ONE FIRE SUBDUED OTHERS BREAKING OUT

Carleton County Forests Are Fast Being Destroyed

Drysdale Plant at Woodstock Scorched—Reports of Damage in Many Outlying Districts.

HARTLAND, N. B., June 5.—The forest fires that have been causing so much anxiety during the past few days are this morning subdued to a considerable extent. That at Rockland (Coldstream) has been quenched and a favorable wind protects the village. Last night was calm and the fire had a chance to die out should the wind veer to the northerly direction much danger would still follow.

WOODSTOCK, N. B., June 5.—At seven o'clock this morning the fire department was called out owing to a blaze on the roof of the can factory in Wellington ward, formerly known as the Drysdale factory, which has been suspended in this factory. The roof was badly damaged before the fire was got under control.

TWELVE DEATHS IN ST. JOHN LAST WEEK

Consumption Claims One Quarter of Them—List of Burial Permits.

There were a dozen deaths during the last week recorded in this city. As usual consumption heads the list, three having succumbed to this disease, two died of heart failure and one each of old age, heart disease, acute nephritis, arteria sclerosis, cerebral hemorrhage, tubercular peritonitis and intestinal obstruction. Burial permits were issued for the following: Mrs. Edna B. Olson, 49 St. James St., W. E., 27 years.

There were seven marriages in St. John during the past week. The statistics also show thirty-one births, of whom eighteen were females.

When the summer time table on the C. P. R. comes into effect tomorrow, Conductor James Quigg, who has been in charge of the Fredericton branch train will be transferred to the suburban train running between St. John and Wolford, and Conductor McGovern will take charge of the Fredericton branch train.

Hon. John Morrissey, Chief Commissioner of Public Works, has awarded the contract for the substructure and approaches of Black River bridge Parish of Wellington, Kent County, to Whitman Brewer, of St. Mary's. The contract price is between \$3,000 and \$4,000.

YOUNG OFFENDERS BEFORE JUDGE FORBES

Four Incurable Truants in Court

The Fifth Could Not Be Found—Harry Noakes Gets 12 Months in Reformatory.

The first session of the Juvenile Court was held this morning in the Equity Court Chambers, Judge Forbes presiding. Stanley Pitt, Harry Noakes, Charles Harrington, Roland Lemon and Guy McIntyre had been summoned to appear and all were on hand except Harrington, who could not be found.

Stanley Pitt, between 10 and 13 years of age, son of Fred. Pitt, of the Marsh Road, was charged with playing truant from Dufferin School. His father informed His Honor that the boy was incorrigible and notwithstanding the several spankings administered he would persist in playing truant. The lad was found guilty, but the passing of sentence was deferred.

Harry Noakes was next called. When asked why he did not attend school the boy said it was because he did not like his teacher. Amidst strange looks he explained that this was because the teacher kept him in after school for making mistakes in his spelling. His age was eleven, he could not read but he could spell some and proceeded to demonstrate it.

Henry Noakes, the boy's father, then took the stand. He said he understood that the object of the court was to help the boy. He had not been able to help the boy and had punished him severely. Here the recorder said he did not think much of this punishment. No child of his had ever been struck to his knowledge.

Mr. Noakes—"That is not the English way. They would not stand for nonsense like that there." In reply to questions of the judge and recorder the boy said that he did not go anywhere when he stayed away from school. He just played around the streets. When he did go the teacher punished him. She slapped him on the legs for spelling wrong.

Judge Forbes—"I do not think it fair that statements like this should go over the boy's head. He is seeking an excuse and would not hesitate to say things that would apparently reflect on the teacher."

The recorder said his idea was to find out what the boy's reasons for staying away from school and to convince them that the excuses were worthless.

Mr. Stodard, the principal of Winter street school, testified that the boy had attended school less than a quarter of the time. The teacher had never abused him.

After some discussion the judge said that as the boy was so incorrigible there seemed nothing to do but send him to the reformatory.

Mr. Noakes asked that this should not be done. He had a great terror of the effect it would have on the boy to learn the taint of being a reformatory bird. After some further testimony Noakes was sentenced to twelve months in the reformatory.

The trials of the other boys were in progress when the Star went to press.

SHAMROCK 3RD GOES TO THE JUNK HEAP

Lipton's Famous Yacht is Being Broken Up

Sir Thomas Will Never Build Another Challenger, Says a Member of the New York Club.

NEW YORK, June 5.—The New York American today says: Sir Thomas Lipton, it was learned, yesterday, has sold his big sloop yacht Shamrock Third which raced for the America's Cup in 1903, to J. J. Mahoney, a shipping broker, who is breaking her up for her lead and nickel steel. The price paid was reported to be \$7,500, about one-tenth of the amount Lipton expended on the famous yacht. Knowledge of the relegation of Shamrock Third to the scrap heap came yesterday when government men pounced down on Robins Shipyards, Erie Basin, where the boat is being dismantled, and threatened to take possession of the vessel until duty is paid on the lead of which the keel is made. There are approximately 25 tons of lead in the Shamrock Third's keel and the duty would amount to nearly \$5,000. When seen at his home last night Mr. Mahoney scouted the idea that duty could be collected on the yacht.

