Concert by Acadia Choral Club a Great Success

The concert given by the Acadia Choral Club was considered universally as in many respects the finest exhibition of singing ever heard in College Hall. That is high praise but not too high. The choir consisting of more than one hundred young women and men conducted by Miss Stephens, occupied raised seats on the platform. Before them on a lower elevation was the Acadia Orchestra, led by Miss Nelson. Miss Lillian Russell presided as accompanist. The programme was as follows:

PART I

1. Coronation March from "The Prophet" Meyerbeer
The Orchestra
2. Italia from "Lucia" Donizetti
The Choral Club and Orchestra
3. Songs (a) Ah, Love, But a Day Beach
(b) Down in the Forest Ronald
(c) The Year's at the Spring Beach
(d) A May Morning Denza
Miss Ruth Blaisdell MacDonald
4. The Anvil Chorus from "Il Trovatore" Verdi
Men's Chorus
5. The Spinning Chorus from "The Flying Dutchman" Wagner
Women's Chorus
6. Lord of Our Life C. Herbert Knight
7. Gallia Gounod
Chorus and Orchestra
Soloist: Miss MacDonald
8. Oh, Canada Lavallee

In all parts it was well rendered. But especially should attention be called to the extremely fine work done in Gallia. Here the results of long continued intelligent musical training was heard. In precision of attack, in true consonance, in fine shading and strong climaxes the singing was all that could be desired. Miss Stephens is to be congratulated on such splendid work. Miss Ruth Blaisdell MacDonald, the soloist, enhanced an already enviable reputation as an artist by her group of songs as well as by her rendition of the solo parts in Gallia. Nor should the important part which both Miss Russell and the Orchestra contributed to the success of the evening be forgotten. The audience though not as large as it should have been demanded in Gallia a repetition of part of the work. This beginning of the former Festival days promises well for the future. May next year bring if possible something better.

The Revival of Cricket

A meeting was held last Friday evening at the Royal Hotel by certain members of the newly formed Athletic Association for forming a cricket club in connection therewith. There was a small but enthusiastic attendance. The following officers were appointed: Patron, Mr. W. H. Chase; President, Rev. R. F. Dixon; 1st Vice Pres., R. W. Ford; 2nd Vice Pres., G. S. Bauld; Treasurer, J. Elliot Smith; Secretary, G. H. Ruffee. It was decided to apply to the parent society for a grant for equipment. A further meeting will be held at an early date for further organization. A partial canvass has resulted in the addition of about forty names to the club and many more are expected to join. Practice and games will be carried on during the summer. Any one wishing to join the Cricket Club please communicate with G. H. Ruffee.

Interesting Occasion

AT ST. ANDREW'S CHURCH

The services at St. Andrew's church last Sunday were of a most interesting character and largely attended. At the morning service every seat was occupied and it was found necessary to bring in a number of additional chairs. The decorations of the church were very tasty and appropriate, consisting of flags and flowers, with placards indicating some of the engagements in which the eighteen members of the congregation had taken part in the great war. A beautiful wreath—a tribute to the boys who will not come back—occupied a prominent position.

In addition to the usual congregational singing, in which the choir was assisted by outside talent, Miss Ruth Blaisdell MacDonald sang "In My Father's House Are Many Mansions" in a most effective manner, and a male quartette rendered a pleasing selection.

The tablet, which is a gift of Mr. and Mrs. Chase and is a handsome piece of work, was unveiled by Mr. J. Elliot Smith, chairman of the board of management, while the congregation stood and sang the national anthem.

The tablet contains the following names: Russel Boates, B. Donald Chase, George A. Chase, William H. Chase, Paul W. Davidson, Waldo B. Davidson, William Grey, Edward Hennessey, Albert Johnson, Wilfrid Kennedy, Eben Lang, Norman S. MacRae, Alexander Peters, Blake Shaw, Dean Shaw, Romeo Shaw, William Smith, Colin M. B. Wright.

