INQUIRING INTO WOMAN'S DEATH

Mrs. Hooper of Watertown, Mass., Dies Here. DIED IN HOSPITAL

Returning Home From P. E. Island, Ill on Train and Spent Night in Hotel - Found Apparently in Stupor Next Morning - Husband Arrives

Coroner D. E. Berryman is investigating the death of Mrs. Emma Hooper, of Watertown, Mass., who arrived in the city on Wednesday last and had been under treatment in the General Hospital until last evening, when her death occurred.

Mrs. Hooper had been on a visit to her former home in Prince Edward Island and was returning to Watertown. She was ill on the train and decided to stay in the Dufferin Hotel, registering under another name, though no significance is attached to this circumstance.

During the night she apparently arose and in some manner cut her wrist on a broken cup, for she was found by a bell-boy the following morning, apparently in a stupor. Dr. A. F. Emery was summoned and after a brief examination ordered her removal to the hospital. The cut on her wrist, which barely scratched the skin, amounts to nothing, but she remained in a stupor. Last evening she suddenly passed away.

The coroner when asked about the matter today said he had questioned the

GENERAL FRENCH HERE TODAY

Passed Through to Halifax on Inspection Tour and Will Return in About a Week

General Sir John French, one of the leading figures in the British army, who is now on a tour of the dominion inspecting the military forces, passed through the city today on the Montreal train en route to Halifax, where he will inspect the troops there. He will return to St. John in about a week to inspect the local militia.

WIDOW OF SIL ROBT. READ DIES IN MONTREAL

Montreal, Que., June 7.—Lady Reid, widow of Sir Robert Reid, who built the Reid Newfoundland Railway, died here today.

Hooper, husband of the woman, who arrived in the city last evening, that it might be well to hold a post-mortem, though the coroner did not order it, one was to be made, but the result of the examination had not been reported to him this afternoon.

Mr. Hooper, who was summoned here on account of his wife's illness, is a master carpenter in Watertown.

THIRTY-FOUR YEARS MINISTER; WILL SEEK REST FOR YEAR

Rev. James Crisp. The quarterly meeting of Zion Meth. church was held last evening. The membership returns were about the same as last year. The removals and discharges were seven and the additions were eight. The Sunday school returns showed an increase of \$23.25. The Ladies Aid Society raised \$25.45 compared with \$10.42 for the preceding year. F. S. Purdy was elected to attend the district meeting and F. A. McLean was elected recording steward and John Patterson, treasurer. The board had not extended an invitation to any minister, two were seen but

they both had previous engagements. An invitation may be given to some one before the conference or the matter may be left to the conference. Rogers were expected to be present. The time limit for Rev. Mr. Crisp was up. Mr. Crisp said he would like a year's rest next year if the conference would grant it. He has been preaching without a break for thirty-four years since his ordination, and during that time he never had an extended holiday. He said that since having a gripe last April he had not felt as well as usual and thought he ought to have a rest.

GIRL SUES COLLEGE PROFESSOR FOR \$50,000

New York, June 7.—Letters numbering more than one hundred, containing tender expressions of love such as "I adore thee," "You're heavenly," and "My Darling Tessie," that Miss Esther Quinn declares that Professor Thurston Peck, instructor of Latin in Columbia University and noted literateur, penned to her will be introduced as evidence by her attorney, Daniel O'Reilly, in a suit of \$50,000 damages for alleged breach of promise to marry, that she has instituted against him. A general denial has been made by Professor Peck through his attorneys, Tappan & Bennett. Nearly all the letters Miss Quinn alleges she received, contain endearing phrases. Most of them were concluded with the expressions, "Your very own," "Always and always," "Lovingly" and "Affectionately."