"I broke up the Shamrock I and II without paying any duty," he said, "and I don't see why I should pay in this case. If the Shamrock Third had been brought over on the boat of another boat there might be some claim to a tariff but this boat came over on her own bottom and therefore does not come under the head of goods brought into the country."

Sir Thomas Lipton also figured in the news of yesterday in another way. Word that he desired to have another try at "Lifting the America's Cup" was brought by John W. DeKay, President of the Mexican National Egg Co., who arrived on the Lantana. But as one of the committee members of the New York Yacht Club learned of Sir Thomas' reported wish they declared that instead of its being an intimation of his purpose to race again it really amounted to a decision that he would never send over another challenging yacht.

Said H. Deb Parsons, chairman of the regatta committee: "Sir Thomas knows that only certain rules govern the cup race. He also knows that we cannot change those rules because they are a part of the deed of gift which accompanied the cup. If he really cares to race again he can build a boat according to the rules he cannot build a boat according to the rules just as easily as the Americans can. Before he will issue a challenge he wants to build a slow boat and race against another slow boat. The idea of the cup race is to determine the swiftest craft."

WALTER BLYTHE WILL PAY THE DEATH PENALTY

OTTAWA, June 5.—The last chance to escape death is gone for Walter Blythe, the Agincourt railway man, under sentence to be hanged for the murder of his wife, last winter. Blythe was originally sentenced to be hanged at Toronto on May 12th, but two days before he paid the penalty a reprieve was granted by an order in council until June 15th. Yesterday his case was fully considered and His Excellency, Earl Grey, has concurred in recommendation of the cabinet that the law shall take its course.

THE WEATHER

Forecast, moderate to fresh, east to south winds. Fair today. Showery on Sunday.

W. F. M. S. MEETING AT SUMMERSIDE

Large Attendance at Session Just Closed

Mrs. Chipman Was Again Chosen President—Delegates to Other Conventions are Appointed.

CHARLOTTETOWN, P. E., June 5.—The meetings of the W. F. M. S. at Summerside have been largely attended. The president in her annual address gave a brief review of the W. M. S. work, stating that they now had sixty-three regular missionaries and in the twenty-eight years of the existence of the society over one million dollars had been raised for foreign missions and home work. She spoke of the wonderful year of missionary awakening as evidenced by the Laymen's Missionary Movement in Toronto. An address by Miss Tweedie, returned missionary from Japan, and a paper by Mrs. E. C. Turner, of Jacksonville, on "How the President Shall Plan the Year's Work," were well received. The third day's session of the W. F. M. S. opened yesterday morning with prayer and Bible readings by Mrs. Flanders, of St. John, after which she gave an instructive talk on guidance. Greetings were extended from the W. M. S. of Summerside. The following officers were then elected:

President—Mrs. Chipman, St. Stephen, re-elected. First vice-president—Miss Stewart, of Sackville, re-elected. Second vice-president—Mrs. Samuel Howard, St. John, N. B. Third vice-president—Mrs. Dr. Rogers, Sussex, N. B. Recording secretary—Mrs. G. T. Dawson, Chatham, N. B., re-elected. Treasurer—Mrs. Williams, Marysville, N. B., re-elected. Band and Circle secretary—Mrs. P. S. Ennan, Elgin, N. B. Auditor—L. E. Coulthard, Fredericton. Mrs. Corbett, of Woodstock, was appointed as a delegate from this branch to the general board, which meets in Hamilton, Ont.

Mrs. L. W. Trueman, of Searstown, and Mrs. C. W. Strong, of Summerside, are the alternates, and Mrs. E. C. Turner, of Woodstock, N. B., is the branch representative at the Methodist conference which meets in Woodstock June 14th.

A vote of thanks was passed to the Summerside ladies for their kindness during the conference. The meeting then closed with prayer, led by Miss Pieter, of the French Protestant Home, Montreal.

OGLIVIES ENCOURAGE MILITARY TRAINING

MONTREAL, June 5.—The Ogilvie Milling Company has issued an order to all its employees saying that those who join the militia will get an extra week's holidays during the Camps, and Mrs. C. W. Strong, of Summerside, are the alternates, and Mrs. E. C. Turner, of Woodstock, N. B., is the branch representative at the Methodist conference which meets in Woodstock June 14th.

A vote of thanks was passed to the Summerside ladies for their kindness during the conference. The meeting then closed with prayer, led by Miss Pieter, of the French Protestant Home, Montreal.

