cable will be used and so on westward back to Britain.

The company has purchased 57 acres of land here including the whole block from the rear of the building lots in high street to I. C. R. track and between Adams Lane and Hogan Lane. Alderman Falconer has sold 21 acres, Mr. Woodworth, of Marysville, about 19 acres of the Craig property; Edward Hickey four acres; the St. James Presbyterian church four acres; and Alexander his house and barn and nine acres.

The money was paid over yesterday,

and the day before, and the contractor is expected to arrive to begin work next week. Newcastle being the receiving station a vast tower will be erected, and the permanent staff is expected to be 40 to 50 men.

A Montreal concern has contracted to build and install the plant. The steel tower will be 300 feet high. It is being constructed in England and will be shipped out in sections. Round this central tower will be grouped six other towers each one hundred feet high connected by copper wire with the central tower. A dynamo to operate the plant will need a 250 horse power engine to drive it.

The Canadian government's arrangement with the syndicate is for five years at the end of which the government has power to take over and operate the service as a government work.

Mayor George Alexander of Los Angeles, whose term will expire on July 11, says that during his four years and three months in office he has signed his name 108,000 times. In that time he has received in salary \$15,300, which, if it had been paid merely for the signing of his name, would have made the cost of each signature about 14 cents.

Jeff Must Have Been Thinking of the Battle of Waterloo

By "Bud" Fisher

"I Can Build an Airship That Will Carry 200 Persons Across the Atlantic in 50 Hours!"

-AVIATOR LOUIS BLERIOT

(Times Special Correspondence) Paris, June 30.—Louis Blériot, the first man ever to fly across the English channel, has just told some astonishing things about the possibility of a trans-Atlantic flight.

One of the most astonishing is that he thinks it impracticable. Blériot is as

LOUIS BLERIOT.

great an expert in the mathematics of aviation as he is in the art of actually flying a machine. He is a scientist, and he has all the time operating a factory and experimenting. "Do you think it is possible to fly across the Atlantic?" I asked him. "Perhaps, but I would not wish to try it with the aeroplanes we have today. Only the very best of luck—miraculous luck—could get a flyer across. An attempt would be full of danger, with many odds in favor of failure and death. "Why would it be dangerous?" "Because, on the wastes of the Atlantic, the flyer would have to alight beside the shore several times to secure fuel, and how could he be sure that he would find the ships? Even if there were a string of ships 200 miles apart—and that is not a long distance for a non-stop flight in these days—how could he find his way from one ship to the next? There is no known way by which an aviator can follow a trail across the Atlantic; his compass might show that his machine headed for America and the west, but in reality the moving air might be carrying the flyer southward, without his knowledge, away from the next ship that he

is seeking. It would be much the same as being lost in a desert.

"But it would be possible to build an aeroplane that could carry enough fuel for a non-stop flight across the Atlantic?"

"Now you're talking," said Blériot.

"If I had the money and there was a commercial demand for it, I could build an aeroplane within two years that would cross the Atlantic ocean in 50 hours! I have figured it all out and made all my calculations."

"How many persons would such an aeroplane carry?"

"It would easily carry two hundred persons, in addition to the fuel!"

The great aviator drew a pencil from his pocket and made some hurried calculations.

