ANNAPOLIS ROYAL

Annapolis Royal—The Yarmouth Herald, which celebrated its nineteenth birthday last week, in commemoration of the event, issued an exact reproduction of its first issue of Aug. 9th, 1833. Among the items was one referring to Annapolis Royal, as follows: "Wilful Murder! A coroner's inquest was held in the Dalhousie Settlement, Annapolis Co., N. S., on Monday, before Peter Bonnett, Esq., on view of the body of Katherine Inglis. After five witnesses had been sworn and examined, the jury returned a verdict that she was wilfully murdered by John Gregory. A coroner's warrant having been issued, Gregory was immediately arrested and is now in jail at Annapolis to take his trial in September next. The deceased was a very respectable aged woman and has left a husband and four children, and three grand children to lament the loss of an affectionate wife and tender parent. The body was brought into Annapolis Royal, and there interred with every mark of respect. Much credit is due to Edward H. Cutler, the High Sheriff, and a number of gentlemen from the town for arresting the murderer."

—St. John, N. B. Courier.

In the Calnek-Savery History of Annapolis County, it is stated that Gregory "was indicted at the September term of the court, 1833, tried and convicted and soon after executed at Hog Island," on the outskirts of the town.

Mrs. Lombard entertained on Wednesday evening at an enjoyable "bridge" party of three tables, the prize winners being Mrs. S. Wilcox, Mrs. George Harris and Miss Binning.

Mr. and Mrs. E. R. Clarke, accompanied by Mr. and Mrs. William Harris, of Philadelphia, had a pleasant motor trip to Grand Pre, where Mr. Clarke has charge of beautifying.

REV. A. COHOON HAS PASSED AWAY

Was Treasurer of Acadia University For Twenty-eight Years—Active in Church Circles.

Wolfville—Rev. Atwood Cohoon, M.A., D.D., Treasurer of Acadia University, passed away on Saturday afternoon, last, at Wolfville. On July 10th, a large number of his friends gathered at his home to congratulate him upon his eightieth birthday, which he attained in the fullness of health and vigor. On the 31st of July he was taken suddenly ill and since that time little hope was entertained for his recovery.

For 28 years he was treasurer and financial manager of Acadia University and discharged the duties of that office with singular devotion and ability. He was endowed with unusual executive and administrative gifts and he will be greatly missed at Acadia throughout the churches of the Baptist denomination in the Maritime Provinces.

Two daughters, Mrs. James A. Floyd, of Newton Highlands, Mass., and Mrs. Frank Crosby, Ottawa, survive him and also a daughter-in-law, Mrs. Averd Cohoon, of Wolfville.

A LONG AND HONORABLE RECORD

The Yarmouth Herald last week, the occasion of its twentieth anniversary, published a special number of much interest. Besides its usual new features was a finely illustrated supplement with cuttings showing Yarmouth past and present, the development of the town and the growth of its industries also a photograph of the first issue of the Herald. The photos show a splendid progress made by the town of Yarmouth, a progress of which the Herald itself is a splendid exemplar. Well printed, well edited, with an excellent varied and well selected range of news matter, it occupies a splendid position among the papers of Canada, and like old wine it continues to improve with age.

CLARENCE W.M.A.S. HOLD SESSION

Splendid Progress Financially and Otherwise—Miss Cora Elliott's Presence an Inspiration.

The regular session of the Clarence W.M.A.S. which was held at the home of the President, Mrs. L. W. Elliott on Monday evening, August 8th, was one of unusual interest. It was a perfect day and abandoning the house all assembled on the spacious piazza, members and visitors, about fifty young mothers with their babies, the middle aged and the aged among the latter the two charter members, Mrs. Elizabeth Fritz, aged eighty-seven, and Mrs. S. N. Jackson.

After the devotional exercise the annual reports were read by the retiring Secretary, Mrs. A. J. Wilson, and the Treasurer, Mrs. Chester Baroux, which revealed progress and increased interest along all lines of missionary work. Five new members, \$165.00 raised and two well filled barrels sent to home mission pastors at Christmas time are items of evidence. On May 8th, the Society celebrated its fiftieth anniversary by giving a pageant which was successfully carried out and an offering of \$56.70 received.

The presence of our own missionary, Miss Cora Elliott, during the time of her furlough has been an inspiration and help in all departments of our church life and particularly so in our W.M.A.S. meetings.

The fact that within a few days she will be returning to India was paramount in all hearts and many tears were in evidence during the interesting program rendered in which she took a prominent part, but no note of sadness was sounded when in behalf of the Society Mrs. S. N. Jackson presented her with an envelope containing twenty-five dollars, as a slight token of our appreciation.

The appended lines were read by Mrs. Eldon Marshall, all sang "I am happy in the service of the King" and the Mizpah benediction brought to a close a memorable occasion.

Tea was served and a social hour enjoyed.

Whether here or there, May God be near thee, friend, When we are far away; May His smile cheer thee, friend, And make all light as day. Look up! the sky, the stars above Will whisper to thee of His changeless love.

In distant, desert places The "Mounts of God" are found, His sky the world embraces, And makes it "holy ground". The heart that serves, and loves, And lives and clings Hears everywhere the rush of Angel wings.

To God, the there is here: All spaces are His own. The distant and the near Are shadows of His throne: All times are His, the new, the old—What boots it where life's little tale is told.

'Tis not for us to choose, We listen and obey; 'Tis His to call and use; 'Tis ours to serve and pray; It matters little here or there God's world is wide, and Heaven is everywhere.

We cannot go so far That home is out of sight; The morn, the evening star Will say "Good Day!" "Good Night!" The heart that loves will never be alone.

All earth, all heaven, it reckons as its own.

BEAR RIVER

Bear River—Mrs. D. W. Phinney, who has been in Boston for some time, has returned to Bear River and is the guest of Mrs. Carl Miller.

Miss Myrtle Miller, of Michigan, is in town visiting her aunt, Mrs. Bogart. Mr. and Mrs. Fred Harris have returned from an enjoyable motor trip around the South Shore. They went via Yarmouth, Shelburne, as far as Chester, returning the same way, spending Sunday in Liverpool. Miss Jean spent the two weeks with her grandparents at Landsdowne.

Mr. Alexander, of Providence, R.I., is spending two weeks at "Hillside Cottage."

Mr. and Mrs. Fred Crossman recently motored from Kingsfield, Maine, and were guests at "Hillside Cottage." They leave Monday for Kentucky, their winter home.

Ira Gray, of Oregon, U.S.A., is visiting his mother, Mrs. John Peck, after an absence of over twenty years.

Willard Peck and sister, Lottie, of Boston, arrived on Tuesday and are the guests of their parents, Mr. and Mrs. John Peck.