P. E. ISLAND NEWS

CHARLOTTETOWN, P. E. I., June 5.—The argument on the preliminary objections to the bill of particulars in the election petition case against L. E. Frouse was concluded yesterday and the examination of witnesses proceeded with. One man was examined but his evidence contained nothing of importance. The case is being resumed this morning. The steamer Minna left yesterday for North Sydney, where she will take on board operators and supplies for the Marconi station at the mouth of the Gulf. At a meeting of the Round Table Club, a young ladies' organization of St. Stephen's Church, held last night, officers were elected for the coming year. Miss Grace Campbell was president and Dr. Margaret Parks vice-president.

Formulate Plans for Celebration Rousing Meeting Held in New Temple of Honor Hall Last Night

A rousing meeting was conducted in the new Temple of Honor Hall last evening, when the various sections assembled to formulate preliminary arrangements for the meeting of the Supreme Council in this city.

Dr. Roberts gave a hospital address on drilling and section work, which was listened to with earnest attention.

It is planned to have a monster celebration during the sessions of the Supreme Council. The various sections are working hard to make the observation a most fitting one.

NEW WIRELESS TRIUMPH Messages Can Now be Automatically Recorded in Print.

BERLIN, June 5.—Captain Hovland, of the Norwegian navy, has invented a remarkable system of automatically recording wireless telegraph messages in print.

On this occasion messages were exchanged between a station erected after the inventor's own designs and a Norwegian wireless station 12 1/2 miles away at Tromsø.

RIVER PIRATE GETS TEN YEARS IN PRISON

Extraordinary Career of Most Desperate Criminal Along the Thames.

LONDON, June 5.—Few more desperate criminals have appeared at the Old Bailey than Frederick Murray, who was sentenced to ten years' penal servitude yesterday for attempting to murder Henry Hewson in a house at Crompton street, Newington.

Murray is the man who was arrested after an exciting struggle near Sittingbourne by disguised detectives, who had pursued him from Gravesend in a motor car. He broke into Hewson's house at night and attacked him with a heavy file while he was asleep in bed, inflicting severe injuries.

Although he is only 35 years of age, Murray has had a full criminal career. He has acted the part of a pirate on the Thames, has committed innumerable robberies, has spent half a lifetime in prison, and has twice made daring escapes from jail.

OVERTAXED NERVES A DISTRESS SIGNAL

The Trouble Can Only be Cured by Enriching the Blood Supply

When your nervous system is exhausted the trouble makes itself evident in many ways. You feel always fatigued and unfit for work. Severe headaches distract you; your back is weak; you sleep badly; your appetite is uncertain; you are nervous and irritable and after any exercise you tremble and perspire excessively. If the trouble is not checked your case goes from bad to worse until you feel that your condition is hopeless and that insanity is threatened.

Your nerves are calling for help. They are starved because they demand from the blood more nourishment than it can supply. New rich blood is the secret of nerve strength and Dr. Williams' Pink Pills for Pale People cure nervous disorders because they feed the weak, exhausted nerves with rich, red blood. The case of Mrs. Emma Hall of Hamilton, Ont., furnishes proof that Dr. Williams' Pink Pills will cure even the most stubborn cases of nerve exhaustion.

EXPRESS CLERK REPEATS STORY OF THE HOLD-UP

TRURO, N. B., June 4.—The express company holdup suspects from Halifax were discharged today after a brief examination before Stipendiary Crowe.

The proceedings began in the afternoon and were a bitter disappointment to a large crowd who had gathered to observe the goings on. Detectives Hanzhman and Wright were present, with H. O. McLatchy as prosecuting officer. Sullivan and Finnegan, the suspects, looking much like brothers in general physiognomy, complexion and facial adornments, took no great interest in the affair and often smiled.

ROLLER SKATING RINK MAKES FORTUNE

Amusement Started by American in Liverpool Extends to All England.

LONDON, June 5.—Twenty-five roller skating rinks will be opened in the United Kingdom when the season begins again on October 1. At present most of the halls are closed for the summer months, but statistics—now available for the first time—indicate the extraordinary "boom" there has been in roller skating since C. P. Crawford, the owner of a great rink at Conny Island, near New York, started his first English rink at Liverpool in September, 1937.

In thirty weeks the receipts there were \$44,716, or an average of nearly \$1500 a week. This was the beginning of the "boom." Operating for an average of two months during last winter, rinks in all parts of the country, in which \$1,250,000 has been invested, have paid dividends at the rate of 120 per cent. per annum. After the first successes there was a great demand for shares. The \$60,000 capital required in each case to run rinks at Plymouth, Hull, Cardiff, and Bristol was subscribed some time before plans for the buildings were passed.