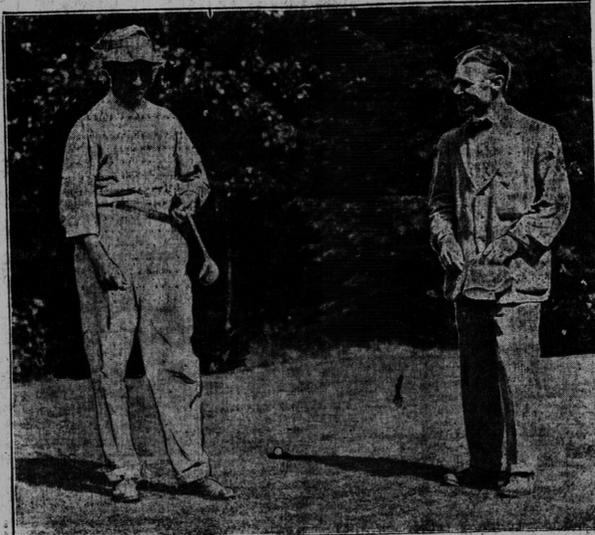

"My plan would be," he said, "to have an aeroplane of 10,000 horsepower. You see," he explained, "we figure that every horsepower carries 22 pounds, so our big trans-Atlantic aeroplane might weigh 220,000 pounds or 110 tons. The engine and fuel, together with the necessary lubricating oil would weigh about 25 tons. I could build a very safe aeroplane that would weigh 40 tons, aside from the engine, and this would leave us 40 tons for the passengers. This would mean about 200 passengers, unless it was desired to use some of this passenger-tonnage in supplying luxurious surroundings for the passengers."

"How soon do you suppose, will such aeroplanes carry passengers across the Atlantic?"

"It is a simple problem in mathematics. Suppose an aeroplane, no matter how gigantic it is, has a speed of 100 miles an hour and suppose it encounters a wind of 120 miles an hour. The result would be that the airship would travel back towards 20 miles an hour. You see the difference between a water ship and an airship is that the ocean in which the water ship sails always remains stationary."

"Within a very few years," he concluded, "a trans-Atlantic aeroplane that is safe in ordinary weather may be built, but the man who crosses the Atlantic in the ordinary aeroplane of today must be an exceptionally brave and a miraculously lucky flyer—too much so, I fear, to be true!"

TWO CRACK UPPER CANADIAN GOLFERS

A. A. Adams of Hamilton, and S. T. Blackwood, a Toronto Varsity man, tossing for position at the start of the fourth round in the Canadian Golf Championships at Toronto. Blackwood defeated Adams, four up and two to go, and entered the semi-finals, only to be defeated by Gerald Lees of Ottawa.

Briefs of Sport

The Cambridge University Cricket eleven today beat the Oxford University team by four wickets in their annual three days' match at Lords ground. Bowlers, the Oldtown, Maine, Indian, intends to team up with Tom Longboat in a series of relay races against Alf Shrubb and Fred Meadows, Ted Woods and Billy Quail. Soxalexis was third in the Swedish Marathon and second in the Boston Marathon last year. The pro relay races will be held in Brooklyn, July 28, August 2 and 9. George Mullin, the world's series star with Detroit against Pittsburgh and lately with Washington, has joined the Montreal team. The injury to Honus Wagner's knee is very slow in mending and Pittsburgh, fearing his permanent retirement, is looking for a new shortstop. Pitcher "Lefty" Schwenk, of the local South Michigan League team, has just hung up a record which is believed to be unequalled in recent years of organized baseball. In four days he pitched four full games and finished another—36 innings in all. He struck out 38 men in 36 innings and allowed 21 hits which netted his opponents seven runs.

News of the Boxers

Young Denny and Clarence Ferns have been rematched to box in New Orleans on July 21. Bill Benyon, who recently won the English bantamweight championship from Digger Stanley, is planning an American invasion. He has a match on with Addie Morgan to be decided in the near future, and if successful Benyon will sail for the United States immediately afterward. At Brown's A. A., Far Rockaway, tonight two ten-round bouts are to be boxed. Al Schubert, a New Bedford bantamweight, who has made quite an impression on the New York fans, will meet K. O. Eggers of that city, and Johnny Dohan, a veteran lightweight of Brooklyn, will mix it with Faddy Sullivan of New York.

Great Pitching Record

Saginaw, Mich., July 10.—Pitcher Schwenk of the local South Michigan League team has just hung up a record which is believed to be unequalled in recent years of organized baseball. In four days he pitched four full games and finished another—36 innings in all. He struck out 38 men in 36 innings and allowed 21 hits which netted his opponents seven runs.