An enjoyable tennis tea was given Thursday at which Mrs. McIntyre, Mrs. Powers and B. Anthony served. Among the guests at the Commercial House last week were: Dr. Tobin and brother, of Digby, en route for their annual trip in the woods; Mr. Cunningham, telephone manager; a motor party from Boston; and Mr. and Mrs. B. N. Elderkin, of Bayfield, R.I.; Mr. and Mrs. C. J. Fletcher and son, Linden, of Port Greville, and E. Lent, Freeport.

Steamer Bear River has been receiving her yearly overhauling and necessary repairs and a fresh coat of paint under the management of J. Winkle Rice.

On Friday evening a small but a very appreciative audience greeted Signor Bernini in Oakdene Hall. The interpretations of his selections and vocal technique were very artistic. An interesting part of the program was the repetition of several of his solos on the Victrola from records of his own production. It is seldom that Bear River has the opportunity of hearing such a talented singer. Miss Louise Jones also sang during the evening in a very pleasing and finished manner. Mrs. Harry Anthony proved herself a very sympathetic accompanist.

BRIDGETOWN BOYS HAD NARROW ESCAPE

Their Car Went Over Steep Bank—Many Attended Camp Meeting.

Lawrencetown—Miss Leta McPherson, Boston, is spending her annual vacation with her parents.

R. D. Longley and family, for the past month have been occupying the cottage recently erected by L. H. Stoddard on the bank of the Annapolis River, returned on Monday last to their home in the United States.

Miss Margaret Banks, who has been visiting friends in Lawrencetown for the past week, returned to her home in Annapolis Royal on Monday last.

Mrs. Chesley Mosher, Truro, is visiting at the home of her sister, Mrs. S. H. Daniels.

Miss Mamie Gesner, of the staff of H. H. Whitman's, is enjoying a vacation at the sea shore.

Price Foster, Boston, is home on his vacation and will remain in town for a few weeks.

The date has been set for the Masonic picnic, which will be on Aug. 29th. The committee in charge are making extensive preparations for a gala day of athletic activities, and various forms of entertainment.

C. F. A. Patterson, one of our leading merchants, was stricken suddenly ill on Monday morning. His condition at time of writing is somewhat better.

M. D. Shaffner had the misfortune while working on his farm to fall from the top of a hay loft to the floor of the barn. Besides getting a very bad shake up the unfortunate young man had his face cut considerably.

P. B. Durling, of Shaffner's, Ltd., staff, is on his vacation. Accompanied by his wife and family he took a cottage on the Berwick Camp Meeting grounds and spent a week there.

Four young men from Bridgetown narrowly escaped death on Thursday evening when the car in which they were driving nearly went over a steep embankment at the east end of the town. According to their version of the accident they were going around a sharp bend when their car suddenly skidded and landed over the bank. It was necessary to place guy ropes on the car while it was standing in order to hold it from going over even after the occupants had escaped. Teams were brought into service and the car was finally hauled back to safety.

Theodore Beals and Lindsay Graves who have been attending the Summer School of Science at Truro, returned home on Wednesday last. These young men are entering the teaching profession.

Mrs. S. Bancroft, of U.S.A., accompanied by her two daughters, is visiting at the home of Dr. and Mrs. J. B. Hall.

S. C. Morse, Royal Bank staff, at Windsor, is spending his vacation at the home of his parents, Mr. and Mrs. W. P. Morse.

Many families from town enjoyed the services at the Camp Meeting in Berwick. Among those who took cottages on the camp grounds are: W. P. Morse and wife, Mrs. L. H. Stoddard, Mrs. J. Stoddard and families, Mr. and Mrs. T. G. Bishop, Mrs. H. Reid and Mrs. F. L. Bishop.

M. MacDonald of the Royal Bank staff, is spending a short time at Waterville, en route to his home in Sherbrooke, Que., where he will spend his vacation.

Carl Beals, Bedford, who formerly lived in Lawrencetown, is renewing many old acquaintances in town.

Mrs. I. C. Archibald and family, and Mrs. V. D. Shaffner and family, are holidaying at I. C. Archibald's camp in Albany. Week end visitors at the same camp include Dr. V. D. Shaffner, and Dr. W. C. Archibald.

Mrs. W. H. Rackman and children spent a few days at Berwick Camp Meeting with her husband, Rev. W. H. Rackham.

Miss Muriel Cann, of Yarmouth, is visiting at the home of Mr. and Mrs. W. P. Morse.

Weighing 3,170 pounds, a steer, said to be the largest ever received in Winnipeg, arrived at the Union Stock Yards on Thursday from Wainwright, Alberta. It was sold for \$250, the highest selling price of any steer in the local yards since the war.

At St. Ann's, C.B., on Saturday, Commander J. K. L. Ross, caught and landed a 730 pound tuna. This is a record catch.

TEN PUPILS PASS GRADE X

A Number of Others Made Required Aggregate But Went Below in a Subject or Two.

Results coming in would indicate that at least ten out of eighteen pupils were successful in passing grade X High School examinations. A number of others went below in one or more subjects while making well over the required aggregate.

Those reported to have passed are: Marion Hopkins, Thomas Beattie, Minnie Bacon, Edna Miller, Helen Beeler, Alleen Miller, Beecher Lantz, Dennis Mack, Ethel Dodge and Florence Ramey. Next week we hope to give aggregates and averages but at this date no one apparently is in possession of anything like the full data on the matter.

Clementsport

Clementsport, N. S.—Rev. A. M. McNitch, of Springfield, who was pastor of the Baptist Church here for several years, recently motored to his home here on Monday, 30th July, and is spending his vacation with his family. His many friends are glad to see him.

L. B. Warner, of West Haven, Conn., is a guest at Capt. Roland Henshaw's for a month. Mr. Warner comes every year, and we are all glad to see him.

Miss Molly Chesley, daughter of Mr. Ashford Chesley, Mayor of Kentville, is spending a holiday with her grandmother, Mrs. Joseph Roop.

Mrs. Colwell and two children, of Quebec, who have been visiting at Centreole, arrived on Friday and is at Mrs. Annie Rawding's. She expresses herself charmed with the scenery of "The Queen of the Basin".

Mr. Curt Longmire and family of Bridgetown, and Dr. Boyd Crowe and family, of Annapolis Royal, were in Ely Hall for a week. They came by auto and motor boat and are having a jolly time. Here's a warm welcome to all. Choose your bungalow site for next year.

The Ladies' Sewing Circle of the Baptist Church held a very successful sale and tea on Wednesday, August 1st. They had a large attendance and realized one hundred and fifteen dollars. All who were there reported a good time.

