POISONING CASE CREATES INTEREST

Charles Edmund Ellis Charged
With Attempted Murder
of his two Cousins.

STRYCHNINE IN FOOD

Mr. R. A. Lawlor was called to Bathurst, Tuesday night, to defend a Gloucester County man who is accused of attempting to murder two of his cousins by placing strychnine in their food. The accused is Charles Edmund Ellis, sometimes called Jesse James by his neighbors. He has had for years a line of traps through the woods, and, like all hunters and trappers, has come to look upon the territory in which he operates as his own. So when his cousins—Robert and Leslie Ellis—planted another line of traps within a mile or so of his outfit, he resented their conduct as an intrusion into the woods that he had preempted and possessed. When they returned to camp the other day they noticed snowshoe tracks near their shanty, and naturally wondered who had been there. And when they sat down to their next meal they detected a bitter taste in the beans and the tea, and, growing suspicious, ate and drank very sparingly, and took their food to town for examination by a chemist. The analysis revealed strychnine enough in the sugar bowl to kill ten men, and it is supposed that the men escaped death only because the crystals of the poison had not time to be dissolved before they detected the bitter taste. As Charles Edmund Ellis was the only man, so far as they know, within snowshoe reach of the camp, and as he was the only one whom they suspected of hostility towards them, they had him arrested on a charge of attempting to murder them. Mr. O'Brien is conducting the preliminary inquiry.

HON. C. H. LaBILLOIS

The Nestor of the House Vigorously Arraigns the Pledge-Breaking Government

Hon. C. H. LaBillois, the veteran member for Restigouche, Mr. J. P. Byrne of Gloucester, Mr. Currie of Restigouche contributed important speeches to the budget debate in the Legislature on Friday evening. Hon. Mr. LaBillois who is the senior member of the House, has lost none of his old time vigor. He scored the administration for its broken pledges and sharply criticized its wasteful Crown land policy. He promised that the Opposition leader would submit to the electorate a policy that would heartily commend itself to the great majority of the electorate.

Messrs. Byrne and Currie delivered vigorous addresses, and handled the administration without gloves.

DRASTIC LEGISLATION

At the last meeting of the New castle town council, Ald. H. H. Stuart's motion that a new valuation be made of the real and personal estate owned in the town area, the same to be made by experts not residents or ratepayers of the town, failed to find a seconder, and a further resolution moved by the same gentleman in favor of legislation to change the system of taxation, was voted down. Mayor Pedolin announced his retirement from civic politics, and Ald. Butler will be a candidate for the mayoralty, with Ex-Mayor Stanley Miller as a possible opponent.

DEBATE ON THE BUDGET THIS WEEK

Members Express Dissatisfaction over Increase in Expenditures.

WEEK'S SUMMARY

(Special to Graphic)

Fredericton, N. B.,
March 23, 1912.

The business of the county proceeded slowly this week in the House of Assembly. There was only one evening session and that was yesterday. This is accounted for by the numerous delegations and the very large gathering of farmers who assembled at the Farmers and Dairymen's Institute. That was a most successful meeting, the sessions being well attended and the subjects discussed being of keen interest, not only to those who heard them from a practical point of view but also to the city people whose interest in the work on the farm grows with every year.

The demands of the farmers for more practical interest in their work on the part of the government, will no doubt be somewhat embarrassing but that cannot be helped. There is no doubt about the fooling that exists among the tillers of the soil. They feel that there is too much show and too little actual assistance from the department of agriculture. There are a lot of officials and among them all there is no doubt some good material if it were under the right direction. But without a plan, without a practical head or deputy in the department, with slipshod methods and no real knowledge of what will be of the most assistance to the toilers, how can very much be expected? It has been a matter of genuine regret to those in the government ranks who have a real interest in the advancement and progress of the agricultural class, that a different selection was not made among their ranks to fill this most important portfolio. The people, however, have it in their hands to change all that if the government will not do so. The farmers have too long allowed the politicians to play fast and easy with them and the indications today are that this will speedily come to an end, that the men who are largely, yes, very largely, in the majority in New Brunswick, will see to it that their views are respected, that their work is assisted, that their markets are extended, that everything which tends to make country life more attractive, which tends to make their property more valuable, which helps to keep their young men and their daughters contented and prosperous in the province, will be done.

It is no wonder that there is so much dissatisfaction with the present state of affairs. One has only to look at the extravagance that prevails in the matter of officials, to note their salaries, to count up their yearly expenses, and then he sees that something over \$20,000 is spent in this fashion he no longer wonders why there is so little money to give the practical assistance he and his associates have asked for so often. For example, the commissioner for agriculture, Hon. Dr. Landry, is charged with \$1700 under the head of Agricultural. He gets \$500 more or rather \$600 more, including incidentals, as a member. He gets a lot of travelling expenses and when all are added up, it will be found that the province pays for his services and expenses nearly \$3000 per year. Mr. Hubbard comes next with \$1800. For the deputy head of a department, this man Hubbard travels a good deal, and naturally he does not travel Continued on page eight

NEARLY A CASE FOR SLANDER

Malicious Talk Causes ill Feeling in Family of Donald Irvine.

LETTERS PRODUCED

There has been a good deal of talk lately around Matapedia regarding the family affairs of Mr. Donald Irvine. To our representative it was stated that all the talk was nothing but malicious slander regarding the mental capability of Mr. Donald Irvine. Mr. Irvine has been in the asylum for some time, and a number of people have been talking, stating the fact that he is mentally sound, and is being detained in the asylum illegally. The following letters from the physicians may clear up this matter.

Dec. 21st 1911.

To Whom it may concern:

I hereby certify and declare that I filled out this day two medical forms, which was necessary before Mr. Donald Irvine could be removed to the Insane Hospital at Beaufort P. Q. (Sgd) J. Howard Gillis, M. D.

Jan. 16th 1912.

In answer to your letter, I will inform you that the general health of your dear father is very good. He appears not to be lonesome nor does he suffer any, but I regret to say that his mental state is not making any progress, and labors under the same delusions as when he arrived here.

(Sgd) Dr. D. Brocher, Beaufort P. Q.

COURT APPOINTMENT

Mr. Louis Corbett has been appointed a Commissioner of the parish of Beresford civil court, Gloucester County in place of Henry Hutchison who has removed from the County.

OPENING OF FINE NEW HOTEL BUILDING

The New Waverly Hotel to be Ready for Business April First.

Work is being rushed ahead on the new Waverly Hotel to have it in working order for the Spring Season. Mr. Dambois expects to open for business at the beginning of April, and is doing all in his power for the convenience and comfort of guests. Situated in the heart of the financial district and close to the Post Office, the house should meet with the requirements of commercial men, while patrons will find in the hotel the best of service and comfort. The house consisting of 40 rooms is well equipped with private baths, etc., and the bed-rooms are furnished in first class style, all the beds being fitted with patent spring mattresses. On the ground floor, the office is situated at the side of a large entrance hall, which boasts a big open fireplace. Two staircases lead from the hall to the bedrooms above. Passing through the hall the dining room opens on the left, having seating accommodation for fifty guests, while on the right of the corridor there are numerous private writing rooms, etc. The dining room is finished in solid oak, and lit by four light electroliters, hanging by brass chains.

The commercial community will find that their wants will be well looked after, sample rooms and livery stables being attached to the hotel.

NEW MOTOR

Mr. E. A. LeGallais is showing a fine new Overland 5 passenger car in his ware rooms. Ned thinks the snow is taking to long to disappear, he is so anxious to try her out.

LONG SESSION AT TOWN COUNCIL

Special Meeting to Frame Bill for Presentation to the Legislature.

STATEMENT ASKED FOR

A special meeting of the council was held on Tuesday evening His Worship Mayor McDonald presiding, there were also present Councillors Alexander, Moores, White, Lunan, Miller and Pinault.

Minutes of the previous regular meeting read and confirmed. The Council then took up the special business of the evening, and W. A. Trueman the Town Solicitor read the draft of the bill. After discussion and amending of the measure it was adopted by the Council.

The Bill provides for (1) the taxation of property to mean real estate owned or leased, (2) a vote of property owners to be taken before the clause is adopted, (3) separation from the county in respect to assessments for which the town has separate jurisdiction as the Board of Health, and Pauper Lunatics, (4) Fees for arbitrators and time for filing their award etc.

The bill will be sent to Fredericton this week and will be taken charge of by the members for the county.

The clause in the bill relating to the two year term for Councillors, was thrown out by the Council.

Communication read from G. E. Asker regarding transportation charges of Mrs. London to St. John. Referred to Public Charities Committee with power to act.

Communication read from W. A. Trueman, regarding the lease from the Crown of private lands for sewerage purposes. This was referred to Water and Sewerage Committee.

Communication from the Building Inspector regarding the reconstruction of the temporary building lately burned on Water Street, occupied by J. R. Sharp. This letter occasioned quite a discussion on the by-law governing shacks in Fire District No. 1, and after the Town Solicitor had given his opinion it was moved and carried that the building inspector see the proprietor once more, and if he refused to abide by the by-laws to take proceedings against him.