LIONESS ATTACKS TRAINER

Thrilling Scene in Arena at Coney Island

IS BADLY HURT

Seven-Hundred Spectators See Maddened Animal Bite and Claw Prostrate Man—Women Flee in Terror

New York, June 7.—Peter Taylor, an animal trainer at Coney Island, was almost torn to pieces by a vicious lioness as he was about to give a performance in the Bostwick arena. Taylor's side was ripped open by a sweep of the animal's powerful paw and his back was ploughed by its claws. She also sank her teeth twice in his left arm. He is in a serious condition in the Emergency Hospital. In addition to the runaway with iron prods to drive the animals into the arena.

Women Rush For Exit

Five of them had made their appearance when suddenly the trainer and spectators heard a growl, followed by five or six screams in rapid succession, and a woman spat. Women began to shriek and there was a rush for the exits. Salkendorf and Bonavita hurried to the rear of the arena and tried to gain entrance, but they were locked and they had to send for a key. Constantly they heard the growl of Duchess and the groans of Taylor.

When they got the door open, in the dim light of the runway they saw Taylor lying motionless on his side, and the lioness, her eyes gleaming in the dusk, standing within two feet of him. With heavy iron prods they drove the beast back, and succeeded in dragging Taylor out.

They carried him into the tent proper and laid him on a bench, and he presented a sorry sight. His uniform was almost ripped from his side, his side and back were laid open, and his left arm hung limp and torn by his side. Drs. G. Harvey and Warren were called from the Emergency Hospital, and after superficial treatment the injured man was removed to the hospital.

Duchess Refuses to Obey. He did not regain consciousness until late at night, when he was able to talk briefly what happened. He said that all the rest of the animals called him in obedience to his commands, but that Duchess balked. When he struck her with the prod she leaped upon him, sinking her teeth in his arm and bearing him to the floor. Then she sank her teeth once again in his arm.

At this point Taylor says he fired his revolver into her face five times. She stood until the five shots had been fired, then reached over and whisked her great paw down his side. She reached over, gave him a cuff with her great paw, ripping her claws through his clothing and flesh, and then stood back, only to repeat the operation, and did this until he lost consciousness and the other trainers rescued him.

CHURCH UNION IS UP TODAY

Principal Patrick Speaks at the General Assembly

A BASIS OF UNION

The Speaker Interrupted by Dr. Campbell on Matter of Proceedings in St. John in 1904—'Greatest Achievement Since Reformation'

Halifax, N. S., June 7.—(Special)—St. Matthew's church was again thronged at the morning adoration of the Presbyterians General Assembly. Many ladies were present. Principal Patrick began his sixth annual memorable deliverance on "Church Union." He said the origin of this movement went back to the frontier churches, in the sporadic attempts to arrange harmonious plans to divide the work. With the sense of inadequacy of these makeshift arrangements the Methodist general conference meeting in Winnipeg in 1902 addressed itself to the solution of this problem. Then in St. John in 1904, the general assembly, being invited to enter into negotiations agreed with unanimity to do so.

NO PILOT AT ALL TO BARK NOW

Johnson Says Nolan is Not His Manager

HE'S WORRYING

Has Taken Off More Weight Since Training Began Than in His Prostrate Man—Canadian Pugilist Has a Hard Contest on Hand

San Francisco, June 7.—Though Jack Johnson's managerial situation is in a chaotic state the negro champion seems to be trying diligently to reassure his followers that all is well and that he can look after his own affairs without any extra aid. If Billy Nolan was really hired as Johnson's manager to succeed George Little, as announced on Sunday night, then Nolan's tenure of office has established perhaps a record for brevity.

Johnson stated emphatically last night that Nolan would not be his pilot. Just what brought about the hitch has not been ascertained. Here is Johnson's latest word on the matter—"I am through with George Little, and I don't need any one else. At that I am friendly with Billy Nolan, but I don't see where he could help me at this stage of the game. My training is going on nicely and all my contracts in regard to the fight and morning pictures have been signed. I understand Mr. Nolan is going back to his ranch in a day or two. Billy Delaney will be with me in a few days but he will only have to do with my training."

"I did not intend to be that low until some time ago. I will have to scheme to take on a few more pounds. I had worked out myself and believed I would reduce only about half a pound a day. However, I will accept everything will be all right in a few days."