The annual garden party on the rectory grounds took place on Wednesday afternoon. King's weather and the magnificent scenery, the gay and festive decorations, the artistic booths, the Chinese fortune teller, the appetizing tea, the entrancing music of the orchestra, and the generous patronage of happy, thoughtful people from the whole country-side, made the affair one of the most successful held here. The total receipts were five hundred and thirty-seven dollars, in spite of the fact that there were three other garden parties not very far away.

The ladies of the Guilds of St. Clements' Parish wish to sincerely thank all who in any way aided in this garden party.

Over one hundred and fifty registered at the Old Church on Wednesday, August 8th, and a large number visited it who did not register.

Dr. Arthur Burns, of Kentville, visited his parents on Sunday, Aug. 5th, on his way home from Yarmouth, where he had taken a patient to the hospital.

MISADVENTURES OF AUTO DRIVERS

Tangle in Which Cars and Teams Get Mixed Up—Auto Plowing on Lady's Lawn—Other Notes.

The past few days have been more or less fruitful of various auto accidents and besides one or two referred to in another column another occurred near Middleton on Friday night in which two autos and a wagon were more or less mixed up. One of the cars proceeding from Middleton swung out and was passing a horse and carriage, the latter without lights, when another car travelling toward Middleton at an alleged pretty good rate of speed loomed up suddenly near the top of a rising ground in the road and in order to avoid team and car had to take the chance of running between them. As a result both autos were damaged but the team got off best in the mix-up.

On Sunday night a car owned by Dartmouth parties arrived at Carleton Corner but the driver was apparently oblivious in the fog of the fact that any turn existed and on discovering it pulled around sharply and tore up a part of Mrs. Rice's lawn, broke some spokes and put the steering gear out of commission. If drivers do not inform themselves that a sharp turn exists here some of the cars will be apt to drive into the front parlors of some of the residents in the neighborhood.

On Sunday night residents were interested in hearing a series of reports sounding at a distance like pistol shots. These were first from town and afterwards from the south side of the river. The explanation given is that the noise was caused by back-firing of a car owned by Middleton parties. Auto driving in this part of the County is getting fuller and fuller of thrills and excitement and the time seems in many cases to have fully arrived for the display of more sense and judgment than some drivers appear to exercise.

BOTH ARE CONVICTED IN CONNECTION WITH RUM RUNNING TO KENTVILLE

Kentville.—A trial of interest was on in the police court in connection with a seizure of liquor. Sunday night, Policeman Bond, N.S.T.A. inspector, received notification to be on the lookout for a load of liquor from Mahone Bay. He communicated with Chief of Police Davis and a close watch was kept.

At 10.30, Raymond Schofield and Ainslie Hiscoe stopped before the old Laundry building here. Before the authorities could get to the car the liquor had been carried into the house. The car was searched and found empty. The police went into the house and found the Schofield apartments locked. They finally got in. Schofield was in the bed apparently asleep. They searched the house and found a key to his bedroom. They unlocked a room, occupied by Charles Bennett, and in this room found a case containing twelve bottles of Old Orkney whiskey.

Schofield was arrested and locked up. His case came up Monday before Stipendiary Chase and he was fined \$200 and costs for keeping liquor for sale. He paid his fine.

Monday afternoon Ainslie Hiscoe was arrested, his trial taking place in the afternoon before Stipendiary Chase.

He was fined \$50 and costs, or two months in jail, for bringing in liquor. He is now in the jail in Kentville.

CANADIAN FARMERS NOT SUFFERING AS OTHERS

Windsor, Ont.—Farmers in Canada are suffering, but not nearly so much as those of the northwestern United States, Sir George E. Foster, Canadian senator and former occupant of many important posts in the Dominion government, said here.

"The sufferings of farmers on both sides of the line are due to the same causes," Sir George said. "Prices of commodities are dropping rapidly and the cost of labor drops slowly. There is not so much money to buy grain and the other necessities of life and in this way the people of both countries, but particularly those of the United States, are beginning to realize the inter-dependence of nations."

"The United States is in a unique position, being a large country standing entirely by itself, and so must realize that it depends much on other nations."

Sir George paid a glowing tribute to the late President Harding, declaring him to be a great citizen.

"He might not be classed as brilliant," said the Senator, "but what is brilliancy?—a mere flash in the pan."

NET REVENUE

Montreal.—The gross revenues of the Canadian National Railways, including the Central Vermont Railway, for the month of June, amounted to \$21,216,499.11, whilst operating expenses were \$20,029,053.85, leaving a net revenue for the month of \$1,177,445.26.

HEAVY AND SHELF HARDWARE

NOVA SCOTIA IN TOURIST GUIDE TO RESTORE THE HISTORIC FORT

It Will Have the First Place in The New Canadian Booklet.

Nova Scotia will be well featured in the forthcoming Tourist Guide to Canada to be issued by the Department of Trade and Commerce at Ottawa. The proposed volume of about 200 pages will have the first 25 pages devoted exclusively to Nova Scotia as a tourist resort. The Nova Scotia Tourist Association has been asked by the Department to undertake the compilation of the material and this work is now in progress. The data covering Nova Scotia will include information upon the following heads:

- (a) Cities and industrial centres.
- (b) Tours, scenic attractions, Summer resorts, etc.
- (c) Rail and water transportation.
- (d) Highways and motor routes, including motor laws and license fees.
- (e) Hotels.
- (f) Hunting, fishing and other sports, including game laws and license fees.
- (g) Trade and commerce, including brief particulars of the chief productions and manufacturers of the Province.
- (h) Educational facilities, universities, etc.

This is the first time that a work of this character so complete and comprehensive has been attempted in Canada. The first edition will consist of 10,000 copies and will contain a map of Nova Scotia as well as of the other Provinces.

Distribution will be made through the Canadian Government Trade Commissioners abroad. Copies, permanently bound in leather, will be placed in London libraries, in the larger hotels of the world and in the libraries of trans-Atlantic and other ocean steamers. Copies will also be distributed at the British Empire Exhibition which will be held in London next year.

LAWRENCETOWN

Lawrencetown.—R. J. Shaffner and family who motored to Bridgewater on Tuesday last had returned home.

Mrs. H. W. Phinney, Wolfville, is a visitor at the home of Mr. and Mrs. W. W. Bent. Mayor H. W. Phinney has been also visiting at the same home.

H. F. Sanford, of Gen Theatre, discontinued pictures at the early part of the summer. He has recently moved to Paradise and we learn that he is to continue his picture program at an early date.

The Misses Kathleen James, Dorothy Jefferson, Ethel and Jean Shaffner were guests at the Tennis Tea held on Wednesday evening. A large and delightful spread was prepared on the Demonstration Building grounds. Many members of the club were present, who, after tea, repaired to the courts for games.

Mrs. Nickerson, Boston, is visiting in town at the home of her sister, Mrs. C. F. A. Patterson.

