

BRITISH WARSHIPS AND AEROPLANES BOMBARD EL ARISH, IN EGYPT

Town Situated on the Turkish Line Between Syria and Egypt Attacked by British Forces and Fort There May be Destroyed.

London, May 19, 2.14 p.m.—British warships and aeroplanes have bombarded the town of El Arish, in Egypt, near the border of Palestine, and are believed to have destroyed the fort there, it was announced officially to-day. El Arish is on the Turkish line of communications from Syria to Egypt.

El Arish is a fortified town of Egypt on the Mediterranean, about 75 miles to the east of Quatia at which point fighting occurred recently between Turkish and British troops. It lies on the main high road from Palestine to the Suez canal paralleling the coast.

The British warships and aeroplanes have been given orders to engage hostile machines and to give special attention to the enemy troops and camp. A column of troops about 1,000 strong was seen south of the town on the march and three bombs exploded among them. All the camps were effectively bombed.

"All the ships and machines returned safely.

"Weather conditions during the past week have been abnormal, intense heat being experienced day and night. Under these conditions the health of the troops remains good."

"Lieut-General Sir Bryan Mahon has assumed command on the western frontier of Egypt and Lieut-General Lake is now in command of the British troops at Saloniki."

"The aerial attack was divided into two phases. The aeroplanes opened the bombardment, being followed later by the warships. The latter were given orders to engage hostile machines and to give special attention to the enemy troops and camp. A column of troops about 1,000 strong was seen south of the town on the march and three bombs exploded among them. All the camps were effectively bombed."

"Weather conditions during the past week have been abnormal, intense heat being experienced day and night. Under these conditions the health of the troops remains good."

"Lieut-General Sir Bryan Mahon has assumed command on the western frontier of Egypt and Lieut-General Lake is now in command of the British troops at Saloniki."

WHAT IS STATUS OF KITCHENER?

Colonel Churchill Asks Questions Pertaining to His Salary.

By Special Wire to the Courier.
London, May 19 (Montreal Gazette cable)—Colonel Churchill in the House of Commons yesterday asked when an opportunity would be given for discussing the salary of the Secretary of State for War, Bonar Law, the Colonial Secretary, asked that the question be postponed till the return of the Premier on Monday. Since Sir William Robertson's appointment as chief of staff, with greatly extended powers, the exact character of Lord Kitchener's duties at the War Office have been the subject of frequent discussion. Colonel Churchill's question is a clear indication that he has definitely thrown in his lot with the so-called "ginger" party in parliament.

SEAGRAM ENTRY IS THE FAVORITE

Smallest Field in Years at Running of King's Plate.

By Special Wire to the Courier.
Toronto, May 19.—For the grand running of the King's plate at the Woodbine track to-morrow the oldest fixture run continuously on this continent, the Seagram entry is an overwhelming favorite. The field will be the smallest in years on account of bad training weather. Outside of the Seagram lot, Sir J. S. Hendrie's Last Spark, C. A. Crew's Old Pop, and Johnny Austin are the only certain starters.

AUSTRIANS SAID TO HAVE TAKEN COSTABELLA

Statement From Vienna Says They Have Crossed Luan Valley.

By Special Wire to the Courier.
Vienna, May 19.—The official Austrian report of May 18 is as follows: "The official Austrian report of May 18 is as follows: 'Italian front: In the coastal region and on the Carinthian sector artillery operations were impeded by fog. Southeast of Montafone the Italians attempted to recapture positions near Bagni which they lost recently, but they were repulsed. In the Colli Lana district repeated hostile attacks were made without success. In the southern Tyrol Austro-Hungarian troops attacked and captured the frontier ridge of Magio, between the Astico and Leno valleys, crossed the Luan valley southeast of Piazza and took Costabella. They repulsed several hostile attacks south of Moschere, on the Zegnotara. We captured yesterday more than 900 Italians, among whom were 12 officers, and took eighteen cannon and machine guns. The official Italian reports of May 16 and 17, state that the Austro-Hungarian losses in these engagements were enormous. These reports were invented in order to diminish the impression made by the Italian retreat. The losses of the enemy can be estimated only by those who hold the battlefield. The Italians are not in that position. The Austro-Hungarians, while appreciating at its full value the sacrifice of every brave soldier, are able to declare that the Austro-Hungarian losses have been exceedingly small, thanks to the ability of the infantry, the powerful protection given by the artillery, and the experience in war of the commanders.'"

AUGUSTINE BIRRELL UP AS WITNESS BEFORE ROYAL COMMISSION

Former Chief Secretary of Ireland Put on the Stand to Tell What He Knew of the Revolt—Carson's Inclusion in the Cabinet Had Bad Effect in Ireland.

London, May 19.—11.31 a.m.—Augustine Birrell, who resigned as chief secretary for Ireland after the Sinn Fein revolt, appeared to-day as a witness before the Royal Commission, which is conducting an inquiry into the Irish rebellion. The presence of the chief secretary aroused keen interest in view of the dramatic testimony given by Sir Matthew Nathan, former secretary for Ireland at yesterday's hearing.

Sir Matthew testified that the government had had advance information regarding the German plans for aiding the Irish rebels and Mr. Birrell was expected to give more details on this point.

At the outset of the hearing Mr. Birrell stated that he had read Sir Matthew Nathan's statement and that he did not know that there were any additions or modifications he wished to make. He then read a statement which he had prepared and which he

described as dealing in a general manner with Sinn Feinism. gdgA-89

MR. BIRRELL'S STATEMENT. "If the Home Rule Bill had not been placed on the statute books there would have been a great explosion of rage and disappointment, both in Ireland and in the United States and what would have assumed alarming proportions. The events in the Ulsters and the gun-running at Lorne by the Ulsterites in 1914 undoubtedly had a great effect on disloyalists elsewhere."

Ireland had presented an unbroken front at the outbreak of the war through the patriotism of John Redmond. Mr. Birrell continued, but there were many who did not agree with his attitude. It was impossible to overestimate the effect which the advent of the Ulster leader, Sir Edward Carson, to the cabinet had exercised upon the minds of the people of Ireland. If Mr. Redmond had accepted office in the same cabinet he would not have remained leader of the Irish party.

COURIER'S DAILY CARTOON

Thought Happened When He Had His First Tooth Pulled.

ALD. GERVAIS OF MONTREAL IS MENTIONED

National Box & Packing Company Says He Demanded Money.

By Special Wire to the Courier.
St. Hyacinthe, Que., May 19.—A sensation has been caused here by letters from the National Box and Packing Company, Limited, Montreal, addressed to Mayor Rene Marin, accusing Ald. A. Gervais, of this city, of having demanded money from them for his aldermanic influence in securing concessions from the St. Hyacinthe municipal council for the establishment of a plant of the National Box and Packing Company at St. Hyacinthe.

The letters of accusation notify the St. Hyacinthe council that the proposal to establish a plant in that city has been called off as a result of the alderman's demands.

Ald. Gervais said the accusations are false. He admits meeting members of the company, both in St. Hyacinthe and Montreal, but says his actions were quite regular.

Another German.

By Special Wire to the Courier.
Amsterdam, May 18, via London, May 19.—Dr. Heinz, of Leipzig, former National Liberal member of the German Reichstag, has been appointed under secretary of state in the Turkish finance ministry.

SHIPS GATHER TO CARRY TROOPS

Austrians Making Ready to Make Big Attack on Avlona.

By Special Wire to the Courier.
Paris, May 19.—One hundred and fifty steamers had been assembled at the Hungarian seaport of Fiume to transport troops, munitions and supplies under protection of the Austro-Hungarian fleet to Durazzo, Albania. This information was received here to-day in advices from Innsbruck. It is supposed here that the Austrians intend to make a strong attack on the Albanian town of Avlona, which is occupied by the Italians.

Figures for April.

By Special Wire to the Courier.
Paris, May 19.—Official statistics for the month of April show that France exported goods to the value of 33,500,000 francs more than for the same month last year. In importations the amount was 103,000,000 francs more than for April, 1915.

Operated Upon.

By Special Wire to the Courier.
Copenhagen, May 18, via London, May 19.—King Christian was operated on to-day for an intestinal trouble similar to that which necessitated an operation in the early part of 1915. The king was under anaesthetics for an hour. After the operation the surgeons issued a bulletin saying that it had been successful.

Stenographers in New York are not afraid of employers' kisses or cursing. They will not join the campaign of their Boston sisters against cursing and kissing employers.

GREAT SEND-OFF FOR SGT. MOUNCE

125th Band, a Company of Soldiers, Crowds and Cheers.

Sergt. Jim Mounce was given a great send-off this afternoon when he started on his return to the front. He left by the radial to take in Hamilton en route and the 125th band and D company under Capt. Jordan gave him a surprise send-off. They assembled on the Market Square and headed a parade of Jim's friends. The Sergeant was in Mr. J. H. Spence's car, together with Sergt. Wallace and Mr. L. Anguish. He was heartily cheered.

Price of Bread.

There was a meeting of Brantford bakers last night to discuss the raising of the price of bread to seven cents. It is understood that one baker objected and that the matter is still in abeyance.

The Panama Canal authorities are taking special precautions to safeguard the canal locks, owing to rumors that attempts might be made to dynamite them.

With a bullet in her brain and her skull fractured, Miss Mary Be Mordecai, prominent in society circles in Baltimore, is at the point of death in Mercy Hospital.

Montclair women teachers were ordered to carry pincushions on their spring outing, because in past tents have been damaged through use as receptacles for hats.

P. C. Ollie Jeffries.

Another returned soldier has been added to the Brantford police force in the person of Ollie Jeffries of Galt, a well known base ball player, having been a member of Brantford's celebrated team of 1905. More recently, Mr. Jeffries lived in Stratford, where he also played baseball. He enlisted early in 1915, joining the 34th battalion, and was invalided home with an injured knee a short time ago. Having recovered from this injury, he joined the local police force here a few days ago, and will be welcomed by old time baseball fans of this city.

Called to Bar.

The name of Albert Hawley Boddy, son of Mr. and Mrs. W. C. Boddy of this city, appears among those who were yesterday sworn in before Mr. Justice Riddell, Toronto, as full-fledged barristers-at-law. The Toronto News says: In welcoming the barristers, one of whom, Mr. Albert H. Boddy, was in uniform, his Lordship said: "I notice that one among you is a libelist. I hope that others will adopt the uniform later and go to the aid of your country."