Communication from T. Wran regarding return of overpaid taxes, was referred to Assessment Committee.

Councillor Miller submitted report of Finance Committee recommending that the town apportion the sum of \$50.00 for advertising space in the Merchants and Manufacturers proposed catalogue.

The Chairman of the following committees submitted reports recommending payments of their respective Accounts as follows:

Water and Sewerage department \$84.93, Public Property and Streets department, \$298.66, Public Charities department \$35.00

Councillor Lunan submitted report of the Police and Licence Committee recommending the granting of a license to conduct a restaurant by Messrs. Jardine & Campbell on payment of \$10. Report received and adopted.

A further report from Councillor Moores with regard to rents on Matheson's Flats was laid on the table, and a full return ordered of all moneys paid for rent on houses in Matheson's Flats since 1st July 1911.

Adjourned.

THE FIRST ROBIN

School children reported Tuesday that the first robin had arrived. He must have alighted at the wrong station as it is still winter here.

The Graphic, \$1.00 per year strictly in ADVANCE

REGULAR COUNCIL MEETING HELD FRIDAY EVENING

Concrete Dam Will not be Built.—Smith's Lake
Dam to be Built of Cedar.—Cost
Approximately \$2,000

A regular meeting of the Town Council was held on Friday evening. Present His Worship Mayor McDonald, councillors, Pinault, Lunan, McKenzie, Alexander and Miller. Councillor Moors entered the meeting later. The minutes of previous meeting were read and confirmed.

The regular order of business was suspended, and Mr. S. Laughlan was heard before the council as a delegation from the Merchants and Manufacturers Association of Campbellton.

Mr. Laughlan stated that he was one of a delegation from the above association appointed to lay the claims of the body before the council. As it was the intention of the merchants of the town to issue a catalogue for distribution in every home in the counties of Restigouche and Bonaventure, to endeavour to arrest the enormous outpouring of money from the counties to large mail order houses, they felt it was their duty to bring this matter before the council and seek to persuade them to take 4 or 5 pages of the catalogue for the purpose of writing up the town progress since the fire. The catalogue would be of fifty pages, and a goodly number of the merchants in town had signified their willingness to take space in the publication. The advertising rates were \$7 and \$10 per page. The Committee of the association thought that the town should assist in this project by voting them the sum of say \$50 which would carry with it the right to use four or five pages at the beginning of the book, for the purpose of "booming the town."

His Worship stated that they had a good deal of work in front of them, but the Finance Committee might meet with the association and report.

Mr. Laughlan said that the association were having a meeting next Wednesday and if the Finance Committee could meet the merchants before that day he would on behalf of the association feel very grateful. His Worship stated that it was most likely a meeting of the council would be held next Tuesday and the Finance Committee were instructed to meet the committee from the association and report. Mr. Laughlan then thanked the council and withdrew.

The question of the dam at Smith's Lake was the next order of business. Councillor Alexander detailed the situation up to the present stating that it was the feeling of the council a new cedar dam could be built at a reasonable cost and be quite serviceable for a considerable length of time.

Mr. N. Underhill who was present stated that his opinion had been asked with regard to the dam, and that he had looked over the ground with the Town Engineer. He had also visited the place long before even the present dam was built. His opinion was that the present dam could be removed, and replaced by a new wooden one four or five feet higher for the sum of \$2,000.

He understood about the necessity of having an outlet pipe, which would be better to be built in concrete.

In reply to question from the Mayor and Councillors Mr. Underhill said that he would clean out the old dam altogether, although the cedar in the old dam would be useful.

The present dam could no doubt be repaired but there was little foundation to work on. He was of opinion that it would take four days to clean out the old dam, and a concrete house for the valve outlet would be best. In reply to the Town Engineer Mr. Underhill stated that the surface rock and clay would require to be removed to get down to the solid rock. He was figuring on a dam four or five feet higher than the present one, and he was certain the new structure would last 14 or 15 years. The lumber used would be in the rough with bark off. The wood under water would last three times as long as the rest of the dam.

Mr. Underhill instanced the case of the Richards dam which was

"Our Personal Advice to all Skin Sufferers"

A. McDonald, Druggist.

We have been in business in this town for some time, and we are looking to build up trade by always advising our patrons right.

So when we tell you that we have found the effective eczema remedy, you can depend upon it that we give our advice, not in order to sell a few bottles, of medicine to skin sufferers, but because we know how it will help our business if we help our patrons.

We keep in stock and sell all the well known skin remedies. But we will say this: If you are suffering from any kind of skin trouble, eczema, psoriasis, rash or tetter, we want you to try a full size bottle of D. D. D. Prescription.

Again and again we have seen how a few drops of this simple wash, applied to the skin, takes away the itch instantly. Add the cures all seem to be permanent.

D. D. D. Prescription made by the D. D. D. Laboratories of Toronto is composed of thymol, glycerine, oil of wintergreen and other healing, soothing, cooling ingredients. And if you are just crazy with itch, you will feel soothed and cooling, the itch absolutely washed away the moment you apply this D. D. D.

We have made fast friends of more than one family by recommending this remedy to a skin sufferer here and there and we want you to try it now.

FIT-REFORM has grown great by doing things in a better way—by giving you the best styles, the best variety, the best service, and better values than you can get anywhere else in this city.

YOU know Fit-Reform as the largest high class tailoring organization in Canada—and you probably know why we are the largest. If not—these Spring Styles will tell you.

How do you like these Fit-Reform Spring Styles?

These are out three of many new ones. Come in and see them all.

SPECIAL EXCURSION FARES TO THE PACIFIC COAST

The Intercolonial Railway is offering special excursion fares (second class) to Pacific coast points, good going during March and up to April 15th. These are good to points in British Columbia, Oregon, Washington, California, Arizona, Nevada, Texas, and Mexico. Particulars regarding these fares to various destinations may be learned from the nearest ticket agent. These wishing to profit by the extremely low fares will do well to remember that the Maritime Express carries an up to date colonist car through to Montreal on which the traveler will find every comfort and convenience. Mar. 8th 10th.

CAMPBELLTON JUNIORS MAKE GOOD SHOWING

Lost to Newcastle by Only One Point, in Two Well Contested Games.

Last Friday evening, the junior curlers of Campbellton Club just to show what they are made of travelled to Newcastle and engaged two rinks there in friendly games. What followed was a revelation to Campbellton and a surprise to Newcastle, Billy McMillan with a junior rink defeating the famous Sargeant-Morrissey combination by 12 to 11, and Olly Mowat losing narrowly to Maltby by 8 to 6. Newcastle thus, winning by one point. The juniors were highly elected at the result of the games, and the curling club feel that the honor of the club and the game is perfectly safe in the hands of such competent "young yins." After the games the curlers and hockey-ites were royally treated in the Mirimachi Hotel, and an enjoyable evening spent.

Scores	
Campbellton	Newcastle
R. G. O'Brien	J. A. Andrews
A. K. Shives	E. J. Morris

HOCKEY AT NEWCASTLE

Campbellton Win Rough Game by 3 to 2

Last Friday evening a mixed team from Campbellton Hockey League visited Newcastle and engaged the local team in a friendly game, winning out by three goals to two. The first half was very fast ending 1-1, but it was the roughest kind of hockey, Newcastle being the worst offenders. Jack Morrissey was holding the whistle the first half and could not handle the game and Wallace Watling agreed to go on the second half. This part of the game was more like hockey, the Newcastle players being penalized for their slashing and tripping. The visitors soon showed their superiority over Newcastle, and scored twice, while Newcastle found the net once. The team lined up as follows:

Campbellton		Newcastle	
Shirley	Goal	Treadwell	
Lavoie	Point	Nicholson	
Ferguson	Cover	Chambers	
Wallace	Rover	Mitchell	
Mowat	Centre	Lawlor	
Mersereau	L. Wing	Hennessey	
Wall	R. Wing	Edwards	

For Campbellton, Wallace and Mowat were the bright stars, and the combination of the forwards proved too much for Newcastle.

For the losers, Treadwell in goal turned aside many hard ones and kept the score down, and Lawlor and Edwards were the pick of the forwards.

KING COLE TEA

Here is a real tea-treat that will surpass your fond recollection of the nicest cup of tea I ever tasted! King Cole Tea will truly make an even nicer cup of tea an everyday reality. Such richness, such vigorous fullness of flavor, such pleasant smoothness were never concentrated so deliciously in your tea-cup before.

And the cup you enjoy a month hence will be as nice as your very first sip. Its delicious flavor never varies. You will love it more and more.

YOU'LL LIKE THE FLAVOR

Learn why PURITY FLOUR is unlike any other brand

PURITY FLOUR is unlike any other brand of flour. No two milling companies follow exactly the same process of milling. In fact, no two different brands of flour in the world are exactly alike in quality.

And here is another fact worth knowing: Every wheat berry contains both high-grade and low-grade portions.

The process of milling **PURITY FLOUR** costs more than to mill ordinary flour. The low-grade portions are separated and excluded. **PURITY** is an ALL HIGH-GRADE, hard wheat flour. It has greater strength, greater absorption and greater expansion. It is a thirstier, more elastic flour. It drinks more water and expands into more loaves.

