MISCELLANEOUS RESOLUTIONS.

(Extracted from the Minutes of the Missionary Committee.)

TIME FOR THE BRANCH SOCIETIES' RETURNS.

"It having been seen that the time taken by the Branch Societies for sending in their Lists and Monies was yearly becoming later, and the financial interests of the Society having suffered by the consequent late publication of the Annual Report, it was

"RESOLVED,—That the Treasurer's Report shall be closed from year to year on the last day of June, and that Superintendents of Circuits are required to use all practicable effort to have the Subscriptions on their respective Circuits collected, and paid to the Treasurer, at or before the Session of Conference."

REPORTS OF MISSIONS.

"RESOLVED,—That the Report of the Religious state of Missions be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the revision of that Meeting."

TIME FOR THE ANNUAL MEETING.

"RESOLVED,—That in future the Annual Meeting of the Society be held in the month of September each year, at which the general religious and financial state of the Missions will be presented."

RETURNS FROM DISTRICT MEETINGS.

"RESOLVED,—That the Chairmen of Districts, in compliance with the directions of Conference, forward to the General Superintendent of Missions, as early as practicable, a copy of the recommendations to this Board by the September District Meeting for grant of Missionary money, the same to embrace number of Members, Children on each Mission, and the probable amount of the current Income."

TIME FOR PUBLISHING ANNUAL REPORT.

"RESOLVED,—That in future the Missionary Report be published, at the latest, by the 1st of October, and that any list of subscribers that may not be returned in time for insertion in its proper place be added at the close of the Report, and if delayed too long for that, be laid over to the next year's Report."

PROCEEDINGS

OF

The Annual Meeting of the Society.

THE THIRTY-EIGHTH ANNUAL MEETING of the MISSIONARY SOCIETY of the WESLEYAN METHODIST CHURCH IN CANADA, was held in Kingston on Monday, November 2nd, 1863. R. J. CARTWRIGHT, Esq., Member of Parliament for the United Counties of Lennox and Addington, in the Chair. The Meeting was opened with singing and prayer, and the Report having been read by the GENERAL SUPERINTENDENT OF MISSIONS, the following Resolutions were unanimously adopted :—

I. Moved by the REV. J. BREDIN, seconded by the REV. W. McCULLOUGH,—

That this Meeting would offer its fervent praises to the Father of Lights for the direction and success granted to the Missionary Society of the Wesleyan Methodist Church in Canada, to the Parent Wesleyan Missionary Society of Great Britain; and other evangelical Protestant Societies; and that the Annual Report, of which an abstract has been read, be received and printed for distribution.

II. Moved by the REV. G. R. SANDERSON, Chairman of the Cobourg District, seconded by the REV. A. GREEN, D. D., President of the Conference,—

That gratifying as is the position the Society has attained, its financial inability to answer fully the calls for Ministers from the Domestic, Indian, French, and German departments is deeply deplored, and this Meeting is earnestly solicitous that God's people should more zealously sustain and extend His spiritual kingdom.

III. Moved by the REV. J. GEMLEY, Chairman of the Kingston District, seconded by the REV. J. B. CLARKSON, B. A.,—

That this Meeting unanimously acknowledges the liberal services during the year of all the Ministerial and Lay Officers, Collectors, and Subscribers, Wesleyans and others, who have aided the numerous Branch Societies, and afresh commends to their attention the necessity of reliance on Divine power, and increased generosity and co-operation, that God's will may be done upon earth.

Report.

In presenting the Thirty-Eighth Annual Report of the Missionary Society of the Wesleyan Methodist Church in Canada, the Committee would unite with their friends in offering devout ascriptions of praise to Him who hath brought Salvation to Adam's fallen family, and given sustenance and extension to the Society's operations another year. And they gratefully express the obligations they have again incurred by the continued generosity and prayers of their numerous supporters on all the Circuits and Missions of the Connexion.

The success already granted is not only a reason for gratitude, but for hope and effort: nevertheless, the Committee deem the first of all reasons for Christian Missions to be, the Divine authorization, whether success be postponed or immediate; and amidst the diversified and ever-changing circumstances attending so extended a work they wish with their friends to feel more deeply the responsibilities of obvious duty, and with a faith that does not vacillate, pray that Christ's kingdom may come.

It is animating to survey the Missions of evangelical Societies from the Atlantic to the Pacific, and mark the self-sacrifice of the labourers employed, and the religious and secular advantages which result; and such a survey forces several questions upon the attention: What would have been the moral and temporal condition of the whites and Indians had those Missions never been established? What if they were withdrawn? What, if they were not now extended? Heathens who have never received the Gospel, cannot know its loss; but the New Settlers have, with few exceptions, been born and trained where the Gospel was, and to fail to supply them with Christian ordinances would be reprehensively to subject them to a lamentable mental, spiritual, and social deterioration.

The Society is much concerned that the Scriptural doctrines its Missionaries preach should ever be proclaimed without heterodoxy and languor, and the discipline they administer always conduce to the order and happiness of families and communities. God's power has produced scenes

who shall reside
i.

shua P. Lewis.

the Super.

of harmony and piety in settlement and wilderness, and thousands are glad. "Happy is that people, that is in such a case: yea, happy is that people, whose God is the Lord."

During a year of unusual mortality among the Ministers of the Canada Conference the Committee would humbly acknowledge that, with two deplored exceptions, the health of the Agents of the Society has been favoured. The Rev. James Musgrove, Co-Delegate, Chairman of District, and Superintendent of a most important Indian Mission, was an exceedingly assiduous member of the General Missionary Committee, as he had been for many years an exemplary christian, and preacher, and pastor. The Rev. Philip Rose, a good man, was highly approved as a Methodist labourer. They both, by the blood of the Lamb, finished the ministry and life with joyous assurance.

Before proceeding to a minute review of the year's operations, the Committee rejoice to refer to the position of the Parent Wesleyan Missionary Society of Great Britain, with which this Society has the honour of being in cordial and beneficial connexion. This is that Society's Jubilee year, and the celebration of it will thrill its friends in every part of the earth, while memory recalls the special indications of an all-wise Providence, the preservation of the doctrines and economy of Wesleyan Methodism, the call of evangelists as they were needed, the grace and guardianship granted them in every region of the globe, the munificence and ardour of a Missionary people, the incessant opening of doors of usefulness, the creation of affiliated Conferences, and the rapid extension of the glorious Gospel,—so that a great number of redeemed beings in many lands have died in the faith, or are now members of the Church of God upon earth. We congratulate the Parent Society on its auspicious circumstances, and unite with its directors and supporters, of whatever country, in devoutly ascribing all praise to the Father, Son, and Holy Ghost, and in fervent intercession, that the whole earth may be filled with the Divine glory.

The Wesleyan INDIAN MISSIONS of Canada have nearly ceased to excite by their novelty, and frequently-recurring conversions from Paganism; and if no other effect had been produced by them, the towns and settlements of the country have been freed from disturbance and fear, from Pagan vice and degradation. Attention is directed to the Reports from Native Stations, where faithful Ministers and Teachers watch for their souls, and the advancement of adults and youth. The first scenes of their evangelization were romantic and gratifying, and then the duties of the Missionary were chiefly preliminary and initial, and the contest

was between the present time than not as popular maintained, an evangelism firm vigilance are in habits, and keenened spiritualities utterly abolished.

The Mission themselves as to ignorant and value by the service white men. They and at Rossville agents needed Chairman were the Missions; an interesting eventoria Lake will Bay Company; are most persistent the Chairman and expectation for be obtained, fun

The Missions likely to secure conscious experiments parsonages have adopted for London increasing; this ence, which, will tolerably productive borne by the Society to relax. They and the Mission the ecclesiastical too, there is a great energetic Agent which were frequent Tribes of the Br

was between superstition and the truth; and truth prevailed. At the present time the Missionary's duty is not less important, though perhaps not as popular. The triumphs of rule in its daily effect, have to be maintained, and whatever anxieties were necessary when the spirit of evangelism first descended on the tribes, much judgment, faith, and vigilance are indispensable now, to form and confirm christian and social habits, and keep each converted band under the influence of an enlightened spirituality and system, until every evil, the growth of centuries, be utterly abolished. There is hope of this by the grace of God.

The Missions in HUDSON'S BAY claim attention for what they are in themselves as the depositories of Gospel truths and privileges, accessible to ignorant and debased Pagan Tribes, and seem likely to add to their value by the settlement of the more eligible lands in the Territory by white men. There is no decline on these Missions, but increased vigour, and at Rossville many conversions, it is probable, will be productive of agents needed greatly to enlarge the work. The recent tours of the Chairman were arduous and of long continuance, and very beneficial to the Missions; and the Correspondence already printed is among the most interesting ever given to the public. The new Mission premises at Victoria Lake will be very serviceable. The gentlemen of the Honourable Bay Company are respectful and kind. The Indians in several localities are most persistent in their appeals for other Wesleyan Missionaries, and the Chairman urgently recommends more. Some Tribes have been in expectation for years; and though other Agents should be sent, and could be obtained, funds are insufficient.

The Missions in BRITISH COLUMBIA have assumed a Methodistic form likely to secure permanency; our distinctive means of grace, and a conscious experimental religion, are growingly estimated; churches and parsonages have been built at a great expense; a Circuit Plan has been adopted for Local Preachers; societies and schools are organized and increasing; this year Branch Missionary Societies have come into existence, which, with the collections in the churches on Sabbath day, are tolerably productive; so that the large expenditures on these Missions, borne by the Society now, may be expected, because of local effort, soon to relax. The visits of the Chairman to the Mines have a good effect, and the Missionaries are much respected, making it very desirable that the ecclesiastical bigotry of a few should be obsolete. In this department, too, there is a great need of Ministers, and pressing need of a gifted and energetic Agent to gather the Indians,—that triumphs over Paganism, which were frequent in Canada, may soon be repeated among the debased Tribes of the British Pacific.

The Society's DOMESTIC MISSIONS maintain their efficiency, and there is a continual accession of Missions, Evangelists, Congregations, Christian Societies, Sabbath Schools, voluntary local helpers, and churches and parsonages. These are productive of many useful and benevolent public enterprises and agencies, and prepare communities for civil distinction; and if the national is founded on the domestic, it is not presumptuous to affirm that Domestic Christian Missions are the corner stones of an intelligent and religious national greatness. The Committee confidently refer their friends to the Reports from these Missions for a corroboration of what is affirmed. It is not without uninterrupted labour, and a large annual expenditure, this object is accomplished; and the yearly wider range which the New Settlements take renders it necessary to augment the labour and the outlay. Not a few of the Missionaries individually, it will be seen, stately travel two or three thousand miles a year. In their prescribed circuits persons are met with who have not heard a sermon for years, and, according to one letter, young persons of eighteen years of age were found who had never heard a preacher. To sustain such a work, is to respect the commands of Scripture, and yield to the dictates of brotherhood and patriotism.

The FRENCH MISSIONS are eliciting yearly a deeper interest, and a Conference Committee in Montreal, specially intended to promote their utility, calls forth the best feelings and principles of the ministers and gentlemen who thus aid the decisions of the General Committee, and has a stimulating effect on the Wesleyan Connexion. These Missions are taking form, and it is pleasing to read of appointments, conversions, classes, schools, travels, domiciliary pastoral visits, Missionary contributions, and the dissemination of Scriptures and religious tracts; and there is good hope that this nucleus of means will receive, by God's power, so extended an amplification that many of the deluded adherents of a corrupt faith may become the enlightened disciples of Christ.

The GERMAN MISSIONS have not been commenced without some difficulties; for error, prejudice, and lax notions do not always promptly submit to truth and discipline; but they have not, at Hamilton and elsewhere, disappointed the Committee; and the good-will of their supporters is encouraging. Public services are regularly held; German classes of new converts are occasions of edification and joy; and during the year a new Mission has been established at Preston; and there is reason to expect that this department of benevolent zeal will soon require more Agents to minister to a numerous people in other places, who need Gospel ordinances, and multiply the benefits of religious and social life in different parts of Canada.

REPORT.

xiii

The following is a brief Summary of all the Society's Missions in the Canadas, Hudson's Bay Territory, Vancouver's Island, and British Columbia, for 1862-3:—

Domestic Missions	137
Indian Missions	26
French Missions	6
German Missions	3
Missionaries to Destitute Settlers	185
Missionaries to Indians	24
Missionaries to the French	4
Missionaries to the Germans	3
Indian Day Schools	21
Printing Establishment	1
Teachers of Day Schools	17
Interpreters	15
Members on Domestic Missions	16,626
Members on Indian Missions	1,877
Members on French Missions	126
Members on German Missions	60
Total Missions	172
Total Missionaries (besides others under Chairmen)	216
Total Members	18,589

It is very satisfactory to the Committee that this Summary exhibits an increase of Missions, Missionaries, and Church Members, as the effect of the Holy Spirit on the means employed.

In relation to the Finances of the Society, much commendation is merited by many of the Subscribers whose payments are regular and undiminished. Some others have very laudably augmented their subscriptions; and it is a promising indication, that besides the growing use of Children's Cards, and Missionary Boxes, there are being introduced in some parts of the country Wesleyan Juvenile Missionary Societies. Notwithstanding these efforts, the aggregate Income of the Society is less this year than last; the appropriations to all the Missionaries having been reluctantly reduced, originates an earnest appeal for special, and for immediate consideration, prayer, and generosity.

There are numerous cogent reasons why this appeal should be responded to with respect and heartiness. God commands the unlimited propagation of the Gospel. Unspeakable good is done by Christianity. The maintenance of the Society cannot be neglected without culpability. The extension of the Society's Missions is a duty. A prolific harvest this year supplies the means of benevolence. The Society cannot maintain and extend its Missions without the more zealous co-operation of

God's people. The Committee are honoured yearly with applications for more Missionaries from every department of the Society's immense field of enterprize—Domestic, Indian, French, and German. Providence now awaits a more entire devotedness and benevolence. The Redeemer—*our* Redeemer—waits for us.

Thus, from these general statements, and more particularly from the abundant facts contained in the Reports of the Missionaries, it is evident that the Spirit of Holiness bears testimony to the truth of the message carried by them to the destitute; that the Gospel is the power of God to the salvation of men; that in every place within the Society's bounds light disperses darkness, worldliness gives place to spirituality, and guilt to peace and joy; public order and happiness are promoted, and on every Mission there is, when life must close, death-bed scenes which bespeak the blessedness of Christianity.

For the future, although many souls are yet without experimental godliness, it is enough that the Lord saith of his Word,—“It shall accomplish that which I please, and it shall prosper in the thing whereto I sent it. For ye shall go out with joy, and be led forth with peace: the mountains and the hills shall break forth before you into singing, and all the trees of the field shall clap their hands.” These Divine assurances make our duty a privilege, and heighten our anticipations of a predicted day, which, in every land, shall be as delightful as important to the redeemed human family.

INDIAN MISSIONS.

NEW CREDIT.—The brevity of the following particulars from the Missionary, the Rev. Thomas Williams, renders necessary now a reference to his full report of last year. "Credit" is a familiar name to the fast friends of our Indian Missions, and prized for the self-sacrificing labour connected with it, the power of the Gospel over paganism, and the joyous departure of pious Natives to immortality from old, and then from New Credit.