The war has caused Italy to put an embargo on the export of her chief food product, macaroni, the American consul at Genoa reports,

DENSE FORESTS MAKE FIGHTING VERY DIFFICULT

Many Obstacles to be Overcome in East African Campaign.

By Special Wire to the Courier.
London, May 19.—A Central News despatch quotes from the Natal Mercury accounts of the difficulties confronting the British fighting forces in East Africa, furnished by an officer of the East Africa Mounted Rifles, who formerly was a coffee planter at Nairobi. This officer said the principal difficulty was the great density of the bush, which made effective attacking almost impossible and provisioning troops very difficult.

Of the ingenuity of the Germans there is no doubt, as the following incident will prove. Roundabout Tanga, where the Lancashires landed, is a considerable big country. The natives have a device whereby they place hollow logs in trees to enable them to construct their hives, and from these the natives collect honey. In one place the Germans tied a whole lot of these logs together, and attached them to wire in long grass. They also invented a plan which caused a white flag to jump up when anyone came in contact with the wire, thus being the signal for them to turn machine guns on the spot. A party of Lancashires had the ill-luck to stumble over the wire, with the result that dozens of beehives fell and up sprang the white flag revealing their whereabouts. The Lancashires immediately had bees and bullets to contend with, and between the two had a hot time.

Could Get Price Down.

By Special Wire to the Courier.
Ottawa, May 19.—Col. J. Wesley Allison was again on the stand at this morning's session of the Meredith-Duff commission. His cross-examination by Mr. E. F. B. Johnson was deferred until he produces certain bank books and Mr. Helmuth thereupon continued his examination in chief. Mr. Carvell asked for the production of Mr. Basick of the American Ammunition company and of Eugene Lignault. A remark by Mr. George F. Henderson elicited the statement by Mr. F. B. Carvell that he had never met either Mr. Lignault or his lawyers Haus, Grossman and Wortus. Mr. Justice Duff thought it would be desirable to have some evidence as to fuse prices in the United States during the time the two fuse contracts were let. Mr. Carvell said there was information in the Militia Department as to fuse prices just before the war. Mr. J. S. wart announced that General Hughes would request Sir Robert Borden to ask the British Minister of Munitions for permission to make public the desired information.

May Cancel Licenses.

By Special Wire to the Courier.
Winnipeg, May 19.—The Free Press says the government is considering the advisability of introducing at next session of the Legislature a bill cancelling all hotel licenses.

Capt. Cane Killed.

By Special Wire to the Courier.
Winnipeg, May 19.—Capt. Frank E. Cane, who is reported killed in action was prior to the war, lecturer in classics at Manitoba College.

Ice Cream Manufacturers in New York have boosted the price of their product because it costs more to deliver it as a result of the higher price of gasoline and hay.

ALLISON AGAIN GIVES EVIDENCE

Went Over History of His Negotiations With Yoakum.

SAYS INQUIRY IS "GERMAN"

While Contract Was Pending Had No Relations With Hughes.

By Special Wire to the Courier.
Ottawa, May 19.—Col. J. Wesley Allison was again on the stand at this morning's session of the Meredith-Duff commission. His cross-examination by Mr. E. F. B. Johnson was deferred until he produces certain bank books and Mr. Helmuth thereupon continued his examination in chief. Mr. Carvell asked for the production of Mr. Basick of the American Ammunition company and of Eugene Lignault. A remark by Mr. George F. Henderson elicited the statement by Mr. F. B. Carvell that he had never met either Mr. Lignault or his lawyers Haus, Grossman and Wortus. Mr. Justice Duff thought it would be desirable to have some evidence as to fuse prices in the United States during the time the two fuse contracts were let. Mr. Carvell said there was information in the Militia Department as to fuse prices just before the war. Mr. J. S. wart announced that General Hughes would request Sir Robert Borden to ask the British Minister of Munitions for permission to make public the desired information.

Examined by Mr. Helmuth, Col. Allison then went over the history of his negotiations with Yoakum with regard to fuses. Yoakum had told him

Churches which fail to extend to women members the right of a voice in their affairs were criticized by delegates to the Mississippi Valley suffrage conference in Minneapolis.

Examined by Mr. Helmuth, Col. Allison then went over the history of his negotiations with Yoakum with regard to fuses. Yoakum had told him

VIOLENT ASSAULTS RENEWED ON VERDUN BY THE GERMANS

French Positions Attacked at Avocourt Wood and Hill 304 West of the Meuse, But Germans Driven Back, Except From Small Post South of Hill 287.

By Special Wire to the Courier.

Paris, May 19, 12.01 p.m.—Violent fighting on a large scale was resumed on the Verdun front last night. Two fresh divisions of German troops attacked French positions at Avocourt Wood and Hill 304, west of the Meuse. The War Office announces the attacks in the main were unsuccessful, although the Germans obtained a footing in a small post south of Hill 287, which lies just to the east of Avocourt wood. The Germans attempted to recapture the small fort on the northeast slope of Hill 304 which the

French took on the preceding day, but their effort failed. Infantry fighting was confined for the most part to the sector west of the Meuse. East of the river and in the Weverre the artillery was active. The official statement says that the troops employed by the Germans in their attacks had recently been sent to the Verdun front. Sub-Lieut. Navarre, one of the best known French aviators, who recently engaged in a fight with five German aeroplanes, brought down his tenth machine in an aerial combat at Dolant in the Argonne.

"THE TENTMAKER" A SPLENDID PLAY

Courier Representative Privileged to See "Omar" in London.

THE SETTING IS GORGEOUS

Guy Bates Post Scores Notable Triumph in Play at the Grand To-night.

The people of Brantford will be afforded a pleasure rarely attained to in seeing dramatic productions, by witnessing the play "Omar, the Tentmaker," at the Grand Opera House to-night. This play is being presented at only three places in Canada before going to Chicago next week, and these places are London, Brantford and Hamilton. Last night the spectacle was presented in London, and a representative of the Courier had the pleasure of seeing what is easily the finest dramatic offering of the theatrical season.

Possibly no figure in the legendry of the East has so fascinated the minds of the Anglo-Saxon, as Omar, of Persia. Sir Edward Fitzgerald's translation from Persian into English of the "Rubaiyat," is known to every reader, and other notable writers have also rendered his works into English. From these various translations has Richard Walton Tully built his play.

The plot is of the slenderest description, the play being more of a pageant than a drama. The Oriental settings to the scenes are luxuriously beautiful. The centre of the play is Omar, during the prologue a young student, during the play, 18 years later, a sceptic and a philosopher whose questionings and speeches rouse the orthodox Mohammedans to fury. In the sayings of Omar the author employs the noble quatrains of, chiefly, Fitzgerald's translations, and the very highest elocutionary and dramatic power is called in play by Mr. Guy Bates Post in his delivery of his lines.

The story is laid in the city of Naishapur, during the eleventh and twelfth centuries. The scenes include a Persian Garden, a Street in Naishapur, The Temple of Zoroaster, and an Inner Cell of the Prison. The setting is unparalleled for its luxuriousness and rich magnificence. All that the romantic fancy could conjure up has been made part of the garden; the street scene is typically Eastern, while in the Temple of Zoroaster is depicted an apotheosis equal in conception to any ever shown on the stage. Omar is under punishment from the bastinadoes, and goes insensible from pain, and while his inert body lays back on the floor, his soul soars aloft seeking out the problem of existence, while to it there opens visions of heaven and of hell, and he vainly searches for the key to the door of paradise. The acting of Mr. Post during this translation is wonderfully compelling, and in itself was a finished effort of splendid execution, his rich voice conveying the noble lines with clearness and feeling.

Guy Bates Post, as Omar, achieves a remarkable success. In all the moods of the Tent-Maker, in his romantic youth, in his vigorous middle age, his moments of merriment, and his moments of infinite sadness, and at the last when old and bent he sits again in the garden, where he found happiness when young, Mr. Post reveals the subtle qualities of the eastern philosopher. The moments of grim humor in the play are used by him effectively, and his voice, his bearing, and his enunciation is that of one who has mastered thoroughly his part.

Louise Grassler as Shirren, and Ma-lal Emerson as Little Shirren, the only two women parts in the play, both scored successes and gave Mr. Post capable support. Milano Tilden as the captured Christian slave, and Herbert A. Pratt, as Mahrus, were exceptionally clever in the taking of their parts. All the people in the caste were competent, and the mob scenes were splendidly staged. Between acts Mr. Maurice Nitke, who is part of the company and acts as orchestra leader, rendered several selections on the violin. His work was of exceptional merit, and was much applauded. In fact very few concert artists are superior in talent and execution to Mr. Nitke.

Social and Personal

The Courier is always pleased to use items of personal interest. Please 256.

While in the city, Miss Irene Symons was the guest of the Misses Jones, 60 Chestnut Ave.

Word from the Old Country announces that Lt. Jack Genet, son of Lieut.-Col. Genet, has left for the front.

The hostesses for the Golf Club tea on Saturday will be the ladies of the match committee: Miss Schell, Mrs. H. Hewitt, Mrs. F. Leeming, Mrs. N. D. Neill, Miss Gibson, Miss N. Powell, Miss E. Bunnell, Miss E. Raymond.

AT THE BRANT

The ever popular and laugh provoking Charlie Chaplin, at this theatre the last half of the week in a burlesque on Carmen. He is of course as funny as ever. Pauline Frederick, the great emotional star, appears in "The Spider," a thrilling story in five parts. The Tip Top Fun Shop entertainers provide a lively vaudeville turn.

RELIEF SHIP FAILED TO REACH HEADQUARTERS

Dr. Hovey Sends Cable Messages to New York Society.

By Special Wire to the Courier. New York, May 19.—The first direct word from the MacMillan Crocker Land expedition to be received since September 12, 1915, reached this city to-day in two cable messages to the American Museum of Natural History, sent Wednesday from Thorshavn, Farce Islands, and signed by Dr. Edmond Otis Hovey, head of the relief expedition, and Maurice C. Tanquary, zoologist with the party.

The messages tell of the failure of the relief ship Chuet to reach the headquarters at Etah, and ask for another relief ship to be sent at once.