Collins, Philadelphia; Beal, Chicago; Strank, Philadelphia; Lajole, Cleveland; Stovall, St. Louis; McInnis, Philadelphia; Baker, Philadelphia; Engle, Boston; Oldring, Philadelphia; Zeider, Chicago; Yeach, Detroit; Gandill, Washington.

DID NOT WANT JOHNSON IN PARIS HOTELS

Paris, July 11.—Jack Johnson strongly wishes that he intends to remain in Paris to escape the jurisdiction of the federal law in the United States. A statement was published through the United States to the effect that you intended to forfeit your \$30,000 bail in Chicago, and make your home in France, Johnson was informed by the reporter.

"That isn't true," he vehemently denied. "I'll go back to America when they want me."

Johnson said he was planning to go to Russia soon, and return to Paris in September. Johnson has arranged to fight in Paris during the early fall. On arrival he drove around Paris in a taxicab in search of rooms and was followed by a string of cars containing reporters. He first went to the Grand Hotel, but was told there that all the rooms were occupied. He then applied at the Ritz, the Excelsior and the Excelsior, all of which informed him that they had no accommodations to extend to him. Johnson then drove to the Hotel Neuilly, where a similar excuse was offered for refusing a room. Finally he was able to book luxurious apartments at the Hotel Terminus.

LEADING RUN GETTERS AND BASE STEALERS IN MAJOR LEAGUES

The ten leading run getters in the American League are: Collins, Philadelphia, 68; Baker, Philadelphia, 62; Speaker, Boston, 59; Jackson, Cleveland, 56; Shotton, St. Louis, 55; Hooper, Boston, 53; Oldring, Philadelphia, 53; E. Murphy, Philadelphia, 51; Johnston, Cleveland, 48; Bush, Detroit, 48. The leading base stealers in the American League are: Milan, Washington, 43; Moeller, Washington, 29; Speaker, Boston, 27; Collins, Philadelphia, 27; Bush, Detroit, 24; Moriarty, Detroit, 22; Oldring, Philadelphia, 21; Cobb, Detroit, 21.

Text includes: 'Made in Smart Styles, Suitable For Every Outdoor Occasion. YOUR DEALER HAS THEM. You Might As Well Get THE BEST. THE BEST CANADIAN COMBODATED RUBBER CO., LIMITED. MONTREAL.'

SPORT NEWS OF A DAY; AT HOME AND ABROAD

BASEBALL

Two St. Croix Players Sold

Bangor Commercial: It is reported in the league that two of the St. Croix team have been purchased by Charles Comiskey, manager of the Chicago White Sox.

McPherson, the third baseman and shortstop respectively. McPherson and Lynch are top-notchers in the Maine-New Brunswick league and it is said that they attracted the attention of a scout for the White Sox.

Cobb Isn't a Slave

Persons who declare that Tyrus Raymond Cobb was a baseball "slave" last spring, when the Detroit club refused to sign him for a \$45,000 salary, but finally compromised with him for \$12,000, are doing some thinking just now.

Joe Still Going Strong

"Iron Man" Joe McGinnity, who not so many years ago pitched and won double-headers for the Giants, is still at it. Pitching for the Tacoma Club of the Northwestern League, McGinnity worked in parts of 24 games in 40 days, hurling 144 innings.

National League

At Philadelphia—Pittsburg 8, Philadelphia 2. Batteries: McQuillen and Simon; Chalmers, Howley and Killifer. At Chicago—Chicago 3; New York

2 Batteries: Smith and Bresnahan; Mathewson and Wilson.

At Brooklyn—Cincinnati 10, Brooklyn 3. Batteries: Brown and Kling; Rucker, Hall, Wagner, Kent and Fischer. At Boston—Boston 8, St. Louis 1. Batteries: Harmon and Wingo; Perdue and Regan.

American League

At Detroit—Detroit 4, Washington 2. Batteries: Hughes and Henry; Hall and McKee. At Chicago—New York 2, Chicago 1. Batteries: Warhop, McConnell and Smith; Russell and Schalk.