"The stated worship of God has been kept up regularly at all the appointments, the Mission retaining the same form as last year. Special efforts have also been used at some of these appointments, with some good results.

"Comparing our congregations with former periods, they seem to be good; and the people attentive to the worship of God.

"A greater attention to our distinctive usages,—the Class and Prayer Meetings—would result in our spiritual improvement.

"Death has visited us during the year, taking from us some old pious members; but they died in the faith, giving glory to God.

"Three Sunday Schools have been in operation part of the year—one all the year. The attendance and results appear good.

"Our Day School is efficiently managed, and with improving results."

GRAND RIVER.—The deportment of the Mohawks is as manly as ever, and worthy of their history since the Methodists of Canada rejoiced over the first pagan Indian there who accepted the religion of Christ. The Rev. P. German's facts will gratify.

"I am happy to inform you that we have had a good year on the Mission. We have held special services, and taken over twenty into society. Our Quarterly meetings have been times of refreshing from the presence of the Lord. At the second, our church was full, and the services continued until after twelve o'clock at night, and at that late hour the altar was crowded with penitents, and many were made happy in the Lord.

"Our Day school is doing well, and we still continue our class-meetings, prayer-meetings, sabbath schools, and temperance meetings, &c.

"Several of our members have been removed from us during the year by death; but they all died happy in the Lord. The Mohawks drew their interest money here a short time ago; no liquor was used, and in the evening all returned quietly home. The Gospel has indeed done great things for the Indians.

"We are in advance of last year in our Connexional funds, and also twenty dollars in advance of last year in our Missionary contributions. Our congregation has improved at the Saltspring, and if we had a new Parsonage this would be a very pleasant field of labour."

MOUNT ELGIN AND MUNCEYTOWN.—The lamented death of the Rev. James Musgrove deprives us of the satisfaction of presenting a report of the Mission, which he and his colleagues served with great fidelity. When the time came for his reporting—which he had done without failure yearly—he was bidding farewell to his work.

WALPOLE ISLAND.—Where some of the most esteemed servants of God have for years devoted their powers and prayers, it is cheering to be informed by the Rev. W. M. Cooley there is not only stability but progress.

“During the past year we have erected a church upon this Mission, thirty-two by fifty feet. And notwithstanding the amount of labour required to carry forward such a work in this place, the spiritual Church was not permitted to go to ruin. The Lord has given us a measure of prosperity throughout the year.

“There has not only been an increase of spirituality and stability among the former members, but an increase of members. We reported only 97 last year but this we have 119 in full membership, and two on probation. Our congregations are increasing every week since the warm weather began, so much so that we are sometimes pressed for room with our present temporary seats. The influence among the pagans in favour of Methodism greatly preponderates, and were the church once nicely finished, so that it would be comfortable in the winter, we have reason to believe the time is not far distant when nearly all would become Christians.”

SNAKE ISLAND.—The Day and Sabbath Schools here, and the social condition of the band, continue to have the judicious attentions of Mr. Wm. Law, the oldest of the Society's Teachers, and the Ministers at Holland Landing regularly administer the word, ordinances, and rule on the Island. Attempts have been made to disturb the harmony existing, but the Rev. A. Drennan thus writes:—

“The Indians of Snake Island have the Gospel regularly preached to them and they are very attentive; but their habits of living militate somewhat against their progress in divine things. Three of the members died during the year. There are thirty-eight in Church membership. Your Missionaries are praying, thankful, and hoping on.”

RAMA.—The Rev. R. Brooking writes under circumstances of encouragement, and hope.

“It has pleased the great Head of the Church to favour us with His approbation. We have had a small increase in our membership, and many of our people are evidently growing in grace. Our means of grace are well attended, and are frequently “times of refreshing,” and our Quarterly meetings especially, have been seasons of great delight to our people.

“The community, as a whole, has been, during the year, quite healthy, but death has, nevertheless, made some inroads among our people. Three of our people have died very happy in the Lord; one of whom was Mrs. Hannah Bird, the mother of the Rev. H. B. Steinhaur. She was one of the first of this tribe to receive the Gospel, when preached to by the late Rev. Peter Jones and others, at Holland Landing, and has ever since maintained a correct christian profession. She died with her latest breath praising Jesus the Saviour of sinners.

“Our Missionary subscriptions are good. The people have made considerable efforts by tea meetings and other means to raise sixty dollars for a new bell. The School has been in successful operation during the greater part of the year, and those who have attended have made commendable progress. I might also state that our people are gradually extending their agricultural operations; but there is much room for improvement yet, in this department. Our little cause in Mara is just what was reported of it last year; there is, however, a somewhat larger general attendance. We greatly feel the need of a place of worship of our own, where we can introduce all our own means of grace.”

SHOOGOG.—Here there are about forty Indians, old and young, and it is pleasing to know they have had the regular pastoral visitations of the Prince Albert superintendent, the Rev. C. Silvester.

"The Word of God has been regularly preached every two weeks to the greater part of the Indians residing on the Reserve. This has not, we believe, been in vain. During the year two of the female members have been called away by death. We visited them several times, in their sickness, and, as far as we were able to judge, they both gave pleasing evidence of their having found Him of whom Moses and the Prophets did write; and that they were able to confide in his merits, and 'rejoice in hope of the glory of God.'"

ALNWICK.—There is a touching interest about the Natives here, once the happy inhabitants of Grape Island—the honoured William Case, an apostle to them. It is deplorable that guilty whites should mar the good work he did, and therefore exceedingly satisfactory to learn from the Rev. Sylvester Hurlburt, an old friend of theirs, that still their experiences are scriptural, and their character sufficiently exemplary for comparison with that of intelligent white men. There is a good which cannot be ever diminished.

"I shall not say anything about their industrial operations; or rather their want of industry: let that pass. I have used all diligence in keeping up the means of grace among them. We spend the Sabbath as follows: Sabbath School at 9 o'clock, A.M.; public preaching at half-past 10 or 11; Class Meeting at 2½ P.M.; and in the evening sometimes a short sermon, followed by prayer meeting, which concludes the day; sometimes the prayer meeting without the sermon.

"The attendance is generally good, so also the class-meeting. They are generally faithful; and so they ought to be; for it is almost necessary to the piety of an Indian that he attend strictly to the class-meeting, however it may be with the whites. If an Indian absent himself from class, it is an almost certain sign of declension in piety. We have a leader's meeting at least once a quarter, where and when the character of every member comes under review. Sometimes we are obliged to drop some for non-attendance, but never without a visit from either myself or the leader. I think I returned 67 at the last Conference, but at the leaders' meeting held last Friday, previous to our quarterly, we found it necessary to cut off four, so that now we number but 63. A dozen or more were gathered in after our Camp-meeting last September, but the most of them are gone—they are gone because they drank whiskey.

"Perhaps I had better tell you how they manage to get whiskey. When they want it they go to something in the shape of a white man, and give him a bottle and a piece of money to get some whiskey. After the whiskey is obtained, this something in the shape of a man, with all his intelligence and refinement, will go and drink with the Indians—Indians and whites drink together—but generally the Indian pays for the whiskey. I think it but right, when we are obliged by a regard for the truth, to thus expose the faults of the Indians, to say something about the temptations to which they are exposed, and the authors of these temptations.

"Our last quarterly meeting was a good one. There was no wild fire, but a deep feeling of soul, and the experiences related were scriptural. It was a good time and will strengthen us.

"The Day school has been regularly kept, but the number of children in the school is less than it should be. The school is not appreciated. The Sabbath school does better than the Day school. The Sunday school paper helps in that direction. After all I do not know that the character of the Indian would

suffer much by a cool Indian, when half d makes no effort to believe many of them

suffer much by a comparison with his more intelligent white neighbour. An Indian, when half drunk, is, if possible, a greater fool than the white man—makes no effort to conceal his shame. I think I have written enough. I believe many of them will be saved through grace. 'Pray for us.'

RICE LAKE.—This is another Native Village where much labour and anxiety has been bestowed,—and, thank God, not without christian results. From it and all the other Indian Missions, many have gone prepared by grace for a better world, and here and elsewhere Native Agents were trained, some of whom are now usefully employed on the Society's Missions.

"During the year, the Sabbath and week-day services have been maintained with as little interruption, as the frequent absence of the Indians from home would admit of, and their attendance when at home has evinced a continued, and in some instances, an increased interest in religious exercises. Our camp-meeting just after Conference, was well attended by our Indians, and many from Alnwick and Mud Lake, and resulted in the quickening of the members, and conversion of many who had remained strangers to the salvation of the Gospel; but the numerous temptations presented to the Indians by the white people, and the strong tendency on their part to yield, makes them a ready prey to designing persons; so that some who were brought into the Church have necessarily been excluded for immoral conduct, and we are not able to report an increase of membership.

"There have been nine deaths in the adult population, and all left to their friends a satisfactory evidence of their preparation for a better home. Some of them were very triumphant. In these instances we have an increased ground of encouragement to the Missionary for continued labour, and, to the friends of Indian Missions, evidence that their labour of love is not in vain.

"The Week-day School has been continued about nine months of the year. The indefatigable labour of our excellent teacher, with the influence of climate, rendered it necessary that a little relaxation should be enjoyed, and consequently a vacation was granted. Her improved health enabled her to return and resume the labour of teaching at the commencement of the new year.

"The Sabbath school has retained its prosperity of which I spoke in my last report, and the superintendent and teachers have done all that could be reasonably expected, to promote its interest.

"Our Temperance meetings have been held at stated intervals, but not with that encouragement that we could desire. The vice of intemperance exists in some cases alarmingly.

"The Indians have made some improvement in agriculture, and although this branch of employment is not assigned to your Missionary as a great means of contributing to their comfort and prosperity, nevertheless it has much to do with the religious prosperity of the Mission; for just in proportion as they can be induced to cultivate the excellent farms allotted them by the Government, and remain at home, will opportunities be furnished for religious culture and stability."

MUD LAKE.—We regret that, as last year, no report has been received of a small, though worthy band, of Indians, who, since the early and animating visits of Peter Jones to them, have been faithful to the Society which rescued them from superstition.

MORAVIAN INDIANS.—Being under the supervision of the Minister at Wardsville, the Rev. O. E. Burch writes,—“Amongst the Indians

we have been enabled to do little else than keep up the regular appointments. The little petty differences they have had amongst them this year have prevented their spiritual prosperity: with them we hope to see better days for the future." This report is exceptional; for year after year the conduct of the people has been praiseworthy.

ST. CLAIR.—The Lord has done great things for this people since the good Peter Jones, in 1829, traversing Lake Huron and the St. Clair in a canoe, met with Chief Kegeoons, and then Chief Wawanosh; during which journey he preached, perhaps, the first Methodist sermon to, what he calls, the "white heathens" at Goderich,—now deserving a character for christian intelligence and enterprise. We have great pleasure in giving to the public the Rev. Thomas Hurlburt's credible testimony,—a refutation of men who deny the practicability of Indian regeneration and elevation.

"At the close of another ecclesiastical year, we are thankful to be able to report a steady advance in the condition of the Indians under our charge. We never have seen a year among them of less drinking and other disorderly conduct. We have an increase in membership to report, as well as a comparatively rapid improvement in agriculture and other industrial pursuits. Last fall about 250 bushels of fall wheat were sown, which is about double that of any former year.

"This improvement in their temporal circumstances produces, or is accompanied by, a corresponding improvement in their domestic affairs and social habits. We have twelve classes on this Mission, with 230 members.

"In no part of Canada can we find the same number of people, taken in the mass, where there is the same number of orderly Church members, or so little of crimes of all kinds, or where there is less of pauperism and want. Our members are awaking to the duty and necessity of supporting the institutions of religion among themselves, and of aiding to send it to their people still in darkness.

"The Sabbath School department of our work has recently become very encouraging and promising. We now have on our rolls 110 scholars, 8 teachers, and about 300 volumes in library. We hope by special efforts to advance this department of our work to promote the religious culture of the rising generation."

SAUGEEN AND SOUTHAMPTON.—Some of the figures from the Rev. J. K. Williston show that the facilities for evil furnished by white men are destructive of character and life. The Gospel is a conservator of both. The deplored evils, therefore, must be placed to the account of the selfishness and recklessness of others who boast a higher condition.

"In comparing the present state of the Saugeen Mission with the past, I am led to think we are making advancements in some respects, though owing to the sin of intemperance, which is quite prevalent among a part of this band of Indians, we have been obliged to drop from our class books the number of 18; one has died; 3 have removed; 12 have been received into the Church. This shows a decrease of ten Indian members. But this is not very surprising, after the unusual increase of last year. We have received among the whites 9, and one has removed, making an increase in that quarter, so that, uniting Southampton and Saugeen, we come within 2 of the number returned for both places last year.

"To show you that I have only mentioned the Indians for the C 1862. There were 1 oats, 75 of peas, 14 o all 6,543 bushels of things in temporaliti

urned for both

"To show you that our Indians are making improvement in some things, I have only to mention a few items brought out by the census just taken of the Indians for the Government, viz., the amount of crops grown by them in 1862. There were 1583 bushels of corn, 306 of wheat, 885 of turnips, 125 of oats, 75 of peas, 14 of Buckwheat, 3,555 of potatoes, and 9½ tons of hay,—in all 6,543 bushels of produce. I think this shows a commendable state of things in temporalities.

"In spiritual and religious matters we are going on about the same as usual: our last Quarterly Meeting was a gracious season to many souls. Our Day and Sabbath schools have been kept up as regularly as possible, and some advance has been made by the children. I think our prospect has somewhat brightened the last quarter. The births, as far as I can ascertain, for the past year have been 9; deaths 19. Therefore we ought to be diligent in bringing as many of them to God as possible."

CAPE CROCKER AND COLPOY'S BAY.—The body of Indians here consists, with others, of former residents at Orillia and Coldwater, removed during Sir F. B. Head's Governorship. This Wesleyan Mission is in evidence, that for several obvious reasons the Society has done well to follow them, and preserve a good exposed too long to distractions.

"We thankfully remember the manifold mercies conferred on us, on this isolated Mission, by the Head of the Church. We have had peace in all our borders during the last year. We have had a good School in operation about half of the year, which is as long as a school is required on the Cape during any Conference year. In consequence of the migratory habits of the Indians, the average attendance during said half year was 20. I taught the school myself voluntarily.

"The Indians have left Colpoys Bay, and have come to Cape Crocker to live. Two of our members have died during the year: we had to drop 9 who were on trial. We have 3 Local Preachers, 4 Class Leaders, and 68 Members in full connexion; none on trial. Total 75; decrease 2. The entire population is now about 300, including those from Colpoys Bay. There are 4 religious denominations here, viz: Wesleyan Methodists, Episcopalians, Roman Catholics, and Congregationalists. The Wesleyans and Romanists most numerous."

CHRISTIAN ISLANDS, BEAUSOLIEL ISLAND, AND FRENCH RIVER.—

This is an extensive Mission, journeys to French River requiring much time and exposure. There is, however, a reward for labour seen in the increased spirituality, industry, trade, and domestic comfort of the Natives, notwithstanding the known devices of the Papacy to prevent Protestant success: so that our respected Native Missionary, the Rev. Allan Salt, is thankful and stimulated.