Use **PURITY FLOUR** for your next batch of bread. Count the loaves. You'll find you have made "MORE BREAD AND BETTER BREAD" from **PURITY** than when you've used an equal weight of weaker and cheaper flour.

PURITY FLOUR

"More bread and better bread"

IMAGINE, if you can, how much whiter, and more toothsome, and more nutritious, the bread made from such a HIGH-GRADE flour must be.

And can you imagine yourself enjoying the flaky pie-crust and the light, delicate cake?—your reward for using **PURITY FLOUR**

When making pastry, please remember to add more shortening than required with ordinary flour—for on account of its extra strength, **PURITY FLOUR** requires more shortening for best pastry-results.

Yes, **PURITY FLOUR** costs slightly more than ordinary flour. But use it once and you'll say it's worth more—much more—than the difference.

Add **PURITY FLOUR** to your grocery list right now.

W. C. T. U.

WHAT IT IS, AND WHAT ITS AIMS ARE.

When I was asked to prepare a paper on this subject, I scarcely knew how to find the point of departure. It would seem as if the Women's Christian Temperance Union has been a household word with us so long, that it should be difficult to find anything which should be new to say on the subject.

With this idea in my mind, I approached a gentleman who would be presumably interested in everything bearing the names Christian and Temperance, the husband of one of our members by the way. To him I put the question, "What is the W. C. T. U.?"

"Why, the Women's Christian Temperance Union."

"Yes, but what is that?"

"Well, you're a member yourself, you ought to know more about it than I do. Some kind of female temperance shine, I suppose."

My next victim was a public school teacher. When I asked her she only opened her eyes rather widely and said "I don't know, I'm sure."

Then I began to think that a little information on the subject might not come amiss to some people.

In the city of Boston, during the latter half of the nineteenth century lived a physician revered and beloved by all who knew him. He was the son of New England parents and into his childhoods' home the Drink Demon had entered. Dr. Lewis told on the lecture platform how his mother, bewildered and despairing had taken her Bible and gone to the bar where her husband obtained the poison that was ruining him and how there, with the saloon-keeper's knowledge of her beggarly existence to give keen point to the words, she read to him from Habakkuk, "Woe unto him that putteth the bottle to his neighbor's lips," and then she knelt, and at her burning request he knelt with her, while she cried to God for the help that was denied her of man. And he told how his mother's prayer in that saloon was answered and how one bar was closed. Then he pleaded with the Christian women of the land to unite in similar efforts to banish the saloon, urging her confidence that the same result would follow their exercise of faith.

In Hillsboro, Ohio, on December 23rd 1873, this appeal bore fruit. The Women's Temperance Crusade beginning there and then, spread far and wide; ten months later, the movement was crystallized by organization into the Women's Christian Temperance Union. The first society was organized in Cleveland, Ohio, in the month of November 1874. In that organization the sainted Francis Willard was the chief leader. The motto "For God and Home and Native Land" came to her one morning on awaking and was adopted first by the State Convention of Illinois then by the National Convention of the United States, and later in its modified form, "For God and Home and Native Land" by the World's Convention.

The organization is simple. Each society has a President, one or more Vice Presidents, a Recording Secretary, a Corresponding Secretary, a Treasurer and an Auditor. The work is organized into departments, and each of these departments has a Superintendent. This Superintendent may have an assistant or assistants, but she alone is responsible for the working of her department.

These are some of the numerous departments of the Union's Work:—Evangelistic, Jail and Prison. This department is devoted to those who occupy cells in our jail, many of them victims of the rum traffic.

Sailors' Work.—This is devoted to the needs of the seamen who come into our ports. An effort is made to supply them with good reading matter, with Bibles, and with comfort bags, containing the numerous small articles so often needed and so impossible to get when a vessel is at sea.

LUMBERMEN'S MISSION.

This is a department in which our local union is particularly interested. Reading matter is sent to the camps and for some time now a missionary has been sent to the camps on the Tobique and the Miramichi. His salary is paid, so silencing the comment made by the men of the camps, "They're out after the dollar." So far we have not been successful in procuring his services for the camps.

on the Restigouche, but hope to do so another year.

Besides these we have a department of Sunday-school Work, which aims to aid in the teaching of the quarterly temperance lesson; the Fruit, Flower, and Delicacy Mission, which name speaks for itself; the Anti-Narcotic and Scientific Instruction Department, and to these two combined belongs the credit of having procured the introduction of scientific temperance teaching in our public schools; the Press Department, which aims to reach and mould public opinion by means of the newspaper of the day; Hygiene and Heredity, which teaches the care of our bodies, and how the results of our use or misuse of their powers may become blessings or curses to our children; the Loyal Temperance Legion, whose work lies amongst the children; Systematic Giving, which name explains itself. These are only some of the numerous good things in which our Society is interested, and which its members are striving to help along.

One department I have intentionally left unmentioned until now, that it might be emphasized more strongly. It is the department which deals with the White Slave Traffic, that trade of black iniquity which sells young girls into lives of shame, that evil men may pander to their lusts, and gratify the vile instincts by which they descend from their God-given station, a little lower than the angels, to become lower than the beast. We demand that this crime shall cease, and that the man who sins shall be reckoned as at least equally guilty, and that he shall share the women's portion of shame and obloquy.

This, then, is the W. C. T. U. The Women's Christian Temperance Union a band of praying women, bound by the simple pledge, "I do solemnly promise, God helping me, to abstain from all distilled fermented, and malt liquors, including wine, beer, and cider, and to employ all proper means to discourage the use and traffic in the same." We are bound to fight all forms of intemperance and evil, to train the young, and to educate public sentiment to the point of total abstinence, and legal prohibition. Shall we win in our battle? Oh yes! for the weapons of our warfare are not carnal, but spiritual. What are they? Our loins are girt about with Truth, and we have on the breast plate of Righteousness; our feet are shod with the preparation of the Gospel of Peace. Above all we take the shield of Faith, which is able to quench all the fiery darts of the wicked, and the helmet of Salvation, and the sword of the Spirit, which is the word of God—Praying always.—Prayer is our mightiest weapon.—We are on God's side, and if He be for us, who shall stand against us?

Were the ones who prepared this programme far wrong, then, when they called our organization the noblest thing in the world? We stand for all that is good, true, and pure; we war for God and home and every land. The white ribbon has reached farther still, till every land shall honor the name of Francis Willard; till the honor of womanhood is safe everywhere; till the saloon, the cigarette, the vile drug, the impure book shall be removed from the paths of youth; till childhood shall have the right to grow to manhood and womanhood, safeguarded from the impurity which now lies in wait at every turn; till the saloon-keeper shall no longer entrap his brother man; until the "Thou shalt not do harm to thy brother" of God's holy law is backed by a similar word from those to whom God has committed the ruling of His people; and lastly, till every tribe and nation shall have heard the Name which is above every name, and that at the name of Jesus every knee shall bow, and every tongue confess that Jesus Christ is Lord, to the glory of God the Father.

Her Hair Grew

That's Why a Thankful Woman Recommends Parisian Sage

Thomas Wran will sell you a fifty cent bottle of **PARISIAN SAGE** and guarantee it to banish dandruff, stop falling hair and itching scalp, or money back. It's a delightful hair dressing that makes the hair lustrous and fascinating.

"In the spring I was recovering from a severe case of erysipelas, which left me virtually bald on the front of my head and next to my ears. The hair kept coming out rapidly and nothing I used stopped my getting entirely bald, until I used two bottles of **PARISIAN SAGE**. This tonic made my hair start to grow in and, in fact, grew me a good fair amount of hair, and it has entirely stopped my hair falling out.

It is with pleasure that I give a public recommendation to **PARISIAN SAGE**, which I know is a wonder." Mrs. Ella Gilchrist, W. Pitt St., Bedford, Pa.

OUR FIRST ISSUE

It is with grateful feelings that we publish this day our first issue of the Campbellton Graphic from our new plant.

It would be well to remember that this is the first paper printed in Campbellton since the fire of July 1910; and in presenting our work we desire to thank our many subscribers and advertisers for their past support and leniency. No one can really understand the difficulties that beset one in the printing of a paper out of town, the heart-burning which ensued the non-appearance of a requested piece of news which came just an hour too late. But these we are glad are over. We shall endeavor to publish a paper in keeping with the town, ever keeping before us the principle of the greatest good for the greatest number, and endeavoring as far as lies in our power to be just and fair in all public matters.

Extra copies of this issue for send-to friends may be had at the office.

TOWN AFFAIRS.

Now that the elections for Mayor and Councillors are within view, it behooves us to see that the best men we can get are picked for nomination. Heretofore there has been a great laxity in this very thing, most of the ratepayers sitting back and doing nothing, while others were hard pushed to it to get men to accept nomination. Being a councillor is a thankless job at best, but it calls one greatly to have criticisms levelled at them by people who do nothing but criticize. It is the duty of everyone to take part in these elections, not by merely voting, but by endeavoring to get the best men to come out and accept nomination. The town of Dalhousie are ready to run a ticket pledged to work for, and if possible to get a reform to commission government, and as this form of control has been very successful wherever tried, it should also be a success in Dalhousie and even in Campbellton, provided the right commissioners are appointed. As far as can be learned only three or four of the old Council will offer themselves here for re-election, but we cannot say definitely until after Nomination Day. Human nature is alike all the world over and there is always the chance of some dark horse appearing at the eleventh hour, for purely personal animus against a sitting member.