At St. Louis—Boston 6, St. Louis 2. Batteries: Foster and Thomas; Baumgartner and Agnew. At Cleveland—Cleveland 4, Philadelphia 1. Batteries: Falkenberg and Carlsch; Plank, Houck and Lapp.

International League

At Toronto—Toronto 6, Montreal 1. Batteries: Mullin and Madden; Hearne and Graham. At Baltimore—Jersey City 5, Baltimore 1. Batteries: Cottrell, Danforth, Walker and Egan; McHale and Blair.

At Rochester, 4; Buffalo 0. Batteries: Wilhelm and Williams; Main and Longue. At Providence—Providence 8, Newark 2. Batteries: Rine and Omlow; Schact and McCarty.

Double Headers

Thomas J. Lynch, president of the National League, announces the dates for playing off all postponed and tie games up to July 7, so that schedules may be revised.

No fewer than thirty double-headers will be played on open dates. New York, Boston and Philadelphia lead in bargain-day attractions, with six double-headers each, while Pittsburg has four, Brooklyn three, Cincinnati and St. Louis two each and Chicago only one.

The Giants have extra games to play at the Polo Grounds with St. Louis (two), Pittsburg, Brooklyn and Philadelphia (two). On the road they have

one double-header with Boston, one with St. Louis and a single game with Brooklyn on Aug 12, originally an open date.

Getting After Betting

Attorney John P. Peeny and Sgt. Barry and Anderson of Boston are testing the idle and disorderly law in the Municipal Criminal Court before Judge Ely. The majority of those assembled in court were "sports" said to be bettors on baseball games and horse racing.

Daniel J. Sullivan, 20 years old, of Roxbury; Joseph J. Sullivan, better known as "Sport" Sullivan of Sharon; George E. Boyle, 22 and John Carr, both of Boston are named in the same complaint.

All four were arrested about three weeks ago. When taken into custody, as it is alleged, the men had thousands of dollars and called themselves business men.

Attorney Peeny told the judge that the men were not of the idle and disorderly character, that they were employed, that they all had money and he would show that there was no case against his clients such as drawn up by the police.

Sgt. Barry, contended that he knew the men, that he had witnessed each of them, that they are not employed by any one; that they spend their time idly, and bet on base ball games played day by day.

It was decided that Daniel J. Sullivan be first put on trial. Sgt. Barry said that he had known the defendant and the others for a long time. From December to June he saw Sullivan many times in the vicinity of Washington and Essex streets and saw him pass and receive bills and get slips. The money, he said, would be put into one pocket, and the slips into another. He could not give any specific dates. He said he was present when Sullivan was arrested and heard Sgt. Anderson ask him what he did for a living and the reply was that he didn't do anything for a year and a half.

Police Officer Oscar W. Burgess told of seeing Sullivan many times in the vicinity of Washington and Essex streets and Harrison avenue. He saw him pass money to men on many days in June and some in May. He also saw him give slips to the men. On some days he saw as many as 12 men pass money to the defendant.

Diamond Sparkies McQuillen was put to work by Fred Clarke pretty soon after joining the Pirates. He got into Tuesday's game against Philadelphia, which Pittsburg won in ten innings.

Leon Ames seems to be doing better with the Reds than he did with the Giants. He held Brooklyn to seven hits and one run on Wednesday, although his showing was nothing to brag about.

Edwin Eaves, a seasonal pitcher of Brown University this year, who signed to play with the Pittsburg Pirates, has been passed along to the Columbus Club.

TENNIS

Fairville Tennis Club.

At a recent meeting of the Fairville Tennis Club the following officers for the ensuing year were elected: President, Miss McLeod; vice-president, Rev. H. R. Boyer; secretary, Miss Beattie Stevens.

For some time past workmen have been engaged in putting the court in suitable condition for playing. Many improvements have been made and the field presents a very pleasing appearance in its neat arrangement.

Americans Beat Germans.