"In the midst of various trials we have had some tokens of spiritual good in our regular stated means of grace. Three women died, one a member for many years, and the other two had given themselves up to serve the Lord a few months before their decease; excluded two others for immorality. The membership now stands as follows:—In full membership, 88; on trial, 15; total 103. One Sabbath school of 22 scholars. Baptisms during the year, 32; marriages, 8.

"Our people raised more crops than before. They have traded considerable quantities of corn and potatoes with white people this spring. They build their log houses with their own hands and means. This temporal and the spiritual improvement gives us encouragement. In three places, Christian Islands, Nashkodayong, and French River, Teachers are much needed. They cry, 'Come over and help us.'"

GARDEN RIVER.—In the absence of a report from the Missionary, it may be said, that here and on the upper Lake the work shows the utility of the remembered early labours of the present Chairman and John Sunday, and others; and recently the benefits of it have not been circumscribed by Indian boundaries. The Chairman says, "The work on this Mission is very encouraging among the new settlers along the Sault St. Marie. During the past year our Missionary has supplied them with the ordinances of God's house, and has formed a class among them of 14 members. The work among the Indians on this Mission is about as usual."

BATCHEWANA BAY, MICHIPICOTON, AND PIC AND NIPEGON, are three Missions on the bleak north shore of Lake Superior, where the resident labourers are Native Agents, and upwards of a hundred Indians are members of the Wesleyan Church; and they are valuable as Gospel posts for the evangelization of contiguous bodies of Pagans. The Rev. Thomas Hurlburt, Chairman of the Huron and Superior District, greatly aids the agents by his counsels, and visits to the Missions; and he thus writes of their present state:—"Our brethren on Lake Superior are holding on their way, and holding forth the Word of life, in these darkened regions with encouraging success. No part of our wide field is more truly Missionary. We thank God for the past, and take courage."

HUDSON'S BAY MISSIONS.

The intelligence from the Bay Territory is an exhibition of the hallowed power of the Protestant Bible. At Norway House light has shone, which is now providentially diffused, blessing distant posts. At Oxford House the Indian population is well nigh entirely permeated by religion. And on the Saskatchewan present activities and outlays are preparing the way for Gospel triumphs, and durable Christian communities, and an evangelized wilderness people, waking their songs to the God of salvation.

ROSSVILLE, NORWAY HOUSE.—The Rev. George McDougall's succinct annual report is confirmatory of statements in letters heretofore published this year, and much read.

"In reviewing the past year it is gratifying to be able to state, that amid some discouragements much is presented to cheer, and to warrant renewed and extended effort for the good of this people. Six of our oldest members have passed away; some of them were useful office bearers, whose places we have found it difficult to fill, but whose faith, patience and hope, in the midst

of severe affliction, were very encouraging. Of all these it can truly be said, There was light in the valley. A gracious influence has been vouchsafed to many of our young people. Upwards of 40 have been led to seek for mercy, and are now meeting in class.

"I have corresponded with a number of promising young men who came from Britain strangers to grace, and were converted at Norway House. They are now widely separated, some on McKenzie River, and Athabasca, lights in a benighted land.

"We have now a membership of 206. The Day School has been carried on with considerable efficiency. The Sabbath School has been very successful, and averaged 100 scholars."

OXFORD HOUSE.—The Rev. C. Stringfellow thus reports his Mission :

"Six years have passed away since we first received charge of this Mission. During this period a goodly number have departed to their eternal rest, rejoicing in hope of the glory to be revealed. These, with others still faithful to God, and still "lodging a while in tents below, till they their Eden gain," will be our "precious sheaves" in the day of the Lord, to testify that your Missionaries here from the first have not laboured in vain; and that the Church has not contributed of her resources in vain; nor has the Gospel failed in bestowing upon its recipients all it offers, and all they are wanted in expecting.

"During the past year four of our female and aged members have safely landed in heaven. In one case death was preceded by mental stupor and unconsciousness; but if a holy life, if true spiritual earnestness for salvation whilst in health and strength, and zeal for God, be any criterion, we may state our conviction of our sister's happiness with Christ.

"The death of one of our scholars at the Mission is a very satisfactory evidence of the benefits succeeding religious teaching to children. The scholar was a little girl of about 6 years of age. On the Sabbath prior to her death she said, 'I am thinking the time long before I see Jesus. I shall never be sick there. If I am only there (heaven) I shall be well for ever. Those who are in heaven, sing for ever; me, too, I shall sing.' In answer to a question by her mother, she replied that 'she had no fear or dread about the grave.' How true it is, 'Out of the mouths of babes and sucklings God will perfect praise.'

"During the past year our congregations have been larger than in any former one of this Mission. The attention given to the truth was such as to lead us to hope that it profited the souls of the hearers. The intelligence and piety of the Society have increased since they were put in possession of entire copies of the New Testament, and by a continuous attendance upon the ordinances. Many appear to be established in the truth, and give promise of being faithful unto the end.

"Our Love Feasts and Sacramental occasions were always seasons of deep feeling, and pre-eminent means of grace. This was specially so at our last celebration. The Lord was near, and we felt his presence and blessing. May we all meet in heaven!

"Our services at the Fort during the year have been interesting and a little encouraging.

"The School has been well attended, especially in the early winter months. It has been taught with diligence. Nearly the whole of the Oxford Indians have embraced the Gospel, and, unless there should be an increase of population, no very large increase of the Society is possible. We report 111 Full members, 9 on Trial, total 120. During the year we have baptized seven infants, and united in matrimony six young couples.

"Four new houses are in course of erection, and are likely to be occupied the ensuing autumn. We rejoice at this, as evidence that the people are increasingly valuing the means of grace. A bridge has been built across the river, so as to facilitate communication with the Indian village on the main land. It is 120 feet long, and the Indians worked well to get it completed, and we have already reaped the good of it. A flag staff has been erected, some 66 feet high, with the four cardinal points of the compass and a weathercock on its summit. This has somewhat improved the appearance of the village. Our church bell has been hung on four tall posts, on a suitable spot, and is now distinctly heard throughout the village, and is always a pleasing sound, whenever it calls together the worshippers.

LAC-LA-PLUIE,—a place where our services have been acceptable and beneficial to a number of Indians,—will have a suitable Missionary appointed to it soon as practicable.

EDMONTON HOUSE.—No disciplinary report having been received, we regret it must suffice to say, that the Missionary, the Rev. Thomas Woolsey, continues his long and toilsome journeys on the Plains, to accomplish as he can the evangelization of the Indian Tribes, and induce them, if possible, to prefer, and submit to, permanent settlement, rather than their present vagrant life. The Chairman's recent visit to the Mission was cheering to Mr. Woolsey and the Indians, and when the Mission premises now in preparation at Victoria Lake shall have been completed, many lasting religious and social advantages may, with the Divine approval, be expected, as the result, to several Tribes.

WHITE FISH LAKE.—The Rev. Henry B. Steinhaur of this Mission has his agreeable oasis where there is wide-spread dreariness, and Pagan degradation in the region around, and he must rejoice that Natives gather to his little Jerusalem, receive light from God's word preached, holy warmth from the Class-meeting, and youth the elements of knowledge,—thus giving utility to a Station to which, we hope, many wandering Pagans will be allured, and there, too, offer their first sacrifices of praise to the God of Mercy.

BRITISH COLUMBIA MISSIONS.

In giving publicity to the official Reports of the Missions on the Pacific the Committee think there is sufficient reason for applying the first sentence in the Report of Victoria to the entire work this year:—“The year closing has been marked by tokens of Divine favour;” and they unite with the Missionaries in offering fervent thanksgivings for the gracious hand that has been with them in the pulpit, in pastoral visitations, and in their arduous explorations; and they will not doubt that the Society's patrons in Canada rejoice that a foreign work so recently commenced by them is already successful.

VICTORIA.—The following is from the Chairman, the Rev. Dr. Evans:—
“The year closing has been marked by tokens of Divine favour. During the absence of the Superintendent, while visiting the Cariboo mining region, Mr. Lucas preached on Sabbath afternoons in the streets in addition to the holding of regular services in the church. It is believed that a good influence was thereby exerted upon some who rarely are found in the sanctuaries of God.

aries of God.

The congregation has increased in number, and in it are found not a few who in England and the British American Colonies have been associated with Methodism. A few cases of conversion have evinced the presence and power of God. The return of twenty-five members more than were in the classes last year, proves that our social means are rightly regarded by many. We mourn over widely prevailing ungodliness around us; and many who on arriving here forsake the formerly trodden paths of righteousness. Yet our trust is in God; and with the prospect of an augmenting population we look for still more abundant success in our evangelical toil. The erection of another church in the city, or the enlargement of that now occupied, will soon be indispensable. To God be the glory for past blessing, and in his work be future energy exerted."

NANAIMO.—The Rev. E. Robson thus writes:—

"Through the mercy and goodness of God, we are enabled to report some progress in every department of our work on this Mission during the past year.

"There is an encouraging advance in the number of Church members, some of whom have during the year been led to seek salvation through the one Mediator. As far as we can judge by human tests, there are many who are growing in grace and in the knowledge and love of God. The public congregations are improving in numbers and in stability, and there is evidently a stronger attachment to the institutions and services of our Church, while our Sabbath school, which formerly cost us much anxiety on account of frequent fluctuations in the attendance, is now much more settled, and much better filled.

"Some of the scholars are making very pleasing improvement, and promise well for the future. A few of the new settlements at a distance from those previously supplied, have been visited, and an earnest desire is expressed that we should afford them stated means of grace: this has been impossible, however, owing to the fact that the work already on hand is quite as much as one minister can manage.

"If an additional minister could be sent for the coming year there would be abundance of labour for both among those who need us most, and their services would be hailed with joy. The preaching among the Indians has been kept up and well attended by them, and outward reformation, accompanied by earnest expressions of regret and sorrow for past sins, along with anxious enquiries after the way of salvation, have given us hope that our labour has not been altogether unaccompanied by the blessing of God. It has been utterly beyond our power to continue the Day school, as the Indians now live at a considerable distance from the town, and our other duties demand the whole of our time.

"We believe upon the whole that Methodism is firmly seated in the affections of our people, and that there has been much good done by the labour of the past year. To God we give all the praise."

NEW WESTMINSTER.—The Rev. E. White says,—

"At the close of the fourth year on this promising Mission, I record a condensed statement of its condition and prosperity, with gratitude and joy.

"A review of the past causes heart-searching and regret that more has not been accomplished. But the various success which has been granted, is cause of thanksgiving and hope.

"We have now fifty members divided into three classes, and for the past four months our congregations have averaged over one hundred, which, for unity, intelligence and liberality, cannot easily be surpassed in any land. The attendance has been good during the whole year, especially of late.

"By aid of local brethren a weekly service has been held at the Colonial Hospital, and at a few other places outside the city limits. We cannot tell of a large number of conversions, but we can joyfully record that the reviving spirit has rested richly upon us during the past few months, and that the mem-

bers have been greatly blessed. Some have sought and found the blessing of perfect love; others have regained their lost evidence of justification; and others, who have long mourned an absent Comforter, have received the spirit of adoption; while not a few, pressed and disheartened by care and disappointment, have obtained light and courage; and several, not far from the kingdom, are now enquiring, 'What must I do to be saved?'

"Some of our members will spend the summer in the mines, but they are determined while seeking the gold that perisheth, to live and work for God. All our meetings for fellowship and prayer have been well attended and highly interesting; the Quarterly meeting, particularly so. The last was truly a time to be remembered; over forty communed, and about fifty were present at the Love-feast, which was so pervaded by the spirit of joy and unity that it was difficult to close and separate. We have a goodly number of experienced and hardy soldiers of Christ, who will yet make their mark on this young land, and do valiantly for the Lord. The Sabbath school has been kept up with increasing interest, and the Bible class, composed of intelligent young men and women, is large and highly interesting."

FORT HOPE AND FORT YALE.—The Rev. A. Browning's statements are brief.

"Previous to my leaving for Carriboo, (June, 1862) I had divided my labour between Hope and Yale. On Bro. Tindale assuming the oversight of this Mission, I recommended him to confine his labours to Yale and its vicinity—a course which on my return I unhesitatingly adopted. For nearly six months of the past year, a majority of the Military have sat under our ministry, while the civilians employed in road building have been visited in their camps, they receiving the truth with all gladness of heart.

"In spite of many obstacles, the regular services in Yale have been kept up, and a Bible-class profitably conducted. This is emphatically a Missionary field, requiring in a successful and satisfied incumbent apostolic faith and endurance. The monetary maintenance rests on the liberal offerings of those who are wedded to the Missionary cause; for both he that worketh and he that liveth, are labourers together with God."

DOMESTIC MISSIONS.

Though every Missionary is expected to report his work fully to the General Superintendent, for the information of the Committee, the frequent similarity in their reports renders it necessary to publish only succinct statements showing the condition of the Missions, and the religious necessities of the New Settlements, for the satisfaction of subscribers.

Toronto District.—ORANGEVILLE. The opinion of the Missionary, the Rev. J. Broley, is, that but for a large number of removals the last two years, this Mission would have been almost "self-sustaining." As it is, he has a good number of "devoted christians;" Sabbath School influence extends; finances are in advance; and he says, "Taking all things into consideration, we feel that we have much cause for thankfulness to God, for his goodness to us, and for the prospects of this Mission."

KINGSTON ROAD. The Rev. Thomas Derrick expresses his gratitude to the Committee for a liberal grant, and to several Toronto Wesleyan Ministers for their counsel and services; and though some circumstances in the past, he says, were "most discouraging," he now writes thus cheeringly to the praise of God:—

"We can present a cheerful present and a future hopeful. The Church has cast aside her despondency, and is at work in the vineyard of the Lord; and thereby resources have been cultivated, and in spiritual things the fruits of grace appear. The hundred and forty dollars a year, as interest on borrowed money, has ceased to distress our people, and has been cheerfully raised during the past year. Church improvements, such as sheds, lamps, carpets, &c., have been added, to the value of 117 dollars: 60 dollars have been raised to meet various outstanding bills. And with joy we state the pleasing fact, that notwithstanding the pressure of circumstances, our people have not forgotten the *Mission cause*, as our first year's returns to the general Mission fund is \$54 72, and your Missionary has had a most comfortable home, and his board has been met most cheerfully, and to his entire satisfaction. The congregations are good; 22 pews have been let; and the copper collections have become quite an important item in the revenue of the church. Some of the Connexional collections have been made in the past year, and in the future all may be made. An official Board has been formed, and acts in harmony.

"Weekly payments in the classes have been introduced, and work well. The Sabbath school is prospering and increasing. And best of all, sinners have been converted. Our membership has been doubled, and God is with us."

Niagara District.—From DUNNVILLE the Rev. T. D. Pearson communicates some indications of good, in additions to the Church, and efforts for the relief of Church property. The Rev. A. Langford reports favourably of CAYUGA.