New York, June 7.—Bobby Wilson, champion lightweight of Canada, and Bill Donovan, the Quaker City fighter, have been matched for ten rounds in the main event in the Sibley Club's stage on Thursday night. Both boys are game and willing scrappers, and the bout should be a good one. Donovan has a record of 12 wins and Young Ernie and is regarded as the best turned out in Philadelphia.

Twenty Lives or More Lost in Shock This Morning

PEOPLE IN TERROR

Buildings Are Razed and Much General Damage Caused—Disaster Chiefly Confined to One Province—Money Relief is Promptly Provided

Naples, June 7.—A severe earth shock caused a number of deaths and much property damage in Central Campania early today. The disturbance appears to have centered in the province of Avellino. Telegraph wires were torn down and communication with the affected district was broken. Messrs reports received this forenoon indicated that the greatest damage was done at Calitri in the province of Avellino. Calitri is said to be half destroyed and about twenty people have been killed. Other deaths occurred at Valata, nearby, and it is feared that fatalities will be reported from other villages, which for some time are cut off from communication with this city. The shock occurred at 3:07 o'clock this morning while the people were still in their beds. Many houses at Calitri tumbled, burying the occupants in the rubble.

Those who escaped death or serious injury fled terror stricken from their homes and into the country. None waited to don street clothes and as a result many subsequently suffered from exposure.

Troops were dispatched from all quarters into the affected district as soon as the loss of life and property damage became known to the government and the officials of nearby cities.

The shocks were felt here but no damage was done in this immediate vicinity. News from Salerno, at the head of the Gulf of Salerno, thirty miles southwest of Naples, is to the effect that the shock was distressing there and caused considerable damage. Details are lacking.

The shock is reported to have been felt in the province of Avellino. It was also felt strongly, but for a shorter period of time, at Caserta, Paoli, Casertano, Rogio, Potenza, Benevento, Capri and Melfi. It is said, however, that the damage in these towns was not serious and that there was no loss of life.

TODAY'S NEWS FROM THE RAILWAY TOWN

Moncton, June 7.—(Special)—Johnny Burns, of New York, and Dan McDonald, the sage Breton wrestler and boxer, are preparing for their ten-round bout in the Victoria Riak here on Thursday night. Considerable interest is being taken in the event.

Westmorland County court will open in the afternoon. Judge Wells presiding. The most important criminal matter in the book against 'Sag' from Casertano, Paolo, Casertano, Rogio, Potenza, Benevento, Capri and Melfi. It is said, however, that the damage in these towns was not serious and that there was no loss of life.

SEVERAL TOWNS SAFFER

Rome, June 7.—According to reports received by the government, Calitri, in the province of Avellino, suffered seriously from a succession of earthquakes that occurred early today. It is said that about twenty people were killed but the number of those injured is not determined.

The shocks were also felt in Valta, where several houses fell and a number of people were injured. So far as known no one was killed there.

At Sansepolcro, another village of 2,500 inhabitants, several houses fell and a number of people were injured, but so far as learned, no deaths occurred. As soon as news of the disaster was received here Premier Luzzatti ordered a concentration of the troops in the zone where the shocks were felt. The premier took personal direction of the work of rescue. He and a corps of medical men with ambulances to the scene.

The prefect of Avellino has sent an urgent message to the government for \$2,000 for immediate use. Premier Luzzatti at once forwarded \$10,000 to the prefect. The minister of public works has left for the scene of the earth shocks. He is accompanied by the officials of his department. (Continued on page 3; sixth column)

MAKES STATEMENT OF THE AFFAIRS OF ST. STEPHEN BANK

More bread and Better bread - And the Reason for it

A STRONG FLOUR can only be made from strong wheat. Manitoba has wheat is acknowledged the strongest in the world - and that is the kind used for Purify Flour.

