Canteen-Council Agree

The Student Council and Versa Foods Corporation have reached an agreement on the Dalhousie

Mr. Redstone, maritime supervisor of the company, promised that the tables will be kept cleaner and the toast period extended later in the morning. Carl Holm, council represen-

tative, agreed to encourage students to return trays, not to block passage-ways, and not to put books and clothing on the tables. Holm will ask for aid from the Gazette and the Dalhousie publicity Department to request stu-

dent co-operation. Otto Hoffman, manager of the canteen, had not been informed of the agreement, but said that in time the problem "will sort itself out."

Hoffman felt that students were responsible for much of the untidiness on the tables. "If they want cleaner tables, it is only fair that they help a little them-selves," he said. "I could hire people to clean the tables, but then I would not be able to serve steak for \$.50 or a meal for \$.70 The cost is eventually borne by the student."

He said that Student- co-operation, the quality of the food, clean. liness of the tables, and prices are all interdependent.

Students scattered belongings cut seating capacity and gives a general impression of messiness, he explained . The manage. ment hopes in time to provide

The canteen is often so crowded that it is impossible for employees to clear the tables. Mr. Hoffman has not been informed of plans to enlarge the canteen area. but said, "I don't see why they don't knock down the wall and use the hall, as well as the common room,"

He does not resent the students passing time in the canteen. "If I were a student, I'd want some place to sit too," he explained. "That's the purpose of a cafe. teria. . . We need more . . space.'

Mr. Hoffman said that he would appreciate any effort on the part of student council or individuals co-operation with the

Ouebec Premier Comments on Confederation

THE DALHOUSIE GAZETTE

Moved by a deep historical sense, many Canadians are now making efforts to come to grips honestly, frankly, and realistically with the great issues that are to determine the character of Canada tomorrow. I will not expect, therefore, that what I say today will find agreement everywhere or that everything I say shall have the same general reception. But, I hope that my endeavour to state the position of Canadian federalism at this time, and to mark out the tendencies suggestive of its future, will be taken for what such statements really are, namely, a serious, determined effort by myself to share fully the responsibility in the present Canadian dialogue, where we are all participants whether we like it or not.

To me, the primary historical lesson of Confederation, and its founding, was the serious and frank effort to embrace two peoples within a common system of federal government, which implied both a common program and a large measure of provincial autonomy for those vital concerns for which the autonomy was indispensable.

weaknesses of the British North bec and other provinces. America Act, it was clear that it spoke the difficult and necessary language of compromise: a strong federal government was to be balanced by effective provincial authority.

But regional or provincial government in 1867 was not yet by

> I believe that we will not solve our problems by seeking solutions that may divide peoples at shall not be found wanting!

On the general economic side, a time when everywhere efforts are being made by others to find reasons to unite - reasons that are economic, political and often simply human. We must see the Canadian changes of the future in the context of a world situation where a vast reshaping of the consciousness of men is now under way. In days to come, communications and needs are bound to bring men of all languages, religions and races closer together than ever before. Perhaps even the exploration of space augurs well for our common humanity because from some platform on the way to the moon, men will have an "extra-terrestrial view" of themselves and thereby gain a new perspective and a new humility. Ladies and gentlemen, we are

NOVEMBER 6

all of us groping for sensible and creative answers. I regard myself as someone obliged to seek perhaps radical solutions but always by moderate means. Those who are perturbed by the idea that Confederation may some day have to yield to the pressures of revendications from Quebec should have the patience, the courage and the strength to try for the higher prize, the prize of unity amid diversity, of a common national strength, side by side with the opportunity for us, Quebecers, to develop our aspirations and our traditions so that they may be fulfilled in their many ways.

If the past generation of an immensely fluid Canadian political experience has taught us anything it is that the creative political imagination can provide more than one answer to what may seen insoluble problems. I believe that the creative Canadian imagination is now at work discussion which so far our fed- and that it will give us answers - some now in the making - that will some day make the present troubled debate appear to have been a valuable, honourable training ground for the Canadian future.

