or small of meaterns, and are not not more decimal in the curs of disease than any Pills in use. But a chort time has elapsed since these great and good Pills were first made howen to the public, yet thousands have already appelessed their good of fets. Invalids given over by their Physicians as incurable have found relief, and been autored to sound and regorous health from their nest to count and regorous health from their use.

TO FATHERS OF FAMILLES.

Bile and foul state of the atomach occasions more sickness and decim in families than all other causes of disease gut together. In the latter part of Summer and Autumn, when the atomorphere everywhere poisoned from misama, arising from atognifus and desayed vegetation, whole families are taken down by Malighant Fevers, Fever and Aguand other dangerous disorders, all proceeding from a billows and foul state of the stomach. No parent can be so ignorant as not to know the great danger.

DEATH OF THEIR OWN CHILDREN!!

existing from billousness—no parent would be guilty of causing the DEATH OF THEIR OWN CHILDREN!!!

Yet thousands of children and adults due every year through inglest of parents to attend to the early symptoms of bile and foul stomach. Superfluity of bile may always be known by some sunfavorable symptoms which it, produces, such as sich stomach, bendache, loss of appetite, bitter taste in the mouth, yellow that of the skin, languldness, contresses, of other symptoms of a smilar nature. Almost every person at this season of the year is be loss, the neglect of which is sure to bring on some dangerous disorder, frequently terminating in death. A single 25 cent box of Dr. Halsey? Gumcoated Forest Pills are sufficient to keep a whole family from bilious attacks and sickness from six months to a year. A single dose, from 1 to 3, of these mild and excellent Pills for a child, from 3 to 4 for an adult, and from 5 to 8 for a grown person, carry off att bilious and morbid matter, and re-tors the stomach and bowels, curing and prevent ng all manner of bilious stracks and many other disorders.

SALTS AND CASTOR OIE.

No reliance can be placed on Salts or Castor Oi. These, as well as all common purgatives, pass of without tusching the bile, leaving the bowels contive and the stomach in as bad condition as before. Dr. Halsey's Forest Pills are unlike all others. Dr. Halsey's Forest Pills are unlike all others. They are directly on these vital organs of the Stomach, Liver, Kidnrys, &c., which secrets the fluids of the body and separate the impurities from the blood. While they purge all billous and morbid matter from the stomach and bowels they cleaner and renew the blood, thereby destroy the seads of disease. The Forest Pills do not weaken, but give atrength and animation to both body and mind. They neither cause griping nor any inconvenience whalever, and the patient is better able to as and to business while under their influence than before taking them. They are mild in operation, yet powerful in restoring health.

A COMPOUND FOR SHAVING.

This delightful article is totally different and far superior to anything yet invented for shaving. The base of it is derived from the Amole, or "soap plant," of California, an article used by the matives of that country for washing; and thus the use of strong altails, so hurful to the skins, is avoided. It as vegetable and detergent properties have always a resident and always irritation, and has a fine, thick, ereamy lather, which does not dry on the face. It is a decided laxiny to be shaved with this incomparable soap. It is done up in elegant style, calculated either for the dressing case of the "rough and ready" raveller, or the toilet of the most fastidious consciouseur.