Knud Rasmussen, the Dutch explorer, who is leading an expedition of his own into Parry Land, is supposed to be with Dr. Hovey at present. Tanquary's message tells of the effort by Rasmussen to bring the party out, and urges quick work in fitting out a ship.

GERMS OF DISEASE should be promptly expelled from the blood. This is a time when the system is especially susceptible to them. Get rid of all impurities in the blood by taking Hood's Sarsaparilla, and thus fortify your whole body and prevent illness.

With the Soldiers

NOTES OF THE 125th. Officer of the day, Capt. Wallace. Next for duty, Captain Verity.

FIELD PUNISHMENT

It has been brought to the attention of Militia Headquarters that instances have occurred where Field Punishment has been awarded to members of the C.E.F. and Active Militia on guard duty. All concerned are hereby notified that Field Punishment is not to be resorted to without reference to and approved by headquarters Ottawa, obtained through this office.

"MONTHLY RETURN OF SICK"

All units at stations where there is no military hospital and as a consequence are using civil hospitals will render to the A.D.M.S. on the last day of each month, a return on M. F. B. 230, of all patients admitted or discharged or still in residence in civilian institutions. As the information required in this return is of vital importance, Commanding Officers are requested to see this return is rendered promptly.

CIVILIAN PRACTITIONERS.

All units in Military District No. 2 employing civilian Medical Practitioners will forward nominal roll by wire or telephone to the A.D.M.S. on the 15th day and last day of each month, of all civilian practitioners employed as Medical Officers in charge of troops, together with the place where they are employed. It is desired that the return for the period ending May 15th be sent in at once.

The Parade on the 16th, comprising platoons 9 and 10, received instruction in First Aid this morning, as did platoons 11 and 12 in the afternoon.

B. Company is in attendance at the Mohawk Ranges to-day, shooting and killing in the trenches.

A large attendance at to-night's military dance in the armories both desired and expected. The floor is in first class condition, the hall beautifully decorated and these together with the splendid program prepared, will combine to make the event the finest of its kind ever held in Brantford.

NOTES OF THE 215th.

Lt. Col. Cockshutt and others will speak at a big recruiting rally in Brantford Sunday night.

Major Snider and Capt. Ferguson journeyed to Paris this morning, together with the bugle band and Pte. A. Talman, who will make his first appearance in that town.

NOTES OF THE 216th.

Recruiting still continues briskly at the local depot of the Banham Battalion. Two fresh recruits were obtained yesterday, making a total of six men secured in two days.

A large banner suspended beneath the windows of the Banham Battalion Commercial Chambers, now calls the attention of all to the 216th battalion. Capt. Blaney arrived in the city from Hamilton this morning and paid a visit to L. McKissock's office. He expresses himself as being satisfied with the progress made in Brantford.

"CANADA CUBS" ARRIVE AT SAN DIEGO FAIR TO ADVERTISE THE DOMINION

Through the instrumentality of the Grand Trunk Pacific thousands of American tourists visiting the San Diego Exposition will this year make the acquaintance of the "Canada Cubs," four young black bears taken from the sporting territory along the line of the new transcontinental. These bears have been made a part of the wonderful Canadian exhibit which is in charge of Col. W. Hutchison at the Exposition in the southern Californian city.

Col. Hutchison a few weeks ago wired Mr. R. C. W. Lett, Tourist and Colonisation Agent of the G.T.P., saying, "Can you send us four bear cubs?" A week later the youthful bears went forward from Winnipeg in a nice wire-lined crate, with full instructions to the railwaymen as to housing, feeding, travelling, etc. The four cubs were members of the family and they were fed on oatmeal and milk administered twice daily. Immediately upon their arrival at San Diego Col. Hutchison declared that they should be known as the "Canada Cubs," and he wired to Mr. Lett, "Canada Cubs have arrived in first-class condition. Many thanks for your trouble in the matter."

Compulsion Soon

Bill Passed Its Second Reading in House of Lords Yesterday.

By Special Wire to the Courier. London, May 19.—(New York Sun cable)—The compulsion bill recently passed by the House of Commons was read for the second time yesterday in the House of Lords.

NOTICE is hereby given that the partnership heretofore subsisting between us the undersigned as grocers in the City of Brantford, under the name of "McCann Brothers" has this day been dissolved by mutual consent. All debts owing to the said partnership are to be paid to John F. McCann at Brantford aforesaid and all claims against the said partnership are to be presented to the said John F. McCann, by whom the same will be satisfied.

Dated at Brantford this Twelfth day of May, A.D., 1916.

Witness: Geo. H. McCann John Franklin McCann W. S. Brewster.

Auto Skidded

Albert S. Chezbrough, Well-known Yacht Designer, Was Killed.

By Special Wire to the Courier. Bristol, R.I., May 19.—Albert S. Chezbrough, a yacht designer of international reputation, was killed last night when an automobile in which he was riding skidded on the driveway and fell over the seawall into Narragansett Bay.

Mr. Chezbrough, who was 49 years of age, was a nephew of Nathaniel G. Herreshoff, the well known yacht designer. He leaves two children.

To Make Dyes.

By Special Wire to the Courier. Paris, May 19.—It is stated that one of the results of the recent visit to Rome of M. Clemetel, French minister of commerce, was an agreement to form a Franco-British-Italian company for the extensive manufacture of aniline dyes, says a despatch to the Journal des Debats from Turin.

Mount Etna Active.

By Special Wire to the Courier. London, May 19.—Mount Etna is again active, according to a Rome despatch to the Exchange Telegraph Company. A new crater 315 metres wide has opened.

TELEPHONES: AUTOMATIC AND BELL—Day—Night—Editorial 276, Business 159.

The Situation.

Fierce fighting still continues in connection with the Verdun operations and it looks as if both sides were trying to settle matters in connection with Hill 304.

Reports differ with regard to the Austrian-Italian struggle. The Berlin and Vienna official statements claim that the men of the land of Garibaldi have been thrown back along a very large front while the war officials at Rome assert that only advance troops have been driven back and that the Italian main line is holding and inflicting exceedingly heavy losses on the foe.

Petrograd remains silent with regard to operations in the Caucasus. There are big doings there without any doubt. British and Russian forces are both seeking to take Bagdad, and the falling of the place would prove a vital blow indeed to Asiatic Turkey.

Dominion House.

The members of the Federal House have once more concluded their duties. It was a "war session" and the principal matters which came up for discussion largely concerned ways and means in this regard.

Consumers and particularly the farmers have been left untouched as far as at all possible. An amendment to the Bank Act enables the last named class to borrow on the security of live stock.

Outside of the war grant the main item was the voting of a total of \$25,000,000 to the Canadian Northern and Grand Trunk Pacific Railways. Both enterprises have been failing to make ends meet by a very large margin, and they each represent a very large investment of Old Country money.

A large part of the session was taken up with the Carvell and Kite charges. These men and others of their ilk are bound, if they can, to twist some miserable party advantage out of the war, and to embarrass the Government as much as possible in the discharge of most onerous duties, suddenly thrust upon them.

Up to date they have not succeeded in anything except bringing opprobrium upon themselves, and a notable incident was the dignified rebuke administered them by Dr. Clark of Red Deer, himself a Liberal of the Liberals. The answer of the Premier was the immediate naming of a Commission composed of two such eminent and highly respected jurists as Sir William Meredith and Hon. Mr. Duff, and the prompt return to Canada of Sir Sam Hughes, who had left for England on militia business, after an assurance from Sir Wilfrid Laurier that he knew of nothing likely to come up requiring his presence.

The mischievous support extended by Sir Wilfrid Laurier to a bi-lingual agitation, having its origin in Quebec, constituted an incident which is generally regarded as having seriously damaged his prestige, and as still further exemplifying the fact that with him it is French-Canadians first, last and all the time, with the rest of the people of the Dominion such a very poor second as scarcely to be within telephone distance.

Upon Sir Robert Borden the war time pressure is falling with especially heavy weight, and it is gratifying to know that he continues to bear the burden in alert, physical and mental health. This will be a source of satisfaction to all decent Canadians, no matter what their political faith.

Allison's Testimony.

Col. Allison, the man whom the Toronto Globe and other Grit sheets, more than hinted would not dare show his face in Ottawa, has commenced to give his testimony there in connection with the fuse charges.

His evidence show him to have been concerned with big war contracts with France, Russia, and England, and that Sir Sam Hughes knowing that he was in touch with such interests, had spoken to him as a friend in connection with Canadian orders.

Mr. Hellmuth: "When did you first meet Gen. Hughes?" "Many years ago at Toronto; it was simply a personal acquaintance."

"Have you since had any business relationship of any kind with Gen. Hughes?" "None whatever. It was never talked of between us; we were simply friends."

Mr. Hellmuth: "What was said by the General in regard to your pay for this work?" "Not a thing."

"Were you not looking for remuneration?" "Not from Hughes."

"Did you expect the Government or the War Office to pay you?" "No, I was getting this information for General Hughes personally."

Col. Allison said he received information in Washington as to the people the United States Government were dealing with, then went to New York and got prices from them after which he reported to Gen. Hughes.

Mr. Hellmuth: "Did you make any arrangements with these people as to commissions for you if they got contracts?" "No, not for Canada."

Col. Allison frankly admitted that he had received commissions—for instance from England—in a general business way and that without question would have been the course of anyone else bringing about large transactions. There is nothing wrong in that for it is a recognized custom. As to any rake-off arrangement with the Minister of Militia, the whole thing has been absolutely exploded.

A remarkable instance of the accidental meeting of two brothers, who had lost sight of each other for years is provided by the case of a convalescent Canadian soldier, staying at Prior Park, Bath.

The soldier was walking into Bath, and en route saw one of a number of transport lorries in difficulties. He assisted the men to repair the fault, and in doing so discovered that one of the men was his brother, who had left Canada many years ago.

Medical evidence at an inquest on a man at Worthing, the other day, revealed what the doctor described as a pathological curiosity. The man had practically no kidneys, but two large growths, one weighing 4 lbs and the other 5 lbs. It was stated that the man had been attested and medically passed for the army, though he was liable to death at any moment.

Harold F. McCormick, Chicago capitalist and son of the inventor of the reaping machine, has resigned his position as treasurer of the International Harvester Corporation.

Local News Items

TROUT CLUB.
The Trout Club will meet in the City Hall on Monday evening next.