The Council as at present constituted is composed of men who are, without a doubt, above suspicion. They have done the best they could in many tight corners, and in their erring, they have erred to assist the people of the town rather than against them. But where you have councillors elected for a one year term you will always have errors. A man enters the Council and is appointed a certain work. If he is willing to work and tries to do his best he will make mistakes, but by the end of the year he is just getting on to his job, when he gives it up and another new man comes along to do the same thing over and over again. A change is needed; let it be either electing councillors for two or more years, or failing that, a reform to the commission system.

E. M. MACDONALD, M.P.
Pictou, N.S.

GIANT SEA WEEDS

Some Unable to Survive in Cold Water
Some in Warm

Climate affects the inhabitants of the sea just as it does those of the land. As Arctic land-plants cannot flourish at the equator, so in the Arctic and Antarctic oceans marine plants are found that are unable to survive in warm water. Among the most remarkable of these cold-water plants are the laminariae, a kind of seaweed, which sometimes attain a gigantic size, exceeding in length the longest climbing plants of the tropical forests, and developing huge stems like the trunks of trees. Investigation has shown that these plants flourish in the coldest waters of the polar seas, and that they never advance further from their frigid homes than to the limits of "summer temperature" in the ocean. The genial warmth destroys them, just as a polar blast shrivels the flowers of a tropical garden.

SERMONS IN SENTENCES

Short prayers often last longest. Friends do not freeze to a frozen heart. Easy times often account for hard habits. Nothing is really sacred until all things are. Big plans do not balance small performances. Short cuts to fortune are often bottomless cuts. If wishes were wings good works would soon cease. That soul is truly lost that gathers darkness of the light. Your rank among men depends on how you help them to rise. The faint-hearted are those who think only of feeding themselves. Many think they are going forward bravely because they fear to go back. There is sorrow without selfishness, but never selfishness without sorrow.

The Selfish Brute

"When an Englishman is happy he sings," says a contemporary. Yes, the selfish brute.

Hump Steak

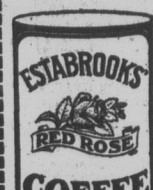

Camel flesh has been sold for food in Paris for the first time. Hump steak.

A SCOTTISH LIBEL CASE

A somewhat remarkable political libel suit was tried at Edinburgh two weeks ago, the facts developed showing how far partisanship will go in an effort to poison the public mind. The action was brought against the Dundee Courier, a Unionist paper, by the Bishop of Cloyne, Queenstown, Ire., and six priests, because it was alleged in the Courier that the "religious authorities" of Queenstown had abused their religious influence over the Catholic laity to procure the indiscriminate dismissal of all Protestant shop assistants in the employment of Catholics in Queenstown, and had ruined the business of a Roman Catholic shopkeeper who had refused to discharge a Protestant employee. The principal defence of the newspaper was that the article was intended for political purposes. It was not

Perfect Coffee Every Time

Unlike common coffees, RED ROSE has the same rare flavor when it reaches your table as it had when it left the roaster. For it is sold only in airtight tins, hence none of its strength or flavor is lost.

Crushed (not ground) So Brews Clear

Our new process crushes this coffee into grains of uniform size and takes away the chaff which makes most coffees bitter. Thus Red Rose Coffee is as easily made as Red Rose Tea, and pours clear without any "settling." For a "full-bodied," bright, brisk coffee we commend

Red Rose Coffee

suggested that the statement was true. No attempt was made to show there was any basis for them. It was made quite clear that the object of the article was to make the people of Scotland and England believe that the Irish people were intolerant, and that they would not fairly treat the minority in case the proposed Home Rule bill became law. Lord Hunter, who presided, declared in his address to the jury that "politics were no excuse for slander," and the jury returned a verdict for the plaintiffs, giving the Bishop £200 damages and each priest £50 damages. The case led to the London News to remark editorially:

Usually the Orange politician is prudent enough to frame the fiction so generally that it is impossible to bring it for exposure before the courts. On this occasion, quite unwittingly as the defendants' counsel rather naively indicated, the story was made sufficiently precise to give the court a chance, and the result is the exposure of about as disgraceful a lie as was ever concocted for political purposes. These lies are profitable; they would not be invented and circulated if they were not. Knock the fable of Catholic intolerance out of the Orange case against Home Rule, and what appeal has that for a sane Englishman? Well, the Edinburgh verdict knocks that fable out of the Orange case.

REGULAR COUNCIL MEETING HELD FRIDAY EVENING

Continued from page two about 250 feet long in the building of which they had to go down in the rock seven feet, and this was as good today as when first put down. He was quite certain the

dam could be built and the materials furnished for \$2000.

Councillor Pinault said that from information he had received from reliable sources he was assured the dam in cedar wood could be built for less than \$2000, and thought that the wooden dam be proceeded with and the concrete dam dropped altogether.

Councillor Miller said that he had knowledge of several dams spoken of by Mr. Underhill and he knew they had stood testing.

In answer to Councillor Alexander Mr. Underhill said that the wood work could be done in four weeks. The Town Engineer remarked that by having a concrete house for the outlet it would be suitable at any time the council thought advisable to build a concrete dam.

Regarding the best time for building Mr. Underhill said the work could be much quicker done after the freshet, and he could let the council know in a weeks time whether he could undertake the work or not. He could not estimate the cost of a dam lower down. His Worship remarked that he thought the best time to build would be early in the fall before the September rains. Councillor Alexander said it might be the best thing to allow Mr. Underhill to build the wooden dam, the town to do the concrete work for the valve outlet.

In answer to a question from Councillor Pinault the Town Engineer stated that if the Wallace property was bought by the town it would supposedly give ten feet more in height, but he could give no definite information on the subject. After further discussion councillor Alexander moved, and councillor Lunan seconded, that the Water and Sewerage committee be instructed to procure material for the construction of a wooden dam at Smith's Lake. Carried.

The Town Engineer was instructed to reply to the various firms of engineers who had sent plans and information thanking them for same and stating that the construction of a concrete dam was not to be proceeded with.

On behalf of the council His Worship thanked Mr. Underhill for his attendance and information and he then withdrew.

Regular order of business was then assumed.

Petition was received from J. F. Campbell and T. J. Jardine for a license to conduct the Bolyton Cafe in the Murray-Building. Referred to Police and License committee.

Councillor Alexander submitted the report of the Water and Sewerage committee recommending payment of the balance of Jos. A. Plude's account for gravel amounting to \$328.00. Report received and adopted.

Councillor Lunan from Police and License committee submitted report recommending that a license be granted A. Bertrand for a general store on payment of \$30 for three months, and to J. F. Gallagher for a general store for \$40 also for three months. Report received and adopted.

Councillor Moores submitted the Annual report of the Public Charities committee which was ordered to be published in the town book.

Regarding the proposed legislation for the town His Worship stated that he thought the town would be better served by councillors who were elected for a two-year term, one half of the members to retire alternately. This scheme was favorably commented on and would be dealt with by the Legislation and By-Laws committee.

The Public Property and Streets committee were granted authority to submit plans of the proposed town wharf to the Public Works Department at Ottawa.

His Worship was elected to go to Fredericton on the town's behalf with regard to legislation.

The matter of sprinkler systems in the mills was then taken up but nothing was done at this time.

The chairmen of the various committees were instructed to reply to the questions of the Board of Trade.

Adjourned.

"SPRING" IS Coming

And if your Thoughts begin to turn to Fancies of SPRING HATS and FURNISHINGS, there is no place in town to get them properly satisfied like

TORTURED BY BILIOUSNESS

AND TERRIBLE SICK HEADACHES

Both Completely Cured by "Fruit-a-tives"

DRESDEN, Ont. July 17th, 1910.
"I was a dreadful sufferer for many years from Sick Headaches and Biliousness, or Torpid Liver. I tried many remedies and physicians, but nothing seemed to do me any good. I finally used 'Fruit-a-tives' and after the first box, I was so much better that I continued using these fruit tablets and they have entirely cured me."
"I certainly can recommend 'Fruit-a-tives' to anyone who suffers from Headaches, Biliousness or Stomach Trouble." MRS. ISAAC VANSICKLE.
Thousands of people have had the same experience as Mrs. Vansickle. They have tried doctors and taken all sorts of medicine, only to find that "Fruit-a-tives" is the one and only remedy that actually cures these troubles.
"Fruit-a-tives" is the only medicine in the world made of fruit juices, and is the greatest Liver Cure ever discovered. It acts directly on Liver, Kidneys and Skin—sweetens the stomach and purifies the blood.
50c. a box, 6 for \$2.50, or trial size, 25c. At all dealers or from Fruit-a-tives Limited, Ottawa.