Eight of these were present on Sunday morning and occupied a seat at the front of the church facing the tablet. Of the remainder, Wilfrid Kennedy was drowned at Halifax while in the service, Blake Shaw died in hospital in England, and Colin M. B. Wright, a son of Rev. David Wright, a former pastor of the church, was killed in action at Bourlon Wood, the news of his death being received on the day the armistice was signed.

The preacher for the occasion was Rev. Clarence MacKinnon, D. D., principal of the Presbyterian College, Halifax. Dr. MacKinnon was chaplain of the 219th Batt. and did splendid service overseas. Many years ago he was for a short time the minister of this church and no speaker is heard here with greater pleasure by the congregation.

On Sunday morning he took for his text Rev. ii:28—"And I will give him the morning star". In an eloquent and able address the preacher spoke first of the motives which caused the young manhood of our land to engage in the great world war. Not in the spirit of adventure, and certainly not for the remuneration they received, but in obedience to the call to do what was right, was the motive the speaker saw in the action of these boys. He spoke of what they had suffered for us, of what they had saved us from and the reward for such heroism and the gain to those who remained at home because of their action.

At the evening service there was a good attendance considering the disagreeable state of the weather. Rev. Dr. MacKinnon was again the speaker and his address was an able and inspiring one. The text was 2 Cor. iii—

Electric Light and Power Commission

HOLDS FIRST MEETING

The new Electric Light and Power Commission held its first meeting on Monday evening at the Council Chamber.

Mayor Fitch was in the chair and all the members of the Board were present.

The chairman read the act of legislature describing the duties and powers of the Board.

Mr. H. Y. Bishop, town clerk, was on motion appointed secretary-treasurer and he was authorized to engage the services of Mr. Maxwell, the town auditor, to open the books of the Commission.

The sale of the oil-engine was discussed at length and it was finally decided that the chairman and Commissioner Sleep be appointed a committee to effect a sale.

The secretary was instructed to procure the necessary forms for the issuing of the debentures to raise money to pay for the system and improvements, and that these debentures be placed on the market at once.

A Needed "Clean Up"

TO THE EDITOR OF THE ACADIAN:

DEAR SIR,—Will you allow me a very small space in the columns of your always interesting paper to call attention to the growing sale of "Essence of Lemon" and other similar preparations in Wolfville. It is time the authorities put the cover on this unscrupulous business. The rum-seller of former years was respectability itself as compared with these modern traders. The cleaning up of this business should be made a feature of "Clean Up Week".

PRO BONO PUBLICO.

18: "But we all, with open face beholding as in a glass the glory of the Lord, are changed into the same image from glory to glory, even as by the spirit of the Lord". The sermon was one that everybody should have heard. The speaker referred to the strong influence upon us of the things which we admire. This truth was better appreciated by the old Greeks than by the people of the present, and they used the stage to place before their people the character they sought to develop. With patriotic fervor the preacher referred to the splendid possibilities facing Canada. The next fifty years will see wonderful progress. We should see to it that our ideal, however, should not be material attainment but the attainment of that character which truly exalteth a nation. Canada should be a land whose products of fields, of forest, of mines and industry should supply the market of the world, but whose principles are not for sale. In closing the speaker emphasized the fact that above all Canada should aim to produce real men of high character and ideals. At no time in the history of our country had the call been as loud as now to our young men to give themselves for the promotion of the things that are really worth while.

To the Public:

Due to the high cost of everything we are compelled to give notice that on and after Monday, May 17th, all hair cutting will be 35c; slight outline, 15c. No children's hair cutting on Saturdays. All other days, 25c.

A Brave Wolfville Girl

Miss Gladys Vaughan, daughter of Mr. and Mrs. C. M. Vaughan, while engaged with the medical staff of the Polish mission at Warsaw, had a most thrilling experience and did heroic service.

In the flight before the Soviet army in the dead of winter Miss Vaughan led 2,300 terrified refugees in small boats across the Dniester river and guided them to safety in Poland. Most of the refugees were noblemen and their wives and children. The trip took nearly two weeks during which time the unfortunate Russians and Roumanians slept without blankets. Food was scarce and many of the women and small children were sick requiring constant attention. Miss Vaughan and her companion, a Knight of Columbus, attended and encouraged them throughout the trip in addition to directing the movement of the column.