We are being tried, but we

found expression in the Gordon Report on Canada's Economic Prospects. After discussing the problems of the area with sympathy and concern, the report concluded that if the resources

of the area, even with assistance Premier Louis J. Robichaud from the rest of Canada should prove insufficient, than "generous assistance should be given to those people who might wish history of the Atlantic Provinces. to move to other parts of Canada where there might be greater opportunities"

But this kind pf pessimism, expressed some eight years ago, is out of accord with the enterprising aspirit of the Atlantic people. The feeling grows within the Atlantic Provinces that their resources are not insufficient, but

This was, in fact, the idea that prompted the formation of the Atlantic Provinces Economic Council in 1958. Its president, Dr. Frank MacKinnon, at that time, his suggestion to the annual meet- said: "When we relate the resources of the whole region and see what is possible if they are considered together, we are conchaud proposes is in no way a fident it will take the application movement away from Canada, of a comparatively small force to It is simply the recognition that set off the economic chain reunder modern economic con- action for which we so earnestly ditions these very small econ- wish," The opportunities for minomic units can never really hope eral, agricultural and industrial to attain the prosperity they seek - developments are there. But the and need. And while help will still mobilization of them has been weakened because the resources the feeling may grow that there is which complement one another are found in different parts of the

> The chief assets of the Maritimes is its people. The scope of their business capacity has been impressively demonstrated by those who have moved for larger opportunities to other parts of the country. The same capacity could be shown in the Atlantic region itself, if, that region were able to enlarge its opportunities by consolidating its territory and mobilizing its resources.

It might be that a union of the prairie provinces would be a parallel development, giving Canada, five strong provinces instead of ten provinces of strikingly unequal strength, and needlessly difficult problems, All this is as yet only tentative and exploratory. But, the needs of the These depressing features modern world, with its momentum toward larger economic units, is a powerful contemporary influence in its favour. It may be far off, but it may come.

is a big thing which only the Law students take part in," said president John Burns. He explained that the aim of the society was to generate debating enthusiasm among all campus groups.

Sodales will sponsor several gimmick debates as "stooges" o attract people and stir up

The society wants to win the Inter-Collegiate Championships, held last year in Charlottetown. There is a try-out debate in November or January.

The Executive doesn't expect applicants to have debating experience, as long as they show some prowess in the tryouts.

The tournament includes a home bout with Acadia and two away against Memorial and UNB, before the finals.

Sodales hopes this year to enter the McGill Tournament, a debate during the Winter Carnival, and one with Stadacona. Also planned are odd campus debates.

Algerians despair at "Yankee" affluence

By ENID GREEN Although the above statement was not scrawled on walls around Algiers during the American Exposition, it was a thought present to the minds of most Algerians. The great U.S.A. showed at the Exposition the most advanced computers, space capsules, farm equipment and luxury items; the Algerians came and saw, they walked among the exhibits silently showing little curiosity; and in their faces one could read the envy the despair, for they knew that Algeria would not have these things in their lifetime.

The Canadians who visited the Expo could see how it would alienate the few Algerians who went . their problem today is in finding food for their people and employment for their men. For these reasons the American Exposition went over like a lead balloon: it didn't even make front page news the day it opened because on that day 150 Russians arrived in Algiers to build a new village. At the Cite Universitaire de Ben Aknoun the Russians received a standing ovation from the Algerians for 10 minutes

when they first entered the dining language, but we understand your room; a similar number of French students were in residence for orientation before going out and teaching in the Algerian schools for the summer - they had received no applause and their arrival had almost gone

One of the funniest things was

that none of the Russians spoke French, and thus, when they wanted to speak to the Algerians they had to do so through a Canadian interpreter. One night at dinner. there were two Russians sitting at a table with three Canadians and two Algerians; one of the thus any conversation would be the advantage of sending people who knew no French was readily apparent - they were unable to put their feet in their mouths they could say nothing that would offend, for no one understood "Actions speak louder than words" was applicable - what

plight, and for this reason we have come to help you." Such propaganda can be understood and accepted in Algeria, whereas the American Exposition was, in contrast, damaging. The Algerians felt that the Americans were simply gloating in showing offall their capitalistic wealth.

However, there are some people in Algeria who do admire the United States, but their numbers are small and they speak openly only among friends. For despite the fact that Article One of the Russians spoke only Russian and Constitution proclaims that "Althe other spoke a little German - geria is a free and democratic republic" and despite the guarantrilingual — from Russian to tees of civil liberties the Algerian German, to French. Of course, people have little personal freedom. Under the Constitution the F.L.N. can put forward a Presidential candidate. Certainly, there is universal suffrage in Algeria, but voting is a farce for the result is merely an afthem. In addition, the old maxim firmation of the representative chosen by the F.L.N. As if this isn't sufficient to keep the FLN wonderful propaganda to imply in power other devices are rein effect "We don't speak your sorted to: for instance, the pop-

truck on election day, and on the way they are given two small These balls are used to signify disapproval (black) or approval (white) of the matter to be voted on. However, before arriving at the poll, the people are told that they need the BLACK ball as their return ticket on the truck, so it's little wonder that 99.3 per cent of those voting on the acceptance of the Constitution voted in favor

