PREFACE

The publishers in presenting their nineth edition of their Business and Farmer's Directory for the counties of Essex, Kent and Lambton have endeavored to merit the approval of the public, by presenting a work that will be found the most complete of the kind ever published in the district. It will be found to contain more information of a nature valuable to business men of all branches than any other publication heretofore placed in the hands of the people.

Among the contents will be found the name of each farmer and owner or tenant of a lot outside the limits of each city, town or village, with post-office, lot and concession, a complete list of towns, with the business people alphabetically arranged, also a separate list of business people classified with reference to their business. The whole combined making one of the most complete directories ever published.

Thanking those who have kindly given us information, also the business people and the public generally who have given the work their support.

We remain,

Respectfully yours,

UNION PUBLISHING CO., OF INGERSOLL,
Publishers,

MANUFACTURERS OF

A SPRING IN EVERY FOOT.
POSTS TWO OR MORE RODS APART.
ELEVEN HORIZONTAL WIRES.
BARS THREE INCHES APART AT BOTTOM.
CROSS WIRES EVERY FOOT.

IT WILL NOT SAG BETWEEN POSTS.
IT IS CHICKEN TIGHT AND BULL STRONG.
SHIPPED FROM FACTORY READY MADE.
THE CHEAPEST STOCK-PROOF FENCE.
IT WILL LAST A LIFETIME.

THE PAGE is the only elastic fence made, and requires special wire. Our contracts for the manufacture of this wire cover many hundreds of tons, all GUARANTEED to suit the purpose. This wire costs more than the common article, which could not be used if furnished free. Our complete fence costs the farmer less than he can buy the wire of which it is made, and is the cheapest in the end.

THERE is no substitute for ELASTICITY in a wire fence. Ever since the Page became generally known, men have been racking their brains to discover one, and hundreds of devices have been brought out with extravagant claims, run their short course, and dropped out of the race. If it were possible to make a good, durable, efficient fence of common, cheap, soft wire, the Page Company would use it. Every pound of our wire is made to order. Its quality, combined with the COIL, gives the only elastic fence.

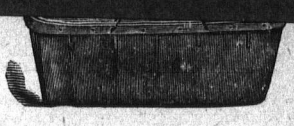

USE our fence and you will have one on which you can depend—one that will hold any and all of your stock. Set good, solid end posts, and you will not have to bother with that fence as long as you live. It needs no repairs, looks well, and less than most fences. Ask our local dealers for prices; or send to us for prices and our illustrated free monthly paper.