After her graduation from Mt. Allison Miss Vaughan accepted a position with the board of health of the city of Minneapolis, Minn. She served for three years under Dr. Chesley on the state board of health service in the University of Minnesota, resigning to join the Y. M. C. A. service in France. When discharged from that organization she accepted a position on the medical staff of the Polish Mission and went to Warsaw.

Miss Vaughan's many friends in Wolfville and vicinity will hear with pride of her splendid accomplishment and trust to soon see her safely back in her native town.

Grand Division

The second quarterly session of the Grand Division of the Sons of Temperance was held at Canning on Thursday of last week. The weather was favorable and there was a good attendance of representatives and visitors. G. W. P., R. S. Theakston, in his report referred to the campaign now in progress to secure a fund of \$5000 for extension work and an increase in membership and in readers for the official organ. He urged that the good work already done be continued to a successful ending.

The report of the Grand Scribe A. M. Hoare, was most encouraging, showing a substantial increase in membership during the quarter. The finances of the order were shown to be in a healthy condition.

Rev. Mr. Snow, the clever lecturer and organizer, was present and gave an interesting and forcible address at the afternoon meeting.

In the evening a public meeting was held in the hall of Canning Division, which was filled to the doors. Mr. N. W. Eaton presided and a good program of entertainment was rendered by the local society. Addresses were given by R. S. Theakston, G. W. P., A. M. Hoare, G. S., John E. Hills, P. G. W. P., and Rev. Lewis Parker, an enthusiastic member of the order; Rev. Mr. Anthony and Rev. Mr. Snow. All the addresses were interesting and practical and the speakers were closely followed by those present.

Mr. Cecil Wray Townshend, son of Sir Charles and Lady Townshend, has successfully passed his examinations for the degree of Bachelor of Arts at McGill University.

Engineers' Concert

The concert given in College Hall on Saturday evening by the Engineering students was a big success. The program was most interesting and much enjoyed by the large number present.

The first part of the program consisted of a two act play entitled "Pages from a War Diary." The characters were as follows: Commanding Officer, Mayor P. W. Freeman; Medical officer, Capt. C. W. McGill; Adjutant, Pinkey Parker; S.-M.-C. D. Sampson; M. O. Sgt. and O. R. Sgt., H. L. Tamplin; Orderly Corporal, J. J. Jordan; Sick, "Monk" Steeves; W. Marsh, M. G. Spencer, G. Lordly, C. McCreedy, W. Lewis; The German Spy, Bert Schurman; The Man Who Wants Leave, V. L. Schurman. They all entered into the spirit of their parts and kept the audience in roars of laughter. The second part of the program comprised selections by the Engineers' Jazz Orchestra; a reading by Miss Ellen Spencer, of the Seminary; the rendering of "The Catastrophe" by the Engineers' quartette—Messrs. R. H. Murray, C. B. Edwards, E. J. Davies and J. M. MacDonald; a violin solo by Miss Hilda Kinsman, of the Seminary; two solos by Miss Marie Wilson. Miss Wilson's singing of "The Last Long Mile" was the best performance of the evening.

The conjuring act by Professor the Count d'Stockwell was very entertaining, as was also the "Tin Whistle Annoyance", by C. D. Sampson. Perhaps the most mirth provoking number of all was "Professor Junitis" Wetmore's Dry Humor in "Till the Cows Come Home".

Boy Scout Notes

Mr. Estabrooks will be in charge of the Club Room this evening. An exam. for the Ambulance badge will be held in the upper reading room. Games as usual in the gymnasium.

The final game of the first series in baseball will be played between the "Wolves" and "Tigers" at 2 p. m. Saturday.

This evening the Kentville Scouts are putting on their first annual play. Scoutmaster E. Percy Brown is directing it and is assisted by the Wolfville Orchestra to whom many thanks are due.

Notice

The result of the present rise in the price of newsprint and the one that will be made next July, will undoubtedly be the suspension of many papers during the coming year.

