THE YEAR'S OPERATIONS The inherent strength and solidity of the Company has again been demonstrated by the results of its operations during the past year. For, notwithstanding the burden imposed by the war, the surplus fund has in-

creased to \$4,763,399.68. EXPANSION OF BUSINESS

One outstanding feature of the year was the large increase in new business. The total new assurances placed on the books was \$20,124,563, an amount which is over 30 per cent. greater than for the preceding year.

STABILITY OF THE BUSINESS

Another very favorable feature is disclosed by the unusually low rate of termination of assurances through lapsation and surrender. Both of these items show a decrease, thus excelling the fine record of 1916 in this respect.

The major portion of the surplus income was invested in Dominion Government War Bonds. Policyholders will approve our course in assisting the Government, as we have done, to the utmost of our ability in financing the war, to win which is of paramount importance.

if Saving Money Interests You.

We can more especially save you a big pot of money on

Ladies' Readymade White Goods. Before the war the economical and diligent housewife would buy piece goods and remnants and save money by plying her needle to make garments for herself and her family. White Goods in the piece to-day are difficult to get, and in most cases there seems to be no limit to prices, excepting the blue sky. At the moment we are offering Ladies' White Garments away below in price anything that the cleverest needlewoman could make from to-day's materials, and our prices for these goods are in every case as low or lower than those of any firm in the city. But some day they will have to advance fifty per cent. upon the arrival of newer stocks.

All the above goods are made from White Cambrics and Longcloths, but we can give you all of them in White Flannelette also at very low prices. Although we are most enthusiastic about our philanthropic prices for Ladies' White Wear, we can give you a few specials in White Goods in the piece.