"After making up for 22 removals, &c., we are truly thankful that we are not compelled to report a decrease in the membership, and it affords higher satisfaction to be able to testify that the spirituality of our people is increasing, as is clearly to be seen in their punctual attendance upon those special means of grace peculiar to Methodism—class-meetings and prayer-meetings. During the year our new church in Cayuga has been opened for Divine service, and, as we fully expected, our congregation has greatly increased. Our Connexional funds have been well sustained; a few are in advance of the previous year. Our new church at Canfield has been made free from debt; and we can now say that at all our appointments but one, we have good churches, unencumbered and decided Connexionally."

POINT ABINO. This field was recently formed into a Mission, and quite unexpectedly to the worthy Methodists upon it; but they have taken a decided Methodist position; have purchased a Parsonage for themselves, undeterred by their loss of the Parsonage and furniture to which, when of the Welland Mission, they liberally subscribed; they are building a Church; and time is the only lack of such a people, for them to reach every useful object which they have so praiseworthy resolved to accomplish. The Rev. R. E. Tupper writes,—

"While we labour under the inconvenience of a great deficiency in our salary, and are compelled to provide parsonage furniture wholly at our own

rk fully to the ee, the frequent b only succinct l the religious subscribers.

he Missionary, ivalso the last ing." As it h School influ- ing all things ankfulness to his Mission."

expense, we have pleasure in reporting a gratifying increase in the contributions of this Mission towards the Chapel Relief, Contingent, Superannuated, and Educational funds. Our subscriptions in behalf of the Missionary fund are about one third in advance of last year.

"We have a new church in the course of erection at SHERK'S CROSSING; four-fifths of the cost of the building is provided for by subscriptions. We preach in five different neighbourhoods, and have reason to believe, from the numbers who attend our services, and from the friendly feeling manifested towards our Church, that our cause is increasing in influence in this locality."

From CAISTORVILLE no report has been received.

Brantford District.—The Rev. Matthew Whiting entered on his year's labours at LYNEDOCK with some disappointment as to the number of his reliable members; still, the hand of his gracious Master having been with him, he has been encouraged.

"We commenced special services about the first of November, and continued them with little intermission until the first of May. These special efforts resulted in the quickening of our members at almost every appointment on the Mission, and the hopeful conversion of about eighty souls, sixty of whom united with us as members on trial. We have, however, as usual had some sorting to do previous to making our return of membership. This, together with the large falling off at the commencement of the year, will account for the smallness of our increase; but, on the whole I think I hazard nothing in saying that the Mission is in an improving state in a spiritual point of view.

"The same, however, cannot be said in reference to temporalities. There is an uncommon scarcity of money in this part of the country, owing to repeated failures in the crops, and the fearful warfare that is going on in the neighbouring Republic.

"I feel that it is due to the Rev. G. W. M. Gilbert for me to say, that he has rendered me efficient aid in keeping up the regular appointments on the Mission during the year."

London District.—STRATHROY is said by the Rev. L. O. Rice to enjoy peace and prosperity, no reduction of membership, and a good prospect in a recently-visited part of the country.

"We have been also very much gratified and encouraged indeed by the Christian enterprise of one of our societies in erecting for itself a beautiful and comfortable house of worship, in size 32 x 42, which was dedicated to the worship of God by Bro. Jones, our excellent Chairman, January last, and is now known as Ebenezer Church, situated on the second line south, Township of Adelaide, six miles from Strathroy. In consequence of the exceedingly arduous, though happily successful, struggles of this and the Strathroy societies in meeting demands against them in the form of church debts, together with the heavy monetary depression from which the entire community is yet suffering, the funds of the Church have been scarcely as well as ordinarily sustained. However, great praise is due the Quarterly Board for their zealous and hearty co-operation in endeavoring personally to sustain those funds to the utmost of their ability, and in enlisting the interest of the entire Church in the same work. May temporal prosperity abound unto them more and more even as the Lord hath opened their hearts to sustain his cause."

Gospel; and it is satisfactory to hear from the Rev. T. Atkinson that a thousand dollars had just been paid for a "very good" church. ARKONA is not reported. The peculiarities of WYOMING are most poetically, yet honestly, stated by the Rev. W. Dignam, and we think the dawn he hopes for will soon be cheering to him and to Wyoming.

"This Mission was severed from Warwick two years past, and in connection with the Oil-Springs was set off last year as a field for two labourers. As the outflowed the feeling flushed for independence, and during the first quarter of the year, the Springs organized for themselves; dividing the labour and the labourers, taking to themselves two appointments, leaving Wyoming the balance. Cut off thus from the aristocratic Springs, we had a large field, a poor field, and a disorganized field. First and second quarters matters were most discouraging; third and fourth quarters matters attained a little quiet and confidence; *inspiring hope*. Through the very worst of roads—constant riding without the luxury of one round of sleighing through the year—a rough new country and scattered population—your Missionary's health has been declining the last six months, and by great exertions, with much of physical infirmity, he has been barely able to keep up the ordinary duty without any extraordinary efforts; and hence the *little success* in the increase of membership. This, with the fluctuating state of the population and congregations, makes increase at present so uncertain and difficult, as our gains do not altogether counterbalance our departures. Parsonage debts have been oppressive, and very perplexing; missionary avails have been encouraging; and children's pennies have swelled over twenty dollars. Other Connexional funds feel the effects of the late pruning and dislocation of its stronger members only a little; Sabbath schools and Bible classes have received attention through the year, and the Book Room has been well patronized by a poor people. Another church has been pressing forward to completion; and *the past forgiven*, we look through the gloom, for the brighter side of the cloud, hoping that the dawn may be neither dim nor distant."

DEVONSHIRE is prosperous in charge of the Rev. W. Chapman.

"This Mission had McGILLIVRAY with seven appointments set off from it last year, which considerably weakened us on this part financially and numerically, yet our field of labour is sufficiently large for two men. The brick church that we commenced last year has been finished and dedicated to the worship of God, and is a credit to the zeal and liberality of our respected friends in this neighbourhood. One has been erected at Lucan, 30 x 40 feet, and has been dedicated to the service of the Lord. The two have cost about 2,400 dollars. Some of our funds will be smaller than they were last year on the same ground; yet our people never raised so much money in any former year. The Lord of the harvest has been pleased to bless his Word preached to the conversion of about a hundred souls. And while so many of our dear brethren have been called from their Master's work during the year, we thank our Heavenly Father that he has blessed us with health to labour in his vineyard."

The Rev. J. Doel, of MCGILLIVRAY, is thankful to God in saying, "During the past year, notwithstanding much family affliction and many other difficulties, the Lord has vouchsafed to us peace, unity, and a good degree of prosperity: souls saved, believers sanctified, and our Quarterly Meetings seasons of refreshing from the presence of the Lord." The people at NISSOURI, the Rev. G. Kennedy states, are kind-hearted, the

membership attentive to the means, and a "large portion of the population" are attracted by a well-located new brick church, and he looks for more prosperity.

Chatham District.—At MOUNT BRYDGES the Rev. E. Cragg deploras the fact that there have been few direct evidences of the converting power of God, notwithstanding "congregations have been large and attentive;" and says, "we encourage ourselves with the belief, that if *we* do not see so great an ingathering to the Church, our immediate successor will reap what we are now sowing." Truth is gaining the ascendancy at NAPIER; members are increased; and the Rev. W. R. Miller thinks his Mission will compare favourably for liberality with any on the District, considering that "it is composed mostly of new settlements." The Rev. O. E. Burch regrets the loss of twenty-five old members by death, removals, and otherwise; rejoices in the usefulness of special efforts, and in good collections; and on the whole, his work at WARDSVILLE "is quite encouraging." The Rev. T. Culbert has been doing well at MOORETOWN.

"During the year the congregations have been good; in several places there has been quite an improvement. Four special services were held, resulting in the conversion of a number of souls to God, and the quickening of believers. Connexional collections, Missionary subscriptions, and the financial affairs of the Mission, are all in advance of last year. Having between two and three hundred dollars subscribed, and the proceeds of a bazaar and tea-meeting—held in the winter—amounting to between sixty and seventy dollars, we purpose shortly commencing the erection of a parsonage. One of our members died in peace, thirteen have removed, five have withdrawn, fourteen have been dropped for neglect of the means of grace, and thirty have united with us in Church fellowship."

WALLACEBURG. The Rev. S. C. Philp, 2nd, reports of his two years there, the building of two churches, nearly out of debt, increased Quarter-board returns, addition to Connexional property \$2,500, and what is of prime importance, a deeper spirituality, and an accession of 53 to the classes of earnest souls. The Rev. J. Hodgson is too brief in merely saying of FLORENCE, "By the blessing of God we are brought through another year of much toil, great anxiety, and some success. We have commenced building two new frame churches, upon which we hope no debt will remain when they are completed. All our funds are in advance of last year, and many souls have been converted to God." The spiritual state of MORPETH is improving, and the Rev. T. Hanna writes that one new church has been opened, and another been commenced; and he has reason to hope the Mission will before long be a circuit. The Rev. T. S. Howard thanks God for revivals, a healthy membership, and improved giving at ROMNEY.

Guelph District.—Disciplinary fidelity has reduced the number, not the piety, of members at ERIN, and the stated means have brought souls to Christ. Of his people the Rev. S. Wilson writes,—

"What with sustaining the various Connexional funds, paying off old church debts, and amounts expended in the erection of new edifices, with the contributions to the support of their Ministers, the people have been taxed to their utmost, and have, for the most part, cheerfully responded. A neat frame church has been completed, and opened in the village of Hillsburgh. A stone church has also been erected, and is in process of completion in the village of Douglas. The erection of these edifices is the more creditable to the enterprise and liberality of the people, because of there being few in number."

The Rev. I. Crane has had his difficulties at ROCKWOOD, and debts on Connexional property press very heavily; he nevertheless speaks of many of his members being "warmly attached to our Church," and of their increased sustenance of Connexional funds; and looks for showers of blessing. The Rev. R. L. Tucker's satisfactory report of BERLIN is evidence that though short, it can comprehend many particulars.

"Through the good hand of God upon his servants some progress has characterized their work during the past year. The number of souls, especially of youth, brought to the mercy seat has been encouraging. A class has been organized in the large village of Waterloo, where the population, amounting to more than 1,200, is mainly German. Upwards of 40 have been received on the Mission for membership, and 11 have come into it from other parts. On the other hand 22 valued members have removed; and 18 unfruitful branches have been lopped off; so that the net increase is but small. A flourishing Sabbath school has been established in the village of Conestogo. There are now six good schools on the Mission. Several of the scholars have become lambs of the Redeemer's flock. The congregations in Berlin and at two or three of the other appointments, are gratifying; while the Missionaries and their fellow laborers have been grieved by the discouraging aspect of some other neighborhoods.

"The Connexional funds are all, with one exception, in advance of those of last year. The Missionary receipts show a cheering increase, especially in town, where a Juvenile Missionary Society, recently brought into existence, has nobly co-operated with the lady collectors. Your agents, however, suffer a very considerable deficiency as the result chiefly of the large reduction in the grant from the Mission fund."

There has been a new church dedicated, and Missionary and other contributions have grown; yet a declension in the spirituality and numbers of the membership makes the Rev. J. E. Dyer wish that WELLESLEY may "speedily" have a "brighter day." The ELMA report, written in a grateful spirit by the Rev. J. Sanderson, is one of many we should like to insert unabridged,—church debts have been paid, a capacious church is to be erected,—what is better, his congregations are "very good," among numerous converts some "bid fair for usefulness," many of God's people have covenanted afresh with the Saviour, and several faithful members have been "called home," their final hour "emphatically peace and vic-

tory." Class delinquencies, and an objection to the strictness of Methodist rule at WALLACE, have made some anxieties for the Rev. N. Brown; on the other hand he has members who give "beyond their ability," and, considering the hardness of the times, have done well in church building; he, therefore, is thankful.

Goderich District.—The MITCHELL report not yet received. Notwithstanding several unavoidable causes productive of a "painful falling off," and gloom, at STRATFORD, the earnest report of the Rev. J. Hugill is not devoid of the cheerful; and his prayer is, that the time to favour Zion may be hastened.

"In regard to the tone of piety, generally speaking, there has been a degree of improvement. On some other matters also we have not been wanting in indications of a pleasing advancement. Our Church in the town,—at a cost of about two hundred and fifty dollars,—has been materially improved both in appearance and comfort. Repairs to a considerable extent have also been made in the parsonage and premises. And at one of our country appointments, about five miles distant, a most spirited and successful commencement has been made in the erection of a church, which is to be fully completed and ready for use in the early part of next July."

BAYFIELD finds an agreeable reporter in the Rev. O. H. Ellsworth.

"On this field of labour, during the past year, amidst incessant toil, we have much to cheer and encourage us. The word of the Lord, clothed with the power of the Spirit, has in many instances demonstrated itself to be the power of God unto salvation. Many of our congregations are pleasingly improved; the moral status and tone of the Church much higher; and many lively stones have been added, which we trust will give beauty and permanence to the superstructure in the future.

"Methodism on this Mission has had its foes and barriers, but by the blessing of God, and the powerful influence of consistency on the part of the Church, it is putting to silence the foolish, and commending itself to the conscience in the sight of God. By making our people acquainted with Methodism in its various departments, and unwearied efforts on the part of the Ministers, under the blessing of the Almighty God, Bayfield will doubtless in a short time occupy a more prominent position, and most favourably compare with the surrounding fields of labour."

The Rev. W. Bryers, of WAWANOSH, writes,—“We have been forced to use the pruning knife several times during the year.

The consequence is, a small decrease in the return of membership; the first time such an occurrence has taken place with us since we entered the itinerant field. Our congregations are nearly double what they were last year, owing, perhaps, to the removing of seven or eight appointments from private houses to more public places. The people are attentive to the word. One church has been erected during the year, and the deed secured to the Connexion. Five Sabbath Schools, and as many prayer meetings, are in successful operation.” KINCARDINE. “Our congregations,”

writes the Rev. D. Connolly, "are large, attentive, and serious, and as a Church we are securing Methodistic system, solidity, and moral influence. Should commerce take a favourable turn, we have no hesitancy in saying, that the Methodistic efforts of this Mission will be more creditable to itself, and satisfactory to the minister in charge, and the Missionary Society." Though TEESWATER has lost a third of its members by removal, and many names have been dropped, another class has been formed, and there isto be gathered from the statements of the Rev. J. Hough, the fact that a laudable church-building enterprize exists. The following is the Rev. T. Robson's account of AINLEYSVILLE :

"The past year has been one of great financial embarrassment to the people of this new country. Their crops failed last summer, market prices were low, money scarce, and payments to be made on farms. Many persons are therefore unable to pay their Missionary subscriptions, in consequence of which the income to our Missionary fund will fall a little short of last year. All the other departments of finance, however, are in advance of the previous year. A new frame church is in course of erection in Johnston's neighbourhood, for which a good subscription is on hand. Our church in Ainleysville is now being furnished with pulpit, altar, and pews, and both are to be opened in a few months.

"We are thankful for some spiritual prosperity; over forty persons have been converted to God during the year; received on trial forty-eight, but thirteen have moved away; two died, twenty dropped, and four withdrawn, which leaves a nett increase of only nine persons."