balls - one black and one white. Thus, there are few members to expect a group of oligarchs tries feel the need to go to war

pendence Day tens of thousands took advantage of the free (for that day only) transportation into Algiers and packed the Place D'Independence to listen to Ben Bella one afternoon, and we spoke with him for an hour and a half. One of the first questions he was asked was "Do you think that the day will come when Algeria will have more than one political party?" He said that maybe in five or ten years Algeria might have a second party, but that for the time the country couldn't afford the price of democracy since there were so many things that needed to be done fast, and

communist. Once again, this was 'political' answer, and in retrospect we realized that it was in itself contradictory. One of the basic ideas behind Islam society - society serves the indiv. idual and not vice versa - thus Islam and Marxist Leninist economic theories cannot be reconciled despite the polished attempts by government officials

Later in the talk, Ben Bella spoke of the Israeli problem. Before making any comment, he apologized to any Canadian of Jewish origin and stated that his viewpoint was purely political. that it was necessary to concen- He told us: "Algeria will not go trate authority in as few hands to war over Israel, for we have ulace is driven to the polls by for independence and are in sym- as possible to achieve these more important problems which pathy with the socialist aims of goals. Blonde, brunette or redhead

"Good life" with Miss Dominion of Canada

BLONDES MAY HAVE MORE FUN. BUT TAKE IT FROM A GIRL WHO SHOULD KNOW, MISS DOMINION OF CANADA, RED-HEADS AND BRUNETTES HAVE THEIRFAIR SHARE OF THE "GOOD LIFE".

Green-eyed Mary Lou Farrell of St. John's, Nfld., has been all three and fully enjoyed each experience.

The five-foot-five "Bundle of Maritime Charm" was a redhead when she captured the national crown at Niagara Falls, Ont, as Miss Newfoundland; a blonde at the Miss Universe competition in Miami Beach, Florida; and is now a brunette for the Miss World competition in London, England (with a little grey sprayed throughout "to bring it out in color.'')

Miss Farrell, whose official dimensions are 36-24-36, is planning to enter the Miss International Contest in Los Angeles, Calif. shortly. But in an interview with The Dalhousie Gazette she failed to disclose whether she would remain brunette.

In the interview Miss Farrell recalled some of her past experiences and thoughts on life. But probably her most memorable experience will be her impromptu Gazette interview.

She welcomed us to her hotel suite shortly after midnight. Wearing lounging pyjamas of pink satin slacks and a Japanese style white jacket embroidered with pink designs, Miss Farrell escorted us into her livingroom-past two beds, one turned down, the other

There she curled into one end of a couch. On her feet she wore a pair of turned up white bedroom sandals she received at the Miss Universe Contest. The only time she moved was to show us snapshots she had taken. We removed our coats and jackets and proceeded to interview our subject in rolled up shirt sleeves, sitting at the opposite end of the couch.

The conversation roamed over a broad field of topics for what Mary Lou a couple hours later termed in a cross between a Newfoundland and English accent: "The longest interview I have ever

of Miss Canada-she can spend ticipates in more competitions, and makes fee-paid personal appearances. - Mary Lou Farrell has done an extensive amount of travelling in Canada and abroad. she would not otherwise have

In these travels she has met NBC-TV from new York. 'Showbiz' personalities and pol-Edwards (Dr. Ben Casey), Rich baker, Mike Pearson, and Joseph Smallwood.

She missed meeting U.S. President Lyndon Johnson by arstill in conference.

But during a White House tour she saw Luci Johnson, the President's 17-year-old daughter, run up a flight of stairs with a boy in pursuit (probably her boyfriend Jack Olson).

At the time she thought it was "just terrible" to see someone running around the White House. "But after all, it is her home," she concluded.

Miss Farrell considers herself as representing the more "Mature" Canadian woman rather than the "All-Round Girl."

As she explained, the majority of girls entering beauty competitions are older teenagers (The "All-Round Girls"). Very few entrants are older. She is officially 21. Her predecessor was 24. Freely admitting there are

around, Mary Lou figures she won the Dominion Contest, which is judged mainly on beauty with talent inconsequential, because she was the "best one there" at the entered Miss Nfld. competitions earlier but had no desire then.

An accomplished opera singer, Miss Farrell had a tryout in Toronto by a Hungarian Maestro who wanted to sign her for two years, but it conflicted with her title obligations. She also sings popular and classical songs at will. Along with her two sisters, she had a regular CBC Television show in St. John's.

