### SPORT

AS this issue deals largely with our Dominion Day sports on Monday next, it will not be amiss, perhaps, if this page contains a reference to the same. It will be unnecessary to make an appeal for clean sports for that day, as this brand has at all times been our aim in Canada. We have always been taught that manliness and fair play are two essential elements in the recreations and pleasures that go to make up the world of sport. Of course, this does not always mean that if our opponent "smites" us on one cheek we will turn the other also; it more often happens that the other fellow does the "turning"; he turns a somersault in the air or something of that sort. However, this does not necessarily imply that we are at all times on the aggressive and continually looking for "scraps." There are always periods in the game when the pitcher is "struffed," or the umpire is hanged, drawn, and quartered, yet they always escape disaster, and the end of the event finds us with a united front; only the pleasant part of the occasion lingers. We may be hasty on certain occasions, but our hearts beat warm and true, and above all, we try never to forget that our mothers, wives, and sweethearts are among the spectators.

It is not the intention to again enumerate the different games we hope to participate in on that day. All the details may be seen by glancing at the programme. Our readers can rest assured that every number will be carried out (weather permitting), and will also be keenly contested. There will be no "walk-over" in any of the competitions; those who win the laurels will have fight, and fight hard for them.

We cordially invite the citizens of Ramsgate and surrounding towns to be with us on that day. It will be the Canadian soldiers' day. Let all unite to make it a day of pleasure and enjoyment, a day worthy of the country it is intended to celebrate—the Dominion of Canada.

THE EDITOR.

## QUAINT SAYINGS

### True Experiences

By *Dorothy L. Warne*

In the early days following the evolution of my pig-tail to a Grecian knot in the neck, and all-in-one frocks to more daintily tailored garments and fussinesses, I passed the daylight hours in pointing out to the young idea the ideal way to sprout. Lots of girls know the stunt very well. Ordinary English subjects (*vide* the advertising columns), music, conversational French, and a few other oddments, for three ha'pence a week, and possibly an employer who is not aware of the fact that you are human, but painfully sure that you will forget that her children are.

After the governess-student period I took upon myself the moral, spiritual, physical and mental welfare of a dear, old-fashioned wee maiden of ten years. Brought up by doting grand-parents, she seemed to instil an atmosphere of lavender and old lace, and there wasn't half as much mischief in her as there ought to have been. During the three years we spent together I collected several funny little sayings, all her own, and now pass them on for you to smile over. Rosebud is nearing the top class at school now, and if she ever saw this would probably be as ready as anyone to laugh at herself.

For homework spelling Rosebud often made sentences, bringing in certain words to prove that she understood their meaning and right usage. "Anonymous" came in the list one day, and in answer to her inquiry Grandfather had told her it meant "nameless," leaving it at that. This is the sentence that she evolved:—"Before babies are christened they are anonymous."

We started music lessons, and an aunt presented an album of simple classics. Coming across the rugged features of Beethoven on the frontispiece, I asked, "Now, who was he, Rosebud?" She puzzled for a few minutes then exclaimed—"Why, of course, he was one of the twelve apostles."

The Grandpa was by way of being a bit of an antiquarian, and had several books on ancient Egyptian lore. One day I explained the picture of an Egyptian mummy. "But where's his daddy?" she queried.

For composition I once gave her as a subject, "What I should like to do when I grow up." I give it just as it stood:—

"When I am quite a gron up ladie, I should like to have a little house and a prince and some lovy froks like Cindrela. And we would have ice kreems every day and paddle and the house would have roses over it like Granpa does them and we would never go to bed til 9 and always sit up for supper and I would have a cat and a dog and a parrot to make him tork."

---

## CHATS FROM CHATHAM

---

At the conclusion of the sports on Dominion Day there will be a Baseball Match, which will be followed by a Band Concert by the Royal Engineers' Band.

---

Congratulations Seaman Harrison on your attaining to the exalted rank of Lance-Corporal of Police. "Do unto others as you would have others do unto you."

---

We hear that our Market Gardener, Lc.-Corp. Sugg, "has been and gone and done it." We wish you both joy; and don't neglect the young "sprouts" Corp.

---

What happened to Corp. Robertson's pants that they required first aid, and a bunch of safety pins to enable him to get to his quarters?