The Rev. T. Hadwin and colleague have gathered a good harvest at HOWICK, and garnered it well: a hundred and ten souls converted; 15 classes on the Mission; a noble Quarterly Board; church building is attended too; prayer prevails for greater blessings still. The Rev. P. Campbell is doing well at BLYTHE, if larger congregations, better funds, building a church at Bodmin, good classes and prayer meetings, and triumphs of truth, are indications of success. The report of LUCKNOW—a new Mission—from the Rev. D. Ryan, will gratify the reader.

"Although we have on this Mission, not only to contend against the difficulties incident to a new field of labour and a new country, but the violent religious and national prejudices of a large portion of the community, yet we are thankful for some indications of prosperity in the enlarged attendance upon divine worship, and in some places a growing respect for our Church and institutions.

"The inconvenience arising from certain preaching places will soon be remedied in a measure by the erection of a church by one of the most needy congregations, on ground deeded to the Connexion. One Sabbath school has been established during the year, with a good library of over one hundred vols.; others will follow as soon as convenient places can be secured. Our financial returns have been very small, owing in part to the partial failure of the grain harvest for the past two years; but, as Providence has favoured us with a delightful seed-time, another year may be better.

"From the consideration that the Society is here supplying the poor and the spiritually destitute with the bread of life, it is hoped that the Committee will still feel themselves justified in extending liberal pecuniary aid to this section of their extensive Mission field."

Owen's Sound District.—This is really a Missionary part of the country, and as in many other Districts, the membership is fluctuating because of removals. Still, there are accessions, and successful explorations, and the Rev. G. Goodson, the Chairman, shall be heard for OWEN'S SOUND and the District.

"Another year with its labours, cares, and anxieties has passed away, and on its review, I see much for which to thank God and take courage. The interest of our Church in town is healthfully progressing, and possesses the elements which, under the blessing of God, will at no distant period give it an influence and position, second to none in its social, moral, and religious status.

"During the year, from removals, &c, we have suffered the loss of twenty of our number, some of whom are severely missed, especially our beloved brother, Edward Miller, who, with his estimable wife, has passed away to the Church triumphant above. He was one of our fastest and firmest friends, a friend at a period when our Church in this town needed friends; his heart, his house, his purse, were ever open to sustain the cause of God, and his name is embalmed in the affectionate remembrances of this people. But our loss is his gain. We have, however, received a sufficient number to give us a net increase of twelve; while our funds are all in advance.

"I have through the year "prospected" the "regions beyond;" visiting different points in the Indian peninsula. Appointments have been taken up at five places, at each of which good congregations assemble to hear the word preached by our local brethren, who supply at no small sacrifice of ease on the part of some of them, until a Missionary can be sent to this people, among whom, as yet, no Minister is placed.

"The Ministers on the District, notwithstanding the sacrifices they are required to make, have laboured during the year with that assiduity becoming men of God having the interests of immortal souls committed to their trust; and their toil has been crowned with success, and the result is an aggregate increase on the District of more than two hundred; while the demand for the services of our ministers, and the undoubted necessities of our work, require an increased number of labourers in this field of Missionary expenditure."

At HOLLAND AND SULLIVAN, the Rev. W. Norton speaks of things in the "rough." He has taken up three new appointments, and been zealous in Sabbath School and Bible Class instruction, and has "strong hopes of prosperity." The Rev. Erastus Hurlburt thus writes of St. VINCENT:

"The cause of God on this Mission is prospering. A steady progress is observable in the institutions of the Church. Since the last Conference two new churches have been dedicated to the worship of God. We report an increase of 25 members over last year. The Connexional funds have been sustained. Two new Wesleyan Sabbath schools have been established. The May Quarterly Board resolved that St. Vincent Mission should become a Circuit next year.

"After three years' labour with this kind people we regret very much to leave them. Our prayer is that God would prosper them more and more."

THORNBURY. According to the Rev. W. R. Dyre, 36 persons have been received on trial, and 31 dropped; conversions at regular means: congregations, prayer meetings, Sabbath Schools good. ately to be built. The Rev. W. Hay, at the close of three year's labours at ARRAN, rejoices that his membership has rapidly increased, new appointments been added, an additional Missionary sent, finances in advance, and official brethren active. HANOVER has made progress under the Superintendency of the Rev. John Hutchinson.

"Your Missionary, in presenting his third, and what by Connexional usage must be his last, report on this Mission, does it with the commingled feelings of pleasure and pain. In his more than forty years' itinerancy, never has it been his lot to labour with a people with greater comfort to himself, and who have a juster claim to the best feelings of his heart.

"With pleasure and gratitude to the 'Giver of all good' he here records, that amidst the many privations, arising from falling crops, &c., our cause has been sustained beyond the highest expectations of the Missionary; our membership has increased twenty per cent.; there is a marked 'growing in grace' among the greater part of our membership; a multiplication of appliances for extending the good work amongst us; a Parsonage, which for comfort and convenience stands second to none in the District, and is out of debt; a church (the first in the Mission) the site given, material on the ground, and \$300 subscribed towards its erection; the sites for other two churches provided for; and, although our field is small and our members few, yet there is a steady increase in number, finances, and means; thus showing the work to be in a healthy and thriving condition."

Very briefly the Rev. W. Cross says DURHAM has, by God's blessing, "much advanced. Last year we could return only 58 members, this year we report 100." Finances "compare favourably." MOUNT FOREST AND ARTHUR. "Although," as the Rev. A. R. Campbell remarks, "This is the first year that two Wesleyan Missionaries have been employed on this ground, the experiment has been satisfactory," and there is a net increase of thirty members, notwithstanding that five preachers of other Methodist bodies are on the field, and a majority of the population are Roman Catholics, Presbyterians, and Episcopalians. The Rev. J. F. Latimer sends good tidings of ARTEMESIA.

"In presenting our annual report, it is with much gratitude to God for all His mercies. We have seen sinners converted to God, backsliders reclaimed, believers quickened, and the general spirituality of the Church improved. We have taken up four new appointments, formed one new class, completed one church, and had three more in process of erection. It has been a year of unprecedented difficulties financially, and consequently our funds have not been uniformly augmented, though in some there has been an increase, and there seems a general disposition to sustain the work more faithfully. We feel disposed to say, What hath God wrought? and give Him all the praise."

Barrie District.—INNISFIL, in the care of the Rev. R. Graham, is prosperous,—an increase of members, one new class, official members harmonious, a new church rising, and four on the Mission. At HOLLAND LANDING the Rev. A. Drennan says there is some opposition, and yet an augmentation of members and funds. Bigotry and heterodoxy are clogs to Christianity at ORILLIA, and there is a lack of spiritual energy

and liberality in some of the adherents of Methodism; yet others are generous, and the Rev. J. L. Kerr says of his seven classes, most of the members "are living as becometh the Gospel." FLOS AND MEDONTE. We insert the Rev. D. Hunt's explicit statements.

"When we entered upon our work here after the last Conference, we found twenty-five persons who were willing to be called Methodists, and even these were much discouraged. There was no class: but four congregations, and these small. It was with difficulty we found a place to shade us from the sun, and quite impossible to find one which would shelter from the storm. But after a few months hard and successful toil our cause here has assumed a much more healthy and encouraging appearance.

"We have now 55 members, two growing classes, nine congregations, and a good parsonage, which has been built and nearly paid for during the year. Our congregations are very good and our people much encouraged. The Quarterly Board is composed of intelligent and pious men; and of this people we may say they are liberal and devoted, much attached to the institutions of Methodism."

PENETANGUISENE. Twenty persons dropped, therefore a great decrease of members, needing what the Rev. R. Thompson states he has, one new appointment, a Society where he had none, congregations good, and better Connexional funds. **COLLINGWOOD.** Since the report was received from the Rev. Charles Fish, the church, and parsonage in erection, have been destroyed by fire. The worthy friends there and in different places, who have shown a liberal interest in Collingwood Methodism, have a deep regret; but will not a wise Providence make this loss gain to the cause of Christ? He writes,—

"We are happy to inform the friends of Missions, that during the past year the Lord has given His blessing to this part of the 'field of Missionary enterprise.' Financially, the church in Collingwood has been relieved of a heavy mortgage, and other debts and incumbrances. A large amount has been expended in the improvement of the church, and in the erection of fence around church property. Our friends are now engaged in the erection of a commodious parsonage. Connexional funds are all in advance of the past year. Numerically, the membership has nearly doubled during the year, with 50 on trial.

"On reviewing the labours and successes of the year, we feel great cause for humiliation and praise; we thank God for the past, and in humble dependence upon Him, look for very much more."

At **NOTTAWASAGA**, as on many other Missions, a failure in crops is complained of; but the Rev. T. Baker has been favoured with attentive congregations, conversions, and a church-building people, who in the year erected one, and commenced two others, on a Mission he judges one Missionary insufficient to cultivate "very successfully." No report has come to hand from **MUSKOKO**. Of **BRUCE MINES** the Rev. S. Down reports well:—"I have been treated with respect and kindness; and the third year has been decidedly the best of the three. Our membership is increasing, and there is an increase in all our funds. I am happy to transmit you

such a list for the Mission Fund." We have no statement from him bearing on the spirituality of the members; but it is very satisfactory to learn he has one of the largest Sabbath Schools, having 23 officers and teachers, and 150 scholars,—a hopeful nursery for christian effort.

Whitby District.—From PRINCE ALBERT the Rev. C. Silvester sends news of tokens for good.

"The past year has been one of great prosperity. The congregations have, in the aggregate, increased considerably, and all the means of grace have been truly seasons of great power and blessedness. The Quarterly Meetings for business have been characterized by uninterrupted harmony and liberality; and the spirit of love and unity has also greatly prevailed among the entire membership.

"After deductions on account of removals, deaths, and want of conformity to rule, we are able to report an increase in the membership of 59.

"It is also satisfactory to be able to state that the sums obtained for the Connexional funds are considerably in advance of those of last year."

The Rev. G. H. Cornish has reason for thankfulness and hope on the new and laborious Mission of POINT MARA.

"We give glory to the Great Head of the Church, inasmuch as the work of God on this *infant Mission* has been progressing during the Conference year now closing. Our congregations have increased, and the Divine blessing has been manifested. Four new appointments have been taken up, at one of which a new class of nine members has been organized, and the prospect of further increase is encouraging. Our work on this Mission now extends into six townships, viz: Mara, Thorah, Eldon, Carden, Dalton, and Fenelon. From Beaverton we go 28 miles north and 22 miles east. We have travelled during the year 3,726 miles. Though the travel is thus extensive and the toil great, we feel glad that pardon and peace in believing have made the hearts of many rejoice, and that others have exulted in the efficacy of the cleansing blood of the Lamb."

STOUFFVILLE. The labours of the Rev. R. Pinch have not been in vain: more members, better contributions, a church building, some noble souls on the Mission, and others just converted, give him pleasure. The Rev. G. T. Richardson states that MANVERS "promises to do well spiritually and financially." Protracted efforts have "resulted in the conversion of about 30 precious souls;" some members enjoy the blessing of holiness; God is among his people.

Cobourg District.—Notwithstanding removals at SEYMOUR, and other difficulties, the Rev. W. Short is not devoid of encouragement; and until a church can be built—and God's work is not to stop—any place at all eligible for meetings should, if possible, be obtained. This, with the presence of the Holy Spirit, would ere long add to the number of hearers, converts, and official men.

"On this Mission we labour under many disadvantages at present. In the first place we have no church in Campbellford, which keeps our congregation in abeyance, and prevents us from using any extra means for the well-being

of the people. Again, we have no Local Preachers, so that the appointments suffer sadly by each being visited only once a fortnight; but worse than this, instead of having six class leaders to sustain the six classes on this Mission, we have three only; which weakness of ours is taken advantage of by proselyters. Again, many of our members are not wealthy. One class of 18 members, just beginning to take up land in the woods, pay less towards the support of the minister than is paid for them to the Children's Fund; hence the wants of your Missionary are but poorly supplied, and in order to the carrying on of the work of God on this field of labour, it must continue to receive liberal help from the Missionary Fund. I am sorry to say we can report success in one particular only, namely, the erection of one of the most convenient Wesleyan Parsonages in Canada."

Peterborough District.—There is vitality at LINDSAY, and although some of the best farmers had no wheat to sell last year, the Rev. S. C. Philp states that the funds have kept up pretty well. We commend his facts, and readily put on record his reference to the respected Musgrove.

"It is with gratitude we reflect on the past year; while so many of our ministers have been taken away, we are yet spared. One of them was brought to God in the same revival with myself; we met together for four years in the same class, and for 39 years I have enjoyed his acquaintance in this country; but Bro. Musgrove has fallen, though suddenly, not less safely. I feel it admonishes me to be also ready.

"We have been blessed during the year with some prosperity. We have taken up one new appointment, formed one new class of 12 members, received on trial 63, and, after our removals and expulsions, we return an increase. We have added 24 feet to the length of our church in Lindsay, built a new gallery, and put in new pews, at an expense of more than 500 dollars. We have paid upwards of \$800 of church debt. We hope, by persevering efforts soon to get out of debt, and then by our pew rent, and increased contributions, we hope to be independent of the Mission fund."

LAKEFIELD.—We regret that neither this year nor last an expected notice of the Mud Lake Indians on his Mission has been received from the Missionary: he has, however, an increase of sixty members, and reports, besides the payment of a debt, the building of a beautiful and commodious church. *WARSAW* is unreported.

The Rev. David Hardie makes note of commercial depression at *BONCAYGEON*, yet has pleasure in bearing testimony to the benevolence of some of his brethren, and reports an increase of members, growth of Methodist feeling, and the erection of a Wesleyan church at Boncaygeon. The report of *MINDEN* is too long for publication, yet not as conveying intelligence to the Committee of the extent and capabilities of the Mission. It takes in eight townships; the settlers are respectable and well informed; misconception of Methodism declines; funds are increasing; sites for churches are now being given, and the Rev. W. Sheridan is thankful to the Head of the Church for strength and success in constant labour.

"I longed to seize the opportunity of making them acquainted with Methodist principles and usages, and of breaking down their prejudices and leading them to Christ. But it was impossible for me to be much amongst them, or

to preach often to for want of horse possible for me to where men and without hearing the whole Mission, w assistant. ted with Metho- ces and leading ongst them, or

to preach often to them, having to work such a vast field, and being compelled, for want of horse feed, to travel on foot. And for the same reasons it was impossible for me to respond to the pressing invitations from the *regions beyond*, where men and women had lived, some for two, and some even for four years, without hearing a sermon. Wishing to have *these* supplied, and to see the whole Mission worked somewhat thoroughly, I applied, in the fall, for an assistant. In the beginning of December, Brother Alexander Hardie was sent to work the two southern townships, leaving all north of the ridge to me. This arrangement was made in order to save unnecessary travelling, and to enable Brother Hardie to give some of his time to the Bobcaygeon Mission. Thus relieved, and being again able to keep my horse, I immediately added three new appointments to my plan, and began to preach oftener at each of the old ones. Since then the work has gone on, and the congregations have been constantly growing. We are not able to report much increase in members this year, yet we cannot but be encouraged and thankful, while we look at the change that has passed upon the community. The drunkenness and other gross immoralities so prevalent a year ago are rapidly disappearing. And the crowds of Sabbath breakers, through whom we used to have to pass on our way to the house of prayer, are now themselves constant and attentive hearers. We have had abundant proofs, too, that the prejudice against Methodism is being broken down. Tokens of affection and esteem have been received from all classes and denominations, except, perhaps, a few adherents of the self-styled "Original Methodist Church of Canada."