Milk is down two cents in Montreal. On the morning of May 1st the intimation was left with the day's supply of milk to each customer, that the cost had been reduced. When is the welcome news to be delivered in these parts?

Surrendered Doukhobor lands aggregating about 10,000 acres in the vicinity of Kamsack, Sask., were disposed of by ballot to soldier settlers under the Federal Soldier Settlement Board regulations on the 30th of April. Twenty-six parcels were sold and eleven farm units remain to be disposed of. This closes out the last of the Government lands held by Doukhobors.

The proposal submitted to Parliament by Mr. Hume Cronyn, chairman of the special investigating committee, for the establishment of a Canadian Bureau of Scientific Research is an important and welcome one. Such a bureau, if properly organized and conducted, would be worth untold millions in the development of natural resources and the improvement of industrial processes.

If you want to save money on clothes, wear your old clothes. If your old clothes are all worn out buy overalls, if you want to, but when you buy overalls you do not need you are simply putting up the price of overalls on the man who does need them. Our Yankee cousins are all right but they are a volatile mixture of races who go to extremes—which sometimes is a good thing and sometimes is not.

The Winnipeg Falcons, champion hockey team of the world will be tendered a civic banquet and presented with gold watches on their arrival in Winnipeg on May 15, to express the city's appreciation of the honor the Falcons have brought Winnipeg by winning the laurels at the Olympic sport at Antwerp. A parade also is being organized by the Manitoba Amateur Hockey Association.

The great Krupp works at Essen, which forged the arms with which Germany made war, are today said to be in full blast forging implements of reconstruction and peace. This information was brought to London from Essen by a British Government engineer. He says that the recent political confusion in the Ruhr district has not disturbed the production of the Krupp plants. Before the war the Krupp works employed 80,000 men; during the war 115,000 labored to supply the German armies. Some 50,000 men are now engaged in the production of reconstruction materials.

Delicate Girls Made Strong

RICH, RED BLOOD NEEDED TO KEEP UP THEIR VITALITY

If growing girls are to become well developed, healthy women their blood supply, must be carefully watched. Mothers should not ignore their unsettled moods or the various troubles that tell of approaching womanhood. It should be constantly borne in mind that pale, bloodless girls need plenty of nourishment, plenty of sleep and regular open-air exercise. But a lack of appetite, and tired, aching limbs tend to hinder progress. To save the weak, thin-blooded sufferer she must have new, rich, red blood and nothing meets a case of this kind so well as Dr. Williams Pink Pills. These pills not only enrich and increase the blood supply, they help the appetite and digestion, relieve the weary back and limbs, thus promptly restoring health and strength and transforming anaemic girls and women into cheerful happy people. Among the thousands who have obtained new health and strength through the use of Dr. Williams Pink Pills is Miss Violet Booth, Glenarm, Ont., who says:—"For a long time I was in a badly run down condition. I was pale, breathless at the least exertion, and could hardly do any housework without stopping to rest. I often had severe headaches, and my appetite was poor and fickle, and I would get up in the morning without feeling the least bit rested. I had tried several medicines, but did not get benefit from anything until I began the use of Dr. Williams Pink Pills. When I had taken two boxes I could see an improvement, and after using six boxes I found my health fully restored. I feel altogether different since I used the pills and I strongly advise them for all weak, run down people.

If you are weak or ailing in any way, avail yourself at once of the splendid home treatment which Dr. Williams Pink Pills so easily afford, and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams Medicine Co., Brockville, Ont.

Overalls and Old Clothes

The wear overalls, wear old clothes movement is one of many indications that the patience of the consumer is exhausted; that he will no longer submit to price exactions. World supplies are yet too low for these movements to exert a very material influence, but they serve as a warning. Manufacturers must see the refusal to buy at high prices in its true significance, and must realize that the great buying public has reached the limit of willingness to pay. The time for price reductions to stimulate demand, if not already at hand, is brought measurably nearer by the movement which gives expression to its feelings in wearing overalls, in having hats cleaned and tuned and in resorting to other money-saving expedients unthought of a few years ago. This economizing must have a tremendous and far-reaching influence. It will prove a most important factor in equalizing supply and demand, thereby wiping out the advantage which gave profiteers the opportunity they have so shamelessly abused.