The Tennis Club are now conducting a tennis tournament among its own members. A complete schedule has been drawn up and ladies' and gentlemen's singles are to be run off to determine the strongest players for tournament games. Some very good matches are promised.

Mr. and Mrs. W. W. Bent entertained a number of their friends to a very enjoyable "bridge" party on Tuesday evening last in honor of their guest, Mrs. H. W. Phinney. There were four tables of bridge. Dainty refreshments were served. Mrs. F. B. Bishop won ladies' prize for honors, while A. H. Whitman won gentlemen's prize.

P. L. Balcom, accompanied by his wife, motored from Halifax on Wednesday last and are guests at the home of his parents, Mr. and Mrs. A. E. Balcom.

Since early Spring there have been innumerable petty robberies in and about town. As yet the miscreants have not been apprehended, and no certain steps have been made in the matter. Practically every store in town has been entered and loose cash taken or perhaps some goods. The latest place to fall victim to the rascal was the home of R. J. Shaffner. While all the family were away to Bridgewater on Tuesday night the house was broken into. The pantry was cleaned out entirely and all the loose change around the house was taken. These thefts are proving a general nuisance and the fact that the town is without police protection makes it an apparently easy mark. It is generally thought that the work is of some one familiar with the town.

PLANS AGENT TO PRESERVE FAMOUS BATTLE GROUND AT LOUISBURG

Louisburg—Major J. P. Edwards, of Halifax, accompanied by Dr. Webster visited the town in the interest of the Historical Sites Commission. They were joined in their survey of the old forts by Senator MacLennan of Sydney, and Dr. T. F. Draper, of Louisburg. The first place visited was the lighthouse at the entrance of the harbor; here had been erected by the French a small fort with six guns mounted, which in conjunction with Battery Island guarded the entrance of the harbor. They later visited the Grand Battery and then the Old French City and fortress.

It is proposed that four bronze tablets will be erected this year: one to mark the Port near the lighthouse, two at different places inside the old city and one at Landing Cove near Kennington Cove Village, where Wolfe made his memorable landing. This will likely be the extent of work carried on by this commission at Louisburg for the present season.

Next year it is proposed to commence the restoration of some of the old French fortification, and perhaps something will be done to mark Island Battery and Grand Battery.

When the work of restoration is really taken in hand, there will no doubt be a military engineer engaged to take a copy of the old plans and make a complete survey of the original fortress; as it is only in this way some of the old works can be identified. It is hard for the layman or engineer who has not a knowledge of military affairs to distinguish today between some of the mounds now appearing, as to just which was original, and which was the work of the army of occupation left to destroy the fortress, after the siege of 1758. When the work is being carried out, there will no doubt be a plaster scene made of the whole fortifications, this would not only be a guide in restoration work, but would show the layman and tourists generally at a glance just what the old fortress looked like, and would be much more easily understood.

The greater portion of the old city is now owned by the government, having come into its possession through the purchase of the Cape Breton Railway Company, as that company held a large tract of land at the old town as a site for their proposed terminus, engineers from the Department of Railways and Canals made a complete survey of these lands about a year ago, as well as a survey of all lands lying within the original walls of the city; so the Historical Sites Commission is now well supplied with all data, should they desire to acquire the site of the original city for a national park. Which appears to be about what they have in mind.

ANOTHER CENTENARIAN

There lives in Granville Ferry a unique character, Mrs. Mary Eliza Stevenson, a colored lady, who is reputed to have attained the great age of one hundred and fifteen years (she may possibly be slightly over or slightly under that age since the exact record of her birth has been lost).

She was born in the month of November in Annapolis Royal near the head of the Ferry slip. Her mother was brought out from Ireland at the time of the Refugee war. She has lived her long life in Granville Ferry, has never been out of Annapolis Co., was never on a train, was never on a steamship and has not been to Annapolis since the days when David Inglis had charge of the ferry service.

Mary Liza, as she is familiarly known, has a great fondness for smoking and has smoked a pipe ever since the time when she was a little girl and used to light her grandmother's pipe. When asked why she thought smoking had done her any harm, she replied quite emphatically, "no harm!" Asked if she is able to do anything now, she jokingly replied, "Smoke my pipe."

Referring to the days of her youth she said, "I could yoke a yoke of oxen as well as any man and could drive the oxen while the men ploughed, but I was afraid of horses." She prefers the old ways to the new because she is old and blind, she says, and "in these days everything has to be very fine."

She has had no great sickness, she is now a patient sufferer from rheumatism which has bent her very badly. She wears no glasses, hears quite well and has a very good memory.

Mary Liza lives with her granddaughter, Mrs. Blanche Stevenson, who, she says, is very kind to her. She has had three children, four grand-children, seven great grand-children and eight great grand-children. She had an aunt who lived

SENDING BUSINESS OUT OF TOWN

Advertising makes a town, therefore the men who do the advertising of any town are the makers of it, and should have the credit for doing so. In this, as in all towns, there are some non-advertisers—men who do business, or try to, with never a cent spent for advertising. These fellows get part of the benefit from their progressive neighbors' advertising, therefore in a sense they are mooching on their neighbor's investments. When you come to town to spend your money you should always try to trade with the firm that spends its money freely for advertising, for that is the kind of people that make your town and keep it going. The people are rapidly learning that it pays to trade where they are invited and many will think enough of their business to solicit same. "Business goes where it is well treated,"—Wolville Acadian.

NOVA SCOTIA APPLE MARKETING

From the Halifax Herald, the produce the best flavored apples...

The aim of our apple growers and selling companies should be to select and pack their fruit as to build up a reputation of careful and honest marketing...

It is regrettable that there is evidence that our apple growers, or selling companies, have relied too much on the native excellence of their fruit...

The people of Halifax last year had much dissatisfaction in their purchases of Nova Scotia apples...

It is very unpleasant to have to state this; but our apple growers or selling companies had better be told the truth in order that they may realize the imperative need of amendment...

The quantity of decayed fruit last year was unusually large. It has been suggested that excessive cultivation of the orchard lands coupled with extensive use of high fertilizer may have a deteriorating effect on the keeping quality of the fruit...

The choice of containers for apples is also important. In the opinion of many the apple barrel should be discarded altogether, and be superseded by boxes of a convenient size for handling...

In the British market especially it is said that the apple barrel is very unpopular, the people there generally desiring to buy apples in smaller quantities and in handy boxes...

The foreign market is no doubt important. But it may well be doubted whether it is to the permanent interest of our apple growers to send nearly all of their marketable fruit abroad and leave the home market only half supplied...

For a large part of the year, Halifax, for example, has to depend upon importations from British Columbia and the United States, for apple supply. This should not be so. The prospect for this season is said to be a big crop of apples everywhere, but whether there will be a corresponding return in cash will depend much upon the marketing...