POLICE TRUSTEES.
A meeting of the police trustees of the township and police village of South Dumfries was held this morning in the Judge's chambers at the court house.

SUCCESSFULLY PASSED.
In the second year art results of the University of Toronto the name appears in the honor list of Miss Winnifred Watts, youngest daughter of Mr. and Mrs. A. E. Watts of this city.

WON MEDAL.
In the University of Toronto prize and scholarship awards, which are announced this morning, the name of E. W. Patten appears very prominently. In the fourth year Faculty of Arts course, Mr. Patten took the Gresham gold medal for mathematics, which is the highest prize available to that class. Mr. Patten's home is in St. George.

BUILDING PERMIT.
A permit for the erection of a brick barn to cost \$300, and to be erected by the owner, was issued this morning by Building Inspector Bennett to C. L. Sevigny, 188 Albion St.

STUDY OF CANADA.
An interesting circular upon the subject of "Study of Canada," giving details upon the birth of a new Canadian industry is

that received in the city clerk's office this morning for the city council from the Robert Mitchell Co., Ltd., of Montreal.

TOM FLANAGAN COMING.
It is expected that Capt. Tom Flanagan will be in the city to-morrow along with his redoubtable team of footballers from the 180th battalion. The exact time at which the Sportsmen will arrive here is not yet known. The price of admission to the game is fixed at 10 cents, as it is not the desire of the 125th battalion to make money out of the event, but only to raise sufficient to pay the expenses of the visitors.

LOCAL MEN RETURNING.
Pte. E. Edwards, according to word received to-day by Ald. J. S. Dowling, chairman of the local soldiers' aid commission, will arrive in Brantford from Toronto on Sunday, and Pte. F. Tapley will return to this city on Tuesday. Definite word will be wired when the men leave Toronto.

RATS!
Dire and terrible was the scene which greeted the eyes of Sanitary Inspector Glover as he entered his laboratory this morning. Phials and test tubes were overturned and shattered, pools of acids and other chemicals lay on the table and on the floor, while the bottom of the door bore evidences of having been attacked by a circular saw, uncertain of its aim, for large morsels were heven from their place and strewn over the floor. The word "murder" was framed on the inspector's lips when a large and hairy specimen of the species rodent, scuttled across the floor and disappeared behind a huge cupboard. The inspector, armed with chloroform sublimite, fly paper, a spring trap and a machine gun, is awaiting the return of the ravenous rat.

ANNUAL MEETING OF THE BOARD OF TRADE HELD LAST EVENING; DAYLIGHT SCHEME ENDORSED

Notable Address From Prof. Harcott of Guelph College of Agriculture on the Education of the People to the Proper Use of Farm Land—Good Attendance and Much Business Transacted.

The endorsement of the daylight saving measure, the promise of co-operation with the 215th battalion in the matter of discrimination in recruiting, and an admirable address by Prof. Harcott of the Guelph College of Agriculture, were the chief features of the annual meeting of the board of trade, held last night with a large and enthusiastic attendance, a great deal of business being transacted and reports of the usual interest and importance submitted, while an apt plea for the education of the people of Ontario to the proper use of farm lands was heard from Prof. Harcott, appointed by the Ontario Department of Agriculture to the board that body at the Board of Trade.

The minutes of the previous meeting of the board were taken as read. Communications were read by Secretary Hatley as follows:

From the Ontario Associated Board of Trade, asking the co-operation of the local board in the recommendation of a daylight saving measure; from the Hamilton Board to the same purpose; from the Chamber of Commerce of London, England, asking assistance in the work of supplying papers and periodicals to the men of the British navy; from the Winnipeg Board of Trade, concerning the naturalization of aliens; from the Committee of Conservation, asking that representative delegates be sent from the Board of Trade to the annual conference on city planning, to be held next month in Cleveland; from the 215th battalion, asking the co-operation of the board in the work of filling the ranks of the regiment.

In connection with the last communication, Capt. W. N. Andrews, who, with Major Snider and Capt. Ferguson, represented the battalion at the meeting, addressed the board briefly, dwelling upon the advisability of the appointment of a committee to help the work of recruiting. Unless the battalion reached the strength of 600, said Capt. Andrews, it would be amalgamated into another unit, and so lose its identity as a Brant County Battalion, an occurrence which would be most regrettable. The question was disposed of by the passing of the following motion, proposed by Mr. Gary Pickels and seconded by Mr. G. Scott:

That a committee of six or more members be appointed to represent this board at any meeting to be held to promote the interests of the 215th battalion, and to co-operate with the Lieutenant-Colonel and officers in bringing this battalion to full strength, and that the following be such committee: Logan M. Waterous, H. H. Powell, G. S. Matthews, J. H. Ham, M.L.A., W. S. Brewster, J. H. Spence, with power to add to their number.

DAYLIGHT SAVING
The question of the daylight saving

sioner to Russia, during his visit to the city last November. Representatives of the Board of Trade attended a town planning conference in Hamilton last June, and a district town planning association was formed.

Educational matters and parks matters were taken up with the Board of Education and the Parks Board. Mr. Hatley, in his report, gave a detailed account of the various phases of the machine gun fund, including the steps taken to refund money to subscribers who wished it back.

During the winter, the Belgian relief fund amounted to \$8,500 plus \$83.50, while the Serbian fund totalled \$284.

PROFESSOR HARCOTT
Professor Harcott was introduced to the board and called upon for his address. In this, the speaker advocated co-operative system of buying and selling for farmers. This system had proved a potent factor in Denmark's prominence of all agricultural features. Prof. Harcott advocated the adoption of similar measures as agricultural banks and the co-operative system in force in Ireland. The Provincial Government, said he, had taken of this matter, and was achieving results, though the work was very hard. The speaker, with an evident knowledge of his subject, went on to point out the necessity of educating the people of Ontario in the matter of farming, to make them understand thoroughly the need for thorough cultivation of the land, the use of fertilizing material, and above all, the adapting of crops to the soil used.

It was the duty of all, declared Prof. Harcott, to see that our returned soldiers were properly educated to take over farms, if they so chose. Unless this education were accomplished there would be no economy in the farming of now waste land. The speaker went on to tell of the good work being performed by the Ontario Department of Agriculture, and of the Guelph Agricultural College, in educating the people in farming matters; in passing out grains and introducing new varieties to the farmers; in draining the land and in the system of soil surveying, by which the soil of all the various districts of Ontario, was classified according to possibilities. The success with which the speaker declared the speaker, would contribute much to the prosperity of the country.

VOTE OF THANKS
In characteristic and pleasing words, Messrs. Jos. Ruddy and John Gruba, that a high German official stated that, though it is too early yet for neutrals to offer mediation, Sir Edward Grey's unaggressive interview opens the way to preliminary discussions for peace by the belligerent powers.

He declared that Germany, like Sir Edward Grey, doesn't wish Europe to be dominated by any one nation.

Sir Edward Grey's interview in spite of all that has been said, gives small hope for immediate peace. He declared that the allies were fighting for a free Europe, free from the constant rattling of the sword in the scabbard, free from Prussian militarism, and for the righting of the injustices done by the present war. He said the allies were not fighting the German people, whom they wanted to be as free as other nationalities.

With the City Police
Roy Potter was arraigned in the police court this morning on charges of shop-breaking and theft. He pleaded guilty to a watch and fob, a knife and a sum of money from the Y. M. C. A. all the articles save part of the money being recovered; he also broke into the shooting gallery, on Market street and commanded three revolvers and three watches, two of the firearms being since recovered. He was remanded for sentence until Monday. A second theft case was also adjourned, and a charge of false pretences against Thos. Martin, withdrawn. Alexander Farrel, made his stent appearance, charged with fraudulent conversion of a sum of money, but, his lawyer, asking that a similar case be cited, he was allowed out on bail until called upon for sentence.

Vice-President Klingenswaith, of the Ford Motor Company of Detroit, has denied that a six-hour day, with a minimum wage of \$1 an hour, would be put in effect at the plant.

Discovering that a prominent attorney of Indianapolis, to whom she believed she was engaged, was a married man, Miss Bertha Kemp, 17, attempted suicide by taking carbolic acid.

Sarah Hunsberger, of Allentown, Pa., inherits \$200,000 from the estate of Robert Pyle, deceased, who many years ago was a boarder at her home.

EQUAL FRANCHISE CLUB MEETING

Reports Heard From Delegates at the Toronto Convention.

The regular monthly meeting of the Equal Franchise Club was held on Thursday evening in the reading room of the Y. M. C. A., when an interested group of women were present to hear the reports of their delegates to the third annual meeting of the Ontario Association. After routine business, the local club passed a resolution to be forwarded to Toronto, asking the Provincial Association of One Hundred to point to the advisability of enfranchising the women of Ontario before the end of the war, in order that when the referendum is taken on the question of the continuance of prohibition, the women may have an opportunity of voting, it being a well known fact that the majority of women are in favor of temperance legislation. Affiliated societies should also co-operate with local temperance forces.

To further the work of the local organization, it was decided to hold a garden party about the middle of June, and to ask Mrs. and Miss Morgan Dean of Toronto, active suffrage workers, to speak. Interesting reports of the meeting in Toronto were presented by Mrs. S. W. Secord and Mrs. H. Jackson, while the work of other societies, Ottawa, London, Algonia, Huntsville, Toronto, etc., were reviewed briefly. Patriotic work accomplished was reported by all the societies, and the general opinion of the convention was well expressed by Mrs. L. A. Hamilton, of Toronto, who said that women could and would continue their Red Cross and patriotic work if granted the vote.

Provincial and Dominion premiers were both requested to grant the demands of the women, and other steps taken in this matter. A resolution was passed suggesting that a woman assistant superintendent at headquarters for the Women's Institutes be requested.

Informal discussion of various topics followed, among them being the suggestion of the appointment of Hatley, Mr. A. K. Bunnell, auditor of the Machine Gun Fund accounts, spoke very briefly of the work done by Mr. Hatley in connection with that fund, and by Mr. H. T. Watt for the Patriotic Fund.

The secretary's report covered the work done in the past year. The manufacturer's committee consulted Mr. Just, Canadian Trade Commis-

GERMANY NOW DOES NOT TALK OF DOMINATION

"World Power" is Succeeded in These Days by Desire for Peace.

By Special Wire to the Courier.