In Halifax, N.S. to open the Atlantic Winter Fair, she good naturedly took time off on Hallowe'en

As Miss Dominion of Canada, night to sing to a Dalhousie a more commercial title than that University Fraternity party. Next night she obliged the Gazette her prize in any manner - par- by posing for pictures "because that's what makes me."

At the time of the interview Miss Farrell said negotiations were underway by her agent, Gilbert Kerr, for an appearance en route to London on Johnny Carson's "Tonight" Show over

THE

By DOUGLAS BARBOUR

Tommy Tweed's JOHN A BEATS THE DEVIL is a light, occasionally witty, enjoyable play. It is described as an "historical comedy", and its chief merit as a new Canadian play is that, for the most part, it is "good theatre". Still, perhaps it will not be amiss for us to attempt to assess its merits and demerits as quickly as possible. It is a chronicle play, and it demands imaginative help from the audience. This works, for the audience really agrees. Tweed has written a number of ley, is one of his happiest. It

OFF THE C.U.P.

While Dalhousie struggles to put into operation a radio station in the Men's Residence, radio McGill has gone video.

Produced in Association with Cable TV, a Montreal closed circuit television service, TV McGill's first telecast was a Western-, McGill Football game.

In addition to football games a ninety minute live drama and a "Politics on Campus" show are scheduled. Plans are also underway to cover the McGill Winter Carnival, MCWA and Model Parliament.

Take it from the University of Toronto Blues on how to win football games: their cheerleaders carry Pearson's Maple Leaf

Beginning in January Dal students will have to pay for parking permits on campus. At the University of British Columbia in Vancouver staff members who have no cars are augmenting their salaries by selling their stickers to students who want to avoid long walks and have the money to pay for them.

Ryerson Institute is taking the lead in innaugurating new educational systems in Canada.

A Trimester Plan-Year-Round basis of teaching-will begin next summer in Engineering Technology and Business Administration with some 300 first year students participating. A three year course is thus cut to two years.

A Correspondence Course in Public Administration has already begun with some 50 students from as far away as the Yukon and Congo.

Conservative House Leader, Gordon Churchill, recently told Carleton University students the introduction of the Flag Debate in Parliament is "One step in turning Canada into a republic." But our Parliamentary system was more flexible than the U.S. system of Government.

The former Transport Minister said the Flag Issue was an example of Liberal Government inefficiency and failure to organize their business.

The flag represents certain things in the life of a country which should not be brushed aside," he said. "The claim that it will which should not be brachen, help unity has been disproven.

An Israeli Army officer has defended his countries motives in the Abortive Sinai Crisis of 1957 before McGill's student Zionist Organization.

Major Bar-Lev said the campaign was two fold: to forestall an Egyptian attack and to end a territorial campaign along Israel's southern borders, both goals were successfully achieved, he said. Bar-Lev said he was unqualified to confirm or deny recently published reports that Israel had prior knowledge of the Anglo-French invasion of the Suez Canal Zone.

Israeli success in the operation was due to three things, according to Major Bar-Lev: Nassar's underestimation of the Israeli forces superior morale, Egyptian officers abandoning their men to escape capture, and inadequate training of Egyptian soldiers in the use of Soviet equipment.

"Forgive us our presspasses", Associated Press Foreign Cor-respondent Elaine Shepard told Western students in London. She said the only ethic which can maintain the high standard of the newspaper business is "Extreme self-consciousness about quoting completely with accuracy".

"Freedom of information is the greatest cause for which man can fight," she said, warning that campassionate and needy human interest stories are deliberately missed in the panic to put out a "YELLOW" paper.

Theives ransacked the Carleton University Union Building, making off with an estimated \$200 in cash and cigarettes and damaging machines . . . Ryerson Student Administration Council first year election ballots will be tabulated by computers ... Nelson Clarke, National Organizer for the Communist Party in Canada told Saskatchewan students Medicare is an example of the struggling working class and its allies to eliminate the rule of monopolies and bring cialism to power through Democratic traditions

At the University of Moscow you can learn anything from movie producting to milking cows. Students are urged to enter the profession they show most promise in with this result: 75 per cent of the doctors and 70 per cent of the engineers are women...

plosive ground attack, battered Brian Coleman and Gary Sutor the Acadia Axmen into sullen submission last Saturday to post their first win this season. The Bengals who had come so close to winning three of their five previous games, made no mistake at Wolfville as they put on their most impressive offensive performance in years to down the Axmen 32-13. By counting five touchdowns, the Tigers offensive machine had their most impressive s c o r i n g outburst since the 1961 season and almost doubled their 1962 season total.