---

All those whose feelings become wounded when their names appear in the Joke Department of the *News*, kindly let the Joke Editor know. Such will receive due consideration.

---

In the dim distant sweet by-and-bye,  
You'll remember this first of July,  
When you were at Ramsgate  
And some silly damskate  
Made Sunny Alberta go dry.

---

Why did the Sergeants feel so sore when the Corporals beat them at baseball the other night. Was it because they were betting 2 to 1 that they would double the Corp's score?

---

We hear that on Saturday last Dis.-Rider Sutton could not whistle loud enough with his teeth in his mouth; but when he removed them could not even make a sound. Was the whistle dry?

---

We would like to know if Pte. Doody is playing a game of hide-and-seek? or is there a strong lodestar that attracts him back to Ramsgate? or is he qualifying for a railroad inspector?

---

We wonder if Motorman Fraser knows the geography of Ramsgate, or if he has lost his bearings while on leave. Does he know the difference between the P.P.C.C. Hospital and the St. Lawrence Recreation Ground?

## BASEBALL

*By Capt. Wilbur Lowry*

Like a vast number of our games "Baseball" had its origin in England. Like rounders the game requires a ball, a bat and bases but it has in addition developed a set of rules and regulations which make it far different. Baseball is mentioned by Jane Austen in one of her books in 1798.

As an organized sport it was not played in America till 1845. The first regular society, the Knickerbocker Club, N. Y., founded in the fall of that year. The next club, the Excelsior Club, Brooklyn, N. Y., formed in 1860 was the best club of its time. The game was almost obsolete till 1865 when it started to spread throughout the United States and became reorganized as a profession. It has not found favour in England though several attempts have been made to popularize it.

A short description though dull and dry to most of the Readers of the "News" might be of interest to some. Three or four acres of ground are required, a ninety foot square with bases at each angle called home, first, second and third, travelling against the clock. Each team consists of nine players. The defensive side are in at the bat, the offensive team is in the field playing the following positions; Pitcher in the center of the square, the Catcher behind the home base, Basemen near bases, Short-stop between second and third bases, the fielders beyond the square. The object of the defensive team is to send the ball out of reach of the opposing players and so enable him to make the round of bases safely. Each base is a safe resting place till the runner gets a chance to go on. All the bases may be occupied at once. A player can only run on a fair hit inside the field.

A "Strike" is called when the defending player strikes at the ball or it passes over the plate below the level of his neck or above his knees, all other balls are called "Balls."

A player is out when a fly is caught or the ball reaches a base before him. When three men are out the side is out.

Pitching has become an art in itself, the swift ball allows curves to be produced, this renders the ball more difficult of control, but is more difficult to hit.

The game requires good catching, throwing and running powers combined with courage, nerve, good judgment and quick perception of what to do in the field. The game is quick and lively, it is indulged in by schoolboys and professional experts. It allows full scope for the exercise of the mental and physical attributes which make the practiced athlete.

The greatest drawback is the frequency with which the umpire's decision is required. There is scarcely a play made which does not require this decision. A second one is the tendency for the game to develop into a duel between the pitchers.

## YAPS FROM YARROW

---

Who was the hard-worker who did not get his stripes ???

---

Who are the mile runners in practice at Yarrow ?? Wait and see.

---

We hear that Trombone Smith is cutting down the "spud" rations for the Potato Race.

---

Some Yarrovonians would like to suggest a four-legged race, they are too speedy for the ordinary races.

---

Capt. — wonders what to do with a patient marked for bed. Well, we would suggest undressing him for a start.

---

We hope the Grunters will be in full swing Monday. Wait for it !! We have the Dark Horses here at Yarrow.

---

We believe we have a spider-weight Tug-o-war team in practice to pull over the Chatham House Featherweights.

---

If the Yarrow Bugler keeps on practising at night he will get promoted by the patients. Propelled, I should have said.

---

Hard lines, Mac. being put to bed just when the authorities have found out that the sun is not setting at the same time it used to.

---

Q.M.S. Cattermole may be right in saying that children should not be drilled at school. All the same we believe in "Infantry" drill.

---

### *Actors in Bill Campbell's Army:—*

A Broadstairs correspondent writes to say that he quite understands that the members of Bill Campbell's Army are not theatrically inclined, that is generally the way with Bad Actors.