New York, May 19.—A special despatch to The Herald from The Hague says:

The Berlin correspondent of The Rotterdam Nieuwe Courant telegraphs that a high German official stated that, though it is too early yet for neutrals to offer mediation, Sir Edward Grey's unaggressive interview opens the way to preliminary discussions for peace by the belligerent powers.

He declared that Germany, like Sir Edward Grey, doesn't wish Europe to be dominated by any one nation.

Sir Edward Grey's interview in spite of all that has been said, gives small hope for immediate peace. He declared that the allies were fighting for a free Europe, free from the constant rattling of the sword in the scabbard, free from Prussian militarism, and for the righting of the injustices done by the present war. He said the allies were not fighting the German people, whom they wanted to be as free as other nationalities.

FIGHTING MEN OF BRITAIN WHO FISH IN DEEP

Nursery of Royal Fleet is Northern Isles and Northern Scotland.

The birthplace of the British fishing industry was undoubtedly the English Channel. But no better men ply the trade by net or line than those which hail from the Western and Northern Isles, and from the ports of Northern Scotland.

These places are, indeed, natural nurseries for the royal and merchant fleets, though it is interesting to note that by act of Parliament whale fishermen were exempted during the Napoleonic wars from the activities of the press gang.

The coming of great ships of war and the standing navy ended to a great extent our country's early dependence on the larger fisher craft in sea battles.

Pre-Armeda days the fishing ports of the channel provided the largest number of craft and seamen (London, even, was less important to the navy than a combination of West Country ports with unfamiliar names), and when a British expedition was to be sent to France the fisher craft were requisitioned as transport.

Light, fast and seaworthy were the fishing boats of the Channel—they were used as "scouts" and patrols, just as their counterparts are being used today.

When war was declared in August, 1914, thousands of naval reservists travelled from the fishing ports and islands to rejoin, and though round the depot one heard many dialects from Newquay to Scalloway, from Stornoway to Dover, there was only one argot of the sea. Donald might ejaculate in Gaelic, and his Cornish neighbor in a dialect akin to the lost British language; but they had a common dress in the uniform of the royal navy.

It was astonishing how smartly these fishermen leapt back into the drill and duties of Jack Tar, and how a uniformity of appearance was gained. Bushy beards were trimmed close, matted locks sacrificed, and the razer's steady labor produced a man little different, on the surface, from our fisherman warriors.

But the first month of war showed that our fleet was deficient in mine-sweepers, though, of course, with a nucleus squadron of these handy craft. So the trawlers and drifters and carriers of the Dogger Bank, the Iceland and the White Sea fishermen were called upon, and the surplus men of the fleet drafted back to their old service.

And none the less fighters did they prove though at first their duties were but slow and mildly dangerous. At least so these men said, but hand-

ing a concussion bomb powerful enough to splinter their tiny craft cannot be held to be a pleasure.

The submarine war was, however, their opportunity. The Germans aimed at the destruction of every ship in the neighborhood of Britain, and certainly did serious damage.

But our fishermen-warriors proved real sleuth-hounds; every certain evidence of the passing submarine was noted—the even waves in calm weather, the sudden breaking waves when there was a capful of wind, the scared seafowl, the tiny plume of water where the periscope cut its way.

And no less ingenious and worthy were the methods of attack. The submarine was patiently followed for hours until compelled to seek the surface. He was located by kites and seaplanes.

The trawler soon gained the mastery of this monster of the under seas, and will continue to hold it, despite the new inventions of the enemy.

There is an invention which assists the location of under-water craft, the coming of which swept Von Tirpitz's invisible fleet from his grasp.

The latest declaration of the enemy will compel the men who use the Dogger Bank to become warriors. Fishing craft have always been theoretically immune from sinking, now they are to be sunk on sight.

But we shall see the raider jerking

out his machine guns just a few seconds too late, for the fisherman-warrior, bereft of all other weapons, will certainly use the full power of his tiny craft to ram and destroy the enemy.

Two Canadian Leaguers Help to Defeat Braves

Cincinnati, May 19.—Cincinnati broke its long losing streak by defeating Boston, 3 to 2. The visitors took the lead in the first inning, when Evers was passed and scored on singles by Collins and Konechy. In the fourth inning Herzog was given a base on balls and Killifer sent the ball to the right field fence for a home run. Boston tied it up in the fifth on singles by Reulbach, Maranville and Collins. The locals put the winning tally over the plate in the seventh on "Heinie" Groh's single. "Oakie" Nestle's sacrifice and Chase's single. Score:—

Boston	100010000	2	9	1

Children Cry FOR FLETCHER'S CASTORIA

Sporting Comment

Cold weather was instrumental in calling off three of the International League games yesterday, including the one scheduled between Richmond and the Toronto Leais. The former club is managed by Billy Smith, who handled Buffalo several seasons ago, and owing to being blessed with extra fine weather while at home, are performing in the best condition of any team in the League. On the other hand the Leais need a lot of work before they are fit. By the way, Eddie Wright, who was released to Bridgeport, has balked on going, and he was given his outright release.

The International Western magates are certainly being hard hit by the weather man. Montreal has yet to stage an opening, and they are now four days overdue, and of the eight clubs are the only one who have not played a game this week. Manager Dan Howley, of the Royals, used to say that if his players did not soon get going together they would find themselves going in different directions. His remarks about the weather would no doubt be interesting, as would the other pilots. The Western teams suffer the most, as it was during the present stay at home that they counted on having morning practices and therefore getting into the same good condition as the Eastern aggregations. The box office is also being hard hit.

There is no stopping the Cleveland team, and the prophecy of the critics that the Indians would crack when they hit the East has failed to materialize. Yesterday they not only beat Walter Johnson but stopped Washington's winning streak. These teams have engagements for the next four days, as arrangements have been made for the two to play a league game at

Cleveland on Sunday. A tremendous crowd is promised for this game, and everything points to all attendance records being shattered in that city. The best evidence is that all the reserve seats have been sold at this early date.

Manager Joe Birmingham, of the Leais and the former pilot of Cleveland, thinks there is not a better ball town in America than Cleveland. Their amateur games draw between 20,000 and 25,000, which shows the interest. A few years ago the salary list of the so-called amateurs in Cleveland was around \$1,200. Last year the salary of the champion team reached the \$6,000 mark. These amateurs have been bringing in big league clubs for games this year on Sunday. It is likely that Manager Birmingham will take the Leais over to Cleveland for an exhibition game with one of the amateur teams before the season is over.

IMPORTANT CHANGES

In Grand Trunk Train Service Effective May 20th, 1916.
New train No. 55 will leave Toronto 10.15 a.m. daily except Sunday for Barrie, Orillia, Severn, Muskoka Wharf, Huntsville and North Bay. Major making connection at Muskoka Wharf for Muskoka Lake points. This train will carry the highest class of equipment including parlor, library, cafe car and first class coaches.
Train No. 41 now leaving Toronto 8.05 a.m. daily except Sunday, for North Bay, will be cancelled north of Gravenhurst.
Train No. 43 now leaving Toronto 7.30 p.m. daily except Sunday for Huntsville will run through to Scotia Junction, with new train for Algonquin Park and Madawaska, also for Depot Harbor and Parry Sound.
New train will leave Muskoka Wharf 5.00 a.m. (Mondays only) for Toronto, arriving Toronto 8.40 a.m. in time for business. This train will stop at all intermediate stations.
Timetables and full particulars on application to Agents.

BASEBALL PRACTICE

There will be a practice of the Printers Baseball team, which has been entered in the City League, on Saturday afternoon, at recreation Park, East Ward. All interested in this team are asked to be on hand as this will be the last practice before the game on the 24th.

STRONGLY RECOMMENDS

BABY'S OWN TABLETS.
Mrs. Alonzo Tower, Johnson's Mills, N.B., writes: "I can strongly recommend Baby's Own Tablets to all mothers whose little ones are suffering from constipation as I have proved them an excellent medicine for this trouble." Baby's Own Tablets not only cure constipation, but they make teething easy; break up colds, expel worms and regulate the stomach and bowels. They are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

MENTIONED IN DESPATCHES

Major John McBride should have let well enough alone after his experiences in the Boer War. Major McBride fought through the Boer War under General Joubert, escaping after the war to Paris, from which place he later went to the United States, where he carried on an Irish propaganda. McBride took part in the recent Sinn Fein rebellion in Dublin, and paid for his folly with his life, being one of the rebels executed. A few years ago Major McBride married Miss Maude Gonne, known as the Irish Joan of Arc. Later she secured a divorce from her belligerent husband.
John T. Ryan, premier and attorney-general of Queensland, Australia, who recently passed through the United States and Canada en route to England, just got there in time to bring greetings from the Australian Irish to John Redmond after the Sinn Fein rebellion in Dublin, Ryan was

born in Ireland in 1870, and as a young man went to Australia and entered journalism. For the past twenty years he has been editor of the Catholic Press of Sydney, and also Australian correspondent of the Westminster Gazette. Ryan and his Irish associates in the antipodes deplore the Sinn Fein rebellion.
Sir Douglas Mawson, who is now on his way to England, where he will offer to take charge of a relief expedition on behalf of Lieut. Sir Ernest Shackleton, is an Australian by birth. Sir Douglas Mawson has done considerable exploring work in the Antarctic, and as a matter of fact is the only survivor of a group who undertook a trip from the base in Adelieland. On that occasion Mawson fought death alone for thirty-one days in the frozen wilderness. On his return from his exploring trip he was knighted. Mawson is a medical man and practices his profession in Australia.
Rev. Mercer Green Johnston has resigned as rector of the fashionable Trinity Church, of Newark, N.J., because, he says, some aspirants to social leadership and political dictators didn't want to listen to his hard-hitting sermons.

"Everybody Knows Where"

NEED OF VOCATIONAL SCHOOLS INSISTED UPON IN THE ANNUAL REPORT OF PRESIDENT OF B. OF T.

Mr. H. H. Powell Urges This Particularly in View of Soldiers Returning From the Front—The Question of "Back to the Land" and Tariffs Also Touched Upon.