At FENELON FALLS peace, respect for pure doctrine, some increase of members, noble support of the ministry, and doubled Missionary contributions, show that the Rev. C. Hamilton has succeeded. A "rough and rocky country" does not prevent the Rev. W. R. Barker from saying of VICTORIA ROAD, "God has been with us, and his converting and sanctifying power has been made manifest. The number of our membership is a little increased. During the past year we have had one church dedicated to Divine worship, and erected another, which we hope will be completed soon. We have also organized one Sabbath School." "Financially but little has been done; hard times affect our people" really on this new Mission.

To another part of this District attention has been given, and the Rev. Alexander Hardie says, "The country about Silver Lake is poor, and the settlements are new. The great Head of the Church has been crowning the efforts made with success. The work has been enlarged, and the membership increased. Christian liberality, as they are able, is characteristic of the people."

This example—like others yearly occurring—of bestowing Missionary labour and funds on needy portions of the country, not at the time specified in the Society's list of Missions, while it exhibits the incessant religious necessities of the population, shows the importance and benefits of well directed, and generously sustained Christian Missionary enterprise.

Belleville District.—MARMORA. The vacancy caused by the deplored death of the Rev. Phillip Rose was at once supplied, and the state of the

Mission, as reported by the Rev. M. Baxter, is evidence that his prompt services for the departed have not been in vain in the Lord.

"The operations of this Mission were last year interrupted by the sickness and death of Rev. P. Rose; who, when in health, had by his labours to do good rendered himself acceptable and useful. On our succeeding Bro. Rose on this Mission, we addressed ourselves to prevent any injury arising from the above circumstance, by promptly attending to all the appointments, and by visiting the members. We have taken up one new appointment, and two others which had fallen into desuetude. Our congregations are good, and have been attended with unequivocal signs of God's blessing. We greatly regret on this field the general want of efficient Leaders, and the neglect of Class-meetings by some members whose habits are nevertheless very moral."

The Rev. J. Dowler, of FLINTON AND ADDINGTON ROAD, is grateful to Almighty God for health to attend to his work without interruption, and for "many seasons of refreshing;" the allotment, however, of part of his ground to Denbigh, cases of excision, and the removal of thirty-five members, leave his numbers "considerably reduced." "In other respects," he adds, "we are in advance." MADOC possesses a disciplinary Methodism, and is Methodistically reported by the Rev. A. D. Miller.

"In presenting a report of this Mission, your Missionaries have cause for gratitude to God our Saviour, for some success which has attended their labours in His vineyard during the past year. About sixty-seven have been received on trial, forty-three of whom became members of our Church. The appointment of a second preacher to this Mission by the last Conference, has been appreciated and rewarded in the result of his labours. Additional appointments have been taken, and scores of souls have professed saving faith in our Lord Jesus Christ. At Ohara's School-house, the Lord gave His people "showers of blessing", and two new classes were organized. In Huntingdon a neighbourhood has been greatly blessed; by the unceasing efforts of the Leader, almost every Protestant family has been brought under religious influence: drunkenness and Sabbath-breaking have been greatly reduced, and 14 members added to the class. May the Lord give his Church many such Leaders. We return an increase of 31 members, and 10 on trial. Close attention has been given at the renewal of tickets to the religious state of each member, and to attendance at class, or the returns would have been much larger."

The facts the Rev. J. W. Sloan sends from HASTINGS' ROAD are satisfactory and cheering.

"This Mission contains eight regular Sabbath appointments, several occasional weekly appointments, five classes regularly met, sixty-three Church members, including five on trial; and, after deducting losses by deaths removals, and dropped for non-attendance at class, we have a nett increase of thirteen. It takes within its bounds eight townships; is about 40 miles in length, and in one part is 20 miles in width. The country being new (or just reclaimed from the forest), and being very stony and mountainous, makes the travelling very fatiguing. I have had to fill all the appointments during the year alone, as there is no local help on the Mission.

"Our financial department is highly creditable to our noble people, and very cheering indeed, when we take into consideration the almost total failure of the crops last autumn. Bless the Lord we have had a great year of peace and harmony! We have admitted into the Church this year some good material.

DENBIGH, like many other frontier Missions, excites a deep interest, and sanctions high anticipations of spiritual and social good. The Rev. R. Pretty thus writes:—

"This ground was added to the list of Domestic Missions last year. Nine appointments have been established in the following townships,—Denbigh Alinger, Miller, and Palmerston. We have now in Society twenty-two: during the year I received 15, and organized three classes. In this laborious but interesting field the God of Missions has mercifully sustained the Missionary in his work of faith and labour of love; the wilderness an solitary place has been made glad. To God be all the glory! The Wesleyan Missionary Society was the first to send the bread of eternal life to the destitute in this new country, who are anxious for the continuation of its ministrations."

Kingston District.—There have always been some peculiarities at GANANOQUE, yet always good reason for continued effort, and now that reason—according to the Rev. J. Roy—is stronger than ever.

"The prospects of this field of labour are very encouraging; the village church having been neatly repaired, and its debt wiped off. During the incumbency of my predecessor, the way was prepared for the gracious revival which has been given to us. Financially, this has been a trying year, as the collections and subscriptions will show, nearly all crops having been almost a total failure. Any one acquainted with the circumstances would be surprised that our returns are so large. Spiritually, however, it has been a precious year. In the village, where we could have no class meetings at all for months, we have now two classes and over 30 members. An excellent choir has been in existence ever since the revival, and a subscription is progressing, for the purchase of a melodeon. In the country two eligible sites have been offered for new churches, in neighborhoods where such churches are needed; and nothing but the hard times have prevented the commencement of the buildings themselves. We have lost many members by removal, yet still have a considerable increase."

Reports are wanting from three Missions on this District—**BREWER'S MILLS, TAMWORTH, and FRONTENAC.**

Brockville District.—**WINCHESTER** is becoming a fruitful field, and the Rev. J. Kiernan's details will please.

"The work of God is steadily advancing on this Mission, and notwithstanding that 28 have removed to other charges, we can still report an increase in full membership over last year. We have lessened the debt upon our beautiful church, and paid off some of several years standing upon the parsonage; and the Connexional funds are a little in advance. We have two churches, and the ground secured for another, which I have no doubt would have been erected by this time, but for the almost total failure of the wheat crop, and general pressure of the times. Three interesting Sabbath schools are in successful operation, and several of those attending meet in class, having enjoyed the blessing of salvation during the present year. There are 8 regular appointments, which are well attended, and the hearers are generally characterized by seriousness and attention."

The Rev. H. McLean is happy to inform us, that two years ago he conducted public service in the **CORNWALL** Court House; now in a

church of our own. Then there were 7 members; now 28. Last year \$30 raised for the minister; this year \$120, and the Missionary subscriptions trebled. Still, he says, the Mission needs a grant, and Cornwall, Methodism. At ROXBOROUGH the Rev. S. E. Maudsley has discouragements and encouragements, thus rendering his laudable anxieties necessary for desired success. He says, "Spiritually, there are extensive localities of dry bones. Yet I believe the country should be held, and the servants sent to prophesy, until the Lord sends the breath from the four winds."

Perth District.—From LANARK the Rev. S. Teeson writes,—“Attendance on Divine worship has been increasingly large; Class-meetings and other social means have been well attended. Amidst the surrounding financial gloom, we have been enabled to repair our dilapidated village church, and our Connexional funds are in advance.” The rocks of SHERBROOKE AND OSQ, and the Rev. W. McDonagh bears grateful testimony to the presence of the Spirit on his “rugged field,” in the conversion of “many souls,” the increase of Connexional liberality one hundred per cent., improvement of parsonage and church property, and the erection of a commodious church.

At PAKENHAM the Chief Shepherd has this year gathered a large number of those who know his voice and follow him; and the good news the Rev. G. Case is glad to send will be welcome to the reader.

“The past year has been one of great spiritual prosperity on this Mission. Believers have experienced more deeply the work of grace in their souls, and many scores of sinners have been converted to God, and added to our Church.

“In Pakenham Village we have sold an old parsonage property for \$620, and purchased a more suitable property at \$1,220, on which we have paid the sum of \$820, leaving a debt of only \$400. At Arnprior a move has been made to erect a suitable place of worship. Much of the necessary material is now on the ground; and my colleague has already secured subscriptions that will nearly cover the whole expense. We hope to occupy the church before next winter.”

Ottawa District.—The Rev. J. Slight makes mention of “an increase of spirituality,” and additions to several funds at TEMPLETON, and says, “I am sorry that I cannot report more favourably. Our numbers remain small. We have not had the opportunity of enlarging our borders.” NORTH WAKEFIELD. The Rev. A. Armstrong regrets the lowness of the Mission's spirituality, and the Missionary's lack of time for the good of children and Sabbath Schools, and states that the seven or eight townships within his bounds are laborious enough for two strong men, where Methodism has hold of “the affections of the people.” Among other particulars of LONG ISLAND LOOKS from the Rev. G. J. Dingman are these:—

“A new parsonage has been erected, and has been distributed to the almost entire fall of the Missionary grant. The pressure of the growth in some of the Gospel. In an interesting, the ing several miles formed.”

“A new parsonage has been erected to the great convenience of whoever may have charge of this Mission another year. Mainly two causes have contributed to the large deficiency this year in Church funds. The one is the almost entire failure of the crops last autumn; the other is the reduction of the Missionary grant nearly one half. Notwithstanding retarding causes, and the pressure of the times, we are glad to be able to report a marked spiritual growth in some of the classes, and a general readiness to sustain and extend the Gospel. In a remote part of the Mission, where a Minister never entered, an interesting, though newly-settled, neighborhood has been visited by traveling several miles on foot, and as a result a congregation collected and a class formed.”

Of OSGOODE the Rev. E. E. Sweet thus writes:—

“This Mission has been graciously favoured with an outpouring of the Holy Spirit, and a great number have been truly converted to God. We should have reported a considerable increase as to numbers but for the constant removals to other parts, which in the past year have been very large. Several have been removed to the Church above, and have died in the full triumph of faith. In the depression of this section of the country, which has been serious and alarming, arising from the entire failure of crops, leaving many destitute of seed for the present year, your Missionary has had to take his share: to this he cheerfully submits from a consciousness that the people of his charge generally, to the best of their means, have provided for the comfort of his family. All things considered, we have great cause to thank God and take courage.”

The Rev. A. L. Peterson’s notices of RUSSELL are hopeful.

“We have had a good degree of prosperity on this Mission the past year. The camp-meeting held here last fall had a very blessed effect. The Church was revived and many sinners were converted to God. Numerically other Circuits and Missions profited as well as ourselves, and therefore for all we glorify God. At the close of the year we have cheering prospects for the future, and pray the Lord of the harvest to give us his blessing. Amen.”

At PLANTAGENET the Rev. G. H. Henry has had “encouraging tokens.” God has blessed the Missionary instrumentality, dying Methodists have left glorious testimonies, the members are more numerous, collections are very fair, and two new needed appointments have this year been established.

GRENVILLE. Large congregations, the warm-heartedness of friends, and sympathy in affliction, have elicited the thankfulness of the Rev. J. Hill. “Mountainous roads, and uncomfortable school-houses” have not prevented him from reporting the re-establishment of prayer-meetings, and class-meetings where disused, the awakening of sinners, and an accession of members. Concerning LOCHABER the Rev. I. B. Keough merely says,—“The religious state of the Mission is encouraging, although there have not been many conversions. Some of the congregations have increased in number, and there is an increase of interest in religious matters. The prospects of the Mission on the whole are good.”

PONTIAC DISTRICT. The work at PORTAGE-DU-FORT in charge of the Rev. W. Morton has been progressing. He writes,—

"The head of this Mission is Portage-du-Fort, in which village we have an interesting society, and a plot of ground for a church and parsonage. There is a large tract of new country in the rear of Portage-du-Fort, where a great many have settled lately, which has been visited by your Missionary. The day is not far distant when this tract will form a new Mission if things are managed well. A new village was started up seven miles back of Portage-du-Fort, which is now the county town of Pontiac, in which I have commenced to preach. We preach in the townships of Lichfield, Clarendon, Thorne, Leslie, and Calumette Island. God has blessed our labours during the past year. To His name be all the glory!"

The indications at WESTMEATH are somewhat assuring, that it will soon be prepared for a Circuit position. The Rev. H. Tomblin writes,—

"This Mission may be reported as in a healthy condition. Our register exhibits a nett increase of 16 members. While our first year, on this field of labour may be regarded as the year of revival and ingathering, and our second that of extension and consolidation, the present may be considered as the year of church building. We have secured sites for three churches according to discipline.

"The first, in the village of Beachburg, contains two-thirds of an acre in a very eligible situation. Chiefly through the exertions of my active and zealous colleague, between \$400 and \$500 have been subscribed, and the frame, 45 x 30 feet is up. At Black River Falls, Waltham, C.E., a fine plot containing an acre has been given by John Ponpore, Esq., M.P.P. Enough has been subscribed to finish the building, and the frame, 30 x 24 feet has been erected. In a very promising neighbourhood, on the townline between Westmeath and Ross, an acre, on a splendid site, has been obtained, and steps taken toward the erection of a church."

RENFREW. Deploing the effects of a famine, the Rev. J. Huntington yet states he has "taken up some new appointments," organized new societies, and added a number of interesting families to the Church, and hopes their temporalities next year will be more favourable. There are twelve townships in the BRUDENELL Mission, requiring a stated journey of two hundred miles, and the appointments being only seven, the distances intervening must be very considerable. The Rev. C. E. Perry states that there are 150 Protestant families, most of them hearers, the number of members has risen from 17 to 40, and five Sabbath Schools, containing 120 children, some recently converted. The temperance cause is successful, and the future of the Church cheering. No report has been received from EGANVILLE. From ALICE the Rev. E. Curry transmits statements which will be read with interest.

"As this is the first year of this Mission's existence, we cannot compare it with former years. It extends into four townships, situate south of the town of Pembroke.

"There are about 250 Protestant families on it, the most of them preferring Wesleyan ministrations. Here is a large field already white: all it wants is labour, and a glorious harvest of souls will be the result. Here are families who never were visited by a Minister, and young persons grown up to eighteen years of age who never heard preaching before.

"On account of the entire failure of the crops last year, but little has been, and but little could be, done for our support; but there are brighter prospects

for the future. The land is good, the people are kind and willing, and should Providence favour us again with good crops, a bright future awaits Alice Mission.

"We have had revivals at two of the appointments. We report an increase of 24 in membership, eight appointments, two classes, and three Sabbath schools. May God bless the Mission."

In the absence of fuller statistics, the Rev. A. Doxey just says of ONSLOW,—“The past year has been one of success. Two new appointments have been established, at one of which a promising class has been formed; and the other bids fair for becoming an important appointment. Your Missionary has met with many discouragements; he has also had much to encourage him.” As last year, the labour bestowed by the Rev. W. Sanderson at POINT ALEXANDER raises expectation, and we are especially gratified with his christian visit to the distant Lake Nipissing, exemplifying concern for the destitute new settlers beyond.