Bouncing back from a shaky first quarter the Tigers completely dominated the game as they rolled to 17 downs and 463 7. Acadia TD Gimby (17 yard pass) yards total offense. On their first series of downs in the of the afternoon. second period Trotter found dayyards to the Acadia 20. Acadia penalties moved the ball to the five where quarter back Bill Stanish ran off tackle for the major. From this point on it was game over, Stanish flawlessly marshalled the offense while

> the second period when Stanish moving off tackle from his own 17 yard steps found a gigantic especially one by tackle David ced to punt. The Dal receivers Blanchard at midfield Stanish misjudged the kick and Acadia for the 93-yard major.

Trotter, Stanish,

moved for ten first downs and two more touchdowns. In the third period Trotter went over for a major while Stanish crossed the line again for his fourth major

The Acadia scoring plays came light and rambled for seventy in the first and third quarters primarily as a result of Dal's misques early in the game led by the running of quarterback Laurie Schwartz and Jules Oliver mance. Acadia moved from their own fifteen to the Dal nineteen only to lose the ball on a fumble to counting two more TD's, for a alert Tiger linebacker Don Rutledge. Two plays later a Stanish By far the most outstanding aerial was intercepted on the Dal play of the game came late in 31 with the Axemen moving to and company 203 yards total pay dirt and their short lived lead on the next series of plays.

Early in the second half, the hole in the Acadia defense. With Axemen, after being thrown for the aid of several key blocks two consecutive losses were foroutdistanced Acadia Axemen to recovered on the Dal 27. part responsible for the more than impressive showing of the Tiger running backs as time and again the holes were opened or its key blocks made enabling the backs to gain good yardage.

The outstanding individuals in the Tiger machine would have to be Cam Trotter and Bill Stanish. Trotter, besides counting a touchdown, rushed for 145 yards in 13 carries for an 11-yard plus average, and also played a strong game on the defensive half line. Stanish playing perhaps his best game of a fine season. Besides calling the plays and scoring two passes for an additional 63 yards.

Other key cogs in the offensive machine were Gary Sutor who gained 50 yards in 5 carries and several other gains called back on penalties, Hardworking Brian Coleman came on strong in the second half to pick up 69 yards on 12 carries while generally turning in a good solid perfor-

Markou, Krantz, Rutledge and others - although perhaps overshadowed by the offensive squad once again put on an excellent performance.

Victory, often so close but yet so far has been long coming to tireless Coach Rutiglano. In three years seasons of rebuilding at Dal this second victory was perhaps the sweetest to the Coach, after a number of heartbreaking losses. This season the Tigers have improved with every

IN THIS CORNER

games, but last Saturday really did the trick.

The Tigers, besides the usual hurts came out of the Acadia game relatively injury free. The only Tiger badly shaken up was John Boyle who was kicked in the head by an Acadia Axeman. The outburst of temper cost however as the Axemen were assessed 25 yards on its penalty besides losing un-named lineman for the rest of the game . George Markou accomplished a feat rarely seen when he drop kicked the convert on Stanish's third period touchdown . . . Eric Kranz and Don Rutledge while playing strong defensive games recovering Acadia fumbles . . .

Krantz picked up a loose ball after he had blocked a punt . . . the score could very easily have been near 40 as the game ended with Dal having the ball on the

due to the football team. We have degree that would have left lesser been privileged to see a fine mortals cringing against the lock.

They are only ordinary young when they trail by two or three touchdowns in the final quarter. They do not spend an inordinate amount of time telling one and all how they "could have won if . ." And they can come achingly close.

Anyone who saw either the Stad or the UNB games knows just how close this can be. To defeat UNB would have been an upset: to defeat Stadacona would have been unbelievable, that team is the league leader with a won-lost record even better than that of the mighty St. F. X. Yet each game was decided by a matter of inches.

It has become apparent that it will be almost impossible to overtake the powerful University teams in the Atlantic Football League without resorting to the ill concealed recruiting tactics which they use . But I, for one, think that it is marvelous that the administration of this University still places academic integrity above the obvious publicity advantages inherent in having a winning football team. And I also think it marvelous that our athletes have risen to this challenge so admirable. It would appear that Dal fans have overcome their earlier cynicism, and now have every confidence that our young men can perform the almost impossible.

Tiger's quarterback Bill Stanish (35) moves the ball towards pay dirt in late game action at Wolfville. Stanish, an individual standout for the Bengals, counted four of the five Dal majors. Other Tigers shown are Glenn Christoff (23) and John Boyle (78). (Photo by Russell)