Mr. H. H. Powell, president of the Board of Trade submitted his annual report last night which reads as follows:

The uncertain trade conditions existing since the war commenced has very considerably eliminated the board's opportunity for usefulness to the community; the mind and activities of the members being so taken up in providing men and means to further our country's and Empire's effort in the great war in which we are engaged that other questions became negligible. However, as indicated by the Secretary's report, your officers and committees have kept in touch with all matters pertaining to the advancement of the commercial and industrial interests of the city.

BUSINESS CONDITIONS.
Business conditions during the war period has been one of surprises. Before the war the industrial condition was most critical, but owing to large acreage put under crop and the especially favorable crop growing season vouchsafed us by Divine Providence, we harvested the largest yield on Canada records, and are realizing for same similarly high prices. The agriculturists' requirements together with the munitions and war supplies orders received, have taxed the manufacturers' capacity to fill. Consequently, we find employment and wage conditions good, and trade so favorable that Canada finds herself with a balance of 200 millions to her credit at the end of the year, instead of a deficit of a similar amount.

When such conditions prevail generally the Board of Trade's assistance is not much sought. Some of our towns and cities adjoining the U. S. border have secured additional factories, mainly Canadian branches of American factories. Otherwise but few new factories are being erected

and not likely to be until the war ends and men can be got to man them. The above remarks coupled with the report of our most efficient secretary will cover what has occurred during the past term, of interest to the members.

However, with your permission, we desire to draw your attention to some matters that I think should receive your most earnest attention.

VOCATIONAL SCHOOLS NEEDED.
The first and most urgent is the establishing of Vocational Schools here, wherein those so incapacitated by injuries as to be unable to take up their former calling may be educated along such lines as will enable them to be useful and as far as possible happily employed for their support. In France, particularly, notwithstanding their strenuous conditions, they have provided schools there that seem to be able to provide the means of earning a living that meets the severest of afflictions.

SHOULD NOT WAIT.
The men who have enlisted here are the most active and energetic of our citizens, their training and present life have made them more so, being for the most part young men with the greater part of their lives yet to live. We should see that they have the opportunities of life, regardless of counting necessary cost. From a monetary standpoint it will certainly be more profitable than compelling them to pass their lives in idleness. The boys are gradually returning, I do not think we should wait until the war is over to provide the schools, as it will take some time to get anything of a new departure of this kind started and running properly. We bring this before you because it has got to have your support to be established financially and advisory. You are vitally interested in the efficiency of the artisan, you have the experience and contribute largely to the cost, so why not help solve the problem. Furthermore you will be solving a problem that affects the future training or education of 90 per cent. of our school children, boys and girls to-day, but the man behind the machine to-morrow. If education should prepare the boy and girl to live, and prepare them to work in the most efficient way possible, would not the addition of Vocational Education be of great advantage to our present system?

The Board of Education is quite cognizant of the needs, both Technical and Vocational. Brantford is large and important enough to have both, of a class second to none. We trust, therefore, that the question will meet with your most earnest consideration.

THE LAND PROBLEM.
Back to the land is another question. The government is considering that as applied to New Ontario, but we think it should be considered in connection with Old Ontario also, where there is so much uncultivated and undercultivated land for lack of farm help, and so help to solve the agricultural help problem by getting a large number of small farms throughout the country.

Back to the land will be found to be as much a social as an economic problem, and is only solved when the landless farmer is given the opportunity of acquiring a home, and thereby social status. That is the reason the Irish Land Act has been so successful, and has been so reported on by several state committees appointed to investigate and report on the working and desirability of the many land acts in operation throughout the world—their reports stating that it has been the most successful in lessening tenant farming, resuscitating worn-out land, increasing very largely by the agricultural output, and has completely solved the back to the land problem and the agricultural help problem.

In view of the expected desire of a number of those returning from the front to take up agricultural work, and who will have acquired quite an amount of knowledge in regard to intensified farming, the board might find its expression on the matter most opportune and helpful in framing legislation thereto.

TRANSPORTATION. Transportation rates are the measure of distance. We are a country of "magnificent distances," and, as the value of our products depends on what our competitors can pay their products down for in the same market, we will have to exercise our ingenuity in providing low transportation rates. Otherwise our large area of grain, etc., producing territory will not be main attractive and retain the farmer thereon. As an instance, compared with Russia, who will be our greatest competitor, particularly from her grain and dairying section on the Black Sea and river tributary thereto, she will have water rates all the year round to Britain, our main market from a country, in products and climate similar to Canada. We, on the other hand, have long rail haulage to water transportation points and for the same seasons crops, only available for a couple of months. We are vitally interested in the quick mark-

eting and net results of the crops to the farmer, but it is a question of equal importance to the manufacturing interests, as the operating of factories to capacity depends upon the marketing of say 60 per cent. of their output in foreign markets, the loss of which we have quite recently had with its accompanying loss of employment to our citizens brought home to us.

ON BUSINESS LINES.
Although we expect to obtain preferential trading privileges with and among our Allies, still we must not forget that time works great changes in our feelings of dislike and distrust of our enemies, hence should prepare to meet competition on strict business lines, and we believe its solution merits the careful consideration of the board.

THE TARIFF QUESTION.
Tariff. In view of the action taken by Boards of Trade throughout the Empire in regard to trade policy and tariffs to be put into effect on the cessation of the war, we think we should be prepared to present our views thereon after conclusions reached by the board. The tariff question, being one of Empire policy, is eliminated from the field of partisanship, can be handled without fear of strife or ill feelings, and therefore is within the province of the board.

We have much pleasure in acknowledging the courtesies extended the board by the city council, and thanks to the fact that they are not placed therein simply to good feeling existing.

The board's very careful and attentive secretary, Mr. Hatley, so handles matters through the various committees appointed by the board that the duties of the President are anything but onerous.

We might state that in regard to the remarks on education and lands, they are not placed therein simply to be handed to my successor, but as subjects that, at the instance of the board, we were requested to investigate and report on, we have given considerable time and study to, and hope they will be taken up and given serious consideration by the board.

Owing to the secretary's indisposition, the holding of our annual meeting is somewhat later than usual, which we regret. We also desire to express our appreciation and thanks to the members for the honor conferred.

WILL WIN THE WAR.
In conclusion, His Majesty the King, in his address to parliament, expressed his confidence in the courage, tenacity and resources of the Empire to be victors in the war. We are sure it is a great source of pride to him to know and feel that his confidence was justified. All our citizens act and feel, whether wearing the uniform of active service or not, that like him, the Army, the Navy, and all our citizens, we have and will, we, until the last man and dollar is gone, fighting until we die—but never licked.

Public Kitchens Failure in Berlin Scheme Breaks Down Under Rush of Hungry People.

London, May 18—An experiment by the municipality of Charlottenburg, a suburb of Berlin, in feeding inhabitants of the city from public kitchens, failed in a failure on account of the rush of thousands of people for food, Reuter's Amsterdam correspondent telegraphs.

The appearance in the streets of Charlottenburg on Monday of mobile field kitchens, known generally as "goulash cannon," was the signal for the collection of a crowd estimated by the Berlin Tagblatt at 4,000 persons, the correspondent says, "The crowds stormed the kitchens, with the result that this municipal enterprise had to be stopped. The cause of the fiasco is said by the Tagblatt to be that the enterprise was inaugurated with insufficient means. The Magistrate of Charlottenburg issued a notice that owing to the rush of people it was impossible to distribute food in the street as intended. There was only 600 litres of food to be given out. The feeding of the people in this way cannot be undertaken until further notice."

HOMESEEEKERS' SPECIAL TRAIN.
Leaves Toronto 10.40 p.m. Each Tuesday, Commencing May 23rd.

For the accommodation of homeseekers and general tourist traffic to Western Canada, through train carrying tourist sleepers and colonist cars will, commencing Tuesday May 23rd, leave Toronto 10.40 p.m. each Tuesday until further notice, running through to Winnipeg. Attention is directed to the remarkably low round trip fares in connection with homeseekers' excursions to Western Canada via Canadian Pacific Railway. Tickets are on sale each Tuesday until October 31st inclusive, and are good to return within two months from date of sale. Apply to any C. P. R. Agent for full particulars. W. B. Howard, District Passenger Agent, Toronto.

ALLISON'S STORY OF FUSE ORDERS

Central Figure in the Kyte Charges Testifies Before Commission, GAVE CLEAR AND FRANK RECITAL General Hughes Never Informed by Him of Commissions.

Ottawa, May 18—Honorary Col. J. Wesley Allison, the central figure in the Kyte fuse charges, took the stand yesterday afternoon. He told a clear story of the arrangements regarding the various contracts in which he was concerned. He had been called in by General Hughes for the specific purpose of creating competition in order to reduce prices for the manufacture of fuses. General Hughes considered that the prices which had been quoted up to that time were altogether too high and Allison undertook to get together a group of manufacturers who could produce the fuses at the lower price, while General Hughes thought was proper, and at the same time secure early deliveries.

Col. Allison throughout his evidence emphasized the difficulties of fuse manufacture. Not only the Shell Committee were unaware of the difficulties involved, but the manufacturers themselves at that time were equally ignorant of the intricate nature of the work.

Prior to taking up this question of the manufacture of fuses Col. Allison had been engaged in very large undertakings for the supply of munitions to the allied powers, had been in Europe, and had laid the foundation for an extensive and, as he expected, profitable business. He had then met Yoakum in New York and joined forces with him on the basis of the understanding already described by Yoakum himself.

Col. Allison explained his relations with Yoakum. His arrangement with him was made some considerable time after his arrangement with Lignanti out of the Yoakum commission would be the victim of the Allison-Lignanti connection, and not by reason of any association of Lignanti with Yoakum. This statement corroborated absolutely the evidence of Mr. Yoakum upon that point.

With regard to commissions, Col. Allison stated that he had received, as would receive, a commission on the number of contracts in which he was not concerned. He had never informed Sir Sam Hughes of these commissions.

Col. Allison while giving his evidence was obviously in good health, and was in care of two physicians, it being arranged with the commissions that his examination should be made at only such length and intervals as the state of his health would warrant.

B. F. Yoakum concluded his testimony at the morning session. He said in the negotiations in which he took part everything was above board, and that "all the cards were on the table, face up."

A pearl necklace valued at between \$40,000 and \$50,000, belonging to a young New York society matron, whose name the detectives refuse to divulge, has been lost or stolen.

Only 467 candidates for admission to the Naval Academy at Baltimore out of more than 1,800 passed the mental examinations.