And upon the character of that marketing will depend the future of the industry.

NO CHEAPER TRANSPORTATION

United Dominions Reduce Their Own Port and Other Terminal Charges, Says British Chamber.

London.—The Chamber of Shipping of the United Kingdom has issued a statement that while the Dominions want cheaper transportation it will be vain to expect this until they substantially reduce their own port and other terminal charges which at present, according to the Chamber, bar cheap marketing of products.

The statement deals with Australian conditions regarding which the Chamber has passed a series of resolutions protesting against the excessive charges. The Australian exporter has to contend against the differential involved in the greater operating costs. The Chamber of Shipping says the increase of costs over pre-war port charges averages 55 per cent. in the United Kingdom and 148 per cent. in Australia.

The statement concluded that shipping in Australia in common with the other Dominions, taxes incoming ships on an assumed profit based on ten per cent. of the gross earnings. This is a very serious obstacle to trade and very unjust says the statement, and is an especially vicious principle. The statement adds: Taxation on shipping profits must be eliminated from the Empire if we are to develop our mutual trade resources.

The hope is expressed that opportunity will be taken at the earliest possible time to eliminate these conditions.

SUMMER HEAT HARD ON BABY

No season of the year is so dangerous to the life of little ones as is the Summer. The excessive heat throws the little stomach out of order so quickly that unless prompt aid is at hand the baby may be beyond all human help before the mother realizes he is ill.

The reason when diarrhoea, cholera infantum, dysentery and colic are most prevalent. Any of these troubles may prove deadly if not promptly treated. During the Summer mother's best friend is Baby's Own Tablets. They regulate the bowels, sweeten the stomach and keep baby healthy. The Tablets are sold by medicine dealers or by mail at 25c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

DIGBY CAPTAIN OF BIG LINER REPORTS \$80,000 THEFT FROM HIS SHIP

New York.—Diamonds valued at approximately \$80,000 were stolen from a safe on the steamship Boswell of the Lamport and Holt Line, which arrived from South America. The diamonds, in a chamois bag described as "resembling a half pound package of coffee," were locked in his cabin safe, last night, Captain L. O. Everett, said. The key, left in his trousers pocket in his stateroom adjoining, disappeared with the gems. The Boswell brought eight passengers, the mails and full cargo. She is from Buenos Ayres via Montevideo, Santos, Bahia and Para.

DEMAND DISMISSAL OF PENSION BOARD

Toronto.—The removal of the Board of Pension Commissioners is the request which is made in a resolution which is being forwarded to the prime minister of Canada by several thousand returned soldiers. The veterans, dissatisfied with the Board of Commissioners, which has existed for some time, has been brought to a head by the discovery that the Pensions Act passed at the last session of Parliament has had deleted from it two vital clauses, namely, one which gave the ex-soldier access to the departmental files and one which gave the successful applicant for an appeal the cost of his application.

MY NEIGHBOR SAYS

To avoid the annoyance of broken buttons on wash blouses try this plan: Make buttonholes in the hem on which the buttons would usually be sewn. Then sew your buttons on a piece of tape, slip through the buttonholes, and secure the tape on the wrong side with a few stitches. When sending the blouse to be washed it is the work of a few seconds to remove the tape and buttons.

If a loop has to be sewn on a hem, and the stitching is not required to go through both thicknesses, slip a piece of card, or a paper-knife, between the folds of the hem. It will then be much easier to sew the loop.

To prevent silk stockings being worn out by hose-supporters, run a piece of tape through a tiny brass ring and sew the tape to the stocking. If the supports are clasped through the rings, the wear on the stocking top and the fear of making "ladders" in the fabric will be done away with.

MIDDLETON AGAIN WINS FROM LAWRENCETOWN

Middleton.—Middleton again won from Lawrencetown in their last tournament to be played in the central sections of the Valley league. The total events were six. Mixed Doubles Won by Miss B. L. Gullivan and A. Fisher from Miss K. James and Dr. Archibald, 7-5, 9-7.

YARMOUTH MAN WAS TERRIBLY BURNED IN AUTO EXPLOSION

Yarmouth.—Eddie Kenney, of Little River Harbor, is lying in the Yarmouth hospital in a serious condition, as the result of burns which he received in his automobile. Mr. Kenney with a companion was in his auto, when the engine stalled on a hill. His companion attempted to crank the machine, when the engine back-fired and an explosion occurred.

Mr. Kenney, who was in the car, was caught by flames and seriously burned about the chest and shoulders, and his hands were severely burned also.

His companion endeavored to pull his clothing off and eventually extinguished the flames and in so doing was badly burned himself.

Mr. Kenney was taken to the hospital and was suffering great pain, but there are hopes of his recovery.

TO PRESERVE NOVA SCOTIA'S FORESTS Attorney General's Department Secures "Forest Flashes" Film to be Shown in All Picture Houses of the Province.—The Department Also Takes Action to Prevent Removal of Sand From Crown Land Beaches.

The Attorney General's Department has been attempting, during the Spring and Summer, to cope with the question of forest fires by investigating cases of suspicious fires and causing a reward to be offered with a view to prosecuting and convicting, if possible, persons who by their negligence in the woods cause great conflagrations.

Realizing that the hunting season will be on shortly, and the forests again exposed to the danger of careless huntsmen, the Forest and Game Branch of the Department has secured from the Canadian Forestry Association a film entitled "Forest Flashes". This film shows the results of fires carelessly started in the woods and is a most interesting picture. It has been shown in difference parts of Canada by the Canadian Forestry Association.

Through the co-operation of Mr. J. D. O'Connor, Provincial Censor, this film, with some local material, will be exhibited in the different motion picture houses in every town in Nova Scotia, beginning about the 1st of September, with the hope that it may exert some influence over the general public in regard to the prevention of forest fires, and also have a tendency to impress the thoughtless with the great destruction that can be caused to our forests by persons who, while in the woods, carelessly drop cigarettes, butts of cigars, or in other careless ways cause fires to start.

Complaints have also been made to the Attorney General's Department about certain public beaches being invaded by persons who take away the sand from these beaches for commercial purposes, with the result that the public are deprived of the advantage of recreation at these places of healthful entertainment.

The magnificent beach at Black Point, which has during the past five or six years become a popular resort during the months of July, August and early September with Halifaxians, has in the past been despoiled by persons taking the sand away by the schooner load. These lands belong to the Crown, and the Attorney General's Department has ordered notice to be given at these beaches intimating that persons trespassing in this respect by removing any of this sand or gravel will be prosecuted.—Chronicle.