Stubborn Fire in the Mitchell Building—A Case of Bigamy

SCOTT ACT CASES

SUSSEX, June 4.—What threatened to be a very serious fire tonight was prevented by the timely work of the firemen. Fire broke out in the Mitchell building occupied by Edward Anderson at 5.30 in the afternoon, and after half an hour's stubborn work the fire was got under control, but not before it had burned a large hole in the roof. There will be a loss of about \$300 on the building, while Mr. Anderson's household effects were much damaged by water and smoke.

TEMPTED BY POSTER, GIRL POSES AS BOY

Always Wanted to be of Male Sex, and Bewailed Her Lot

LONDON, June 5.—A remarkable story of an escapade of a girl thirteen years of age was told at the sitting at the special children's court at Worthing, yesterday.

The evidence showed that Susan Canning went to a local outfitter, and, explaining that she wanted a suit for her twin brother, who had been ill, obtained three suits on approval.

She brought two of them back soon afterward, and obtained a pair of shoes, a cap, a tie, a collar, and a handkerchief.

Her next visit was to a bootmaker's, and she had a hatterdress retained her of her long hair.

She stole into the back garden of an empty house and changed into the suit, then, dressed as a boy, went to another shop to procure a waistcoat.

But Nemesis pursued her. The assistants at the shop where she procured the suit recognized it on her, and she was arrested. When she was called on to plead to a charge of obtaining goods by false pretences she told the magistrates in a tearful voice that she had been about a girl being dressed as a boy on a theatrical poster, and she wanted to do the same.

Her guardian explained that it was only a childish freak, and that the girl was excitable and had always wished she had been a boy. The guardian was bound over to bring her up for judgment if called on.

CHURCH PAGEANT WILL BE UNIQUE SHOW

Four Thousand Performers to Enact Historical Scenes of Absorbing Interest

LONDON, June 5.—If the inspiration of an utilitarian object, a management composed of experts, and enthusiasm with a passion for an accurate historical representation of the leading events in church history, and all fitted with the perspective faculty of the dramatist and artist, are the essentials of a successful pageant, then the great English Church pageant to be held in the grounds of Fulham Palace next month will be an unequalled and achievement of its kind.

Always provided, of course, that the sun shines as generally and invitingly as it did yesterday, the estimated five hundred newspaper men, chaprained by Frank Lascelles and the Rev. Percy Dimesse and Walter Marshall, in four hundred newsprint vans, chaperoned from the oaks and pines and elms, or studied the antiquated codex with the grandstand and the gleaming and glittering mail—manufactured from superlustrous steel and diluted aluminium—or grazed upon the leviathan grandstand—not a shadowy, jerky built structure, by any means.

This grand pageant of world's peace, designed by A. G. Gillard, a London architect, is protected from heat and rain by high V-shaped tin-roofs thirty feet wide. It is constructed with seats contain accommodation for nearly 7,000 persons. The cost of the structure is \$30,000.

On the summit of the central division of the stand is fixed the pageant mast, a deck, which is connected by telephone with the various camps in the ground, whence the performers in the various episodes emerge upon the spacious grass-covered area in front of the grandstand.

The outlook from the rear of the stand will be enchanting. It is not difficult to imagine the effect that will be produced, when the eighth scene of the first part of the pageant begins the story up to the twelfth century. Proud, despotic Henry II and the heroic Thomas of Canterbury will enter the palace. The two champions of liberty and the divine right of kings will live again—the first to perish by the hand of the assassin as he walks from cloister to choir—and the king bowed with shame and penitence, to kneel at his feet.

But we must not anticipate. The programme in every minute detail is already mapped out. Historians, researchers, antiquarians, costumers, artists have had their last word, and all that is now needed to complete what probably is the most efficient exhibition of the genius of organization that London has ever seen are the painters' brush and wheel or two of needlerwork, ably superintended by Mrs. Craxton.

And what a vision it will be when 4,000 performers, omnibused into one living, colored mass of church history, march across the spacious arena and lift their voices in one united song of triumph.

GIRL WITH VOICE LIKE THAT OF MAN

LONDON, June 5.—Miss Marie Dreams, the girl barytone, who is to appear at the Oxford Music Hall in London this time, was "at home" yesterday in the office of Mr. Little, her agent.

There is nothing at all masculine in the manner or appearance of Miss Dreams. She is a little rosybud of a girl, not yet 15, with a slight, graceful figure, well formed, regular features, a Latin type, with big brown eyes, full of wondering simplicity of childhood, and a clustering mass of wavy brown hair. Her full lips curl in a frank smile and from between the white teeth issues a surprise.

It is stated that the childish accents that her appearance suggests, the deep-throated, full-chested, resonant voice of a bary, searched her come from the slightly parted lips, with the effect of

Italian Antiquary Disguises Himself as Englishman and Outwits Thieves.

With the aid of a Venetian antiquary, who dressed himself as an Englishman and pretended to speak no Italian, the police have recovered the famous Madonna of Giovanni Bellini, which was stolen early last month from the church of the Madonna.