But that's not all. Every grain of this wheat contains both high-grade and low-grade properties. In separating the high-grade parts from the low-grade Western Canada Flour Mills put the hard wheat through a process so exacting that not a single low-grade part has the remotest chance of getting in with the high-grade.

Of course this special process is more expensive to operate but it means a lot to Purify Flour users - that's why we use it. It means that Purify Flour is made entirely of the highest-grade flour parts of the strongest wheat in the world.

It means a high-class, strong flour and therefore yields "more bread and better bread." Purify may cost a little more than some flours, but results prove it the cheapest and most economical after all.

New York Financial Bureau. New York, June 7.—Developments this morning show changed conditions overnight. The weakness of yesterday may have been a final speculative rally. Our information indicates a right-about-face. It is not likely that the market will at once move to the levels previously recorded prior to the rate reduction but we think the bearish attitude should now be abandoned. Good stocks are cheap with the certainty that reasonable rate advances will ultimately be brought about. The technique of the market is good, as we have frequently stated. The shortage is larger than for many months and a bearish note is impossible. Should the market open higher and advance rapidly, it would not climb after stocks, but would await a reasonable reaction. Should it open about the closing of yesterday we think immediate purchases in standard issues should be made. Unless there is a change from the news of overnight, we suggest the conservative bull position be substituted for that recommended during the last few days.

Hard on the Eyesight. (From the British Reviewer.) Looking into the fire, particularly a coal fire, is very injurious to the eyes. The stimulus of fire and heat united soon destroys the eyes. Looking at molten iron in the twilight is injurious to the eyes, as they are obliged to make great exertion. Reading or sewing with a side light injures the eyes, as both eyes should be exposed to an equal degree of light. The reason is the sympathy between the eyes is so great that the pupil of one eye is dilated by being kept partially in the shade the eye that is exposed cannot contract itself sufficiently for protection and will ultimately be injured.

KIDNAPPED OR MURDERED Marian Fay Leaves New York For Church and Disappears

New York, June 7.—Wearing her confirmation suit Marian Fay, 12 years old, left her home in West 4th street on Sunday on her way to the church of the Sacred Heart. She did not return home and detectives are looking for her in the belief that she has been stolen and is held a prisoner or that she has been murdered.

Marian Fay is the second girl who has disappeared in the last few days. The police are also seeking Helen Sullivan, 8 years old, who was reported to have been seen in a moving picture theatre with a veiled woman, and seemed anxious to keep out of sight.

The only clue to the Fay girl's disappearance was the name of her playmate, Edna Runtz, who says that she and Marian had been approached several times when they were on their way to school by a strange man, who offered them candy.

SPORT NEWS OF A DAY; AT HOME AND ABROAD

There are few readers of the dope of the fight camps these days who know exactly the rules under which the big fellows come together. When pugilists of any prominence come to a hand to hand meeting it is usually set forth in their articles of agreement that the fight shall be a fair stand-up fight under the Marquis of Queensbury rules.

The Marquis of Queensbury rules are these—

1. To be a fair stand-up boxing match in a fourteen-foot ring, or as near that size as practicable.
2. No wrestling or hugging allowed.
3. The rounds to be of three minutes duration, and one minute time between the rounds.
4. If either man fall through weakness or otherwise, he must get up unassisted, ten seconds to be allowed him to do so, other man meanwhile to return to his corner, and when the fallen man is up he shall be the power of the referee to give his award in favor of the other man.
5. A man hanging on the ropes in a helpless state, with his toes off the ground, shall be considered down.
6. No seconds or other person to be allowed in the ring during the rounds.
7. Should the contest be stopped by any unavoidable interference, the referee to name time and place, as soon as possible, for finishing the contest; so that the match may be won and lost, unless the backers of both men agree to draw the stakes.
8. The gloves to be fair-sized boxing gloves of the best quality and new.
9. Should a glove burst or come off, it must be replaced by the referee, unless the referee is satisfied that the glove is in good condition.
10. A man on one knee is considered down, and if struck is entitled to a rest.
11. No shoes or boots with springs allowed.
12. The contest in all other respects to be governed by revised rules of the London prize ring.