This means that their hourly pay will be changed from 40 to 50 cents, and their daily pay from \$4.80 to \$4. Laboring men in the rolling departments will work on ten hour shifts instead of the present 12-hour basis and will receive no change in their present forty cents an hour rate.

RECORD PROVINCIAL EXAMS.

The Provincial Education Office reports that nearly all the "B" certificates have been issued throughout the Province and that a start on the "C's" and "D's" may be expected about the beginning of next week.

The returns are slightly later this year than last, due to the great increase in the number writing the examinations. For the last three years this increase has been on the average about 1,000 per year, this year there being a total of 9,300 candidates writing for the four grades—a remarkable increase when one considers that in 1892, with a population of 450,000, the number of candidates was only 1,431—not one-sixth of the number now writing.

The average of successes and failures remains fairly constant—about one in every two who write obtain the grade written for. The percentage fluctuates very little from year to year. Of late years, however, the standard of high marks has increased considerably throughout the Province. The number of perfect marks—100—particularly in the mathematical subjects, seems to have increased of late years. This can in a measure be attributed to the growing standard of proficiency among the teachers throughout the high schools of the Province.—Chronicle.

PUBLIC SAFETY AT STAKE

A great increase is noted this season in the number of auto accidents, great and small, throughout the Province of Nova Scotia. Some people are inclined to attribute this unfortunate state of affairs to the recent enactment compelling cars to turn to the right instead of to the left, as heretofore. Although even yet one meets drivers who momentarily forget the new regulations they appear to pick themselves up in good time. We do not consider that the new regulation has any appreciable effect whatever in increasing the number of accidents.

There are other explanations much more valid. There are more cars in the Province and more mileage taken from these cars. These factors of course make for an increase in the number of accidents but not necessarily so for the larger proportion by far of accidents are the result of downright carelessness and disregard for the rights and privileges of others. Some drivers fail to extract any enjoyment from cars unless they drive at a speed of forty-five miles an hour and up. Too often cars are driven through various towns, and Bridgetown cannot be excepted from the list, at a high rate of speed and past places where the most ordinary consideration for possible consequences speaks loudly for caution. In so far as the towns are concerned in some at least a determined effort is being made to keep down senseless and dangerous speeding and these towns are becoming known to reckless motorists and are seldom the scenes of dangerous exhibitions. A move is being made in Bridgetown to curb this sort of things and it will doubtless have general public support. Fairly stiff fines are the best and about the only deterrent.

There is another matter also which should interest owners of teams driving a night, and it is the carrying of a front and a rear light. Those who fail to do so are taking chances every time they go out at night. Enforced legislation is the only remedy in this matter and whether altogether popular or not should be carried out in the interests of public safety.

There is still another matter in which regulations should be better observed, that is in the dimming of lights when cars pass each other. This precaution is observed by probably not more than ten per cent of cars on the road. The man with the powerful lights considers himself only and not the other fellow. The disregard of useful and necessary precautions has its basis essentially in

WEDDINGS

Rogers-Dodge.

A quiet but charming wedding was solemnized Wednesday morning, Aug. 8th, at 10 o'clock, at the residence of Mr. and Mrs. Harry S. Dodge, Bridgetown, N. S., the principal parties being two well known young people, especially the bride, who was a valued member on the staff of the Royal Bank of Canada and through her pleasing manner and personality won many friends.

The principals were Evelyn Rockwell Dodge and Lieutenant La Fayette Nathan Rogers, Woodstock, N. B.

The bride, who was given away by her father, looked the picture of girlish loveliness in a travelling suit of navy blue broadcloth wearing a French hat of sand felt and carrying a shower bouquet. Both bride and groom were unattended.

The ceremony was performed under a floral arch of green and white, by the Rev. Ernest E. Underwood, rector of St. James' Church. The floral decorations of the room were carried out in the same color scheme.

Following the ceremony the guests were shown to the dining-room which was tastefully decorated in yellow and white, where a dainty luncheon was served, after which the happy couple left by motor amid showers of confetti and good wishes, for points of interest in Nova Scotia, and will later go to the groom's home in Woodstock, where they will reside.

The bride was the recipient of many beautiful gifts, including money, cut glass, silver, china, linen, etc.

The out of town guests were: Mr. and Mrs. H. W. Rogers, parents of the groom; Harrison Rogers, brother of the groom, Woodstock, N. B.; Mrs. Ada P. Rockwell, Mr. and Mrs. Ernest H. Dodge, Miss Harriet Dodge, sister of the bride, Kentville, and Miss Mary Withrow, Truro, N. S.

Walker-Steeper.

Miss Joyce Meryl Walker, younger daughter of Mr. and Mrs. Fred Walker of this city, became the bride of Mr. Clifford Steeper, of Seattle, son of Mr. and Mrs. H. T. Steeper of this city, at seven o'clock on Thursday evening in St. Andrew's Church, Rev. Field Yolland performing the ceremony.

The bride, who was given away by her father, was attired in a lovely gown of sand georgette with black Gainsborough hat, and carried a bridal bouquet of Op'helia roses. Her bridesmaid, Miss Audrey W. Rice, of Spokane, wore a rose-shot tulle dress with hat to match, and also carried a bouquet of Op'helia roses. Mr. S. Watters was the groomsmen. The groom's gift to the bride was a rope of pearls, and to the bridesmaid an Onyx lavaliere.

After the ceremony a reception was held at the home of the bride's parents, and later, Mr. and Mrs. Steeper motored to Castlegar, leaving on the Kettle Valley train, amid a shower of rice and confetti, for coast points. The bride travelled in a navy blue tulle dress with blue wrap. After a short honeymoon the happy couple will make their home in Seattle.

The bride and groom were the recipients of many beautiful gifts which attested to their popularity.

WEDDING

Whitman-Stewart.
 His Lordship the Bishop of Edmonton, officiated at the marriage of Robina Jane Millicent (Jennie) Stewart, daughter of the Hon. Charles Stewart, minister of the interior, formerly prime minister of Alberta and Mrs. J. A. Whitman, of Lawrence town, Annapolis County, Nova Scotia, which was celebrated in St. George's Church, Killam, on Thursday evening at six o'clock. The church was converted into a bower of wild roses for the occasion. Miss Louise Harley of Edmonton played the wedding march and during the signing of the register, Miss Maimie Simpson, of Edmonton, sang "Bridal Dawn".

The pretty bride who was given in marriage by her father, made a charming picture in her gown of cream Romney silk crepe embroidered with pearls. Her court train was of bridal satin lined with shell pink georgette and her veil was caught with a wreath of orange blossoms.