We welcome Mr. and Mrs. T. J. Borden from Belcher Street to our community who recently purchased the George Borden property. Mrs. H. H. Marshall and family of Halifax, are now living in the Morse house. Mr. and Mrs. Keddy and family have moved to Wolfville.

The Community League has closed its sessions for the summer months, the last one held being on Thursday evening, April 29th, and a very enjoyable evening it proved to be. The Hall was filled by an appreciative audience who thoroughly enjoyed the splendid program provided. While delicious refreshments were being served, Miss Dorothy Williams and Mr. Robert Bishop entertained the audience with excellent music. The treat of having the Hall lighted by electricity for this occasion is due to the kindness of Mr. Cross, of White Rock. Rev. Mr. Watts suggested that a letter of appreciation from the League be sent to Mr. Cross. It was greatly regretted that Rev. F. J. Armitage, the founder of the League, was unable to be present. The week before, April 22nd, Dramatic Night, a part of the program was a play by four of the school girls, which was much enjoyed. Two weeks before—Literary Night—the League enjoyed a treat by way of an instructive but humorous lecture, given by Rev. A. J. Prosser of Upper Canada. The speaker was gladly welcomed, he having been heard at the League twice before two years ago. He holds the closest attention of his audience and the time goes so quickly. Often roars of laughter greeted Mr. Prosser and he was voted by all, with a hearty vote thanks, as being a regular live wire. He was invited to give a talk next winter on the Franchise. We are told it has been decided to have Electric Lights permanently installed in the Hall, the Greenwich Dramatic Club, having funds enough on hand to pay for same.

All the residents of a town are partners, not opponents. In all likelihood the more business done by your rival, the more you will do. Every merchant who treats his customers honestly and fairly will get his share and the more business that can be secured by united effort, the better it will be for all. When a town ceases to grow it commences to die, and the more people try to kill each other off in business and good name the more rapidly will utter ruin come to all. Real Character of Bolshevism

This article from the English Statesman, is most illuminating: It is important that we should,

as far as possible understand what the real character and aims of Bolshevism are. We know in a general way that it is a reckless and cruel system, and that it has caused the direst tribulation and misery in the greater part of Russia. Bolshevism is the antithesis of genuine democracy. It does not desire free government of the people by the people and for the people. Its avowed object is the tyranny of those who have nothing over all who possess property of any kind. It does not regard the holders of political opinions differing from itself as loyal citizens of the same commonwealth, but as enemies and traitors to be ruthlessly suppressed. It is frankly atheistical and antagonistic to all religion. Faith in God, it says, is faith in a universal state of slavery. True, it affirms that God does not exist, and that the supposed state of slavery is consequently a vain notion, but it declares that notion to be the cause of the world's troubles and a great hindrance to the spread of Bolshevik theories and methods.

Things might be very different if the Gospel had been faithfully proclaimed and the Bible freely circulated, and if masses and hordes had no place in Russia in the days gone by.

France has a million and a half milk goats and Spain three millions. The United States has probably less than two thousand, while Canada has no goats at all worth mentioning; that is, of the four-legged kind.

Adverse Exchange And Production

The fluctuating rate of exchange, inconvenient as it may be, is on the whole accurate barometet of the international trade situation. A dollar bill is only a promise to pay and is valueless unless redeemable. Gold, however, is not the only commodity with which it can be honoured. It can be redeemed with wheat, pulp, paper, lumber, fish, coal, anything at all of which the country issuing the note produces a surplus for export. The way to right adverse exchange is to speed up production, so that we can pay for all the goods imported with other goods exported. Retrenchment, that is, cutting down expenditure on unnecessary articles of luxury, will help.