WHY SHOULD YOU SUFFER ALL WINTER

When You Can Get Gin Pills

Get ahead of your old enemy, Rheumatism. Start in, right now, to take Gin Pills and be free from pain and suffering this winter. Gin Pills will keep the kidneys well and strong—will neutralize uric acid—correct any urinary or bladder trouble—prevent hands, feet and legs from swelling—and enable you to enjoy the cold weather as you did years ago. Here's proof.

"It affords me great pleasure to convey not only to you but to all sufferers from Backache and Rheumatism, the great relief I have obtained from the use of Gin Pills. I feel thankful to you. I recommend Gin Pills to everyone suffering as I did!"

ROBERT M. WILSON.
Write us for free sample of Gin Pills to try. Then get the regular size boxes at your dealer's or direct from us—50c. a box, 6 for \$2.50. Money refunded if Gin Pills fail to cure. National Drug & Chemical Co. of Canada, Limited, Dept. N B Toronto.

LOCAL ITEMS OF INTEREST

Newsy Notes of Town and Country Happenings Gathered by Graphic Reporters.

EASTER FLOWERS.

The White Drug Co., have arranged to have choice lots of lilies and Easter flowers on view within a day or two.

A very complete line of hand embroidered centres, scarfs, table cloths, etc., at M. P. Moores.

REMOVAL NOTICE.

Miss Ulician will open her new store in the Bruce Building on April 1st.

Gentlemen, save money by buying your Spring Caps at M. P. Moores.

GETS THREE YEARS.

Herbert Mayo who elected to be tried under The Speedy Trials Act, was at this sitting of the Court sentenced to three years in the penitentiary for breaking into the store of W. H. Miller.

TO CORRESPONDENTS.

Owing to the demand for space in this our first issue, our country correspondence have been crowded out. We would ask our correspondents to let us have their notes as early in the week as possible.

A new shipment of Waists and White wear at S. M. Moores

PULPIT REFERENCE

At St. Andrew's Church on Sunday morning the Rev. T. P. Drumm made fitting reference to the sudden death of the Rev. Mr. Townsend of the Baptist Church. At the close of the service the organist played the "Dead March in Saul."

Ladies' Suit Lengths, in the latest colorings and weaves at M. P. Moores.

Call and inspect our new boots, driving boots a specialty long and short and medium, lowest prices in town at S. M. Moores

APPROACHING BAZAAR

The Helper's Union of St. Andrew's Church have completed their arrangements to hold a sale of work in the basement of the Church on Thursday 4th April from three in the afternoon. A splendid collection of useful and ornamental articles has been gathered together, and refreshments will be served during the time of the sale.

A few Ladies 1912 spring coats and suits at S. M. Moores

PULPIT REFERENCE.

References were made to the late Rev. C. W. Townsend by the Rector at both services on Sunday last. In the evening the hymn "For all the saints who from their labors rest, who Thee by faith before the world confessed" was sung at the opening. During the evening sermon the departed was spoken of in sympathetic terms and at the close the Dead March was rendered by the organist.

The Latest in collars and jabots at S. M. Moores

SOME AWAKENING NEEDED

There is surely some rubbing up required in the freight dept. of the I. C. R. numerous complaints being heard as to the unsatisfactory handling of inwards freights. Last week the kick was particularly strong, when consignees heard that a car of freight which arrived on Friday morning was not handled till Monday, notwithstanding the fact that people were making inquiries about their goods. This should not be.

Men's trousers suitable for workmen's also the finer worsted in medium and dark stripes at S. M. Moores

HOCKEY MATCH

On Wednesday evening at the skating rink the hockey match between the Victorias and the C. F. D. resulted in a win for the Vics by 7 to 1.

CLOSING BRANCH.

The Royal Bank of Canada are closing down their branch at Jacques River. The Bank of Nova Scotia are assuming the deposits of the Savings Bank depositors.

REMOVED TO HOSPITAL.

Mrs. Joseph Damboise was removed to the hospital on Thursday evening for treatment. Mrs. Damboise took a paralytic seizure some few days ago.

NEW PIPE ORGAN.

The new pipe organ for the Methodist Church has now arrived and is being rapidly installed. It is anticipated that it will be ready for service at Easter.

JURORS CALLED.

A large number have been called for jury service on both grand and petty juries. The trial of Dr. W. W. Doherty comes up on Tuesday first.

TENDERS AWARDED.

The tenders for the interior fittings of the new Post Office have now been awarded. The successful contractors have not yet been made known, but it is said the finishing will be rushed ahead to have the building open early in the summer.

THE LIGHT THAT FAILED

Late on Sunday evening the electric light gave out, but it was of little inconvenience, most of the lieges being asleep. We understand some little thing had gone wrong with the oil which necessitated shutting off the power.

FIRE ALARM TESTS

On Monday afternoon the new fire alarm system was tested and found to work very satisfactorily. It will be some time yet ere the wiring is completed and the boxes hung, but it is pleasant to note that a beginning is made with this most necessary of public works.

MEET'S WITH ACCIDENT

The many friends on the North Shore will hear with regret of the recent painful accident which overtook Mrs. Arch. Chisholm of Dalhousie, who left for Vancouver last fall. Mrs. Chisholm fell from a doorstep and received considerable injuries. Her face was badly bruised and cut, necessitating several stitches.

BILLIONS OF TONS OF ORE

That there are seven billion tons of iron ore uncovered at Belle Isle is the estimate of Judge Prowse, of Newfoundland, who left yesterday for St. John. This estimate is in addition to the enormous deposits of the Dominion Steel Corporation and the Nova Scotia Coal & Steel Company.

MARRIED AT FLATLANDS

A pleasing and happy event took place at the home of Mr. and Mrs. Josiah Mann, Flatlands on the 20th day of March in the evening at eight o'clock, when their daughter Ethel S. was united in marriage to Robert R. Fawcett of Campbellton. The were present Mr. and Mrs. Geo. Fawcett and Mr. and Mrs. Keith of Campbellton and a number of other friends from Flatlands and vicinity. Rev. C. A. Hardy, officiated. After supper they drove to Campbellton. The happy couple received many beautiful and valuable presents and hundreds of best wishes.

FOR SALE

Two dwellings on west side of Queen Street 30 ft. front by 40 ft. deep. Each on freehold lot 50 ft. x 165 ft. with water and sewer connections. Have been used till now as Boarding Houses. Each building can be used as double tenement or boarding house. Will sell cheap.

BONAVENTURE COUNTY COUNCIL HOLD INTERESTING SESSION

Bridge Over Restigouche at Campbellton Fully Dealt With.

W. A. MCPHERSON ELECTED WARDEN

A General meeting of the County Council of the County of Bonaventure was held in the Town Hall, at New Carlisle, on Wednesday the 13th day of March, 1912, at 10 a.m. Present:—

Thomas R. Busted, Warden & Mayor of Mann.

W. A. McPherson, Mayor of Port Daniel West.

Peter Darche, Mayor of Port Daniel East.

John Oatman, Mayor of Restigouche East.

J. A. Cyr, Mayor of Maria.

Dr. H. J. Martin, Mayor of Carleton.

John Levesque, Mayor of St. Alexis.

M. S. Adams, Mayor of St. Laurent de Matapedia.

N. Arseneau, Mayor of St. Omer.

F. X. Chapados, Mayor of Gascon.

John Clement, Mayor of Paspébiac.

F. Blois, Mayor of New Carlisle.

Jos. Doherty, Mayor of Escuminac.

George Frenette, Mayor of Nouvelle & Shouledred North East.

E. W. LeGallais, Mayor of Hope.

A. Dugas, Mayor of Musseyville.

R. N. LeBlanc, Mayor of Bonaventure.

Peter Ferlatte, Mayor of Caplan.

William Cochrane, Mayor of New Richmond.

forming a quorum under the Presidency of L. R. Busted, Esq., Warden.

The Council having assembled at 10 a. m. was called to order by the Warden, and proceeded to business.

The Minutes of the last General Meeting were then read by G. M. Kempffer, Esq., the Secretary-Treasurer, and approved of by the Council, upon the motion of Mayor Doherty, seconded by Mayor LeGallais.

The term of the present Warden T. R. Busted, Esq., being finished according to precedent, it was moved by Mayor Clement, seconded by Mayor Martin that W. A. McPherson, Esq., be the Warden of the County for the current year. Passed unanimously.

The Oath of Office was then administered to the new Warden, Mr. W. A. McPherson, by the Secretary-Treasurer.

Mr. McPherson then took the chair of Office, thanking, in a few well chosen words for the honor conferred upon him, the Members of the Council.

The retiring Warden Mr. T. R. Busted thanking the Council for the help and kindness showed him by the Members thereof during his term of office.

Upon the motion of Mayor Martin, seconded by Mayor LeBlanc, a vote of thanks was then unanimously passed by the Council to the retiring Warden, Mr. T. R. Busted for his efficient services rendered as Warden of the County Council, during the past two years.

The Notice of the election of the Mayors of the different Municipalities of the County for the ensuing term were read by the Secretary-Treasurer.