Constipation is Cured by HOOD'S PILLS 25c.

THE LUNCHEON

Given in Connection With the Presentation of Colors. Lieut.-Governor Hendrie Made a Most Appropriate Speech.

At the luncheon given yesterday in the Brantford Club by Lt. Col. Cockshutt, M. P. to Sir John Hendrie, Governor of Ontario and several military men, the table decorations were of the most dainty nature, including many vases of roses.

Chaplain Williams offered grace and the menu was of a very choice nature and splendidly served. At the conclusion of the repast Lt. Col. Cockshutt gave "The King," responded to by the singing of the National Anthem.

In proposing the toast of the Lieut. Governor, Mr. Cockshutt voiced the honor and the pleasure which he felt as he was sure they all did, in having with them the first Commoner of the Province. Sir John Hendrie and Lady Hendrie had proven themselves most gracious occupants of Government House and with great success had successfully discharged the duties of their high position.

Major Williams in a few felicitous words extended a most welcome greeting to Sir John Hendrie, who was received with loud applause, made a very happy reply. He stated that both he and his wife had looked forward with special pleasure to their Brantford visit and had not in any sense been disappointed. The fame of the city and the county in the matter of the large number of men who had offered for service, and in contributions for the war, was well known to all and he had been deeply impressed with the showing made that morning by the 125th Battalion. He was commencing to rank as a veteran in the presentation of colors and although he was not going to say that the Brant Battalion was the best he had ever seen, it certainly was a very great credit indeed to the commanding officer, Lt. Col. Cutcliffe and all associated with him. For the time they had been together, the 125th had decidedly done wonders and he knew that like all other Canadian Battalions they would give a splendid account of themselves when the call to action came. He would say as the result of his visit to the trenches near Mohawk Church, that he had never seen better work of the kind anywhere. The Lieut. Governor said that he knew the members of the Battalion appreciated to the full the kindness and the thoughtfulness of Mrs. W. F. Cockshutt in presenting such beautiful colors, and that they would be kept inviolate in the hands of the regiment. He also returned sincere thanks to the host of that event.

Major Williams also made some apt remarks and the gathering then dispersed, the gubernatorial party leaving by special car for Hamilton to attend another function there.

Col. Fraser, principal aide de camp to the Lieut. Governor, discharges the duties of that position in a most pleasing and affable manner. The members of the Fourth Estate here will not soon forget his kindness and urbanity.

Will Speak For Peace League
By Special Wire to the Courier.
Washington, May 18—President Wilson to-day accepted an invitation to speak either Friday or Saturday of next week at a meeting here of the League to enforce peace, of which former President Taft is president. The president, in speaking to the anti-preparedness committee recently, suggested that after the war all nations combine in a league to preserve peace with a common police force.

PARLIAMENTARY CEREMONY YES

Bill to Extend I ment Was In House Last W Country in the Corps to Its A

Ottawa, May 19—Parliament rogued at 4.30 yesterday afternoon did so with little fuss or ceremony. Sir Charles Fitzpatrick, as Clerk of the House, presided over the proceedings.

There was no last-minute flourish in the Senate, as has been the case a close of the two preceding sessions. The Upper Chamber having finished its work last night. The Comm. had also disposed of practically all its items on the sessional program which was voted to receive continuation, and put in its time until hour of prorogation discussing report of the Pensions Comm. and hearing a number of suggestions for economy in Government printing from the committee which has sidereed the latter. Both reports approved.

That of the Pensions Comm. which suggests an upward revision of the rates to be paid in the ranks, has not been embodied in

One Request—those who write for our Recipe Book.

PARLIAMENT STANDS PROROGUED; CEREMONY YESTERDAY AFTERNOON

Bill to Extend Life of Present Parliament Was Introduced Into British House Last Week - Canada Second Country in the World to Add Dental Corps to Its Army.

Ottawa, May 19.—Parliament prorogued at 4.30 yesterday afternoon. It did so with little fuss or ceremony. Sir Charles Fitzpatrick, as Deputy Governor-General, officiated in the absence of H.R.H. the Duke of Connaught, who is in Montreal.

There was no last-minute flurry in the Senate, as has been the case at the close of the two preceding sessions. The Upper Chamber having finished its work last night. The Commons had also disposed of practically every item on the sessional programme which was fated to receive consideration, and put in its time until the hour of prorogation discussing the report of the Pensions Committee and hearing a number of suggestions for economy in Government printing from the committee which has considered the latter. Both reports were approved.

That of the Pensions Committee, which suggests an upward revision in the rates to be paid in the lower ranks, has not been embodied in legislation this session for the reason that it is desired to allow the Pensions Board which the Government will appoint shortly to apply the test of practical experience first. The report has, however, been commended by the House to the consideration of the Government, which, it has been stated, can give effect to it under the provisions of the "War Measures Act." It has been estimated that under the new scale the pensions required for an army of 100,000 men in the field one year would aggregate \$7,134,181 a year.

At the opening of the sitting Sir Robert Borden announced that the bill providing for the extension of the term of the present Canadian Parliament until October, 1917, had been introduced in the British Parliament on May 3. He also presented a report of the Canadian Army Dental Service, remarking that Canada had been the second country in the world to add this useful branch of its military organization. Germany was the first.

BIG ATTENDANCE AT THE ANNUAL OF THE W. C. T. U.

Reports Presented Showing Work of Union Progressing Favorably.

COCOA AND SOUP FOR SOLDIERS

Mrs. S. G. Read President Again for Ensuing Year.

The largest attendance and the greatest enthusiasm for many years characterized the annual meeting of the W. C. T. U. held yesterday afternoon at the home of Mrs. A. Shultis, 44 William street, when the election of officers and the appointment of committees together with many other matters, took place. Following the opening prayer by the president, Mrs. S. G. Read, who occupied the chair, and the Bible study taken by Mrs. John R. Kerr, a most interesting and pleasing programme was presented. A vocal number, "Cast Thy Bread Upon the Waters," was admirably rendered by Mrs. A. Lister, Mrs. (Dr.) Nichol and Mrs. L. Pierce, while a reading "People in My Block," by Mrs. Shultis, delighted all present. Miss Oldham, Egerton street, rendered a beautiful solo, "I Will Go Where You Want Me to Go, Dear Lord."

Reports from the different departments of the organization were next submitted, all of them showing a great increase in interest in every line. Miss Helen Patterson reported splendid work being done by the Girls' Department, which now contains an enrollment of over 100 members; Miss Oldham reported for the Local Temperance League, which meets in Brant Avenue church, and which has now membership of 125. The president spoke on the work accomplished by the League of Honor, emphasizing the league's motto of prayer, purity and temperance. Mrs. John R. Kerr submitted a report on the evangelistic work while Mrs. A. Shultis announced that the annual Brant County convention of the W. C. T. U. would be held in the Y. W. C. A. on June 15.

WORK FOR SOLDIERS.
The W. C. T. U. has never supplied any money for liquor or tobacco to be furnished the soldiers in the trenches or in camp. The sum of \$22.75 was realized by a collection, and will be devoted to supplying the night guards, whose duties are most tedious and whose tending, with hot cocoa and soup, which are better for the men than liquor and which produce no ill effects. This sum will be forwarded to the Y. M. C. A. representatives of the front whom the local W. C. T. U. is supporting.

OFFICERS ELECTED.
The following officers were elected for the ensuing year: President, Mrs. S. G. Read; vice-presidents, Mesdames John R. Kerr, (Rev.) A. E. Lavelle, (Rev.) W. R. Wrighton, (Rev.) G. A. Woodside; rec. secretary, Mrs. M. Rothwell; cor. secretary, Mrs. W. M. Mitchell; treasurer, Mrs. A. Shultis. To the various departments of the W. C. T. U. the following were appointed as heads: Evangelistic Department, Mrs. John R. Kerr, Mrs. E. A. Hughes; Flower Mission Department, Mrs. S. G. Read; Bible Study, Mrs. Drake, Mrs. Baird; Equal Franchise Department, Mrs. Clarke; Mothers' Meeting Department, Mrs. S. G. Read; Bible Study, Mrs. Baird; Narcotics and Sabbath Schools Department, Mrs. George Chrysler.

At the close of the meeting dainty refreshments were served and a pleasant social hour enjoyed by all.

ONTARIO LICENSES GOOD IN MICHIGAN

Windsor, Ont., May 19.—Ontario automobile licenses are now good in Michigan for a 21-day sojourn, according to a telegram received here yesterday afternoon from the Secretary of State, Lansing, Michigan. His ruling followed the receipt of a telegram from Deputy Minister of Highways W. A. McLean, of Toronto, to the effect that the province of Ontario would permit of Michigan licenses being used in Canada for 21 days.

It was suggested by Mr. McLean that the arrangements go into effect on June 1, unless Michigan laws any reciprocal arrangements become effective immediately, and word to this effect has been sent Mr. McLean.

It is also announced that the United States Customs Department has increased from seven days to ten the length of a trip into the United States by automobile before it is necessary to take the usual six months' bond to cover the importation.

THIN-BLOODED PEOPLE Often Become Seriously Ill Before They Realize It.

Some people have a tendency to become thin-blooded just as others have inherited tendency to rheumatism or nervous disorders. The condition in which the blood becomes so thin that the whole body suffers comes on so gradually that anyone with a natural disposition in that direction should watch the symptoms carefully. Bloodlessness can be corrected more easily in the earlier stages than later. It begins with a tired feeling that rest does not remove, the complexion becomes pale, slight exertion produces breathlessness and headaches and backaches frequently follow. In the treatment of troubles due to thin blood no other medicine has had such a great success as Dr. Williams' Pink Pills. They go right to the root of the trouble, make rich, red blood, thus restoring the weakened system to health and strength. Mr. R. F. Ashford, Peterboro, Ont., says: "Four years ago my condition became so serious that it seemed to me I was never going to get well again. I was every morbid feeling possible. For months I had been overworked, and bereavement added the last straw necessary to break down my constitution. I had a severe present headache and pains in the back of the eyes, and at the same time I was seldom free from severe neuralgic pains. I was rarely hungry, and when I was it seemed to create a morbidness which made my other ills harder to bear. Of course I consulted a doctor, and he told me a rest and change of air, just as this I should make Dr. Williams' Pink Pills. I was decidedly skeptical, but she got some and to please her I took them. The result—After the first box I was compelled to admit that I really did feel better. After the second box I ungrudgingly admitted that they were doing me good, and after the sixth box I felt free from every ache and pain in my gratitude I began to praise the pills to others. I am feeling as fit as I did twenty years ago and I owe it to Dr. Williams' Pink Pills."