Charged by the thieves who had committed the robbery to find a purchaser for the picture, the antiquary informed the police, and then, disguising himself, went to an appointed spot in a beautifully decorated gondola rowed by gondoliers in sumptuous costumes. A detective, dressed as a tourist, witnessed the scene from afar with field glasses.

The thieves handed over the picture in a canvas bag in exchange for £100 in cash and a check for \$3,000. They were followed by the police after the antiquary's departure and arrested.

ASSEMBLY ADOPTS DR. GORDON'S MOTION

Commission to be Appointed for Queen's University

Warm Debate Precedes Motion--Rev. J. Pringle Makes Charges

Declares \$51,000 Granted to College Was Diverted to Other Uses

Storm of Protests--\$1,000,000 to be Raised for Missions

HAMILTON, Ont., June 4.—The debate on Queen's College was resumed this morning by Prof. Dyde, who suggested that Mr. Macdonnell alter his amendment by striking out the reference to the limitation of the college to arts and theology and permit the commission to consider such matters as might come before them. The alteration was agreed to by Mr. Macdonnell and the assembly, and was so changed.

Prof. Dyde, in taking up the discussion, complimented Principal Gordon on the address he delivered on Thursday afternoon and expressed the wish that it was given to him to be half as fair as Principal Gordon had been. He referred to the work done by the late Principal Grant, who was very much opposed to separating the church and college, nor would he have agreed to the separation of arts and theology. The speaker pointed out that the assembly, when in session in Vancouver, disclaimed responsibility for the college. At St. John's, however, the assembly agreed to stand by the college. He did not think that the members of the assembly were aware of the fact that Queen's College received annually about \$55,000, as well as \$100,000 last year for a new building, from the provincial government, which was now maintaining the school of mining and the general educational work of the college. He said that if the college

Spoke of Parallel

He spoke of Principal Gordon's reference to a parallel in the history of the country and said there would be a new striking one in the history of the United States. Someone had blundered and blundered seriously, otherwise the peace of the world would be assured. Even the Roman Catholic graduates of the college opposed the separation. As for the endowment fund being dead or paralyzed, such was not the case. It only required a little pluck and hard work, and he did not think it could be kept down. As for the college being denominational in its teaching, Professor Dyde said there was none of it, and the college now enjoyed all the freedom it needed, and he failed to see the necessity of separating the college from the church.

Rev. John Pringle, who graduated from the college in 1871, said he favored the resolution submitted by Rev. Principal Gordon, and wanted the assembly to understand that the commission which would be appointed would not have power to separate the college and state, otherwise he would not support the motion to appoint it.

Mother Gave Her Child Away.

Had Given up all Hope of Living. Heart Trouble was Cured by Milburn's Heart and Nerve Pills.

Mrs. Andrew Garvey, Grant's, N. B. writes:—"In the year 1905 I was taken sick and did not think I could live any length of time. My trouble was with my heart and people told me that nothing could be done for a case like mine. I consulted the very best doctors but they could do me no good. For seven weeks I could hardly walk the floor. I had no pain, but was so weak nobody in the world would believe I felt. I had given up all hopes of living and had given my little girl to my sister-in-law.

"One day a friend came to see me, and seeing me by name, said, 'Lizzie, if I were you I would try a dose of Milburn's Heart and Nerve Pills as they are good for heart trouble.' My husband got me a box, but for two days I was not feeling any better, but on the fourth day my husband said, 'I believe these pills are doing you good.' I was able to say, 'Yes, I feel a good deal better this morning.' He said, 'Well, I will get you another box right away.' I took two boxes and three doses out of the third one, and I was perfectly well and have not been sick since then.

"I will never be without them in my home for God knows if it had not been for Milburn's Heart and Nerve Pills, I would not have been alive now.

Price 50 cents per box, 3 boxes for \$1.25, all orders or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

He strongly advocated the nationalizing of the college and asked how he could oppose separate schools in the west and support a denominational school in Queen's College. He charged that the \$1,000 received from the government did not go to Queen's, but to the support of the affiliated schools, and the church wrestled in and in an underhand way took advantage of this money for the education of art students.

Expressions of Disapproval

The charge was greeted with expressions of disapproval and the moderator had to restore order. Rev. Mr. Pringle, however, stuck to his point, and declared the statement made by him were truth and not fiction. He said that the college would never be other than Presbyterian, for its roots were planted too firmly in the denomination to be torn up so easily.

Rev. Principal Patrick, of Winnipeg, spoke in favor of Rev. Principal Gordon's request. He opposed the amendment on the grounds that it would restrict the commission to that extent that it would be of no use to either the college or the church. He charged that Queen's had made no attempt to carry out the resolutions passed by the assemblies of 1903 and 1904, nor had the church fulfilled the obligation assumed at those assemblies.