Editorial Jottings

The war-gardens of recent years should be more vigorously carried on than ever this year. The speeding up of production is the patriotic duty of every citizen. Never in the history of the world was the production of food so necessary as now. We can never get back to normal conditions until our people give up the foolish custom of vying with each other to put up prices and go to work in real earnest for the public weal. Every pound of food produced and every day of honest labor performed will help to straighten out the affair of this troubled world of ours.

Graduating Recitals

An excellent recital was given in College Hall on Wednesday evening of last week by St. Elmo Selfridge, pianist, and Ada Maurin Elderkin, reader, graduates of the Acadia Conservatory of Music and Fine Arts. The hall was well filled with an appreciative audience. Each number of the program was splendidly rendered.

On Tuesday evening a recital was given by Miss Lillian Kathleen Proctor, reader, a member of the graduating class of Acadia Conservatory of Music and Fine Arts. She was assisted by Miss Hilda Kinsman, violinist. The recital was much enjoyed.

Social Events

Mrs. P. W. Davidson entertained at afternoon tea on Friday last.

The Ladies Bridge Club was entertained on Tuesday evening at the home of Mrs. B. O. Davidson. Last week the Club was entertained by Mrs. E. H. Johnson.

Dr. Hemmeon and Miss Hemmeon entertained a number of their friends on Monday and Tuesday evenings of this week at the home of Mrs. Stackhouse. On Monday evening the entertainment took the form of Bridge, there being nine tables, while on Tuesday evening about sixty guests were entertained at a Masquerade Dance. Two most enjoyable evenings were spent.

14th K. C. H. Re-organized Feel the Surge of Abounding Youth

Major T. A. Lydiard, of Kentville, has been promoted to Lieutenant Colonel to command 14th Kings Canadian Hussars, on re-organization. The regiment in future will be called The Kings (Nova Scotia) Mounted Rifles, 1st Regt. (6th C.M.R. Batt., C.E.F.) 2nd Regiment Reserve. This will perpetuate the name and keep alive the fine traditions of the only cavalry unit that left Nova Scotia for overseas and in this way they will share the battle honors of the 6th and 5th C.M.R. in France—owing to the fact that the 6th was merged into the 5th in France. Lieut.-Colonel Lydia is now receiving applications for persons desiring appointments in the new cavalry regiment. Lieut.-Colonel J. A. Harris, of Canning, formerly in command of the 14th Kings Canadian Hussars, is transferred to the reserve of officers.

Age is sickness—gradual disintegration of the tissues which comprise your vital organs—your nerves, heart, liver, kidneys, brain. Each of these organs depends on the internal secreting fluids of certain glands. When such glands become lax in their functioning, through under or over-secretion, you are sick. Unless these glands are aided to resume proper functioning, the tissues of the vital organs gradually wear and crumble away. You are old in health, if not in years, and old fashioned methods of treating sickness are admittedly helpless. Your days are numbered unless you get at the seat of the trouble by direct action, and that is by revitalizing and restoring the glands to their proper functioning.

A Smile in Every Dose of Baby's Own Tablets Forced to Cut Down Their Circulation

Baby's Own Tablets are a regular joy giver to the little ones—they never fail to make the cross baby happy. When baby is cross and fretful the mother may be sure something is the matter for it is not baby's nature to be cross unless he is ailing. Mothers, if your baby is cross; if he cries a great deal and needs your constant attention day and night, give him a dose of Baby's Own Tablets. They are a mild but thorough laxative which will quickly regulate the bowels and stomach and thus relieve constipation and indigestion, colds and simple fevers and make baby happy—there surely is a smile in every dose of the Tablets. Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Toronto, May 5—This city is now receiving from 54 to 61 tons of American magazines less each week than during normal distribution as a result of the paper shortage in the United States. One American weekly publication which fairly flooded Canadian cities and towns until paper became scarce has practically suspended its Canadian circulation. Some American magazines have ceased publication, some have been reduced in size and others are issuing two months numbers in one to save paper. It is stated that it is probable that within a month or two there may be no American magazines available for Canada, except those supplied to old subscribers. It is thought that shortly American newspapers also may be withdrawn from Canadian news stands.