Nottingham, England, July 10.—Mauro E. McLoughlin and R. Morris Wilson, two Canadian tennis players, were defeated today by Americans, Otto Frohstheim and Oscar Kreuter, United States team, in a favorable position for winning the semi-final round of the Davis cup preliminary, as it is only necessary to win one more match of the three still to be played in order to advance into the final where they will meet either Canada or Belgium.

Canadian Win Both Matches.

Wimbledon, England, July 10.—Canada finished with two matches in hand the first day's play in the semi-finals of the Davis cup preliminary, against the United States and with every prospect of meeting in the final round at Wimbledon the men of the United States set against Germany at Nottingham.

R. B. Powell, the Canadian captain, and J. Schwenker, the Canadian champion, won their matches against P. De Borman and A. S. Watson, respectively, without the loss of a single set. Powell, winner by the score of 6-2, 6-1, 6-1, and Schwenker by 6-4, 6-1, 6-0.

4,000 For Harrington

Frank Harrington, the pitcher who played with the St. Peters here three years ago and who made such a fine showing with the Fredericton team last season has been sold by Manager Flaherty of the Lynn team to the Cincinnati Nationals for \$4,000. Joe Tinker of Cincinnati has had his scout O'Hara follow Harrington for three weeks and has received such good reports of his work that he has decided to buy him. He will join the Reds at the end of the New England league season.

GOLF

English Champion Not Coming

London, July 11.—J. H. Taylor, open golf champion of England, has finally decided not to join Harry Vardon and Edward Ray in the American tour during which Vardon and Ray will compete in the open championship tournament at Brookline, Mass. They will sail on August 6, accompanied by Wilfrid R. Bell, a professional at the Banded Downs club, and Louis Teller, a French professional.

CRICKET

Makes it a Draw

Philadelphia, July 10.—The Montreal cricketers succeeded in making a draw of their match with the Germantown Cricket Club, which ended today after seven of the visitors had been retired in their second innings, when 228 runs had been scored. Germantown scored 122 runs in the first innings and the Canadians 278. The local players had scored 372 runs for seven wickets when play ended yesterday.

Cricket Match

The St. John Cricket Club and the Atlantic Sugar Refinery Club will play a return match tomorrow on the Barrens Square, starting at 2.30 p. m. The St. John team will be as follows: Solow, Hayes, Crawford, Williamson, Gilroy, Popham, Trotter, Smeaton, Coulburn, Sturges, Shibus, Munroe, Laird and C. E. Macmichael will be umpire.

AQUATIC

Defender is Chosen

New York, July 11.—At a special meeting of the international committee of the New York Canoe Club last night, it was decided to let Leo Friede of the Manhattan Canoe Club, defend the international cup against Ralph B. Britton, the Canadian challenger.

ROYALS GET HIM

George Mullin, a veteran Detroit pitcher, once the mainstay of their team, who has drifted back to the minors. He goes to Montreal in the International League. He has been with Connie Mack's Athletics but failed to make a success there.

THE TURF

Port Huron Races

Port Huron, Mich., July 11.—No Canadian horse figured prominently in Thursday's events at the local track. Michigan King won the \$1,000 stake for 2 1/2 years, Corwin Hall, a Pennsylvania horse, took the \$250 stake, and Babe, an Ohio horse, driven by Jamison, annexed two heats of the unfinished 2,000 pace.

Cleveland Races

Cleveland, July 10.—A. S. Rodney, of Jersey City, bids fair to become the big money-winning driver of the opening Grand Circuit meeting, as he won the \$5,000 Ohio stake today after winning the \$2,000 Faug yesterday. With apparent ease, Maryland, Rodney driving, carried off the opening stake in today's big event in straight heats.

The veteran "Pop" Geers, who until today had not won a heat, took first in the championship pacing sweepstakes and the 2 1/2 trot. Stethmo Lad, a strong favorite in the 2 1/4 pace, repaid the confidence of his supporters by taking the event in straight heats. Summary:

2 1/4 Class, Pacing, Three Heats; Purse \$1,200.