Silence!

The instinct of modesty natural in every woman is often a great hindrance to the cure of many diseases. Women shrink from the personal attention of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they spend in silence a condition of disease which surely profits from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a relief for modesty by his "Silence" medicine.

Dr. Pierce's Favorite Prescription regulates the womanly functions, restores vitality and puts the finishing touch of health on every weak woman who gives it a fair trial.

It Makes Weak Women Strong, Sick Women Well.

AMUSEMENTS FOR OURSELVES AND OTHERS

MISS WETMORE DELIGHTS ALL.

Last night's concert in Centenary school house was a most interesting and enjoyable event and proved to be a veritable feast of song, richly rewarding the large number who braved the inclemency and unpleasantness of the elements which had to be done to get to the place.

Let it be said at once that all that had been said about Miss Helene Wetmore and her wonderful development as a singer was fully vindicated last evening. The richness and variety of her tones, her power of coloratura, the clarity and delicacy of her trills and runs, the clearness and beauty of her expression—all these qualities denoting the finished artist, coupled with a magnificent stage presence, are here so definitely and have been factors in the great success which has already come to her. Miss Wetmore's voice was in the best of condition last evening, as was amply evidenced in her exciting opening number, "Ab Ego Sum."

Her group of songs was most felicitous in choice and the expression which characterized them, while her voice showed itself in all its brightness and sweetness in "With Yecire Clad," followed by the dramatic "Ninety and Nine." The singing of C. A. Munroe and the beautiful and instant impression on the audience, his first number, "I Hear You Calling," afforded good scope for the ease of production of his upper tones. In responding to an unwelcome encore, "Four Leaf Clover," he was equally successful in his second appearance with "Pansy's Last Watch," responding to a complimentary on his debut on the St. John concert platform.

The remarkable quality of Guy Taylor's voice and the great richness and power which he manages to produce in his register was portrayed in the difficult and passionate "Rudolph's Recital," La Boheme. His encore was "Marie."

Mrs. J. M. Barnes and D. Arnold Fox played with good effect the fine and sonorous overture to "Ruy Blas." Mr. Fox handled the exciting accompaniment throughout with his usual skill and resourcefulness.

Miss Wetmore looked charming in a magnificent costume of white silk duchesse.

THE TURF

BRASILIAN IS DEAD.

A two line paragraph in a P. E. paper announces that Brazilian, 219, died last week at Montague of indigestion. Brazilian was one of the greatest trotting stallions in the maritime provinces. He was bred by C. M. Mahon, Tyrone, and was sired by Brown Wilkes, dam Olive, 231, 12, by Lakeland Abdallah. He was one of a number of horses which started in the Martine Colt Stakes, and afterwards became prominent.

No horse ever owned in the province had so much racing as a youngster as Brazilian; he won three first money out of five starts. He was a two-year-old, with a record of 248.12, and as a three-year-old won two races out of three, obtaining a record of 238.24. It was as a four-year-old that he did his great racing, starting in June at Montreal and competing in a half-dozen races on occasions two races a week, winning many heats. He was retired on July 18, 1909, and died on July 18, 1909, at Halifax last Sunday evening. He has been engaged to coach the North West Arm Club's orsman.

Edward Furness

Death came very suddenly last evening to Edward Furness, a greatly respected citizen of St. John, N. B. He had been apparently in his usual health all day, and about 6 o'clock sat down to his tea with the members of his family. After the meal he went into the yard and was taken with a weak spell. He was assisted into the house, where Dr. Barry and Dr. Currier were summoned in attendance. They could do nothing for him and he died about 10 o'clock. He had been around the mills but had been obliged to retire on account of his long illness. He is survived by his wife, three sons and six daughters. The funeral took place yesterday at Central North.