The Late Mrs. W. H. Nowlin

Mrs. W. H. Nowlin passed away at her home, Victoria Street, Truro, Saturday, May 1st. She had been a great sufferer for over two years and her passing was "As fades a summer cloud away as sinks the gale when storms are o'er" for "He giveth His beloved sleep."

She leaves to mourn, a husband and two daughters, Miss Alice in Halifax, and Miss Ida at home, who tenderly cared for her mother all through her illness. Four sisters and a brother also survive her.

A service was conducted at the home on Sunday afternoon, Rev. F. C. Hartley officiating, assisted by the Rev. B. D. Knott. The choir of Immanuel Church led the singing. The casket was covered with beautiful floral tributes expressive of the sympathy of friends. Mrs. Nowlin was a daughter of the late Mr. and Mrs. Silas Davison, of Gaspereaux, where she was born.

The remains were taken to Digby on the Midland this Monday morning to be interred along side of her son, Howard, who predeceased her ten years. The family have the sincere sympathy of all their friends in their bereavement; and the News Staff especially extend sympathy to their fellow-worker in the irreparable loss he has sustained.—Truro News.

Constipation Piles and Stomach Ills Can be Cured by Internal Bathing.

Constipation is the cause of most of the ills common to people now-a-days. It comes mostly from neglect in not heeding the signs which nature has been trying to give us that everything is not right within. Stomach ills, headache, loss of appetite, impure blood, rheumatism, piles, pains in the back, lack of energy and sleeplessness are in most cases due to imperfect elimination or constipation. To be healthy all the time you must be clean inside, and the J. B. L. Cascade, used with pure sterilized water, is the only perfected appliance ever devised for this purpose. It is easy and pleasant to use, and any member of the family can be benefited by its use.

When the system is kept clean, there is no chance for germs to lodge, and the many ills easily contracted under other circumstances will be avoided. Thousands of Canadians have been restored to perfect health by the J. B. L. Cascade. If you don't feel well all the time, just try Internal Bathing. Then you will appreciate the advantages it has over any other means of restoring your health. Pills are dangerous. Don't be continually taking medicine for constipation. Bathe internally.

The J. B. L. Cascade is now being used in thousands of Canadian homes, all of whom appreciate its wonderful value. It is being shown and explained at A. V. RAND'S, Wolfville Drug Store, who will be pleased to give you a wonderful and instructive book by Dr. Chas. A. Tyrrell, called "The What, the Why, the Way of Internal Bathing." Ask for it to-day.

Canning Notes

The Anniversary services of the Canning Methodist Church, were held on Sunday, May 2, Rev. Anderson Rodgers, occupying the pulpit at both services, being assisted by the pastor, Rev. Mr. Friggins and Rev. Mr. Ainlie.

Mr. M. P. Reed, formerly of Middleton, has leased the large grocery business of Mr. S. A. Robinson, and has added to his staff, Miss Alice Huston, formerly of Messrs. Burgess & Co., Canning.

Mr. John Sarsfield, who has been spending the winter with his daughter Mrs. Joyce, in Amesbury, Mass. has returned to Canning.

Mr. William Tupper and son, of Scott's Bay, have erected a large saw mill, which they expect soon to have in operation.

Mr. M. O. Davison, of Roxbury, Mass., is spending a few weeks in Scott's Bay.

Messrs. Byron and Harold Legge, of Scott's Bay, have taken over the co-operation business of Mr. Daniel Legge.

Mr. Daniel Shaw, left recently for New York.

Our Back-Yard Hen

The common back-yard hen is the world's most efficient servant. She eats the scraps that fall from the rich man's table, and in return rises with the sun to lay an egg for his breakfast. Her product needs not to be taken from her, as in the case of the cow, but is a voluntary contribution—a bit of workmanship without flaw or blemish, delivered in a sanitary package.

During the day the hen gathers raw material for the construction of another egg, and uses the surplus to pad her person against the day when she shall be called upon to simmer in the pot.