The question of Alphonse Dube's transportation expenses to the Reformatory School being then under the consideration of the Council, and upon the reading by the Secretary-Treasurer, of the legal advice of Messrs. Kelly & Maguire relating thereto, it was moved by Mayor Busted, seconded by Mayor LeGallais, that the said transportation bill of expenses be paid by the Council, seeing that the Council of the Municipality of Hamilton, the inter-

ested party, had not been properly consulted or advised on the matter, but such payment by the Council of the County in the present instance shall not be taken as a precedent in the future with regards to similar cases. Passed.

Different communications and papers were then read by Secretary-Treasurer, with regard to the diminution of lumber or timber dues, the annexation of part of Maria Township to Carleton, traction engines passing over municipal bridges, etc. etc., and taken cognizance of by the Council.

The question of good roads was taken into consideration by the Council, and left in abeyance for the time being.

The ownership and maintenance of the Town Hall at New Carlisle was gone into by the Council, whereupon, after discussion, it was moved by Mayor LeGallais, seconded by Mayor Clement, that each Municipality from Maria West, inclusively pay one dollar per year, and that from New Richmond East, inclusively pay two dollars per year, respectively, for the said maintenance, and that the Local Council of New Carlisle do keep the Hall insured for the present amount of \$2500.00, jointly one half in the name of the County Council of the County of Bonaventure, and the other half in the name of the Local Council of New Carlisle all other resolutions relating to this question to be hereby annulled and rescinded.

The Council discussed the fact that at the upper end of the County no Circuits of the Circuit Court either at Carleton or Matapedia, had been held at either places for several years, causing inconvenience and expense to the inhabitants of that part of the County, whereupon it was moved by Mayor Arseneau, seconded by Mayor Busted that the Secretary-Treasurer do correspond with the proper authorities with the view of drawing their attention to the fact. Passed.

The Auditors' Report of the County Council Account for the year 1911 was read by the Secretary-Treasurer, and unanimously adopted and approved of by the Council, upon the motion of Mayor Busted, seconded by Mayor LeBlanc.

It was then moved by Mayor LeBlanc, seconded by Mayor Darche, that a vote of thanks be tendered to the Secretary-Treasurer, G. M. Kempffer, Esq., for the efficient way in which his duty as such and the business of the County Council had been managed by him. Passed unanimously.

The important question of a bridge across the Restigouche River from Cross Point to Campbellton N. B., was fully laid before the Council by Mayor Busted, and thoroughly discussed and considered by him and the Members of the Council. The following Resolution, upon the motion of Mayor Busted, seconded by Mayor Oatman was then put before the Council, to wit:—

"BE IT THEREFORE RESOLVED that this County Council of the County of Bonaventure, now in Session, desires to place on record the great necessity and trying need of a BRIDGE across the River Restigouche at Cross Point in the County of Bonaventure, on the one side, to the Town of Campbellton, in the Province of New Brunswick, on the other side, and said BRIDGE should be suitable for vehicles and pedestrians;

Dr. de Van's Female Pills
A reliable French regulator; never fails. These pills are exceedingly powerful in regulating the menstrual portion of the female system. Reduce all cheap imitations. Dr. de Van's are sold at 25c a box, or three for \$1.00. Mailed to any address. The Scotch Drug Co., St. Catharines, Ont.

That the enormous passenger and freight traffic and the great market that the Town of Campbellton affords our farmers and market-gardeners, would amply justify the undertaking of this most beneficial and public works for each of the said Counties and Provinces, and this County in particular;

That we do most respectfully request the Honorable the Minister of Public Works at Ottawa to take such steps as he would deem necessary to provide the County with such a bridge;

That a Copy of this Resolution be forthwith forwarded to the said Honorable Minister, and further copies be also forwarded to the Warden of Caspe County, the Warden of Restigouche County, N. B., to each of the Mayors of the Local Councils of the County of Bonaventure, and to the Federal and Local Members of Parliament of the Counties of Bonaventure, Gaspé and Restigouche.

That the Secretary-Treasurer be instructed by this Council to prepare petitions in accordance with the dispositions of this Resolution and transmit them to each Secretary-Treasurer of the Local Councils of this County, with a view of having them signed by the inhabitants of their respective Municipalities, returned to him, at the earliest possible opportunity, so that the whole may be forwarded without delay to the proper authorities."

To the said Motion, it was moved in Amendment, by Mayor Adams, seconded by Mayor Levesque, that this question be laid over until the next meeting of this Council for further consideration.

For the Amendment:—The mover, Mayor Adams; The seconder, Mayor Levesque; Mayor Darche, Mayor Chapados. Against the Amendment:—Mayors Clement, Busted, LeGallais, Dugas, Ferlatte, LeBlanc, Cochrane, Frenette, Blois, Cyr, Martin, Doherty, Arseneau, Oatman. The Amendment being declared lost by the Warden the main-motion was duly adopted and carried.

Applications on the part of Municipalities of Nouvelle and Shouledred North East part and Nouvelle and Shouledred South West part, for a change of name, so as to avoid confusion and inconvenience in the future to the inhabitants of the said two Municipalities, and other reasons, were laid before the Council, and deliberated upon, the whole subject to the provisions of the Municipal Code.

Whereupon it was moved by Mayor Doherty, seconded by Mayor Adams that this Council do pass a By-Law under the provisions of the Municipal Code, authorizing the Municipality of Nouvelle and Shouledred South-West part to change the name thereof into the name of "Escuminac". Passed.

A By-Law was passed by the Council in accordance therewith.

Moved by Mayor Frenette, seconded by Mayor Arseneau that this Council do pass a By-Law under the provision of the Municipal Code, authorizing the Municipality of Nouvelle & Shouledred North East part to change the name thereof into the name of "St. Jean L'Evangéliste". Passed.

A By-Law was passed by the Council in accordance therewith. The following accounts were then laid before the Council by the Secretary-Treasurer, and passed by them, on the motion of Mayor Busted, seconded by Mayor Clement, to wit:—

Insane Tax for 1911	\$1872.98
Transportation of Insane, 1911	824.60
Transportation re Alphonse Dube	91.90
Wood, Registration Divisions 1&2	85.00
Secretary-Treasurer Salary	100.00
Secretary-Treasurer's Fees & Disbursements re Annexation, Maria & Carleton	7.70
Auditor's Fee	5.00
Telephone, Registration Div. No. 1	12.08
Caretaker, 1911, (Constable)	4.00
Repairs to Carleton Van	8.00
Mayor's Expenses & Indemnity, 1911 & 1912	208.60
	\$2864.26

"Do you mean that furl with the spots on her face?"

Overhead in a Street-Car. There's a lesson right there! Little blemishes of complexion, small sores, eruptions, spots, are not only unpleasant to the person afflicted, but are the first thing noticed by other people.

A little Zam-Buk applied at night to spots, eruptions, sores of any kind will do wonders.

Zam-Buk is not a greasy preparation which will go rancid on your dressing table. It is made from healing, herbal extracts and essences. Always pure, fresh and ready for use. Doesn't lose its power. Keeps indefinitely. Healing, soothing and antiseptic all the time. Try it!

50c. box all druggists and stores.

To 5 per cent added on amount of \$2864.26 under provs. Municipal Code, \$138.22

Total \$4297.48

Moved by Mayor Busted seconded by Mayor Doherty that John Clement, Esq., Mayor of Paspébiac, be Pro Warden of the County, for the ensuing term. Passed.

Moved by Mayor Busted, seconded by Mayor Clement that Mayor LeGallais and Mayor Doherty be County Delegates for the current term. Passed.

Moved by Mayor Doherty seconded by Mayor Busted that G. M. Kempffer, Esq., be re-appointed Secretary-Treasurer of the County Council. Passed.

Moved by Mayor Clement, seconded by Mayor LeBlanc, that Messrs. Wm. Sheppard and Simon Poirier be reappointed Auditors of the County Council. Passed.

Moved by Mayor Adams, seconded by Mayor Cyr, that Ernest Derube be appointed Road Master or Superintendent, on the County Road between the Municipalities of St. Laurent de Matapedia and Restigouche, in the place and stead of Ad. Dufour, resigned. Passed. There being no further business before the Council the meeting was adjourned, on the motion of Mayor Darche, seconded by Mayor Chapados. The meeting then adjourned.

G. M. KEMPFER, Secretary-Treas.

CHILDREN INJURED

Ordinary Cathartics and Pills and Harsh Physic cause Distressing Complaints

You cannot be over-careful in the selection of medicine for children. Only the very gentlest bowel medicine should be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy, which we know, for constipation and associate bowel disorders. We have much absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative tonic upon the relaxed muscular coat of the bowel, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents, and 50 cents. Remember, you can obtain Rexall Remedies in Campbellton only at our store.—The Rexall Store, Thos. W. Druggist.

Making Records at Home a great feature of the Edison Phonograph

The ability to make and reproduce your own records in your own home—the songs and stories of every member of your family and all your friends—in addition to all of the greatest entertainment of every kind.

Think what that means! The Edison Phonograph—the instrument that you would choose any way, because of the purity and richness of Edison's tone; because its volume of sound is exactly suited to your home; because it plays both Edison Standard and the long-playing Edison Amber Records; because it has the supreme reproducing-point that does not scratch or wear the records, and lasts forever—gives you this great home-recording feature besides! And this feature doubles the pleasure of owning a sound-reproducing instrument.