“Notwithstanding the partial failure of the crops last summer, and the depressed state of the lumber business, which caused a great scarcity of money in “the Upper Ottawa Country,” there is an increase in the funds, raised for the support of your Missionary, and also the amount contributed to the Connexional funds of the Church is in advance of last year. The past year has been one of labour and anxiety in reference to the prosperity of the cause of God. I am truly thankful to the Great Head of the Church for the spiritual success which has crowned the labours of your Missionary. In consequence of the unfaithfulness of some of those who connected themselves with the Church since last Conference, our net increase is not large. The public show that they are becoming more interested in the means of grace, by their increased liberality, and attendance on the ordinances of God's house. A Sabbath school was commenced at Point Alexander. I have taken up one new appointment this year.

“Last winter I extended my labours to Lake Nipissing, visiting the settlers and lumbermen's shanties, and preaching the Gospel wherever I had an opportunity. As I stood on the north shore of this pretty Lake, I felt an anxious desire for the conversion of those who are led astray by the Church of Rome, and longed for the opportunity to publish to them the glad tidings of salvation.”

Montreal District.—Relying on the testimony of the Rev. E. H. Dewart, there is an increased development of the spirit of piety and benevolence at ST. JOHN'S.

“At the close of another year on this Mission I rejoice to be able to report some degree of progress. Our congregations have improved, and during the winter a deep religious seriousness seemed to pervade all our services. A large proportion of the unconverted attendants on our ministry sorrowfully confessed their need of salvation, many of whom found pardon and peace through believing. The state of my health compelled me to close these special services sooner than I would otherwise have done: and I regret to observe, that several of those who appeared to be seeking anxiously for salvation at the time our special services were discontinued, seem to grow weary and faint in their minds before receiving the desired blessing. I have often felt surprise and discouragement in witnessing similar results in other places. Why should such things be? Do not the same mighty motives press at all times upon the soul the concerns of eternity?”

"During the year special effort has been made for the extinction of the debt upon the church; the people have taken hold of the matter in good earnest. A subscription, payable within the year, has been taken up, which, with the liberal co-operation of our friends in Montreal, gives us a good prospect of paying off the whole debt within a very short period.

"Several soldiers of the R. C. Rifles continued to attend our services, some of whom have been converted during the year. All our Connexional funds are in advance of last year."

From HEMMINGFORD and FRANKLIN no report received. At ORMS-TOWN the husbandry of the Rev. J. Kilgour is productive.

"After the labour of another year, I would respectfully lay before the Committee a report of this Mission. I am happy to state that it is in advance of last year in its moral, financial, and spiritual character. It has not now much more than half the strength that it once had—a fact to be regretted were it not that its loss has been the gain of other Circuits.

"I have found them a kind and willing people—in the latter exemplary. No debt rests upon their neat church or burial ground, and but a few pounds upon the parsonage lot. To meet that, the ladies have set themselves to remove by a Bazaar. Both lots will be secured. They have raised for the support of the Minister and the funds generally, the sum of \$280 during the past year.

"Methodism is exerting a beneficial influence in this locality. Prejudices is gradually passing away. There are signs of coming good. Our Sabbath school is as efficient as ever under the Superintendence of our Circuit Steward. Some from that source have become members during the year. There have been 4 removals; the membership is 57. Spirituality has increased during the year. To God be all the glory."

We have no receipt of reports from CAVIGNAL, ST. ANDREWS, WESLEYVILLE, RAWDON.

Quebec District.—The Rev. W. W. Ross regrets to report a reduced number of hearers and members at THREE RIVERS: still, there is a small respected membership, and good hearers. From MELBOURNE we are without a report. SHERBOOKE has its reverses and its friends. The Rev. E. Barrass writes,—

"The state of this section of our work assumes a somewhat discouraging aspect, arising from a variety of causes. We find great opposition to the established usages of Methodism, particularly Class-meetings.

"During the past year, we have had losses occasioned by removals, and various irregularities, which compel us to return fewer members than were reported last year, and unless we shall be favoured with a revival, we see not how a decrease will be prevented next year.

"We greatly regret that our year's toil has been so apparently fruitless. Several of our friends have experienced reverses in their circumstances, and whole families have left us in search of employment.

"By the kindness of friends in Quebec and Montreal, aided by the unwearied efforts of several of the ladies of our congregation, we have succeeded in effecting a considerable reduction of the debt on Sherbrooke church, which so far lessens the burden of the Trustees. For this timely assistance, we desire thus publicly, to express our thanks."

EATON.—After grateful mention of God's goodness, in affliction, and a kind-hearted people, the Rev. R. Brown proceeds,—

"About 37 have could joyfully testify to the consequence of numerous small decrease.

"Our congregation Methodism is evident and confidence of the village of Cook

"About 37 have been added to the Church during the year, many of whom could joyfully testify to the power of Christ to save from sin. But, in consequence of numerous removals, and other causes, we are obliged to report a small decrease.

"Our congregations at most of our 22 appointments are improving, and Methodism is evidently taking a deeper and firmer hold upon the sympathies and confidence of the people. A beautiful new church has been erected in the village of Cookshire, which cost \$2,410."

LEEDS.—Here, the Rev. E. Fessant states, the people have "nobly sustained all the peculiar institutions of our Itinerancy and Church."

"The Conferential year which we are about closing, has been one of abundant labour, much affliction, and many blessings. Twenty-four have removed to the New Ireland Mission, and other places; nine have had to be dropped for non-attendance at class for years; and forty-three persons have been admitted as the result of one Field Meeting—which the Chairman of the District and Journal Secretary of the Conference attended—and twelve weeks' services. Most of the new members give satisfactory evidence of their conversion to God, yet we have no hope of permanent success without an additional labourer; but with a man at St. Sylvester, Methodism might make something out in this northern clime.

"The Mission has sustained a heavy loss in the death of our Recording Steward, Registrar of the County of Megantic, a faithful Leader, and a useful Local Preacher. With him we lose one of the most influential laymen in the District; but our loss is his eternal gain. For thirty years he was a consistent, laborious member of the Wesleyan Church, and a liberal supporter of its funds: such was J. R. Lambly, Esq."

At DANVILLE the Rev. J. S. Evans notes with pleasure an accession of week-day appointments, piety in the classes, members, penitents, and parents requesting prayer for their children. NEW IRELAND, in the hands of Rev. H. Cairns, has 4 new preaching places, 3 new classes, 30 persons on trial, 21 added, 8 appointments, 9 classes, 2 Sabbath Schools, large congregations, and several funds doubled. The Rev. W. H. Peake cannot write of great spiritual advance, but can of temporalities, aided—as they are on some other Missions—by the prompt liberality of friends in Quebec and Montreal, thus nobly co-operating with the willing at DUDSWELL. Reporting GASPE, an important, as it is our most eastern, Mission, the Rev. I. B. Tallman writes,—

"The Conference year now closing, we are happy to say, has not been inferior in interest to any one of the four embracing our sojourn here. Though we have not been permitted to rejoice over as many conversions as in the first year, yet there has been interest in many other directions. And the year has not been without its fruits of conversion; among which are to be numbered two or three very interesting cases of heads of families. And there is one case of a young man that has a peculiar interest. He is one of the most intelligent on the coast. Immediately after his conversion he commenced in the true christian spirit to show his faith by his works. He started a Sabbath school in his father's house, which he continues to carry on with increasing interest. Shortly after he engaged in teaching the public school of his own parish. And here, too, we find him true to his christian profession. Though surrounded by a large Protestant community, not one of which, I think I am correct in stating, ever engages in extempore prayer; yet he adopted it on entering the school, and continues steadily and firmly to maintain it.

"Our congregations have steadily increased to the very close of our labours. Prejudice against our ministry here has continued gradually to give way; and Methodism is no longer looked upon as an exotic that can take no permanent root in the soil.

"We have dedicated one new church, and have three others nicely under way; in one of which we preached a farewell sermon. We have deeded eight church lots, and have the deeds all registered; among which is one for Gaspé Basin the head quarters of the Mission. It is a beautiful lot in exactly the right place, according to our judgment; is worth about \$120; a nice donation. We have baptized 95 children on the Mission, and married 21 couples.

"I am thankful to be able to say the Mission is improving likewise financially. The first year it raised for me \$38, and I believe about \$35 or \$40 for a Local Preacher they had engaged before they knew they were to have a Missionary. The second year the Mission raised 210; the third \$110; this year \$160. These sums are exclusive of Connexional funds, the Children's fund excepted. And, in addition to the above, this year the friends have got up a donation party, in the form of a farewell Tea Meeting, at which we were presented with a purse containing 32 25c."

There are desired tokens at PORT NEUF, sufficiently promising to induce the Rev. James Matheson attempting to build a church at one of his principal appointments, a lot having been obtained, and assistance kindly offered: evidence that the difficulties and prejudices of last year have been overcome. ACTONVALE.—Here, where mineral wealth is an object, many persons are transient residents; others are a good deal in isolation; and the lay agency is defective numerically. Notwithstanding these drawbacks, the English-speaking Protestant inhabitants appreciate the word and spiritual religion, and are liberal. The Rev. R. H. Smith states that the population is "constantly receiving accessions," and that "we should maintain our position".

Stanstead District.—From COMPTON AND HATLEY the Rev. S. G. Phillips transmits agreeable items—congregations good, some additions to the Church, a parsonage secured, and finances in general improved. At COATICOKE AND BARNSTON the Rev. B. Cole, at the close of three years' labour, is happy to bless God for the spread of holiness, a Methodist people in their attachments, the pursuit of sanctification by some, and the confidence of members who have lately passed away from earth; and the Missionary proceeds being in advance, and other funds good, he thinks at no distant day this Mission will be a Circuit.

The work at GEORGEVILLE has not been without untoward circumstances, but the Rev. John Davies speaks of a somewhat hopeful adjustment of difficulties, and adds what is deserving consideration: "Our principal appointment being a summer retreat for visitors, affords opportunity of presenting the Gospel to many who never listen to Wesleyan ministrations, except when seeking recreation or health at such places as Georgeville." EAST BOLTON was at the beginning of the year full of promise

to the Rev. W. Seal as he expected, either sheaves of righteous Mission,—“Our people send no report. He is behind, and the Rev. is apparent.

"In reviewing the work of God and taking

"Though suffering from a cold, and erecting a very neat parsonage which we expect, be ready including outbuildings.

to the Rev. W. Scales; and though his harvest has not been as joyous as he expected, either spiritually or temporally, he has not been without sheaves of righteousness, and says what can not be better said on any Mission,—“Our people have done what they could.” SOUTH POTTON sends no report. KNOWLTON has been forgetting the things which are behind, and the Rev. D. Sutherland remembers Him whose blessing is so apparent.

“In reviewing the ecclesiastical year, we discover many reasons for thanking God and taking courage.

“Though suffering under a severe financial pressure, we have succeeded in erecting a very neat belfry and spire upon our church; cost \$140. About \$50 have been expended on inside fittings, fencing of the lot, &c. The new brick parsonage which we commenced to erect last fall, on a very eligible site, will, we expect, be ready for occupation shortly after Conference. Its value, including outbuildings, will be \$1,200.

“Because of so many calls on the liberality of our people, we fully expected a deficiency in our quarterage. We have, however, been agreeably disappointed, as there is a slight advance on the previous year. The contributions to our Missionary fund have also considerably increased.

“Spiritually, we have had ‘times of refreshing.’ Increasing attendance on the means of grace during the summer, led us to believe that the Lord was about to revive His work. In the quickening of our old members, and in the conversion of over fifty souls within the past few months, our expectations were to some extent realized. Thirty-seven persons have united with the Society during the year; and we expect more will soon. Three have removed, one has died, and twelve have been dropped for non-attendance on class. We now return seventy-two full members, with nineteen on trial. Increase over last year twenty-one.”

No report received from SHEFFORD. The Rev. J. Walton’s notice of GRANBY lacks statistics, not interest.

“The past year on this Mission has been one of prosperity and peace. We have enjoyed much of the Divine presence and power in all our means of grace. We have witnessed with devout gratitude an increasing spirituality of mind, a growing attachment to the institution of the Church of God, and we earnestly trust and pray that we have but as yet only seen the beginning of more prosperous times.”

In reporting finances at FARNHAM the Rev. J. Thorneloe has, he says, “conflicting feelings;” “on the other hand our efforts to promote the work of God in a spiritual point of view have been in some measure successful, and although we had six removals and four deaths, yet our number of members is larger than before.”

On leaving SURTON the Rev. H. Fowler is thankful to his Divine Master for “well sustained” public means of grace, prayer-meetings, and class meetings. Quarterly Meetings have been seasons “of great solemnity and religious enjoyment.” Funds have advanced; and what is most cheering, souls have been saved, and some departing from earth have left survivors a christian testimony. We are without a report from the important Mission of ST. ARMAND. There is wisely at CLARENCEVILLE a

determination to ensure perpetuity to the Gospel, as the erection of a spacious church without debt is an example to others, which the respected Missionary, the Rev. T. W. Constable, enables us to give to the public.

"The past year on this Mission has been characterized by toil and anxiety, and by the completion of one of the most commodious and substantial church edifices in the Eastern Townships, admired by all for its beautiful situation, its neatness, and comfort, and what is yet more pleasing, although its cost will not be far from \$5,500, it will be free from debt.

"The Circuit and Missionary funds are both in advance of last year. There is a slight decrease in the membership, arising chiefly from the exercise of discipline, and from removals, but the general prospects of the cause are encouraging, and Methodism is extending its influence."

It will be observed that in the midst of peculiar social and ecclesiastical circumstances—of which little is known experimentally in Western Canada—the Missions on the three Eastern Canada Districts, though very much dependent on the Society's funds, are, by incessant effort, and reliance on the assistance of the Holy Spirit, winning a position which is progressive, and propagating a Protestant Christianity.

FRENCH MISSIONS.

The Committee have not before had the pleasure of communicating intelligence so full and satisfactory from these Missions, written, as will be seen, in correct English, by our French evangelists. The increased prayers and liberality of friends in Montreal, Quebec, and other places have, with the favour of God, conduced to this: and will not still more valued results reward the faithfulness and generosity of the cordial well-wishers of a people among whom even the Bible is prohibited?

MONTREAL.—The subjoined is from the Rev. H. Mauny.

"There are now 34 members attending class-meeting, eight of whom have been Protestants for two years, but not in any Church connexion. Twenty of the above renounced the Roman Catholic faith under my visitation, and six were Swiss and French Protestants. Of the above membership, I have no doubt of the conversion of twelve. Fourteen are partakers of the sacrament. There are eighteen of the Congregational members who attend our prayer meeting.

