twelve bushels per acre, my farrow wheat yielded about nineteen bushels per acre, of superior sample, on land that had raised wheat the previous year, and some of the ground full of thistles. My Lost Nation wheat was the best crop I ever raised ; sample good The exact yield per acre I cannot tell, as it is unthreshed yet.—Cor. Farmer's Advocate. An Agricultural Creed. The following is given by the Massachusetts Ploughman which says: "The agriculturists of Can ada met in convintion not long ago, and adopted for themselves the following." When and where, they net we have not heard; but whether they held such a meeting or not, the articles of the creed are good for farmers, and we give them to our readers." We believe that the soil lives to at, as well as the owner, and ought therefore to be well manured. We believe in large crops which leave the land better than they fought in, making both the farm and the farmer rich at once. We believe that every farm should own a good farmer.	 "strong pull" and I got to the door "strong pull" and I got to the door "if length of this precious bright coating was dragging on the floor. But the cart had started, and when my aunt looked back, I was flourishing this "heppy" to see the wind fill it. I returned to the room, restored the article to the chest quite snugly, leaving one corner hanging out and that I stuffed in afterwards and jumped upon the cover of the trunk so that it shut. Very demure- ly I sat down before the open fire by my grandmother's easy chair, rocking furiously, watching my own face in the bright andirons, whose convex surfaces reflected first a "small Nancy" far off, then as I rocked for- ward, a large and distorted figure. My rapid motions made such rapid caricatures that I remained absorbed and attentive. My grandmother, not seeing the cause of my content, decided (as she told my mother afterwards), "that the child was sick, or becoming regenerated." Happy iin At last, my grandmother got to nodding and I sprang to my long- contemplated work. Putting a cricket into one of the best rush-bottom chairs, I climbed to the Clock; took off the frame glass and all, from its head, placing in noiselessly on the floor; opened the tall door in the body of the clock drew out and unhung the pendulum— 	their undertaking had not succeeded. stoned the train from ambush.