Most Edison styles are regularly equipped to make records at home. Recording equipment for styles not so equipped can be purchased at slight additional cost.

When you go to your Edison dealer to pick out your Edison Phonograph, be sure to ask about this home-recording feature, and to get recording equipment with the instrument you buy.

There are Edison dealers everywhere. Go to the nearest and hear the Edison Phonograph play both Edison Standard and Edison Amber Records. Get long-playing records from your dealer or from us. Edison Phonographs, \$14.50 to \$34.50. Edison Standard Records, 40c. Edison Amber Records, 50c. Edison Amber Records, 50c. Edison Grand Open Records, 40c. to 50c.

A complete line of Edison Phonographs and Records will be found at

M. P. Moores A. E. Alexander & Son.

Notice of Sale

To Henry Boyle and Mary Boyle his wife of Bathurst, in the County of Gloucester; and to all whom it may concern.

Notice is hereby given that under and by virtue of Power of Sale contained in a certain Indenture of Mortgage bearing date the twenty-second day of June, in the year of Our Lord one thousand nine hundred and nine, and registered in volume 51st and number 180 and on pages 211, 212 and 213 of said volume of the Record of the County of Gloucester and made between the said Henry Boyle of the Parish of Bathurst in the County of Gloucester, farmer and Mary his wife, and Samuel Bishop, of the same place, Retired Merchant.

There will, for the purpose of satisfying both principal and interest, secured by said mortgage, default having been made in the payment thereof, contrary to the proviso for payment for the same, contained in said mortgage, be sold at Public Auction, in front of the County Court House in the Town of Bathurst in the County of Gloucester, on Thursday the ninth day of May next A. D. 1912, at the hour of Twelve o'clock noon, all the lands and premises in the said Indenture of Mortgage named and described as follows:

"All that certain piece or parcel of land and premises, situate, and lying and being at St. Peter's River in the Parish of Bathurst in the said County of Gloucester and bounded and described as follows:—At the north by the part of the said lot owned by Hugh Boyle, on the south by land owned in his life time by Edward Boyle, on the East by the Bay des Chateaux, distinguished as a part of Lot 47th and containing eighty seven acres more or less."

And Notice is hereby also given that under and by virtue of another Power of Sale contained in a certain other Indenture of Mortgage dated the fifth day of September in the year of Our Lord one thousand nine hundred and seven, and registered in Volume 49th as number 878 and on pages 470 and 471 of said Volume of said Records and made between the said Henry Boyle, of the first part, and said Samuel Bishop of the second part, there will for the purpose of satisfying the moneys both principal and interest, secured by said Indenture of Mortgage, default having been made in payment thereof, be sold as aforesaid at the time and place aforesaid all the said lands and premises so herein before described.

Together with all and singular the buildings and improvements thereon and the profits, privileges and appurtenances to the same belonging or appertaining.

Dated the first day of March A. D. 1912. SAMUEL BISHOP (L. S.)

ACTIVE AGITATION FOR BRIDGE AGAIN UNDER WAY Complete History of Negotiations Since 1902 to Date.

Dear Sir:
It seems to me that "a subscriber" writing from Oak Bay, Mill, under date of Feb. 18th, has struck the nail fair and square on the head, when he says that the "restigouche bridge across the Restigouche in the vicinity of Cross Point, the most important question whatever to the prosperity of the Town of Campbellton. In fact I would beg to say that the varied interests of the North Shore, which include the Counties of Bonaventure and Gaspé as well as the County of Restigouche in New Brunswick) demand that such and undertaking, should be commenced, carried out and finished as soon as possible, so that the advantages and benefits to be derived from same will not be delayed. We don't want to be working about it for ever and a day. We want to get right down to business and see that the project is carried out immediately.

What makes Sherbrook P. Q., one of the loveliest towns in Canada, is because its people are progressive, they are up and doing. All things being equal, I cannot but see, indeed feel confident, that this North Shore of our's will shortly become a very important section, and one of the busiest in the whole Dominion.

For some years the citizens of the County of Bonaventure have been aware of the vast possibilities combined in having a bridge across the Restigouche River between their County and the Town of Campbellton. The County Council in Session at New Carlisle on Sept. 10th, 1902, passed the following resolution.

"That the Governor-General in Council be requested to take what measures that he would deem necessary for the building of an Inter-Provincial Bridge, for vehicles and foot passengers over the Restigouche River between Cross Point in the Province of Quebec and Campbellton in the Province of New Brunswick. And that copies of this resolution be also sent to the County Council of Restigouche, Charles Marcell M. P., and Wm. H. Clapperton M. L. A. Esquire, members of this County." The government of the day replied by giving us a ferry wharf at Cross Point, which has served its purpose. Now the time for action has arrived.

On Feb. 6th last, the Municipal Council of the township of Mann passed a resolution that reads as follows:—

"Be it therefore resolved that this council now in Session considers the time expedient and opportune, that there should be direct connection made in the form of a bridge across the Restigouche River between the County of Bonaventure, Province of Quebec on one side and the Town of Campbellton, in the Province of New Brunswick on the other. That said bridge be suitable for vehicles and pedestrians and should be built at or near Cross Point in the aforesaid County of Bonaventure.

That owing to the enormous amount of business transacted between the County of Bonaventure and Town of Campbellton, and the hundreds of passengers who embark and disembark at Cross Point Station all bound for and from Campbellton, render it paramount that there should be a better and surer mode of connection than the present steam ferry. And we would most respectfully request the Hon. the Minister of Public Works to instruct his engineers to make a survey and give in a report of same." The following is the Ministers reply:—

Office of the Minister of Public Works, of Canada.
Ottawa, Feb. 15th, 1912

Dear Sir:
I have received your favor of the 12th inst enclosing copy of a resolution adopted by the Municipal Council of the Township of Mann, Bonaventure Co., Que., regarding the necessity for the construction of a bridge across the Restigouche River which would afford a means of communication between the County of Bonaventure and the Town of Campbellton, N. B., and would assure you that the matter will receive my careful consideration.

Yours very truly,
F. D. MONK.
Joseph Anningson, Esq.,
Secy-Treas, Municipal Council of Mann, Bonaventure, Co., Cross Point, P. Q.

Sufferers from Rheumatism
Lame Back, Swellings, Sprains, Lameness—there is quick relief for you in
JOHNSON'S ANODYNE LINIMENT
Hundreds of thousands have been able to testify to its curative powers in the last 100 years. Great remedy taken internally for Diarrhoea, Coughs, Colds, etc.

L. S. JOHNSON & CO., Boston, Mass.

should be as much of a barrier to the teaching profession as ignorance of grammar or arithmetic. Unfortunately, the teachers of our children have often educated minds but not educated tongues. Then again, parents should endeavour to preserve purity of speech in the home. If the father and mother speak well the children will probably do so too. That climatic conditions can be overcome is evidenced by the fact that the children of English people settled in this country speak noticeably better than the Canadian children they play with. Many persons pool-pool this question of a clear and pleasing speaking voice but it adds in measurable to the joys of life and it also tends to preserve our wonderful language in its purity and beauty.

Health And Success
are such intimate relations that no one can be expected to be well acquainted with success who does not keep good hold on health. Most serious sicknesses start in minor troubles of the digestive organs. Thousands know by actual experience that health and strength—and therefore success—Are Increased By Use of Beecham's Pills in time, and before minor troubles become deep-seated and lasting. This famous family remedy will clear your system, regulate your bowels, stimulate your liver, tone your stomach. Then your food will properly nourish you and enrich your blood. You will be healthy enough to resist disease—strong enough to take due advantage of opportunity after taking, as needed, Beecham's Pills.

WOMAN SICK FOR YEARS
Wants Other Women to Know
How She was Finally Restored to Health.

Hammond, Ont. — "I am passing through the Change of Life and for two years had hot flashes very bad, headaches, soreness in the back of head, was constipated, and had weak, nervous feelings. The doctor who attended me for a number of years did not help me, but I have been entirely relieved of the above symptoms by Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills, and give you permission to publish my testimonial." — Mrs. LOUIS BEAUCAGE, Sr., Hammond, Ont., Canada.

New Brunswick, Canada. — "I can highly recommend Lydia E. Pinkham's Vegetable Compound to any suffering woman. I have taken it for female weakness and painful menstruation and it cured me." — Mrs. DEVERE BARBOUR, Harvey Bank, New Brunswick, Canada.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

FALLING HAIR
Stop it in Two Weeks—Ask Any Leading Druggist About Salvia Hair Tonic.
Hair falls out because the dandruff germs dig into the hair roots and sap them of their vitality. They appropriate the natural nourishment that supplies life and lustre to the hair.

To stop falling hair you must kill the germs. SALVIA is guaranteed to kill dandruff germs, banish dandruff, stop falling hair and itching scalp or money back. If your hair is thinning out SALVIA will promote a new growth. Clever women use it because it makes the hair brilliant and beautiful, and is not sticky or greasy. Large bottles 50 cents. Sold by The White Drug Co.