Miss Christine Stewart, dutifully rowed in orchid organdie with hat to match, was maid of honor. The bridesmaids were Miss Rose Stewart, sister of the bride; Miss Gretta Simpson and Miss Marjory McNab, of Edmonton. Miss Rose Stewart was gowned in shrimp organdie and Miss Simpson in pale blue organdie and Miss Marjory McNab in pale green organdie and all three wore hats to harmonize with their gowns. The Misses Jane and Eleanor Caldwell, nieces of the bride, wore quaint little flower girls in frocks of flame and primrose organdie respectively and wearing wreaths of rosebuds in their hair. Master Charles Caldwell, nephew of the bride, wearing a white sailor suit, was page boy.

William Oliver attended the bridegroom and the ushers were Fred Stewart, brother of the bride, and J. R. Stubbs, of Bashaw.

Mrs. Chas. Stewart, mother of the bride, was gowned in cocoa colored silk crepe and wore a black mohair picture hat.

Mrs. J. E. Caldwell, sister of the bride, wore a golden brown canton crepe gown and grey hat.

After the ceremony the wedding party repaired to the country home of the bride's parents, where the large assembly of guests extended their good wishes and congratulations to the young couple. Later in the evening a public reception was held. The house was decorated with sweet peas and white streamers.

Mr. and Mrs. Whitman left later on their honeymoon which they will spend in Jasper Park. On their return they will make their home in Lussac, Alberta. Going away the bride wore a suit of sand colored cloth embroidered in sand, a coral pink blouse and sand colored hat with fawn georgette scarf.

The bridegroom graduated from the University of Alberta last Spring with the degree of B.Sc. in Applied Science. He has a position as mining engineer at Lussac—Edmonton Journal.

Lieutenant Whitman referred to above, has many friends throughout the Valley as well as at his old home in Lawrence town. The Monitor joins with them in extending best wishes to Mr. Whitman and his bride.

TREASURE SEEKERS AT HARBORVILLE

Popular Resort Had a Visit From the "Silver Queen"—Notes of the Tourists.

Harborville, N. S.—The Summer colony, as well as the local inhabitants, were considerably excited when a beautifully equipped motor yacht came into the harbor. She proved to be the "Silver Queen," hailing from St. John, N.B., and had on board the Captain Kidd treasure hunters, who, according to the Sackville Post, are at work on Isle O'Haute, hunting for some of the treasure the late Captain Kidd is alleged to have hidden on the island. The fact that they were accompanied by light-house keeper-custodian of the Island lends color to the story. The entire party left immediately after their landing by auto for the Valley, and did not return until late in the evening, and would not be interviewed. It is certain, however, that none of the treasure was in evidence at Harborville. They returned to the Island on Sunday's tide.

ITEMS OF INTEREST

State authorities in New Jersey propose to seize and sell every automobile that figures in homicide cases. The proceeds will be distributed among the poor.

To meet the demand in this country, gasoline is produced at the rate of 29,000,000 gallons per day. At this rate figures show that \$5,000,000 or more is paid daily by consumers for "gas".

The annual fruit production of Australia has increased from about 1,000,000 bushels in 1918 to 4,762,876, the figures for last year. The fruit finds a ready market in England, where it has already served to lower the price on all classes of fruit.

London's atmosphere is said by experts to be the smokiest and most polluted in the world. At 10 o'clock one day recently 70 tons of soot were floating about the capital. Twenty tons is an average amount for any day in June. The smoke and soot are due largely to the fact that most homes, offices, factories and hotels in the capital are heated by the old-fashioned coal fire, which gives off excessive smoke. The Englishman loves his open hearth too much to bother with steam heat or gas and electric appliances.

HORSE SWAM OVER TWO MILES

Taken Over Ice to an Island Made His Way Back to Old Home.

Pictou, N. S.—A unique but authentic story comes from the Magdalen Islands last week. Last Winter a farmer on Entry Island traded a horse with a compatriot on another island in the group. The horse was taken to his new home via the ice bridge and this Summer after the heavy work was completed was taken out to pasture. The horse cleared the pasture fence and made a tour of the island, some fifty miles, and then swam the distance to his former home, which was over two miles away.

PALE FACES AND WORN OUT NERVES

Due Solely to Weak, Watery Blood—A Tonic is Needed.

Anemia—literally impoverished blood—comes on so stealthily that it is often well advanced before its presence is recognized. Feelings of fatigue and discomfort are the earliest manifestations of the trouble and these are seldom taken seriously. Gradually small tasks become an effort and exertion causes the heart to palpitate violently. The complexion becomes sallow or pale and there is loss of weight. The nerves grow weak and the victim displays irritability under slight provocation and is extremely sensitive to noise. The appetite is fickle and indigestion often follows.

A condition of anemia calls for a tonic, one that will enrich the blood and strengthen the nerves, and for this purpose there is nothing can equal Dr. Williams' Pink Pills. These pills give the blood all those missing elements necessary to give strength to the nerves, color to the cheeks, and nourishment to starved organs and tissues. Miss Margaret J. Fraser, R.R. 2, Thessalon, Ont., has proved the value of this treatment. She says: "I was very pale and weak. My blood was poor and I was very nervous. I lost my appetite, my feet and ankles were swollen and I was in a very miserable condition. A friend advised me to try Dr. Williams' Pink Pills and I got two boxes, and found before they were finished that they were helping me. I continued the pills until I had taken a half dozen boxes, with the result that I am now enjoying the best of health, all symptoms having disappeared. I feel confident that what Dr. Williams' Pink Pills did for me they will do for others, if given a fair trial."

You can get these pills from any medicine dealer or by mail at 50c. a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

PORT WADE

Miss Mildred Keans, of Cambridge, Mass., is spending a few weeks at home with her parents, Mr. and Mrs. Edward Keans.

The steampship for the pulp wood mill will not arrive here until the 10th of this month. We expect this place to show signs of life at that time, so come along and see the loading.

Two aged gentlemen of this place are quite ill at this writing, Mr. Jas. Merritt and Mr. Wentworth Letteney. The illness still which was drawn has been "still" ever since. "The 'still' sows sucks the will!"

Three young men of this place went West on the harvest excursion. They were: Ernest, Percy and Archie McGrath. They are expecting from 6 to 7 dollars per day this season.

Messrs. Abram Thorne and Archie Covert, of Kardale, were in the village the past week getting hay for Mr. David Hayden.

Mrs. Thomas Kinghorn has been quite ill the past few days, but is now quite well again.

The Port Wade Ferry Boat (submarine) has again been prepared to go below, her bow being opened up being caught in the piling of the wharf last week. The Ferry is now being operated by an open fish boat.

TORBRIDGE

Mrs. L. A. Allen is spending a few weeks with her sister, Mrs. S. E. Nelly at North Kingston.

LeRoy Ackles has gone to Truro to work.

Mr. Guy Nelly and Mrs. C. Armstrong and little son are home from U.S.A. for August.