IT IS NOT IN THE BLOOD

Medicine Taken Internally Cannot Cure Eczema—It is Cured by Gerns

Eczema cannot be overcome by ordinary treatment and the old fashioned way of doing the system with food. Eczema is caused by a parasite germ that lives in the pores of the skin. It is generally a contagious disease. Until the parasite is completely destroyed and removed, eczema cannot be cured. Fully one-third of skin diseases are in the form of eczema.

"I so thoroughly believe that Reall Eczema Ointment will overcome eczema, that I am willing to make a promise to promptly return the money paid me for it should it in any way be unsatisfactory to the user."

Because of its remarkable cleansing, antiseptic, germicidal, and healing qualities, Reall Eczema Ointment has a very pronounced value in the treatment of skin diseases, especially in the form of eczema. It is a pleasant smelling, grayish-white ointment, and is very clean for use. Two sizes, 50c and \$1.00. Sold only at my store, The Reall Store, Chas. R. Watson, 100 King Street.

NICKEL'S NEW BILL PLEASES GENUINELY.

The Nickel caught the early-week crowd again yesterday afternoon and evening, and all the talent were most favorably received. Dewitt Cairns' return to his home town after a long season in Halifax, was one of the chief features of the programme. "The Indian Girl's Romance" was a typical Canadian story of the west, which the Hudson Bay Company held away. At any rate the applause was forthcoming, and this fact lends additional interest to the picture. This feature is the product of the Lubin company and it does in detail the costumes and manners of the times.

"The Parsian," a dramatic gem founded on social life in Paris, proved something out of the ordinary, giving an excellent moral lesson to the "idle rich." "The Storm," a beautifully colored film, showed one of the worst storms of recent years off the coast of Normandy, which is noted as one of the most dangerous coasts in the world.

Chas. Winchester sang "In the City Where Nobody Cares," with good effect, the selection giving full scope to Mr. Winchester's powerful baritone voice. The musical programme was all that could be desired, being in keeping with the pictures as well. Other pictures, including a comedy, held prominent positions in the entertainment, which was one of standard, tone and quality. Tonight the programme will be repeated.

White Lungs and Black

(From Fur News.)

In the museum connected with the Edinburgh University is an exhibit that is a striking object lesson of the value of fresh air. A professor has secured the lungs of an Eskimo, a Londoner and a coal miner. He has had them preserved in a chemical process and they are now side by side in a glass case. The Eskimo's lungs are pure white, the Londoner's lungs are a dirty brown and the coal miner's lungs are jet black. The Eskimo had kept his lungs clean not because he knew more about breathing than the Londoner or the coal miner, but because he lived in a land of snow fields and spent his time in the open air.

English Crown Jewels

The crown jewels, which have been temporarily withdrawn from the gaze of the public, had a narrow escape from destruction in the fire which broke out at the Tower in 1841. Their rescue was due to the timely intervention of the late Sir John Lubbock, who was then the British Museum's Superintendent. Pierce remained until he had rescued the bars of the cage in which they were kept. Pierce remained until he had rescued the jewels, although the heat was so intense that some of the cloth on which they were stored was charred. No public reward was ever bestowed on the man who risked his life to save them.

LOCAL NEWS

The parade of the artillery and 62nd regiment which was in a sheltered position this evening has been postponed until tomorrow at the same hour, on account of the weather.

Chatham World:—Everett B. Hill, of Raymond, N. B., is at Hotel Dieu for treatment, and is threatened with loss of one eye. He spent the winter at Blackville, where his wife, formerly Miss McDonald, belongs, and while working on logs some days ago was accidentally struck in the eye by a hatchet in the hands of a fellow workman.

In the Probate Court today further adjournment in the matter of the contested will of the late E. I. Simonds was heard. The case will be resumed on June 21. Hon. J. D. Hazen and D. Mullin K. G. appear for the claimants, the children of the deceased; J. A. Sinclair for the sole legatee named in the will, the housekeeper of the deceased; and Dr. Wallace, for K. J. MacRae, the executor.