---

At the conclusion of the sports on Dominion Day there will be a Baseball Match, which will be followed by a Band Concert by the Royal Engineers' Band.

## GRUNTS FROM GRANVILLE

The mystery of the Margate trip or the game of "Donkey."

---

Does the Vancouver Irishman still haunt the Albion Gardens??

---

Why does the young Toronto patient officer seem so keen about Taplow??

---

We wonder, "Would Geneva Crosses on the epaulets be any protection from hostile air-craft."

---

What foreign tongue was that the Sergeants were speaking on hearing that they must parade daily.

---

Those funny gurgling noises are very disturbing at baseball matches Cpl. Nelson. What would you say if you could speak??

---

Well Private Etherington because they made you a Red Cross Lc.-Corp. that does not mean you are in any way affiliated with the V.A.D.

---

Is a walk to and from Margate beneficial to a patient with rheumatism. However it is not far, with a "Flapper," ask "Jake."

---

"Who is the young lady with the striped bathing suit who bathes with S.M. Budge." "That's not a lady, that's—(Censored)"

---

The M.O's say, "Eat less food during the warm weather." Is that why we are on short rations?? We always were a delicate family.

---

Well Pte. Gold, if we all had the extensive correspondence of yourself, you would never get your letters. As Bud Fisher would say, "For the love of Mike Mutt be reasonable."

---

Lance Corporal Clifford William Le Sauvage, Photographer, now wears a size 11 cap. (He spoke with the Queen for three and a half minutes and she posed while he took a photo of Her Majesty while at the Hospitals' Exhibition.)

## DOMINION DAY

*( The following tribute has been received from a French Soldier. )*

You came many thousands of miles, leaving your lovely valleys, your blue lakes, your prosperous homesteads, your dear ones : and at the call of your Mother country, fighting young army that you are, you faced our common foe on the soil of France.

Way out in your Canada, your wives, your Mothers, your little ones, are spending this Dominion Day anxious and alone.

Comrades of yours rest beneath the little green mounds of France: but their tremendous sacrifice has not been in vain. Daughters of France will deck their graves with flowers and water them with tears.

France, on this Dominion Day, gives you a tribute of her thankfulness. Her sons and daughters will mingle the words Liberty and Canada, and in her heart are engraved your deeds at Ypres, Festubert, Somme, Vimy Ridge and many other places. We salute you, for your splendid heroism has kept the tricolour waving, and the lilies of France intact.

.....

## TO THE KAISER

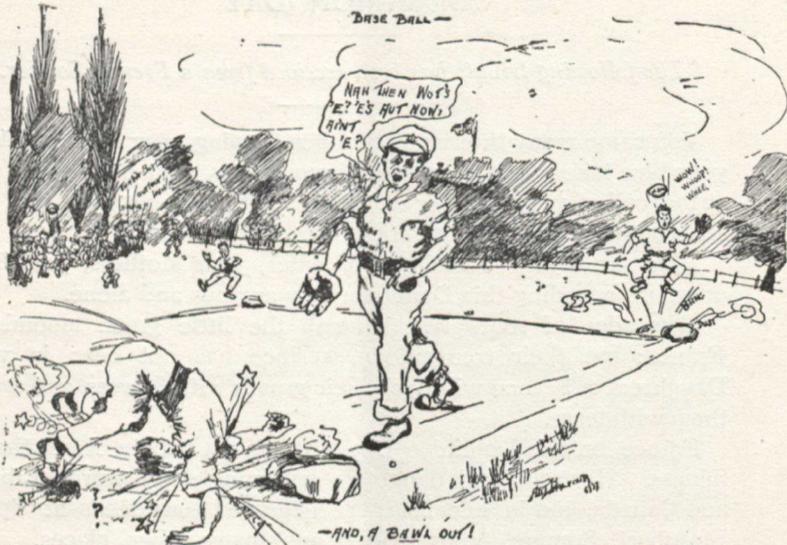

You've coveted countries for years and years,  
 (Especially England here),  
 We've heard all your threats, but we are'nt in tears,  
 'Cause we don't know the meaning of fear.

You jumped on a people who did you no harm  
 Expecting an easy win.  
 You little thought they'd the grit to keep calm,  
 And fight against barbarous sin.

