| Sir John Macdonald quite understood the motives which led the hon, gentle- man to bring this matter before the House. He did not suppose as a matter of fact that Mr. Hency was suffering any incovenience by being in the custody of the Sergean-tat- Arms. Mr. Hency was too wall known in | Sir John Macdonald, who was receive with loud cheers, said the arrange ments made by the hon. gentleman contain two or three prior to a prior t |

by being in the cursted of the Greganitat Arms. Mr. Hency was too well known in the city to allow any prejudices to affect in status. He thought his hon. Friend might be satisfied that this House would do him institue. He thought his hon. Friend might be assisted that this House would do him institue. He thought his hon triend might what Mr. Hency was not suffering in his per-son. or in his business from any great munoment that the Government had re-nouncement that the Government had re-signed. Sir John proceeded :-The advisers of the Crown until yesterday, until last might believed that they had a sup-port in this House, with which they had a sup-not only meet any vote of want of cost dense, and would on only support any vot-of onfidence, but would amble them to affair of the Government to this country. conces, and would not only support any yote of confidence, but would enable them to arry on asistatorily and creditably the flairs of the Government of this scountry. They have, from certain speeches made in this House, reason to believe that they have not at this moment a good working majority-(Mr. Blake, Hear, hear) – and the conne-quence was that I folt if my driy to-day to go to his Excollancy the Governme-General and to respectfully bender him the resigna-his atthority, and I may repeat now what I stated two days ago, that no statement any action of the Crewn without the direct the action of the Crewn without the direct is a folly and a shown to support agrees of the Government of the present Govern his Excellency to that his has accept the resignion of the present down without the direct therefore, in sharge from his Excellency to the in the has a stated the Covern his residency the state that has a stated the forement of the forevernent the state for a his may repeat now what is a folly and a shown to support any action of the Crewn without the direct therefore, in sharge from his Excellency to the present downing to the the the the limit Koman Catholics of the state the the fore of the Rovernment of the present downing to the the the the present Administration, and it was the behas such as an accepted in or rangeation of the present Administration, and it was the behas such as an accepted in or rangeation of larve his antihority to state the of the Opponition, to form a to overnment. (Hear, hear.) Therefore, I think, makes my hon. friend from Leeds and Grenville in of opinton that Mr. Heney is sufficient in surver in moving that this House do now ad-journ. Mr. White (Halton) asid Mr. -Heney ought not be do considered guilty until he has been heard at the bar of the House. Sir John Macdonald said if was the bounden duty of the expiring Administration was to see that the incompared the same to the subject that any incompared to the subject that any incompared the subject that any incompared the subject that any incompared that here to be address that and the member for C usy as ys it is a matter of ne consequence of the present. <text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text> <text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text><text>