The agent of the tug Pejscep, ashore at Cape Spencer, says that the tug during last night's blow was in a sheltered position and although there was considerable sea running she would not feel its effects. If the weather clears another attempt will be made to raise the tug. What makes it most difficult is the presence of the jagged rocks around and about the sunken vessel, and it is dangerous for tugs and lighters to approach her.

A. W. Campbell, deputy minister of railways, will address the Canadian Club tomorrow evening at 8:15 o'clock in the assembly rooms. The subject of his address will be Good Roads. As there is no man in Canada better fitted to talk on this subject than Mr. Campbell, or "Good Roads Campbell" as he is known in Ontario, the hall should be crowded. A light supper will be served before the address.

ST. JOHN MAN STOPS RUNAWAY IN REGINA

N. L. Green, son of Louis Green of this city, has evidently been distinguishing himself as a stopper of runaway horses in the city of Regina, Saskatchewan, where he is located. The Regina Town Topics and Daily Advertiser has the following in its issue of June 1:—"There was another runaway in Scarth street yesterday, and as upon a former occasion, so was N. L. Green of the Rex Cigar Store, prominent in this occasion. He has also evidently been instructing his neighbor M. G. Howe, in the difficult art of stopping come-instantly horses, and judging from the assistance he gave his tutor, that gentleman has proven a very apt pupil. "The horse on its way down Scarth street struck Dr. Thomson's auto smashing in one of its lamps and badly twisting a mud guard. Mr. Green, Mr. Howe, and another went after the horse and stopped it."

BRIDE FORMERLY WAS OF THIS CITY

A wedding of much interest to St. John friends took place in Montreal on June 3, at 8:30, at the residence of W. P. Forquy, when the Rev. Malcolm Campbell united in marriage Miss Alice B. Anderson, daughter of Geo. Anderson, formerly of St. John, but now of Amherst, to M. L. Seely. The young couple will take up their residence in St. Elizabeth street, Montreal.

THE FREE KINDERGARTENS

During the last month the reports from the kindergartens told of the farmer, the animals on the farm, the birds retreating, and the wild flowers. Through the gift-work, occupations, stories and songs the children learned the necessity of the farmer's labors and the wonders Mother Nature provides. They were deeply interested in the ploughing, harrowing and sowing of seeds. Each child was given some seeds to plant for himself and they were delighted when the seeds came up in the boxes in the kindergartens. The birds talked of were the robin, bluebird, barn-swallow, blackbird and woodpecker. The crayon painting of these birds is very creditable to the little people and will make nice leaves for the books at the close of the term. One of the favorite stories about the birds is "The Birds of Killingsworth," by Longfellow. The wild flowers in their turn claimed the attention of the children and it was amusing to note that some of the children had never seen the purple violet and did not know its name. The children were taken to the park and enjoyed several walks to pick flowers. Much interest was taken in King Edward's death and some of the children made purple and black badges to wear on the 24th. There has been a small average attendance. One school had fifteen cases of measles. The kindergartens will not close till the 30th and an invitation has been extended to the teachers of the educational institute, which will meet here in June, to visit them.