Glad to see little Margaret Spurr home from the Hospital as well as ever again.

Mr. Norval Spinney, of Massachusetts, is visiting his sister, Mrs. B. S. Banks.

Mrs. Bertha McLaughlin, of Marlboro, Mass., is visiting her sister, Mrs. A. S. Jefferson.

Mrs. Percy, of Winnipeg, is spending a month with her daughter, Mrs. Percy Banks.

Mrs. Edith Parker and daughter, Mrs. Johnson, of Beverly, Mass., is visiting at the home of L. Parker.

ONTARIO MINISTRY OF HEALTH PLANS FREE INSULIN TREATMENT FOR DIABETICS UNABLE TO PAY

Toronto.—Through the efforts of Ontario's new Minister of Health, Hon. Dr. Forbes Godfrey, diabetes patients throughout the province who require and are unable to pay for insulin are to receive it free.

The new diabetes remedy, it is stated, is now being manufactured by the Connaught Laboratories of the University of Toronto on a scale adequate to take care of the demand that the minister's course entails.

Insulin will be distributed free on and after September 1st to all patients certified by their physician as being unable to pay for the remedy.

IMPROVEMENTS AT BERWICK
 Considerable business activity is noticeable in the vicinity of Berwick station. In addition to the improvements to the depot, which are referred to elsewhere, F. A. Parker's warehouse has had a new roof covering added and is also being given a new dress of paint—a pretty tobacco brown, with white trimmings. The Berwick Fruit Company's new warehouse, 20x32 feet, built of interlocking tile, is being rushed to completion and is expected to be ready in less than another month. The officers of the Nova Scotia Fruit Shipping Company, with Manager Caldwell on the job are being thoroughly reorganized. Geo. Beanson's Co-operative are operating to the extent of their capacity, and even at that are experiencing difficulty in supplying the enormous demands of fruit growers in this vicinity who are anticipating one of the biggest crops in the history of the Annapolis Valley.—Register.

Local Happenings

The Kingston Red Sox baseball team play Bridgetown here today at 3.30. A close and interesting contest is expected.

Dr. W. L. Fluck, of Halifax, was fined \$15.00 and cost before Stipendiary Magistrate Fred R. Fay for speeding his car thru the streets of the town in violation of the Motor Vehicle Act.

In a local last week referring to a recital given at the Nurse's Home, Huntington Avenue, Boston, the names of those giving it should have read Mr. Ernest Toy and Mrs. Leslie Toy, instead of Day.

The Annual Congregational and Sunday School picnic of St. Mary's Church, Belleisle, will be held tomorrow (Thursday) afternoon. The rendezvous chosen is a sylvan spot immediately north of Mr. Charles Goldsmith's. If the weather tomorrow is not propitious the picnic will be held the next fine day.

Apple Blossom Follies was put on most successfully in King's Theatre, Annapolis, on Friday evening last, to a full house, delighted with the production which went even more smoothly if possible than when produced in Bridgetown. The Tennis Club has every reason to feel proud of the splendid success which has attended their effort to please and entertain and Mrs. Leslie's capable direction has discovered and developed talent of a high order. The programme written by Miss Daniels in this original Extravaganza and her assistance in various important features of the production in collaboration with Mrs. Leslie, all combined and associated with ready interpretation by the various members of the company resulted in a finished rendition which was a source of continuous and sustained pleasure.

Yarmouth Tennis Club send a strong representation up here on Thursday when an "At Home" will be tendered them that evening at the Court House by the Bridgetown Tennis Quilt Club. The chaperones are: Mrs. H. B. Hicks and Mrs. Kenneth Leslie. A most enjoyable function is confidently looked forward to. On Friday there will be a friendly tournament at the local courts between the Bridgetown and Yarmouth players and some keen contests are expected.

BAPTIST CHURCH NOTES

Rev. A. J. Prosser will conduct public worship at the following places during this week at 8.00 o'clock: Inglewood Monday, Centrelea Tuesday, Baptist Church, Bridgetown, (united service) Wednesday; Belleisle Thursday, Durling's Lake Friday.

Rev. W. Steadman Smith, of Paradise, will preach at Bridgetown United Baptist Church next Sunday morning at 11 o'clock, at Centrelea at 3.00 o'clock p.m. and at the United Church in the evening at 7.30. The town congregations unite in the morning and evening services.

Rev. A. J. Prosser will preach at Clarence next Sunday at 11 a.m., at Paradise 3.00 p.m., and West Paradise at 7.30 p.m.

Owing to the absence of the C. G. I. T. at camp this week there will be no B.Y.P.U. on Friday evening.

The time and place of the picnic will be announced next Sunday morning.

The united service held in the Baptist Church last Sunday morning was largely attended by both congregations. The down-pour of rain in the evening, of course, interfered with the attendance very seriously at the United Church. The number present exceeded the expectations of the preacher.

PORT WADE

Arch. J. Kendall left Saturday after a few days visit with his parents at Chestnut Cottage, and joins his ship at St. John.

Leland T. Burke left Saturday for Lynn, Mass., after a visit of some weeks with his parents here.

Daniel Nelson is recovering from his recent 10 ft. fall off a pile of pulp wood. He was examined by Dr. Smith who found no bones broken.

Mr. Edgar Johnson, of Karsdale, died very suddenly Wednesday morning of heart failure. Some of the family came from Massachusetts to attend the funeral which was conducted by the Rev. Heisler. Remains interred in Port Wade cemetery.

Miss Mildred Keans returned Monday, 13th, to Worcester, Mass., accompanied by her two lady friends, Ruth Gould and Miss Ruth Cheever, also of Worcester, who have enjoyed a very pleasant visit with their companion.

George B. Johnson came home from St. John Friday to attend the funeral of his brother, George Kinghorn and wife Goldie, also of St. John, attending the funeral of their uncle Edgar. The pulp steam ship is delayed for one more week, so will be here no doubt the 20th.

The dainty, economical soap for dainty fabrics

Made in Canada

In every home, in every laundering, there are delicate fabrics, dainty garments to be washed.

Now they can be beautifully cleaned without injury to material or harm to lovely coloring.

Thousands of careful women manage it easily, simply, by using the pure white, curly PRINCESS SOAP FLAKES—made by PALMOLIVE.

Crepes, satins, silks—sheer voiles, fine batistes and gingham—expensive cretonnes; they come from washing with renewed brilliance and beauty.

PRINCESS FLAKES are economical in two ways: They give longer life to fabrics; and, being pure, unadulterated soap, they save on soap cost.

They give quick, creamy suds that dissolves dirt quickly and thoroughly. Splendid for the washing machine; splendid, in fact, for every laundry and household use.

In handy one-pound packages or bags. Order some today. Save by using them.