You can get these pills from any medicine dealer or by mail at 80 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

MOST ENJOYABLE

Was the Concert on Behalf of the Chaplain's Fund of the 125th Battalion.

A very charming concert was given in the Brant Avenue Methodist church last night. It was arranged by the choir on behalf of the Chaplain's Fund of the 125th Brant Battalion, and it was a good attendance.

Miss Irene Symons, of the Trinity Methodist church quartette, Toronto, was the vocal soloist, and her singing was a delight. Miss Symons is a soprano and a sweet yet powerful voice of very even register, and she gets even her long-sustained fortissimo effects without apparently the slightest effort. There is none of the reaching after notes so painful with some performers. The Aria from Madame Butterfly (Puccini) was a notable piece of phrasing, and the Ave Maria (Bach-Gounod) with violin obligato by Miss Jotex, was a delight. In her lighter numbers, if indeed such a song can be so classed, Tosti's Good-Bye was given a memorable interpretation. Miss Symons is a little artist—every inch of her.

Miss Marjorie Jones was, as usual, heard to very great advantage in violin solos. The sonorous breadth of her bowing was in particular beautifully emphasized in the opening portions of the "Adagio and Moto Perpetuo" by Ries. In all of her numbers she demonstrated exceptional facility in the matter of interpretation and execution.

Mr. Clifford Higgin, the talented organist of the church, was especially happy in his selections. Two fantasias, one of his own composition, were very cleverly done.

Bandsman Thomas Budd, and Bandsman Philip Ciappaccia, both of the 125th, rendered a correct and euphonious solos in an admirable way. Capt. Jordan and Mr. Higgins were the accompanists.

During the evening Chaplain Lavelle explained the object for which his fund is intended. The aim is \$500, and voluntary donation of a gramophone, footballs or any sporting paraphernalia will not, in addition to that, be turned down.

THREE GERMAN SHIPS ARE SUNK

But All Received Warning Before Being Put Under.

ALLIED SUBS IN THE BALTIC

Russian and British Boats Getting in Good Work.

Stockholm, May 19.—The German steamer Hera was sunk yesterday off Landsort, in the Baltic, by a British submarine. The sinking of the Hera marks the first activity of submarines in the Baltic this season. The Hera left Stockholm on Tuesday to take iron ore to Oxelosund, carrying a cargo of 2,000 tons. Her captain was ordered on board the submarine with the ship's papers and made prisoner. Sufficient time was given the crew to leave the ship.

Although the weather was rough all on board were saved.

The report of the submarine's activity has stopped the movement of numerous German vessels with cargoes of iron ore now at Oxelosund and other ports.

The Hera was a vessel of a tonnage of 4,705. She was owned in Hamburg, was 374 feet long and was built in 1912.

TWO OTHERS DESTROYED.
London, May 19.—The sinking of two German steamships by a submarine, believed to be a Russian, is reported in a Rester despatch from Stockholm. The steamships were the Kolga, Hamburg for Stockholm, and the Bianca.

The steamships were torpedoed yesterday afternoon off the Swedish island of Landsort, in the Baltic. The Kolga was attacked at 5 p.m., being given twenty minutes warning. Thirteen of the crew were picked up by a Swedish steamer. Four others, including the captain and second mate are missing.

Half an hour later the Bianca was shelled and then torpedoed. The attack occurred in the same vicinity as that of the Kolga. The captain was taken prisoner. Two members of the crew were injured slightly. They and the other members of the crew were picked up by the vessel which rescued the men from the Kolga.

The Kolga, 2,086 tons gross and 260 feet long, was built in 1903 and owned in Lubek.

The Bianca was owned in Hamburg. Her gross tonnage was 1,054. She was built in 1907 and was 226 feet long.

BALTIC NOW ICE-FREE
A large number of British submarines are operating in the eastern and southern portions of the Baltic Sea, which is now ice-free, says a despatch to the Exchange Telegraph Company from Copenhagen.

Last fall British submarines which made their way into the Baltic through the Skagerrack and Cattegat carried on an energetic campaign against shipping between Scandinavia and German ports through Baltic waters. In especial they appear to have worked havoc with the ore trade between Scandinavia and Germany, sinking a number of ore vessels and, according to some reports, virtually paralyzing this traffic for weeks because of the peril to shipping due to the known presence of hostile submarines. It is understood, also, now in the Baltic.

Music and Drama

COLONIAL
"The World Against Her" pleased a big house at the Colonial last night. It is full of quick action and bright, unexpected situations, with plenty of laughs for those who like laughs, and a moral that would satisfy the most puritanical mind. Johnnie Higgins has the leading part in this play, and made a very interesting and laughable character of "Jags," a tramp. The rest of the cast was excellent as usual. The photo plays were also well liked.

VICTORIA DAY SPECIAL
In order to relieve congestion and prevent overcrowding on regular trains, the Grand Trunk Railway System will run special train from Brantford on Tuesday, May 23rd.

Leave Brantford 6:22 p.m. for Paris, Woodstock, Ingersoll, London, Glencoe, Chatham; Windsor; and Detroit; also Komoka; Stratford; Watford; Wyoming and Sarnia Tunnel. Through coaches and parlor cars to Detroit; dining car to London. Passengers for these points will find it advantageous to get to the station early and travel by this special train, reaching their destination in comfort and in good time.

Single fare rate good going and returning Wednesday, May 24th. Fare and one-third rates are in effect May 23rd, May 24th, valid to return until Thursday, May 25th, 1916.

Extra coaches will be added to all regular trains during the period reduced rates are in effect. Railway tickets, parlor and sleeping car tickets and full information at the Grand Trunk Railway City Ticket Office, Colborne St., T. J. Nelson, city agent.

The weight of \$50 in dimes and nickels she carried finally bore down an aged woman, in a Philadelphia street and landed her in a hospital.

Every One a "Six"

HOW MANY MILES
Are There in a Gallon of Gasoline?

That depends on the type of motor in your car. When you buy a "McLaughlin" Six Cylinder Valve-in-Head Motor Car you not only get the last word in comfort, style, power and speed, but we guarantee that you get an automobile which will give you THE HIGHEST GASOLINE MILEAGE.

It is an admitted fact that the McLaughlin "Valve-in-Head" Motor does mean 15 per cent. more power than any other type of gasoline motor, which means 15 per cent. more mileage per gallon of gasoline.

This is not a theory but a fixed engineering principle resulting from the perfecting of the "McLaughlin" Valve-in-Head Motor. Hundreds of users of "McLaughlin" Valve-in-Head 45 Horse-power cars give evidence daily that they are getting 22 miles or more per gallon of gasoline while touring with full passenger load, and many users report over 26 miles per gallon.

REMEMBER, COST OF OPERATION IS A PART OF THE COST OF YOUR CAR.

With the price of gasoline going up, the proven economy of the "McLaughlin" Valve-in-Head car should make it the preference.

Lord Curzon Head of Aerial Board
Its Duties Will be to Advise Authorities in Regard to Air Services.

London, May 18.—In the course of a debate in the House of Commons yesterday on aerial service, Harold J. Tennant, Parliamentary Under Secretary for War, said Great Britain had the supremacy of the air, he continued. On the contrary, England had a very large measure of supremacy, and in a great majority of combats here airmen were the winners.

Mr. Tennant said arrangements for giving warning of Zeppelin raids were now complete, and that there has been a great improvement in regard to lights and guns.

Mr. Tennant announced the Government had decided to constitute an aerial board to advise the Admiralty and the War Office in regard to air services and designs of machines. Earl Curzon had accepted the presidency of the board of which Lord Sydenham will be a member. Major Blair will represent the board in the House of Commons. The other members will be army- and navy officers.

FOR SALE
House with all modern conveniences, for quick sale, in choice residential district of Brantford, with frontage on Dufferin Avenue, and rear entrance on Egerton street. House has four bedrooms, bath room, good sized halls on both floors, dining room and kitchen, all rooms downstairs have parquet floors. Cellar has cement floor, and separate furnace rooms. Rooms nicely decorated. House to be sold complete with handsome electric light fixtures, blinds, screen doors and windows, etc. Ready for immediate occupancy.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.
THE sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency), on certain conditions.
Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within one mile of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.
In certain districts a homesteader in good standing may pre-empt by purchase a section alongside his homestead. Price \$3.00 per acre.
Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra-cultivation. Pre-emption patent may be obtained as soon as homestead patent on certain conditions.
A settler who has exhausted his homestead rights may purchase a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$300.
The area of cultivation is subject to reduction in case of rough, scrubby or stony land. Live stock may be substituted for cultivation under certain conditions.
W. W. CORT, C.M.G., Deputy of the Minister of the Interior. N.B.—Unauthorized publication of this advertisement will not be paid for.—5438B.

By Special Wire to the Courier
New York, May 18.—(M-zette)—Anniversary service of the victims of the Lusitania were held in Carnegie Hall. The memorial meeting was taken place on May 7, the day of the sinking, but at the Mayor Mitchell, was post-mortem giving as his reason for the request the critical German-American relations of the anniversary and of disorder due to the tiding in the public mind as that crisis. The speakers were George Haven Putnam, president of the American rights; the Rev. Dr. Randolph Kim of the Church of the Washington, and Professor H. G. Wells of Columbia. The meeting was directed to out sympathy for the allies cause.

The time had come, said Mr. Putnam and Dr. McKim, definitely to align her side of the allied nations. Putnam was denounced and the Lusitania described as a crime the stigma of which German can escape.

SOLEMN OCCASION
There was no disorder attending. It was a solemn occasion the only time that anything bling laughter sounded in the when Major Putnam and other speakers, referred to "responsibility" carried on Washington and Berlin.
Major Putnam spoke first, explained why the meeting was held on the original date. He definitely wished it to be placed on the shoulders Mitchell, and added that the tee, while complying through of duty to the request of the new, definitely wished it to be understood that it had shared the views of the me the wisdom of the post in mind, when he asked for ponement was, in the opinion committee, said Major Put proper time when good