SIR MAX HAS AN HEIR
Word has been received here of a son born to Sir Max and Lady Aitken on March 22nd. Congratulations are in order.

SOCIAL and PERSONAL

Our Readers are Asked to Contribute Items to this Column.

Mr. Wm. P. Gray is in New York this week.

Mrs. W. J. Miller of Charlco was in town Thursday.

Mr. Lloyd Irons of Jacquet River spent Sunday in town.

Miss Madge Gerrard, leaves today on a visit to Vancouver.

Mr. J. Y. Merseure of Chatham was in town this week.

Miss Ethel Malcolm is visiting in Fredericton.

Mr. Jack Stevens spent the week end at Newcastle.

Mr. H. G. Hagen of Amherst was in town Thursday.

Mr. W. H. Edgett of Reed Co., Moncton was in town Wednesday.

Mrs. W. S. Montgomery of Dalhousie was in town for a few days this week.

Rev. Geo. Morris was visiting at his home in P. E. Island for the past week.

Mrs. E. W. Gillis and children of Tide Head spent Sunday with friends here.

Mr. and Mrs. D. Jamieson are receiving congratulations on the arrival of a baby boy.

Miss Edith McLennan who was visiting her aunt in Chatham has returned home.

Miss Tessie Lingley is visiting Mrs. H. H. Woodworth Sackville, and enjoying a round of gaiety.

Mr. John Cripps of Chatham is visiting his daughter, Mrs. D. A. Harquail.

Miss Miller of Toronto arrived Wednesday and has accepted a position as head milliner with Miss McNeil, Dalhousie.

It is satisfactory to hear that Mr. Rolland Moffat is making a good recovery from his serious illness in Montreal.

Mr. T. G. Marquis, manager of Haymarket Branch of the Bank of New Brunswick, St. John, is visiting his parents, Mr. and Mrs. H. P. Marquis.

A number of our young people intend driving to Pritchard's Lake tonight. While enjoying the hospitality of Mr. and Mrs. Pritchard no doubt some tripping of the light fantastic toe will be indulged in.

Miss A. McNeill returned to Dalhousie Tuesday morning from St. John, N. B., where she was attending the millinery openings. She has opened up a millinery department in the McLeod building, Dalhousie, N. B.

Ladies Suits are now on display at S. M. Moores

A COLD CRACK

We are informed that the Conservative government have appointed a medical officer to the Indians from Causapsal. Campbellton is too far away from Cross Point. Perhaps one of our medical men here will be appointed when we get the bridge over the Restigouche.

DEBATE ON BUDGET

Continued from page one

without liberal expenses. Mr. McDougall has \$1500, Mr. Daigle \$1400, Mr. Turner, the Horticulturist, draws \$1500 and his assistant, Mr. Gorham, \$1000. Then there is Mr. Wilmot, the Immigration Agent, with \$1200 and Mr. Bowder his London associate, gets \$1500. These last named gentlemen each have office establishments to keep up and the expense of them rise into the thousands. So far the Province has seen little if any, results from this expenditure and it is hoped that some good will soon come out of the generosity of the people. There are a couple of lady stenographers, one of whom, Mrs. Dunbrack occasionally goes upon a demonstrating tour in the country. Then there are a couple of clerks at \$800 and \$300; and last but not least there is the Poultry Expert, Mr. Jones' salary is not as large as either the Dairy Inspectors or the Horticulture man but he is not without hope and he need not be. He has not been long in office and \$900 may be easily increased if one has proper friends at court and there is no doubt that Mr. Jones has them. His expenses too for the first nine months were nearly \$500 and that must be a source of considerable satisfaction to him. The expenses of the Dairy Superintendent are not by any means small for the Auditor-General's report says that Mr. Daigle for the last twelve months drew \$1068.44 for that purpose.

That is how the money goes, or a lot of it. That is how these make-believe farmers are enjoying themselves at the expense of the public.

The Budget debate this week was interesting. Mr. McLeod's presentation of a bad case was as wordy as only Mr. McLeod can make it. It was his first attempt as Provincial Secretary and it probably will be his last. He has not been used to dealing in sums of large amounts or transactions of the kind that the necessary in the affairs of the province. His promotion from the post of Solicitor General to that of Provincial Secretary was somewhat unexpected but the result of the election of Sept. 21st. was unexpected itself and the things that follow it might naturally be of a like character. It is said that Mr. McLeod would have preferred to be Surveyor General and the story also goes that his colleague who enjoyed that office did not look with delight upon him as his successor and so a truce or an agreement was necessary and the Premier himself retired from the Provincial Secretaryship, assumed the office of Hon. Mr. Grimmer who was made Attorney General. Be that as it may, the change involved the presentation of the Budget by the Hon. Mr. McLeod on Tuesday. If one could have listened to him without knowing where he was speaking they would have imagined that he was hearing a second time one of the campaign speeches of last winter. It was the old issue

and the old government. There was nothing new. There is nothing original in this government. They are simply following in the footsteps of those who went out of power in 1908, doing far worse in a financial way, and far worse in every way because they have adopted a standstill policy and in some of the departments they are retrograding. The legislation that was placed upon the statue books by the old government which hardly had time to mature and certainly did not have time to be acted upon, is now giving this administration the chance to put some of it into effect. Only the other day a bill was brought down to amend the act relating to the coal areas in Queen's county. Those coal areas were discovered, developed, assisted and encouraged in every way by the former administration. They spent a lot of money in doing it, they placed some debt upon the province with respect to the Central Railway, but they opened up the coal mines of Queens and Sunbury and made it possible for one of the richest mineral deposits in this part of Canada to be exploited. See what has happened. The most astute business men, that longheaded corporation the Canadian Pacific Railway, through its agents and officials, have sought and acquired control of large sections of the coal fields and today one of the best known railway men in the world, Sir Thos. Tait, who for years after he had graduated from the Canadian Pacific Railway, had charge of the Australian system of Railways, is President of the company which is to build the Gibson Minto Railway, assisted by the province to the extent of \$15,000 a mile guarantee. This is one result of the legislation introduced years ago by the old government.

The mines of Gloucester came to the front under this Administration, but the apparatus, the legislation, everything that fostered and encouraged the search for iron, was begun by the old government. This is also true of the oil wells of Albert and Westmorland.

But to return to the budget. Mr. McLeod had a hard task before him to say to the people that the Province had enjoyed the largest revenue in its history and at the same time to announce that his economic Government, had spent \$56,000 more than it had received. In the speech that followed by Hon. Mr. Sweeney he said that while there was a record revenue there was also a record debt; that it was a government of broken promises and boastful expenditures of deficits and favoritism; of unbusinesslike methods; of profession rather than performance; of a multitude of officials with increased salaries; of concealed accounts and wasted money; with no crown land policy but waste and depletion of the country's principal source of revenue, and nothing to safeguard the rights and privileges of invested interests in the lumber business. Upon these lines the ex-Surveyor General criticized the speech of the Provincial Secretary and before he concluded on the following day he had made one of the best addresses that his friends had ever listened to. He exposed in detail the false argument of the Provincial Secretary that they owned their increased revenue not to an increased cut on Crown Lands but rather to an honest collection of the stumpage and in exposing it he told the House that it was a strange thing that the officials in the crown land department who were in the main the same who had worked under him, could be dishonest at one time and honest at another. He proved the absurdity of the "Honest Stumpage" claim by showing that the Government took no count of the tremendous quantities of lumber shipped to the United States in recent years, of the large quantities of pulp wood cut from crown lands and shipped to the same market, and the increased demand from United Kingdom ports for New Brunswick deal.

In the Public Accounts committee the Chairman, Mr. Pinder of York, shines out as the chief apologist of the Government expenditure. He is still at loggerheads with the old Administration and so long as he lives will find that a skeleton in his closet. For a man who was once so vigilant in the interests of his province, and one who saw a thief on every page of the Auditor-General's report, who looked for graft and rakeoff in almost every line, the change is most remarkable. He takes the Auditor-General's explanation without word of comment. He believes that the thousands of dollars of postage stamps are all used in the work of the department. He can even tolerate fountain pens and pocket knives for the clerical forces without blinking an eyelid. It does not apparently worry him to find

NEW GOODS FOR EASTER

F. E. SHEPHARD & CO. OUTFITTERS.

Our Store is bristling with NEW GOODS for EASTER. Many new ideas have come to us direct from the leading manufacturers. The Styles in LADIES' SUITS and COATS we have illustrated are the latest Fashions for Spring and Summer 1912. Every Garment is guaranteed Perfect and our Size System makes it possible for us to fit you in most any Style you may select at moderate prices.

OUR EASTER RAINCOAT SALE.

\$3.88.

HAVE YOU SEEN THEM?

The New Raincoat imported by us for the Sale. A Smart Garment with Raglan Sleeve, in Shades of Green and Browns, Sizes 34 to 40. For the Easter Price \$3.88.

When down town visit our Store. New Goods are Constantly Arriving.

F. E. SHEPHARD & CO LADIES' OUTFITTERS.

A. E. Alexander & Son.