HOSIERY

Nothing is more disappointing than a poor quality of hosiery, and there are few things in which it is so difficult for anyone but an expert to distinguish the worthy from the unworthy.

We protect the patrons of our hosiery department from dissatisfaction by handling only qualities that we know to be trustworthy. We buy from only reliable makers, and subject every purchase to a minute examination, rejecting every pair of stockings that does not come up to the high standard we've set for ourselves.

We have stockings for as little as 25c, and for as much as \$1.00. Every pair from the lowest to the highest price is a thoroughly good quality which is certain to prove eminently satisfactory. You'll find a complete stock of light and medium weights here, in all sizes.

LOCAL NEWS

HOME AFTER VACATION
Rev. Henry Pierce, accompanied by Mrs. Pierce and family, has returned to the city after spending his vacation in Prince Edward Island and has resumed his duties as pastor of the Portland Methodist church.

POWER COMPANY TAXES
James P. Kilby, treasurer of the town of Grand Falls, gives notice in the Royal Gazette that the sum of \$740 for taxes has been assessed against the Grand Falls Power Company, Limited, and unless it is paid before July 28, an execution will be issued.

NORTH END ACCIDENT.
A young lad named Sinatad, son of Albert Sinatad, the North End, was run over by a cart this morning in Main street in front of T. J. Durick's drug store. He was picked up by two men who were witnesses of the accident and carried into the drug store unconscious. Restoratives were administered to him and he was soon brought to himself and later was able to walk to his home at 178 Victoria street.

TOURING EASTERN STATES
George W. Fowler, M. P., accompanied by his wife and son, Eric, left for Boston on Thursday. At that point they will be joined by Miss Winnifred Fowler, and Mr. Fowler's sister, Mrs. Robinson, of Havelock. The party will make a tour of the Eastern States in Mr. Fowler's new seven-passenger Sturges-Duryea auto, and will be absent for several weeks.

HELD PICNIC
The members of the Altar Society collecting staff and the promoters of the Sacred Heart League of St. Peter's church were yesterday guests at a picnic held in appreciation of their services. It was given at Chapel Grove on the grounds of the Redemptorist fathers. They left on the steamer Hampton and though the weather turned out very disagreeable in the afternoon, they spent a most enjoyable time.

THE STEAMERS
Allan Line's Virginia was 164 miles east of Cape Race at one o'clock on Wednesday afternoon and is due at Quebec Saturday morning and at Montreal on Sunday morning.
The Allan Line's Corinthian arrived at the Hook at 1 p. m. yesterday.
The Allan Line's Victorian was reported 470 miles west of Main Head at 2 p. m. on Wednesday and is due in Liverpool early this morning.

HIS FOOT INJURED
As Wm. L. Belyea of Brown's Flat was standing in front of the warehouse of the Suburban S. S. Co. waiting for some parcels he was expecting before the steamer Oceanic was due to leave her wharf on Wednesday, a piece of rock was hurled into the air and fell on his foot hurting him badly. He had to be carried on board the steamer. At Brown's Flat Dr. Jack attended him. He is still confined to the house.

TWO SCHOONERS ALEAK IN BAY

One is Towed Here and the Other To St. Martins

Two three masted schooners, the George W. Anderson, from Shuley, N. S. to Boston with lumber, and the J. S. Lamphrey, from Matland to Boston, also with lumber, sprung leaks in the Bay of Fundy early this morning and had to summon help from this port as they were rapidly filling. The former was in the more serious condition, although the Lamphrey shipped considerable water and chafed her stern against the rocks of Mispec Point. The tugboats Wasson and G. K. King went to her assistance and she was towed into port where she will undergo repairs.
The schooner Anderson began to leak quite badly when about off Quaco, and a call was sent for aid. The tug Wasson went to the assistance of this vessel also, and towed her into St. John with much water in her. The cargoes of both schooners were consigned to Stetson, Cutler & Co. in Boston.
Anderson is registered as the property of Truman S. Belyea. She had been laid up for the last few months. She is an American vessel built in 1872 at Newburg, N. Y., while the Lamphrey is an American schooner also, the property of C. W. Chauncey & Co., New York. The cargoes are insured by the British North America Co., while the insurance on the vessels is held by firms in Boston.