Rev. Principal Gordon was called on for a few remarks, and said he had tried to unite the different opinions. He knew of no staff or trustee board which had worked better together than had those of Queen's, and he took exception to the statements made by Prof. Dyde that he had been wounded in the back by friends. This, he said, was a charge he had not expected from him towards those who worked so hard in the interests of the college. He pointed out that it was not necessary to maintain the constitutional title that the special connection might be sustained, and in support of his argument pointed to Dalhousie College of Halifax and Princeton University, and said that while these institutions were established by Presbyterians, they were still largely denominational, and were not in any way denominational. He said he was not afraid of any action that might be taken by a commission, nor did he think the wisdom would die with the close of the assembly.

Vote Unanimous

On the amendment being presented it was lost by a vote of 65 for and 143 against it. When the original motion was presented 179 voted for, but when the opposition vote was called no one voted and the vote was declared unanimous in favor of the resolution.

The moderator, Rev. Principal Gordon and G. H. Macdonnell were appointed a committee to name the commission and the assembly adjourned for lunch.

AFTERNOON SERMON.
 In the afternoon Principal Gaudier reported for committee on systematic giving. The committee recommends the church to aim at \$100,000 for its missionary work in the year begun. Presbyteries have been approached already regarding their part of this total and the response has been very gratifying. The Edmonton Presbytery, for example, will contribute \$10,000. The Presbyterian Board of Christian Education in Western Canada has been asked to raise \$35,000, and Vancouver city alone promises to contribute \$10,000.

Following Dr. Gaudier's report, Rev. K. C. chairman of the council of the Laymen's Missionary Movement, made a speech expository of the policy of the Laymen's Missionary Movement and its bearing on Presbyterianism. Hon. A. W. Charlton also spoke in the capacity of president of the Presbyterian branch of the Laymen's Movement. Both received remarkable demonstrative receptions from the assembly and spoke with fine effect. Rev. F. W. Anderson, secretary of the Presbyterian part of the movement was introduced and spoke briefly.

The assembly placed itself on record as heartily in accord with the national missionary policy adopted at the laymen's congress held in Toronto, March, 1908.

"In view of the universality and finality of the Gospel of Christ and of the spiritual needs of mankind, we believe that the church of our day should undertake to obey literally the command of Christ to preach the Gospel to every creature.

"According to their ability and several opportunities, we believe that the laymen of the churches are equally responsible with the ordained ministers to pray and to work for the coming of the kingdom of God upon earth."

"We believe that every Christian should recognize the world as his field and to the full measure of his ability and to the full measure of his spirit of Jesus Christ present to every man, his supreme opportunity of development, usefulness of satisfaction, and we appeal to men everywhere to invest their intelligence, their influence, their energy and their possessions in the effort of combined Christianity to redeem the world."

Also the assembly recognized the responsibility of the Presbyterian church in Canada to do her own share in caring for the people of their land and to evangelize the fourteen million heathen allotted to this church under the comity of missions in India, China, Formosa, the Islands of the Sea, and Infric ministers' fund. The committee is about to report the payment of annuities in full, and also that in the combined amount, the debt balance of \$5,755.54 at the close of last year, has been changed to a credit balance of \$2,461.57 at the close of the year now reported. This satisfactory condition, however, has not entirely arisen through the increased liberality on the part of the congregations of the church, though it is pleasing to report that there is an increase from

that source of \$2,532.85, but is owing chiefly to three items, one, the large amount received from the hymnal committee, namely, \$3,574.22, an increase of \$5,124.22 over the sum received from this committee in the previous year, and also a reduction in the amount of annuities paid in the western section of \$1,617.33, and from an increase in the interest income in the western section of \$1,156.26. These three items make a total of \$5,927.56, which is \$122.32 more than the debit against the fund at the beginning of the year. The item of interest may be expected to be permanent from year to year, while the other items must be to a considerable extent at least, incidental. It may be assumed with safety that there is continued need for greater liberality in the part of congregations. In all the sources of income there has been an increase. In ministers' rates the increase is \$698.88, being \$118.32 in the east section and \$580.56 in the west. In interest it is \$31.18 in the east and \$1,125.23 in the west. In congregational contributions the increase is \$2,822.58 in excess of the previous year. The east section contributed \$69.88 of the increase and the west section \$1,924.69.

Receipts total \$41,283.47. The eastern section owes the fund \$3,222.27. Rev. Robert Cumming of Westville, N. S., Rev. Dr. Sedgewick of Tatamagouche, N. S., and Rev. Dr. Robert Campbell of Montreal were put on the list of Annuitants.

Rev. Mr. Lang moved that Rev. L. G. McNeil of St. John be placed on the list of annuitants of A. and J. fund. The motion was lost on a vote of 10 to 15.