Continue your boasts and your toasts—you forget  
 We've reliable men at the head.  
 You'll find out your eagle's a dangerous pet,  
 And maybe you'll wish he were dead.

For Britain's the first, by tradition and honour,  
 To stand up and see justice done.  
 We'll fight to the end—till you are a "goner,"  
 Finished—wiped out—and we've won!

## Our Cartoonist's idea of the Pill-slinger's League

---

### OBSERVATIONS

---

We cannot help feeling a bit jumpy, if some one happens to slam a door. But that does not prove we are cowards—not by a long shot.

Bathing is now the order of the day. Crowds of England's fair daughters, and gallant sons, together with a goodly sprinkling of Canadian product, may be seen daily on the beaches. The owners of the bathing machines will be pleased to derive a benefit from same after their long winter of inactivity.

Two wounded soldiers, on top of a motor-bus, were chatting about their experiences since they got back to "Blighty." "The nicest thing I've struck," said one, "happened to me yesterday afternoon. I was looking at a bookshop window when an old lady touched me on the arm and said, "Are you fond of reading, my boy?" I pleaded guilty, and after a little chat about favourite authors and so on the old lady said, "Just come in and choose a book you would like." And she didn't even ask me if I wanted to get back to the firing line," added the soldier, with evident appreciation of the old lady's kindness.

## DOINGS AT THE RANGE

*By Pte. H. W. H. Smith*

### Canadian Cup Competition

The above competition finished Saturday 23rd, both patients and personnel taking a very keen interest. A record in entries was established, amounting to the number of sixty-one, and yet only a few months ago we thought fifteen to be a fair average. The winners of the smokes were: Staff-Sergt. Slinn, first, with seven hits out of a possible eight, Pte. Field, second, with six good hits, Lc.-Corp. Graham, third, with five, while Butcher Clark ran away with fourth, with four hits.

We have in use now a couple of 22 Ross Rifles kindly lent by Senior Ordnance Officer, Major Benault, for which we are much indebted. These rifles are very light and do not hinder a man who is physically deterred from enjoying target practice.

We are glad to see the officers taking an interest in the range and several are putting in some especially good practice. We hope to see them figuring in matches at an early date.

During next week we have return matches with Maidenhead and Thetford. Now that we are an affiliated club there will be several medals certificates to be shot for. The Lord Roberts Medal and the Daily Mail Certificate are to be competed for next. The winners of these different medals and certificates entitles them to attend and shoot free of entrance fees for the Challenge Cups and Prizes for which either of them calls for at the Society of Miniature Rifle Clubs, meeting every year, that is, so long as the holder of above remains a member of an affiliated club.

### Dominion Postal Competition

The S.M.R.C. in conjunction with the Nobel Explosive Co. have organized this competition. There are twenty prizes in all ranging from £2. down to 5/- and the S.M.R.C. are handing out Life Membership Certificates. Several of our best shots are entering for this, all entries have to be in by June 30th. Pte. Field qualified for the Rifleman's Certificate with 269 out of a possible 300, and Pte. Kerr of Chatham House secured his with 277 out of H.P.S. 300

## THE "PILL-SLINGERS"

By Capt. Wilbur C. Lowry, C.A.M.C.

### St. Lawrence v. Granville

The clouds hovered dark overhead and intermittently bestowed their blessings in gentle drops throughout the game, on Saturday, June 23rd. A "Coalition team" from Granville and annexes repulsed a vigorous raid by the "Patterites" from St. Lawrence, on Chatham House grounds.

The visitors took the field and Crosby started the knocking process for Granville. Howe knocked a fly to right field which brought Crosby home and left himself on second base, Billingsley drove the pill past shortstop and taking advantage of errors stole to third and was brought across the plate by Marsh's sacrifice hit.

Tucker for the Patricias was the first to bat, a grounder to second did not give him time to arrive at first. Godfrey drove a hot fly straight at McDermaid who immediately nailed the sphere, and Hinds fanned.

During the first seven innings Godfrey did mould duty for St. Lawrence and Bennet heaved for the last two while Tucker caught. A number of hits were made and had the battery the support of the field the score would not have mounted so high. There were a few weak spots in the field through which the ball was driven for runs. The left field made a phenomenal catch however in one inning after running half way across the campus.