Like most servants, the hen learns slowly, if at all, and has an inherent mania for travelling in the opposite direction from that which one is trying to drive her. Doubtless this trait was developed by her association with mortals.

A young hen is called a pullet. An ancient hen, decapitated and hanging in a meat market dressed and without her telltale spurs, is called a frying chicken.

Hens' eggs are more popular than ducks' eggs, because a hen cackles to advertise her product. She advertises only the fresh ones. To press the sale of an egg that had been here for some time would hurt her reputation.—Robt. Quillan, in Saturday Evening Post.

M. Joseph Reinach tells this story in The Journal des Debats, Paris—The orchestra in a German restaurant at Cologne struck up "The Watch on the Rhine" whereupon several British officers stood to attention and saluted. A German approached them and expressed surprise at their action. One of the officers replied:—"Of course! We are 'The Watch on the Rhine.'"

Several prominent clubwomen of Massachusetts, have organized an informal hatless association to fight the H. C. of L. as it pertains to millinery. They have agreed to go hatless throughout the warm weather, and figure that they will save hundreds of dollars that otherwise would be spent for the latest creations.

Sweet Eighteen

As some great writer said, "Each soul draws unto itself its kind."

Like attracts like, and if you are pure and noble you will attract a pure and noble man as husband.

One should study to learn everything that will add to the happiness of her home. Be sensible, efficient, resourceful and above all be a good moral, Christian girl, and some good man will admire you for those fine traits and be proud to make you his wife. Men are not looking for jazz dancers nor extreme dressers when it comes to the question of choosing a wife.

Do not go to extremes in anything. Do not be prudish. Do not use rouge or too much powder (it is well to keep your nose powdered if it is inclined to be shiny).

Dress in the best taste. Do not smoke cigarettes. Keep your body, soul and mind clean.

When "he" comes along you'll know it, but do not let him suspect that you know it. Don't run after him. Remember that man is the hunter and woman the hunted.

Do not let the fact that you may wish to marry overshadow your discretion.

Be careful not to fall in love with "love".

If you do not possess ordinary common sense, try to cultivate it.

A girl should never marry until she has mastered the problem of housekeeping. Of course, she could learn afterwards, but that looks easier on paper than it is in reality, and if she regards her own peace of mind and her husband's she will learn her lesson first. Even if she expects help, a young wife does not want to be left to the mercy of her cook. Cooks flare up sometimes and leave without notice at very inconvenient moments, and the wife gets along better if she is prepared to take her place. But there is no need of one's thoughts being confined within the four walls of her home. She can plan her work to find time to read the latest book, keep in touch with the topics of day, and if she cares for music practice the new pieces. A young man wants his wife to be a partner and companion; if he provides the furnishings of a home and capital to run it, he has a right to expect a tidy house, a neatly dressed wife and a substantial meal waiting for him when he comes from work.

Usually the girl who is a loving daughter, a sympathizing friend and a good housekeeper will make the average man the wife he is looking for.

Here is a concluding thought. If you want an extra nice husband go fifty-fifty, and make yourself an "extra nice" wife.

An Englishman was boasting to an Irishman about the fastness of English trains.

"Why, Pat," said the Englishman, "we run our trains so fast in England that the telegraph poles look like a continuous fence."

"Do they now?" said Pat.

"Well, sir, I was on a train way day in Ireland, and we passed first a field of turnips, then wan of carrots, then wan of cabbage, and a large pond of water, and we were going so fast that it looked like soup."—Boys' Life.

The New Brunswick Legislature by a vote of 22 to 18 decided against a referendum of the importation of liquors, as provided by Federal legislation.

Life itself is aptly likened to a game. To win, to earn and enjoy the fruits of victory, you must play fair.

Electric Lighting for Canning

A very successful public meeting was held at Canning on Monday evening, when the citizens ratified the electric lighting act secured some time ago, and it was decided to purchase current from Messrs. Wright & Jodrey, and install an efficient service as soon as possible. The current will be supplied at Port Williams and the Canning people will construct the line to Canning. THE ACADIAN congratulates the citizens of our sister town on the forward step which they are taking.