The assembly adjourned at five o'clock to attend a garden party given by Mrs. Hendrie at her home in the evening. The foreign missions (eastern section) report was submitted by T. J. James of Charlottetown. The foreign mission committee presents its report to the general assembly this year under the shadow of a great bereavement. On March 21st, after a few weeks' illness, its beloved convener, Dr. E. D. Miller, was called home, and your committee as well as the brethren who best knew Dr. Miller and the value of his services in connection with every department of the church's work, but very especially as a member for the past eleven years feel most keenly the loss which the church has sustained in his death.

Finances.—The receipts for the foreign mission fund during the past year from all sources have been \$2,070.30, an increase of \$435.20 over the preceding year. The expenditure has exceeded this amount by \$7,299.36, though it ought to be added that upwards of \$2,000 of this amount was the payment of an overdraft on the part of the treasurer of the Demerara mission on account of previous year, thus reducing the real amount of the increase of the debt during the year to a little over \$4,000. The debt therefore stands at \$19,251.75, by far the largest debt that the foreign mission has ever carried, a situation which has caused your committee deep concern.

Rev. John Morton, D.D., of Trinidad, spoke to the report at length and gave an interesting and instructive address touching the work in that exceedingly progressive island.

He was followed by Rev. S. A. Fraser of Trinidad, who also had the ear of the assembly in his brief but telling address.

Rev. A. E. Armstrong reported for

the western section of the F. M. committee. It was the briefest report ever made by this committee and the very best. It set forth the fact that it took 100 years to win the first million for Christianity. The second million has been won in twelve years just ended.

Financial.—The previous year closed with a deficit of \$1,488.42. Total receipts last year, \$184,650.61, including legacies, \$5,535; W. F. M. S., \$79,979.94, and government grants for Indian schools, \$4,485.50. The actual contributions directly to the foreign mission fund, excluding W. F. M. S. and government grants, were \$115,097.38, which reduces the deficit of the previous year to \$3,699.02.

BABY'S OWN TABLETS CURE ALL MINOR TROUBLES

The stomach, the bowels, or cutting teeth is responsible for most of the ills and sufferings that afflict babyhood. Baby's Own Tablets will keep your child well because it is the best medicine in the world for these troubles, and at the same time it is the safest. The mother has the guarantee of a government analyst that this medicine contains no opiate or poisonous "soothing" stuff. Mrs. Jos. Bernard, St. Emile, Que., says: "Baby's Own Tablets are really a marvelous medicine. My baby was thin, peevish and sickly until I began giving him this medicine. Since then he has thrived and grown splendidly." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

INNOCENT SUFFERER IN JUNGLE PLOT

Land Owners Accused of Robberies and Convicted by East Indian Court.

CALCUTTA, June 5.—Details of an extraordinary crime have been received here from Bahrach, in the United Provinces.

Two sub-inspectors of police there were taken to task for the occurrence of frequent undetected dacoities (robberies) in their district. The sub-inspectors organized two gangs of chowkidars (watchmen) and one gang, with torches and arms, masqueraded as dacoits, while the other gang remained on duty to detect them.

A number of zemindars (landholders), including one from Nepal territory, were asked to help in the arrest of the bogus dacoits. But when these later had been captured and brought out of the jungle they were released, and the zemindars substituted for them. Later, the innocent zemindars were convicted of dacoity.

When the lieutenant governor went shooting in Terai, Nepal, a dacoit (meeting of chiefs) brought the matter to his notice. Inquiry followed, and the trickery was exposed, a chowkidar making a clean breast of the affair. Inspector Abdul Hakim, son of Khan Bahadur Abdul Karim, of the viceroys' bodyguard, also confessed, but to escape arrest and humiliation committed suicide.

The two sub-inspectors and six constables now await their trial.

GHOSTS IN PRISON CAUSE A PANIC

Murderer of Woman Alleges That His Victim Comes to Torture Him.

DUBLIN, June 5.—The convicts in the Maryborough convict prison have been thrown into a panic by the ghost of a murdered woman, which is alleged to have visited her murderer, who is serving a life sentence in the prison. The man is a Scotsman, named Grant, who was sentenced to death a few months ago in Dublin for the murder of a woman at the docks. His sentence was commuted by the lord lieutenant to penal servitude for life, and since then he has been in Maryborough Prison.

TWO APPOINTMENTS

OTTAWA, June 4.—The position of Dominion entomologist and botanist held by the late Dr. Fletcher, will be filled by two appointments, the work of the office being divided in view of its increasing importance. Professor Charles Gordon Hewitt, lecturer in entomology at Owen's College, Manchester, England, has been appointed entomologist and will assume his duties at Ottawa next September. The position of botanist will probably be filled by Hans Gussow of Breslau, Germany, who for the past six years has been played in botanical work for the British Royal Agricultural Society.