Capt. Bedford produced a well balanced team with several experts waiting on the sidelines. McDermaid held the visitors to an almost blank score for the first four innings. Langell did the same in the next four, while Captain Bedford left them another cipher in the ninth. During the last half, Noah, a real Canadian upheld the name of his ancestor of the flood by good catching and a safely hit to left field.

In the field too the coalition team shone, few errors were made at any time. Wonderful improvement was noticed in many of the players, Crosby on second, Bedford at shortstop and Billingsley at first, each made brilliant plays.

The game was patronized by a number of the officers and nurses from the Princess Patricias. Lt.-Col. Clarke lent his usual hearty support.

The score was 16—2 in favour of Granville.

GRANVILLE		St. Lawrence	
Crosby	- - Second Base.	Tucker	- - Catcher.
Howe	- - Right Field.	Godfrey	- - Pitcher.
Billingsley	- - First Base.	Hinds	- - First Base.
Marsh	- - Third Base.	Cruise	- - Centre Field
Pridham	- - Left Field.	Dutton	- - Short Stop.
Bedford	- - Short Stop.	Bennet	- - Third Base.
James	- - Centre Field.	Dawson	- - Left Field.
McDermaid	- - Pitcher.	Mollard	- - Right Field.
Scott	- - Catcher.	Bea	- - Second Base.

## PATTER FROM PATS

---

Who is the Corporal that certainly has such magnetic attractions in Folkestone?

And we have a new "P.T." Instructor in our midst. "Stand to your kits, boys."

There's a "Pat" at "Pat's" they call "Good Old Pat," and he always "Stands Pat." Some "Patter."

Old Lady—"Do the patients often die at St. Lawrence?"  
Patient in Grey—"Oh no, ma'am,—only once."

Is Margate on the sea? One of our N.C.O.'s says "No, it's on the land." Anyway some people are land-lubbers (lovers).

Who is responsible for circulating the report that a baseball team exists at St. Lawrence College, or is it only a rumour?

When is the Hospital Representative going to banquet his cricket team? We did hear it was on Dominion Day Night.

Even if some of our personnel cannot play ball, the strains of harmony that float over the shades of the twilight indicate that they *can* play the mouth-organ.

At the conclusion of the sports at Chatham House Grounds on Monday (Dominion Day), there will be a Baseball Match, to be followed by a Band Concert rendered by the Band of the Royal Engineers from Stonar.

## CRICKET

*By Pte. J. A. Ford*

### Granville V. Headquarters 336th Bat, R.F.A.

At the St. Lawrence Recreation Ground last Saturday the Headquarter bunch of the 336th Battery, R.F.A., from Canterbury, played the Canadian boys to whom they succumbed to the tune of 65 place 110 runs. The rain in the early part of the day greatly improved the pitch which was in splendid order. The Whiz-Bangs won the toss, and sent the Canucks to the wicket. Sergt. Harrison and Dis.-Rider Sutton took the lead with the bat, the former being very smartly held when he made only 6 runs. Sutton was out for the afternoon, and played tricky cricket for his score of 37, but while he and Corp. Ayres were together the Corp. got run out when he had put up 11. Pte. Houldcroft, his first appearance on the cricket field with the Granvillians, wielded a pretty bat, and contributed 11 runs. With a little more confidence he should prove an acquisition to the team. "Then there's the other," Dicky Longworth was just nicely set when the last wicket fell, Dick played neatly for his 10 not out. The battery bowlers were—Tutt, who took three wickets; Ham, who also cinched three; Capt. Robinson and Harman had each one wicket to his credit.

The "Oil Rags" have some good cricketers in their bunch, and we look forward with eagerness for a good game on the return match at Canterbury. Tutt is a cricketer from the word go, he played well for his 17 runs, and also took three of the Canadian wickets. Sellins played a pretty bat for his 16, but Kingston got his bails just when he appeared to be set for running up a big score. Capt. Robinson, with the words "Good Old Sport" writ largely all over his avoirdupois, was comfortably at home with the willow, but was a little too long in going in, as the tail-end did not stand to their guns long enough to permit him going further than 13 not out—unlucky number, Doc., but "about turn" three times will change your luck. It was unfortunate for the battery boys that Harman ran himself out, a good player, he was just getting set, when he bit off a little more than he could chew. Details:—

R.F.A.	R.F.A.	F. from F.	F. from F.