"There has been one baptism of a Roman Catholic child, whose parents have since joined us, and prove faithful. Likewise one marriage, with the pleasing results of the wife's conversion to Protestantism. The services in our Mission are as follow:—Preaching every Sabbath in St. James' street, at 3 o'clock, p. m.; class-meeting every Tuesday evening; prayer-meeting every Friday evening. Five days in the week are devoted to visiting members and hearers, and as many others as time and access admit: included in the above are bi-weekly visits to the General Hospital, which have been attended with frequent pleasing and profitable results. Associated with the Mission is a daily School, now attended by fifteen children, who were, previous to our establishment, all Roman Catholics, and eleven of them are Sunday scholars James' street.

"In view of the some unfriendly in Protestant friends, already attained, Almighty God, to the administration.

"In view of the frequent and bitter opposition of the Priests, as well as some unfriendly indications on the part of some other sects of our French Protestant friends, there is cause for thanks to God for the measure of success already attained, and I look forward with good hope, by the blessing of Almighty God, to a further increase of prosperity, which will be aided when the administration of the ordinances can be given in their own language."

QUEBEC.—From the Rev. J. A. Dorion.

"As your agent on this Mission, I am greatly thankful to the Almighty God for the success that I had this year in the preaching of the Gospel of Christ to my fellow countrymen, in the turning of several of them from Romanism to the faith of Jesus Christ; so much so that I have the pleasant honour to preside over a class of twenty members, who rejoice to find out that Jesus is a full Saviour and Redeemer; and they have, by the help of God, pledged themselves 'to flee from the wrath to come,' and to bring forth words and deeds, 'meet for repentance,' and unblushingly to confess before men the blessed name of Jesus Christ, who bought their salvation on the cross of Calvary

"I visit daily my parishoners in order to read the Holy scriptures and pray with them, believing this the most expedient way to inculcate on their minds the fundamental doctrines of salvation.

"Our Wesleyan mode of worshipping, and of the administration of the Sacraments, has a very satisfying and good effect on the minds of the new converts. They love the class-meeting and love-feast, because there they can express their minds freely to one another, touching their faith and hope in the Gospel; one spake thus to his class-mates: 'When I used to confess to the priest, and when the time for confession was getting near, I had a kind of sorrow for sin, and a fear of God, as I supposed, that grew upon me. but when I had confessed and done my penance, then my troubling fear was gone: and therefore now I see it was not God that I feared, but the priest. But now with fear I go to Christ to confess my sins, and since I did so I have no desire to go on in sin.' Thus though the priest boasts that confession can keep a man from sinning, this man found that nothing but the grace of God through Christ could do it. There has been in the Mission this year two marriages, eight baptisms, and five deaths.

"The collections on every Sabbath to assist in maintaining the preaching of the Gospel among us, are very well kept up. I hope the Lord will graciously increase every day the number of the disciples of the Gospel in Quebec; and may God be pleased to bless to this end my ministry in the salvation of many immortal souls for the glory of Jesus Christ."

MAGOG.—The Rev. T. Charbonnell thus writes:—

"My labours during this past year have not been in vain, though not as successful as my expectations; yet we have had success, and we thank God for it. One man, the head of a family in Magog Outlet, has left the Roman system. He has been a subject of the prayers—earnest prayers—of a pious wife. Let me say that many a time has she come to my house and said: 'Do you suppose my husband will ever become a gospel man? Pray to God and have faith, and he will in his own good time answer your prayer. He has not yet found grace in Jesus, but is convinced of the errors of the Roman system! His mind is open to the influences of God's grace.

"In Lambton we have 15 families enquiring after the truth, and a more pleasing feature of a French Mission I never saw. It is the love of the truth, and no selfish motive that prompts them (which is very often the case among French Canadian converts), and it shall remain so if I can help it.

"My field of labour is the object of French Romanist emigration, the Priest leading the movement, and the Government paying and helping it; and as there are but a few constituencies in Lower Canada that can send a Protestant to Parliament, the Popian Priests are in haste to fill every constituency with their people, so as to control every election.

"My labours extend this year from Bolton to Lambton, distance 140 miles. I travelled 220 miles a month, preached 10 sermons, visited 63 families, lent or gave away 46 Bibles and 67 New Testaments. I have visited the following townships:—Bolton, Magog, Stanstead, Compton, Barnston, Ascot, and part of Lambton, Eaton, Clifton. Preaching places, 5; members, 18; on trial, 25.

"If any success, the glory is not unto me, but to God."

ST. ARMAND.—The Rev. A. Parent says,—

"I have been able to labour extensively. The Mission over which I have been placed in the providence of God, extends from St. Armand West to Roxton and Milton. I have preached in Roxton every two weeks on Sabbath in our church, and three miles from the church in a school house part of the time, and the rest of the year in private houses. I have been able to attend the above-mentioned appointments with the exception of a few Sabbaths, owing to bad roads and sickness in my family.

"I have preached at Freleighsburg every other Sabbath also, and attended prayer meeting in the evening. I have visited East Farnham, St. Sere, Angel, Guardian, Stanbridge, Wighgate, Franklin, and Berkshire, and in all these places have been enabled to preach. I have preached once a week on week day, and held two prayer-meetings, and the rest of my time have been visiting from house to house.

"The exertions which the Church of Rome is using to keep their people in ignorance, in sending priests among them, and in building chapels, ought to excite more fervent desire, and more earnest and united, and believing efforts for the revival of religion, and the gathering of souls into the fold of Christ. Some progress, however, has been made during the year, and I think I recognize in what has been done, the elements of future prosperity.

GERMAN MISSIONS.

The following gratifying reports show, not only the usual operations of the Agents on the Missions, but the stretching of the useful line of the Itinerary to other needy places,—thus giving existence to the embryos of other German Missions, and with them an appeal—which can be already heard—for additional Missionaries and Missionary generosity. There is a Providence apparent in this new enterprise.

HAMILTON.—The Rev. Dr. Freshman thus reports his work:—

"Here in Hamilton, we are still to fight against powers and principalities, and also against some having a repugnance to spiritual discipline, who indeed preach Christ even of envy and strife, not sincerely, supposing to add affliction to my labours. But, notwithstanding all this, we do rejoice here; for thus the children of God and those of the devil are now manifested.

"We had a good many removals in different ways during the last year, and yet at the last Quarterly Meeting, held in August, in the presence of our Chairman, the Rev. J. Elliot, our three Class Leaders handed in the number of those who are in full membership, which amounted to forty three; and still there is a goodly number on trial, who have a desire to flee from the wrath to come.

The other three appointments are in Dundas, St. George, and Sheffield, which, by the assistance of my son, are now taken up regularly; so you see that I now have a small Circuit of about forty miles, with four preaching places, preaching one Sabbath thrice, and on the next twice. All of these appointments are very encouraging.

"Next month, by the blessing of our Father in Heaven, I shall be able to finish in all these appointments the unfinished business of our faith, and my labours.

"As to the 115 men who were on trial last year, which amounted to 115 and backslidings, will be found in last year's report.

"The German element are not sure who are the true disciples of the Gospel. But all these are the fruit of the Gospel."

PRESTON.—The Rev. Dr. Freshman says,—

"Last year in the month of May, I was secured for a place in the services therein at Roxton, and I have since that time been continuing to visit there, and I have found that the work will fly from the word, which is well attended to.

"The Rev. Dr. Freshman preached to the German people on the 3rd of May, to a very large assembly, to about twenty. After that time, and a like number on trial, and a like number on trial, which is a very good thing, as well as an indication of the work of the Spirit of God in the hearts of the people.

"We have extended our work to Roseville, 9 miles from Roxton, and I have since that time been continuing to visit there, and I have found that the work is also increasing in our hearts, and we had a horse and cart, and still harder is it to walk, it both consumes time and money, but for all mercies, we have a version of hundreds to thousands.

EGANVILLE.—The Rev. Dr. Freshman says,—

"Tawa, where there are many Hungarians, who are without religion, and whose religious needs are without reluctance being met, many journeys have been made, and the labour of the word and ordinance of the Gospel, and the grace of Him who has called us to this service, are being abundantly manifested."

ll of these

"Next month, by the help of God, we intend to go on with protracted meetings in all these appointments. Looking unto Jesus, who is the author and finisher of our faith, we are waiting and hoping for success to attend all our labours.

"As to the 115 members returned last year, I take the liberty to state that we never had such a number in *full* membership; the actual number, as will be found in last year's Minutes, being 75, besides those on trial. Removals, which amounted to over twenty, secessions, connections with other Churches, and backslidings, will account for the decrease of this year's members.

"The German element in Hamilton is but a constant ebb and flood, so that you are not sure whether you will have your old congregation at the next quarter. But all these things which happened, fall out rather unto the furtherance of the Gospel."

PRESTON.—The Rev. S. Kappele's first report is,—

"Last year in the month of August we commenced our labours in Preston, and secured for a place of worship a vacant Lutheran church; and, though the services therein at first were attended but by few, yet the number of worshippers continually increased, and I am happy to say that several have professed to have found peace with God, while many others give evidence of a will to fly from the wrath to come. We have here a weekly prayer-meeting, which is well attended.

"The Rev. Dr. Freshman, who for the past two years occasionally visited and preached to the Germans here and around, preached here on Sabbath the 3rd of May, to a very large congregation, and administered the Lord's Supper to about twenty. After the service, 10 respectable persons joined our Church, and a like number concluded to do the same. We also have a promising Sabbath school, which is attended by about 50 scholars. This Mission is a promising as well as an indispensable one, since there are in Preston alone about fourteen hundred Germans.

"We have extended our field of labour, and now preach in five different places, but can only attend to two regular appointments besides Preston. Roseville, 9 miles from Preston, is an important field. We preach there every second week, also in a vacant Lutheran church. Both the service in the church as well as the Sabbath school here are encouraging. The interest is also increasing in our third preaching place. We could open other fields if we had a horse and carriage. It is hard for us to attend to our appointments, and still harder is it to visit the people; and, since we have continually to walk, it both consumes our time and strength. While we are thankful to the Lord for all mercies, we pray that he would crown our labour with the conversion of hundreds to Christ."

EGANVILLE.—This Mission is situated in a broad locality on the Ottawa, where there are foreigners of several nationalities—Germans, Poles, and Hungarians, whose domestic condition is one of too much discomfort, and whose religious necessities are peculiar and pressing. The Society has without reluctance expended means to supply them with the Gospel; many journeys have been taken, congregations gathered, and dwellings visited, and the labours bestowed have been appreciated by peoples desiring the word and ordinances stately. How important that they should find the grace of Him who loveth all nations!

CONCLUSION.

After a careful inspection, and condensed record of the year's proceedings, the Committee would unite with the members and supporters of the Society in explicitly acknowledging the *obligations* under which they are placed by God, whose wisdom has directed, and grace sustained the operations reported. The Lord hath rejoiced to do his people good. For this we praise Him.

The ensuing year will not be fully efficient, if there be but partial attention to the *present position* of the Society. The Missions have attained an extent, importance, and utility requiring for their mere maintenance a large and unreduced annual amount. Though there are 216 Missionaries now employed, besides others under Chairmen, and upwards of 30 Teachers and Interpreters, the General Superintendent of Missions is—as in the past—frequently receiving applications from the Indian, Domestic, French, and German sections of the wide field for additional agents, which cannot be granted because of a lack of funds. These facts loudly call upon the people of God for continued exertions and liberality, absolutely needed for the maintenance of the wide-spread work committed to our fostering care; and for the further extension of that kingdom which hastens on to completeness and universal dominion.

Divine Providence now and afresh calls the attention of the Society, and its Christian patrons to their *responsibilities*. Christians are possessed of a priceless deposit—a deposit of revealed truth, of saving grace, and of an evangelical work. This honour they have exclusively in the earth: and their's is the sole responsibility of the world's conversion. They, in the most solemn and useful sense, are trustees and executors, and God their Master and Judge. They have the "light": the light is to shine. They are the "salt" of the earth: the savour is to be diffused. They are "witnesses": their testimony is to be scriptural, experimental, explicit, confident, joyous, at home, and to the farthest limits of the redeemed globe. Profound is the thought that God makes so much to depend on the agency of men. Ponderous are the accountabilities; but His promises of the Spirit are authentic, sufficient, inspiring; and the Church of Christ's predicted destiny is glorious,—a destiny anticipated with exultant hope by the devoted servants of the Lord Most High.

The valued Friends of this Society, therefore, are shut up to DUTY. They are to love God themselves. They are to love their neighbour.

They are to ever desire
able. They are to s
and social exigency.

They are to ever deem Gospel truth and grace and ordinances indispensable. They are to sympathize with the sufferers in moral, and spiritual, and social exigency. They are to sustain an agency already sanctioned by Heaven, and made a benefit to millions. Benevolence is not to be a matter of expediency but of conscience, and giving be proportioned to ability. Above all—for Divine aid, and additional Missionaries, and spiritual success, and unlimited extension, there are required unhesitating reliance upon the omnipotent Saviour, and incessant prayer and effort. Then are the days of evangelic glory.

There is high *encouragement* to Duty,—in the sacred Scriptures, Christian experience, and never more so than in the Society's Report for 1863. But on this subject the Committee have prepared to hand an admirable passage or two of the address delivered in May last, in Exeter Hall, at the Annual Meeting of the Parent Wesleyan Missionary Society, by the Chairman, James Heald, Esquire, one of the General Treasurers of that Society, and the able and respected successor of the late good and generous Thomas Farmer.

“You are all the avowed and attached friends, and I believe most, if not all, of you now present are supporters, of the Wesleyan Missionary Society's funds. Well, what have we to depend upon in the form and character of funds, but such contributions as are presented by willing hands, as the expression of devout, earnest, and attached hearts? I look upon it as the special glory of these Societies that they furnish us, on the one hand, with an indication how far the objects proposed by this and other kindred Societies are held in proper estimation by our friends throughout this country, and throughout the world. But, when I turn to our own Connexion and our own Society, I ever remember, as I wish to do becomingly and humbly, that we are but a people of yesterday; that we have not been gathered together out of the world's mighty and noble. No princely revenues are poured into our treasury. We are the fruit of the Gospel ministration, and the blessing of the Divine Spirit attending it; we have been called and raised up to be a people who were not a people, and called beloved who were not beloved; and we are gathered together as a part of the spoils which have been won by Christ to Him who died upon the Cross. And what are the returns that we are prepared to present as a gratitude offering; as proofs that we have not believed in vain? Well, I look for such evidence, and I find it in the undoubted and growing attachment and fervent love of the people to this cause. Touch it! Damage it by any means whatever, and we should see the feeling of

the Wesleyan Connexion displaying itself in the most unmistakable manner. I maintain it is the most popular of our institutions, while it contains the elements of all; it gives work to every agency created by the operations and successes of Wesleyan Methodism. The streams continue to flow, we scarcely know how, into the treasury of the Lord. * * *

"Our friends are removed. I am struck every time I come to London to see the change which takes place in the ranks of the Society's friends; but my comfort is this, that our work is as verdant as ever, and as full of promise. Spring in every direction seems to bloom upon it; and God is vouchsafing us, at the same time, the joy of harvest; we are gathering fruit as we go on sowing; and we shall go on, I trust, in harmony with the prayer to which we have listened, and under which the hearts of this assembly seemed melted and united together. We are anticipating scenes of brighter glory and of nobler triumphs, until the world shall ring with the hosannahs: 'Hallelujah, the Lord God Omnipotent reigneth!'"