SETTLEMENT REACHED IN THE BIG CAR STRIKE

Union and Company in Philadelphia Came to an Agreement Last Night.

PHILADELPHIA, Pa., June 4.—The employees of the Philadelphia Rapid Transit Company late tonight voted to accept the proposition made by the traction officials. In the extreme northern and eastern sections of the city, the hot-beds of the rioting, the vote was almost unanimous against accepting the compromise, but as the horns in the less turbulent districts were heard from, the heavy anti-compromise vote was overcome and assurances were given that the cars would again be placed in operation tomorrow morning.

MET HORRIBLE DEATH SINKING IN QUAGMIRE

George McKay, of Brockfield, Mass., Missing—The Boy is Being Searched.

BROOKFIELD, Mass., June 4.—The unusual and slow death, caused by sinking into a quagmire is believed to be the fate of George McKay, of this town, for whom a party of men searched the borders of Cranberry Pond tonight without success. McKay and Leroy Eaton went fishing yesterday. Seeing a boat on the other side of the pond, McKay started after it, saying he would meet Eaton in the highway. The latter was delayed, and on arriving at the appointed place and not finding McKay, went to town, believing his companion had preceded him. It is supposed that he sank in the morass which borders part of the pond and was suffocated. McKay was 36 years old and lived with his mother here. The town selectmen, at the solicitation of McKay's mother, will have official steps tomorrow toward searching for the body.

"STAR" THEATRE GETS BIG BOUQUET.

The manager of the Star Theatre in North End received a most flattering communication last evening from a gentleman living in the eastern section of the city, complimenting him on the up-to-dateness of his theatre, the brilliancy of the picture shown, the politeness of the staff, the theatre's cleanliness, but most of all the quality of the pictures shown. Evidently the letter writer was referring to the screaming "Redfern" comedies of which the Star is always well supplied. Tonight this house has a fine bill and on Monday Al. Weston, one of the finest balladists in America will commence an engagement.

INTERNATIONAL FEDERATION OF SHIP OWNERS PLANNED

As Result of Frequent Strikes of Dock Laborers—Corsicans are Going Hungry.

BASTIA, Corsica, June 4.—The populace of Corsica is in dire straits for the necessities of life by reason of the strike of the Marseilles sailors, which has been the means of cutting off their main source of obtaining supplies from the outside world. In addition the strike of the railroad men has continued for a month and many of the villages of the island are lacking in everything.

LONDON, June 4.—The Times says that in view of the frequent disputes with dock laborers in recent years, especially on the continent, another attempt is being made to form an international federation of ship owners. A meeting was held in London a few days ago, which was attended by Scandinavian, Russian, German, French, Belgian and Dutch delegates and at it was discussed a draft of rules which will be submitted at another meeting. It is believed, the Times says, that by the end of the month an organization will be effected to deal with the international agreement that evidently exists among the seamen's and dockers' unions.

Beware of Ointments for Catarrh That Contain Mercury

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c. per bottle. Take Hall's Family Pills for constipation.

CHAUCHARD WILL HAVE HIS SWELL FUNERAL AT LAST

Paris Department Store Man Planned Ahead for a Glorious Send-off.

PARIS, June 5.—H. A. Chauchard, proprietor of the Magasin du Louvre, the big department store between the Palais Royal and the Louvre Palace, is dead. He had been ill for several months.

To Americans visiting Paris the big department store of M. Chauchard was one of the points of interest. M. Chauchard was a bachelor and in his declining years had been rather eccentric, his chief occupation being the arrangements of the details for his funeral. In the Pere-Lachaise Cemetery he built a sarcophagus costing \$16,000, purchased a casket for \$4,000 and set aside \$40,000 for his funeral. The funeral cortege will move to the cemetery through the boulevards, preceded by groans with lanterns, 300 messenger boys from the store, attired in livery, and the entire 4,000 employees of the concern. Following the hearse the friends of M. Chauchard will ride in old-fashioned state mourning carriages with coachmen in cocked hats and silver gloves.

WHEN DIGESTION FAILS

And you are tormented by pains after eating, headaches, acidity, palpitation, sleeplessness or constipation, nothing will so soon restore tone and vitality to the digestive system as the root and herb extract, Mother Seigel's Syrup. It tones and cleanses the liver and kidneys, clears the stomach of the decayed products of indigestion, renews appetite, makes food nourish you, and thus builds health on good digestion.

TAKE Mother SEIGEL'S SYRUP

"As a former sufferer from indigestion I subscribe my name to the roll of those who have been cured of this abominable complaint through the use of Mother Seigel's Syrup. I had the usual symptoms, such as pains after eating, constipation, headaches, and distended stomach at times, but two bottles of Seigel's Syrup and a few Seigel's Pills restored me to good health."—JOSEPH BASSON, Versailles P.O., Versailles Co., P.O., January 25th, 1909.