## Chaplain's Wounded Soldiers' Fund

By *Capt. E. Bertram Hooper, (Chaplain)*

"Since last week's statement—Yarrow and its annexes—has each had a char-a-banc drive and tea at Minster. Two of the three parties were entertained by Mrs. Robbins, mine hostess of the Bell Inn, Minster, to a splendid feast of strawberries. We are much indebted to Mrs. Robbins. We were able to provide the third party with the same delicious fruit. I don't think that strawberries are on the Menu at any of the hospitals. At all events I can testify to the thorough enjoyment of the berries by all, including the driver and myself. Since May 1st, my Fund has been added to as follows:—

Previously acknowledged	£3	0	8
Sister M. H. Walmer Hosp.	3	0	0
Sub-Lieut. J. H. Kimball, R.N.V.R.	2	0	0
Sergt. S. of the Yarrow staff	0	10	0
Capt. H. officer Patient at Granville	1	0	0

I am sincerely grateful for these gifts. Let no one think I am getting too much help in this beneficial work. The monthly expenses are some £50.

The song of Miss Dorothy Warne and Sergt. Crowe, "The Immortal Kitchener," will soon be on sale—Let me remind my readers that every copy purchased will add something to my "Fund" in-as-much as the entire royalty on the first 2,500 copies will go to the "Chaplain's Wounded Soldiers' Fund." THE PADRE.

## ENTERTAINMENTS

*Arranged by Capt. Armour, Y.M.C.A.*

The series of illustrated lectures on "Our Favourite Hymns" was continued on Sunday evening, June 17th. A large audience of the men was present. Excellent pictures were shown descriptive of the Hymn of the evening. Appropriate musical numbers were delightfully rendered by Mrs. Allan, a visitor from London.

On Tuesday evening "Movies" were the attraction, and a full house greeted Charlie Chaplain and other favourites.

Mr. Gwinnell from London, delivered a most interesting and instructive illustrated lecture on Wednesday evening, his subject being "The Prehistoric Ages." Splendid pictures were thrown on the screen, and the audience greatly enjoyed the lecture.

The pupils of the Lilian Road School repeated their splendid entertainment on Thursday night before a full house. Miss Butler and Miss Gardiner had trained the party which consisted of about forty-five little girls. Graceful dancing, solos, action songs in costume, and splendid part singing constituted the fine programme provided. A Mock Parliament was, perhaps, the most clever item on the programme.

On Saturday night a special cinema show was given. Four reels on "Life in the Navy" were shown. This was quite one of the best programmes that we have had at the Granville.

## DECORATED COMRADES

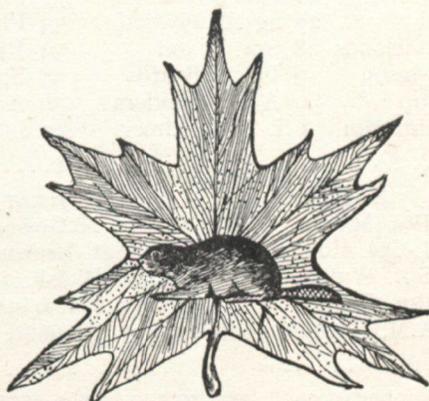

Sergeant Strickland, 2nd C.M.R., while born in Essex, England, has lived the greater part of his life in Western Canada. He is a carpenter by trade, and also owns a homestead west of Edmonton. He enlisted in the 2nd C.M.R., and spent several months in France. He was awarded the Military Medal for repulsing single-handed, on September 28, 1916, a bombing party of "Boshes" bent on retaking a trench. He was wounded a month later, and came to the Granville in March. He was presented with his medal by Lt.-Col. J. T. Clarke in the Recreation Room on the 28th May 1917.

Private Myles was born in Kent County, Ontario. He enlisted in the 92nd Batt. in Toronto and was drafted to the 42nd Highlanders in France. While on a bombing raid at Vimy Ridge in February, under Lieut. Gillingwater, the party of eight ran into a nest of Germans, who severely wounded five, the officer having his foot blown away. Pte. Myles, himself wounded in the left wrist, drove the enemy back, and carried the lieutenant to the rest of the party. He has been in the Granville since March. Lieut. Gillingwater presented him with a silver watch for saving his life. And although he has not yet received the medal he has permission to wear the much-coveted ribbon.