MOTOR BOAT RACES HELD ON SATURDAY

New Club Announces Programme of Contests Starting Olf Public Wharf, Indiantown

The first series of races under the auspices of the new St. John Boat Club, will be held on June 11, Saturday next. The programme has been drawn up as follows: Motor boats, Class A.—Starting at 2:30 p. m.—For motor boats eighteen feet long and under; course, from a buoy off Public Wharf, Indiantown, to a buoy anchored off Swift Point in the Narrows, and return once; three entries necessary to fill. Class B.—For motor boats, twenty-five feet long and under; course, same as class A; three boats necessary to fill. Class C.—Starting at 3:30 p. m.—For cabin cruising boats; course, from a buoy off Public Wharf, Indiantown, to a buoy anchored off the end of Knapelocast Island in Grand Bay, and return once; three boats necessary to fill. Fifteen minutes before each race a gun will be fired from the officers' boat and the blue peter hoisted. One minute before the start the starting gun will be heard and at the moment of starting the gun will be fired, which is to be taken as the starting gun. All boats are to carry their usual cruising outfit, and the cruising class are to be dinghies. The turning buoy is to be left on the starboard hand. Skippers of boats will kindly remember this. Prorogues, if any, are to be signalled to the secretary of the club immediately after the race, that they may be dealt with promptly. Prizes in Class A.—1st, folding anchor; 2nd, club pennant. Prizes in Class B.—1st, combination brass head and side lights; 2nd, yacht ensign. Prizes in Class C.—1st, Launch searchlight; 2nd, ship striking clock. The meeting will also elect committees for the next term. It will be the last before the general conference, which will convene next September in Vancouver. At the sessions tomorrow and on Thursday Rev. Dr. Rogers of Sussex will preside, and Rev. Neil MacLachlan will act as secretary. In reference to the extension of terms of pasture it is interesting to recall a report in the Times, a few evenings ago stating that in Hamilton, Ont., last week the London conference voted for removal of four year restriction.

WILL DISCUSS THE EXTENSION OF TERMS OF METHODIST PASTORS

District Meeting Tomorrow Will Also Take up Resolution Bearing on Church Union

About forty delegates will attend the Methodist district meeting, which will be held in Queen's college church, opening at 9 a. m. tomorrow with a ministerial session. In the afternoon the laymen's sessions will take place. Several important subjects are to be discussed, among them being the extension of the terms of pastors, the consolidation of church papers, and several resolutions and memorials bearing on church union. The meeting will also elect committees for the next term. It will be the last before the general conference, which will convene next September in Vancouver. At the sessions tomorrow and on Thursday Rev. Dr. Rogers of Sussex will preside, and Rev. Neil MacLachlan will act as secretary.

TOWER FAMILY RE-UNION TO BE HELD THIS MONTH

The second annual reunion of the descendants of John Tower (1), will be held at the old homestead in Dingham, Mass., on June 17, 18 and 19. At the first reunion last year this family established the record of the greatest attendance of the descendants of one man at any reunion ever held in America. There were 227 registered and the estimated attendance was in excess of 300. The Tower Genealogical Society was formed as a result of the first reunion, and its members, more than 200 in number, will hold their second annual meeting at Wilm's Memorial Hall, South Dingham, on the second day of the reunion. An address by one of the most prominent members of the family will be a feature of the meeting. There will be other addresses by prominent speakers. A musical programme will be carried out during the reunion and the gathering already promises to surpass the great record of last year. Clarence Tower of this city, way attend. There are several branches of the family in Alberta and adjacent counties.

COLD WAVE WAS FELT LAST NIGHT

Last night a decidedly cold wave passed over the city. D. L. Hutchinson, of the weather observatory, makes the following report:—"At 9 o'clock last night the minimum temperature was 44, and the highest yesterday was 45.5. It was cloudy and raining most all day. At midnight the wind was from the southwest and registered 25 miles an hour, with frequent gusts of greater velocity. This morning at 9 o'clock the temperature was 51.3, with the wind from an easterly direction, still cloudy, cold and raining. The weather at the same date last year was fine and warm, with the temperature at 69.7 and the lowest 49.5."

Is Using Polishes Use Something That Has Been Tried and Proven

For a Stove Polish we recommend Nixey's 1 oz. blocks for the top of your stove, it will last longer on a hot stove than any other we have used. Then for your stove around the base, door or shelf where you can use a brush to advantage we have the McClary Waterproof Paste that will last for weeks and give you that black glossy shine, in places where the heat is not so severe as on the top of your stove. We also carry the York Brass Polish and Matchless Silver Polishes that we can recommend from using them ourselves. All these Polishes like our Glenwood Ranges have been proven before offering them for sale. Our desire is to sell only such goods as we know to be all right from trying them ourselves and giving them the test. Then we can sell the people something that will give them satisfaction and like our Glenwood Ranges we can stand back of.