WEEK END GAMES WITH ST. CROIX TEAMS

It was said today that although there had been reports of a transfer of the Indian pitcher Turbell, of the Marathon staff for Ahearn of Fredericton, arrangements have not as yet been made.
The St. Croix team is here for games with the Marathons today and tomorrow. Shanley and Lebrun were to be the battery for the locals today. These clubs are very evenly matched and fast baseball is expected. In tomorrow's game the fans will have a chance of seeing Charles, the new Marathon pitcher who made such a record for himself on last Saturday. The line up will be the same with Shanley on first. The new catcher that will hold the position for the Marathons has been engaged only for a few days in order to give the Marathon backstops, who are two of the most popular in the league, a well earned rest.
On account of the rain yesterday there was no game played in the capital.
For Tuesday, the management have again decided to throw the grounds open to the children and through the kindness of the commissioners, a band of music will be furnished. All the children are invited to attend. This includes all the orphans of both institutions.

LOOKING BETTER

Local Bank Clearings Nearly Up To Last Year's.

The St. John bank clearings for the week ending July 10 were \$2,078,077, corresponding week last year, \$2,078,709.

NOW TALK STRIKE ON INTERCOLONIAL

Matters Not Well at Conference in Moncton

MEN NOT SATISFIED

Heads of Orders Expected to Take up Questions at Issue and if There is No Result Then There May Be Strike or Arbitration

There is trouble brewing on the I. C. R. Apparently all was not harmony at the session held this week in Moncton when the joint committees of the Brotherhood of Railway Trainmen and the Order of Railway Conductors for the Intercolonial system were in conference with F. P. Gutelius, general manager of the road. It was said today that the head officials of the organizations mentioned were expected to arrive in Moncton today or tomorrow to interview Mr. Gutelius in behalf of the members of their respective bodies in an endeavor to settle the grievances of the men. The prospect of a strike in case an agreement were not reached, was hinted at and should such ensue, it would be a dispatch from Moncton on Wednesday was to the effect that the trainmen were very well pleased with the results of the meeting with the general manager, but it developed today that there is much dissatisfaction amongst the majority of the men concerning certain propositions put to the committees for conductors, and \$20 a month for conductors, and \$20 for brakemen, but in order to receive it they would be required to work longer shifts and cover more miles.
The head officials of the orders are expected to deal with this question when they reach Moncton, but it was said today that few of the men were in favor of the project as outlined by Mr. Gutelius. As regards the matter of crews and their complement things were satisfactorily arranged, but the other issues are expected to involve serious difficulties and either a strike amongst the trainmen or a submission of the case to arbitrators will be the probable result if the matter is not amicably settled.
A Moncton dispatch says:—The following officials will be present: P. E. "C. A. Hayes is appointed general traffic manager of the I. C. R.; P. E. Shannon is appointed controller and C. B. Brown is appointed chief engineer with office in Moncton."

ARTILLERY TO SERVICE IN ST. MARY'S CHURCH ON SUNDAY MORNING

Inspection Next Week — Promotions in Numbers One and Two Companies

The following regimental dress for 3rd New Brunswick Regiment Canadian Artillery are issued by Lieut. Colonel E. R. Armstrong, commanding.
The annual church parade of the regiment will be held at St. Mary's church on Sunday morning, the 12th inst., at 10.40 a. m., dress church parade order.
The annual inspection of the corps will be held on Monday and Tuesday evenings, the 14th and 15th inst., commencing at 8 p. m.
On Monday evening the regiment will parade in review order and be inspected in infantry by the inspector of artillery, after which No. 1 company will be inspected in gun drill. Muster parade will also be held on that evening.
On Tuesday evening No. 2 and 3 Company will be inspected in gun drill and in the honor guard. The annual training as authorized will be present to answer their questions and the regimental and company books will be inspected.
